## BOARD OF ESTIMATE AND APPORTIONMENT.

(PUBLIC IMPROVEMENTS.)

A meeting of the Board of Estimate and Apportionment of The City of New York was held in Room 16, City Hall, on Friday, February 26, 1904, at 10.30 o'clock in the forenoon.

Present—The Mayor, the Comptroller, the President of the Board of Aldermen (Vice-President Sullivan), the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of Queens and the President of the Borough of Richmond.

The Mayor, the Hon. Geo. B. McClellan, presided.

The minutes of November 20, December 1, 4, 11, 18, 22 and 29, 1903, and February 5, 1904, were approved as printed.

### CHANGE OF GRADES IN TERRITORY BOUNDED BY BLAKE AVENUE, THATFORD AVENUE, NEWPORT STREET AND AMBOY STREET, BROOKLYN.

In the matter of the proposed change of grades in the territory bounded by Blake avenue, Newport street, Thatford avenue and Amboy street, in the Borough of Brooklyn, the report of the Secretary was presented, showing that the matter had been duly advertised.

Nobody appearing in opposition, the following resolution was adopted:

Whereas, At a meeting of this Board held on the 22d day of January, 1904, resolutions were adopted proposing to change the map or plan of The City of New York so as to change the grade of streets in the territory bounded by Thatford avenue, Newport street, Amboy street and Blake avenue, in the Borough of Brooklyn, City of New York, and appointing a hearing at a meeting of this Board to be held on the 26th day of February, 1904, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby of the aforesaid time and place at which such proposed action would be considered, to be published in the "City Record" and in the corporation newspapers for ten days prior to the 26th day of February, 1904; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and of the publishers of the corporation newspapers that the aforesaid resolutions and notice have been published in the "City Record" and in the corporation newspapers for ten days prior to the 26th day of February, 1904; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest to change the map or plan of The City of New York by changing the grade of streets in the territory bounded by Thatford avenue, Newport street, Amboy street and Blake avenue, in the Borough

Subsequently the following protest was presented:

CITY OF NEW YORK,  
BOARD OF ALDERMEN, CITY HALL,  
BROOKLYN, N. Y., February 24, 1904.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—We, the undersigned members of the Flatbush and Bushwick Local Boards of the Borough of Brooklyn, enclose herewith a petition from owners of large property interests that will be seriously affected by the proposed change of grade presented by the Brownsville Association and affecting the territory bounded by Blake avenue, Newport avenue, Thatford avenue and Amboy street, and would respectfully request your Honorable Body to refer the proposition back to said Local Boards for a public hearing and adjustment satisfactory to all property owners.

JOHN HANN, Alderman, Sixty-third District.  
WILLIAM WENTZ, Alderman, Sixty-first District.  
HENRY F. GRIMM, Alderman, Sixty-sixth District.  
FRANK BENNETT, Alderman, Sixty-fifth District.

To the Hon. JOHN HANN, Alderman of Sixty-third District, New York City:

DEAR SIR—We, the undersigned, property owners, do hereby protest against the proposed change of grade petitioned for by the Brownsville Association, affecting territory bounded by Blake avenue, Newport avenue, Thatford avenue and Amboy street, in the Borough of Brooklyn, as it will materially affect property already graded and sidewalks, and do us considerable damage.

Kindly use your every effort in opposing the above-described resolution, now before the Board of Estimate and Apportionment.

Brooklyn Development Company (by William H. Milnor, General Manager), Charles Rader, E. E. Finnigan.

On motion of the President of the Borough of Brooklyn the action taken on the resolution was reconsidered.

The matter was again taken up for consideration, and Mr. Frederick L. Bartlett, representing the Brooklyn Development Company, appeared in opposition to the proposed changes.

On motion of the Comptroller the matter was laid over and the Engineer of the Board was directed to make a further report.

#### CHANGE OF GRADES IN TERRITORY BOUNDED BY THIRD AND HAMILTON AVENUES, GOWANUS CANAL AND FIFTEENTH STREET, BROOKLYN.

In the matter of the proposed change of grades of certain streets in the territory bounded by Third avenue, Gowanus canal, Fifteenth street and Hamilton avenue, in the Borough of Brooklyn, the following report of the Secretary was presented, showing that the matter had been duly advertised.

## LAYING OUT EAST TWO HUNDRED AND FORTY-FIRST STREET, THE BRONX.

In the matter of the proposed laying out of East Two Hundred and Forty-first street (Becker avenue), from the New York and Harlem Railroad to the Bronx river, the report of the Secretary was presented, showing that the matter had been duly advertised.

The following report from the Chief Engineer was presented:  
REPORT No. 1741.

FEBRUARY 5, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment held on January 29, 1904, a public hearing was given in the matter of laying out a bridge approach on the lines of East Two Hundred and Forty-first street (or Becker avenue), between the New York and Harlem Railroad and the centre of the Bronx river, this approach covering a width of 100 feet, and your Engineer was instructed to prepare a new plan showing a bridge approach 50 feet in width, occupying the central portion of the street. Such a modified plan has been prepared, after consultation with the borough authorities, and is herewith submitted.

The bridge approach now proposed is 50 feet in width, occupying the central portion of the street, and will be ample for years to come. The street itself has not been reduced in width, so that if a street 100 feet in width is needed at any time, the additional 25 feet on either side can be acquired under an assessment proceeding.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Nobody appearing in opposition, the following resolution was adopted:

Whereas, At a meeting of this Board held on the 29th day of January, 1904, resolutions were adopted proposing to change the map or plan of The City of New York so as to lay out and establish grades of East Two Hundred and Forty-first street (Becker avenue), from the New York and Harlem Railroad to the centre line of the Bronx river, as an approach to the bridge over the Bronx river opposite Wakefield, City of Yonkers, Twenty-fourth Ward, in the Borough of The Bronx, City of New York, and appointing a hearing at a meeting of this Board to be held on the 26th day of February, 1904, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby of the aforesaid time and place at which such proposed action would be considered, to be published in the "City Record" for ten days prior to the 26th day of February, 1904; and

Whereas, It appears from the affidavit of the Supervisor of the City Record that the aforesaid resolutions and notice have been published in the "City Record" for ten days prior to the 26th day of February, 1904; and

Whereas, At the aforesaid time and place, a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by laying out and establishing grades of East Two Hundred and Forty-first street (Becker avenue), from the New York and Harlem Railroad to the centre line of the Bronx river, as an approach to the bridge over the Bronx river, opposite Wakefield, City of Yonkers, Twenty-fourth Ward, in the Borough of The Bronx, City of New York, does hereby favor the same, so as to lay out and establish grades of the aforesaid approach, as follows:

## I.—Location of Bridge Approach.

The centre line of the bridge approach to be the prolongation westerly of the centre line of Becker avenue (or East Two Hundred and Forty-first street) as the same is located on the ground, from White Plains road to First street, the width of the bridge approach to be 50 feet, extending 25 feet on each side of the said prolongation of the centre line of Becker avenue (or East Two Hundred and Forty-first street).

## II.—Grades of the Bridge Approach Within the Lines of East Two Hundred and Forty-first Street (or Becker Avenue).

The elevation of the bridge approach at the westerly property line of the New York and Harlem Railroad to be 68 feet above mean high-water datum;

The elevation at the intersection of the northerly line of the said bridge approach with the easterly line of the Bronx river to be 71 feet above mean high-water datum.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan and the President of the Borough of Brooklyn—13.

## CHANGE OF LINES OF STREETS IN TERRITORY BOUNDED BY CONEY ISLAND AVENUE, CHURCH AVENUE AND OCEAN PARKWAY, BROOKLYN.

In the matter of the proposed change of lines of streets within the territory bounded by Coney Island avenue, Church avenue and Ocean parkway, Borough of Brooklyn, the report of the Secretary was presented, showing that the matter had been duly advertised.

Nobody appearing in opposition, the following resolution was adopted:

Whereas, At a meeting of this Board held on the 29th day of January, 1904, resolutions were adopted, proposing to change the map or plan of The City of New York so as to change the lines of streets in the territory bounded by Coney Island avenue, Church avenue and Ocean Parkway, in the Borough of Brooklyn, City of New York, and appointing a hearing at a meeting of this Board to be held on the 26th day of February, 1904, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby of the aforesaid time and place at which such proposed action would be considered, to be published in the "City Record" and in the Corporation newspapers for ten days prior to the 26th day of February, 1904; and

Whereas, It appears from the affidavits of the Supervisor of the City Record and of the publishers of the Corporation newspapers that the aforesaid resolutions and notice have been published in the "City Record" and in the Corporation newspapers for ten days prior to the 26th day of February, 1904; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by changing the lines of streets in the territory bounded by Coney Island avenue, Church avenue and Ocean parkway, in the Borough of Brooklyn, City of New York, does hereby favor the same, so as to change the lines of the aforesaid streets as follows:

## A.—Locating and Laying Out.

1. Montgomery street, from Coney Island avenue to East Seventh street: Montgomery street to be 50 feet wide, and to agree with the street as at present in use.
2. Johnson street, from Coney Island avenue to Ocean parkway: Johnson street to be 60 feet wide, and to agree with the street as in use at present from Coney Island avenue to Bowne street. Thence to be prolonged westerly in a straight line to Ocean parkway.
3. Henry street, from East Eighth street to Ocean parkway: Henry street to be 50 feet wide, and to agree with the street as in use from East Eighth street to Bowne street. Thence to be prolonged westerly in a straight line to Ocean parkway.
4. Caton place, from Coney Island avenue to Ocean parkway: Caton place to be 70 feet wide, and to agree with the street as in use.
5. East Eighth street, from Church lane to Johnson street and from Johnson street to north line of former Caton avenue: East Eighth street to be 50 feet wide, and to agree with the street as in use.

## B.—Striking from the Map of the City.

East Seventh street, from Henry street to Ocean parkway; East Eighth street, from Church lane to Caton avenue; Caton avenue, from Coney Island avenue to Ocean parkway.

The lines of these streets to be taken from the City map as indicated on the accompanying map.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan and the President of the Borough of Brooklyn—13.

## DISCONTINUING PARK AROUND FRAUNCE'S TAVERN, MANHATTAN.

In the matter of the proposition to close and discontinue the park surrounding Fraunce's Tavern, in the Borough of Manhattan, the report of the Secretary was presented showing that the matter had been duly advertised.

The Mayor announced that twenty minutes would be allowed to those in favor of and those opposed to the proposition.

Mr. E. H. Hall, Colonel Sackett and Mrs. William Slater appeared in opposition to the proposed change.

Mr. John A. Davison appeared in favor of the change.

THE WOMEN'S AUXILIARY TO THE AMERICAN SCENIC AND HISTORIC PRESERVATION SOCIETY.

To the Hon. GEO. B. McCLELLAN, Mayor of New York City:

DEAR SIR—As you have won the gratitude of all good citizens by your just attitude on several recent municipal questions, we, the undersigned, beg you to use your influence against rescinding the City ordinance providing a park (of less than three-tenths of an acre) for Fraunce's Tavern.

This historic landmark is now surrounded by old three-story buildings filled with such combustibles as oil, alcohol and whalebones, and it is our patriotic duty to preserve it from fire, to give it a greensward of its own, as in Washington's time, and to return it to its eighteenth century aspect.

This would attract thousands of sightseers to our City and would be to coming generations one of the greatest and most beautiful object lessons in American history.

MARY VAN BUREN VANDERPOEL,

Acting President of the Women's Auxiliary to Scenic and Historic Society (and others).

THE AMERICAN SCENIC AND HISTORIC PRESERVATION SOCIETY,  
TRIBUNE BUILDING,  
NEW YORK CITY, February 25, 1904.

Hon. E. M. GROUT, Comptroller, No. 280 Broadway, New York:

DEAR SIR—At the regular monthly meeting of the Trustees of the American Scenic and Historic Preservation Society, held Tuesday evening, February 23, 1903, it was unanimously

"Voted, That the Honorable Board of Estimate and Apportionment be and they hereby are respectfully requested not to make any change in the City plan designed to curtail Fraunce's Tavern Park as laid out by ordinance approved by the Board of Estimate and Apportionment December 19, 1902, enacted by the Board of Aldermen January 27, 1903, and signed by the Mayor February 3, 1903."

With a view to that frankness of dealing in which we both believe, although differing on the subject of this park, I append hereto a copy of a circular which we have sent to our members embodying our statement of the case.

We beg to assure you of our confidence in the sincerity of your motives in this matter, and only wish you might bring yourself to view it in the same light as we do.

Yours very truly,

E. H. HALL, Secretary.

The Hon. GEORGE B. McCLELLAN, City Hall, New York:

SIR—The undersigned respectfully requests you, as a member of the Board of Estimate and Apportionment, to vote against, and, if necessary, as Mayor to withhold your approval from, any proposed change in the City plan designed to prevent the full execution of the ordinance creating Fraunce's Tavern Park, approved by the Board of Estimate December 19, 1902, enacted by the Board of Aldermen January 27, 1903, and signed by the Mayor February 3, 1903.

THE HIGHWAY ALLIANCE,  
No. 11 WILLIAM STREET,  
NEW YORK CITY, February 24, 1904.

At the regular monthly meeting of the Board of Directors of the Highway Alliance, held this day, Messrs. R. P. Bolton, John T. Mulhall, William Stonebridge, H. L. Towle, John B. Uhle and H. C. Weeks being present, the following resolutions were unanimously adopted:

Resolved, That the proposed reduction of the area of the Fraunce's Tavern Park in the Borough of Manhattan and City of New York, even with the proposed substitution of narrow alleys between the famous Tavern and the adjacent old houses, will probably result in the speedy injury through fire in the neighborhood, if not the destruction of the very building for whose preservation the park has been ordained; and

Resolved, That it is beneficial to the City in attracting visitors and encouraging a just spirit of civic pride, that Broad street, beginning amid great buildings and historic scenes, should have a suitable setting at its lower end for the equally famous building now to be preserved by the City; and

Resolved, That the neighborhood of Fraunce's Tavern is so crowded with tall buildings placed upon narrow and crooked passages that the additional space for light and air now to be given by the opening of the park ought not to be diminished for the mere purpose of saving a small sum of money in a neighborhood of increasing values; and therefore

Resolved, That the Board of Estimate and Apportionment and the Mayor of the City are requested to deny the motion of the Comptroller for the reduction of the area of Fraunce's Tavern Park, and are urged to make immediate provision for the preservation of the Tavern and the opening of the park as now ordained.

