CHAPTER 912.

AN ACT to abolish the department of public charities and correction in the city of New York, and to provide for the establishment of two separate departments in place thereof, to be known respectively as "The department of public charities of the city of New York" and "The department of correction of the city of New York," and to define the powers and duties of such departments.

Accepted by the city. Became a law June 5, 1895, with the approval of the Governor. Passed, three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The existing department of public charities and correction of the city of New York, is hereby abolished from and after the thirty-first of December next following the passage of this act; and in lieu thereof and in addition to the existing departments of the city of New York, there are hereby created the department of public charities and the department of correction of the city of New York, which said department of public charities and department of correction shall succeed respectively to all the rights, powers, duties, obligations and jurisdiction of the existing department of public charities and correction, as hereinafter provided. The terms of office of the commissioners of the existing department of public charities and correction, shall cease and terminate on and after midnight of the thirty-first of December following the passage hereof.

§ 2. The mayor of the city of New York shall, at least ten days before the thirty-first of December following the passage of this act, appoint three resident taxpayers of the city of New York who shall be citizens of the United States to be commissioners of public charities in the city of New York, and a resident taxpayer of the city of New York and who shall be a citizen of the United States to be commissioner of correction in the city of New York, which commissioners shall take office on the first day of January following the passage hereof.

§ 3. The term of office of each of said commissioners shall be six years from and after the thirty-first day of December next following the passage of this act and until the appointment and qualification of his successor, and each of such commissioners of public charities shall receive from the city of New York the salary of five thousand dollars per annum, and the said commissioner of correction shall receive from the city of New York the salary of seven thousand five hundred dollars per annum. Each of said commissioners shall be removable by the mayor at pleasure; provided, however, that the mayor shall publish his reasons therefor in the CITY RECORD, at least ten days before such removal shall take effect. Any person appointed to fill a vacancy as commissioner of either of said departments shall hold office, subject to removal as aforesaid, for the term of six years from the date of his appointment.

§ 4. The commissioners of public charities shall be the head of the department of public charities of the city of New York. They shall have the general direction and charge of all hospitals, asylums, almshouses and other institutions belonging to the city or county of New York which are or shall be devoted to the care of the insane, the feeble-minded, the sick, the infirm, and the destitute, except the hospital wards attached to the penitentiary and to other prisons and institutions under the direction of the commissioner of correction, and except such hospitals as are or may be established or conducted by the department of public health, pursuant to law. They shall have all the authority concerning the care, custody and disposition of the insane, the feeble-minded, the sick, the infirm and the destitute which the commissioners of public charities and correction now have, and they shall be subject to the same duties and obligations in respect of such persons as the said commissioners are. It shall be the duty of the said commissioners to keep and preserve a proper record of all persons who shall come under their care or custody and of the disposition made by them of such persons, with full particulars as to the name, age, sex, color and nativity of each, and in the case of minors, as to the names and residence of parents and their religious faiths, so far as ascertained, and the name, religious faith and residence of the institutions or families with whom they are placed, together with copies of any instruments of indenture executed by the said commissioners. In the placing out, transfer, indenture or commitment of any child, such child shall, when practicable, be placed with or transferred, indentured or committed to an institution governed by persons of the same religious faith as the parents of the child, or to an individual of like religious faith. But the said commissioners shall have no authority or duty in respect of any criminal or misdemeanor, or in respect of any institution devoted to the custody of such persons. Provided, that nothing in this act shall be construed to repeal any part of chapter one hundred and twenty-six of the laws of eighteen hundred and ninety, entitled "An act to promote the care and curative treatment of the pauper and indigent insane in the counties of this State, except New York, Kings and Monroe counties, and to permit said excepted counties, or either of them, in accordance with the action of their respective local authorities, to avail themselves, or any one or more of them, of the provisions of this act."

§ 5. The commissioner of correction shall be the head of the department of correction of the city of New York. He shall have all the authority concerning the care, custody and disposition of all criminals and misdemeanants in the city and county of New York, which the commissioners of public charities and correction now have, and he shall be subject to the same duties and obligations in respect to such persons as the said commissioners now are. But he shall have no authority and be subject to no obligation in respect of any destitute person not charged with or convicted of any crime or misdemeanor. He shall have the general charge and direction of all prisons and other institutions for the care and custody of criminals and misdemeanants which belong or shall belong to the city and county of New York. Said department shall be authorized to demand and receive all fines imposed for intoxication and disorderly conduct in the city of New York in the manner and for the purposes now prescribed by law. The commissioner of correction may provide for the doing in the correctional institutions of any work, labor or service for the department of public charities that may be required by the commissioners thereof, and may from time to time, in his discretion and upon the request of the commissioners of public charities, detail and designate inmates of the workhouse to perform necessary work, labor and services in and upon the grounds and buildings which are in the charge of the commissioners of public charities, and said inmates of the workhouse when so employed, shall at all times be under the personal oversight and direction of a workhouse keeper or keepers, but no inmate of the workhouse shall be employed in any capacity whatever, in any ward of any hospital.

