* To take effect on assignment by the City Superintendent of Schools.

Appointing the following named persons as Teachers of Cooking for the elementary schools of The City of New York, the appointments to take effect March 1, 1909: Marjorie Hunter, Mary Moseley, Carrie B. Runyon, Flora M. Gath, Myra L. West, Ella Haas, Mary Wilbor, Julia Lauder, Jean L. Carothers, Elizabeth B. Stryker, Sarah E. Caldwell, Mollie S. Kelly.

Appointing Mary E. Foley as Assistant to Principal of an elementary school in District No. 20, Schedule II.(a), to be assigned by the Board of Superintendents to Public School 78, Borough of Manhattan, her appointment to take effect March 1, 1909.

Appointing Adelbert T. S. Clark as Assistant to Principal of an elementary school in District No. 44, Schedule II.(b), to be assigned by the Board of Superintendents to Public School 81, Borough of Queens, his appointment to take effect March 1, 1909.

Retiring Joseph T. Tracy, pursuant to section 1092 of the Revised Charter, as amended, such retirement taking effect September 1, 1909, the annuity to be as provided by law, and directing the Auditor of the Board of Education to compute the amount of the annuity to which Mr. Tracy is entitled.

Granting permission to the Principal of Public School 21, Borough of Manhattan, to open a lunch room in said school, similar to the lunch counter heretofore established in Public School 51, Borough of Manhattan, no expense in connection therewith to be incurred by the Board of Education, and the arrangement to be continued during the pleasure of said Board.

Appointing Mary A. Scheuermann as a Model Teacher in the New York Training School for Teachers, taking effect February 8, 1909.

Approving the action of the Board of Superintendents in transferring the following named Teachers, as indicated, taking effect February 8, 1909:

Cornelia Beare, Assistant Teacher; subject, English; from Erasmus Hall High School to Wadleigh High School.

L. Ethel Forcier, Assistant Teacher; subject, English; from Wadleigh High School to Erasmus Hall High School.

Pearl F. Pond, Assistant Teacher; subject, drawing; from Erasmus Hall High School to Eastern District High School (vice Bertha H. Coleman, who has declined appointment).

Emma Ribber, Assistant Teacher; commercial subjects; from Manual Training High School to Eastern District High School.

John H. Stocker, Assistant Teacher; subjects, physics and chemistry; from Boys' High School to Erasmus Hall High School (vice E. R. Von Nardroff, appointed Principal of the Stuyvesant High School).

Sara A. Crosby, Assistant Teacher; subject, German; from Flushing High School to Girls' High School.

Clara E. Bardenheuer, Assistant Teacher; subject, German; from Newtown High School to Flushing High School.

Myrtle E. Thomson, Assistant Teacher; subject, history; from Newtown High School to Girls' High School (vice F. L. Beekman, who has been transferred).

Stephen Emery, Assistant Teacher; subject, mathematics; from Commercial High School to Richmond Hill High School.

Ernst G. Mannhardt, Assistant Teacher; subject, German; from High School of Commerce to Jamaica High School (vice Lilly L. Levy, transferred).

Lilly L. Levy, Assistant Teacher; subject, German; from Jamaica High School to Eastern District High School.

Confirming the nominations submitted by the Board of Superintendents as set forth, the appointments to take effect in accordance with the recommendations of the Board of Superintendents; to take effect February 8, 1909, except where otherwise specified:

Stuyvesant High School—Charles E. Ellard, Assistant Teacher; subject, chemistry. John Weichsel, Assistant Teacher; subject, mechanical drawing. Albert Stotlar, Assistant Teacher; subject, woodturning and pattern-making.

DeWitt Clinton High School—Joseph J. Gollomb, Junior Teacher; subject, English.

*Ralph Osborn (vice Harry E. Jordan, who has declined appointment), Assistant Teacher; subject, biology.

High School of Commerce—Leon Sinagnan, Assistant Teacher; subject, French.

Morris High School—Amelia L. Althaus, Junior Teacher; subject, German.

Commercial High School—†Arthur L. Yoder, Assistant Teacher; subject, biology.

Walter S. Cameron, Junior Teacher; subject, biology. Emil Trostler, Junior Teacher; subject, frechand drawing. George W. Melson, Assistant Teacher; subject, stenography and typewriting. D. Howard Chestnut, Assistant Teacher; subject, stenography and typewriting.

Boys' High School—Ernest L. Crandall, Assistant Teacher; subject, French.

Erasmus Hall High School—Frances E. Browne, Assistant Teacher; subject, French. Katharine W. Stone, Junior Teacher; subject, Latin. †Edith M. Everett, Assistant Teacher; subject, English.

* It is recommended that the appointment of Mr. Osborn take effect March 8, 1909.

† Mr. Yoder has been serving as Laboratory Assistant in the Commercial High School.

‡ Miss Everett has been serving as Junior Teacher in the Erasmus Hall High School.

Eastern District High School—Florence C. Davenport, Junior Teacher; subject, Latin. Anna Schaffer, Assistant Teacher; subject, stenography and typewriting.

Bryant High School—Charles A. Vogt, Assistant Teacher; subject, joinery.

Newtown High School—Adele M. Shaw, Assistant Teacher; subject, English.

Maud E. Miller, Assistant Teacher; subject, German; Anna T. Bridgman, Assistant Teacher; subject, history. Charles M. Smith, Assistant Teacher; subject, stenography and typewriting.

Curtis High School—Eda L. Nichols, Assistant Teacher; subject, elocution.

The foregoing nominations were made by the Board of Superintendents at a meeting held on the 4th inst., at which all the members were present.

The Board of Superintendents hereby nominates the following named persons for the positions designated, and recommends that their appointments take effect February 15, 1909, except where otherwise specified:

Wadleigh High School—Marie L. Sanial, Assistant Teacher; subject, biology.

Stuyvesant High School—Theodore S. Leonhard, Assistant Teacher; subject, mechanical drawing.

DeWitt Clinton High School—*Jaxon Knox, Assistant Teacher; subject, English.

Eastern District High School—Ruth B. Fisher, Assistant Teacher; subject, biology.

Erasmus Hall High School—Charlotte S. Young, Assistant Teacher; subject, biology.

Girls' High School—Sophia W. Lambert, Junior Teacher; subject, biology. Maud E. Manfred, Assistant Teacher; subject, German.

Commercial High School—Jacob C. Tressler, Junior Teacher; subject, elocution.

Alexander Denenholz, Junior Teacher; subject, stenography and typewriting. John Shea, Assistant Teacher; subject, stenography and typewriting. †Joseph H. Smith, Assistant Teacher; subject, Spanish.

* Mr. Knox is now serving as Junior Assistant in the DeWitt Clinton High School; it is recommended that his appointment as Assistant Teacher take effect March 1, 1909.

† It is recommended that the appointment of Mr. Smith take effect upon the assignment of Hobart H. Todd to the principalship of the New York Parental School.

Richmond Hill High School—*Morris C. Valentine, First Assistant; subject, biological science.

* Mr. Valentine has been serving as Assistant Teacher in the Wadleigh High School.

These nominations were made by the Board of Superintendents at a meeting held on the 11th inst., at which a majority of the whole number in office were present.

To take effect March 1, 1909:

Manual Training High School—B. Louis Snyder, Assistant Teacher; subject, chemistry.

Eastern District High School—Grace H. Miller, Clerical Assistant. Ellen McR. D. Chater, Assistant Teacher; subject, English.

Erasmus Hall High School—Eva A. Robinson, Assistant Teacher; subject, German. Carrie Kaplan, Junior Teacher; subject, Latin.

Jamaica High School—Mrs. Mary J. Hochderffer, Assistant Teacher; subject, English.

Newtown High School—Harriet M. Levy, Assistant Teacher; subject, German.

Richmond Hill High School—Etta M. Hagar, Assistant Teacher; subject, stenography and typewriting.

These nominations were made by the Board of Superintendents at a meeting held on the 18th inst., at which a majority of the whole number in office were present.

All of the foregoing nominations have been made in accordance with law, and the names have been taken in order from the appropriate eligible lists, with the following exceptions:

Junior Teachers of Biology (Women)—The first and third persons on this list were nominated. Eva Jacobs, whose name was second, has declined nomination.

Assistant Teachers of Chemistry (Men)—Charles H. Ellard and Charles W. Easley have the same rating on this list. Mr. Ellard is nominated. The second person on this list is also nominated. Mr. Easley's name is passed over.

Clerical Assistants (Women)—The fifth person on this list is nominated. Minnie V. Shanley, Etta H. Fink and Vernie S. Howell, who are first, third and fourth, respectively, have declined nomination. The name of Ruth J. Langdon, which is second on the list, has been passed over.

Junior Teachers of English (Men)—The fourth person on this list is nominated. The name of Benjamin Rapoport, which is first on the list, has been passed over. G. R. Lonner, who is second, has declined nomination. Joseph Michael, whose name is third, did not respond to communication sent him, and has previously declined.

Assistant Teachers of English (Women)—The first, third, sixth and eighth persons on this list are nominated. Helen T. French, Charlotte M. Bush and Edith H. Wilson, whose names are second, fourth and seventh, respectively, have declined nomination. Emeline K. Hunt, whose name is fifth, declines nomination outside of Manhattan or The Bronx.

Assistant Teachers of French (Men)—The third and fifth persons on this list are nominated. J. G. Cramer, Victor E. Francois and Henri Muller, who are first, second and fourth, respectively, have declined nomination.

Assistant Teachers of French (Women)—The second person on this list is nominated. The name of Ella M. Snow, which is first, has been passed over, as she has declined nomination unless in Manhattan.

