BOROUGH PRESIDENT - BROOKLYN

■ PUBLIC HEARINGS

Office of the Brooklyn Borough President gives notice of a public hearing, via Webex virtual meeting, on Tuesday, September 6, 2022, at 6:00 P.M., with remote public participation, on the following:

IN THE MATTER OF an application submitted by the New York City Economic Development Corporation ("NYCEDC"), pursuant to the New York City Uniform Land Use Review Procedure and Section 384(b)(4) of the New York City Charter, for the disposition of City-Owned property, located at, 1502 Surf Avenue, in the Borough of Brooklyn (Block 7074, Lot 190) (the "Property"); The Property is approximately 41,445 square feet, consisting of amusement uses.

The proposed disposition would allow for an extension of the current lease of the Property between the City of New York and the NYCEDC, for an additional ten (10) years, extending it from January 1, 2028 through December 31, 2037. NYCEDC's application states that it proposes such a lease extension to help businesses recoup significant losses experienced during the COVID-19 pandemic and government mandated closure of amusements.

SCA ESTIMATING REQUEST FOR EXPRESSIONS OF INTEREST - Request for Information - Due 9-6-22 at 5:00 P.M.

SCA Estimating Request for Expressions of Interest

I. BACKGROUND:

The New York City School Construction Authority (SCA), is seeking qualified consulting (Consultant) firms interested in responding to an Expression of Interest (EOI) to provide the SCA's Architecture & Engineering Department with cost estimating services for school construction projects throughout the New York City area in connection with its General Construction, HVAC, Plumbing and Electrical work. This EOI is intended to not only identify interested firms that meet the SCA's required expertise and experience to perform construction cost-estimating services for projects, but to also demonstrate their ability to provide such cost estimates for such construction projects by applying industry rates, units and standards to sample mock projects that are typical within the SCA.

II. PROJECT DESCRIPTION:

The standard course-of-work for estimating services at the SCA for any selected Consultant may involve reviewing the drawings and specifications and preparing detailed independent cost estimates for various capital projects (new and renovation/modernization projects) at all prescribed stages of a project. The Consultant may also be required to review and comment on cost estimates prepared by another consultant of the SCA.

When reviewing estimates, the Consultant will also be asked to notify the SCA of any omissions or discrepancies that may impede accurate estimating or bidding.

The Consultant may also be required to perform special cost analyses or cost studies and recommend cost reduction measures to control project costs.

III. MOCK PROJECT METHODOLOGY:

Attached are two sample projects typical of work performed at the SCA (Exhibit A and B). You are asked to apply your assessed cost estimating values to each project using industry standards in both principles and format.

In preparation of the mock project estimates, it is assumed that all project labor costs follow current New York City construction prevailing wage rates and benefits and, all material costs are based on current market conditions.

IV. ADDITIONAL INFORMATION:

PLEASE NOTE THAT THIS IS NOT A REQUEST FOR PROPOSAL BUT A REQUEST FOR EXPRESSION OF INTEREST (EOI). THE SCA WLL NOT AWARD A CONTRACT(S) BASED ON THIS EOI NOR PAY FOR INFORMATION SOLICITED.

The SCA is implementing a two-step procurement process, first requiring prospective consultants to share relevant information as set forth above and then, for those deemed qualified, by soliciting proposals through a Request for Proposal (RFP) selection process. Although proposing firms need not be pre-qualified by the SCA at the time of bid, each firm must be pre-qualified prior to contract award.

Firms must be registered with the NYS Division of Corporations as a NY entity, or qualified to transact business in the State of New York in order to be considered for prequalification by the SCA. Selected firms will be required to successfully complete the prequalification process, if not currently prequalified with the SCA. The SCA now offers a web-based qualification and certification application process. The following link will allow you access to the Vendor Access System: https://dobusiness.nycsca. org. This site can be used for first-time prequalification as well as requalification and certification of MBE and WBE status. Proposers can also contact the SCA VAS hotline at

(718) 472-8777 for additional information.

Interested firms should respond by submitting their completed mock prototypes and expression of interest no later than September 6, 2022 to: Martina Mercaldo, Manager of Operations New York City School Construction Authority, 30-30 Thomson Avenue Long Island City, NY 11101, partnering@nycsca.org.

■ NOTICE

Notice of Adoption

Notice of Adoption to add and amend rules to implement Local Law 129 of 2021 ("LL 129"). LL 129 creates an exception to the item pricing requirements for retail stores that provide price scanners available for customer use. These rules provide guidance on the required number of, and adequate locations for, price scanners.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of Consumer and Worker Protection by sections 1043 and 2203(f) of the New York City Charter and sections 20-104(b) and 20-708.1(c)(15) of Title 20 of the Administrative Code of the City of New York, and in accordance with the requirements of Section 1043 of the New York City Charter, that the Department amends chapters 5 and 6 of Title 6 of the Rules of the City of New York.

