Yours very respectfully,

(Signed)

AUGUST BELMONT & CO.

Approved on account of the Rapid Transit Commission.

(Signed) A. E. ORR, President.

The following resolution was moved:

Resolved, That this Board hereby approves the substitution of bonds, as stipulated in communication of August Belmont & Co. to the Comptroller under date of 25th January, 1904, and as printed above, in the matter of the one million dollars in securities deposited with the Comptroller in behalf of John B. McDonald, the contractor.

Ayes—The President, Mayor, Comptroller and Commissioners Langdon and Smith.

Nays—None.

Carried.

The following correspondence was presented and read and referred to the Committee on Plans:

RAPID TRANSIT SUBWAY CONSTRUCTION COMPANY,  
No. 23 NASSAU STREET,  
NEW YORK CITY, January 20, 1904.

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Railroad Commissioners,  
No. 320 Broadway, New York, N. Y.:

MY DEAR SIR—I beg to transmit to you herewith copy of correspondence between your Chief Engineer, Mr. William Barclay Parsons, and myself and Mr. John B. McDonald, which explains itself.

The Rapid Transit Subway Construction Company, at a meeting at which Mr. McDonald's letter was submitted, after a full discussion, thoroughly indorsed the recommendations made therein, and they are herewith submitted to you as embodying the ideas and the desires of this company.

Believe me,

Yours respectfully,

(Signed) AUGUST BELMONT, President.

INTERBOROUGH RAPID TRANSIT COMPANY,  
No. 23 NASSAU STREET,  
NEW YORK CITY, January 20, 1904.

AUGUST BELMONT, Esq., President, Interborough Rapid Transit Company, No. 23 Nassau Street, New York City:

DEAR SIR—I have received your letter of January 18, and am glad to learn that the Rapid Transit Commission desires an expression of the views of the Rapid Transit Subway Construction Company on the subject of extensions and new construction, as outlined by Mr. Parsons' plan. You will recall that, at a meeting of the Board of Directors of the Rapid Transit Subway Construction Company on September 23, when your letter to the Commission of the same date was read and approved, and you were authorized to communicate the same to the Rapid Transit Commission, I was not in favor at all of abandoning the Broadway extension; and I am still of the opinion that a vital necessity exists for the extension of the road, as then proposed, either to Fourteenth street or to Twenty-third street, and from that point down Fifth avenue, via South Fifth avenue, to Greenwich street, and thence on to the Battery, connecting there with our Brooklyn extension, or deflecting and going down some other route, although I can think of none equally as good.

Your letter did not withdraw the application, but stated to the Rapid Transit Commission that it would be perfectly satisfactory to the Rapid Transit Subway Construction Company if it abandoned the Broadway route. This, as far as I understand, the Commission has not done, nor has it changed its attitude of approval of the suggestion made in Mr. Parsons' report of an extension from Forty-second street down. I therefore urge strongly that the application be renewed.

In addition to this, as was contemplated by us if this was done, a subway connection can be built to the Pennsylvania station from Thirty-third street, for the operation of either shuttle trains or moving platforms, and I strongly urge that a request be made for this also.

The next extension in importance, and which the Rapid Transit Subway Construction Company should request from the Commission, is the construction of a three-track tunnel from Forty-second street up Lexington avenue, to and under the Harlem river, through Third avenue to One Hundred and Forty-ninth street, there connecting with our subway and elevated lines in The Bronx.

The Rapid Transit Commission, through its Chief Engineer, authorized the construction of the east side portion of the Park avenue tunnel, twenty-one feet east of the line originally proposed, with a view of making the extension which I hereby recommend. This would unify and complete the system in a manner indispensable to the proper operation of the road and relief of the traveling public, and would accomplish, in the building of these additions, the practical establishment of two lines of underground road knit together by a cross-town connection at Forty-second street.

As to the method of carrying on the work of the proposed extensions, our later experience in constructing the present lines has developed methods which convince us that the construction of a two-track or three-track tunnel can be carried forward without serious inconvenience to the public.

As our company is now at work upon a plan for adding one or two tracks to the Second avenue elevated line, thus establishing express service on the elevated on the east side, this, added to what I have recommended in the way of additions to the subway, would seem to my mind to furnish the lines for which there is the most pressing demand and which can be constructed within a reasonable time and with a minimum expenditure.

Yours very truly,

(Signed) JOHN B. McDONALD, Contractor.

January 18, 1904.

Mr. JOHN B. McDONALD, Contractor, Rapid Transit Subway Construction Company,  
Nos. 13-21 Park Row, New York, N. Y.:

DEAR SIR—I hand you inclosed copy of letter received from Mr. Parsons, under date of January 7, in which he requests on the part of the Commission an expression of our views and desires respecting new construction as involved in Mr. Parsons' report. I shall be greatly obliged to you if you will write a letter outlining your suggestions, so that the matter may be taken up by the Interborough Board on Wednesday and brought to the attention of the Rapid Transit Commission on Thursday.

I remain, yours truly,

AUGUST BELMONT, President.

January 11, 1904.

Mr. WM. BARCLAY PARSONS, Chief Engineer, Rapid Transit Board of Railroad Commissioners, No. 320 Broadway, New York, N. Y.:

MY DEAR MR. PARSONS—Your letter of January 7, regarding Rapid Transit extensions, is received. I note what you say on the subject and will take the matter under consideration.

Believe me, yours truly,

AUGUST BELMONT, President.

January 7, 1904.

AUGUST BELMONT, Esq., No. 23 Nassau Street, New York, N. Y.:

MY DEAR MR. BELMONT—The committee of the Rapid Transit Commission on Plans at its meeting yesterday directed me to hand you a copy of the report that I made to the Board on extensions, and to state that the Committee would now be glad to consider all questions of extensions, and at your convenience they would be glad to learn your views as to the recommendations made in my report, or such modifications of them as would appear to you to be desirable. I might further add for your information that the Commission will probably introduce a bill in the Legislature requesting that the present financial limitations should either be removed or extended.

Very truly yours,

(Signed) WM. BARCLAY PARSONS, Chief Engineer.

The following correspondence as to additional work necessary at station entrances, with reports by Chief Engineer and Counsel, was read:

NEW YORK, December 21, 1903.

JOHN B. McDONALD, Esq., Contractor, Nos. 13-21 Park Row:

MY DEAR SIR—I hand you herewith plans showing the reconstruction of the areas at the southwest and northeast corner of Eighteenth street and Fourth avenue. These areas will have to be removed in order to provide sufficient passageway between the kiosks and the buildings. The consents of the owners have been obtained to these modifications. I therefore direct that this work be done at once.

In order that the proper passageway may be provided pending the permanent construction I direct that the railings be taken down and that the areas be planked over.

Very truly yours,

WM. BARCLAY PARSONS, Chief Engineer.

RAPID TRANSIT SUBWAY CONSTRUCTION COMPANY,  
PARK ROW BUILDING, NOS. 13-21 PARK ROW,  
NEW YORK, December 23, 1903.

WM. BARCLAY PARSONS, Esq., Chief Engineer, Rapid Transit Railroad Commissioners,  
No. 320 Broadway, New York City:

DEAR SIR—I am in receipt of your favor of the 21st inst., handing me two plans showing the reconstruction of areas at the southeast and northwest corners of

Fourth avenue and Eighteenth street, and directing me to do the work in accordance with these plans. The work, as indicated on these plans, apparently consists in the removal of a stoop or stone staircase, which now constitutes a part of the building at the northwest corner, also the removal of railings and copings about an area-way pertaining to that building; removing the coping and railing about the area-way at the other corner, raising the level of the sidewalk and putting in vault lights and gratings over the area space mentioned, thus turning these area-ways into vaults for the use of the owners of the adjoining houses.

I understand that the space in which this work is to be done is all of it embraced within the public highway, and that the owners of the buildings maintain the existing structures in the space indicated merely as licenses of the City, and not as owners, and that under the decisions of the courts, in case the space so occupied by them or any part of it is required for rapid transit purposes, their licenses may be deemed revoked, and they required at their own expense to remove the structures at present occupying the same.

Under these circumstances, I do not see how the cost of doing this work can be considered as a part of the construction of the railroad so as to afford a basis for the charge of interest by way of rental under the lease part of the contract. I am, of course, quite willing to do the work upon being paid for it in addition to the contract price, provided the amount be not capitalized as a basis for the payment of rental. I should like that matter definitely determined by the Board before I actually undertake the expense of the work, and I would appreciate it if you would suspend the execution of your order until then. There will probably be other instances of the same character arising before the work is completed, and the determination of this matter will govern the others.

Very truly yours,  
JOHN B. McDONALD, Contractor.

New York, December 29, 1903.

JOHN B. McDONALD, Esq., Contractor, Nos. 13-21 Park Row:

MY DEAR SIR—I have your letter of December 23, in regard to the cost of moving the areas next to the kiosks at Eighteenth and Twenty-eighth streets, in which you state that, in your judgment, the cost of moving such areas is not covered by the contract and should not be a charge on which you should pay interest. I have referred your letter to the President of the Board. There will not be a meeting of the Rapid Transit Board for some time, so that it will not be possible to obtain a definite ruling on this point at once. In the meantime the sidewalks at Eighteenth street are practically useless, and the property owners have agreed with me to permit the necessary changes in their area construction to be made. Owing to the impassable condition of the sidewalks, I cannot suspend the order that I have given. I am willing, however, to modify the order to the extent that so far as the temporary effect of the order is concerned, that it will not in any way prejudice your rights, the matter of payment being taken out of the General Fund and not out of the Special Fund chargeable to your contract. I therefore direct that this work be taken up and completed by you in accordance with the plans already submitted. The liability for the payment to be settled later. As this is work which must be done, it is obvious that there is no hardship on you in leaving it in the manner as indicated in this letter.

Very truly yours,  
WM. BARCLAY PARSONS, Chief Engineer.

New York, December 29, 1903.

Hon. A. E. ORR, President, Rapid Transit Board:

MY DEAR MR. ORR—The construction of the kiosks, which are the entrances to the stations, requires that the sidewalks between the kiosks and the buildings be made flush and that all area obstructions be removed. These kiosks have now been erected at Eighteenth and Twenty-eighth streets, and serious inconvenience has been caused by the area obstructions at these points. I arranged with the property owners that these obstructions should be removed and that the sidewalks be made uniform. I directed the contractor to do the work in accordance with the plans submitted.

As you will see by the accompanying letter he has objected to doing this work under the contract, claiming that it is a charge on which he should not be compelled to pay interest. I submit the matter to you for a decision. In the meantime, as you will see by copy of my letter to the contractor of even date, I have directed him to proceed with the work without prejudice to the method of payment.

Very truly yours,  
(Signed) WM. BARCLAY PARSONS, Chief Engineer.

January 15, 1904.

