Which was referred to the Committee on Salaries and Offices.

By Alderman Blessing—

AN ORDINANCE for the Licensing of City Railroad Passenger Cars.

The Mayor, Aldermen, and Commonality of the City of New York do ordain as follows:

Sec. 1. Each and every passenger railroad car running in the City of New York shall pay into the City Treasury the sum of fifty dollars, annually, for a license; a certificate of such payment to be procured from the Mayor, except the one-horse passenger cars, which shall each pay the sum of twenty-one dollars, annually, for said license as aforesaid, and except such as pay the sum of three per cent. or over on the gross receipts, or where the franchise has been sold at public sale to the highest bidder.

Sec. 2. Each certificate of payment of license shall be affixed to some conspicuous place in the car, that it may be inspected by the proper officer, to be designated and appointed by the Mayor.

Sec. 3. To every passenger car run upon any of the railroads without the proper certificate of license, the proprietor or proprietors thereof shall be subject to a penalty of fifty dollars, to be recovered by the Corporation Attorney, as in the case of other penalties, and for the benefit of the City Treasury.

Sec. 4. This ordinance shall go into effect immediately.

Which was referred to the Committee on Law Department.

By the same—

Whereas, In answer to a resolution passed by the Common Council on the 28th day of January, 1875, his Honor the Mayor has informed this Board that on the 18th day of February, 1875, there was still due the City the sum of seven hundred and fifty thousand dollars from

the various horse railroad companies as license fees; therefore be it

Resolved, That his Honor the Mayor be and is hereby requested to instruct the Corporation Attorney to immediately commence proceedings against said railroad corporations to recover the said amount so due.

Alderman Reilly moved to refer to the Committee on Law Department.

The President put the question whether the Board would agree with said motion.

Report of the majority and minority of the Special Committee on Rapid Transit as follows:

The Special Committee appointed for the consideration of a message from his Honor the Mayor relating to the subject of providing rapid transit between the several quarters of the City, respectfully

REPORT:

That the subject received, as its importance merits, the most earnest and careful consideration. Your Committee assume that the necessity for more ready communication between the several quarters of the City, particularly between the northerly and southerly extremes of the island, will be generally conceded; and the people are so nearly of one mind on the subject, that any argument adduced in favor of the proposition would be simply supererogatory; and they have regarded the necessity of the work, and the desire to see it in operation, as foregone conclusions. They have, therefore, confined their investigation exclusively with a view of recommending what they may come to regard as the most practical means of securing the desired end.

It is to be regretted that in this the most vital of the many considerations into the subject such a diversity of opinion should exist, as well in the public mind as in the minds of practical men who have given the subject much thought, and scientific men, whose business it is to lead and control the opinions of the masses, who are less capable of judging of the merits or demerits of any particular method of accomplishing the purpose all have in mind, and are so desirous of seeing consummated.

A careful survey of the whole subject has resulted in bringing your Committee to the following conclusions:

First. That although many of our citizens may be opposed to the project, the great mass of the people and an enlightened public policy demand rapid transit.

Second. That under the constitutional amendments adopted by the people of this State, at the late election, and which went into effect on the first day of January, 1875, the General Railroad Law may be so amended, or a new law may be enacted, that will enable such a method of transit to be built in this city by private capital; or—

Third. That such legislation may be had as will enable the City authorities to complete and own such a work.

Fourth. It is a question if the City authorities do not already possess the power to build such a work, without further legislation, other than that to authorize the issue of the bonds or stocks necessary to realize the money; but to prevent any legal question arising hereafter, full legislative sanction is desirable.

Fifth. That there is a great diversity of opinion as to whether the railroad should be built by the City or by private capital. Those who advocate the construction of the road, and its control and management by the City, claim that private capital will never succeed in completing and equipping it; while others, opposed to this

plan, claim that if built by the City, the enterprise will be attended with extravagance, if not fraud; that it will increase the taxes of our already over-taxed tax-payers, and will add greatly to the debt of the City, without affording any equivalent for the money expended.

Your Committee, in view of all the facts submitted to them, and from personal observation, are inclined to coincide with the opinions of the former class, private capitalists evincing too great timidity, being willing to invest only upon a certainty of good and rapid return upon their investments—nevertheless believe that they should be afforded the opportunity of subscribing sufficient to inaugurate and complete the undertaking. Private enterprise should most assuredly be given the preference, in all works of this character, and an opportunity should be given to private capitalists to secure the advantages of investing in an undertaking that is in such popular demand as to be morally certain of proving highly profitable and remunerative. If, however, the proverbial timidity of private capitalists deters them, in this instance, from investing in an enterprise that promises so well, then the City, in its corporate capacity, should undertake the work, and prosecute it to completion, without a moment's unnecessary delay.

With a view, therefore, of providing, at the earliest practicable time, the desired means of more rapid communication with the different sections of the City, particularly between its extreme northern and southern limits, your Committee have prepared the accompanying act, embracing in its provisions the views contained in this report. The act is so worded as to provide for giving private capitalists the first opportunity to secure the right to construct and operate the proposed road, with certain restrictions which your Committee believe to be wise and judicious, and intended as safeguards in the interest of the public; and in the event of a failure to secure the necessary means by private enterprise within a period of six months after the appointment of the Commissioners for the removal of any legal restraint that may be imposed upon them or the grantee of the privilege, then provision is made to have the road constructed, owned, and operated by the City.

Your Committee therefore offer for your adoption the following resolution:

Resolved, That the Common Counsel does hereby approve of the accompanying act to provide for quick transit in the City of New York, and his Honor the Mayor is hereby requested to transmit the same, with this resolution, duly authenticated, and a memorial in behalf of the Mayor, Aldermen, and Commonalty of the City of New York to the Legislature of this State, praying for the passage of said act.

O. P. C. BILLINGS,  
HENRY E. HOWLAND,  
WM. L. COLE.

AN ACT to authorize cities to provide railways for rapid transit of persons and property, and to create corporations for that purpose.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Mayor of any city in this State is hereby authorized to nominate, and by and with the consent of the Board of Aldermen to appoint, three persons who shall be residents of such city, as Commissioners of Rapid Transit to hold office respectively for one, two and three years. The said Commissioners, or a majority thereof with the Mayor, shall have power—

1st. To fix and designate the route or routes, avenues, places, or streets to be used by a railway company, with steam or other motive power, for the rapid transit of persons and property through said city or any portion thereof, upon, under, or over the streets or avenues so designated.

2d. Legally, and in the manner required by law, to acquire the right of way used or wanted for the use of the railway in the name of the city, or in the name of such persons or corporation to whom said Mayor and Commissioners shall grant a license to use the same for carrying persons and property.

3d. To grant a license, right, and franchise upon such terms and conditions to such bidders or acceptors of proposals, or to their assigns, as the Mayor and a majority of the Commissioners shall accept and approve under their advertisement, hereinafter named, which license, right, and franchise is to be used for hauling or conveying persons and property, by the agency of steam or other motive power, through, over, upon, or under any and all streets, places, and avenues in said city, which have been designated, as above-named, as the route or line for carrying persons and property. Also, to authorize the construction and maintenance of a proper road-bed in, on, or under said streets, places, and avenues, for such conveying of persons and property.

4th. To reject any bid or proposal received by said Mayor and Commissioners, and to readvertise the same for other bids, either upon the same or different terms and conditions.

5th. To fix the rate of toll or fare for carrying persons upon said line of railway.

6th. To determine the manner, form, and style of constructing and operating said line of railway.

7th. To authorize the construction and maintenance of a suitable bridge, by the accepted or successful bidders, or their assigns, across any navigable river or stream within the limits of said city, with such width of draw, and in such manner and form, and with such guard as will not seriously interfere with the navigation of such river or stream, wherever it may be necessary or desirable for the purpose of establishing a continuous line for rapid transit of persons or property through said city, or any portion thereof.

SEC. 2. Whenever a majority of said Commissioners, with said Mayor, have fixed upon the line of the proposed railway, and designated the route, streets, places or avenues, or any portion of both or either, over, under, or upon which they propose to authorize rapid transit by steam railway or

other motive power, and have filed a map and a certificate of the same in the Mayor's office, the Mayor shall then and thereupon advertise, for at least thirty days, for proposals to purchase the license, grant, franchise, and right to build, maintain, and operate a railway with one or more tracks, over, under, or upon the lines so designated, to be operated by steam locomotive or other motive power.

And the said Mayor and a majority of the Commissioners are hereby authorized to accept the bid or proposal which shall be made, which, all things pertaining thereto being considered, shall appear to be the most advantageous for the interest of the city, and its citizens and inhabitants.

