NEW YORK, THURSDAY, MAY 1, 1879.

NUMBER 1,793.

COMMISSIONERS OF RAPID TRANSIT.

CITY OF NEW YORK,
SATURDAY, April 12, 1879.

At a meeting of the Commissioners, held to-day, at the office of the Central Trust Company, corner of Pine and Nassau streets, at 10 o'clock A. M., there were
Present—All the Commissioners, viz.: Henry F. Spaulding, Henry G. Stebbins, Benjamin G. Arnold, Lewis G. Morris, and Samuel R. Filley.

Upon motion of Mr. Filley, it was
Resolved, That the Commissioners appointed by his Honor the Mayor of the City of New York, under and pursuant to the provisions of chapter 606 of the Laws of 1875, do now organize as a Board, with Mr. Henry G. Stebbins as President.

On motion of Mr. Spaulding, Mr. Filley was requested to act as Secretary of this meeting.
The Secretary then presented the applications made to his Honor the Mayor of the City of New York, of fifty reputable householders and taxpayers of the City and County of New York, verified upon oath before a Justice of the Supreme Court, that there is need in the City and County of New York of a steam-railway or railways for the transportation of passengers, mails, or freight, which applications are as follows:

To EDWARD COOPER, Mayor of the City of New York:

SIR—We make this application to you under the first section of chapter 606 of the Laws of 1875, which provides as follows:

"Whenever it shall appear, by the application of fifty reputable householders and taxpayers of any county in this State, verified upon oath before a Justice of the Supreme Court, that there is need in such county of a steam railway or railways for the transportation of passengers, mails or freight, the Board of Supervisors of said county may, within thirty days after presentation to them of such application, duly verified as aforesaid, appoint five commissioners, who shall be residents of the said county, and who shall have full power and authority to do and provide all that they are hereinafter directed to do and provide, and a certificate of whose appointment, signed by the Chairman and Clerk of such Board, shall be filed in the office of the Secretary of State, and a duplicate thereof in the office of the Clerk of such county. But whenever any such proposed railway shall be wholly within the limits of any city in the State, then such application shall be made only to the Mayor of said city, and such Mayor shall appoint such commissioners as aforesaid."

We are residents, householders, and taxpayers of the City and County of New York, and we severally allege that there is need in the City and County of New York, that is to say, in the Twenty-third and Twenty-fourth Wards of the said city, wholly within the limits of the said city, of a steam railway or railways, for the transportation of passengers, mails or freight.

We further allege, that there is special need of a steam railway or railways to connect the New York Elevated Railroad (which elevated railroad is now in actual operation), from different points on the southerly side of the Harlem river and of the Spuyten Duyvil Creek, with one or more points on the northerly side of said streams, and with one or more points in the said Twenty-third and Twenty-fourth Wards.

We therefore respectfully request, that you will appoint five Commissioners, residents of the City and County of New York, who shall have full power and authority to determine upon the necessity of such steam railway or railways, and to fix and determine the routes thereof, and to locate the same, and to determine the routes by which the said New York Elevated Railroad may connect with any other steam railways, or the depots thereof, or with steam ferries, and to do and provide all that the said commissioners are directed to do and provide by the said act.

New York, February 14, 1879.

DEPARTMENT OF DOCKS.

DEPARTMENT OF DOCKS,
Nos. 117 and 119 DUANE STREET,
NEW YORK, April 19, 1879.

TO CONTRACTORS.

PROPOSALS FOR FURNISHING SMALL COBBLE, RIP-RAP AND BROKEN STONE, AND SAND.

SEALED PROPOSALS FOR FURNISHING these materials, indorsed as above, and with the name or names of the person or persons presenting the same, and the date of presentation, and addressed to "The President of the Department of Docks," will be received at this office until 12 o'clock M., of

MONDAY, MAY 5, 1879,

at which time and place the bids will be publicly opened by the head of said Department and read. The award of the contract or contracts will be made as soon as practicable after the opening of the bids.

The Engineer's estimate of the quantities to be furnished is as follows:
Class 1.—Small Cobble and Rip-rap Stone for Bulkhead or River Wall, to be deposited in place by Contractor.

A. About 13,500 cubic yards of Small Cobble Stone.

B. About 14,500 cubic yards of Rip-rap Stone.

Class 2.—Broken Stone for Concrete.

About 2,400 cubic yards of broken stone.

Class 3.—Sand.

About 1,000 cubic yards of sand.

Proposals may be made for one or more of the above three classes.

The above material to be furnished in accordance with specifications, and to be delivered as called for by orders from the Engineer-in-Chief.

The small cobble and rip-rap stone for the bulkhead or river wall is to be delivered and properly deposited around and between the piles, and in front and rear of the work, at such points on the North river, south of Fourteenth street, as may be designated by the Engineer. The small cobble only is to be placed between the piles, and the rip-rap is to be placed in front and rear of the foundation, and is to be properly mixed with small cobble.

The broken stone and sand are to be unloaded and delivered by the contractor upon the scows of the Department, or upon piers or bulkheads, at such point or points along the North river water-front, south of Fourteenth street, as shall be designated, from time to time, by the Engineer.

All material will be measured, in bulk, on board the vessels of the contractor, at the place of delivery.

