Fourth—Certificates in respect to the vacation of premises used as a lodging house at No. 104 Vesey street, Borough of Manhattan.

On motion, the following preamble and resolution was adopted:

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 104 Vesey street, used as a lodging house, in the Borough of Manhattan, has become dangerous to life and is unfit for human habitation because of defects in the construction of the same, namely, lack of auxiliary fire appliances.

Ordered, That all persons in said building situated on lot No. 104 Vesey street, used as a lodging house, in the Borough of Manhattan, be required to vacate said building on or before March 4, 1909, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the construction of the same, namely, lack of auxiliary fire appliances.

And further, That this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Fifth—Report on compliance with certain orders to vacate premises, etc.

On motion, it was

Resolved, That the following orders be and are hereby rescinded, for the reason that the causes for the same have been removed:

BOROUGH OF MANHATTAN.

No.
14361. No. 39 East Thirty-first street.
340. No. 743 First avenue.
449. No. 537 East Twelfth street.
1185. No. 531 Fifth street.

BOROUGH OF BROOKLYN.

480. No. 79 Walton street.
6130. No. 1640 Atlantic avenue (rear).

Sixth—Certificates declaring premises at No. 49 South street, No. 243 East Thirteenth street, No. 400 East Eighty-second street and No. 332 East One Hundred and Seventh street, Borough of Manhattan; No. 1260 Castle Hill avenue, Nos. 2366 and 2368 Tiebout avenue and vacant lots at the southeast corner of Kelley street and Intervale avenue, Borough of The Bronx, public nuisances.

On motion, the following orders were entered:

Whereas, The premises No. 49 South street, Borough of Manhattan, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of the barber shop, in its present condition, be discontinued.

Whereas, The premises No. 243 East Thirteenth street, Borough of Manhattan, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of the barber shop, in its present condition, be discontinued.

Whereas, The premises No. 400 East Eighty-second street, Borough of Manhattan, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of the barber shop, in its present condition, be discontinued.

Whereas, The premises No. 332 East One Hundred and Seventh street, Borough of Manhattan, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of the barber shop, in its present condition, be discontinued.

Whereas, The premises No. 1260 Castle Hill avenue, Borough of The Bronx, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of the barber shop, in its present condition, be discontinued.

Whereas, The premises Nos. 2366 and 2368 Tiebout avenue, Borough of The Bronx, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the ceiling and walls of the stable thereat be cleaned and whitewashed; that the rear yard, used for holding manure, be cleaned and disinfected, and all manure removed therefrom; that hereafter all manure be kept inside the stable, and removed from the premises daily, unless pressed in bales, barrels or boxes, so as to reduce it to not more than one-third the original bulk; that all offensive earth be removed from beneath the stable floor, and the ground space cleaned, disinfected, cemented, and so graded and drained as to discharge all surface water and liquid matter into the street sewer, by and through a properly trapped extra heavy iron drain; that the floors of the horse stalls be provided with a valley drain, properly trapped, and connected with the sewer connected drain.

Whereas, The vacant lots at the southeast corner of Kelly street and Intervale avenue, Borough of The Bronx, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the vacant lots and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said vacant lots as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the approach to the vacant and sunken lots be inclosed by a suitable fence.

TOPOGRAPHICAL BUREAU.

The City of New York,
Office of the President of the Borough of The Bronx,
One Hundred and Seventy-seventh street and Third avenue,
New York, October 1, 1908.

Mr. JOSIAH A. BRIGGS, Chief Engineer of the Borough of The Bronx:

Sir—In accordance with your instructions, I have the honor to submit the following report of work done under my charge during the months of July, August and September, 1908.

The Topographical Bureau of the President of the Borough of The Bronx is charged with the following duties:

I. To make the topographical surveys, computations, maps or plans and profiles and reports in connection with the following three (3) divisions of work:

(a) The preparation of a design for the Street System in those parts of the Borough where a design is not adopted as yet, and the making of surveys, maps, etc., showing changes of adopted street system and grades; also the preparation of three copies for filing of all matters which have been adopted by the Local Boards or approved by the Board of Estimate and Apportionment.

(b) The actual demarcation on the ground by monument stones and copper bolts on the lines of adopted avenues, streets, public squares, places, etc., and the protection of the same when improvements are being made.

(c) The making of surveys, searches, maps, technical descriptions, profiles, etc., for the Commissioners of Estimate and Assessment in the matter of acquiring title by the City to avenues, streets and other public property.

II. To keep in custody the record and maps of all matters pertaining to work under the jurisdiction of the Topographical Bureau; also keeping in custody all maps filed in relation to the Borough of The Bronx under the Department of Public Parks, the Commissioner of Street Improvement of the Twenty-third and Twenty-fourth Wards and the President of the Borough of The Bronx.

III. To make examinations, maps and reports on miscellaneous matters referred by the Chief Engineer of the Borough of The Bronx.

I.-(a)—PREPARATION OF THE DESIGN OF A STREET SYSTEM, MAPS SHOWING CHANGES OF ADOPTED STREET SYSTEMS, ETC.

Calculations, maps and plans showing dimensions of blocks and grades of streets and avenues were progressed on these sections which are not interfered with by the proposed railroads through the Borough.

The fixture sheets, which show the relation between the new street system and existing street lines and property lines by dimensions and co-ordinates, were progressed.

Computations were also made for all the changes or establishing of new street lines, grades, etc., which have been before the Local Boards and for which maps were forwarded to the Board of Estimate and Apportionment for adoption and filing.

Calculations, in accordance with the United States Coast and Geodetic Survey Triangulation, were progressed on Sections 35, 38, 40, 42, 44 and 46.

Section 47 of the Final Maps of the Borough of The Bronx, prepared in accordance with the United States Triangulation, was forwarded for adoption July 9, 1908.

Section 29 of the Final Maps of the Borough of The Bronx, prepared in accordance with the United States Triangulation, was forwarded for adoption July 15, 1908.

Section 30 of the Final Maps of the Borough of The Bronx, prepared in accordance with the United States Triangulation, was forwarded for adoption August 27, 1908.

Tentative plans and changes in the street system, which were made during the quarter, are enumerated under "Maps forwarded for consideration and adoption."

Miscellaneous studies and maps for a street system are in progress for those portions of the district east of the Bronx river, for which no plans have been submitted as yet to the Board of Estimate and Apportionment.

A revision of the Spuyten Duyvil, Riverdale and Mount St. Vincent Districts, in connection with the plans for the approaches to the Henry Hudson Memorial Bridge, and the proposed wide boulevards, was progressed and a preliminary map showing two main boulevards was forwarded.

The following is a statement of office work in relation to computations:

III. TO MAKE EXAMINATIONS, MAPS AND REPORTS ON MISCELLANEOUS MATTERS REFERRED BY THE CHIEF ENGINEER OF THE BOROUGH OF THE BRONX.

During the quarter 211 communications were referred for report in the Topographical Bureau by the Chief Engineer and the Secretary of the President of the Borough of The Bronx and 190 reports and letters were written on these subjects.

Numbering of Houses in the Borough.

The Board of Aldermen on April 26, 1904, resolved, That the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of $5,000 in accordance with the provisions of subdivision 8, section 188 of the amended Greater New York Charter, the proceeds thereof to be applied to the cost and expense of renumbering and naming the streets and avenues in the Borough of The Bronx, and the Board of Estimate and Apportionment on April 7, 1905, approved and concurred in the above resolution of the Board of Aldermen.

The work was assigned to the Topographical Bureau and a system was established for this purpose.

A map showing the house numbers for the Borough of The Bronx was prepared and has been photo-lithographed for distribution.

During the quarter notices of official house numbers were given out when requested.

A record of the new house numbers is kept on atlases on file in the Topographical Bureau.

Miscellaneous.

During the quarter the correcting and bringing up to date the atlases of the street system west of the Bronx river, in the office of the President of the Borough of The Bronx, Chief Engineer, Topographical Bureau, Bureau of Highways and Bureau of Sewers, was kept up.

The card index of street improvements in the Borough of The Bronx for the President of the Borough and the Chief Engineer was kept up.

Plotting and draughting of record maps, fixture sheets, maps for adoption, office sets and black prints of the sections east of the Bronx river, was continued.

During the quarter work to bring up to date for reproducing the lithographed sections of the Final Maps, west of the Bronx river, which were printed in 1895, was progressed.

Work on the mounted sheets of sections of the Final Maps was progressed.

