Re: Agency-based Voter Registration Under LL29 of 2000, Mayoral Directive One of 2014, LL61 of 2014 and LL63 of 2014

January 1 through June 30, 2024 Report

Local Law 29 of 2000 requires that specified agencies offer voter registration in their encounters with the public. Mayoral Directive One of 2014 strengthened the requirements of LL29, putting a structure in place to monitor agency efforts to increase voter registration. Local Laws 61 and 63 of 2014 increased the number of agencies required to offer voter registration.

The Board of Elections reported that it processed 3,205 voter registration applications originating at City agencies (called Code 9 applications) between January 1 and June 30, 2024. This does not include applications from DSS/HRA, where voter registration applications are offered, collected, and sent to the Board of Elections under the requirements of the National Voter Registration Act (NVRA) and are not denoted as Code 9. DSS/HRA reported sending 8,173 applications to the Board of Elections during the reporting period, yielding a combined total of 9,399 City agency submissions to the Board of Elections. The total for the comparable period in 2023 was 4,036.

Some highlights of agency activities during the reporting period include:

1. Agencies leveraged their partnerships to share voter registration information with the public:
 - a. In partnership with the NYC Campaign Finance Board, ACS held "How to Vote" training to the Bedford Stuyvesant Community Partnership. A total of 22 community partners were trained on how to register others to vote and informed about NYC voting options and NYC Votes resources. ACS also distributed voter registration forms at community events held by the LGBTQ Center.
 - b. CCRB partners with community-based organizations to provide voter registration information to the public. CCRB also partnered with the NYC Campaign Finance Board in Brooklyn and Queens, the City of New York Civic Engagement Commission in Staten Island, and community-based organizations in Manhattan.
 - c. DOC partnered with the Legal Aid Society to offer civic engagement education and voter registration assistance at monthly volunteer events. DOC also partnered with NYC Votes to develop a voter education module for people in custody.

Director, Office of Operations

- d. DYCD conducted an outreach campaign to provide its network of nonprofit provider organizations with voter registration materials and encourage program activities related to Voter Registration and Civic Engagement
2. Agencies leveraged their public facing work and service delivery efforts to share voter registration information and forms
 - a. CCHR shared voter registration forms and information during intake appointments, walk-in interviews, trainings, workshops, conferences, and presentations at all five Commission offices.
 - b. DOC has voter registration forms available in facility law libraries
 - c. HRA includes voter registration forms in many service applications like Medicaid, public assistance, during Home Visits, and at Customer Services Offices
 - d. Agencies shared voter registration forms and resources in their waiting rooms (DOP, DHS, DORIS, TLC, HPD, DOT)
 - e. Agencies shared voter registration forms during customer orientation or other interaction with customers (SBS, TLC, DOT, DPR)
 - i. DOT has a system in place to accommodate Limited English Proficient customer requests
3. Challenges:
 - a. Tracking voter registration forms – many people do not return their form to the agency to be submitted to the Board of Elections (CCRB, CCHR, HRA, DOT)
 - b. The voting process on Rikers Island remains challenging for the DOC due to the absence of a direct polling site. The DOC provides free stamps to facilitate voter registration.
 - c. Access to the agency website traffic analytics system:
 - i. OTI did not renew its contract with DOF
 - ii. DPR's system used to track web traffic is not in service
 - d. Contact with the public
 - i. Uncertainty on how to complete the voter registration form (DOP)
 - ii. Encouraging people to vote when they do not have time (TLC, DOT, DHS)
 - iii. Clients and customers are ineligible to vote (TLC, DOT)
 - iv. Duplicated efforts across agencies in sharing voter registration material with the same customers (DOT)

A summary chart of agency-based voter registration and the individual report of each agency follows.

Best,

Daniel Steinberg

Describe how your agency distributes applications.

To ensure the Commission's staff can best address the needs of the public in a way that continues to comply with health and safety guidance, the Commission, where possible, schedules appointments to ensure utmost preparedness for those meetings and encounters. The Law Enforcement Bureau and the Community Relations Bureau, consistent with Citywide policy, have primarily resumed their public facing engagement work in person. This includes intake appointments and walk-in interviews, trainings, workshops, conferences, and presentations. Voter registration forms are distributed during these in-person exchanges and events and remain available to the public at all five (5) Commission offices.

