The Clerk proceeded to read the minutes of the stated meeting of June 30, 1903.

On motion of Alderman Bennett further reading was dispensed with, and the minutes were approved as printed.

### MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

No. 2276.

City of New York—Office of the Mayor.

The Honorable the Board of Aldermen of The City of New York:

I have the honor to transmit herewith a letter from the Police Commissioner, with documents attached, relating to the stringing of Police Department wires upon the structure of the Kings County Elevated Railroad Company. The Commissioner desires to enter into a contract with this company which will permit the Department to continue to use its structure for this purpose as hitherto.

It appears to be in the public interest that such an arrangement should be authorized, and, from the nature of the case, as the contract can only be made with the company that owns the structure, it is desirable to permit such contract to be entered into without public letting.

I respectfully ask for the passage of such a resolution.

SETH LOW, Mayor.

New York, July 7, 1903.

Police Department of The City of New York,

No. 300 Mulberry Street,

June 30, 1903.

Hon. SETH LOW, Mayor of New York:

Sir—I respectfully transmit herewith copies, according to list attached, of all the papers in the case of the claim of the Kings County Elevated Railroad Company for

payment for the use of their structures by the Fire Department for stringing its wires. Bills have been filed in this Department by the Brooklyn Heights Railroad Company, according to schedule hereto attached, marked "B," but the said bills have not yet been audited nor transmitted to the Department of Finance.

Under the opinion of the Corporation Counsel it appears that such bills cannot be paid, and that the only remedy of the railroad company would be to enter suit against the City to establish any rights it may have for the payment of these bills for the use of its structures, even although no contract had been made for such use.

It is of great importance that the Police wires should not be removed from the railroad structures, as such removal would seriously interfere with the Police service. Contract for such use can only be made in one of two ways—either by public letting after advertisement, or by consent of the Board of Aldermen without public advertisement. It seems to me evident that this is not a case where advertisement for bids would accomplish any useful purpose, and I therefore respectfully request that the Board of Aldermen give to the Police Commissioner authority under section 419 of the Greater New York Charter to make such contract at a price not exceeding \$2 per mile per wire and 50 cents for each bracket per annum, the said contract to be entered into without sealed bids or proposals being made in compliance with public notices duly advertised in the "City Record" and the corporation newspapers.

I transmit this communication to you instead of to the Board of Aldermen direct, in accordance with your request to that effect, and I respectfully ask that the matter may have prompt attention in order that the telegraph service of the Police Department may not be interrupted.

Very respectfully,

F. V. GREENE, Police Commissioner.

Police Department of The City of New York,

Office of Second Deputy Commissioner, Borough Headquarters,

Borough of Brooklyn, June 29, 1903.

General F. V. GREENE, Police Commissioner:

Sir—In compliance with your instructions of the 18th instant, I have examined into the matter of the stringing of the wires on the structure of the elevated railroads in Brooklyn, and find as follows:

Our wires are mostly in the wooden conduit of the Telephone Company, which conduit is between the tracks of the elevated structure. Where there is no conduit, our wires are attached to the ends of the ties by wooden brackets or porcelain insulators.

The Police Department of the former City of Brooklyn arranged with the Kings County Elevated Railroad Company to place its wires on said elevated structure, and agreed to pay and did pay for several years a certain sum for this privilege. No arrangement or agreement was ever entered into with the old Brooklyn Union road, so far as I can find.

I also find that the Fire Department is in the same position in regard to their wires as ours, they having paid for the privilege on the Kings County road, but not on the old Brooklyn Union line. They paid the same rate as the Police Department on the Kings County Railroad, viz.: \$2 per mile for wires and 50 cents for each attachment per annum.

In view of the opinion of the Corporation Counsel that the claims under consideration in the within paper are not valid claims against the City, there seems nothing else for this Department to do. As the removal of the wires, however (should the companies insist upon it), would interfere very seriously with the arrangement of our telephone system, I would recommend that for the future a contract be entered into on an equitable basis with the company for compensation for the privilege.

Respectfully,

FRED. H. E. EBSTEIN, First Deputy Commissioner.

Police Department of The City of New York,

Telegraph Bureau, No. 300 Mulberry Street,

New York, June 17, 1903.

Hon. FRANCIS V. GREENE, Police Commissioner:

Sir—In relation to the attached letter from Assistant Deputy Comptroller and accompanying opinion of the Corporation Counsel regarding claims for rental of wire privileges on Brooklyn Heights Elevated Railroad, I respectfully submit herewith copy of a resolution of the Board of Police, dated July 13, 1898, which shows that the Board considered (and I believe was so advised by the Corporation Counsel) that all claims of this character prior to January 1, 1898, were against the former City of Brooklyn, and not chargeable to the Police Department of The City of New York.

I also forward herewith copy of report of Superintendent of Telegraph to the Board of Police, dated December 1, 1898, which contains a statement of facts relating to the subject up to this time (December 1, 1898).

I find from the records in the Auditor's office that bills for such rental have been rendered by the Brooklyn Heights Elevated Railroad ever since consolidation, but were not allowed, and I am informed that they were not audited at the request of the President of the Board (York). I can find nothing on record to show why this action was taken, but my impression is that the Board of Police was of the opinion that if the Manhattan Elevated Railroad granted this privilege to the Department there was no reason why the Brooklyn Elevated Railroad should not do so.

It appears, however, that the claims of the Kings County Elevated Railroad were paid for 1898 and 1899, but in 1900 the Brooklyn Heights Elevated Railroad took control of the Kings County Elevated Railroad and rendered bills in the name of the Brooklyn Heights Elevated Railroad, and since that date no claims of this kind have been allowed.

Very respectfully,

M. R. BRENNAN, Superintendent of Telegraph.

Police Department of The City of New York,

No. 300 Mulberry Street,

New York, December 1, 1898.

To the Honorable Board of Police:

Gentlemen—In compliance with the resolution of the Board of Police (November 23, 1898) to report relative to the claim of the Brooklyn Elevated Railroad, for rental for use of its structures for wires and fixtures of the Police Department, I respectfully submit the following report:

It appears that the Park, Grand and Lexington avenue structures were built in 1879; shortly thereafter the Department of City Works of the former City of Brooklyn, in order to clear the streets of poles, directed the transfer of the police and fire wires to the elevated structures on said avenues, and then again in 1887, when the elevated structures were built on Myrtle and Fifth avenues and on Broadway, the City Departments were directed to transfer their wires to the same.

Up to this time no record was kept of the number of attachments to, or the mileage of wires carried on the said structures each year by the Department, I presume for the reason that no mention was made of charges for rental.

In 1890 the Brooklyn Elevated Railroad Company rendered a bill to the Police Commissioner of Brooklyn for rental; upon investigation it was found that up to this time the Department had made 2,968 attachments and were maintaining nearly 100 miles of wires on said structures; payment of this bill was not allowed; it was referred to the Corporation Counsel and it is fair to presume for the reason the Brooklyn Elevated Railroad had not heretofore presented any claim, nor was any agreement entered into between the said railroad company and the Department for the payment of rental.

Since 1890, in order to extend and maintain the police wires on said structures it was necessary to make 652 additional attachments, also to slightly increase the mileage of wire, so that at the present time the Department has on the Brooklyn Elevated Railroad structures 3,620 attachments and 100 miles of wire.

In the absence of data showing the number of attachments and mileage of wire maintained on the Brooklyn Elevated structure prior to 1890, which cannot be obtained owing to the elevated railroad company having failed to present a claim or render a bill for rental up to this time, it is therefore impossible to calculate with any degree of accuracy the amount which would have been paid, had bills been presented regularly and payment allowed for the period between 1879 and 1890.

Between 1890 and up to the time of consolidation of the departments, January 1, 1898, several bills were rendered to the Police Commissioner of Brooklyn, who declined to pass the same. All such bills were referred to the Corporation Counsel and were placed in charge of Mr. Richard B. Greenwood, one of the assistants.

It is true that the Kings County Elevated Railroad is allowed payment of rental for similar attachments to its structures (50 cents per attachment, \$2 per mile, per annum for wire); but such attachments are few and the annual expense inconsiderable when compared with the cost of our requirements in this respect on the Brooklyn Elevated Railroad.

In considering this claim, I beg to remind your Honorable Board that the Department has the privilege of using the Manhattan Elevated Railroad structures for making attachments of its wires, fixtures, etc., without payment of rental.

Very respectfully,

M. R. BRENNAN, Superintendent of Telegraph.  
Police Department of The City of New York,  
No. 300 Mulberry Street,  
New York, July 13, 1898.

Mr. M. R. BRENNAN, Superintendent of Telegraph:

Sir—At a meeting of the Board of Police held this day it was Resolved, That the bill of the Kings County Elevated Railroad Company for electric wire privileges on railway structure for six months ending December 31, 1897, be returned to the Superintendent of Telegraph upon the ground that the same is charged against the late City of Brooklyn, and as such should be presented to the Comptroller of The City of New York for payment. It is not a charge against the Police Department.

Very respectfully,

WM. H. KIPP, Chief Clerk.

Department of Finance—City of New York,  
June 12, 1903.

Hon. FRANCIS V. GREENE, Commissioner, Police Department:

Sir—I beg to submit herewith for your information and guidance, copy of an opinion rendered by the Corporation Counsel under date of June 6, 1903, in which he holds that claims for stringing wires on the elevated structure in the Borough of Brooklyn are not valid claims against the City until contracts therefor have been duly entered into.

Yours truly,

H. L. SMITH, Assistant Deputy Comptroller.

(Copy.)

Law Department, Office of the Corporation Counsel,  
New York, June 6, 1903.

Hon. EDWARD M. GROUT, Comptroller:

Sir—I have received under date of January 21, 1903, a communication signed by N. Taylor Phillips, Deputy Comptroller, enclosing for my consideration and advice vouchers filed in the Finance Department in favor of the Brooklyn Heights Railroad for the sums of \$1,038.25, \$5,458.03 and \$4,149.42, being compensation claimed for the privilege of stringing wires on the elevated structures in the Borough of Brooklyn during periods from October 1 to December 31, 1900, from January 1 to December 31, 1901, and from January 1 to September 30, 1902, respectively.

You refer me to an opinion delivered by the Corporation Counsel on April 20, 1900, relating to similar bills, and I am asked to advise you if the enclosed claims are proper charges against the City Treasury, and if the same may be paid, notwithstanding that a contract had not been entered into.

By section 729 of the original and of the Amended New York Charter the Fire Commissioner is given exclusive right and power to designate and fix the location of all fire alarm, telegraph, signal and alarm stations. Under this provision the Commissioner undoubtedly has power to make a contract with the railroad companies for the stringing of the wires of the fire alarm, telegraph, and for the placing of signal and alarm stations upon its structures. Such a contract, however, must be made in accordance with the other provisions of the Charter relating to the making of contracts and must conform to and be limited by the conditions fixed by statute.

By section 149 of the Charter, it was and is provided that "no contract hereafter made, the expense of the execution of which is not by law or ordinance, in whole or in part, to be paid by assessments upon the property benefited, shall be binding or of any force, unless the Comptroller shall endorse thereon his certificate that there remains unexpended and unapplied, as herein provided, a balance of the appropriation or fund applicable thereto sufficient to pay the estimated expense of executing such contract, as certified by the officer making the same. But this provision shall not apply to work done or supplies furnished not involving the expenditure of more than one thousand dollars, unless the same is required by law to be done by contract at public letting."

It will be seen by an examination of the vouchers presented with your communication that the entire amount alleged to be due is claimed by the Brooklyn Heights Railroad Company, although the wires were strung upon the structures formerly owned and maintained by the different elevated railroads in the Borough of Brooklyn.

The bill for the months of October, November and December, in the year 1900, aggregates \$1,038.25; the bill for the year 1901 aggregates \$5,458.03; the bill for the year 1902, up to and including the month of September, aggregates \$4,149.42.

No contract with the railroad company for the use of its structures by the Fire Department for the purpose of maintaining its fire alarm telegraph system thereon is produced, and I am informed that none has been executed for any of the years mentioned. The provisions of the Charter above cited, therefore, could not have been complied with, and any agreement made with the railroad companies without the observance of the necessary formalities would not be binding or of any force as against the City.

The opinion of the Corporation Counsel delivered on April 20, 1900, to which you refer, holds that it is within the power of the Fire Commissioner to enter into agreements with the railroad companies for the stringing of telegraph wires. To this extent I am willing to follow that opinion. The conclusion is also reached therein that the bills presented for payment for the privilege of stringing the wires were a legal charge against the City. This conclusion I cannot subscribe to unless within the limitations above set forth in regard to the making of contract for the purpose indicated.

I advise you, therefore, that upon the facts now before me, the claims under consideration are not valid claims against the City.

Respectfully,

(Signed) G. L. RIVES, Corporation Counsel.

The President laid before the Board the following message from his Honor the Mayor:

No. 2277.

City of New York, Office of the Mayor.

The Honorable the Board of Aldermen of The City of New York:

I have now the pleasure to transmit to you the final report of the Commission of Experts appointed by me to consider the proposed plans for the Manhattan Bridge. You will perceive that the Commission is unanimous not only in recommending the use of nickel steel, as proposed by the Bridge Commissioner, but also in advising that the bridge be built on the plans submitted by him.

This document is probably the last professional paper ever signed by the late George S. Morison, the distinguished Chairman of the Commission of Experts. The paper was prepared by his colleagues and submitted to him. It was then amended to meet his suggestions, and as amended it was signed by him, being thus, as I have stated, probably the last professional act of his life.

I take this opportunity of recording my regret at the ending of his highly useful life. The profession which he adorned and the City in which he made his home are both poorer by reason of the loss which they have sustained.

SETH LOW, Mayor.

New York, July 7, 1903.

New York, June 29, 1903.

Hon. SETH LOW, Mayor of The City of New York:

Dear Sir—Having been appointed by your letter of February 10 a commission to pass upon the plans prepared under the direction of the Commissioner of Bridges for the Manhattan Bridge across the East river, we submitted on March 9 a preliminary report covering the principal features of the design. We deferred our final report relating to the quality of the material to be used for the eye-bar cables until additional tests could be had, and we should be satisfied by correspondence with the leading manufacturers of structural steel that the desired material could be obtained at reasonable price and in open competition.

Three different manufacturing plants have manufactured and tested nickel steel bars for the purpose of this investigation.

From the results of the tests submitted to us, we are satisfied that material which will meet the requirements hereinafter outlined can be obtained for this bridge.

Our investigation relating to material has been restricted to the special steel best suited for use in eye-bar cables, as this feature of the design under consideration is the main departure from the usual practice in the design of suspension bridges. This investigation satisfied us that a steel of the following qualities in full size annealed eye-bars will be satisfactory:

Ultimate strength, pounds per square inch.....	85,000
Actual elastic limit, pounds per square inch.....	48,000
Percentage of elongation in 18 feet.....	9
Percentage of reduction at fracture.....	40

The maximum stress in these eye-bars under actual dead load combined with the working load of 8,000 pounds per lineal foot, given in our preliminary report, together with effect of temperature, should not exceed 30,000 pounds per square inch.

The tests so far made would indicate that the above results can be obtained by a steel made by the open hearth process containing 3/4 to 3/5 per cent. of nickel; containing not over .05 per cent. of sulphur; not over .06 per cent. phosphorus if made in an acid furnace, nor over .04 per cent. if made in a basic furnace.

Three manufacturers with established plants state that they are now prepared to furnish steel to fulfill the above requirements, and others state that they can arrange to furnish it in a reasonable time if the demand warrants them in so doing.

The strength of steel eye-bars having the above qualities will be 50 per cent. greater than standard bars now used in the best class of bridge construction; the working strains can therefore be increased in the same proportion.

In our preliminary report of March 9, we reported favorably on all features relating to the design of this bridge, subject only to the uncertainty of obtaining this quality of material. This uncertainty is now removed.

In this final report we unanimously recommend the adoption and execution of the proposed design of the Manhattan Bridge, as submitted to us by the Commissioner of Bridges.

Very respectfully, your obedient servants,

GEORGE S. MORISON,  
C. C. SCHNEIDER,  
MANSFIELD MERRIMAN,  
HENRY W. HODGE,  
THEODORE COOPER.

Which was referred to the Committee on Finance.

In connection herewith, President Forney said that he felt sure he voiced the sentiment of the Board in publicly expressing at this time extreme regret at the death of the eminent engineer, George S. Morison.

#### PETITIONS AND COMMUNICATIONS.

No. 2278.

To the Board of Aldermen of The City of New York:

Your petitioners respectfully pray that section 416 of chapter 8, Article XLII, of the Revised Ordinances of The City of New York (also known as section 777 of Greater New York General Ordinances) be amended so as to read:

Nothing contained in the three preceding sections of this article shall be construed to prevent any clergyman or minister of any denomination or any person responsible to and regularly associated with any church, missionary association or incorporated mission or missionary society located in and working for New York City as missionary or lay preacher or lay reader from preaching in any specified place or places in this city, provided that such person shall have obtained the written permission of either the Mayor, Chief of Police or one of the Aldermen of this City therefor. (Id., Sec. 416.)

We ask this amendment for the following reasons:

The present ordinance permits only clergymen or ministers to preach upon the streets or in public places in The City of New York.

This fact debars a large body of missionaries and trained lay workers connected with churches and city mission enterprises from prosecuting the evangelistic work they desire to do.

Again, it is a rule of the Mayor's office that a minister or clergyman shall receive permission to preach in one locality only.

This greatly hinders the work of religious societies organized to propagate religious doctrine. An efficient worker may conduct services at different places in rotation, thus reaching many neighborhoods. But under the present ruling he is only permitted to preach at a single point. A missionary society must therefore employ a separate worker, who must of necessity be a minister or clergyman, for every separate point at which it would preach, thus multiplying the society's expense and curtailing the usefulness of its individual missionaries.

These facts are specially deplorable because:

A very large proportion of the inhabitants of New York profess no religion of any kind and attend no church or mission, yet they will attend open-air services freely; and because

About 40 per cent. of the population of New York are foreigners, many of whom do not understand the English language, and the services of an English church are not available to them; and because

Ordained ministers or clergymen who speak the native languages are very few and often wholly unobtainable, while on the other hand there is a considerable body of missionaries and lay preachers who speak the native languages and who have the knowledge and ability to preach, but who are debarred from this privilege by the limitations of the present law.