The Topographical Map, on a scale of 150 feet to the inch, being a reduction of the original eighty-foot sheets, was continued.

The correcting of the tax maps of the Borough of The Bronx and in use in the Topographical Bureau was continued.

Maps showing the proposed fixtures preparatory to computing block dimensions in accordance with the United States Triangulation were progressed.

Instruction sheets for the computers of the sections of the Final Maps, east of the Bronx river, were progressed.

Work of revising and improving the nine sheet maps of the Borough of The Bronx for reprinting was carried on.

The set of tax maps of the Borough of The Bronx in use in the Topographical Bureau was kept up to date, as follows:

Section 10, Volumes 15, 16, 17 and 18, Twenty-fourth Ward.

Three vaults of the Topographical Bureau were kept in order.

295 maps or plans on file in said vaults were given out for examination and returned.

Work on indexing survey note books of field parties, which were incomplete, was progressed.

Examination of the 80-foot scale sheets of the Topographical Survey, east of the Bronx river, are in progress in order to determine which field books refer to the respective sheets. This work is very laborious and requires great care.

The work of rearranging the weekly time reports since 1876 was progressed.

The following black prints were mounted and colored up, as copies of filed maps, requested by the Chief Engineer of the Board of Estimate and Apportionment:

1. Map or plan showing the change of grade of Westchester avenue, from St. Peter's avenue to Lane avenue.

2. Map or plan showing the change of lines of West One Hundred and Thirty-first street, from Riverdale avenue to Kingsbridge avenue, and from Albany road to Bailey avenue; and changing the grades of West Two Hundred and Thirty-first street, between Riverdale avenue and Bailey avenue, and of the intersecting streets affected thereby.

3. Plan of drainage for temporary sewer for house sewage only in East Two Hundred and Thirty-seventh street (Elizabeth street), between White Plains road and Barnes avenue.

4. Section 54 of the Final Maps of the Borough of The Bronx.

5. Modified plan of drainage showing location, sizes and grades of sewers in Sewerage Districts Nos. 37-BB and 38-W.

Many maps, sketches, tracings, black prints and blue prints were made auxiliary to preparing maps for adoption and in connection with various other works under the jurisdiction of the Topographical Bureau; also a considerable amount of copying and searching of records in the different city departments and the Register's office of New York City and Westchester County at White Plains.

Respectfully,

FREDERICK GREIFFENBERG, Topographical Engineer.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX.

BROOKLYN DISCIPLINARY TRAINING SCHOOL.

REPORT FOR THE YEAR ENDING DECEMBER 31, 1908.

Office of the Board of Managers,
Nos. 4 and 5 Court Square,
Borough of Brooklyn, City of New York.

To the Hon. GEORGE B. McCLELLAN, Mayor of The City of New York:

Sir—The Board of Management of the Brooklyn Disciplinary Training School for Boys respectfully presents herewith the report of the Superintendent, and also the report of the President of the Board, for the year ending December 31, 1908, and we respectfully submit the same as our report for that period.

During the year just elapsed we have cared for 481 boys, classified as follows:

(A) Number from seven to twelve years of age	112
(B) Number from twelve to fifteen years of age	312
(C) Number fifteen years and over	57

During this period we received from the courts, committed for crimes other than a felony, 219, and we discharged to their parents, guardians or to employment, 245. And there remains in the institution at this date 231.

Of the large number discharged during the past year, it is gratifying to say, after a careful investigation, that less than three per cent. were returned to other institutions by the courts; hence it can be stated with certainty that the object for which this institution was established is filling its mission of reform as a semi-criminal institution for the reformation of a class of children found unfit for association with children destitute or deserted, and not accused of crime in any degree, and committed at public expense to religious and eleemosynary institutions principally supported by charitable contributions or endowments.

"The fact is so well founded that the depraved will be far more likely to contaminate the innocent than that the innocent will uplift and improve the depraved; if, for no other reason, this is true because the latter are always in large majority."

It is not the spirit or intention of your Board of Management to tabulate the various offenses for which the children are committed, or record in this report the depravity and neglect of their parents who should, and are to some degree held responsible by the experienced and humane judges of the Children's Court. A merciful discrimination is made in favor of the children, and the commitments are made to read "Disorderly Conduct" or "Vagrancy" to cover the more serious grades of crime in favor of the youthful offender, and their spirit of magnanimity is encouraged and practised in our reformative effort with results at once encouraging and satisfactory.

All semblance of a prison has been excluded from our plan of discipline. It is impressed upon their young minds that their assignment to this institution is to correct evil habits, cure physical defects and encourage a spirit of manliness by the development of the body and education of the mind and hand. Substantial reward is received for good conduct, and prison cells or corporal punishment are unknown in the discipline of the school. The character of each ward is made a study, and all are classified carefully in subdivisions according to age, character and conduct. A commendable spirit of rivalry exists in all departments to win a place on the records for preferment, and on those lines depend the winning of their recommendation for advancement and discharge. Equal rights to all and special privileges to none is fundamentally the principle that all enjoy, and when discipline is found necessary it is meted out in full accord with the gravity of the offense, after a careful investigation that leads to substantial proof.

Religious instruction is administered by a clergyman of each denomination; trade schools in many branches, and an ample pro rata of recreation hours during the day. The spirit of American boyhood is encouraged to a high degree and all is founded on a correct understanding of military discipline as laid down in the United States Army Code.

Parental responsibility is encouraged by the liberal rules of the Board of Management, which permits them to vist the institution daily at established hours and at intervals to harmonize, as a reward to their boys for good conduct. This privilege has won great favor in the courts, as it tends to preserve the relationship between the parent and the child. The Children's Court of this Borough, from whom we receive the largest number of the commitments, has within the short period of its establishment revolutionized conditions in bringing back to parents their responsibility to the body politic, the care and training of a child committed to the institution to ascertain their ability to contribute toward their support, and it can be stated that a considerable sum has been collected by the City from this enactment of law in the Borough of Brooklyn last year. It will at once be admitted that much is being done in relieving the City in a financial way, as well as tending to preserve the self-respect of the parents, and, above all, it has impressed them with a sense of their responsibility for the future good conduct of the child when returned to his home, after a sojourn in the Brooklyn Disciplinary Training School for a few months.

It is a remarkable fact that few boys are returned to this institution by the court out of the large number discharged, whose parents were compelled by law to compensate the City to some extent during the term of his commitment, though a large number of those who were returned to their homes were under the school age of fifteen years; hence, we should conclude that the wisdom of the court should be credited with a trend of reform greater than ever existed before, and establishing a sure cure, which is found a good cure in administering the law, not only to the criminally inclined boy but to the preserving of the relationship that should exist between the parents and the child.

The year which has just closed has been one of great activity in each of the educational divisions of the institution, in support of which I take liberty of submitting the following extracts from the visiting grand juries, the State Board of Charities, representatives of our municipal and State governments, heads of charitable and eleemosynary institutions, all of whom without exception have most favorably commended the administration briefly as follows:

Extract from Report of Inspector W. L. Weeden, of the State Board of Charities.

"The general administrative conditions, as regards cleanliness and order, were good. The military drill by the boys was exceptionally praiseworthy."

Comptroller Metz, before the Board of Estimate and Apportionment, said:

"There should be new buildings. I have been down there, and the houses are in very bad condition. You could get better results with decent habitations. I believe I have heard the school very highly recommended; even the president of the Catholic Protectory thinks very well of your institution."

Extracts from Remarks Made by the Hon. P. F. McGowan, President of the Board of Aldermen.

"I visited your trade and educational school, and am very well pleased with the exhibitions I have seen in the departments.

"I am very much gratified with my visit to the institution, and compliment the Board of Management on the success attained. I am so gratified that I have requested Mr. Farrell to perform a favor which I desire to extend as an expression of my satisfaction of this visit."

Extracts from Remarks Made by Mr. A. C. MacNulty, Counsel for the Charter Revision Commission.

"I have been interested for the last eight or nine years in institutions of The City of New York, but I have not seen any institution where the boys looked so manly and so well behaved, and I want to compliment you. I am glad that the gentlemen who are to frame up the revised Charter of The City of New York will have an opportunity of stating what a fine lot of manly boys you are. I want to compliment you for the fine band music and discipline. Your officers are the finest I have seen anywhere out of West Point."

The Hon. W. W. Niles, Dr. E. R. L. Gould, of the Charter Revision Commission, were equally complimentary in their remarks of the discipline and education of the school.

