DEPARTMENT OF DOCKS.

NOTICE.

DEPARTMENT OF DOCKS,
Nos. 117 AND 119 DUANE STREET,
NEW YORK, 4th April, 1878.

JAMES M. OAKLEY & CO. WILL SELL AT Public Auction, at the Exchange Salesroom, No. 111 Broadway, on

MONDAY, 15TH APRIL, 1878,

at 12 o'clock M., the right to collect and retain all wharfage which may accrue for the use and occupation by vessels of more than five tons burthen, of the following-named Piers and Bulkheads, to wit:

ON NORTH RIVER.

For and during the term of three years, from 1st May, 1878:

- Lot 1. Pier, new 43, including use of shed and appurtenances thereon (except reservation of the water adjacent to the northerly side for ferry purposes).
Lot 2. Pier at West Eleventh street, and Bulkhead extending easterly from southerly side thereof to west line of West street.
Lot 3. Bulkhead at foot of Bank street.
Lot 4. Pier at Little Twelfth street.
Lot 5. Pier at West Twenty-fourth street. (The present lessee has the right to remove the shed thereon at any time, prior to 1st May, 1878).
Lot 6. Pier at West Twenty-sixth street.
Lot 7. Pier at West Thirtieth street.
Lot 8. Pier at West Fortieth street.
Lot 9. Pier at West Forty-sixth street.
Lot 10. Pier at West Forty-seventh street (except reservation on southerly side for dumping-board).
Lot 11. Pier at West Fifty-first street.
Lot 12. Pier at West Ninety-sixth street.
Lot 13. Pier at West One Hundred and Twenty-ninth street (except reservation on southerly side for dumping-board).
Lot 14. Bulkhead extending from southerly line of West One Hundred and Thirtieth street (extended) to southerly side of Pier structure at West One Hundred and Thirty-first street.

For and during the term of one year, from 1st May, 1878:

- Lot 15. Pier at West One Hundred and Fifty-fifth street.
Lot 16. Pier at West Fifty-seventh street. (No dredging will be done at these premises by the Department).

For and during the term of three years, from 1st June, 1878:

- Lot 17. Pier at West One Hundred and Thirty-first street and Bulkhead adjoining northerly side and extending northerly and easterly to retaining wall.

ON EAST RIVER.

For and during the term of eight years, from 1st May 1878:

- Lot 18. Easterly half of Pier 6, including bulkhead extension and bulkhead adjoining (except reservation for the right to fill in inside of the exterior line of South street, extended, at such time as the law may provide, the new bulkhead established thereby to be an offset for the portion made solid filling).
For and during the term of three years, from 1st May, 1878:

- Lot 19. Pier 7 (except reservation for the right to fill in inside of the exterior line of South street, extended, at such time as the law may provide, free of claim consequent upon the length of the pier being reduced thereby).
Lot 20. Bulkhead between Piers 18 and 19, including use of platform thereat (the present lessee has the right to remove the shed thereon at any time prior to 1st May, 1878).
Lot 21. Pier 43 (except inshore half of westerly side; the present lessee has the right to remove the shed thereon at any time prior to 1st May, 1878).

- Lot 22. Pier 44 and bulkhead adjoining westerly side.
Lot 23. Pier 46.
Lot 24. Easterly half of Pier 51 and westerly half of small pier east thereof and bulkhead between (except reservation for berth at end of said small pier for Public Bath during summer seasons).
Lot 25. Westerly half of Pier 52 and easterly half of small pier west thereof and bulkhead between (except reservation for berth at end of said small pier for Public Bath during summer seasons).
Lot 26. Northerly half of Pier 62.
Lot 27. Pier at East Thirty-eighth street (except reservation on northerly side for dumping-board).
Lot 28. Pier at East Fifty-third street.
Lot 29. Pier at East Fifty-fourth street, to extend the entire width of the street and average 36 feet in length now under contract to be erected and ready for use 1st May, 1878).
Lot 30. Pier at East Seventy-ninth street.
Lot 31. Bulkhead at East Eighty-sixth street.
For and during the term of three years from 1st June, 1878:
Lot 32. Bulkhead between East Twenty-third and East Twenty-fourth streets, north of the ferry premises.

ON HARLEM RIVER.

For and during the term of three years from 1st May, 1878:

- Lot 33. Pier at East One Hundred and Sixth street.
Lot 34. Pier at East One Hundred and Seventeenth street.

TERMS AND CONDITIONS OF THE SALE.

The Department will make, prior to the 1st May, 1878, such repairs to any of the above premises, in the judgment of the Commissioners, needing them, as they may consider necessary to place them in suitable condition for service during the terms for which leases are to be sold; but all the premises must be taken in the condition in which they may be in on the date of commencement of said terms, respectively; and no claim that the property is not in suitable condition at the commencement of the lease, will be allowed by the Department; and all repairs and rebuilding required and necessary, during the terms leased, are to be done at the expense and cost of the lessees.