Resolved, That Mr. Bolton is authorized to present these resolutions to the Board of Estimate and Apportionment and to the Mayor at his earliest convenience. A true copy from the minutes.

PUBLIC EDUCATION ASSOCIATION,  
No. 19 WEST FORTY-FOURTH STREET,  
NEW YORK, February 26, 1904.

EDWARD M. GROUT, Esq., *Comptroller of The City of New York*:

DEAR SIR—As I am unable to attend the hearing in relation to Fraunces' Tavern this morning, I venture to ask that you will kindly submit the plan which I am instructed by the Executive Council of the Public Education Association to make in its name.

We earnestly desire that the building in question shall be secured by the City for use and benefit of the public, as an historical monument very valuable in itself and a suitable place in which historical relics may be deposited.

We do not desire that contiguous space now occupied by other buildings shall be secured by the City and reserved as a park. The only valid reason for such a scheme, it seems to us, is that thereby the danger to the building from fire would be diminished. This reason does not outweigh the fact that a park in this spot would not increase the historical value of the building, or the fact that the site lies close to Battery Park and is not in a crowded tenement district, but in a business district, where land is excessively costly.

Green breathing spaces are so much more needed elsewhere in New York that we believe that none of the money which the City is able to appropriate for them should be spent in the purchase of land on Broad street.

Very respectfully,

M. G. VAN RENSSLAER,  
President, Public Education Association.

NEW YORK CITY, February 25, 1904.

To the Honorable Board of Estimate and Apportionment, New York City:

We, the undersigned occupants of the several buildings which by the carrying out of the proposed Fraunces' Tavern bill be affected, do most earnestly protest to your Honorable Body against the proposed bill for the following reasons:

First—That the creation of a park in this vicinity is wholly uncalled for and absolutely unnecessary owing to the fact that within less than one-quarter of a mile from the said Fraunces' Tavern there are three parks at the present time, any one of which is fully adequate for the park accommodations for this locality.

Second—That by condemning the buildings and destroying them for the proposed park we will be forced to vacate our present business addresses, which at an expense of time, energy and money we have established at home and abroad.

Third—That in being forced to vacate our present premises we will be put to heavy expense incurred in moving, and the inconvenience and expense of fitting up such buildings as we may ultimately secure to the requirements of our business.

Fourth—That the location of the buildings which we are at present occupying are particularly adapted to the requirements of our several businesses, and as all the buildings in the locality are fully occupied, we will lose the advantages of having our business located in this immediate vicinity; and

Fifth—That an expenditure of City funds for such an absolutely uncalled for and unnecessary purpose is a most wanton waste of money, and the condemning of the property and its transfer to the City will necessarily made a reduction of just so much taxable property, which in the course of years will make a difference of millions of dollars to the City in taxes.

WALKER & BOELL, No. 30 Water street  
(and 23 others).

The following resolution was presented and adopted:

Whereas, At a meeting of this Board held on the 29th day of January, 1904, resolutions were adopted proposing to change the map or plan of The City of New York so as to close and discontinue so much of the public park in the block bounded by Water, Broad and Pearl streets and Coenties slip as is not occupied by the building known as Fraunces' Tavern in the Borough of Manhattan, City of New York, and appointing a hearing at a meeting of this Board to be held on the 26th day of February, 1904, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the "City Record" for ten days prior to the 26th day of February, 1904; and

Whereas, It appears from the affidavits of the Supervisor of the City Record that the aforesaid resolutions and notice have been published in the "City Record" and in the corporation newspapers for ten days prior to the 26th day of February, 1904; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by closing and discontinuing so much of the public park in the block bounded by Water, Broad and Pearl streets and Coenties slip as is not occupied by the building known as Fraunces' Tavern, in the Borough of Manhattan, City of New York, does hereby favor the same, so as to close and discontinue the aforesaid park as follows:

Beginning at a point on the northerly side of Water street 102.28 feet westerly from the intersection of the northerly line of Water street with the westerly line of Coenties slip; running

Thence westerly along the northerly side of Water street for a distance of 131.75 feet to the intersection of the northerly line of Water street with the easterly line of Broad street; running

Thence northerly along the easterly side of Broad street 71.64 feet, more or less, to the southerly side of the lot occupied by Fraunces' Tavern; running

Thence easterly along the southerly line of the said Fraunces' Tavern 37.25 feet, more or less; running

Thence northerly along the said Fraunces' Tavern 3.7 feet, more or less; running

Thence easterly along the southerly side of the said Fraunces' Tavern 26.08 feet, more or less, to the southeasterly corner of the said Fraunces' Tavern; running

Thence northerly along the easterly side of the said Fraunces' Tavern 37.42 feet, more or less, to the southerly side of Pearl street; running

Thence easterly along the southerly side of Pearl street 57.5 feet, more or less, to a point on the southerly side of Pearl street distant 102.94 feet westerly from the intersection of the southerly side of Pearl street with the westerly side of Coenties slip; running

Thence southerly a distance of 108.05 feet to the point or place of beginning.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan and the President of the Borough of Brooklyn—13.

Negative—The President of the Borough of Queens and the President of the Borough of Richmond—2.

#### LAND FOR BRIDGE OVER HARLEM RIVER AT FORDHAM HEIGHTS, BRONX

The following communication from the Commissioner of Bridges and report of the Chief Engineer were presented:

DEPARTMENT OF BRIDGES—CITY OF NEW YORK, January 28, 1904.

To the Honorable the Board of Estimate and Apportionment, No. 280 Broadway, Manhattan:

GENTLEMEN—Herewith I send you print of map, approved by the Commissioner of Bridges January 20, 1904, showing lands in the Borough of The Bronx which I have selected, pursuant to section 1436 of the Greater New York Charter, and determined to take proceedings for the acquisition thereof for the construction of the new Fordham Heights Bridge, from Two Hundred and Seventh street, Manhattan, to One Hundred and Eighty-fourth street, in The Bronx. Said map has this day been filed, one copy in the office of the Department of Bridges and one copy in the office of the Register of the County of New York. Said lands are described as follows:

#### Parcel "A."

Beginning at a point on the United States pier and bulkhead line of the Harlem river, distant southwardly from the intersection of same with Fordham Landing road two hundred and sixty-eight and fourteen hundredths feet; running thence southwardly by said bulkhead line ninety-five and sixty-four hundredths feet, to land shown on a map for abolishing the grade crossing at Fordham Landing road approved by the Board of Estimate and Apportionment December 4, 1903; thence eastwardly by said land about thirty-one and twenty-two hundredths feet; thence northwardly by said land eighty feet; thence eastwardly by said land about two hundred and twenty-five and ninety-nine hundredths feet; thence northwardly by said land and by the westerly side of Exterior street as shown on said map, fifteen and fifty-three hundredths feet; thence westwardly two hundred and fifty and sixteen hundredths feet to the point of beginning.

#### Parcel "B."

Beginning at a point on the United States pier and bulkhead line of the Harlem river, distant southwardly from the intersection of the same with the Fordham Landing road four hundred and twenty-nine and twenty-two hundredths feet, running thence northwardly by said bulkhead line fifteen and ten hundredths feet to land shown on a map for abolishing the grade crossing at Fordham Landing road, approved by the Board of Estimate and Apportionment December 4, 1903; thence eastwardly by said land two hundred and sixty-nine and fifty-five hundredths feet to the easterly line of Exterior street, as shown on said map; thence southwardly by said easterly line fifteen and fifty-three hundredths feet; thence westwardly two hundred and sixty-seven and twenty-seven hundredths feet to the place of beginning.

It is necessary that title to the land described above, as well as title to the land authorized to be acquired by a resolution of the Board of Estimate and Apportionment, passed at a meeting held on December 1, 1903, should be acquired by the City as soon as possible, so that the construction of the Fordham Heights bridge can proceed without delay, and particularly so that a masonry abutment can be built on which to rest one end of a span of the present Ship Canal bridge, when it is brought down the river next summer.

Therefore I respectfully suggest that your Honorable Board authorize, by resolution, the acquirement of this land described above, and immediately thereafter instruct the Corporation Counsel to begin proceedings to take title to all of the land, in the Borough of The Bronx, necessary for the Fordham Heights bridge and to the elimination of the railroad grade crossing at Fordham Landing road.

Respectfully,  
GEORGE E. BEST, Commissioner of Bridges.

REPORT No. 1737.

FEBRUARY 3, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Under date of January 28, 1904, the Commissioner of Bridges has addressed a letter to the Board of Estimate and Apportionment advising the Board that, pursuant to section 1436 of the Greater New York Charter, he has selected certain lands as required for the construction of the bridge across the Harlem river at Fordham Heights, and has filed in the office of the Register of the County of New York and in the office of the Department of Bridges maps showing such land, and he asks that steps be taken at once to acquire this additional land as well as that indicated on the general plans for the crossing of the tracks of the Spuyten Duyvil and Port Morris Railroad and the New York and Putnam Railroad, which general plans were approved by the Board of Estimate and Apportionment on December 4, 1903.

Chapter 423 of the Laws of 1903, in accordance with which the plans for the crossing above referred to were prepared and approved, provides that all changes of the lines and grades of streets shown upon such plans shall be deemed to have been made without any further authority, upon the approval of the plans by the Board of Estimate and Apportionment.

The additional lands which the Commissioner of Bridges desires to acquire are strips 15 feet in width outside of the bridge and the approaches thereto, and the land intervening between the approach to the bridge and the bulkhead line, such additional space being needed for purposes of construction and to protect the completed structure from damage by fire or other cause. I believe that such a reservation around the bridge should be provided.

The sections of the Charter under which the Commissioner proceeds do not seem to require any formal approval of the plan by the Board of Estimate and Apportionment. Section 1436 leaves the head of the department to select the lands, and provides that he shall file surveys and maps showing such property in the office of his own department and in that of the Register or of the County Clerk of the county in which the lands are situated. Section 1436A makes it the duty of the head of the department which has selected the lands to submit the matter to the Board of Estimate and Apportionment in order that the said Board may authorize the acquisition of the required property by a majority vote of all its members, upon which authorization it is made the duty of the Corporation Counsel to take steps to acquire the same; although in section 1436B the Board of Estimate and Apportionment is authorized to agree as to the purchase price, if possible, without directing the Corporation Counsel to institute condemnation proceedings.

In accordance with a resolution adopted by the Board of Estimate and Apportionment on January 29, 1904, the Commissioner of Bridges has been requested to state just when the land he wishes to secure will be required for construction purposes, and he says that:

"The contract has already been let for the centre pier, and plans are now completed for the balance of the masonry. I expect that the contract for this masonry will be let within 90 days, and the masonry on the Bronx side cannot be started until we have possession of the land asked for. I would therefore name the 1st day of May as the time when we should have possession of this land, if practicable."

It is recommended, therefore, that the necessary steps be taken to acquire all the land lying between the westerly line of the proposed right of way of the New York Central and Hudson River Railroad and the United States Pier and Bulkhead Line, which is included within the lines of the bridge and the approach thereto from Exterior street, as shown upon the plan approved by the Board of Estimate and Apportionment on December 4, 1903, together with such additional lands as are indicated upon the plans submitted by the Bridge Commissioner, with his approval, dated January 20, 1904.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The Commissioner of the Department of Bridges has selected certain property, more particularly described below, to be acquired for the use of said Department; and

Whereas, The Commissioner has filed maps showing the property so selected in accordance with the provisions of the Greater New York Charter:

Resolved, That the Board of Estimate and Apportionment hereby approve and authorize the acquisition, for the use of the Department of Bridges, of the property so selected, more particularly described as follows:

## Parcel "A."

Beginning at a point on the U. S. pier and bulkhead line of the Harlem river, distant southwardly from the intersection of same with Fordham Landing road two hundred and sixty-eight and fourteen hundredths feet; running thence southwardly by said bulkhead line ninety-five and sixty-four hundredths feet, to land shown on a map for abolishing the grade crossings at Fordham Landing road, approved by the Board of Estimate and Apportionment December 4, 1903; thence eastwardly by said land about thirty-one and twenty-two hundredths feet; thence northwardly by said land eighty feet; thence eastwardly by said land about two hundred and twenty-five and ninety-nine hundredths feet; thence northwardly by said land and by the westerly side of Exterior street as shown on said map fifteen and fifty-three hundredths feet; thence westerly two hundred and fifty and sixteen hundredths feet to the point of beginning.

## Parcel "B."

Beginning at a point on the U. S. pier and bulkhead line of the Harlem river, distant southwardly from the intersection of the same with the Fordham Landing road four hundred and twenty-nine and twenty-two hundredths feet, running thence northwardly by said bulkhead line fifteen and ten hundredths feet, to land shown on a map for abolishing the grade crossing at Fordham Landing road, approved by the Board of Estimate and Apportionment December 4, 1903; thence eastwardly by said land two hundred and sixty-nine and fifty-five hundredths feet to the easterly line of Exterior street, as shown on said map; thence southwardly by said easterly line fifteen and fifty-three hundredths feet; thence westwardly two hundred and sixty-seven and twenty-seven hundredths feet, to the place of beginning.

Resolved, That the Corporation Counsel be, and he hereby is directed to institute proceedings for the acquisition of the above-described property.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of Queens and the President of the Borough of Richmond—15.

## WIDENING EAST ONE HUNDRED AND THIRTY-EIGHTH STREET, BRONX.

The following communication from the Commissioner of Bridges and report of the Chief Engineer were presented:

DEPARTMENT OF BRIDGES—CITY OF NEW YORK, January 26, 1904.

To the Honorable the Board of Estimate and Apportionment, No. 280 Broadway, Manhattan:

GENTLEMEN—At a meeting of the Board of Estimate and Apportionment held May 29, 1903, a resolution was adopted favoring a change in the map or plan of the City by laying out an approach to the East One Hundred and Thirty-eighth Street Bridge, over the Harlem river, and by changing the lines and grades of East One Hundred and Thirty-eighth street between the New York and Harlem Railroad and the United States pier and bulkhead line.

The land necessary to be acquired for said approach is described in the resolution as follows:

## I.

Beginning at the intersection of the western line of Exterior street, as shown on section 7 of the final maps of the Twenty-third and Twenty-fourth Wards, with the southern line of East One Hundred and Thirty-eighth street.