The Hon. Bird S. Coler, President of the Borough of Brooklyn, made a number of visits during the year. He highly commended the plan of discipline and education of the boys, and the many needed repairs and improvements requested by the Board of Management of this institution are at present in operation, under the direction of the Bureau of Public Buildings and Offices.

Among many others enthusiastic over the good work accomplished may be mentioned Mr. M. Montague Adler, of the New York University; Brother Barnabus, of the New York Catholic Protectory; Mr. Edmund J. Curry, of the New York Catholic Protectory, and the Hon. Augustus Floyd, Commissioner of the State Board of Charities.

It can be briefly stated as an extract from the detailed financial report of the Superintendent of expenditures for the year ending December 31, 1908, herewith submitted, that the total expenditure is $47,979.30, for an average of 258 boys, and the rate per capita found to be $185.925; and when the increased cost of supplies over that of the previous year is considered it will be admitted that the support of the City's wards at the Brooklyn Disciplinary Training School, which is a City institution, supported by City funds, is lower than any other institution under City or State control.

The trend of education in school and trade shops is directed to fit your wards more for trades and other employment found in urban centres, and should they fail in opportunity our military education fits them to fill positions in such departments as Fire and Police, the Army and Navy, and many other departments of the government.

Classification enters largely in our plan of disciplining the mental and physical development of our youthful delinquents, and we find that the methods employed for reformation are not difficult when made attractive. Twelve years of experience and service has placed the institution past the experimental stage, and its increasing necessities for enlargement appeal with obligatory emphasis to the City authorities for more generous consideration than has been accorded in the past.

No institution within the bounds of the great metropolis or the Empire State is so well adapted, by location, education and discipline, to cure the disease of crime in early stages as the Brooklyn Disciplinary Training School for Boys; hence we urgently appeal for an extension of our accommodations and facilities, for buildings adequate, congregate and segregate, to accommodate a population of from six to seven hundred boys, and thus permit us to perform the high duty of responsibility to the municipality and the people alike.

For evil associations we substitute rewards for good conduct; instead of prison cells we have secular and religious instruction, trade schools, and an ample pro-rata of recreative hours during the day. That these methods are successful in accomplishing intended results there is ample testimony to show, and it might be mentioned that out of the large number of boys released during the past year from this institution we have received only a single complaint from parents or guardians.

Hence we appeal with hope to your Honor's administration for a favorable consideration of the necessary improvements to meet the constantly increasing demands on the present inadequate structures, and so often referred to in the innumerable visits and reports of grand juries, civic societies, and the State Board of Charities, a few of which are published in this report for your Honor's information.

In conclusion, I respectfully submit the list of officers of this institution, the Superintendent's report of the finances, health, schools, trade shops, discipline and detailed condition of each department as they exist for the current year of 1908.

Respectfully yours,
RICHARD BENNETT, President.

Superintendent's Report for the Year.

To the Board of Managers of the Brooklyn Disciplinary Training School for Boys, Eighteenth avenue, between Fifty-sixth and Fifty-eighth streets:

Gentlemen—I take pleasure in presenting my annual report as Superintendent, for the year ending December 31, 1908.

The usual statistics for the year 1908 are respectfully submitted, and I trust will be accepted and made part of this report.

It is gratifying to state that the general health of the inmates of the institution for the year has been excellent. A single death only is recorded during the life of the institution, now entering on its thirteenth year, and it is a rare occurrence to have more than a single boy as a patient in our hospital.

The religious instruction of the boys has been faithfully conducted by the chaplains of the different denominations—Protestant, Catholic and Hebrew.

Population.

It is particularly gratifying to be able to report that the great liberality exercised by your honorable board in the discharge of your wards during the past year, numbering 245, has materially encouraged the children and parents alike, and this plan of commutation for good conduct, education and discipline has met favor from the courts, by the large assignments received during the year, which exceed in number those sent to any other institution from the Boroughs of Kings, Queens and Richmond.

A comparative statement of population, discharges and expenditures for salaries and merchandise, the equipment of shops and schools, and repairs with the per capita cost, including ordinary and extraordinary expenses, is herewith enumerated.

While the strictest economy existed in each Department the food supply was regulated only by the appetites of wards; each was supplied with three suits of clothing during the year, two changes of underwear and a sweater, completed their requirement in raiment.

If a comparison of expenditures were made with more favored institutions in population and structural equipment, it would be found favorable to your administration.

I trust the following brief summary will be found sufficiently convincing to prove that waste or extravagance does not exist in this institution in the expenditure of public money, a review of which is respectfully submitted in detail for the year 1908, as follows:

Financial Statement of Expenditures, January 1, 1908, to December 31, 1908.

Balance returned to Sinking Fund	616 43					
		2,020 70		5 443		
		$47,979 30		$185 925		

Actual expenditure from January 1, 1908, to December 31, 1908, $47,979.30 for the support and maintenance of an average of 258 boys. Rate per capita, $185.925.

Total number cared for during the year, 481 boys.

I trust the foregoing will be accepted as my financial report for the year ending December 31, 1908.

Many new equipments have been added to our shops, and, other improvements made throughout the buildings, which might be classified under the head of extraordinary expenses, but not classified in the general results.

The curriculum of the trade shops, military discipline and school education, has been carefully and successfully carried out during the year. The school education has been reorganized to conform to that established in our public schools.

It will be noted with much satisfaction the great liberality in the number of discharged from the institution during the year, numbering 245; or 18 over that of 1907; and it can be stated with certainty that none were assigned to their parents, guardians or employment who were not fully qualified for the distinction of your clemency, after the careful investigation of your Committee on Discharge.

The training of the hand had been found good, but best when combined with the training of the mind. The good work of the shops has not been secured at the expense of the school room and systematic instruction has been given daily, morning and afternoon, in the common English branches, as in the shops, where thoroughness is required.

Withal, the military discipline of the school is held up to a standard unexcelled in any institution in this State or city, and music holds the high position it had attained in my previous report.

In the health records of the school it will be found that we have had but one death and at the present writing there is not a single boy in the hospital needing treatment.

I take the liberty of submitting a few out of many reports from visiting Grand Juries, the Board of Health, and those of many civic and religious societies engaged in similar work and with some degree of pride I state that a single complaint or adverse criticism upon the administration and discipline of the institution has not been made by those qualified to judge of the character of work employed for the reformation of your wards.

I would be ungrateful were I not in this report to acknowledge the sympathy and encouragement extended to me by the honorable members of your Board of Management for which confidence and support I must gratefully acknowledge and without which my efforts could not have been successful.

Respectfully submitted as my report for the year 1908.

JAMES P. FARRELL, Superintendent.

"Save the boy that makes the man, the Bulwark of the Nation."—Farrell.

The following schedule of daily exercises, showing the physical and mental occupation of your wards will, I trust, be accepted by your Honorable Board as practicable and efficient in the direction of discipline, education and moral, industrial and physical development.

Nothing could be more interesting or of greater educational value to your wards than the Sunday evening lectures which are illustrated by stereopticon views. By means of these views, the boys are given a knowledge of the different countries of the world, their attention called to famous and interesting subjects of history by your Superintendent, who delivers the lectures, and explains the subject represented by each view. Prior to the lecture and illustrations the boys are exercised in singing the National songs, accompanied by the school brass band, whose efficient playing is a subject of great comment by all who have had the pleasure of hearing it, and of which the school may be justly proud.

School Curriculum.

I take pleasure in presenting to your Honorable Board the following brief report of progress made in each of the educational departments during the year ending December 31, 1908, the details of which have been presented at the regular monthly meetings of your Honorable Board.

The class schedule is composed of six classes—three in the morning and three in the afternoon, with an average attendance of twenty-five boys in each class; night class of two hundred and eight, and a special night class of fifty boys. The day classes cover a period of six hours—three in the morning and three hours in the afternoon session; the boys alternating class work with trades shops. All the ordinary branches of a common school education, as shown in the curriculum, are taught here.

There has been a considerable increase in promotions during the year, as compared with that of any previous year, the boys showing remarkable interest in their work and a desire for advancement. A great deal of individual work has been done, and the boy who was inclined to be dilatory in his class work was urged on by strenuous efforts to compete with those who successfully reached the top.

As a rule the boys are quite responsive to the interest manifested in them, and it is a very rare occasion in which any other measure than that of moral suasion has to be resorted to, to insure perfect discipline and good feeling in the class room.

The study of history and geography is very much facilitated by the stereopticon views given at the Sunday evening entertainments—the lines followed during the week on those subjects, and current historical events are closely in touch with the views given.

In addition to the regular day classes a special class has been instituted for backward boys whose education has been seriously neglected previous to their entering the school, and whose talents are not up to the ordinary standard. Those boys receive special coachings two hours each evening and two and one-half hours Saturday morning on those subjects in which they are most deficient. Particular attention has been given to original drawings, and the improvement made in this branch is quite satisfactory. Marked progress has been made in the ordinary branches of education, as shown by the result of examination by the Committee on Education held periodically during the year.

Study Hall Exercises—Two hours each night are devoted to preparation of lessons for the day following. The studies for each day are written on the blackboards and careful supervision is brought to bear on the students to insure the best results. This exercise has borne good fruit, as, when the boys present themselves in class, they have a fair knowledge of the school work for that day.

The class exercises are begun and ended with the "Salute to the Flag."

Report of the Attending Physician.

During the year 1908 the following cases have been under treatment. The health of the inmates of the institution has been excellent and a case of contagion is of rare occurrence. A late examination of the boys' eyes convinced the Inspector that the much dreaded disease trachoma was unknown in the institution.

It is a rare exception to find more than one patient in our hospital, and then only for a short time, and none have been rejected out of a large number received for physical or mental defect. Our Physician is untiring in his attention, and the greatest credit is due to our house mother for the efficient care of her large family of boys:

MARK MANLEY, M. D.

Report on Dental Surgery.

During the year each new arrival had his mouth thoroughly examined before leaving the Detention Ward, and semi-annually thereafter, and every tooth that can be saved is filled.

It is evinced from the bad condition of their teeth that their parents or guardians have not taught them the importance of cleaning and caring for their teeth as a necessary requisite to good health. A marked improvement was found at last examination over last year, and our young patients seem to have lost all fear of the Dentist, owing to the application of an anaesthetic which makes extraction practically painless.

The following is submitted as my report from this department for the year 1908:

Synopsis of Distribution to Schools, Shops, etc.

The following synopsis of distribution to shops and industrial departments of the institution shows that all inmates are receiving much needed mental and manual training, and the high percentages shown in each of the monthly reports of the progress in the various departments indicate success that deserves the high commendation expressed by members of the grand juries and others.

A daily record of each ward's progress is kept by the Instructor in each department, from which a monthly report is made of his standing in class, shops and drill, and the average per cent. is credited.

All understand the importance and value of a good record, not alone in good conduct, but in each subdivision of employment; many look forward to the monthly report to discover how the record stands in some special branch in which they have not succeeded in previous reports. Understanding that everything comes to him who exercises effort in school, shop and drill, the boy attaining 75 per cent., qualified by age, which is usually placed at 14 years, finds little difficulty in obtaining a discharge to his parents or employment, if they are found competent to assume the responsibility after due investigation by your Committee on Discharge.

DEPARTMENT OF PARKS.

REPORT FOR THE QUARTER ENDING MARCH 31, 1908.

Department of Parks, Manhattan and Richmond,
The Arsenal, Central Park,
April 4, 1908.

Hon. GEORGE B. McCLELLAN, Mayor:

Sir—I have the honor to transmit herewith quarterly report of the operations and finances of the Department of Parks, Boroughs of Manhattan and Richmond, for the three months ending March 31, 1908.

Respectfully,
HENRY SMITH, Commissioner.

DEPARTMENT OF PARKS.

BOROUGHS OF MANHATTAN AND RICHMOND.

Report for the Quarter Ending March 31, 1908.

Extensive alterations were made to the drainage system of the Department shops in the eighty-sixth transverse road, certain modifications being made necessary by the use of the existing vitrified pipe laid in the floor of the shops, for sewage purposes. The receiving basin was divided into two chambers, one connecting directly with the City sewer in the transverse road, and constructed with a water seal to prevent the gases from escaping through the receiving basin into the street. In connection with this work the floor of the blacksmith's shop was underdrained with agricultural tile pipes.

The Department force constructed a 10-foot walk in Central Park, west of the terrace bridge, crossing the plot known as the island, at the junction of the branch drive south of the lake, connecting with the walk bordering the lake on the west. The work included the excavation of 180 cubic yards of earth and the laying of about 3,200 square feet of rubble foundation for asphalt walk. This improvement is a great convenience to persons crossing through the park from east to west.

A double water supply connection was installed between the two systems supplying water at the arsenal. The system from the bridle road which is connected with the main at Fifty-ninth street was connected with the pipe supplying the Arsenal Building from Fifth avenue, so that in the event of a break or emergency on either the Fifty-ninth street main or the Fifth avenue main, the water supply for the menagerie and arsenal will not be affected.

A new bridle road concourse was constructed at the entrance to Central Park at Sixty-sixth street, near Eighth avenue.

Work in connection with the contract for the improvement of St. Nicholas Park, north of One Hundred and Thirty-fifth street, between St. Nicholas avenue and St. Nicholas terrace, was carried on when the weather would permit. It consisted of the removal of earth and rock excavation, planting of rustic rocks, spreading of manure and mold, laying of sod, laying of porous tile, setting of bluestone edging and steps, building of rubble masonry, laying of asphalt walks, and the construction of the water supply system. The park was practically completed during the quarter, and opened for use of the public.

The work of improving that portion of St. Nicholas Park, south of One Hundred and Thirty-fifth street, was continued during the quarter.

Work on the improvement of Colonial Park, north of One Hundred and Forty-ninth street, consisted of shaping and regulating the slopes, removing underbrush, regulating the fill in embankments and depositing rubblestone foundation 8 inches thick for asphalt walks.

On account of a general stoppage and failure of the plumbing in the comfort station in Riverside Park, at Seventy-second street, it was necessary to reconstruct the plumbing. The slopes and walks adjacent to the building also had to be reconstructed, having been undermined and torn away. The work was done by the Department force, and consisted of the construction of one basin, the setting of 90 linear feet of bluestone edging, the laying of 880 square feet of rubblestone foundation for walk pavement, 880 square feet of concrete finish, 20 linear feet of 6-inch drain pipe.

The work under contract for paving and repaving with rock asphalt mastic the walks of Central and other parks in the Borough of Manhattan was resumed during the quarter. Fifty thousand square feet of asphalt mastic walk pavement and 400 cubic yards of concrete in foundations being laid.

The furnishing and setting of new curb stones, and alterations to drainage on Fifth avenue, between Fifty-ninth and Sixtieth streets, and between Ninetieth street and the plaza at One Hundred and Tenth street, which had been suspended, was resumed in March.

The erection of tree guards and furnishing and erecting pipe rail fences with wire mesh facing, around the tree plots on Cathedral parkway, was completed.

In addition to the above, the Engineering force were employed in the preparation of surveys, working drawings, estimates of cost, specifications, contract plans, etc.

The pruning of trees in the parks and on City streets was carried on during the quarter. Many trees were removed from streets in the lower section of Manhattan, which had been killed by the encroachment of property owners upon the sidewalk space for business purposes. In a majority of cases the trees were killed by escaping gas which permeated the soil around the roots.

The spring planting was delayed until the latter part of March, owing to the late frosts. Sodding was commenced about the same time and large areas in the parks were made ready for seeding by spading the defective portions.

The bridle roads were harrowed and worked with sand and fine gravel.

The gardening, laboring and mechanical forces were engaged principally upon the routine work incident to this season of the year. The lawns were manured, walks and drives cleaned of dirt and snow, and all of the buildings, rolling stock and other park property put in repair.

COMMISSIONERS OF THE SINKING FUND.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, in accordance with the provisions of chapter 372 of the Laws of 1907, will hold a public hearing in Room 16, City Hall, Borough of Manhattan, at 11 o'clock a. m. on Tuesday, March 16, 1909, relative to a communication of the Commissioner of Docks, transmitting for the approval of the Commissioners of the Sinking Fund an amendment of the proposed plan of pier layout in South Brooklyn, between Twenty-eighth and Thirty-sixth streets.

There is but a single change to be considered, namely, the widening of the most northerly pier from 60 to 80 feet. The Dock Commissioner states that the width of 60 feet was sufficient under the old layout, which called for a pier about 380 feet shorter than is called for in the present plan. The present plan calls for a longer pier, which makes the change in width necessary.

The Chief Engineer of the Department of Finance, in his report to the Comptroller states that in his opinion the proposed amended plan may properly receive the approval of the Commissioners of the Sinking Fund.