Hon. A. E. ORR, President, Rapid Transit Board, No. 320 Broadway, City:

DEAR SIR—We have considered the claim of the contractor with respect to the additional work near the station kiosks at Eighteenth and Twenty-eighth streets, and our conclusion is that the contention of the contractor presented in his letter to the Chief Engineer of 23d December last and in the letter of the Chief Engineer to yourself of the 20th ult. is sound.

The additional work was not included in any specification of the contract. Notwithstanding this the contractor would be bound to do the work if it were necessary to the completion of the railroad. But the work now done is not strictly necessary to the completion of the railroad, certainly not from the standpoint of the contractor, but is proper because of the general duty of the Rapid Transit Board to make the obstruction of the surface of the streets and the interference with the surface rights or easements of the abutting owners as light as possible. It might be open to argument that neither the Board nor the City is bound to do for the abutting owners the additional work which is here under consideration. But it seems to be plainly for the interest of the public and not an unreasonable recognition of the especial interests of the abutting owner that the work should be done.

In this view our conclusion is that, although the question is open to some doubt as between the Rapid Transit Board and the other street authorities, it is not open to doubt that the contractor is under no obligation to do this additional work, which does not make the railroad as a railroad any better, and is not fairly within the purview of his contract. The contractor has gone on with the work under the order of the Chief Engineer, but insists that the work shall not be treated as extra work within the meaning of the contract; that is to say, he insists that the cost shall not be added to the cost of construction so as to enhance the rental he is to pay. His claim is that he must be paid for the work as work entirely outside of his contract obligations. In this view it seems to us necessary that the payment should be ordered by the Board to be made from the fund for administration expenses. And, assuming that the Board approves, as we believe it will, the policy of making the entrances to the kiosks as little inconvenient as possible to those using the surface of the streets, we advise that the Board direct the payment to the contractor of the cost from its fund for administration expense.

Yours truly,  
(Signed) BOARDMAN, PLATT & SOLEY,  
EDWARD M. SHEPARD.

The following resolution was moved:

Resolved, That such work not included in the specifications of the contract for construction and operation dated February 21, 1900, and not within the purview of the said contract, as has been performed by the contractor in grading the sidewalks adjoining the kiosks of the stations of the Manhattan-Bronx Railroad at Fourth avenue, Eighteenth street and Twenty-eighth street, shall be paid for as an expense of administration of the Board; and the value of such work shall be ascertained and determined in the manner provided in the said contract for construction and operation in addition to the amounts in said contract agreed to be paid the contractor, and such amount shall not be included in the total cost of the construction of the said railroad in determining the amount of rental to be paid under said contract.

Ayes—The President, Mayor, Comptroller, and Commissioners Langdon and Smith.

Nays—None.

Carried.

The Comptroller moved the following amendment to the above resolution:

Resolved, That a like course be pursued in other such cases arising, and that the

Chief Engineer be and he hereby is authorized to have the work done by other contractors if he deems best.

Ayes—The President, Mayor, Comptroller, and Commissioners Langdon and Smith.

Nays—None.

Carried.

The following letter of William Wilson was read and referred to the Comptroller with power:

No. 152 BROADWAY,  
NEW YORK, January 18, 1904. }

Rapid Transit Commissioners, No. 320 Broadway, City:

GENTLEMEN—In accordance with the consent given by you to me, I have sublet to the United Cigar Stores Company the store premises No. 1474 Broadway. They desire to remodel the front window by making a double window instead of a single front. Will you please give me your consent to this on condition that it is an improvement and not a detriment to the building.

Yours truly,  
(Signed) WILLIAM WILSON.

The following request was read and referred to the Comptroller for report:

No. 89 JORALEMON STREET, BROOKLYN BOROUGH,  
NEW YORK CITY, January 19, 1904. }

Rapid Transit Commission:

GENTLEMEN—We respectfully ask payment for our pecuniary injury sustained through the construction of the subway or tunnel in Joralemon street, Brooklyn Borough, New York City.

We conduct a school for children (general and music) at No. 89 Joralemon street. Our receipts from pupils compared with previous years have fallen off for the school year, commencing in the fall of 1903, some twenty-eight hundred dollars; this has been because of the premises, No. 89 Joralemon street, having become less desirable for the purposes of a private school for children on account of the construction work of the subway through the street. We therefore respectfully request the payment of the amount of this business loss.

Trusting in your good offices and in the justice of The City of New York, especially in the co-operation of our esteemed Comptroller, we hope that our pecuniary loss may be made good without deduction for legal expenses that would be forced upon us if cast into the courts to struggle for our just relief.

Respectfully yours,  
(Signed) R. CRAWFORD.  
ALETHEA CRAWFORD PARCELLS COX.  
(THE MISSES CRAWFORD.)

The Comptroller spoke of the question of purely physical damage to the property in Joralemon street, which he said had not before been brought to the attention of the Board.

Commissioner Langdon moved the following resolution:

Resolved, That the question of physical damage to property in Joralemon street, Brooklyn, be referred for report to a committee to consist of the President, the Comptroller and Counsel.

Ayes—The President, Mayor, Comptroller, and Commissioners Langdon and Smith.

Nays—None.

Carried.

The following report of the Chief Engineer was read:

NEW YORK, January 28, 1904.

Hon. A. E. ORR, President, Rapid Transit Board:

MY DEAR SIR—In response to your inquiry as to the condition of the work on Joralemon street, I beg leave to advise you that the work easterly from the shafts has been completed to the easterly end of the subcontract, that is to say, within 25 feet of the west side of Clinton street. This work has been done by means of a shield, which is a cylindrical structure of steel plates. This shield is advanced by means of heavy jacks pushing it forward into the sand and under whose cover the cast iron ring is erected. This shield prevents any large movement of the ground and reduces to the minimum the danger to houses above the work. There is, however, left behind the shield and outside of the cast-iron lining of the tunnel an annular space, into which the dry sand falls immediately as the shield is advanced. This small loosening of ground becomes evident upon the surface a few days after the shield is advanced and shows itself particularly in the light work connected with the houses, such as the area railings and stoops. Between the shaft and Clinton street nearly all the stoops have in this way become more or less damaged. This settlement of the stoops continues for a few days and then ceases entirely. Whatever settlement there is, therefore, between the shaft and Clinton street is probably all that will occur, and this has varied up to date from one-quarter of an inch to three-quarters of an inch. The south shield west of the shaft has been advanced 260 feet.

It is the intention of the contractor, as soon as the season permits, to reset the stoops and replace the damage that has been done.

Very truly yours,  
(Signed) WM. BARCLAY PARSONS, Chief Engineer.

The following report of the Comptroller on Forty-second street and Broadway was read:

DEPARTMENT OF FINANCE—CITY OF NEW YORK,  
January 28, 1904. }

Hon. ALEXANDER E. ORR, President, Board of Rapid Transit Railroad Commissioners:

SIR—Pursuant to authority given me by resolution of the Board adopted January 7, 1904, I have leased the roof privilege of the premises northeast corner Forty-second street and Broadway to Alfred Van Beuren and Samuel Pratt at \$4,000 per annum from January 15, 1904, to February 15, 1905.

I transmit lease and bond executed and accepted by me and duly approved as to form by Boardman, Platt and Soley.

The store No. 149 West Forty-second street and the second floor have not been leased; negotiations are under way, but I have nothing definite to report.

Respectfully,  
(Signed) EDWARD M. GROUT, Comptroller.

The following report of Counsel was read:

January 15, 1904.

Hon. A. E. ORR, President, Rapid Transit Board, No. 320 Broadway, City:

DEAR SIR—The Board, at its meeting on December 17, 1903, approved the form of an agreement with respect to the privileges of abutting owners in vaults which had been disturbed by rapid transit construction. The counsel of the Interborough Company desires some additional specifications to be inserted in the form of the agreement; and his suggestions seem to us to be reasonable. We therefore submit a modified form of agreement together with a resolution for the action of the Board.

Very respectfully,  
(Signed) EDWARD M. SHEPARD.  
BOARDMAN, PLATT & SOLEY.

The following resolution was moved:

Whereas, This Board at its meeting held on the 17th day of December, 1903, adopted a resolution approving a form of agreement to be made with abutting owners by the City acting by this Board, the contractor and the Interborough Rapid Transit Company, with respect to the uses of vaults disturbed by rapid transit construction; and

Whereas, It is deemed wise to modify the form of such agreement; now therefore it is

Resolved, That the said resolution be and the same hereby is rescinded and that this Board authorizes and directs that hereafter such agreement shall be made in the general form following, to wit:

Agreement, made this \_\_\_\_\_ day of \_\_\_\_\_ 190\_\_\_\_, between hereinafter called the "Owner," party of the first part, The City of New York, acting by the Board of Rapid Transit Railroad Commissioners for the

said City, and hereinafter called the "City," party of the second part, John B. McDonald and the Interborough Rapid Transit Company, hereinafter called the "Lessees," parties of the third part.

Whereas, Pursuant to law and to a certain contract made between the City and the said John B. McDonald, dated the 21st day of February, 1900, and various amendments thereto, the said City is constructing a rapid transit railroad under and along certain streets in The City of New York, and especially under and in front of premises situated on the side of street, having a frontage on the said street which begins at a point feet ly from the intersection of the side of street with the side of said street, and running thence ly feet along the said side of said street; and

Whereas, The owner claims to be the owner of the premises hereinbefore described, and has heretofore occupied a certain vault under the said street in front of and abutting his said premises; and

Whereas, The City has, for the purposes of construction and operation of the said railroad, taken possession of the space lately occupied by the said vault, and now holds and will hold such space for the purposes of such construction and operation; and

Whereas, The owner has asked permission to reconstruct and reoccupy so much of the said vault as has not now and shall not hereafter be occupied for the construction and operation of the said rapid transit railroad; and

Whereas, By the said contract bearing date the 21st day of February, 1900, made between the City and the said John B. McDonald, the said McDonald has agreed to use, maintain and operate for a term of fifty years the said rapid transit railroad when constructed; and

Whereas, By instruments bearing date the 1st day of August, 1902, the said McDonald has, with the consent of the Rapid Transit Board, assigned to the Interborough Rapid Transit Company, a corporation organized under the laws of the State of New York, so much of the said contract of February 21, 1900, as provides for the use, maintenance and operation of the said rapid transit railroad; and

Whereas, The parties of the third part are willing that such part of the said vault should be so occupied if the City and the parties of the third part, their successors and assigns, shall hereafter have the rights, hereinafter mentioned, without any objection by or on the part of the owner or of his heirs, assigns, or other successors in interest;

Now, therefore, it is agreed that the owner shall be permitted to reconstruct such part of said vault above the top of the structure of the subway or tunnel occupied by the Rapid Transit Railroad upon condition that neither the said owner nor the occupant of the said premises shall at any time use or suffer said vault space over the roof of the subway to be used in any manner which shall be injurious or threaten injury to the said subway, or interfere in any respect therewith, and that the City and the lessees may at all seasonable times by themselves, their agents or servants enter upon and inspect the said premises, and that the said owner or occupant will forthwith remove from said vault space any substance which may at any time be placed therein which shall, in the opinion of the said lessees, be injurious to the said subway and that the said City and the lessees shall at all times have the right to enter and use the said vault space when necessary for repairs to the structure of the said tunnel or subway.