This rule was proposed and published on March 31, 2022. A public hearing was held on May 2, 2022. The Department of Consumer and Worker Protection ("DCWP" or "Department") received comments from the public. A second version of this rule was published on June 23, 2022, and a second hearing was held on July 25, 2022. DCWP again received comments from the public.

Statement of Basis and Purpose of Rule

The Department is adding and amending rules to implement LL 129. These amendments require that, to meet the exemption to item pricing created by LL 129, a retail store must have a price scanner within 30 feet of every item or post a sign prominently and conspicuously informing customers of where a price scanner is located. A retail store would also need a number of price scanners for consumer use based on the number of checkout stations in the store, as outlined in the chart, although no more than 5 price scanners for consumer use would be required. Finally, these amendments also add an entry to the truth in pricing penalty schedule for the new rules, under which price scanners fall.

<u>New material is underlined.</u> [Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Rule Amendment

Section 1. Subchapter B of Chapter 5 of Title 6 of the Rules of the City of New York is amended by adding a new Section 5-116 to read as follows:

§ 5-116 Requirements for Price Scanners.

(a) A retail store that seeks to rely on the exemption set forth in § 20-708.1(c)(15) of the Administrative Code from the item pricing requirement set forth in § 20-708.1(b) of the Administrative Code must provide price scanners for consumer use in accordance with this section.

(b) A price scanner for consumer use must be located within 30 feet of any item sought to be exempted from item pricing in accordance with this section unless the requirements of subdivision c of this section are met.

(c) If a price scanner for consumer use is located more than 30 feet from an item sought to be exempted from item pricing in accordance with this section, a prominent and conspicuous sign must be posted within view of such item stating: "A Price Scanner for Customer Use to Check Prices is Located (location of price scanner)."

(d) To comply with the requirements of this section, a retail store must have, at minimum, the number of price scanners set forth below, based on the number of checkout stations in such store. In no event does a retail store need more than 5 price scanners.

Number of Checkout Stations	Number of Price Scanners
<u>1-3</u>	<u>1</u>
<u>4-5</u>	2
<u>6-7</u>	3
<u>8-9</u>	4
<u>10 or more</u>	5

§ 2. Section 6-48 of Subchapter B of Chapter 6 of Title 6 of the Rules of the City of New York is amended to read as follows:

§ 6-48 Truth in Pricing Law.

All citations are to Title 20 of the Administrative Code of the City of New York or Title 6 of the Rules of the City of New York.

Unless otherwise specified, the penalties set forth for each section of law or rule shall also apply to all subdivisions, paragraphs, subparagraphs, clauses, items, or any other provision contained therein. Each subdivision, paragraph, subparagraph, clause, item, or other provision charged in the Notice of Violation shall constitute a separate violation of the law or rule.

[For the fine amounts marked by a single asterisk, if the respondent timely submits the appropriate proof of having cured a first-time violation, the respondent will not be subject to a civil penalty, pursuant to Local Law 5 of 2017.]

Unless otherwise specified by law, a second or third or subsequent violation means a violation by the same respondent, whether by pleading guilty, being found guilty in a decision, or entering into a settlement agreement for violating the same provision of law or rule, within two years of the prior violation(s).

ENVIRONMENTAL PROTECTION

■ NOTICE

Federal Emergency Management Agency In accordance with 44 CFR §9.8 for Executive Orders 11988 & 11990 Proposed Tide Gate Installation Canarsie, Kings County, New York

NOTIFICATION IS HEREBY GIVEN to the public of the intent of the Department of Homeland Security-Federal Emergency Management Agency (DHS-FEMA), to provide Federal funding to the New York City Department of Environmental Protection (NYCDEP) (Subapplicant), for the proposed installation of a new tide gate chamber on an existing storm sewer outfall in Canarsie, Brooklyn. Funding will be provided through the Pre-Disaster Mitigation (PDM) grant program. The purpose of the PDM grant program is to implement sustainable, cost-effective measures designed to reduce the risk to individuals and property from future atural hazards while reducing reliance on federal funding from future disasters. This notification is given in accordance with Executive Order (EO) 11988 (Floodplain Management), EO 11990 (Protection of Wetlands), the Coastal Zone Management Act (CZMA), and the implementing regulations for EO 11988 & 11990 in 44 CFR Part 9.

The proposed project entails the installation of a tide gate chamber for a 9'-6"W x 5'H storm sewer outfall. This action will serve to complete a line of flood protection as originally intended through a separate project known as the Fresh Creek Coastal Protection Project by the Governor's Office of Storm Recovery (GOSR) and the Dormitory Authority of the State of New York (DASNY), which included the installation of five tide gates on existing outfalls in Canarsie; however, this project did not include an outfall adjacent to the intersection of E 108th Street and Avenue K. Therefore, the installation of a new tide gate chamber on this remaining outfall will fulfill the goal of protecting this low-lying neighborhood from backflow flooding. This action area and flood mitigation approach were included in a previous consultation to the New York State Department of State (NYSDOS) and received general concurrence with no objection to funding.

