HEALTH DEPARTMENT.

Communication to the Mayor in respect to Location of Children's Hospital.

HEALTH DEPARTMENT—No. 301 MOTT STREET,
NEW YORK, May 23, 1883.

Hon. FRANKLIN EDSON, Mayor, etc.

SIR—At a meeting of this Board held this day, it was
“Resolved, That the communication of his Honor the Mayor, transmitting resolution 413 of the Common Council, be placed on file, and that the following statement, embodying the views of the Board of Health, be transmitted to his Honor the Mayor:

“The dangers incident to the location of the Children's Hospital on the site mentioned, at the foot of East Sixteenth street, have repeatedly had consideration, and experience has justified the position which was reached prior to 1879, that it was an advantageous place for such an institution. When the reception hospital that was formerly located at the Bellevue Hospital grounds was destroyed by fire June 8, 1877, the necessity was apparent of supplying its place, and also of taking a new location because of the need of Bellevue Hospital of all its ground for its own use, and there was an extended inquiry and several consultations between the officers of this Department with the Mayor of the city and the officers of the Sinking Fund and the other Departments, but no other site was found which could be used with advantage and could be appropriated.

“In reply to apprehensions of danger from it which were brought to the attention of the Mayor, the annexed communication, published in the CITY RECORD of July 10, 1879, was addressed to his Honor Edward Cooper, Mayor of the city at that time, and the anticipations then expressed that no evil results could possibly follow, while great public good would be attained by the building of this reception hospital have been justified in its use since that date.

“We beg to call particular attention to the reasons given in this letter, and to say again that no danger to the neighborhood can arise from the building. As to the Children's Hospital, which we are about to erect on the north side of Sixteenth street, east of Avenue C, we would say that the necessity has been forced on this Department of providing within the city limits a building to which children suffering from scarlet fever and diphtheria could be removed, in order to prevent the spread of these diseases in tenement-houses, boarding-houses, and hotels. The want of such a hospital has been felt for years, and this Board has been urged by the Academy of Medicine of the city and the County Medical Society to provide such a hospital. This hospital is not intended to be used for any of the graver contagious diseases, such as small-pox, typhus fever, etc. Ample provision has been made for all these cases in the new hospital on North Brothers' Island, to which the Riverside Hospital will soon be transferred.

“With regard to the selection of some other locality for the erection of this Children's Hospital, we would say that this is the only site available for the purpose after a very careful inquiry had been made, and is in every way the best site for the purpose.

“The Board of Health did not assume to act alone, under the powers conferred in section 3 of Chapter 636 of the Laws of 1874, to designate the proper place to which persons afflicted with contagious diseases should be removed, but has acted throughout in conjunction with the officers of the other city departments, namely: The Dock Department, the Board of Estimate and Apportionment, and the Sinking Fund Commissioners. Further, the site was assigned by the Dock Department and the Sinking Fund Commissioners in December, 1882, and the Board of Estimate and Apportionment provided for building upon the site in their estimates for the current year. Plans were drawn and advertisements for bids according to law were inserted in the CITY RECORD. These bids were opened at the last meeting of this Board, held on the 15th day of May, when the rights of the lowest bidder became settled according to law.

“In conclusion we would say that we regard this as the best location in the city for the erection of this Children's Hospital, and that its existence at this place will not in the slightest degree jeopardize the lives or comfort of the residents of this portion of the city; while on the other hand it will afford a safe retreat for the isolation and proper care of the children of the city when suffering from scarlet fever or diphtheria, and thus not only greatly aid in securing their safe recovery, but also prevent the spread of these diseases in crowded dwellings.

“This hospital will not be within 500 feet of any dwelling house, and any danger would be amply guarded by a space of 50 feet or less. Experience on this point does not admit of any question. At the same time it is a great advantage to have this hospital on the island near the thickly populated portion of the city, as otherwise it would be very difficult to induce parents to trust their children to the care of the public authorities when suffering from the milder form of contagious diseases, to say nothing of the convenience of the transportation of the sick.”

EMMONS CLARK, Secretary.

HEALTH DEPARTMENT OF THE CITY OF NEW YORK,
NEW YORK, June, 30, 1879.

