COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the President of the Borough of Queens:

No. 1334.

President of the Borough of Queens—Designating Albert C. Benninger to Act in His Stead.

The City of New York Office of the President of the Borough of Queens, Long Island City, March 1, 1917.

Hon. FRANK L. DOWLING, President of the Board of Aldermen, City of New York:

Dear Sir—Pursuant to the provisions of section 383 of the Greater New York Charter, and opinion of the Corporation Counsel, dated January 15, 1908, based thereon, I have designated Albert C. Benninger, Assistant Commissioner of Public Works, to act as Member of the Board of Aldermen of the City of New York, in and for the President of the Borough of Queens, at a meeting of the Board of Aldermen advertised to be held in the City Hall, Borough of Manhattan, New York City, on this date at 1:30 P. M. Yours very truly,

RICHARD S. NEWCOMBE, Commissioner of Public Works and Acting President of the Borough of Queens.

Which was ordered on file.

The President laid before the Board the following communication from the Department of Health:

No. 1335.

Department of Health—Request for \$14,000 Special Revenue Bonds for Additional Employees.

City of New York, Department of Health, Office of the Secretary, February 27, 1917.

Board of Aldermen, City Hall, New York City:

Sirs—At a meeting of the Board of Health of the Department of Health held February 27, 1917, the following resolution was adopted:

Resolved, That the Board of Aldermen, pursuant to the provisions of subdivision 8 of section 188 of the amended Greater New York Charter, be and it is hereby respectfully petitioned to request the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds to an

amount not exceeding the sum of \$14,000, the proceeds whereof to be applied to provide personal service necessary to make sanitary inspections of all institutions in receipt of public funds, including the physical examination of inmates therein.

The reasons submitted to the Board of Health which resulted in this action, are the following:

There was recently inaugurated in the Department of Public Charities a Bureau of Institutional Inspection for the purpose of performing medical examinations and sanitary inspections in the institutions under its jurisdiction in addition to other duties, such as, education, recreation and social needs of the inmates.

The original plan called for medical examinations and sanitary inspections by a medical staff under the immediate jurisdiction of the Department of Public Charities. Inasmuch, however, as the Department of Health since 1916, has been making physical examinations once a year of the children in 84 private and public child-caring institutions, and further, as the functions of the Department of Health are clearly specified under the Public Health Law and the Sanitary Code, the necessity for the presence of physicians of the Department of Health at frequent intervals in these institutions, would, perhaps, indicate that the new institution service as contemplated by the Department of Public Charities, might be met by a similar or moderate increase in the staff of the Division of Institution Inspection of the Department of Health, and thus avoid conflict of medical authority and advice, and at the same time providing the Department of Public Charities with medical inspection of an amount and quality probably superior to what they could demand with their own medical service as proposed.

It was agreed, therefore, that the Department of Health should perform those phases of institution inspection work which referred to the medical examinations and sanitary inspections, leaving to the Department of Public Charities the service dealing with spiritual education, recreation, or social needs of the inmates in these institutions.

The number and character of the institutions which receive public monies, and therefore come under the service proposed, are the following:

Within the City Limits—

| No. Institutions. | Caring for Children Only. | Caring for Adults Only. | Total. |
|--------------------------|---------------------------|-------------------------|--------|
| 52 | 18,829 | | 18,829 |
| 3 | 216 | 846 | 1,062 |
| 6 | | 636 | 636 |
| Outside the City Limits— | | | |
| 41 | 10,528 | | 10,528 |
| 2 | | 354 | 354 |

A system of inspection to conform to the needs of the Department of Public Charities requires as a minimum 4 sanitary inspections of each institution yearly; 2 primary medical examinations of the inmates and 2 re-examinations of those individuals in whom physical defects have been discovered. This would require additional personal service to that allowed at present for the work as now performed by the Division of Institution Inspection in the Department of Health. The following force would be necessary:

| | |
|--|------------|
| 7 Physicians at \$1,260 per annum (part time)..... | \$8,820 00 |
| 2 Physicians at \$2,280 per annum (full time)..... | 4,560 00 |
| 1 Clerk at \$600 per annum | 600 00 |

\$13,980 00

For the technical character of the work, it would be impossible to secure medical inspectors for part time service for less than \$1,260 per annum; full time service is necessary for the inspections and examinations in the institutions outside the city limits, as the performance of this work precludes the possibility of undertaking any private practice. At the present time, the Department of Health has in its institution service 1 full time medical inspector at \$2,100, and it was difficult to secure this service even at this figure.

We request your consideration and attention for whatever action is necessary to make this resolution effective. Very truly yours,

ALFRED E. SHIPLEY, Secretary.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Commissioner of Parks, Manhattan and Richmond:

No. 1336.

Commissioner of Parks, Manhattan and Richmond—Request for an Extension of Time on Certain Revenue Bonds.

City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Municipal Building, 10th Floor, February 24, 1917.

Hon. FRANK L. DOWLING, President, Board of Aldermen, City Hall, New York City:

Sir—Request is hereby made that the resolution adopted by the Board of Aldermen on March 7, 1916, and concurred in by the Board of Estimate and Apportionment on April 7, 1916, in which provision was made for defraying the cost of repairs to various buildings in Central Park, be amended so that the time under which obligations may be contracted for be extended to December 31, 1917, to the extent of \$2,550, which was the amount estimated to be necessary for repairs to the Arsenal Restaurant, Central Park.

I make this request in view of an opinion rendered on January 31 by the Corporation Counsel, copy of which is attached to this communication.

On December 22 the Board of Estimate and Apportionment denied an application from this department for the approval of plans for the expenditure of \$2,000 on the repairs of the Arsenal Restaurant. This action of the Board of Estimate would seem to have been due to some misapprehension as to the law and the facts.