BOARD OF WATER SUPPLY.

TO CONTRACTORS.

SEALED BIDS OR PROPOSALS WILL BE received by the Board of Water Supply, in the office of the Board, No. 299 Broadway, New York, Room 910, ninth floor, until 11 a. m. on

TUESDAY, APRIL 6, 1909,

for—

CONTRACT 17—FOR THE CONSTRUCTION OF ABOUT 14,100 LINEAR FEET OF PLAIN CONCRETE CONDUIT KNOWN AS CUT-AND-COVER AQUEDUCT; and

CONTRACT 18—FOR THE CONSTRUCTION OF ABOUT 15,600 LINEAR FEET OF PLAIN CONCRETE CONDUIT KNOWN AS CUT-AND-OVER AQUEDUCT.

The aqueduct will be 17 feet high by 17½ feet wide inside. The work is located in the towns of Shawangunk, Ulster County, and Montgomery, Orange County, about eight miles northwest of Newburg, New York.

Bids or proposals are invited for either or both contracts separately, and for both contracts combined. Any bidder may make a bid for either contract or for both contracts combined. A separate form of proposal will be furnished for the purpose of a combined bid.

An approximate statement of the quantities of the various classes of work and further information are given in the "Information for Bidders," forming part of the contract.

At the above place and time the bids will be publicly opened and read. The award of the contract, if awarded, will be made by the Board of Water Supply as soon thereafter as practicable. The Board may reject any or all bids.

Two or more bonds, the aggregate amount of which shall be Two Hundred and Sixty Thousand Dollars ($260,000) under each contract, will be required for the faithful performance of the contract. Each bond must be signed by the contractor and the sureties. The name and address of each surety offered must be stated in the bid or proposal, together with the amount in which each surety will qualify. The sureties and the amount in which each will qualify must be satisfactory to the Board.

No bid will be received and deposited unless accompanied by a certified check upon a National or State bank, drawn to the order of the Comptroller of The City of New York, to the amount of twenty-five thousand dollars ($25,000) for each contract. Only one check for each contract will be required, whether bids are submitted for the contracts separately or combined. Time allowed for the completion of work under each contract is 42 months from the service of notice by the Board to begin work.

Pamphlets containing information for bidders, forms of proposal, contract and bond, approved by the Corporation Counsel, and specifications, and pamphlets containing contract drawings, can be obtained at the office of the Board of Water Supply, Room 1515, at the above address, upon application in person or by mail, by depositing the sum of ten dollars ($10) in currency or check drawn to the order of the Board of Water Supply for each pamphlet, or twenty dollars ($20) for each set. This deposit will be refunded upon the return of the pamphlets in acceptable condition within thirty days from the date on which bids are to be opened.

DEPARTMENT OF HEALTH.

DEPARTMENT OF HEALTH, CORNER OF FIFTY-FIFTH STREET AND SIXTH AVENUE, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

AT A MEETING OF THE BOARD OF Health of the Department of Health of The City of New York, held March 11, 1909, the following preamble and orders were adopted:

Whereas, The Board of Health of the Department of Health of The City of New York having taken and filed among its records what it regards as sufficient proof to authorize its declaration that the same, to the extent herein specified, is a nuisance dangerous to life and detrimental to health, under the general authority of said Board, to preserve the public health and abate nuisances, does hereby

Order, That the being or running loose and at large of dogs in the streets, avenues, highways or other public places in The City of New York is a public nuisance dangerous to life and detrimental to health by reason of many persons being bitten by dogs, and the prevalence of rabies, the said Board hereby enters in its records the same as a nuisance, and hereby orders the abatement thereof; and all persons are hereby forbidden to allow dogs owned, harbored, possessed or controlled by them, to be or run loose and at large in the streets, avenues, highways or other public places in The City of New York; and no dog shall be allowed to run loose and at large as aforesaid in any of the places aforesaid unless muzzled in such manner as to protect persons from being bitten, or unless held by a leash or chain not more than four feet in length; and it is further hereby

Ordered, That any and all dogs loose and at large in any of the public streets, avenues, highways or other public places in The City of New York, unless muzzled or held as aforesaid, shall be destroyed by Inspectors or other duly authorized agents and officers of the Department, designated and as directed by the Sanitary Superintendent; further be it

Ordered, That this order and regulation be and the same shall remain in force and effect until the 15th day of May, 1909, and that public notice of the requirements hereof and of this order be printed in the CITY RECORD and posted and kept posted in each of the Borough offices of the Department of Health for five days in succession, beginning March 15, 1909.

Whereas, The Board of Estimate and Apportionment is authorized and required, at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of McGraw avenue, the said distance being measured at right angles to McGraw avenue, where it is intersected by a line distant 100 feet northeasterly from and parallel with the northeasterly line of Unionport road, the said distance being measured at right angles to Unionport road, and running thence southeastwardly along the said line parallel with Unionport road to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of McGraw avenue and Benedict avenue as these streets are laid out east of Pugsley avenue; thence westwardly along the said bisecting line to the intersection with a line distant 100 feet southerly from and parallel with the southerly line of McGraw avenue, the said distance being measured at right angles to McGraw avenue; thence westwardly along the said line parallel with McGraw avenue to the intersection with the easterly line of Storrow street; thence westwardly in a straight line to a point in the westerly line of Storrow street where it is intersected by a line bisecting the angle formed by the intersection of the prolongations of the southerly line of McGraw avenue and the northerly line of Westchester avenue as these streets are laid out between White Plains road and Beach avenue; thence westwardly along the said bisecting line to a point distant 100 feet westerly from the westerly line of Beach avenue, the said distance being measured at right angles to the line of Beach avenue; thence northwardly and always 100 feet westerly from and parallel with the westerly line of Beach avenue to the intersection with the prolongation of a line midway between McGraw avenue and Wood avenue as these streets are laid out west of White Plains road; thence eastwardly along the said line midway between McGraw avenue and Wood avenue, and along the prolongation of the said line, to the intersection with a line bisecting the angle formed by the intersection of the prolongations of the centre lines of Wood avenue and McGraw avenue as these streets are laid out between Storrow street and Gray street; thence eastwardly along the said bisecting line to a point distant 100 feet northerly from the northerly line of McGraw avenue, the said distance being measured at right angles to McGraw avenue; thence eastwardly and always 100 feet northerly from and parallel with the northerly line of McGraw avenue, and the prolongation thereof, to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 26th day of March, 1909, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD for ten days prior to the 26th day of March, 1909.

Dated March 13, 1909.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment held on February 26, 1909, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Avenue N, from the angle point near East Sixty-fourth street to Paerdegat Basin; of the street, or public place, bounded by the easterly line of Ralph avenue, the prolongation of the southerly line of Avenue N as laid out westerly from Ralph avenue, and the prolongation of the southerly line of Avenue N as laid out easterly from Island avenue, and of that portion of Ralph avenue between Avenue N and a line at right angles to Ralph avenue, passing through a point on its easterly side where it is intersected by the southerly line of the aforesaid street or public place, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the easterly line of Ralph avenue where it is intersected by the prolongation of a line midway between Avenue N, as laid out easterly from Island avenue, and Avenue T, and running thence westwardly at right angles to Ralph avenue to the intersection with a line midway between East Fifty-seventh street and East Fifty-eighth street; thence northwardly along the said line midway between East Fifty-seventh street and East Fifty-eighth street to the intersection with a line midway between Avenue M and Avenue N; thence eastwardly along the said line midway between Avenue M and Avenue N, and the prolongation thereof, to the intersection with a line midway between Avenue M and Avenue N as these streets are laid out easterly from Ralph avenue; thence northeastwardly along the said line midway between Avenue M and Avenue N to the intersection with the southwesterly bulkhead line of Paerdegat Basin; thence southeastwardly along the said bulkhead line to the intersection with a line midway between Avenue N and Avenue T; thence southwestwardly along the said line midway between Avenue N and Avenue T, and the prolongation thereof, to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 26th day of March, 1909, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD and the corporation newspapers for ten days prior to the 26th day of March, 1909.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment, held this day, the following proceedings were had:

Whereas, The New York and North Shore Traction Company, has, under date of December 16, 1908, and January 18, 1909, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a street surface railway as an extension to its proposed route upon and along various streets and avenues from the Village of Flushing to the Village of Whitestone, in the Borough of Queens, together with certain alternative routes, as set forth in said petition; and