§ 6. The commissioners of the sinking fund of the city of New York shall upon the passage of this act prepare a detailed plan for the subdivision of said department of charities and correction, into a department of public charities and a department of correction as herein provided, and for the partition between such two new and separate departments of the land, buildings, stock, steamboats and other boats, furniture, movables and other property now or theretofore owned, used or controlled by or for said existing department of public charities and correction, and the books, records, vouchers and other papers of said department, and to such end shall have full access to all of the books and papers which are the property of the mayor, aldermen and commonalty in the custody of the said department or board of charities and correction, and authority at any and all times to compel the attendance before it of the commissioners of charities and correction, and their employees and subordinates. Such plan shall also provide for the apportionment between the two new and separate departments, and for the assignment to service in such two new and separate departments, respectively, of the subordinates and employees of every grade, who shall be in the service of the existing department of public charities and correction at the time. Such subordinates and employees shall hereafter hold their places subject to existing law. In such plan the city prisons, the penitentiary and the workhouse, with the grounds thereto appertaining, and the stone quarry on Blackwell's island, and Riker's island, shall be assigned to the department of correction. The hospitals and asylums now controlled and managed by the existing department of public charities and correction, Blackwell's island, with the buildings thereon (except the penitentiary and workhouse, with their hospital wards and grounds thereto appertaining and the stone quarry), Ward's island and so much of Randall's island as is now used or controlled by said department of public charities and correction, the branch lunatic asylum on Hart's island and the farm at Central Islip, Long Island, with the buildings thereon appertaining to said department of public charities and correction, shall be assigned to the department of public charities. The commissioners of the sinking fund shall complete such plan as herein provided, at least sixty days prior to the first of December following the passage of this act, and it shall thereupon be signed by the said commissioners of the sinking fund, or a majority of them, and shall be transmitted to the mayor of the city of New York, and it shall be the plan for carrying this act into effect. If the said commissioners of the sinking fund shall fail to transmit such plan to the mayor within the time prescribed, then and in that event any resident and taxpayer of the city of New York may apply to the supreme court in

the name of the people of the State, for a mandamus to compel the said commissioners of the sinking fund forthwith to perform the duties prescribed by this act.

§ 7. From and after the thirty-first of December following, no new building for the use of the department of correction shall be erected upon Blackwell's island. But nothing in this section shall be so construed as to prevent the commissioner of correction from completing any building or buildings which may at the time of the creation of the department of correction be in process of erection upon the parts of the said island which shall be assigned to the said department as hereinbefore in the sixth section provided, or from repairing from time to time such buildings as shall at said time be standing upon said parts of said island.

§ 8. The commissioners of public charities, whenever, in their judgment it is expedient and practicable to do so, may cause to be removed or transferred to other quarters the inmates of the branch lunatic asylum on Hart's island, and may cause to be vacated the buildings now or hereafter occupied by or for the uses of that asylum. And whenever the said buildings shall be so vacated, the said buildings with the grounds thereto appertaining shall be transferred to the department of correction. And whenever such transfer shall have been completed, the commissioners of public charities shall have no further rights, duties or obligations in respect to Hart's island or to any part thereof, and the whole of said island shall thereafter be controlled by and appertain to the department of correction of the city of New York. Provided, however, that the burial of deceased paupers in the potter's field on said island may be permitted under such regulations as the respective commissioners of public charities and of correction shall agree upon, or in the event of their failure to agree, such as shall be directed by the mayor of New York.

§ 9. The commissioner of correction whenever, in his judgment, it is expedient and practicable to do so, may cause to be removed to Riker's island, and in case Hart's island shall have been transferred to the department of correction as in the foregoing section eight provided, then also to Hart's island, the inmates of the workhouse and penitentiary on Blackwell's island; and he may direct such removals to be made, from time to time, as accommodation for the said inmates may be provided upon Riker's island and Hart's island. And whenever in consequence of such removals or otherwise any of the buildings occupied or used for said workhouse or penitentiary shall have become vacant, such building or buildings with the grounds thereto appertaining shall be transferred to the department of public charities. And whenever any of the said buildings or grounds shall have been so transferred, the commissioner of correction shall have no further rights, duties or obligations in respect of such building or buildings or grounds, but it or they shall thereafter be controlled by and appertain to the department of public charities of the city of New York.