Sec. 3. To facilitate the construction of a railway for rapid transit of persons and property in cities where the steps above named have been taken, the Mayor and Aldermen of said city may procure the entire right of way for said proposed railway, either in their own name or in the name of the successful bidders, or their assigns, and may give license to use the same on the terms proposed by the Mayor and Commissioners, as above set forth.

Sec. 4. The Mayor may remove for cause any Commissioner so appointed as above provided, or, with the advice and consent of the Board of Aldermen, fill any vacancy in the number of Commissioners caused by death, removal, or inability to serve as such Commissioners.

Sec. 5. The persons making the bid or proposal which shall be accepted by the Mayor and Commissioners as above provided, or his or their associates or assigns, may at any time form themselves into a corporation, by filing articles of association in the office of the Secretary of State and in the office of the County Clerk, with such powers and privileges as may be necessary or desirable, nor contrary to, or inconsistent with the laws of the State, including the right to mortgage, with power of sale, of all or any part of their property and franchises. Upon filing such articles of association, they shall have all the powers therein enumerated, and all the rights and franchises purchased by them, by said Mayor, and Commissioners, or by any other State or municipal authority; and also all the powers, rights, privileges, and franchises, conferred upon railroad corporations by an act entitled "An Act to authorize the construction or operation of any railway over, along, upon or under either Broadway or the Fifth avenue, below Fifty-ninth street, in the City of New York, except to cross the same in manner and form approved by said Mayor and Commissioners, where necessary to form a continuous line of railway."

Sec. 6. Nothing in this act contained shall authorize the construction or operation of any railway over, along, upon or under either Broadway or the Fifth avenue, below Fifty-ninth street, in the City of New York, except to cross the same in manner and form approved by said Mayor and Commissioners, where necessary to form a continuous line of railway.

Sec. 7. Should it be found impracticable after the expiration of six months from the appointment of such Commissioners, or from the time when said company or corporation shall have been relieved from any legal restraint (should any be imposed), to carry into effect the above provisions of this act, by reason of the failure of private individuals to comply with the requirements of the said Commissioners for any reason, then the Mayor and Commissioners aforesaid, in behalf of the Mayor, Aldermen, and Commonalty of the City of New York, are hereby authorized, directed, and empowered to lay out, construct, and operate a rapid transit road or roads upon, over, or under any of the streets or avenues of such city within the limits of such city, at the expense of such city, and as a public work, with the consent of the owners of one-half in value of the property bounded on streets or highways upon which the same shall be constructed and operated, and in case the consent of such property-owners cannot be obtained, the General Term of the Supreme Court in the district in which it is proposed to be constructed, shall, upon application, appoint three Commissioners, who shall determine, after a hearing of all persons interested, whether such rapid transit road or roads ought to be constructed or operated, and their determination confirmed by the Court, shall be taken in lieu of the consent of said property-owners.

Sec. 8. The Mayor, Aldermen, and Commonalty of each or any city of this State be and are hereby authorized and empowered to create a public fund or stock to be denominated "Rapid Transit Stock," for an amount not exceeding twelve million dollars (\$12,000,000), and the Board of Aldermen of such city shall determine the form, condition, and terms of such stock—the said Mayor, Aldermen, and Commonalty being hereby authorized and empowered to pledge the faith of such city, and the same is hereby specifically pledged, for the redemption of said stock and the several parts thereof, when the same shall become due and payable, by tax upon estates, real and personal, in such city subject to taxation.

Sec. 9. The Comptroller or other financial officer of such city is hereby authorized and empowered, within thirty days after being required in writing by said Commissioners when duly appointed as aforesaid, so to do, to prepare and issue the said stock specified in the preceding section for an amount not exceeding twelve millions of dollars (\$12,000,000), and in the form and upon the condition and terms determined upon by the Board of Aldermen of such city as aforesaid, and offer the same for sale; such offer to be by advertisement in not less than three newspapers published in such city, of the largest circulation, and continuing for not less than twenty nor more than thirty days, at the expiration of which time said stock shall be awarded to the highest bidder therefor, and the proceeds thereof forthwith deposited with the Chamberlain or the officer designated by law to receive the moneys of such city, to the credit of the "Rapid Transit Fund;" but said stock shall not be issued, sold, or disposed of at a less rate than its par value.

Sec. 10. The Chamberlain, or the officer designated by law to receive the moneys of such city, shall pay over the same in such sums and to such persons as said Commissioners, or a majority of them with the Mayor, shall by their draft or order direct, in writing.

Sec. 11. The Board of Aldermen of each or any city of this State is hereby authorized and empowered to raise by tax, in addition to the ordinary taxes, yearly and every year, a sum sufficient to pay the interest semi-annually upon the stock provided to be created by the second section of this act, and for the payment of the same at the maturity thereof.

Sec. 12. The stock to be created by this act and money raised thereon shall be applied solely and only to the erection and completion of a rapid transit road or roads, specified in this act, and for the expenses incident thereto, and for no other purpose whatever.

Sec. 13. The said Board of Aldermen may fix and determine the salaries to be paid to said Commissioners per annum, and the same shall be paid said Commissioners by the Comptroller or other financial agents of the said city.

Sec. 14. All acts and parts of acts inconsistent with this act, are hereby repealed.

Sec. 15. This act shall take effect immediately.

The undersigned, members of the Special Committee of the Board of Aldermen, to whom was referred the message of his Honor the Mayor on the subject of rapid transit, respectfully beg leave to

#### REPORT:

Recognizing the great importance of the subject committed to its charge, the Committee held numerous public sessions, which were attended by many prominent citizens, the exposition of whose views clearly demonstrate that they had given to the question of rapid transit long and careful study. The same diversity of opinion as to the mode of obtaining the desired result was exemplified before the Committee, as has been shown in the various acts already introduced in the Legislature. But from the weight of argument produced before us, and from our individual judgments, based upon such arguments, as well as from what we believe to be the conviction of a majority of the people of this city, the undersigned have come to the conclusion that the best and only plan to secure the speedy attainment of rapid transit in this city is the construction of an East and West side double-track road, with intersecting lines of communication, to be built, owned, and operated as a public work.

In our opinion, what this city needs is not merely rapid transit; it must be cheap as well as rapid—so that the poorer classes of this community, which we believe to be more deeply interested than any other in this matter, may be able to take advantage of the benefits of the road. It was the expressed opinion of many (we think of a majority) of those who appeared before your Committee, that this need could be supplied only by the City building the road: because, in that case, the rates of fare would be regulated, not by the insatiable greed of private capital, but by the cost and expense of the road, making, of course, allowance for a fair remuneration to the City treasury.

In these opinions the undersigned fully and heartily concur.

But what has had most weight in bringing us to the conclusion above set forth, is that from all that we have heard and read, as members of this Committee, we are forced to the firm belief that cheap and rapid transit never will be accomplished unless it be as a City work. In support of this belief we point to the experience of the past, always the safest guide for future action.

For more than twenty years the Legislature of this State has been earnestly entreated, session after session, to confer this boon, through private enterprise, upon our long-suffering people. Yet the sad fact is apparent that to-day we are as far as ever from the attainment of the end so much desired. Charters have been granted to private companies, each one of which, it was claimed by its supporters when presented, would surely cut this Gordian knot; but no sooner was it attempted to carry out the powers conferred therein, than unforeseen obstacles arose on all sides, and dampers were thrown on the honest effort, such as to effectually extinguish the faint sparks of hope which had been temporarily enkindled in the breasts of our expectant people.

Not only was this the case, but, in the opinion of the undersigned, charters for private companies have been sought for and obtained from the Legislature, the express purpose and result of which have been to prevent the accomplishment of what was pretended to be the very aim and end of such charters—rapid transit. While the Legislature has been thus sporting with the public interest of our city, it is a notorious fact that New York has suffered both in population and wealth an incalculable loss; while New Jersey, Long Island, and Connecticut have gained at our expense; because, to reach points therein, distant more than fifty miles from the City Hall, has become far easier, and, in a sense, cheaper than to travel by our present means of transportation the short length of this city.

It has been stated that no charter has yet been granted under which private capital could hope to successfully build a road and remunerate itself. This may indeed be so; but the undersigned are at a loss to understand why there is any better reason for them to expect kinder treatment at the hands of the Legislature to-day (a vast majority of which reside far from New York City) than there was at any time during the last twenty years. We have been informed that on the Committee on Railroads of the present Senate there is not one member from our city. In short, we have been forced to conclude that the only power which can successfully grapple with and overthrow the combined forces of the numerous wealthy corporations and individuals who are a unit in opposition to the solution of this question is the strong arm of our municipal government.

It has been argued that for the City to build the

road it will be necessary to permanently increase our present heavy debt, and thus impose additional burthen upon an already oppressed people. To say nothing of the immeasurable benefits which would be sure to follow the outlay, we think that this argument must surely fall to the ground if it can be shown that the City, by engaging in this undertaking, will, instead of losing, be able in a comparatively short period, not only to pay off all the cost of the road, but also to secure a large yearly revenue for the City treasury. It has been heretofore a mooted question whether a rapid transit railroad would pay an adequate return upon the capital invested in its construction. A careful and exhaustive examination of this question has recently been made by the American Society of Civil Engineers, who, in their report of February 3, 1875, append a tabulated statement of the profits to be derived from rapid transit, calculated upon the basis of the business done by the present horse-car companies of this city. We beg leave to refer to that statement, beginning at page 65 of said report. We consider that it is there clearly demonstrated that rapid transit in this city would, after covering the original cost of the road, pay a handsome return upon the capital invested therein. The undersigned believe that one of the chief reasons which has deterred private capital from this undertaking is the well-founded belief that when a road is built the same will be found so remunerative that competition will spring up on every side, and consequently a corresponding decrease will take place in the returns of the road first built. This danger would be avoided by the City building the road, for in that event the monopoly of the business, as in the case of the Croton water, would be in its own hands. We have failed to learn why if private capital can undertake this work and repay itself, the City is not much better situated for the accomplishment of the same result; on the contrary, we believe that the City enjoys very great advantages over private capital.

The statement has been also made (and this seems to be the great objection to the City undertaking this work) that it would be unsafe to trust the expenditure of the necessary funds to the hands of any political body. While no doubt the public mind has not as yet recovered from the shock received from the disclosure of the ring frauds, yet upon sober reflection it will be seen that these were in a great measure the result of circumstances never likely again to occur, as well as of the looseness of the then existing laws, and the lack of interest taken by the public in the management of the City's affairs.

Since then stringent laws have been enacted, under which every facility is afforded for the investigation of public affairs and public officials, and severe penalties prescribed for frauds upon the public treasury.

But it should be borne in mind that the management of this whole matter would in all likelihood be placed in the hands of three commissioners to be appointed by the Mayor, with the consent of the Board of Aldermen, and to be removed by the Mayor for cause. Their terms of office might be made short, the security required for the faithful performance of their duties ample, and they might properly be held to the very strictest accountability. The manner of running the road and of collecting its revenues would rest entirely with them. We think it safe to presume that none but the most trustworthy citizens would be selected by the Mayor or confirmed by the Board of Aldermen, for the performance of these onerous duties.

In connection with the objection last mentioned, it will not be perhaps out of place to here refer to some of the important works heretofore constructed by City, State, and National Governments.

The Erie canal has been the means of handing down to imperishable fame the name of him who secured its construction, and, together with the other State canals, has, despite the speculations said to be connected with their working, proved a constant source of revenue to the State. The Croton water, the introduction of which as a public work was at first bitterly opposed, as every such work is sure to be by narrow-minded men, has proved at once a blessing to our citizens and a means of profit to our City. The public moneys disbursed in the construction of the Central Park have been again and again paid back into the City treasury by the increase in taxable property brought about by the completion of that great work; while the amount of good bestowed in the way of health upon our citizens is far too great to be computed by dollars and cents. The new Post-office and the national buildings at Washington are but additional proofs of what great works can be well and economically constructed when the trusts are honestly administered.

The point was raised before the Committee that there exists constitutional impediments in the way of the construction of a rapid transit road by the City as a public work, and although no specific objection was pointed out, it was however deemed prudent to obtain the opinion of eminent legal authority upon the question as to the right of the City, under the amended Constitution, to build and operate a railroad as a public work.

Letters were thereupon addressed by the Chairman of the Committee to Hon. Charles O'Connor and Ex-Judge James Emott, requesting their opinions on the question above set forth. Mr. O'Connor, in his answer, states that he has not had opportunity to examine the constitutional amendments as to this question. Judge Emott gives it as his decided opinion that the City does possess the right, under the present Constitution, to construct and operate a rapid transit road as a public work. The letter of Judge Emott is attached to this report, and the undersigned beg leave to refer to the clear, concise, and able opinion embodied therein. We also beg leave to refer to the opinions, to the like effect, of Hon. Erastus Brooks and the other Commissioners, published in answer to a similar question on the part of the editor of the Herald, which opinions

appeared in the issue of that paper of February 14, 1875.

The undersigned have carefully scrutinized the different bills introduced in the Legislature at its present session bearing upon the subject of rapid transit. They cannot but perceive many excellent features in several of these bills: but, in their opinion, the one which approaches nearest to the solution of this difficult problem, and which gives most promise of securing to our citizens at an early day the construction at a moderate cost of a cheap and rapid road, is that introduced in the State Senate by Hon. Hugh H. Moore of this City. This bill has since its reference to this Committee been so amended as to apply alike to the several cities of this State, as well as in other important respects. The undersigned, therefore, take pleasure in recommending it to your Honorable Body as, in their opinion, the very best available means of obtaining rapid transit for New York City.

In conclusion, we believe that there is one point upon which all the members of this Committee will agree. It is that the question of rapid transit in the several cities of this State is one the determination of which of right belongs to the Common Council or local law-making body in and for said cities; and wherever the power to determine this question is not now possessed by these local bodies, we respectfully submit that it should be conferred upon them, as a mere act of justice, with the least possible delay.

LAW OFFICES OF  
EMOTT, BURNETT & HAMMOND,  
No. 20 Nassau street,  
NEW YORK, February 25, 1875.

HENRY D. PURROY, Esq.:

DEAR SIR—I have been compelled to delay answering your note by duties and engagements which have prevented my giving to the question you propounded the consideration which its importance demands. Although I have not yet been able to give it a thorough investigation, I have examined the subject sufficiently to come to a clear conclusion in my own mind.

The only constitutional provision to which my attention has been called, affecting the power of a city under suitable legislative authority, to build a railroad for the convenience of its citizens and the public, as a public work, is the 11th section of Article VIII. of the Constitution, as amended.

It is very clear that this forbids a city lending money or its credit to a railroad corporation or becoming a stockholder in such a corporation. It is quite possible that such a use of the money or credit of a municipal corporation, would have been unconstitutional before the recent amendments. These amendments, however, recognize the right and power of the Legislature to authorize a city to expend its money for any public purpose, and to tax or borrow to raise money for such use. The only question is whether a railroad, to be owned and operated by corporate authorities, at the expense, and for the profit of the municipality exclusively, is a public purpose, or, in the language of the constitution, a "city purpose." I cannot doubt that it is. It may be doubtful how far the courts will permit themselves to go behind the declaration of a municipality, or of the Legislature, that a given object is a city or a public object, unless there be a palpable fraud or evasion in the case.

But rapid and convenient modes of transit, are as much public purposes and city necessities, as gas and water supply. If a city may undertake one of these, I do not see why it may not the others. And railroads have been held especially to be, in a certain sense, highways and public works. Upon this, the application of the law of eminent domain to their construction is founded. When such works are not the property of a private corporation, nor operated for private emolument, I do not see why they are not wholly works for public purposes.

I think there is no constitutional difficulty to prevent legislation for the construction of a rapid transit railroad in the City of New York, by the municipal authorities, or taxation, or the creation of indebtedness for that purpose. Of course, it does not come within my province in your present inquiry to express any opinion upon the propriety or necessity of such a method of providing this great need of our city.

Respectfully, yours,  
JAMES EMOTT.

The Committee on Law Department, to whom were referred the annexed resolutions, authorizing his Honor the Mayor to appoint two competent persons to codify the laws of the State relating to or affecting the City and County of New York, with the ordinances of the Common Council, etc., etc., respectfully

#### REPORT:

That they have examined the subject, and are clearly of opinion that such a codification of the ordinances of the Common Council and compilation of the laws of the State relating to the City into a municipal code is rendered indispensably necessary by reason of the many and important changes made in the laws and ordinances since the last revision of the City ordinances, by Valentine, in 1866, and the State laws in 1869, by Hoffman. These changes were occasioned principally by the passage of the laws of 1870 to reorganize the local government of the City, the amendments thereto in 1870 and 1871, the act again to reorganize our local government, passed April 30, 1873, and the amendments thereto in 1873, 1874, and 1875.

The rapidity with which the State Legislature has altered, amended, and entirely changed the organic law for the government of this city, sometimes entirely revolutionizing our local government twice in a single session, has heretofore retarded the compilation of such a work, which would necessarily have to be performed annually

to keep pace with the legislative changes. With the expiration of the present session, however, it is to be hoped that the laws governing this city will be so framed as to restore local self-government to our people, thereby insuring permanency and stability, and rendering a publication of the laws and ordinances a work of some value. New York alone, of all the principal and many of the minor cities in the several States, is without a book of reference of this character. This is greatly to be deprecated, as great inconvenience arises from the want of such a standard work, which is experienced by all interested in our local government, and especially so by City officials and persons having business in the several courts.

