Coler, President, Borough of Brooklyn; Louis F. Haffen, President, Borough of The Bronx; Lawrence Gresser, Acting President, Borough of Queens; George Cromwell, President, Borough of Richmond.

The Mayor, Hon. George B. McClellan, presided.

The Comptroller presented the following communication from the Secretary, Borough of Manhattan, requesting authority for the President, Borough of Manhattan, pursuant to a resolution adopted December 6, 1907, to proceed with the work of altering the Brown Stone Building, in City Hall Park, to accommodate the additional parts of the City Court, for which funds were heretofore provided.

CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN,
January 27, 1908.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—Request is hereby made that authority be conferred upon the President of the Borough of Manhattan to proceed with the work of altering the Brown Stone Building, in the City Hall Park, to accommodate the additional parts of the City Court created by the last Legislature.

This request is made necessary owing to the fact that in December of last year the Board of Estimate and Apportionment adopted a resolution directing that no further indebtedness payable from funds provided by the issue of Corporate Stock, heretofore authorized, be incurred without further authority. Inasmuch as this work is of a pressing nature, it is requested that this matter be placed upon the calendar for the next meeting of the Board.

Yours very truly,
BERNARD DOWNING,
Secretary, Borough of Manhattan.

The following resolution was offered:

Whereas, The Board of Estimate and Apportionment at a meeting held December 6, 1907, adopted a resolution directing all heads of departments, etc., not to incur any new or additional indebtedness payable from funds provided by the issue of Corporate Stock heretofore authorized, without further approval of this Board.

Resolved, That the request of the President, Borough of Manhattan, for authority to proceed with the work of altering the Brown Stone Building, in City Hall Park, to accommodate the additional parts of the City Court, be and the same is hereby approved.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, and Richmond, and the Acting President of the Borough of Queens—16.

After disposing of the Public Improvements Calendar, the Board considered the following matters upon the financial calendar for this day:

The Secretary presented the following communication from the District Attorney, Queens County, relative to abolishing positions of Assistant District Attorney and Deputy Assistant District Attorney, and the establishment of positions of First, Second, Third and Fourth Assistant District Attorneys, with salaries at the rate of \$3,000 per annum for the First Assistant, and \$2,400 per annum each, for the other grades, together with a communication from the Comptroller recommending that action by the Board of Estimate in designating numerically or otherwise the Assistant District Attorneys for Queens County, be deferred until provision for the same has been enacted by law, and further recommending that the present number of Deputy Assistant District Attorneys at \$2,400 per annum, be increased by two incumbents.

(On January 24, 1908, the Select Committee, consisting of the Comptroller and the President, Board of Aldermen, to which this application was referred on December 13, 1907, was discharged from further consideration of the same.)

DISTRICT ATTORNEY'S OFFICE,
QUEENS COUNTY, N. Y.,
LONG ISLAND CITY, December 11, 1907.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York City:

DEAR SIR—The City Budget for 1908 adds \$4,800 to the appropriation for salaries in the office of the District Attorney of Queens County. For the purpose of making proper preparation to secure an act of the Legislature authorizing all the assistants in my office to appear before the Grand Jury, as is now provided in New York County, I desire to have the positions of Assistant District Attorney and Deputy Assistant District Attorney abolished and four new positions created, viz.: First, Second, Third and Fourth Assistant District Attorney. The First Assistant to receive a salary of \$3,000 per year, and the others to receive \$2,400 each.

Yours respectfully,
IRA G. DARRIN,
District Attorney.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
January 16, 1908.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—Transmitted herewith is a report of the Bureau of Municipal Investigation and Statistics, of the Finance Department, dated January 15, 1908, relative to a communication of Ira G. Darrin, District Attorney of Queens County, requesting the abolishment of the positions of Assistant District Attorney and Deputy Assistant District Attorney, and the creation of the positions of First, Second, Third and Fourth Assistant District Attorneys in his office, which matter was referred to a Select Committee, consisting of the Comptroller and the President of the Board of Aldermen.

In view of the facts contained in said report, the adoption of the resolution attached hereto is recommended.

Respectfully,
H. A. METZ, Comptroller.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
January 15, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of communication of Ira G. Darrin, District Attorney of Queens County, under date of December 11, 1907, requesting the abolishment of the positions of Assistant District Attorney and Deputy Assistant District Attorney, and the creation of the positions of First, Second, Third and Fourth Assistant District Attorneys in his office, which was presented at a meeting of the Board of Estimate and Apportionment, held December 13, 1907, and which was referred to a Select Committee consisting of the Comptroller and the President of the Board

of Aldermen, and by you referred to the Bureau of Municipal Investigation and Statistics for report, I beg to submit the following:

The position of Assistant District Attorney is provided for under section 202, of chapter 686, Laws of 1902, known as the County Law, as follows:

"202. Assistant District Attorney—In any county having, according to the last preceding Federal or State enumeration, more than seventy thousand inhabitants, the District Attorney may, when authorized by the Board of Supervisors, appoint a suitable person, who must be a counselor at law, in this State, and a citizen and resident of the county, to be his Assistant. Every appointment of an Assistant District Attorney shall be in writing, under the hand and seal of the District Attorney, and filed in the office of the County Clerk; and the person so appointed shall take and file with the Clerk the constitutional oath of office, before entering upon his duties as such Assistant District Attorney. Every such appointment may be revoked by the District Attorney making the same, which revocation shall be in writing and filed in the Clerk's office. Such Assistant District Attorney may attend all criminal courts, and discharge any duties imposed by law upon, or required of the District Attorney by whom he was appointed."

It may be noted that this section provides that in certain counties the District Attorney may, when authorized, appoint an Assistant District Attorney. This section has from time to time been amended to provide in certain counties that the District Attorney of said counties may appoint a further number of Assistant District Attorneys known as First, Second, etc., but no such action has been taken by the Legislature as applied to Queens County.

Included in the force of employees in the office of District Attorney of Queens County, in addition to Assistant District Attorney, one incumbent at a salary of \$3,000, as provided for under provisions of said law, there is a position known as Deputy Assistant District Attorney, one incumbent at a salary of \$2,400 per annum, a position created under resolution of the Board of Estimate and Apportionment of March 24, 1905.

The request now made by the District Attorney is in effect to abolish the title of Assistant District Attorney and Deputy Assistant District Attorney, and substitute therefor the titles of First Assistant and Second Assistant District Attorney, respectively, at salaries as now paid to present incumbents. In addition, request is made that the force of the office be increased by two employees to be designated as Third and Fourth Assistant District Attorneys, respectively, at salary of \$2,400 each per annum, a total increase of \$4,800 per annum. The necessity for increasing the force of Deputy Assistant District Attorneys was set forth at length in a statement of the District Attorney under date of October 11, 1907, submitted by him in support of his departmental estimate for the year 1908; and from examination made I am of the opinion that such increase of force is necessary to an efficient administration of the work of the office due to the natural growth of the work and the territorial distribution of the labors of the office.

The Budget allowance for the year 1908 for Assistants, etc., in the office of the District Attorney of Queens County is in amount \$15,600, an increase over that of 1907 and the present payroll requirements of \$4,800. This increase was allowed to provide for the services of two additional Deputy Assistant District Attorneys.

It is the desire of the District Attorney of Queens County to secure through the Legislature of the State of New York such enactment of law as will authorize all the Assistant District Attorneys in his office to appear before the Grand Jury with the same powers as are now conferred upon the present Assistant District Attorney, and anticipating favorable consideration by the Legislature of his proposed overture, he desires that the Board of Estimate and Apportionment create the positions, namely, First, Second, Third and Fourth Assistant District Attorneys; but it seems to your Examiner that it would be more in keeping with the provisions of the present law that any action to be taken by the Board of Estimate and Apportionment in designating numerically or otherwise the number of Assistant District Attorneys in the office of the District Attorney of Queens County, be deferred until same may have been provided for by enactment of law. It appears, however, to your Examiner that the District Attorney of Queens County should be accorded further assistance in his office, and I would, therefore, recommend the adoption of a resolution by the Board of Estimate and Apportionment providing for the position of two additional Deputy Assistant District Attorneys at compensation of \$2,400 each per annum.

Yours respectfully,

CHARLES S. HERVEY,
Supervising Statistician and Examiner.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen that the schedule of the positions and salaries in the office of the District Attorney of Queens County be and the same is amended by increasing the number of incumbents for the position of Deputy Assistant District Attorney from one to three, with salary at the rate of two thousand four hundred dollars (\$2,400) each per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Negative—The President of the Board of Aldermen—3.

The Secretary presented the following communication from the Presiding Justice, Court of Special Sessions, Second Division, requesting the establishment of the position of Male Probation Officer, with a salary at the rate of \$1,200 per annum, together with communication from the Comptroller recommending the establishment of said position as requested.

On January 24, 1908, the Select Committee, consisting of the Comptroller and the President, Board of Aldermen, to which this application was referred on October 18, 1907, was discharged from further consideration of the same.

JUSTICES' CHAMBERS,
CHILDREN'S COURT, SECOND DIVISION,
BOROUGH OF BROOKLYN,
NEW YORK, October 8, 1907.

Hon. GEORGE B. McCLELLAN, Mayor of The City of New York:

MY DEAR SIR—Your attention is respectfully called to an application made by the Court of Special Sessions, Second Division, requesting that the position of Male Probation Officer be made in that Court and that a salary be fixed for the same. This, inadvertently, was not put in the estimate for the year, and I would respectfully request that this matter be considered by the Board of Estimate and Apportionment.

I need not emphasize the importance of the work of such an officer, as the same has been demonstrated heretofore in the appointment of a Male Probation Officer in the Court of Special Sessions, First Division. Will you kindly fix the salary at \$1,200 per annum.

Regretting the necessity of specially calling your attention to this matter, I beg to remain,

Very truly yours,

ROBERT J. WILKIN, Justice.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
January 16, 1908.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—Transmitted herewith is a report of the Bureau of Municipal Investigation and Statistics of the Department of Finance, dated January 16, 1908, relative to the request of Robert J. Wilkin, of the Court of Special Sessions, Second Division, that the position of Male Probation Officer of that Court be established and that the salary of said position be fixed at \$1,200 per annum, which matter was referred to a Select Committee consisting of the Comptroller and the President of the Board of Aldermen.

In view of the facts contained in said report, the adoption of the resolution attached hereto is recommended.

Respectfully,

H. A. METZ, Comptroller.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
January 16, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of the communication of Robert J. Wilkin, Justice of the Court of Special Sessions, Second Division, to the Board of Estimate and Apportionment, requesting that the position of Male Probation Officer of that Court be established and that the salary of said position be fixed at \$1,200 per annum, referred to the Comptroller and President of the Board of Aldermen, and referred by you to the Bureau of Municipal Investigation and Statistics for examination, I beg to report as follows:

The Male Probation Officer employed by the Court of Special Sessions, First Division, receives a salary of \$1,500 per annum. The necessary resolution fixing his salary at this rate was adopted by the Board of Estimate and Apportionment March 2, 1906. The Male Probation Officer who does probation work in the Court of Special Sessions, Second Division, has received no salary or compensation from the City for his services, although the services he has rendered are similar in character to those rendered by the Male Probation Officer employed by the Court of Special Sessions, First Division, who is paid \$125 a month.

The position of Male Probation Officer in the Courts of Special Sessions in both the First and Second Divisions is an important one, and the beneficial results of the investigations, reports and reformatory work of the Male Probation Officers are highly commended by the Justices of the Courts and the officers of the various societies organized to reform and reclaim boys and young men arraigned in Court for their first offense. Prisoners who are arrested for the first time are likely to become habitual criminals unless their career as law breakers is checked in the beginning and they are encouraged to be law abiding in the future.

The Female Probation Officers who are now regularly employed in the Courts of Special Sessions and the Magistrates' Courts, at salaries ranging from \$600 to \$1,200 per annum, render efficient service. Their employment is no longer an experiment. Before their positions were made salaried positions those of them who represented the children's aid societies and other organizations were not directly responsible to the Courts. As the Female Probation Officer employed in the Court of Special Sessions, Second Division, receives \$1,200 per annum to look after the interests of prisoners of her sex, it would seem reasonable to pay the same salary to the Male Probation Officer of the same Court, who renders similar service to the male prisoners. His duties may be summed up as follows: He is required to investigate the cases of defendants who are either convicted or who plead guilty, and report the same; to make a special investigation into all cases where boys or young men are found guilty of misdemeanor, for the purpose of finding out their previous character and record. He is placed in charge of boys who are out on parole. He devotes several nights a week to receiving reports from the paroled boys. He is required to keep a complete record of all cases investigated by him. He attends every session of the Court. He visits the homes of the boys who are out on parole to learn of their home surroundings. He also secures employment for boys who become wayward through non-employment and who show a desire to earn an honest living.

The annual report of the salaried Male Probation Officer of the Court of Special Sessions, First Division, for 1907, shows that out of 1,260 boys who were placed in his charge during the year only twelve failed to live up to the requirements and broke their parole.

The establishment of the position of Male Probation Officer for the Court of Special Sessions, Second Division, and fixing the salary at \$1,200, will permit the Justices of the Court to make an appointment from an eligible Civil Service list. The necessary appropriation to pay the salary of the appointee is included in the Budget appropriation for 1908.

I would respectfully recommend that the Board of Estimate and Apportionment fix the salary of Male Probation Officer of the Court of Special Sessions, Second Division, at \$1,200 per annum.

Yours respectfully,

CHARLES S. HERVEY,
Supervising Statistician and Examiner.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the position of Male Probation Officer in the Court of Special Sessions, Second Division, with salary at the rate of twelve hundred dollars (\$1,200) per annum, for one (1) incumbent.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Negative—The President of the Board of Aldermen—3.

The Secretary presented the following communication from the Presiding Justice, Court of Special Sessions, First Division, requesting the establishing of new grades of positions of Deputy Clerk, Court of Special Sessions, First Division, at \$4,000 per annum, and of Deputy Clerk in the Children's Court, at \$2,750 per annum, together with communication from the Comptroller recommending the establishment of these grades of positions as requested, one incumbent for each grade.

(On January 24, 1908, the Select Committee, consisting of the Comptroller and the President, Board of Aldermen, to which this application was referred on December 20, 1907, was discharged from further consideration of the same.)

COURT OF SPECIAL SESSIONS CHAMBERS,
December 17, 1907.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—Your Honorable Board having specifically appropriated for the Annual Budget for this Court for 1908 an amount covering the positions of Deputy Clerk of this Court and that of Deputy Clerk of the Children's Part of this Court, wherein the salaries of the positions above named are fixed at \$4,000 per annum and \$2,750 per annum, respectively,

We, the Justices of the Court of Special Sessions of the First Division of The City of New York, respectfully request that your Honorable Board recommend to the Board of Aldermen that the salary of the Deputy Clerk of this Court, William M. Fuller, be fixed at \$4,000 per annum, and the salary of the Deputy Clerk of the Children's Part of this Court, Ernest K. Coulter, be fixed at \$2,750 per annum.

Very respectfully,

THE JUSTICES OF THE COURT OF SPECIAL SESSIONS,
FIRST DIVISION, CITY OF NEW YORK.

JOHN B. MCKEAN, Justice Presiding.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
January 16, 1908.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—Transmitted herewith is a report of the Bureau of Municipal Investigation and Statistics of the Department of Finance, dated January 16, 1908, relative to the request of the Presiding Justice of the Court of Special Sessions, First Division, that the salary of the Deputy Clerk of that Court be fixed at \$4,000 per annum, and that the salary of the Deputy Clerk of the Children's Court be fixed at \$2,750 per annum, which matter was referred to a Select Committee, consisting of the Comptroller and the President of the Board of Aldermen.

In view of the facts contained in said report the adoption of the attached resolution is recommended.

Respectfully,
H. A. METZ, Comptroller.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of the communication of the Presiding Justice of the Court of Special Sessions, First Division, to the Board of Estimate and Apportionment, requesting the fixing of the salary of the Deputy Clerk of that Court at \$4,000 and the salary of the Deputy Clerk of the Children's Court at \$2,750, referred to the Comptroller and President of the Board of Aldermen, and by you referred to the Bureau of Municipal Investigation and Statistics for examination, I beg to report as follows:

The present salary of the Deputy Clerk of the Court of Special Sessions is \$3,500 per annum. The salary of the Chief Clerk was recently increased from \$4,000 to \$5,000. The Deputy Clerk was for a number of years the Chief Clerk of the Court, at an annual salary of \$4,000. His many years of faithful service and experience as Chief Clerk and Deputy Clerk, it would seem, should entitle him to an increase of \$500 in his salary. The fact should also be taken into consideration that the business of the Court has increased threefold during the past ten years. The Legislature has year by year added amendments to the Penal Code, and nearly all violations of the new laws are brought before the Justices of the Court of Special Sessions for trial. The Justices of the Court, who are familiar with the exacting duties rendered by the Deputy Clerk, are unanimously in favor of the proposed increase in his salary. If his salary is fixed at \$4,000 no special appropriation by the issue of Special Revenue Bonds to meet the additional expense will be required, as the Budget appropriation for 1908 includes that amount for the salary of the position.

