To the Commissioners of the Sinking Fund:

Gentlemen—The accompanying application of the Commissioner of Public Works, requesting the Commissioners of the Sinking Fund to authorize the leasing of storage room for the eleven public baths, in Gowanus basin, from George S. DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET, New York, September 17, 1884.

Hon. FRANKLIN EDSON, Mayor and Chairman Commissioners of the Sinking Fund:

Hon. Franklin Edson, Mayor and Chairman Commissioners of the Sineing Fund:

Sir.—This Department will require storage space for the eleven free floating baths now owned by the city, from October 1, 1884, when the bathing season of this year will close, to June 1, 1885, when the bathing season of next year will begin. The city baths have always been stored in Gowanus basin, which has been found to be the safest and most convenient place for the purpose. I therefore respectfully request that the Commissioners of the Sinking Fund authorize the lease of storage room for the eleven public baths in Gowanus basin, from George S. Townsend & Co., from October 1, 1884, to June 1, 1885, at the rate of \$1.50 per day for each bath, which rate is considered to be the most reasonable which can be obtained.

Very respectfully,

HUBERT O. THOMPSON, Commissioner of Public Works.

W. H. DIKEMAN, Secretary.

To the Board of Estimate and Apportionment :

In the matter of the communication from the Department of Public Charities and Correction asking the consent and approval of the Board to the contracting for the means of lighting Ward's Island with electricity, referred to the Comptroller on August 16, I respectfully

REPORT .

REPORT:

That I have obtained the opinion of the Counsel to the Corporation as to the powers of the Board of Estimate and Apportionment in the case, which is herewith submitted, that "the contract for the work in question can be lawfully entered into by the Department of Public Charities and Correction on behalf of the city, without such approval of the Board as is required by section 63 or the Consolidation Act." No action is therefore required to be taken by this Board in the matter.

Respectfully,

S. HASTINGS GRANT, Comptroller.

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, September 3, 1884.

Hon. S. HASTINGS GRANT, Comptroller :

SIR—I am in receipt of your letter under date of September 1, 1884, inclosing specifications for a proposed contract for lighting Ward's Island by electricity, and stating that the Department of Public Charities and Correction has applied to the Board of Estimate and Apportionment for its consent to the advertising and making of such contract. This application seems to be induced by the circumstance that the articles which will have to be used under such contract are patented, and that therefore the conditions to secure a fair and reasonable opportunity for competition are to be prescribed by the Board of Estimate and Apportionment, as provided in section 63 of the Consolidation Act.

My predecessor, Mr. William C, Whitney, had occasion to advise the Commissioners of Charities.

tion Act.

My predecessor, Mr. William C. Whitney, had occasion to advise the Commissioners of Charities and Correction on February 3, 1881, that in his opinion the section in question referred only to street pavements. In this opinion I concur, and therefore advise you that the contract for the work in question can be lawfully entered into by the Department of Charities and Correction on behalf of the City without such approval of the Board of Estimate and Apportionment as is required by section 63 of the Consolidation Act.

I am, sir, yours respectfully,

E. HENRY LACOMBE, Counsel to the Corporation.

CITY OF NEW YORK—DEPARTMENT OF PUBLIC PARKS, 36 UNION SQUARE, September 18, 1884.

And offered the following resolution:

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, and President of the Department of Taxes and Assessments—4.

The Chairman presented the following:

DEPARTMENT OF PUBLIC WORKS, COMMISSIONER'S OFFICE, NO. 31 CHAMBERS STREET, NEW YORK, September 15, 1884.

Hon. FRANKLIN EDSON, Mayor and Chairman Board of Estimate and Apportionment:

10 the following appropriations for 1884:		
'Contingencies-Department of Public Works''	\$10,000 00	
'Lamps and Gas-Salaries''	500 00	
'Removing Obstructions in Streets and Avenues-Salaries''	1,250 00	
'Repairing and Renewal of Pipes, Stop-cocks, etc.—Salaries "	5,000 00	
'Public Drinking Hydrants''	1,000 00	
'Public Buildings-Construction and Repairs-Salaries''	1,000 00	
'Repairs of Essex Market Building"	4,500 00	

Total (as above)..... 23,250 00

\$2,000 00 3,500 00

1,350 00

The amounts herein requested to be transferred can be spared from the several appropriations from which they are proposed to be taken.

The reasons for which these transfers are required are as follows:

The reasons for which these transfers are required are as follows:

Heretofore the appropriation for "Contingencies" was charged with such traveling expenses only as are incurred in the general business of the Department, and traveling expenses incurred on account of any particular work have been charged to and paid from the appropriation for such work. The Comptroller takes the view that they must all be charged to and paid from "Contingencies," which makes the transfer of \$10,000 to this account necessary. A considerable amount now due to officers and employees of the Department cannot be paid until the transfer is made.

The transfer of \$5,000 to "Lamps and Gas—Salaries" is needed, because in place of my estimate of \$6,920 for this appropriation the Final Estimate allows only \$5,816. The Comptroller insists that the wages of two employees in the Bureau of Incumbrances, and several employees in the Bureau of Repairs and Supplies, which have heretofore been paid from "Removing Obstructions in Streets and Avenues," and from "Supplies for and Cleaning Public Offices," respectively, must be charged to the salary accounts attached to these appropriations, and this action makes the transfers to these two accounts necessary.

The effects of the large and constant increase in the consumption of water must be counteracted as far as possible by extending more and more the various measures for suppressing waste of water. The transfer of \$5,000 to the appropriation for "Repairs and Renewal of Pipes, Stop-cocks, etc.—Salaries," is needed to enable the Department to continue this service effectively to the close of this year.

Salaries," is needed to enable the Department to continue this service effectively to the close of unity year.

The transfers of \$2,000 to "Laying Croton Pipes—Salaries," and \$3,500 to "Repaving Streets and Avenues—Salaries," are required topay for the proper inspection of pipe-laying and repavements for the remainder of the year. Each of these appropriations is about twenty-five per cent, less than the departmental estimate. It is necessary to make provision for the proper inspection of the work on repairs and improvements of Essex Market building, the iron shed or awning to be erected around Jefferson Market, and other works; and the transfer of \$1,000 to "Public Buildings—Construction and Repairs—Salaries" is needed for this purpose.

The transfer of \$1,000 to "Public Drinking Hydrants" is required because of the extra expenditure incurred this year in fitting the hydrants with stop-valves to prevent overflow and waste of water. Excavations made in the progress of repairs on Essex Market building show the foundations to be so bad as to render the building unsafe.

The addition of \$4,500 to the appropriation for that purpose is absolutely necessary to put the building in safe and proper condition.

Very respectfully,

HUBERT O. THOMPSON, Commissioner of Public Works.

Which was received and referred to the Comptroller.

The Chairman presented the following:

GENTLEMEN—The inclosed bill for printing was accured in this way: Mr. Adee desired me to have 200 instead of 100 copies of the minutes of the Board of Estimate and Apportionment printed after January, 1884. Not doubting that it was correct to do so, we supplied 200 extra copies until June 2, when I was informed that but 100 copies were needed. Acting in good faith, as I have no doubt Mr. Adee did, I trust that your Board will order the payment of the bill.