It was asserted at the time that the form of advertisement in which bids were solicited for the privilege of operating this restaurant, and on which bids I awarded the privilege, did not bind the city to make any repairs whatever. It was stated that the Corporation Counsel had so ruled, although the Corporation Counsel had given to me a verbal opinion to the contrary, which has since been confirmed in a written opinion.

In rejecting the application of this department for approval of the plans and specifications, the Board of Estimate and Apportionment took action in the belief that not only was the advertisement promising repairs not binding, but also on the representation that I, as Park Commissioner, had acted beyond my authority in causing such an advertisement to be published in the CITY RECORD. The Board was informed that the original resolution of the Board of Aldermen and the Board of Estimate appropriating these funds, provided that the Park Department was not to arrange for repairs until the advisability of awarding any contract for repairs had been reviewed by the said Board of Estimate or its representatives, after it had been ascertained how large an amount had been bid for the concession. In other words, the Board of Estimate, in appropriating the amounts, had not approved the policy of keeping these buildings in repair, but had merely thought it was worth while repairing them in case a sufficiently large rental could subsequently be guaranteed, to more than equal the cost of said repairs.

In short, at this meeting of the Board it was assumed that the original resolutions of the two appropriating bodies had decided that after the bidding, certain of their representatives were then to pass on the question of the policy of maintaining these buildings as a condition precedent to releasing the money for these repairs. This view assumed that although the appropriating bodies had determined on the necessity of this work, they later wished once more to pass on this necessity as a commercial proposition regardless of the needs of the building and the question of the needs of the public using the park.

On December 22, after the session of the Board of Estimate and Apportionment (at which the Board acted on the assumption as stated above), I had the records examined. It then appeared that although the regular provisions were inserted regarding approval of the specifications and the form of contract, nevertheless neither the resolution of the Board of Aldermen, nor that of the Board of Estimate, provided for any such approval of the Park Department's operation contract as a condition precedent to the release of the money previously appropriated by said Board by the issue of revenue bonds. No such restriction appeared even in the report of the Finance Committee of the Board of Aldermen.

I have ascertained that a recommendation that some such restriction should be attached to the revenue bond issue, appeared over the signature of Peter J. McGowan, Acting Director of the Bureau of Contract Supervision in his report to the Finance

Committee of the Board of Aldermen when the original application of this department to the Aldermen was first considered. But the resolution of the Finance Committee reporting favorably on the revenue bond request and the subsequent resolution of the Board of Aldermen contained no such provision. The Bureau of Contract Supervision, when the matter later came before the Board of Estimate, in a similar way recommended to the Board that the resolution of the latter when passed, contain a clause providing that the money thus appropriated should not be expended by the Park Department until the Comptroller had passed on the operation contract, to determine whether sufficient amount had been bid to warrant city expenditure for repairs. At the time of the report of the Bureau of Contract Supervision when this suggested restriction came before the Board for action, I appeared and opposed inclusion of any such restriction on the following grounds among others:

That before the Park Department had made its original application for revenue bonds with which to repair these buildings, the Park Department had carefully ascertained that no satisfactory bidders could be secured without some previous assurance that the buildings would be repaired by the city and made reasonably weather-proof, and usable by the successful concessionaire in the bidding.

There is no doubt, in case this department had been willing to grant a long lease, that in that event satisfactory bidders could have been obtained who would have felt it worth while to make the repairs themselves, and charge that off against the rental due the city. However, as has been frequently explained to the Board, this administration has not favored long leases of this character because of the previous history of the city's negotiations in these matters and the unsatisfactory results obtained. Meanwhile, this department is charged with the duty of maintaining certain facilities absolutely required by the users of this park, and both the administration and citizens would quite properly hold us responsible if these facilities cannot be properly used.

It was, therefore, urged upon the Board that such a policy of restriction if embodied in the resolution would not conduce to good administrative results for the Park Department, especially in the situation which we were facing in regard to these restaurant facilities. In addition it was urged that no such restriction appeared in the original resolutions of the Board of Aldermen authorizing such revenue bonds.

The Board seemed to take this department's view that such a restriction should not be included, for it was stricken from the resolution. As adopted, therefore, the Board of Estimate's resolution, like the Board of Aldermen's resolution, contained no restriction except that the award of the operation contract should be made after public bidding. No unusual restrictions to the normal and proper authority of the Park Commissioner in making such contract awards were therefore conferred upon any other body or office.

After it had become clear by the action of the Board of Estimate and Apportionment, at its meeting of December 22, that the Board declined to provide the necessary funds for repair of buildings, I took the only course then available and immediately directed the privilege holder that he at once proceed to make the necessary repairs. This he positively declined to do, his reply in full being embodied in my communication to the Corporation Counsel (herewith attached). This refusal was sustained by the opinion of the Corporation Counsel. It is in view of the situation thus created that I am making this application to your Honorable Board.

I cannot too strongly reiterate the need for repairs in these instances. The conditions are so serious that unless something is done along these lines it will be impossible to provide the public any longer with these needed facilities, besides avoiding the heavier cost of future repairs and serious depreciation if this is allowed to proceed further.

Furthermore, the concessionaire made his bid in good faith, confiding in the statement made in the advertisement that the city would make certain repairs.

Yours very truly,
CABOT WARD, Commissioner of Parks.
The City of New York, Department of Parks, Boroughs of Manhattan and Richmond, Municipal Building, Tenth Floor, January 20, 1917.

Hon. LAMAR HARDY, Corporation Counsel, City of New York:

Dear Sir—I desire your opinion on these questions:

1. Is there any validity to the contention of William J. Curran, Licensee of the Arsenal Restaurant in Central Park, that the City bound itself to make repairs to the amount of \$2,550 on the Arsenal Restaurant building? Would the failure of the City to make any repairs constitute a breach of contract?