The present salary of the Deputy Clerk of the Children's Court is \$2,500 per annum. It is proposed to increase it to \$2,750. The Budget appropriation for 1908 provides for the increased amount, should the grade be established at \$2,750. The Justices of the Court are unanimously in favor of the increase in the salary of the Deputy Clerk. He has rendered efficient service for several years. His duties have been increasing from year to year. The Children's Court is no longer an experiment. It is now recognized as one of the most important of our courts, and there is every reason why the Deputy Clerk of this Court should receive a salary commensurate with the duties rendered. The present Deputy Clerk seems to be eminently qualified for the position he fills.

Your Examiner would recommend the approval of the salary increases requested.

Yours respectfully,
CHARLES S. HERVEY,
Supervising Statistician and Examiner.

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the following grades of positions in the Court of Special Sessions, First Division, in addition to those already existing therein:

Deputy Clerk, \$4,000 per annum, one incumbent.

Affirmative—The Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Negative—The President of the Board of Aldermen—3.

The Secretary presented the following communication from the Comptroller, recommending the establishment of the position of Physician in the Manhattan Truant School (under the jurisdiction of the Board of Education), with salary at the rate of \$500 per annum, for one incumbent.

(On January 24, 1908, the Select Committee, consisting of the Comptroller and the President, Board of Aldermen, to which, on October 4, 1907, was referred the above request, also the request for the fixing of salary of the Caretaker in said school at \$60 per month, was discharged from further consideration of request relative to the position of Physician, as above set forth.)

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—Transmitted herewith is a report of the Bureau of Municipal Investigation and Statistics of the Department of Finance, relative to the fixing of salary of position of Physician at \$500 per annum in the Manhattan Truant School, which matter was referred to a Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, for consideration and report, at a meeting held October 4, 1907.

In view of the facts contained in said report, it is recommended that the resolution attached thereto be adopted.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
January 14, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of a communication from the Board of Education requesting the fixing of salary of position of Physician at \$500 per annum in the Manhattan Truant School, which communication was referred to a Select Committee, consisting of the Comptroller and the President of the Board of Aldermen for consideration and report, at a meeting held October 4, 1907, and by you referred to the Bureau of Municipal Investigation and Statistics, I beg to report as follows:

It appears that the position of Physician in a Truant School was established by the Board of Estimate and Apportionment by a resolution adopted April 30, 1902, the salary attached thereto being fixed at the rate of \$600 per annum, and that a Physician is now employed in the Brooklyn Truant School at said rate, but that up to last June the custom of hiring a physician when needed and paying him by the visit obtained in the Manhattan Truant School, the idea being that said method would be less expensive. This, however, did not prove to be the case, and so the Board of Education decided to appoint a regular physician for said institution, the salary for said position to be fixed at \$500 per annum instead of \$600, because the Manhattan Truant School registers fewer pupils than the school in Brooklyn.

Dr. Claud Hill Weir was duly appointed by the Board of Education to the position of Physician in the Manhattan Truant School, at a salary of \$500 per annum, and supplementary payrolls, amounting to \$41.67 for June, 1907, and \$41.67 for July, 1907, for services rendered by him during said months, were transmitted to the Comptroller, but said payrolls were not passed by the Auditor, because Dr. Weir's salary had not yet been fixed under section 56 of the Greater New York Charter.

In the meantime Dr. Weir continued his services in said school, but without being able to draw any pay therefor, so that, at the present writing, compensation for the seven months from June to December, 1907, inclusive, is due him. In December, in order to enable Dr. Weir to draw the money due him, the said payrolls for June and July, 1907, were returned to the Auditor of the Board of Education by the Comptroller, with the request that Dr. Weir's claims be presented in the form of a voucher for special services rendered. This request was complied with, and a voucher amounting to \$83.32 for services rendered during June and July, 1907, was transmitted, but it was not passed by the Chief Auditor of Accounts for reasons which appear in the following letter in relation thereto:

"December 27, 1907.

"Mr. CHARLES S. HERVEY, Supervising Statistician and Examiner:

"SIR—Herewith please find voucher in favor of Claud Hill Weir, M. D., for the sum of \$83.32, for services rendered by him as Physician in the New York Truant School during the months of June and July, 1907, together with copy of letter to Auditor Cook of the Board of Education prepared in your Bureau.

"I do not know how this voucher can be passed in its present form, for the following reasons:

"First—The claimant is a regular employee of the Board of Education, duly certified from an eligible list furnished by the Municipal Civil Service Commission.

"Second—The salary of such position has not been fixed by the Board of Aldermen in the manner required by section 56 of the Charter.

"Third—The certificate of the Municipal Civil Service Commission is incorrect and misleading for the reason that it states that the work is of an occasional and exceptional character, and that such work is not performed by a person continuously employed by The City of New York.

"Respectfully,
(Signed) "PATRICK H. QUINN,
"Chief Auditor of Accounts."

Attention is here directed to the fact that this procedure is irregular, the concurrence of the Board of Estimate and Apportionment and of the Board of Aldermen being necessary, as provided in section 56 of the City Charter, before the employment of the physician. It having appeared, however, that the Board of Education acted in good faith in appointing Dr. Weir, and that said person rendered services to the City without any knowledge of the informality of his employment, it would seem just and proper that provision be made for his compensation for the period from the date of his appointment. It is therefore respectfully suggested that the Select Committee recommend to the Board of Estimate and Apportionment the approval of the resolution hereto appended.

Respectfully,
CHARLES S. HERVEY,
Supervising Statistician and Examiner.

To the Honorable the Board of Estimate and Apportionment, City of New York:

GENTLEMEN—In accordance with the resolutions adopted by your Honorable Board on March 22, 1907, that all requests for the creation of new positions, or, the establishment of new grades, to be provided for in the budget of 1908, be submitted to your Board in a separate communication from that containing the Departmental estimate, and, pursuant to section 56 of the Greater New York Charter, I have the honor to respectfully request that you recommend to the Board of Estimate and Apportionment that the additional grades of the following positions be fixed as follows:

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
January 21, 1908.

To the Honorable the Board of Estimate and Apportionment, City of New York:

GENTLEMEN—I transmit herewith two reports of the Bureau of Municipal Investigation and Statistics; one, under date of July 3, 1907, recommending that the salary of Clerk in the office of the District Attorney of New York County be fixed at \$6,000 per annum for one incumbent; second, under date of November 2, 1907, recommending that in the same office, namely, that of the District Attorney of New York County, there be established the grade of Deputy Chief Clerk at \$3,500 per annum for one incumbent, and Auditor at \$3,500 per annum for one incumbent.

These requests of the District Attorney were referred to a Select Committee of the Board of Estimate and Apportionment for consideration. While the recommendations of the Bureau of Municipal Investigation and Statistics in connection therewith have

been approved by me, I am informed that the same have not been approved by my associate on the Select Committee, the President of the Board of Aldermen.

I, therefore, request the adoption of the two resolutions attached hereto, one discharging the Select Committee from further consideration of the matter, and the second establishing the grades desired in the office of the District Attorney of New York County,

Yours respectfully,

H. A. METZ, Comptroller,

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, the establishment of the following grades of positions in the office of the District Attorney, County of New York, in addition to those already established therein:

Position.	Per Annum.	No. of Incumbents.
Chief Clerk	\$6,000	1
Deputy Chief Clerk	3,500	1
Auditor	3,500	1

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
July 3, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of the request of District Attorney Jerome that the Board of Estimate and Apportionment recommend to the Board of Aldermen the establishment of the grade of Chief Clerk in the office of the District Attorney, New York County, at the rate of \$6,000 per annum for one incumbent (the present salary of the position being \$5,000), referred by the Board of Estimate and Apportionment to a Select Committee, consisting of the Comptroller and President of the Board of Aldermen, and by you to the Bureau of Municipal Investigation and Statistics for examination, I beg to report as follows:

District Attorney Jerome, in a statement to your examiner, giving his reasons for asking for an increase in the salary of Chief Clerk, said:

"Relative to my request to increase the salary of the position of Chief Clerk in the Office of the District Attorney of the County of New York from \$5,000 to \$6,000, I beg to state that for many years the rate of compensation for the position was fixed at \$5,000 per annum.

"The population of this County has increased at the average rate of over 87,000 a year, and, owing to this increase, which is largely composed of certain foreign elements, the business of this Department has been greatly enhanced during the past decade, and the duties and responsibilities of the position in question have been augmented in proportion thereto, while the compensation has remained unchanged.

"The position of Chief Clerk is an extremely important and responsible one, requiring a man of ability, keen judgment, tact, and, of not least importance, one in whom I can, at all times, place implicit confidence, and whose integrity cannot be questioned. The incumbent of this position is in absolute control of the administrative force of this Department, has direct supervision over the various bureaus connected therewith, including the assignment of thousands of cases for trial before the various Justices presiding in our criminal courts. These assignments, fraught with so much importance—not only to the defendants, but to counsel as well, are impartially made, no lawyer being given nor defendant accorded any privilege not within reach of the most obscure counsel or humblest of defendants.

"It might not be altogether amiss to here direct attention to the fact that in former years the 'breaking down' of the calendars of the criminal courts was of common occurrence, as were also complaints of Justices in consequence thereof, while the public press teemed with criticism of the then existing conditions. Since the advent of the present occupant, we find that chaos has given way to order, and the much-desired transformation is due, in no mean degree, to his executive ability.

"That it may be fully realized what it means to the County and to the public to have a 'break' in the calendar, which 'break' invariably necessitates the closing of one of our criminal courts, I desire to state that it signifies a loss to the County of over \$600 per day for each court so closed, in addition to which ensues annoyances, loss of salary, or neglect of business occasioned to hundreds of jurors, witnesses for the People, etc., while the administration of justice is retarded and the benefits flowing from prompt and adequate punishment are rendered impotent.

"The Legislature of 1907 has enacted laws which provide for an additional part of the Court of General Sessions, and another Grand Jury, making five parts of the Court of General Sessions and two Grand Juries. At the present time this office issues over 90,000 subpoenas each year, which number will be greatly increased by the addition of the above mentioned Court and Grand Jury, and will greatly add to the present enormous volume of business transacted in this office.

"A comparison of the criminal courts of this County with those of adjoining counties reveals the fact that the latter close during the summer months, while the former sit continuously during the entire year, three courts being in session during the months of July, August and September, and six courts during the balance of the year, exclusive of the Court of Special Sessions.

"In view of the nature and value of the services rendered by the Chief Clerk, the compensation as at present fixed is inadequate, and I would also state that, after providing for the increase of salary, there will remain a large unexpended balance to the credit of the salary appropriation for the year, which will be returned to the City Treasury; therefore, I respectfully recommend that the increase requested be allowed."

The District Attorney did not include in his estimate for salaries for 1907 a request for an increase in the salary of the Chief Clerk.

The request of the District Attorney would seem to be reasonable and just, and it is, therefore, recommended that the salary of the Chief Clerk be fixed at \$6,000 per annum for one incumbent.

Respectfully,

CHARLES S. HERVEY, Supervising Statistician and Examiner.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
November 2, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—At a meeting of the Board of Estimate and Apportionment held September 20, 1907, a communication dated July 9, 1907, was presented from the District Attorney of New York County requesting the establishment of additional grades of the following positions, to be applied to the present incumbents only:

- One Chief Clerk, at \$6,000 per annum.
- One Deputy Chief Clerk, at \$3,500 per annum.
- One Auditor, at \$3,500 per annum.

—which was referred to the Comptroller and President of the Board of Aldermen, and by you referred to the Bureau of Municipal Investigation and Statistics. After due examination, I beg to report thereon as follows:

Under date of July 3, 1907, the Bureau of Municipal Investigation and Statistics submitted a report to you in favor of granting a request of the District Attorney dated June 12, 1907, for the establishment of the grade of Chief Clerk in his office at the rate of \$6,000 per annum for one incumbent. This report was approved by you on July 5, 1907. Up to the present time the President of the Board of Aldermen, the other member of the Select Committee, has not approved or disapproved of the report, a copy of which is attached hereto.

In regard to the request of the District Attorney for the establishment of the grade of Deputy Chief Clerk at \$3,500 per annum and for the establishment of the grade of Auditor at \$3,500 per annum, I beg to report as follows:

The present Deputy Chief Clerk Andrew Fav has been employed in the District Attorney's office for 22 years. He assists the Chief Clerk, and because of his experience in the duties of the position, due to long service, has become a valued member of the District Attorney's staff.

The present Auditor, John J. Buckley, has been employed in the District Attorney's office for over 17 years. Besides attending to the regular duties of Auditor,

Mr. Buckley performs duties of a clerical character. His services are said by the District Attorney to be exceptionally valuable.

Under the provisions of chapter 411, 412 and 615 of the Laws of 1907, an additional part of the Court of General Sessions and an additional General Jury are provided for. This increase in the number of Judges and Grand Jurors will increase the duties and responsibilities of the Chief Clerk, Deputy Chief Clerk and Auditor of the District Attorney's office.

Your Examiner is informed that there is sufficient unexpended balance in the salary account of the office of District Attorney for New York County to provide for the payment of their salaries for the remainder of the year. Provision has been made for them in the Budget of 1908. Your Examiner would therefore respectfully recommend that the request of the District Attorney be complied with.

Yours respectfully,

CHARLES S. HERVEY,
Supervising Statistician and Examiner.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the following grades of positions in the office of the District Attorney, New York County, in addition to those already existing therein:

	Per Annum.	Incumbents.
Chief Clerk	\$6,000 00	1
Deputy Chief Clerk.....	3,500 00	1
Auditor	3,500 00	1

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—13.

Negative—The President of the Board of Aldermen—3.

The following financial and franchise matters not upon the calendar for this day were considered by unanimous consent:

FINANCIAL MATTERS.

The Comptroller presented the following communication from the City Clerk submitting report of the Committee on Finance, Board of Aldermen, accepted by the Board of Aldermen, recommending the rejection by the said Board of the ordinance containing resolution adopted by the Board of Estimate June 7, 1907, authorizing the issue of \$2,200,000 Corporate Stock for the improvement of the water supply system in the boroughs of Manhattan and The Bronx, and further recommending, in view of the present money conditions and also in the interest of economy, that several items contained therein be cut down, some of the improvements contemplated delayed for the present, and that the Board of Estimate authorize in lieu thereof an issue of \$1,768,243 Corporate Stock for the purposes set forth in the report of the Department of Water Supply, Gas and Electricity, under date of October 14, 1907.

—together with report of the Chief Engineer, Board of Estimate and Apportionment (to whom this matter was referred on November 1, 1907), recommending that the Board of Estimate rescind its resolution of June 7, 1907, authorizing the issue of \$2,200,000 Corporate Stock, and adopt a new resolution in accordance with the recommendations contained in the report of Committee on Finance, Board of Aldermen, also communication from the Commissioner of Water Supply, Gas and Electricity, recommending favorable action thereon.

(On November 15, 1907, and January 10 and 24, 1908, this matter was laid over.)

THE CITY OF NEW YORK,
OFFICE OF THE CITY CLERK, CITY HALL,
NEW YORK, October 25, 1907.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—I herewith respectfully return to you an ordinance providing for an issue of Corporate Stock in the sum of \$2,200,000 to provide means for the improvement of the water supply system in the Boroughs of Manhattan and The Bronx, which, in accordance with section 48 of the Greater New York Charter, was rejected by the Board of Aldermen at its meeting on Tuesday, October 22, 1907. Inclosed please find printed copy of the proceedings covering the same.

Yours respectfully,

P. J. SCULLY, City Clerk.

No. 2134.

The Committee on Finance, to whom was referred, on June 11, 1907 (Minutes, page 1185), the annexed ordinance in favor of an issue of Corporate Stock, \$2,200,000, for the improvement of the water supply system, Boroughs of Manhattan and The Bronx, respectfully

REPORTS:

Deputy Commissioner Goodwin and Engineer Bull appeared before the Committee and explained the details of this application, which are set forth in the annexed report. In view of the present money conditions and also in the interest of economy, the Committee suggested that several of the items could be cut down and some of the improvements contemplated could be delayed for the present. Acting on this suggestion, the Department officials went over the items and have presented the annexed communication showing wherein a reduction could be made from \$2,200,000 to \$1,768,243. The Committee have carefully considered this new report and believe that the improvements, which consist of the laying of new water mains throughout sections of the Boroughs of Manhattan and The Bronx are both necessary and urgent. To make this appropriation legal, however, it will be necessary to reject the resolution of the Board of Estimate and Apportionment providing for \$2,200,000 and recommend to said Board that in lieu thereof they provide Corporate Stock for the purposes set forth in the report of the Department of Water Supply, Gas and Electricity, dated October 14, for the sum of \$1,768,243. The Committee therefore recommends the rejection of the ordinance for this purpose.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of two million two hundred thousand dollars (\$2,200,000), to provide means for the improvement of the water supply system in the Boroughs of Manhattan and The Bronx, as set forth in section 178 of the Charter.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Hon. JOHN R. DAVIES, Chairman, Finance Committee of the Board of Aldermen,
City Hall:

DEAR SIR—I transmit herewith copy of a letter addressed to me by I. M. de Varona, Chief Engineer of this Department, with his report showing the streets and avenues where it is absolutely necessary that water service mains be placed, and the estimated cost of this work.

Respectfully,

OFFICE OF CHIEF ENGINEER, NOS. 13 TO 21 PARK ROW,
NEW YORK, October 14, 1907.

Hon. FRANK J. GOODWIN, Deputy Commissioner:

SIR—In the matter of the request for an appropriation of \$2,415,000 for the extension of the distribution system, which was granted by the Board of Estimate for \$2,200,000, and forwarded to the Board of Aldermen for concurrence.

