Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

Bellevue and Allied Hospitals.

A regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held on Tuesday, May 4, 1915, at 3.30 P. M.

Present—Dr. Brannan, the President, in the chair; Messrs. Robbins, O'Keeffe, Farley, Sachs and Stern, Trustees. Excused—Mr. Paulding and Mr. Kingsbury, Commissioner of Public Charities.

Mr. Robbins was appointed Secretary pro tem.

The minutes of the meetings of April 20th and April 27th were held as read and approved.

Dr. George O'Hanlon, the General Medical Superintendent, reported as follows:

The average daily census at the various hospitals during the month of April, 1915, was as follows: Bellevue, 1,460; Gouverneur, 182; Harlem, 232; Fordham, 195.

On Friday evening, April 30th, four patients in Ward 28, receiving convalescent treatment for drug habit, made their escape from the ward at 7.30 P. M. The two nurses on duty were engaged, one in the kitchen, preparing bread and milk for the patients, the other taking temperatures. The officer assigned to this ward was present. Three of the patients were immediately returned; the fourth has not as yet been found. Two of the men were held on charge of burglary, one for having drugs in his possession, and the fourth was a voluntary commitment. We are experiencing great difficulty in getting a sufficient number of men nurses; just at present an additional officer has been assigned to night duty in this ward.

Ten cases of typhoid are under treatment in the hospital.

Arrangements have been completed with the Catholic Protective Band for a band concert on the grounds of Bellevue Hospital on May the 22nd.

It will be necessary to ask for revenue bonds to meet the anticipated deficit. Mr. White is preparing the data to be submitted to the Finance Committee within the next two weeks, in order that action may be taken at the next meeting of the Board of Trustees.

On separate motion, duly seconded and carried in each instance, action was taken upon the report of the General Medical Superintendent as follows:

It was Resolved, to instruct the General Medical Superintendent to place bars on all the windows in Ward 28 and such other wards as are used for the treatment of drug patients.

The estimate of the probable deficit in the appropriation to the department was referred to the Finance Committee for recommendation.

COMMITTEE REPORTS.

A tabulation of bids received at the office of the General Purchasing Committee on April 28th for meats, in conjunction with other City departments, was presented. Contracts were awarded to the low bidder on each line.

The President presented a list of bids received on May 3rd for the equipment of the extension to Harlem Hospital. On the recommendation of the architects and the Building Committee, it was moved, seconded and carried to award the contracts to the lowest bidder on each section.

A list of bids received on May 3rd for medical and surgical supplies, was presented. It was moved, seconded and carried to award the contracts to the low bidders on all lines, except on line 601 (alcohol), which was rejected.

The Fordham Hospital Conference Committee recommended the appointment of Dr. Peter N. Fischer as Assistant Physician to Out Patients (Gynaecological Serv-

ice). This report was approved and the appointment made accordingly.

The Harlem Hospital Conference Committee recommended the appointment of Dr. Moses Lobenz and Dr. E. Schechter as Assistant Physicians to Out Patients. This report was approved and the appointments made accordingly.

The Chairman of the Building Committee reported that pursuant to a request from the office of the Comptroller, dated April 26th, for information relative to a claim filed in the Department of Finance by John H. Parker Company for \$8,062.58 for flooring in pavilions I and K, he had furnished a report thereon under date of April 29th. Mr. Farley referred to the fact that the work alleged to have been done was never authorized by the Trustees and if there were omissions in the plans and specifications that fact had never been called to the attention of the Board by either the contractors or the architects. He presented a draft of a letter to McKim, Mead & White, asking them to explain why they had not brought these matters to the attention of the Board at an earlier date. After consideration, on motion, duly seconded and carried, this report was approved and the communication authorized accordingly.

The President presented a letter dated May 3rd, from the National Surety Company, setting forth that they would not elect to complete the work called for in the contract of the Tower Construction Company at Harlem Hospital, for which they are the surety.

A letter dated May 4th was also presented from Harry Osterman, the receiver of the Tower Construction Company, stating that the work will not be completed by the receiver. After consideration, on motion, duly seconded and carried, it was

Resolved, To follow the course outlined by the Corporation Counsel on April 22nd, in declaring this contract abandoned and proceed in the manner prescribed by law and pursuant to clause "J" of the contract for the completion of the work.