2. Might I issue a valid direction to Curran to make certain repairs to this building at his own expense, and in the event of his failure to comply with my order, might I, without risk of successful legal proceedings on his part, eject him from the privilege?

The history of the relations of said Curran and this Department with respect to this privilege, is as follows:

On April 29th, this Department began the publication in the CITY RECORD of the following advertisement:

"Sealed bids will be received by the Park Commission, Boroughs of Manhattan and Richmond, at the above office of the Department of Parks until 12 noon, Wednesday, May 10, 1916, for the following privileges:

"Item No. 1. Conducting a restaurant at the building known as the McGown's Pass Tavern in Central Park.

"Item No. 2. Conducting a restaurant at the building known as the Casino building in Central Park.

"Item No. 3. Conducting a restaurant at the building known as the Arsenal Restaurant in Central Park.

"Subject to the following conditions:

"On Item No. 1.

"A. The City of New York will expend about \$14,000 on the exterior and interior structural repairs of this building, pursuant to a resolution of the Board of Estimate and Apportionment passed April 7, 1916.

"B. The term of lease will be five (5) years from the completion of the repairs undertaken, pursuant to this resolution.

"C. The privilege holder shall operate a lunch room and lunch counter in the basement of said building, and shall operate on the main floor a restaurant serving a table d'hôte meal of not more than 75 cents and not less than fifty cents, and shall serve a la carte dishes at a moderate scale of prices to be approved by the Park Commissioner. Dancing will be permitted on the main floor at the pleasure of the Commission, and the privilege holder will be permitted to place tables in the space west of said building to the easterly boundary of the park wall, extending west of the building.

"Bidders may bid on any or all items. The Commissioner reserves the right to award any item to the high bidder thereon, or to award all items to the bidder whose aggregate bids for all three items shall be higher than any other bidder for those three items, or to award any two items to the person the sum of whose bids for those two items shall exceed the aggregate amount bid by any other bidder for those two items. No bids will be considered unless accompanied by a certified check on one of the national or state banks of the City of New York drawn to the order of the Comptroller of New York City, or money to the amount of \$500 on Item No. 1; \$500 on Item No. 2, and \$250 on Item No. 3 as guarantee that the successful bidder will carry out the terms of his bid.

"Should the successful bidder or bidders refuse or neglect to execute the agreement for the privilege, if award is made to him by the Commissioner, or to furnish the necessary security, within five days after notice of award, the amount of deposit accompanying his bid shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal.

"The amount of the security for the faithful performance of the terms of the agreement for the privilege shall be 20 per cent. of the total amount for which the privilege is awarded.

"The Commissioner of Parks will accept as satisfactory surety to the bond for the faithful performance of the agreement, a duly qualified surety company approved by the Comptroller of the City, or cash, certified check, or corporate stock of The City of New York of an amount equal to the security required to be deposited with him as collateral security.

"The form of bid and agreement and other information can be obtained at the office of the Department of Parks, Municipal Building, City of New York.

"B. The term of lease will be five (5) years from the completion of the repairs undertaken, pursuant to this resolution.

"C. The privilege holder shall operate the building as a moderate priced restaurant with a schedule of prices for a la carte dishes to be approved by the Park Commissioner, and shall serve a table d'hôte meal at a price of not more than 75 cents and not less than fifty cents.

"Dancing will be permitted on the main floor of the building at the pleasure of the Commissioner.

"The privilege holder shall have the right to place a single row of tables along the walk in the pergola overlooking the Mall.

"On Item No. 3.

"A. The City of New York will expend about \$2,550 on the exterior and interior structural repairs to the building, pursuant to the resolution passed April 7, 1916, by the Board of Estimate and Apportionment.

"B. The term of lease will be five years from the completion of the repairs undertaken, pursuant to this resolution.

"C. The privilege holder shall operate the restaurant as a moderate priced restaurant, also a lunch counter, with a schedule of prices to be approved by the Park Commissioner.

"The Commissioner of Parks reserves the right to reject all bids, and also, in case of unsatisfactory service or violation of conditions, to revoke the permit.

"No bid shall be withdrawn pending the awards.

"The deposits of the unsuccessful bidders will be returned within three days after the awards shall have been made.

"CABOT WARD, Commissioner of Parks, Manhattan and Richmond."

On May 3d a circular letter was sent to prospective bidders by the Secretary of the Park Board. One of these circular letters was sent to W. J. Curran, 134 Liberty Street.

No bids will be considered unless accompanied by a certified check on one of the national or state banks of the City of New York drawn to the order of the Comptroller of New York City, or money to the amount of \$500 on Item No. 1, \$500 on Item No. 2, \$250 on Item No. 3, as guarantee that the successful bidder will carry out the terms of his bid.

"The Commissioner of Park reserves the right to reject all bids, and also in case of unsatisfactory service or violation of conditions, to revoke the permit.

"No bid shall be withdrawn pending the awards. The deposits of the unsuccessful bidders will be returned within three days after the awards shall have been made.

"Bids will be opened on Wednesday, May 10th, 1916, at 12 o'clock Noon, at the office of the Department of Parks, Boroughs of Manhattan and Richmond, Room 1004, 10th floor, Municipal Building, Centre and Chambers Streets, New York City.

WILLIAM J. CURRAN, 134 Liberty Street.
Curran was the sole bidder for the Arsenal Restaurant, and immediately on receipt of tabulation of bids, I wrote the following letter, under date of May 23rd, 1916, to Mr. Tilden Adamson, Director, Bureau of Contract Supervision:

"May 23, 1916.