- 1—Thence southerly along the western line of Exterior street for 51.67 feet.
- 2—Thence westerly deflecting 104 degrees 36 minutes to the right for 181.47 feet.
- 3—Thence still westerly deflecting 9 degrees 55 minutes 1 second to the left for 82.98 feet to the eastern United States pierhead line of the Harlem river.
- 4—Thence northerly deflecting 71 degrees 55 minutes 43 seconds to the right along said pierhead line for 52.6 feet to the southern line of East One Hundred and Thirty-eighth street.
- 5—Thence easterly along the southerly line of East One Hundred and Thirty-eighth street for 103.63 feet to an angle point.
- 6—Thence still easterly along the southern line of East One Hundred and Thirty-eighth street for 172.79 feet to the point of beginning.

Beginning at the intersection of the western line of Mott avenue with the southern line of East One Hundred and Thirty-eighth street.

- 1st. Thence southerly along the westerly line of Mott avenue for 32.66 feet.
- 2d. Thence westerly deflecting 87 degrees 12 minutes 38 seconds to the right for 356.30 feet to the eastern line of Exterior street.
- 3d. Thence northerly deflecting 78 degrees 11 minutes 22 seconds to the right along the eastern line of Exterior street for 51.66 feet to the southern line of East One Hundred and Thirty-eighth street.
- 4th. Thence easterly along the southern line of East One Hundred and Thirty-eighth street for 368.90 feet to the point of beginning.

I respectfully recommend that the Honorable Board of Estimate and Apportionment request the Corporation Counsel to take steps to acquire title to the land described above, so that the construction of the bridge and its approaches may proceed without unnecessary delay.

Respectfully,

GEORGE E. BEST, Commissioner of Bridges.

REPORT No 1738.

FEBRUARY 3, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is submitted a communication from the Commissioner of Bridges, dated January 26, 1904, asking that steps be taken to acquire the land required for the widening of East One Hundred and Thirty-eighth street, between Mott avenue and the Harlem river.

This widening, the purpose of which was to furnish an adequate approach to the proposed new Madison Avenue Bridge across the Harlem river, was authorized by the Board of Estimate and Apportionment on May 29, 1903, and the maps showing the change in the City plan have been filed in the offices of record.

In accordance with the resolution adopted by the Board of Estimate and Apportionment on January 29, 1904, the Commissioner of Bridges has been asked for information as to when the additional width of street will actually be required for construction purposes, and he has said in reply: "I expect to begin work on the Madison Avenue Bridge proper next fall, and the temporary bridge should be commenced in the early summer, say during the month of June, and we should have possession of the land asked for as soon after June 1 as practicable."

Inasmuch as there are buildings within the limits of the area to be acquired, it will be some time before the City can secure possession of the property, and it is therefore recommended that proceedings be instituted to acquire title to the land needed for the widening of East One Hundred and Thirty-eighth street, between Mott avenue and the Harlem river, and that the entire expense of this proceeding be borne by the City at large.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest that the title to the lands and premises required for the widening of East One Hundred and Thirty-eighth street, between the New York and Harlem Railroad and the United States pier and bulkhead line, as laid out by this Board on May 29, 1903, in the Borough of The Bronx, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a special term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title, wherever the same has not heretofore been acquired, for the use of the public to the lands, tenements and hereditaments that shall or may be required for the purpose of widening East One Hundred and Thirty-eighth street, between the New York and Harlem Railroad and the United States pier and bulkhead line, as laid out by this Board on May 29, 1903, in the Borough of The Bronx, City of New York.

Resolved, That the entire cost and expense of said proceedings shall be borne and paid by The City of New York.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of Queens and the President of the Borough of Richmond—15.

## VERNON AVENUE BRIDGE APPROACH, BROOKLYN.

The following communication from the Commissioner of Bridges, and report from the Chief Engineer were presented:

DEPARTMENT OF BRIDGES—CITY OF NEW YORK, January 29, 1904.

Honorable Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—At a meeting of the Board of Estimate and Apportionment held November 13, 1903, a resolution was adopted favoring a change in the map or plan of the City by laying out an addition to the approach of the Vernon Avenue Bridge, in the Borough of Brooklyn. The land necessary to be acquired for said bridge is described in the resolution as follows:

"Beginning at the intersection of the easterly line of Manhattan avenue with the southerly line of Ash street; thence southerly along said easterly line of Manhattan avenue one hundred (100) feet; thence northerly to a point in the southerly line of Ash street distant easterly along the southerly line of Ash street thirty-two (32) feet from the point of beginning; thence westerly along the southerly line of Ash street thirty-two (32) feet to the point of beginning."

I respectfully recommend that the Honorable Board of Estimate and Apportionment request the Corporation Counsel to take steps to acquire title to the lands described above at the earliest time possible so that the construction of the addition to the approach may proceed simultaneously with the construction of the bridge.

Respectfully,

GEO. E. BEST, Commissioner of Bridges.

REPORT No 1739.

FEBRUARY 3, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Under date of January 29, 1904, the Commissioner of Bridges has addressed a communication to the Board asking that steps be taken at once to acquire title to the land needed for the widening of Manhattan avenue from Ash street 100 feet southerly, in order to provide additional space as an approach to the new Vernon Avenue Bridge across the Newtown creek, between the boroughs of Brooklyn and Queens.

On November 13, 1903, the Board of Estimate and Apportionment, after a public hearing, approved of a change in the map of the City by widening this street, and the Commissioner of Bridges, in his letter to the Board, states that the bridge is now under construction and that it is very desirable that the building of the approach proceed simultaneously with the construction of the bridge, and, inasmuch as there are buildings on the land to be acquired, it is recommended that the Corporation Counsel be requested to institute proceedings to acquire the property without delay, the entire cost of the proceedings to be borne by the City at large, as its object is simply to provide an adequate bridge approach, and it is not designed to benefit the abutting property.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest that the title to the lands and premises required for the opening and extending of the addition to the approach to the New Vernon Avenue Bridge, as laid out by this Board November 13, 1903, in the Borough of Brooklyn, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a special term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title, wherever the same has not heretofore been acquired, for the use of the public to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending the addition to the approach to the New Vernon Avenue Bridge, as laid out by this Board November 13, 1903, in the Borough of Brooklyn, City of New York.

Resolved, That the entire cost and expense of said proceedings shall be borne and paid by The City of New York.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of Queens and the President of the Borough of Richmond—15.

## LAND FOR BRIDGES OVER FLUSHING CREEK, QUEENS.

The following communication from the Bridge Department and report of the Chief Engineer were presented:

DEPARTMENT OF BRIDGES—CITY OF NEW YORK, January 20, 1904.

To the Honorable Board of Estimate and Apportionment, No. 280 Broadway New York:

GENTLEMEN—Herewith I send you print of map, approved by the Commissioner of Bridges, June 30, 1903, showing lands in the Borough of Queens, which have been selected, pursuant to section 1436 of the Greater New York Charter, and proceedings have been determined to be taken for the acquisition thereof for the construction of the new Flushing Bridge from Jackson avenue, Newtown, to Broadway, Flushing. Said map was filed December 2—one copy in the office of the Department of Bridges and one copy in the office of the County Clerk of the County of Queens.

Said lands are described as follows:

## Parcel "A."

Beginning at the intersection of the bulkhead line and the northerly line of Jackson avenue; thence one hundred twenty-six (126) feet along said northerly line of Jackson avenue; thence northerly thirteen and twenty-eight hundredths (13.28) feet; thence westwardly one hundred and seventy (170) feet and thirty-five and thirteen hundredths (35.13) feet along the northerly line of Jackson avenue; thence easterly three hundred twenty-seven and fourteen hundredths (327.14) feet to the bulkhead line; thence southerly along said bulkhead line thirty-four and sixteen hundredths (34.16) feet to the point of beginning.

## Parcel "B."

Beginning at a point in the southerly line of Jackson avenue, distant forty-two and twenty-hundredths (42.20) feet westerly from the bulkhead line; thence northerly thirty-seven hundredths (.37) feet; thence westerly twenty-eight and ten hun-

dredths (28.10) feet; thence southerly two and eighty-hundredths (2.80) feet; thence easterly twenty-eight and twenty-hundredths (28.20) feet to the point of beginning.

*Parcel "C."*

Beginning at the intersection of the northerly line of Broadway and the bulkhead line; thence easterly one hundred and one and thirty-hundredths (101.30) feet thirty-one and fifteen-hundredths (31.15) feet, and forty-eight and forty-eight-hundredths (48.48) feet along said northerly line of Broadway to the westerly line of Lawrence street; thence northerly fifteen and seven hundredths (15.07) feet along the westerly line of Lawrence street; thence westerly two hundred and three and nineteen hundredths (203.19) feet to the bulkhead line; thence southeasterly twenty-five and three hundredths (25.03) feet, and southerly forty-four and seventy-hundredths (44.70) feet along said bulkhead line to the point of beginning.

I respectfully request your Honorable Board to change the map or plan of The City of New York, pursuant to section 442 of the Greater New York Charter, so as to widen and straighten Jackson avenue, Newtown, and Broadway, Flushing, as shown on said print.

Respectfully,  
GEORGE E. BEST, Commissioner of Bridges.

REPORT No. 1744.

FEBRUARY 9, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Under date of January 20, 1904, the Commissioner of Bridges has submitted to the Board of Estimate and Apportionment a plan showing certain property in the Borough of Queens which is required in connection with the construction of a new bridge over Flushing creek, between Jackson avenue, in the former Town of Newtown, and Broadway, in the former Village of Flushing. These lands have been selected pursuant to the provisions of section 1436 of the Greater New York Charter, and the maps showing them were, as directed by this section, filed in the office of the County Clerk of Queens County and of the Department of Bridges on December 2, 1903.

The Bridge Commissioner, in his letter, requests the Board to "change the map or plan of the City pursuant to section 442 of the Greater New York Charter, so as to widen and straighten Jackson avenue, Newtown, and Broadway, Flushing." Inasmuch as there is no official map of the City, within the meaning of the Charter, which includes these two streets, it would be seen as though the Commissioner could properly proceed under the provisions of section 1436 of the Charter and the following sections, and upon the approval of the plan herewith submitted, steps could be taken to acquire the property at once, either by private purchase or by condemnation proceedings.

There are three parcels shown upon the plan, the largest of which has a maximum width of 50 feet and a length of 200 feet; another has a total length of 327 feet and a maximum width of 34 feet; while the third is a small triangle about 28 feet in length and less than 3 feet in width. The first named of these plots has an assessed value of \$2,500, the second of \$600 and the third of \$50, a total of \$3,150.

In accordance with the resolution adopted by the Board on January 29, requesting all heads of departments wishing to acquire property for any public purpose to state when such property would be required, your Engineer has requested the Commissioner of Bridges for information as to the proposed rebuilding of this bridge, and his reply is as follows:

"Specifications and contract for masonry and steel work for this bridge are now in the hands of the printer, and I hope to start this work before the 1st day of April. You will see, therefore, that we should have the property immediately or as soon as it is possible for the authorities to act in the matter."

The result of this widening will be to furnish a street 100 feet in width immediately adjacent to the bridge at both ends. The bridge is now used by a surface railroad, and I think this width of street will be necessary. It is therefore recommended that the plan submitted be approved by the Board of Estimate and Apportionment, and that the acquisition of the lands shown thereon be authorized.

Respectfully,  
NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That, pursuant to the provisions of section 1436a of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the selection of the following described premises in the Borough of Queens, required for the construction of a new bridge over Flushing Creek, between Jackson avenue, in the former Town of Newtown, and Broadway, in the former Town of Flushing, viz:

*Parcel "A."*

Beginning at the intersection of the bulkhead line and the northerly line of Jackson avenue; thence one hundred and twenty-six (126) feet along said northerly line of Jackson avenue; thence northerly thirteen and twenty-eight hundredths (13.28) feet; thence westwardly one hundred and seventy (170) feet and thirty-five and thirteen-hundredths (35.13) feet along the northerly line of Jackson avenue; thence easterly three hundred and twenty-seven and fourteen-hundredths (327.14) feet to the bulkhead line; thence southerly along said bulkhead line thirty-four and sixteen-hundredths (34.16) feet to the point of beginning.

*Parcel "B."*

Beginning at a point in the southerly line of Jackson avenue, distant forty-two and twenty-hundredths (42.20) feet westerly from the bulkhead line; thence northerly thirty-seven-hundredths (.37) feet; thence westerly twenty-eight and ten-hundredths (28.10) feet; thence southerly two and eighty-hundredths (2.80) feet; thence easterly twenty-eight and twenty-hundredths (28.20) feet to the point of beginning.

*Parcel "C."*

Beginning at the intersection of the northerly line of Broadway and the bulkhead line; thence easterly one hundred and one and thirty-hundredths (101.30) feet, thirty-one and fifteen-hundredths (31.15) feet and forty-eight and forty-eight-hundredths (48.48) feet along said northerly line of Broadway to the westerly line of Lawrence street; thence northerly fifteen and seven hundredths (15.07) feet along the westerly line of Lawrence street; thence westwardly two hundred three and nineteen-hundredths (203.19) feet to the bulkhead line; thence southeasterly twenty-five and three hundredths (25.03) feet, and southerly forty-four and seventy-hundredths (44.70) feet along said bulkhead line to the point of beginning.

—and authorizes the Corporation Counsel to institute condemnation proceedings for the acquisition of the same.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, and the President of the Borough of Queens—14.

VESTING TITLE TO LAND BETWEEN MORGAN AVENUE AND NEWTOWN CREEK CANAL, BROOKLYN.

The following communication from the President of the Borough of Brooklyn and report of the Chief Engineer were presented:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,  
BROOKLYN, February 9, 1904.

Hon. JAMES W. STEVENSON, Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York City, N. Y.:

DEAR SIR—I write through you to request the Board of Estimate and Apportionment to vest title in The City of New York, from the basin of Newtown Creek canal,

between Meadow and Stagg streets to Morgan avenue, more particularly described as follows:

Beginning at a point on the easterly side of Morgan avenue fifty feet southerly from the intersection of the easterly line of Morgan avenue and Meadow street, and running thence easterly parallel with Meadow street 89 feet, more or less, to the basin of the Newtown Creek canal; thence southerly along the westerly side of said basin of the Newtown Creek canal 100 feet; thence westerly parallel with Meadow street 89 feet, more or less, to the easterly side of Morgan avenue; thence northerly along the easterly line of Morgan avenue, 100 feet to the point or place of beginning.