Whereas, Section 92 of the Railroad Law, and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on December 18, 1908, fixing January 22, 1909, as the date for public hearing on the first-named petition, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "Flushing Evening Journal" and the "Long Island City Daily Star," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, On January 22, 1909, the public hearing on the petition dated December 16, 1908, was continued until February 19, 1909, and the Board adopted a resolution on January 22, 1909, fixing the date for public hearing on the petition dated January 18, 1909, as February 19, 1909, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "Flushing Evening Journal" and the "Long Island City Daily Star," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day, and the public hearing on the petition dated December 16, 1908, was concluded on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the New York and North Shore Traction Company, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of resolution for the grant of the franchise or right applied for by the New York and North Shore Traction Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the New York and North Shore Traction Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this day of 1909, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York and North Shore Traction Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double-track street surface railway, with the necessary wires and equipment, for the purpose of conveying persons and property in the Borough of Queens, in The City of New York, upon the following route, to wit:

Beginning at and connecting with the proposed tracks of the Company to be constructed upon a route for which a franchise was granted by a contract dated February 1, 1909, on Chestnut street at Murray lane; thence northerly in and upon Murray lane to Higgins lane; thence easterly in and upon Higgins lane to a point where Ninth avenue if extended would intersect said Higgins lane; thence northerly through private property along the line of Ninth avenue to Fourth street; thence westerly in and upon Fourth street to Eighth avenue; thence northerly in and upon Eighth avenue to Twenty-first street; thence easterly in and upon Twenty-first street to Eleventh avenue; thence northerly in and upon Eleventh avenue to a point about 300 feet north of the north side line of the Boulevard in the former Village of Whitestone, all in the Borough of Queens.

One of the following alternative routes may be used in the place of and upon the abandonment of the portion of the route above described between the intersection of Chestnut street and Murray lane and the intersection of Fourth street and Eighth avenue:

(1) Beginning at and connecting with the proposed tracks of the Company to be constructed upon the route for which a franchise was granted to the Company by a contract dated February 1, 1909, in Chestnut street at Van Riper avenue, so called; thence northerly in and upon Van Riper avenue to and across Bayside avenue; thence northerly through private property to Higgins lane at a point thereon near the intersection of said Higgins lane with Seventh avenue; thence easterly in and upon Higgins lane from said point to Seventh avenue; thence northerly in and upon Seventh avenue to Fourth street; thence easterly in and upon Fourth street to Eighth avenue, and there connecting with the route first herein described.

(2) Beginning and connecting with the proposed tracks of the Company to be constructed upon the route for which a franchise was granted to the Company by a contract dated February 1, 1909, in Chestnut street at Brewster avenue; thence in and upon Brewster avenue to and across Bayside avenue; thence northerly through private property to Higgins lane at a point thereon westerly from the intersection of said Higgins lane with Seventh avenue; thence easterly in and upon Higgins lane from said point to Seventh avenue; thence northerly in and upon Seventh avenue to Fourth street; thence easterly in and upon Fourth street to Eighth avenue, and there connecting with the route first herein described.

(3) Beginning and connecting with the proposed tracks of the Company to be constructed upon the route for which a franchise was granted to the Company by contract dated February 1, 1909, in Chestnut street, at a point near the intersection of Central avenue with Chestnut street; thence northerly upon private property, and crossing Bayside avenue; thence, still upon private property, to Higgins lane, at a point thereon near the intersection of said Higgins lane with Seventh avenue; thence in and upon Higgins lane to Seventh avenue; thence northerly in and upon Seventh avenue to Fourth street; thence easterly in and upon Fourth street to Eighth avenue, and there connecting with the route first herein described.

The said routes, with switches and crossovers, are shown upon a map entitled:

"Map showing proposed street surface railway of the New York and North Shore Traction Company in the Borough of Queens, to accompany petition for a franchise to the Board of Estimate and Apportionment, dated December 17, 1908, and also petition dated January 18, 1909, to said Board."

—and signed by John J. Stanley, President, and Charles H. Clark, Consulting Engineer, a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional switches and crossovers which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—It is agreed that the Company before commencing construction on any portion of the routes herein described lying between Chestnut street and the intersection of Fourth street with Eighth avenue, shall notify the Board in writing which one of the three routes herein described between Chestnut street and the intersection of Fourth street with Eighth avenue the Company selects and adopts as the route upon which it shall construct the railway. Upon such notification by the Company to the Board all of the rights and privileges hereby granted upon the routes not so selected and designated shall be considered null and void and of no effect, and the Company shall be deemed thereupon to have waived all rights or franchises which are hereby granted upon the routes not so selected and designated by the Company. The Company further agrees that it shall select and designate its route as herein provided not later than six months from the date upon which this contract is signed by the Mayor.

Second—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within six (6) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall, within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Third—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor until February 1, 1934, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one year

before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Fourth—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of five thousand dollars ($5,000) in cash within four (4) months after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum, which shall in no case be less than one thousand five hundred and seventy-five dollars ($1,575), and which shall be equal to three (3) per cent, of its gross annual receipts if such percentage shall exceed the sum of one thousand five hundred and seventy-five dollars ($1,575).

During the second term of five (5) years an annual sum, which shall in no case be less than two thousand six hundred and fifty dollars ($2,650), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of two thousand six hundred and fifty dollars ($2,650).

During the third term of five (5) years an annual sum, which shall in no case be less than two thousand nine hundred dollars ($2,900), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of two thousand nine hundred dollars ($2,900).

During the fourth term of five (5) years an annual sum, which shall in no case be less than three thousand eight hundred and fifty dollars ($3,850), and which shall be equal to six (6) per cent. of its gross annual receipts, if such percentage shall exceed the sum of three thousand eight hundred and fifty dollars ($3,850).

During the remaining term of five (5) years an annual sum, which shall in no case be less than four thousand two hundred dollars ($4,200), and which shall be equal to six (6) per cent. of its gross annual receipts, if such percentage shall exceed the sum of four thousand two hundred dollars ($4,200).

The gross annual receipts mentioned above shall be that portion of the gross earnings of the Company from all sources within the limits of the City as shall bear the same proportion to such gross earnings as the length of the extension hereby granted shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimums shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law as amended.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes, of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Fifth—The annual charges or payments shall continue throughout the whole term of this contract, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payments for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Sixth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege, upon the same or other terms and conditions, over the same streets and avenues hereinbefore described.

The use of said railway which shall be constructed by the Company under this contract, including the tracks, wires and other equipment, or any structure in public streets and avenues owned by the Company and used in connection therewith, shall be permitted by the Company to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets and avenues hereinbefore described, for street railway purposes, for a distance not exceeding two thousand (2,000) feet, upon payment of an annual sum by such individual or corporation to the Company, which shall not exceed the legal interest on such proportion of the whole cost of the construction of such railway and structures, and of the cost of keeping the tracks and track equipment in repair, as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation and the cost of laying and repairing of pavement and removal of snow and ice, and all the other duties imposed upon the Company by the terms of this contract in connection with the maintenance or the operation of the said railway so used. Provided, however, that if in the opinion of the Company the legal rate of interest of the cost of such railway shall be an insufficient sum to pay for the use of such tracks, it may appeal to the Board, and the Board may fix a percentage of the cost to be paid to the Company at a sum in excess of the legal rate of interest, if in its opinion such action is justified.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Seventh — The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Eighth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract, as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Ninth—The Company shall commence construction of the railway herein authorized within six (6) months from the date upon which the consents of the property owners are obtained, or from the date upon which the decision of the Appellate Division of the Supreme Court that such railway ought to be constructed is rendered in lieu of such consents, and shall complete the construction and place the same in full operation within eighteen (18) months from the date of obtaining such consents or such decision, otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided, that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company; and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board, either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Tenth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time the rights hereby granted shall cease and determine.

Eleventh—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structure in the streets and avenues over which such officials have jurisdiction, and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Twelfth — Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of Queens, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Provided, however, that the Board, at any time after the first ten (10) years of this contract, upon giving to the Company one year's notice, may require the Company to operate its railway upon the whole or upon any portion of its route by underground electric power substantially similar to the system now in use on the street surface railways in the Borough of Manhattan, or by any other practical motive power then in use which does not require the use of poles and overhead wires in the streets and avenues, and thereupon to discontinue the use of the overhead trolley system, and to remove its poles, wires and other structures used by it for that purpose from the streets and avenues of the City.

