Transportation has been afforded to seventy-seven (77) sick and destitute persons to reach their homes, thereby preventing them from becoming a charge on the county.

There has also been one hundred and eighty-six insane, sick and destitute persons committed to the State Almshouse at Flatbush, there to be cared for by the State Board of Charities or returned to their homes.

This Department has also, through the State Board of Charities, returned to their homes in Europe, forty (40) alien paupers, who were a temporary, and would have been a permanent, charge.

Very respectfully,

WILLIAM BLAKE, Superintendent Out-door Poor.

IDIOT SCHOOL, RANDALL'S ISLAND, June 30, 1888.

Hon. THOMAS S. BRENNAN, President Department of Public Charities and Correction

Sir.—The report for the quarter ending June 30, 1888, is respectfully submitted.

One hundred and five (105) children have been under instruction during the past quarter. Six new pupils were admitted, and two, a boy and a girl, were discharged and taken by two families or Staten Island, the boy to do farmwork and the girl to assist at housework. I have learned that they are both giving satisfaction.

The following amount of work was performed by the children:

Twenty (20) of the boys work on the farm, under the direction of an Orderly, ten go out in the morning and ten in the afternoon, and the Gardener, Mr. Arthur, informs me that they do fairly well, but, that if they were in charge of an Orderly who had himself experience in farmwork, more and much better work could be accomplished by them. It is to be regretted that the Orderly at present in charge of these boys has not had any such experience.

The Clothes-room has been fitted up with boxes, wherein the clothing of each child is kept separate, and the boxes are so arranged that the air can always pass through them. I have had a latticed door placed in this room in order to ensure a constant current of air.

The new Mat-room which is being crected in the boys' play-ground, will, I am in hopes, be soon completed, and, as it adjoins their play-room, it will be an improvement in very many respects.

respects.

In April last I received a beautiful new piano for the use of the School, purchased by the ladies of "The Island Mission," of which Mrs. Francis C. Barlow is Treasurer. The kind consideration of these ladies in purchasing a new instrument to take the place of the old one, thereby contributing in a greater degree to the pleasure and instruction of these feeble-minded children, is another evidence of the many disinterested acts of kindness practiced by them for the elevation and well-being of the inmates of the public institutions.

On behalf of the children, the teachers and myself, I return to them sincere thanks.

Very respectfully

MARY C. DUNPHY, Principal and Superintendent.

COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund at a Meeting held at the Mayor's Office, at 2 o'clock P. M., Wednesday, August 8, 1888.

Present-Abram S. Hewitt, Mayor; Theodore W. Myers, Comptroller; William M. Ivins, Chamberlain, and Patrick Divver, Chairman Finance Committee, Boa d of Aldermen.

Absent-Frederick Smyth, Recorder.

The minutes of the meeting held July 27, 1888, were read, and after correcting them by trans-posing a clause placed in a wrong connection in the resolution adopted at that meeting granting a release to the assignees of John Roach, they were read and approved.

The Comptroller presented the following report and resolution to authorize the issue of

CITY OF NEW YORK-FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, August 6, 1888.

To the Commissioners of the Sinking Fund :

GENTLEMEN-At the meeting of this Board held July 27, 1888, a resolution of the Commissioners of Docks, requesting authority to issue Dock Bonds of the City of New York for the amount of \$2,000,000, for the uses and purposes of the Department of Docks, dated July 26, 1888, was referred to the Comptroller, and I respectfully submit the following

REPORT:

On June 25, 1885, the Commissioners of Docks adopted a resolution making a requisition for the issue of \$2,000,000 Dock Bonds, which was authorized by this Board July 9, 1885. The bonds were not issued, however, on account of an injunction order granted by the Court of Common Pleas, at e suit of The Bank for Savings in the City of New York against the Mayor, etc., restraining the Mayor and Comptroller from issuing said binds. The action was carried to the Court of Appeals and the injunction order was reversed by a decision made April 30, 1886. On September 17, 1886, the Commissioners of the Sinking Fund adopted a resolution confirming and ratifying the resolution of July 9, 1885, authorizing the issue of \$2,000,000 Dock Bonds under the requisition of June

They have all been issued excepting a balance of \$500,000, for which proposals are now being invited by advertisement.