This opening is necessary for the construction of a sewer within the limits mentioned. The plans and specifications for this important work are drawn ready for bids from contractors. The acquiring of land has progressed and Commissioners of condemnation have been appointed, I believe, on December 11 last.

Trusting that affirmative action may be taken by your Board at as early a date as possible on this application, I remain

Yours respectfully,

MARTIN W. LITTLETON, President, Borough of Brooklyn.

REPORT No. 1748.

FEBRUARY 16, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—In a letter dated February 9, 1904, the President of the Borough of Brooklyn requests the Board of Estimate and Apportionment to provide for vesting of title in the City to the land lying between Morgan avenue and Newtown Creek canal, and between Meadow and Stagg streets, the acquisition of which land was authorized by the Board of Estimate and Apportionment on September 30, 1903, for the purpose of building a sewer outlet.

The Commissioners of Estimate and Assessment have been appointed and filed their oaths on December 11 last. The Borough President states that the plans and specifications for this work are drawn and they are ready to receive bids from the contractors for the construction of the outlet. It is therefore recommended that title to this parcel vest in the City on March 15, 1904.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The Board of Estimate and Apportionment on the 30th day of September, 1903, adopted a resolution requesting the Corporation Counsel to acquire title, whenever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending the strip of land lying between Morgan avenue and Newtown Creek canal, and between Meadow street and Stagg street, necessary for the construction of a sewer outlet, in the Borough of Brooklyn, City of New York; and

Whereas, It appears to the Board of Estimate and Apportionment from the surveys made and information furnished to it that there are buildings upon the lands that shall or may be required for the purpose of opening and extending said strip of land; and

Whereas, The said Board has received notice from the Corporation Counsel that Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said strip of land and that the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law, on the 11th day of December, 1903; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 15th day of June, 1904, the title to each and every piece or parcel of land lying within the lines of said strip of land lying between Morgan avenue and Newtown Creek canal, and between Meadow street and Stagg street, necessary for the construction of a sewer outlet, in the Borough of Brooklyn, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn and the President of the Borough of Queens—14.

LAYING OUT PARK AT AMSTERDAM AVENUE AND WEST ONE HUNDRED AND FIFTY-FIRST STREET, MANHATTAN.

The following report of the Chief Engineer was presented:

REPORT No. 1746.

FEBRUARY 16, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment held on January 15, 1904, there was presented a petition signed by Warren F. Johnston and sixteen others, asking that the plot of ground located at the northeasterly corner of Amsterdam avenue and West One Hundred and Fifty-first street, nearly all of which is now owned by the City, be converted into a public park. The matter was on that date referred to the Local Board of the district and to the Commissioner of Parks.

The Secretary to the President of the Borough of Manhattan, under date of February 3, advises the Board that at a meeting of the Board of Local Improvements of the Washington Heights District, held on February 2, the said petition was taken up and considered, but in view of the fact that the Engineer of Street Openings had reported that this subject was one for the consideration of the Commissioner of Water Supply, Gas and Electricity rather than for the Local Board, no action was taken, and the papers are returned to the Board of Estimate and Apportionment. No report, so far as your Engineer is aware, has been received from the Commissioner of Parks.

The plot referred to is L-shaped, having a frontage of one block, or 197 feet 2 inches, on Amsterdam avenue, a frontage of 128 feet 5½ inch on West One Hundred and Fifty-second street, and a frontage of 300 feet on west One Hundred and Fifty-first street. It is all owned by the City except the plot at the corner of Amsterdam avenue and West One Hundred and Fifty-first street, having a frontage of 100 feet on the latter street and a maximum depth of about 75 feet, side and rear lines being irregular. The property now owned by the City is traversed by the Old Croton Aqueduct, and it includes two three-story brick houses and three frame dwellings. The Collector of City Revenue has stated, under date of July 10, 1903, that the City now receives an aggregate annual rental of \$1,770 from these buildings, an income which is exceedingly small as compared with the value of the property.

The Engineer of Street Openings of the Borough of Manhattan, in his report presented to the Local Board, questions the right of the City to authorize the use for park purposes of property which was acquired and is now in the control of the Department of Water Supply, Gas and Electricity, on the ground that under the present laws property acquired by the City for one purpose cannot be used for another.

It can scarcely be said that this property is "used" by the Department of Water Supply, Gas and Electricity. It is simply held by the City to protect the Croton Aqueduct from disturbance, injury or nuisance.

The proposition to lay out a small park in this neighborhood, if the City did not at present own nearly all of the property, would probably receive little consideration, as it is only about 1,000 feet distant from Colonial Park, about 400 feet from Trinity Cemetery, and about 1,500 feet from the proposed extension of Riverside drive and park. The City owns, however, nearly all of the land, and receives from it an exceedingly small return. By the purchase of one additional plot having an area of approximately two and one-half city lots, and by the removal of the buildings now on the property owned by the City, there will become available a small park having an area of about one acre, or about seventeen city lots.

I would recommend to the Board that the advice of the Corporation Counsel be asked as to the right of the City to change the map by laying out a public park including the property now controlled by the Department of Water Supply, Gas and Electricity, as well as the plot now already owned by the City, and that, if it is proper to take this action, the necessary public hearing be given; and, after the map is changed, that steps be taken to acquire the remaining parcel for park purposes. It is also suggested that the Commissioner of Water Supply, Gas and Electricity be asked to present his views as to the feasibility of this action.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

On motion of the Comptroller, the following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to alter the map or plan of The City of New York by laying out a public park in the block bounded by Amsterdam avenue, West One Hundred and Fifty-first street, West One Hundred and Fifty-second street and Convent avenue, in the Borough of Manhattan, City of New York, more particularly described as follows:

The said park shall include that portion of the block bounded on the south by West One Hundred and Fifty-first street, on the west by Amsterdam avenue, on the north by West One Hundred and Fifty-second street and on the east by the line between the property now owned by The City of New York and Lot No. 62, Block 2066, as shown on the land map of The City of New York, and the prolongation of the southerly part of this boundary line until it intersects the northerly line of West One Hundred and Fifty-first street.

Resolved, That the President of the Borough of Manhattan cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 25th day of March, 1904, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" for ten days continuously, Sundays and legal holidays excepted, prior to the 25th day of March, 1904.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of Queens and the President of the Borough of Richmond—15.

#### ACQUIRING EASEMENTS FOR SEWER PURPOSES AT CONEY ISLAND, BROOKLYN.

The following communication from the President of the Borough of Brooklyn and report of the Chief Engineer were presented:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,  
BROOKLYN, February 5, 1904

To the Board of Estimate and Apportionment, New York City:

SIRS—By virtue of the provision of section 396 of the Charter of The City of New York I request that you direct that an easement be acquired in the walks as stated herein and shown on the accompanying map.

The facts underlying this application are substantially as follows:

Some time in the latter part of 1903 that section of Coney Island south of the Bowery was totally destroyed by fire. At the time of its destruction and prior thereto there had not been any but two sewer connections south of Surf avenue in that particular section so as to properly sewer the territory bounded by Jones' walk, Surf avenue and Steeplechase walk and the ocean. Since the fire applications have been made to the Building Department under my jurisdiction for permits to build on the burned district and to rebuild the walks. For a time we held up these permits in the hope that we could, by street opening procedure, extend one or two streets to the ocean through this section and thereby be enabled to properly sewer it. This opening procedure we find to be practically impossible, because of the fact that the members of the Local Board from that section are decidedly opposed to it.

The situation now present is: The Building Department is requiring persons rebuilding in the burnt section to build concrete instead of board walks, and to make solid brick foundations instead of open pile foundations, as heretofore. The sewer accommodations prior to the fire were wholly inadequate, unsanitary from every standpoint. As the matter stands, if no improvement in the sewer accommodations is made the whole length of the Bowery and the entire length of eight walks from Surf avenue to the ocean will be without any sewer accommodation. This, coupled with the proposed improvement of solid brick foundations and concrete walks, will make the place even more unsanitary than before.

I enclose you report of the Engineer of the Sewer Department, as well as the Commissioner of Public Works, upon this proposed improvement, recommending it heartily. The acquisition of the easement in these walks and in the Bowery will be, instead of a disadvantage to the property owners, a decided advantage to every person, both property owners and the public. This district must not be allowed to be built up without sewer accommodations equal to the new improvement, and this is the only method by which this sewer improvement can be made. If your Board will authorize the acquisition of easements in these various walks, as shown on the map, and direct the Corporation Counsel to institute proceedings to acquire such easements necessary for the building of the sewers, that work can be completed almost at the same time that the work of rebuilding the district is finished, and before the cement walks are laid.

Let me urge upon the Board that this is of the utmost importance to that populous and popular section of Greater New York, and it is of the greatest importance that the Board act at once upon this proposed improvement. The importance of speedy action on the part of the Board of Estimate results from the fact that every person proposing to rebuild in the burnt district is doing so with a determination to finish his building by April so as to participate in the ensuing summer business, and, unlike every other portion of The City of New York, the buildings are hastened to completion with marvelous rapidity.

Yours very respectfully,

MARTIN W. LITTLETON, President, Borough of Brooklyn.

REPORT No. 1747.

FEBRUARY 23, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

SIR—Under date of February 5, 1904, the President of the Borough of Brooklyn has addressed a communication to the Board of Estimate and Apportionment, asking that immediate steps be taken to secure easements permitting the construction of sewers in a number of "walks" or narrow alleys lying between Surf avenue and the Atlantic Ocean, at Coney Island. He has submitted with this letter a plan indicating the "walks" in which these easements are required, and in which it is proposed to build sewers, although there is no description or plan locating them by dimensions with reference to Surf avenue or any existing streets.

The "walks" shown upon the plan, and in which it is proposed to build sewers—reference being made to the plan of Coney Island as published in the atlases, these walks not being recognized on the map of the City—are as follows:

Steeplechase walk, from Bowery to Swan walk.

Kensington walk, from Surf avenue to a point 330 feet south of the Bowery.

Van Bergen's walk, from Surf avenue to a point 330 feet south of the Bowery.

Buschman's walk, from Surf avenue to a point 330 feet south of the Bowery.

Schweickert's walk, from Surf avenue to a point 330 feet south of the Bowery.

Stratton's walk, from Surf avenue to a point 310 feet south of the Bowery.

Jones' walk, from Surf avenue to a point 300 feet south of the Bowery.

Sheridan's walk, from Surf avenue to a point 440 feet south of Maiden lane.

Woolsey's walk, from Surf avenue to a point 450 feet southerly.

Arcade walk, from a point 350 feet south of Surf avenue to 720 feet south of Surf avenue.

Jackman's walk, from Surf avenue to a point 440 feet southerly.

Approach to the new iron pier, from Surf avenue to a point 540 feet southerly.

Balmer's walk, from Surf avenue to a point 480 feet southerly.

Bowery, from Steeplechase walk to Jones' walk.

Maiden lane, from West Tenth street to Woolsey's walk.

Casino walk, from West Eighth street to Arcade walk.

Swan walk, from Steeplechase walk to Tillyou's walk.

The reason for this action, as stated by the Borough President, is that after the fire which occurred late in 1903, and which destroyed a large part of the buildings in this territory (this having been the second great fire of the kind within a few years), it was proposed to improve the conditions existing on Coney Island, and avoid a recurrence of such a catastrophe by laying out several streets of standard width through this section. The members of the Local Board of that district are opposed to laying out such streets upon the City map, and opening them. In rebuilding the burned section, the Department of Buildings insists that the old plank walks shall be replaced by others of concrete, and that instead of open pile foundations there shall be brick underpinning.

There are very few sewers in this district, and it is thought that the laying of concrete walks and the building of solid foundations under the buildings which will be erected will make the sanitary conditions worse than ever. The Borough President, therefore, proposes the proceeding under section 396 of the Charter, which provides that:

"The City of New York is authorized to acquire title for use of the public to all or any of the lands and premises required for sewers or easements therein for that purpose, whether the same be above or below high-water mark, or under water. The Board of Estimate and Apportionment, at the request of the President of the Borough, where such lands are located, is authorized to direct the same to be done."

The same section makes it the duty of the Corporation Counsel, when requested by the Board of Estimate and Apportionment, to immediately institute proceedings to acquire such easements as may be required for the building of sewers.

The President of the Borough has apparently reached the conclusion that it is useless to endeavor to remodel this section by laying out ordinary city streets, and that all that can be done is to improve the sanitary conditions so far as possible, by building sewers in these "walks" or alleys; although notice has been given in the City Record of a meeting of the Local Board of the Bay Ridge District to be held on February 25 for the express purpose of considering the laying out of a street described as "Ocean avenue," to take the place of the present "Bowery" and of several intersecting streets extending from Surf avenue to the ocean.

It is of the utmost importance that steps be taken to improve the existing conditions. The refusal of the Local Board to lay out and open new streets would, under opinions which have been rendered by the Corporation Counsel, make it impossible for the Board of Estimate and Apportionment to open these streets except as a charge upon the City at large, and, if the Board is not disposed to take the matter in its own hands and assume this expense for the City, there seems no alternative but to act upon the suggestion of the President of the Borough of Brooklyn and authorize the acquisition of easements permitting the construction of the sewers.

While there is no official map of the City showing these "walks," or alleys, they are recognized upon all the published atlases, and are shown upon the official sewerage plans of the City, and it will probably be possible, by reference to these atlases, to so describe the lands in which easements are desired as to enable the Corporation Counsel to proceed in the matter.

It is recommended that such action be taken.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Whereas, The President of the Borough of Brooklyn has requested the Board of Estimate and Apportionment to acquire, for the purpose of constructing sewers, an easement in certain lands situated in the Borough of Brooklyn, more particularly described below.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 396 of the Greater New York Charter, hereby directs that The City of New York acquire an easement for the use of the public, for the purpose of constructing said sewers, in the following described streets (not properly laid out on the map of The City of New York, but shown on the sewerage plan for the district bounded by Steeplechase walk, Surf avenue, West Fifth street and the Atlantic Ocean).

Steeplechase walk, from Bowery to Swan walk.

Kensington walk, from Surf avenue to a point about 330 feet south of the Bowery.