It was further Resolved, To authorize the readvertising of the abandoned contract.

Dr. Brannan referred to the desirability of assigning two social service nurses to follow up the drug cases after discharge from Bellevue Hospital. After discussion, it was moved, seconded and carried, to authorize the President to make a request for funds to pay the salaries of the two additional nurses required for this purpose.

The President presented a letter dated April 27th, from Mrs. Lewis Iselin, Chairman of the Social Service Committee of Harlem Hospital, requesting the appointment of a social service nurse for the children for that hospital, and presenting a tabulation of the work done during the year 1914. On motion, duly seconded and carried, the President was authorized to ask for funds to permit the appointment of an additional social service nurse at Harlem Hospital.

SPECIAL ORDER.

The General Medical Superintendent presented a report setting forth the names of the physicians and surgeons in all the hospitals who were absent during the month of April from the out patient departments and the ward service oftener than allowed by the rules of the Board of Trustees. After discussion, on motion, duly seconded and carried,

It was Resolved, To call the attention of the Medical Board of all the hospitals of the department and the visiting physicians and surgeons who were absent more than five times in one month, when no leave of absence was obtained, that the rules re-

quire a written explanation to the Trustees and that the Board finds it necessary to insist upon a literal compliance with this rule.

The Board expressed their dissatisfaction with the practice that seems to have prevailed of late in allowing certain slackness in attendance in the out patient departments. On motion, duly seconded and carried,

It was Resolved, To bring to the attention of the Medical Boards the fact that the Trustees require the physicians and surgeons in the out patient departments to attend their clinics three times a week for a period of two hours, and that a written explanation must be given whenever this rule cannot be complied with.

COMMUNICATIONS.

A letter dated April 22nd was presented from R. F. Almira, transmitting the application of Mitchell-Vance Company for final payment on their contract for the installation of the lighting fixtures in the nurses' residence at Harlem Hospital. On motion, duly seconded and carried, this was referred to the Building Committee for the preparation of the necessary certificates of completion.

A letter dated April 27th and one dated April 29th was presented from the Wahle-Phillips Company, stating that as the Department of Water Supply, Gas and Electricity had not yet approved their fixtures they could not complete their contract for the installation of lighting fixtures in pavilions L and M by May 1, 1915. On motion, duly seconded and carried, this matter was referred to the Building Committee.

A communication dated April 29th was presented from Dr. Lewis K. Neff, asking that the board room of Harlem Hospital be increased to its former size and be retained for the medical staff. After discussion, it was moved, seconded and carried, to refer this request to the General Medical Superintendent for adjustment with the Harlem Hospital Medical Board.

Proposals may be submitted for any one or more of the different groups and the awarding of the contract or contracts, if made, will be for each group of material separately. Proposals must in every case be for furnishing all the items under any particular group.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau Street, Borough of Manhattan, City of New York, until the 11th day of June, 1915, at twelve fifteen (12:15) o'clock p. m., at which time and place, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission.

Bidders shall specify in their proposals the times of first and last delivery and rate of delivery of the material. In view of the necessity for prompt deliveries, the times of delivery as set forth in the Contractor's Proposal as well as the prices contained therein will be considered in awarding the contract.

Bidders for the supply of materials, the specifications for which require the submitting of plans, must submit with their proposals drawings showing the details of the materials which they propose to furnish.

Every proposal must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Supplying Track Materials for use in the construction of Rapid Transit Railroads," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box, in which all proposals will be deposited.

Every proposal must be accompanied by a certified check in a sum not less than ten (10) per centum of the amount of the bid except that a

minimum deposit of twenty-five dollars (\$25) will be required with all bids and that a deposit of two thousand dollars (\$2,000) will be sufficient to entitle bidders to bid on any or all of the different materials. Certified checks submitted with proposals must be payable to the order of the Comptroller of The City of New York and must be drawn upon a national or state bank or trust company satisfactory to the Commission and having its principal office in New York City.

Deposits made by bidders whose proposals are not accepted will be returned within three (3) days after the contract is executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

The right to reject any and all bids is reserved.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste remaining from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground must be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in

the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, protecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of five per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