This amount, however, will not be sufficient to meet the immediate requirements of the Department of Docks, as appears by a statement rendered by the Commissioners showing the amount payable under existing contracts and liabilities to be \$418,645.53; expenditures to be met shortly for new work ordered, amounting to \$214,000; and a further expenditure of \$1,790,000 for new work which is proposed by the Department for the improvement of the water front of the city.

I submit a resolution, therefore, to authorize the issue of \$2,000,000 Dock Bonds, from time to ne, as may be required, under the resolution of the Commissioners of Docks adopted July 26, 1888, and to be exempt from taxa ion.

Respectfully, THEO. W. MYERS, Comptroller.

Resolved, That pursuant to the provisions of section 143 of the New York City Consolidation Act of 1882, the Comptroller be and he is hereby authorized and directed to prepare and issue, from time to time, as may be required, for the uses and purposes of the Department of Docks, at a rate of interest not exceeding three per cent. per annum, Dock Bonds of the City of New York, to the amount of \$2,000,000, under a resolution adopted July 26, 1888, by the Commissioners of Docks, said bonds to be exempt from taxation by the City and County of New York, in pursuance of the provisions of section 137 of said Consolidation Act, and an ordinance of the Common Council passed October 2, 1880, and as hereby authorized and directed.

The report was accepted and the resolution unanimously adopted.

The Comparoller presented the following application of the Staten Island Rapid Transit Railroad Company to amend a resolution granting permission to alter and repair the structures at the ferry landing foot of Whitehall screet, and a report and resolution thereon:

NEW YORK, August 6, 1888.

To the Commissioners of the Sinking Fund:

To the Commissioners of the Sinking Fund:

Gentlemen—Referring to the resolution adopted by you on July 12, 1888, authorizing the Staten Island Rapid Transit Railroad Company to make certain alterations in the ferry structures at the foot of Whitehall street, we respectfully ask that the same may be modified so as not to limit the time within which such alterations must be made to November 1, 1888. The resolution provides that the work must be die unifer the direction and supervision of the Engineer-in-Chief of the Department of Docks. This compels the Railroad Company to do the work upon the lines laid down from time to time by the Chief Engineer, and the Company can only make such progress as the Chief Engineer permits, keeping in view the necessity of making a suitable provision all the time for the ferry traific. Under these conditions the Railroad Company thinks it will be a physical impossibility to complete these structures and improvements on or before November 1, 1888. The Ra Iroad Company would, therefore, ask that the resolution be amended by substituting for the phrase "and shall complete the said structures and improvements in a cordance with said approved plans on or before the 1st day of November, 1888," he following phrase: "and shall complete the said structures and improvements in a cordance with said approved plans with due diligence, and within the time fixed for that purpose by the Engineer-in-Chief for the Department of Docks."

Respectfully yours,

THE CATEN ISLAND PARINT PARINTE PARINCE OF COMPANY.

Respectfully yours,
THE STATEN ISLAND RAPID TRANSIT RAILROAD COMPANY,
By J. F. EMMONS, President.

CITY OF NEW YORK-FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, August 7, 1888.

To the Commissioners of the Sinking Fund:

GENTLEMEN—Herewith I present an application of the Staten Island Rapid Transit Railroad Company to amend the resolution adopted by this Board July 12, by changing the time therein

prescribed for completing the alterations and repairs of the ferry structures at toot of Whitehall street, and as there seems to be no objection to such amendment, I submit a resolution for that purpose, which has been approved by the Corporation Counsel.

Respectfully,
THEO. W. MYERS, Comptroller.

Resolved, That the resolution adopted by this Board July 12, 1888, granting permission to the Staten Island Rapid Transit Railroad Company to alter and repair the ferry structures at the foot of Whitehall street, be and the same is hereby amended by substituting for the clause, "and shall complete the said structures and improvements in accordance with said approved plans on or before the 1st day of November, 1885," the following clause and condition: "and shall complete the said structures and improvements in accordance with said approved plans with due diligence, and within the time fixed for that purpose by the Engineer-in-Chief for the Department of Docks. The Comptroller presented the following communication from the counsel of George Bradish, with his affidavit, and a report and resolution thereon: New York, August 6, 1888.

THEODORE W. MYERS, Comptroller:

THEODORE W. MYERS, Comptroller:

DEAR SIR—On behalf of George Bradish, I request a modification of the resolution of the Commissioners of the Sinking Fund passed June 25 last.

I enclose an affidavit by Mr. Bradish showing that he does not own more than one-half the land proposed to be released, what lots and parts of lots are now owned by him affected by the release from the City in pursuance of said resolution, and that all others so affected have been sold, and some of them more than twenty years ago.

The reason this amendment is necessary is because the resolution of June 25 last requires him 2 pay not only all arrears of taxes and assessments on his own property, but those of all the rest of the property covered by the release, which is not owned by him, and because in its present shape the resolution practically prevents a sale of any one lot or gore, as it would be necessary not only for a purchaser to search for taxes, assessments, etc., on the lot sold, but upon every other lot and gore within the bounds of the description of the lands released, rendering the release useless for the purpose intended.

Immediately on the passage of the proper amendment to the resolution to meet this difficulty, Mr. Bradish will produce before you receipts for all taxes, assessments, and Croton water rents upon the whole of the property now belonging to him affected by such amended resolution and release, and upon their approval by you he will be prepared to pay for and take up the release to be prepared in pursuance of said resolution as amended.

Truly yours,

Truly yours,
ROBERT C. EMBREE, No. 145 Broadway.

State of New York, City and County of New York, ss.:

George Bradish, being duly sworn, doth depose and say: that he is the grantee named in a certain resolution of the Commissioners of the Sinking Fund of the City of New York, passed on the 25th day of June, 1888, and in the release executed in pursuance thereto; that he was the owner of all the lands included in the description therein, but that at the time of making this affidavit he only owns the following described lots and gores affected thereby, viz.:

In Block 138, Lots 1, 5 to 21, both inclusive, and 35 to 45, both inclusive; parts of Lots 40, 41, 42, 43, and Lots 47, 48 and 50.

In Block 224, Gores 2615, 27, 28 and 3215.

That all the other lots and gores within the bounds of said released lands have been sold by him at various times, some thereof more than twenty years ago.

CITY OF NEW YORK-FINANCE DEPARTMENT, COMPTROLLER'S OFFICE,

To the Commissioners of the Sinking Fund:

GENTLEMEN-Herewith I present a communication from Robert C. Embree, Esq., counsel of George Bradish, asking for an amendment of the resolution adopted by this Board June 25, last, in regard to the payment of taxes, etc., together with an affidavit of Mr. Bradish as to the ownership of the lands and the facts on account of which the amendment of the resolution is applied for.

I do not see any objection to the amendment, as proposed, and herewith submitted, which has been approved by the Counsel to the Corporation as proper for the protection of the interests of the City, while it relieves Mr. Bradish of a disability.

Respectfully,
THEO. W. MYERS, Comptroller.

August 7, 1888.

Resolved, That the resolution passed by this Board on the 25th day of June, 1888, authorizing a release to George Bradish of certain parcels of land, be and the same hereby is amended, by striking out the proviso of the same, and inserting in lieu thereof the following :

Provided, nevertheless, that nothing in said release or grant contained shall be taken or construed as in any way releasing or affecting any claim or right of the Mayor, Aldermen and Commonalty of the City of New York to collect and recover any and all taxes, assessments and water rents heretofore levied, imposed or assessed upon said premises, and now remaining unpaid, or any part thereof, as fully in all respects as if the said release had never been made; nor shall said release be taken or construed to be a release of any right, title, interest or lien in or upon the said premises existing in favor of the said Mayor, etc., by reason of any sale for the non-payment of taxes, assess-

ments or Croton water rents at any time heretofore had or made.

And said release or grant shall contain a proviso or condition to that effect.

But said release shall not be delivered until such time as the Comptroller of the City and County of New York shall be satisfied that all taxes, assessments and Croton water rents have been paid by said George Bradish upon so much of said lands as are now owned by him, viz:

Block 138, Lot No. 1 and Lots Nos. 5 to 21, both inclusive, and 35 to 45, both inclusive,

Block 139, Lots and Gores Nos. 1 to 7, both inclusive; 9 to 15, both inclusive; parts of Lots Nos 40, 41, 42, 43, and Lots Nos. 47, 48 and 50.

Block 224, Gores Nos. 261/2, 27, 28 and 321/2.

Approved.

The Comptroller presented the following report and resolution on the petition of Ernest Sulzer for a release of a water-lot in the Twelfth Ward, with an appraisement and the opinion of the Counsel to the Corporation upon the interest of the City therein :

> CITY OF NEW YORK-FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, August 7, 1888.

To the Commissioners of the Sinking Fund :

GENTLEMEN—The Comptroller, to whom was referred, July 12, the petition of Ernest Sulzer, for a release or grant from the City of its interest in a certain lot of land on the southerly side of One Hundred and Seventh street, between the Second and Third avenues, as shown by a diagram of the premises attached thereto, respectfully REPORTS:

That the petitioner claims to be the owner in fee simple of said lot, a portion of which was originally subject to an overflow of the tide-water of the Harlem creek, in the Twelfth Ward, but is now filled in and made solid ground, and he asks for a release of the City's interest therein to remove a

The opinion of the Counsel to the Corporation upon the rights of the City in the premises,

advising that the Commissioners of the Sinking Fund have authority to make a grant or release of its interest therein for such sum as may be fixed by the Comptroller and the Commissioner of Public Works, as appraisers, is herewith submitted.

An appraisement of the City's interest in the premises has been made and is submitted with a resolution to authorize the release thereof to the petitioner.

Respectfully,

THEO. W. MYERS, Comptroller.

APPRAISEMENT.

To the Commissioners of the Sinking Fund :

GENTLEMEN-The undersigned, the Comptroller and the Commissioner of Public Works, in pursuance of the provisions of section 79, of article VI. of chapter 3 of the Revised Ordinances of 1880, and the opinion of the Counsel to the Corporation, dated July 27, 1888, have examined and inquired into the facts in the matter of the petition of Ernest Sulzer, dated July 7, 1888, for a release of the interest of the City of New York in a lot of land situate on the south side of One Hundred and Seventh street, two hundred and twenty-five feet west of Second avenue, known as Ward No. 34, in Block No. 310, in the Twelfth Ward of said city, a part of which lot was originally subject to overflow of tide-water of Harlem creek, but is now filled in and made solid ground; and they respectfully report that, in their judgment, the sum which should be paid to the City for a release of its interest in said lot is the sum of \$340; and that the petitioner should also be required to pay all unpaid taxes and assessments that may be due on the premises, in addition to the above sum.

THEO. W. MYERS, Comptroller.
JOHN NEWTON, Commissioner of Public Works.

CITY OF NEW YORK, August 7, 1888.

RESOLUTION.

Resolved, That the Commissioners of the Sinking Fund do hereby approve of the report made by the Comptroller and the Commissioner of Public Works, appraising and determining the sum of \$340 to be the amount which shall be charged as the consideration for the release of the interest of the City of New York in a lot of land on the southerly side of One Hundred and Seventh street, two hundred and twenty-five feet west of Second avenue, known as Ward No. 34, on Block 310, in the Twelfth Ward of said city, originally subject to the overflow of the tide-water of Harlem creek, but filled in and made solid ground, and do hereby fix the sum of \$340 as the amount to be charged as the consideration to be paid to the City for such release; and the Comptroller is hereby authorized and directed to cause such release to be issued to Ernest Sulzer, the petitioner thereof, which is to be executed by the Mayor and the Clerk of the Common Council, under the Common Seal of the City, when prepared and approved by the Counsel to the Corporation; provided, that all taxes, ments and Croton water rents that may be due on said premises shall be paid, in addition to the above sum.

The report was accepted and the resolution unanimously adopted.

OPINION OF CORPORATION COUNSEL.

Law Department, Office of the Counsel to the Corporation, New York, July 27, 1888.

Hon. THEODORE W. MYERS, Comptroller:

SIR—I am in due receipt of your communication of July 18, 1888, in which you enclose a petition of Ernest Sulzer to the Commissioners of the Sinking Fund for a release of the City's interest in a lot of land on the easterly side of One Hundred and Seventh street, two hundred and twenty-five feet westerly from Second avenue, being twenty-five feet in width by one hundred feet and eleven inches in depth, together with a diagram and report thereon by E. E. McLean, Engineer in your

inches in depth, together with a diagram and report thereon by E. E. McLean, Engineer in your Department.

You request me to advise you what course shall be taken upon this petition.

An examination of the Randall map, with reference to the premises described in the petition, shows that the waters of the Harlem creek at that point washed a perpendicular bank, so that no strand or tide-way was left between high and low water mark.