Van Bergen's walk, from Surf avenue to a point about 330 feet south of the Bowery.

Buschman's walk, from Surf avenue to a point about 330 feet south of the Bowery.

Schweickert's walk, from Surf avenue to a point about 330 feet south of the Bowery.

Stratton's walk, from Surf avenue to a point about 310 feet south of the Bowery.

Jones' walk, from Surf avenue to a point about 300 feet south of the Bowery.

Sheridan's walk, from Surf avenue to a point about 440 feet south of Maiden lane;

Woolsey's walk, from Surf avenue to a point about 450 feet southerly.

Arcade walk, from a point about 350 feet south of Surf avenue to 720 feet south of Surf avenue.

Jackman's walk, from Surf avenue to a point about 440 feet southerly.

Approach to the new iron pier, from Surf avenue to a point about 540 feet southerly.

Balmer's walk, from Surf avenue to a point about 480 feet southerly.

Bowery, from Steeplechase walk to Jones' walk.

Maiden lane, from West Tenth street to Woolsey's walk.

Casino walk, from West Eighth street to Arcade walk.

Swan walk, from Steeplechase walk to Tillyou's walk.

Resolved, That the Corporation Counsel be and he hereby is requested to institute a proceeding to acquire an easement for the use of the public in the lands and premises above described, required for the construction of sewers.

Resolved, That the entire cost and expense of said proceeding shall be assessed upon the property deemed to be benefited by the acquisition of such easement for the purposes described.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of Queens and the President of the Borough of Richmond—15.

PARK BOUNDED BY HAWTHORNE STREET, CENTRAL AVENUE, QUEENS AVENUE AND PARSONS AVENUE, QUEENS.

The following resolution of the Local Board of Jamaica, Borough of Queens, and report of the Chief Engineer were presented:

*In the Local Board of the Jamaica District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Queens; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of the Jamaica District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For the laying out and establishment for park purposes of all that certain plot of ground at Ingleside, Third Ward of the Borough of Queens, bounded northerly by Hawthorne street, easterly by Central avenue, southerly by Queens avenue, and southerly and westerly by Parsons avenue, in said ward and borough aforesaid; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Jamaica District on the 1st day of February, 1904, Aldermen Lochner and James and President of the Borough Joseph Cassidy voting in favor thereof.

Attest: GEO. S. JERVIS, Secretary.

Approved this 1st day of February, 1904.

JOS. CASSIDY, President of the Borough of Queens.

REPORT No. 1749.

FEBRUARY, 18, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

SIR—Herewith is submitted a resolution adopted by the Local Board of the Jamaica District, Borough of Queens, on February 1, 1904, for laying out a public park, to be bounded by Hawthorne street, Central avenue, Queens avenue and Parsons avenue, in the Third Ward of the Borough of Queens.

A street plan for this section, which is known as the Ingleside addition to Flushing, was approved by the Board of Estimate and Apportionment, after a public hearing, on May 1, 1903, and this action was concurred in by the Board of Aldermen. It is now proposed to set aside this block as a public park.

The block is somewhat irregular in shape, having an average width of about 300 feet, and an average length of about 325 feet; it contains, therefore, an area equivalent to about 40 city lots 25 by 100 feet, which have, at the present time, an assessed valuation of \$49,000, or \$225 a lot. There are no buildings upon the land, and it is all owned by William Ziegler, in the name of the Realty Trust which is also the owner of most of the Ingleside property. It is said that this company is preparing to lay out as a public park the small triangular block bounded by Parsons avenue, Elm street and Percy street.

The accompanying resolution is based upon a petition presented by Thomas B. Graham, A. Schwaab and F. H. Hulbert. A petition with three signatures can scarcely be said to indicate a popular demand for this park. Its location is near the limit of the territory which has been already mapped, and while a public park at this place would undoubtedly be of some advantage to the abutting property-owners and might stimulate the development of unimproved property, it is difficult to decide whether or not this plot would be selected for park purposes if a serious study were made of the park problem in the Borough of Queens.

The laying out of a public park of this kind at the present time would, therefore, seem to be premature, and it would be wise to take no such action until opportunity has been afforded for a careful study of the Borough of Queens, in nearly all of which the development is suburban, with detached houses, so that the need of park reservations will be much less than in more densely populated portions of the City.

It is suggested that a public hearing be given, and a copy of this letter will be forwarded to the Commissioner of Parks for the boroughs of Brooklyn and Queens, in order that he may present his views to the Board.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out as a public park the territory bounded by Hawthorne street, Central avenue, Queens avenue and Parsons avenue, in the Borough of Queens, City of New York, more particularly described as follows:

Beginning at a point formed by the intersection of the westerly line of Central avenue with the northerly line of Queens avenue, running thence southerly 89 degrees 45 minutes and 14 seconds west two hundred and seventy-two and eighty-eight-hundredths feet to the northeasterly side of Parsons avenue; thence north 49 degrees 34 minutes and 45 seconds west three hundred and twenty-three and twenty-two-hundredths feet to the southerly line of Hawthorne street; thence north 70 degrees 27 minutes and 46 seconds east four hundred and nineteen and twenty-seven-hundredths feet along the southerly line of Hawthorne street to the westerly line of Central avenue; thence south 19 degrees 32 minutes and 14 seconds three hundred and seventy feet along the westerly line of Central avenue to the point or place of beginning.

Resolved, That the President of the Borough of Queens cause to be prepared for submission to this Board three similar maps or plans for certification and filing, in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 25th day of March, 1904, at 10:30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" for ten days continuously, Sundays and legal holidays excepted, prior to the 25th day of March, 1904.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of Queens and the President of the Borough of Richmond—15.

EXTENSION TO HIGHBRIDGE PARK, MANHATTAN.

The following resolution of the Local Board of Washington Heights, Borough of Manhattan, and report of the Chief Engineer were presented:

*In the Local Board of the Washington Heights District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

That the map or plan of The City of New York be altered by laying out on same for use as a public park and as an addition to Highbridge Park all the land bounded by Highbridge Park and the New avenue east of Amsterdam avenue, near Washington Bridge, in the Twelfth Ward, Borough of Manhattan, City of New York, as follows:

Beginning at a point in the easterly line of the New avenue, east of Amsterdam avenue, distant 150.06 feet northerly from the northerly line of the land of the Washington Bridge, opposite West One Hundred and Eighty-first street; thence northerly along said easterly line, distance 280.42 feet; thence in a curved line deflecting to the left radius 396.60 feet, distance 62.42 feet; thence southerly along the westerly line of Highbridge Park as now laid out, distance 349.11 feet; thence westerly and along the northerly line of the Highbridge Park and parallel to and distant 150 feet northerly from the land of the Washington Bridge, distance 49.86 feet to the point or place of beginning, containing 7,791.64 square feet; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Washington Heights District on the 2d day of February, 1904, all the members present voting in favor thereof.

Attest: BERNARD DOWNING, Secretary.

Approved this 3d day of February, 1904.

REPORT No. 1752.

FEBRUARY 23, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution adopted on February 2, 1904, by the Local Board of the Washington Heights District, Borough of Manhattan, recommending that the map or plan of The City of New York be altered by laying out an extension of the High Bridge Park so as to include a triangular parcel of land located on the easterly side of the new avenue, extending from Washington Bridge to Amsterdam avenue at One Hundred and Eighty-eighth street.

The parcel which it is proposed to add to the park has a frontage on the new avenue of about 340 feet, and is triangular in shape, with a maximum depth of about 50 feet. This parcel has not been included within High Bridge Park as laid out and acquired, and, for the distance above named as its frontage, shuts off the park from the avenue. It is unimproved, and is located on the steep slope which has its terminal at the Speedway. I believe there can be no question as to the desirability of including this land within that now assigned to the park area, and the approval of the change is hereby recommended.

The area is divided into two parcels, which are valued, for assessment purposes, at \$1,010.

Herewith are transmitted a map and technical description and a form of resolution fixing the date for a public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out an extension to Highbridge Park, in the Borough of Manhattan, City of New York, more particularly described as follows:

Beginning at a point in the easterly line of the new avenue east of Amsterdam avenue, distant 150.06 feet northerly from the northerly line of the land of the Washington bridge, opposite West One Hundred and Eighty-first street; thence northerly along said easterly line, distance 280.42 feet; thence in a curved line deflecting to the left, radius 396.60 feet, distance 62.42 feet; thence southerly along the westerly line of Highbridge Park as now laid out, distance 349.11 feet; thence westerly and along the northerly line of the Highbridge Park, and parallel to and distant 150 feet northerly from the land of the Washington bridge, distance 49.86 feet to the point or place of beginning, containing 7,791.64 square feet.

Resolved, That the President of the Borough of Manhattan cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares, or places, sufficient for the identification and location thereof.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" for ten days continuously, Sundays and legal holidays excepted, prior to the 25th day of March, 1904.

OPENING WEST ONE HUNDRED AND THIRTY-FIFTH STREET, MANHATTAN.

The following report from the Engineer of the Finance Department and communication from the New York Central and Hudson River Railroad were presented:

CITY OF NEW YORK,  
DEPARTMENT OF FINANCE—COMPTROLLER'S OFFICE,  
February 2, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—At a meeting of the Board of Estimate and Apportionment held December 22, 1903, two resolutions were offered as follows:

First—To authorize the Corporation Counsel to initiate proceedings for the acquisition of the land within the lines of West One Hundred and Thirty-fifth street, from Twelfth avenue to the Hudson river.

Second—To authorize the Corporation Counsel to take the necessary steps to have the Board of Railroad Commissioners determine whether such street shall pass over or under the New York Central and Hudson River Railroad or at grade.

The object of these resolutions was to secure the City a means of entrance to its water-front property north of One Hundred and Thirty-fifth street, from which it is at present entirely cut off.

Counsel for the railroad company was present and objected to the passage of the resolutions, stating that its engineers and the Engineers of the Department of Finance were then engaged upon a scheme by which the railroad company would afford the City a right of way to its property without the opening of West One Hundred and Thirty-fifth street.

The consideration of the resolutions was postponed in deference to the wishes of the railroad company.

The conference between the engineers took place on December 21, 1903, and on December 29 a meeting was held on the ground and the manner of approach from One Hundred and Thirty-fourth street along a part of the right of way of the railroad, and upon private property was discussed.

No proposition was presented by the railroad company, and on January 12 you addressed Ira A. Place, the general attorney, requesting that the company present the matter to the Board of Estimate and Apportionment at an early date.

Mr. Place replied that the company was negotiating with City's lessee of the bulkhead, and if a successful conclusion was reached accommodation would be afforded for the "present at least."

This does not appear to me to be a satisfactory solution of the question, and unless the railroad company is in a position to offer the City a right of way from One Hundred and Thirty-fourth street to its property north of One Hundred and Thirty-fifth street for a term of at least ten years, I am of the opinion that the City should proceed to adopt the resolutions prepared, and secure the opening of West One Hundred and Thirty-fifth street.

I would suggest that the matter be placed on the calendar of the Board of Estimate and Apportionment for February 26, 1904, and that the railroad company be notified.

Respectfully,

EUGENE E. McLEAN, Engineer.

THE NEW YORK CENTRAL AND HUDSON RIVER RAILROAD COMPANY,  
GRAND CENTRAL STATION,  
NEW YORK, February 26, 1904.

To the Honorable the Board of Estimate and Apportionment of The City of New York,  
City Hall, New York City:

GENTLEMEN—Mr. Luce will represent me to-day at the hearing before your Board in the matter of laying out and opening West One Hundred and Thirty-fourth and West One Hundred and Thirty-fifth streets across the tracks of this company.

I am advised that both of these proceedings have been initiated by reason of the fact that under the City's lease to Mr. Hopper that unless on or before a date certain therein named the City provides access to this property Mr. Hopper may surrender his lease.

As a matter of fact this company now maintains a crossing at One Hundred and Thirty-fourth street extended westerly. This crossing was constructed and is and has been maintained by the company for its own business. It nevertheless has not objected to its use by the City's Street Cleaning Department in going to the City's pier, nor has it interfered with the use of this crossing by the City's lessee, Mr. Hopper.

Since the proceeding was initiated the company has made diligent effort to come to some understanding with Mr. Hopper in regard to an agreement as to the use of this crossing during the term of his lease. So far we have failed, for reasons which can be stated by Mr. Luce if desired.

The attitude of the company is this: It must necessarily oppose the opening of these streets if they are to be taken across its tracks at grade. It would not oppose the opening of these streets if the City deems it necessary, provided that they are taken across its tracks other than at grade. It is willing to make any reasonable arrangement with the City's lessee for the use of this crossing for the time being. So far as the existing lease is concerned the City need have no fear in regard to its being surrendered. If the present lessee should surrender his lease by reason of the fact that the City refrained from providing access by opening these streets this company stands ready to take the lease and to pay the rent reserved thereon during the unexpired part of the term.

Permit me to say further, the railroad facilities at that point have become wholly inadequate and insufficient to enable the company to render proper service to this growing part of the City. It is absolutely essential that in the very near future the company acquire substantial additions to these facilities. As we understand it a very large part of the property which would be required is owned by the City. Plans are being made and we are at present investigating the matter to ascertain the exact status of this property and to determine what proceedings it may be necessary to institute, and we hope very soon to bring the entire matter to the attention of the City authorities.

It does not seem to me that the City's interest can be in any manner prejudiced if there is a little delay in the proceedings in regard to One Hundred and Thirty-fourth and One Hundred and Thirty-fifth streets. If, however, your Honorable Board shall determine that the legal proceedings shall be proceeded with we desire to be heard on the question of necessity.

Yours respectfully,

IRA A. PLACE, General Attorney.

Mr. Luce, on behalf of the New York Central and Hudson River Railroad Company appeared in opposition to the opening.

On motion of the President of the Borough of Manhattan, the following resolution was unanimously adopted:

Resolved, That the matter be referred to a committee of two, consisting of the Comptroller and the President of the Borough of Manhattan.

RETAINING FORDHAM HOSPITAL BUILDINGS WITHIN THE LINES OF TEE TAW AVENUE,  
BRONX.

The following communication from the Secretary to the Board of Trustees of Bellevue and Allied Hospitals was presented:

BELLEVUE AND ALLIED HOSPITALS,  
OFFICE OF THE BOARD OF TRUSTEES, BELLEVUE HOSPITAL,  
FOOT OF EAST TWENTY-SIXTH STREET,  
NEW YORK, February 18, 1904.