Thirteenth—Upon six (6) months' notice by the Board to the Company all wires for the transmission of power, except trolley wires, for the operation of the railway, upon all or any portion of the route hereby authorized, shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two (2) ducts not less than three (3) inches in diameter for the exclusive use of the City. Such ducts shall be used only by the Company for the operation of its railway, and by the City as above.

Fourteenth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on said railway, or a line or branch operated in connection therewith, to any point thereof, or of any connecting line or branch thereof, within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Fifteenth—No cars shall be operated upon the railway hereby authorized, other than passenger cars, cars for the transportation of express matter and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

The rate for the carrying of such property over the said railway upon the cars of the Company shall in all cases be reasonable in amount, subject to the control of the Board, and may be fixed by the Board after notice to the Company and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, its successors or assigns, and no greater sums shall be charged for such service than provided for by it.

Sixteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Seventeenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Eighteenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Nineteenth—Cars on the said railway shall run at intervals of not more than thirty minutes, both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board. Provided, however, that the Company, during the first five years of this contract, shall not be required to operate its cars between the hours of 1 o'clock a. m. and 5 o'clock a. m., each day, unless the Board shall determine after a hearing had thereon that public convenience requires the operation of cars during said hours.

Twentieth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall cause to be watered at least three times every twenty-four hours when the temperature is above 35 degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed sixty (60) feet between curb lines, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Twenty-first—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the President of the Borough of Queens, enter into an agreement for each winter season or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-second—As long as the said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-third—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-fourth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized, be changed at any time after the railway has been constructed, and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said street the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-fifth—Should, in the opinion of the President of the Borough of Queens, the present roadway of any of the said streets and avenues be of insufficient width to accommodate both railway and other vehicular traffic, the Company shall widen such roadway under the direction of the President of the Borough of Queens to a width sufficient to accommodate such traffic, provided that no roadway shall be widened beyond the total width of the street or avenue.

Twenty-sixth—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner as directed by the City officials having jurisdiction over such public work.

Twenty-seventh—If at any time before or during construction of the railway the Board should deem any of the streets and avenues on which said railway is to be constructed of insufficient width to accommodate both railway and other vehicular traffic, the Company shall either construct and operate its railway upon a private right of way outside of the lines of such streets, or avenues, or shall purchase and cede to the City a strip of land adjacent thereto, for the purpose of widening the same to a width sufficient for the use of a street surface railway and for the accommodation of other vehicular traffic. If such street or avenue is so widened the Company shall grade the roadway thereon as directed by the City official having jurisdiction over the construction of streets and avenues.

Twenty-eighth—Where the bridges, viaducts or culverts encountered in the route are of insufficient width to carry the roadway as the same may be widened as herein provided, or of insufficient strength to bear the additional load of a street surface railway, the Company shall either carry its tracks upon new structures independent of the existing ones, so as not to interfere with the present and future use by the City of such bridges, viaducts or culverts, or shall, without cost to the City, construct new bridges, viaducts or culverts sufficiently wide to carry the roadway as the same may be widened, as herein provided.

Provided, however, that the Company shall not be required to pay the portion of the cost of strenghtening or rebuilding of the existing bridge across the tracks of the Long Island Railroad at Eighth avenue, which the Long Island Railroad Company shall be required to pay, pursuant to law.

Twenty-ninth—The Company hereby agrees that if the City is or shall become entitled to acquire, and shall at any time during the term of this contract acquire, or otherwise come into possession of any of the property on which this Company shall construct railway tracks, on the route herein described, no compensation shall be awarded for the right to have railway tracks thereon.

Thirtieth—The Company shall submit to the Board a report, not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Compay as may be required by the Board.

Thirty-first—The Company shall at all times keep accurate books of account of the gross earnings from all sources, within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross earnings, the total miles in operation within the limits of the City and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Thirty-second—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day, not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear action may be taken by the Board forthwith.

Thirty-third—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars ($250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Thirty-fourth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues in which the Company is authorized to operate.

Thirty-fifth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to renay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirty-sixth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with

the Comptroller of the City the sum of five thousand dollars ($5,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railway, and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or, after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten days' notice in writing to the Company; or, in case of failure to keep the said terms and conditions of this contract relating to the headway, heating and lighting of cars, fenders, wheel guards and watering of street pavements, the Company shall pay a penalty of fifty dollars ($50) per day for each day of violation, and the further sum of ten dollars ($10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel guards, in case of the violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its President, to appear before him on a certain day not less than ten (10) days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of five thousand dollars ($5,000), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-seventh—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-eighth—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title," encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Thirty-ninth—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. This grant is also upon the further and express condition that the provisions of the Railroad Law, pertinent hereto, shall be strictly complied with by the Company.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the New York and North Shore Traction Company, and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, April 2, 1909, in the CITY RECORD, and at least twice during the ten (10) days immediately prior to April 2, 1909, in two daily newspapers to be designated by the Mayor therefor, and published in The City of New York at the expense of the New York and North Shore Traction Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the New York and North Shore Traction Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, April 2, 1909, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

SUPREME COURT—FIRST DEPARTMENT.

FIRST DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the northerly side of TWENTIETH STREET and the southerly side of TWENTY-FIRST STREET, between Eighth and Ninth avenues, in the Borough of Manhattan, in The City of New York, duly selected as a site for school purposes, according to law.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Appraisal in the above entitled proceeding, de hereby give notice to the owner or owners, lessee or lessees, parties or persons respectively entitled to or interested in the lands, tenements, hereditaments and premises title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties or persons respectively entitled to on interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Education, in the Borough of Manhattan, City of New York, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, March 12, 1909, file their objections, in writing, with us, at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York; and we, the said Commissioners, will hear parties so objecting, at our said office, on the 24th day of March, 1909, at 10.30 o'clock in the forenoon of that day, and upon such subsequent days as may be found necessary.

Dated New York, March 11, 1909.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, acting by and through the Board of Docks, relative to acquiring right and title to and possession of the uplands and lands, rights, terms, easements, emoluments and privileges of and to the uplands and lands necessary to be taken for the improvement of the waterfront of The City of New York on the North River, between Bloomfield street and Little West Twelfth street, and between Tenth and Thirteenth avenues, pursuant to the plan heretofore adopted by the Board of Docks and approved by the Commissioners of the Sinking Fund.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our second supplemental estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Room 401, No. 258 Broadway, in the Borough of Manhattan, in The City of New York, on or before the 23d day of March, 1909, and that we, the said Commissioners, will hear parties so objecting and for that purpose will be in attendance at our said office on the 24th day of March, 1909, at 2 p. m.

Second—That the abstract of our said second supplemental estimate and assessment, together with our damage map, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 23d day of March, 1909.

Third—That, provided there be no objections filed to said second supplemental estimate and assessment, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 13th day of April, 1909, at the opening of the Court on that day.

Fourth—In case, however, objections are filed to said second supplemental estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Manhattan, New York, March 11, 1909.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of EDEN AVENUE (although not yet named by proper authority), from East One Hundred and Seventy-second street to East One Hundred and Seventy-fourth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN TO ALL PERsons interested in the above-entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned, Commissioners of Estimate, have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 29th day of March, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 30th day of March, 1909, at 1 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objections thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 29th day of March, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 30th day of March, 1909, at 2 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 16th day of November, 1906, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the intersection of the southeasterly side of the Grand Boulevard and Concourse with the westerly side of Morris avenue, and running thence southwardly along the westerly side of Morris avenue to the northwesterly side of College avenue; thence southwesterly along the northwesterly side of College avenue to the northeasterly side of East One Hundred and Seventy-first street; thence northwesterly along the northeasterly side of East One Hundred and Seventy-first street to the southeasterly side of Sheridan avenue; thence northeastwardly and northwardly along the easterly side of Sheridan avenue to a point one hundred feet south of the southerly side of Belmont street; thence westwardly along a line one hundred feet south of the southerly side of Belmont street and parallel therewith to the easterly side of the Grand Boulevard and Concourse; thence northeastwardly along the southeasterly side of the Grand Boulevard and Concourse to the westerly side of Morris avenue, the place of beginning, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 7th day of April, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 7th day of May, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

In the matter of the application of The City of New York, relative to amending its application heretofore made in the matter of acquiring title in fee, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of VAN ALST AVENUE (although not yet named by proper authority), from Hoyt avenue to Winthrop avenue, in the First Ward of the Borough of Queens, City of New York.