In compliance with the request you advised me was made by the Finance Committee of the Board of Aldermen to eliminate all items which could be deferred for the present, I send you herewith a revised list showing the locations where it is necessary these water mains be laid at once. While all the water mains asked under the original schedule should be laid at the earliest possible moment, still, in view of the request made by the Finance Committee, and of the delay of two or three months incident to necessary negotiations with the New York Central and Hudson River Railroad Company before we can cross their tracks at One Hundred and Sixtieth street, I have eliminated from the original list three of the larger items for trunk mains, for which, however, funds shall have to be asked some time in the near future, thus reducing the amount originally asked from \$2,415,000 to \$1,768,243, as now submitted.

Yours respectfully,

(Signed) I. M. de VARONA, Chief Engineer.

Rejected by the Board of Aldermen, October 22, 1907.

P. J. SCULLY, Clerk.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
November 9, 1907.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment held on November 1 there was referred to the Chief Engineer for consideration and report a communication from the City Clerk advising the Board that an ordinance providing for an issue of Corporate Stock in the sum of \$2,200,000 to provide means for the improvement of the water supply system in the Boroughs of Manhattan and The Bronx had been rejected by the Board of Aldermen at a meeting held on Tuesday, October 22, 1907.

On June 7, 1907, the Board of Estimate and Apportionment adopted a resolution providing for an issue of Corporate Stock in the sum of \$2,200,000 for the purpose above named and forwarded the same to the Board of Aldermen for its approval. The Finance Committee of the Board of Aldermen, in reporting to the Board under date of October 17, 1907, stated that "in view of the present money conditions and also in the interest of economy" it had been suggested that several of the items appearing in the communication of the Commissioner of Water Supply when he requested the appropriation could be somewhat reduced and some of the contemplated improvements could be delayed for the present. At the request of the Committee the Department of Water Supply carefully revised its figures, eliminating such items as it was believed could be deferred for the present, and reducing the amount of their estimate from \$2,415,000, as it appeared in the original communication to the Board of Estimate and Apportionment, to \$1,768,243. The Finance Committee has reported in favor of an issue of Corporate Stock in the amount last named, but the only way to effect this reduction was to reject the former ordinance and return it to the Board of Estimate and Apportionment, in order that the amount of the bond issue might be reduced.

I have conferred with the Chief Engineer of the Department of Water Supply, Gas and Electricity, who advises me that, while the entire sum asked for in the original communication addressed to the Board of Estimate and Apportionment will soon be needed, it will be entirely possible to reduce the amount of work to be done in the immediate future so that it will fall within the limits named in the subsequent report and mentioned in the report of the Finance Committee. Of the need of large mains leading from the Jerome Park Reservoir there can be no question. They should in fact, have been laid some years ago, in order that when the reservoir was completed and ready for use the mains upon which such use depended might be ready. The work which it is proposed to do is greatly needed for the supply of districts rapidly developing, for the renewal and enlargement of water pipes in the older sections of Manhattan and for the effective utilization of the water distributed from the Jerome Park Reservoir, and it is recommended that the Board authorize an issue of Corporate Stock in the sum of \$1,768,243 to provide means for the improvement of the water supply system in the Boroughs of Manhattan and The Bronx, in accordance with the provisions of section 178 of the Greater New York Charter.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

DEPARTMENT OF WATER SUPPLY, GAS AND ELECTRICITY,
Nos. 13 TO 21 PARK ROW,
CITY OF NEW YORK, January 3, 1908.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—In the matter of the extension of the distribution system in the Boroughs of Manhattan and The Bronx:

On April 10, 1907, application was made by me to the Board of Estimate and Apportionment for the issue of Corporate Stock in the sum of \$2,415,000, to provide means for laying water mains in the Boroughs of Manhattan and The Bronx and for the employment of the necessary force to make up four repair companies required to attend to the maintenance of hydrants and water mains within those Boroughs, and an itemized statement submitted of the work to be done.

On May 29, 1907, a detailed report on that communication was made by the Comptroller, in which it was stated that "all of the mains described in the foregoing must be eventually laid," but that in view of existing financial conditions it would be advisable to reduce the appropriation to \$2,200,000.

In accordance with the recommendation of the Finance Department, the Board of Estimate and Apportionment, on June 7, authorized the issue of \$2,200,000 Corporate Stock, for the purposes hereinbefore mentioned, and on June 10 the Board transmitted copy of this resolution to the Board of Aldermen for concurrence.

The Finance Committee of the Board of Aldermen, to whom the above resolution was referred, urgently requested the elimination from my original communication of all items which, even if needed, could be deferred for the present, and, in compliance with that request, I prepared and submitted, on October 17, to the Chairman of the Finance Committee of the Board of Aldermen, a full report from the Chief Engineer of the Department, leaving out from the original list of items three of the larger ones for trunk mains which had to cross the tracks of the New York Central and

Hudson River Railroad, and could not be laid, therefore, until negotiations for right of way had been completed and which might involve a delay of a few months, the application being thus reduced from \$2,415,000 to \$1,768,243, as shown in the itemized details submitted.

The Board of Aldermen thereupon, on October 24, 1907, rejected the resolution passed by the Board of Estimate and Apportionment on June 10, 1907, and in lieu thereof passed a resolution authorizing the issue of \$1,768,243, Corporate Stock, for the purposes already stated. This resolution was transmitted to the Board of Board of Estimate and Apportionment for concurrence, and at their meeting of November 1, 1907, it was referred to the Chief Engineer of the Board for report.

I respectfully recommend favorable action on this resolution, so that the work of laying the mains therein specified and the installing of the needed four additional repair gangs may not be delayed.

Yours respectfully,

JOHN H. O'BRIEN, Commissioner.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—I transmit herewith report of the Bureau of Municipal Investigation and Statistics, dated January 21, 1908, relative to the request of the Building Code Commission for an appropriation of \$10,000 Special Revenue Bonds for the payment of salaries of the clerical force and for incidental expenses of the Commission, referred to me for consideration and report.

In view of the facts contained in said report, I respectfully recommend the adoption of the attached resolution.

Yours respectfully,

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
January 21, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—In regard to the resolution of the Board of Aldermen of December 31 last, which was approved by the Mayor on January 8, requesting an issue of \$10,000 Special Revenue Bonds in addition to the amount heretofore authorized for salaries of clerical force and for incidental expenses of the Building Code Commission appointed pursuant to section 407 of the Charter, which resolution was referred to you for consideration and report by the Board of Estimate and Apportionment on January 10 last, I beg to report as follows:

Under date of July 8, 1907, the Board of Estimate and Apportionment approved of and concurred in a resolution of the Board of Aldermen adopted May 28, 1907, in relation to an appropriation of \$5,000 to pay the salaries of the clerical force and defray incidental expenses of this Commission in accordance with the said Charter provision.

In connection with this first resolution for an appropriation for this Commission, an opinion was received from the Corporation Counsel under date of July 29 last in response to a request from this Department, which opinion approved of the action of the Board of Aldermen and the Board of Estimate and Apportionment, in fixing the salaries of the employees of this Commission. In this opinion it was suggested that a further resolution be presented for adoption by the Board of Estimate and Apportionment ratifying the action of the Board of Aldermen and its committee fixing the salaries of said employees.

This ratification was unanimously made by the Board of Estimate and Apportionment at its meeting of November 15 last.

In accordance with the statement of Mr. W. A. Gramer, Secretary of the Commission, the \$5,000 heretofore appropriated has been expended for the uses and purposes heretofore referred to, while over \$4,000 additional was due and payable on January 1 last for similar purposes. To meet this deficit and to continue the work of the Commission, the issue of \$10,000 of Special Revenue Bonds is requested.

I therefore respectfully recommend that the request of the Board of Aldermen be approved.

Yours respectfully,

CHARLES S. HERVEY,
Supervising Statistician and Examiner.

Approved:

H. A. METZ, Comptroller.

DISTRICT ATTORNEY'S OFFICE,
QUEENS COUNTY, N. Y.,
LONG ISLAND CITY, July 18, 1907.

Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The expenditures of the office of the District Attorney of the County of Queens for the year 1907 up to the present date amount to \$5,999.79; all of which have been paid out of the Contingent Fund of \$6,000 appropriated in 1906 for such purpose for the current year.

I have in my hands bills amounting to \$316 which remain unpaid. The necessary disbursements for the remainder of the year will, in all probability, exceed the sum of \$4,000, and I respectfully request a transfer of funds to meet this expense.

I enclose herewith a list of cases and expenditures incurred in the prosecution of the same since January 1, 1907, together with the items of expenditure for books, postage, furniture, etc.

Also enclosed herewith semi-annual report of the office for the six months ending July 1, 1907, showing the business transacted during that period.

The work of the office is being transacted at a very great disadvantage and with loss of efficiency because of the lack of a sufficient number of legal assistants for the proper transaction of the business.

The criminal business of the county has greatly increased in volume over the record of recent years, and is continually increasing, and it is most respectfully urged that immediate provision be made for the prompt and more efficient handling of the work by providing for the employment of two additional Deputy Assistant District Attorneys.

As shown in the Departmental Estimate for the year 1907, there are in this office at the present time one Assistant District Attorney, salary \$3,000; one Deputy Assistant District Attorney, salary \$2,400; one Chief Clerk, salary \$2,400; the Chief Clerk being a lawyer and engaged most of the time in the preparation and trial of cases.

It is most earnestly and respectfully urged that the salary of the Assistant District Attorney should be at least \$4,800; the Deputy Assistant should receive a salary of \$3,600, and there should be two additional Deputy Assistants at a salary of \$3,000 each; and the salary of the Chief Clerk should be increased from \$2,400 to \$3,000.

It is very difficult to obtain assistants qualified to perform the duties of these respective positions who are willing to sacrifice their private practice for the small salary paid.

Trusting that this matter may be brought to the attention of the respective Boards charged with providing funds for public use, and that action be taken thereon at the earliest possible date, I am

Very respectfully yours,

IRA G. DARRIN, District Attorney.

DISTRICT ATTORNEY'S OFFICE,
QUEENS COUNTY, N. Y.,
LONG ISLAND CITY, August 26, 1907.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York City:

DEAR SIR—On July 18, 1907, I rendered a statement showing the amount of expenditures for the office of the District Attorney of the County of Queens for the year 1907 to that date to be the sum of \$5,599.79, leaving a balance of twenty-one cents in the fund appropriated to this office for the current year, and requesting an appropriation or transfer of funds to meet accruing obligations.

I have now in my hands unpaid bills amounting to \$1,267.62, as per itemized statement enclosed.

The June Grand Jury is still in session and will continue until the last week in September. The business of the office has been such as to necessitate the incurring of large obligations in addition to bills already in hand.

I trust that an appropriation or transfer may be made at an early date, in order that the business of the office may be transacted without delay or embarrassment.

Very respectfully yours,

IRA G. DARRIN, District Attorney.

DISTRICT ATTORNEY'S OFFICE,
QUEENS COUNTY, N. Y.,
LONG ISLAND CITY, August 29, 1907.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment, No. 280 Broadway, New York City:

DEAR SIR—Supplementary to my letter of July 18 and August 26, advising you of the urgent need of additional funds for Supplies and Contingencies for the balance of the year, and upon the suggestion of Hon. John H. McCooey, Acting Comptroller, and for the purpose of avoiding the necessity for repeated appropriations or transfers of funds, I desire to state that I believe that the amount that will be required for the payment of the expenses of this office for the balance of the year will be very nearly or quite \$5,000, and I would most respectfully request that that amount be appropriated or transferred to the credit of this office for Supplies and Contingencies for the remainder of the year.

Very respectfully yours,

IRA G. DARRIN, District Attorney.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
October 1, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of the application of Hon. Ira G. Darrin, District Attorney of Queens County, under date of August 29, requesting appropriation or transfer of funds to the appropriation account of Supplies and Contingencies of said office, I beg to report as follows:

Appropriation made in the Budget of 1907 for District Attorney's office of Queens County, Supplies and Contingencies, was in amount \$6,000. Disbursements to September 1 had been in amount \$5,978.21, leaving a balance of but \$21.79 available.

It appears from previous statements made by the District Attorney that he has in hand unpaid bills to the amount of \$1,267.62, and that the expenses of the office for the balance of the year necessitate an additional appropriation of at least \$5,000.

The business of the office has been continually increasing, and is such at this time as to necessitate the increasing of large obligations in addition to bills already in hand, and it is the judgment of your Examiner that the amount requested by him should be placed at his command.

From the examination made of the books of this office it does not appear that there are any available funds from the several Queens County appropriations which can be made as transfers to the District Attorney's office, and I would therefore recommend that application be made by the District Attorney of Queens County to the Board of Aldermen and to the Board of Estimate and Apportionment for an issue of Special Revenue Bonds; and that should the Board of Aldermen authorize the issue of Special Revenue Bonds, I would further recommend that the Board of Estimate and Apportionment concur in such action.

Yours respectfully,

CHARLES S. HERVEY,
Supervising Statistician and Examiner.

Approved:

H. A. METZ, Comptroller.

In the Board of Aldermen.

Resolved, That, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed five thousand dollars (\$5,000), the proceeds whereof to be applied to meet deficiencies in appropriation for supplies and contingencies in the office of District Attorney, Queens County.

Adopted by the Board of Aldermen, December 31, 1907, three-fourths of all the members elected voting in favor thereof.

Approved by the Mayor, January 8, 1908.

P. J. SCULLY, Clerk.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
January 16, 1908.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—In connection with the following resolution of the Board of Aldermen:

"Resolved, That, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed five thousand dollars (\$5,000), the proceeds whereof to be applied to meet deficiencies in appropriation for supplies and contingencies in the office of the District Attorney, Queens County,"

—referred by the Board of Estimate and Apportionment to me for report, under date of January 10, 1908, I beg to report as follows:

This matter was originally referred to the Comptroller by the Board of Estimate and Apportionment under date of August 30, 1907. At that time an examination was made by the Bureau of Municipal Investigation and Statistics of this Department, from which it appeared that the allowance was necessary, but that application should be made to the Board of Aldermen for authorization of Special Revenue Bonds. This application has now been made, and I recommend that the Board of Estimate and Apportionment concur with the Board of Aldermen, in accordance with the resolution attached hereto.

Respectfully,

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted December 31, 1907, and approved by the Mayor, January 8, 1908, in relation to an appropriation of five thousand dollars (\$5,000), to meet deficiencies in the Supplies and Contingencies account in the office of the District Attorney, Queens County, for the year 1907, and for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York to the amount of five thousand dollars (\$5,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Richmond and the Acting President of the Borough of Queens—16.

The Comptroller presented the following communication from the County Judge, Queens County, requesting an additional appropriation of \$4,083.28 for the Salary account of the Supreme and County Courts, etc., together with communication recommending that the County Judge apply to the Board of Aldermen for an issue of Special Revenue Bonds therefor; also resolution of the Board of Aldermen requesting the issue of \$3,166.84 Special Revenue Bonds for this purpose, and a report recommending the issue as requested. The resolution of the Board of Aldermen was referred to the Comptroller on January 10, 1908.

On January 24, 1908, this matter was laid over.

QUEENS COUNTY COURT,
LONG ISLAND CITY, N. Y.,
August 16, 1907.

Honorable Board of Estimate and Apportionment:

GENTLEMEN—Request is hereby made for the transfer from such funds as may be available for that purpose, or an additional appropriation to the fund Salaries, County and Supreme Courts, County of Queens, or to Court Fund of the Supreme and County Courts of Queens County, of the sum of \$4,083.28, to meet a deficit for the current year.

The reason for this request is that Hon. Garret J. Garretson, about the first of the current year, owing to the establishment of two parts of Supreme Court in Queens County, and the division of the Second Judicial District, appointed three additional Court Attendants, a Stenographer, and the County Clerk of Queens County, with the consent of the Supreme Court Justice of the Second Judicial District, appointed two additional Special Deputy Clerks.

Since the appointment of the officers above named they have received compensation for the services rendered from the Court Fund, so called. I am informed that there is only sufficient remaining in this fund to compensate them for the month of August, this year.

The following is a statement of the amounts required:

Two Special Deputy Clerks, four months at \$208.33 per month.....	\$1,666 64
One Stenographer, four months at \$229.16 per month.....	916 64
Three Court Attendants, four months at \$125 per month.....	1,500 00

Making a total of..... \$4,083 28

Respectfully,

BURT JAY HUMPHREY.

DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS,
September 24, 1907.

Hon. HERMAN A. METZ, Comptroller:

SIR—In the matter of the application of Hon. Burt Jay Humphrey, County Judge of the County of Queens, addressed to the Board of Estimate and Apportionment.

under date of August 16, 1907, and referred to you for consideration and report, I beg to submit the following:

The communication of the said County Judge requests that a transfer of \$4,083.28 be made from some unexpended balance for the year 1907 to the appropriations of the same year for the expenses of the Supreme Court and County Court of Queens County.

Examination has been made by the Bureau of Municipal Investigation and Statistics of the disbursements made from the appropriations made to the Supreme and County Courts of the County of Queens for the year 1907, and from such examination it appears that the appropriation known as Court Fund, from which payroll payments of salaries for the Special Deputy Clerks, Stenographers and three Court Attendants have been made, is practically exhausted. The following is a summary of Court Fund account:

Appropriation	\$37,500 00
Disbursements.	
Chamberlain of The City of New York, for fees of jurors and witnesses	\$25,500 00
Dinners, jurors and witnesses	3,192 25
Payroll, Clerks, etc.	6,380 96
Services of extra Court officers and Stenographers	1,836 48
Sundry expenses	360 45
	37,270 14
	\$229 86

It is, therefore, apparent that a deficiency exists in the Court Fund account and that the payroll requirements for September, October, November and December, 1907, each \$1,020.82, making a total of \$4,083.28, will necessitate provision to be made from some source.

As no intimation is made in the said request from what account said transfer may be made and examination of the several appropriations made to the Supreme and County Courts of Queens County do not indicate that there will be sufficient balances in appropriations so made susceptible of transfer, I would recommend that application be made by the County Judge of Queens County to the Board of Aldermen and to the Board of Estimate and Apportionment for an issue of Special Revenue Bonds to cover the deficiency as stated by him, and that should the Board of Aldermen authorize the issue of Revenue Bonds to the amount requested, namely, \$4,083.28, I would further recommend that the Board of Estimate and Apportionment concur in such action.

Yours respectfully,

CHARLES S. HERVEY,
Supervising Statistician and Examiner.

Approved:

H. A. METZ, Comptroller.

In the Board of Aldermen.

Resolved, That, in pursuance of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of three thousand one hundred and sixty-six dollars and eighty-four cents (\$3,166.84), the proceeds whereof to be applied to meet deficit in salary appropriation, Supreme and County Courts, Queens County.

Adopted by the Board of Aldermen, December 31, 1907, three-fourths of all the members voting in favor thereof, having been first advertised as required by law.

—referred to the Board of Estimate and Apportionment to me for report, under date of January 10, 1908, I beg to report as follows:

This matter was originally referred to the Comptroller by the Board of Estimate and Apportionment under date of August 16, 1907. At that time an examination was made by the Bureau of Municipal Investigation and Statistics, of this Department, from which it appeared that the allowance was necessary, but that application should be made to the Board of Aldermen for authorization of Special Revenue Bonds. The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen adopted December 31, 1907, and approved by the Mayor January 8, 1908, in relation to an appropriation of three thousand one hundred and sixty-six dollars and eighty-four cents (\$3,166.84) to meet a deficiency in the salary appropriation of the Supreme and County Court, Queens County, for the year 1907; and for the purpose of providing means therefor, the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds of The City of New York, to the amount of three thousand one hundred and sixty-six dollars and eighty-four cents (\$3,166.84), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented the following resolution of the Board of Aldermen, requesting an issue of \$5,000 Special Revenue Bonds for the purpose of furnishing the Magistrates' Courts, Ninth and Tenth Districts, Second Division, together with report thereon, recommending the issue as requested. Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Aldermen by resolution adopted December 31, 1907, approved by his Honor the Mayor, January 8, 1908:

"Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in an amount not to exceed five thousand dollars (\$5,000), the proceeds whereof to be applied for the purpose of furnishing Magistrates' Courts of the Ninth and Tenth Districts, Second Division, Borough of Brooklyn."

I would report that at the meeting of March 22, 1907, the Board of Estimate and Apportionment appropriated \$6,600 for Magistrates' bench, furniture, linoleum, partitions, prison cells, etc., for furnishing and equipping rooms leased for the Ninth District Magistrates' Court, Fifth avenue and Twenty-third street, and the Tenth District Magistrates' Court, No. 133 New Jersey avenue, Borough of Brooklyn, and that the amount thus appropriated has been expended, but was not sufficient to properly equip the courts.

There is necessary at the present time an amount of \$5,000 to provide libraries for the two courts, gas and electric fixtures, safes and additional furniture and some extra partitions in the Tenth District Court.

The amount, \$5,000, appropriated by the Board of Aldermen, being the proper amount for the necessary improvements, I would recommend that the Board of Estimate and Apportionment authorize the Comptroller, pursuant to subdivision 8 of section 188 of the amended Greater New York Charter, to issue Special Revenue Bonds to the amount of \$5,000, the proceeds whereof to be expended for the purpose of furnishing libraries, fitting up, furnishing and equipping the new court rooms of the Ninth and Tenth Districts Magistrates' Courts, Second Division, Borough of Brooklyn.

Respectfully,

This amount is necessary for current purchases of real estate and will not be sufficient to pay for property acquired under proceedings now pending.

The Public Service Commission for the First District therefore makes requisition, in accordance with the statutes above mentioned and under and in pursuance of the said resolution for the authorization of an amount of Corporate Stock of The City of New York, to be sold by the Comptroller, sufficient to meet the expense of five hundred thousand dollars (\$500,000), to pay for real estate or of interests therein as aforesaid.

—for the purchase of real estate and interest therein for the purpose of that contract, of which amount there has been expended to date the sum of \$1,789,221.76; that there is a balance remaining to the credit of the Commissioners of \$210,778.24; that this amount is necessary for current purchases of real estate, and will not be sufficient to pay for property acquired under proceedings now pending; that this requisition is made in accordance with the statutes, and under and in pursuance of said resolution for the authorization of the amount of Corporate Stock, said stock to be sold by the Comptroller sufficient to meet the expenses of \$500,000 paid for real estate or interest therein, as aforesaid.

It seems to me that inasmuch as this real estate draws interest at the rate of 6 per cent. per annum, it would be economy on the part of the City to issue Corporate Stock in order that the proceeds thereof may be utilized to pay the awards and thus stop the interest.

I would therefore respectfully recommend that this Board approve of the issue of \$500,000 of Corporate Stock for the payment to

—together with the accrued interest thereon at the rate of 6 per cent. per annum, and for no other purpose.

Respectfully,

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That pursuant to the provisions of section 37 of chapter 4, Laws of 1891, as amended, and section 14 of chapter 429, Laws of 1907, and a requisition of the Public Service Commission for the First District, duly made by the Chairman and Secretary thereof, on January 2, 1908, for an appropriation of five hundred thousand dollars (\$500,000) for the acquisition of real estate or interest therein, necessary in connection with the construction and operation of the Manhattan-Bronx subway, the Comptroller be and is hereby authorized to issue Corporate Stock of The City of New York, to an amount not exceeding five hundred thousand dollars (\$500,000) for the purpose only of paying the awards on property as follows:

The Comptroller presented the following certificate and report of the Bureau of Law and Adjustment, Department of Finance, recommending, pursuant to chapter 601, Laws of 1907, the settlement of the claim of Stevenson & Marsters, in the sum of \$297.54, for furnishing supplies to various City departments:

January 22, 1908.

To the Board of Estimate and Apportionment:

GENTLEMEN—Under and pursuant to the provisions of chapter 601 of the Laws of 1907, of the State of New York, entitled "An act to amend the Greater New York Charter in relation to the powers of the Board of Estimate and Apportionment," I hereby certify that a claim has been presented by Stevenson & Marsters for \$297.54, for supplies furnished to various City departments; that the said claim is illegal or invalid as against the City of New York by reason of technical objections thereto, and that, in my judgment, it is equitable and proper, inasmuch as the City of New York has received value therefor, for the City to pay the amount of said claim, viz., \$297.54.

Respectfully,

H. A. METZ, Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
November 14, 1907.

In the Matter
of

The application made to the Board of Estimate and Apportionment by Stevenson & Marsters for \$297.54 for supplies furnished various City Departments.

JEREMIAH T. MAHONEY, Esq., Auditor of Accounts:

SIR—There has been filed in this Department by Stevenson & Marsters, stationers, at No. 373 Fulton street, Borough of Brooklyn, a claim for \$297.54 alleged to be due them for supplies furnished to the Brooklyn Fire Department, Bureau of Combustibles, Bureau of Buildings, Superintendent of Buildings and the Borough President's office.

On being examined before the Comptroller Silas W. Marsters testified in effect as follows:

I reside in the Hotel Montague, Borough of Brooklyn. I am a member of the firm of Stevenson & Marsters, which firm is a partnership. These supplies were furnished between April 30, 1902, and December 31, 1905, and consisted of stationery, printing and rubber stamps. I guess these goods were furnished by orders from the different departments. Sometimes we have written orders and other times not. If there are any written orders covering any of the items in this claim I can't find them. Apparently they were simply verbal orders, received from the heads of the different departments. We have not been paid any part of this amount which we claim. Bills for the goods were rendered in April, 1906. Bird S. Coler suggested that I come over and see the Comptroller, as he did not see how he could pay all of these bills, and said it would be best for me to see Mr. Metz. I show you a book of receipts from the Fire Department, Borough of Brooklyn, covering the supplies furnished to that Department. I also submit slips covering supplies furnished to the Bureau of Buildings. They do not cover all the supplies furnished to that Bureau, because during that time we moved, and I could not find all the slips. These schedules contain an accurate statement of the supplies furnished the various City departments, and the charges therefor are reasonable.

John J. O'Connor, an Examiner in this Department, in a report made by him upon this claim, states in effect as follows:

I have made a thorough examination of this claim, and the following are the facts as found by me: I called at the office of the claimant, and in company with the bookkeeper went over the books, receipts and charge slips. In no case was there a written order received for any of these supplies, and the only record the claimants have are, in some instances, receipts signed by someone connected with the Department, and in other instances entries in their day book of the delivery of the goods. In connection with the goods furnished the Fire Department I found as follows: For the year 1902 claimants have a bill for \$10.85, but they could not show me either a written order or a receipt for any of the goods, and the only evidence they could show is an entry in their book as a charge against the Fire Department. In the year 1903 they have a bill for \$57.50. The claimant showed me receipts signed by different employees of the Fire Department for every item in this bill, but they have no orders of any kind to show. For the year 1905 they have a bill for \$6.70 for the first two items of which, amounting to \$3.60 and 70 cents, respectively, they have receipts signed by J. R. Keefe, but for the third item the only evidence they could show was a charge in their books. For the year 1906 they have a charge of \$2.90, and claimants showed me a receipt for the third item on the bill, which was for \$1, said receipt being signed by John Murphy, and the only evidence as to the delivery of the other items was an entry in their charge book.

In connection with the goods furnished the Bureau of Combustibles of the Fire Department, Examiner O'Connor states in effect as follows: For the year 1902 claimants have a charge of \$3.70 against the Bureau of Combustibles, for which they have a receipt signed by William A. Hervey. I interviewed John Murphy, who has charge of the supplies for the Fire Department, and he informed me that whenever supplies had run short someone would go over and get small amounts of stationery supplies from Stevenson & Marsters, and on a number of occasions he had asked the claimants to submit monthly bills for anything that might have been obtained from them without an order, so that he could verify the same and pay it. Mr. Murphy stated to me that from his knowledge of the custom of employees of the Fire Department getting stationery from the claimants, and from the reputation of the claimants, and also from the fact that the City has been dealing with them for over thirty years, he feels morally sure that their bill is correct and just, but still he does not feel that he can verify and "O. K." the same. The amount of bills for which the claimants hold receipts signed by members and employees of the Fire Department aggregates \$66.50.

In connection with the goods furnished the Bureau of Buildings the Examiner states as follows:

For the year 1902 there is a charge of 80 cents against the Bureau of Buildings for which the claimants have no receipt or order, the only evidence they have being the charge on their books. For the year 1903 they have a charge of \$19.73, and hold receipts for \$12.40 thereof, the only evidence they have for the remaining \$7.33 being a charge on their books, and in neither instance have they a written order. For the year 1904 claimants have a charge of \$8.07, and hold receipts for \$1.35 worth of supplies, but have no receipts for the rest of the bill, amounting to \$5.72. For the year 1905 they have a charge of \$73.50 and hold receipts for the delivery of \$28.45 worth of goods, and for the remaining \$45.05 they have charge slips as an evidence of the delivery of the goods. In none of these instances have they a written order. I interviewed Chief Clerk Byrne in the Bureau of Public Buildings and Offices, who was Chief Clerk in the Bureau of Buildings during the time covered by these bills, and he informed me that he is willing to make an affidavit that everything charged for in these bills was received and used in the Bureau of Buildings, and he states that a lot of this trouble was caused by the City Record not furnishing supplies called for in time; that he asked for a bill on different occasions, and it seems that the claimant's bookkeeper paid no attention to his requests, and consequently bills were never received; that he knows it was customary for the Superintendent of Buildings to send over to the claimant's place of business whenever he wanted stationery in a hurry. Examiner O'Connor further states in his said report, in connection with the goods furnished to the Borough President's office, in effect as follows: During the year 1902 claimants have a bill against the Borough President's office for \$14.57. They could show neither a bill nor a receipt for the delivery of any of the items on this bill, and the only evidence they had was an entry in their charge book. For the year 1903 they have a charge for \$38.69, and can show receipts for but \$16.27 of this amount. To account for the remainder they could show only a charge on their books. In the year 1904 they have a charge of \$35.10. They could show receipts for \$9.50 thereof but could not show any evidence for the remaining \$25.60. I interviewed Bookkeeper Moran in the office of the President of the Borough, and he informed me that these bills came up about a year ago, and he could find no record of the receipt or ordering of the goods. He did know that it was usual when stationery supplies ran out to get whatever was required from Stevenson & Marsters, and he states that there is no doubt that if the bills had been rendered monthly as requested the same would have been verified and paid. Charles Frederick Adams, Borough Secretary, certified the bills as correct, and he informed me that he came into office in the early part of 1906, and personally does not know anything regarding the bills, and he would say from the reputation of the claimants that Mr. Coler was convinced that the bills were just, and directed me to "O. K." them, and put the matter up to the Comptroller.

Examiner O'Connor concludes his report by stating that in no instance has a written order been received by the claimants. They have receipts for the delivery of \$134.47 worth of supplies, and for the remaining \$165.07 the only evidence they could show is either an entry in their charge book or a charge slip. There is no record in any of the departments as to the receipt of these goods. From the statements made by Mr. Murphy of the Fire Department, Mr. Byrne, of the Bureau of Buildings, and Mr. Moran, of the Borough President's, it can be seen that it was customary to get supplies from Stevenson & Marsters whenever they ran short, and though each of these men morally believe the bill is correct, still they have no record with which to verify said bills, and on that account cannot "O. K." them.

It is therefore respectfully recommended that the Comptroller issue, in favor of the said Stevenson & Marsters, the certificate required by chapter 601 of the Laws of 1907, as a requisite for the consideration by the Board of Estimate and Apportionment of the said claim.

Respectfully,

R. W. IRVING, Law Clerk.

Deputy Comptroller Phillips denies application for certificate under section 601, Laws of 1907. Evidence should affirmatively show that goods were all actually delivered.

After carefully considering all the facts connected with this claim I am of the opinion that the same should be paid. Stevenson & Marsters are a concern of the best business reputation, and that fact should be taken into consideration in passing upon a claim of this character. I therefore certify, pursuant to chapter 601, Laws of 1907, this claim to be illegal or invalid, but which notwithstanding it is in my judgment equitable and proper for the City to pay in the sum of \$297.54.

H. A. METZ, Comptroller.

The following resolution was offered:

Resolved, That, pursuant to the provisions of chapter 601, Laws of 1907, the Board of Estimate and Apportionment hereby determines that the City has received a benefit and is justly and equitably obligated to pay, without interest, to Stevenson & Marsters the sum of two hundred and ninety-seven dollars and fifty-four cents (\$297.54), for supplies furnished to various City Departments; that the said sum shall be paid in full satisfaction of the claim which has been presented by them for such supplies and shall only be paid upon the execution by them of a full release in favor of the City in such form as shall be approved by the Corporation Counsel; and for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to said chapter 601, Laws of 1907, to issue Special Revenue Bonds of The City of New York to the amount of two hundred and ninety-seven dollars and fifty-four cents (\$297.54), at such rate of interest as may be fixed by the Comptroller, and redeemable from the tax levy of the year succeeding the year of their issue.

The Comptroller presented the following communication from the Auditor, Board of Education, requesting the amendment of resolution adopted by the Board of Estimate and Apportionment, July 6, 1906, transferring \$2,400 within various appropriations made to the Department of Education for the year 1905, by striking therefrom the item "Board of Education, Rents, \$1,300," and inserting in place thereof the item "Borough of Manhattan, Rents, \$1,300." This matter was referred to the Comptroller on January 17, 1908:

BOARD OF EDUCATION,
PARK AVENUE AND FIFTY-NINTH STREET,
NEW YORK, January 16, 1908.

Mr. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

DEAR SIR—It has just come to my notice that the resolution passed by your Board on July 6, 1906, transferring certain funds from the Special School Fund, account 1905, and which reads as follows:

"Resolved, That the sum of twenty-four hundred dollars (\$2,400) be and the same is hereby transferred from the appropriation made to the Department of Education for the year 1905, entitled as follows:

Board of Education, Rents.....	\$1,300 00
Borough of Brooklyn, Compulsory Education.....	200 00
Borough of Queens, Compulsory Education.....	200 00
Borough of Richmond, Compulsory Education.....	300 00
Borough of Richmond, Transportation.....	400 00

—"the same being in excess of the amounts required for the purposes thereof, to the appropriation made to said Department for the same year, entitled Board of Education, Incidental Expenses, the amount of said appropriation being insufficient.

"A true copy of resolution adopted by the Board of Estimate and Apportionment, July 6, 1906.

"JOSEPH HAAG, Secretary."

