## BOARD OF ESTIMATE AND APPORTIONMENT.

MINUTES, BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, COUNCIL CHAMBER, CITY HALL, FRIDAY, JANUARY 22, 1904.

The Board met in pursuance of an adjournment.

Present—George B. McClellan, Mayor; Edward M. Grout, Comptroller; Timothy P. Sullivan, Acting President, Board of Aldermen; John F. Ahearn, President, Borough of Manhattan; Martin W. Littleton, President, Borough of Brooklyn; Louis F. Haffen, President, Borough of The Bronx; Joseph Cassidy, President, Borough of Queens; George Cromwell, President, Borough of Richmond.

Hon. George B. McClellan, Mayor, presiding.

The reading of the minutes of meetings held December 18, 22, 29, 1903, and January 8, 15, 1904, was dispensed with.

The Secretary presented the following opinion from the Corporation Counsel relative to the questions raised by the Board at the meeting held January 8, 1904, as to the legal status of matters pending before the Local Boards and in the Board of Estimate and Apportionment on January 1, 1904, which was ordered on file:

LAW DEPARTMENT,  
OFFICE OF THE CORPORATION COUNSEL,  
NEW YORK, January 14, 1904.

To the Board of Estimate and Apportionment:

SIRS—I am in due receipt of a communication bearing date January 11, from J. W. Stevenson, Esq., Secretary to your Board, stating that he had been directed by you to request my opinion upon the following questions:

1. Can resolutions of the Local Boards adopted prior to January 1, 1904, be legally acted upon by the present Board of Estimate and Apportionment?

2. In case it is necessary for the Local Boards now existing to initiate all proceedings for local improvements to be submitted to the present Board of Estimate and Apportionment, is it necessary that new petitions be presented to the Local Boards, or can said Boards act on petitions presented prior to January 1, 1904?

3. Can resolutions adopted by the Local Boards prior to January 1, 1904, and pending on the calendar of the Board of Estimate and Apportionment at the time of a change of the administration, be legally taken up and passed, or do they lapse?

4. Do all matters pending before the Local Boards prior to January 1, 1904, continue before the Local Boards of 1904, or do they lapse? If proceedings begun in 1903 lapse with the Administration before the Board of Estimate and Apportionment and Local Boards, to what extent are they of no effect?

In answer to this communication I have to say that the subject covered by these questions is one which has been several times carefully considered and passed upon by the Law Department under my two immediate predecessors, Hon. John Whalen and Hon. George L. Rives, and the conclusions at which this Department has arrived are as follows:

The provisions of the Greater New York Charter in reference to the authorization of public improvements, requiring the action of both the Local Boards and the Board of Estimate and Apportionment clearly imply that the action of the two Boards constitutes a single proceeding, of which the act of the Local Board only forms the first step.

I do not think under the Charter provisions that it can be said that the action of the Local Board is a proceeding complete in itself, and that the action of the Board of Estimate and Apportionment is another proceeding also complete.

If this view is correct the expiration of a Board of Local Improvement by change in its membership causes all proceedings before it to lapse, and in like manner all proceedings in the Board of Estimate and Apportionment presented to that body after action by the Local Boards must lapse by the termination of the Board of Estimate and Apportionment by change in its membership.

Not only have the foregoing conclusions been reached by this Department after careful consideration, but it has also been much impressed by the importance of extreme care in the initiation and progress of proceedings having for their end the authorization of improvements which are in the larger part payable by assessments.

As you are, of course, well aware, in attempting to enforce an assessment upon the property of citizens, every intendment is against such assessing power and all presumptions are resolved against that power.

It is therefore of the utmost importance that there should not be the smallest cloud upon any part or step of any proceeding instituted to carry out local improvements payable by assessments.

Bearing these considerations in mind, I proceed therefore to answer your questions.

The answer to the first question must be in the negative.

The answer to the second question must be that, as has been stated by my predecessor, Hon. George L. Rives, in a communication addressed to Hon. Louis F. Haffen, President of the Borough of The Bronx, under date of February 5, 1902, the safer course is to require the presentation of new petitions, to avoid any possible doubt as to the legality of the proceedings.