J. W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York City:

DEAR SIR—In reply to the communication of the Assistant Secretary, John H. Mooney, under date of February 10, requesting to know what definite period this Board would recommend that permission be given to keep unremoved the out-buildings at Fordham Hospital which now lie within the lines of Tee Taw avenue,

the new street recently opened in that neighborhood, I beg to say that in the opinion of this Board it will be necessary to keep said buildings standing until May 1, 1907, by which time it is hoped that the new Fordham Hospital building will be ready for occupancy.

Yours very truly,

J. K. PAULDING, Secretary, Board of Trustees.

On motion of the President of the Borough of Queens, the matter was referred to the Comptroller.

CHANGE OF GRADE CROSSINGS OVER LONG ISLAND RAILROAD AT METROPOLITAN AVENUE AND FRESH POND ROAD.

The following communication from the State Board of Railroad Commissioners was presented, and on motion of the Comptroller was referred to the Chief Engineer.

STATE OF NEW YORK,  
BOARD OF RAILROAD COMMISSIONERS,  
ALBANY, February 18, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, New York City:

DEAR SIR—Inclosed herewith you will find a plan and estimate prepared by an engineer employed in this department for changing the Metropolitan avenue and Fresh Pond road grade crossings of the Long Island Railroad, in Brooklyn, to over-crossings of the railroad.

These crossings are very dangerous, and this Board believes that steps should be taken to make the change substantially as shown on the plan, although this plan is subject to revision. Under section 62 of the Railroad Law (grade crossing law—copy enclosed) application may be made here either by the City or by the railroad company for a determination that the crossing shall be changed from grade—the State to pay one-quarter, the City one-quarter and the railroad company one-half of the expense. There is not at the present time money available to pay the State's proportion, and this Board, therefore, cannot pass upon the matter now. It is expected, however, that the present Legislature will make an appropriation from which the State's proportion can be paid, and the Board can then determine that they be changed from grade, if an application from the City or the railroad company is made here. While the Board itself, under section 66 of the Railroad Law, may proceed in such a matter, it prefers that the application be made either by the local authorities or the railroad company.

A copy of this plan has been sent to the railroad company.

This Board respectfully submits this matter to you for your consideration.

Very truly yours,

GEORGE F. ALDRIDGE, Secretary.

The following resolution of the Local Board of Yorkville, Borough of Manhattan, and report of the Chief Engineer were presented:

REPORT No. 1743.

FEBRUARY 9, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution adopted on January 26, 1904, by the Local Board of the Yorkville District, Borough of Manhattan, initiating proceedings for reregulating, regrading, curbing and recurring, flagging and reflagging East Seventy-seventh street, from Avenue A to the East river.

The laying of an asphalt pavement on this block was authorized by the Board of Estimate and Apportionment on April 3 last, at which time information was presented showing that the street had already been graded. It has now been found that since the date of the original grading—in 1876—a new grade has been established, and that to carry out the improvement already authorized the work contemplated under this resolution must first be done.

The resolution is accompanied by a communication from the Corporation Counsel addressed to the President of the Borough, expressing the opinion that the work of reregulating and regrading may properly be assessed against the property to be benefited.

The approval of this resolution is hereby recommended, the work to be done comprising the following:

5,000 cubic yards of earth and rock excavation.

1,500 linear feet of new and old curbing.

5,600 square feet of new and old flagging.

The estimated cost of construction is \$6,600, and the assessed valuation of the property to be benefited is \$253,500.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

IN THE BOARD OF ESTIMATE AND APPORTIONMENT.

A copy of a resolution of the Local Board of the Yorkville District, duly adopted by said Board on the 26th day of January, 1904, and approved by the President of the Borough of Manhattan on the 27th day of January, 1904, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To reregulate, regrade, curb and recurb, flag and reflag East Seventy-seventh street, from Avenue A to the East river,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$6,600, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$253,500, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized. And this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn and the President of the Borough of Queens—14.

The following resolution of the Local Board of Newtown, Borough of Queens, and report of the Chief Engineer were presented:

*In the Local Board of the Newtown District.*

REPORT No. 1742.

FEBRUARY 9, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution adopted by the Local Board of the Newtown District, Borough of Queens, on January 28, 1904, initiating proceedings for the construction of a sewer basin at the southeast corner of Elm street and Ely avenue.

The grading of both these streets has been authorized by the Board of Estimate and Apportionment, and the sewer in Ely avenue has been built. The basin proposed is required for removing drainage from Elm street on the east, the property abutting upon which street has been improved by the erection of a large number of small dwellings.

The approval of this resolution is hereby recommended, the estimated cost of construction being \$250, while the assessed valuation of the property to be benefited is \$41,600.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*IN THE BOARD OF ESTIMATE AND APPORTIONMENT.*

A copy of a resolution of the Local Board of the Newtown District, duly adopted by said Board on the 28th day of January, 1904, and approved by the President of the Borough of Queens on the 28th day of January, 1904, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"Construction of a sewer basin on the southeast corner of Elm street and Ely avenue, in the First Ward of the Borough of Queens."

No. 116 NASSAU STREET—COUNTY OF NEW YORK,  
February 13, 1904.

JOHN H. MOONEY, Esq., Assistant Secretary, Board of Estimate and Apportionment, City Hall, New York City:

DEAR SIR—Referring to your favor of 10th inst., stating that the bearer was authorized by you to make the changes in a Sewerage District Map referred to in a communication made to you by Chief Engineer Lewis, dated 4th inst., I beg to say that it seems to me that an official record of this office may not lawfully be altered in the manner suggested. For any change there should be at least the authority of a resolution of the Board of Estimate and Apportionment, duly approved and certified, and filed with the Register.

Respectfully yours,

JOHN H. I. RONNER, Register.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby requests the Register of the County of New York to correct the map on file at his office, showing amendments to Sewerage Districts 1-2 Z., 3 B. L., 4 D. L., 6 B. Q., 8 B. W., 9 A. D., 10 E. W., 11 D. S., 19 O. and 14 B. REPORT No. 1754.

FEBRUARY 23, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution adopted on January 26, 1904, by the Local Board of the Washington Heights District, Borough of Manhattan, initiating proceedings for regulating, grading, curbing and flagging West One Hundred and Fifty-seventh street, between Boulevard Lafayette and Riverside Drive.

Title to this block was vested in the City in 1903, under deed of cession, the same having been accepted by the Corporation Counsel. There is no street in present use, although three detached dwellings have been erected upon the abutting property, the same now securing an outlet through the narrow lane which approximately follows the line of One Hundred and Fifty-sixth street.

The completion of the Riverside Drive extension now under contract will unquestionably be immediately followed by a rapid development of the property, and the work proposed, in my judgment, would be a desirable improvement, and its authorization is hereby recommended.

This improvement comprises the following:

5,160 cubic yards of grading.

734 linear feet of curbing.

2,936 square feet of flagging.

The estimated cost of construction is \$4,600, and the assessed valuation of the property to be benefited is \$82,500.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To regulate, grade, curb and flag West One Hundred and Fifty-seventh street, from Boulevard Lafayette to Riverside drive,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$4,600; and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$82,500, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized. And this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of Queens and the President of the Borough of Richmond—15.

The following resolution of the Local Board of Washington Heights, Borough of Manhattan, and report of the Chief Engineer were presented:

*In the Local Board of the Washington Heights District.*

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To regulate, grade, curb and flag West One Hundred and Fifty-sixth street, from Boulevard Lafayette to Riverside drive; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

REPORT NO. 1753.

FEBRUARY 23, 1904.

*Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:*

SIR—Herewith is transmitted a resolution adopted on January 26, 1904, by the Local Board of the Washington Heights District, Borough of Manhattan, initiating proceedings for regulating, grading, curbing and flagging West One Hundred and Fifty-sixth street, from Boulevard Lafayette to Riverside Drive.

This resolution covers a length of one block, title to which was last year vested in the City under deed of cession, which has been accepted by the Corporation Counsel. A narrow, winding lane approximately follows the line of this street, and now serves as an outlet for several detached dwellings which have been erected upon the abutting property. A contract is now being executed for the construction of the Riverside Drive, and the improvement named in the resolution has been petitioned for by a company desirous of proceeding with the development of the section. I believe that this improvement is a desirable one, and would recommend its authorization.

The work to be done comprises the following:

9,700 cubic yards of excavation.

1,244 linear feet of curbing.

4,976 square feet of flagging.

The estimated cost of construction is \$12,200, and the assessed valuation of the property to be benefited is \$142,500.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

*Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:*

SIR—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on February 2, 1904, initiating proceedings for the construction of a receiving basin at the southeast corner of West One Hundred and Twenty-sixth street and Columbus avenue.

Basins have already been constructed at the other three corners of the intersection of these streets, and the one now proposed is required for the removal of drainage on One Hundred and Twenty-sixth street from the east.

The drainage map of the City was amended on January 29 last by the addition of this basin.

The authorization of the work is hereby recommended, the estimated cost of construction being \$300, while the assessed valuation of the property to be benefited is \$107,000.

REPORT NO. 1750.

FEBRUARY 23, 1904.

*Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Estimate and Apportionment:*

SIR—The accompanying resolution, adopted by the Local Board of the Washington Heights District, Borough of Manhattan, on February 2, 1904, initiates proceedings for the construction of a receiving-basin at the intersection of St. Nicholas and Edgecombe avenues.

This intersection is located between One Hundred and Thirty-sixth and One Hundred and Thirty-seventh streets, the grade between which streets is exceedingly flat, requiring the construction of this basin for the removal of surface water.

The drainage map of the City was amended on January 29, last, by the addition of the basin to which this resolution relates.

The authorization of the work proposed is hereby recommended, the estimated cost of the same being \$400, while the assessed valuation of the property to be benefited is \$13,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

IN THE BOARD OF ESTIMATE AND APPORTIONMENT.

A copy of a resolution of the Local Board of the Washington Heights District, duly adopted by said Board on the 2d day of February, 1904, and approved by the President of the Borough of Manhattan on the 3d day of February, 1904, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"To construct a receiving basin at the intersection of Avenue St. Nicholas and Edgecombe avenue,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$400; and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$13,000, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized; and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of Queens and the President of the Borough of Richmond—15.

The following communication from the Secretary to the President of the Borough of Brooklyn, and report of the Chief Engineer were presented, and the matter was laid over pending the establishment of grades in the district:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,  
BROOKLYN, January 28, 1904.

NELSON P. LEWIS, Esq., Chief Engineer, Board of Estimate and Apportionment, City Hall, New York City:

DEAR SIR—The President of the Borough directs me to acknowledge, with his thanks, the copy of list of resolutions pending before the Board of Estimate and Apportionment, which lost force under the opinion of the Corporation Counsel. In your letter, enclosing this list, you speak of four copies of a plan showing amendments to Map "S," Sewerage District No. 39, and Map "X," Sewerage District No. 44, which were left in your office, you say, just before the close of last year accompanied by any letter of transmittal from the President of the Borough. You say that you believe that the amendment in the sewerage plans is related to the proposal of changing the grade in the district bounded by Newport and Blake avenues, between Thatford ave-

nue and Amboy street. You are right on that point. Mr. Asserson, Chief Engineer of the Bureau of Sewers, informs me that it was recommended by him that if the proposed change of grade was carried out the change in the sewer plan shown in the maps in your possession should also be effected. He tells me also that Local Board action is not necessary to a change in the sewer plans. Under the circumstances I think it would be as well to submit the plans to which you refer in your letter to the Board of Estimate and Apportionment in connection with the proposition to change the grade, upon which there is to be a public hearing on February 20.

Yours very respectfully,

JOHN A. HEFFERNAN, Secretary.

REPORT No. 1735.

FEBRUARY 1, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On one of the last days of the year 1903 there was submitted by the President of the Borough of Brooklyn a plan showing an amendment to Map S, Sewerage District No. 39, and Map X, Sewerage District No. 44, of the Borough of Brooklyn; this plan was dated December 22, 1903. There was not time for action on the same by the last Board of Estimate and Apportionment.

I have communicated with the present President of the Borough, inquiring what disposition he wished made of these plans, and he has advised me that the modification of the sewerage plan is necessitated by a proposed change in the grades of the streets in the vicinity, and, inasmuch as the change of plan did not originate in a Local Board, and involves no assessment, he asks that it be submitted to the Board of Estimate and Apportionment for its consideration.

A public hearing is to be given upon the proposed changes of grade on February 26, 1904, and, assuming that the Board will on that date approve of the modified grade map, the amended sewerage plan is herewith submitted, with the recommendation that it be approved by the Board of Estimate and Apportionment on the date of its approval of the changes of grade.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following communication from the Secretary to the President of the Borough of Queens and report of the Chief Engineer were presented:

THE CITY OF NEW YORK,  
OFFICE OF THE PRESIDENT OF THE BOROUGH OF QUEENS,  
LONG ISLAND CITY, September 5, 1903.

J. W. STEVENSON, Esq., Deputy Comptroller:

DEAR SIR—I forward you herewith, by bearer, tracing of Drainage Map of Sewerage District 3E, 3F, 3G, in the First Ward of the Borough of Queens, showing location, size and grade of sewers; also tracing of plan of District No. 9 at Ingleside Third Ward, Borough of Queens; also three maps or plans of Ingleside showing street system and grades.

Yours respectfully,

GEO. S. JERVIS, Secretary to President.

REPORT No. 1535.

FEBRUARY 9, 1904.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The President of the Borough of Queens, through his Secretary, submitted under date of September 5, 1903, a plan for the sewerage of Districts "3E," "3F" and "3G" of the First Ward of the Borough of Queens. A report was prepared upon this plan for the consideration of the last Board of Estimate and Apportionment, but was never considered, owing to lack of time.

Inasmuch as this plan was prepared by the President of the Borough under the provisions of section 444 of the Greater New York Charter, and as no action of the Local Board was required and no assessment is involved, there seems no reason why the plan submitted in September of last year should not be taken up at once for consideration without a new communication.

Early last year a plan was submitted by the Borough President for draining a portion of the First Ward and a portion of the Third Ward, the First Ward being Long Island City, and the Third Ward being what was formerly the Town of Newtown. Inasmuch as no street plan had been adopted for the Third Ward, the approval of a drainage plan for that district was not possible, and upon the recommendation of this office, the President of the Borough has reconstructed the map, limiting it to the First Ward, or the territory for which there is an official map.