Provided, however, and it is expressly agreed that the City shall by this instrument be deemed to accord to the owner such right or privilege only as the said Board of Rapid Transit Railroad Commissioners is now entitled in behalf of the City to accord, and that the owner shall, with respect to the portion of the said vault so to be reconstructed and reoccupied, have no right other than or additional to the right, if any, which the said owner had with respect to the said vault at the time of the commencement of the construction of the said rapid transit railroad.

In witness whereof, this agreement has been executed for The City of New York by its Board of Rapid Transit Railroad Commissioners under and by a resolution duly adopted by said Board, and the seal of the said Board has been hereto affixed and these presents signed by the President and Secretary of the said Board, and the said John B. McDonald has hereto set his hand and seal, and the said Interborough Rapid Transit Company has caused its corporate seal to be hereto affixed and attested by its Secretary and these presents to be signed by its President, and the said has hereto set his hand and seal, all the day and year first above written.

Ayes—The President, Mayor, Comptroller and Commissioners Langdon and Smith.

Nays—None.  
Carried.

The following report of the Chief Engineer and letter of the Assistant Secretary of the Municipal Art Commission as to statue of S. S. Cox were read, and, on motion, the matter was referred to the Mayor:

NEW YORK, January 12, 1904.

Hon. A. E. ORR, President, Rapid Transit Board:

MY DEAR SIR—In compliance with the instructions of the Board, I requested the Art Commission of The City of New York to suggest a permanent site for the statue of the late S. S. Cox, and in reply to my request I hand you herewith copy of letter received from the Assistant Secretary of the Art Commission to the effect that the Art Commission is without power to suggest any site, its powers being limited to the approval or disapproval of the works of art and their location. It becomes necessary therefore for some authority to select a new site for this statue.

Very truly yours,  
(Signed) WM. BARCLAY PARSONS, Chief Engineer.

ART COMMISSION OF THE CITY OF NEW YORK,  
CITY HALL, NEW YORK, January 11, 1904.

Hon. WM. BARCLAY PARSONS, Chief Engineer, Rapid Transit Railroad Commission,  
No. 320 Broadway, City:

MY DEAR MR. PARSONS—I beg to acknowledge the receipt of your letter of January 9 requesting the Art Commission to suggest a permanent site for the S. S. Cox statue.

In reply I beg to enclose a copy of the Charter delimiting the functions of the Art Commission and also to refer you to a letter of President Warner, under date of February 9, 1903. From these you will see that the jurisdiction of the Art Commission is limited to the approval or disapproval of works of art, etc., and their location, action being taken only upon plans submitted to the Art Commission.

The Art Commission will promptly consider any suggestion you may wish to make regarding the relocation of the Cox statue, but it has no power to propose a relocation upon its own initiative.

I take the liberty of enclosing also the forms which have been adopted to facilitate action upon such cases.

Awaiting your pleasure, I am

Very respectfully,  
(Signed) MILO R. MALTBIIE, Assistant Secretary.

Letter of August Belmont, as follows, asking for twenty copies Contract No. 1, necessitating reprinting the same, was read, and the matter was referred to the Chief Engineer, with power, it being the understanding that a new edition of 500 or 1,000 could be printed:

RAPID TRANSIT SUBWAY CONSTRUCTION COMPANY,  
No. 23 NASSAU STREET,  
NEW YORK CITY, January 21, 1904.

BION L. BURROWS, Esq., Secretary, Board of Rapid Transit Railroad Commissioners  
No. 320 Broadway, New York, N. Y.:

DEAR SIR—Will you kindly furnish me with twenty copies of Contract No. 1 between The City of New York, acting by the Board of Rapid Transit Railroad Commissioners, and John B. McDonald, for the construction and operation of the Manhattan-Bronx Rapid Transit Railroad, and oblige,

Yours very truly,  
(Signed) AUGUST BELMONT, President.

Petition of Percival S. Menkin as to premises No. 726 Westchester avenue was read, with opinion of counsel and report of Chief Engineer and referred to Committee on Plans.

Letter of comptroller of Trinity Church was read as follows:

OFFICE OF THE CORPORATION OF TRINITY CHURCH,  
No. 187 FULTON STREET, CORNER CHURCH STREET,  
NEW YORK, January 28, 1904.

Rapid Transit Commissioners, No. 320 Broadway:

GENTLEMEN—We understand from the borings that have been lately made under the direction of your engineers to determine the depth and the extent of the foundation of the tower of Trinity Church, that they find that the foundations extend only about nine feet and six inches below the flagging in front of the tower.

The excavations for the subway being considerably below that point will, in our opinion, endanger the stability of the tower, and owing to the depth of the subway trenches and the character of the soil in that section, we believe there is great danger of settlement of the grounds not only under the tower, but also along the Broadway fronts of the churchyard on both sides of the church. We do not consider that adequate precautions are being taken to protect the tower and the grounds, and must respectfully request that you take immediate steps to secure the stability of the tower against damage by the subway operations, and to provide safe methods for the maintenance of the soil under the tower and in the churchyard in its present condition beyond the possibility of disturbance or of the slightest movement.

Very truly yours,  
(Signed) H. H. CAMMANN, Comptroller.

The Comptroller moved the following resolution:

Resolved, That the matter be referred to the Chief Engineer, with the request that he confer with representatives of Trinity Corporation and report a plan to be agreed upon by their engineers as well as our own.

Ayes—The President, Mayor, Comptroller and Commissioners Langdon and Smith.

Nays—None.  
Carried.

The following resolution was moved:

Resolved, That this Board hereby makes the following promotion and appointments, and consents to the following transfers to the Borough of Richmond and the Aqueduct Commission:

Carried.

The following resolution was moved:

Resolved, That the President be and he hereby is authorized to make requisition on the Board of Estimate and Apportionment for the authorization of the issue of bonds of the City to meet requirements under the contract with John B. McDonald for construction and operation of the Rapid Transit Railroad of The City of New York as follows:

Real estate.....	\$500,000 00
Terminals .....	750,000 00
Extra work and for ducts.....	1,500,000 00
	<u>\$2,750,000 00</u>

Ayes—The President, Comptroller and Commissioners Langdon and Smith.  
Nays—None.

Carried, the Mayor not voting.

The Secretary reports that the President had signed communication to be sent to property owners along the proposed additional route in The Bronx, connecting the Manhattan-Bronx Railroad at One Hundred and Forty-ninth street and Third avenue with Manhattan "L" Railroad.

The Secretary reported that the President had executed assignment to the contractor of bond of Sub-Contractor John Shields, for \$175,000, and that the bond had been returned to the contracting company; that the President had executed agreement authorized as to continuing bond, and Secretary reported the transmission to the Comptroller of that bond in the sum of \$1,000,000, with copy of resolution of the Board adopted at the last meeting.

Secretary reported that the President had executed assent to the assignment of two sub-contracts by the Terry & Tench Construction Company to the Terry & Tench Company, as authorized by the Board.

Secretary reported that the Board of Estimate and Apportionment had honored the requisition of the Board for \$546,000, by resolution dated 15th of January, 1904.

Communication of East Tremont Taxpayers' Association favoring an East Side line, and of H. A. O'Brien & Co., No. 17 Red Hook lane, Brooklyn, commending work done by Sub-Contractors Cranford & McNamee in Hudson avenue, Brooklyn, were read and ordered on file.

The Board then went into executive session.

The Board then adjourned.

BION L. BURROWS, Secretary.

## ART COMMISSION.

## Report for the Year 1903.

JANUARY 1, 1904.

Hon. GEORGE B. McCLELLAN, Mayor of The City of New York, City Hall, New York:  
SIR—In compliance with the Charter, the Art Commission begs to submit its report for the year 1903:

The Charter of Greater New York provides that the Art Commission shall be composed of three artists—a painter, a sculptor and an architect—three laymen and the following ex-officio members: The Mayor, the President of the Metropolitan Museum of Art, the President of the New York Public Library and the President of the Brooklyn Institute of Arts and Sciences.

The membership of the Commission, in accordance with this provision, has consisted of Seth Low (Mayor), A. Augustus Healy (President of the Brooklyn Institute of Arts and Sciences), Frederick W. Rhinelander (President of the Metropolitan Museum of Art), John Bigelow (President of the New York Public Library), Frederick Dielman (painter), Henry Rutgers Marshall (architect), A. Phimister Proctor (sculptor), John DeWitt Warner (layman), William J. Coombs (layman) and Loyall Farragut (layman). Since the appointment, upon January 12, of Commissioners Proctor and Farragut to succeed, respectively, Commissioners French and Avery, whose terms of office expired December 31, 1902, no change has taken place in the membership of the Commission.

At the first meeting of the Commission, held January 13, 1903, the Commission was organized by electing the same officers as served for 1902, namely, John DeWitt Warner, President; Frederick Dielman, Vice-President, and A. Augustus Healy, Secretary.

## POWERS AND DUTIES OF THE COMMISSION.

Under the Charter the Commission has jurisdiction over:

- All works of art to be acquired by The City of New York by purchase, gift or otherwise;
- The removal, relocation or alteration in any way of all works of art already possessed by the City;
- All designs of municipal buildings, bridges, approaches, gates, fences, lamps or other structures erected or to be erected upon land belonging to the City; the lines, grades, plotting of public ways and grounds; arches, bridges, structures and approaches which are the property of any corporation or private individual and which shall extend over or upon any street, park or public place belonging to the City, provided they are referred to the Commission by the Mayor or the Board of Aldermen;
- All structures, as mentioned in (c) above, to be erected or contracted for at an expense exceeding \$1,000,000;
- The selection of art productions, costing not to exceed \$50,000 in any one year, when such appropriation has been made by the Board of Estimate and Apportionment.

Works of art, as above defined, include all paintings, mural decorations, stained glass, statues, bas reliefs or other sculptures, monuments, fountains, arches or other structures of a permanent character intended for ornament or commemoration.

The Charter further provides that no work of art shall become the property of the City unless such work of art, or a design, together with a statement of the proposed location, shall have been submitted to and approved by the Art Commission. Until so approved it may not be erected or placed in, upon or over any building, street, park or public place belonging to the City.

Further, no existing work of art may be removed, relocated or altered in any way unless the plan for such removal, relocation or alteration shall have been submitted to and approved by the Commission.

## MATTERS SUBMITTED IN 1903.

The matters submitted to the Commission under these provisions during 1903 have far exceeded in number and importance those of any previous year. The number of submissions made was 117; four others were presented in 1902, but not disposed of before January 1, 1903, making a total of 121 considered during the current year. The total amount of money involved approximated \$33,600,000.

The rapid growth of business transacted may perhaps best be suggested by noting that, during the one year 1902, the submissions acted upon were nearly three times as many as the aggregate of those for the four years previous, during which the Commission had been in existence, and involved expenditure even greater in proportion; also that those during 1903 were some 35 per cent. more numerous than the aggregate of all former years, including 1902.

The number of submissions made during 1903 of designs for "works of art"—see (a) above—was 58, including:

- Andrews Memorial—A mural bust of the late Justice George P. Andrews, to be placed in the County Court House, Part IX., Trial Term, of the Supreme Court. Presented to the City by Catherine M. Andrews.
- Decoration of ceiling in Aldermanic Chamber, City Hall (two submissions).
- Electroliers and Isles of Safety at the intersection of Forty-second street and Fifth avenue.

- Electrolier and Isle of Safety at West Twenty-third street and Twelfth avenue.
- Electroliers and Isles of Safety in Long Acre Square (two submissions).
- Electrolier and Isle of Safety near Herald Square.

- Fourth Avenue Tablet—A bronze tablet upon a natural boulder, to be placed at the intersection of Fourth avenue and Sixtieth street, Brooklyn. To be presented to the City by the West End Board of Trade.

- Hall of Records sculptures (thirty submissions).
- Hamilton Fountain—Granite drinking fountain for man and beast in Riverside Park at the foot of West Seventy-sixth street. Given to the City under a bequest of Robert Ray Hamilton (two submissions).

- Maxwell Memorial—A medallion profile portrait of Henry W. Maxwell, to be placed on a boulder near the entrance to Prospect Park. Presented to the City by friends of the deceased.

- Mulberry Bend Fountain—Marble and bronze drinking fountain for man and beast in Mulberry Bend Park, Five Points. Presented to the City by the Women's Municipal League.

- Murray Memorial—A bronze tablet and boulder, to be placed at the intersection of Park avenue and Thirty-seventh street, in honor of Mary Linley Murray.

Presented to the City by the Knickerbocker Chapter, Daughters of the American Revolution.

Slocum Statue—A bronze and granite equestrian statue of General Henry W. Slocum, to be placed at the intersection of Eastern parkway and Bedford avenue, Brooklyn.

Sullivan Memorial—Bronze bust of Algernon Sydney Sullivan, to be erected at the intersection of Moshulu parkway and the Concourse, in the Borough of The Bronx. To be presented to the City by friends of the deceased.

Sun Dial—In Washington Square Park, of marble and bronze. To be presented by Charles R. Lamb in memory of his father, Joseph Lamb.

Rug for Mayor's office (two submissions).

Washington Square Fountain—A public drinking fountain of granite, to be placed in Washington Square Park. To be presented by Mary Taber (two submissions).

Williamsburg Bridge—Decorative features of structure only (three submissions). Zoological Park Fountain—An antique fountain brought from Italy. Presented to the City by William Rockefeller (four submissions).

The number of submissions of designs for "removal or relocation of works of art"—see (b) above—was 7, including:

- Relocation of portraits in City Hall.
- Relocation of works of art in Aldermanic Chamber (two submissions).
- Relocation of portraits formerly hanging in the Council Chamber of the Brooklyn Borough Hall.
- Removal of the Ericsson statue to a new site in Battery Park.
- Removal of "Tigress and Cubs" to a new site in Central Park.
- Removal of electroliers in Long Acre square to new sites in the immediate vicinity.

The number of submissions of designs made "on request of the Mayor"—see (c) above—was 46, including:

- Battery Park Comfort Station, south side of Battery place.
- Bridge Street Public Bath (Brooklyn), between Concord and Tillary streets (two submissions).
- Bronx Court-House—Municipal Court and Jail at One Hundred and Sixty-first street, Third avenue and Brook avenue (two submissions).
- Burling Slip Public Comfort Station, between Front and South streets.
- Chatham Square Public Comfort Station (two submissions).
- Croquet Shelter, Prospect Park (Brooklyn)—East drive.
- Delancey Street Public Comfort Station, near Sheriff street.
- East Eleventh Street Public Bath, between Avenue A and Avenue B.
- East Twenty-third Street Public Bath, near Avenue A (two submissions).
- Eastchester Bay Bridge (two submissions).
- Ferry Terminal and Recreation Pier, Stapleton, foot of Canal and Water streets.
- Fifth Avenue and Twenty-third Street Public Comfort Station.
- Gates Avenue Municipal Court-House, Brooklyn (three submissions).
- Grand Circle Public Comfort Station.
- Grand Street Public Comfort Station, at the intersection of Grand street and East Broadway.
- Greeley Square Public Comfort Station (two submissions).
- Hanover Square Public Comfort Station (three submissions).
- Hicks Street Public Bath (Brooklyn), near Degraw street.
- Huron Street Public Bath (Brooklyn), near Manhattan avenue.
- John Jay Park Public Bath.
- Lamp-posts for Public Comfort Stations (Brooklyn).
- Letter boxes, to be erected by the United States Government.
- Long Acre Square Public Comfort Station (three submissions).
- Lorimer Street Public Comfort Station (Brooklyn), at the intersection of Broadway and Lorimer street.
- Montrose avenue Public Bath (Brooklyn), near Union avenue.
- Ocean Avenue Gateway, Prospect Park (Brooklyn), Ocean and Fort Hamilton avenues.
- Park Avenue Public Comfort Station, near One Hundred and Twenty-fifth street.
- Police Headquarters, Manhattan—Centre street, Centre Market place, Broome street and Grand street.
- Pulaski Street Public Comfort Station (Brooklyn), between Broadway and Reid avenue.
- Recreation Pier Decorations—Repainting and redecoration of all the recreation piers belonging to The City of New York.
- Sixtieth Street Public Bath.
- Street signs for lamp-posts.
- Union Square Public Comfort Station, Fourteenth street and University place.
- Washington Market Public Comfort Station, between Fulton and Vesey streets.

The number of submissions of designs for "structures costing \$1,000,000 or over"—see (d) above—was 6, including:

- Blackwell's Island Bridge (two submissions).
- Borough Hall, Brooklyn.
- Manhattan Bridge (two submissions).
- Williamsburg Bridge—Approach and structures at the Brooklyn terminal.

In each one of these 117 submissions, from one to thirty plans have been examined and passed upon. In 61 submissions the designs were approved as submitted, and in 55 instances the Commission disapproved in whole or in part. Of these last, amended plans were prepared and again submitted to the Commission in 35 cases, and others are now being perfected. Without exception the new designs have shown marked improvement, and the Commission feels, therefore, that its work has been successful in securing a higher aesthetic standard for public structures.

The requirement of the Charter, that approval must be secured before structures may be erected, and the knowledge upon the part of the designers that plans would not be approved by the Commission which did not possess artistic merit, have also had an indirect effect, for those intending to submit designs to the Commission have naturally been desirous that their plans should be of such merit as to command approval without alteration. Consequently, greater care has been taken in the preparation of these designs than otherwise would be or has been the case.

In four instances submissions have been temporarily withdrawn. In two because they were defective, and in two because further development and criticism were considered necessary before consideration of the Commission was asked.

Only one submission remained unacted upon at the close of the year, owing to the fact that it had not been completed.

As a submission is examined and reported upon by a special committee before it is considered by the full Commission, it is in committee work, of which no record is kept, that are found the more engrossing duties of Commissioners. Of the full Commission there have been called 18 meetings, at each of which, with one exception, a quorum has appeared. Action upon no submission has been materially delayed.

\*The provision requiring all structures exceeding in cost \$1,000,000 to be approved by the Commission did not become part of the Charter until January 1, 1902.

The work of the Commission has brought it into official relation with nearly every Department of the Greater City and the boroughs of Manhattan, Brooklyn and The Bronx. Most helpful co-operation has been had from all, of which we have availed ourselves to the utmost by liberal construction of the law providing:

"In all matters of which such Commission takes cognizance pertaining to work under the special charge of a Commissioner or Department, the Commissioner having such special charge shall act as a member of the Commission."

The result has been appreciation by City officials of how essential were our requirements for submission or approval, insistence by them that these be met by all concerned, and a growing tendency, through request of the Mayor, to require our certificate of approval before closing contracts for public works.

The Charter provides that expenditure of the City's funds without the approval of the Art Commission is illegal in such cases as come within the jurisdiction of the Commission. For instance, if the designs for a public structure costing several millions of dollars should be disapproved by the Art Commission, and the contractor should proceed to carry them out, or if the contractor should omit to submit them to the Art Commission, the payment of any money to the contractor under such circumstances would be illegal, and any City official doing so would be guilty of misappropriating funds. Whether a contractor is carrying out the plans approved by the Art Commission is, therefore, a very important question, and its determination must depend upon the facts shown by the records of the Commission. These should, therefore, be complete and accurate, and the certificate issued thereon so drawn as to preclude any misunderstanding.

The case of Sanborn vs. Lindenthal (41 Misc. 564, Nov., 1903), somewhat indicates how important may become the Commission's action.

The case was one on application for injunction against proceeding with the erection of Blackwell's Island Bridge except on the original plans, and involved the legality of a proposed expenditure of above \$7,000,000.

In its opinion, the Court said:

Clarke, J.—"The ground of this action" (for injunction against the Bridge Commissioner) "is that under the provisions of law hereinbefore recited and the proceedings had the only lawful bridge that could be built was the one designed by the preceding Commissioner, and the plans of which were approved by the Board of Public Improvements and the Municipal Assembly; and that, as the specifications and plans and designs as they now exist differ from the plan so approved they are illegal. I cannot come to any such conclusion. \* \* \* Furthermore, the Art Commission, called in by the Mayor and vested with the veto power by law, has rejected the original design. That disapproval disposed of it. The bridge could not thereafter be constructed in accordance therewith. \* \* \* Injunction denied."

During the past year our procedure and methods of filing records have been improved, and, except in some details, promise to be satisfactory. An office for Commission meetings, record rooms, etc., has been fitted up in the City Hall, and an increased appropriation has been placed at the disposal of the Commission by the Board of Estimate and Apportionment. A portion of this has been used to secure standard designs for public buildings, bridges, docks, street fixtures, parks, monuments and City plans. This collection of books, pamphlets, periodicals, photographs and prints on civic art in Europe and America is being classified and indexed for consultation not only by members of the Commission but by City officials and citizens interested in city improvement, and has already been utilized by a considerable number.