Your Committee are in favor of recommending the adoption of the resolutions, with an amendment giving the Board of Aldermen the confirmation of the appointment of the two persons who are to be intrusted with the important work of making the compilation in question.

Your Committee therefore respectfully recommend that the first resolution be amended, by inserting after the word "authorize," in the third line of the first resolution, the words, "by and with the advice and consent of the Board of Aldermen," and, as thus amended, ask for the adoption of the resolutions.

Resolved, That his Honor the Mayor be and he is hereby authorized "by and with the consent of the Board of Aldermen," to appoint two competent persons to codify the laws of the State relating to or affecting the City and County of New York, together with the ordinances of the Common Council; such codification to consist of the revision of the laws and ordinances now in force, with the necessary amendments, to make them harmonious and complete, with full analyses and indexes; such codification to be called the New York Municipal Code, and to be reported to this Board for approval.

Resolved, That the Board of Estimate and Apportionment be and are hereby requested to transfer the sum of five thousand dollars from any unexpended appropriation or appropriations, for the purpose of defraying the expense of the preparation of said New York Municipal Code, or so much thereof as may be necessary for that purpose; and that the expenditure thereof be under the direction and subject to the approval of his Honor the Mayor.

Resolved, That the publication of said New York Municipal Code, when completed, be let by public advertisement, under the direction of his Honor the Mayor, to the lowest responsible bidder who will refund to the City treasury the expense of its preparation, supply the City with a requisite number of copies, and furnish the same to the public at the lowest price.

(G. O. 102.)

The Committee on Law Department, to whom were referred the annexed preamble and resolution directing the Clerk of the Common Council to execute quit-claim deeds to Griffith Rowe and James A. Roosevelt of certain lands, formerly the property of the Corporation, respectfully

#### REPORT:

That they have examined the subject so referred, and are clearly of opinion that the resolution should be adopted. The Commissioners of the Sinking Fund, who now control the real property of the City, who were applied to last year, declined to execute the quit-claims, unless authorized to do so by the Common Council. No detriment can possibly occur to the public interests, nor will any loss or damage be occasioned to the City. The adoption of the resolution will simply remedy a defect in the original deed of sale by the City, as will appear by the statements contained in the preamble, which your Committee have ascertained to be correct and true, in every particular.

Your Committee therefore respectfully recommend for your adoption the accompanying preamble and resolution.

Whereas, By deed bearing date November 13, 1848, the Mayor, Aldermen, and Commonalty of the City of New York did convey to the executors of Charles McEvers, deceased, the gore of land caused by changing the lines of Fifty-second street, lying between the northerly line of Fifty-second street and the southerly line of lot No. 68 of the common lands of the City of New York; and

Whereas, Griffith Rowe, by divers mense conveyances from said executors, has become owner in fee of all that portion of said gore extending from a point on the northerly side of Fifty-second street, distant two hundred and fifty feet easterly from the northeasterly corner of Fifty-second street and Fifth avenue to a point on said northerly side of Fifty-second street, distant three hundred feet easterly from said corner; and

Whereas, James A. Roosevelt by like mense conveyances has become owner in fee of that portion of said gore extending from a point on the northerly side of said street, distant two hundred feet easterly from said corner to a point on said street, distant two hundred and twenty-five feet east of said corner; and

Whereas, It is contended that said deed to the executors of Charles McEvers should have been made to the heirs instead of the executors, in consequence whereof the title of said Griffith Rowe, and James A. Roosevelt has been questioned; now therefore be it

Resolved, That the Clerk of the Common Council of the City of New York be and he is hereby authorized and directed to execute to said Griffith Rowe and James A. Roosevelt in the name of said Mayor, Aldermen, and Commonalty quit-claim deeds of the portion of said gore owned by said Rowe and Roosevelt respectively as afore-said.

## RESOLUTIONS RESUMED.

Alderman Howland, by unanimous consent, offered the following:

Resolved, That this Board respectfully asks of the Legislature the passage, with such amendments as may be proper, of the bill now before the Legislature authorizing the Greenwich Elevated Railway Company to extend its route and improve its road.

Resolved, That a copy of these resolutions, properly authenticated, be forwarded to the Senate and Assembly as the memorial of this Board of Aldermen on the subject therein referred to.

Which was referred to the Special Committee on Rapid Transit.

## REPORTS RESUMED.

(G. O. 103.)

The Committee on Street Pavements, to whom was referred the annexed remonstrance of property-owners in the Twenty-first Ward, represented by a committee of their number, against repaving the Fifth avenue at the expense of the City, as contemplated by an act now pending before the Legislature of this State, respectfully

## REPORT:

That the remonstrance would probably have more effect, if presented directly to the State Legislature, where the measure is now pending; and did your Committee suppose that the interference of your Honorable Body, on their recommendation, would result similarly to other proceedings of a like nature with former State Legislatures, they would most assuredly decline to make any suggestion in the matter to your Honorable Body. The present Legislature of this State, your Committee confidently believe, will form a noted exception to the general rule in respect to its treatment of this municipality. During the past fifteen or twenty years your Committee have yet to learn of a single instance in which persuasion or remonstrance on the part of the City authorities, used with the State Legislature, to prevent special legislation of this character, was productive of the slightest favorable result. In fact, remonstrance on the part of the City Government seemed only to accelerate the passage of the most obnoxious special laws. It may be that heretofore the persuasion used was not of the character best understood or appreciated by the average Albany Legislator; that the remonstrance was not sufficiently weighty, or the reasons adduced not numerous enough, or of the character usually employed to obtain favorable or to prevent adverse legislation in the interests of the Departments of the City Government or private individuals at the State Capitol. Be that as it may, it is indisputable that such special legislation is the direct cause of the embarrassments that now hinder and obstruct the administration of the government of this city, in the control and management of its franchises and property, its streets, its finances, and every other interest involved in our local government. To the baneful, unsought interposition of the State, in legislating for the supposed wants and requirements of this city, without consultation with either its people or their direct representatives, the Mayor and Common Council—a practice that has been the rule and not the exception during the past twenty years—can be traced all the evils of irresponsibility, decentralization, imbecility, and fraud rampant in the administration of our local government during the greater portion of that period of time. The astounding disclosures of corruption and crime in the administration of the affairs of the late County Government, during the years 1869, 1870, 1871, which amazed the world by their extent and enormity, can be traced as one of the direct effects of the course above referred to. Both political parties have pursued a like course in respect to this city. It has heretofore been outrageously victimized by both; and to such an extent as to have been nearly legislated to death or into bankruptcy. From 1857 to 1870 the City was at the mercy of a Republican majority in the State Legislature, and the rich placer it presented was worked most assiduously and industriously, notwithstanding the most earnest efforts of a Democratic City Government to prevent it. In the last-named year a Democratic Governor and Legislature, with glaring inconsistency between their preaching when out of power and their practice when in, as they claimed to be the champion of local self-government for this city and its people, actually deprived our citizens of even the semblance of self-government, by taking from their representatives in the Common Council, where it had previously existed (nominally at least) the control of the fiscal concerns of the Corporation, and the right of determining the amount and character of its appropriations and expenditures. Not content with this, the Legislature, in 1870, positively made the different Departments of the City Government, ten in all, absolutely independent of either the Mayor, the Common Council, or the people. When opposing schemes of like character, but of far less enormity, for the government of this city, by their political opponents in the State Legislature, "Local Self-government," "Municipal Rights," etc., etc., were loudly proclaimed as cardinal principles in the creed of the then Democratic party in this city, and popular confidence in the profession of its leaders materially assisted them into power in the State in the year 1870, the result to our people soon became apparent, and was so entirely different from what they had a right to expect, that it was only last year they recovered their equanimity, and forgot the indignation occasioned by their betrayal. They were, in effect, bound hand and foot by their pretended friends in the Legislature of that year, and their most valued rights, property, and franchises taken from them and appropriated to the private uses and for the private benefit and advantage of their treacherous public servants. Not even the semblance of local self-government remained, and the representatives of the people—the Mayor and Common Council—were absolutely deprived of nearly every governmental function; and this condition of our officers continues to this day.