Describe any special registration activities, if any.

None.

Describe how your agency distributes applications.

The agency partners with community-based organizations, credible messengers, and city agencies to conduct tabling events or canvassing events to provide voter registration information and voter registration forms to the public.

Describe any special registration activities, if any.

The CCRB has partnered with the NYC Campaign Finance Board to take part in several “Day of Action” events in Brooklyn and Queens, we also partnered with the City of New York Civic Engagement Commission, to conduct a pre-registration event on Staten Island, and a community-based organizations to conduct community voter registration drives in Manhattan.

Describe challenges, both resolved and unresolved.

The major challenge with this process is still that the average person that is provided with a voter registration form normally does not return it to us to be submitted to the Board of Elections.

DEP's Bureau of Customer Service (BCS) distributes a postage paid copy of the voter registration form (VRF) with Customer Registration Form (CRF) mailings to one to three family homeowners who request a CRF when opening a new account. Our Bureau of Public Affairs and Communications also promotes voter registration by sharing general information through our social media channels to our subscribers and followers.

Describe challenges, both resolved and unresolved.

Due to further short staffing, we have been working with public affairs staff to include VRFs in their public outreach work and tabling to reach a larger audience. Our IT Bureau and Human Resources share important voting information and updates like RCV and early voting dates in our newsletters and on the agency's website, social media outlets.

Describe how your agency distributes applications.

DHS offers voter registration forms for interested applicants and clients to obtain at each of the 5 intake centers located throughout the City. Forms are kept at central desks in the waiting areas of each site, near flyers and signage pertaining to voting. Applicants can obtain a Code 9 voter registration form from the intake area. In addition, each intake center keeps a box in which applicants can place a completed voter registration card for mailing to the Board of Elections.

Describe any special registration activities, if any.

Describe challenges, both resolved and unresolved.

The general challenge for DHS in distributing voter registration forms at intake lies in the emergency nature of contact with the public at DHS intake centers. Families and individuals arrive at intake centers for assistance in a crisis, with their belongings, to await immediate temporary placement in a shelter (pending approval of their application). Application documents are completed electronically by staff, making it impossible for DHS to physically attach a voter registration form to an application

Describe how your agency distributes applications.

The Department’s Senior Program Liaison, who is part of the Division of Programs and Community Partnerships, facilitates monthly civic engagement events where volunteers meet people in custody and distribute voter registration forms as well as absentee ballot applications. The Department also ensures that voter registration forms and absentee ballot applications are readily available in each facility’s law library and similarly upon discharge, but people in custody can also use their tablets to request these materials. People in custody can complete forms themselves and mail them directly to their local Board of Elections (“BOE”) office or have DOC deliver them on their behalf to the applicable BOE office.

Describe special registration activities, if any.

During the first half of 2024, the Department has continued its partnership with the Legal Aid Society and a coalition of other external stakeholders to offer civic engagement education and voter registration assistance to all interested and qualified people in custody. Through this partnership, we lead monthly voter registration drives, where a small group of coalition volunteers visit select housing units to discuss the importance of civic engagement, distribute voter registration forms and absentee ballots, and aid in getting these forms completed and collected.

In partnership with NYC Votes, the voting arm of the New York City Campaign Finance Board (“CFB”), and one of the many aforementioned coalition partners, the Department recently developed a voter education module in which staff and coalition volunteers educate people in custody on the basic concepts of democracy and the role of the election process. The Department also leverages its tablet technology to distribute non-partisan literature about issues and candidates for each election cycle. This literature is provided by our external partners and physical copies are also distributed on registration drives and via the law library.

Agency-Based Voter Registration

Reporting Period: January 1 through June 30, 2024

Additionally, the Department is leveraging its tablet technology to increase awareness of upcoming elections, distribute information about issues and candidates, and enable people in custody to request voter registration forms and absentee ballot applications. The Department also steadily recruits student interns and volunteers, who commit to independently lead voter registration drives at our facilities after they have received training and necessary security clearances.

Describe challenges, both resolved and unresolved.