—does not conform with the request made by the Board of Education June 22, 1906, of which the following is a copy:

"Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to approve the following transfers:

"From the Special School Fund, 1905, and from the following items:

Rents, Borough of Manhattan.....	\$1,300 00
Compulsory Education, Borough of Brooklyn.....	200 00
Compulsory Education, Borough of Queens.....	200 00
Compulsory Education, Borough of Richmond.....	300 00
Transportation, Borough of Richmond.....	400 00

—which items are in excess of their requirements, to the items also contained within the Special School Fund for the same year entitled Incidental Expenses, Board of Education, \$2,400, which item is insufficient for its purposes."

In view of this discrepancy, I would respectfully request that you cause an amendment to be made by striking out the item "Board of Education, Rents, \$1,300," and substituting therefor the item "Borough of Manhattan, Rents, \$1,300."

Yours respectfully,

HENRY R. M. COOK,
Auditor of the Board of Education.

The following resolution was offered:

The Comptroller presented the following communication recommending the purchase at \$42,850, of a portion of No. 85 East Broadway, for bridge purposes in connection with the approach to the Manhattan Bridge, in the Borough of Manhattan; the purchase of a portion of the same property at \$750, for street purposes adjoining said approach, and the issue of \$750 Corporate Stock to replenish the Fund for Street and Park Openings in this matter:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
January 27, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Estimate and Apportionment at a meeting held November 23, 1906, adopted a resolution changing the map or plan of The City of New York by laying out the property shown upon a plan submitted by the Commissioner of the Department of Bridges, as required for the approach to the bridge between the Bowery and Monroe street, including the entire two blocks bounded by the Bowery, Canal street, Forsyth street and Bayard street, and portions of the blocks between Forsyth and Monroe streets, all these portions of blocks being occupied by the bridge structure, and also the closing and laying out of other streets, which resolution was approved by his Honor, the Mayor, and on the same date, condemnation proceedings were authorized for the acquisition of the property, said resolution containing the following clause:

"Resolved, That nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts for the acquisition of any portion of the above described property at private sale, subject to the approval of this Board."

The owner of the premises known by the No. 85 East Broadway, offered to sell the same to the City for the sum of \$55,000, but after negotiation, he has reduced his price to \$43,600.

An examination of the premises on the maps of the Commissioner of the Department of Bridges shows that the northeasterly corner fronting on East Broadway is outside of the Bridge Department line and included within the area of the street alongside the bridge, so that the acquisition of this property will be in two proceedings, one for the Bridge Department and one as a street opening proceeding, and inasmuch as the entire cost and expense of both proceedings is to be borne and paid for by The City of New York, they can be acquired at private sale.

The price being reasonable and just, and having met with the approval of the Corporation Counsel in charge of the proceedings, and inasmuch as the title to the part taken by the Bridge Department is now vested in The City of New York by resolution of the Board of Estimate and Apportionment, adopted October 4, 1907, said title having vested October 8, I would respectfully recommend that the Board of Estimate and Apportionment approve of the acquisition of all the right, title and interest of the owner in and to the premises described by metes and bounds in the resolution hereto annexed, known by the No. 85 East Broadway, and also all the right, title and interest in and to any award which may be made in the condemnation proceedings now pending, at private sale at a price not exceeding \$43,600, to be divided as follows:

For use of the Commissioner of the Department of Bridges.....	\$42,850 00
For use as a public street.....	750 00

Respectfully submitted for approval.

MORTIMER J. BROWN,

The Comptroller presented the following communication, recommending the purchase at \$110,000 of premises known as No. 55 Bowery and No. 132 Canal street, Borough of Manhattan, for an approach to the Manhattan Bridge.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
January 27, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Estimate and Apportionment at a meeting, held November 23, 1906, adopted a resolution changing the map or plan of The City of New York by laying out the property shown upon a plan submitted by the Commissioner of the Department of Bridges, as required for the approach to the bridge between the Bowery and Monroe street, including the entire two blocks bounded by the Bowery, Canal street, Forsyth street and Bayard street, and portions of the blocks between Forsyth and Monroe streets, all these portions of blocks being occupied by the bridge structure, and also the closing and laying out of other streets, which resolution was approved by his Honor, the Mayor, and on the same date, condemnation proceedings were authorized for the acquisition of the property, said resolution containing the following clause:

"Resolved, That nothing in this resolution contained shall be construed as preventing the Comptroller of The City of New York from entering into contracts

for the acquisition of any portion of the above-described property at private sale, subject to the approval of this Board."

Among the parcels of land offered to the City were premises known by the Nos. 55 Bowery and 132 Canal street, owned by the Perkins estate, occupied by the Bowery Mission.

The owner of the premises has after negotiation agreed to sell to the City for the sum of \$110,000 flat. By that I mean that the Board of Estimate and Apportionment by resolution vested title in the City on the 8th day of October, 1907, and what the City now acquires is all the right, title and interest in and to any award which may be made in the proceedings now pending.

The price being reasonable and just, and having met with the approval of the Corporation Counsel in charge of the proceedings, I would respectfully recommend that the Board of Estimate and Apportionment approve of the acquisition of all the right, title and interest of the owner in and to the premises known by the Nos. 55 Bowery and 132 Canal street, Borough of Manhattan, and also all the right, title and interest in and to any award which may be made in the condemnation proceedings now pending for the acquisition of said property.

The Comptroller presented the following resolution of the Board of Education requesting the acquisition of property on Park avenue, Grinnell avenue and Randall streets, Borough of Queens, for school purposes, together with report thereon, recommending the purchase of said property at \$24,500. The resolution of the Board of Education was referred to the Comptroller on October 4, 1907.

On November 15, 1907, this matter was laid over.

To the Board of Education:

The Committee on Sites respectfully reports that it has given careful consideration to sundry recommendations of the Local School Board of District No. 42, and the Board of Superintendents, that a site be acquired for a new school building at North Corona, Borough of Queens. Additional school accommodations are urgently required in this locality, a large percentage of the pupils being on part time, and your Committee is of the opinion that a plot of land, 225 feet by 200 feet, on Park and Grinnell avenues and Randall street, should be acquired. It is the intention to erect a new school building on the property mentioned as soon as title thereto is acquired, provided sufficient funds are available therefor.

The following resolutions are submitted for adoption:

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on Park and Grinnell avenues and Randall street, at North Corona, in Local School Board District No. 42, Borough of Queens, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$8,900:

Beginning at a point formed by the intersection of the northerly line of Park avenue with the westerly line of Grinnell avenue, and running thence northerly along the westerly line of Grinnell avenue two hundred (200) feet, thence westerly and parallel with Park avenue two hundred and twenty-five (225) feet to the easterly line of Randall street, thence southerly along the easterly line of Randall street two hundred (200) feet to the northerly line of Park avenue, thence easterly along the northerly line of Park avenue two hundred and twenty-five (225) feet to the westerly line of Grinnell avenue, the point or place of beginning, be the said several dimensions more or less.

Resolved, That the Board of Estimate and Apportionment be, and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

SIR—At a meeting of the Board of Estimate and Apportionment, held October 4, 1907, reports and resolutions of the Board of Education were presented as follows:

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on Park and Grinnell avenues and Randall street, at North Corona, in Local School Board District No. 42, Borough of Queens, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$8,900:

Resolved, That the Board of Estimate and Apportionment be, and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

The preamble of said resolution states that the Committee on Sites has given careful consideration to sundry recommendations of the Local School Board of District 42, and the Board of Superintendents, that a site be acquired for a new school building at North Corona, Borough of Queens, additional school accommodations being urgently needed in this locality, a large percentage of pupils being on part time, and recommends the acquisition of a site 225 feet by 200 feet, on Park and Grinnell avenues and Randall street, and that it is the intention to erect a new school building thereon.

This property is a vacant plot, 225 feet on the north side of Park avenue, 200 feet on Randall street and 200 feet on Grinnell avenue, in North Corona, Borough of Queens.

After negotiation with the owner, he had agreed to accept the sum of \$27,000 for the property.

On October 10, 1907, Borough President Bermel came to the Bureau of Real Estate and made inquiries in regard to the purchase price and the location of the above parcel.

On October 15, 1907, he again came in with an offer of a parcel on the north side of the same avenue, and on the easterly side of Grinnell avenue, for the sum of \$25,000, from the owner, Mr. Jacob Van Til, who formerly held his property at \$34,000.

After further negotiation with Mr. David L. Godley, he agrees to accept the sum of \$24,500. At your request I have had two appraisals made, one by Mr. Charles H. Pulis, who is the expert appraiser for the Title Insurance Company in matters of placing mortgages in Queens Borough. His appraisal is as follows:

"October 22, 1907.

"Hon. HERMAN A. METZ, Comptroller, No. 280 Broadway, New York City:

"DEAR SIR—In accordance with your authorization of October 15, I have appraised the following property at Corona, Long Island:

	\$24,025 00

"I would add that I consider this one of the finest plots of ground in that section, being very nicely located. Grinnell avenue is a 70-foot street; Randall street a 50-foot street; Park avenue is a 100-foot street, and parked in front of these premises.

"Respectfully submitted,

The other appraisal is by George J. Ryan, the following being his report:

"November 4, 1907.

"H. A. METZ, Esq., Comptroller, City of New York:

"SIR—As per your request, I examined the property situate on the north side of Park avenue, between Grinnell avenue and Randall street, Corona, Borough of Queens, City of New York, for the purpose of appraising same. The property is more particularly described as follows:

"Beginning at a point formed by the intersection of the northerly line of Park avenue with the westerly line of Grinnell avenue, and running thence northerly along the westerly line of Grinnell avenue 200 feet; thence westerly and parallel with Park avenue 225 feet to the easterly line of Randall street; thence southerly along the easterly line of Randall street 200 feet to the northerly line of Park avenue; thence easterly along the northerly line of Park avenue 225 feet to the westerly line of Grinnell avenue, the point or place of beginning, be the said several dimensions more or less.

"The property as above described is located in what I consider one of the best sections of Corona. The New York and Queens County trolley line runs within one block of the property to the north and the Brooklyn trolley on Junction avenue is within four (4) blocks to the west, affording convenient transit facilities. I consider the property worth \$22,760, based on the following lot values:"

Five (5) lots east side of Randall street, 20 feet by 112.6 feet each.....	4,160 00
	<hr/>
	\$22,760 00

"Respectfully submitted,

(Signed) "GEO. J. RYAN, Appraiser."

Taking into consideration the fact of the special appraisers' prices, and the prices at which surrounding land is being held, I feel that while the price is full value, that the City's interest will be best subserved by accepting the offer of Mr. David L. Godley, and I would therefore respectfully recommend that the Board of Estimate and Apportionment approve of the selection of this site by the Board of Education, and authorize the acquisition thereof at a price not exceeding \$24,500.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Education through its Committee on Sites, and on recommendation of the Local School Board of District No. 29 and the Board of Superintendents that a school site be acquired to relieve Public Schools 54 and 55, of the Borough of Brooklyn, adopted at its meeting held October 23, 1907, the following resolutions, to wit:

Resolved, That the Board of Education hereby selects and determines as a site for school purposes the following described lands and premises on Nostrand avenue and Sandford street, south of Willoughby avenue, in Local School Board District No. 29, Borough of Brooklyn, the assessed valuation of which, as shown by the books of record on file in the Department of Taxes and Assessments, is \$34,400:

Beginning at a point on the westerly line of Nostrand avenue distant 140 feet southerly from the southerly line of Willoughby avenue, and running thence westerly and parallel with Willoughby avenue 200 feet to the easterly line of Sandford street; thence southerly along the easterly line of Sandford street 197 feet 6 inches; thence easterly and parallel with Willoughby avenue 100 feet; thence southerly and parallel with Sandford street 2 feet 6 inches; thence again easterly and parallel with Willoughby avenue 100 feet to the westerly line of Nostrand avenue; thence northerly along the westerly line of Nostrand avenue 200 feet to the point or place of beginning, be the said several dimensions more or less.

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to take such action as may be necessary and proper for the acquisition of the lands and premises above described.

The preamble of said resolution states that the Committee on Sites has given careful consideration to the recommendation of the Board of Superintendents in relation to the proposed site, and that additional school accommodations are urgently needed in this vicinity, and that the premises in question should be acquired and a school building erected thereon.

Upon the property to be acquired and fronting on Sandford street are two three-story frame buildings, with brick foundations, which are in a good tenable condition, and also one two-story frame building, brick foundation, fronting on Nostrand avenue, which is not in good and tenable condition.

After negotiation with the owner, Mr. George F. Martens, he has agreed to dispose of the property to the City for the sum of \$80,000, which price, in my opinion, is full value, but not excessive, in view of the prices now obtained in that locality and the considerable rise in values within the past few years. I would therefore respectfully recommend that the Board of Estimate and Apportionment approve of the selection of the site heretofore described and adopt a resolution authorizing the acquisition of the same at private sale at a price not exceeding \$80,000.

Respectfully submitted for approval,

The Comptroller presented the following communication from the President, Borough of Brooklyn, requesting authority (pursuant to a resolution adopted by the Board of Estimate and Apportionment December 6, 1907) for a special authorization of the contract for repaving Fulton street, between Joralemon street and Hanover place; also repaving Wolcott street, from Richards to Conover street, Brooklyn, together with report thereon, recommending that authority be granted for repaving Fulton street, etc., and suggesting that action on the request for repaving Wolcott street, from Richards to Conover street, be deferred, etc. This matter having been referred to the Comptroller on January 10, 1908.

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF BROOKLYN,
BROOKLYN, January 9, 1908.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—Request is hereby made for a special authorization of contract for repaving of Fulton street, between Joralemon street and Hanover place; also for a

special authorization of contract for the repaving of Wolcott street, from Richards to Conover streets. Both these improvements are very badly needed as will appear from the report of the Chief Engineer of the Bureau of Highways, copy of which I am transmitting to Secretary of the Board.

Yours truly,

BIRD S. COLER, President of the Borough.

January 6, 1908.

Hon. THOMAS R. FARRELL, Superintendent of Highways:

DEAR SIR—Plans and specifications have been prepared for repaving Fulton street, between Joralemon street and Hanover place. Owing to the restrictions of the Board of Estimate and Apportionment in regard to contracting for work which is chargeable against issues of Corporate Stock, this contract has not been advertised. I desire to call your attention to the urgency of this matter and ask that if possible special authorization be obtained from the Board of Estimate and Apportionment permitting this work to be contracted for.

It is intended that Fulton street be repaved with an improved Medina block pavement. The specifications call for a comparatively smoothly dressed block, and will entail some extra work at the quarries in getting this character of work out. Originally it was determined that this repaving on Fulton street be completed by July 1, 1908. Owing to the delays in advertising the matter, it seems probable now that such will not be done, owing to the uncertainty in regard to the output of the paving blocks complying with the specifications. The winter season is the time in which most paving blocks are turned out, and if Fulton street is to be repaved in the manner planned, it is vitally necessary that the contract be entered into at the earliest possible moment, so that the successful bidder may be in a position to arrange for the paving blocks called for.

Owing to the importance of Fulton street as a business street, and bearing in mind the torn up condition of this thoroughfare for the past few years, I believe that the property owners and interests along Fulton street are entitled to some special consideration in the matter of repaving.

In this connection I might also call your attention to Wolcott street, from Richards to Conover street. This pavement has been in bad condition for a long time. The Green River Asphalt Company, who were the contractors, have failed, and the surety companies were called upon to make the repairs, but up to this date no arrangements have been made looking toward putting the street in good condition in conformity with the contract requirements.

Some time ago I rendered a report to you on the status of affairs on this street and later received a communication from the Commissioner of Public Works addressed to you, in which we were directed "to advertise for repairs or repavement on Wolcott street, from Richards to Conover street, and render statement of cost of said repairs, so that the bill may be put in the hands of the Corporation Counsel for collection."

I would regard this street as being specially worthy of attention, and would suggest that authorization be obtained from the Board of Estimate for advertising a contract for repaving this street. The cost of this repaving will ultimately be borne by the surety companies, and in my mind unless some effective steps are taken to repair the street the City can well be held negligent.

Respectfully,

JNO. C. SHERIDAN, Chief Engineer.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
January 24, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Bird S. Coler, President of the Borough of Brooklyn, in communication under date of January 9, 1908, requests the Board of Estimate and Apportionment to grant a special authorization of contract for repaving Fulton street, between Joralemon street and Hanover place; also a special authorization of contract for the repaving of Wolcott street, from Richards to Conover street. I would report:

1. Repaving of Fulton Street, from Joralemon Street to Hanover Place.

After the completion of the subway under Fulton street, between the above points, the roadway was restored by the contractor for the subway with the original blocks. It is reported to me, that the surface of the street was put in practically as good condition as it was at the time of beginning of the work, which was all that the subway contractors were compelled to do.

The present condition of the street is very rough and is greatly in need of repaving, and I suggest that the Board of Estimate and Apportionment grant a special authorization to contract for the repaving of Fulton street, from Joralemon street to Hanover place. The estimated cost of repaving with Medina stone will be about \$45,000.

2. Repaving Wolcott Street, from Richards to Conover Street.

The paving of this street was commenced in the fall of 1902 and completed in the spring of 1903. The material used for the top surface was mineral asphalt. I have been informed that the roadway commenced to disintegrate almost immediately after acceptance and opening to traffic. The weak places wore down to the concrete foundation, which is at the present time exposed in patches of from two square yards to 200 square yards.

The Chief Engineer of the Bureau of Highways, Borough of Brooklyn, in his report, dated January 6, 1908, to the President of the Borough, states:

"I called your attention to Wolcott street from Richards to Conover street. This pavement has been in bad condition for a long time. The Green River Asphalt Company, who were the contractors, have failed, and the surety companies were called upon to make the repairs, but up to this date no arrangements have been made looking toward putting the street in good condition in conformity with the contract requirements."