A catalogue of the works of art belonging to The City of New York, including fountains, statues, monuments, portraits, mural busts, etc., has progressed, and probably will be completed early in 1904. No such catalogue is in existence, and as many of the City Departments have never listed the works of art under their jurisdiction, the preparation of such catalogue, including as it will several hundred items, involves a large amount of time and labor.

Respectfully submitted,

### MUNICIPAL CIVIL SERVICE COMMISSION.

NEW YORK, January, 6, 1904.

A meeting of the Municipal Civil Service Commission was held at the Commission's offices, No. 61 Elm street, on Wednesday, January 6, 1904, at 4 P. M.

There were present President McCooey and Commissioners Crowninshield, Siegel and O'Connor.

The minutes of the meeting held January 1 were approved.

The Secretary presented to the Commission the report of the former Committee on Transfers, approving the following requests for transfers:

Thomas H. McCarrick, Attendant, Twelfth District Municipal Court to Eleventh District Court, Manhattan.

Jennie W. Wentworth, Clerk, to Inspector of Tenements, Tenement House Department, she having passed an examination for the latter position.

Peter P. McCahill, Attendant, President of the Borough of Brooklyn to President of the Borough of Manhattan.

James H. Vincent, Stenographer, to Clerk, President of the Borough of Manhattan, he having passed an examination for promotion to Clerk.

And disapproving the following transfers:

Arthur W. Burnham, Laborer to Axeman, Department of Public Works, Brooklyn.

On motion, the report of the Committee on Transfers was adopted.

The Secretary presented the request of the Commissioner of Docks and Ferries that John Hauck, a veteran of the Civil War, who had become physically incapacitated as a Laborer, be transferred to the position of Watchman, under the provisions of section 21 of the Civil Service Law, together with the recommendation of the former Committee on Transfers that a non-competitive examination be held to determine Mr. Hauck's fitness for the position of Watchman. On motion, the report of the Committee on Transfers was adopted and the Secretary was instructed to arrange for a non-competitive examination at the earliest possible date.

The Commission also considered, and on motion, approved, the following transfers:

Egbert V. Lawrence, Topographical Draughtsman, to Transitman and Computer, his name appearing on the eligible list for the latter position.

William H. Hale, Clerk, from the office of the Borough President to the Bureau of Public Buildings and Offices, Brooklyn.

The Commission also considered, and on motion, approved, the reinstatement of Edward P. Sherry as Keeper in the Department of Correction.

A letter was presented from the President of the Borough of Manhattan, dated December 28, informing the Commission of the reinstatement of Marks Schlessinger in the position of Inspector of Incumbrances. It appearing that Mr. Schlessinger had not been employed by the City since December 1, 1899. On motion, the reinstatement was disapproved.

A letter was presented from the Labor Clerk, with reference to the applications now on file in his bureau for positions in the Labor Class, and containing certain recommendations with reference to the disposition of such applications. On motion, the Secretary was instructed to forward a copy of the communication to the Corporation Counsel and request his official opinion as to the power of the Commission to adopt the Labor Clerk's recommendations.

A communication was presented from the Labor Clerk, recommending that the title of Baker be included in the classification of positions in the non-competitive class. On motion, the Secretary was instructed to arrange for a public hearing in accordance with the provisions of Rule III., on Wednesday, January 13, 1904, at 3 P. M.

A letter was presented from the Mayor, dated December 29, 1903, announcing his disapproval of the following resolutions of the Commission:

1. Striking from the Exempt Class, Police Department, the position of Complaint Clerk.

2. Striking from the Exempt Class, Department of Public Charities, the position of General Inspector.

3. Including in the Street Cleaning Service, Competitive Class, the position of Superintendent of Stables.

On motion, the letter was ordered filed.

A letter was presented from the President of the Borough of Brooklyn, dated December 30, announcing that he had reconsidered the action taken by him on July 16, 1903, in dismissing Thomas Feeney, after a hearing, on charges, and had accepted the resignation of said Feeney on the date of his dismissal. On motion, the action of the President was approved, and the letter was ordered filed.

A letter was presented from the Department of Public Works, Brooklyn, dated December 31, 1903, setting forth the reasons why leave of absence had been granted to Mr. J. E. Hill, Transitman in the Bureau of Highways. On motion, the action of the Commissioner in granting leave of absence to Mr. Hill was approved, and the letter was ordered filed.

The Secretary presented a number of pay-rolls or persons employed in various City Departments, whose salaries have been increased under the provisions of Rule XV., paragraph 12, and also the opinions of the Corporation Counsel as to the legality of such increases. On motion, it was

Resolved, That the Secretary be and hereby is instructed to attach the certificate of the Commission to the pay-rolls of persons whose salaries have been increased under Rule XV., paragraph 12, as follows:

"Any person in the Competitive Service who shall have passed an examination for either appointment or promotion covering in its scope a higher grade or compensation than that of the position he holds, shall, if not otherwise disqualified, be eligible for promotion or advancement to such higher grade or compensation without further examination under this Rule."

A letter was presented from the Brooklyn Disciplinary Training School, dated December 24, informing the Commission of the appointment of Charles Hellenius, without examination, as a Tailor, with compensation at the rate of \$720 per annum, and stating that such action was necessary "for the preservation of public property." On motion, the Secretary was instructed to request the Superintendent of the Training School to have Mr. Hellenius examined by the local board of examiners for position in the non-competitive class.

A letter was presented from the Brooklyn Disciplinary Training School, dated December 24, informing the Commission, in response to the letter of the Secretary, dated December 19, that "the services of a Printer became emergent in order to prepare promptly and correctly our annual report." The Secretary informed the Commission that the appointment referred to in this communication was that of B. J. Brophy, who had formerly served for one week, without examination, as a Caretaker. On motion, the Secretary was instructed not to attach the certificate of the Commission to the pay-roll.

A letter was presented from the Brooklyn Disciplinary Training School, dated December 26, informing the Commission of the appointment of B. J. Brophy as Caretaker in an emergency, at \$2.50 per day. On motion, the Secretary was instructed to pass the pay-roll of Mr. Brophy and to inform the Superintendent of the Training School that it will be necessary for him to make appointment from the eligible list.

A letter was presented from the Aqueduct Commissioners, requesting the Commission to make certification to fill vacancies in the positions of Transitman and Computer and Leveler without regard to the rules providing for the filling of vacancies by promotion from positions of lower grade. The Secretary informed the Commission that four persons are eligible for examination for Transitman and Computer, and that thirteen persons are eligible for promotion to Leveler. On motion, the request was denied.

The following reports of Examining Boards for positions in the non-competitive class were approved and ordered filed:

Health Department, January 5, 1904.

Department of Correction, December 31, 1903.

New York Truant School, January 4, 1904.

New York Nautical School, January 1, 1904.

The following bills were ordered paid:

John J. Friel, tables, December 21.....	\$48 00
Western Union Telegraph Company, \$0.35, \$0.20.....	55
American District Telegraph Company.....	30 65
American District Telegraph Company.....	65
Clarke & Baker, cabinet and cards.....	8 24
Wm. Montgomery Ice Company.....	6 50
Remington Typewriter Company, paper.....	8 00
Jackson's Express.....	7 25
C. S. Sutcliffe, services of stenographers.....	109 55

A letter was presented from Mr. S. William Briscoe, requesting that he be reinstated in some position in the service of the Commission. After careful consideration the Commission decided that pending the taking of any steps toward the re-organization of the office staff it would be inadvisable to make additions to the clerical force at this time. On motion, the letter was ordered filed.

A letter was presented from Mr. John H. Dougherty, dated January 1, 1904, resigning the position of Stenographer and Typewriter. On motion, the resignation of Mr. Dougherty was accepted.

A letter was presented from Miss C. S. Sutcliffe, proposing to tabulate the annual report of the Commission for the year 1903, and announcing the conditions under which she would perform the work. On motion, the proposition of Miss Sutcliffe was accepted, and the Secretary was instructed to request her to proceed with the work without delay.

A letter was presented from Peter Brown, requesting that he be certified to the Street Cleaning Department as a Sweeper. It appeared that Mr. Brown's name had appeared upon the eligible list, but that when he was certified for appointment he could not be found, owing to the fact that he had enlisted in the United States Army. On motion, the request was denied for lack of power.

On motion, the request of George Munro Forrest and Richard Djourup that the requirement of citizenship be waived in their respective cases was granted, and their applications for the position of Architectural Draughtsman were accepted.

A letter was presented from the Department of Water Supply, Gas and Electricity, requesting that the positions of Cashier in the Borough of Queens and Cashier in the Borough of Richmond be included in the classification of positions in the exempt class. On motion, the Secretary was instructed to arrange for a public hearing in accordance with the provisions of Rule III., on Wednesday, January 13, 1904, at 3 P. M.

On motion, it was

Resolved, That Mr. Philip J. Coffey, residing at Astoria, Long Island City, be and hereby is transferred from the position of Clerk to that of Assistant Secretary

of the Municipal Civil Service Commission, with salary at the rate of four thousand dollars (\$4,000) per annum, the same to take immediate effect.

On motion, it was

Resolved, That the Assistant Secretary be and hereby is authorized to attach the certificate of the Commission to pay-rolls of City Departments forwarded to the Department of Finance.

On motion, it was

Resolved, That the President and Examiners Crandall and be appointed to serve as a Committee on Appeals for the month of January, 1904.

On motion, Examiner Crowninshield was appointed to act as a Committee on Transfers and Reinstatements for the month of January, 1904.

The Commission then adjourned to meet Wednesday, January 13, 1904, at 3 p. m.

HENRY BERLINGER, Secretary.

#### BOROUGH OF MANHATTAN.

For the General Construction (Contract No. 1) and Plumbing and Drainage (Contract No. 1) of New Public School 63.

Item 1—P. J. Brennan..... \$293,000 00  
Item 2—Frank J. Fee..... 1,288 00

#### Public School 63, Borough of Manhattan—Description.

This new building is to be erected on a plot of ground 149 feet 11¼ inches wide, running through the block from East Third to East Fourth street, 212 feet 11 inches east from First avenue, and is designed to relieve the overcrowding of Public Schools 13, 25, 79 and 122.

The building will be four stories high, with a cellar for heating and ventilating apparatus, coal storage, etc., and a basement with a 16-foot ceiling, placed beneath the outer playground in such a manner as to form a large assembly hall, easily accessible from the school for assembly purposes and from the street by the public when used for evening lectures. The exterior is designed in adaptation of the Jacobean, and will be constructed of dark red brick, with gray stone and terra cotta trimmings.

The basement auditorium above referred to will be 83 feet wide by 109 feet long, the size being greatly in excess of any which could be obtained in the school building proper, and is the result of an effort made to afford a proper assembly room for the school and at the same time have it easily accessible to the general public. The first story will contain the Principal's office, library, one classroom, one kindergarten room, indoor playrooms, pupils' toilets, etc.

