---	-----

**2. Children Who Entered Foster Care<sup>3</sup> July - September 2020  
Who Had Been Receiving Child Welfare Prevention Services<sup>4</sup>**

Children who were placed in foster care during prevention services	122
Children placed in foster care within 6 months after prevention services	16
Children placed in foster care 6-12 months after prevention services	7

**Data Notes:**

\*New ACS prevention services contracts began July 1, 2020.

\* \*The data in Table 1 are point-in-time and are reported as of the last day of the reporting quarter for comparison and consistency purposes. This is necessary because some families may have participated in more than one program during a given quarter, and data about families served by FSU or families living in DHS shelter are available only as point-in-time.

<sup>1</sup> Estimated available slots = program contract capacity minus active cases, and minus referrals pending for less than 14 days.

"Advocates" cases during initial engagement phase may not be captured in the system of record nor fully accounted for in these data. opened within 60 days after reunification.

<sup>3</sup> Excludes Close to Home placements.

<sup>4</sup> Table 2 includes data for the full 3-month period and is not a subset of Table 1.

Data sources: PROMIS, Connections, DHS CARES data match with ACS.