While there is no question about the present condition of the pavement in Wolcott street, I think it inadvisable to repair same until the matter has been settled legally with the contractors (The Green River Asphalt Company) and the surety companies, and I suggest that the matter be deferred until the proper steps have been taken to insure that the cost of repaving or repairing the present pavement shall be borne by the contractors or the surety companies.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

The Comptroller presented the following communication from the Commissioner of Public Works, Borough of Manhattan, requesting authority (pursuant to a resolution adopted by the Board of Estimate and Apportionment, December 6, 1907), to proceed with the work in connection with the rebuilding of sewers in Fourth and Fifth streets, between Avenues A and C; outlet sewer under Pier 15, East River and change of outlet sewer in East Twenty-eighth street, Manhattan, together with report thereon,

recommending that said request be granted. This matter was referred to the Comptroller on January 10, 1908.

OFFICES OF COMMISSIONER OF PUBLIC WORKS, BOROUGH OF MANHATTAN,
NOS. 13 TO 21 PARK ROW,
NEW YORK, December 14, 1907.

Hon. GEORGE B. MCCLELLAN, Mayor, and Chairman, Board of Estimate and Apportionment:

DEAR SIR—Referring to the resolution of the Board of Estimate and Apportionment adopted on the 6th inst., directing the heads of the various Departments of the City Government not to incur, until further notice, any new or additional indebtedness payable from funds provided by the issue of Corporate Stock heretofore authorized without the further approval of said Board, I wish to call your attention to the fact that we have prepared plans and specifications for the letting of the work of rebuilding sewers in Fourth and Fifth streets, between Avenues A and C. These works are highly necessary and ought to be undertaken at once.

We have also, in course of preparation, plans for new outlet under Pier 15, East River, which was made necessary by the dock improvements and destruction of the old outlet.

We have also prepared plans for the change of outlet sewer at East Twenty-eighth street by diverting the same at First avenue to Twenty-ninth street, thence to the East River, for the purpose of accommodating the new Bellevue Hospital.

These works have been authorized by the Board of Estimate and Apportionment and were to be paid for from funds raised by the sale of Corporate Stock.

Pursuant to the resolution referred to, I request the further approval of the Board to proceed with said works.

Yours sincerely,

HENRY S. THOMPSON, Commissioner.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
January 23, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—Hon. Henry S. Thompson, Commissioner of Public Works, in communication under date of December 14, 1907, requests the Board of Estimate and Apportionment for the necessary authority to proceed with the construction of the following sewers, in the Borough of Manhattan:

- First—Rebuilding sewers in Fourth and Fifth streets, between Avenues A and C;
- Second—New outlet sewer under Pier (new) 15, East River;
- Third—New outlet sewer at Twenty-ninth street and East River.

I would report:

The Commissioner in his communication refers to the resolution of the Board of Estimate and Apportionment adopted on December 6, 1907, in which the heads of the various Departments of the City Government are directed not to incur any new or additional indebtedness without the further approval of the Board, and states that the works for which authority is asked have already been authorized by the Board of Estimate and Apportionment, and will be paid for from the funds raised from the sale of Corporate Stock.

As regards the first of these, Fourth and Fifth street sewers, between Avenues A and C, I have been informed by Mr. Horace Loomis, Chief Engineer of the Bureau of Sewers, that these sewers are old and in bad condition and require to be constructed throughout their entire length. He says that they were built many years ago, and that constant repairs are necessary to keep them open, and that frequent complaints are received from property owners along the line of the sewer. He has furnished me with a statement of the estimated cost, which is as follows:

Reconstruction of Sewer in Fourth street.....	\$20,000 00
Reconstruction of sewer in Fifth street.....	20,000 00
Total.....	\$40,000 00

As regards the second new outlet sewer emptying into the East River at Pier (new) 15, East River, I would say that owing to the construction of this new pier the old sewer, which was carried out to the pierhead line, has been cut off and the outlet is now at the bulkhead, easterly line of South street, near Burling slip.

It is proposed to construct a new wooden barrel sewer under the new pier, carrying the same out to the bulkhead, and also to construct a considerable section of new brick sewer four feet in diameter in South street.

The estimated cost of this entire work, as furnished me by Mr. Loomis, would be about \$19,000. Sanitary measures require that this sewer be built at as early a date as possible.

In regard to the outlet sewer at Twenty-ninth street, East River, I would say that, in report dated March 28, 1907, on application for an issue of Corporate Stock in the sum of \$40,000 for the purpose, I stated as follows:

"The necessity for the reconstruction of the sewers referred to arises from the fact that Twenty-eighth street, from First avenue to the East River, is to be closed and used in the rebuilding of Bellevue Hospital. * * *

"Bellevue Hospital grounds occupy the space extending from Twenty-sixth street to the south side of Twenty-ninth street, and the Engineers of the Bureau of Sewers, in examining the drainage area, have decided that a sewer can be built more cheaply in Twenty-ninth street than in Twenty-sixth street."

The sewer to be built will extend in First avenue, from Twenty-eighth to Twenty-ninth street, and thence in Twenty-ninth street to the East River. The amount asked for this work was \$40,000.

As regards the necessity for its present construction, I would say that I have been informed by Mr. T. I. Vanderbent, of McKim, Mead & White, architects for the new Bellevue Hospital buildings, that it will be required in from six to nine months.

I have also been informed by Mr. Horace Loomis, Chief Engineer of the Bureau of Sewers, that it will require at least that period of time to complete the work.

It is, therefore, my opinion that the President of the Borough of Manhattan should be authorized to proceed with this work at once.

In view of the foregoing, it is recommended that the Board of Estimate and Apportionment be advised that all these sewers, namely: (1) rebuilding sewers in Fourth and Fifth street, between Avenues A and C, \$40,000; (2) new outlet sewer under Pier (new) 15, East River, \$19,000; (3) new outlet sewer at East Twenty-ninth street, East River, \$40,000, are necessary, and that the President of the Borough of Manhattan be authorized to proceed with the construction of same.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

H. A. METZ, Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
January 22, 1908.

To the Board of Estimate and Apportionment:

GENTLEMEN—At a meeting of the Board of Estimate and Apportionment, held October 18, 1907, the matter of an offer of sale from Joseph H. Cohen, owner of the property known as No. 81 East Broadway, Borough of Manhattan, for \$60,000, for the use of the Commissioner of the Department of Bridges, was referred to me for consideration and report. The offer was supposed to come under the provisions of section 1436c of the Greater New York Charter.

I have had the matter examined, have communicated with the Corporation Counsel in charge of the proceedings, who has also had an examination made, and who states in his opinion that the value of the property does not exceed the sum of \$50,650, and that he is of the opinion that the offer of Joseph H. Cohen to sell the same to the City for the sum of \$60,000 should be rejected. He further states in regard to the offer made by Mr. Cohen pursuant to section 1436c of the Charter, that said offer was submitted on October 14, 1907, and that pursuant to a resolution of the Board of Estimate and Apportionment adopted October 4, 1907, title to the property vested in the City. Therefore, Mr. Cohen was not in a position to carry out the offer, and the said offer is without force or effect under said section of the Charter.

I would therefore respectfully recommend that the offer of Joseph H. Cohen to sell and convey the property No. 81 East Broadway, Borough of Manhattan, as being part of the lands selected for the approach to the Manhattan Bridge, be rejected.

Respectfully submitted,

H. A. METZ, Comptroller.

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, January 20, 1908.

Hon. HERMAN A. METZ, Comptroller:

SIR—I have received your communication under date of October 25, 1907, transmitting an offer made by Mr. Joseph H. Cohen, the owner of No. 81 East Broadway, which offer is made in accordance with the provisions of section 1436-c of the Charter, to sell said property to the City for the sum of \$60,000, and asking to be advised as to whether the offer should be accepted or rejected, and also as to the price which in fairness and equity the City should offer Mr. Cohen for the same.

In reply thereto I beg to state that I have had the above mentioned property appraised by two of the appraisers employed by me in the above proceeding, and the appraisals, as made by them, are the sums of \$48,710, and \$50,650, respectively.

In my opinion the value of the property does not exceed the sum of \$50,650, the amount of the largest appraisal above mentioned, and I am therefore of the opinion that the offer of Mr. Joseph H. Cohen, the owner, to sell the same to the City for the sum of \$60,000, should be rejected.

In regard to the offer made by Mr. Cohen, pursuant to section 1436-c of the Greater New York Charter, permit me to call your attention to the fact that said offer was submitted on the 14th day of October, 1907, at which time title to the property, pursuant to the resolution of the Board of Estimate and Apportionment adopted October 4, 1907, had vested in the City. Therefore, Mr. Cohen was not in a position to carry out the offer, and the said offer is without force or effect under section 1436-c of the Charter.

I return herewith the letter enclosed with your communication of October 25, 1907, from the Assistant Secretary of the Board of Estimate and Apportionment, forwarding to you the offer made by Mr. Cohen, which was presented to the Board of Estimate and Apportionment on the 18th day of October, 1907.

Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

FRANCHISE MATTERS.

SEABOARD REFRIGERATION COMPANY.

In the matter of the application of the Seaboard Refrigeration Company for an extension of time until December 1, 1908, in which to comply with the provisions of section 2, third, and section 2, twenty-second, of the contract dated June 22, 1906, granting a franchise to this company.

This petition was presented to the Board at its meeting of January 24, and was referred to a Select Committee consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Brooklyn.

The Secretary presented the following:

NEW YORK, January 30, 1908.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment held on January 24 there was presented an application of the Seaboard Refrigeration Company for an extension of time to December 1, 1908, in which to comply with the provisions of its contract requiring cash payments to be made to the City within thirty days after the signing of the same. The application was referred to a committee consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Brooklyn.

Your Committee would report that the franchise referred to is a new franchise, which was granted for the purpose of modifying the terms and conditions of one which had been previously granted by the Board and accepted by the company. Under the former franchise several extensions of time had been granted, the last of which was to May 1, 1908. The new franchise requires cash payments aggregating \$2,500 to be made to the Comptroller before February 6, 1908, and unless these payments are made the franchise will be forfeited. The President of the company, Mr. Charles E. Booth, has shown that it would be very difficult for him to make the payments within the time last named, and inasmuch as under the former contract he had already been granted an extension to May 1, 1908, we respectfully recommend that an extension to the same time be granted under the new franchise.

Respectfully,

H. A. METZ,

Comptroller;

P. F. McGOWAN,

President of the Board of Aldermen;

BIRD S. COLER,

President of the Borough of Brooklyn.

The following was offered:

Whereas, The Board of Estimate and Apportionment did, on June 15, 1906, adopt a resolution authorizing the Mayor to execute, in the name and on behalf of the City, a contract between the Seaboard Refrigeration Company and The City of New York, granting to the company the right or franchise to construct, maintain and operate a conduit, with necessary branches and connections therefrom, for the sole purpose of supplying refrigeration to consumers, under and along certain streets in the Borough of Brooklyn, City of New York, upon certain conditions therein fully set forth; and

Whereas, On the 6th day of July, 1906, the Acting Mayor did execute, in the name and on behalf of The City of New York, a contract granting to the company such right, which contract was dated the 22d day of June, 1906; and

Whereas, On the 13th day of December, 1907, this Board adopted a resolution consenting to certain changes and modifications in the aforesaid contract authorizing the Mayor to execute and deliver a modified contract in accordance therewith, in the name and on behalf of the City, which resolution was approved by the Mayor on the 18th day of December, 1907; and

Whereas, On the 6th day of January, 1908, the Mayor did execute, in the name and on behalf of the City, a modified contract, which contract was dated the 20th day of December, 1907; and

Whereas, The Seaboard Refrigeration Company, in a petition dated January 20, 1908, requested an extension of time until December 1, 1908, in which to make the payments provided by section 2, third, and section 2, twenty-second, of the contract dated June 22, 1907, which petition was referred to a Select Committee consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Brooklyn; and

Whereas, The aforesaid Select Committee, in a report dated January 30, 1908, has recommended that an extension of time be granted to the company up to and including May 1, 1908, in which to make the aforesaid payments; now therefore be it

Resolved, That the Board of Estimate and Apportionment hereby grants, upon the conditions hereinafter set forth, an extension of time up to and including May 1, 1908, for the Seaboard Refrigeration Company to comply with the provisions of section 2, third, and section 2, twenty-second, of the contract dated June 22, 1906; and be it further

Resolved, That this extension of time shall not become operative until the said Seaboard Refrigeration Company shall duly execute an instrument in writing, to the satisfaction of the Board of Estimate and Apportionment, and file the same in the office of the said Board within thirty (30) days from the date of approval of this resolution by the Mayor, wherein said company shall promise, covenant and agree that the consent of the Board of Estimate and Apportionment so given to the extension of time requested shall not in any wise change, alter or amend any of the terms, conditions and requirements in the contract fixed and contained, which said contract shall remain in full force and effect except as herein expressly stated and as heretofore modified by contract dated December 20, 1907.

Which was adopted by the following vote:

The following matters not on the calendar for this day were considered by unanimous consent:

NEW YORK CITY INTERBOROUGH RAILWAY COMPANY AND UNION RAILWAY COMPANY OF NEW YORK CITY.

In the matter of the applications of the New York City Interborough Railway Company and the Union Railway Company of New York City for certain extensions to their lines in the Borough of The Bronx, upon which a report was presented to the Board from the Bureau of Franchises, at the meeting of February 1, 1907, and which was referred to the Select Committee.

The Comptroller, as Chairman of the Select Committee, presented the following:

DEPARTMENT OF FINANCE—CITY OF NEW YORK, }
February 14, 1908. }

Hon. GEORGE B. McCLELLAN, Mayor and Chairman, Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment, held February 1, 1907, the matter of the applications of the Union Railroad Company of New York City, the Southern Boulevard Railroad Company for extensions, and the New York City Interborough Railway Company for alterations and extensions, with a report of the Bureau of Franchises, was referred to a Select Committee consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of The Bronx.

These applications, besides certain lines in the Borough of The Bronx, include a line across the University Heights Bridge.

Upon recommendation of your Committee, the Board, at meeting of June 21, 1907 (see minutes of the Board of Estimate and Apportionment, page 2021), adopted a resolution granting certain modifications and alterations in the route of the New York City Interborough Railway Company, as granted by ordinance adopted by the Board of Aldermen March 16, 1903, and approved by the Mayor March 31, 1903.

Your Committee would further report that this leaves the question of the proposed or requested extensions still in the hands of the Committee.

A number of property owners have requested that the route across University Heights Bridge be granted, and in order not to delay this line, which we consider an important extension, we recommend that the Board of Estimate and Apportionment direct the Chief Engineer to prepare and submit a report to the Board which may be referred to your Committee, upon the terms, conditions, etc., for a franchise for crossing the University Heights Bridge.

Respectfully,

H. A. METZ,

Comptroller;

P. F. McGOWAN,

President, Board of Aldermen;

LOUIS F. HAFFEN,

President, Borough of The Bronx.

Which was referred to the Chief Engineer.

QUEENS LIGHTING COMPANY.

In the matter of the application of the Queens Lighting Company to construct, maintain and operate pipes, mains and necessary conductors for the transmission of gas to public and private consumers, in a certain portion of the Borough of Queens, upon which a report was submitted by the Chief Engineer at the meeting of July 8, 1907, proposing terms and conditions to govern the grant, and upon which, at the meeting of December 6, 1907, the Comptroller presented a report recommending the franchise be sold at public auction.

The Mayor presented the following:

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
December 18, 1907.

Hon. GEORGE B. McCLELLAN, Mayor of The City of New York:

SIR—In accordance with your verbal instructions to advise you as to the experience which The City of New York has had in selling franchises at public auction to the highest bidder, as was suggested by the Comptroller in his communication of December 4, 1907, to the Board of Estimate and Apportionment concerning the proposed franchise of the Queens Lighting Company, I beg to submit the following:

A law enacted in 1853 provided that all ferries, docks, and piers should be leased, and that all leases and sales of public properties and franchises should be at public auction to the highest bidder. These sales were usually little more than formalities, as there was seldom any competitive bidding. On October 8, 1904, the lease of the Bay Ridge Ferry franchise was sold at public auction to Alrick H. Man, who bid 21.1 per cent. of the annual gross receipts, this being the highest of several bids. Mr. Man failed to sign the agreement as provided in the terms of sale, and more than three years later the franchise was sold to the New York and South Brooklyn Ferry and Steam Transportation Company for 5 per cent. of the gross receipts. Since the adoption of the Greater New York Charter the Commissioner of Docks and the Commissioners of the Sinking Fund have been authorized to lease such franchises by private agreement, if in their judgment the interests of the City will not best be promoted by selling at public auction, and since that time ferry franchises have been disposed of in this way. In 1886 the Legislature provided that street surface railway franchises should be sold at public auction to the highest bidder, this law continuing in force until 1897. Under the provisions of this act the franchise for the Twenty-eighth and Twenty-ninth Streets Railroad Company, in the Borough of Manhattan, was sold in 1887, the company bidding 29.2 per cent. of the gross receipts per annum, in addition to 3 per cent. for the first five years and 5 per cent. thereafter, but the Commissioners of the Sinking Fund in 1896, when the road was ready to begin operation, reduced these payments to .005 per cent., in addition to the 3 per cent. and 5 per cent. of the gross receipts. The North and East River Railroad Company in 1887 bid 35 per cent. of the gross receipts in addition to the 3 per cent. and 5 per cent. required by law, but the Commissioners of the Sinking Fund reduced this amount to .004 per cent. The People's Traction Company in 1895 bid 6.975-1-16 per cent. of the gross receipts for a franchise, and it was resold a year later for 97 per cent. in addition to 3 per cent. during the first five years, and 95 per cent. in addition to the 5 per cent. required by law thereafter. No road was ever built or payments made. The Third Avenue Railroad Company in 1896 bid 38½ per cent., in addition to the payments required by law, but this sale was declared void by the courts.

With this experience in the sale of franchises at public auction there is little inducement for the City to return to this policy. If the City were to advertise the terms and conditions, as suggested by the Comptroller, for ten days in four daily newspapers, the cost of such advertising is estimated to be about \$22,500. If a successful bidder were obliged to pay for this advertising, he certainly would deduct it from any cash payment to be made to the City, and if none of the bidders entered into a contract to take the franchise, as is more than likely to be the case, the City would be obliged to pay the bill, the only gainers by the operation being the newspapers.

The Comptroller in his communication to the Board and the resolution which he submits for adoption, says that the initial payment of \$1,000, which is required by the form of agreement already approved and once granted to the company, is entirely inadequate. The suggestion of this amount was prompted by the consideration that the applicant was a new company, without any plant, mains or other property, and that a large investment would be required before the company would be in a position to do any business. Had a company with a plant already established been the applicant, the initial payment proposed would have been substantially greater. The franchise as drawn contains provisions safeguarding the City's interests which have not heretofore appeared in any gas franchise, and which would be a most valuable precedent for The City of New York. There are other companies which now claim the right, although not an exclusive right, to enter this territory, and it is not improbable that they would be glad to make a much larger payment and even forfeit the franchise, trusting that they might be permitted to operate under the rights they now claim, if by so doing the existing companies could prevent the establishment of the precedent which would be created by the granting of the franchise now before the Board. If the Board should decide to increase the amount of the initial payment, which appears to be the only change suggested in the report of the Comptroller, this could readily be done, but the terms and conditions as modified would have to be reprinted and readvertised. The expense of this advertising, which was paid by the applicant company, was \$2,424. There is some doubt in my mind as to whether the company could be justly required to pay another similar sum for readvertising. If the City were compelled to pay this amount it would take a very substantial part of any increase in the initial payment.

If I correctly understand the status of this matter, the resolution granting the franchise has been reconsidered, but the action taken on October 4 last, has not been vacated, and the agreement can be returned to the Mayor for approval, or it can be modified by increasing the amount of the initial payment and readvertised.

I beg to submit herewith a report prepared at my request by the Engineer in charge of the Division of Franchises, which covers in greater detail the points which I have already brought to your attention.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
DIVISION OF FRANCHISES, ROOM 801, No. 277 BROADWAY,
December 18, 1907.

Mr. NELSON P. LEWIS, Chief Engineer:

SIR—In response to your verbal request to prepare a statement of the City's experience in selling franchises at public auction and an answer to the report and proposed resolutions presented by the Comptroller on December 6, 1907, relative to the application of the Queens Lighting Company for a franchise to lay mains

and conductors and to supply gas to consumers in the easterly portion of the Borough of Queens, which matter had previously been referred to him at the meeting of October 11, I would submit the following:

This application was made to the Board on December 7, 1906, and referred to the Bureau of Franchises for investigation and report. Subsequently, the petition was amended on June 7, 1907. Investigation was made, and a report and proposed form of contract—which latter had been accepted by the company—was presented at the meeting of July 8, which day had previously been designated as the date of the preliminary public hearing required by law. At the close of the hearing, the Board adopted resolutions fixing the terms and conditions of the grant as the result of the inquiry, referring the proposed form of contract to the Corporation Counsel for approval, and fixing September 20 as the date for a final public hearing. The form of contract was subsequently approved by the Corporation Counsel and duly advertised prior to the date of hearing.

At the close of the final hearing, the matter was referred to the Comptroller, who reported favorably on the grant at the meeting of October 4, 1907, and resolutions granting the petition and authorizing the Mayor to execute the necessary contract for the grant were thereupon adopted.

At the meeting of October 11, upon motion of the Comptroller, it was agreed to reconsider the vote by which the resolution had previously been adopted. The matter was then referred to the Comptroller, without any action being taken to vacate the action taken on October 4. The Comptroller has now reported adversely upon the grant to the Queens Lighting Company. In this report the Comptroller calls attention to the population of the district covered by the proposed grant, which he states is about 80,000, and says that in no section of the greater city has there been more extended land operations than in this, nearly all the farms having been cut up into city lots, anticipating the coming of home builders; that when the several transit schemes have been developed, it is likely to have a very largely increased population, and before the end of the first term of twenty-five years. He estimates the population at the end of fifty years, the termination of the renewal term, at not unlikely to reach a half million of people.

The initial payment proposed is \$1,000, and this the Comptroller states "seems a ridiculously small sum for a franchise covering territory within the corporate bounds of The City of New York of twenty square miles," and again he says:

"Should this franchise be granted by the City to these applicants on the present basis, they would at once have a very valuable franchise right as a practical gratuity."—and concludes as follows:

"It seems to me that no franchise of this sort should be granted to a body of men or to a corporation except it be on the basis of a cash payment to the City at the outset fairly representing the market value of the franchise privilege granted. In a locality like the one in question, where there is no company as yet operating a plant, a fair value of such a franchise might be obtained by submitting the right to sale at public auction."

The preamble of the resolutions submitted by the Comptroller recites the inadequacy of the initial payment proposed, to wit: \$1,000, and that a franchise in this territory would, from the outset, become a very valuable asset to this or any other company receiving it. The resolution following makes it the opinion of the Board that a substantial sum representing the value of the privilege at the time of the award should be obtained, and, in order to determine such amount, that the franchise should be disposed of at auction to the highest bidder, after advertising for ten days consecutively in not less than four daily papers.

In answer to the above I beg to submit the following:

If the initial payment proposed is inadequate, it can be made adequate by action of the Board. Without in any manner wishing to depreciate the value of the franchises in The City of New York, I believe that this sum is not out of proportion to the sums previously fixed by the Board under the present law. In proposing such sums to the Board, I have attempted to make them consistent one with another, and also with the terms of the grant under discussion, which vary in each case, and such sums as have been recommended have been so fixed with the idea that they shall not be an undue burden upon the applicant company. Under the law creating the Public Service Commission, it is provided that a gas company may capitalize any franchise in an amount equal to that paid to the State, or any political subdivision thereof, as a consideration for the grant of such franchise. In this particular case, as pointed out by the Comptroller, it will be several years before any return will be realized upon the initial investment, and I saw no good reason for the additional capitalization on account of an initial payment upon which no interest would be earned other than that proposed.

Regarding the recital that such a franchise as is proposed in this particular case is a valuable asset from the outset, to the persons or corporation receiving the same, I would call your attention to the fact that in the report previously presented from this Division upon this application, four gas companies are mentioned as claiming franchises in this territory, franchises in two instances claimed to be without limit, and in the other two for a period of fifty years, but in no case is any provision made for payments to the City. If the present right has so much greater value than is proposed, why not have these companies commenced operations? Again, the Board may, if the company fails to live up to its contract, annul the same and then, or at any prior time, grant a new franchise to any other company. I am of the opinion, therefore, that in the proposed form of contract, the rights of the City have been protected from exploitation by any grantee.

Finally, the Comptroller proposes a sale at public auction after extensive advertisement. Let us see, therefore, how the City has fared when by law it was compelled to sell such rights in that way.

By the provisions of chapter 272 of the Laws of 1853, section 7, all ferries, docks, piers and slips were to be leased, and all leases and sales of public property and franchises other than grants of land under water were to be made at public auction to the highest bidder.

FERRIES.

In the subsequent amendments to the Charter of The City of New York down to the enactment of the revised Greater New York Charter in 1901, all sales of ferry franchises were at public auction. Pursuant to the existing law, on October 8, 1894, the lease of the Bay Ridge Ferry franchise was sold at public auction to Alrick H. Man at 21.1 per cent. of the annual gross receipts. At the time of the sale there were several bidders for this franchise. Mr. Man failed to sign the agreement for the operation of the ferry, as provided in the terms of sale, and on December 21, 1897, the franchise was again sold to the New York and South Brooklyn Ferry and Steam Transportation Company for 5 per cent. of the gross receipts. It will thus be seen that competition at a public sale in this instance availed the City nothing. Such sales between 1895 and 1901 had, in fact, been mere formalities, so that in the revised Charter an alternative plan was provided as follows:

"Whenever it may be determined by the unanimous vote of the Commissioners of the Sinking Fund, upon the recommendation of the Commissioner of Docks, that the interests of the City will not be best promoted by leasing the franchise of a ferry in the manner hereinbefore directed (public auction), it shall be lawful for said Commissioner of Docks and said Commissioners of the Sinking Fund, by resolutions adopted by said unanimous votes, to lease such franchises by private agreement for terms not exceeding twenty-five years, and under such conditions as in their judgment will best protect and further the interests of the City and the traveling public."

Since the above law has been in effect, all such franchises so far as I can recall have been let by private agreement.

STREET SURFACE RAILROADS.

Between 1860 and 1875, such grants were made by the Legislature of the State. From 1875 the consent of the local authorities has been required. Chapter 252 of the Laws of 1884 was the first law enacted referring specifically to the incorporation and grants of street surface railroads, and as amended it subsequently became Article 4 of the Railroad Law, enacted in 1890.

In 1886, by the provisions of chapter 65 and chapter 642 of the Laws of that year, it was provided that franchises for street surface railroads should be sold at public auction to the highest bidder, and this law remained in effect until the enactment of the Greater New York Charter, in 1897, when section 93 of the Railroad Law, providing for the sale at public auction, was declared to be not effective in The City of New York. During this time, while sales at public auction were required to be made by law, a number of ludicrous situations arose, which I will recite more particularly.

Twenty-eighth and Twenty-ninth Street Railroad Company.

Resolutions, Board of Aldermen, November 30, 1886; sold May 11, 1887. Accepted by company June 28, 1887, bid 29.2 per cent. per annum in addition to 3 per cent. required first five years and 5 per cent. thereafter. Application to Sinking Fund Commissioners granted September 29, 1896, authorizing reduction to one-half of 1 per cent. in addition to the 3 per cent. and 5 per cent. of the gross receipts, as required by law; started operation October 12, 1896; no payments made until after that date.

North and East River Railroad Company.

Resolution Board of Aldermen December 30, 1886. Sold May 31, 1887, bid 35 per cent. in addition to the 3 per cent. and 5 per cent. required by law. Application to the Sinking Fund Commissioners granted June 12, 1895, authorizing reduction to one-eighth of 1 per cent. in addition to the 3 per cent. and 5 per cent. of the gross receipts as required by law. Payment of \$6,000 made as compromise for percentages due from June 12, 1887, to June 12, 1895. Started operation.

People's Traction Company.

Resolution Board of Aldermen July 2, 1895, sold October 9, 1895. Bid 6975 1-16 per cent.; resold November 27, 1896, bid 97 per cent. in addition to 3 per cent. required by law the first five years and 95 per cent. in addition to the 5 per cent. required thereafter. No road ever built, no payments ever made.

Third Avenue Railroad Company (Kingsbridge Road and Extensions).

Resolution Board of Aldermen August 17, 1896. Sold November 14, 1896, bid 38½ per cent. in addition to the 3 per cent. and 5 per cent. required by law. Sale was declared void by the Court of Appeals June 8, 1897, and thereafter law was changed.

It will thus be seen that in these cases the very object of the law was defeated, and bids were made for the payment of excessive percentages of gross receipts. The successful bidder never fulfilled his obligations to the City, and either a compromise was made which bore no relation to the original bid or else the matter was dropped.

The City's experience, therefore, with the sale of franchise rights at public auction has not in more recent years been what would be termed successful. There is no statute providing for the sale of any rights at public auction at the present time other than ferries, and I do not see that to change the policy in this particular instance would be of any particular gain, in view of the four other companies which claim rights but have never exercised them in this territory.

Should, however, the Board feel that the only manner in which to determine the value of this franchise is by a public auction, it would seem necessary that the terms and conditions which have heretofore been approved, including the initial payment of \$1,000, be advertised as the minimum terms and conditions of the grant, and that bidders should be confined to sums in excess of \$1,000, as provided for the initial payment. Should any other company than the Queens Lighting Company obtain the franchise, it should be made a provision of the terms and conditions of sale that such company should pay to the Queens Lighting Company sums heretofore paid by said company for the advertising provided by the present law, and which in this case amount to a total sum of \$2,424. It might also be fair to include a certain sum for counsel fees and incidental expenses, as this matter has been before the Board and has taken up the time of the company's counsel for almost a year. It must be remembered, however, that the terms and conditions proposed were made up upon the basis of a new company entering the field, a company which had no plant, but which would have to erect a plant in this territory. Should, however, the application have been from an existing gas company, with a plant sufficient, with perhaps a little enlargement or simply an extension of its pipes, to supply this territory, the terms and conditions would have been singularly different, as illustrated by the report upon the New York and Richmond Gas Company.

In regard to the advertising as proposed by the Comptroller for ten consecutive days in four daily newspapers, presuming that the whole form of contract would have to be advertised, being a part of the terms of sale, the cost I estimate to be upward of \$22,500, and if this is added to what would have to be paid by the successful bidder to the Queens Lighting Company, the proposition becomes an absurdity. I would, therefore, recommend that as the only objection, as set forth by the Comptroller, to the terms and conditions of the grant, or to the Queens Lighting Company as the applicant, is that the initial payment is inadequate, the Board fix a sum which in its opinion shall be adequate, and if it changes the sum, the contract must be placed upon the minutes for thirty days, readvertised, and a final public hearing held, before action can be taken by the Board. Whether or not the applicant company can, under the law, be made to pay for this additional advertising, which will cost not less than \$2,000, in addition to the sums already paid, or whether the City will be obliged to pay for the same, would have to be determined by the Corporation Counsel. If the Board is satisfied, however, that the terms and conditions proposed are adequate and just, no further action is necessary by the Board, as it is distinctly understood from a parliamentary standpoint that a vote to reconsider a resolution does not involve its repeal, but leaves it open for consideration and such disposal as the body may prefer. It would therefore only be necessary to return the certified copy of the resolution of October 4 to the Mayor for his approval.

Respectfully,

HARRY P. NICHOLS, Engineer in Charge.

Which was ordered printed in the minutes and referred to the Comptroller.

The full minutes of the meeting of this day will appear in the CITY RECORD at a later date.

JOSEPH HAAG, Secretary.

The Secretary presented a communication from the Comptroller of the City, asking for a certified copy of the agreement modifying Contract No. 2 as to the payment of rental; and also a communication from the Counsel to the Commission, pointing out that the subject of rental for the portion of the subway to Borough Hall recently put in operation was covered by a modifying contract entered into on the 14th day of December, 1905, by the Rapid Transit Commission. The Secretary was directed to comply with the request of the Comptroller. The two communications were as follows:

February 1, 1908.

The Public Service Commission for the First District, New York, Hon. WILLIAM R. WILLCOX, Chairman, No. 154 Nassau Street, New York City:

DEAR SIR—In conformity with the custom established in this Department, I herewith transmit for your information copies of receipts given the Interborough Rapid Transit Company in payment of the interest rental of the Rapid Transit Railroad (the subway) for the fourth quarter of the year ending December 31, 1907.

The fourth section of the Brooklyn-Manhattan Division of the Rapid Transit Railroad having been declared by your Commission ready for operation, and as the same is now in actual operation under Contract No. 2, I will thank you to transmit to this Department a certified copy of the agreement modifying Contract No. 2, setting forth the date of opening and the estimated cost thereof, in order that the City may be provided with the information and authority to collect the interest rentals and Sinking Fund rentals as the same may become due and payable under the Laws of 1891, chapter 4, as amended.

Thanking you in advance, I am,

Yours very truly,
(Signed) H. A. METZ, Comptroller.

February 6, 1908.

Public Service Commission for the First District:

SIR—I have the letter of the Secretary of the 5th inst., transmitting a copy of a letter from the Comptroller of The City of New York, dated the 1st inst., asking for information to enable the City to fix the amount of the rental for the section of the Brooklyn-Manhattan subway, lately opened from South Ferry in Manhattan, to Borough Hall, in Brooklyn.

The Comptroller evidently assumes that a modifying contract has been made to cover the rental on this section, but such is not the case. The modifying agreement of December 14, 1905, to provide for the portion of rental to be paid for the three sections then in operation, contains a provision that

"From time to time, as further portions of the railroad are permitted by the Board to be operated, after the date of this agreement, if the same shall (with the portions heretofore permitted to be operated) constitute less than the entire railroad as described in the contract, the Interborough Company shall and will pay to the City rental for such portions of the railroad, which rental shall be fixed and ascertained on the principles and in the manner hereinabove provided with respect to the portions of the railroad operated, as above stated, on and after January 16, 1905."