The second, third and fourth stories will contain 16 classrooms each, a total of 48 classrooms, one of which on the upper floor has been set aside for a cooking room, having been made 28 feet square, with tile wainscoting seven feet high and terrazzo floor. Each floor also contains the necessary toilets, Teachers' retiring rooms, etc., the Medical Inspector's room being placed on the third floor so as to be easily accessible.

The building will be supplied with eight stairways built of stone and iron, enclosed in fireproof partitions, the whole structure being of standard fireproof construction throughout. All walls will be laid up with cement mortar, the floor systems consisting of steel beams and brick arches.

Adopting the report and resolutions presented by the Committee on By-Laws and Legislation on December 23, 1903, and found on pages 3400-04 of the Journal of the Board of Education, relative to amending the By-Laws so as to provide for Assistant Directors of Special Branches, etc., excepting the resolution relating to amending subdivision 1 of section 41, and amending subdivision 1 of section 41 of the By-Laws so as to read as follows:

"Section 41. 1. Upon the nomination of the Board of Superintendents, the Board of Education shall appoint such Directors of Special Branches as it deems necessary, for the term of six years, and upon the like nomination such Assistant Directors of Special Branches as it deems necessary; such Directors and Assistant Directors shall be subject to the supervision and direction of the City Superintendent. No person shall be eligible for election as Director of a Special Branch, such as music, drawing, kindergarten, etc., who is not (a) a graduate of a college or university recognized by the University of the State of New York; and (b) a graduate from a course of professional training of at least two years in the special branch that he is to supervise or teach; and (c) a teacher of that special branch with at least three years of successful experience," and that all the amendments to the By-Laws mentioned in the two foregoing resolutions be considered as in effect from and after December 23, 1903.

Discharging the Committee on By-Laws and Legislation from further consideration of the matter referred to it on December 23, 1903, as specified above.

The following preambles and resolutions were also adopted:

Whereas, The Mayor of this City has requested, through the President of this Board, that the resolutions heretofore adopted on the 23d day of December, 1903 (see Journal, page 3369), closing the recreation centres after the 31st instant, be rescinded, and that said centres be continued pending investigation as to whether the funds now at our disposal are sufficient to carry on the same and if any economies can be made, and has stated that, if it be ascertained as the result of such investigation that our funds are not sufficient and that our demands heretofore made are just and proper, in such case other moneys will be appropriated, and this Board being desirous that these activities be continued without interruption, it is therefore

Resolved, That the aforesaid resolutions, so far as they affect the recreation centres, be and the same are hereby rescinded.

Whereas, The Department of Superintendents of the National Educational Association will meet in Atlanta, Ga., during the week commencing February 21; and

Whereas, City Superintendent Maxwell, Associate Superintendent Edson, District Superintendent Whitney and Supervisor of Lectures Leipziger have been invited to present to the Department various phases of the work in the New York City schools; be it

Resolved, That leave of absence for the week commencing February 21 be and hereby is granted to the above-mentioned officers to attend said meeting, and that their expenses be paid.

Whereas, The Comptroller of The City of New York has stated that this Board in the administration of its affairs is extravagant and wasteful with the funds at its disposal, this Board desires to state that it has no knowledge of any waste or extravagance; that it welcomes any investigation the financial officer of the City desires to make, and will co-operate with him in every way to ascertain if any economies can be secured. With that object in view, be it

Resolved, That a special committee of five be appointed to make such investigation; to invite and co-operate with the Comptroller to ascertain where and how economies may be made.

The Committee on Sites presented a report showing in detail the sites acquired for school purposes during the year 1903, and the condition of all matters or proceedings relating to sites selected by the Board of Education which are still pending and not completed.

The following report was presented and, on motion, ordered to be printed in the Minutes, and laid over:

To the Board of Education, City of New York:

Gentlemen—At a meeting of your Committee held on the 11th instant there was presented by the President for its consideration a copy of a letter from his Honor the Mayor, dated January 4, 1904, regarding the number of children on part time, and the immediate relief to be afforded thereto, with a request for recommendation upon the following paragraphs embodied in said letter:

"As it may be assumed, from published statements, that there are not sufficient sittings now under contract and which can be completed in the near future to do away with part-time classes, your advice is asked as to the feasibility of erecting temporary school buildings of brick, one story in height, in the districts which show the most overcrowding, either on land owned by the City, or which, being vacant, might be rented for the purpose, pending the acquisition of sites and the erection of permanent buildings.

"In this connection, your attention is directed to chapter 293 of the Laws of 1895, known as the Small Parks Act, section 3 of which gives the Board of Education, with the approval of the Board of Estimate and Apportionment, the right to erect school buildings in the parks acquired under said act."

The time at the disposal of your Committee has not been sufficient to enable it to consider measures of relief for each individual school where there are part-time pupils, but it has given careful attention to those districts which show the greatest congestion, and in connection therewith submits the following for your consideration:

All figures of part-time pupils are in accordance with a report of the City Superintendent of Schools of December 31, 1903.

#### BOROUGH OF MANHATTAN.

School District No. 1—Total number of children on part time, 3,053. The upper end of this district will be relieved by the completion of new Public School 106, Mott and Elizabeth streets, between Spring and Prince.

Public Schools 23, 108 and 130, with a total number of 1,235 pupils on part time, would be relieved by the erection of a fourteen-room temporary building in Mulberry Bend Park, adjacent to Public School 23.

Public Schools 1, 112 and 114 have a total of 1,201 pupils on part time. There being no vacant land and no parks in the neighborhood of these schools, it is not clear at this moment how relief can be afforded therefor, with the exception of the erection of a temporary building of possibly three rooms adjacent to Public School 112.

School Districts 2, 3, 4, 5 and 6, being substantially that part of the City east of the Bowery and south of East Houston street, have 25,188 pupils on part time, requiring 12,600 sittings for the immediate relief thereof. There will be opened on February 1 next an addition to Public School 92, 1,150 sittings; Public School 31, 370 sittings; also Public School 188, which is on the dividing line between the Fourth and Seventh Districts, 1,950 sittings—a total of 3,470 sittings—thus reducing the number of sittings necessary to 9,130. There is also under construction new Public School 110, 1,100 sittings, to be completed within eight months, and new Public School 62, 4,350 sittings, to be completed late in 1905. It would therefore seem to be imperative that some temporary means of relief be afforded in this locality, which may be had by the erection of temporary one-story school buildings in the small parks of the district.

Seward Park, in the Third District, is at present improved by a pavilion at the west end, which might be enclosed, affording space for six classrooms, or three hundred pupils, the sanitary arrangements being in the basement. The balance of the park is arranged in three main divisions: (a) Large gymnasium and playground; (b) playground and swings; (c) lawn. If playground (a) is not to be disturbed, the swings could be removed from playground (b) to the lawn, and this space, which is sufficient for a building of fifteen rooms, affording 750 sittings, might be used.

Hamilton Fish Park, in the northeast corner of the Fifth District, at East Houston and Sheriff streets, is divided into two main divisions, leaving a space of 150 by 200 feet at the southwest corner of East Houston and Sheriff streets, which might be used, the swings, etc., being transferred to other available parts of the park. A building could be erected here of about twenty-four or twenty-six rooms, giving 1,250 sittings.

Corlears Hook Park, in the southeast corner of the Fourth District, does not appear to have been purchased under this act, but as the overcrowding in this district is so great, 8,600 children being on part time in this district alone, it is to be assumed that permission can be had to utilize the easterly portion, which is unimproved other than by a lawn. It is estimated that a building or series of buildings could be erected here, containing about sixty-four rooms, or 3,200 sittings.

This would leave 3,230 sittings yet needed in these districts to clear up the part-time classes.

Your Committee has had before it for several months plans for the use of the land beneath the Williamsburgh Bridge for school building purposes, but the incomplete condition of the structure rendered a decision impossible.

As there is at this time urgent need, as heretofore shown, for temporary relief in this immediate locality, we recommend, if in the judgment of the Commissioner for the Department of Bridges it be deemed safe, that temporary school buildings be erected on the blocks between Mangin and Columbia streets, underneath the new Williamsburgh Bridge. This would give from six to eight rooms on each block.

District 7—The children on part time in this district number 4,244.

Permanent relief will be afforded by the opening of new Public School 188, in the southeast part of the district, on February 1 next, and also by the erection of one new building and one addition, the completion of which next year will furnish 4,250 sittings.

The matter of temporary school accommodations for this district, including as it does Tompkins Park, as well as for the Eighth, Ninth and Twelfth Districts, where the number of children on part time is comparatively small, will need further consideration.

District 15—The 2,058 children now on part time in this district will be largely cared for by the opening of new Public School 190, in East Eighty-second street, on February 1 next.

District 16—There are six schools in this district, in five of which there is a total of 1,821 pupils on part time.

New Public School 150, now under construction, will, when completed early in 1905, furnish a net gain of 1,000 seats over the present school, which is housed in very unsuitable rented quarters.

It would therefore appear that measures of immediate relief should be afforded by the erection of a ten-room temporary building on ground to be rented for the purpose, of which there are several pieces suitably located.

District 17—There are six schools in this district, in five of which there is a total of 2,315 pupils on part time.

The erection of an addition to Public School 83 will replace the present unsuitable rented building and give a net gain of 554 sittings early in 1905.

A permanent addition of 12 rooms should be erected on the lots at the rear of Public School 172, which would afford 600 additional sittings at the same time.

It would therefore appear that some immediate relief should be afforded in the neighborhood of Public School 168, by the erection of a ten-room temporary building on hired land.

In the west end of the district, in Public Schools 72 and 171, there is a total of 1,253 pupils on part time. As there can be no relief afforded by adjoining schools, it would seem wise to erect a twenty-room temporary school building on land to be hired for the purpose.

District 19—In the three schools in the lower end of this district there is a total of 1,168 pupils on part time. As there are no school buildings under construction at this point, it would seem advisable to erect a twenty-room temporary building on land to be hired for the purpose.

District 20—Only two of the five schools of this district have part-time pupils, the total being 728, of whom 520 are in Public School 57. There being no vacant land near this school, the erection of the proposed addition to Public School 57, which will afford a net gain of 540 sittings, should be proceeded with immediately.

## BOROUGH OF THE BRONX.

Districts 23, 24, 25 and 26—In these districts there is a total of 6,034 pupils on part time, requiring 3,017 sittings. There are at the present time 11,250 sittings under contract, some of which will be completed at an early date.

## BOROUGH OF BROOKLYN.

Districts 27 and 28—The number of children on part time in these two districts is 4,808, requiring 2,404 sittings, divided among the fourteen schools affected.

There is now under construction in these districts a total of 3,450 sittings, so located as to greatly relieve the situation, excepting in the westerly end of District 27 and the southerly end of District 28.