Assistant Teachers of German (Women)—The second, third, fifth and sixth persons on this list are nominated. Fanny J. Haefelin and Fredericka von Benschoten, who are first and fourth, respectively, have declined nomination.

Junior Teachers of Latin (Women)—The fifth, sixth and seventh persons on this list are nominated. Helen L. King and Stella M. Tomlin, who are first and fourth, respectively, are teaching other subjects in our High Schools. Ruth E. Messenger and Jane G. Carter, who are second and third, respectively, have declined nomination.

Assistant Teachers of Stenography and Typewriting (Men)—The second, third, fourth and fifth persons on this list are nominated. The name of Augustine J. Fancell, which is first, has been passed over.

Junior Teachers of Stenography and Typewriting (Men)—The third person on this list is nominated. Lewis Truckenbrodt, whose name is first, is now teaching in one of our High Schools. William H. Johnston, whose name is second, has declined nomination.

Assistant Teachers of Stenography and Typewriting (Women)—The first and third persons on this list are nominated. Elizabeth A. Swift, whose name is second, has declined nomination.

Assistant Teachers of Joinery (Men)—The second person on this list is nominated. The name of Joseph W. Oliver, which is first, has been passed over.

Assistant Teachers of Spanish (Men)—The second person on this list is nominated. James J. Finnigan, whose name is first, is now teaching in the Richmond Hill High School.

Your Committee approves of the nominations, and submits for adoption the following resolution:

Promoting Martha F. Goddard from the rank of Assistant Teacher to that of First Assistant of Botany in the Morris High School, taking effect February 8, 1909.

Appointing Frances Logue as Principal in the evening recreation centres for a period of three months from date, her appointment to take effect upon assignment to duty by the City Superintendent of Schools.

Practical Instruction.

The manual training in seamanship and navigation has been continued on the general lines of the previous year. The practical work in steam and electrical engineering has been inaugurated, but, on account of lack of facilities, many omissions have had to be made.

Seamanship—Knotting and splicing; reeving off running rigging; setting up standing rigging; nomenclature; cutting and fitting wire and hemp; management of boats under oars, sail and steam; sailmaking; making up, bending, unbending and handling sails; shifting spars; getting under way and anchoring; evolutions under sail and steam; loosing and furling sail; reefing; securing for sea; ground tackle; preparations for heavy weather; flags and signals; steering; man-overboard drill; fire quarters; stowage; watch duties.

Navigation—Lookouts; lead; log; mariner's compass; dumb compass; adjusting sextant and other instruments; chronometer errors and rates; deviation and variation of the compass; chart work; latitude and longitude by sun, moon and stars; dead reckoning; day's work.

Marine Engineering—Laying and making fires; uses of firing tools; firing; cleaning fires; cleaning tubes; using try cocks; uses of feed, steam and blow-off valves; tracing manifold connections; uses of all piping and auxiliaries in fireroom; closing water-tight doors; care of boilers; water tending; gringing valves; uses of zincs in boilers; passing coal; management of main and auxiliary engines; oiling; locating faults in machinery when under way; overhauling machinery and boilers; using evaporator; bench work; use of lathe, drill press and shaper.

Electricity—Wire splicing; wiring fixtures; nomenclature of machines and appurtenances; putting in fuses; starting and stopping motors; tracing circuits; testing circuits for grounds, crosses, insulation; bell hanging; tracing up general alarm circuits; tracing out switchboard connections; dynamo tending; running dynamos in parallel; general repair work and care of plant.

Curriculum.

The addition to the course of the subjects of marine engineering and electricity has made it advisable to revise the curriculum, which now embraces the following:

English Studies—Grammar, composition, commercial geography, history of the world.

Mathematics and Science—Algebra, geometry, trigonometric functions, physics, physiology and hygiene.

Technical Subjects—Ship's accounts, seamanship, navigation, the marine engine, electricity and magnetism.

Conduct and Discipline.

Every effort has been made to imbue the cadets with a sense of their responsibility, individually, for the good order and efficiency of the ship, and to teach them to be manly and upright in all their dealings. Although firmness is exercised, yet the boys are made to feel and to realize that their own success and welfare are sought.

During the year six cadets have been dismissed for serious offenses. Offenses and punishments have recently been classified and posted.

Medical Department.

Practical instruction has been given in first aid to the injured, particular attention being paid to those accidents most likely to happen at sea.

The general health of all on board has been very good during the entire year, both at sea and in port.

Owing to the untiring and skilful efforts of Dr. Keran O'Brien, the Surgeon, the ship was kept in good sanitary condition and we have had no serious sickness; in fact, the binnacle list has generally been blank. There are no serious accidents to record.

To guard against diseases which might result from flushing with East River water, both the salt and fresh water systems have been connected to the city pressure and the outboard connections closed.

It will be noted on reference to the Surgeon's report, appended hereto, that the physical development of the boys during the past year has been most marked.

Food and Clothing.

The excellent galley range on the "Newport" has greatly facilitated the proper cooking of food, and, on the whole, the cadets have been well cared for in this respect. The bill of fare continues the same as last year and is appended to this report.

As to clothing, during the recent cruise it was found that the underclothing was too heavy for very hot weather and caused great discomfort. To correct this, the clothing list has been made to include three suits of light underwear and three pair of light socks.

Recreation and Athletics.

Both in home waters and on the foreign cruise liberty has been given at every opportunity permitted by the routine work, and the boys have been encouraged in their outdoor sports. The baseball nine were coached by an experienced player; they succeeded in winning more games than usual. While at Northport, Long Island, a two-mile course was buoyed, and pulling and sailing races took place nearly every day.

On the Fourth of July, while at Cherbourg, France, sports took place in the evening and prizes were given to the winner of each event.

This coming year the question of athletics will be considered with a view of systematic development.

Commissioning the "Newport."

Upon the completion of the winter term on March 25 last the work of transferring the stores and equipment from the "St. Mary's" to the "Newport" was begun, and on April 4 the "Newport" was placed in active service and the "St. Mary's" left to the care of two quartermasters.

Early in May the "St. Mary's" was returned to the Navy Department, through the Commandant at the United States Navy Yard, Brooklyn, N. Y. It should be recorded that the "St. Mary's" was later sold by the Navy Department, towed to Boston, and there broken up and destroyed.

Inspection by the Committee.

The Executive Committee on the Nautical School, accompanying the President of the Board of Education and several other Commissioners, arrived at Northport, Long Island, on the morning of May 30, and proceeded to Northport Bay in the ship's boats, where they were received on board in due form and inspected the ship, cadets and crew at muster, and the cadets at various drills and exercises, except sail drill, which had to be omitted on account of rain. It is believed the cadets carried on the drills and exercises with credit.

Summer Cruise.

At 9 a. m. on April 29 the "Newport" left her dock at East Twenty-fourth street and proceeded to Glen Cove, the beginning of her first cruise as the training ship of the Board of Education. On this occasion the school was honored by the presence of many of the Commissioners and officers of the Board, besides the Committee, and a number of the alumni and others.

At Glen Cove the compasses were adjusted for deviations and several days spent in re-stowage of the holds. The "Newport" then proceeded to Northport Bay, Long Island, for the purpose of "shaking down," and it was found to be a most desirable place for drills and exercises.

After the inspection by the Committee the "Newport" proceeded to New London, Conn., where stores were taken on board.

At 4 o'clock on the morning of June 4 we sailed for the English Channel, and came to anchor at Plymouth, England, at 3 a. m. on June 28.

Head winds and calms seemed to be the rule during the entire cruise. However, the fact was developed that the "Newport" has very superior sailing qualities and is very economical under steam, the coal consumed for propulsion alone for the entire cruise being only about 165 tons for 32 days' steaming.

On the passage out a suit of studding sails was made on board, thus giving us about 3,000 square feet more of canvas.

The "Newport" arrived at Gardiners Bay, Long Island, on September 2, where final examinations were held.

During the cruise the following ports were visited, the total distance sailed being 9,539 nautical miles:

Port.	Arrived.	Left.

Graduation Exercises.

For the first time for some years graduation exercises were held on board ship while at anchor, and included a number of drills and exercises. There were a great number of guests, all of whom were given passage to and from the ship on tugs of the Department of Docks and Ferries, through the thoughtful courtesy of the Commissioner, Allen N. Spooner, the head of that Department.

Winter Term.

The winter term has unfortunately been much delayed on account of the work of constructing lockers, deck houses and schoolrooms. When, however, this work is completed the school will be far better equipped than ever before, and better results will be obtained.

Demand for Graduates.

Before the day set for graduation a request was received for six of the graduating class desiring positions, and in compliance therewith Cadets Smith, Lohr, Williamson, Fitzmaurice, Howard and Maennle were given their diplomas and started off to sea.

At the time of this writing a number of the recently graduated class have secured positions at sea.

A register of graduates desiring positions at sea has been opened, with a view of securing positions for them, and several have already been placed in this way.

Staff of the Nautical School.

Changes in the officers and instructors during the year have been as follows:

Commander C. P. Eaton, United States Navy, retired, resigned as Chief Engineer, January 20, 1908.