It is fervently hoped, and we confidently believe, that the regenerated Democracy, now in the ascendancy at our State Capitol, pledged as it is to "Home Rule" and local self-government, will see to it that justice is done this city, and that it will, in respect to its local government, be placed upon an equality with the other cities of this State. It is only what this city is entitled to by every consideration of right. Unless this is done by the Legislature now in session in Albany, it is only fair to presume that it will be classed with those of former years, and will be regarded, if not the advocates, at least the apologists of a system of legislation that is dangerous to the liberties of the people, as it is in conflict with the principles that underlie a Democratic or Republican form of government. As was the case in 1870, those leaders who betrayed the trust confided to them by a Democratic constituency, will be held to a responsibility as rigid, and punished as relentlessly by an indignant people. Recreancy to principles cannot, and will not, be tolerated in the chosen representatives of the Democratic party.

Your Committee, therefore, feeling assured that the interests of the people of the City will be best conserved and promoted by restoring to the Mayor and their representatives in the Board of Aldermen the control of their property and franchises, and the power to legislate for the admitted governmental needs and requirements of this metropolis, for the proper use of which the City authorities can and will be held responsible by the people, to whom they are directly amenable, respectfully offer for your adoption the following resolutions:

Resolved, That the Legislature of the State, now in session at Albany, be and is hereby respectfully yet earnestly requested not to pass any bill providing for the repaving Fifth avenue, either at the expense of the entire city or otherwise, or any other bill of a purely local character, except intended to restore local self-government to this city, or to repeal, or amend any and all laws inconsistent with this right, unless such bill shall be deemed necessary and asked for by the corporate authorities of this city; and be it further

Resolved, That the said Legislature be and is hereby requested to pass the bill introduced by Mr. Daly, member from the Fourteenth District of this city, authorizing the City authorities to cause any street, avenue, or public place in this city to be repaved when the necessities of the public require it, without being asked for by a majority of the owners of property interested; also to pass any and all bills now pending which have been asked for by the representatives of the people of this city in the Common Council; and be it further

Resolved, That his Honor the Mayor be and he is hereby respectfully requested to transmit a copy of the remonstrance hereto attached, together with the report and these resolutions, to the Speaker of the Assembly and the President of the Senate for presentation to the Legislature.

PETER SEERY,

WM. H. MCCARTHY,  
Committee on Street Pavements.

Which was laid over.

The Committee on Public Works, to whom was referred the annexed petition of Manhattan Commandery No. 31, Knights Templars, for permission to use, temporarily, the drill-room over Centre market, respectfully

## REPORT:

That your Committee can see no solid reasons for not granting the application, provided the occupation of the armory will not be permitted to interfere with its uses by the military organization now occupying it; and inasmuch as the purposes for which the Commandery desire to use the drill-room relates to an important and imposing public ceremony under the auspices of the Masonic fraternity, to take place in June next, your Committee are in favor of granting the application.

The following resolution is therefore respectfully offered for your adoption:

Resolved, That Manhattan Commandery No. 31, Knights Templars, be and is hereby permitted to use and occupy the armory and drill-room over Centre Market, for the purposes of drilling with the view of taking part in the ceremonies incident to the dedication of the Masonic Temple in June next; provided that such use and occupation shall not interfere with the uses of said armory and drill-room by the Eleventh Regiment N. G. S. N. Y., now in possession thereof, and that such temporary occupation shall be with the consent and under the direction of the Commandant of the said Eleventh Regiment.

JOHN REILLY,

JOHN J. MORRIS,

E. J. SHANDLEY,  
Committee on Public Works.

The President put the question whether the Board would agree with said resolution. Which was decided in the affirmative.

(G. O. 104.)

The Committee on Streets, to whom was referred the annexed petition for a sewer in Mangin street, between Rivington and Delancy streets, respectfully

## REPORT:

That, having examined the subject, they believe the proposed improvement to be necessary. They therefore recommend that the accompanying resolution be adopted.

Resolved, That a sewer, with the necessary receiving-basins and culverts, be built in Mangin street, between Rivington and Delancy streets, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

## MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE,  
NEW YORK, March 3, 1875.

To the Honorable the Common Council:

GENTLEMEN—I herewith transmit for your attention and action communications from the Commissioner of Public Works and from the Board of Health, in relation to the sewer in Centre street, between Pearl and Canal streets.

For the reasons by the Engineer of Sewers stated, I respectfully suggest that this may be a case in which you would be justified in authorizing the work to be done as he recommends.

W. H. WICKHAM,  
Mayor.

Which was referred to the Committee on Public Works.

The President laid before the Board the following message from his Honor the Mayor, transmitting a communication from the Comptroller in reply to a resolution of inquiry:

MAYOR'S OFFICE,  
NEW YORK, February 12, 1875.

To the Honorable the Common Council:

GENTLEMEN—In compliance with the request made by your resolution of the 26th ult., I have procured from the Comptroller, and herewith transmit for your information, a statement of the names and residences of the lessees of the stands in the various public markets, the number of stands, and the rents paid for the same.

WM. H. WICKHAM,  
Mayor.

CITY OF NEW YORK—DEPARTMENT OF  
FINANCE, COMPTROLLER'S OFFICE,  
February 12, 1875.

Hon. W. H. WICKHAM, Mayor:

SIR—Herewith I have the Honor to submit a statement of the names and residences of the lessees of the stands in the various public markets, &c., as desired in your communication of the 26th January. Very respectfully,

ANDREW H. GREEN,  
Comptroller.

Which was referred to the Committee on Markets, directed to be printed in the minutes, and published in the CITY RECORD.

[For which see page 428].

## COMMUNICATIONS FROM THE DEPARTMENTS AND CORPORATION OFFICERS.

The President laid before the Board the following communication from the Department of Finance:

CITY OF NEW YORK—DEPARTMENT OF  
FINANCE—COMPTROLLER'S OFFICE,  
February 27, 1875.

To the Honorable the Board of Aldermen:

Weekly statement, showing the appropriations made under the authority contained in section 112, chapter 335, Laws of 1873, for carrying on the Common Council, from January 1 to December 31, 1875, both days inclusive, and of the payments made up to and including the date hereof, for and on account of each appropriation:

Title of Appropriations.	Amount of Appropriations.	Payments.
City Contingencies.	\$5,000 00	.....
Contingencies, Clerk of the Common Council.	500 00	.....
Salaries, Common Council.	109,000 00	\$9,072 96

ABM. L. EARLE,  
Deputy Comptroller.

Which was ordered on file.

The President laid before the Board the following communication from the Department of Public Parks:

CITY OF NEW YORK,  
DEPARTMENT OF PUBLIC PARKS,  
No. 36 UNION SQUARE (EAST),  
February 25, 1875.

Hon. SAMUEL A. LEWIS,

President Board of Aldermen:

SIR—In reply to the resolution of the Honorable the Board of Aldermen, requesting information as to whether the laborers in the employ of this Department in the Twenty-third and Twenty-fourth Wards, are paid a less sum for the same labor than is paid in the other wards of the City, and the reasons for such discrimination, if any exist, I am requested to state that this Department found that it was able to employ all the necessary labor in the Twenty-third and Twenty-fourth Wards at a lower rate than paid in the other portions of the City, and has, therefore, in the interests of economy and of the tax-payers, not paid so high rates in these two wards as in the others. The whole question, however, of the readjustment of the pay of foremen and laborers in the employment of the City Government is now being considered by the various Departments, with a view to establishing a uniform rate in all the Departments.

Respectfully,  
HENRY G. STEBBINS,  
President D. P. P.

Which was received, and ordered to be printed in the minutes.

The President laid before the Board the following communication from the Department of Public Charities and Correction:

DEPARTMENT OF PUBLIC CHARITIES  
AND CORRECTION,  
NEW YORK, March 3, 1875.

Hon. SAMUEL A. LEWIS,

President of the Board of Aldermen:

SIR—The Commissioners of Public Charities and Correction, in response to a resolution of the Board of Aldermen of February 18, 1875, asking information in relation to renting certain premises, etc., a copy of which is annexed, respectfully

## REPORT:

That the only "lands, buildings, or parts of buildings under their charge and control, but belonging to the City, which are rented or leased," are the premises on East Twenty-sixth street, known as the Bellevue Hospital Medical College.

The Legislature of this State, on the third day of April, 1861, passed an act entitled "An Act to Incorporate the Bellevue Hospital Medical College of the City of New York of the State of New York," and named twenty-one medical gentlemen and their associates as a body corporate, by the name of "The Bellevue Hospital Medical College of the City of New York of the State of New York," to be located in the City of New York, for the purposes of instruction in the various departments of medical science, professed and taught in said College; also naming twenty-one citizens as constituting a Board of Trustees, including the then Commissioners of Public Charities and Correction.