The answer to the third question must be that the resolutions referred to lapse.

The answer to the fourth question must be, of course, that as the proceedings mentioned have lapsed they are of no effect whatever.

I believe the foregoing answers the questions asked by you.

Respectfully yours,

JOHN J. DELANY, Corporation Counsel.

The Secretary presented the following communication from the Department of Health, requesting an appropriation of \$15,000 for defraying the necessary expenses to be incurred by said Department for the preservation of the public health, etc.:

The amount of the claim is \$207.44. I respectfully request that said sum of \$64.89 be transferred from some available unexpended balance of the appropriations for 1902 to my appropriation for "Supplies and Contingencies" for that year, to the end that this claim may be discharged.

January 14, 1904.

Mr. JOSEPH HAAG, Chief Bookkeeper:

DEAR SIR—Nine vouchers have been filed in the Department of Finance, for the sum of \$150 each, or \$1,350 in all, in favor of commissioners appointed to examine into the sanity of certain persons under indictment for a felony in the County of New York.

The expense thereof is chargeable against the appropriation "Disbursements and Fees, under section 658, Code of Criminal Procedure, New York County, 1903."

It appears from your books that sufficient money is not available in said appropriation to meet all of the within claims, and I therefore ask that you take such steps as may be necessary to secure a transfer sufficient to replenish the fund so that all of said vouchers may be paid at one time.

The Secretary presented a communication from the former Register of the County of Kings, requesting the Board to determine whether he should proceed with the work commenced under chapter 621 of the Laws of 1903, relative to discharging mortgages, etc., and present a charge for services at its completion or have some understanding with regard to compensation in advance.

Referred back to former Register with the request that he suggest a course to be pursued in relation to the matter and an estimate of the cost for completing the work under said plan.

The Secretary presented the following report of the Appraiser of Real Estate of the Department of Finance relative to the purchase at private sale of certain property at Hamilton, Monroe, Pike, Cherry and Market streets, in the Borough of Manhattan, as part of the anchorage for the Manhattan bridge:

CITY OF NEW YORK,  
DEPARTMENT OF FINANCE—COMPTROLLER'S OFFICE,  
January 6, 1904.

Hon. EDWARD M. GROUT, Comptroller:

SIR—The Board of Estimate and Apportionment heretofore authorized the institution of condemnation proceedings for the acquisition of property in the Borough of Manhattan as part of an anchorage site for the Manhattan Bridge in said Borough, and at a subsequent meeting of the said Board a resolution was adopted which vested title in The City of New York on September 15, 1903.

One of the owners of a piece of property located within the area of this bridge anchorage is the estate of Albina E. Goodspeed. In the vesting of title by The City of New York to the Goodspeed property I find that the line, as adopted by the Department of Bridges, cut off one-half of a three-story brick building on the Goodspeed property. This would mean the total destruction of the building, with the City paying not only for the damages to the land, but for the destruction of the entire building, and I have been informed by the expert for the Bridge Department in condemnation proceedings that any award made by the Commission would be in excess of the amount of money which we could purchase the property for at private sale. The representative of the Goodspeed estate offers to dispose of the entire three-story brick building, with the land as described in the accompanying resolution upon which it stands, for the sum of \$20,000. This amount the expert considers reasonable and just. It has the approval of Mr. Harris, the Assistant Corporation Counsel in charge of the condemnation proceedings, and in the acquisition of this property at that price, \$20,000, I consider the City is allowing a fair value.

After this property is acquired the City could then throw the entire plot of ground into the plaza of the bridge, and this was made the subject of a report to the Board of Estimate and Apportionment in the matter of the changing of the map of The City of New York in changing the line of the anchorage site. The change of line had the approval of the late Commissioner of Bridges, the Corporation Counsel, the Engineer of the Board of Estimate and Apportionment, and at a meeting of the Board of Estimate and Apportionment held on the 18th day of December, 1903, a resolution was adopted changing the map of The City of New York, under section 442 of the amended Greater New York Charter as amended by the acts of the Legislature of 1903, and the curved line of the plaza was straightened. This resolution of the Board of Estimate and Apportionment was later on approved by his Honor the Mayor.