Commander C. H. Mathews, United States Navy, retired, appointed Chief Engineer, January 21, 1908.
 Commander G. C. Hanus, United States Navy, retired, resigned as Superintendent, March 18, 1908.
 Lieutenant Commander Lay H. Everhart, United States Navy, retired, appointed Superintendent, April 1, 1908.
 Mr. C. Marsden, resigned on request as Executive Officer, November 15, 1908.
 Ensign R. J. Hartung, United States Navy, retired, appointed Executive Officer, November 16, 1908.
 Mr. C. E. Littlefield, resigned on request as Senior Instructor, October 31, 1908.
 Mr. F. E. Gross, appointed Senior Instructor, November 11, 1908.
 Mr. A. C. Martin, resigned as Electrician, October 31, 1908.
 Mr. A. D. Dorey, resigned as Junior Instructor, October 15, 1908.
 Mr. C. E. Morgan, appointed Junior Instructor, January 6, 1909.
 The staff now consists of the following officers and instructors:
 Lieutenant Commander Lay H. Everhart, United States Navy, retired, Superintendent.
 Ensign R. J. Hartung, United States Navy, retired, Executive Officer.
 Commander C. H. Mathews, United States Navy, retired, Chief Engineer.
 Dr. Keran O'Brien, Surgeon.
 Mr. F. E. Gross, United States Naval Academy, Senior Instructor.
 Mr. C. E. Morgan, United States Naval Academy, Junior Instructor.

Cadet Petty Officers of the Class of 1909.

The following cadets were appointed Petty Officers for the ensuing year:
 Senior Chief Petty Officer, John R. Mackay.
 Chief Petty Officer, Charles L. Morris.
 Chief Petty Officer, Elliot Service.
 First Petty Officer, R. E. Silldorf, First Division.
 First Petty Officer, James Hughes, Second Division.
 First Petty Officer, Cyril Meek, Third Division.
 First Petty Officer, Milton Humburg, Fourth Division.
 First Petty Officer, Edward Sweeny, Fifth Division.

Remarks.

The students have received much incentive to greater efforts through the earnest interest in their welfare and advancement taken by the Honorable the President of the Board of Education, yourself, the Committee, the Alumni Association, the President of the Maritime Exchange, the members of the Maritime Exchange and many others. And the school owes a debt of gratitude to yourself and to Commander G. C. Hanus, United States Navy, recently Superintendent, for fostering this interest in the New York Nautical School.

The school is indebted to Commissioner Allen N. Spooner, head of the Department of Docks and Ferries, for material assistance given to advance the work of the school.

The economical and efficient management of the Engineering Department under Commander C. H. Mathews, United States Navy, the Chief Engineer, is noteworthy.

The acceptance of the "Newport" for a training ship has proved to be a wise decision, as it would, indeed, be difficult to find a more economical ship. A few interior alterations have made it possible to accommodate 15 per cent. more pupils than at first contemplated. She combines to a marked degree the possibilities for thorough manual training in both seamanship and engineering. And she is thoroughly seaworthy.

The value of the new courses of steam and electricity cannot be overestimated. The master of a ship who has no knowledge of engineering is completely at the mercy of his subordinates in that department; and a chief engineer who has no knowledge of the requirements on deck cannot give the most efficient service.

The New York Nautical School has begun the new year with, I believe, a greater number of students than ever before. And it is gratifying to know that boys are anxious to take advantage of the opportunity to obtain a thorough training for the sea, and that the Board of Education will be repaid for the efforts made in this direction; for thoroughly trained officers are in demand and hard to find these days. In this connection I quote from the last annual report of the Massachusetts Commissioners and from the United States Commissioner of Navigation, Department of Commerce and Labor.

"In the terrible wreck of the steamship 'Larchmont,' off Watch Hill, last winter, the country was awakened to a startling realization of the shocking catastrophes that may follow in the employment of incompetent and poorly trained officers. It is highly important for the safety of American ships and passengers that their officers should have the highest training and education possible. The lesson to be learned from that tragedy of the sea is that American officers must be trained to perform their duty at all times in the most thorough and conscientious manner."

The United States Commissioner, in his report for 1906, says:

"Up to the present time, competent authorities are virtually agreed that training on a square-rigged ship is an essential qualification for service as deck officer on a steamer. Our own navy follows that theory, some of the leading foreign steamship lines carry it out by maintaining square-rigged ships as schools for the future officers of their steamships, and generally, both at home and abroad, the deck officers of steamships have been educated on square-rigged vessels. In a short time the theory that such training is necessary must be abandoned, as the Federal Government must either itself maintain or contribute to the maintenance of square-rigged ships as training schools, as it has contributed to the support of agricultural colleges. The training ships 'Enterprise' at Boston, 'St. Mary's' at New York, and 'Saratoga' at Philadelphia serve admirably useful purposes, and if the seaboard States would avail themselves more generally of the act of June 20, 1874, the situation might be met."

Appended are the reports of the Chief Engineer and the Surgeon, the routine and the bill of fare.

Respectfully submitted,

LAY H. EVERHART,

Lieutenant Commander, United States Navy, Retired, Superintendent.

Training Ship "Newport," East Twenty-fourth Street Pier, }
 New York City, January 1, 1909. }

Sir—In obedience to your instructions, I have the honor to inform you that the cadets were instructed as follows in engineering and electricity, viz.:

Engines and Boilers.

Description of different kinds of engines and boilers.
 Descriptions and uses of the various attachments to marine engines and boilers.
 Descriptions and uses of the various auxiliaries in the engine and fire rooms, such as the main and auxiliary condensers, main air and feed pumps, distillers and evaporators, forced-draught systems, and anchor engines.
 Practical work in the engine and fire rooms while at sea and in port.

Electricity.

To Lieutenant Commander LAY H. EVERHART, United States Navy, Superintendent, Nautical Training Ship "Newport":

New York Nautical School,
 Training Ship "Newport,"
 New York City, January 2, 1909.

Lieutenant Commander LAY H. EVERHART, United States Navy, Retired, Superintendent:

Sir—I respectfully submit the following report concerning the hygienic conditions of the training ship and the health of the ship's complement for the expired year.

The usual precautions, as of other years, during the winter term, were adopted on the "St. Mary's" with reference to sanitation on the old ship, i. e., cleanliness, disinfection, ventilation, regulation of inside temperature, setting of drills on board during inclement weather, outdoor exercise on the dock during favorable weather, regular bathing, appropriate clothing, the provision of an abundance of good drinking water, as well as a liberal supply of good wholesome food.

The winter term was commenced and concluded on the old training ship "St. Mary's," during which period the usual predominance of diseases of the respiratory tract prevailed. Three operations, viz.: One for adenoid growths in the pharyngeal vault, another for the relief of a stenotic (closed-up) lachrymal duct, and finally an operation for the relief of a deflected nasal septum (crooked nose), were performed at the New York Ophthalmic Hospital on cadets of this ship for the radical relief of said abnormal conditions. Also an operation for the surgical relief of left inguinal hernia (rupture) was undertaken by me and successfully performed on the person of a junior cadet at the Prospect Heights Hospital of Brooklyn. All of these cadets referred to made good recoveries and resumed their duties without material loss of time from their studies.

At the conclusion of the winter term all the boys were warned, as usual, to have their teeth examined and put in shape for the Sound and foreign cruise. This work was done, as usual, gratis, by the New York College of Dentistry, for such as could not afford the services of private dentists.

At the commencement of the Sound cruise the ship's petty officer came to me suffering from a suppurative inflammation of the middle ear with puncture of the drum; this lad received active treatment at the New York Ophthalmic Hospital, and returned to the ship for the closing treatment, losing but little of the practical training then commenced.

The trip across to England developed, at the onset, the usual prostrations from seasickness, which are, unless protracted, regarded as concomitant with all initial introductions to the sea. Few, if any, of these cases survived the first week out.

En route to Gibraltar I was forced to operate on a junior cadet for the relief of a congenital deformity aggravated by the presence of an active inflammatory process; this case made a tedious recovery, but with better resultant conditions than the lad had enjoyed since birth.

From Gibraltar till the conclusion of the homeward bound passage I had an unusual number of cellulitis (suppurative) cases to attend to, but none proved specially difficult to effect a cure except one case which was sent to Bellevue Hospital from Glen Cove on our return, and which, though treated at Bellevue and continued to be treated by private physicians, was, at last observation (present writing), still convalescent. This case was one in which constitutional symptoms (septicemia) were added to the local (cellulitis) conditions.

One of the members of the first class was thrown from a horse in the Town of Funchal, Madeira, and broke his elbow (fracture of the olecranon process of the ulna). This case, treated aboard ship, made a classical recovery and fully recovered before we reached Montauk Point, and the boy, a petty officer, was able to hand in the ship's position day by day with the rest of his class and in many other ways attend to most of his professional duties.

As to the crew, one seaman in whom a diagnosis of tuberculosis pulmonaris was here made, and later confirmed by the findings of the Health Department chemists, was sent by you, on arrival at the dock, to a Sailor's Home. The rest of the crew, seasoned men, all enjoyed good health and developed no serious disabilities.

Finally, as to the sanitary conditions of the "Newport," I have to thank you for valuable suggestions and knowledge imparted freely to me, which information you had gained in a previous cruise in this vessel.

The flushing and the ventilating systems primarily, and other essential details secondarily, once mastered, it became an easy matter to grasp the necessities of the situation, and likewise a matter of pride, I think, with all of us to find an entire absence of offensive odors throughout the length and breadth of the ship. Cleanliness of habit, habitation and person were recognized indispensable and enforced in all cases by continuous inspections.

That our boys thrive under the routine work, the exercise, the pure food and air, the usage of distilled water exclusively, is shown by the following statistics taken from the records of the graduating class of 1908, which are underwritten for your information, viz.:

At the Time of Entrance—Average weight, 131.40 pounds; average height, 66.94 inches; average chest, 29.64 inches; average chest expansion, 3.43 inches.

At the Time of Graduation—Average weight, 141.94 pounds; average height, 70.40 inches; average chest, 33.27 inches; average expansion, 4.23 inches.

Very respectfully,

KERAN O'BRIEN, M. D., Surgeon.