The minutes of the Board of April 11, 1861, record the adoption of the following preamble and resolution:

"In consideration of the gratuitous services heretofore rendered, as well as the promised continuation of the same by the Medical Board, and with a view of rendering a permanent, extended, and more valuable service to the living, it is

Resolved, That permission be granted to the Trustees of the Bellevue Hospital Medical College to build and place under their charge, subject to the rules and regulations which now exist under the authority of the Board, a suitable building, according to the plans submitted by Post & Gambrill, architects, on the southerly part of Bellevue Hospital grounds."

On March 1, 1862, a lease was granted, for the term of ten years from first January, 1862, at the yearly rent of \$1,000, for the premises, or such part thereof as are at present occupied.

On or about May 13, 1862, the Commissioners, in order that they might "have more perfect control of the buildings upon the hospital grounds, bought from the Faculty the College building for the sum of \$10,313.50."

In July, 1862, the Bureau for Medical and Surgical Relief for Out-door Poor was established, and during 1865 and 1866 the present building was erected, and so arranged as to serve the purposes both of the College and Out-door Bureau. The lower floor was divided in such a manner as to answer the requirements of a dispensary, and the upper part of the building was leased to the Faculty for the use of the College.

The Board, December 1, 1865, in consideration of the Faculty relinquishing the whole of the first floor, occupied as Museum, etc., granted "the whole of the upper portion of the building now being erected for Medical and Surgical Relief to the Out-door Poor, at the annual rent of \$2,000 in addition to the rent now paid," for the unexpired term of said lease, ending January 1, 1872.

On the 1st November, 1868, the then Commissioners executed a lease for six years from the date of the expiration of the lease under which said College holds and occupies said premises—that is to say, from the 1st January, 1872, until the 1st January, 1878—at the yearly rent of \$3,000, the further consideration being the gratuitous performance of the surgical and medical services required to the Out-door Poor sick, who should apply to the Bureau of Surgical and Medical Relief, said lease to be renewed from its expiration on such terms as may be agreed upon.

The building is heated by steam, conveyed by underground pipes from apparatus in Bellevue Hospital, during the winter months, the charge for the same being at present \$500 per annum.

Previously to the enactment of the Charter of 1873, all moneys received from this source were placed to the credit of the Department. At present the same are paid into the City treasury.

No other supplies are furnished to said lessees.

The lease in question seems to have been executed under the general authority vested in the Commission by the Act of April 17, 1860.

This Board has no means of ascertaining "the annual gross receipts, year by year, actual or estimated, from the business carried on" by the lessees.

Very respectfully, yours,  
ISAAC H. BAILEY,  
President.

Resolved, That the Commissioners of Public Charities and Correction be and are hereby directed to report to this Board what lands, buildings, or parts of buildings under their charge and control, but belonging to the City, are rented or leased, and in each case state to whom or what corporation, when and by authority of what law was such lease executed, and for what period of time was such lease given; if there has been a renewal of such lease, when, by whom, and to whom, and for what length of time was such renewal made; for what business purpose are such buildings or parts of buildings now and heretofore used; for what purpose, and by whom, and with what money was such building or building

erected; what is the annual rental fixed by the lease, and when and to whom is the money paid; do the parties to whom such building or parts of buildings are leased have any supplies from the Department of Charities and Correction, as steam, &c., and if so, by virtue of what law are such supplies furnished; how much is paid therefor; and to whom is payment made; what has been the annual gross receipts year by year, actual or estimated, from the business carried on in said building by the parties to whom the lease is executed?

Which was ordered on file, printed in the minutes, and directed to be published in the CITY RECORD.

## UNFINISHED BUSINESS.

Alderman Lysaght called up  
G. O. 87,

being an ordinance, as follows:

AN ORDINANCE to Regulate Permits for Street-stands, Show-cases, Signs, Stairways, Hoistways, Exhibition of Goods, and Coal-boxes.

Sec. 1. All power and authority heretofore exercised by the Mayor, Aldermen, and Commonalty, or by the Street Commissioner, or the Department of Public Works, in granting permits for signs, banners, show-cases, exhibition of goods, coal-boxes, barbers' poles, stair-ways, or hoistways, and stands for the sale of newspapers, fruits, small wares, or things whatever, is hereby vested in the Mayor. Provided that each application for such permit shall be approved by an Alderman of the district in which the privilege is to be located.

Sec. 2. The Mayor shall have power, at all times, to revoke any permit granted, if satisfactory proof of just complaint is made to him against the use or continuance of the privilege conferred.

Sec. 3. No permits for banners, signs extending or projecting beyond the stoop line, wood, or canvas side awning, or canvas awning curtains, shall be granted in Broadway, Fifth avenue, and Madison avenue.

Sec. 4. Every grantee of a privilege under this ordinance shall pay a fee for the same, as follows:

For banner of canvas cloth or open net-work, \$5.

For each sign, from \$1 to \$3, according to the size and location.

For stands, from \$1 to \$3, according to the size and location. All stands shall have the written consent of the occupant of the premises in front of which they are to be located, annexed to the application.

For exhibition of goods, which in no case can extend beyond the stoop line, \$5.

For stairways and hoistways, which must be inside the stoop line, \$5.

For each show-case, which must be inside of stoop line, \$2 to \$5, according to the size.

For each coal-box, which must be inside of stoop line, \$1.

For each barber's pole, which must be inside of stoop line, \$1.

A return, with detailed report of all moneys received in Permit Bureau, shall be made weekly to the Comptroller.

Sec. 5. All privileges granted under the provisions of this ordinance, shall continue in force until the first day of May next ensuing, unless sooner revoked by the Mayor.

Sec. 6. Any person exercising any of the privileges before mentioned, without a permit, shall be fined \$10 for each offense, to be sued for and recovered by the Corporation Attorney.

Sec. 7. The Mayor shall cause to be provided a record where a full copy of the permits granted under this ordinance shall be recorded; such book, as well as all other books, kept in the Permit Bureau, to be open to the inspection of the public.

Sec. 8. The Permit Bureau shall be under the charge and management of a Chief Clerk, called the Registrar of Permits, who will be appointed by the Mayor, and hold office during the pleasure of the Mayor. The Mayor shall also appoint such clerical force as may be necessary to the performance of the duties of the Bureau.

Sec. 9. All ordinances or parts of ordinances conflicting with this ordinance are hereby repealed.

Sec. 10. This ordinance shall take effect immediately.

He then moved that the ordinance be placed on file.

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

Alderman Strack called up

(G. O. 81½.)

Resolved, That the Committee on Law Department be and is hereby authorized to employ a stenographer, to take the testimony on the examination of the affairs of the Finance Department, now in progress, provided the expenses shall not exceed the sum of \$250.

Alderman Strack moved to amend by adding the following thereto, "said sum to be taken from the appropriation for City Contingencies."

As an amendment to the amendment Alderman Purroy moved to add to the resolution "the services to be paid from the appropriation for City Contingencies."

Which was accepted by Alderman Strack. The President put the question whether the Board would agree with said amendment.

Which was decided in the affirmative.

Alderman Simonson presented the following as a substitute:

Resolved, That the Clerk of this Board be and he is hereby directed to discharge two clerks whose salaries do not exceed the sum of two thousand dollars, and appoint a stenographer, whose salary shall not exceed that sum.

The President put the question whether the Board would accept the substitute.

Which was decided in the negative.

The President then put the question whether the Board would agree with said resolution as amended.

Which was decided in the affirmative by the following vote (three-fourths of all the members elected voting in favor thereof):

Affirmative—The President, Aldermen Billings, Blessing, Cole, Gilon, Gross, Guntzer, Lysaght, McCarthy, Power, Purroy, Reilly, Robinson, Seery, Shandley, Southworth, and Strack—17.  
Negative—Aldermen Deane, Howland, Morris, Simonson, and Vance—5.

The President, as provided in section 13 of chapter 335, Laws of 1873, called up a veto message from his Honor the Mayor of resolution and ordinance to have Forty-second street, from Second avenue to East river, regulated, graded, etc.

The Board then proceeded to reconsider the same in the manner above prescribed by law, and upon a vote being taken thereon, was adopted, notwithstanding the objections of his Honor the Mayor, by the following vote:

Affirmative—The President, Aldermen Billings, Blessing, Cole, Deane, Gilon, Guntzer, Lysaght, McCarthy, Morris, Power, Purroy, Reilly, Robinson, Seery, Shandley, Simonson, Southworth, Strack, and Vance—21.  
Negative—Alderman Gross—1.

The President, as provided in section 13 of chapter 335, Laws of 1873, called up a veto message from his Honor the Mayor of resolution and ordinance to curb, gutter, and flag Ninth avenue, from Fifty-fifth to Fifty-ninth street.