Purchasers will be allowed three months, from date of commencement of their leases, in which to notify the Department that dredging is required at the premises leased; and the Commissioners guarantee to do all possible dredging, as soon after being notified of the necessity thereof, as the work of the Department will permit; but in no case will the Department dredge where a depth of ten feet at mean low water already exists, nor after that depth shall have been obtained by dredging; and no claim will be received or considered by the Department, for loss of wharfage or otherwise, consequent upon any delay in doing the work of such dredging, or consequent upon the premises being occupied for dredging purposes. All dredging required at any of the above premises, of which the purchaser of the lease thereof, shall neglect or omit to notify the Department during the first three months of the term of the lease, and all dredging necessary during the remainder of such term, is to be done at the expense and cost of the lessee.

The up-set price for each of the above-named premises will be fixed by the Department of Docks, and announced by the auctioneer at the time of the sale.

Each purchaser of a lease will be required at the time of the sale, and in addition to the auctioneer's fees, to pay to the Department of Docks twenty-five per cent. of the amount of annual rent bid, as security for the execution of the lease, and which twenty-five per cent. will be applied to the payment of the rent first accruing under the lease when executed, or forfeited, if the purchaser neglects or refuses to execute the lease and bond within five days after being duly notified that the lease is prepared and ready for signature. The Commissioners reserve the right to resell the leases bid off by those failing to comply with these terms; the party so failing to be liable for any deficiency which may result from such resale.

Lessees will be required to pay their rent quarterly, in advance, in compliance with a stipulation therefor in the form of lease adopted by the Department.

Two sureties, each a freeholder and householder in the City of New York, and to be approved by the Commissioners of Docks, will be required, under each lease, to enter into a bond jointly with the lessee, in the sum of an amount double the annual rent, for the faithful performance of all the covenants of the lease; and each purchaser will be required to submit, at the time of the sale, the names and address of his proposed sureties.

Each purchaser will be required to agree that he will, upon being notified so to do, execute a lease prepared upon the printed form adopted by the Department, which can be seen upon application to the Secretary, at the office, 119 Duane street.

No person will be received as lessee or surety who is delinquent on any former lease from the Corporation; and no bid will be accepted from any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the Corporation.

JACOB A. WESTERVELT,
HENRY F. DIMOCK,
JACOB VANDERPOEL,
Commissioners of Docks.

BOARD OF EDUCATION.

SEALED PROPOSALS WILL BE RECEIVED AT the office of the Clerk of the Board of Education, corner of Grand and Elm streets, until Friday, April 19, 1878, at 4 P. M., for supplying the coal and wood required for the public schools in this city, for the ensuing year—say ten thousand (10,000) tons of coal, more or less, and eight hundred and fifty (850) cords of oak, and five hundred and fifty (550) cords of pine wood, more or less.

The coal must be of the best quality of white ash, furnace, egg, stove, and nut sizes, clean and in good order, two thousand to hundred and forty (2,400) pounds to the ton, and must be delivered in the bins of the several school buildings at such times and in such quantities as required by the Committee on Supplies.

The proposals must state the mines from which it is proposed to supply the coal (to be furnished from the mines named, if accepted), and must state the price per ton of two thousand two hundred and forty (2,440) pounds.

The quantity of the various sizes of coal required will be about as follows, viz.: Eight thousand one hundred (8,100) tons of furnace size, nine hundred and fifty (950) tons of stove size, three hundred and fifty (350) tons of egg size, and six hundred (600) tons of nut size.

The oak wood must be of the best quality, the stick not less than three (3) feet long. The pine wood must be of the best quality, Virginia, and not less than three (3) feet six (6) inches long. The proposal must state the price per cord of one hundred and twenty-eight (128) cubic feet, solid measure, for both oak and pine wood, and also the price per cut per load for sawing, and the price per cut per load for splitting, the quantity of oak wood to be split only as required by the Committee on Supplies. The wood will be inspected and measured under the supervision of the Inspector of Fuel of the Board of Education, and must be delivered at the schools as follows: Two-thirds of the quantity required from the 10th of June to the 15th of September, and the remainder as required by the Committee on Supplies; said wood, both oak and pine, must be delivered sawed, and, when required, split, and must be piled in the yards, cellars, vaults, or bins of the school buildings, as may be designated by the proper authority. The contracts for supplying said coal and wood to be binding until the first day of June, 1879. Two sureties for the faithful performance of the contract will be required, and each proposal must be accompanied by the signatures and residences of the proposed sureties. No compensation will be allowed for delivering said coal and wood at any of the schools, nor for putting and piling the same in the yards, cellars, vaults, or bins of said schools.

Proposals must be directed to the Committee on Supplies of the Board of Education, and should be indorsed "Proposals for Coal," or "Proposals for Wood," as the case may be.

The Committee reserve the right to reject any or all proposals received.

JURORS.

NOTICE IN RELATION TO JURORS FOR STATE COURTS

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
New York, June 1, 1877.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable jurors, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

THOMAS DUNLAP, Commissioner,
County Court-house (Chambers street entrance)

SUPREME COURT.

In the matter of the application of the Department of Public Works for and in behalf of the Mayor, Aldermen, and Commonalty of the City of New York, relative to the opening of One Hundred and Twenty-seventh street from the northeasterly line of Lawrence street, parallel with One Hundred and Twenty-sixth street, to the westerly side of a certain road or avenue in the City of New York, closed by act of the Legislature, chapter 290, section 10, passed April 5, 1871; as said One Hundred and Twenty-seventh street appears upon a map made by the Commissioners of the Central Park and filed in the office of the Register of the City and County of New York, on October 23, 1867.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to the owner or owners, occupant or occupants, of all houses and lots and improved or unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in these proceedings, or in any of the lands affected thereby, and who may be opposed to the same, do present their objections in writing, duly verified, to Elliott F. Shepard, Esq., our Chairman at the office of the Commissioners, No. 124 Nassau street (Room No. 22), in the said city, on or before the third day of May, 1878, and that we, the said Commissioners, will hear parties so objecting within ten week-days next after the said third day of May, 1878, and for that purpose will be in attendance at our said office on each of said ten days, at 3 o'clock in the afternoon.

Second—That the abstract of the said estimate and assessment, together with our maps, and also all the affidavits, estimates, and other documents which were used by us in making our report, have been deposited in the office of the Department of Public Works, in the City of New York, there to remain until the tenth day of May, 1878.

Third—That the limits embraced by the assessment aforesaid are as follow, to wit: All those lots, pieces, or parcels of land situated, lying, and being in the City of New York, and bounded and described as follows: Beginning at a point formed by the intersection of the northerly line of One Hundred and Twenty-seventh street with the northeasterly line of Lawrence street, running thence northerly and at right angles to said One Hundred and Twenty-seventh street 100 feet; thence easterly and parallel with One Hundred and Twenty-seventh street 619 feet and 8 1/2 inches to what was formerly the easterly line of a certain new avenue closed by an act of the Legislature, passed April 5th, 1871 (Laws of 1871, chapter 290); thence in a southerly direction 281 feet and 7 inches to a point; thence westerly and parallel to One Hundred and Twenty-seventh street 408 feet and 10 inches to the northeasterly line of Lawrence street; thence northerly and parallel to the northeasterly line of Lawrence street 217 feet and 6 inches, be the same more or less, to the corner formed by the intersection of the northeasterly line of Lawrence street with the southerly line of One Hundred and Twenty-seventh street; thence easterly along the southerly line of One Hundred and Twenty-seventh street 493 feet and 3/4 of an inch to the westerly line of said new avenue closed by an act of the Legislature, passed April 5, 1871, as aforesaid; thence northerly along the westerly line of said new avenue, closed as aforesaid, 63 feet and 8 1/2 inches to the northerly line of One Hundred and Twenty-seventh street; thence westerly along the northerly line of One Hundred and Twenty-seventh street 585 feet and 7 3/4 inches to the point or place of beginning.

Also all those other certain lots, pieces or parcels of land bounded and described as follows: Beginning at a point on the southwesterly side of Lawrence street, distant 206 feet and 3 inches from a point formed by the intersection of the southwesterly line of Lawrence street with the easterly side of the Tenth avenue; running thence southeasterly along the southwesterly line of Lawrence street, 185 feet 3 inches to a point; thence westerly and parallel to One Hundred and Twenty-seventh street, 164 feet and 4 inches to a point; thence northerly and at right angles to said One Hundred and Twenty-seventh street, 85 feet and 4 inches to the point or place of beginning.

Fourth—That our report herein will be presented to the Supreme Court of the State of New York, at a Special Term thereof, to be held in the New Court-house, at the City Hall, in the City of New York, on the sixteenth day of May, 1878, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated New York, March 25, 1878.

SALE OF FERRY FRANCHISES.

THE FRANCHISES TO RUN THE FOLLOWING ferries and a lease of the wharf property belonging to the city, if any, set apart for ferry purposes at each said ferry, will be sold at public auction to the highest bidder, at the office of the Comptroller of the City of New York, on Thursday, November 8, 1877, at 12 o'clock, noon, for the period of five years from November 1, 1877, except as otherwise stated:

Ferry from Peck Slip, New York City, to the foot of One Hundred and Thirtieth street at Third avenue, Harlem, with an intermediate landing at or near Eighty-fourth street, East river.

Ferry from Fulton Market slip, New York City, to Mott Haven, with an intermediate landing at or near Eighty-fourth street, East river, until May 1, 1879.

Ferry as now established from foot of Roosevelt street, in the City of New York, East river, to South Seventh street, Brooklyn, Eastern District, together with the bulkheads and slips adjacent to and east of the wharf property at foot of Roosevelt street, East river, owned by the Bridge Company, and now occupied for said ferry.

Bidders must bid for the franchise and lease of wharf property of each ferry separately, but no bid will be received unless it includes an offer for both the ferry franchise and wharf property.

The form of the lease required to be executed by the highest bidder can be seen at the office of the Comptroller.

All bids will be regarded as made with reference to said form of lease, and in case the highest bidder shall neglect to execute a lease according to said form, for ten days after said sale, his bid will, at the option of the Comptroller and the Board of the Department of Docks, be rejected.

The leases will contain a covenant requiring the lessees to pay rent quarter-yearly to the Comptroller.

The minimum rate for which the ferry franchise or license to operate such ferries shall be used or enjoyed has been appraised and set by the Commissioners of the Sinking Fund at five per cent. per annum upon the gross receipts or ferrage collected at the New York landing-place for the ferry as now established from the foot of Roosevelt street, New York, to South Seventh street, Brooklyn, and at two and one-half per cent. per annum upon the gross receipts collected for ferrage for the ferries from Peck Slip, New York, to the foot of One Hundred and Thirtieth street, Third avenue, Harlem; and from Fulton Market slip, New York, to Mott Haven, such percentage to be paid quarter-yearly to the Corporation, and a covenant will be contained in each lease requiring the lessees to make and deliver to the Comptroller of the City of New York, quarter-yearly, a statement in writing, verified by oath or affirmation of the lessee, or of such proper officer of the lessee as may be designated by the Comptroller, of the actual total gross receipts for ferrage received by such lessee during the preceding three months, and also, that the lessee shall keep regular books of account, showing the daily gross receipts of the ferry lessee, and allow said Comptroller, or any person designated by him, to examine such books.

The franchise will be put up and knocked down to the person offering to pay the largest percentage.

All moneys received for the conveyance of passengers, animals, vehicles, or freight from New York to be collected at the landing place in New York, or, if collected elsewhere, to be included in the receipts upon which such percentage is to be calculated and paid.

No bid less than such percentage on such gross receipts will be entertained.

The successful bidder will be required to pay to the Collector of City Revenue the sum of fifteen hundred dollars immediately after the franchise shall have been struck down to him, as security for the execution and performance of the lease, such amount to be credited on the rent when the same becomes due.

Security, satisfactory to the Comptroller, will be re-

quired for the punctual performance by the lessees of the covenants of the lease of the franchise in their behalf.

Each purchaser of a lease will be required, at the time of the sale, and in addition to the auctioneer's fees, to pay to the Department of Docks twenty-five per cent. of the amount of the annual rent bid for the wharf property, as security for the execution of the lease, and which twenty-five per cent. will be applied to the payment of the rent for such property first accruing under the lease, when executed, or forfeited if the lessee neglects or refuses to execute the lease and bond after being duly notified that the lease is prepared and ready for signature, or, in case the bid be finally rejected, will be returned to the bidder.

Lessees will be required to pay their rent for the wharf property quarterly, in advance, in compliance with a stipulation therefor in the form of the lease adopted.

The franchise and the lease of the wharf property, if any, of each ferry will be put up and sold together to the highest bidder, subject to the condition hereinafter expressed, and subject also to the right of the Comptroller and the Board of the Department of Docks to reject any or all bids, if deemed to be for the interest of the city.

The right to reject any bid, if deemed to be to the interest of the City of New York, is reserved by the Commissioners of the Sinking Fund.

SALE OF FERRY FRANCHISE.

PURSUANT TO ADJOURNMENT.

THE FRANCHISE TO RUN THE FOLLOWING ferry and a lease of the wharf property belonging to the city, set apart for ferry purposes at said ferry, will be sold at public auction to the highest bidder, at the office of the Comptroller of the City of New York, on Thursday, October 25, 1877, at 12 o'clock, noon, for the period of five years from November 1, 1877, namely:

Ferry from Ninety-second street, East river, to Astoria, Queens County, Long Island.

Bidders must bid for the franchise and lease of wharf property of said ferry separately, but no bid will be received unless it includes an offer for both the ferry franchise and wharf property.

The form of the lease required to be executed by the highest bidder can be seen at the office of the Comptroller.

All bids will be regarded as made with reference to said form of lease, and in case the highest bidder shall neglect to execute a lease according to said form for ten days after said sale, his bid will, at the option of the Comptroller and the Board of the Department of Docks, be rejected.

The lessees will contain a covenant requiring the lessees to pay rent quarter-yearly to the Comptroller.

The successful bidder will be required to pay to the Collector of City Revenue the sum of fifteen hundred dollars immediately after the franchise shall have been struck down to him, as security for the execution and performance of the lease, such amount to be credited on the rent when the same becomes due.

Security, satisfactory to the Comptroller, will be required for the punctual performance by the lessees of the covenants of the lease of the franchise in their behalf.

The minimum price for which the lease of said wharf property connected with the ferry from Ninety-second street, East river, to Astoria, Long Island, will be sold, has been fixed by the Board of the Department of Docks at the following sum, namely:

For bulkhead at foot of Ninety-second street, East river, and for premises at foot of Fulton street, Astoria, as now occupied for ferry purposes, at \$250 per annum.

The premises connected with the said ferry, to be taken in the condition in which they were in on the 1st day of August, 1877, and all repairs and rebuilding thereof, and dredging at said ferry during the term leased, to be done at the expense and cost of the lessees.

The purchaser of the lease will be required, at the time of the sale, and in addition to the auctioneer's fees, to pay to the Department of Docks twenty-five per cent. of the amount of the annual rent bid for the wharf property, as security for the execution of the lease, and which twenty-five per cent. will be applied to the payment of the rent for such property first accruing under the lease, when executed, or forfeited if the lessee neglects or refuses to execute the lease and bond after being duly notified that the lease is prepared and ready for signature, or, in case the bid be finally rejected, will be returned to the bidder.

Lessees will be required to pay their rent for the wharf property quarterly, in advance, in compliance with a stipulation therefor in the form of the lease adopted.

The franchise and the lease of the wharf property, of said ferry will be put up and sold together to the highest bidder, subject to the condition hereinafter expressed, and subject also to the right of the Comptroller and the Board of the Department of Docks to reject any or all bids, if deemed to be for the interest of the city.

The right to reject any bid, if deemed to be to the interest of the City of New York, is reserved by the Commissioners of the Sinking Fund.

Alterations, Amendments, and Additions to the Rules and Regulations.

ESTABLISHMENT OF THE GRADE OF PRIVATE—The grade of Private in the uniformed force of the Department, at an annual compensation of eight hundred dollars, was established on January 15, the uniform to be the same as that prescribed for the grade of firemen, and all the rules governing the uniformed force to be applicable to it. All appointees to that grade were required to execute an agreement binding themselves to the performance of the duties devolving upon them; to conform to the rules, regulations, and orders of the Board, and the directions of the officers; not to ask or claim any increase of compensation for service rendered as such Privates, and stating that the position was sought and accepted by them with a full knowledge and understanding that it is entirely distinct and different from the position of fireman.

SPECIAL TELEGRAPH SIGNALS—An addition to the code of telegraph signals was adopted, enabling the calling of either of the Chief Officers of the Department, or of any portion of the several Insurance Patrol Companies to any required station.

LEAVES OF ABSENCE, ETC.—The regulations on the subject of leaves of absence were revised and consolidated in one order, and the powers to grant such leaves conferred on the several officers were clearly defined. The method of recording all absences from quarters in the Company Journal and upon the morning reports was also prescribed.

PENALTIES for the loss of belts and wrenches, by members of the uniformed force, were established.

FORAGE AND FUEL—The standard of quality and quantity of feed, forage, and fuel, to be furnished the Department, and rules for weighing the same and receipting therefor, were prescribed.

DRILL AND INSTRUCTION OF HOOK AND LADDER COMPANIES—With a view to systematizing the handling and use of the ladders and implements carried upon the trucks of Hook and Ladder Companies, it was ordered that they be drilled and exercised by their officers, in the presence and under the supervision of the Chiefs of Battalion, as often as practicable, and general rules to govern the drill were prescribed.

UNNECESSARY FIRE ALARMS—For the purpose preventing the sending of needless alarms by evil-disposed or mischievous persons, who have become possessed of keys in an unauthorized manner, directions were given to fix the locks of alarm-boxes with attachments by means of which the key would be firmly held therein when used until released by an officer of the Department. Of the 547 boxes in use, 225 have been fitted with the attachment referred to, with the result thus far of leading to the recovery of a number of keys held by unauthorized persons. The plan has not been in operation a sufficient length of time to enable a comparison of the number of unnecessary alarms received since its adoption with any previous corresponding period, but there can be no doubt that it will eventually result in greatly diminishing the proportionate number of needless to necessary alarms.

VEHICLES CROSSING LINES OF HOSE AT FIRES—Frequent damage to hose while in use at fires having resulted from being run over by street cars and other vehicles, orders were issued calling attention to the following provision of law: Chapter 249, 1865, section 15, "And every person in, or upon, or owning any vehicle, who shall refuse the right of way, or in any way obstruct any fire apparatus or any of said officers, while in performance of duty, shall be guilty of a misdemeanor, and be liable to punishment for the same;" and at the same time directions to secure its enforcement, and detailed instructions for the better management and care of hose at fires, were given. In connection with this it is suggested that a clause be inserted in the licenses to vehicles issued by the Permit Bureau of the Executive Department, calling attention to and reciting the extract from the law above quoted.

CHANGES IN UNIFORMS—The following modifications of the bill of dress were ordered: The buttons on the uniform and overcoats of the Chief of Department, Assistant Chief of Department, and Chiefs of Battalion, to be fire gilt instead of white metal. The uniform coats of the Company officers to be double instead of single breasted. The insignia of rank of officers of engine companies to be embroidered on dark instead of light blue cloth.

CONDEMNED FIRE TELEGRAPH POLES—To avoid unnecessarily encumbering the streets, all old and condemned telegraph poles were ordered to be conveyed to the nearest engine-houses for use as fire-wood.