The voting process on Rikers Island remains challenging in the absence of a direct polling site, however, the Department works with stakeholders to identify solutions that mitigate the impact of this challenge. The Department collects and delivers registration forms and absentee ballot applications directly to BOE for the people in custody who choose to take advantage of this option. People in custody are also able to register to vote and cast a ballot on their own, just as they would in the community. Eligible individuals can opt to request and receive a voter registration form and/or absentee ballot form via the mail. The Department does not play a role in this process and is not privy to any data for those that choose to vote this way, but it does provide free stamps or pre-stamped envelopes to help facilitate this. Upon request, the Department also provides voter documents in various languages as well as voter assistance

Forms are distributed during our intake of new clients with other relevant literature. They are also displayed, our HUBS (waiting rooms) throughout the city. During this cycle, DOP also engaged our Family Court clients that are 18 years and older to vote. Voter registration forms are prominently displayed in those waiting rooms as well and Probation Officer's are giving their clients that qualify the forms.

Describe any special registration activities, if any.

Informational posters are hung in waiting rooms informing clients of their right to vote. Additionally, the Board of Election assisted by tabling at our Brooklyn location. We have engaged our Family Court clients that are 18 years and older during this period and have given them 71 voter registration forms across the 5 boroughs.

The Department of Probation continues working to increase our voter registration drive to eligible participants. Challenges can range from an individual not being interested in voting or uncertainty on how to properly fill out the forms. To attempt to cure these challenges, we will provide additional resources such as potential voter registration drives, additional trainings, and resources to assist with increasing our numbers.

DOP has also partnered with the Board of Elections at our Brooklyn site during this period and had an increase in registrations (34), as well as 50 clients registered as poll workers. We have also reached out to NYCCB for the LL29 agency trainings that will hopefully commence during the next reporting cycle.

Describe how your agency distributes applications

- New York City Department of Transportation (NYC DOT) remains committed to distribute Voter Registrations (VR) forms to its customers.
- NYC DOT's Customer Service, Language Access, and Correspondence Unit (CSLACU) handles Service Requests (SR's) generated when customers contact DOT via phone, postal mail, NYC DOT online form or 311.
- After CSLACU processes Service Requests (SR's), it mails out a hardcopy of NYC DOT literatures/essential documents including VR forms to customers.
- There is a NYC DOT system in place to accommodate Limited English Proficient (LEP) customer requests.
- When CSLACU receives a service request in different languages, including English, CSLACU sends the VR form in the same available language to the customer.
- During January 1, 2024 to June 30, 2024, CSLACU received 2,900 SRs resulting in 2,900 VR forms sent to customers in English, Spanish, Chinese (Simplified), Yiddish, Arabic, Italian, Russian, Korean and Bengali.
- These customer service requests resulted in 4,030 literatures/essential documents mailed out to customers in multiple languages including English.
- In addition to VR forms, CSLACU sent a total of 6,930 DOT literatures/essential documents to customers from January 1, 2024, to June 30, 2024.
- The following are the literature requests mailed out along with VR forms to customers:

January 1, 2024 to June 30, 2024

Language	Service Request (SR)	# Literature/ Essential Document/ Most Common Distributed Document (MCD)	Total # VR Sent *
English	2,811	3,895	2,811
Spanish	66	95	66
Chinese	6	9	6
Yiddish	1	10	1
Arabic	1	1	1
Italian	1	3	1
Russian	10	12	10
Bengali	3	4	3
Korean	1	1	1
Grand Total	2,900	4,030	2,900

* Service Request (SR) = Voter Registration (VR) form

Describe any special registration activities, if any

- As of June 30, 2024, NYC DOT’s 8 Public Service Centers (PSCs) are open to the public and they have VR forms.
- NYC DOT will continue distributing VR forms at the PSCs and will continue to mail VR hard copies with all NYC DOT literature requests.
- During elections, NYC DOT includes VR forms in all email communications received by customers.
- NYC DOT website has a “Register to Vote” icon/tile permanently on its landing page. The active hyperlink sends NYC DOT customers directly to “NYC Votes”.