In submitting this amendment we would respectfully call your attention to the following points:

First—We ask the extension of this privilege only to such persons as are regularly associated with churches or city mission organizations, and who are responsible to those organizations.

Second—That we ask it only for the missionaries and workers of churches, missionary associations or incorporated missions or missionary societies.

Third—That we ask it only for such churches, missionary associations or incorporated missions as are located in and working for New York City.

Fourth—Your petitioners are constituted, in the first instance, of City mission societies and missionary organizations at work in New York, who desire the extension

sion of the privilege to their workers; in the second instance of bodies of ministers and clergymen, who are thereby delegating to these missionaries and lay workers the privilege which is now theirs only; in the third instance of individuals of repute who are interested in the propagation of religion in this City.

For all these reasons we do most respectfully urge the adoption by your Honorable Body of this amendment.

In connection herewith Alderman Parsons offered the following:

A GENERAL ORDINANCE in regard to public worship in the streets and public places in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. No person shall be concerned or instrumental in collecting or promoting any assemblage of persons under the pretense of or for public worship or exhortation in the Battery or any of the markets or streets or parks or in any public place in The City of New York laid out and appointed for the common use of the citizens under the penalty of twenty-five dollars for each offense.

Sec. 2. It shall be the duty of all police officers of The City of New York to prevent all such assemblies, and to prosecute, apprehend and report to the Corporation Counsel all persons concerned or instrumental in promoting the same.

Sec. 3. Every police officer who shall neglect or refuse to perform his duty in the premises shall for every such neglect forfeit and pay the sum of five dollars.

Sec. 4. Nothing contained in the three preceding sections of this article shall be construed to prevent any clergyman or minister of any denomination, or any person responsible to or regularly associated with any church, missionary association or incorporated missionary society located in or working for New York City, or lay-preacher or lay-reader, from preaching in any specified place or places in The City of New York, providing that such person shall have obtained the written permission of either the Mayor, Commissioner of Police or one of the Aldermen of the City therefor.

Sec. 5. This ordinance shall not be construed to prevent any ministers or people of any church usually called Baptists from assembling in proper places in The City of New York for the purpose of performing the rites of baptism according to the ceremonies of such church.

Sec. 6. No person shall disturb, molest or interrupt any clergyman, minister, missionary, lay-preacher or lay-reader who shall be preaching and have obtained permission according to this ordinance, or any minister or people who shall be performing the rites of baptism as permitted by this ordinance, nor shall any person commit any riot or disorder in any such assembly, under the penalty of twenty-five dollars for each offense.

Sec. 7. Article XLII. and sections 774, 775, 776, 777, 778 and 779 of the Revised Ordinances of 1897 of The City of New York, and all ordinances or parts of ordinances of the former municipal or public corporations consolidated into The City of New York inconsistent and conflicting herewith are hereby repealed.

Sec. 8. This ordinance shall take effect immediately.

[Note—This ordinance makes Article XLII, comprising sections 774 to 779 of the Revised Ordinances of 1897 of the old City of New York applicable throughout the greater City, except that certain verbal changes are made to make it so applicable and to make the language clearer, and that in section 4 the part underscored has been added enlarging the effect of that section by making it possible for missionaries, lay preachers and lay readers to obtain permits and making it possible for the permits to allow one person to preach in more than one place in the City.

There seems to have been no ordinance governing this matter in any of the other boroughs of the City.]

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICES.

The President laid before the Board the following communications from the Board of Estimate and Apportionment transmitting resolutions:

No. 2279.

Department of Finance, City of New York,

July 3, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment July 1, 1903, recommending to the Board of Aldermen the fixing of the salaries of the positions of Stenographer to the Board of Aldermen at \$2,250, Journal Clerk at \$1,500 and Cashier, City Clerk's office, at \$1,800 per annum, in the office of the Board of Aldermen.

I also send you form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Respectfully,

J. W. STEVENSON, Deputy Comptroller.

Whereas, The Board of Estimate and Apportionment, at its meeting held July 1, 1903, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salaries of the following positions in the office of the Board of Aldermen be fixed as follows:

Stenographer to the Board of Aldermen, per annum.....	\$2,250 00
Journal Clerk, per annum.....	1,500 00
Cashier, City Clerk's office, per annum.....	1,800 00

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the above positions as set forth therein.

Aldermen Bill moved the adoption of this resolution.

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Alt, Baldwin, Bennett, Bill, Brenner, Bridges, Chambers, Coggey, Dickinson, Diemer, Donohue, Doull, Dowling, Florence, Foley, Gass, Goldwater, Goodman, Haggerty, Harburger, Higgins, Kenney, Klett, Leitner, Lundy, Malone, Nehrbauer, Oatman, Owens, Parsons, Richter, Sullivan, Tebbetts, Twomey, Walkley, Ware, Wentz, Willett, Wirth; President Haffen, Borough of The Bronx; the Vice-Chairman of the Board of Aldermen; and the President of the Board of Aldermen—42.

No. 2280.

Department of Finance, City of New York.

July 3, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment July 1, 1903, recommending to the Board of Aldermen the fixing of the salary of the position of Departmental Inspector, Bureau of Public Buildings and Offices, Borough of Manhattan, together with copy of communication from the President of said Borough, relative thereto.

I also send you form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

J. W. STEVENSON, Deputy Comptroller.

June 17, 1903.

To the Board of Estimate and Apportionment, City Hall, City:

Gentlemen—Request is herewith made to the Board of Estimate and Apportionment to increase the salary of Mr. Lawrence T. Fassett, Departmental Inspector, Bureau of Public Buildings and Offices, from \$1,500 to \$2,000 per annum.

Mr. Fassett was originally appointed as Inspector of Lamps and Gas at \$1,500 per annum, May 25, 1898, and on May 21, 1902, his title was changed to Departmental Inspector and assigned to the above Bureau.

The Inspector holding this position under the former administration was paid at the rate of \$2,500. Mr. Fassett is the only Inspector at the present time whose duties cover the entire City, particularly all the public markets which are under his personal supervision, and other public buildings to which from time to time he is assigned. His work is arduous and requires constant personal attention.

Respectfully,

JACOB A. CANTOR, President, Borough of Manhattan.

Whereas, The Board of Estimate and Apportionment, at its meeting held July 1, 1903, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Departmental Inspector, Bureau of Public Buildings and Offices, Borough of Manhattan, be fixed at the rate of nineteen hundred and fifty dollars (\$1,950) per annum.

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Departmental Inspector, Bureau of Public Build-

ings and Offices, Borough of Manhattan, at the rate of two thousand dollars (\$2,000) per annum.

Alderman Sullivan moved the adoption of this resolution.

The President put the question whether the Board would agree with said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Behrmann, Bill, Brenner, Bridges, Chambers, Coggey, Devlin, Dickinson, Doull, Florence, Gass, Gillies, Goldwater, Goodman, Haggerty, Harburger, Higgins, Kenney, Leitner, Malone, Mathews, Metzger, Meyers, Nehrbauer, Oatman, Owens, Peck, Richter, Shea, Sullivan, Twomey, Walkley, Ware, Wentz, Whitaker; President Cromwell, Borough of Richmond; President Haffen, Borough of The Bronx; the Vice-President of the Board of Aldermen and the President of the Board of Aldermen—40.

New York, June 25, 1903.

Hon. J. W. STEVENSON, Secretary, Board of Estimate and Apportionment,  
Deputy Comptroller, Department of Finance:

Sir—It comes to my knowledge through publication in the "City Record" of June 25 that the title of Superintendent of Final Disposition in the resolution proposed before the Board on Friday, June 19, for an increase in salary from \$2,000 to \$3,500 was exchanged for the title of General Superintendent of the Department of Street Cleaning. May I ask that this be rectified at the next meeting of your Honorable Board, to be held on Friday, the 26th inst., in order that it may read that the salary of the Superintendent of Final Disposition of the Department of Street Cleaning be increased from \$2,000 a year to \$3,500, and cancel the record of the Board of Estimate and Apportionment increasing the salary of the General Superintendent of the Department of Street Cleaning.

Respectfully,

(Signed) JOHN McG. WOODBURY, Commissioner.

Whereas, The Board of Estimate and Apportionment, at its meeting held July 1, 1903, adopted the following resolution:

"Resolved, That the resolution adopted by the Board of Estimate and Apportionment June 26, 1903, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of General Superintendent in the Department of Street Cleaning be fixed at the rate of three thousand five hundred dollars (\$3,500) per annum,"

—be amended by striking out the words 'General Superintendent' and inserting in place thereof the words 'Superintendent of Final Disposition.'"

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Superintendent of Final Disposition at the rate of \$3,500 per annum.

Department of Parks, Boroughs of Brooklyn and Queens,  
New York, June 24, 1903.

Hon. J. W. STEVENSON, Secretary, Board of Estimate and Apportionment:

Sir—Commissioner Young directs me to ask that you present to the Board of Estimate and Apportionment, resolution to change Walter W. Hoover and John Whalley, Arboriculturists in this Department, from the weekly to the monthly payroll. The men are paid now \$4.10 a day, which is as near \$1,500 as is possible to estimate it, and the Commissioner simply desires to pay them \$1,500 a year. The Arboriculturists are constantly in demand, both Sunday nights and holidays, and are perfectly willing to do any extra service, but would like to be on the salaried payroll.

The Board of Estimate on June 5 passed a resolution transferring funds from the account entitled "Labor, Maintenance and Supplies" to that of "Administration," sufficient to pay these men for the balance of the year, so that all that is required

is the consent of the Board of Estimate and the Board of Aldermen to the change as suggested herein.

Immediate action is respectfully requested.

Very truly yours,

GEO. A. LOGAN, Secretary.

Whereas, The Board of Estimate and Apportionment at its meeting held July 1, 1903, adopted the following resolution:

(Copy.)

Chambers of Surrogate's Court, Brooklyn, N. Y.,

June 24, 1903.

Hon. SETH LOW, Mayor, Chairman Board of Estimate and Apportionment, New York City, N. Y.:

My Dear Sir—I would most respectfully submit to your Board that the following changes be made in the salaries in my office:

The position of Calendar Clerk is allowed a salary of \$2,300 per year; the position of Clerk to the Surrogate has a salary of \$1,100 per year, or a total for the two places of \$3,400.

The Calendar Clerk has recently died. Before appointing a person to the vacancy thus created it seems to me that these salaries should be equalized by making the salary of the Clerk to the Surrogate \$1,800 and the salary of the Calendar Clerk \$1,600, as the work performed by these two officials is largely personal and of very much the same character, with the additional fact that the Clerk to the Surrogate, by remaining in the position, will have to necessarily discharge some of the duties of the Calendar Clerk, and also instruct the Calendar Clerk in the duties of his position.

Upon taking office the discrepancy between these salaries was noticed by myself, but during the lifetime of the clerk I did not wish to make any serious change in their salaries, but, now that there has been a vacancy created by death, it seems to me that this matter should be rectified, in accordance with the dictates of good business judgment. I may state, also, that it is my idea, that instead of appointing some outsider to the vacant position of Calendar Clerk, it is better to promote one of the lower priced clerks in my office to this vacancy. I would, therefore, respectfully request that the Board of Estimate and Apportionment readjust the salaries of these two offices by making that of the Clerk to the Surrogate \$1,800, and that of the Calendar Clerk \$1,600 per year.

If there is any information that you desire upon this matter I will gladly appear before your Board and explain the same.

I remain

Yours very respectfully,

(Signed)

JAMES C. CHURCH.

Hon. SETH LOW, Chairman, Board of Estimate and Apportionment:

Sir—A request, under date of June 29, has been made to your Honorable Body to create the position of Stenographer in this Department, at a salary of \$2,000 per annum.

This Department has found it necessary to engage the services of some one with legal experience, and the name of Mr. Thomas Burrill was selected from the eligible list of Court Stenographers, he appearing after investigation to possess the necessary qualifications for the position. He was, therefore, appointed on June 2, 1903, in accordance with the regulations of the Municipal Civil Service Commission, and reported for duty on June 5. It has, however, since been learned that the matter should have come before your Board in the first instance, as the grade fixed in this Department for the position of Stenographer and Typewriter does not exceed \$1,200 per annum.

Mr. Burrill has been in the service of the City for nearly eight years, and served for six years under Mr. N. P. Lewis, Engineer to your Board. At the time of his appointment in this Department he filled the position of Stenographer to the Board of Assessors and, after his resignation, that Board found it necessary to ask for the services of another Stenographer at an annual salary of \$2,100.

I would respectfully request, under these circumstances, that prompt action be taken in the matter, and that your resolution be dated to take effect on and after June 5, 1903.

Respectfully,

RUSSELL BLEECKER, Secretary.

Department of Docks and Ferries of The City of New York,

New York, June 29, 1903.

J. W. STEVENSON, Esq., Secretary, Board of Estimate and Apportionment:

Sir—This Department requires the services of a stenographer with law experience and has appointed to such position Mr. Thomas Burrill at a salary of \$2,000 per annum, and would therefore ask that you establish the position of stenographer for this Department at a salary of \$2,000 per annum.

Mr. Burrill was appointed on June 3, 1903, and reported for duty on June 5, 1903, and it is therefore necessary that your resolution authorize the payment of his salary from June 5, 1903.

Yours respectfully,

(Signed) JACKSON WALLACE, Deputy and Acting Commissioner.

The appointment was made from the eligible list of Court Stenographers.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment at meeting held July 1, 1903:

"Resolved, That, subject to the concurrence and approval of the Board of Aldermen, the Board of Estimate and Apportionment hereby ratifies and confirms the action of the Commissioner of Docks and Ferries, taken and dated June 5, 1903, in fixing the salary of Stenographer in said Department at the rate of nineteen hundred and fifty dollars (\$1,950) per annum, from said date."

The Vice-Chairman laid before the Board the following communication from the Board of Estimate and Apportionment, transmitting an ordinance:

No. 2304.

Department of Finance, City of New York,

July 6, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment at meeting held July 1, 1903, fixing the money value of a proposed ordinance granting to the Ocean Electric Railway Company the franchise or right to use certain streets and highways and bridges for the purpose of a street surface railway in the Borough of Queens.

Respectfully,

J. W. STEVENSON, Deputy Comptroller.

Resolved, That the Board of Estimate and Apportionment, having received from the Board of Aldermen, pursuant to a resolution of such Board, adopted February 3, 1903, a proposed ordinance, granting to the Ocean Electric Railway Company the franchise or right to use certain streets and highways and bridges for the purposes of a street surface railway, and having duly inquired into and considered the matter, does hereby, pursuant to the Greater New York Charter, fix the terms and conditions of the proposed grant of such franchise and the money value of such franchise or rights proposed to be granted as follows:

1.—The Ocean Electric Railway Company, its successors and assigns, shall pay into the Treasury of The City of New York for this franchise the following sums of money: During the first term of five years an annual sum which shall in no case be less than \$500, and which shall be equal to three per cent. of the gross annual receipts of such railway company, from the route constructed under such ordinance, if such percentage shall exceed the sum of \$500; during the next term of five years an annual sum which shall not be less than \$1,000, and which shall be equal to five per

cent. of its gross annual receipts as above, if such percentage shall exceed the sum of \$1,000; during the remaining fifteen years of the term a sum of money not less than \$1,000 per annum, and which shall be fixed and determined by the Board of Estimate and Apportionment, or its successors in authority, at least three months prior to the expiration of the first ten years of this franchise. The gross receipts to be computed in the manner provided in section 95 of the Railroad Law.

The terms hereafter to be fixed for any renewal term of such franchise shall not in any event be less than the minimum amount fixed as the sum to be paid annually during the last five years of the original franchise, and no renewal of such franchise shall provide for a further renewal.

II.—Upon the termination of the said franchise, right or privilege, whether original or renewal, if the Board of Estimate and Apportionment of The City of New York, or its successors in authority, shall so desire, there shall be a fair valuation of the plant and property of the grantee necessary for traction purposes upon the said streets and highways and bridges, including equipment, tracks and appurtenances, which plant and property shall be and become the property of The City of New York at the option of the said Board of Estimate and Apportionment, or its successors in authority, on the termination of this grant and the payment to the grantee of such valuation. The valuation shall be based upon a fair appraisal of the property, excluding any value derived from the franchise, and such value shall be determined by the Board of Estimate and Apportionment, or its successors in authority.

III.—The ordinance granting such franchise or right should be in substance as to the terms and conditions of such grant, in the words and figures following:

AN ORDINANCE granting to the Ocean Electric Railway Company the right or franchise to construct and operate a street surface railway in, upon and along certain streets and highways and bridges in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York, as follows: Section 1. The Board of Aldermen of The City of New York hereby grants to the Ocean Electric Railway Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to construct and operate a double-track surface railway, with all connections, turnouts, switches, crossovers and suitable stands necessary for the accommodation and operation of said railway, by the overhead system of electricity, or any other motive power which may be lawfully employed upon the same, in, upon and along the following named streets and highways and bridges, all situated in the Borough of Queens, City and State of New York, set forth in the following description of route:

Beginning at the termination of the existing railroad tracks on Washington avenue, so-called, in Rockaway Park upon Rockaway Beach, in the Fifth Ward of the Borough of Queens; running from thence in an easterly and southerly direction along Eastern avenue to the boulevard; thence easterly along the boulevard to Park avenue; and thence northerly along Park avenue to the existing right-of-way and railroad track of the New York and Rockaway Beach Railroad Company in what is now known as Hammels in said Fifth Ward of the Borough of Queens and City of New York.

Being a distance of about 9,430 feet, or 1.8 miles.

And with the right or franchise to cross such other streets and highways and bridges (named and unnamed) as may be encountered in said route.

Sec. 2. The grant of this franchise is subject to the following conditions:

First—The consent in writing of the owners of half in value of the property bounded on said streets and highways and bridges to the construction and operation of said railway shall be obtained by the grantee, or in the event that such consent cannot be obtained, the grantee shall obtain the favorable determination, confirmed by the Court, of three Commissioners, appointed by the Appellate Division of the Supreme Court, in the manner provided by the Railroad law, before said railway is built or operated.

Second—The said right, privilege and franchise to construct and operate said railway shall be held and enjoyed by said railway company, its lessee or successors, for the term of twenty-five years from the date when this ordinance is signed by the Mayor, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right, privilege and franchise, but such renewal shall not provide for any further renewal. Such revaluation shall be of the right, privilege and franchise to maintain and operate said railway by itself, and shall not include any valuation derived from the ownership, operation or control of any other railroad by the grantee, its successors or assigns. It shall be made in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successors in authority; one disinterested freeholder shall be chosen by the railway company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the grant, and their report shall be filed with the Comptroller or his successor in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the railway company. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last five years of the original franchise.