Hon. EDWARD COOPER, Mayor, etc.

DEAR SIR—In reply to your favor of June 26th, inclosing a copy of a resolution of the Common Council, inquiring whether the erection of the Reception Hospital of the Health Department at the foot of East Sixteenth street will be dangerous to the neighborhood or not, we would respectfully reply that in our opinion it is the best position available for this purpose within the city limits. Its western extremity is 1,045 feet from the nearest dwelling house. It is bounded on the east by water, on the north by the yard of the Dock Department in which blocks of granite are stored, on the west by the dog pound, beyond that at a distance of several hundred feet the stables of the street-cleaning Department, and on the south by the coal yards of the Manhattan Gas Companies.

It is necessary for the proper care of contagious diseases and for their speedy removal from tenements, boarding-houses and hotels, that this Department shall have a Reception Hospital, to serve as a shelter until the boat may arrive to transfer the patients to the Riverside Hospital at Blackwell's Island. Sometimes the patients remain only a few moments, but occasionally it is necessary to shelter them for the night.

In our opinion the residents of the Eighteenth Ward will not be exposed to any danger whatever from the erection of the Reception Hospital at the foot of East Sixteenth street. For a year and a half there was hardly a case of small-pox, and it is only now and then that a few cases make their appearance. During 1878 there were only three cases of small-pox removed to the hospital, and during the last two years and a half the total number of cases removed has been 69. During the many years that the Reception Hospital was located on the grounds of Bellevue Hospital, within a few rods of the main building, and when at times one hundred cases a week were sheltered there, not a single inmate of Bellevue contracted the disease. The Riverside Hospital on Blackwell's Island to which the cases are taken for treatment, and where they remain until the disease is terminated, is much nearer to Charity Hospital than is the proposed Reception Hospital to the nearest dwelling houses, and yet even here no danger is apprehended.

With regard to the suggestion contained in the resolutions of the Common Council, we would state that the site occupied by the former Reception Hospital at Bellevue, destroyed by fire about two years ago, is not available for this purpose, the Commissioners of Public Charities and Corrections

having refused to permit this Department to erect the new hospital there, and having erected a new surgical ward in such a position as to make it practically impossible at the present time, even with their consent, to place there the Reception Hospital.

We know of no other place in the City of New York available for the erection of the Reception Hospital, nor can there be any other place as well adapted for the purpose as the one selected.

Unless this Board shall have the proper means for caring for contagious diseases, it cannot be held responsible for the protection of this community from their spread.

Yours, very respectfully,

C. F. CHANDLER, } Health
EDWARD G. JANEWAY, M. D. } Commissioners.

Bureau of Vital Statistics.

The certificates of 513 births, 37 still-births, 342 marriages, and 728 deaths, reported to have taken place in this city, were received by this Bureau during the week ending Saturday, May 19, 1883. This shows an increase of 67 births, 92 marriages, and 60 deaths, and a decrease of 22 still-births, when compared with the number received during the preceding week; but when compared with the corresponding week of the year 1882, there was an increase of 19 births and 165 marriages, and a decrease of 14 still-births, and 32 deaths. Compared with the mortality reported during the preceding week, the deaths from scarlatina decreased 2; diphtheria, 11; erysipelas, 3; typhus fever, 2; cerebro-spinal fever, 1; pneumonia, 26; heart diseases, 2; convulsions, 7; while the deaths from measles increased 12; croup 10; whooping-cough, 3; typhoid fever, 2; puerperal diseases, 1; diarrhoeal diseases, 2; inanition, 6; alcoholism, 3; rheumatism and gout, 3; cancer, 12; phthisis pulmonalis, 31; bronchitis, 6; aneurism, 2; hydrocephalus and tubercular meningitis, 2; meningitis and encephalitis, 4; apoplexy, 6; all diseases of the brain and nervous system, 4; cirrhosis and hepatitis, 1; Bright's disease and nephritis, 5; cyanosis and atelectasis, 3; premature and preterm births, 1; suicide, 4; and drowning, 9. The number of deaths from malarial fevers, marasmus, tabes mesenterica and scrofula, and surgical operations was the same in the two successive weeks.