F. H. Meiers, public school 172, Manhattan, repairing leak, etc.....	167 95

Requesting the Secretary to notify the owners of the following named premises that the leases thereof, which will expire on the dates stated, will not be renewed, for the reason that the City Superintendent of Schools states that occupancy thereafter will be unnecessary:

Rockaway avenue and Sumpter street, Brooklyn, annex to public school 73; date of expiration, July 1, 1909.

Avenue S and East Thirteenth street, Brooklyn, annex to public school 100; date of expiration, July 1, 1909.

Jefferson avenue, near Jamaica avenue, Richmond Hill, Queens, annex to public school 56; date of expiration, May 1, 1909.

Requesting the Municipal Civil Service Commission to change the title of Alfred E. Akers, employed in the office of the Secretary, from Cleaner to Messenger, he having successfully passed an examination for promotion to the position of Messenger, as stated in a letter from the Secretary of said Commission under date of December 31, 1908; such change of title to become effective upon favorable action being taken on

the resolutions adopted at this meeting relative to the establishment of the position of Messenger in the Department of Education, etc.

Approving the action of the Committee on Supplies in accepting the resignation of Mrs. Ada M. Piggott, Clerk to the Local School Boards of Districts Nos. 37 and 38 and to District Superintendent Edsall, taking effect at the close of business on February 8, 1909.

Approving and ratifying the action of the Committee on Supplies in granting an additional leave of absence, without pay, on account of personal illness, to Miss Mary B. Starck, Telephone Switchboard Operator at the Hall of the Board of Education, for six months commencing March 1, 1909, subject to the rules and regulations of the Municipal Civil Service Commission.

The following preambles and resolutions were adopted:

Whereas, The Board of Education, on December 9, 1908, approved the action of the Committee on Supplies in promoting George McG. Archibald, Clerk in the Bureau of Supplies, from Grade 1C (\$480 per annum) to Grade 2 (\$600 per annum), to take effect December 9, 1908, subject to the rules and regulations of the Municipal Civil Service Commission; and

Whereas, The Secretary of said Commission states in writing that the promotion of Mr. Archibald cannot be approved at the present time owing to the existence of a list for promotion to Clerk of the second grade (\$600 per annum) in the Bureau of Supplies; therefore be it

Resolved, That the resolution adopted by the Board of Education on December 9, 1908 (see Journal, page 2363), be and it is hereby amended so as to provide for the promotion of George McG. Archibald, employed in the Bureau of Supplies, from the position of Clerk, with salary at the rate of \$480 per annum, to the position of Clerk, with salary at the rate of \$540 per annum.

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to amend salary schedule No. 861, office of the Superintendent of School Supplies, by striking out the line "Clerks, two at \$600, \$1,200," and inserting in lieu thereof "Clerk, \$600; Clerk, \$540;" and by amending the line "Temporary help, \$605," so as to read "Temporary help, \$665."

Whereas, Ida Herman, a Teacher in Public School 84, Borough of Brooklyn, was absent on December 22, 1908, on account of an accident sustained in the school building; and

Whereas, Under section 44 of the by-laws of the Board of Education, one day's absence cannot be excused; therefore be it

Resolved, That the absence on December 22, 1908, of Ida Herman, a Teacher in Public School 84, Borough of Brooklyn, be and it is hereby excused with pay, and that all provisions of the by-laws inconsistent herewith be and they hereby are suspended for the purpose of this resolution.

Whereas, An application was received, under date of February 12, 1909, from John E. Allen, a Teacher in Evening School 40, Borough of Manhattan, for a leave of absence on the evenings of February 17 and March 3 and 4, 1909, on account of military duty, he being a member of the Seventh Regiment; and

Whereas, Said John E. Allen is a regular Teacher in Public School 43, Borough of Manhattan, and was granted a leave of absence as such on March 3 and 4, 1909, by the Board of Education on February 10, 1909 (see Journal, page 245); therefore be it

Resolved, That John E. Allen, a Teacher in Evening School 40, Borough of Manhattan, receive pay for the evenings of February 17 and March 3 and 4, 1909, and that any provisions of the by-laws inconsistent herewith be and they hereby are suspended for the purpose of this resolution.

Whereas, The experience of Ida E. Gedney, a Teacher in Public School 36, Borough of Brooklyn, who was retired on December 23, 1908 (see Journal, pages 2399-2401), to take effect February 1, 1909, was erroneously stated as twenty-six years and four months, when in fact her service covered a period of twenty-six years and five months; be it

Resolved, That said Ida E. Gedney be credited with twenty-six years and five months' experience, and that her annuity as a retired Teacher be adjusted accordingly.

Excusing the absence of the Principal and seven Teachers of Public School 57, Borough of Manhattan, for two hours on February 2, 1909, caused by their attendance at the funeral of Edith E. Rendell, late a Teacher in said school, with pay, and suspending all provisions of the by-laws inconsistent herewith for the purpose of this resolution.

And whereas, These evening meetings attracted audiences aggregating 65,249 people; and

Whereas, Both the morning meetings for children and the evening meetings for adults were calculated to spread the knowledge of Lincoln's character and achievements and to enforce his example of simplicity, honor and single-minded devotion to duty; therefore

Resolved, That the Board of Education places on record its appreciation of the efficient efforts of the Principals and Teachers to render these meetings successful.

Resolved, That the Board of Education hereby tenders to the distinguished gentlemen who made addresses at the evening meetings its cordial thanks for their generous and patriotic service.

Instructing the Secretary of the Board to send a copy of the foregoing preamble and resolutions to each of the gentlemen who addressed the evening meetings.

On motion, all absent members were excused for non-attendance at this meeting.

On motion, the Board adjourned at 5.40 o'clock p. m.

DEPARTMENT OF DOCKS AND FERRIES.

New York, January 21, 1909.

The following communications were received, action being taken thereon as noted, to wit:

From the Corporation Counsel (79960)—Transmitting, for verification, petition to the Supreme Court for the appointment of Commissioners of Estimate in the matter of acquiring title by the City to the wharfage rights, etc., appurtenant to the bulkhead between Piers (old) 52 and 53, East River. Petition verified and returned.

From the Municipal Civil Service Commission (79963)—Approving the reassignment of Thomas Heaney, Blacksmith's Helper. Filed.

From the Fire Department (79964)—Advising that the requirements of its order with reference to the boiler installed on Pier 7, North River, by the Baltimore and Ohio Railroad Company have been complied with. Filed.

From the Department of Water Supply, Gas and Electricity (79962)—Stating it is agreeable to it that a hose for a supply of water be attached by this Department to the hydrant in East One Hundred and Tenth street, about 50 feet west of the marginal street. Filed.

From the Empire City Subway Company, Ltd. (79921)—Requesting permission to take up granite pavement at approach to Pier 11, North River, for the purpose of building a subsidiary connection for the accommodation of the New York Edison Company. Permit granted, on usual terms, work to be done under the supervision of the Chief Engineer.

From the International Mercantile Marine Company (79967, 79570)—Stating that under the present conditions it is impossible for the company to pass upon the merits of winches to be installed in the new pier sheds in the Chelsea Section, North River.

From the Superintendent of Ferries (79983)—Recommending that Henry Van Holland and James J. Fitzgerald, Ticket Agents, be laid off, owing to lack of work and reduction of force. Laid off, to take effect at close of the day, January 23, 1909.

DENIS A. JUDGE, Deputy and Acting Commissioner.

New York, January 22, 1909.

The following communications were received, action being taken thereon as noted, to wit:

From the Corporation Counsel (79993)—Returning, approved as to form, lease to William Farrel & Son of 120 feet of bulkhead, northerly of Pier (new) 42, North River, and lease to Thomas Ward of 100 feet bulkhead, north of West Seventy-ninth street, North River, with upland in rear. Filed.

From the Municipal Civil Service Commission—

1 (79986). Giving notice of a hearing to be held on the proposed transfer of Pilots to the position of Assistant Superintendent of Ferries. Filed; answered that this Department will be represented by the Superintendent of Ferries.

2 (79781). Stating that applications for promotion to the grade of Assistant Engineer have been filed by Melchior Lenke, William T. Doran, and Abraham D. Wegman, Architectural Draughtsmen, and Herman A. Martens, Mechanical Draughtsman, and asking whether the Department desires them to be examined for such promotion. Doran promoted to Assistant Engineer at present rate of pay, \$1,800 per annum, to take effect February 1, 1909; Municipal Civil Service Commission notified that it is unnecessary for Lenke, Doran or Wegman to enter the new examination, as they have been promoted, and that the Department has no objection to admission of Martens to the new examination.

From the Department of Health—

1 (79814, 79842). Submitting reports relative to the physical condition of Patrick Skully, Dockbuilder, and Thomas Clancy, Marine Sounder. Skully ordered paid at the rate of \$21 per week for period of three weeks, beginning January 9, 1909; Clancy ordered paid for one month, January, 9 to February 8, 1909, inclusive.

2 (79954). Stating that it has been unable to locate T. Francis McKeon, Dock Laborer, and the Department's request for an examination cannot therefore be complied with. Filed; no pay to be allowed McKeon for period of absence.

From N. Ryan Company (79992)—Requesting permission to construct a cement house and a fence around same on the southerly side of Huntington street, about 25 feet westerly of Gowanus Canal, Brooklyn. Permit granted, work to be done in accordance with plans submitted, as amended, and under the supervision of the Chief Engineer.

From Andrew J. Hickey (79985)—Requesting permission to maintain a portable stand for the sale of newspapers at the entrance to the ferry house at the Manhattan terminal of the Staten Island Ferry. Privilege granted to continue during the pleasure of the Commissioner, but not longer than April 30, 1909, rental to be at the rate of \$2 per month, payable monthly in advance to the Dockmaster.