Third—Upon the termination of the said franchise, right or privilege, whether original or renewal, if the Board of Estimate and Apportionment of The City of New York, or its successors in authority, shall so desire, there shall be a fair valuation of the plant and property of the grantee necessary for traction purposes upon the said streets and highways and bridges, including equipment, tracks and appurtenances, which plant and property shall be and become the property of The City of New York, at the option of the said Board of Estimate and Apportionment, or its successors in authority, on the termination of this grant and the payment to the grantee of such valuation. The valuation shall be based upon a fair appraisal of the property, excluding any value derived from the franchise, and such value shall be determined by the Board of Estimate and Apportionment, or its successors in authority.

Fourth—The Ocean Electric Railway Company, its successors or assigns, shall pay for this franchise to The City of New York the following sums of money: During the first term of five years an annual sum which shall in no case be less than \$500, and which shall be equal to three per cent. of its gross annual receipts from the route constructed under this ordinance, if such percentage shall exceed the sum of \$500. During the next term of five years an annual sum which shall not be less than \$1,000, and which shall be equal to five per cent. of its gross annual receipts as above, if such percentage shall exceed the sum of \$1,000. During the remaining fifteen years of the term a sum of money not less than \$1,000 per annum, and which shall be fixed and determined by the Board of Estimate and Apportionment, or its successors in authority, at least three months prior to the expiration of the first ten years of this franchise. The gross receipts to be computed in the manner provided in section 95 of the Railroad Law.

Such sums shall be paid into the treasury of The City of New York on November 1 in each year; provided, however, that the first payment shall only be for that proportion of the above sums as the time from the signing of this ordinance by the Mayor to September 30 next preceding said date of payment shall bear to the whole of one year. The fiscal year shall end on September 30 next preceding said date of payment, and the provisions of the Railroad Law as it existed at the time of the adoption of this ordinance relating to the manner of payments and statements of percentages of gross receipts of street railway companies shall, as to said railway, be strictly followed. The intention of this paragraph is to fix an annual charge to be paid by the grantee, its successors or assigns, to The City of New York for the rights and franchise hereby granted, and it shall not be construed as providing for the payment by the grantee, its successors or assigns, for said franchise, of a percentage of gross receipts within the meaning of any general or special statute.

Fifth—The said annual charge or payments shall continue throughout the whole term of the franchise hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway company providing for payments for street railway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or franchises hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives, so far as this franchise is concerned, any more favorable conditions created

by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this grant.

Sixth—The railway and other structures constructed by the grantee, its successors or assigns under this ordinance, shall in all respects comply with the provisions of chapter 686 of the Laws of 1894, as amended.

Seventh—The grantee, its successors or assigns, shall cause to be laid, under the supervision of the municipal authorities having jurisdiction in such matters, upon and along the public highway known as the Boulevard, as hereinbefore described, a good and sufficient macadamized pavement of a depth of not less than eight inches, to extend from either side of the present macadamized pavement to the curb line on the north and south sides of the said Boulevard.

The grantee shall pay the entire cost thereof, together with the cost of the necessary inspection, and no cars shall be operated under this franchise over any part of the route hereby granted, until the said pavement is fully and completely laid.

Eighth—The rights and franchises granted hereby shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Ocean Electric Railway Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Ninth—The said railway may be operated by overhead electrical power, substantially similar to the system of overhead electrical traction now in use by the New York and North Shore Railway Company, or by the underground electric system now in use by the Interurban Street Railway Company in the Borough of Manhattan, and by any other motive power, except locomotive steam power or horse-power, which may be approved by the Board of Railroad Commissioners, and consented to by the owners of property, in accordance with the provisions of the Railroad Law.

Tenth—The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York, who have jurisdiction in such matters under the Charter of the City.

Eleventh—Said railway shall be constructed and operated in the latest improved manner of street railway construction and operation, and the railway and property of said company shall be maintained in good condition throughout the term of this grant.

Twelfth—The rate of fare for any passenger upon said railway shall not exceed five cents between Far Rockaway and any point westerly thereof.

Thirteenth—The cars on the said lines as proposed shall run at intervals of not more than one hour, both day and night, and as much oftener as the reasonable convenience of the public may require or as may be directed by the City ordinances; provided, however, that said railway company during the first five years of this franchise shall not be required to operate its cars on any of its lines within The City of New York between the hours of 12.30 and 4.30 o'clock a. m. each day between the first day of May and the first day of November in each year, and between 12 o'clock midnight and 6 o'clock a. m. during the balance of the year, unless the Board of Estimate and Apportionment of said City shall determine after a hearing had thereon that public convenience requires the operation of its cars during said hours.

Fourteenth—The said railway company shall apply to each car run over said railway a proper fender and wheelguard in conformity to such laws and ordinances as are now in force or may hereafter be enacted or adopted by the State or City authorities.

Fifteenth—All cars on said railway shall be heated through the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and each car shall be well lighted either by the Pintsch gas system or by electricity, or by some system of lighting equally efficient.

Sixteenth—The said company shall at all times keep the street between its tracks, and for a distance of two feet beyond the rails upon either side of said streets, free and clear from ice and snow.

Seventeenth—The said railway company, as long as it shall continue to use any of the tracks upon said streets and highways and bridges, shall have and keep in permanent repair that portion of the surface of said streets and highways and bridges, between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe. And The City of New York shall have the right to change the material or character of the pavement of any street and highway and bridge, and in that event the grantee, its successors or assigns, shall be bound to replace such pavement in the manner directed by the proper City officer at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Eighteenth—The said railway company, its successors and assigns, so long as it shall continue to use any of the tracks upon the streets and highways and bridges hereby granted, shall cause the entire roadway of each of the same to be watered at least three times in every twenty-four hours when the thermometer is above 35 degrees Fahrenheit, except that when the width of any roadway between curb lines shall exceed 60 feet, then a roadway of but 60 feet shall be watered as above.

Nineteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained this grant may be forfeited and avoided by The City of New York, by a suit brought by the Corporation Counsel on notice of ten days to the said railway company.

Twentieth—If any of the streets and highways and bridges above referred to, or described, shall not now be open or in use as public highways, no right or franchise therein shall vest in the grantee by virtue of this ordinance until after such streets and highways and bridges shall be legally opened as a public highway, and such right or franchise shall expire at the end of the term created by this ordinance as above set forth. Nothing in this ordinance contained shall be construed as an obligation on The City of New York, in respect to the opening of such streets and highways and bridges, nor as in any manner granting property or rights of any kind in or upon its lands now owned or occupied by it under any title, except only the public streets and highways and bridges in the usual acceptance of such terms, which are specifically referred to above.

Sec. 3. This grant is also upon the further and express condition that the provisions of article 4 of the Railroad Law, as it existed at the time of the adoption of this ordinance applicable thereto, and all laws or ordinances now in force or which may be adopted hereafter affecting the surface railways operating in The City of New York shall be strictly complied with.

Sec. 4. This grant is also upon the further and express condition that at any time after five years from the commencement of the operation of any portion of the railway hereby granted, the Board of Estimate and Apportionment, or its successors in authority, if it deems it necessary in the public interest so to do may require the grantee, its successors or assigns, in case the railway upon any portion of the routes above described shall consist of a single track, to construct and operate a second track upon any or all of the routes hereby granted, whether on streets, highways and bridges or upon any private property or right-of-way included in any of such routes so as to make a double-track railway.

Sec. 5. Said grantee shall commence construction within three months from the date when it has obtained complete legal authority to begin construction, including necessary permits from the City officials and departments, and shall complete the construction of a single-track railway upon all of the route hereby granted on or before July 1, 1904, otherwise this grant shall be thereupon forthwith and immediately forfeited, without judicial or other proceedings. If upon the route above described, or upon any portion thereof, there shall not be constructed and in actual operation by July 1, 1904, a railway properly equipped and operated as provided by this ordinance, the said route or portion thereof shall be conclusively taken to have been abandoned by the company, and so much of the rights and franchises hereby granted as pertain to such route or portion thereof, not then constructed from and after July 1, 1904, shall be thereupon forthwith and immediately forfeited, without judicial or other proceedings. Provided that such time may be extended upon the same conditions as to forfeiture under and for causes specified in section 99 of the Railroad Law, as it now exists, and by a properly executed instrument in writing; and the Board of Estimate and Apportionment may similarly extend such time for a

period or periods not exceeding one year, if, in their discretion, it seems best so to do, and that the City officials or departments who or which shall at the time of such construction have authority over the said streets and highways and bridges, may similarly extend, by properly executed instrument in writing, such time for a period or periods not exceeding one year further, if reasonable, in their judgment, by reason of requirements as to the manner of construction imposed by the City officials.

Sec. 6. If for any reason the right or franchise of the grantee in any of the streets, highways and bridges above described shall cease, or if for a period of six successive months the railway tracks upon any of such streets, highways and bridges shall not be operated as provided for in this ordinance, the Comptroller of The City of New York may require the grantee, its successors or assigns, to remove its tracks and other structures upon such streets, highways and bridges within thirty days after notice, and in default of their removal pursuant to such notice, the proper local authorities having jurisdiction may cause them to be removed and The City of New York may recover the cost and expense of such removal, either by deducting them from the fund deposited as required in section 7 hereof, or by action; and the rights and franchises of the grantee, its successors or assigns, in such portions of the streets, highways and bridges, in case any such exist, shall forthwith and immediately cease upon the removal of such tracks or structures and without judicial or other proceedings.

Sec. 7. This grant is upon the express condition that the Ocean Electric Railway Company, within thirty days after the said company has been duly authorized to operate its railway and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of two thousand dollars, either in money or in securities to be approved by him, which fund shall be security for the performance by such company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the franchise, the repairs of the street pavement and the removal of snow and ice, and the quality of construction of the railway, and, in case of default in the performance by said company of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same with interest from such fund after ten days' notice in writing to the said company. Or in case of failure to keep the said terms and conditions of this grant relating to the headway of cars, fenders and wheel guards and the heating of the cars and the watering of the streets, the said company shall pay a penalty of \$50 a day for each day of violation, and the further sum of \$10 a day for each car which shall not properly be heated or supplied with fenders and wheel guards in case of the violation of the provisions relating to those matters. In case of any drafts so made upon this security fund, the said company shall, upon thirty days' notice, in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of two thousand dollars, and in default thereof the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

Sec. 8. This grant shall not become operative until said railway company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York within ten days after the adoption of this ordinance.

Sec. 9. This ordinance shall take effect immediately.

A true copy of resolution adopted at a meeting of the Board of Estimate and Apportionment held July 1, 1903.

J. W. STEVENSON, Secretary.

Which was referred to the Committee on Railroads.

In connection herewith Alderman Diemer offered the following:

Resolved, That the proposed ordinance granting to the Ocean Electric Railway Company the franchise or right to use certain streets and highways and bridges for the purpose of a street surface railway in the Borough of Queens, City of New York, which has just been received from the Board of Estimate and Apportionment, be published in the "City Record" for at least twenty (20) days further, and twice in two daily newspapers to be designated therefor by his Honor the Mayor.

Resolved, That the said ordinance be made a Special Order for the consideration of the subject matter thereof, as provided in section 48 of the Greater New York Charter, on Tuesday, July 21, 1903, at 2 o'clock p. m.

Which was adopted.

(Copy.)

Department of Finance—City of New York,  
June 10, 1903.

To the Board of Estimate and Apportionment, New York City:

Gentlemen—It has been the practice of the Department of Finance to employ a veterinary surgeon at a fixed sum for each examination, to inspect all horses purchased by the different departments of the City.

The increased number of horses purchased by some of the departments, particularly the Department of Street Cleaning, has required the almost constant supervision of a veterinarian at a very considerable expense.

I believe that it would be advisable, as a matter of economy, to appoint a veterinarian at a fixed compensation per annum. I therefore have to request that the salary of Veterinarian of the Department of Finance be fixed at an annual rate of \$1,500.

Yours truly,

(Signed) EDWARD M. GROUT, Comptroller.

Whereas, The Board of Estimate and Apportionment, at its meeting held June 19, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Veterinarian of the Department of Finance be fixed at the rate of fifteen hundred dollars (\$1,500) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Veterinarian of the Department of Finance at the rate of fifteen hundred dollars (\$1,500) per annum.

Department of Finance, City of New York.

The Committee on Finance, to whom was referred on June 9, 1903 (Minutes, page 857), the annexed resolution in favor of providing for the cancellation of \$1,215,000 Corporate Stock held by the Commissioners of the Sinking Fund, respectfully

#### REPORT:

That, having examined the subject, they recommend that the said resolution be adopted.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted at a meeting of the Board of Estimate and Apportionment held June 5, 1903:

"Whereas, On January 24, 1899, the Board of Estimate and Apportionment, as then constituted, adopted a resolution authorizing the issue of Corporate Stock of The City of New York, for the redemption of Permanent Water Loan Bonds of The City of Brooklyn, to an amount not exceeding \$2,715,000, in order to provide for the redemption of such an amount of 6 per cent. Permanent Water Loan Bonds of The City of Brooklyn, which matured on July 1, 1899, as could not be paid by the 'Water Sinking Fund of The City of Brooklyn,' through lack of sufficient funds, which resolution was concurred in by the Municipal Assembly by a resolution approved by the Mayor on March 28, 1899; and

"Whereas, In pursuance of said authority such Corporate Stock to the amount of \$1,215,000 was issued by the then Comptroller on June 22, 1899, and the proceeds thereof were disbursed in the redemption of the same amount of 6 per cent. Permanent Water Loan Bonds of The City of Brooklyn, which matured on July 1, 1899; and

"Whereas, Subsequent examinations of the 'Sinking Fund of The City of Brooklyn,' and the 'Water Sinking Fund of The City of Brooklyn,' which had been erroneously merged in one fund, disclosed the fact that there was in the 'Water Sinking Fund of The City of Brooklyn,' at the date of the maturity of said bonds, a sum which was sufficient to redeem the whole amount of said 6 per cent. Permanent Water Loan Bonds, which matured on July 1, 1899; and

"Whereas, The Commissioners of the Sinking Fund, who now hold said stock for the account of the 'Water Sinking Fund of The City of Brooklyn,' recommend that said stock be withdrawn and cancelled, and will surrender said stock to the City for that purpose in order that the error made in its issue may be corrected; and

"Whereas, In the opinion of the Corporation Counsel, given in a communication to the Comptroller on September 9, 1902, it is legal and proper to now correct the error made by withdrawing and canceling the Corporate Stock thus erroneously issued; therefore

"Resolved, That, subject to the concurrence herewith by the Board of Aldermen, the Comptroller be and is hereby authorized and directed to withdraw and cancel the 3 per cent. Corporate Stock of The City of New York, for the Redemption of Permanent Water Loan Bonds of The City of Brooklyn, payable November 1, 1929, amounting to \$1,215,000, which was unnecessarily issued on June 22, 1899, and which is now held by the Commissioners of the Sinking Fund for the account of the 'Water Sinking Fund of The City of Brooklyn.'"

Police Department of The City of New York,  
No. 300 Mulberry Street,  
New York May 20, 1903.

Honorable Board of Estimate and Apportionment:

Gentlemen—The Police Commissioner this day

Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to authorize the Comptroller to issue Corporate Stock in the sum of \$100,000, for the purpose of acquiring land and building a station-house, prison and stable for patrol wagons, for the purpose of the Sixty-eighth Precinct, to be located within the boundaries of said precinct, viz.:

Ocean avenue, Bay avenue, Avenue N, east side of Ocean parkway, Atlantic ocean, Jamaica bay, Garritson's creek to Flatbush avenue.

Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to authorize the Comptroller to issue Corporate Stock in the sum of \$100,000 for the purpose of acquiring land and building a station-house, prison and stable for patrol wagons, for the purpose of the Seventieth Precinct, within the boundaries of said precinct, viz.:

Coney Island creek, Stillwell avenue, Twenty-second avenue, Sixtieth street, New Utrecht avenue, Manhattan Beach railroad, Thirteenth avenue, Eighty-sixth street, Fourteenth avenue, Gravesend bay.

Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to authorize the Comptroller to issue Corporate Stock in the sum of \$90,000 for the purpose of building a station-house, prison and stable for patrol wagons, for the purposes of the Seventy-first Precinct, and it is recommended that such building be erected upon the property now owned by the City and known as the Old Town Hall of Fort Hamilton.

Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to approve the issue of Corporate Stock not exceeding \$5,000, to pay the expenses of preparing preliminary plans and specifications for the construction of station-houses for the Sixty-eighth, Seventieth and Seventy-first precincts, and that the Police Commissioner be authorized to designate such architects.

Very respectfully,

(Signed) WM. H. KIPP, Chief Clerk.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of two hundred and ninety-five thousand dollars (\$295,000), to provide means for the acquisition of sites and the construction of buildings under the jurisdiction of the Police Department in the Borough of Brooklyn.

Be it Ordained by the Board of Aldermen of The City of New York, as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment June 5, 1903, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to the amount of two hundred and ninety-five thousand dollars (\$295,000), for the purpose of providing means to pay for the acquisition of sites and the construction of buildings under the jurisdiction of the Police Department in the Borough of Brooklyn, to wit:

Acquisition of land and building a station-house, prison and stable for the Sixty-eighth Precinct.....	\$100,000 00
Acquisition of land and building a station-house, prison and stable for the Seventieth Precinct.....	100,000 00
Building a station-house, prison and stable for the Seventy-first Precinct .....	90,000 00
Preparation of preliminary plans and specifications for the construction of station-houses for the Sixty-eighth, Seventieth and Seventy-first precincts .....	5,000 00

Total..... \$295,000 00

—and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding two hundred and ninety-five thousand dollars (\$295,000), the proceeds whereof to be applied to the purposes aforesaid.

Alderman Bridges called up General Order No. 422, being a report and ordinance as follows:

No. 2206.

The Committee on Streets, Highways and Sewers, to whom was referred on June 16, 1903 (Minutes, page 1003), the annexed ordinance in relation to street openings for sewer connections, etc., respectfully

#### REPORT:

That, having examined the subject, they recommend that the said ordinance be adopted.

AN ORDINANCE governing connections with sewers, certain uses of the public streets and the making of openings in pavements and the restoration thereof in the Borough of Richmond.