PURSUANT TO THE STATUTES IN SUCH cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, Second Department, at a Special Term of said Court, for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on Monday, the 22d day of March, 1909, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for an order amending and correcting the proceedings entitled "In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of Van Alst avenue (although not yet named by proper authority), from Hoyt avenue to Winthrop avenue, in the First Ward, Borough of Queens, City of New York," as shown on a map or plan adopted by the Board of Estimate and Apportionment on June 23, 1905, and approved by the Mayor on July 11, 1905, by changing the lines of said Van Alst avenue, between Hoyt and Winthrop avenues, so as to move said avenue twenty-five (25) feet east of its present position.

That the said Van Alst avenue as so changed by a resolution adopted by the Board of Estimate and Apportionment on the 8th day of February, 1907, is bounded and technically described as follows:

Parcel "A."

Beginning at a point formed by the intersection of the northerly line of Hoyt avenue with the easterly line of Van Alst avenue, as the same was adopted by the Board of Estimate and Apportionment February 8, 1907;

1. Running thence westerly for one hundred and eight-tenths (100.8) feet along the northerly line of Hoyt avenue to the westerly line of Van Alst avenue;

2. Thence northerly deflecting to the right ninety-seven degrees fourteen minutes (97 degrees 14 minutes) for three thousand seven hundred and thirty-one and seventy-eight hundredths (3,731.78) feet along the westerly line of Van Alst avenue to the southerly line of Wolcott avenue;

3. Thence easterly deflecting to the right ninety degrees (90 degrees) for one hundred (100) feet along the southerly line of Wolcott avenue to the easterly line of Van Alst avenue;

4. Thence southerly for three thousand seven hundred and nineteen and nine hundredths (3,719.09) feet along the easterly line of Van Alst avenue to the northerly line of Hoyt avenue, the place of beginning.

Parcel "B."

Beginning at a point formed by the intersection of the northerly line of Wolcott avenue with the easterly line of Van Alst avenue, as the same was adopted by the Board of Estimate and Apportionment February 8, 1907;

1. Running thence westerly for one hundred (100) feet along the northerly line of Wolcott avenue to the westerly line of Van Alst avenue;

2. Thence northerly deflecting to the right ninety degrees (90 degrees) for eight hundred (800) feet along the northerly line of Van Alst avenue to the southerly line of Winthrop avenue;

3. Thence easterly deflecting to the right ninety degrees (90 degrees) for one hundred (100) feet along the southerly line of Winthrop avenue to the easterly line of Van Alst avenue;

4. Thence southerly for eight hundred (800) feet along the easterly line of Van Alst avenue to the northerly line of Wolcott avenue, the place of beginning.

Van Alst avenue is shown on a map entitled "Plan showing a change in the map of The City of New York, Borough of Queens, by altering the lines of Van Alst avenue, from Hoyt avenue to Winthrop avenue, in the First Ward, Borough of Queens, City of New York." The said map is dated March 26, 1907, and filed in the office of the Clerk of the County of Queens on the 18th day of May, 1907, and in the offices of the President of the Borough of Queens and the Corporation Counsel of The City of New York on or about the 14th day of May, 1907.

NOTICE IS HEREBY GIVEN THAT BY AN order of the Supreme Court, bearing date the 23d day of November, 1908, and duly entered in the office of the Clerk of the County of Queens, at his office in Jamaica, in the Borough of Queens, in The City of New York, on the 6th day of January, 1909, a copy of which order was duly filed in the office of the Clerk of the County of Queens, we, Clinton B. Smith, John F. Cassidy and Michael J. Connor, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Queens on the 6th day of January, 1909; and the said John F. Cassidy was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the Clerk of the County of Queens on the 6th day of January, 1909, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue, and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, with such affidavit and other proof as the said owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 18th day of March, 1909, at 2 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proof of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, City of New York, March 4, 1909.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of CHURCH AVENUE, from Flatbush avenue to East Eleventh street, in the Twenty-ninth Ward, Borough of Brooklyn, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our amended and supplemental estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 23d day of March, 1909, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 25th day of March, 1909, at 2 o'clock p. m.

Second—That the abstracts of our said amended and supplemental estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 3d day of April, 1909.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

On the east by the westerly line of Flatbush avenue; on the north by a line drawn parallel with Church avenue and distant 500 feet northerly of the northerly line of Church avenue; said distance being measured at right angles to the line of Church avenue; on the west by the easterly line of East Eleventh street (Stratford road), and on the south by a line drawn parallel with Church avenue and distant 500 feet southerly of the southerly line of Church avenue, said distance being measured at right angles to the line of Church avenue.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 30th day of April, 1909, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, March 4, 1909.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of BUTLER AVENUE, between Eureka place and Broadway, ARENTS AVENUE and CHESTNUT STREET, between Bentley avenue and Church street, as laid out on the map or plan of The City of New York, in the Fifth Ward, Borough of Richmond, City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 18th day of March, 1909, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 19th day of March, 1909, at 2 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with him at his office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 18th day of March, 1909, and that the said Commissioner will hear parties so objecting, and for that purpose will be in attendance at his said office on the 19th day of March, 1909, at 3 o'clock p. m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 11th day of January, 1907, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Richmond, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the intersection of the prolongation of a line midway between Eureka place and Amboy avenue with a line 100 feet westerly from and parallel with the westerly side of Bentley street, the said distance being measured at right angles to the line of Bentley street, and running thence northerly and parallel with Bentley street to the intersection with the prolongation of a line midway between Broadway and Eureka place, and through that portion of their length between Bentley street and Butler avenue; thence easterly along said line midway between Eureka place and Broadway and the prolongation thereof to the intersection with a line midway between Bentley street and Butler avenue; thence northerly along said line midway between Bentley street and Butler avenue and the prolongation thereof to a point 100 feet north of Broadway, said distance being measured at right angles to the line of Broadway; thence easterly, parallel with Broadway, to the intersection with the prolongation of a line midway between Butler avenue and Main street; thence southerly along said line midway between Butler avenue and Main street and the prolongation thereof to the intersection with a line midway between Broadway and Eureka place, through that portion of the length of the said streets between Butler avenue and Main street; thence easterly along said line midway between Broadway and Eureka place and the prolongation thereof to the centre line of Main street; thence along the centre line of Main street to the intersection with the prolongation of a line midway between Arents avenue and Broadway, through that portion of their length between Main street and Johnson avenue; thence northerly and along a line midway between Arents avenue and Chestnut street, and Broadway, and the prolongation of said line to a point distant 100 feet east of the easterly side of Church street, said distance being measured at right angles to the line of Church street; thence southerly and parallel with the line of Church street to the intersection with the prolongation of a line midway between Chestnut street and Amboy avenue; thence easterly along said line midway between Amboy avenue and Chestnut street and the prolongation thereof, and along a line midway between Arents avenue and Eureka place, and Amboy avenue, to the point described as the point or place of beginning. The said streets designated as Bentley street, Broadway, Church avenue, Amboy avenue, Johnson avenue and Main street being the streets thus known in the vicinity, although not yet placed upon the map of the City.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings, in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 19th day of March, 1909.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 18th day of May, 1909, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

SECTION NO. 14, TOWN OF OLIVE, ULSTER COUNTY, N. Y.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal, under chapter 724 of the Laws of 1905, as amended, and the acts relating thereto.

Such application will be made to the Supreme Court at a Special Term thereof, to be held at the Court House, in the City of Kingston, County of Ulster, N. Y., on the 20th day of March, 1909, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and at least one of whom shall reside in the County of Ulster, to act as Commissioners of Appraisal under said act, and discharge all the duties conferred by said act and the acts amendatory thereof.

The following is a description of the real estate to be acquired, together with a reference to the date and place of filing the map:

All those certain pieces or parcels of real estate situated in the Town of Olive, County of Ulster and State of New York, shown on a map entitled "Reservoir Department. Section No. 14. NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905, as amended, and the acts relating thereto.

Such application will be made to the Supreme Court at a Special Term thereof to be held at the Judges' Chambers in the City of Poughkeepsie, Dutchess County, N. Y., on the 27th day of March, 1909, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the County of Orange, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by said act and the acts amendatory thereof.

The following is a description of the real estate to be acquired, together with a reference to the date and place of filing the map:

All those certain pieces or parcels of real estate situated in the towns of Cornwall, New Windsor and Newburg, County of Orange and State of New York, shown on a certain map entitled: "Northern Aqueduct Department, Section No. 8. PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
