Alderman Morris called up G. O. 363, being a report and resolution, as follows:

Whereas, The Mayor, Aldermen and Commonalty of the City of New York, in and by a certain indenture duly made and executed under its corporate seal, bearing date the fourth day of January, in the year one thousand eight hundred and fifty-nine, upon the consideration therein mentioned, did grant and convey to the Board of Governors of the New York State Woman's Hospital, incorporated by an act of the Legislature of the State of New York, entitled "An act to found a woman's hospital," passed April, 1857, and to their successors for ever, all that certain block of land situate, lying and being in the Nineteenth Ward of the City of New York, that is to say, the block of ground in said city bounded by the Fourth avenue, Forty-ninth street, Lexington avenue and Fiftieth street, to have and to hold the same to the said Board of Governors of the New York State Woman's Hospital, and their successors, as long as the ground above specified should be used for the purpose of the said the New York State Woman's Hospital, and no longer, as fully and absolutely as the said the Mayor, Aldermen and Commonalty of the City of New York were authorized to convey the same; which said indenture was recorded in the office of the Register of the City and County of New York, in Liber 765 of Conveyances, at page 577, January 7, 1859; and

Whereas, Said indenture was made under and in pursuance of a resolution of the Common Council of the City of New York, duly passed pursuant to authority in that behalf contained in an act of the Legislature of the State of New York, passed April 17, 1858, known as chapter 324 of the Laws of 1858, entitled "An act to authorize the Mayor, Aldermen and Commonalty of the City of New York to convey certain lots of ground to the New York State Woman's Hospital," which said act provided as follows:

"§ 1. The Mayor, Aldermen and Commonalty of the City of New York are hereby authorized to convey to the Board of Governors of the New York State Woman's Hospital the block of ground in said city bounded by the Fourth avenue, Forty-ninth street, Lexington avenue and Fiftieth street, containing thirty-two lots of ground or thereabouts; the said conveyance to be in consideration of one dollar lawful money of the United States, and to remain in full force and virtue as long as the ground herein specified shall be used for the purposes of such New York State Woman's Hospital, and no longer."

And Whereas, Upon the execution and delivery of said indenture, the Woman's Hospital in the State of New York (that being the legal title of the hospital referred to in said indenture), by the Board of Governors thereof, entered into possession of said property and has constructed buildings thereon and has ever since been using the same for hospital purposes; and

Whereas, The Legislature of the State of New York has passed an act known as chapter 249 of the Laws of 1891, entitled "An act to authorize the Mayor, Aldermen and Commonalty of the City of New York to release their right, title and interest in certain lands in the said city to the Woman's Hospital in the State of New York," in and by which the said the Mayor, Aldermen and Commonalty of the City of New York is authorized to release to said the Woman's Hospital in the State of New York, all the right, title and interest, reversion or possibility of reversion which the Mayor, Aldermen and Commonalty of the City of New York may or might have in said block of ground; which said act also provides that the Common Council of said city, in authorizing such release, shall also require the said Woman's Hospital in the State of New York to enter into an agreement in writing with the Mayor, Aldermen and Commonalty of the City of New York to provide and maintain in any hospital which may be established by it in said city, twenty-four free beds for poor persons residing in the City of New York, fit patients for said hospital, to be nominated in such manner as may be provided for by ordinance or resolution, and in case no ordinance or resolution be passed by the Common Council in relation thereto, that then such nomination shall be made by the Mayor of said city; in all cases subject to the same rules and regulations enacted by the Board of Governors of said hospital for the admission of other patients; such agreement to be filed in the office of the Comptroller of said city. And which act further declares that upon the execution of such release by the Mayor, Aldermen and Commonalty of the City of New York, the title to said ground shall vest in said the Woman's Hospital of the State of New York in fee simple absolute; and

Whereas, The Woman's Hospital in the State of New York has made application to this Board for such release, and has offered to enter into the agreement in reference to the provision for free beds, specified in said last-mentioned act and hereinbefore recited; and

Whereas, It appears, from said application, that the use of said ground for the purpose of said hospital has become undesirable by reason of the noise and other disturbance caused by the constant passage along Fourth avenue, contiguous to said ground, of large numbers of cars and steam locomotives, thus injuriously affecting the condition of the numerous patients accommodated by said hospital, and rendering it desirable that said hospital should be moved to some other place presenting more favorable conditions; and

Whereas, It appears from said application that the removal of said hospital will involve the expenditure of large sums of money in the purchase of another site and in the erection of the necessary buildings thereon, but that the said hospital will be unable to provide the necessary funds therefor, and consequently to effect such removal, unless it is enabled to sell said ground and apply the proceeds towards the purchase of a new site and the construction in part of hospital buildings thereon; and

Whereas, Satisfactory assurances have been given by the officers of said hospital that if the said hospital is removed to another site there will be applied to the new site and the erection of new hospital buildings thereon not only the proceeds of the above-mentioned property, but large additional sums, and that said property will be used for the purposes prescribed by the charter of the hospital, that is to say, the treatment of the diseases peculiar to women and the maintenance of a lying-in-hospital; and

Whereas, In the opinion of this Board, it is to the advantage of the public that said application be granted on the terms hereinafter set forth; now, therefore, be it

Resolved, That a release, in the name and under the corporate seal of the Mayor, Aldermen and Commonalty of the City of New York, be made, executed and delivered to the Woman's Hospital in the State of New York, granting and releasing to said the Woman's Hospital in

the State of New York, all the right, title, interest, reversion, or possibility of reversion which the Mayor, Aldermen and Commonalty of the City of New York may or might have in said block of ground, to wit, the block of ground in said city, bounded by the Fourth avenue, Forty-ninth street, Lexington avenue and Fiftieth street, to the end that the title to said ground shall vest in said the Woman's Hospital in the State of New York in fee simple absolute. Said release shall be prepared by the Counsel to the Corporation and approved by him as to form, and upon being so approved, the same shall be signed by the Mayor, and it shall be the duty of the Clerk of the Common Council to affix the seal of the City thereto and attest the same. Before the delivery of said release to said the Woman's Hospital in the State of New York, the said the Woman's Hospital in the State of New York shall make and enter into an agreement in writing with the Mayor, Aldermen and Commonalty of the City of New York, to be approved as to form by the Counsel to the Corporation, and, upon being duly executed by said the Woman's Hospital in the State of New York, to be filed in the office of the Comptroller of said city, binding said corporation, the Woman's Hospital in the State of New York, to maintain in any hospital which may be established by it in this city fifty free beds for poor persons residing in the City of New York, fit patients for said hospital, who shall be nominated by the Alderman of the district in which the applicant resides; but in all cases subject to the same rules and regulations enacted by the Board of Governors of said hospital for the admission of other patients. Upon the production to the Mayor of a certificate from the Comptroller of said city that such agreement has been so filed in his office, said release shall thereupon be delivered by said Mayor to said the Woman's Hospital in the State of New York.

And by further inserting at the end of the resolution the following clause:

"And be it further

"Resolved, That the authority to nominate patients to such free beds, pursuant to said agreement, so to be executed by said hospital, shall, in respect to each of such patients, be vested in the Alderman of the district in which such patient shall reside."

TO CONTRACTORS.

PROPOSALS FOR ESTIMATES.

SEALED ESTIMATES FOR SUPPLYING THE Police Department with two thousand tons of best quality of Lehigh Coal will be received at the Central Office of the Department of Police in the City of New York, until one o'clock P. M. of Friday, the 10th day of June, 1892.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for Furnishing Coal," and with his or their name or names, and the date of presentation to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read.

For particulars as to the quality, kind and quantity of each size of coal required, reference must be made to the specifications, blank forms of which may be obtained at the office of the Chief Clerk in the Central Department.

The attention of bidders is called to the following provision of the contract: "And it is hereby expressly agreed by and between the parties to this contract that the said parties of the second part may, and they are hereby authorized to increase or diminish the amounts of coal, required to be furnished herein, by an amount not to exceed ten per cent., without compensation to the said party of the first part, other than the prices per ton herein agreed upon to be paid for the amount actually furnished under this agreement."

Bidders will state a price per ton of two thousand pounds for the coal to be delivered. The price must be written in the bid and stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire quantity of coal is to be delivered within thirty days from the date of the execution and delivery of the contract.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of FIVE THOUSAND DOLLARS.

Each estimate shall contain and state the name and place of residence of each of the persons making the

same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Blank forms for estimates may be obtained by application to the undersigned, at his office in the Central Department.

1st. Bidders must satisfy themselves, by personal examination, of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for each class of the work before mentioned, which shall be actually performed, at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, or of a notification from the Engineer-in-Chief of the Department of Docks, and all the work contracted for is to be fully completed on or before the 1st day of September, 1892, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price for the whole of the work to be done in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of

every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work, and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, August 14, 1889.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereupon liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thereupon be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.