1. Openings of Street or Sewer—No person or corporation shall open or excavate any highway or place any encumbrances thereupon, or open any public sewer or private sewer leading into a public sewer, or any private sewer in a public street, or cause any of the above acts to be performed in the Borough of Richmond without a permit issued by the President of the Borough, or his duly authorized representative.

2. Application for Permit—Application for such permit must be made in writing to the President of the Borough, upon blank forms to be furnished by him, such form of application to contain a diagram of the location affected, with the dimensions of street surface to be disturbed.

3. Time—Work must be begun within twenty-four (24) hours from the time of issuance of the permit, and be prosecuted without unnecessary delay to completion.

4. Refilling Trenches—Excavations in public streets shall be refilled by the party by whom such excavation was made, but only under the supervision and at all times in the presence of a City Inspector specially assigned to the work by the Superintendent of Highways, whose duty shall be to see that each and every part of the filling shall be placed and thoroughly rammed in layers of not more than eight (8) inches in depth up to the level of the bottom of the street pavement. The street pavement shall be loosely and temporarily replaced by the party by whom the excavation had been made, but in such manner as, in the opinion of the City Inspector, shall be safe for travel.

5. Guarding—Any trench or opening or incumbrance upon the highway shall at all times be properly guarded for the prevention of accidents, and be properly lighted at night.

6. Rock Refills—Wherever rock is excavated not more than one-third of the total excavation shall be refilled with the broken stone, which must be in small pieces, and replaced in such manner, mingled with clean earth or sand, as to insure the thorough and compact filling of all spaces.

7. Tunneling—Tunneling under crosswalks and railroad tracks will not be allowed at any time. The bridge stones forming such crosswalks must be removed and placed out of the way of street traffic, being carefully relaid and thoroughly bedded when the work is completed.

8. Extent of Street Opening—At the intersection of cross streets not more than one-half of the width of the street shall be opened at one time; the other half shall remain untouched for the accommodation of traffic until the first half is restored for safe use.

9. Access to Hydrants and Mail Boxes—All work shall be so prosecuted as not to interfere with easy access to fire hydrants and United States mail boxes.

10. Pavement Restored by City—The full restoration of the pavement shall in all cases be made by employees of the Bureau of Highways or persons having contracts with the City, affecting said pavement, which make it their duty to restore the same.

11. Inspection Fees for Back Filling of Trenches—The fee for the inspection of the back filling of any trench in a City street or highway shall be as follows:

For trenches not more than four (4) feet in depth, or more than thirty (30) feet in length.....	\$2 00
For trenches over four (4) feet and under nine (9) feet in depth and not more than thirty (30) feet in length.....	3 00
For trenches over nine (9) feet and under sixteen (16) feet in depth and not more than thirty (30) feet in length.....	4 00
For trenches of greater dimensions than the foregoing.....	Special Charge.

12. Sewer Inspection and Fee—Every sewer connection shall be made under the supervision of a City Inspector of Sewer Connections.

The fee for such inspection will be \$3, which shall be deposited with the Department of Finance and credited to a special fund entitled "Sewer Inspection and Repair, Borough of Richmond."

13. Fees, Restoration of Pavements—Fees for the restoration of pavement shall be as follows, for areas less than ten (10) square yards:

For restoring granite or other blocks or brick on concrete foundation, per square yard.....	\$2 50
For restoring granite or other blocks or brick on sand foundation, per square yard.....	1 00
For sheet asphalt on concrete foundation, per square yard.....	3 00
For macadam, per square yard.....	80
For areas in excess of ten (10) square yards.....	Special, as may be determined by the President of the Borough or his representative.

14. Computing Area of Work—The area of surface to be repaved shall, in all cases, be computed by the President of the Borough or his representative, from the diagram in the application, as verified or corrected by comparison with the maps and records on file.

15. Uses of Moneys Paid—All fees for inspection and for restoration of pavements must be paid by the applicant in cash upon the issuing of the permit, and a receipt shall be given therefor. Regular return of the money shall be made to the Comptroller of The City of New York, who shall credit it to the special fund for "Restoring and Repaving Streets in the Borough of Richmond."

16. Special Uses of Streets and Charges—For special uses of the streets, permits may be issued and the President of the Borough or his representative may require therefor as security deposit such sum or sums as may seem to him fair and just; such moneys to be deposited with the Finance Department, to be drawn upon by the Comptroller upon order of the President of the Borough after proper completion of the work, payable to the party taking out the original permit, either in full or to the

amount of such balance as may be left, if it shall be found necessary to use said deposit for purpose of repairing damages. In the latter event the amount retained shall be credited to the fund drawn upon for making the repairs.

In general, such deposits shall be similar to the following: No permit shall be given for over ninety (90) days without formal extension.

Placing building material on highway.....	\$5 00
Moving one (1) story building over highway.....	10 00
Moving building larger than one (1) story over highway.....	25 00
Moving steam roller over highway.....	25 00

17. Consent of Corporations—The applicant for a permit to move a building on or across streets where there are car tracks or overhead wire construction must obtain and file with the application the consent of the company affected.

18. Gutters Clear—Storage of building or other material on the streets will only be permitted on express condition that the gutters to the full width of three (3) feet shall be kept absolutely clear and free for the passage of water; such storage shall be limited to the frontage of the property mentioned in the application and to one-third of the width of the street.

19. Sidewalks Protected—Where any heavy teaming is necessary across sidewalks, either the flagstones shall be removed and a clean dry walk maintained, or the crossing shall be so thoroughly protected with heavy planking as to prevent injury thereto and present no obstruction to the safe use of the same by pedestrians.

20. Non-interference with Traffic, etc.—All work to be done must be carried on in such manner as not to unnecessarily interrupt business on the streets, or in any way interfere with existing sewers, piping, subways, tracks or other public conveniences or utilities already laid under authority.

21. Snow Removal—The person or corporation to whom a permit for street opening is granted must remove within twenty-four (24) hours all snow and ice that may fall or form upon the street within five feet upon either side of the opening, and keep the space free from snow and ice until the opening is properly refilled.

22. Competent Men—All work must be carried out by men competent and skilled in their respective duties, and full compliance must be given to all laws affecting the work or the employment of labor.

23. Penalties—Failure to comply with any of the conditions of this ordinance by any person or corporation, or failure to perform any of the above acts in the manner prescribed and directed by the President of the Borough, or his Inspectors or other duly appointed agents, will be punishable by the revocation of the permit for such work, the refusal to issue further permits to the offending party for any purpose whatever for a period not exceeding six months, or forfeiture of the temporary security deposits, or any or all of these penalties.

24. Taking Effect—This ordinance to take effect immediately.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Behrmann, Bennett, Bill, Brenner, Bridges, Chambers, Devlin, Dickinson, Doull, Foley, Gass, Gillen, Gillies, Goldwater, Goodman, Harburger, Jones, Kennedy, Kenney, Leitner, Longfellow, McCarthy, Malone, Maloy, Metzger, Meyers, Nehrbauser, Oatman, Owens, Parsons, Shea, Sullivan, Tebbets, Twomey, Ware, Whitaker, Wirth; President Cromwell, Borough of Richmond; President Haffen, Borough of The Bronx; President Cantor, Borough of Manhattan; the Vice-Chairman of the Board of Aldermen—42.

#### SPECIAL ORDERS.

At this point Alderman Dowling called up Paper No. 2154, being a communication from the Board of Estimate and Apportionment transmitting an ordinance granting a franchise to the Erie Railroad Company to construct and operate a railroad on certain streets of the Borough of Manhattan, which, under a resolution adopted by the Board of Aldermen, was made a special order for 2 o'clock p. m., on this day. The paper is as follows:

No. 2154.

Department of Finance—City of New York,  
June 8, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—At a meeting of the Board of Estimate and Apportionment, held June 5, 1903, a representative of the Erie Railroad Company appeared and requested the Board to amend a resolution adopted at the meeting of May 29, fixing the money value of the ordinance granting to said company the use of Thirteenth avenue and the marginal wharf or place extending from the westerly side of Thirteenth avenue to the waters of the Hudson river, between Twenty-seventh and Twenty-ninth streets, by striking out of section 2, paragraph 2, after the words: "Privilege and franchise conferred by this ordinance may be canceled and annulled upon" and preceding the words: "Notice in writing to the grantee," the words: "Six months," and inserting in place thereof the words: "One year's," making the sentence read: "Privilege and franchise conferred by this ordinance may be canceled and annulled upon one year's notice in writing to the grantee."

The Comptroller moved the reconsideration of the vote by which the resolution was adopted at the meeting held May 29, which motion was unanimously carried.

The Comptroller then moved the amendment requested by the representative of the company, and this motion was unanimously adopted.

I send you herewith a certified copy of the amended resolution as adopted at the meeting held June 5, 1903.

Respectfully,

JAS. W. STEVENSON, Deputy Comptroller.

Resolved, That the Board of Estimate and Apportionment, having received from the Board of Aldermen, pursuant to a resolution of such Board adopted March 3, 1903, a proposed ordinance, granting the franchise or right to use Thirteenth avenue and the marginal wharf or place extending from the westerly side of Thirteenth avenue to the waters of the Hudson river, between Twenty-seventh and Twenty-ninth streets, for the purpose of constructing and operating thereon a double railroad track, from the bulkhead to the lands of the Erie Railroad Company adjoining the easterly side of Thirteenth avenue, and between Twenty-eighth and Twenty-ninth streets aforesaid, and having duly inquired into and considered the matter, does hereby, pursuant to the Greater New York Charter, fix the terms and conditions of the proposed grant and the money value of such franchise or rights proposed to be granted, as follows:

I. The Erie Railroad Company, its successors or assigns, shall pay into the Treasury of The City of New York for this franchise the following sums of money:

During the first term of five years, the annual sum of \$675.
During the second term of five years, the annual sum of \$700.
During the third term of five years the annual sum of \$725.
During the fourth term of five years the annual sum of \$750.
During the fifth term of five years the annual sum of \$800.

The amounts hereafter to be fixed for any renewal term of such franchise shall not in any event be less than the minimum amount fixed as the sum to be paid annually during the last five years of the original franchise, and no renewal of such franchise shall provide for a further renewal.

II. Upon the termination of such franchise, right or privilege, whether original or by way of renewal, the plant and property with its appurtenances of the Erie Railroad Company, its successors or assigns, in the street and upon the marginal wharf or way aforesaid, shall be forthwith removed by the grantee, its successors or assigns, and the surface of the said street or marginal wharf or way upon which such railroad was laid shall be restored to a condition equal to that of the surrounding surface and pavement of such street and wharf. In default of the performance of this condition by the grantee, its successors or assigns, the proper local authorities may cause such property and plant to be removed from the street and wharf aforesaid, and the surface thereof to be restored in the manner above described at the expense of the grantee, its successors or assigns, and such expense shall be recovered by The City of New York by action or otherwise.

III. The ordinance granting such franchise or right should be in substance, as to the terms and conditions of such grant, in the words and figures following:

AN ORDINANCE granting to the Erie Railroad Company the right or franchise to construct and operate a railroad in and upon Thirteenth avenue and the

marginal wharf or way lying between Thirteenth avenue and the waters of the Hudson river, between Twenty-seventh and Twenty-ninth streets, in the Borough of Manhattan, City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen of The City of New York hereby grants to the Erie Railroad Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to construct and operate a double-track surface railroad, with a single switch connecting the two tracks, to be operated by steam locomotives or other motive power which may be lawfully employed, except horses or the overhead system of electricity, across Thirteenth avenue and the marginal wharf or way extending from the westerly side of Thirteenth avenue to the waters of the Hudson river, between Twenty-seventh and Twenty-ninth streets, in the Borough of Manhattan, City, County and State of New York.

Sec. 2. The grant of this franchise is subject to the following conditions:

First—This ordinance as to the marginal wharf which extends from the westerly line of Thirteenth avenue to the waters of the Hudson river shall not be operative and no rights thereunder shall vest in the grantee, its successors or assigns until the Commissioner of Docks, under the provisions of section 819 of the Charter of The City of New York, shall approve by resolution, license or otherwise, the use of such marginal wharf by the grantee in the manner herein provided, or in such other manner as he may prescribe, not inconsistent with the terms of this ordinance.

Second—The said right, privilege and franchise to construct and operate such railroad shall be held and enjoyed by the grantee, its successors or assigns, for the term of twenty-five years from the date when this ordinance is signed by the Mayor, unless sooner terminated as hereinafter provided, with the privilege of renewal of the grant for a further period of twenty-five years, upon a fair revaluation of said right, privilege and franchise, but such renewal shall not provide for any further renewal. Such revaluation shall be of the right, privilege and franchise to maintain and operate said railroad by itself, and is not to include any valuation derived from the ownership, operation or control of any other railroad by the grantee, its successors or assigns. It shall be made in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successor in authority; one disinterested freeholder shall be chosen by the railroad company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the grant, and their report shall be filed with the Comptroller or his successor in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the railroad company. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last five years of the original franchise.

Provided, however, and this grant is upon the express condition that the right, privilege and franchise conferred by this ordinance may be canceled and annulled upon one year's notice in writing to the grantee, its successors and assigns, by the joint act of the Commissioner of Docks of The City of New York and of the Board of Estimate and Apportionment, or their respective successors in authority, and thereupon all the rights of the grantee, its successors or assigns in and upon the street and marginal wharf or way aforesaid shall cease, and the railroad and its structures thereon shall be forthwith removed and the pavement of the street or wharf restored under the same conditions and covenants as are contained in the following paragraph of this section, designated third:

Third—Upon the termination of such franchise, right or privilege, whether original or by way of renewal, the plant and property, with its appurtenances, of the Erie Railroad Company, its successors or assigns, in the street and upon the marginal wharf or way aforesaid, shall be forthwith removed by the grantee, its successors or assigns, and the surface of the said street or marginal wharf or way upon which such railroad was laid shall be restored to a condition equal to that of the surrounding surface and pavement of such street and wharf. In default of the performance of this condition by the grantee, its successors or assigns, the proper legal authorities may cause such property and plant to be removed from the street and wharf aforesaid and the surface thereof to be restored in the manner above described at the expense of the grantee, its successors or assigns, and such expense shall be recovered by The City of New York by action or otherwise.

Fourth—The grantee, its successors or assigns, shall pay for this franchise to The City of New York the following sums of money:

During the first term of five years the annual sum of \$675.  
During the second term of five years the annual sum of \$700.  
During the third term of five years the annual sum of \$725.  
During the fourth term of five years the annual sum of \$750.  
During the fifth term of five years the annual sum of \$800.

Such sums shall be paid into the Treasury of The City of New York on November 1 in each year.

Fifth—The rights and franchises granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Erie Railroad Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—The said railroad may be operated by locomotive steam power or by any other motive power which may be approved by the Board of Railroad Commissioners in accordance with the provisions of the Railroad Law, excepting overhead electrical power and horse power, provided, however, that the locomotive steam engines used shall be housed or boxed so as to conform to the type commonly known as the dummy engine.

The number of cars to be included in any train operated upon the railroad shall be limited to ten, and the speed of the engines and cars shall never exceed six miles per hour. No car or engine shall be permitted to remain stationary within the limits of Thirteenth avenue, or upon the marginal wharf or street at any time.

Seventh—The railroad constructed under this ordinance shall be maintained and operated solely for the purpose of the transportation of goods, wares and merchandise and for no other purpose, and especially for no purpose in connection with the passenger traffic as commonly understood.

Eighth—Such railroad shall be constructed and operated in the latest improved manner of street railroad construction and operation, and solely upon the terms and according to the lines and surveys and of the character of the rails and other parts of the construction approved by the Commissioner of Docks of The City of New York and the President of the Borough of Manhattan. Such railroad of the grantee, its successors or assigns, shall be maintained in good condition throughout the term of this grant.

Ninth—Said railroad shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters under the Charter of The City of New York, and especially shall in all respects be subject to the power and authority of the Commissioner of Docks to regulate and control the uses of the marginal wharf or way above described, and the transportation of property thereon.

Tenth—The grantee, its successors or assigns, shall at all times keep the street between the tracks, and for a distance of two feet beyond the rails on either side thereof, free and clear from ice and snow.

Eleventh—The grantee, its successors or assigns, shall keep in permanent repair the portion of the surface of the street and of the marginal wharf or way between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe. And The City of New York shall have the right to change the material or character of the pavement of the street and marginal wharf or way, and in that event the grantee, its successors or assigns shall be bound to replace such pavement in the manner directed

by the proper City officer at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Twelfth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this grant may be forfeited and annulled by The City of New York by an action brought by the Corporation Counsel on ten days' notice to the grantee, its successors or assigns.

Sec. 3. This grant is upon the further and express condition that the provisions of the Railroad Law applicable thereto, and all laws or ordinances now in force or which may be adopted relating to surface railroads operating in The City of New York shall be strictly complied with.

Sec. 4. The grantee, its successors or assigns shall commence the construction of the railroad under this franchise and complete the same within six months from the date when it has obtained the necessary permits and resolutions of the City officials and Departments, and on or before January 1, 1904, otherwise this grant shall be forfeited forthwith and without any proceedings either at law or otherwise for that purpose, provided, however, that such time may be extended under and for causes specified in section 99 of the Railroad Law, by the Board of Estimate and Apportionment, for a period not exceeding six months.

Sec. 5. This grant is upon the express condition that the grantee, within thirty days after it has been duly authorized to construct or operate its railroad hereunder and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of \$1,500, either in money or in securities, to be approved by him, which fund shall be security for the performance of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the franchise, the repairs of the street pavement and the removal of snow and ice, and the quality of construction of the railroad. In case of default in the performance by said company of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or after default in the payment of the annual charges, shall collect the same with interest from such fund after ten days' notice in writing to the said company.

In case of any drafts so made upon this security fund, the said company shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of fifteen hundred dollars, and in default thereof the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

Sec. 6. This grant shall not become operative until said railroad company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York within thirty days after the signing of this ordinance by the Mayor.

Sec. 7. This ordinance shall take effect immediately.