Per the applicable Preliminary Flood Insurance Rate Map (PFIRM) and the National Wetlands Inventory (NWI), the project area is in the 100-year floodplain and mapped wetlands, respectively, which means that it has the potential to affect, and be affected by, the floodplain and wetlands. Alternatives considered include: 1) taking no action or 2) the proposed alternative, which is installation of the new tide gate chamber at its current location. FEMA has determined that installation at the current location is the most practicable alternative. This alternative meets the PDM grant program goals to protect property and human lives from future natural hazards. Potential impacts to water quality or aquatic habitat will be minimized through the application of best management practices and adherence to all applicable local, state, and federal laws, regulations, and ordinances. Comments about this project, potential alternatives, and floodplain and/ or wetland impacts may be submitted in writing within 15 days of the date of this publication to: FEMA Region 2, Attn: Environmental Planning and Historic Preservation, 26 Federal Plaza, New York, NY 10278, or via email, to FEMAR2COMMENT@fema.dhs.gov. If substantive comments are received. FEMA will evaluate and address the comments as part of the environmental documentation for this project.

PUBLIC NOTICE

Notice of Availability of Environmental Assessment Report Regarding World's Fair Marina Project

Flushing Meadows Corona Park, Queens County, New York FEMA-4085-DR-NY

Notification is hereby given to the public of the intent of the Department of Homeland Security-Federal Emergency Management Agency (DHS-FEMA), to provide Federal financial assistance to New York State Division of Homeland Security and Emergency Services (NYSDHSES), as Recipient, and New York City Department of Parks and Recreation (NYCDPR), as Subrecipient, address damage that the Marina sustained during tidal surges and waves associated with Hurricane Sandy and thereby improve the resiliency of the marina to withstand future flooding and coastal storms. The proposed action will also improve the safety and security of the marina, including utility upgrades to bring them up to current codes, and to address ADA accessibility. On October 29, 2012, Hurricane Sandy caused H. Obama declared the storm incident period a major disaster on October 30, 2012 (FEMA 4085-DR-NY). This declaration makes Federal Disaster Assistance available to affected communities and certain nonprofit organizations in accordance with the Robert T. Stafford Disaster Relief and Emergency Assistance Act of 1974 (Stafford Act; 42 U.S.C. 5172), as amended.

The proposed action will remove and relocate the park's eastern-most Pier 1 and associated floating docks to a new location, approximately 1,000 feet to the west. The new location will align to the existing boat launch and landward parking area and be closer to Marina concessions. Some materials will be re-used including the western-most floating docks and the pump-out and refueling dock. New pier supports will be concrete pilings with a cast-concrete deck to provide increased strength. New timber decking will maintain the appearance of the existing pier and docks. In a similar layout as the current but with slightly less mooring capacity, floating docks will attach to the pier along with new flotation devices. Commercial docks for ferry service and recreational boat tours will be accessed by aluminum gangways similar to those in use before the storm. A floating dock will also be dedicated for the use of human-powered vessels (i.e. kayaks, SUPs, etc.) A timber wave attenuation screen extending into Flushing Bay will provide for a calmer docking environment and protect the pier and floating docks against future storm events.

In accordance with the National Environmental Policy Act (NEPA), an Environmental Assessment (EA) has been prepared to assess the potential impacts of the proposed action on the human environment. DHS-FEMA's requirement of addressing floodplain management and wetlands protection in accordance with 44 CFR Part 9 is incorporated within the EA. The EA is available for public comment, and comments can be sent via email, to FEMAR2COMMENT@fema.dhs.gov. The EA will be available for download from the website, https://www. nycgovparks.org/facilities/marinas/13 and can be viewed in hard copy at NYC Parks, The Arsenal, Central Park, 830 Fifth Avenue, Room 401, New York, NY 10065. The EA is also available on FEMA's website, https://www.fema.gov/emergency-managers/practitioners/ environmental-historic/nepa-repository.

The comment period will end 30 days after the date of this legal notice publication in the *Queens Chronicle* newspaper. Written comments on the EA can be mailed or emailed to the contact below. If no substantive comments are received, the EA will become final and a Finding of No Significant Impact will be signed. Substantive comments will be addressed as appropriate in the final documents. Contact: Federal Emergency Management Agency, Region II, Environmental Planning and Historic Preservation, 26 Federal Plaza, Suite 1802, New York, NY 10278, or via email, at <u>FEMAR2COMMENT@fema.dhs.gov</u>.