PROVISION FOR ABSENCE OF CHIEF OF BATTALION—In order that neither of the battalions of the Department should, at any time, be without a proper commanding officer, a rule was adopted requiring the Chief of an adjoining battalion to perform all the duties of any Chief of Battalion absent from duty.

RESPIRING APPARATUS—A respiring apparatus, enabling the fireman using it to enter buildings, etc., charged with dense smoke, and to remain therein for a limited period without danger of suffoca-

Losses by Fire.

The number of fires was 1,450, being an increase of 68 over the year 1876, notwithstanding which the total loss amounted to \$3,210,695, being \$640,518 less than for the preceding year, which enables the following favorable comparison of average loss per fire for the two years:

1876—Average amount of loss per fire.....	\$2,786 69
1877—““.....	2,214 27
Difference in favor of 1877.....	<u>\$572 42</u>

A very considerable proportion of the aggregate was caused by the following seven fires :

March	6—1, 3, and 5 Bond street	\$709,178 00
"	13—90 to 94 Franklin street.	123,000 00
Sept.	3—521 to 539 West Thirty-fifth street and other buildings (Hale's piano factory)	512,000 00
Oct.	3—238 to 244 Avenue B, corner Fourteenth street (car stables)	144,300 00
"	17—161 to 165 West Eighteenth street, and other buildings.	179,395 00
Nov.	27—Foot of Seventh street, East river, steamboat "C. H. Northam".	175,000 00
Dec.	21—61 Barclay street, and other buildings.	322,640 00
	Total, seven fires.	\$2,165,513 00

The average amount of loss per fire, after deducting the amount of loss for the above seven fires, was \$724.31.

Fires in Places of Amusement, etc.

A number of fires occurred in places of amusement where stage machinery and scenery is used, all of which were extinguished in their incipency, and the great majority by the firemen detailed by this Department for that duty. In several of these instances it was reported that the conduct of the men so detailed averted panics and probable loss of life and injuries to limb; while, on occasions of entirely groundless alarms, the excitement was allayed upon an assurance from the firemen on duty that there was no cause for alarm.

The Department is still engaged in the enforcement of the regulations established under authority of the law, requiring communication to be provided with the Headquarters for the purpose of enabling the receipt of notice of any occurrence requiring the presence of the Department at the earliest possible moment thereafter.

Casualties at Fires.

The number and nature of the casualties at fires, or in connection with the operations of the Department in responding to alarms, was as follows :

	FATAL.	SERIOUS.	SLIGHT.
Members of Department.....	..	20	72
Citizens..... ³⁴	34	20	44
Total.....	34	40	116

Of this number 13 deaths and 27 serious and slight injuries (three of the latter occurring to members of the Department) were caused by the Barclay street fire on December 20.

Annual Inspection.

The customary annual inspection of the officers and members of the uniformed force, and their uniforms, etc., the apparatus, hose, company quarters and contents, horses and harness, tools and implements, was made during the month of November, the report of which shows the Department to be in efficient and serviceable condition.

Parades and Ceremonies.

Upon the invitation of the Grand Marshal of the day, a brigade of the uniformed force of the Department paraded with apparatus, in conjunction with the National Guard, as escort to the Grand Army of the Republic, on Decoration day, May 30.

On December 1st the First Battalion paraded for review by his Honor the Mayor, at the City Hall, upon which occasion the Bennett medal for the year 1876, which had been awarded to Fireman Joseph McGowan, of Engine Company No. 6, for meritorious and gallant service, consisting in the rescue, at a personal risk, of one adult female and four children, from the third floor of the burning tenement No. 15 Thames street, was presented to him by his Honor the Mayor.

Record of Meritorious Services.

The following is the record of meritorious services, involving personal risk, performed by members of the uniformed force during the year, as taken from the roll of merit.

March 11. Fire in tenement No. 24 Ludlow street. Chief John W. Miller, commanding Fourth Battalion, assisted in the rescue of a number of the occupants.

March 31. Fire in house No. 29 North William street and 43 Chatham street. Fireman Thomas Dougherty of Hook and Ladder Company No. 1, rescued two adults from sub-basement.

August 28. Fire in house No. 188 Eldridge street. Fireman Dennis J. Doran, of Engine Company No. 17, rescued a child from third floor, making three attempts.

Ten adults and twenty-one infants were rescued by the Department at fires.

Corps of Sappers and Miners.

It has been found extremely difficult to obtain locations for magazines for the storage of the required explosives for use by the Corps of Sappers and Miners, should an emergency make it necessary to make practical application of the instruction and drill of the corps, which has been steadily continued during the year. The two most important and somewhat conflicting points to be considered in connection with the locations were, entire safety, which could only be secured by isolation, and second, accessibility at all times, which confined the choice of a site to points not far from the centre of the city. Having failed to secure such locations in the city, arrangements were perfected for the storage of the materials referred to on board of a powder boat, access to which may be had by means of the fire steamer belonging to the Department, at any required time. In the mean time a quantity of cartridge cases were manufactured for use should the necessity arise.