The Board then proceeded to reconsider the same in the manner above prescribed by law, and upon a vote being taken thereon, was finally lost on a division, viz.:

Affirmative—Aldermen Cole, Gross, Lysaght, Power, and Shandley—5.

Negative—The President, Aldermen Billings, Blessing, Deane, Gilon, Guntzer, Howland, McCarthy, Morris, Purroy, Reilly, Robinson, Seery, Simonson, Southworth, Strack, and Vance—17.

The President, as provided in section 13 of chapter 335, Laws of 1873, called up a veto message from his Honor the Mayor of resolution and ordinance to flag sidewalk on West side of Marion avenue, between Kingsbridge road and Ridge street.

The Board then proceeded to reconsider the same in the manner above prescribed by law, and upon a vote being taken thereon, was finally lost, viz.:

Negative—The President, Aldermen Billings, Blessing, Cole, Deane, Gilon, Gross, Guntzer, Howland, Lysaght, McCarthy, Morris, Power, Purroy, Reilly, Robinson, Seery, Shandley, Simonson, Southworth, Strack, and Vance—22.

The President, as provided in section 13 of chapter 335, Laws of 1873, called up a veto message from his Honor the Mayor of resolution and ordinance to flag sidewalks of Fifty-eighth street, from the Eighth to the Ninth avenue.

The Board then proceeded to reconsider the same in the manner above prescribed by law, and upon a vote being taken thereon, was finally lost on a division, viz.:

Affirmative—Aldermen Blessing, Cole, Deane, Gross, McCarthy, Power, Purroy, Reilly, Robinson, Seery, Shandley, Simonson, and Southworth—13.

Negative—The President, Aldermen Billings, Gilon, Guntzer, Howland, Lysaght, Morris, Strack, and Vance—9.

## MOTIONS.

Alderman McCarthy moved that the Board do now adjourn.

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the President announced that the Board stood adjourned until Thursday next, the 11th instant, at 2 o'clock P. M.

FRANCIS J. TWOMEY,  
Clerk.

## ORDINANCES.

## ORDINANCE Relating to Removing Snow, Ice, etc., from Sidewalks.

Resolved, That the Commissioners of Police be and are hereby directed to cause the provisions of sections 15 and 16 of article 2 of chapter 23 of the Revised Ordinances of 1866, to be rigidly enforced. The said sections are as follows:

“§ 15. The owner or occupant, or person having charge of each house or other building, or lot or lots of ground in the City of New York, shall, within the first four hours after every fall of snow, or hail, or rain, which shall freeze on the side-

walks and in the gutters, cause the same to be removed entirely from off the sidewalks opposite such house, building, lot, or land, under the penalty of three dollars for every such neglect, to be paid by the said owner, occupant, or person having charge, severally and respectively.

“§ 16. In case the ice or snow shall be so congealed that it cannot be removed without injury to the pavement, the owner, occupant, or person having charge of any building, lot, or land as aforesaid, shall, within the first four hours after every fall thereof, cause the sidewalks opposite his, her, or their premises to be strewn with ashes or sand, under the penalty of one dollar, to be paid by the owner or occupant, or person having charge thereof, severally and respectively.”

Adopted by the Board of Aldermen, February 4, 1875.

Approved by the Mayor, February 11, 1875.

## ORDINANCE Relating to Hay and Straw.

[To take effect March 7, 1875.]

AN ORDINANCE to amend Article II. of Chapter XXXVI. of the Revised Ordinances of 1866.

The Mayor, Aldermen, and Commonalty of the City of New York, do ordain as follows:

SECTION 1. Article II. of Chapter XXXVI. of the Revised Ordinances of 1866, is hereby amended by adding thereto two additional sections, as follows:

SEC. 14. Hereafter it shall not be lawful for any person to sell, or offer for sale, within the corporate limits of the City of New York, any hay or straw by the bale, unless the exact gross and net weight shall be legibly and distinctly marked on every such bale of hay or straw, under a penalty of ten dollars for each bale of hay or straw so sold or offered for sale in contravention of the provisions of this ordinance.

SEC. 16. The Commissioners of Police are hereby directed to cause the provisions of the ordinance hereby amended to be rigidly enforced.

SEC. 2. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

SEC. 3. The ordinance shall take effect five months after the date of its adoption.

Adopted by the Board of Aldermen, October 1, 1874.

Adopted by the Board of Assistant Aldermen, October 5, 1874.

Approved by the Mayor, October 7, 1874.

AN ORDINANCE to amend Chapter 42 of the Revised Ordinances of 1866, entitled “Of Pawnbrokers, Dealers in Second-hand Articles, and Keepers of Junk Shops—Relating particularly to Pawnbrokers.”

## ARTICLE I.

Of Pawnbrokers and Loanbrokers, or Keepers of Loan Offices.

Section 1. The Mayor may from time to time grant licenses, under his hand and seal, to such persons as shall produce to him satisfactory evidence of their good character to exercise or carry on the business of a pawnbroker, or of a loanbroker or keeper of a loan office, and no person shall exercise or carry on the business of a pawnbroker, loanbroker, or keeper of a loan office without being duly licensed by the Mayor, under the penalty of fifty dollars for each day he or she shall so exercise or carry on said business without such license.

Sec. 2. Every person receiving such licenses shall pay therefor the sum of fifty dollars for the use of the City.

Sec. 3. Every person so licensed shall, at the time of receiving such license, enter, with two sufficient sureties, into a joint and several recognizance to the Mayor and Aldermen of the City of New York in the penalty of five hundred dollars, conditioned for the due observance of all such ordinances of the Common Council as may be passed or in force respecting pawnbrokers and loanbrokers, or keepers of loan offices, at any time during the continuance of such license.

Sec. 4. Every pawnbroker and loanbroker, or keeper of a loan office, shall keep a book in which shall be fairly written, at the time of each loan, an accurate account and description of the goods, article, or thing pawned or pledged, the amount of money loaned thereon, the time of pledging the same, the rate of interest to be paid on such loan, and the name and residence of the person pawning or pledging the said goods, article, or thing.

Sec. 5. Every pawnbroker and loanbroker, or keeper of a loan office, shall, at the time of each loan, deliver to the person pawning or pledging any goods, article, or thing, a memorandum or note, signed by him or her, containing the substance of the entry required to be made in his or her book by the last preceding section; and no charge shall be made or received by any pawnbroker or loanbroker, or keeper of a loan office, for any such entry, memorandum, or note.

Sec. 6. The said book shall, at all reasonable times, be open to the inspection of the Mayor, Recorder, Aldermen, and Special Justices for preserving the peace of the City of New York, or any or either of them, or of any person who shall be duly authorized in writing for that purpose, by any or either of them, and who shall exhibit such written authority to such pawnbroker, loanbroker, or keeper of a loan office.

Sec. 7. Every pawnbroker, loanbroker, or keeper of a loan office, who shall violate or neglect, or refuse to comply with any or either of the provisions of the fourth, fifth, or sixth sections of this chapter, shall, for every such offense, forfeit and pay the sum of twenty-five dollars.

Sec. 8. No pawnbroker, loanbroker, or keeper of a loan office, shall ask, demand, or receive any greater rate of interest than twenty-five per cent. per annum upon any loan not exceeding the sum of twenty-five dollars, or than ten per cent. per annum upon any loan exceeding the sum of twenty-

five dollars, under the penalty of one hundred dollars for every such offense.

Sec. 9. No pawnbroker, loanbroker, or keeper of a loan office, shall sell any pawn or pledge until the same shall have remained one year in his or her possession; and all such sales shall be at public auction, and not otherwise, and shall be made or conducted by such auctioneer as shall be designated and approved of for that purpose by the Mayor of the City of New York.

Sec. 10. Notice of every such sale shall be published for at least six days previous thereto, in one or more of the daily newspapers printed in the City of New York; and such notice shall specify the time and place at which such sale is to take place, the name of the auctioneer by whom the same is to be conducted, and a description of the goods or articles to be sold.

Sec. 11. The surplus money, if any, arising from any such sale, after deducting the amount of the loan, the interest then due on the same, and the expenses of the advertisement and sale, shall be paid over by the pawnbroker, loanbroker, or keeper of a loan office, to the person who would be entitled to redeem the pledge in case no such sale had taken place.

Sec. 12. No pawnbroker, loanbroker, or keeper of a loan office, shall make any loan on the separate or divided part or parts of any one article or thing, and which article or thing shall have been offered entire or collectively to him or her by way of pawn or pledge.

Sec. 13. No pawnbroker, loanbroker, or keeper of a loan office, shall, under any pretense whatever, purchase or buy any second-hand furniture, metals, or clothes, or any other article or thing whatever, offered to him or her as a pawn or pledge.