From Edmund L. Baylies, attorney for the Great Northern Paper Company (79891)—Submitting statement from insurance brokers to the effect that the presence of the auxiliary schooner "Northland" at any pier would have no effect with respect to obtaining insurance on said pier or its superstructures. Filed.

From H. P. Kirkham & Son (79904)—Advising they are making the necessary repairs to the platform on the north side of Pier 40, North River. Filed.

From the Chief Engineer—

1 (79987). Submitting report relative to illness of Henry Schwenk, Dock Laborer. Filed.

2 (79984). Submitting report of work done under his charge and supervision for the week ending January 9, 1909. Filed.

DENIS A. JUDGE, Deputy and Acting Commissioner.

New York, January 23, 1909.

The following communications were received, action being taken thereon as noted, to wit:

From the Comptroller (79996)—Advising that the City has acquired title to the following described premises in the Borough of Queens, and asking that this Department take charge of said property:

All that certain plot of ground located on the west side of the boulevard at and about the foot of Jamaica avenue, the said premises being located 94 feet south of the southerly side of Jamaica avenue and also 104 feet 8 1/4 inches north of the north side of Jamaica avenue, and extending westerly to the pier and bulkhead line, the distance on the pier line from north to south being 261 feet 8 inches. Chief Engineer directed to take possession of the property.

From the Municipal Civil Service Commission (80001)—Authorizing the reinstatement of Thomas J. Kelly and James Oakley, Dock Builders. Both reinstated at 43 3/4 cents per hour while employed.

From the Department of Health (79756)—Submitting report relative to the physical condition of John J. Keefe, Foreman of Dock Laborers. Keefe ordered paid for January, 1909.

The Commissioner (80002) directed that, for the proper preparation of the weekly payrolls, in order to meet the new system of accounting adopted by direction of the Comptroller, the week of the Department end at midnight on Thursday instead of at midnight on Friday of each week, as heretofore.

The Commissioners of the Sinking Fund (78846) were requested to approve a lease to the New York Central and Hudson River Railroad Company of the bulkhead commencing at the southerly side of Pier (new) 24, North River, at or near the foot of Franklin street and running thence southerly a distance of 80 feet, together with the right to use the shed on said bulkhead for a term of two years and eight months from February 1, 1909, with the privilege of two renewals of ten years each, the rental for the first term to be at the rate of \$3,872 per annum, and for each renewal term to be at an advance of 10 per cent. per annum on the preceding term.

The Commissioner of Bridges was requested to prepare a statement showing the property along the water-front controlled by his Department in the entire City of New York, showing location, length along water-front, length actually occupied by the bridge, and length, if any, available for wharfage.

The Auditor reported that the following were audited and forwarded to the Finance Department for payment:

DEPARTMENT OF HEALTH.

DEPARTMENT OF HEALTH, CORNER OF FIFTY-FIFTH STREET AND SIXTH AVENUE, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

AT A MEETING OF THE BOARD OF Health of the Department of Health of the City of New York, held March 11, 1909, the following preamble and orders were adopted:

Whereas, The Board of Health of the Department of Health of the City of New York having taken and filed among its records what it regards as sufficient proof to authorize its declaration that the same, to the extent herein specified, is a nuisance dangerous to life and detrimental to health, under the general authority of said Board, to preserve the public health and abate nuisances, does hereby

Order, That the being or running loose and at large of dogs in the streets, avenues, highways or other public places in The City of New York is a public nuisance dangerous to life and detrimental to health by reason of many persons being bitten by dogs, and the prevalence of rabies, the said Board hereby enters in its records the same as a nuisance, and hereby orders the abatement thereof; and all persons are hereby forbidden to allow dogs owned, harbored, possessed or controlled by them, to be or run loose and at large in the streets, avenues, highways or other public places in The City of New York; and no dog shall be allowed to run loose and at large as aforesaid in any of the places aforesaid unless muzzled in such manner as to protect persons from being bitten, or unless held by a leash or chain not more than four feet in length; and it is further hereby

Ordered, That any and all dogs loose and at large in any of the public streets, avenues, highways or other public places in The City of New York, unless muzzled or held as aforesaid, shall be destroyed by Inspectors or other duly authorized agents and officers of the Department, designated and as directed by the Sanitary Superintendent; further be it

Ordered, That this order and regulation be and the same shall remain in force and effect until the 15th day of May, 1909, and that public notice of the requirements hereof and of this order be printed in the City Record and posted and kept posted in each of the Borough offices of the Department of Health for five days in succession, beginning March 15, 1909.

DEPARTMENT OF HEALTH, CORNER OF FIFTY-FIFTH STREET AND SIXTH AVENUE, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

AT A MEETING OF THE BOARD OF Health of the Department of Health, held March 3, 1909, the following preamble and resolution were adopted:

Whereas, Report having been made to the Board of Health that the smoking and carrying of lighted cigars, cigarettes and pipes in and upon the subway stations, stairs, platforms, and in many instances carrying the same into the cars of the subway, unnecessarily vitiates the air

therein, and is a nuisance, this Board hereby declares the same to be a nuisance and does hereby enact the following ordinance as a part of the Sanitary Code of The City of New York:

Section 187. Smoking or carrying any lighted cigar, cigarette or pipe in or upon any stairway, platform, station or car of any railway maintained, operated or running underneath the ground surface, is hereby prohibited.

COMMISSIONERS OF THE SINKING FUND.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, in accordance with the provisions of chapter 372 of the Laws of 1907, will hold a public hearing in Room 16, City Hall, Borough of Manhattan, at 11 o'clock a. m. on Tuesday, March 16, 1909, relative to a communication of the Commissioner of Docks, transmitting for the approval of the Commissioners of the Sinking Fund an amendment of the proposed plan of pier layout in South Brooklyn, between Twenty-eighth and Thirty-sixth streets.

There is but a single change to be considered, namely, the widening of the most northerly pier from 60 to 80 feet. The Dock Commissioner states that the width of 60 feet was sufficient under the old layout, which called for a pier about 380 feet shorter than is called for in the present plan. The present plan calls for a longer pier, which makes the change in width necessary.

The Chief Engineer of the Department of Finance, in his report to the Comptroller states that in his opinion the proposed amended plan may properly receive the approval of the Commissioners of the Sinking Fund.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court

and the entering in the Bureau for the Collection of Assessments and Arrears of assessments for OPENING AND ACQUIRING TITLE to the following named street in the BOROUGH OF QUEENS:

FIRST WARD.

ACADEMY STREET—OPENING, from Hunter avenue to Grand avenue. Confirmed December 30, 1908; entered March 2, 1909. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the northerly line of Hunter avenue with the southwesterly prolongation of a line parallel to and 100 feet northwesterly from the northerly line of Academy street; running thence northeasterly along said prolongation and parallel line to its intersection with the southwesterly line of Grand avenue; thence southeasterly along said southwesterly line to its intersection with a line parallel to and 100 feet southeasterly from the southeasterly line of Academy street; thence southwesterly along said parallel line to its intersection with the northerly line of Hunter avenue; thence westerly along said northerly line to the point or place of beginning.

The above entitled assessment was entered on the date herebefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1016 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before May 1, 1909, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

BOARD OF WATER SUPPLY.

TO CONTRACTORS.

SEALED BIDS OR PROPOSALS WILL BE received by the Board of Water Supply, in the office of the Board, No. 299 Broadway, New York, Room 910, ninth floor, until 11 a. m. on

TUESDAY, APRIL 6, 1909,

for—
CONTRACT 17—FOR THE CONSTRUCTION OF ABOUT 14,100 LINEAR FEET OF PLAIN CONCRETE CONDUIT KNOWN AS CUT-AND-COVER AQUEDUCT; and

CONTRACT 18—FOR THE CONSTRUCTION OF ABOUT 15,600 LINEAR FEET OF PLAIN CONCRETE CONDUIT KNOWN AS CUT-AND-COVER AQUEDUCT.

The aqueduct will be 17 feet high by 17½ feet wide inside. The work is located in the towns of Shawangunk, Ulster County, and Montgomery Orange County, about eight miles northwest of Newburg, New York.

Bids or proposals are invited for either or both contracts separately, and for both contracts combined. Any bidder may make a bid for either contract or for both contracts combined. A separate form of proposal will be furnished for the purpose of a combined bid.

An approximate statement of the quantities of the various classes of work and further information are given in the "Information for Bidders," forming part of the contract.

At the above place and time the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable. The Board may reject any or all bids.

Two or more bonds, the aggregate amount of which shall be Two Hundred and Sixty Thousand Dollars (\$260,000) under each contract, will be required for the faithful performance of the contract. Each bond must be signed by the contractor and the sureties. The name and address of each surety offered must be stated in the bid or proposal, together with the amount in which each surety will qualify. The sureties and the amount in which each will qualify must be satisfactory to the Board.

No bid will be received and deposited unless accompanied by a certified check upon a National or State bank, drawn to the order of the Comptroller of the City of New York, to the amount of twenty-five thousand dollars (\$25,000) for each contract. Only one check for each contract will be required, whether bids are submitted for the contracts separately or combined. Time allowed for the completion of work under each contract is 42 months from the service of notice by the Board to begin work.

Pamphlets containing information for bidders, forms of proposal, contract and bond, approved by the Corporation Counsel, and specifications, and pamphlets containing contract drawings, can be obtained at the office of the Board of Water Supply, Room 1515, at the above address, upon application in person or by mail, by depositing the sum of ten dollars (\$10) in currency or check drawn to the order of the Board of Water Supply for each pamphlet, or twenty dollars (\$20) for each set. This deposit will be refunded upon the return of the pamphlets in acceptable condition within thirty days from the date on which bids are to be opened.