Describe challenges, both resolved and unresolved

- As indicated on previous Agency-Based Voter Registration reports, the number of VR forms completed and sent to the Board of Elections (BOE) continues to be a challenge for NYC DOT.
- Currently, NYC DOT has no verification system to know whether customers who correspond with NYC DOT or visit the PSCs are already registered to vote or may be ineligible to register to vote.
- NYC DOT is unable to monitor and track how many customers filled out the VR forms at the PSCs, how many forms were sent to the BOE once customers leave the PSCs, and/or if forms are not completed by the customers at the PSCs and sent to the BOE by the PSC's managers.
- It is important to mention that although PSCs are open to the public, NYC DOT typically distributes a small number of VR forms to customers due to the low walk-in rate for PSCs throughout the City.
- When customers visit Public Service Centers (PSCs), NYC DOT cannot compel customers to fill out the forms, submit the completed forms to the PSCs managers, collect and send completed VR forms to the BOE.
- NYC DOT is unable to determine if customers complete and returns the VR forms to the BOE once they receive the VR forms with their NYC DOT correspondence and literature.
- NYC DOT maintains its previous recommendation sent to the New York City Campaign Finance Board suggesting that the BOE set up electronic sorting and agency scan codes to determine which VR forms were distributed by different agencies to their customers.

Contracted nonprofit organizations are encouraged to utilize and imbue program activities with specific content related to Voter Registration and Civic Engagement. There are scheduled activity cycles in local communities over the course of a program year that are led and facilitated by the organizations as part and parcel of a formal work plan. This runs the gamut from large group activities designed for Parent and Student engagement within our host schools and community-based settings to large-scale community-wide events and activities that are attended by Parents, Student participants, and the community at large.

Of utmost importance is the quality engagement of all program participants in the civic and social fabric of the neighborhoods we serve.

Our CBO partners are very often reflective of the local communities they serve and provide assistance and support to

We have learned that the cookie-cutter approach has limitations that often don't allow for cultural connections, the building of trust, and the ethos of democratic participation reflective of the diversity of the NYC DYCD mosaic in our neighborhoods.

Our programming must always be reflective of the populations we serve, and we must be cognizant and conscious of the convergence and divergence of experiences that all bring to the experience of civic engagement in NYC.

We strive to stay current with the strengths and challenges faced by our citizenry and provide them with the necessary tools to navigate and negotiate "on the ground" as new challenges emerge.

We will continue to build out our capacity to improve data collection efforts with our provider networks across the City.

Agency-Based Voter Registration

Reporting Period: January 1 through June 30, 2024

Describe how your agency distributes applications.

Clients are targeted for Voter's registration when they apply for Public Assistance and again when they recertify. Additionally, if the client calls to request an application, the voter registration form, is mailed to the client.

Describe any special registration activities, if any.

NONE

Describe challenges, both resolved and unresolved.

Clients have ACCESS HRA to submit documents to the Agency as well as giving completed applications to the worker if they come into the center. Centers have received less voter's registration applications from clients since the start of the pandemic, therefore less applications have been sent to the Board of Elections. Agency will continue working with FIA/Office of Project Support (OPS) and the Board of Elections Liaison NVRA Operations Coordinator. The reporter and the liaisons will continue to attend all trainings that are offered.

Please list all locations where registration forms are distributed and/or made available to the public:

Agency-Based Voter Registration

Reporting Period: January 1 through June 30, 2024

Describe how your agency distributes applications.

HCSF offers Voter Registration during teleconferencing visits for assessments, change of hours/service requests and reauthorizations. Due to the COVID pandemic, some renewals were being extended or rolled over in compliance with the State waiver, when necessary. To maintain client and staff safety, easements are in place to conduct client contact via teleconferencing. If a client requests to complete a Voter Registration Application or the Organ Donor Registration portion, the Mailed NYS Agency-Based Voter Registration Form is forwarded to the client by Mail, for the client to complete and submit to the Local Board of Elections. The forms are offered in English, Spanish, Chinese, Korean and Bengali.

Describe how your agency distributes applications.

OCSS FCSS employs methods such as providing physical copies of voter registration applications at SCU locations and offering the voter registration application with their child support application. Caseworkers at the Customer Services Office ask clients if they are registered to vote, and if not, they distribute a form.

Describe any special registration activities, if any.