Sec. 14. Every pawnbroker, loanbroker, or keeper of a loan office, who shall violate or neglect, or refuse to comply with any or either of the provisions of the eighth, ninth, tenth, eleventh, twelfth, and thirteenth sections of this chapter, shall, for every such offense, forfeit and pay the sum of one hundred dollars.

Section 15. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. 16. This ordinance shall take effect immediately.

Adopted by the Board of Aldermen, February 18, 1875.

Approved by the Mayor, February 24, 1875.

Adopted by the Board of Aldermen, February 11, 1875.

Approved by the Mayor, February 18, 1875.

## APPROVED PAPERS.

Ordinances, Resolutions, etc., approved by the Mayor during the week ending February 27, 1875, respectively.

equal in quality to sample to be seen at this office, to be  
delivered in quantities of one hundred to five hundred  
barrels as may be required, free of expense to the Depart-  
ment.

The award of the contract will be made as soon as prac-  
ticable after the opening of the bids.  
No proposal will be considered unless accompanied by the  
consent, in writing, of two householders or freeholders  
of the City of New York, with their respective places of  
business or residence, to the effect, that if the contract be  
awarded under that proposal, they will, on its being so  
awarded, become bound as sureties in the estimated  
amount of fifty per cent. for its faithful performance,  
which consent must be verified by the justification of each  
of the persons signing the same for double the amount of  
surety required. The sufficiency of such security to be  
approved by the Comptroller.

The Department of Public Charities and Correction re-  
serve the right to decline any and all proposals if deemed  
to be for the public interest, and no proposal will be ac-  
cepted from, or a contract awarded to, any person who is  
in arrears to the Corporation upon debt or contract, or  
who is defaulter, as security or otherwise, upon any obliga-  
tion to the Corporation.

## SUPREME COURT.

In the matter of the application of the Department of  
Public Parks, for and on behalf of the Mayor, Aldermen,  
and Commonality of the City of New York, relative to  
the opening of Willis avenue, from One Hundred and  
Forty-seventh street, from Third avenue to St. Ann's  
avenue; One Hundred and Forty-ninth street, from  
Third avenue to the Southern Boulevard; and One  
Hundred and Fifty-sixth street, from Elton avenue to  
Third avenue, as the same were established by the  
Commissioners appointed under chapter 841, Laws of  
1868.

PURSUANT TO THE STATUTES OF THE  
State of New York, in such case made and provided,  
the Department of Public Parks, for and on behalf of the  
Mayor, Aldermen, and Commonality of the City of New  
York, hereby gives notice that the Counsel to the Corpora-  
tion of said City will apply to the Supreme Court in the  
First Judicial District of the State of New York, at a  
Special Term of said Court, to be held at the Chambers  
thereof, in the New Court-house, in the City of New  
York, on Thursday, the twenty-fifth day of March, A. D.  
1875, at eleven o'clock in the forenoon of that day, or as  
soon thereafter as counsel can be heard thereon, for the  
appointment of Commissioners of Estimate and Assess-  
ment in the above-entitled matter.

The nature and extent of the improvements hereby in-  
tended are the opening of Willis avenue, from One Hun-  
dred and Forty-seventh street to Third avenue; One Hun-  
dred and Forty-eighth street, from Third avenue to St.  
Ann's avenue; One Hundred and Forty-ninth street, from

dred and Fifty-sixth street, from Elton avenue to Third  
avenue, as laid out on a certain map prepared by the Com-  
missioners appointed by an act of the Legislature of the  
State of New York, entitled "An Act for the laying out,  
opening, and closing of streets, roads, and avenues, in the  
Town of Morrisania, in the County of Westchester," passed  
May 19, 1868, and filed in the office of the Register of  
Westchester County, State of New York, on the sixth day  
of January A. D. 1871.

NEW YORK, February 27, 1875.

E. DELAFIELD SMITH,  
Counsel to the Corporation,  
No. 2 Tryon Row.

In the matter of the application of the Department of  
Public Works, for and on behalf of the Mayor, Alder-  
men, and Commonality of the City of New York, relative  
to the opening of One Hundred and Fifty-sixth  
street, from the westerly line of the Kingsbridge road,  
to the easterly line of Eleventh avenue; One Hundred  
and Fifty-seventh street, from the westerly line of the  
Road or Public Drive, near the Harlem river, to the  
easterly line of Eleventh avenue; One Hundred and  
Fifty-eighth street, from the westerly line of the Kings-  
bridge road, to the Hudson river; and One Hundred  
and Fifty-ninth street, from the westerly line of the  
Road or Public Drive, near the Harlem river, to the  
easterly line of Eleventh avenue.

PURSUANT TO THE STATUTES OF THE  
State of New York, in such case made and provided,  
the Department of Public Works, for and on behalf of the  
Mayor, Aldermen, and Commonality of the City of New  
York, hereby gives notice that the Counsel to the Corpora-  
tion of said City will apply to the Supreme Court in the  
First Judicial District of the State of New York, at a  
Special Term of said Court, to be held in the Chambers  
thereof, in the New Court-house, in the City of New York,  
on the twenty-fifth day of March, A. D. 1875, at eleven  
o'clock in the forenoon of that day, or as soon thereafter  
as counsel can be heard thereon, for the appointment of Com-  
missioners of Estimate and Assessment in the above-entitled  
matter.

The nature and extent of the improvement hereby in-  
tended is the opening of One Hundred and Fifty-sixth  
street, from the westerly line of the Kingsbridge road to  
the easterly line of Eleventh avenue; One Hundred and

the Harlem river; and One Hundred and Fifty-ninth street,  
from the westerly line of the Road or Public Drive, near  
the Harlem river, to the easterly line of Eleventh avenue,  
in the City of New York, as said streets are shown and de-  
lineated on a certain map made by John J. Serrell, Civil  
and Topographical Engineer for the Central Park Com-  
missioners, and by them ordered filed May 13, 1869, and  
filed in the office of the Register of the City and County  
of New York, on the 27th day of May, 1869.

NEW YORK, February 27, 1875.

E. DELAFIELD SMITH,  
Counsel to the Corporation,  
No. 2 Tryon Row.

In the matter of the application of the Department of  
Public Works, for and on behalf of the Mayor, Aldermen,  
and Commonality of the City of New York, relative to  
the opening of Seventy-third street, from the easterly  
line of Fifth avenue, to the East river, in the City of New  
York.

PURSUANT TO THE STATUTES OF THE STATE  
of New York, in such case made and provided, the  
Department of Public Works, for and on behalf of the  
Mayor, Aldermen, and Commonality of the City of New  
York, hereby gives notice that the Counsel to the Corpora-  
tion of said City will apply to the Supreme Court in the

ment of Commissioners of Estimate and Assessment in the  
above-entitled matter.

The nature and extent of the improvement hereby in-  
tended is the opening of Seventy-third street, from Fifth  
avenue to the East river, in the City of New York, as  
laid out on the map or plan of said City, under and by  
virtue of an Act of the Legislature of the State of New  
York, entitled "An Act relative to improvements touching  
the laying out of Streets and Roads in the City of New  
York, and for other purposes," passed April 3, 1867.

E. DELAFIELD SMITH,  
Counsel to the Corporation,  
No. 2 Tryon Row.

NEW YORK, February 27, 1875.

In the matter of the application of the Department of  
Docks, for and in behalf of the Mayor, Aldermen, and  
Commonality of the City of New York, relative to the  
acquisition of right and title to the upper or easterly  
half of Pier No. 12, East river, in the City of New York.

THE COMMISSIONERS OF THE DEPARTMENT  
of Docks, in the name and in behalf of the Mayor,  
Aldermen, and Commonality of the City of New York,  
pursuant to the provisions of the Act of the Legislature of  
the State of New York, entitled "An Act to amend an Act  
entitled an 'Act to reorganize the City of New York,'  
passed April 5, 1870," passed April 18, 1871, three-fifths  
being present; and of an Act of said Legislature, entitled  
"An Act to reorganize the Local Government of the City  
of New York," passed April 30, 1873; and of an Act of said  
Legislature, entitled "An Act to amend an Act entitled  
'An Act to reduce several laws relating particularly to the  
City of New York into one Act,' passed April 20,  
1839; and of an Act of said Legislature, entitled  
"An Act to reduce several laws relating particularly  
to the City of New York into one Act," passed  
April 9, 1813; and of an Act of said Legislature, en-  
titled "An Act relative to improvements touching the  
laying out of streets and roads in the City of New York,  
and for other purposes," passed April 3, 1867: Hereby give  
notice that they will apply, through the Counsel to the  
Corporation of the City of New York, to the Supreme  
Court in the First Judicial District of the State of New  
York, at a Special Term of the Court, to be held in the