"Mr. TILDEN ADAMSON, Director, Bureau of Contract Supervision, Municipal Building, New York City:

"Dear Sir—On Wednesday, May 9th, 1916, I received formal bids for the privilege of operating the three restaurants in Central Park. The bids for McGown's Pass Tavern and the Casino Restaurant were not deemed satisfactory and were consequently rejected.

"The bid received for the Arsenal Restaurant was from W. J. Curran, who offered \$400 a year for a period of five years.

"My understanding is that I may award the permits for each restaurant separately, and that the moneys may be released for the repair of each restaurant separately, although the items for repairs were included in one resolution of the Board of Estimate and Apportionment.

"In my opinion the bid for the Arsenal Restaurant represents a fair price for this small service restaurant, particularly in view of the fact that last year I separated the candy privilege at the menagerie, which had formerly been connected with this privilege and am now receiving therefrom the sum of \$162 per month, \$1,944 a year. Taken together, the \$400 bid and the returns from the candy stand separately represent a substantial increase over the license fees formerly received for these two privileges.

"The sum set aside in the report of the Bureau of Contract Supervision and included in the total authorized by the resolution of the Board of Estimate and Apportionment was \$2,550.

"I do not desire that there be any delay in adjusting this entire matter, and, therefore, pending the readvertisement of the McGown's Pass Tavern and Casino Restaurant privileges, I wish to go ahead with the Arsenal privilege. Would there be any objection raised to the repairs being started on this building so as to award this privilege at this time, in order to take advantage of the season, provided the encumbrance against the corporate stock authorization does not exceed the amount contemplated in your communication herein before referred to.

"Since I am desirous of keeping the Arsenal Restaurant in operation after the 2nd of June, when the present privilege holder vacates, I would appreciate a quick reply. Very truly yours,

CABOT WARD, Commissioner of Parks.

"P. S.—I believe it most advisable that all possible popular restaurant facilities be provided in Central Park this summer, especially pending further developments as to the Casino and McGown's Pass."

I received no reply to this letter.

On July 10, 1916, at the office of the Department of Parks, I signed and handed to William J. Curran, the following permit:

"Office of the Department of Parks, Boroughs of Manhattan and Richmond, Municipal Building, New York City.

"Know all men by these presents, That I, Cabot Ward, as Commissioner of Parks for the Boroughs of Manhattan and Richmond of The City of New York,

have given and granted, and hereby do give and grant unto William J. Curran, of 134 Liberty Street, in the Borough of Manhattan, City of New York, right and permission to conduct a restaurant at the building known as the Arsenal Restaurant in Central Park, from this date, July 10th, 1916, for a period of five years, ending July 10th, 1921, or until such period as this permit may be revoked by the Commissioner of Parks for violation of conditions or unsatisfactory service, or other termination thereof as provided herein, subject to the following conditions:

"1. The privilege holder shall operate the restaurant as a moderate priced restaurant, also a lunch counter with a schedule of prices to be approved by the Park Commissioner.

"2. All prices shall be subject to the approval of the Commissioner of Parks. All articles sold must be made of pure material, must be clean and wholesome, and properly covered so as to be protected from flies, dust, etc., and failure to comply with these requirements shall be sufficient grounds for revocation of this permit.

"The kitchens, utensils, linen, etc., must be kept in clean and satisfactory condition, and any violation of the rules and regulations of the Department of Health shall be sufficient grounds for the revocation of this permit.

"A large number of complaints from the public regarding either the quality of the article dispensed, or the character of the service and attendance, will also constitute grounds for the revocation of this permit.

"The right to revoke this permit is reserved to the Department of Parks, Boroughs of Manhattan and Richmond, through the Commissioner thereof, for any violation of the terms of this permit, and said Department or Commissioner may at any time, without assigning any reason therefor, revoke this permit upon sixty days' notice to the licensee. This permit is granted upon the express condition that the licensee above named shall pay to the Department of Parks, Boroughs of Manhattan and Richmond, at the office thereof, in the Borough of Manhattan, rental at the rate of four hundred dollars a year, during the term of this license, payable monthly in advance, on the first day of each month.

"The said licensee shall deposit four hundred dollars (that is, twenty per cent. of the total amount for which the privilege has been awarded) or corporate stock of The City of New York, or the bond of a duly qualified surety company, or certified check, in such amount, to be held until the expiration of this permit, and at such expiration to be returned to him, less any amount which may be due from him for any of the license fees provided for by this license. Should he fail to pay the stipulated license fee on the first day of any one month, or fail to observe or perform each and every covenant and condition herein agreed by him to be kept and performed, the said Commissioner shall be at liberty to readvertise the privilege and to retain said security in lieu of the fees herein required to be paid, and as liquidated damages for such default.

"The privilege holder shall not expose any sign, advertisement, illumination or projection in or out of the windows or exterior, or from the said building, or upon it, in any place except such as shall be approved and permitted in writing by the Commissioner.

"If, during the term of this license, the building or premises are destroyed by fire or the elements, or partially destroyed so as to render the premises unfit for the purposes for which the privilege has been granted, then this license shall cease and become null and void from the date of such damage or destruction; and the said privilege holder shall immediately surrender said premises and shall pay the license fee only to the time of such surrender.

"All water rates and charges shall be paid for by the privilege holder during the term of this license.

"The privilege holder shall keep the premises in a good state of repair at his own cost and expense, and at the end or other expiration of the term will surrender the premises in good order and condition, damage by the elements excepted. No allowance will be made for any sums expended by the privilege holder upon the exterior or interior repairs of said building. No improvements or alterations shall be made in or to the premises without the consent of the Commissioner in writing. In no event shall the City be held liable for any damage by leakage of Croton water or from any other cause.