In the former case, Public School 1 has 333 pupils on part time, but as there is neither vacant land nor parks available, further effort will have to be made to afford relief.

Public School 30, in the southerly end of District 28, has 276 on part time, which could be relieved by an eight-room temporary building to be erected in the neighborhood.

District 30—There are 3,024 pupils on part time in this district, a large portion of whom will be taken care of upon the completion of new Public School 146, Seventeenth and Eighteenth streets, near Sixth avenue, which will be completed early in 1905.

In the meantime, however, temporary relief should be afforded for Public School 77, at the upper end of the district, which has 462 pupils on part time, by the erection of an eight-room building on ground to be rented for the purpose. This would also relieve Public School 4, in the Twenty-seventh District, which is adjacent thereto.

In the lower end of the district, Public School 82 has 407 pupils on part time, and Public School 136, four blocks to the south, in the Thirty-seventh District, has 456 pupils on part time. It would therefore seem wise to erect a temporary school building of ten rooms on property to be rented in the vicinity.

District 32—There are in this district 1,784 pupils on part time. It is proposed to immediately erect an addition to Public School 129, which will furnish 1,000 additional sittings. The lower end of the district will be relieved by the opening, in the near future, of new Public School 144, Howard avenue and Prospect street.

District 33—There are at the present time 2,110 pupils on part time in this district, this notwithstanding that there has but recently been opened a new school building of 2,400 sittings. The increased overcrowding in this and adjacent districts has led your Committee to the conclusion that it will be economy to erect an eight-room building on the site at Bushwick avenue and Seigel street, which will furnish 4,000 sittings, affecting, as it will, not only the Thirty-third but the Thirty-fifth District also.

In the meantime, it would seem wise to erect a temporary school building of twenty rooms, which will relieve the easterly end of the Thirty-first District, as well as the westerly side of the Thirty-third District, being the points of greatest congestion.

District 34—There are 1,728 pupils on part time in this district, distributed among five of the ten schools therein. Immediate relief can best be had by a temporary building of twelve rooms.

A contract for a permanent addition to Public School 132 should also be let in the near future.

District 36—There are 3,202 pupils on part time in this district. It is proposed to erect an addition for Public School 85, furnishing some 1,200 sittings, on land but recently acquired for the purpose; but as this will involve the raising of the present building to a level so as to avoid further flooding, due to the overflow of the sewers in this section, it is doubtful if the work can be completed in less than a year.

The lower end of the district will be relieved somewhat by Public School 144, as will also the upper end of the Thirty-ninth District, but notwithstanding this, it would seem wise to erect two temporary buildings of ten classrooms each for immediate relief.

District 37—There are 1,034 pupils on part time in this district, divided among seven schools, of which Public School 136, in the northwest corner, has 456 pupils on part time. In the recommendations for the Thirtieth District will be found mention of the overcrowding of Public School 82, a temporary building being suggested to relieve that school as well as Public School 136, in this district.

A new building is now under contract to replace the present hired premises, known as Public School 112, which will furnish 1,200 sittings.

District 39—There are 6,629 pupils on part time, but immediate relief will be afforded thereto by the completion of Public School 144, Howard avenue and Prospect street, with 2,400 sittings, and the addition to Public School 84, Glenmore avenue, with 900 sittings.

It will readily be seen, however, that this will not afford permanent relief, and it will be necessary to erect a temporary building in the vicinity of Public Schools 66, 109 and 125, which have a total of 2,231 children on part time, which would indicate that a building of twenty-four rooms will be needed immediately in that locality.

In Public School 114, Canarsie, there are 266 pupils on part time. In 1901 there were erected two temporary buildings of one room each to relieve this school, but it is apparent that for the relief of both Public School 114 and Public School 115, the latter having 104 pupils on part time, there should be erected a temporary building of six classrooms midway between the two on land to be hired for the purpose.

District 40—In this district there are 612 pupils on part time, divided among the four schools, and so widely separated that a possible solution of the difficulty is not readily apparent, and will require further investigation.

## BOROUGH OF QUEENS.

District 44—There are in the schools in the Richmond Hill section 832 pupils on part time. As there are no school buildings under construction to relieve this locality, it would seem advisable to provide at least ten temporary classrooms, so located as to take care of the necessities as may be found advisable.

Your Committee has omitted mention of several school districts in which the part-time pupils will be accommodated at an early date by the completion of new schools, or where the situation is such as to require a further and careful investigation before the proper means of relief can be decided upon.

In no case does your Committee recommend the erection of temporary buildings upon sites owned by the Board of Education, but, on the contrary, upon lands located in public parks or on vacant plots to be hired for this purpose.

In presenting this matter your Committee desires to make plain the fact that in the planning and erection of the proposed temporary buildings the health and comfort of both pupils and teachers would have first consideration, and from the results already obtained in this respect feels assured in saying that the premises will be more suitable for school work in almost every way than many of the present, but old, worn-out permanent buildings, or anything that can be hired for school purposes.

In this connection it will doubtless be recalled that during the past few months strenuous efforts have been made by the members and employees of this Board to find suitable premises which might be rented for school purposes, being aided and assisted at the same time by the Real Estate Bureau of the Comptroller's office, with but negative results.

The construction proposed is to be of frame in those portions of the City where such be permissible, but within the fire limits it will be necessary to use brick exterior walls.

All of the buildings to be one story in height, with the first floor lifted well up off the ground, so as to afford ample ventilation beneath.

All classrooms will be well lighted and heated, the sanitariums being placed at points best suited for the purpose.

In carrying out the proposed scheme it will be necessary to obtain some concessions from the Bureaus of Buildings in the several Boroughs, but as each has discretionary power in such matters, but little trouble is anticipated on this point.

## SUMMARY.

The foregoing recommendations provide for the relief of part-time pupils in those districts where the congestion is greatest, by the following means:

A. By immediate erection of permanent buildings and additions on sites owned by the Board of Education, providing 187 classrooms.

B. By the erection of temporary buildings.

1st. On public parks, etc.	145 classrooms
2d. On vacant land to be hired for the purpose.	192 classrooms
	337 classrooms

It is estimated that the temporary buildings can be erected for about \$500,000, providing accommodations for 16,850 pupils, thereby reducing the number of part-time pupils by 33,700.

In view of the facts heretofore set forth, your Committee presents the following resolutions for adoption:

Resolved, That the Board of Education recommend to his Honor the Mayor, that temporary brick buildings be erected to afford school accommodations in the following public parks, to wit:

- A. Mulberry Bend Park.
- B. Seward Park.
- C. Corlears Hook Park.
- D. Hamilton Fish Park.

—and that if, in the judgment of the Commissioner for the Department of Bridges it be deemed safe, the unoccupied space on the southerly side of Delancey street, between Mangin and Columbia streets, beneath the new Williamsburgh Bridge, be also devoted to this use.

And be it further

Resolved, That the Board of Education believes that the proposition to afford relief in overcrowded districts by the erection of temporary school buildings on vacant lands to be hired for the purpose, pending the acquisition of sites and the erection of permanent buildings, is feasible and should be carried out immediately.

On motion, all absent members were excused for non-attendance at this meeting.

On motion, the Board adjourned at 7.10 o'clock p. m.

A. EMERSON PALMER, Secretary.

Dr. William Mabon, Superintendent of Bellevue Hospital, submitted the following report for the week ending January 15, 1904:

The red lights have been installed in the stairways of all buildings in the hospitals of this Department, and will undoubtedly answer a good purpose.

Four hundred feet of hose for the new dormitory building were purchased in December at a cost of 87 cents per foot.

The Auditor of the Department of Finance, to whom was referred the resolution of December 22 regarding the presentation of instruments to the value of \$15, gave an opinion that we were not justified in making such expenditure, and if a bill were rendered for this purpose it would be rejected by the Department of Finance.

Mr. Michael J. Rickard, Acting Superintendent of Bellevue Hospital, reported upon the following:

A communication from the Hon. James H. Tully, Commissioner of Public Charities, under date of January 15, recommending that cases transferred from the dependent hospitals be first received at Bellevue before being transferred to the Island.

Communication from William A. Finn, under date of January 19, concerning isolated ward at Harlem Hospital and other matters. It is recommended that this ward be abandoned and a tent supplied to take its place. Also that the interior of this hospital be painted.

Letter from Miss Sarah A. Gainsforth, under date of January 19, recommending increases in the salaries of certain of the employees at Harlem Hospital, together with indorsement of this recommendation.

Reporting receipt of a warrant for \$1,984.50 from the Hon. Edward M. Grout, Comptroller. This is to pay the Department of Bellevue and Allied Hospitals for the maintenance of the trachoma clinic at Gouverneur Hospital for the period from December 15, 1902, to June, 1903.

On motion, duly seconded, it was

Resolved, That the matter of the suggested improvements at Harlem Hospital be and they hereby are referred to the Superintendent for further investigation and report.

On motion, duly seconded, it was

Resolved, That the action of the Board of Trustees in awarding the contract for ivory soap, toilet size, to Armour & Company on December 30, be rescinded, and also the contract for pineapple cheese awarded to Brown & Root, and that all bids on these articles be rejected.

#### COMMUNICATIONS.

A communication from Dr. Frank W. Jackson, submitting minutes of the meeting of the Executive Committee of the Medical Board of Bellevue Hospital, held on Wednesday, January 13, 1904, was received, and on motion, duly seconded, ordered placed on file.

A communication was received from Dr. John J. McGrath, Secretary of the Medical Board of Harlem Hospital, inclosing minutes of the regular monthly meeting of the Board held on Tuesday evening, December 29, 1903. Upon motion, duly seconded, the minutes were ordered placed on file.

A communication under date of December 29, 1903, from the Committee of Inspection of Harlem Hospital, inclosing minutes of the regular meeting of the Committee, was received, and on motion, duly seconded, ordered placed on file.

On motion, duly seconded, it was

Resolved, That the recommendation of the Committee, that a graduate trained nurse be appointed to the Out Patient Department at Harlem Hospital, be and the same is hereby referred to the Superintendent for investigation and report.

A communication from Dr. Alexander Lambert, Secretary of the Medical Board of Bellevue Hospital, under date of January 15, 1904, was received, submitting the following nominations to positions in Bellevue Hospital:

Boroughs of Manhattan and The Bronx.  
CONTRACT FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR TOWING SCOWS AND UNLOADING THEM AT RIKER'S ISLAND.

The time for the completion of the work and the full performance of the contract is one year.

The amount of security required is Thirty Thousand Dollars.

Bids will be compared and the contract awarded at a lump or aggregate sum.  
Each bid must state the price per scow load (per "small" scow, per "large" scow, per "extra large" scow, and per "special extra large" scow), and these prices must be written out, and must also be given in figures.

Each bid must be accompanied by a certified check on a solvent banking corporation in The City of New York, payable to the order of the Comptroller of The City of New York, for five per centum of the amount for which the work bid for is proposed in one year to be performed.