§ 10. The commissioners of public charities and correction of the city of New York shall, at least thirty days before the board of estimate and apportionment of said city shall make its provisional estimate for the next ensuing year, send to the board of estimate and apportionment an estimate in writing of the amount of expenditure, specifying in detail the objects thereof that shall be required for the next ensuing year, in the department of public charities, and an estimate of the amount of expenditure, specifying in detail the objects thereof, for the ensuing year which shall be required in the department of correction, including the statement of each of the salaries of the officials, clerks, employees and subordinates of each of such departments, and such departmental estimates shall be in lieu of the departmental estimate of the board of public charities and correction, and the board of estimate and apportionment shall consider such estimates and other statements and shall make provisional estimates and final estimates for each of said departments as is now required by law to be made for the other departments of the said city; and the expenses of each of said departments shall be provided for and paid in the same manner as the expenses of other departments are now provided for and paid, in said chapter three hundred and thirty-five of the laws of eighteen hundred and seventy-three, and the acts supplemental thereto and amendatory thereof, but in no case shall the amount expended by either of said departments exceed the amount appropriated for the said department by the board of estimate and apportionment.

§ 11. The annual salaries to be paid to the commissioners herein provided for shall be in full for all services rendered by them to the city and county of New York in any capacity whatever.

§ 12. All acts and parts of acts inconsistent with this act are hereby repealed.

§ 13. This act shall take effect immediately.

State of New York, office of the Secretary of State, ss.:

I have compared the preceding with the original law on file in this office, and do hereby certify that the same is a correct transcript therefrom and of the whole of said original law.

JOHN PALMER, Secretary of State.

Discussion followed, participated in by all the members of the Board.

Whereupon the Comptroller offered the following:

Resolved, That the Commissioners of Charities and Correction be requested to report to the Commissioners of the Sinking Fund, on or before September 11, 1895, a draft of a plan for the separation of the Department of Charities and Correction into a Department of Public Charities and a Department of Correction, as provided by chapter 912, Laws of 1895.

Which was unanimously adopted.

The Comptroller offered the following preamble and resolution exempting \$250,700 City Bonds and Stock from taxation:

Whereas, The Board of Estimate and Apportionment, by resolutions adopted September 4, 1895, authorized the Comptroller to issue Consolidated Stock of the City of New York to the amount of two hundred and fifty thousand seven hundred dollars (\$250,700), of which eighty-five thousand dollars (\$85,000) was authorized for paving Willis avenue, from One Hundred and Thirty-fourth street to Third avenue, pursuant to chapter 112 of the Laws of 1895; sixty-five thousand seven hundred dollars (\$65,700) for macadamizing roads in Pelham Bay Park, pursuant to chapter 417 of the Laws of 1892, as amended by chapter 609 of the Laws of 1895, and one hundred thousand dollars (\$100,000) for the improvement of Mulberry Bend Park, pursuant to chapter 320 of the Laws of 1887, as amended by chapter 69 of the Laws of 1895.

Resolved, That the aforesaid stock, amounting to two hundred and fifty thousand seven hundred dollars (\$250,700), be and the same is hereby exempted from taxation by the City and County of New York, in pursuance of the provisions of section 137 of the New York City Consolidation Act of 1882 and an ordinance of the Common Council approved by the Mayor October 2, 1880.

Which were unanimously adopted.

The following communication was received from Mr. George B. Post, Architect of the work on the new Public Building in Crotona Park:

NEW YORK, August 16, 1895.

Hon. ASHBEL P. FITCH, Comptroller:

DEAR SIR—Mr. Graham, who has been appointed to supervise the work of the building which I am erecting for the City in Crotona Park, has called my attention to the fact that the substitution of blue stone steps for the artificial stone steps, also flagging for porch platform provided in the contract of James O'Toole for the building, would be a material benefit, in that the blue stone would afford a better wearing surface than the artificial stone. I have procured estimates from Mr. James O'Toole. The substitution of blue stone for the artificial stone for the steps would cost (including the flagging) \$890, and the substitution of blue stone for the artificial stone for the buttresses at the side of the steps, which would also have to be changed if the steps were changed, would cost \$490.

