BOARD OF ALDERMEN.

AN ORDINANCE GRANTING TO THE Union Railway Company of New York City the right or franchise to construct and operate a street surface railway as an extension of its existing railway in, upon and along the surface of certain streets, avenues and highways, and to, upon and across a bridge and viaduct constructed in and owned and maintained by the City of New York.

Be it Ordained by the Board of Aldermen of the City of New York, as follows:

Section 1. The Board of Aldermen of the City of New York hereby grants to the Union Railway Company of New York City, subject to the conditions and provisions hereinafter set forth, the franchise or right to extend its railway and to use the streets, avenues, highways, bridge and viaduct of the city, and to construct, maintain and operate a double-track street surface railway, as an extension of its existing railway for street railway purposes in the conveyance of persons and property, in, upon and along the following-named streets, avenues, highways, bridge and viaduct, viz:

Commencing at the intersection of Jerome and Sedgwick avenues at the terminus of the tracks of this company's Jerome avenue line; thence upon and along the westerly approach, known as the Sedgwick avenue approach, formerly called Ogden avenue approach, to Central or Macomb's Dam Bridge; thence southerly upon and along said bridge and the One Hundred and Fifty-fifth Street Viaduct and Macomb's Dam road to the terminus of the railway of the Eighth Avenue Railroad Company between West One Hundred and Fifty-fourth and West One Hundred and Fifty-fifth streets; also from the intersection of said Central or Macomb's Dam Bridge and the One Hundred and Fifty-fifth Street Viaduct; thence westerly upon and along said viaduct to the station, depot or terminus of the Manhattan Elevated Railway Company, situated between said bridge and Bradhurst avenue, together with the necessary connections, switches, sidings, turn-outs, turn-tables, cross-overs and suitable stands necessary for the accommodation and operation of said railroad by the overhead system of electricity or any other motive power which may be lawfully employed upon the same; all in the boroughs of Manhattan and The Bronx, City, County and State of New York. The phrase "said railroad" or "said railway" hereinafter used, shall be construed to mean the railroad constructed under this ordinance.

Section 2. The grant of said franchise or right to use said streets, avenues, highways, bridge and viaduct is made subject to the following conditions:

First—The consent in writing of the owners of half in value of the property bounded on said streets, avenues, highways, parkways and public places to the construction and operation of said railroad shall be obtained by the grantee, or in the event that such consent cannot be obtained, the grantee shall obtain the favorable determination, confirmed by the Court, of three Commissioners, appointed by the Appellate Division of the Supreme Court, in the manner provided by the Railroad Law, before said railroad is built or operated.

Second—The said right, privilege and franchise to construct and operate said railway shall be held and enjoyed by said railway company, its lessee or successors, for the term of twenty-five years, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right, privilege and franchise. Such revaluation shall be of the right, privilege and franchise to maintain and operate said railroad by itself, and not to include any valuation derived from the ownership, operation or control of any other railroad by the grantee, its successor or assigns. It shall be in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successor in authority; one disinterested freeholder shall be chosen by the railway company; these

two shall choose a third disinterested freeholder. The three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the grant, and their report shall be filed with the Comptroller or his successor in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the railway company. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last five years of the original franchise.

Third—Upon the termination of said franchise or right, whether original or renewed, the plant and property of the grantee, its successor or assigns, in such streets, avenues and highways, and upon such bridge and viaduct, with its appurtenances constructed under this ordinance, shall be and become the property of The City of New York upon the repayment to the grantee of the fair value of the said plant and property constructed in the streets and on the bridge and its approaches and on the viaduct under this ordinance, which valuation shall be the fair value thereof as property, excluding any value derived from the franchise, and such value shall be determined by the Board of Estimate and Apportionment or its successors in authority.

Fourth—The said Union Railway Company of New York City, its successors or assigns, shall pay into the Treasury of The City of New York for this franchise the following sums of money: During the first term of five years an annual sum which shall in no case be less than \$4,000, and which shall be equal to three per cent. of the gross annual receipts of the railroad constructed under this ordinance, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of \$4,000; during the next five years of the term an annual sum which shall in no case be less than \$4,500, and which shall be equal to five per cent. of the gross annual receipts of the railroad constructed under this ordinance, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of \$4,500; during the next five years of the term an annual sum which shall in no case be less than \$5,000, and which shall be equal to five per cent. of the gross annual receipts of the railroad constructed under this ordinance, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of \$5,000; during the last five years of the term, an annual sum which shall in no case be less than \$6,000, and shall be equal to five per cent. of the gross annual receipts of the railroad constructed under this ordinance, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of \$6,000, and the terms hereafter to be fixed for any renewal term of such franchise shall not be less than \$6,000 per annum, and no renewal of the franchise shall be provided for a further renewal.

Such sums shall be paid into the treasury of The City of New York on November 1st in each year after the commencement of the operation of any portion of the said railroad, provided, however, that the first payment shall only be for that proportion of the above sum as the time of commencement of operation of any portion of the said railroad, before September 30th next preceding, shall bear to the whole of one year. The fiscal year shall end on September 30th next preceding said date of payment, and the provisions of the Railroad Law as it now exists, or as it may hereafter be amended, relating to the manner of payments and statements of percentages of gross receipts of street railway companies shall, as to said railroad, be strictly followed. The intention of this paragraph is to fix an annual charge to be paid by the grantee, its successors or assigns, to The City of New York for the rights and franchise hereby granted, and it shall not be construed as providing for the payment by the grantee, its successor or assigns, for said franchise, of a percentage of gross receipts within the meaning of any general or special statute, referring particularly to chapter 340 of the Laws of 1892.

Fifth—The said annual charge or payments shall continue throughout the whole term of the franchise hereby granted, whether original or renewed, notwithstanding any clause in any statute or in the charter of any other railway company providing for payments for street railway rights or franchises at a different rate, and no assignment, lease or sub-lease of the rights of franchise hereby granted, whether original or renewed, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sub-lease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives so far as this franchise is concerned, any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this grant.

Sixth—The rights and franchises granted hereby shall not be assigned either in whole or in part, or leased or sub-let in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Union Railway Company of New York City, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any way notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—The said railway may be operated by overhead-electrical power substantially similar to the system of overhead electrical traction now in use by the Union Railway Company, or by the underground electric system now in use by the Metropolitan Street Railway Company, and by any other motive power except locomotive steam power or horse power which may be approved by the Board of Railroad Commissioners, and consented to by the owners of property in accordance with the provisions of the Railroad Law.

Eighth—The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York, who have jurisdiction in such matters under the Charter of the City.

Ninth—Said railway shall be constructed and operated in the latest improved manner of street railway construction and operation, and the railway and property of said company shall be maintained in good condition throughout the term of this grant.

Tenth—The rate of fare for any passenger upon said railway shall be five cents, and said company shall not charge any passenger more than said sum for one continuous ride from any point on said railway or a line or branch operated in connection therewith to any point thereof, or of any connecting line or branch thereof, within the limits of The City of New York. The rates for the carrying of property over said railroad upon the cars of the grantee shall in all cases be reasonable in amount and shall be subject to the control of the Board of Estimate and Apportionment, or its successor in authority, and may be fixed by such Board after notice and hearing to the grantee, and when so fixed such rate shall be binding upon said grantee, its successor or assigns, and no greater sums shall be charged for such services than provided for by it.

Eleventh—The cars on said railroad shall run at intervals of not more than ten minutes from 6 o'clock a. m. to 8 o'clock p. m. and at intervals of not more than twenty minutes from 8 o'clock p. m. to 6 o'clock a. m. of each day, and as much oftener as the reasonable convenience of the public may require or as may be directed by City Ordinance.

Twelfth—The said railway company shall apply to each car run over said railway a proper fender and wheel guard in conformity to such laws and ordinances as are now in force or may hereafter be enacted or adopted by the State or City authorities.

Thirteenth—All cars on said railway shall be heated through the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and each car shall be well lighted either by the Pintsch gas system or by electricity, or by some system of lighting equally efficient.

Fourteenth—The said company shall at all times keep the streets, bridge and viaduct upon which said railroad is constructed, between its tracks, and for a distance of two feet beyond the rails upon either side of said streets, free and clear from ice and snow.

Fifteenth—The said railway company, as long as it shall continue to use any of the tracks upon said streets, avenues, highways, parkways, public places, bridge or viaduct, upon which said railroad is constructed, shall have and keep in permanent repair that portion of the surface of said streets, avenues, highways, parkways, bridge and viaduct, between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe. No bids will be received which shall be less than the upset price, viz., ten thousand dollars per annum.

Rent to be payable quarterly in advance.

The purchaser will be required at the time of sale to pay, in addition to the auctioneer's fee (viz., fifty dollars), to the Department of Docks and Ferries twenty-five per cent. of the amount of the annual rent bid as security for the execution of the lease, which twenty-five per cent. will be applied to the payment of the rent first accruing under the lease when executed, or will be forfeited to the Department if the purchaser refuses or neglects to execute the lease, with good and sufficient security, to be approved by the Commissioner of Docks, within ten days after being notified that the lease is prepared and ready for execution, at the office of the Department of Docks and Ferries, Pier "A," North river, foot of Battery place.

Two sufficient sureties, to be approved by the Commissioner of Docks, will be required under the lease to enter into a bond or obligation, jointly and severally with the lessees, in the sum of double the annual rent, for the faithful performance of all the covenants and conditions of the lease.

The lease will contain the usual covenants and conditions, in conformity with the provisions of law and the ordinances of the Board of Aldermen relative to ferries, and shall provide that the lessees will maintain and operate the ferry during the whole term, and will provide ample accommodations in the way of safe and capacious boats and sufficiency of trips; that if at any time during the term hereof the Commissioner of Docks, or the person or persons then performing the duties now exercised by the Commissioner

of Docks, shall be of the opinion that the boat or boats furnished by the party of the second part, or that the number of trips do not conform to the requirements of this lease, he may direct the party of the second part to make such improvements, construct such new boat or boats or increase the number of trips as in his opinion the service demands; and in the event of the failure of the party of the second part to comply with such direction within a reasonable time, a commission shall be appointed, composed of the Mayor, the President of the Borough of Manhattan and the Commissioner of Docks, on behalf of the City, and three other persons, selected by the party of the second part, which commission shall be known as the Arbitration Commission, and in case of their failure to agree as to the improvements to be made in the service, they shall appoint a seventh person to act as umpire, and if they are unable to agree within five days upon such umpire, then, at the request of either of the parties hereto, he shall be appointed by the Presiding Justice of the Appellate Division of the Supreme Court of the State of New York, First Department, and the decision of four of said seven persons so selected shall be conclusive and binding upon both of the parties to this lease; also conditions that the lessees shall dredge the ferry slip, etc., as required by the Commissioner of Docks; that during the term of the lease they will erect and build, at their own expense, and will at all times well and sufficiently repair, maintain and keep in good order, all and singular, the floats, racks, fenders, bridges and other fixtures of the landing places, and in the event of any damage to the bulkheads or piers from collision by the ferryboats, or otherwise, from any accident or negligence on their part, they will immediately repair and restore said wharf property to its previous conditions free of cost to the City of New York; that if at any time during the term of the lease the Commissioner of Docks shall require any of the wharf property used for ferry purposes in order to proceed with the water front improvements in the vicinity of the ferry landings, the said lessees shall surrender and vacate the premises without any claim upon the City for any damages whatever, upon written notice being given to the lessees three months in advance of the intention of said Commissioner; that such notice shall specify, by the general terms of description or by reference to the plans and specifications of the proposed work of improvement, the character of the alterations and improvements to be made in regard to said water front, affecting the property and rights hereby authorized to be demised, and upon receiving such notice the lessee may elect to terminate the lease of said ferry privileges or franchise by serving notice of such election upon the Commissioner of Docks within one month after receiving notice from the Commissioner of Docks of its intention to improve the water front in the vicinity of the ferry landings; also, that in case only a portion of said wharf property shall be required for the purposes aforesaid, then a reasonable reduction will be made from the rent reserved by said lease; that sworn returns of the amounts of ferry receipts shall be made to the Commissioner of Docks when required by said Commissioner, and that the books of accounts of the ferry shall be subject to the inspection of said Commissioner.

The lease will contain a covenant providing that upon the expiration or sooner termination of the said term of ten years the lessee may, and upon demand in writing by the Commissioner of Docks or other proper officer or Department of The City of New York thereto duly authorized, shall, at the cost and expense of the lessee, forthwith and at the utmost practicable speed wholly remove from the premises hereinbefore described the buildings, platforms, floats, bridges, ferry racks, piling and fixtures which shall have been erected or placed by the lessee, its successors or assigns, upon or within the limits of the wharf property to be leased, so that there shall be in the slip adjacent to the hereinbefore described wharf property, used for the purposes of said ferry, and in every part thereof, from the bulkhead out, at least ten feet of water at mean low water.

The rates for ferrage and charges for vehicles and freight shall not exceed the rates now charged on the ferry to and from the foot of East Twenty-third street, Borough of Manhattan, from and to the foot of Broadway, Borough of Brooklyn.

The lessee shall provide such lifeboats, floats, rafts and life preservers as may be directed by the Commissioner of Docks.

The form of lease which the purchaser will be required to execute can be seen at the office of the Commissioner of Docks.

The right to reject all bids is reserved if deemed by the Commissioner of Docks to be for the best interests of the City so to do.

By order of the Commissioner of Docks.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be included in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