Agency-Based Voter Registration

Reporting Period: January 1 through June 30, 2024

Agency: NYC Department for the Aging

Name of Agency Reporter: Penney Vachirapapun

Phone: 212-602-4286

Email: pvachirapapun@aging.nyc.gov

Number of persons served	<u>173,241</u>
Number of registration forms distributed:	<u>27</u>
Number of registration forms collected and sent to Board of Elections:	<u>11</u>
Number of printed educational materials about ranked choice voting distributed:	<u>N/A</u>
Number of front-line staff trained:	<u>64</u>
Agency website traffic (number of clicks) directed to Campaign Finance Board website (NYC Votes):	<u>18</u>

Describe how your agency distributes applications.

The Department for the Aging (NYC Aging) requires each funded program, project and site (including contractor satellite offices) to offer voter registration materials to participants and any members of the public who inquire about NYC Aging or City services. As of 2021, this requirement has been incorporated into provider staff trainings offered by the agency. In addition, all public-facing NYC Aging units inform applicants for services about the opportunity to register to vote.

During the course of the 2024 election cycle, NYC Aging promoted opportunities to vote and other information to help residents remain civically active. A permanent tile linking to the NYC Board of Elections website is displayed on NYC Aging’s website; from there, visitors can learn the dates for early voting, primary and election days, the location of their polling center, and how to request an absentee ballot. In addition, via NYC Aging’s social medial channels, we informed residents when election days took place, and reminded them how to vote.

Describe any special registration activities, if any.

Agency-Based Voter Registration

Reporting Period: January 1 through June 30, 2024

Describe challenges, both resolved and unresolved.

As mentioned in previous reports, NYC Aging has found that by virtue of the demographic served by the agency, the majority of the agency's clients have been registered to vote for many years.

Please list all locations where registration forms are distributed and/or made available to the public:

Describe how your agency distributes applications.

The TLC currently maintains a staff of approximately 600 employees, many of whom interface daily with licensees. Voter registration forms are distributed in four separate ways to various TLC divisions and departments:

- **Human Resources** (located in Manhattan) includes registration forms in hiring packets for new employees.
- **Policy & Community Affairs** (located in Manhattan) distributes voter registration forms at outreach events.
- **The Licensing & Standards Division** (located in Long Island City, Queens) has forms available for visitors to take at its licensing transaction counters. Licensing maintains about 300 applications available for distribution at all times. Also, information on how to contact the Board of Elections is included on many TLC-issued forms for licensees.
- **Safety & Emissions Division** (located in Woodside, Queens, and Staten Island) has forms available for distribution at its counter operations that licensees must visit on a regular basis (ranging from three times a year to once every two years) for inspection of their vehicle.

By using these targeted strategies, TLC helps licensees and incoming employees receive voter registration information.

Describe any special registration activities, if any.

The TLC's [Mobile Office Unit, known as Van Hailin](#), was inspired by Mayor Eric Adams's initiative to improve customer service. On May 23, 2024, one of the services provided at Van Hailin was Voter Registration status checks and assistance registering to vote before the June primary election. We are happy to report that we submitted 3 voter registration forms to the Board of Elections. Two individuals registered to vote for the first time, and a third submitted a registration form to update their address.

TLC continues to plan and attend public events where voter registration forms are available to the public. Additionally, TLC shares voter registration and upcoming election information with licensees and TLC employees through social media and email blasts. TLC emails are sent to a list of over 250,000 licensees. TLC employees also receive information regarding voter registration and upcoming election information.

During the reporting period, licensees were informed of various voting methods, including Early Voting, and Absentee Ballot Voting, prior to the February Special Election and the June Primary Election.

We also continue to feature voter registration information on the TLC Website:

Describe challenges, both resolved and unresolved.

Encouraging licensees to take the time to fill out voter registration forms at tabling events continues to be a challenge.

A significant portion of our licensee population are limited English proficiency (LEP) persons or immigrants who are non-citizens. As a result, many of our licensees are not eligible to participate in federal, state, or local elections. I would like to mention that multiple TLC licensees expressed interest in voting if they were eligible and were informed about pending legislation to let non-citizens participate in local New York City elections.