AN ORDINANCE to amend section 309 of the Revised Ordinances relative to obstructing sewer basins, etc.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 309 of the Revised Ordinances of 1897 is hereby amended to read as follows:

Section I. "No butcher's offal or garbage, dead animals or obstructions of any kind whatsoever shall be placed, thrown or deposited in any receiving basin, receiving basin inlet, or sewer, nor shall any street sweepings or snow or ice be swept, thrown or deposited in any receiving basin, receiving basin inlet, or sewer, or in such manner as to obstruct the inlet of any receiving basin, either by flushing of streets with water or other means; and any person so offending, or causing any such obstruction or substance to be placed so as to be carried into such basin or sewer, shall be guilty of a misdemeanor, and be subject to a fine of ten dollars for each offense; and any person injuring, breaking or removing any portion of any receiving basin, covering, flag, manhole, vent, or any part of any sewer or drain, or obstructing the mouth of any sewer or drain, shall be guilty of a misdemeanor, and subject to a fine of twenty dollars for each offense; nor shall any quantity of marble or other stone, iron, lead, timber or any other substance, exceeding one ton in weight, be placed or deposited upon or over any sewer or drain where the same shall be within three feet of the surface of the street, under the penalty of fifty dollars for each offense, to be recovered of the person or persons causing or permitting the same. (Id., Sec. 165.)"

Sec. II. All ordinances or parts of ordinances inconsistent or conflicting with the provisions of this ordinance are hereby repealed.

Sec. III. This ordinance shall take effect immediately.

## REPORTS OF STANDING COMMITTEES RESUMED.

## Report of Committee on Railroads—

No. 2126.

The Committee on Railroads, to whom was referred on June 2, 1903 (Minutes, page 748), the annexed application of the Union Railway Company of New York City for the grant of a franchise or right to construct and operate a street surface railway as an extension of its existing railway in, upon and along the surface of certain streets, avenues and highways, and to and upon a bridge and viaduct adjacent to or within one-half mile of its railway in The City of New York for the purpose of reaching the depot, station and terminus of other railroads not more than one-half mile distant from such bridge or viaduct, in said City, do respectfully

## REPORT:

That it has heard the parties in favor of said application, and herewith submits a proposed specific grant in the form of an ordinance granting the petitioner's application, and the annexed resolution for adoption.

AN ORDINANCE granting to the Union Railway Company of New York City the right or franchise to construct and operate a street surface railway as an extension of its existing railway in, upon and along the surface of certain streets, avenues and highways, and to, upon and across a bridge and viaduct constructed in and owned and maintained by The City of New York.

Be it Ordained by the Board of Aldermen of the City of New York, as follows:

Section 1. The Board of Aldermen of The City of New York hereby grants to the Union Railway Company of New York City, subject to the conditions and provisions hereinafter set forth, the franchise or right to extend its railway and to use the streets, avenues, highways, bridge and viaduct of the City, and to construct, maintain and operate a double-track street surface railway, as an extension of its existing railway for street railway purposes in the conveyance of persons and property, in, upon and along the following-named streets, avenues, highways, bridge and viaduct, viz.:

Commencing at the intersection of Jerome and Sedgwick avenues at the terminus of the tracks of this company's Jerome avenue line; thence upon and along the westerly approach, known as the Sedgwick avenue approach, formerly called Ogden avenue approach, to Central or Macomb's Dam Bridge; thence southerly upon and along said bridge and the One Hundred and Fifty-fifth Street Viaduct and Macomb's Dam road to the terminus of the railway of the Eighth Avenue Railroad Company, between West One Hundred and Fifty-fourth and West One Hundred and Fifty-fifth streets; also from the intersection of said Central or Macomb's Dam Bridge and the One Hundred and Fifty-fifth Street Viaduct; thence westerly upon and along said viaduct to the station, depot or terminus of the Manhattan Elevated Railway Company, situated between said bridge and Bradhurst avenue, together with the necessary connections, switches, sidings, turn-outs, turn-tables, cross-overs and suitable stands necessary for the accommodation and operation of said railroad by the overhead system of electricity or any other motive power which may be lawfully employed upon the same; all in the boroughs of Manhattan and The Bronx, City, County and State of New York. The phrases "said railroad" or "said railway" hereinafter used shall be construed to mean the railroad constructed under this ordinance.

Sec. 2. The grant of said franchise or right to use said streets, avenues, highways, bridge and viaduct is made subject to the following conditions:

First—The consent in writing of the owners of half in value of the property bounded on said streets, avenues, highways, parkways and public places to the construction and operation of said railroad shall be obtained by the grantee, or in the event that such consent cannot be obtained, the grantee shall obtain the favorable determination, confirmed by the Court, of three Commissioners, appointed by the Appellate Division of the Supreme Court, in the manner provided by the Railroad Law, before said railroad is built or operated.

Second—The said right, privilege and franchise to construct and operate said railway shall be held and enjoyed by said railway company, its lessee or successors, for the term of twenty-five years, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right, privilege and franchise. Such revaluation shall be of the right, privilege and franchise to maintain and operate said railroad by itself, and not to include any valuation derived from the ownership, operation or control of any other railroad by the grantee, its successor or assigns. It shall be in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successor in authority; one disinterested freeholder shall be chosen by the railway company; these two shall choose a third disinterested freeholder. The three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the grant, and their report shall be filed with the Comptroller or his successor in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the railway company. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last five years of the original franchise.

Third—Upon the termination of said franchise or right, whether original or renewed, the plant and property of the grantee, its successor or assigns, in such streets, avenues and highways, and upon such bridge and viaduct, with its appurtenances constructed under this ordinance shall be and become the property of The City of New York upon the repayment to the grantee of the fair value of the said plant and property constructed in the streets and on the bridge and its approaches and on the viaduct under this ordinance, which valuation shall be the fair value thereof as property, excluding any value derived from the franchise, and such value shall be determined by the Board of Estimate and Apportionment or its successors in authority.

Fourth—The said Union Railway Company of New York City, its successors or assigns, shall pay into the Treasury of The City of New York for this franchise the following sums of money: During the first term of five years an annual sum which shall in no case be less than \$4,000, and which shall be equal to three per cent. of the gross annual receipts of the railroad constructed under this ordinance, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of \$4,000; during the next five years of the term an annual sum which shall in no case be less than \$4,500, and which shall be equal to five per cent. of the gross annual receipts of the railroad constructed under this ordinance computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of \$4,500; during the next five years of the term an annual sum which shall in no case be less than \$5,000, and which shall be equal to five per cent. of the gross annual receipts of the railroad constructed under this ordinance, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of \$5,000; during the next five years of the term an annual sum which shall in no case be less than \$5,500, and which shall be equal to five per cent. of the gross annual receipts of the railroad constructed under this ordinance, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of \$5,500; during the last five years of the term, an annual sum which shall in no case be less than \$6,000, and shall be equal to five per cent. of the gross annual receipts of the railroad constructed under this ordinance, computed in the manner provided by the Railroad Law, if such percentage shall exceed the sum of \$6,000, and the terms hereafter to be fixed for any renewal term of such franchise shall not be less than \$6,000 per annum, and no renewal of the franchise shall provide for a further renewal.

Such sums shall be paid into the Treasury of The City of New York on November 1 in each year after the commencement of the operation of any portion of the said railroad, provided, however, that the first payment shall only be for that proportion of the above sum as the time of commencement of operation of any portion of the said railroad, before September 30 next preceding, shall bear to the whole of one year. The fiscal year shall end on September 30 next preceding said date of payment, and the provisions of the Railroad Law, as it now exists or as it may hereafter be amended, relating to the manner of payments and statements of percentages of gross receipts of street railway companies shall, as to said railroad, be strictly followed. The intention of this paragraph is to fix an annual charge to be paid by the grantee, its successors or assigns, to The City of New York for the rights and franchise hereby granted, and it shall not be construed as providing for the payment by the grantee, its successors or assigns for said franchise of a percentage of gross receipts within the meaning of any general or special statute, referring particularly to chapter 340 of the Laws of 1892.

Fifth—The said annual charge or payments shall continue throughout the whole term of the franchise hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway company providing for payments for street railway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or franchise hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives, so far as this franchise is concerned, any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this grant.

Sixth—The rights and franchises granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Union Railway Company of New York City, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—The said railway may be operated by overhead electrical power substantially similar to the system of overhead electrical traction now in use by the Union Railway Company, or by the underground electric system now in use by the Metropolitan Street Railway Company, and by any other motive power except locomotive steam power or horse power which may be approved by the Board of Railroad Commissioners, and consented to by the owners of property in accordance with the provisions of the Railroad Law.

Eighth—The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York, who have jurisdiction in such matters under the Charter of the City.

Ninth—Said railway shall be constructed and operated in the latest improved manner of street railway construction and operation, and the railway and property of said company shall be maintained in good condition throughout the term of this grant.

Tenth—The rate of fare for any passenger upon said railway shall be five cents, and said company shall not charge any passenger more than said sum for one continuous ride from any point on said railway or a line or branch operated in connection therewith to any point thereof, or of any connecting line or branch thereof, within the limits of The City of New York. The rates for the carrying of property over said railroad upon the cars of the grantee shall in all cases be reasonable in amount and shall be subject to the control of the Board of Estimate and Apportionment, or its successor in authority, and may be fixed by such Board after notice and hearing to the grantee, and when so fixed such rate shall be binding upon said grantee, its successor or assigns, and no greater sums shall be charged for such services than provided for by it.

Eleventh—The cars on said railroad shall run at intervals of not more than ten minutes from 6 o'clock a. m. to 8 o'clock p. m., and at intervals of not more than twenty minutes from 8 o'clock p. m. to 6 o'clock a. m. of each day, and as much oftener as the reasonable convenience of the public may require or as may be directed by City ordinance.

Twelfth—The said railway company shall apply to each car run over said railway a proper fender and wheel guard in conformity to such laws and ordinances as are now in force or may hereafter be enacted or adopted by the State or City authorities.

Thirteenth—All cars on said railway shall be heated through the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and each car shall be well lighted either by the Pintsch gas system or by electricity, or by some system of lighting equally efficient.

Fourteenth—The said company shall at all times keep the streets, bridge and viaduct upon which said railroad is constructed, between its tracks, and for a distance of two feet beyond the rails upon either side of said streets, free and clear from ice and snow.

Fifteenth—The said railway company, as long as it shall continue to use any of the tracks upon said streets, avenues, highways, parkways, public places, bridge or viaduct, upon which said railroad is constructed, shall have and keep in permanent repair that portion of the surface of said streets, avenues, highways, parkways, bridge and viaduct, between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe. And The City of New York shall have the right to change the material or character of the pavement of any street, highway, parkway, public place, bridge and viaduct upon which said railroad is constructed, and in that event the grantee, its successors or assigns, shall be bound to replace such pavement in the manner directed by the proper city officer at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Sixteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this grant may be forfeited by a suit brought by the Corporation Counsel, on notice of ten days to the said railway company.

Sec. 3. This grant is also upon the further and express condition that the provisions of article 4 of the Railroad Law applicable thereto, and all laws or ordinances now in force or which may be adopted affecting the surface railroads operating in The City of New York, shall be strictly complied with as to said railroad.

Sec. 4. This grant is upon the express condition that the use of the said railroad, including the tracks, wires and other equipment constructed upon the Central or Macomb's Dam Bridge and its approaches, and upon the One Hundred and Fifty-fifth Street Viaduct, and upon the Macomb's Dam road, as above set forth, and within a distance of 1,000 feet from the end of such approaches to said bridge and viaduct, shall be granted by the Union Railway Company of New York City, its successors or assigns, to any other person or corporation to which The City of New York may have granted or may hereafter grant the right or franchise to use such bridge or approaches or viaduct for street railway purposes, upon payment of an annual sum which shall not exceed the legal interest on one-half the cost of the construction of such railway and its approaches, as aforesaid, and the actual cost of the power necessary for the operation of the cars of such person or company thereon, and one-half the cost of maintenance of the tracks, wires and other equipment of the Union Railway Company used by the said grantee, including the paving and cleaning of streets from ice and snow, and all the other duties imposed upon the Union Railway Company in connection with the maintenance of the portion of said railroad used by said grantee. The grant of this franchise shall not affect in any way the right of The City of New York to grant a similar franchise upon the same or other terms and conditions over the same streets, avenues, highways, bridge, approaches and viaduct upon which said railroad is constructed, to any other person or corporation, and such persons and companies shall have the right to make all track and other connections which may be requisite and necessary to connect with the tracks of the grantee, its successors or assigns, it being intended by this provision to restrict to two the number of tracks upon the bridge above described and the approaches thereto, including the viaduct in West One Hundred and Fifty-fifth street.

Sec. 5. The said railway company shall commence construction within ten days from the date when it has obtained complete legal authority to begin construction, including necessary permits from the City officials and departments, and shall complete construction within ninety days thereafter; otherwise this grant shall be forfeited. Provided that such time may be extended under and for causes specified in section 99 of the Railroad Law, and that the City officials or departments, who or which shall at the time of such construction have authority over the said bridge and viaduct, may extend said time for a period or periods not exceeding ninety days further, if reasonable, in their judgment, by reason of requirements as to the manner of construction imposed by the City officials.

Sec. 6. This grant is upon the express condition that the Union Railway Company, within thirty days after this ordinance takes effect and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of two thousand five hundred dollars, either in money or in securities to be approved by him, which fund shall be security for the performance by such company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the franchise, the repairs of the street pavement and the removal of snow and ice, and the quality of construction of the railroad, and in case of default in the performance by said company of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same with interest from such fund after ten days' notice in writing to the said company. Or in case of failure to keep the said terms and conditions of this grant relating to the headways of cars, fenders and wheel guards and the heating of the cars, the said company shall pay a penalty of \$50 a day for each violation, and the further sum of \$10 a day for each car which shall not properly be heated or supplied with fenders and wheel guards in case of the violation of the provisions relating to those matters. In case of any drafts so made upon this security fund, the said company shall, upon thirty days' notice, in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of two thousand five hundred dollars, and in default thereof the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights

under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

Sec. 7. The provisions and obligations of this ordinance shall only attach to the rights and franchise hereby granted and the railroads constructed thereunder and the operation thereof.

Sec. 8. This grant shall not become operative until said railway company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York.

Sec. 9. This ordinance shall take effect immediately.

To the Honorable the Board of Aldermen of The City of New York:

The petition of the Union Railway Company of New York City respectfully shows:

First—That your petitioner is a street surface railway corporation organized and existing under the Laws of the State of New York, having filed its certificate of incorporation in the office of the Secretary of State of New York on the 5th day of July, 1892, for the purpose of constructing, maintaining and operating a street surface railway in The City of New York.

Second—That your petitioner desires to obtain from the Board of Aldermen of The City of New York its consent to and a grant of the right, privilege and franchise to use certain streets, avenues and highways in The City of New York for street railway purposes, and for the construction, maintenance and operation of a double track street surface railway as an extension of its existing railway through, upon and along the surface of certain streets, avenues and highways, and to and upon bridge and viaduct adjacent to or within one-half mile of its railway for the purpose of reaching the depot, station and terminus of other railroads, not more than one-half mile distant from such bridge or viaduct; a description of said streets, avenues and highways, bridge and viaduct being as follows:

"Commencing at the intersection of Jerome and Sedgwick avenues at the terminus of the tracks of this company's Jerome avenue line; thence upon and along the westerly approach, known as the Sedgwick avenue approach, formerly called Ogden avenue approach, to Central or Macomb's Dam Bridge; thence southerly upon and along said bridge, and the One Hundred and Fifty-fifth street viaduct and the Macomb's Dam road, to the terminus of the railway of the Eighth Avenue Railroad Company, between West One Hundred and Fifty-fourth and West One Hundred and Fifty-fifth streets; also from the intersection of said Central or Macomb's Dam Bridge and the One Hundred and Fifty-fifth Street Viaduct; thence westerly upon and along said viaduct to the station, depot or terminus of the Manhattan Elevated Railway Company, situated between said bridge and Bradhurst avenue; together with the necessary connections, switches, sidings, turnouts, turntables, cross-overs, and suitable stands necessary for the accommodation and operation of said railroad by the overhead system of electricity or any other motive power which may be lawfully employed upon the same; all in the boroughs of Manhattan and The Bronx, City, County and State of New York."

Third—That said corporation expects to operate said railway by the overhead trolley system substantially similar to that now in use on other portions of its line, or by any other motive power, except steam locomotive, which may be permitted by the State Board of Railroad Commissioners, and consented to by property owners, pursuant to law.

Fourth—That the distance between the terminus of your petitioner's railroad and the terminus of the Manhattan Elevated Railroad, and the Eighth avenue line, is a distance over which there is no means of transportation, and the public are accordingly obliged to walk this distance in order to make connections, and that there is and has been for some time past an earnest public demand for an extension of your petitioner's railroad as above stated.

Fifth—That the terminus of the said viaduct and the terminus of said bridge are respectively within one-half mile of the route of your petitioner's existing street surface railway, and the depot, station or terminus of other railroads, which it is the purpose of your petitioner to reach with the said extension of its railway, is not more than one-half mile distant from such bridge or viaduct.

Wherefore, Your petitioner prays that the notice of the time and place when and where this application will be first considered be given, pursuant to the provisions of section 92 of the Railroad Law and all other laws applicable thereto, and that consent or grant be given in the form of an ordinance, subject to the laws and ordinances applicable thereto and upon terms of compensation to be fixed and determined in accordance with the provisions of the Greater New York Charter.

Dated, The City of New York, June 1, 1903.

UNION RAILWAY COMPANY OF NEW YORK CITY.

By Edward W. Maher, President.

State of New York, County of New York, ss.:

Edward W. Maher, being duly sworn, deposes and says that he is President of the Union Railway Company of New York City, the petitioner named in the foregoing petition; that he has read the foregoing petition and knows the contents thereof; that the same is true of his own knowledge, except as to the matters therein stated to be alleged on information and belief, and as to those matters he believes it to be true.

EDWARD W. MAHER.

Sworn to before me this 1st day of June, 1903.

President Haffen, of the Borough of The Bronx, asked for and received immediate consideration for the report.

The report was then received, and the accompanying resolution adopted.

Report of Committee on Affairs of Boroughs—

No. 2218.

The Committee on Affairs of Boroughs, to whom was referred on June 23, 1903 (Minutes, page 1040), the annexed petition of the Cemetery Association of Jewish Soldiers and Sailors of the Spanish-American war, for a cemetery in the Borough of Queens, respectfully

REPORT:

That, having examined the subject, they recommend that the annexed resolution be adopted.

Petition of the Cemetery Association of Jewish Soldiers and Sailors of the Spanish-American War to the Board of Aldermen of The City of New York.