"The privilege holder shall comply with and fulfill all the ordinances of the City applicable to said premises and all orders and requirements imposed by the Board of Health, Police Department and other departments and bureaus of the City and State having jurisdiction in the premises and with all the requirements of the Board of Fire Underwriters of the City of New York, all at his own cost and expense.

"The privilege holder shall save the City harmless from any and all loss, liability or damage by reason of any injury to any property or to any person happening in or about the premises, No matter how occurring, unless due to the City's negligence.

"The privilege granted by this permit is personal, and confined exclusively to the person above named, and may not be transferred, sublet or assigned in whole or in part without the consent in writing of the said Commissioner of Parks.

"It witness whereof, I have hereunto set my hand this tenth day of July, 1916. "CABOT WARD, as Commissioner of Parks, Manhattan and Richmond. (Seal.)

"I, William J. Curran, the licensee named in the foregoing privilege, accept the same and agree to all the conditions thereof.

"Witness my hand and seal this tenth day of July, 1916. "WILLIAM J. CURRAN, Privilege Holder.

"City, County and State of New York, ss.:

"JOHN J. McCARTY, Notary Public, Kings County, No. 52; certificate filed in New York County, No. 39."

On October 19th, 1916, I received the following letter from Mr. Curran:

"Arsenal Restaurant, Central Park, N. Y. C., October 19, 1916.

"Hon. CABOT WARD, Commissioner of Parks, Boroughs of Manhattan and Richmond:

"Sir—At our last interview, the first part of July, 1916, at which time I leased the Arsenal Restaurant from your Department, you promised to see that this building received the necessary repairs, of which it certainly needed many. The most important of them being the roof, which leaks, and has been the cause of considerable damage to both my stock and furniture.

"I want to make a good showing this spring, such as installing a Modern up-to-date Soda Fountain, but it would be useless on account of the condition of the Roof, unsightly walls, flooring, etc.

"I wish you would give this matter your personal attention and would consider it a great favor if these needy repairs were started at once, as chances for a profitable business, under present conditions, are slim, to say the least.

"Very respectfully, WILLIAM J. CURRAN."

To which I made no reply in writing.

On December 30, 1916, I sent to Mr. Curran the following letter:

"December 30, 1916. "Mr. WILLIAM J. CURRAN, Arsenal Restaurant, Central Park, 64th Street and Fifth Avenue, New York City:

"Dear Sir—At its meeting held on Friday, December 22d, the Board of Estimate and Apportionment declined to approve plans prepared by this Department for the expenditure of \$2,000 on repairs to the Arsenal Restaurant.

"This action followed a statement by Mr. Tilden Adamson, Chief of the Bureau of Contract Supervision, that you were willing to make repairs to the amount of \$1,500 on this building out of your own funds, and that these repairs would be sufficient for the operation of the building for restaurant purposes.

"An inspection by the Architect of this Department, as well as the Examiners of the Bureau of Contract Supervision, discloses that the Arsenal Restaurant building is in a condition of great disrepair and needs immediate attention.

"You will, therefore, undertake at once to make the necessary repairs, said repairs to be approved by the Architect of this Department.

"Yours very truly, CABOT WARD, Commissioner of Parks."

On January 9th I received the following letter from Mr. Curran:

"Arsenal Restaurant, Central Park, New York City, January 9, 1917.

"Hon. CABOT WARD, Commissioner of Parks:

"Sir—Your communication, under date of December 30, 1916, to hand and contents noted relative to statement made by Mr. Tilden Adamson, in which he says that I agreed to expend \$1,500 for repairs to Restaurant Building.

"I wish to say that Mr. Tilden has misconstrued my remarks made during our conversation, the only statement I made was in reply to Mr. Adamson's question as 'how far would \$1,000 by the City go towards putting the building in repair,' and I said '\$1,000 to \$1,500 would go a good way toward putting the building in a tenable condition,' and I positively assert that there was absolutely no offer made by me to pay \$1,500, or any other sum, towards the necessary repairs to the Restaurant Building.

"I would further state that since the said conversation I have expended over \$900 on necessary interior improvements, and contemplate expending an additional amount of \$2,250, as per letters of estimates now in my possession from the Liquid Carbonic Co., calling for an outlay of \$1,700 for Soda Fountains, and from the Columbia Mfg. Co. an estimate of \$400 for Awnings; also from Hand-schur & Sindle, \$150 for repairs and painting of counters, tables, chairs, etc., the same having been damaged to that extent from leakage from roof.

"The above amount does not include the expense of necessary plumbing as Fountains, equipments and materials necessary, must be made to order to fit space in building, and has no subsequent value other than the building to which it is made for.

"That the said improvement would be of a great benefit to the general public and beautify same, must be acknowledged, for without these conditions it would be impossible to properly transact business, and to make the said improvements, including the amount already expended and the necessary plumbing necessitates a personal expenditure of \$3,500.

"That the Restaurant building is in a condition of great disrepair and in need of immediate attention is truly said, for during every storm the interior of the building is flooded, and I have been put to a great loss, not only by having my stock ruined and spoiled by water, but also being unable to transact any business, owing to the roof leakage, thus necessitating the closing of my place of business during all inclement weather, notwithstanding the fact that the Department of Parks did agree to make all necessary repairs and to put the building in a tenable condition, as per their advertisement in the City Record, copies of which are enclosed.

"After I received notice to call and accept the contract you gave to me and asked me to sign, contained no mention of repairs, which was promised in the advertisement of the City Record and on the face of which I based my bid. You told me that I was protected by the advertisement and you would personally see to it that the repairs were made, and made promptly. You said you were in a hurry to have the contract signed in order to keep the restaurant opened for the service of the public. It was on this assurance that I took the contract in the form you handed to me. I believe you acted in thorough good faith and that the Board of Estimate has been misled as to my interpretation of the contract, and misinformed as to my understanding that the City was bound by the agreement to make the repairs to the extent of \$2,500.