The services of the Corps of Sappers and Miners were put in requisition in throwing the two chimney stacks and the dangerous walls which remained standing after the Thirty-fifth street fire, the efforts to accomplish the purpose by the ordinary means having proved futile. The result was both gratifying and creditable to the corps, all being thrown without the least damage to surrounding property. In throwing the chimney stacks, the charges were, upon the suggestion and by direction of the chief of the corps, placed in the flues, a method which the superior results obtained in this instance recommends in all cases where such objects are found in isolated positions.

The course of theoretical instruction of the corps was continued, and covered the following principal subjects : nitro-glycerine, gun-cotton, picrates and picric powder, fulminating mercury ; the construction and test of fuses for detonating frozen nitro-glycerine compound ; the laws governing the transmission of detonation on land and in water ; Striedinger's method of the simultaneous firing of large numbers of mines ; the most advantageous grouping of fuses ; a new magneto-electric machine for blasting ; all of which instruction was illustrated by experiments and drawings.

The instructor of the corps was also frequently called upon to act as an expert in matters of explosives and combustibles, and also performed service as a member of the Board of Survey which was appointed to examine and report on the safety and adaptability of the new bell-tower which forms part of the Third District Court-house.

Changes in Organizations.

The Chemical engine companies, formerly maintained as separate organizations, have been consolidated with hook and ladder companies, by adding to such companies two men and giving them charge of the Chemical engines, with the result of reducing the number of men formerly required for that branch of the service.

Increase of Water Facilities for Fire Purposes.

The Department of Public Works has complied with the greater part of the recommendations made by this Department to lay larger service pipes and put in additional fire-hydrants, thereby much improving the facilities for obtaining the necessary supply of water for fire purposes, and affording better protection in parts of the city hitherto deemed to be dangerously exposed.

Storage of Naphtha.

Surveys ordered by the Board early in the year showed that in nearly all the gas works of the city large quantities of naphtha were stored for use above ground, and in such manner that, in the event of its taking fire, the overflow therefrom would seriously endanger surrounding premises. Under authority of the law, the Board prescribed that precautions should be taken by the several companies to avoid such results. In most instances the directions and recommendations were finally complied with, while the cases still pending will be as vigorously pressed to a successful issue as the resources of the Department will permit.

Indictments and Convictions.

Samuel Hibbs having pleaded guilty to arson, third degree, for having set fire to the mill of James M. Bennett, at Mott Haven, on the 13th of July, 1876, was sentenced, in the Court of General Sessions, on 26th of January, to be confined in State Prison for the term of four years.

Thomas G. Bennett was indicted, October 12th, for arson, third degree, for having, as alleged, set fire to premises No. 150 East Thirty-ninth street, on 23d of September.

Ellen Carey, indicted September 19th for arson, first degree, for having, as alleged, set fire to dwelling of Thomas Donnelly, was convicted and sentenced on October 24th, in the Court of General Sessions, to be confined in the Penitentiary for life.

The apparatus, hose and general fire appliances are in very good and serviceable condition.

The following is a statement of work done at the Repair Shops:

Built—

3 Four-wheel Hose Tenders.
1 Hook and Ladder Truck.

Rebuilt—

3 Steam Fire Engines.
10 Hose Tenders.

Extensively Repaired—

13 Steam Fire Engines.
2 Chemical Fire Engines.
2 Hook and Ladder Trucks.

Which, in addition to the large amount of minor repairs, has kept the full force at the Repair Shops fully and advantageously employed.

New Hose Received.

Fifteen thousand feet of cotton, rubber lined, and five thousand feet of combination rubber hose were added to the amount reported on hand at the end of the year 1876, from which in the inventory herein given, the quantity condemned during the past year was deducted.

Horses.

Nineteen horses were condemned and sold, eight died, and forty-two were bought, making the aggregate number now in the Department two hundred and eight (208). As stated in the report for the year 1876, the horses which have been in service since the organization of the Department in 1865, are rapidly growing fewer in numbers, and a gradual increase in the expenditures for this item must be looked for while any such remain in the service.

DAMAGE TO WIRES BY SLEET STORM—An unusually severe sleet storm, which occurred on January 15, rendered the greater part of the telegraph wires unserviceable to such an extent that, with the services of the regular force and such men as could be employed for the purpose, it required nearly two days to put them all in working condition, and eight days to entirely repair the damage so occasioned.

ORDINANCE AGAINST KITE-FLYING—Much trouble, and sometimes serious delay has resulted from the entanglement of kite tails and strings with the telegraph wires of the Department in the section of the city north of Fourteenth street, to obviate which an amendment to section 50 of chapter 45 of the Ordinances of 1866 (which now prevents the flying of kites south of Fourteenth street), was suggested by the Department to the Common Council, extending the prohibition over all that part of the city south of Fifty-ninth street, and restraining the practice north of that line to the streets, avenues, etc., in which no telegraph lines are located. The amendment, however, failed to pass the Board of Aldermen, and resulting delays, interferences, disconnections, and interruptions to the transmission of signals over the Department wires may at any time become the cause of disastrous fires.

REPLACING TELEGRAPH CABLE—The old telegraph cable connecting stations located on Ward's Island with the city proper, having become useless, a contract made for the laying of a new cable, which is now in operation, and furnishes the required facilities for telegraphic communication in case of fire in any of the public institutions located upon the island.

GENERAL REPAIRS TO TELEGRAPH—In addition to the above the following general work and repairs by the telegraph force is reported as having been accomplished during the year: new poles set, 663; old poles reset, 114; poles painted, 753; poles taken down, 678; poles branded, 1,244; poles stenciled, 270; boxes painted, 401; miles of wire replaced, 105. One street alarm box, nearly destroyed by the fire in Thirty-fifth street (Hale's piano factory), was renewed.

BELL TOWERS—The iron bell tower located in the rear of the quarters of Engine Company No. 34, on Thirty-third street, between Ninth and Tenth avenues, having been pronounced unsafe and unfit for further use, it was, by resolution, turned over to the Commissioners of the Sinking Fund, by whom it was authorized to be sold and removed.

The Department of Public Works having turned over the bell tower erected on the new Third District Court-house, located at the corner of Tenth street and Sixth avenue, an inspection of the same induced doubts as to the advisability of occupying and using it as constructed, and the Board considered it necessary to cause a survey of the tower to be made, the report of which fully justified the question raised, and contained recommendations for alterations deemed absolutely required before its occupation and use by this Department. Estimates of the cost of making the alterations referred to have been ordered.

Application was made during the year to the United States authorities for permission to locate a lookout for fires on the Post Office building, and it was denied on the ground that the conveyance from the municipal to the United States authorities of the land upon which the building stands, contained conditions restricting the use of the premises in such a manner as to make it impracticable to grant it. A lookout at that point would be extremely desirable, and if the restrictions referred to could be removed, its establishment would be of great value to the Department. Further efforts will therefore be made to secure it.

The removal of the telegraph apparatus and machinery at Headquarters, with important additions thereto, from the second to the third floor is now in progress. Both the removal and the additions and improvements had become necessary; the former, because of the already cramped accommodations, and the latter to carry out plans for its improvement which experience had suggested, and the perfection of electrical machinery, since the introduction of the present fire alarm system, made very desirable.

NOTE—The locations marked thus (*) are leased by the Department, all others are city property. The locations marked thus (†) are only in part occupied by the Department.

The building used for the headquarters of the Department being much in need of repairs, rearrangement and alterations, and the system of heating the same being found totally inadequate, steam-heating was introduced; other alterations looking to the better and more convenient despatch of business are in contemplation, together with further repairs which are absolutely necessary.

During the year a number of the houses of the Department underwent very necessary general repairs and alterations. The houses in which extraordinary repairs or alterations were made are the following:

Headquarters.
 Hospital Stables.
 Mount Morris Bell Tower.
 Engine Co. No. 5.

 159 East Eighty-fifth street.

The house occupied as quarters of Hook and Ladder Company No. 17, turned over to the city at the time of the annexation of Morrisania, and located on Third avenue, near One Hundred and Fortieth street, having been found unsuitable for the purpose, and the lease of the ground having expired, arrangements were made for leasing new and better quarters for that company on One Hundred and Forty-third street, near Third avenue, at the rate of seven hundred dollars per annum, for a term of years, and the same were occupied by the company on September 21, while the old house being city property, was duly turned over to the Commissioners of the Sinking Fund.

An amendment to the provisions of the law relating to the Relief Fund of the Department was secured at the last session of the Legislature, the salient points of which are that it secures to the Fund one-half of the tax on foreign fire insurance companies doing business in this city, instead of one-third as heretofore, and enables the Commissioners to relieve members of the uniformed force from duty at fires, while still retaining their services for other purposes, if upon examination they be found to be only partially, but permanently, physically or mentally disqualified, or to retire them from all service if the disqualification be found to be permanent and total. The amount of compensation or pension in both of these cases being determined under the law to be one-third of the compensation received at the time, in case the disability was not incurred in the actual performance of duty or if it was incurred prior to the expiration of ten years active and continuous service in the Department; and one-half of the compensation received at the time, if the disability was incurred in the actual performance of duty, or subsequent to the expiration of ten years active and continuous service in the Department. The maximum allowance to the heirs of deceased members of the uniformed force was increased from \$150 to \$300 per annum. Under these provisions nine members were retired from all service, and four relieved from duty at fires and assigned to messenger or watch duty.

Very respectfully,
 VINCENT C. KING,
 JOSEPH L. PERLEY,
 JOHN J. GORMAN, } Commissioners.

Herewith is appended a tabular statement of details of fires and alarms of Fire Department for fourth quarter and year ending December 31, 1877.