A number of resolutions were adopted in 1903 by the Local Board of the Newtown District for the construction of sewers which are shown upon the plan submitted, the authorization of which was necessarily deferred until the plan could have the approval of the Board as required by the City Charter. New resolutions will doubtless be soon adopted by the present Local Board.

The drainage plan has been carefully examined, and it seems to be a suitable one. Its approval by the Board of Estimate and Apportionment is hereby recommended in order that the way may be open for the authorization of a number of much-needed sewers in this vicinity.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 445 of the Greater New York Charter, hereby approves the map submitted by the President of the Borough of Queens, and entitled "Amended Plans of Drainage, Showing Location, Sizes and Grades of Sewers in Sewerage Districts 3E, 3F, 3G," and dated June 17, 1903.

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn, President of the Borough of Queens and the President of the Borough of Richmond—15.

The Board then took up the consideration of financial matters.

J. W. STEVENSON, Secretary.

On motion, the following was adopted:

Resolved, by the Local Board of Chester, Twenty-fifth District, That the contract executed March 25, 1901, between The City of New York and S. M. De Pasquale be modified by striking therefrom the construction of the sewer and appurtenances in Briggs avenue, from the existing sewer in White Plains avenue, easterly a distance of 381 linear feet therefrom, in the Borough of The Bronx, City of New York, for the reason that The City of New York has laid out White Plains avenue and has established by such layout a broad plaza which includes entirely within its limits this portion of the sewer in Briggs avenue from the existing sewer in White Plains avenue, easterly a distance of 381 linear feet therefrom, thus making it entirely useless for the public accommodation;

Resolved, That a copy of this resolution be transmitted forthwith to the said Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Chester, Twenty-fifth District, on the 25th day of February, 1904.

Alderman Gass and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

On motion, the Board then adjourned.

#### BOROUGH OF THE BRONX.

#### LOCAL BOARD OF MORRISANIA—TWENTY-FOURTH DISTRICT—BOROUGH OF THE BRONX.

#### MINUTES.

Pursuant to call by President Haffen, the members of the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, met on Thursday, February 25, 1904, at 4 p. m., at the office of the President of the Borough of The Bronx, One Hundred and Seventy-seventh street and Third avenue.

Minutes of previous meeting were read and approved as printed in the CITY RECORD.

#### Hearings Pursuant to Advertisement.

No. 27.

Paving Wales avenue, from St. Joseph's street to One Hundred and Forty-ninth street with asphalt.

Petition of H. Justa and others was read. No one appeared in opposition. Laid over for report of the Chief Engineer as to the estimated cost of the work, and a statement of the assessed value of the property included within the probable area of assessment.

No. 28.

Paving with granite block pavement on sand foundation, Park avenue, from East One Hundred and Thirty-fifth street to East One Hundred and Forty-fourth street, and setting curb where necessary.

Petition of Church E. Gates & Co. and others was read.

The report of the Engineer of Highways, as approved February 25, 1904, by the Chief Engineer, gave the estimated cost of the proposed improvement at \$17,800, and the assessed value of the real estate included within the probable area of assessment at \$300,950.

Mr. Olin J. Stephens asked if the improvement could be extended to One Hundred and Fifty-sixth street, and inquired what the grade was.

Alderman Harnischfeger stated that some of the owners were in favor of having the full length of the avenue paved. A representative of Messrs. Church E. Gates & Co. spoke in favor of the improvement, and stated that it was very expensive to keep the same avenue macadamized.

On motion, the following preambles and resolutions were adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would

be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now, therefore, it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For paving with granite block pavement on sand foundation, Park avenue, from East One Hundred and Thirty-fifth street to East One Hundred and Forty-fourth street, and setting curb where necessary, in the Borough of The Bronx, City of New York, and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 25th day of February, 1904.

Aldermen Harnischfeger, Stumpf, Dougherty, Murphy, and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

No. 29.

Regulating and grading, etc., Grant avenue, from East One Hundred and Sixty-first street to East One Hundred and Sixty-fifth street.

Petition of Arthur J. Arctander and others was read, as was also report of the Engineer of Highways, approved by the Chief Engineer February 19, 1904. Estimated cost \$21,500; assessed value of the real estate included within the probable area of assessment is \$161,550. No one appeared in opposition and, on motion, the following preambles and resolution were adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now, therefore it is

Resolved, By the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For regulating and grading, setting curbstones, flagging sidewalks a space four feet wide, laying crosswalks, building approaches and erecting fences where necessary in Grant avenue, from East One Hundred and Sixty-first street to East One Hundred and Sixty-fifth street, in the Borough of The Bronx, City of New York, and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 25th day of February, 1904.

Aldermen Harnischfeger, Stumpf, Dougherty, Murphy, and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

No. 30.

Regulating, grading, etc., East One Hundred and Sixty-fourth street, from Morris avenue to East One Hundred and Sixty-fifth street.

Petition of Ernst Erdmann and others was read. No one appeared in opposition. Laid over for report of the Chief Engineer as to the estimated cost of the work and a statement as to the assessed value of the property to be benefited.

No. 31.

Sewer, etc., in Grant avenue, between East One Hundred and Sixty-third street and East One Hundred and Sixty-fifth street, and in East One Hundred and Sixty-fourth street and East One Hundred and Sixty-fifth street, between Grant and Sherman avenues.

Petition of Arthur J. Arctander and others was read. Estimated cost \$6,220; assessed value of the real estate included within the probable area of assessment is \$84,050. Mr. Arctander appeared and stated that he was in favor of the improvement, providing the grading was done first. On motion, the following was adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now, therefore it is

Resolved, By the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For constructing sewers and appurtenances in Grant avenue, between East One Hundred and Sixty-third street and East One Hundred and Sixty-fifth street, and in East One Hundred and Sixty-fourth street and East One Hundred and Sixty-fifth street, between Grant and Sherman avenues, in the Borough of The Bronx, City of New York, and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 25th day of February, 1904.

Aldermen Harnischfeger, Stumpf, Dougherty, Murphy, and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

No. 32.

Sewer, etc., in Park avenue, between Third avenue and East One Hundred and Eighty-seventh street, with branch in East One Hundred and Eighty-eighth street, between Park avenue and Third avenue.

Petition of Michael Madden and others was read, as was also the report of the Engineer in Charge of Sewers, approved February 24, 1904, by the Chief Engineer of the Borough, giving the estimated cost of the improvement at \$4,570, and the assessed value of the real estate included within the probable area of assessment at \$59,746.

No one appeared in opposition, and, on motion, the following preambles and resolution were adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be

submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now, therefore, it is

Resolved, By the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For constructing a sewer and appurtenances in Park avenue, between Third avenue and East One Hundred and Eighty-seventh street, with branch in East One Hundred and Eighty-eighth street, between Park avenue and Third avenue, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 25th day of February, 1904.

Aldermen Harnischfeger, Stumpf, Dougherty, Murphy and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

#### No. 33.

Acquiring title to Riverdale avenue, from the junction of West Two Hundred and Thirtieth street northerly to the intersection of Spuyten Duyvil road.

Petition of T. W. Thorn & Co. and others was read, as was also the report of the Chief Engineer, dated February 18, 1904.

No one appeared in opposition, and, on motion, the following preambles and resolution were adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For laying out on the map of The City of New York a widening of Third avenue, between Lorillard place and Washington avenue, so as to make the north-easterly side thereof conform to the old line of said avenue, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 25th day of February, 1904.

Aldermen Harnischfeger, Stumpf, Dougherty, Murphy and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

#### No. 35.

Changing the map of The City of New York by removing therefrom the portion of Jennings street shown thereon between the easterly side of Edgewater road and Bronx river.

Petition of Olin J. Stephens and others was read. Laid over until March 16, 1904.

#### No. 7.

Regulating, grading, etc., Macomb's road, from Jerome avenue at Marcy place to Inwood avenue.

Petition of Louis Eickwort and another was read. The Chief Engineer reported the estimated cost at \$13,500, and the assessed value of the real estate included within the probable area of assessment at \$80,330.

No one appeared in opposition, and, on motion, the following preambles and resolutions were adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Aldermen Harnischfeger, Stumpf, Dougherty, Murphy and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

#### No. 5.

Longwood avenue, paving with sheet and block asphalt.

Petition of George F. Johnson, which was before this Board on January 21, 1904, page 7 of Minutes, was again called up and laid over to be taken up at the special meeting fixed for March 3, 1904, at 2 P. M.

#### No. 16.

Anderson avenue, acquiring title, from One Hundred and Sixty-fourth street to Marcher avenue.

Petition of Joseph A. Flannery was read. It appeared that the length of the avenue was 4,500 feet and only 525 feet was represented on the petition. Laid over until special meeting on March 3, 1904.

#### No. 18.

Reducing the width of Exterior street, from One Hundred and Thirty-eighth street to One Hundred and Forty-fourth street, from 100 feet to 80 feet.

Petition of August Belmont and others was read. Alderman Dougherty reported against the proposition to reduce this street to 80 feet in width. He explained that there was to be a railroad along this street, and that he did not believe it should be narrower than proposed. As this street was to be used as an approach to the One Hundred and Thirty-eighth street bridge, he believed that this was an additional reason why the lay-out should remain as at present.

On motion, the matter was laid over until March 3, 1904.

Improvement of the junction of Third avenue and Boston road.

On motion of Alderman Harnischfeger, the following was adopted:

Resolved, That the Local Board of Morrisania, Twenty-fourth District, hereby recommends to the Board of Estimate and Apportionment that an appropriation of \$2,000 be made for improving the junction of Third avenue and Boston road, Borough of The Bronx, City of New York.

Affirmative—Alderman Dougherty, Alderman Stumpf, Alderman Harnischfeger, Alderman Murphy and the President of the Borough of The Bronx.

Negative—None.

Improvement of the junction of Franklin avenue and Third avenue.

On motion of Alderman Harnischfeger, the following was adopted:

Resolved, That the Local Board of Morrisania, Twenty-fourth District, hereby recommends to the Board of Estimate and Apportionment that an appropriation of \$2,000 be made for improving the junction of Franklin avenue and Third avenue, Borough of The Bronx, City of New York.

Affirmative—Alderman Dougherty, Alderman Stumpf, Alderman Harnischfeger, Alderman Murphy and the President of the Borough of The Bronx.

Negative—None.

Water and gas main—Loring place, from Burnside avenue to East One Hundred and Eightieth street.

On motion, the following resolution was adopted:

Resolved, That the Local Board of Morrisania, Twenty-fourth District, hereby recommends to the Commissioner of Water Supply, Gas and Electricity, that water and gas mains be laid in Loring place, from Burnside avenue to One Hundred and Eightieth street, Borough of The Bronx, City of New York, title to said street having vested in The City of New York on July 3, 1903.

On motion, the Board then adjourned, to meet March 3, 1904, at 2 P. M.

HENRY A. GUMBLETON, Secretary.

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For reducing the width of Exterior street from 100 feet to 80 feet in width, from

One Hundred and Thirty-eighth street northerly to One Hundred and Forty-fourth street, in the Borough of The Bronx, City of New York, and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 3d day of March, 1904.

Alderman Harnischfeger, Alderman Morris, Alderman Murphy, Alderman Dougherty, Alderman Stumpf and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

On motion, the Board then adjourned.

HENRY A. GUMBLETON, Secretary.

Whereas, These aged heroes are fast marching towards the grave and it will be but a little while until all have joined the great left flank on the other side of the river of life; and

Whereas, Many of the men who enlisted and fought for the honor of the flag we are so proud of are employed in the various departments of The City of New York; and

Whereas, Under the several administrations of the City preceding the present one, all honor was paid to these worthy veterans and time was allowed them to attend the encampments in the cities of Buffalo and Washington; and

Whereas, We find that it is but doing justice to the men who in their youth risked their lives that the Union might live, and the stars of Old Glory remain undivided; therefore be it

Resolved, That all employees of The City of New York who are veterans of the Civil War be allowed four days' time with pay, from August 15 to August 18, 1904, inclusive, in order that they may attend the annual encampment of the Grand Army of the Republic, which is to be held in the City of Boston, Massachusetts, during the week beginning August 15, 1904; and be it further

Resolved, That his Honor, George B. McClellan, Mayor of The City of New York, be and he is hereby respectfully requested to attach his signature of approval to the resolution of the Board of Aldermen of The City of New York.

Adopted by the Board of Aldermen, March 1, 1904.

Approved by the Mayor, March 7, 1904.

No. 107.

AN ORDINANCE to amend "A General Ordinance in relation to business requiring a license and the regulation thereof in The City of New York."

Be it Ordained by the Board of Aldermen of The City of New York, as follows: Section 1—Section 43 of "A General Ordinance in relation to business requiring a license and the regulation thereof in The City of New York" is hereby amended so as to read as follows:

Pool and Billiard Tables.

Section 43—Any pool or billiard table in a place open to the public and not otherwise licensed shall be deemed to be included within the terms of this ordinance, and every keeper of a public place where there are pool or billiard tables shall maintain good order and allow no person under sixteen years of age to play therein.

Section 2—This ordinance shall take effect immediately.

Note—New matter is underscored.

Adopted by the Board of Aldermen, March 1, 1904.

Approved by the Mayor, March 7, 1904.

No. 108.

Whereas, This Board has learned with much regret of the sudden death of Hon. Joseph Schilling, member of the Board of Aldermen of The City of New York for the years 1895, 1896 and 1897; and

Whereas, The genial nature and kindly disposition of the late Hon. Joseph Schilling made him beloved of all and attracted a legion of friends who mourn the untimely taking away of a staunch and boon companion; therefore

Resolved, That the Board of Aldermen extends to the family of the Hon. Joseph Schilling its sincere sympathy in their hour of bereavement; and be it further

Resolved, That a copy of these resolutions suitably engrossed and duly authenticated by the City Clerk be forwarded to the family of the deceased.

Adopted by the Board of Aldermen, March 1, 1904.

Approved by the Mayor, March 7, 1904.

No. 109.