The principle adopted for the three sections then in operation was the payment of rental upon the basis of the \$2,000,000 contract price, the amount upon which rental was paid being the proportion of such contract price as the number of feet of single track in operation bore to the number of feet of single track embraced in the entire road. To fix the rental for the under-river portion lately opened, it will, therefore, be necessary to determine the proportion that the number of feet of single track embraced therein bears to the number of feet of single track in the entire road, and that proportion of the contract price of \$2,000,000, together with the cost of all extra work duly authorized and embraced in such section and less the cost of all work directed to be omitted therefrom, will be the amount upon which the contractor is to pay rental for this section.

I think one of the originals of the modifying agreement referred to is in the Comptroller's files, but it would be well to send him a certified copy and call his attention to the method of ascertaining the proportion of rental referred to above, and at the same time advise him just what that proportion is. I understand that this figure is being worked out by the Engineering Department.

Respectfully yours,

(Signed) GEO. S. COLEMAN, Counsel to the Commission.

(3)

The Secretary presented a report from the Chief Engineer, recommending that as to Section 9-0-4 of the Brooklyn loop lines, proceedings for the condemnation of property under the old plans be discontinued, and that condemnation proceedings in accordance with the new plans be instituted, in view of the fact that it is now possible to proceed with the Bradley Company in accordance with the changes in the plans. The Secretary presented a communication from the South Midwood Residents' Association, transmitting the following petition, bearing eighty-four signatures, which was referred to Commissioner Bassett:

To the Public Service Commission for the First District:

The undersigned residents of the South Midwood section of Brooklyn, join in the complaint sent to the Public Service Commission on behalf of the South Midwood Residents' Association on July 22, 1907, and we respectfully demand that the running of ash cars through Avenue F and Ocean avenue be stopped because of the injury thereby caused to the health and property of the residents of the section; and we further join in the suggestion that the depressed Brighton Beach Railroad, which has a track connection with the surface railroads at Malbone street and Flatbush avenue, should be used instead of the surface railroads, for the conveyance of heavy weighted ash cars through the Flatbush section of the City.

(12)

The Secretary presented a communication from E. Van Etten and Walter H. Knight, as to an express subway from City Hall to One Hundred and Forty-fifth street and Seventh avenue, with stations at suitable points, and connection with the present subway, which was referred to the Committee of the Whole.

The Secretary presented the following communication from the Brooklyn Union Elevated Railroad Company, upon Order No. 228 of the Commission, with regard to train dispatchers and records of movement of trains, which was ordered filed:

BROOKLYN UNION ELEVATED RAILROAD COMPANY,
No. 85 CLINTON STREET,
BROOKLYN, N. Y., February 10, 1908.

Mr. TRAVIS H. WHITNEY, Secretary, Public Service Commission, No. 154 Nassau Street, New York City:

DEAR SIR—Referring to your favor of the 31st ult., transmitting Order No. 228, I beg to answer the questions therein as follows:

First—At what points on the elevated lines are train dispatchers stationed?

Answer—Train dispatchers are stationed at Park row, Brooklyn end of bridge, Sixty-fifth street (Bay Ridge), Thirty-sixth street, West End terminal, Culver terminal, East New York loop, City line, Cypress Hills, Canarsie depot, Broadway ferry, Fresh Pond road, Metropolitan avenue, High street and Kings County bridge.

Second—Do dispatchers make a record of the actual time of train movement past such points, covering any or all of the twenty-four hours?

Answer—Train dispatchers make a record of train movements, showing actual as well as schedule times of arrival and departure of trains, cause of delays, if any, and names of trainmen in charge of cars. They also promptly telegraph the Chief Dispatcher's office, No. 85 Clinton street, all delays and irregularities in service. Tours of duty cover the twenty-four hours.

Third—If the train dispatchers do not make such a record, what are their functions and are such records obtained by any other employees of the railroad company?

Answer—This is answered in No. 2.

Fourth—Are any of the general officers of the operating company supplied each day with "Trouble" reports, or any reports which would indicate whether the trains on the various lines were or were not being operated in accordance with the schedule, and the cause of such variations therefrom as might occur?

Answer—Delay reports covering the various phases of operation are furnished the general officers of the company throughout the day.

Yours truly,

(Signed) J. F. CALDERWOOD,
Vice-President and General Manager.

(18)

The Secretary stated that a communication had been received from the South Brooklyn Railway Company, upon Order No. 249 of the Commission, complaint of Frank Bennett, in relation to platforms on Gravesend avenue, notifying the Commission that the terms of the Order were accepted and would be obeyed. The Secretary presented the following report of the Chief Engineer:

February 12, 1908.

The Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District:

DEAR SIR—In accordance with your request of January 20, I have made an investigation of the desirability of placing the side doors on the elevated trains operated on the Brooklyn Bridge, and beg to report as follows:

On Monday evening, February 3, eight men were stationed at the various platforms of the Manhattan Terminal of the Brooklyn Bridge to note the operation of the trains. On the same evening, and at several times since, I have also made a personal investigation to become familiar with the existing conditions.

Between the hours of 5 p. m. and 6.30 p. m. on February 3, trains left the station at intervals of a little more than one minute, some fully loaded and others only to one-half of their capacity. These trains had a total estimated capacity of about 30,000 persons per hour. Seventy-four trains closed their gates against passengers who desired to enter the cars and who had been waiting on the platform for that purpose. This became necessary when the train was obliged to move out in order to permit trains of other lines to follow. The west island platform was dangerously crowded at all times, and gates upon the mezzanine floor kept a dense crowd below, who waited their turn to ascend to the loading platform. The crowding at the small car gates was as dangerous and as fierce as it has been at any time during former bridge operations. The bridge never was so thoroughly policed, but they could not stop the rush for place. The operation of the trains was remarkably regular, but the capacity was not sufficient to do the work required. It would be impossible, with the present arrangement to carry the people who were accustomed to use this route before the Battery Tunnel was open.

It is evident from this investigation that side doors should be used on all trains operated in this terminal, but it does not seem proper to make such a recommendation without a further digest of the Brooklyn Bridge problem in its relation to the operation of the elevated railways of Brooklyn.

The spacing of trains of six elevated railway cars has been limited to 1,000 feet headway. It has been found that trains of bridge cars produce much less deflection upon the bridge than do trains of an equal number of elevated railway cars. It would therefore be equally safe to run trains of six bridge cars, at less than 1,000 feet headway.

The cars of the Brooklyn Rapid Transit Company are estimated to carry 100 passengers per car when loaded at terminals. The bridge cable cars, which are

O-262

wider and are provided with side doors, are estimated to carry 150 passengers per car. Either may be crowded to 25 per cent. increased capacity.

It will thus be seen that cable car service has about 50 per cent. greater capacity than that of the elevated railway service, provided each car is fully loaded and the trains are run at the same intervals of time; but when approximately half the elevated trains are lightly loaded and when the spacing of these elevated trains is greater than might be required of bridge cars, the difference in carrying capacity may be fully 100 per cent. The estimated capacity of the six bridge car service, as tested on January 25, 1908, was 64,800 passengers per hour, as compared with about 30,000 passengers per hour on Monday evening, February 3. The present system of through trains decreases the number of cars in service on the elevated lines during the rush hours by the number of bridge cars (ninety) which remain idle in the yard. This is about 10 per cent. of the total number of cars in service, or 15 per cent. of their carrying capacity.

It is important that the Brooklyn Bridge and the elevated railways should do full service, as otherwise it will cause congestion in other lines of travel, as noticed in the Battery Tunnel or on surface cars. People who do business in Manhattan and live beyond Brooklyn should find it convenient to use elevated railway or subway for travel, and thus leave the use of the surface cars for local passengers who either reside in Brooklyn or who do business there.

The elevated structure is composed of short spans and can carry trains of any length, because no span carries more than two cars of the train at one time. It is usually an easy matter also to lengthen the station platforms to suit any train, as has already been done on the elevated railroads of Manhattan. The principal objection to the use of long trains has been that the time consumed in giving the starting signal by ringing bells from car to car becomes excessive when the number of cars increase. This requires about four seconds per car, or for a ten car train would consume 40 seconds after the train is ready to start, which with trains running on two minute headway, means a loss of capacity of 30 per cent., and the percentage of loss increases rapidly, as the interval between trains is reduced. This difficulty could be obviated by an automatic signal, by which the motorman could be notified at once when all doors and gates are closed, and he could then start the train without delay. With such improvements it will be more economical as well as more commodious, to operate trains of eight or ten cars in length.

The increased capacity of bridge cars, as already stated, is due to the fact that they are wider than the elevated railway cars. Cars of this width could be operated on the elevated roads by a slight change in the edge of the station platforms. It might not be practicable for the Brooklyn Rapid Transit Company to discard the cars already in service, as they represent a large amount of invested capital, but when increasing the length of trains, all of the present equipment could be operated on a few lines, while the new cars to be acquired could be placed upon other routes, such as the Fulton street and the Brighton Beach. The station platforms of these lines would then be modified accordingly. The extra earning power of large cars and long trains would in time equip the entire road.

It should here be noted that if ten car trains are used, they could not cross the bridge, and it would be necessary to restore the shuttle service, but trains of six bridge cars at 150 passengers per car, will carry approximately the same number of passengers as ten elevated railway cars at 100 passengers per car, leaving but little surplus for additional local passengers along the route.

In view of the foregoing statement, I would make the following recommendations:

First—All cars used for the bridge service should have side doors.

Second—The length of trains on the elevated railway should be increased to eight or ten cars as soon as practicable.

Third—The transfer station at Sands street should be enlarged so as to permit the use of six car bridge trains and ten car elevated trains, and should be provided with ample stairway facilities to make the transfer easy.

Fourth—The railroad should plan to increase its rolling stock by the addition of more commodious cars, with approved side doors and provided with automatic signals by which the motorman may start the train as soon as the doors and gates are closed.

Since the operating capacity of the elevated railroads, and especially of the Brooklyn Bridge, has direct influence upon congestion caused on all other lines, it is important that it should be the subject of special study. The proposition to restore six car shuttle service would at best be a temporary expedient.

Very truly yours,

(Signed) HENRY B. SEAMAN, Chief Engineer.

On motion, duly seconded, it was thereupon

Resolved, That the foregoing report of the Chief Engineer be referred to the Committee of the Whole;

(ORDER NO. 262.)

That a copy be sent to the Brooklyn Rapid Transit Company for answer;

That a copy be sent to the Department of Bridges with the request that it furnish the Commission such information as it may have upon the subjects therein discussed.

The Chairman offered the following resolution for adoption by the Commission, which was duly seconded:

Resolved, That the Counsel to the Commission be requested to prepare a suitable order to show cause why all cars purchased for future use or now in use in the subway should not be equipped with side doors.

Commissioner Maltbie presented the following report and order:

O-260

OVERHAULING AND REPAIRING OF SURFACE CARS IN THE BOROUGH OF MANHATTAN.

To the Public Service Commission for the First District:

SIRS—Final Order No. 179 required the receivers of the New York City Railway Company to thoroughly overhaul and repair its entire rolling stock and to turn out ready for use at least ten cars per day from and after February 15, 1908, Sundays and legal holidays excepted. This order was adopted December 30, 1907, and was accepted by the receivers under date of January 4, 1908.

After the adoption of the order, the Third avenue system, including the Third avenue line proper, the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company and the Dry Dock, East Broadway and Battery Railroad Company, was placed under a separate receiver by the United States District Court. The question thereupon arose whether the order as originally issued applied not only to the cars now being operated by the receivers of the New York City Railway Company, but also to the cars under the jurisdiction of the receiver for the Third avenue system. As the two systems were being operated independently, it also became necessary to decide how many cars the receivers of each system should overhaul and repair daily.

Accordingly, an order for a hearing was issued and evidence taken upon the 13th of February, 1908. Although the receivers of each system acknowledged the receipt of the notice, no one representing either system appeared at the hearing.

Mr. McLimont, of the engineering staff of the Commission, was called and gave evidence to the effect that the receivers of the New York City Railway Company were prepared to overhaul and repair ten cars per day from and after February 15, notwithstanding the severance of the Third avenue system from the lines they had originally operated. Mr. McLimont also testified that the receiver of the Third Avenue Company had ample facilities for overhauling and repairing three cars per day from and after March 1, 1908, and also to overhaul and repair all the open car bodies prior to May 1, 1908. In the hearing held prior to the issuance of Order No. 179, Mr. McLimont presented an exhaustive report showing the need for a thorough overhauling of the cars not only of the New York City Railway Company, but also of the Third avenue system, and the receiver has admitted, in correspondence, that the rolling stock was in a dilapidated condition.

I am of the opinion, therefore, that Order No. 179, should stand unchanged and unmodified as respects the New York City Railway Company and its receivers, and that the receiver of the Third Avenue Railroad Company, the said Dry Dock, East Broadway and Battery Railroad Company, and the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company should overhaul and repair all of the open cars prior to May 1, 1908; that he should turn out at least three closed cars per day on and after March 2, 1908, Sundays and legal holidays excepted; that he shall report daily in writing the numbers of the cars repaired and that from and after March 1, 1908, a transcript of the "run-in" book or books shall be furnished daily to the Commission.

An order is herewith submitted embodying these recommendations.

Respectfully submitted,

MILO R. MALTBIIE, Commissioner.

Commissioner Maltbie thereupon moved the adoption of the following order:

ORDER (No. 260).

In the Matter
of

The hearing on the motion of the Commission, on the question of how the duty imposed under an order of the Commission made December 30, 1907, directing the New York City Railway Company, or Adrian H. Joline and Douglas Robinson, its receivers, on and after February 15, 1908, to turn out not fewer than ten cars daily, not including Sundays and holidays, overhauled and repaired as provided in said order, should be divided between said New York City Railway Company or its said receivers, and the Third Avenue Railroad Company, or Frederick W. Whitridge, its receiver.

This matter coming on upon the report of the hearing duly held herein on the 13th day of February, 1908, pursuant to an order of the Commission made January 31, 1908, which said order was duly served on the New York City Railway Company and on Adrian H. Joline and Douglas Robinson, as receivers of said company, on the 1st day of February, 1908, and on the Third Avenue Railroad Company and on Frederick W. Whitridge, as receiver of said company on the 1st day of February, 1908, said Frederick W. Whitridge having been thereafter appointed receiver of the Dry Dock, East Broadway and Battery Railroad Company and of the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, said two last mentioned companies having theretofore been owned or controlled by said Third Avenue Railroad Company, which said service was thereafter duly acknowledged, and said hearing having been held by and before the Commission on the matters embraced and specified in said order, Commissioner Maltbie presiding, Mr. Henry H. Whitman appearing for the Commission, and no one appearing in behalf of the said New York City Railway Company nor in behalf of the said Adrian H. Joline and Douglas Robinson as receivers of said company nor in behalf of the Third Avenue Railroad Company, including said Dry Dock, East Broadway and Battery Railroad Company and said Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, nor in behalf of Frederick W. DEPARTMENT OF DOCKS AND FERRIES.

FILLING PRIVILEGE.

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon on

FRIDAY, FEBRUARY 21, 1908.

FOR THE RIGHT TO DUMP AND FILL IN BEHIND THE BULKHEAD WALL RECENTLY BUILT OR TO BE BUILT ON THE EASTERLY PART OF THE FULTON SECTION, ON THE EAST RIVER, BOROUGH OF MANHATTAN.

TERMS AND CONDITIONS OF SALE.

The work to be done is to fill in with suitable material, as hereinafter described, the area behind the new bulkhead wall extending from the line of the present filling about 18 feet west of the west line of Pier (new) No. 18, East River, easterly a distance of about 208 feet to the close row of piling located about 18 feet west of the westerly side line of Pier (new) No. 19, and extending also from the rear of the bulkhead wall, when it is completed, inshore a distance of from about 43 feet to 63 feet to the old crib bulkhead running along the southerly side of South street.

The exact limits of the basin to be filled under this agreement may be seen on a map at Pier "A," together with the soundings and other data used, the said map being a part of this agreement.

The filling will be brought to a grade level with the top of the coping of the bulkhead wall and will extend inshore on a regular grade to the level of the street adjacent.

It is estimated that the area outlining the above described limits will create a basin to be filled in, under this agreement, whose cubical contents in net void space is equal to about 5,000 cubic yards.

This estimate is arrived at by computing the net void space between the face of the old crib bulkhead, along the southerly side of South street, and the rear of the rip rap to be placed, in the rear of the bulkhead wall, either before commencement or during the progress of the work herein called for.

Bidders will state in writing a lump sum price, which they agree to pay for the privilege of filling in the void space behind the bulkhead wall, built or to be built, on the easterly part of the Fulton Section, as described above, and as appears in detail on the map at Pier "A," and which becomes a part of the contract or agreement.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore until the bank of same has been carried out at the finished grade for a distance of about 30 feet from the face of the bulkhead wall, at which time, if so directed by the Engineer, the filling shall be started at the bank and carried outshore toward the bulkhead wall.

All material must be dumped and filled in only in such manner, at such points and in such order of procedure and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

All directions must be given by the Engineer, and wherever the word Engineer is used in these specifications it refers to and designates the Engineer-in-Chief of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the under side of the backing log of the bulkhead wall at such section, and no higher, unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun. The Department reserves the right of ordering the contractor to deposit not less than 100 cubic yards per day, as directed by the Engineer, and the whole amount of the filling called for to bring the above described basin up to grade, shall be completed within fifty (50) days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser, in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

Dated The City of New York, February 11, 1908.

ALLEN N. SPOONER,
Commissioner of Docks.

See General Instructions to Bidders on the last page, last column, of the "City Record."

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