The foregoing are the quantities which have been estimated approximately for the construction of the bulkhead or river wall proposed to be built during the year.

They form, however, no part of the contract, and persons bidding are cautioned that the Department of Docks does not hold itself responsible that any of them shall strictly obtain in the construction of the work, and reserves the right to terminate the contract at any time after the delivery of the following quantities, to wit:

Class 1.—A. 4,500 cubic yards.

B. 5,000 cubic yards.

Class 2.—800 cubic yards.

Class 3.—350 cubic yards.

Any bidder for this contract must be well prepared for the business, and the bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of seven thousand dollars, in case the whole contract shall be awarded to him; or in the sum of five thousand dollars for the contract for small Cobble and Rip-rap Stone only; or in the sum of one thousand five hundred dollars for the contract for Broken Stone only; or in the sum of two hundred dollars for the contract for Sand only.

for whom he consents to become surety. The adequacy and sufficiency of the sureties offered are to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No proposal will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the proposals is reserved, if deemed for the interest of the Corporation.

Bidders are requested, in making their bids, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the material, can be obtained upon application at the office of the Department, Room No. 6.

JACOB VANDERPOEL,
Commissioners of the Department of Docks.

DEPARTMENT OF DOCKS,
NOS. 117 AND 119 DUANE STREET,
NEW YORK, April 19, 1879.

TO CONTRACTORS.

PROPOSALS FOR FURNISHING GRANITE STONES FOR BULKHEAD OR RIVER WALL.

SEALED PROPOSALS FOR FURNISHING THIS material, endorsed as above, and with the name or names of the person or persons presenting the same, and the date of presentation, and addressed to "The President of the Department of Docks," will be received at this office until 12 o'clock M. of

MONDAY, MAY 5, 1879,

at which time and place the bids will be publicly opened by the head of said Department and read. The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and shall give security for the faithful performance of his contract in the manner prescribed and required by ordinance, in the sum of two thousand dollars.

The Engineer's Estimate of the work to be done is as follows:

To be furnished cut in accordance with specifications: 257 pieces of granite consisting of—
"A." { 81 Headers and } containing about 4,462 cubic
"B." { 115 Stretchers, } feet; and
"C." { 61 Coping Stones, } containing about 5,033 cubic feet.

For further particulars, see the drawings referred to in the specifications forming part of the contract.

The contract is to be fully completed on the fifteenth day of August, 1879. Within thirty days, Sundays and holidays included, after the date of the execution of the contract, about one hundred and seventy lineal feet of Coping Stones, under Class "L," and about forty lineal feet of Coping Stones, under Class "M," are to be completed and delivered in accordance with the terms of the contract. Within sixty days, Sundays and holidays included, after the date of the execution of the contract, a further quantity, amounting in the aggregate to about two thousand cubic feet of Headers and Stretchers divided between the several classes, as ordered by the Engineer-in-Chief, is to be completed and delivered in accordance with the terms of the contract. The damages to be paid by the contractor for each day that the contract, or any part thereof, as specified above, may be unfulfilled after the said several times above specified have expired, Sundays and holidays not to be excepted, are by a clause in the contract fixed and liquidated at fifty dollars per day.

Bidders will state in their proposals the price per cubic foot of the stone to be furnished in conformity with the annexed specifications, by which the bids will be tested. This price is to cover all expenses, of every kind, involved in or incidental to the delivery, including any claim that might arise through delay, from any cause, in the receiving of the material by the Department.

Bidders will write out the amount of their estimate for doing this work, in addition to inserting the same in figures.

Should the lowest bidder or bidders neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or proposal, or if, after acceptance, he or they should refuse or neglect to execute the contract and give the proper security for forty-eight hours after notice that the contract is ready for execution, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it is accepted and executed.

Bidders are required to state in their proposals their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the proposal shall distinctly state the fact; also that the bid is made without any connection with any other person making an estimate for the same purpose, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which proposals must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each proposal shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the person or persons making the bid, they will, on its being so awarded, become bound as his or their sureties for his faithful performance; and that if said person shall omit or refuse to execute the contract, they will pay to the Corporation any difference between the sum to which said person or persons would be entitled on its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested; the consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by section 6 of chapter 574, Laws of 1871, and by section 27 of chapter VIII. of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No proposal will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the proposals is reserved, if deemed for the interest of the Corporation.

Bidders are requested, in making their bids, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the material, can be obtained upon application at the office of the Department, Room No. 6.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate" for two new boilers at Bellevue Hospital, and with his or their name or names, to the head of said Department, at the said office, on or before the day and hour abovenamed, at which time and place the bids or estimates received will be publicly opened by the head of said Department and read.

The Department of Public Charities and Correction reserve the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

The entire work will be required to be finished within ninety (90) working days after the date of the contract.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal sum of an amount equal to one-half of the amount of the bid.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect, that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders are cautioned to examine the specifications for particulars of the work required, before making their estimates.

Bidders will state the price for furnishing the boilers and putting them in place, by which the bids will be tested.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller issued on the completion of the contract, or from time to time as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

NOTICE
IN RELATION TO JURORS FOR
STATE COURTS

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, June 1, 1877.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.