As I have already advised you in relation to the petition of Katie Sulzer for a release of the lands adjoining the premises in question on the east, the City's title to lands under water in this part of the city below the line of low water was acquired by grants from the Commissioners of the Land Office, pursuant to the laws of the State authorizing them, and which grants contain a provision that the owners of the adjacent lands shall have a pre-emptive right to any grants to be made by the City, and owing to the character of the shore at this point the lands covered by the creek must be regarded as lying below low-water line.

I therefore advise you, that the Commissioners of the Sinking Fund have authority to make a grant or release of its interest in the premises in question to the petitioner, for such sum as may be fixed by the Comptroller and the Commissioner of Public Works, as appraisers, pursuant to the ordinances and statutes at present in force.

If it should be decided by the petitioner that the whole lot should be included in the description to be inserted in any deed of release, the consideration should include the payment of taxes, assessments and water rents in arrear (if any), in order that any interest of the City in the land above high-water line acquired by sales for taxes, etc., should be compensated for.

I return the petition and report submitted to me.

Very respectfully,

Very respectfully,
HENRY R. BEEKMAN, Counsel to the Corporation.

The Comptroller presented the following resolution to transfer \$500,000 surplus revenues of the Sinking Fund for the payment of the City Debt, with certificate of the General Bookkeeper of the Finance Department :

Resolved, That a warrant, payable from the Sinking Fund for the Payment of Interest on the City Debt, be drawn in favor of the Chamberlain for the sum of five hundred thousand dollars (\$500,000), to be deposited to credit of the Sinking Fund for the Redemption of the City Debt, thereby transferring this amount of surplus revenue of the Interest Fund to the Redemption Fund, pursuant to section 172 of the New York City Consolidation Act of 1882.

Which was unanimously adopted.

CERTIFICATE.

I hereby certify that the balance in the City Treasury to credit of the Sinking Fund for the Payment of Interest on the City Debt at close of business, August 6, instant, was \$530,306.17; that there are no outstanding obligations against the fund and no interest dividend payable therefrom until November 1, 1888.

ISAAC S. BARRETT, General Bookkeeper.

BOARD OF STREET OPENING AND IMPROVE-MENT.

The Board of Street Opening and Improvement met at the Mayor's Office on Friday, August 3, 1888, at 1 o'clock P. M., pursuant to the following notice :

Office of the Board of Street Opening and Improvement, Mayor's Office, New York, July 31, 1888.

SIR-You are respectfully requested to attend a meeting of the Board of Street Opening and Improvement to be held at the office of the Mayor, on Friday, August 3, 1888, at 1 o'clock P. M., at which meeting it is proposed to consider the unfinished business with such other matters as may be brought before the Board.

Yours, respectfully, WM. V. I. MERCER, Secretary.

Present—Abram S. Hewitt, Mayor; Theodore W. Myers, Comptroller; John Newton, Commissioner of Public Works; J. Hampden Robb, President of the Department of Public Parks; George H. Forster, President of the Board of Aldermen.

The minutes of the meeting of July 20, 1888, were read and approved.

The unfinished business was taken up.

The following communications transmitting resolutions concerning the opening of certain streets in the Twenty-third and Twenty-fourth Wards were presented and read by the Secretary:

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, July 6, 1888.

WILLIAM V. I. MERCER, Esq., Secretary, Board of Street Opening and Improvement:

WILLIAM V. I. MERCER, Esq., Secretary, Board of Street Opening and Improvement:

Sir.—On or about the 10th ultimo, I caused to be prepared and sent you resolutions to be adopted by your Board for the opening of East One Hundred and Thirty-fourth street, from a point seventy-five feet west of Third avenue to Brook avenue and from Trinity avenue to Long Island Sound, and nineteen other streets in the Twenty-third and Twenty-fourth Wards of the City of New York; said resolutions were not adopted at the last meeting of your Board, because of the passage of chapter 406 of the Laws of 1888, which provides "that in case of the opening of a public park, street or avenue, or the acquisition of lands for the purposes of a public park, street or avenue, the Board of Street Opening and Improvement shall in each such case determine whether any, and if any, what proportion of the cost and expense thereof shall be assessed upon the property deemed to be benefited thereby, and the remainder of such cost and expense shall be borne and paid by the Mayor, Aldermen and Commonalty of the City of New York."

Herewith I send you two sets of resolutions, either of which may be adopted by your Board, which have been prepared by me and which comply with the provisions of said chapter 406 of the Laws of 1888, directing that the necessary proceedings be taken to legally open each of said streets. One of said sets of resolutions provides that the entire cost and expense of the proceedings shall be assessed upon the property deemed to be benefited by the improvement, while the other set leaves a blank for your Board to fill in the proportion of the cost and expense to be assessed upon said property. In both sets of resolutions there is inserted a provision that the cost and expense to be assessed upon said property. In both sets of resolutions there is inserted a provision that the cost and expense to be assessed as is now provided by law in such cases.

Yours, respectfully,

Yours, respectfully, HENRY R. BEEKMAN, Counsel to the Corporation.

The following communications from the Department of Public Parks were presented and read by the Secretary:

City of New York—Department of Public Parks, Commissioners' Office, Nos. 49 and 51 Chambers Street, July 24, 1888.

Mr. WILLIAM V. I. MERCER, Secretary, Board of Street Opening and Improvement:

Sir. I herewith forward a resolution for adoption by the Board of Street Opening and Improvement to amend its resolution for April 6, 1888, relative to opening Boscobel avenue by striking out "Aqueduct avenue," and inserting in lieu thereof "the easerly approach to the bridge over the Harlem river at West One Handred and Eighty-first street," so as to read:

"B szobel avenue, from the easterly approach to the bridge over the Harlem river at West One Hundred and Eighty-first street to Jerome avenue."

This change is rendered necessary on account of the change in the map of the High Bridge district, u.der chapter 4.6. Laws of 1886, filed since April 6 last, by which the lines of Aqueduct avenue have been shifted about twen y-four feet eastwardly, thus leaving a gap of that width between the present westerly line of Aqueduct avenue and the easterly line of the bridge approach as already opened.

Very respectfully, CHARLES DE F. BURNS, Secretary, D. P. P.

The President of the Department of Public Parks offered the following resolution:

Resolved, That the resolution adopted by this Board April 6, 1888, relative to the opening of Boscobel avenue, from Aqueduct avenue to Jerome avenue, be and the same is hereby amended by striking thereirom the words "Aqueduct avenue," and inserting in heu thereof the words "the easterly approach to the bidge over the Harlem river at West One Hundred and Eighty first street," so as to read as follows, viz.:

16th. B scobel avenue, from the easterly approach to the bridge over the Harlem river at West One Hundred and Eighty-first street to Jerome avenue.

The following report in regard to High Bridge Park was handed in by the Comptroller and read by the Secretary:

CITY OF NEW YORK—FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, August 2, 1888.

At a meeting of this Board, held July 28, 1888, the Comptroller was requested to furnish a satement of the valuation of the property which, under proposed plan, would be excluded from the high Britige Park as now laid out on a map filed by the Department of Public Parks, March 20, 1882, so as to show the saving in cost by such exclusion.

I have had prepared, and now submit, a map corresponding with the original map of the park, showing the portions of land colored red, which it is proposed to exclude from the park as now laid out.

showing the portons of taind colored red, which it is proposed to exclude from the park as now laid out.

I am informed that since the last meeting of this Board the Park Commissioners have prepared a map of the park modifying the boundaries of the park as laid out originally, and making a slight change in some portions of the land which it was proposed to exclude from the park.

The following statements hive he proportion of assissed valuations of the portions which it is proposed to exclude, in conformity with the modified plan of the Department of Public Parks, shown in red on a map submitted herewith:

(A.) The land lying easterly of a line parallel with Eighth avenue, distant westerly therefrom 429 feet to inches, and between One Hundred and Fifty-fifth street and One Hundred and Fifty-ninth street, valued at \$125,000—say 226 lots.

(B.) The land lying east of Edgecombe road, between One Hundred and Sixty-second street and One Hundred and Sixty-seventh street, and generally parallel to the centre line of the Croton Aqueduct, valued at \$23,750—say 45 lots.

(C.) The land lying between One Hundred and Eighty-first street and One Hundred and Eighty-seventh street, and between the Public Drive and Tenth avenue, valued at \$84,000—say 90 lots.

(D.) The land lying north of One Hundred and Eighty-seventh street and west and east of Tenth avenue, and Fort George avenue and east of Eleventh avenue, extending to the northern limit of the original plan of the park to Dyck nan street, valued at \$74,850—say \$50 lots.

The portions "A" and "B" have not been changed by the D-p triment of Parks.

The following statement shows the proportion of assessed valuations upon those portions proposed to be excluded from the park, in conformity with the resolution adopted by this B-ard, July 20, 1888, requesting the Comptroller to furnish the valuation of the property, as shown in yellow on a section of the same map for the part of the park above One Hundred and Eighty-first street.

(E.) The land lying between One Hundred and Eighty-second and One Hundred and Ninetieth streets, east of Tenth avenue—say 230 lots, valued at \$103,000.

(F.) The land lying above One Hundred and Ninetieth street, east of Tenth and Eleventh and Fort George avenues, or upper end of the park—say 350 lots, valued at \$50,000.

Respectfully submitted,

THEO. W. MYERS, Comptroller.

THEO. W. MYERS, Comptroller.

The following communication from the Department of Parks, enclosing report of Calvert Vaux, Landscape Architect, Department of Public Parks, and Samuel Parsons, Superintendent of Parks, was presented and read by the Secretary:

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS, COMMISSIONERS' OFFICE, NOS. 49 AND 51 CHAMBERS STREET, August 2, 1888.

Mr. WILLIAM V. I. MERCER, Secretary, Board of Street Opening and Improvement:

SIR—At a meeting of the Board of Parks, held on first instant, a report of the Landscape Architect and Superintendent of Parks relative to proposed arrangement of approaches to the west end of Manhattan Bit age in connection with a revised boundary line of the proposed High Bridge Park, was approved, with directions to transmit the same to the Board of Sircet Opening and Improvement. The report, together with the plan therein referred to, are transmitted herewith.

Respectfully,

CHARLES DE F. BURNS, Secretary.

DEPARTMENT OF PUBLIC PARKS—OFFICE OF DESIGN,
SIXTY-FOURTH STREET AND FIFTH AVENUE,
NEW YORK, July 31, 1888.

Hon. J. Hampden Robb, President, Department of Public Parks:

SIR—As requested by you, we now present for consideration by the Board a definite plan for the reduction of territory in the proposed High Bridge Park Reservation, which was referred to in letter addressed to the Secretary June 25, and illustrated by a pencal plan then submitted for informal review.

letter addressed to the Secretary June 25, and illustrated by a pencil plan then submitted for informal review.

In connection with the settlement of the pending question of park boundary it is manifestly to the public interest at this time to determine on a plan of approaches to the new bridge on the west side of the river, which can be recommended for adoption by the City.

In the study now presented it is proposed that a public thoroughfare, eighty-five feet in width, that will be a part of the regular street system of the city, shall be laid out on a line curving in a northeasterly direction from Tenth avenue to the bridge, and that a reservation shall be made of the form and dimensions shown at C, to be used as an ante park in connection with this approach.

As this proposition is evidently designed with a view to accommodate the bridge travel in an agreeable way, a call was made on the 28th inst., on Mr. Hutton, the Engineer of the Bridge Commission, to ask if he knew of any objection to the execution of the plan if it should be approved by your Board.

mission, to ask it he knew of any objective to the state of the property of the proposed modification in the interest of the bridge as a public thorough fare and gave as a feasible stating point, the red dotted line A, B, which has been followed in the revised plan now presented.

presented.

Mr. Hutton, before this, had called officially to say that the Bridge Commissioners were desirous to co-operate with your Board in the settlement of any difficulties that might arise in the adjustment of the lines of this approach.

Respectfully CALVERT VAUX, Landscape Architect, D. P. P. SAM'L PARSONS, Jr., Superintendent of Parks.

The matter of laying out High Bridge Park and the Loop road and the question of the viaduct at One Hundred and Fifty-fifth street were then discussed by Mr. Thayer, Mr. Fuller, Mr. Whalen, Mr. Beall, and the matter was referred back to the Commissioner of Public Works and the Department of Public Parks for the preparation of maps and plans for adoption by the Board, laying out the park in a cordance with the views of the members of the Board as expressed to the Engineers of the aforesaid Departments who were presented the matter. said Departments who were present at the meeting. There being no further business, the Board adjourned.

DEPARTMENT OF PUBLIC WORKS, COMMISSIONER'S OFFICE, NO. 31 CHAMBERS STREET, NEW YORK, November 10, 1886.

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by dejective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the fancets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

turned on in lui roce in water-coses, since, every successful the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and insurantable waste of an element so valuable and essential object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore twen to all householders that, in Ill urther applications for reduction of water rents, no allowance will be made on account of water that, on allowance will be made on account of water of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the order of the buildings.

Here of the modern of the payment of the water premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.