Inasmuch as the balance of the appropriation would justify this expenditure I recommend that it should be made, believing that the City would gain a value equivalent to the difference in the value of the material.

I am, yours respectfully,

GEO. B. POST.

On motion, the recommendation of the Architect was approved.

The following communication was received from the Commissioners of Accounts for lease of room No. 119 in the Stewart Building.

COMMISSIONERS OF ACCOUNTS—NEW YORK, September 4, 1895.

The Honorable the Commissioners of the Sinking Fund, New York City:

GENTLEMEN—During the month of July we found it necessary to obtain additional office room in the Stewart Building, owing to the increase in our force, and we accordingly obtained from the owner of the building the use of Room No. 119 upon the following arrangement:

The owner is to receive \$70 per month for the use of the room so long as we may find it necessary to use it, the City to have the privilege of discontinuing occupancy and stopping the payment of rent at the end of any calendar month, the owner to have the privilege of retaking possession at any time he may wish by giving us ten days' notice. The room is about twenty-one by forty-five feet and the amount of rent charged is much less than the regular rate. A partition has been erected by the owner at our request; in case we surrender the room prior to the end of six months the cost of erecting the partition is to be paid by the City; if, however, we use the room for six months, or the owner retakes possession of the same prior to the end of six months, no charge is to be made for the partition. Such arrangement has been made with the owner of the building as of August 1, 1895, subject to the approval of your Commission.

Respectfully yours,

SETH SPRAGUE TERRY, RODNEY S. DENNIS, Commissioners.

In connection therewith the Comptroller presented the following:

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE, September 4, 1895.

To the Commissioners of the Sinking Fund:

GENTLEMEN—I present herewith a communication from the Commissioners of Accounts requesting permission to lease Room 119 in the Stewart Building, upon terms and conditions therein set forth.

From the examination of this request which I have made I am satisfied that the terms upon which it is proposed to lease this room are fair and reasonable and that it would be to the interest of the City that the lease should be made. I therefore offer for adoption the following resolution.

Respectfully,

ASHBEL P. FITCH, Comptroller.

Resolved, That the Counsel to the Corporation be and hereby is requested to prepare a lease to the City from Henry Hilton of Room 119 in the Stewart Building, No. 280 Broadway, for the use of the Commissioners of Accounts, upon the terms and conditions mentioned in a communication of the Commissioners of Accounts dated September 4, 1895, and this day presented to this Board; and the Commissioners of the Sinking Fund deeming the rent fair and reasonable, and that it would be to the interest of the City that such lease should be made, the Comptroller is authorized and directed to execute such lease, when prepared and approved by the Counsel to the Corporation, as provided by sections 123 and 181 of the New York City Consolidation Act of 1882.

The report was accepted and the resolution unanimously adopted.

Very respectfully, WM. H. KIPP, Chief Clerk.

Which was referred to the Comptroller.

Petitions of the New York Board of Fire Underwriters, owners of modern high buildings, real estate agents and attorneys, fire underwriters, merchants in the dry goods district and the Hotel Association of the City of New York, and the fire insurance companies of Philadelphia, Pa., and Hartford, Conn., for an independent high-pressure water supply for this city in addition to the present supply, were received, with a request for a public hearing.

August 5, 1895. }

Hon. ASHBEL P. FITCH, Comptroller:

SIR—It is necessary for this Department to have adequate office room in the village of Williamsbridge. I understand that the former court-room on White Plains road, near Olin avenue, temporarily occupied by the New York Police, and required no longer, I am informed by that Department, can now be had.

I present this matter to your consideration so that this Department may be facilitated as suggested, as early as possible.

Respectfully,

LOUIS F. HAFFEN, Commissioner.

COMMISSIONER OF STREET IMPROVEMENTS, TWENTY-THIRD AND TWENTY-FOURTH WARDS, }
August 19, 1895. }

Hon. ASHBEL P. FITCH, Comptroller:

DEAR SIR—In connection with my letter to you of the 5th instant, asking for adequate office room for the use of this Department in the village of Williamsbridge, and suggesting for use the former court-room on White Plains road, near Olin avenue, temporarily occupied by the New York Police, which I was informed could be had, I now transmit to you the inclosed bill for rent for the office of the former Sewer Commissioners of Williamsbridge and used now by this Department.

If the Department were provided with the court-room above mentioned the rent of \$40 a month could perhaps be saved the city.

Respectfully,

LOUIS F. HAFFEN, Commissioner.