NOTICE IS HEREBY GIVEN THAT AT

the meeting of the Board of Estimate and Apportionment held on February 26, 1909, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Seventy-eighth street, from Narrows avenue to the westerly line of New Utrecht avenue, and from the easterly line of New Utrecht avenue to Stillwell avenue, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the easterly line of Stillwell avenue, where it is intersected by the prolongation of a line midway between Seventy-seventh street and Seventy-eighth street, and running thence eastwardly at right angles to Stillwell avenue, a distance of 100 feet; thence southwardly and parallel with Stillwell avenue to the intersection with a line at right angles to Stillwell avenue and passing through a point on its westerly side where it is intersected by the prolongation of a line midway between Seventy-eighth street and Seventy-ninth street; thence westwardly along the said line at right angles to Stillwell avenue to its westerly side; thence northwardly along a line always midway between Seventy-eighth street and Seventy-ninth street, and along the prolongations of the said line, to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Seventy-eighth street and Seventy-ninth street, as laid out between Narrows avenue and First avenue; thence northwardly along the said bisecting line to the intersection with a line distant 100 feet northwardly from and parallel with the northwesterly line of Narrows avenue, the said distance being measured at right angles to the line of Narrows avenue; thence northwardly and parallel with Narrows avenue to the intersection with the prolongation of a line midway between Seventy-seventh street and Seventy-eighth street; thence southeastwardly along a line always midway between Seventy-seventh street and Seventy-eighth street, and along the prolongations of the said line to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 26th day of March, 1909, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD and the corporation newspapers for ten days prior to the 26th day of March, 1909.

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Bounded on the north by a line distant 100 feet northerly from and parallel with the northerly lines of Skillman place, and by the prolongation of the said line; on the east by a line distant 100 feet easterly from and parallel with the easterly line of Jackson avenue; on the south by a line distant 100 feet southerly from and parallel with the southerly line of Skillman place, and by the prolongations of the said line; and on the west by a line distant 50 feet easterly from and parallel with the easterly line of Academy street.

All distances are intended to be measured at right angles to the line to which they are referred.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 26th day of March, 1909, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 26th day of March, 1909.

Dated March 13, 1909.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment held on February 26, 1909, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Addison place, from Laurel Hill boulevard to Anable avenue; and of Gosman avenue, from Borden avenue to Barnett avenue, and from Dreyer avenue to Jackson avenue, in the Borough of Queens, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on a line midway between Fifteenth avenue and Sixteenth avenue, distant 100 feet northerly from the northerly line of Jackson avenue, the said distance being measured at right angles to Jackson avenue, and running thence eastwardly and always distant 100 feet northerly from and parallel with the northerly line of Jackson avenue to the intersection with the prolongation of a line midway between Fitting street and Stone street, as these streets are laid out between Middleburg avenue and Queens boulevard; thence southwardly along the said line midway between Fitting street and Stone street, and along the prolongations of the said line to a point distant 100 feet southerly from the southerly line of Borden avenue, the said distance being measured at right angles to Borden avenue; thence westwardly and always distant 100 feet southerly from and parallel with the southerly line of Borden avenue to the intersection with the prolongation of a line midway between Packard street and Bliss street; thence northwardly along the said line midway between Packard street and Bliss street, and along the prolongations of the said line to the intersection with the prolongation of a line midway between Fifteenth avenue and Sixteenth avenue; thence northwardly along the said line midway between Fifteenth avenue and Sixteenth avenue, and along the prolongation of the said line to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York,

Borough of Manhattan, in the City Hall, on the 26th day of March, 1909, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 26th day of March, 1909.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment, held this day, the following proceedings were had:

Whereas, The New York and North Shore Traction Company, has, under date of December 16, 1908, and January 18, 1909, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a street surface railway as an extension to its proposed route upon and along various streets and avenues from the Village of Flushing to the Village of Whitestone, in the Borough of Queens, together with certain alternative routes, as set forth in said petition; and

Whereas, Section 92 of the Railroad Law, and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on December 18, 1908, fixing January 22, 1909, as the date for public hearing on the first named petition, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "Flushing Evening Journal" and the "Long Island City Daily Star," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, On January 22, 1909, the public hearing on the petition dated December 16, 1908, was continued until February 19, 1909, and the Board adopted a resolution on January 22, 1909, fixing the date for public hearing on the petition dated January 18, 1909, as February 19, 1909, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "Flushing Evening Journal" and the "Long Island City Daily Star," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day, and the public hearing on the petition dated December 16, 1908, was concluded on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the New York and North Shore Traction Company, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of resolution for the grant of the franchise or right applied for by the New York and North Shore Traction Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the New York and North Shore Traction Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this day of 1909, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York and North Shore Traction Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to

construct, maintain and operate a double-track street surface railway, with the necessary wires and equipment, for the purpose of conveying persons and property in the Borough of Queens, in The City of New York, upon the following route, to wit:

Beginning at and connecting with the proposed tracks of the Company to be constructed upon a route for which a franchise was granted by a contract dated February 1, 1909, on Chestnut street at Murray lane; thence northerly in and upon Murray lane to Higgins lane; thence easterly in and upon Higgins lane to a point where Ninth avenue if extended would intersect said Higgins lane; thence northerly through private property along the line of Ninth avenue to Fourth street; thence westerly in and upon Fourth street to Eighth avenue; thence northerly in and upon Eighth avenue to Twenty-first street; thence easterly in and upon Twenty-first street to Eleventh avenue; thence northerly in and upon Eleventh avenue to a point about 300 feet north of the north side line of the Boulevard in the former Village of Whitestone, all in the Borough of Queens.

One of the following alternative routes may be used in the place of and upon the abandonment of the portion of the route above described between the intersection of Chestnut street and Murray lane and the intersection of Fourth street and Eighth avenue:

(1) Beginning at and connecting with the proposed tracks of the Company to be constructed upon the route for which a franchise was granted to the Company by a contract dated February 1, 1909, in Chestnut street at Van Riper avenue, so called; thence northerly in and upon Van Riper avenue to and across Bayside avenue; thence northerly through private property to Higgins lane at a point thereon near the intersection of said Higgins lane with Seventh avenue; thence easterly in and upon Higgins lane from said point to Seventh avenue; thence northerly in and upon Seventh avenue to Fourth street; thence easterly in and upon Fourth street to Eighth avenue, and there connecting with the route first herein described.

(2) Beginning and connecting with the proposed tracks of the Company to be constructed upon the route for which a franchise was granted to the Company by a contract dated February 1, 1909, in Chestnut street at Brewster avenue; thence in and upon Brewster avenue to and across Bayside avenue; thence northerly through private property to Higgins lane at a point thereon westerly from the intersection of said Higgins lane with Seventh avenue; thence easterly in and upon Higgins lane from said point to Seventh avenue; thence northerly in and upon Seventh avenue to Fourth street; thence easterly in and upon Fourth street to Eighth avenue, and there connecting with the route first herein described.

(3) Beginning and connecting with the proposed tracks of the Company to be constructed upon the route for which a franchise was granted to the Company by a contract dated February 1, 1909, in Chestnut street, at a point near the intersection of Central avenue with Chestnut street; thence northerly upon private property, and crossing Bayside avenue; thence, still upon private property, to Higgins lane, at a point thereon near the intersection of said Higgins lane with Seventh avenue; thence in and upon Higgins lane to Seventh avenue; thence northerly in and upon Seventh avenue to Fourth street; thence easterly in and upon Fourth street to Eighth avenue, and there connecting with the route first herein described.

The said routes, with switches and crossovers, are shown upon a map entitled:

"Map showing proposed street surface railway of the New York and North Shore Traction Company in the Borough of Queens, to accompany petition for a franchise to the Board of Estimate and Apportionment, dated December 17, 1908, and also petition dated January 18, 1909, to said Board."

—and signed by John J. Stanley, President, and Charles H. Clark, Consulting Engineer, a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional switches and crossovers which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—It is agreed that the Company before commencing construction on any portion of the routes herein described lying between Chestnut street and the intersection of Fourth street with Eighth avenue, shall notify the Board in writing which one of the three routes herein described between Chestnut street and the intersection of Fourth street with Eighth avenue the Company selects and adopts as the route upon which it shall construct the railway. Upon such notification by the Company to the Board all of the rights and privileges hereby granted upon the routes not so selected and designated shall be considered null and void and of no effect, and the Company shall be deemed thereupon to have waived all rights or franchises which are hereby granted upon the routes not so selected and designated by the Company. The Company further agrees that it shall select and designate its route as herein provided not later than six months from the date upon which this contract is signed by the Mayor.

Second—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within six (6) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall, within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Third—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor until February 1, 1934, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one year

before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Fourth—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of five thousand dollars (\$5,000) in cash within four (4) months after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum, which shall in no case be less than one thousand five hundred and seventy-five dollars (\$1,575), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of one thousand five hundred and seventy-five dollars (\$1,575).

During the second term of five (5) years an annual sum, which shall in no case be less than two thousand six hundred and fifty dollars (\$2,650), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of two thousand six hundred and fifty dollars (\$2,650).

During the third term of five (5) years an annual sum, which shall in no case be less than two thousand nine hundred dollars (\$2,900), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of two thousand nine hundred dollars (\$2,900).

During the fourth term of five (5) years an annual sum, which shall in no case be less than three thousand eight hundred and fifty dollars (\$3,850), and which shall be equal to six (6) per cent. of its gross annual receipts, if such percentage shall exceed the sum of three thousand eight hundred and fifty dollars (\$3,850).