"I must ask you, however, to take further steps to secure me simple justice, and I trust this can be secured without the expense and trouble of taking this matter into the Courts.

"My appreciation of your personal courtesy to me would make me hesitate before taking any steps which might embarrass you before all other methods have been exhausted. I, therefore, would like an opportunity to talk this matter over, so that we may work in entire harmony in the future as we have in the past.

"As the Restaurant building is the only one among the group at the Menagerie in disrepair, and I notice that Department of Parks employees do all the repairing of those buildings, may I suggest that this work on the Restaurant building be done by same departmental labor, or at least repaired and put in a serviceable and tenable condition so as to allow me to transact my business.

"Yours very truly, WILLIAM J. CURRAN."

It is this letter which impels me to request your opinion on the legal questions above set forth. Very truly yours,

..... Commissioner of Parks, Manhattan and Richmond. City of New York, Law Department, Office of the Corporation Counsel, New York, January 31, 1917.

Hon. CABOT WARD, Commissioner of Parks, Boroughs of Manhattan and Richmond: Sir—I have received your communication, under date of January 20, 1917, in which you desire an opinion on questions, as follows:

1. Is there any validity to the contention of William J. Curran, Licensee of the Arsenal Restaurant in Central Park, that the City bound itself to make repairs to the amount of \$2,550 on the Arsenal Restaurant building? Would the failure of the City to make any repairs constitute a breach of contract?

2. Might I issue a valid direction to Curran to make certain repairs to this building at his own expense, and, in the event of his failure to comply with my order, might I, without risk of successful legal proceedings on his part, eject him from the privilege?

Incorporated in your letter is a copy of the publication in the City Record, beginning April 29, 1916, of the advertisement for the reception of bids for a license or permit to conduct the "Arsenal Restaurant," together with two other restaurants in the park; also a copy of letter, under date of May 3, 1916, signed by the Secretary of your Board to Mr. Curran; also a copy of a so-called bid sheet, filled in by said Curran on May 10, 1916; also a copy of your letter, under date of May 23, 1916, to Mr. Tilden Adamson, Director, Bureau of Contract Supervision; also a copy of the license or permit dated July 10, 1916, to conduct the "Arsenal Restaurant," executed by yourself and said Curran; also a copy of letter under date of January 9, 1917, to you from said Curran; also a copy of a letter to you from said Curran, dated October 19, 1916, and a copy of your letter, under date of December 30, 1916, to said Curran.

The advertisement for the reception of bids, above mentioned, distinctly says:

"The City of New York will expend about \$2,550 on the exterior and interior structural repairs to the building, pursuant to the resolution passed April 7, 1916, by the Board of Estimate and Apportionment."

The paragraph quoted referred only to the "Arsenal Restaurant." The license or permit executed between you and said Curran contains the following provisions:

"The privilege holder shall keep the premises in a good state of repair at his own cost and expense, and at the end or other expiration of the term will surrender the premises in good order and condition, damage by the elements excepted. No allowance will be made for any sums expended by the privilege holder upon the exterior or interior repairs of said building."

In the letter of William J. Curran to you, under date of January 9, 1917, above referred to, appears the following:

"After I received notice to call and accept, the contract you gave to me and asked me to sign contained no mention of repairs, which was promised in the advertisement of the City Record and on the face of which I based my bid. You told me that I was protected by the advertisement and you would personally see to it that the repairs were made, and made promptly. You said you were in a hurry to have the contract signed in order to keep the restaurant opened for the service of the public. It was on this assurance that I took the contract in the form you handed to me."

Although it is a general rule of law that preliminaries leading up to a contract are merged in the contract itself, yet, in this case, there can be no doubt the licensee, Curran, was induced to submit his bid and to execute and accept the license or permit by the statement in the advertisement that repairs to the "Arsenal Restaurant" to the extent of \$2,550 would be made by the City.

Therefore, in response to your first question, I beg to say Mr. Curran's contention that he bid and accepted the permit upon the understanding that the City would make such repairs appears to be well founded.

I am also of the opinion you cannot issue a direction to Curran to make repairs to the building at his expense, and, in the event of his failure to comply with the order, eject him from the privilege, without risk of successful legal proceedings on his part. Respectfully yours,

LOUIS H. HAHLO, Acting Corporation Counsel.

The President laid before the Board the following communication from the President of the Borough of Queens:

No. 1337.

President of the Borough of Queens—Request for Special Revenue Bonds to Pay Increases in Wages.

The City of New York, Office of the President of the Borough of Queens, Long Island City, February 21, 1917.

To the Honorable Board of Aldermen, City of New York:

Gentlemen—On February 16, 1917, the Board of Estimate and Apportionment adopted a resolution in accordance with the provisions of section 56 of the Greater New York Charter fixing the per diem rate of Electricians employed in the various City departments at \$5 per diem.

At the time the resolution was adopted, a further resolution was approved requesting the heads of City departments, in which Electricians are employed, to provide for the compensation of such workmen beginning January 1, 1917, at such rate, by the transfer of funds or the application for an issue of special revenue bonds for the amount necessary.

There are two such employees in this department. At this time I have in mind no manner of providing for the compensation contemplated except by an issue of special revenue bonds and I accordingly request that your Board authorize the issuance of such bonds to the extent of \$128.40, to provide for such compensation at an increase of 20 cents per day for 277 days from January 1, 1917, to December 31, 1917.