Deaths from the principal Zymotic Diseases, Phthisis Pulmonalis, Pneumonia, Bronchitis, and Children under five years of age, reported during the week and compared with the three preceding weeks.

TO CONTRACTORS.

(No. 189.)

PROPOSALS FOR ESTIMATES FOR FURNISH-
ING A NEW BOILER, TANKS AND SMOKE
PIPE, WITH ALL THEIR APPURTENANCES,
COMPLETE, AND FOR REPAIRING THE
DONKEY BOILER ON THE TUG "MAN-
HATTAN."

ESTIMATES FOR FURNISHING A NEW
boiler, tanks and smoke pipe, with all their appur-
tenances, complete, and for repairing the donkey boiler,
on the Tug "Manhattan," will be received by the Board
of Commissioners at the head of the Department of
Docks, at the office of said Department, Nos. 117 and
119 Duane street, in the City of New York, until 12
o'clock M., of

MONDAY, JUNE 18, 1883,

at which time and place the estimates will be publicly
opened by the head of said Department. The award
of the contract, if awarded, will be made as soon as prac-
ticable after the opening of the bids.

Any person making an estimate for the work shall fur-
nish the same in a sealed envelope to said Board, at said
office, on or before the day and hour above named, which
envelope shall be indorsed with the name or names of the
person or persons presenting the same, the date of its
presentation, and a statement of the work to which it
relates.

The bidder to whom the award is made shall give se-
curity for the faithful performance of the contract, in the
manner prescribed and required by ordinance, in the sum
of Eighteen Hundred Dollars.

Bidders will be required to complete the entire work
to the satisfaction of the Department of Docks, and in
substantial accordance with the specifications of the con-
tract and the plans therein referred to. No extra com-
pensation beyond the amount payable for the work be-
fore mentioned, which shall be actually performed, at the
price therefor to be specified by the lowest bidder, shall
be due or payable for the entire work.

The work to be done under the contract is to be com-
menced within five days after the date of the contract,
and the entire work is to be fully completed on or before

the 10th day of September, 1883, and the damages to be
paid by the contractor for each day that the work or any
part thereof may be uncompleted after the time fixed for
the completion thereof has expired, are, by a clause in
the contract, fixed and liquidated at Fifty Dollars per day.

All the old material taken from the said tug "Manhat-
tan" to be removed under this contract will be relin-
quished to the contractors, and bidders must estimate the
value of such material when considering the price for
which they will do the work under the contract.

Bidders will state in their estimates a price for the
whole of the work to be done, in conformity with
the approved form of agreement and the specifications
therein set forth, by which price the bids will be
tested. This price is to cover all expenses of
every kind involved in or incidental to the fulfillment
of the contract, including any claim that may arise
through delay, from any cause, in the performing of the
work thereunder.

Bidders will distinctly write out, both in words and
in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be
awarded will be required to attend at this office with the
sureties offered by him or them, and execute the contract
within five days from the date of the service of a notice to
that effect; and in case of failure or neglect so to do, he
or they will be considered as having abandoned it, and as
in default to the Corporation, and the contract will be
readvertised and relet, and so on until it be accepted and
executed.

Bidders are required to state in their estimates their
names and places of residence, the names of all persons
interested with them therein; and if no other person be so
interested, the estimate shall distinctly state the fact; also
that the estimate is made without any connection with any
other person making an estimate for the same work,
and that it is in all respects fair, and without collusion or
fraud; and also that no member of the Common Council,
head of a department, chief of a bureau, deputy thereof,
or clerk therein, or other officer of the Corporation, is
directly or indirectly interested therein, or in the supplies
or work to which it relates, or in any portion of the profits
thereof; which estimate must be verified by the oath, in
writing, of the party making the estimate, that the several
matters stated therein are in all respects true. *Where*
more than one person is interested, it is requisite that
the verification be made and subscribed by all the parties
interested.