During the remaining term of five (5) years an annual sum, which shall in no case be less than four thousand two hundred dollars (\$4,200), and which shall be equal to six (6) per cent. of its gross annual receipts, if such percentage shall exceed the sum of four thousand two hundred dollars (\$4,200).

The gross annual receipts mentioned above shall be that portion of the gross earnings of the Company from all sources within the limits of the City as shall bear the same proportion to such gross earnings as the length of the extension hereby granted shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimums shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law as amended.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes, of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Fifth—The annual charges or payments shall continue throughout the whole term of this contract, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payments for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Sixth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege, upon the same or other terms and conditions, over the same streets and avenues hereinbefore described.

The use of said railway which shall be constructed by the Company under this contract, including the tracks, wires and other equipment, or

any structure in public streets and avenues owned by the Company and used in connection therewith, shall be permitted by the Company to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets and avenues hereinbefore described, for street railway purposes, for a distance not exceeding two thousand (2,000) feet, upon payment of an annual sum by such individual or corporation to the Company, which shall not exceed the legal interest on such proportion of the whole cost of the construction of such railway and structures, and of the cost of keeping the tracks and track equipment in repair, as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation and the cost of laying and repairing of pavement and removal of snow and ice, and all the other duties imposed upon the Company by the terms of this contract in connection with the maintenance or the operation of the said railway so used. Provided, however, that if in the opinion of the Company the legal rate of interest of the cost of such railway shall be an insufficient sum to pay for the use of such tracks, it may appeal to the Board, and the Board may fix a percentage of the cost to be paid to the Company at a sum in excess of the legal rate of interest, if in its opinion such action is justified.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Seventh—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Eighth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract, as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Ninth—The Company shall commence construction of the railway herein authorized within six (6) months from the date upon which the consents of the property owners are obtained, or from the date upon which the decision of the Appellate Division of the Supreme Court that such railway ought to be constructed is rendered in lieu of such consents, and shall complete the construction and place the same in full operation within eighteen (18) months from the date of obtaining such consents or such decision, otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided, that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company; and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board, either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Tenth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appliances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time the rights hereby granted shall cease and determine.

Eleventh—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structure in the streets and avenues over which such officials have jurisdiction, and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Twelfth—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of Queens, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Provided, however, that the Board, at any time after the first ten (10) years of this contract, upon giving to the Company one year's notice, may require the Company to operate its railway upon the whole or upon any portion of its route by underground electric power substantially similar to the system now in use on the street surface railways in the Borough of Manhattan, or by any

other practical motive power then in use which does not require the use of poles and overhead wires in the streets and avenues, and thereupon to discontinue the use of the overhead trolley system, and to remove its poles, wires and other structures used by it for that purpose from the streets and avenues of the City.

Thirteenth—Upon six (6) months' notice by the Board to the Company all wires for the transmission of power, except trolley wires, for the operation of the railway, upon all or any portion of the route hereby authorized, shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two (2) ducts not less than three (3) inches in diameter for the exclusive use of the City. Such ducts shall be used only by the Company for the operation of its railway, and by the City as above.

Fourteenth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on said railway, or a line or branch operated in connection therewith, to any point thereof, or of any connecting line or branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Fifteenth—No cars shall be operated upon the railway hereby authorized, other than passenger cars, cars for the transportation of express matter and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

The rate for the carrying of such property over the said railway upon the cars of the Company shall in all cases be reasonable in amount, subject to the control of the Board, and may be fixed by the Board after notice to the Company and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, its successors or assigns, and no greater sums shall be charged for such service than provided for by it.

Sixteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Seventeenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Eighteenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Nineteenth—Cars on the said railway shall run at intervals of not more than thirty minutes, both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board. Provided, however, that the Company, during the first five years of this contract, shall not be required to operate its cars between the hours of 1 o'clock a. m. and 5 o'clock a. m., each day, unless the Board shall determine after a hearing had thereon that public convenience requires the operation of cars during said hours.

Twentieth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall cause to be watered at least three times every twenty-four hours when the temperature is above 35 degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed sixty (60) feet between curb lines, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Twenty-first—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the President of the Borough of Queens, enter into an agreement for each winter season or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-second—As long as the said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-third—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-fourth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized, be changed at any time after the railway has been constructed, and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said street the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-fifth—Should, in the opinion of the President of the Borough of Queens, the present roadway of any of the said streets and avenues be of insufficient width to accommodate both railway and other vehicular traffic, the Company shall widen such roadway under the direction of the President of the Borough of Queens to a width sufficient to accommodate such traffic, provided that no roadway shall be widened beyond the total width of the street or avenue.

Twenty-sixth—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner as directed by the City officials having jurisdiction over such public work.

Twenty-seventh—If at any time before or during construction of the railway the Board

should deem any of the streets and avenues on which said railway is to be constructed of insufficient width to accommodate both railway and other vehicular traffic, the Company shall either construct and operate its railway upon a private right of way outside of the lines of such streets, or avenues, or shall purchase and cede to the City a strip of land adjacent thereto, for the purpose of widening the same to a width sufficient for the use of a street surface railway and for the accommodation of other vehicular traffic. If such street or avenue is so widened the Company shall grade the roadway thereon as directed by the City official having jurisdiction over the construction of streets and avenues.

Twenty-eighth—Where the bridges, viaducts or culverts encountered in the route are of insufficient width to carry the roadway as the same may be widened as herein provided, or of insufficient strength to bear the additional load of a street surface railway, the Company shall either carry its tracks upon new structures independent of the existing ones, so as not to interfere with the present and future use by the City of such bridges, viaducts or culverts, or shall, without cost to the City, construct new bridges, viaducts or culverts sufficiently wide to carry the roadway as the same may be widened, as herein provided.

Provided, however, that the Company shall not be required to pay the portion of the cost of strengthening or rebuilding of the existing bridge across the tracks of the Long Island Railroad at Eighth avenue, which the Long Island Railroad Company shall be required to pay, pursuant to law.

Twenty-ninth—The Company hereby agrees that if the City is or shall become entitled to acquire, and shall at any time during the term of this contract acquire, or otherwise come into possession of any of the property on which this Company shall construct railway tracks, on the route herein described, no compensation shall be awarded for the right to have railway tracks thereon.

Thirtieth—The Company shall submit to the Board a report, not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
 2. The amount paid in as by last report.
 3. The total amount of capital stock paid in.
 4. The funded debt by last report.
 5. The total amount of funded debt.
 6. The floating debt as by last report.
 7. The total amount of floating debt.
 8. The total amount of funded and floating debt.
 9. The average rate per annum of interest on funded debt.
 10. Statement of dividends paid during the year.
 11. The total amount expended for same.
 12. The names of the directors elected at the last meeting of the corporation held for such purpose.
 13. Location, value and amount paid for real estate owned by the Company as by last report.
 14. Location, value and amount paid for real estate now owned by the Company.
 15. Number of passengers carried during the year.
 16. Total receipts of Company for each class of business.
 17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
 18. Total expenses for operation, including salaries.
- and such other information in regard to the business of the Company as may be required by the Board.

Thirty-first—The Company shall at all times keep accurate books of account of the gross earnings from all sources, within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross earnings, the total miles in operation within the limits of the City and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Thirty-second—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day, not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear action may be taken by the Board forthwith.

Thirty-third—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the street shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Thirty-fourth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues in which the Company is authorized to operate.

Thirty-fifth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirty-sixth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with

the Comptroller of the City the sum of five thousand dollars (\$5,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railway, and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or, after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten days' notice in writing to the Company; or, in case of failure to keep the said terms and conditions of this contract relating to the roadway, heating and lighting of cars, fenders, wheel guards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel guards, in case of the violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its President, to appear before him on a certain day not less than ten (10) days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any default made upon the security fund the Company shall, upon ten (10) days' notice, in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of five thousand dollars (\$5,000), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-seventh—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-eighth—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title," encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Thirty-ninth—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. This grant is also upon the further and express condition that the provisions of the Railroad Law, pertinent hereto, shall be strictly complied with by the Company.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,
By _____, Mayor.
[CORPORATE SEAL.]
Attest: _____, City Clerk.
NEW YORK AND NORTH SHORE TRACTION COMPANY,
By _____, President.
[SEAL.]
Attest: _____, Secretary.

(Here add acknowledgments.)
Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the New York and North Shore Traction Company, and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, April 2, 1909, in the City Record, and at least twice during the ten (10) days immediately prior to April 2, 1909, in two daily newspapers to be designated by the Mayor therefor, and published in The City of New York at the expense of the New York and North Shore Traction Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the New York and North Shore Traction Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, April 2, 1909, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard. SUPREME COURT—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the northerly side of TWENTY-THIRD STREET and the southerly side of TWENTY-FIRST STREET, between Eighth and Ninth avenues, in the Borough of Manhattan, in the City of New York, duly selected as a site for school purposes, according to law.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Apportionment in the above entitled proceeding, do hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties or persons respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Education, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, March 12, 1909, file their objections, in writing, with us, at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in the City of New York; and we, the said Commissioners, will hear parties so objecting, at our said office, on the 24th day of March, 1909, at 10.30 o'clock in the forenoon of that day, and upon such subsequent days as may be found necessary.