Very truly yours, MAURICE E. CONNOLLY, President of the Borough of Queens.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—Pursuant to the resolution of the Board of Estimate and Apportionment adopted January 19, 1917, and approved by your Honorable Board on February 20, 1917, establishing the grade of Bridge Mechanic, Housesmith, Bridgeman and Riveter at the rate of \$5.50 per diem, and in accordance with the request contained in said resolution, to provide for the compensation of such employees beginning January 1, 1917, at this rate, I beg to request that your Honorable Board, pursuant to the provisions of subdivision 8 of section 188 of the Amended Greater New York Charter, recommend to the Board of Estimate and Apportionment that the Comptroller be authorized to issue special revenue bonds in the amount of four thousand one hundred forty-four and 20-100 dollars (\$4,144.20), for the purpose of increasing the budget allowances for the schedules Nos. 2755, 2756B, 2757B, 2760TB and 2762B, of this department for the year 1917, in order that said employees may be paid at the increased rate per diem from January 1, 1917. The President laid before the Board the following communications from the Central Purchase Committee:

No. 1339.

Central Purchase Committee—Request to Purchase Meat to the Extent of \$125,000 Without Public Letting.

City of New York, Central Purchase Committee, Municipal Building, March 1, 1917.

Hon. Board of Aldermen, City Hall, New York City:

Gentlemen—I respectfully request that permission be granted to the Departments of Public Charities, Health and Correction to purchase, store and insure meats and poultry to an amount not to exceed \$125,000, without public letting. This request is made with the approval of the heads of the departments interested.

It has been decided that in view of the present conditions steps should be taken to secure at once an ample supply of meats, etc., to be stored and held pending future developments. Should a contract be prepared and advertised it is doubtful if meat could be secured in time to accomplish the desired purpose. The larger portion of the meat that it is intended to secure is for the use of the charitable institutions of the City of New York.

I trust that this request will be favorably acted upon at once, as I believe it to be to the best interests of the City. Respectfully yours,

CENTRAL PURCHASE COMMITTEE, LEONARD M. WALLSTEIN, Secretary.

Gentlemen—Supplementing my letter of this date requesting that permission be granted to the Departments of Public Charities, Health and Correction to purchase, store and insure meats to an amount not to exceed \$125,000 I request that permission be also granted to Bellevue and Allied Hospitals to purchase, store and insure meats and poultry to an amount not to exceed \$25,000.

I trust that these requests will be acted upon at the same time. Respectfully yours,

REPORTS OF STANDING COMMITTEES.

Report of the Committee on Finance—

No. 1320.

Report of the Committee on Finance Transmitting the Budget for the Year 1917 and Ordinance of the Board of Aldermen Fixing the Tax Rate for the Year 1917.

To the Honorable the Board of Aldermen of The City of New York:

The Committee on Finance of the Board of Aldermen, to which was referred the assessment rolls of the estates, real and personal, of The City of New York for the year 1917, together with a communication from the Comptroller of The City of New York, dated February 21, 1917, regarding the Budget for the year 1917, accompanied by his certificates stating: first, the aggregate amount of the Budget for the year 1917; second, amount of County charges and expenses for the respective counties included in the Budget for the year 1917; third, amount of County charges and expenses for the respective counties paid during the year 1916 from the proceeds of special revenue bonds; fourth, estimated revenues of the General Fund for the Reduction of Taxation during the current year, respectfully submits the following REPORT:

The aggregate amount of the Budget for the year 1917 is two hundred and eleven million one hundred and fourteen thousand one hundred and thirty-six dollars and eighty-two cents (\$211,114,136.82), which includes County charges and expenses for the Counties of New York, Bronx, Kings, Queens and Richmond, aggregating seven million three hundred and fourteen thousand three hundred and seventeen dollars and twenty-three cents (\$7,314,317.23), thus showing two hundred and three million seven hundred and ninety-nine thousand eight hundred and nineteen dollars and fifty-nine cents (\$203,799,819.59) as the amount of the Budget, which affects the general tax rates of The City of New York.

In addition to the amount of seven million three hundred and fourteen thousand

three hundred and seventeen dollars and twenty-three cents (\$7,314,317.23), included in the Budget for County charges and expenses, are the sums disbursed during the year 1916 from the proceeds of special revenue bonds for judgments and claims for County charges or liabilities, for the counties of New York, Bronx, Kings, Queens and Richmond, which are to be raised by tax in the year 1917, as provided by subdivisions 3 and 7 of section 188 of the revised Greater New York Charter, amounting in the aggregate to three hundred and thirty-seven thousand four hundred and eighty-two dollars and seventeen cents (\$337,482.17).

Section 902 of the Charter, referred to in the Comptroller's communication, directs that the amounts required for the payment of all County charges and expenses shall be levied and collected from the taxable property within each one of said counties, respectively, to the end that each of said counties shall ultimately bear and pay all expenses necessary to be incurred for County purposes as distinguished from City purposes. This provision of the law prevents a uniform tax rate from prevailing in the City of New York.

S. O. 218 (Int. Nos. 1261, 1294).

Report of the Committee on Finance in Favor of Adopting a Resolution to Authorize an Issue of Special Revenue Bonds, \$9,000, for Paving Fort Hamilton Parkway, Brooklyn, and Filing a Petition Relating Thereto.

The Committee on Finance, to whom was referred on February 6 and 20, 1917 (Minutes, pages 539, 541), the annexed petition and request of the Commissioner of Parks, Borough of Brooklyn, for Special Revenue Bonds, \$9,000, for paving Fort Hamilton Parkway, respectfully

REPORTS:

That it has been shown to the Committee on various occasions that the pavement of this roadway is in a deplorable condition. The Park Commissioner stated that he has been unable to obtain any budget allowance for this work.

The Committee therefore recommends that the accompanying resolution be adopted.

It further recommends that the accompanying petition be placed on file.