Each estimate shall be accompanied by the consent, in
writing, of two householders or freeholders of the City of
New York, with their respective places of business or
residence, to the effect that if the contract be awarded to
the person or persons making the estimate, they will, on
its being so awarded, become bound as his or their sureties
for its faithful performance; and that if said person or per-
sons shall omit or refuse to execute the contract, they will
pay to the Corporation of the City of New York, any dif-
ference between the sum to which said person or per-
sons would be entitled on its completion and that which
said Corporation may be obliged to pay to the person
to whom the contract may be awarded at any subsequent
letting; the amount in each case to be calculated upon the
estimated amount of the work to be done by which the
bids are tested. The consent above mentioned shall
be accompanied by the oath or affirmation, in writing,
of each of the persons signing the same, that he is a
householder or freeholder in the City of New York,
and is worth the amount of the security required for
the completion of the contract, over and above all his
debts of every nature, and over and above his liabilities as
bail, surety, and otherwise; and that he has offered himself
as surety in good faith, and with the intention to execute
the bond required by law. The adequacy and sufficiency
of the security offered will be subject to approval by the
Comptroller of the City of New York, after the award is
made and prior to the signing of the contract.

No estimate will be received or considered unless
accompanied by either a certified check upon one of the
National Banks of the City of New York, drawn to the
order of the Comptroller, or money to the amount of five
per centum of the amount of security required for the
faithful performance of the contract. Such check or
money must not be inclosed in the sealed envelope con-
taining the estimate, but must be handed to the officer or
clerk of the Department who has charge of the estimate-
box, and no estimate can be deposited in said box until such
check or money has been examined by said officer or
clerk, and found to be correct. All such deposits, except
that of the successful bidder, will be returned by the
Comptroller to the persons making the same, within
three days after the contract is awarded. If the
successful bidder shall refuse or neglect, within five
days after notice that the contract has been awarded
to him, to execute the same, the amount of the deposit
made by him shall be forfeited to and retained by the
City of New York, as liquidated damages for such
neglect or refusal; but if he shall execute the contract
within the time aforesaid, the amount of his deposit will
be returned to him by the Comptroller.

Bidders are informed that no deviation from the speci-
fications will be allowed, unless under the written in-
structions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded
to, any person who is in arrears to the Corporation, upon
debt or contract, or who is a defaulter, as surety or
otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if
deemed for the interest of the Corporation.

Bidders are requested, in making their bids or estimates,
to use the blank prepared for that purpose by the De-
partment, a copy of which, together with the form of the
agreement, including specifications, and showing the man-
ner of payment for the work, can be obtained upon ap-
plication therefor at the office of the Department.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Dry Goods, Lumber, and Hardware," and with his or her name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the head of said Department, and read.

The Department of Public Charities and Correction reserves the right to reject any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the Contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, at such times and in such quantities as may be directed by the said Department.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law.

has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimates, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him, or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readjusted and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same respectively at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the prices for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications and showing the manner of payment, can be obtained at the office of the Department.

HEALTH DEPARTMENT—OFFICE OF THE SECRETARY,
No. 301 MOTT STREET,
New York, May 23, 1883.

PROPOSALS FOR ESTIMATES FOR ERECTING AND FINISHING A SEA WALL ON NORTH BROTHERS' ISLAND, CITY AND COUNTY OF NEW YORK.

ESTIMATES FOR ERECTING AND FINISHING a sea wall on North Brothers' Island, City and County of New York, will be received by the Commissioners of the Health Department, at their office, No. 301 Mott street, until 2.30 o'clock P. M. of the 5th day of June, 1883, at which time and place they will be publicly opened and read by said Commissioners.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the head of said Health Department, indorsed "Estimate for Erecting and Finishing a Sea Wall on North Brothers' Island, City and County of New York," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Health Department, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work. The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimate their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation or the Health Department may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate Box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited and be retained by the City of New York as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

The Department reserves the right to reject any or all estimates not deemed beneficial to or for the public interest. Plans may be examined and specifications and blank forms for bids or estimates obtained by application to the Secretary of the Board, at his office, 301 Mott street, New York.

JURORS.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, June 1, 1883.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No meritorious excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents. All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

GEORGE CAULFIELD,
Commissioner of Jurors,
Room 17, New County Court-house.