Dated New York, March 11, 1909.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, acting by and through the Board of Docks, relative to acquiring right and title to and possession of the uplands and lands, rights, terms, easements, emoluments and privileges of and to the uplands and lands necessary to be taken for the improvement of the waterfront of The City of New York on the North River, between Bloomfield street and Little West Twelfth street, and between Tenth and Thirteenth avenues, pursuant to the plan heretofore adopted by the Board of Docks and approved by the Commissioners of the Sinking Fund.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our second supplemental estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in the City of New York, on or before the 23d day of March, 1909, and that we, the said Commissioners, will hear parties so objecting and for that purpose will be in attendance at our said office on the 24th day of March, 1909, at 2 p. m.

Second—That the abstract of our said second supplemental estimate and assessment, together with our damage map, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 23d day of March, 1909.

Third—That, provided there be no objections filed to said second supplemental estimate and assessment, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held

in the County Court House, in the Borough of Manhattan, in The City of New York, on the 13th day of April, 1909, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to said second supplemental estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, March 11, 1909.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of EDEN AVENUE (although not yet named by proper authority), from East One Hundred and Seventy-second street to East One Hundred and Seventy-fourth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERSONS interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 29th day of March, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 30th day of March, 1909, at 1 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objections thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 29th day of March, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 30th day of March, 1909, at 2 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 16th day of November, 1906, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the intersection of the southeasterly side of the Grand Boulevard and Concourse with the westerly side of Morris avenue, and running thence southwardly along the westerly side of Morris avenue to the northwesterly side of College avenue; thence southwesterly along the northwesterly side of College avenue to the northeasterly side of East One Hundred and Seventy-first street; thence northwesterly along the northeasterly side of East One Hundred and Seventy-first street to the southeasterly side of Sheridan avenue; thence northeasterly and northwardly along the easterly side of Sheridan avenue to a point one hundred feet south of the southerly side of Belmont street; thence westwardly along a line one hundred feet south of the southerly side of Belmont street and parallel therewith to the easterly side of the Grand Boulevard and Concourse; thence north-easterly along the southeasterly side of the Grand Boulevard and Concourse to the westerly side of Morris avenue, the place of beginning, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That the said abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of

Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 7th day of April, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 7th day of May, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

In the matter of the application of The City of New York, relative to amending its Application heretofore made in the matter of acquiring title in fee, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of VAN ALST AVENUE (although not yet named by proper authority), from Hoyt avenue to Winthrop avenue, in the First Ward of the Borough of Queens, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Sec-

ond Department, at a Special Term of said Court, for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on Monday, the 22d day of March, 1909, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for an order amending and correcting the proceedings entitled "In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of Van Alst avenue (although not yet named by proper authority), from Hoyt avenue to Winthrop avenue, in the First Ward, Borough of Queens, City of New York," as shown on a map or plan adopted by the Board of Estimate and Apportionment on June 23, 1905, and approved by the Mayor on July 11, 1905, by changing the lines of said Van Alst avenue, between Hoyt and Winthrop avenues, so as to move said avenue twenty-five (25) feet east of its present position.

That the said Van Alst avenue as so changed by a resolution adopted by the Board of Estimate and Apportionment on the 8th day of February, 1907, is bounded and technically described as follows:

Parcel "A."

Beginning at a point formed by the intersection of the northerly line of Hoyt avenue with the easterly line of Van Alst avenue, as the same was adopted by the Board of Estimate and Apportionment February 8, 1907;

1. Running thence westerly for one hundred and eight-tenths (100.8) feet along the northerly line of Hoyt avenue to the westerly line of Van Alst avenue;

2. Thence northerly deflecting to the right ninety-seven degrees fourteen minutes (97 degrees 14 minutes) for three thousand seven hundred and thirty-one and seventy-eight hundredths (3,731.78) feet along the westerly line of Van Alst avenue to the southerly line of Wolcott avenue;

3. Thence easterly deflecting to the right ninety degrees (90 degrees) for one hundred (100) feet along the southerly line of Wolcott avenue to the easterly line of Van Alst avenue;

4. Thence southerly for three thousand seven hundred and nineteen and nine hundredths (3,719.09) feet along the easterly line of Van Alst avenue to the northerly line of Hoyt avenue, the place of beginning.

Parcel "B."

Beginning at a point formed by the intersection of the northerly line of Wolcott avenue with the easterly line of Van Alst avenue, as the same was adopted by the Board of Estimate and Apportionment February 8, 1907;

1. Running thence westerly for one hundred (100) feet along the northerly line of Wolcott avenue to the westerly line of Van Alst avenue;

2. Thence northerly deflecting to the right ninety degrees (90 degrees) for eight hundred (800) feet along the northerly line of Van Alst avenue to the southerly line of Winthrop avenue;

3. Thence easterly deflecting to the right ninety degrees (90 degrees) for one hundred (100) feet along the southerly line of Winthrop avenue to the easterly line of Van Alst avenue;

4. Thence southerly for eight hundred (800) feet along the easterly line of Van Alst avenue to the northerly line of Wolcott avenue, the place of beginning.

Van Alst avenue is shown on a map entitled "Plan showing a change in the map of The City of New York, Borough of Queens, by altering the lines of Van Alst avenue, from Hoyt avenue to Winthrop avenue, in the First Ward, Borough of Queens, City of New York." The said map is dated March 26, 1907, and filed in the office of the Clerk of the County of Queens on the 18th day of May, 1907, and in the offices of the President of the Borough of Queens, and the Corporation Counsel of The City of New York on or about the 14th day of May, 1907.

In the matter of the application of The City of New York relative to acquiring title in fee, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of CENTRAL AVENUE (although not yet named by proper authority), between Myrtle avenue and Proctor street, in the Second Ward, Borough of Queens, City of New York.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court, bearing date the 23d day of November, 1908, and duly entered in the office of the Clerk of the County of Queens, at his office in Jamaica, in the Borough of Queens, in The City of New York, on the 6th day of January, 1909, a copy of which order was duly filed in the office of the Clerk of the County of Queens, we, Clinton B. Smith, John F. Cassidy and Michael J. Connor, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Queens on the 6th day of January, 1909; and the said John F. Cassidy was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the Clerk of the County of Queens on the 6th day of January, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue, and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, with such affidavit and other proof as the said owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 18th day of March, 1909, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proof of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of CHURCH AVENUE, from Flatbush avenue to East Eleventh street, in the Twenty-ninth Ward, Borough of Brooklyn, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our amended and supplemental estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 23d day of March, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 23d day of March, 1909, at 2 o'clock p. m.

Second—That the abstracts of our said amended and supplemental estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 3d day of April, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz:

On the east by the westerly line of Flatbush avenue; on the north by a line drawn parallel with Church avenue and distant 500 feet northerly of the northerly line of Church avenue; said distance being measured at right angles to the line of Church avenue; on the west by the easterly line of East Eleventh street (Stratford road), and on the south by a line drawn parallel with Church avenue and distant 500 feet southerly of the southerly line of Church avenue, said distance being measured at right angles to the line of Church avenue.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report

herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 30th day of April, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 18th day of March, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 19th day of March, 1909, at 2 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 18th day of March, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 19th day of March, 1909, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 11th day of January, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Richmond, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at the intersection of the prolongation of a line midway between Eureka place and Amboy avenue with a line 100 feet westerly from and parallel with the westerly side of Bentley street, the said distance being measured at right angles to the line of Bentley street, and running thence northerly and parallel with Bentley street to the intersection with the prolongation of a line midway between Broadway and Eureka place, and through that portion of their length between Bentley street and Butler avenue; thence easterly along said line midway between Eureka place and Broadway and the prolongation thereof to the intersection with a line midway between Bentley street and Butler avenue; thence northerly along said line midway between Bentley street and Butler avenue and the prolongation thereof to a point 100 feet north of Broadway, said distance being measured at right angles to the line of Broadway; thence easterly, parallel with Broadway, to the intersection with the prolongation of a line midway between Butler avenue and Main street; thence southerly along said line midway between Butler avenue and Main street and the prolongation thereof to the intersection with a line midway between Broadway and Eureka place, through that portion of the length of the said streets between Butler avenue and Main street; thence easterly along said line midway between Broadway and Eureka place and the prolongation thereof to the centre line of Main street; thence along the centre line of Main street to the intersection with the prolongation of a line midway between Arents avenue and Broadway, through that portion of their length between Main street and Johnson avenue; thence northerly and along a line midway between Arents avenue and Chestnut street, and Broadway, and the prolongation of said line to a point distant 100 feet east of the easterly side of Church street, said distance being measured at right angles to the line of Church street; thence southerly and parallel with the line of Church street to the intersection with the prolongation of a line midway between Chestnut street and Amboy avenue; thence easterly along said line midway between Amboy avenue and Chestnut street and the prolongation thereof, and along a line midway between Arents avenue and Eureka place, and Amboy avenue, to the point described as the point or place of beginning. The said streets designated as Bentley street, Broadway, Church avenue, Amboy avenue, Johnson avenue and Main street being the streets thus known in the vicinity, although not yet placed upon the map of the City.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 19th day of March, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 18th day of May, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, January 27, 1909.

SECTION No. 14, TOWN OF OLIVE, ULSTER COUNTY, N. Y.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commission-

ers of Appraisal, under chapter 724 of the Laws of 1905, as amended, and the acts relating thereto.

Such application will be made to the Supreme Court at a Special Term thereof, to be held at the Court House, in the City of Kingston, County of Ulster, N. Y., on the 20th day of March, 1909, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and at least one of whom shall reside in the County of Ulster, to act as Commissioners of Appraisal under said act, and discharge all the duties conferred by said act and the acts amendatory thereof.

The following is a description of the real estate to be acquired, together with a reference to the date and place of filing the map:

All those certain pieces or parcels of real estate situated in the Town of Olive, County of Ulster and State of New York, shown on a map entitled "Reservoir Department, Section No. 14, Board of Water Supply of The City of New York. PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