From the bids received the Commissioner of Street Cleaning may select the bid the acceptance of which will in his judgment best secure the efficient performance of the work, or he may reject any or all of said bids.

Blank forms and further information may be obtained at the office of the Department of Street Cleaning, the Borough of Manhattan, Nos. 13-21 Park row.

JOHN MCG. WOOLBURY,  
Commissioner of Street Cleaning.

Dated 1904.

### NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTIONS 10 AND 11.

WEST FARMS ROAD—SEWER, between Edgewater road and East One Hundred and Sixty-seventh street, and in BRYANT STREET—SEWER, from Home street to West Farms road.

Area of assessment: Both sides of West Farms road, from Edgewater road to East One Hundred and Sixty-seventh street; both sides of Bryant street, from Home street to East One Hundred and Sixty-seventh street; both sides of Boone street, from West Farms road to Freeman street, that the same was confirmed by the Board of Assessors on January 28, 1904, and entered on January 29, 1904, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third Avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before March 29, 1904, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

### SUPREME COURT.

#### SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening NOSTRAND AVENUE, from Flatbush avenue to Avenue U, in the thirty-first and thirty-second wards, in the Borough of Brooklyn, in The City of New York, as the same has been heretofore laid out.

**NOTICE IS HEREBY GIVEN THAT THE** bill of costs, charges and expenses incurred by reason of the proceedings in the above-entitled matter will be presented for taxation to one of the Justices of the Supreme Court of the State of New York, at a Special Term thereof, to be held for the hearing of motions, at the Kings County Court-house, in the Borough of Brooklyn, in The City of New York, on the 23d day of February, 1904, at 10.30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard thereon; and that the said bill of costs, charges and expenses has been deposited in the office of the Clerk of the County of Kings, there to remain for and during the space of ten days, as required by the provisions of section 909 of title 4 of chapter 17 of chapter 378 of the Laws of 1897, as amended by chapter 466 of the Laws of 1901.

Dated BOROUGH OF BROOKLYN, NEW YORK, February 8, 1904.

WM. H. GREENE,  
ALF. CAMERON,  
SOLON BARBANELL,  
Commissioners.

#### FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to amending its application heretofore made in the matter of acquiring title, wherever the same has not been heretofore acquired, to EXTERIOR STREET (although not yet named by proper authority), from East One Hundred and Thirty-fifth street to Girard avenue at Cheever place, in the Twenty-third Ward, Borough of The Bronx, City of New York, by excluding from said proceeding certain property not required for said street.

**PURSUANT TO THE STATUTES IN SUCH** cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III, thereof, in the County Court-house, in the Borough of Manhattan, in The City of New York, on the 17th day of February, 1904, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for an order amending the proceeding entitled "In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to Exterior street, from East One Hundred and Thirty-fifth street to Girard avenue at Cheever place, in the Twenty-third Ward, Borough of The Bronx, City of New York," and the petition and order appointing Commissioners of Estimate and Assessment therein, heretofore duly entered and filed in the office of the Clerk of the County of New York, in the Borough of Manhattan, City of New York, on the 8th day of May, 1899, by excluding therefrom certain property not required for said street, being the following-described lots, pieces or parcels of land, viz:

The land excluded from Exterior street is shown on a map entitled "Map or plan showing change of lines of Exterior street, between East One Hundred and Thirty-eighth street and East One Hundred and Thirty-fifth street, and change of grades of East One Hundred and Thirty-fifth street and Exterior street, between Park avenue and Cheever place, in the Twenty-third Ward, Borough of The Bronx, City of New York, prepared by the President of the Borough of The Bronx under authority of chapter 466 of the Laws of 1901," which was filed in the office of the President of the Borough of The Bronx, in the office of the Counsel to the Corporation of The City of New

York, and in the office of the Register of the City and County of New York on or about the 6th day of October, 1903.

Dated NEW YORK, February 4, 1904.

JOHN J. DELANY,  
Corporation Counsel,  
No. 2 Tryon Row,  
Borough of Manhattan,  
New York City.

#### SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of WESTCHESTER AVENUE (although not yet named by proper authority), from the Bronx river to Main street, in the Twenty-fourth Ward, Borough of The Bronx, in The City of New York.

**NOTICE IS HEREBY GIVEN THAT WE,** the undersigned, were appointed by an order of the Supreme Court, bearing date the 31st day of December, 1901, and duly entered in the office of the Clerk of the County of Kings, at his office in the Borough of Brooklyn, in The City of New York, on the 6th day of January, 1902, and in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan, in The City of New York, on the 17th day of January, 1902, and in the office of the Clerk of the County of Westchester at his office at White Plains, Westchester County, in the State of New York, on the 17th day of January, 1902, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, No. 172, Annexed Territory, Commissioners of Estimate and Assessment, for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 17th day of January, 1902, in the office of the Clerk of the County of Kings on the 6th day of January, 1902, and in the office of the Clerk of the County of Westchester on the 17th day of January, 1902, and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

Notice is hereby further given that by an order of the Supreme Court, duly filed and entered in the office of the Clerk of the County of Westchester on January 6, 1904; in the office of the Clerk of the County of Kings on January 6, 1904, and in the office of the Clerk of the County of New York on January 7, 1904, and a copy of which order was filed in the office of the Register of the County of New York on the 7th day of January, 1904, the above-entitled proceeding was duly and regularly amended by excluding therefrom the property not required for the opening of said avenue and by including therein certain additional pieces of land, which, together with the lands to be excluded, are more particularly described and bounded in the petition attached to said order.

All parties and persons interested in the real estate taken or to be taken under this order for the purpose of acquiring said street or avenue or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned, Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 3d day of March, 1904, at 10 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owners or on behalf of The City of New York.

Dated BOROUGH OF MANHATTAN, CITY OF NEW YORK, February 3, 1904.

JOHN F. COFFIN,  
Chairman;  
EDWARD L. GODFREY,  
M. J. MACK,  
Commissioners.

JOHN P. DUNN,  
Clerk.

In the matter of the application of the Board of Education, by the Corporation Counsel of The City of New York, relative to acquiring title by The City of New York to certain lands on the northerly side of NINETEEN-FIRST STREET, between First and Second avenues, in the Twelfth Ward of said City, in the Borough of Manhattan, duly selected as a site for school purposes under and in pursuance of the provisions of chapter 101 of the Laws of 1888, and various statutes amendatory thereof, and other statutes relating thereto.

**WE, THE UNDERSIGNED, COMMISSIONERS** of Estimate in the above-entitled matter, hereby give notice to the owner or owners, lessee or lessees, parties and persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties and persons respectively entitled to or interested in the lands and premises affected by this proceeding, or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Board of Education, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate, or who may object to the same, or any part thereof, may, within ten days after the first publication of this notice, February 1, 1904, file their objections to such estimate in writing, with us, at our office, Room No. 401, No. 258 Broadway, in the Borough of Manhattan, in the said City, and that we, the said Commissioners, will hear parties so objecting, at our said office, on the 15th day of February, 1904, at 11 o'clock in the forenoon, and upon such subsequent days as may be found necessary.

Third—That our report herein will be presented to the Supreme Court of the State of New York, at a Special Term thereof, to be held in Part III, at the County Court-House, in The City of New York, Borough of Manhattan, on the 19th day of February, 1904, at the opening of the Court on that day, and that then

and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated NEW YORK, January 30, 1904.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of the wharfage rights, terms, easements, emoluments and privileges appurtenant to Pier, old No. 18, East river, in the Borough of Manhattan, The City of New York, not now owned by The City of New York, and all right, title and interest in and to said pier, or any portion thereof, not now owned by The City of New York, for the improvement of the water front of The City of New York on the East river, pursuant to the plan heretofore adopted by the Board of Docks and approved by the Commissioners of the Sinking Fund.

**NOTICE IS HEREBY GIVEN THAT WE,** the undersigned, were appointed by an order of the Supreme Court, bearing date the 19th day of November, 1903, and filed and entered in the office of the Clerk of the County of New York on the 1st day of December, 1903, Commissioners of Estimate and Assessment in the above-entitled proceeding for the purpose of making a just and equitable estimate of the loss and damage to the respective owners, lessees, parties and persons entitled to or interested in the wharf property, wharfage rights, terms, easements, emoluments and privileges to be taken herein for the improvement of the water front on the East river, in the Borough of Manhattan, and which said wharf property, wharfage rights, terms, easements, emoluments and privileges so to be taken, are described as follows:

All the interest in the pier known as Pier, old No. 18, East river, near the foot of Maiden lane, in the Borough of Manhattan, City of New York, not now owned by The City of New York, said interest being an undivided half interest; said pier is situated about 7 feet westerly of Maiden lane, and is bounded and described as follows, to wit: Beginning at a point in the old bulkhead at the foot of Maiden lane, between Piers, old No. 18 and old No. 19, East river, distant 12.5 feet westerly from that point in said bulkhead where the southerly extension of the westerly line of Maiden lane intersects the same, and running thence southerly along the easterly side of Pier, old No. 18, a distance of about 139.5 feet;

Thence deflecting to the west and running still southerly along the easterly side of said pier a distance of 75 feet;

Thence deflecting to the west and running still southerly along the easterly side of said pier a distance of 125 feet;

Thence deflecting to the east and running still southerly along the easterly side of said pier a distance of 50 feet;

Thence deflecting to the east and running still southerly along the easterly side of said pier a distance of 59 feet to the outer end of said pier;

Thence westerly along the outer end of said pier 35 feet to the westerly side of Pier, old No. 18;

Thence northerly along the westerly side of said pier a distance of 60 feet;

Thence deflecting to the east and running still northerly along the westerly side of said pier a distance of 175 feet;

Thence deflecting to the west and running still northerly along the westerly side of said pier a distance of about 21 feet to the present bulkhead between Piers, old No. 17 and old No. 18;

Thence easterly along the present bulkhead or northerly end of said pier 33.75 feet to the point or place of beginning.

All parties and persons interested in the said wharf property, wharfage rights, terms, easements, emoluments and privileges taken or to be taken for the said improvement of the water front of The City of New York on the East river, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, Room No. 401, on the fourth floor of the building No. 258 Broadway, in The City of New York, Borough of Manhattan, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice, and we, the said Commissioners, will be in attendance at our office above specified on the 25th day of February, 1904, at 10.30 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, or at such other or further times and places as we may appoint, we will hear such owners in relation thereto, and examine the proofs of such claimant or claimants, or such additional proofs or allegations as may be then offered by such owners, or on behalf of The City of New York.

Dated BOROUGH OF MANHATTAN, THE CITY OF NEW YORK, January 29, 1904.

### PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

#### NOTICE TO CONTRACTORS. GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below. No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write up the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