Resolved, That it is recommended to the Commissioner of Water Supply, Gas and Electricity that two lamp-posts be erected, street lamps placed thereon and the same lighted, in front of the building of the Italian Benevolent Institute, Nos. 165 and 167 West Houston street, between Congress and Macdougall streets, in the Borough of Manhattan.

Adopted by the Board of Aldermen, March 1, 1904.

Approved by the Mayor, March 7, 1904.

No. 110.

Resolved, That it is respectfully recommended to the Commissioner of Water Supply, Gas and Electricity that lamp-posts be placed, with burners thereon, in Linden street, between Hamburg and Knickerbocker avenues, and Grove street, between Hamburg and Knickerbocker avenues, in the Borough of Brooklyn.

Adopted by the Board of Aldermen, March 1, 1904.

Approved by the Mayor, March 7, 1904.

## No. 112.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment March 4, 1904:

"Resolved, That, subject to the concurrence and approval of the Board of Aldermen, the Board of Estimate and Apportionment hereby ratifies and confirms the action of the Chamberlain of The City of New York in fixing the salary of the position of Chief Warrant Clerk in the office of the Chamberlain of The City of New York at the rate of twenty-five hundred dollars (\$2,500) per annum, as of date February 1, 1904."

Adopted by the Board of Aldermen, March 8, 1904.

Approved by the Mayor, March 11, 1904.

## No. 113.

Whereas, It appears from a communication from the Supervisor of the City Record, duly approved by the Board of City Record, that the contractor who will carry the articles transported from the office of the City Record to the different City departments in the boroughs of Manhattan, The Bronx, Brooklyn and Queens must supply a competent driver, wagon and team for the transportation of valuable books, papers and glassware, which must be carefully conveyed and protected, it is hereby

Resolved, That the Board of City Record be and hereby is authorized to let a contract, for the year 1904 or any shorter time as the said Board may deem advisable, without public letting and submission of bids, for the transportation of articles from the office of the Supervisor of the City Record to the different City departments and branches thereof situated in the boroughs of Manhattan, The Bronx, Brooklyn and Queens. And the said Board of City Record is further authorized and directed to require the contractor to furnish an adequate bond for the proper performance of the contract.

Adopted by the Board of Aldermen, March 8, 1904.

Approved by the Mayor, March 11, 1904.

P. J. SCULLY, City Clerk.

## Department of Public Charities,

Foot of East Twenty-sixth Street, New York City,  
March 5, 1904.

W. N. THAYER COMPANY, No. 784 Sixth Avenue, City:  
Gentlemen—Your proposition of February 24, 1904, taking down eight telephones and the switchboard at Randall's Island, and sending them to the storehouse at Metropolitan Hospital, and you recommending that they be used as follows:

Place the switchboard in the office of Metropolitan Hospital in place of present one.

- One of the telephones in the Cottage.
- One of the telephones in the Phthisis Infirmary.
- One of the telephones in the Stable.
- One of the telephones in Ward V.
- One of the telephones in Ward F.

Wards V and F having no telephone at present, therefore it will be necessary to wire from the switchboard to these two stations. The switchboard is broken and will require some slight repairs.

You will do all the above work in first-class manner for the sum of \$55 (fifty-five dollars), is accepted, and you are hereby notified to proceed with same.

By direction of the Commissioner.

Yours truly,

J. McKEE BORDEN, Secretary.

## Department of Public Charities,

Foot of East Twenty-sixth Street, New York City,  
March 3, 1904.

ALFRED BEINHAEUER, Esq., No. 289 Fourth avenue, City:  
Dear Sir—In your proposition of February 27, 1904, to put up the rails and newels to stoops on the Solarium Building, Blackwell's Island, the door checks are omitted, as called for in the specifications, and the value of same you are allowed to apply to the cost of the newels and rails, your estimate for the above to be \$52. Fifty-two dollars is accepted, and you are hereby notified to proceed with the work.

By direction of the Commissioner.

Yours truly,

J. McKEE BORDEN, Secretary.

**BOARD OF ESTIMATE AND APPORTIONMENT.**

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, so as to lay out a public park in the block bounded by Amsterdam avenue, West One Hundred and Fifty-first street, West One Hundred and Fifty-second street and Convent avenue, in the Borough of Manhattan, City of New York, and that a meeting of said Board will be held in Room 16, City Hall, Borough of Manhattan, City of New York, on the 25th day of March, 1904, at 10.30 o'clock A. M., at which such proposed change will be considered by said Board: all of which is more particularly set forth and described in the following resolutions, adopted by the Board on the 26th day of February, 1904, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out a public park in the block bounded by Amsterdam avenue, West One Hundred and Fifty-first street, West One Hundred and Fifty-second street and Convent avenue, in the Borough of Manhattan, City of New York, and that a meeting of said Board will be held in Room 16, City Hall, Borough of Manhattan, City of New York, on the 25th day of March, 1904, at 10.30 o'clock A. M., at which such proposed change will be considered by said Board: all of which is more particularly set forth and described in the following resolutions, adopted by the Board on the 26th day of February, 1904, notice of the adoption of which is hereby given, viz.:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out a public park in the block bounded by Amsterdam avenue, West One Hundred and Fifty-first street, West One Hundred and Fifty-second street and Convent avenue, in the Borough of Manhattan, City of New York, and that a meeting of said Board will be held in Room 16, City Hall, Borough of Manhattan, City of New York, on the 25th day of March, 1904, at 10.30 o'clock A. M., at which such proposed change will be considered by said Board: all of which is more particularly set forth and described in the following resolutions, adopted by the Board on the 26th day of February, 1904, notice of the adoption of which is hereby given, viz.:

The said park shall include that portion of the block bounded on the south by West One Hundred and Fifty-first street; on the west by Amsterdam avenue; on the north by West One Hundred and Fifty-second street; and on the east by the line between the property now owned by The City of New York and Lot No. 12, Block 205, as shown on the Land Map of The City of New York, and the prolongation of the southerly part of this boundary line until it intersects the northerly line of West One Hundred and Fifty-first street.

Resolved, That the President of the Borough of Manhattan cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 25th day of March, 1904, at 10.30 o'clock A. M.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the City Record for ten days continuously, Sundays and legal holidays excepted, prior to the 25th day of March, 1904.

#### AQUEDUCT COMMISSION.

AQUEDUCT COMMISSIONERS' OFFICE, ROOM NO. 207 STEWART BUILDING, NO. 280 BROADWAY, NEW YORK, MARCH 1, 1904.

**SEALED BIDS OR ESTIMATES WILL BE RE** ceived by the Aqueduct Commissioners at the above office until 12 o'clock noon on

TUESDAY, MARCH 22, 1904.

FOR CONSTRUCTING A HIGHWAY OR ROAD NEAR THE TITICUS RESERVOIR, IN THE TOWN OF NORTH SALEM, WESTCHESTER COUNTY, NEW YORK.

The security required will be Twenty-five Hundred Dollars, (\$2,500).

The work shall be entirely completed to the satisfaction of the Aqueduct Commissioners on or before October 1, 1904.

The work is authorized by chapter 490, Laws of 1881, of the State of New York, and the amendments thereto.

The work to be done consists in building, raising and grading a highway or road, with its necessary culverts, bridge abutments, drains and stone and other fences, and all other appurtenances, in the Town of North Salem, Westchester County, New York.

The foregoing is a statement of the nature and extent of the work required. Bidders are required to submit their bids upon the following express conditions, which apply to and become a part of every bid or estimate received.

Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing statement, and they shall not at any time after the submission of their bid, dispute or complain of such statement, nor assert that there was any misunderstanding in regard to the nature or amount of work to be done or the materials to be furnished.

The prices submitted are to cover the cost of furnishing all the necessary materials and labor and the performance of all the work set forth in the specifications and form of contract.

Any bid which fails to name a price, both in writing and in figures, may be held to be informal and may be rejected, and in case of any discrepancy between the price written in the bid and that given in figures, the price in writing will be considered as the bid.

Bidders will be required to complete the entire work to the satisfaction of the Aqueduct Commissioners, and in strict accordance with the specifications annexed to the contract. No extra

compensation beyond the amount payable for the work before enumerated, which shall be actually performed and furnished at the prices stated therefor, shall be due or payable for the entire work and materials.

No bid will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum (5 per centum) of the amount of the security required for the faithful performance of the contract.

Bidders are requested to make their bids or proposals upon the blank form prepared by the Aqueduct Commissioners, a copy of which (with the proper envelope in which to inclose the bid), together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Aqueduct Commissioners, and any further information can be obtained at the office of the Aqueduct Commissioners, No. 280 Broadway, The City of New York, where the plans may be seen.

**PETER F. MEYER, AUCTIONEER, WILL** sell, at public auction, on behalf of the Department of Docks and Ferries, on

**FRIDAY, MARCH 18, 1904,**

commencing at 10 o'clock, A. M., on the premises with Lot No. 1, on the block between Bloomfield and Little West Twelfth streets and between Tenth and Thirteenth avenues, in the Borough of Manhattan, the following lots of buildings, etc., hereinafter described.

Lot No. 1. Five-story brick building embracing the block on the west side of Tenth avenue, between Bloomfield and Little West Twelfth street, a frontage of about 84 feet. The building has a frontage on Bloomfield street of about 100 feet, and a frontage on Little West Twelfth street of about 150 feet. In the rear are two courts open above the level of the second story of the building, and of the average dimensions 60 feet by 20 feet and 80 feet by 20 feet. Included with this building are two wood and iron-framed skylights built in the above-described courts at about the level of the second story.

Also a one-story brick and iron building, having a frontage on the south side of Little West Twelfth street of about 27 feet and an average depth of about 90 feet, and whose east side is distant about 150 feet from the west side of Tenth avenue.

Also a two-story brick and iron building, having a frontage on the south side of Little West Twelfth street of about 27 feet and an average depth of about 108 feet, and whose east side is distant about 177 feet from the west side of Tenth avenue. Included with this building is a frame inclosure of the average dimensions 15 feet by 28 feet.

Also a one-story wood and iron building, having a frontage on the north side of Bloomfield street of about 100 feet and a depth varying from about 50 feet to about 100 feet. The east side of this building is distant about 100 feet from the west side of Tenth avenue. Included with this building is a one-story frame shed on roof of same of the average dimensions 24 feet by 26 feet, and also a wood and iron-framed skylight of the average dimensions 50 feet by 25 feet.

It is expressly understood and agreed that the various materials enumerated in Lot No. 3 (which are located in Lot No. 1) are excepted and reserved from said Lot No. 1.

The purchaser of Lot No. 1 further stipulates and agrees that he will remove same in strict compliance with the terms of sale, notwithstanding the fact that it may be tenanted at the time the notification to commence the removal of the structures is given.</

removed from the premises. Also all combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., shall be gathered together by the purchaser and removed from the premises. The final non-combustible rubbish, such as lime mortar, brickwork, cement mortar or in mortar which cannot be readily broken from the brick, plaster, roofing gravel, etc., may be left on the premises within the building lines, but to no greater height than the level of the curb, otherwise all planking, rubbish, or other material within the heretofore described area, whether particularly described or not, must be removed from the premises. The removal of all buildings, parts of buildings, sheds, planking and all other material must be made by the purchaser, who must commence the said removal within three days from the date of the receipt of a notification from the Engineer-in-Chief that the work is ready to be begun, and continue the same diligently until completed.

The structures must be torn down to the level of the first story within fifteen days from the date of the receipt of the above notice, and all of the materials comprised in the buildings as hereinbefore provided must be entirely removed from said premises within thirty days from the date of the receipt of the notice above mentioned; and if the purchaser or purchasers fail to commence the said removal as specified, and to diligently prosecute the same, as above set forth, then the Commissioner of Docks may, at his option, complete the said removal and charge the expense of the same to the said purchaser, who shall sign the present terms of sale and agree to be bound thereby.

The work of removing the various lots herein enumerated shall be carried on in such manner and at such times as may be directed by the Engineer-in-Chief of the Department of Docks and Ferries. The work of removal may be suspended and shall not be resumed until written notice is given by said Engineer-in-Chief so to do. The time elapsed during such suspension shall not be counted against the purchaser, but a like number of days will be given him which may have elapsed during such suspension.

The purchaser of Lot No. 1 agrees to proceed with the removal of same in such a manner, so as to permit the purchaser of Lot No. 3 to remove the various materials enumerated in said Lot.

And for the further securing of the removal of the said buildings, etc., hereinbefore mentioned, the purchaser will be required at the time of sale and the award of said property to him, to execute a bond in such form and with such sureties as may be approved by the Commissioner of Docks of the City of New York, and in a penalty of One Thousand Dollars (\$1,000), that he will in all things carry out the terms of sale and comply with the conditions thereof, and remove all of said property within the time required by the said terms of sale.

The form of bond to be executed by the purchaser may be seen at the office of the said Department at Pier "A," Battery place, New York.

## CONDITIONS OF SALE.

As provided for by the Greater New York Charter.

1. Proposals containing conditions other than those herein set forth will not be received or considered.  
2. No proposal for stock shall be accepted for less than the par value of the same.  
3. Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon one of the State or National banks of The City of New York, two per cent. of the par value of the stock bid for in said proposal.

No proposal will be received or considered which is not accompanied by such deposit.  
All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.

4. If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the stock awarded to him or them at its par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of The City of New York for the Redemption of the City Debt.

5. Upon the payment into the City Treasury of the amounts due by the persons whose bids are accepted, respectively, certificates thereof shall be issued to them as authorized by law, and in such denominations as they may desire.

6. It is required by the Charter of the City that "every bidder may be required to accept a portion of the whole amount of stock bid for by him at the same rate or proportional price as may be specified in his bid; and any bid which conflicts with this condition shall be rejected." Under this provision, the condition that the bidder will accept only the whole amount of stock bid for by him, and not any part thereof, cannot be inserted in any bid.

7. It is also provided by the Charter that these bonds, being registered, may be issued in denominations of ten dollars or any multiple thereof; and that "preference shall, so far as practicable, and without pecuniary disadvantage to the City, be given to applicants for the smallest amounts and smallest denominations of said bonds in issuing the same."

8. The proposals, together with the security deposits, should be inclosed in a sealed envelope, indorsed "Proposals for Bonds of The City of New York," and said envelope inclosed in another sealed envelope, addressed to the Comptroller of The City of New York.

EDWARD M. GROUT, Comptroller.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

## NOTICE TO CONTRACTORS.

## GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board of Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