To the Honorable the Board of Aldermen of The City of New York:

Your petitioners, the undersigned, are veterans of the military and naval service of the United States who participated in the war with Spain and in the incidental war in the Philippine Islands, some of whom are at present engaged in the military and naval service of the National Government, and all of your petitioners are residents of The City of New York.

There participated in said wars several thousand soldiers and sailors of the Jewish faith, as appears by the records of the War and Navy Departments of the United States, a great number of whom died in the service. A still greater number have been fatally stricken by diseases contracted in the service, as a result of which the muster roll of our dead is continually lengthening.

Because dead comrades are buried in scattered and isolated cemeteries in New York City and contiguous territory great difficulty is experienced in the preservation and decoration of the graves of the dead, in the holding of proper commemorative services for the departed, and in the discharge of the many functions incidental to their interment. It is particularly desired to prevent unfortunate comrades from suffering the ignominy of burial in a pauper's grave.

The Cemetery Association of the Jewish Soldiers and Sailors of the Spanish-American War was duly incorporated, and its incorporators and directors are either officers or members of the Hebrew Veterans of the War with Spain, an association organized under the laws of this State, one of the paramount purposes of the forma-

tion of which was "to provide proper interment for and to perpetuate the memory of dead comrades."

The said Cemetery Association has complied with all the preliminary statutory requirements preparatory to making this application for the consent of this Honorable Board to the acquisition of the land hereinafter described for cemetery purposes, inasmuch as it caused to be published notice of its application to this Board in the manner required by the statute, as appears by the affidavits of publication attached to and made part of this petition.

The land to be used for the Cemetery is situated in the County of Queens, Borough of Queens, City and State of New York, and is bounded and described as follows: Bounded on the north by the Old South road, on the east by Cedar lane (otherwise known as the road to Furman's Neck), on the south by the Conduit lands, formerly of the City of Brooklyn and now of The City of New York, which lands are commonly known as the Conduit or Conduit avenue, and on the west by lands now, or late, of Elizabeth Levison; the said piece of land being more particularly described as follows: Beginning at a point in the southerly line of the Old South road distant seven hundred and thirty-nine (739) feet westerly from the southwest corner of the Old South road and Cedar lane running thence easterly, or nearly so, along the said southerly line of the Old South road seven hundred and thirty-nine (739) feet to the southwest corner of the Old South road and Cedar lane; running thence southerly, or nearly so, along the westerly line of Cedar lane eleven hundred and fifty-eight (1,158) feet, to a point formed by the intersection of the said westerly line of Cedar lane with the northerly line of the Conduit lands of The City of New York; running thence westerly, or nearly so, along the said northerly line of the Conduit lands about eleven hundred (1,100) feet, to the easterly line of a piece of land, now, or formerly, of Elizabeth Levison; running thence northerly, or nearly so, partly along the said easterly line of the said piece of land and partly (and for the rest of the distance) along the easterly line of other lands now, or formerly, of Elizabeth Levison, about one thousand (1,000) feet, to the southerly line of the Old South road, at the point or place of beginning, be the said several distances and dimensions more or less. The said piece of land has an area of about twenty-two acres, more or less.

The land aforesaid is not desirable for agricultural purposes because it contains sandy soil, and is unavailable for building or residential purposes, because it is immediately opposite the Bayside Cemetery, the Chaari Zedeck and the Acacia Cemetery.

By reason of the foregoing facts petitioners desire to establish and maintain the said Cemetery, and so to embellish it that it will not only be an eminently fitting resting place for departed comrades, but also a crowning memorial to the valorous dead. To accomplish these ends, it is intended that so much of the Cemetery ground as shall not be required for the interment of the remains of Jewish soldiers and sailors of the Spanish-American War shall be disposed of to persons and associations of the Jewish faith, and that the resulting proceeds shall be applied not only to the liquidation of the indebtedness which will be necessarily incurred in the acquisition of the aforesaid lands, but also to the preserving, improving and embellishing of the Cemetery grounds and the avenues and roads thereof, and to defraying the incidental expenses and liabilities of the Cemetery Association.

In view of these facts, your petitioners respectfully ask that the consent of this Honorable Board be given to the taking by deed, devise or otherwise, by the Cemetery Association of the Jewish Soldiers and Sailors of the Spanish-American War, of the land aforesaid for cemetery purposes.

Dated New York, June 20, 1903.

Very respectfully submitted,

JOSEPH AUERBACH, late First Sergeant of Battery I, Fifth United States Artillery; late Troop H, Seventh United States Cavalry, Acting Regimental Sergeant Major; member of Christopher Columbus Garrison, Regular Army and Navy Union; honorary member Hebrew Veterans of the War with Spain;

MAX GRAS, late Sergeant of Company F, Eighth New York Infantry, U. S. A.; member of Hebrew Veterans of the War with Spain;

BERTHOLD E. LOEWENTHAL, late Corporal of Company H, Eighth New York Volunteers; Quartermaster of Hebrew Veterans of the War with Spain;

And others.

Resolved, That the consent of the Board of Aldermen of The City of New York be and the same hereby is granted to the Cemetery Association of the Jewish Soldiers and Sailors of the Spanish-American War, its successors and assigns, to take by deed, devise or otherwise for cemetery purposes, all that certain piece of land in the Borough and County of Queens, City and State of New York, bounded and described as follows:

Bounded on the north by the Old South road, on the east by Cedar lane (otherwise known as the road to Furman's Neck), on the south by the Conduit lands, formerly of the City of Brooklyn and now of The City of New York, which lands are commonly known as the Conduit or Conduit avenue, and one the west by lands now, or late, of Elizabeth Levison; the said piece of land being more particularly described as follows: Beginning at a point in the southerly line of the Old South road distant seven hundred and thirty-nine (739) feet westerly from the southwest corner of the Old South road and Cedar lane; running thence easterly, or nearly so, along the said southerly line of the Old South road seven hundred and thirty-nine (739) feet to the southwest corner of the Old South road and Cedar lane; running thence southerly, or nearly so, along the westerly line of Cedar lane eleven hundred and fifty-eight (1,158) feet, to a point formed by the intersection of the said westerly line of Cedar lane with the northerly line of the Conduit lands of The City of New York; running thence westerly, or nearly so, along the said northerly line of the Conduit lands about eleven hundred (1,100) feet to the easterly line of a piece of land now or formerly, of Elizabeth Levison; running thence northerly, or nearly so, partly along the said easterly line of the said piece of land and partly (and for the rest of the distance) along the easterly line of other lands now or formerly of Elizabeth Levison, about one thousand (1,000) feet, to the southerly line of the Old South road, at the point or place of beginning, be the said several distances and dimensions more or less. The said piece of land has an area of about twenty-two acres, more or less.

The same to be established and maintained as a cemetery in accordance with the laws of the State of New York.

JOSEPH OATMAN, FRANK BENNETT, DAVID S. STEWART, HENRY WILLETT, JACOB LEITNER, Committee on Affairs of Boroughs.

Alderman Foley asked and received immediate consideration for this report.

The Vice-Chairman put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Brenner, Chambers, Devlin, Dickinson, Dietz, Donohue, Doull, Florence, Foley, Gaffney, Gass, Gillies, Goldwater, Goodman, Haggerty, Higgins, Jones, Keely, Kenney, Klett, Leitner, Lundy, John T. McCall, Malone, Metzger, Meyers, Nehrbauser, Oatman, Owens, Parsons, Peck, Richter, Stewart, Sullivan, Twomey, Wafer, Walkley, Ware, Whitaker, Willett, Wirth; President Cassidy, Borough of Queens; President Haffen, Borough of The Bronx; President Swannstrom, Borough of Brooklyn; President Cantor, Borough of Manhattan; and the Vice-Chairman of the Board of Aldermen—48.

#### MOTIONS, ORDINANCES AND RESOLUTIONS RESUMED.

No. 2312.

By Alderman Goodman—

Resolved, That the Board of City Record be and it is hereby respectfully requested to authorize and to direct the Supervisor of the City Record to have prepared and printed each week the approved papers in form and character to become an appendix or supplement to the regular minutes of this Board.

Resolved, That the City Clerk be and is instructed to appear before the Board of City record and urge affirmative action hereon.

Which was adopted.

Alderman Owens moved that the Board do now adjourn.

The Vice-Chairman put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the Vice-Chairman declared that the Board stood adjourned until Tuesday, July 14, 1903, at 1 o'clock p. m.

P. J. SCULLY, City Clerk, and Clerk of the Board of Aldermen.

#### BOARD OF CITY RECORD.

Tuesday, March 31, 1903.

A meeting of the Board of City Record was held this day at 11.30 a. m. in the Governor's Room of the City Hall, Borough of Manhattan.

Present—Hon. Seth Low, Mayor; Hon. George L. Rives, Corporation Counsel; Hon. Edward M. Grout, Comptroller.

The minutes of the meeting of March 10, 1903, were approved as submitted.

The Mayor announced that the first business would be the opening of the bids for stationery, pursuant to advertisement.

The Supervisor submitted the copy of the proposals certified to by the Corporation Counsel, and also proof of publication of the advertisement in the "City Record." But one bid was submitted—that of the L. W. Ahrens Stationery and Printing Company, and with it the required deposit. Upon opening and reading the said bid, the Corporation Counsel offered the following:

Resolved, That the bid of the L. W. Ahrens Stationery and Printing Company be referred to the Supervisor for investigation and report as to the reasonableness of the prices, by item. Adopted.

The Supervisor submitted a requisition from the Department of Parks for 4,000 copies of its annual report and a requisition from the President of the Borough of Brooklyn for 500 copies of his annual report and 5,000 copies of a condensed report.

The Supervisor called attention to the fact that the Charter limited the publication of reports to 2,000 copies.

The following resolution, offered by the Corporation Counsel, was unanimously adopted:

Resolved, That the Supervisor be authorized to print not exceeding 2,000 copies of the annual report of the Park Department, and of the annual report of the President of the Borough of Brooklyn.

The Supervisor was also directed to inform the said Departments that the Board would not approve of the publication of abridged reports in excess of the 2,000 copies allowed by section 1528 of the Greater New York Charter.

Bills were submitted from the Brooklyn Daily Eagle for printing bulletins for the Brooklyn Public Library, as follows:

January .....	\$108 18
February .....	115 13

The Supervisor stated that this printing was being done as it had been done in the past in connection with the Pratt Institute, and that he found the prices satisfactory.

The following resolution, offered by the Mayor, was unanimously adopted:

Resolved, That this Board approve the bills of the Brooklyn Daily Eagle for printing bulletins for the Brooklyn Public Library—January, \$108.18; February, \$115.13.

Communications were received from Washington H. Hettler, Storekeeper, and S. J. Brown, Examiner, in the office of the City Record, for increase in salary. They were placed on file.

The following advertising ordered by the Supervisor, at the request of the heads of the Departments concerned, was approved:

#### Department of Street Cleaning.

Resolved, That when advertising is ordered to be done by any Department and the same is of no value because of lack of care in preparing copy or fixing date, and must be reordered, that any cost that has been incurred thereby shall be made a charge against the Department responsible therefor.

The Supervisor submitted a communication relative to fireproof shelving in the office of the City Record, the cost for which would have to be specially provided for. On motion of the Mayor, it was

Resolved, That the communication be referred to the Board of Aldermen with a request that special Revenue Bonds be authorized to cover the expense of same.

The following resolution was adopted:

Resolved, That the Supervisor of the City Record be and is hereby authorized to procure by direct order—that is, without contract let after advertisement—the articles called for by the following requisitions allowed at this meeting not exceeding the estimates this day submitted by the Supervisor, as shown by schedules this day signed by the members of the Board of City Record, that course being deemed to be for the best interests of the City.

#### DEPARTMENT OF FINANCE.

William J. Lyon, the Auditor of Accounts in charge of the Division of Law and Adjustment in the Comptroller's office, who died on June 16 last, was highly esteemed by his associates in the department.

Although the late Mr. Lyon served the city principally as an auditor during his career of twenty years as a public official he served for three years as Deputy Comptroller under the Hon. Ashbel P. Fitch.

At a meeting of the employees of the department held to-day, with Auditor John F. Gouldsbury presiding, the following were unanimously adopted:

DEPARTMENT OF FINANCE—CITY OF NEW YORK,

Tuesday, July 7, 1903.

Whereas, By the untimely death of William J. Lyon the Department of Finance of the City of New York has lost an old and valued officer and the city an honored and useful citizen; and

Whereas the surviving officers and employees of the department feel keenly the loss of a true friend, a wise counsellor and associate; therefore be it

Resolved, That we, the officers and employees of the Department of Finance of the City of New York, do hereby give public expression to the sincere sorrow we feel and the loss we have sustained in the death of our friend and associate William J. Lyon; and be it further

Resolved, That a copy of these resolutions be made part of the record of this department and that a copy, suitably engrossed, be transmitted to the family of the deceased.

July 8.

#### MUNICIPAL CIVIL SERVICE COMMISSION.

New York, June 5, 1903.

A meeting of the Municipal Civil Service Commission of The City of New York was held at the Commission's offices, No. 61 Elm street, on Friday, June 5, 1903, at 3 p. m.

There were present President Ogden, and Commissioners Dykman, Perrine and Spencer.

A public hearing was held upon the proposition to amend the classification of offices and positions in the exempt class, in the Board of Elections, by excluding therefrom the following positions:

Six Deputy Chief Clerks for Board and Boroughs.

Six Clerks to Board.

Twenty Clerks for the Boroughs.

There were present at the hearing Hons. Charles B. Page and Rudolph C. Fuller, of the Board of Elections; Mr. Henry G. Chapman, Assistant Secretary, and Mr. Samuel M. Ordway, counsel to the Civil Service Reform Association. Mr. Ordway addressed the Commission, and at the request of the Election Commissioners the hearing was adjourned to Friday, June 12, at 3 p. m.

Mr. Joseph W. Kay, representing the Department Commander of the Grand Army of the Republic, State of New York, addressed the Commission with reference to the physical examination of candidates for positions in the public service who are veterans of the Civil War. He presented a copy of a resolution adopted by the State Civil Service Commission, instructing its medical examiners with reference to such examinations, and requested the Commission to take similar action.

Mr. Kay presented also a copy of a letter written by Hon. William Miller Collier, former President of the State Civil Service Commission with reference to the examination of veterans of the Civil War who filed applications for positions in the Labor Class.

The matters referred to by Mr. Kay were taken under advisement.

The minutes of the meeting held May 25 were approved after correction.

The Law Committee submitted a report, construing the provisions of Assembly Bill No. 1231, Int. 974, in answer to the following questions propounded by the Secretary.

1. Should the names of persons who have reached the age of thirty-five years since the establishment of the eligible list for Doorman be deducted from that list?

2. Should the names of persons who were more than thirty-five years at the time of examination be deducted from the list for Doorman?

3. Should the Commission certify from the eligible list for Patrolman the few names appearing thereon of persons who reached the age of thirty years after the announcement of the list? The list has not been in force for one year, but has been exhausted except for the persons affected by this question.

The answers of the Law Committee follow:

1. No. If they were not over thirty-five years at the time of making up the eligible list they may be certified for appointment.

2. Yes. If they were over thirty-five years at the time of making up the eligible list they cannot be placed thereon.

3. Yes. If they were not over thirty years when the eligible list was made up they are entitled to certification for appointment.

On motion, duly seconded, the report of the Law Committee was adopted. The Committee on Appeals (President Ogden acting for Commissioner Perrine and Examiners Clarke and Crandall), submitted the following report on appeals considered at a meeting held June 3:

On motion, duly seconded, the report of the Committee on Transfer was adopted, except as to the case of William G. Thorbury, which was laid over.

The Committee on Reinstatements submitted a report approving the following reinstatements:

Albert Welch, Axeman, Department of Parks, Manhattan.

On motion, duly seconded, the report of the Committee on Reinstatements was adopted.

The Committee on Temporary Appointments submitted a report, approving the appointment of the following-named person under the provisions of rule 7, paragraph 2:

George Arnold, Chief Engineer, Department of Street Cleaning.

On motion, duly seconded, the report of the Committee on Temporary Appointments was adopted.

The Secretary stated that at a previous meeting the Commission approved the temporary appointment of a number of Sewer Inspectors in the Department of Public Works, Borough of Brooklyn, under the provisions of rule 7, paragraph 2, for one week. Later, and at the request of the Commissioner of Public Works, the same men were examined non-competitively for appointment not to exceed sixty days, under the provisions of rule 7, paragraph 1. The papers in that examination were not marked until after the week for which the men had first been employed had expired, and they continued to serve. It subsequently appeared that but four of the candidates had passed the non-competitive examination, and the Secretary requested the instructions of the Commission as to whether the pay rolls of all of the Inspectors, fourteen in number, should be passed for the entire time during which they served.

On motion, duly seconded, the Secretary was instructed to pass the pay rolls of the persons who had passed the non-competitive examination.

On motion, duly seconded, the applications of the following named persons were accepted:

For Clerk in the Bureau of Buildings and Tenement House Department—Charles H. Warner, Anna M. Hunt, Chauncey T. Quintard, Charles J. Smith and John W. Essex.

For Medical Inspector—David E. Alexander, I. M. Wilzins, Arthur B. Cannon, Sara J. Williams-Vanderbeek, Samuel Spiegel, John J. Sinnott, Anna W. Locke and J. Martin Voorhees.

On motion, duly seconded, the requests of Joseph A. Diaz y Rodriguez and Maude Glasgow that the requirement of citizenship be waived in their respective cases were granted, and their applications for the position of Medical Inspector were received.

On motion, duly seconded, the action of the President in notifying John B. Conley to attend the mental examination for the position of Court Attendant, and Edward O'Hara to attend the mental examination for the position of Patrolman was ratified and approved.

On motion, duly seconded, the application of John D. Murphy for the position of Medical Inspector, received after the expiration of the time set for the receipt of such applications, was rejected.

On motion, duly seconded, the request of William Austin Bassett, of Dorchester, Mass., that the requirement of residence in the State of New York be waived in his case was granted, and his application for the position of Rodman was accepted.

On motion, duly seconded, the request of Robert E. Brown for authority to substitute vouchers for those who signed his application for the position of Marine Engineer, was granted, and the Character Examiner was instructed to investigate the case.

The Labor Committee submitted the following recommendations:

That in consideration of the information conveyed to the Commission by the Character Examiner in a report dated May 25, the Labor Clerk be instructed to continue certifying from the eligible list for Carpenter, in response to requisition for rustic carpenters, persons whose ability to do rustic work is shown in their application papers.

That in consideration of the information conveyed to the Commission by the Character Examiner in a report dated May 25, the Secretary be instructed to request the Comptroller to refuse to pass the payroll of Mrs. Helen Spurdle, employed in the Brooklyn Truant School, Department of Education, the position held by her being one which should properly be included in the competitive class of the classified service and not in the unclassified service as defined by section 8, chapter 370, Laws of 1899.

That the President of the Borough of The Bronx be authorized to change the titles of the following named persons:

John Schmidt, Woodsawyer to Laborer.

George Spellman, Mower to Laborer.

Charles Hillsburgh, Pruner and Gardener, to Laborer.

John Vornbaum, Pruner and Gardener, to Laborer.

William S. Walls, Gardener to Laborer.

William Schwander, Sounder to Laborer.

John H. Grade, Sweeper to Laborer.

John Hoop, Sounder to Laborer.

Andrew Bechman, Hos Repairer to Laborer.

Elijah Mooney, Hose Repairer to Mason.

Norman C. Bolton, Hose Repairer to Laborer.

Edward C. Arnold, Hose Repairer to Laborer.

Charles A. Soteldo, Hose Repairer to Laborer.

On motion, duly seconded, the recommendations of the Labor Committee were adopted.

The Secretary presented letters from the Mayor notifying the Commission of his approval of the following resolutions:

(1) Taking from the exempt class, Department of Police, the position of "Cashier and Bookkeeper";

(2) Amending Rule 39 by striking therefrom the words "personally question," and substituting therefor the word "examine."

(3) Including in the exempt class, Aqueduct Commission, the title, "Consulting Engineer."

(4) Including in the exempt class, offices of the Coroners, "one Clerk to each Coroner in the Borough of The Bronx."

The letters were ordered filed.

A letter was presented from the Department of Water Supply, Gas and Electricity, accompanied by a copy of an order issued by Justice James A. Blanchard, of the Supreme Court, authorizing Robert J. Gudeon, Keeper on the Croton Aqueduct, to change his name to Robert J. Goodwin. On motion, duly seconded, the Secretary was instructed to note the change on the official roster.

A letter was presented from the Chief Clerk of the Police Department communicating a copy of an order of the Police Commissioner revoking the appointment of Jefferson Deevy as Captain of Police, and directing the said Jefferson Deevy to resume the rank of Sergeant of Police. The Secretary presented a letter from Jefferson Deevy protesting against the action of the Commission in requesting the Police Commissioner to revoke his appointment as Captain. On motion, duly seconded, the letters were ordered filed.

A letter was presented from the Department of Docks and Ferries requesting that an examination be held for promotion from the position of Stoker to Marine Engineman. On motion, duly seconded, the request was granted, and the Secretary was instructed to proceed with the examination.

The Secretary reported that he had received a letter from W. J. Brophy, whose name appears on the eligible list for the position of Electrician, protesting against the action of the Commissioner of Public Charities in assigning Charles Brush, Hospital Helper, to duty in care of the X-ray and electro-therapeutic apparatus at the Metropolitan Hospital. He had forwarded the letter to the Commissioner of Public Charities, and presented a letter from the latter giving a description of the duties performed by Mr. Brush. After reading the letter it was

Resolved, That the protest of W. J. Brophy be placed on file.

A letter was presented from Deputy Comptroller N. Taylor Phillips with reference to the duties performed by W. W. Graham, employed as Cashier in the Fire

Department. On motion, duly seconded, the matter was referred to the Character Examiner.

A letter was presented from Associate City Superintendent of Schools Clarence E. Meleney, with reference to the assignment of Attendance Officers to perform duties in connection with the vacation playgrounds, to assist in protecting the buildings and aiding to preserve order. On motion, duly seconded, the Secretary was instructed to furnish Mr. Meleney with a copy of the resolution heretofore adopted by the Commission with reference to the assignment of employees to perform duties other than those appropriate to the titles under which they are serving.

A letter was presented from the Law Department, communicating the opinion of the Corporation Counsel as to the authority of the Civil Service Commission to inquire into the qualifications of Mr. Henry S. Thompson to perform the duties of Superintendent of Buildings, Borough of Manhattan, under the provisions of section 405 of the Charter, and advising the Commission that its duty is performed "when it has inquired into the qualifications required by the Civil Service Law, and the rules and regulations enacted thereunder." The Secretary reported that upon receipt of the opinion, the payroll of Mr. Thompson and the Secretary appointed by him had been duly certified and forwarded to the Finance Department. On motion, duly seconded, the letter was ordered filed and the action of the Secretary in passing the payroll was ratified and approved.

On motion, duly seconded, it was

Resolved, That in compliance with the request of the Commissioner of the Department of Docks and Ferries, contained in a communication dated May 25, 1903, the Secretary be and he is hereby instructed to proceed with an open competitive examination for the position of Dockmaster.

A letter was presented from the Department of Health notifying the Commission of the appointment of a number of Nurses after non-competitive examination held in the manner provided by Rule 68, and their assignments to duty in the public schools. The Secretary stated that he had investigated the matter, and that, though the appointees were not actually employed in the hospitals for contagious diseases, they were caring for children suffering with trachoma and other diseases of a contagious character. On motion, duly seconded, the Secretary was instructed to pass the payrolls of the appointees when presented.

A letter was presented from the Health Department notifying the Commission of the reinstatement of John G. Tate as Clerk, first grade. The Secretary stated that on April 17, 1903, Mr. Tate was removed on charges after a hearing. On motion, duly seconded, the Secretary was instructed to notify the Department of Health that under the decision in the case of O'Neill vs. Partridge the reinstatement could not be recognized.

A letter was presented from the Corporation Counsel informing the Commission of the denial by Justice O'Gorman of the Supreme Court of the motion for an injunction pendente lite to restrain the Commission from certifying to the Fire Department names of persons other than Engineers of Steamers as eligible to fill the position of Assistant Foreman. On motion, the letter was ordered filed.

A letter was presented from the Commissioner of Public Charities requesting that the title of "Superintendent of Outdoor Poor" be eliminated from the classification of positions in the exempt class, and that the title of "Superintendent of Bureau of Dependent Adults" be established in place thereof. A letter was presented also from Mr. George McAneny, who is acting with the Committee appointed to revise the rules, to whom the matter was originally referred, recommending that the request be granted. On motion, duly seconded, it was

Resolved, That the classification of officers and positions in the Department of Public Charities in the exempt class, as fixed by Rule 68, be amended by excluding therefrom the following:

Superintendent of Outdoor Poor—Manhattan and The Bronx.

Superintendent of Outdoor Poor—Brooklyn and Queens.

Superintendent of Outdoor Poor—Richmond.

—and that the said classification be further amended by including therein the following: Three Superintendents of Bureaus of Dependent Adults, for the boroughs of Manhattan and The Bronx, Brooklyn and Queens and Richmond, respectively.

A letter was presented from the Commissioner of Street Cleaning requesting authority to make the following changes of title:

Veterinary Surgeon to Veterinarian,

Drug Clerk to Apothecary.

On motion, duly seconded, the request was granted.

A letter was presented from the Commissioner of Street Cleaning informing the Commission of the reinstatement of Gerardo Constantino in the position of Sweeper. The Secretary stated that the records of the office show that this person was removed on charges after a hearing recently held. On motion, duly seconded, the Secretary was instructed to inform the Commissioner of Street Cleaning that under the decision in the case of O'Neill vs. Partridge, the reinstatement could not be recognized.

A letter was presented from the Commissioner of Public Charities with reference to the proposition recently made to amend the classification by limiting the amount of compensation to be paid to Hospital Helpers. On motion, duly seconded, the Secretary was instructed to inform the Commissioner of Public Charities that in view of the statements contained in the letter, no further action would be taken in the matter, and the letter was ordered filed.

The following reports of Examining Boards for positions in the non-competitive class were approved and ordered filed:

Nautical School, May 26 and 27, June 1 and 2.

Department of Correction, May 26.

Department of Public Charities, June 1.

A letter was presented from William Abbott, formerly employed by the Commission as a Temporary Clerk, protesting against his discharge from such position. On motion, duly seconded, it was

Resolved, That the Secretary be and he is hereby instructed to acknowledge the receipt of Mr. Abbott's protest and to notify him that his removal was made not upon charges, but because the necessity for his employment as Temporary Clerk had ceased.

The Secretary presented letters from Roger Foster, attorney and counselor at law, and Gerald F. Griffen, protesting against the certification by the Commission "upon the payroll of the name of Wisner B. Martin for any salary attached to the position of Assistant Engineer in the Bureau of Highways, in the Borough of Manhattan." On motion, duly seconded, the letters were ordered filed.

A letter was presented from Michael R. Kelly, who competed in the last examination for promotion to the grade of Sergeant in the Police Department, but whose name was not placed on the eligible list, because he had not served two years as Roundsmen, and therefore did not receive 70 per cent. in seniority, requesting that his name be placed on the eligible list, in view of the fact that since the examination he has served the requisite length of time. On motion, duly seconded, the request was denied.

A letter was presented from Edward A. Alexander, attorney and counselor at law, requesting that the name of Eugene J. McEnroe, be placed "at the head of the Civil Service list," for the position of Deputy Tax Commissioner. The Secretary stated that Mr. McEnroe was dismissed from the position of Deputy Tax Commissioner on May 1, 1902, and that his name was placed on the preferred list, formed pursuant to section 1543 of the Charter, and continued thereon until May 1, 1903. On motion, duly seconded, the request was denied.

A letter was presented from Bernard Gretsche, M. D., requesting permission to file an application for the position of Medical Inspector, and to compete in the coming examination. On motion, duly seconded, the request was granted.

A letter was presented from W. C. Bentley, requesting that his name be restored to the eligible list for the position of Janitor-Engineer, and stated that at the time he was notified to appear for appointment he was absent from the City. On motion, duly seconded, the request was denied for insufficient proof.

A letter was presented from Annie Carr, requesting authority to waive appointment as Attendant for the period of thirty days, under the provisions of Rule 28. On motion, duly seconded, the request was granted.

The Secretary presented letters from the Police Chronicle, The Bronx Borough Record and Times, and the Queens Borough Press, requesting that the advertisements of the Commission be inserted in those journals. On motion, duly seconded, the requests were denied.

The meeting then adjourned.

Attest,

S. WILLIAM BRISCOE, Secretary.

## BOROUGH OF MANHATTAN.

## BOROUGH OF MANHATTAN.

At a joint meeting of the Boards of Local Improvements of the Bowery, Bowling Green and Corlears Hook Districts, held June 9, 1903, the following members were present: Aldermen Marks, Porges, Harburger, Donohue and President Cantor.

The President presented the matter of widening Clinton street by taking 50 feet from the west side, from Houston street to East Broadway.

Mr. Charles Stover appeared before the Board and suggested that as a project bearing on this improvement would be considered by the Board of Rapid Transit Commissioners this afternoon, the matter ought to lay over.

It was regularly moved that the matter be laid over until June 23, at 10.30 a. m., which motion being put was adopted.

Adjourned.

GEORGE W. BLAKE, Secretary.

## BOROUGH OF MANHATTAN.

At a meeting of the Board of Local Improvements of the Bowery District, held June 9, 1903, the following members were present: Aldermen Porges, Harburger and President Cantor.

The President presented the question of laying out a public park at the following locations:

Stanton, Forsyth, Rivington and Chrystie streets.

Houston, Stanton, Chrystie and Forsyth streets.

Eldridge, Rivington, Delancey and Allen streets.

And the widening of the following streets:

The Bowery, by taking 75 feet on the east side from Chatham Square to Canal.

Chrystie street, by taking 100 feet from the west side from Houston to Canal street, and the question of laying out a new street 80 feet in width, from the Bowery to Elm street, between Broome and Spring.

On motion, these matters were laid over until June 23, at 10.30 a. m.

Adjourned.

GEORGE W. BLAKE, Secretary.

## BOROUGH OF MANHATTAN.

At a meeting of the Board of Local Improvements of the Riverside District, held June 16, 1903, the following members were present: Alderman Jones and President Cantor.

The minutes of the previous meeting were approved.

The President presented the matter of altering and improving outlet sewer in Ninety-sixth street, between the Hudson river and West End avenue, with overflow at the Hudson river.

On motion, suitable resolution was adopted approving of this work, the estimated cost of which is \$16,000, and the assessed value of property affected \$206,254.500.

The paving of the roadway of Broadway, on the westerly side, from One Hundred and Tenth to One Hundred and Nineteenth streets, and the curbing and resetting of the curb of same, was approved. Estimated cost, \$31,800; assessed value of property affected, \$7,500,000.

Adjourned.

GEORGE W. BLAKE, Secretary.

No. 5. FOR INSTALLING HEATING AND VENTILATING APPARATUS AND ELECTRIC BELL SYSTEM OF ADDITION TO AND ALTERATIONS IN PUBLIC SCHOOL 57, ON THE EASTERLY SIDE

and described in the following resolutions, adopted by said Board on the 26th day of June, 1903, notice of which is hereby given, viz:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by laying out an extension of Forest avenue, from Brooks avenue to Cherry lane, First Ward, in the Borough of Richmond, City of New York, more particularly described as follows:

Beginning at a point on the west line of Brooks avenue where it is intersected by the prolongation westerly of the north line of Forest avenue; thence south 62 degrees 44 minutes 35 seconds west (true) 232.32 feet; thence south 80 degrees 47 minutes 39 seconds west (true) 815.36 feet to the easterly line of the Manor road; thence along the easterly line of Manor road south 9 degrees 56 minutes 19 seconds east (true) 50 feet; thence north 80 degrees 27 minutes 39 seconds east (true) 882.66 feet; thence north 62 degrees 44 minutes 35 seconds east (true) 253.22 feet to the westerly line of Brooks avenue; thence along the west line of Brooks avenue north 32 degrees 51 minutes 3 seconds west (true) 22.23 feet to a monument; thence still along the west line of Brooks avenue north 48 degrees 26 minutes 03 seconds west (true) 29.89 feet to the point or place of beginning.

Resolved, That the President of the Borough of Richmond cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 22d day of July, 1903, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" for ten days continuously, Sundays and legal holidays excepted, prior to the 22d day of July, 1903.

**BOARD OF ALDERMEN.**

**AN ORDINANCE GRANTING TO THE** Ocean Electric Railway Company the right or franchise to construct and operate a street surface railway in, upon and along certain streets and highways and bridges in The City of New York.

Be it ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen of The City of New York hereby grants to the Ocean Electric Railway Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to construct and operate a double-track surface railway, with all connections, turnouts, switches, crossovers and suitable stands necessary for the accommodation and operation of said railway, by the overhead system of electricity, or any other motive power which may be lawfully employed upon the same, in, upon and along the following named streets and highways and bridges, all situated in the Borough of Queens, City and State of New York, set forth in the following description of route:

Beginning at the termination of the existing railroad tracks on Washington avenue, so-called, in Rockaway Park upon Rockaway Beach, in the Fifth Ward of the Borough of Queens; running from thence in an easterly and southerly direction along Eastern avenue to the Boulevard; thence easterly along the Boulevard to Park avenue; and thence northerly along Park avenue to the existing right of way and railroad track of the New York and Rockaway Beach Railroad Company in what is now known as Hammels in said Fifth Ward of the Borough of Queens and City of New York.

Being a distance of about 9,430 feet or 1.8 miles.

And with the right or franchise to cross such other streets and highways and bridges (named and unnamed) as may be encountered in said route.

Section 2. The grant of this franchise is subject to the following conditions:

First—The consent in writing of the owners of half in value of the property bounded on said streets and highways and bridges to the construction and operation of said railway shall be obtained by the grantee, or in the event that such consent cannot be obtained, the grantee shall obtain the favorable determination, confirmed by the Court, of three Commissioners, appointed by the Appellate Division of the Supreme Court, in the manner provided by the Railroad Law, before said railway is built or operated.

Second—The said right, privilege and franchise to construct and operate said railway shall be held and enjoyed by said railway company, its lessee or successors, for the term of twenty-five years from the date when this ordinance is signed by the Mayor, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right, privilege and franchise, but such renewal shall not provide for any further renewal. Such revaluation shall be of the right, privilege and franchise to maintain and operate said railway by itself, and shall not include any valuation derived from the ownership, operation or control of any other railroad by the grantee, its successors or assigns. It shall be made in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successors in authority; one disinterested freeholder shall be chosen by the railway company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the grant, and their report shall be filed with the Comptroller or his successor in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the railway company. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last five years of the original franchise.

Third—Upon the termination of the said franchise, right or privilege, whether original or renewal, if the Board of Estimate and Apportionment of The City of New York, or its successors in authority shall so desire, there shall be a fair valuation of the plant and property of the grantee necessary for traction purposes upon the said streets and highways and bridges, including equipment, tracks and appurtenances, which plant and property shall be and become the property of The City of New York at the option of the said Board of Estimate and Apportionment, or its successors in authority, on the termination of this grant and the payment to the grantee of such valuation. The valuation shall be based upon a fair appraisal of the property, excluding any value derived from the franchise, and such value shall be determined by the Board of Estimate and Apportionment, or its successors in authority.

Fourth—The Ocean Electric Railway Company, its successors or assigns, shall pay for this franchise to The City of New York the following sums of money: During the first term of five years an annual sum which shall in no case be less than \$500, and which shall be equal to three per cent. of its gross annual receipts from the route constructed under this ordinance, if such percentage shall exceed the sum of \$500. During the next term of five years an annual sum which shall not be less than \$1,000, and which shall be equal to five per cent. of its gross annual receipts as above, if such percentage shall exceed the sum of \$1,000; during the remaining fifteen years of the term a sum of money not less than \$1,000 per annum and which shall be fixed and determined by the Board of Estimate and Apportionment, or its successors in authority at least three months prior to the expiration of the first ten years of this franchise. The gross receipts to be computed in the manner provided in section 95 of the Railroad Law.

Such sums shall be paid into the treasury of The City of New York on November 1 in each year; provided, however, that the first payment shall only be for that proportion of the above sums as the time from the signing of this ordinance by the Mayor to September 30 next preceding said date of payment shall bear to the whole of one year. The fiscal year shall end on September 30 next preceding said date of payment and the provisions of the Railroad Law as it existed at the time of the adoption of this ordinance relating to the manner of payments and statements of percentages of gross receipts of street railway companies shall, as to said railway, be strictly followed. The intention of this paragraph is to fix an annual charge to be paid by the grantee, its successors or assigns, to The City of New York for the rights and franchise hereby granted, and it shall not be construed as providing for the payment by the grantee, its successors or assigns, for said franchise, of a percentage of gross receipts within the meaning of any general or special statute.

Fifth—The said annual charge or payment shall continue throughout the whole term of the franchise hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway company providing for payments for street railway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or franchises hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or the charter of such assignee or lessee to the contrary notwithstanding, and that

the said assignee or lessee waives, so far as this franchise is concerned, any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this grant.

Sixth—The railway and other structures constructed by the grantee, its successors or assigns under this ordinance, shall in all respects comply with the provisions of chapter 686 of the Laws of 1894, as amended.

Seventh—The grantee, its successors or assigns, shall cause to be laid, under the supervision of the municipal authorities having jurisdiction in such matters, upon and along the public highway known as the Boulevard, as hereinbefore described, a good and sufficient macadamized pavement of a depth of not less than eight inches, to extend from either side of the present macadamized pavement to the curb line on the north and south sides of the said Boulevard.

The grantee shall pay the entire cost thereof, together with the cost of the necessary inspection, and no cars shall be operated under this franchise over any part of the route hereby granted, until the said pavement is fully and completely laid.

Eighth—The rights and franchises granted hereby shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest in property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Ocean Electric Railway Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Ninth—The said railway may be operated by overhead electrical power, substantially similar to the system of overhead electrical traction now in use by the New York and North Shore Railway Company, or by the underground electric system now in use by the Interurban Street Railway Company in the Borough of Manhattan, and by any other motive power, except locomotive steam power or horse-power, which may be approved by the Board of Railroad Commissioners, and consented to by the owners of property, in accordance with the provisions of the Railroad Law.

Tenth—The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York, who have jurisdiction in such matters under the Charter of the City.

Eleventh—Said railway shall be constructed and operated in the latest improved manner of street railway construction and operation, and the railway and property of said company shall be maintained in good condition throughout the term of this grant.

Twelfth—The rate of fare for any passenger upon said railway shall not exceed five cents between Far Rockaway, and any point westerly thereof.

Thirteenth—The cars on the said lines as proposed shall run at intervals of not more than one hour, both day and night, and as much oftener as the reasonable convenience of the public may require or as may be directed by the City ordinances; provided, however, that said railway company during the first five years of this franchise shall not be required to operate its cars on any of its lines within The City of New York between the hours of 12.30 and 4.30 o'clock a. m., each day between the first day of May and the first day of November in each year, and between 12 o'clock midnight and 6 o'clock a. m. during the balance of the year, unless the Board of Estimate and Apportionment of said City shall determine after a hearing had thereon that public convenience requires the operation of its cars during said hours.

Fourteenth—The said railway company shall apply to each car run over said railway a proper fender and wheelguard in conformity to such laws and ordinances as are now in force or may hereafter be enacted or adopted by the State or City authorities.

Fifteenth—All cars on said railway shall be heated through the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and each car shall be well lighted either by the Pintsch gas system or by electricity, or by some system of lighting equally efficient.

Sixteenth—The said company shall at all times keep the street between its tracks, and for a distance of two feet beyond the rails upon either side of said streets, free and clear from ice and snow.

Seventeenth—The said railway company, as long as it shall continue to use any of the tracks upon said streets and highways and bridges, shall have and keep in permanent repair that portion of the surface of said streets and highways and bridges, between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe. And The City of New York shall have the right to change the material or character of the pavement of any street and highway and bridge, and in that event the grantee, its successors or assigns, shall be bound to replace such pavement in the manner directed by the proper city officer at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Eighteenth—The said railway company, its successors and assigns, so long as it shall continue to use any of the tracks upon the streets and highways and bridges hereby granted, shall cause the entire roadway of each of the same to be watered at least three times in every twenty-four hours when the thermometer is above 35 degrees Fahrenheit, except that when the width of any roadway between curb lines shall exceed 60 feet, then a roadway of but 60 feet shall be watered as above.

Nineteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained this grant may be forfeited and avoided by The City of New York, by a suit brought by the Corporation Counsel on notice of ten days to the said railway company.

Twentieth—If any of the streets and highways and bridges above referred to, or described, shall not now be open or in use as public highways, no right or franchise therein shall vest in the grantee by virtue of this ordinance until after such streets and highways and bridges shall be legally opened as a public highway, and such right or franchise shall expire at the end of the term created by this ordinance as above set forth. Nothing in this ordinance contained shall be construed as an obligation on The City of New York, in respect to the opening of such streets and highways and bridges, nor as in any manner granting property or rights of any kind in or upon its lands now owned or occupied by it under any title, except only the public streets and highways and bridges in the usual acceptance of such terms, which are specifically referred to above.

Section 3. This grant is also upon the further and express condition that the provisions of article 4 of the Railroad Law, as it existed at the time of the adoption of this ordinance applicable thereto, and all laws or ordinances now in force or which may be adopted hereafter affecting the surface railways operating in The City of New York shall be strictly complied with.

Section 4. This grant is also upon the further and express condition that at any time after five years from the commencement of the operation of any portion of the railway hereby granted, the Board of Estimate and Apportionment, or its successors in authority, if it deems it necessary in the public interest so to do may require the grantee, its successors or assigns, in case the railway upon any portion of the routes above described shall consist of a single track, to construct and operate a second track upon any or all of the routes hereby granted, whether on streets, highways and bridges or upon any private property or right-of-way included in any of such routes so as to make a double-track railway.

Section 5. Said grantee shall commence construction within three months from the date when it has obtained complete legal authority to begin construction, including necessary permits from the city officials and departments, and shall complete the construction of a single track railway upon all of the route hereby granted on or before July 1, 1904, otherwise this grant shall be thereupon forfeited and immediately forfeited, without judicial or other proceedings. If upon the route above described, or upon any portion thereof, there shall not be constructed and in actual operation by July 1, 1904, a railway properly equipped and operated as provided by this ordinance, the said route or portion thereof shall be conclusively taken to have been abandoned by the company, and so much of the rights and franchises hereby granted as pertain to such route or portion thereof, not then constructed from and after July 1, 1904, shall be thereupon forfeited and immediately forfeited, without judicial or other proceedings. Provided that such time may be extended upon the same conditions as to forfeiture under and for causes specified in section 99 of the Railroad Law, as it now exists, and by a properly executed instrument in writing; and the Board of Estimate and Apportionment may similarly extend such time for a period or periods not exceeding one year, if, in their discretion, it seems best so to do, and that the city officials or departments who or which shall at the time of such construction have authority over the said streets and highways and bridges, may similarly extend, by properly executed instrument in writing, such time for a period or periods not exceeding one year further, if reasonable, in their judgment, by reason of requirements as to the manner of construction imposed by the city officials.

Section 6. If for any reason the right or franchise of the grantee in any of the streets, highways and bridges above described shall cease, or if for a period of six successive months the railway tracks upon any of such streets, highways and bridges shall not be operated as provided for in this ordinance, the Comptroller of the City of New York may require the grantee, its successors or assigns, to remove its tracks and other structures upon such streets, highways and bridges within thirty days after notice, and in default of their removal pursuant to such notice, the proper local authorities having jurisdiction may cause them to be removed and The City of New York may recover the cost and expense of such removal, either by deducting them from the fund deposited as required in section 7 hereof, or by action; and the rights and franchises of the grantee, its successors or assigns, in such portions of the streets, highways and bridges, in case any such exist, shall forthwith and immediately cease upon the removal of such tracks or structures and without judicial or other proceedings.

Section 7. This grant is upon the express condition that the Ocean Electric Railway Company, within thirty days after the said company has been duly authorized to operate its railway and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of two thousand dollars, either in money or in securities to be approved by him, which fund shall be security for the performance by such company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the franchise, the repairs of the street pavement and the removal of snow and ice, and the quality of construction of the railway, and in case of default in the performance by said company of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same with interest from such fund after ten days' notice in writing to the said company. Or in case of failure to keep the said terms and conditions of this grant relating to the headways of cars, fenders and wheel guards and the heating of the cars and the watering of the streets, the said company shall pay a penalty of \$50 a day for each day of violation, and the further sum of \$10 a day for each car which shall not properly be heated or supplied with fenders and wheel guards in case of the violation of the provisions relating to those matters. In case of any drafts so made upon this security fund, the said company shall, upon thirty days' notice, in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of two thousand dollars, and in default thereof the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

Section 8. This grant shall not become operative until said railway company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York within ten days after the adoption of this ordinance.

Section 9. This ordinance shall take effect immediately.

THE CITY OF NEW YORK—OFFICE OF THE CITY CLERK, NEW YORK, July 8, 1903.

The foregoing proposed ordinance and grant of franchise was approved by resolution of the Board of Estimate and Apportionment, adopted July 1, 1903. It was received by the Board of Aldermen July 7, 1903, and on that day a resolution was adopted by the Board of Aldermen appointing the 21st day of July, 1903, for the consideration of the subject matter of said ordinance.

ju9.31 P. J. SCULLY, City Clerk.

CITY OF NEW YORK, BOROUGH OF MANHATTAN,  
June 29, 1903.

#### DEPARTMENT OF FINANCE.

BRYAN L. KENNELLY, Auctioneer.

**SALE OF LEASE OF CITY PROPERTY.**  
**THE COMPTROLLER OF THE CITY OF** New York will sell at public auction to the highest bidder yearly rental, at the New York Real Estate Salesroom, No. 161 Broadway, Borough of Manhattan,

**MONDAY, JULY 27, 1903,**

at 12 o'clock m., a lease, for the term of ten years from May 1, 1903, of the following described premises belonging to the corporation of The City of New York, viz: All that certain plot of ground, with the buildings thereon erected, known as No. 18 Tenth avenue, located on the southeasterly corner of Tenth avenue and Little West Twelfth street, in the Borough of Manhattan, being about 50 feet front on Little West Twelfth street and about 70 feet front on Tenth avenue.

The yearly rental for the said premises being approved and fixed by the Commissioners of the Sinking Fund at the sum of twenty-four hundred dollars (\$2,400), upon the following

**TERMS AND CONDITIONS OF SALE.**

The highest bidder will be required to pay the auctioneer's fee and twenty-five per cent. of the amount of the yearly rental bid at the time and place of sale.

The amount so paid for one-quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified that it is ready for execution. He will also be required to give a bond in double the amount of the annual rent bid, with two sufficient sureties, to be approved by the Comptroller, conditioned for the payment of the rent quarterly, in advance, and for the performance and fulfillment of the covenants and terms of the lease.

No person will be received as lessee or surety who is a delinquent on any former lease from the Corporation, and no bid will be accepted from any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the Corporation, as provided by law.

No alteration shall be made in the premises except with the consent of the Comptroller, and all alterations are to be made at the expense of the lessee.

The lessee shall be required to make all repairs necessary to keep the premises in good tenable condition, including repairs to the roof at his own expense.

The lease will be in the usual form of leases of like property, a copy of which may be seen at the Bureau for the Collection of City Revenue and of Markets, Room 139, Stewart Building, No. 280 Broadway, Borough of Manhattan.

The lease will contain, in addition to other terms, a covenant or condition reserving to the Corporation the right to cancel the same upon thirty days' notice.

The Comptroller shall have the right to reject any bid if deemed to be for the best interest of the City.

By order of the Commissioners of the Sinking Fund, under and pursuant to a resolution adopted at a meeting of the Board held July 2, 1903.

EDWARD M. GROUT, Comptroller.

## SUPREME COURT.

In the matter of the application and petition of Seth Low, Edward M. Grout, Alexander E. Orr, Charles Stewart Smith, Morris K. Jesup, John H. Starin, Woodbury Langdon and John Claffin, constituting the Board of Rapid Transit Railroad Commissioners of The City of New York, for and on behalf of said City, for the appointment of Commissioners of Appraisal under chapter 4 of the Laws of 1891 and the various statutes amendatory thereof and supplementary thereto relative to lands situated

in the block bounded by BERGEN AVENUE, WESTCHESTER AVENUE, BROOK AVENUE, GERARD STREET and ONE HUNDRED AND FORTY-NINTH STREET, in the Borough of the Bronx, in The City of New York.

**NOTICE IS HEREBY GIVEN THAT IT IS** the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court for the appointment of Commissioners of Appraisal under chapter 4 of the Laws of 1891, and the various statutes amendatory thereof and supplementary thereto, at a Special Term of said Court, Part I, to be held at the County Courthouse in The City of New York, Borough of Manhattan, on the 13th day of July, 1903, at the opening of the Court on that day, for the appointment of three disinterested freeholders, residents of The City of New York, as Commissioners of Appraisal, to ascertain and appraise the compensation to be made to the owners and all persons interested in the real property hereinafter described, situated in the Borough of The Bronx. A fuller statement setting forth the location and boundaries of the several lots or parcels sought to be taken is annexed to similar maps thereof, adopted and approved by the Board of Rapid Transit Railroad Commissioners on the 7th day of May, 1903, and which said maps were filed, one in the office of the Chief Executive Department of The City of New York, having principal charge of the streets in the Borough of The Bronx, and one in the office of the Board of Rapid Transit Railroad Commissioners on the 15th day of May, 1903, and one in the office of the Register of the County of New York on the 28th day of May, 1903.

It is sought to be obtained in this proceeding an estate in fee simple absolute, free from all liens and encumbrances in and to the land and premises with the buildings thereon and the appurtenances thereto belonging, described as follows; that is to say:

Beginning at a point on the northerly side of Gerard street, distant 126 feet easterly from the intersection of the northerly side of Gerard street with the easterly line of Bergen avenue; running thence (1) in a northeasterly direction along a curve with its convexity toward the east with a radius of five hundred and fifty (550) feet to a point in a line perpendicular to the northerly side of Gerard street and intersecting the said northerly side of Gerard street one hundred and seventy-nine (179) feet easterly from the intersection of the easterly side of Bergen avenue and the northerly side of Gerard street, which point in said line is eighty-eight and forty-seven one hundredths (88.47) feet northerly from the northerly side of Gerard street; running thence (2) northerly along said line twelve (12) feet; running thence (3) in a northeasterly direction along a curve with its convexity towards the east with a radius of five hundred and thirty-eight and five-tenths (538.5) feet to a point in a line perpendicular to the southerly side of Westchester avenue and intersecting the said southerly side of Westchester avenue one hundred and eighty-one and twenty-two one hundredths (181.22) feet westerly from the intersection of the westerly side of Brook avenue and the said southerly side of Westchester avenue, which point in said line is one hundred and forty-eight and forty-one one hundredths (148.41) feet southerly from the southerly side of Westchester avenue; running thence (4) in a straight line northeasterly two hundred and four and seventy-four one hundredths (204.74) feet to a point in the westerly side of Brook avenue thirty-seven (37) feet southerly from the intersection of the said westerly side of Brook avenue and the southerly side of Westchester avenue; running thence (5) northerly along the said westerly side of Brook avenue thirty-seven (37) feet to the southerly side of Westchester avenue; running thence (6) westerly along the southerly side of Westchester avenue fourteen and seventy-five one hundredths (14.75) feet; running thence (7) southwesterly and parallel to the course hereinafter described and numbered (4), two hundred and twenty and seventy-one one hundredths (220.71) feet; running thence (8) in a southwesterly direction along a curve with its convexity to the east with a radius of five hundred and six and five-tenths (506.5) feet to a point in a line parallel to the northerly side of Gerard street and one hundred and forty-seven one hundredths (147.7) feet northerly therefrom, which point in said line is one hundred and fifty-seven and twenty-six one hundredths (157.26) feet easterly from its intersection with the easterly side of Bergen avenue; running thence (9) westerly along said line mentioned line six (6) feet; running thence (10) in a southwesterly direction along a curve with its convexity to the east with a radius of five hundred and eight (508) feet to a point in a line perpendicular to the northerly side of Gerard street and intersecting the said northerly side of Gerard street seventy-nine (79) feet from the intersection of the said northerly side of Gerard street and the easterly side of Bergen avenue, which point in said line is eight (8) feet northerly from the said northerly side of Gerard street; running thence (11) along said line southwesterly eight (8) feet to the northerly side of Gerard street; and running thence (12) easterly along said northerly side of Gerard street forty-seven (47) feet to the point or place of beginning.

## FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of WEST ONE HUNDRED AND THIRTY-SIXTH STREET (although not yet named by proper authority), from Broadway to Riverside Drive, extension in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court bearing date the 14th day of May, 1903, and duly entered in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan in the City of New York, on the 24th day of June, 1903, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, Block No. 3002, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 24th day of June, 1903; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 30th day of July, 1903, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of OAK TREE PLACE (although not yet named by proper authority), from Lafontaine avenue to Hughes avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

**WE, THE UNDERSIGNED COMMISSIONERS** of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at

our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 10th day of July, 1903; and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 13th day of July, 1903, at 4 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 20th day of July, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of the northwesterly line of Adams place with a line parallel to and 100 feet northeasterly from the northeasterly line of East One Hundred and Eighty-second street; running thence southeasterly along said parallel line to its intersection with the northeasterly prolongation of a line parallel to and 100 feet southeasterly from the southeasterly line of that portion of Hughes avenue lying southwest from East One Hundred and Eightieth street; thence southwesterly along said last mentioned prolongation and parallel line to its intersection with a line parallel to and 100 feet southwesterly from the southwesterly line of East One Hundred and Eighty-first street; thence northwesterly along said last mentioned parallel line and its prolongation to its intersection with a line parallel to and 100 feet northwesterly from the northwesterly line of Monterey avenue; thence northeasterly along said last mentioned parallel line and its prolongation to its intersection with a line parallel to and 100 feet northwesterly from the northwesterly line of Quarry road; thence northeasterly along said last mentioned parallel line to its intersection with a line drawn at right angles to Adams place from the point of beginning; thence southeasterly along said right angled line to the point or place of beginning, as such streets are shown upon the final maps and profiles of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such streets are shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Courthouse, in the Borough of Manhattan, in The City of New York, on the 15th day of October, 1903, at the opening of the Court on that day.

Dated, Borough of Manhattan, New York, May 19, 1903.

#### PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

##### NOTICE TO CONTRACTORS.

##### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable. Each bid or estimate shall contain the name and place of residence of the person making the same, and the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