Resolved, That, in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of nine thousand dollars (\$9,000), the proceeds whereof to be used by the Commissioner of Parks, Borough of Brooklyn, for the purpose of paving Fort Hamilton Parkway, all obligations contracted for hereunder to be incurred on or before December 31, 1917.

City of New York, Department of Parks, Borough of Brooklyn, Litchfield Mansion, Fifth Street and Prospect Park West, February 17, 1917.

To the Honorable Board of Aldermen, City Hall, New York City:

Gentlemen—You are respectfully requested to authorize the issuance of revenue bonds in the amount of nine thousand dollars (\$9,000). These additional funds are required for urgent highway repairs, as below set forth, for which no Budget allowance was made for the year 1917.

Fort Hamilton Avenue, 72nd Street to Fort Hamilton—The roadway on this section of Fort Hamilton, which is macadam, is in poor condition and very rapidly deteriorating, owing to the fact that it has not been maintained for the last two years. It is proposed to repair and provide a tar surface for a part of this section and to resurface the remainder of this section with new stone and tar top. This section of Fort Hamilton Avenue cannot, at this time, be permanently paved, owing to the fact that no sewers have as yet been installed. If this work is not performed during the roadway repair season of 1917, the roadway will soon become impassable, which will necessitate its entire reconstruction at a great expense.

It is necessary that this work should be carried out to completion just as soon as possible, and your favorable action is, therefore, urgently requested. Very truly yours,

RAYMOND V. INGERSOLL, Commissioner.

To the Honorable Board of Aldermen of the City of New York:

Whereas, The Legislature of the State of New York duly passed an act known as chapter 665, Laws of 1892, entitled "An act to provide for a system of additional boulevards or parkways in the County of Kings," and approved by the Governor May 17, 1892, which act provided:

"§1. The continuous highway extending from the Ocean parkway through the towns of Flatbush and New Utrecht to the Shore road at Fort Hamilton and known as Fort Hamilton Avenue shall from and after the passage of this act be under the exclusive charge and management of the park commissioner of the city of Brooklyn, and shall be known as Fort Hamilton parkway. The said commissioner shall make and enforce proper rules and regulations for the public use thereof; its subsequent maintenance shall be a charge upon the City of Brooklyn; and such amount as said park commissioner of the city of Brooklyn shall from time to time determine to be necessary for the maintenance and improvements of the same shall annually be raised by the board of supervisors of the county of Kings and collected in the taxes of the then current year and paid over to the said park commissioner of the city of Brooklyn."

—and

Whereas, Subsequent to the passage of the said Act the city of Brooklyn has become consolidated with and part of the greater City of New York, and the title to all boulevards, park and parkways in the former city of Brooklyn has become vested in the greater City of New York; and

Whereas, Fort Hamilton Parkway in the Borough of Brooklyn, City of New York, has become, and now is, in a condition that is unhealthy and injurious to the residents residing thereon, and to the people having occasion to use the said Parkway because the same has not been properly paved, nor proper care been given to its maintenance; and

Whereas, On or about the 11th day of October, 1915, the Commissioner of Health of the City of New York addressed a letter to the Mayor, in which, among other things, he stated:

"During the past summer the condition of Fort Hamilton Parkway has been a cause of frequent complaint of the Department of Health because of the large amount of dirt and dust from the roadway and the ponding of water in depressions creating mosquito nuisance after rain.

"May I ask your early consideration of the matter anew, as the complaints of the citizens appear to this department as wholly justified and as the health and comfort of the users of the Parkway and adjacent residents demand a remedy for the existing conditions."

And the said Commissioner of Health on April 12, 1916, addressed a letter to the Commissioner of Parks, Borough of Brooklyn, in which he stated, among other things:

"May I ask you to put in a request at as early a date as possible to the Board of Estimate and Apportionment for funds to meet the sanitary needs of Fort Hamilton Parkway. I believe that your request should be vigorously pushed. * * * Certainly the difference of political opinion which has delayed action so long should not be allowed to jeopardize the health of the people using this roadway or living adjacent to it. The inequalities of surface of this roadway last summer allowed of a serious nuisance from dust and the frequent breeding of mosquitoes in the holes."

Now, therefore, citizens and owners and residents of property abutting upon Fort Hamilton Parkway of the Borough of Brooklyn, City of New York, and adjacent thereto, respectfully request your Honorable Board to take such action as is deemed advisable to provide funds for the repaving of Fort Hamilton Parkway to the end that the said thoroughfare may be put in proper condition, and that the nuisance thereon be abated and that the health of the residents and users thereof be not further endangered.

JAMES S. GOLD, 983 52nd St., et al.

The President put the question whether the Board would agree with said report and adopt such resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bassett, Bent, Burden, Browne, Carroll, Cassidy, Collins, Colne, Crane, Cunningham, Curley, Curran, Delaney, Diemer, Dixon, Donnelly, Dostal, Dunn, Drescher, Eagan, Farley, Ferguson, Ferrand, Friedlander, Gaynor, Gilmore, Glennon, Goetz, Gutman, Haubert, Heyman, Hilkemeier, Hogan, Kenney, McCann, McCourt, McGarry, McKee, McManus, Martin, Molen, Mullen, O'Rourke, Palitz, Post, Roberts, Robitzek, Ryan, Schmitz, Schweickert, Shields, Silberstein, Smith, Sullivan, Stapleton, Stevenson, Tolk, Walsh, Williams, Wirth, Wise; President Connolly, by Albert C. NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC. WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of the City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale.

Where the amount of purchase price does not equal or exceed the sum of \$10, the sum of \$10 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the purchase of any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that specified in the contract, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon.

The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited with the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated for all tenants.

The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and the foundations of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point.

The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days

from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions, shall in any case be re-located or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be re-located or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a sale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of the City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further
