### BOARD OF STREET OPENING AND IMPROVEMENT.

The Board of Street Opening and Improvement met, pursuant to call, in the Mayor's Office, at 2 P. M., on Wednesday, January 21, 1880.

Upon a call of the roll the following were ascertained to be present: Edward Cooper, Mayor; Richard A. Storrs, Deputy Comptroller; Allan Campbell, Commissioner of Public Works; John J. Morris, President of the Board of Aldermen.

The following authorization was presented by the Deputy Comptroller:

Pursuant to the provisions of section 32 of chapter 335 of the Laws of 1873, I hereby designate and authorize Richard A. Storrs, Deputy Comptroller, to possess every power and perform all and every duty belonging to the office of Comptroller of the City of New York, on Wednesday and Thursday, the 21st and 22d days of January, 1880, for the reason that on those days I shall be absent from the Comptroller's Office.

Which was directed to be recorded on the minutes.

The minutes of the meeting held December 16, 1879, were read and approved.

James F. Wenman, President of the Department of Public Parks, then appeared and took part in the meeting.

The Secretary presented a paper signed by the members of the Board, acknowledging that they had received due and timely notice of the present meeting, which was ordered on file.

The Secretary also notified the Board that he had caused to be inserted in the CITY RECORD a notice, signed by all the members, that they proposed to lay out and open West Fifty-third street, from the Tenth avenue to the Eleventh avenue, and West Fifty-fourth street, from the Tenth avenue to the established bulkhead line on the Hudson river, and would lay their proposed action before the Board of Aldermen on or after January 27, 1880.

The Mayor presented the following communication, which was ordered on file.

To the Board of Street Opening and Improvement of the City of New York:

GENTLEMEN—The undersigned, owners of property, respectfully petition that Washington street be extended from Little West Twelfth street to West Fourteenth street, so as to run parallel with the Ninth and Tenth avenues, in the manner shown on the accompanying diagram.

We respectfully submit that this improvement should be made for the following among other reasons:

Washington street, which is almost exclusively devoted to business purposes, and on which there is a great amount of travel, terminates abruptly in a short, narrow street (Little Twelfth), and there is no suitable way of entrance to or exit from its northern end, which its importance as a business street requires. If it is extended to Fourteenth street, a distance of only two blocks, it will then terminate in a large, wide, and extensive thoroughfare.

There is no suitable or sufficient way of access to or departure from the new market which has just been established on the Fort Gansevoort property at Washington and Little West Twelfth streets. The streets that now lead to the Market are very narrow, are encumbered with car tracks and filled with obstructions, and do not afford sufficient means of communication with it. It is proposed also to establish a ferry from the foot of West Fourteenth street to Jersey City, and the probabilities are that it will be in operation in a short time. Inasmuch as the inauguration of the market and the ferry will tend to largely increase the travel and business in this locality, an avenue such as the proposed improvement would make will be a public necessity.

If extended in accordance with annexed diagram it will not be necessary to tear down or remove any buildings, as the land which it is proposed to take consists of vacant lots. A large item of expense will thereby be saved.

The proposed extension will not alter or interfere with any existing house or lot lines. An objection of considerable consequence is thus avoided.

If undertaken at once, the cost of this improvement will be small, and the consequent expense to the property owners trivial.

Your petitioners therefore urgently request that immediate action be taken by your Board.

Very respectfully yours,

reference must be made to the plans and specifications for  
the same, on file in the office of the Department.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and re-let as provided by law.