Whereupon the Comptroller moved that the Commissioner of Street Improvements, Twenty-third and Twenty-fourth Wards, be authorized to use, for the purposes of his Department, the former court-room vacated by the Police Department, on the White Plains road, near Olin avenue, the term of occupation to be at the pleasure of the Commissioners of the Sinking Fund.

A communication from the Commissioner of Street Cleaning in respect to the additional amount of money necessary for the month of September to keep the streets in their present condition, and to remove and dispose of the ashes and garbage as promptly as is now being done, was received, and,

On motion, the following preambles and resolutions were adopted:

Whereas, The thorough cleanliness of the streets and prompt removal of ashes and garbage are necessary for the preservation of the public health of this city; and

Whereas, It appears from the communication of the Commissioner of Street Cleaning dated August 27, 1895 (a copy of which is hereto annexed), that the unexpended balance of the appropriation for the year for this purpose is insufficient to properly clean the streets and to promptly remove the ashes and garbage; and

Whereas, This Board is advised by a Committee of the Board of Estimate and Apportionment, consisting of the President of the Board of Aldermen, the Comptroller, the Counsel to the Corporation, and the President of the Department of Taxes and Assessments, that the additional amount necessary for this purpose for the remainder of this year can only be lawfully appropriated, pursuant to the authority vested in the Board of Health by chapter 535, Laws of 1893; therefore

Resolved, That in the opinion of the Board of Health the preservation of the health of the community requires that greater efficiency shall be maintained in the cleaning of the streets and the removal of ashes and garbage than can be obtained by the monthly expenditure of one hundred and thirty-seven thousand five hundred and ninety-seven dollars and thirty-two cents, that being the average unexpended balance for each month, for the remainder of the year, of the appropriation for that purpose.

Resolved, That this Board, pursuant to the authority conferred by chapter 535, Laws of 1893, hereby certifies to the Board of Estimate and Apportionment that the additional sum of eighty thousand six hundred and thirty-eight dollars and sixty-eight cents should be appropriated for the month of September for the proper cleaning of the streets and the prompt removal of garbage.

Resolved, That the Board of Health expressly states that it does not ask for this appropriation of money to make good a deficiency in another department caused by expenditures in excess of the amount appropriated thereto; that it is concerned with the question of clean streets in its sanitary aspect only; and it will not consent to use the extraordinary powers conferred upon it save to provide for such cleanliness as is necessary to the proper sanitary condition of the city, and the Board wishes it to be distinctly understood that it will only consent to the expenditure of such portion of this eighty thousand six hundred and thirty-eight dollars and sixty-six cents as may be found absolutely necessary to preserve the public health, and it will, in its absolute supervision of these expenditures, see that the money is spent with the utmost economy and solely for the purpose of preserving the public health.

On motion, it was Resolved, That Clarence M. Taylor be and is hereby appointed a Junior Clerk, on probation, and subject to the rules and regulations of the Civil Service Boards, with salary at the rate of forty dollars per month, from and after September 1, 1895.

On motion, it was Resolved, That the following-named physicians be and are hereby appointed Medical Inspectors for three (3) months, from September 1, with salaries at the rate of one hundred dollars per month: T. B. M. Cross, J. W. Gallivan, Henry C. Hazen, William Jacobson, Thomas Peddie, F. S. Fielder, E. J. Graff, Jr., S. Dana Hubbard, D. F. Linehan, S. Wesley Smith, M. C. Franghiade, Gessner Harrison, J. L. Johnson, Otto Maier, A. Campbell White.

On motion, it was Resolved, That the following-named physicians be and are hereby appointed Sanitary Inspectors, on probation, under the provisions of chapter 535, Laws of 1893, and subject to the rules and regulations of the Civil Service Boards, with salaries at the rate of one hundred dollars per month, from and after September 1, 1895: Joseph A. Shears, William H. Stewart, Walter A. Dunkel, Alfred K. Smith.

The resignations of Sanitary Inspectors White, Hubbard, Harrison and Fielder, were received and accepted, to take effect August 31, 1895.

The President presented the Departmental Estimate for the year 1896, which was approved, and the Secretary was directed to forward the same to the Board of Estimate and Apportionment, and a copy to the Honorable the Board of Aldermen.

On motion, the Board adjourned.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the above shall present the same in a sealed envelope to said Commissioner of Street Cleaning at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Commissioner of Street Cleaning reserves the right to decline any and all bids or estimates, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of fifteen thousand (\$15,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of seven hundred and fifty (\$750) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by

said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.