I would respectfully recommend that the Board of Estimate and Apportionment adopt a resolution authorizing the acquisition of the land described in the resolution hereto attached, owned by the Goodspeeds, which is now embraced within the area of the anchorage site for the Manhattan Bridge, in the Borough of Manhattan, at a price not exceeding \$20,000.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate in Charge of Bureau.

The following was offered:

Whereas, The Board of Estimate and Apportionment having heretofore approved of the selection of a site as part of the anchorage for the Manhattan Bridge, in the Borough of Manhattan, and having by resolution authorized the institution of condemnation proceedings for the acquisition thereof, and the vesting of title thereof on September 15, 1903; and

Whereas, At a meeting of the Board of Estimate and Apportionment held on the 18th day of December, 1903, a resolution was adopted by the said Board changing the map of The City of New York by adding to the area of the street or plaza line surrounding the said anchorage site, which resolution was thereafter approved by the Mayor; therefore be it

Resolved, That the Comptroller be and he hereby is authorized to acquire from the estate of Albina E. Goodspeed all the right, title and interest of the said estate of Albina E. Goodspeed of, in and to any award that may be made by the Commissioners in Condemnation Proceedings now pending for the acquisition of the property, title to which vested in The City of New York on said 15th day of September, 1903, and of the property now included within the area of the said street or plaza, which two parcels are bounded and described as follows:

All that certain lot, piece or parcel of land situate, lying and being in the Borough of Manhattan, in The City of New York, and being in the interior of the block bounded by Hamilton street, Monroe street, Pike street, Cherry street and Market street, and bounded and described as follows:

Beginning at the northeasterly corner of the land late of Armstrong, now O'Brien, where the division line between the lands of the said Armstrong, or O'Brien, and lands now of Goodspeed, if prolonged easterly would intersect the westerly line of the lands of Whitehead Hicks, which point is also about 72 feet north of Cherry street; running thence westerly and along the line dividing the lands of said Armstrong, or O'Brien, and Goodspeed, 19 feet, more or less, to the northwesterly corner of the land of said Armstrong, or O'Brien; running thence northerly and on a line in prolongation of the westerly line of the lands of said Armstrong, or O'Brien, 136 feet, more or less, to the land now or late of Shannon and others; running thence easterly and along said Shannon's land 19 feet, more or less, to the land of Whitehead Hicks; thence southerly, and along the land of said Hicks 136 feet, more or less, to the point or place of beginning,

—at a price not exceeding \$20,000, said contract to be submitted to the Corporation Counsel for his approval.

Which was adopted by the following vote:

The Mayor, Comptroller, Acting President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens—15.

The Secretary presented a communication from Dr. Brannan, President of the Board of Trustees, Bellevue and Allied Hospitals, requesting an appropriation of \$592,400 for the construction of the new Fordham Hospital.

Laid over for consideration with the bond budget.

The Comptroller presented the following resolutions, calling upon the Borough Presidents, heads of departments, etc., to submit to the Board of Estimate the amount of Corporate Stock which they will request during the calendar year:

Resolved, That the Presidents of the several Boroughs, the heads of the Departments, Bureaus, Offices, Boards or Commissions of The City of New York and the counties of New York, Kings, Queens and Richmond, be and they are hereby requested to submit to the Board of Estimate and Apportionment an estimate of the amount of Corporate Stock (not assessment bonds nor bonds for street and park openings) which each of them will request said Board to authorize to be issued during the calendar year commencing January 1, 1904; and

Resolved, That the Secretary of this Board, in transmitting the above resolution, call the attention of the officials to whom the resolution is addressed to the fact that Corporate Stock can be issued only in accordance with the provisions of sections 47 and 169 of the Greater New York Charter, and of special acts of the Legislature, and that requests for such issues must be limited to the necessary requirements of the City.

Which were unanimously adopted.

The Secretary presented the following communication from the Commissioner of Street Cleaning, transmitting form of contract for the purchase of thirty-seven double dumping trucks for the use of the Department in the Borough of Brooklyn, together with an opinion of the Corporation Counsel relative thereto:
