## BELLEVUE AND ALLIED HOSPITALS.

## Report for the Quarter Ending September 30, 1909.

New York, October 1, 1909.

Hon. GEORGE B. McCLELLAN, Mayor:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to submit the following report of the three months' administration just closed:

The Department as a Whole.

Charges of misconduct, neglect of duty and incompetency, arising out of the investigation into methods of purchasing supplies and the bookkeeping connected therewith mentioned in last quarter's report, were preferred against Frank Eckstein, Contract Clerk and Auditor on July 20, and charges of neglect of duty against George White, Bookkeeper, were made at the same time. Action upon these charges was deferred at the time pending investigation by the Commissioner of Accounts, but one week later the accused officials, having been duly cited, appeared before the Board and were found guilty of the offences charged against them, Mr. Eckstein being dismissed from his position, and Mr. White being reprimanded severely. Application for a writ of mandamus to compel the Board to reinstate him was made by Mr. Eckstein, and the interests of the Trustees were placed in the hands of the Corporation Counsel.

At the same meeting the Board suspended from duty the Assistant Superintendent, Mr. M. J. Rickard, and ordered charges of misconduct to be prepared and preferred against him. These charges, which were adopted by the Board at a special meeting held on the following day, accused the Assistant Superintendent of having caused the alteration of numerous bills by clerks in his Department, and of having secured the destruction of a certain account book required in the investigations then under way. August 10 was set as the date upon which Mr. Rickard was to be heard in reply to the charge. On this date no quorum of the Board was in attendance and the matter went over to the next meeting, September 7, when the matter was further adjourned to September 21. On this day Mr. Rickard appeared, and through his counsel submitted a written defence, to which he added a verbal denial of his guilt. His explanation was, however, unsatisfactory to the Board, and he was removed from his office, the dismissal taking effect immediately.

A new rule, requiring the signature of the General Medical Superintendent to all orders for supplies, was adopted by the Board. Later, he was instructed to have all supplies weighed at the hospital where they are delivered, scales to be furnished wherever needed.

It has been found necessary to adopt a rule excusing the nurses in the wards from attendance upon a visiting physician when the latter visits at the noon hour, the services of the nurses being required at that time in the serving of the meal.

#### Next Year's Budget.

The Committee to prepare next year's Budget reported late in July, and its report was adopted. The increase in supplies over the appropriation for the present year is \$40,139.48, which includes \$15,500 for the cost of improving the lighting system of Harlem, Fordham and Gouverneur Hospitals, recommended by the Department of Water Supply, Gas and Electricity, and \$10,000 for two motor ambulances and an automobile.

The total increase in salaries over the appropriation for the present year is \$60,060, which is more than accounted for in the following list of new features:

Contingent Salary Fund .....	\$10,000 00	Dietitian .....	1,000 00
Assistant Medical Superintendent .....	3,500 00	Watchmen, 2 .....	1,440 00

\$1,200 each .....	6,000 00	Seamstress .....	280 00
X-Ray Photographer .....	1,200 00	Waitress .....	216 00
Chief Bookkeeper .....	3,000 00	Hospital Clerk .....	480 00
Day Camps .....	5,160 00	Nurses, Tuberculosis Clinics, 4 .....	3,000 00
Plumber .....	1,825 00	Nurses, Social Service, 2 .....	1,200 00
Chaplains, 2 at \$450 each .....	900 00		
			\$71,242 00

For a number of these positions it was necessary also to make application for the establishment of the grade, which had never been formally established in this Department. To this list was added later request for inclusion of an Investigator (into financial conditions of patients), at a salary of \$1,200; Storekeeper, at \$1,200, and Purchasing Agent, at \$1,800.

#### BELLEVUE HOSPITAL.

##### Pathological Laboratory and Men's Dormitory.

No work has been done on this building during the last three months on account of the failure of the firm of T. Cockerill & Son.

##### Boiler House.

Work has progressed here under difficulties, as delays have been caused by the "filling in" not being completed, and, on account of this, the Contractor is only proceeding slowly with the pile driving and setting of concrete foundations. However, several of the caissons have been set during the last three months, nearly all the pile driving has been completed, except about twenty piles, and most of the piles are cut off to the proper level. After about four weeks more it is expected that fast progress will be made with this building.

##### New Laundry.

Bids for the construction of the new building were received on September 7, and the contract awarded to the John H. Parker Company for \$445,750, this being the lowest of twelve bids received. The contractor expects to begin work within the next few days.

##### New Surgical Pavilions.

The issue of \$500,000 in corporate stock for the construction of the new surgical pavilions was approved by the Board of Estimate on July 15.

The plans have been prepared with due regard to economy, at the same time keeping in mind the needs of a first class modern hospital. In their preparation the Trustees have had the advice and assistance of Dr. S. S. Goldwater, Superintendent of Mount Sinai Hospital. Dr. Goldwater is an expert in hospital construction and is employed by this Department in that capacity. The greatest part of the new structure is to be built on the block bounded by East Twenty-eighth street, East Twenty-ninth street, First avenue and the East River, a small portion crossing over East Twenty-eighth street and touching the present hospital. The new structure will therefore necessitate only the demolition of a very small and inferior part of the old building, and can be built without interfering in the least with the present hospital service.

The buildings contain the following services:

##### Pavilions L and M.

These buildings consist of seven stories, a cellar floor and a roof house. In the cellar there are rooms for machinery necessary for heating and ventilating plant, for the electric light system, for the vacuum cleaning plant, plumbing, storerooms and workshops, etc. In the seven upper stories are located fourteen surgical wards (seven in each pavilion), with the necessary accessories. These accessories consist of toilet rooms, diet kitchen, day rooms, lavatories, bathrooms, surgical dressing rooms, linen rooms and clinical laboratory, all rooms absolutely necessary in connection with the wards. The roof house contains some toilet rooms necessary for patients using the roofs as roof gardens, and rooms for water tanks and fan houses. The total capacity of beds for patients in Pavilions L and M is 371, which, in emergency, can be increased to 430.

##### Pavilions I and K.

These buildings also consist of seven stories, a basement and a roof house. The cellar floor contains a doctors' kitchen, with service rooms and storerooms, rooms for soiled linen, several toilet rooms, rooms for machinery of refrigerators and elevators, several workshops and general storage rooms. In the ground floor are located a doctors' dining-room, a dining-room for officers, a dining-room for clerks, a reserve dining-room for clerks and officers, with all necessary service rooms and toilets, a radiographic department or X-ray department, with all its accessories, a department for hydrotherapeutics, with all its accessories, a lecture-room or surgical amphitheatre with examining rooms, rooms for soiled linen, and male and female lavatories.

The plan of the first floor contains a ward for the house staff, a ward for diseases of the ear and eye, with its examining rooms, linen room, day rooms, pantry, toilet rooms, nurses' rooms, dark rooms, etc., all necessary as regular ward service.

In the wings running north and south are located bedrooms for the doctors of the house staff, with necessary toilet and bathrooms.

The plan of the second floor contains a regular surgical ward in the westerly wing, with necessary service rooms. The other portion of the building is used in the same manner as the floor below.

The plans of the four upper floors contain four regular surgical wards, with accessories, in the westerly wing. In the eastern and central portions are located on each floor four operating rooms with accessories, viz.: lavatories, instrument rooms, etherizing rooms, recovery rooms, rooms for the house staff, doctors' dressing room, splint rooms, plaster rooms, clinical laboratories, surgical dressing rooms, nurses' rooms and all necessary toilets. In the wings running north and south are located bedrooms for the doctors of the house staff.

The roof house contains a sterilizing room, a photographer's department, rooms for tanks and fans and toilets for patients using the roof gardens.

The structure consisting of one story located in the court between the laundry and Pavilions I and K does not contain anything but general store rooms for the entire hospital and work rooms necessary for carpenters, engineers, electricians, etc.

Pavilions I and K have a capacity of 173 beds for regular patients, while the wings running north and south have a capacity of 77 beds for members of the house staff.

##### Fence Around Hospital Grounds.

The work on the fence is completed but for the last coat of paint.

##### Gate House and Reception Office.

The President was given power to select a competent architect to draw plans for the new gate house and alterations to the reception room and upon his recommendation Mr. Van der Bent, of the firm of McKim, Mead & White, was appointed. His preliminary sketch for the new gate house was approved by the Board on September 7.

##### New Rooms for Doctors, and Other Building Matters.

Bids for converting Wards 18 and 25 into sleeping quarters for the house staff were received on July 16 and the contract for this work was awarded to the Kenney-Reimer Company for \$6,528, theirs being the lowest of nine bids received. A part of Ward 25 will be devoted to the proper installation of the X-Ray Department which will be connected with the direct current wire recently installed in the amphitheatre.

The enlargement of Ward 34, devoted to the care of female prisoners and alcoholics, has been decided upon at an expense of about \$1,000. This will involve an increase also in the nursing service.

L. Perilson, the contractor for the fixtures in the new Training School building, presented satisfactory reasons for his failure to complete his contract on time and was granted an extension of thirty-eight days upon his contract.

Specifications for the proposed new covered passageway have been prepared and were forwarded to the proper authorities for approval.

The attention of Parish & Schroeder, the architects of the Training School for Women Nurses, had to be called to the fact that the brick wall planned by them for the front of the lot was beyond the building line, and they were directed to secure necessary permission to go on with its construction. The matter is still unadjusted, having been referred to the Building Committee to arrange between the architects and the representatives of the City Departments concerned.

##### Medical Matters.

Extensive improvements in the out-door tuberculosis service, including more clinic space, payment of salaries to Physicians, additional Nurses, etc., have been suggested by Dr. Miller, and will be carried out to such extent as money becomes available. At Bellevue it is proposed to pay three Physicians \$600 each per annum and three Assistant Physicians \$300 each, and to engage one additional Nurse at \$600, while provision for repairs and displacements, food, drugs, etc., at the day camp will be made in the general Departmental estimate.

It has been decided to admit fourth year medical students to the wards as Medical Clerks and Surgical Dressers only.

##### Miscellaneous.

The Supervising Engineer having reported that the Paul System of heating in use at Bellevue was badly in need of repairing, bids were obtained and the contract awarded to John Hankin & Brothers for the sum of \$1,057, his being the lowest of the six bids received.

The specifications for the installation of a new fire alarm system for Bellevue and Harlem Hospitals are still under advisement, not having received as yet the approval of the proper authorities.

It has been decided to install a one-pipe Paul System heating apparatus in the Mills Training School Building, the former plan of heating by stoves having proved inadequate. This is expected to cost about \$2,000 and will be paid for out of current appropriations.

The asphalt pavement in front of the ambulance stable needs repairing badly and this will be done at an approximate cost of \$450.

An Inspector of the Finance Department having called the attention of the Trustees to a shortage in the ice supply of Bellevue Hospital, it was discovered that the principal refrigerator was in close proximity to a portion of the steam heating apparatus and that no scales of sufficient size to weigh trucks, delivery teams, etc., existed at the hospital. Steps to remedy this condition were promptly taken, the principal ones being the construction of a new ice-box and the devising of a new system for checking deliveries of ice.

On the advice of the architects the American Laundry Machinery Company were granted an extension of four months on their contract.

Permission to continue the rental of rooms for the house staff at No. 230 East Twenty-seventh street until October 1 has been requested of the Sinking Fund Commission. On the date mentioned it is hoped to have the new quarters in the hospital ready for them.

The Park Department has been asked to set a row of trees along the new sidewalk on the north side of Twenty-sixth street. Blueprints have been received from the architects showing the tree planting of the new hospital grounds and reporting a cost estimate of \$4,300.

The General Medical Superintendent has been instructed to obtain estimates on the work of repairing the boilers at Bellevue, and also upon wooden shutters for the loggias in Pavilions A and B, the latter to be used as windbreaks.

##### Medical Appointments, Resignations, etc.

The following medical appointments and changes have to be reported:

In July, Dr. Gerald A. Garrigan, Surgeon to Out Patients and Adjunct Assistant Attending Surgeon, Fourth Division, died.

July 20—Upon the recommendation of the Medical Board the following Internes were appointed to the Third Division: George Slatery, Miller Edward Trask, Eugene Fairchild Russell, Charles Emerson Jones, Charles Alfred Morris, Albert Charles Rice, Frederick C. Harms (one year) and Daniel J. Byrne (one year). Dr. Hunter C. Jones was appointed Interne (one year) to the Second Division.

September 7—Dr. Benjamin Kramer was appointed Pathological Interne to the Third Division from August 2 to December 31, 1909.

##### Census.

The total number of admissions and the average daily census for the quarter were 8,440 and 936, respectively, as compared with 8,168 and 870 during the corresponding quarter of 1908. The total number of patients treated was 9,426, as compared with 9,096. The number of visits made to the Out Patient Department was 23,907, as compared with 21,010 during the same quarter of last year.

##### GOVERNEUR HOSPITAL.

To improve the tuberculosis clinic at Gouverneur it is proposed to pay two Physicians \$600 per annum and four Assistants \$300 and the Head Nurse \$900, while all the expenses of the day camp will be included in the annual Departmental estimate. The day camp on the old ferryboat "Westfield" has been in successful operation all summer.

Joint estimates were received in July upon the work of covering pipes and installing exhaust fans, but the Board rejected them and asked for separate bids on each piece of work. New bids were received later and the contracts awarded to the lowest bidders.

The contract for erecting wire guards and railings on the balconies was awarded to A. L. Alldridge & Co. for the sum of \$2,100, their bid being the lowest received. The completion of this work will make these balconies entirely safe to children or patients weakened by their illness.

The figures submitted by the Department of Water Supply, Gas and Electricity as required for renovating and improving the lighting equipment at Gouverneur, Harlem and Fordham Hospitals, were accepted by the Board and included in the Departmental estimate.

The matter of finding some means of furnishing physicians called to the hospital at night with a conveyance was referred to the General Medical Superintendent for report. The plan of allowing them to hire a taxicab has proved expensive.

The services of the Horseshoer have been dispensed with on account of the poor quality of work done.

#### Medical Appointments.

No medical or surgical appointments or changes were made during the quarter.

#### Census.

The total number of admissions and the average daily census for the quarter were 841 and 102, respectively, as compared with 996 and 136 during the corresponding quarter of 1908. The total number of patients treated was 970, as compared with 1,121. The number of visits made to the Out Patient Department was 34,016, as compared with 33,585 during the same quarter of last year.

#### HARLEM HOSPITAL.

The same additional equipment as at Gouverneur, less the charge of the day camp, will be asked for the Harlem tuberculosis clinic, viz.: Two Physicians at \$600, four at \$300 and one Nurse at \$900.

Estimates have been obtained for increasing the height of the balcony railings.

The dressing rooms in connection with the surgical wards have been set apart as recovery rooms, the minor dressings being attended to in the wards and the more important ones in the smaller operating rooms; the Druggist's room has been turned over to the Radiographer, who was in need of more space, and a room used by the Nurses as an observation room for children has been given up to the installation of the Sprague apparatus.

A dispute over the payment of a small bill for electric light globes led the Trustees to ask the advice of the Department of Finance upon the proper charge for this article.

The convalescent patients have derived great benefit from the use of a tent erected on the hospital grounds.

#### Medical Appointments, Resignations, etc.

July 20, Dr. Frederick B. Humphreys and Dr. John J. Selvin resigned.

#### Census.

The total number of admissions and the average daily census for the quarter were 1,379 and 156, respectively, as compared with 1,491 and 131 during the corresponding quarter of 1908. The total number of patients treated was 1,528, as compared with 1,621. The number of visits made to the Out Patient Department was 25,938, as compared with 24,633 during the same quarter of last year.

#### FORDHAM HOSPITAL.

It has been decided to establish a clinic for tuberculosis work at Fordham if the necessary funds can be obtained.

The room adjoining the X-Ray room will be connected with it and devoted to the X-Ray department, this extension being necessary for the proper development of the work.

The main building of the hospital has been equipped with a flagpole.

Information has been received from the Department of Water Supply, Gas and Electricity that if additional water service is to be supplied the hospital, this must be done at the expense of this Department. The matter has been referred to the Building Committee for recommendation.

#### Medical Appointments, Resignations, etc.

July 20, Drs. Grossman, Hoy, Carey and Steiner were appointed Internes.

#### Census.

The total number of admissions and the average daily census for the quarter were 643 and 132, respectively, as compared with 721 and 131 during the corresponding quarter of 1908. The total number of patients treated was 791, as compared with 823. The number of visits made to the Out Patient Department was 6,807, as compared with 4,359 during the same quarter of last year.

Respectfully submitted,

J. K. PAULDING, Secretary.

On recommendation of the President, the following resolution prescribing rules and regulations governing the breaking out of eggs for sale and governing the business of breaking out eggs to be canned, frozen, dried or used in any other manner, and the wilful cracking or checking of eggs intended for sale in the shell; and in relation to keeping, selling or offering for sale of "spots" and "spot eggs," was adopted:

Resolved, That the following rules and regulations governing the breaking out of eggs for sale and governing the business of breaking out eggs to be canned, frozen, dried or used in any other manner, and the wilful cracking or checking of eggs intended for sale in the shell; and in relation to keeping, selling or offering for sale of "spots" and "spot eggs," be and the same are hereby adopted, said rules to be immediately published in the CITY RECORD, and to take effect throughout the City of New York on the first day of June, 1910:

Eggs broken from the shell intended for food purposes shall be promptly cooled to a temperature not to exceed 50 degrees Fahrenheit and shall be deemed adulterated for the purposes of this section if the temperature at the time of delivery to the consumer be above said temperature.

No person conducting the business of trucking or draying, or engaged in the transportation of goods or merchandise, or conducting the business of storing food or other products in cold storage buildings, shall be required to have a permit for receiving, holding, transporting or keeping eggs opened from the shell, whether canned, frozen, dried or treated in any other manner, provided that such person shall show to said Board, when required, satisfactory proof of the ownership of such eggs.

No person shall receive, have, hold, sell or offer for sale, or deliver in The City of New York any eggs broken from the shell, designed for use in manufacturing processes or for tanning, unless the same shall have been denaturated with some denaturant approved by the Board of Health. The cans or receptacles containing eggs broken from the shell designed for use in manufacturing processes or for tanning, shall be plainly and indelibly labeled with the words "for manufacturing purposes—denaturated with" to which shall be added the name of the denaturant.

The term "denaturated" where used herein as applied to eggs, means eggs that are broken into receptacles into which has previously been placed a denaturant or denaturants approved by the Board of Health in proportions as may be prescribed and the mixture thus made thoroughly stirred, or which are transferred promptly after breaking and on the premises where broken to receptacles into which has previously been placed a denaturant or denaturants approved by the said Board in proportions as may be prescribed, and the mixture thus made thoroughly stirred.

No person shall wilfully or intentionally crack or check eggs intended for sale in the shell, the shells of which are whole and sound, with intent to make any false representation in respect to the quality thereof or as being what the same are not, as respects wholesomeness, soundness, or safety for food. Wilful cracking or checking of eggs to be sold in the shell shall be prima facie evidence of intent to deceive.

Every person who shall receive, hold, keep, sell or offer for sale or deliver in The City of New York any eggs known as "spots" shall keep a record in a manner approved by the Board of Health, of all such "spot eggs" received or held by him and the disposition of such eggs.

Every person who conducts the business of breaking out eggs for canning, freezing, drying or other purposes or preparing eggs for tanners or manufacturing usages shall keep a record in a manner approved by the Board of Health, of all eggs received or held by him and the disposition of such eggs.

## BOROUGH OF THE BRONX.

### Local Board Meetings.

#### MINUTES OF THE LOCAL BOARD OF CROTONA, TWENTY-FOURTH DISTRICT.

Pursuant to call by President Miller the members of the Local Board of Crotona, Twenty-fourth District, met in the office of the President of the Borough of The Bronx on Wednesday, May 4, 1910, at 9 p. m.

Present—President Miller, Alderman Herbst, Alderman Hickey.

Minutes of previous meeting were adopted as typewritten.

#### Hearings.

No. 77. Paving with asphalt blocks East One Hundred and Seventy-eighth street, from Third avenue to Hughes avenue.

Petition signed by Wm. H. Borkmire, David Miller and five others. Estimated cost, \$10,100. Assessed value of the real estate included within the probable area of assessment is \$726,280. Sewer, water and gas in the street.

The centre line length for the above named improvement is about 983 linear feet. On this basis, the average cost per linear foot of frontage will be \$5.14.

Opposition by Mr. Hoefer, owner of a corner at Hughes avenue and One Hundred and Seventy-eighth street, and by two other owners.

As the petitioners represented a large amount of property on which valuable flat houses were constructed and occupied the Board deemed it advisable that the petition be approved, and, on motion, seconded, it was

Resolved, That proceedings be and the same hereby are initiated for paving with asphalt blocks, on a concrete foundation, and setting curb where necessary in East One Hundred and Seventy-eighth street, from east side of Third avenue to west side of Hughes avenue, and all work incidental thereto.

Unanimously adopted.

No. 84. Constructing a receiving basin and appurtenances on the east side of Crotona Park East, opposite East One Hundred and Seventy-third street.

Petition signed by R. H. Gillespie. No one appeared in opposition. Estimated cost, \$300. Assessed value of the real estate, with improvements, included within the probable area of assessment is \$246,450. It is probable that the assessment for this work upon the property directly benefited thereby will not exceed \$10 for each 25-foot lot. On motion, seconded, it was

Resolved, That proceedings be and the same hereby are initiated for constructing receiving basin and appurtenances on the west side of Crotona Park East, opposite East One Hundred and Seventy-third street, Borough of The Bronx, City of New York.

Unanimously adopted.

#### Miscellaneous.

Prospect avenue, sodding of centre plots, between East One Hundred and Forty-ninth street and Crotona Park, planting shrubbery and trees and erecting iron rails to surround the plots.

The petition was signed by John H. Maatz, H. J. Monsees, K. Menninger, J. Klumberg and about thirty others, and addressed to Hon. Abraham W. Herbst, Alderman, Thirty-eighth Aldermanic District.

After hearing those in favor and those opposed to the proposed improvement the matter was laid over to May 18, 1910.

On motion, the Board adjourned until May 18, 1910.

GEORGE DONNELLY, Secretary.

#### MINUTES OF THE LOCAL BOARD OF VAN CORTLANDT, TWENTY-FIFTH DISTRICT.

Pursuant to call by President Miller, the members of the Local Board of Van Cortlandt, Twenty-fifth District, met in the office of the President of the Borough of The Bronx in the Municipal Building, One Hundred and Seventy-seventh street and Third avenue, on Wednesday, May 4, 1910, at 9:30 p. m.

Present—President Miller, Alderman Hamilton and Alderman Godwin.

Minutes of previous meeting were adopted as typewritten.

#### Hearings.

No. 74. Acquiring title to lands necessary for the widening of East One Hundred and Seventy-second street, between Inwood avenue and Jerome avenue.

Petition signed by Leicester Realty Company, by Edwin D. Hays, President.

#### Chief Engineer's Report.

"West One Hundred and Seventy-second street, between Inwood avenue and Jerome avenue, is shown on Section 15 of the final maps of the Borough of The Bronx at a width of 60 feet, and filed in the Register's office, New York County, December 17, 1895.

"A proceeding to acquire title to West One Hundred and Seventy-second street, between Inwood avenue and Jerome avenue, has not been initiated as yet, and I wish to recommend that the proceeding when initiated be made to read 'to acquire title to West One Hundred and Seventy-second street, from Inwood avenue to Jerome avenue, as laid out on Section 15 of the final maps.'

"An easement for the Webster avenue relief tunnel sewer partially covers West One Hundred and Seventy-second street, near its junction with Inwood avenue."

No one appeared in opposition. On motion, seconded, it was Resolved, That proceedings be and the same hereby are initiated for acquiring title to West One Hundred and Seventy-second street, between Inwood avenue and Jerome avenue, as laid out on Section 15 of the final maps, Borough of The Bronx, City of New York.

Unanimously adopted.

No. 80. Constructing sewers and appurtenances in West Two Hundred and Thirty-sixth street, between Broadway and Kingsbridge avenue; in West Two Hundred and Thirty-eighth street, between Broadway and Kingsbridge avenue; and in Kingsbridge avenue, between West Two Hundred and Thirty-fourth street and West Two Hundred and Thirty-eighth street.

Petition signed by J. Romaine Brown. No one appeared in opposition. Estimated cost, \$19,675. Assessed value of the real estate, with improvements, included within the probable area of assessment is \$197,950.

Title vested in Kingsbridge avenue, between West Two Hundred and Thirty-fourth street and West Two Hundred and Thirty-eighth street, and in West Two Hundred and Thirty-eighth street, between Kingsbridge avenue and Broadway. No proceedings begun for acquiring title to West Two Hundred and Thirty-sixth street, from Kingsbridge avenue to Broadway. Outlet built.

Based upon the foregoing approximate estimate of cost and judging from the methods employed by the Board of Assessors in apportioning the cost in somewhat similar matters, it is probable that the assessment for this work upon the property directly benefited thereby will not exceed \$150 per each 25-foot lot. This is based upon the assumption that the Board of Assessors will assess the property indirectly benefited at \$15 per each 25-foot lot. On motion, seconded, it was

Resolved, That proceedings be and the same hereby are initiated for constructing sewers and appurtenances in West Two Hundred and Thirty-sixth street, between Broadway and Kingsbridge avenue; in West Two Hundred and Thirty-eighth street, between Broadway and Kingsbridge avenue; and in Kingsbridge avenue, between West Two Hundred and Thirty-fourth street and West Two Hundred and Thirty-eighth street, in the Borough of The Bronx, City of New York.

Unanimously adopted.

No. 88. Regulating, grading, setting curb stones and flagging of sidewalks a space four feet wide, laying crosswalks, building approaches, drains, walls, etc., and erecting fences where necessary in West Two Hundred and Thirty-eighth street, from Sedgwick avenue to Fort Independence street, and all work incidental thereto.

Petition signed by Arline E. Stephens and Catherine C. Giles. No one appeared in opposition. Estimated cost, \$3,100. Assessed value of the real estate within the probable area of assessment is \$33,880. Title vested May 31, 1899.

The foregoing estimate covers the portion of Two Hundred and Thirty-eighth street, from Sedgwick avenue to Cannon place only; the block between Cannon place and Fort Independence street is impracticable, as it will have a gradient of about 38 per cent.

The centre line length for the above named improvement is about 331 linear feet. On this basis, the average cost per linear foot of frontage will be \$4.68. On motion, seconded, it was

Resolved, That proceedings be and the same hereby are initiated for regulating and grading, setting curb stones, flagging sidewalks a space four feet wide, laying crosswalks, building approaches, drains, walls, etc., and erecting fences where necessary and all work incidental thereto in West Two Hundred and Thirty-eighth street, from Sedgwick avenue to Cannon place.

Unanimously adopted.

#### Laid Over Matters.

No. 11. Constructing sewers and appurtenances in Perry avenue, between Gun Hill road and East Two Hundred and Eleventh street, with branches in East Two Hundred and Eleventh street, etc. No one appeared in opposition. See minutes, pages 23 and 24. On motion, seconded, it was

Resolved, That proceedings be and the same hereby are initiated for constructing sewers and appurtenances in Perry avenue, between Gun Hill road and East Two Hundred and Eleventh street; East Two Hundred and Eleventh street, between Perry avenue and Woodlawn road; Woodlawn road, between Gun Hill road and East Two Hundred and Twelfth street; East Two Hundred and Twelfth street, between Woodlawn road and Jerome avenue; Rochambeau avenue, between East Two Hundred and Twelfth street and Gun Hill road; DeKalb avenue, between East Two Hundred and Twelfth street and Gun Hill road; and in Jerome avenue, between East Two Hundred and Twelfth street and the first summit south therefrom.

Unanimously adopted.

No. 65. Regulating, grading, etc., Corlear avenue, from Two Hundred and Thirtieth street to Two Hundred and Thirty-sixth street.

Laid over until May 18, 1910, as some owners desired the avenue graded to Two Hundred and Fortieth street.

No. 66. Changing grade of Corlear avenue, between West Two Hundred and Thirtieth street and West Two Hundred and Thirty-second street. See page 84 of minutes.

Laid over until next meeting.

FOR FURNISHING, DELIVERING AND LAYING HIGH PRESSURE FIRE SERVICE MAINS AND APPURTENANCES IN LIVINGSTON AND REMSEN STREETS, AND IN ELM AND GALLATIN PLACES.

The time allowed for doing and completing the entire work under this contract will be sixty (60) working days, as provided in the terms of the contract.

A bond of Ten Thousand Dollars (\$10,000) will be required from the sureties for the performance of the contract.

The bidders' attention is called to the high pressure that the mains and appurtenances required under this contract must withstand. Note that special valves, of heavy pattern, are required. All foundry and shop work will be rigorously inspected before delivery, and all field work carefully supervised and tested. All short laterals and branches shall be bolted to the main lines and pipes and all bends bolted together.

Throughout the work, more than ordinary care in making the lead joints will be insisted upon. Salt water may be occasionally pumped into the high pressure mains, and special care shall therefore be observed in coating all pipes and specials and the exposed iron surfaces of the valves, and in protecting the coating during transportation and laying.

Bidders are cautioned that a provision in the contract requires the maintenance of the pipes, valves, pavements, etc., in good condition for the period of one year from the final completion of the work.

The bidder will state the price, per unit, of each item of work or supplies contained in the specifications or schedule, by which the bids will be tested.

The bids will be compared and the contract awarded for all work, articles, materials and supplies contained in the specifications or schedule attached thereto.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Department, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for the Borough of Brooklyn, Room 25, Municipal Building, and at Room 1904, Nos. 13 to 21 Park Row, Borough of Manhattan.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

**SEALED BIDS OR ESTIMATES WILL BE** received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon on

**MONDAY, JUNE 27, 1910.**

FOR THE RIGHT TO DUMP AND FILL IN BEHIND THE BULKHEAD WALL RECENTLY BUILT AT THE FOOT OF OLIVER STREET, EAST RIVER, ON PART OF THE JAMES SLIP SECTION, ON THE EAST RIVER, BOROUGH OF MANHATTAN.

TERMS AND CONDITION OF SALE.

The work to be done is to fill in with suitable material, as hereinafter described, the area behind the new bulkhead wall extending from about the intersection of the easterly line of Oliver street, prolonged outshore, and the bulkhead wall, and extending westerly along the bulkhead wall a distance of about 128 feet.

The filling shall be brought to a grade of about nine and one-half (9½) feet above mean low water at the new bulkhead wall, and shall extend inshore on a sloping grade to the level of the street adjacent.

It is estimated that the area outlining the above described limits will create a basin to be filled in, under this agreement, whose cubic contents in net void space is equal to 2,800 cubic yards.

Bidders will state in writing a lump sum price which they agree to pay for the privilege of filling in the void space behind the bulkhead wall, built at the foot of Oliver street, on the East River, Borough of Manhattan, as above more fully described.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above-described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above-described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore.

All material must be dumped and filled in only in such manner, at such points, and in such order of procedure, and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

The purchaser shall provide all plank and other appliances and all necessary labor, and shall at all times keep the dump graded to the satisfaction of the Engineer.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Chief Engineer of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun, after which not less than 50 cubic yards per day shall be placed, and the whole amount of the filling called for to bring the above described basin up to a grade shall be completed within sixty days from the date of the receipt of said notification. At the

expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE RECEIVED BY THE COMMISSIONER OF DOCKS AT PIER "A," FOOT OF BATTERY PLACE, IN THE CITY OF NEW YORK, UNTIL 12 O'CLOCK NOON ON

THURSDAY, JUNE 23, 1910,

FOR INSURING THE FERRYBOATS "MANHATTAN," "BROOKLYN," "BRONX," "QUEENS" AND "RICHMOND" TO BE EMPLOYED ON THE MUNICIPAL FERRIES BETWEEN THE BOROUGH OF MANHATTAN AND THE BOROUGH OF RICHMOND, FOR A PERIOD OF ONE YEAR FROM JULY 16, 1910.

The said vessels, title, apparel, stores, supplies, furniture, engines, boilers, machinery and appurtenances shall be insured at the following valuation:

For the ferryboats "Manhattan," "Brooklyn," "Bronx," "Queens" and "Richmond," \$300,000 for each boat, or a total of \$1,500,000 for the five boats; and in no case shall the Department be deemed as a co-insurer.

The boats to be confined to the use and navigation within the bay and harbor of New York and the Hudson and East Rivers, with the privilege to lay up and make additions, alterations and repairs while running or while laid up, or to go into dry dock. Any deviation beyond the limits named shall not void the policy, but no liability shall exist during such deviation; and upon the return of said vessels within the limits named above, no disaster having occurred, the policy shall be and remain in full force and effect unless a disaster occurs while deviating.

The policy shall provide for the full indemnification of all salvage expenses and loss, damage, detriment or hurt to said vessels for which the insurers are liable against the perils of the harbor, bay or rivers as above named, lightning and fires that shall occur to the hurt, detriment and damage of said vessels or either of them, or any part thereof, and for all damage which may be done by the vessels insured to any other vessel or property.

As the vessels to be insured are common carriers, the policy shall not contain any limitation as to the nature or kind of cargo or other material which shall be carried on the boats.

No claim shall be made by the Department for any damage to the vessels insured unless it exceeds \$500.

Losses shall be payable in thirty days after proof of loss or damage, and of the amount thereof, and proof of the interest of the insured shall have been made and presented at the office of the insurer or its representative in The City of New York.

No bid will be received for insurance by or in behalf of any company not duly authorized by the Insurance Department to transact business in the State of New York.

Each bid must be accompanied by a copy of the policy upon which the bid is based.

The person or persons making a bid or estimate shall furnish the same in a sealed envelope indorsed as follows:

"Bid for insuring ferryboats employed on the Municipal Ferries."

Bids will be received by the Commissioner of Docks at Pier "A," foot of Battery place, until 12 o'clock noon on Thursday, June 23, 1910, at which time and place the estimates received will be publicly opened by the Commissioner of Docks and read, and the award of the contract made, according to the law, as soon thereafter as practicable.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Commissioner of Docks, or money to the amount of One Thousand Dollars.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope, addressed to the Commissioner of Docks, or submitted personally upon the presentation of the bid or estimate.

The bidders shall state a rate per cent, at which they will insure or contract for insurance for the ferryboats, as specified above, in accordance with the terms of this advertisement, and also in accordance with the form of policy submitted, which shall be considered in connection with and form part of the bid.

Bidders will write out the rate per cent, of their estimates, in addition to inserting the same in figures.

The Commissioner reserves the right to reject all bids or estimates if he deem it for the interest of the City so to do.

#### Corporation Sales.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE PRESIDENT of the Borough of Queens, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York, acquired by it for street opening purposes in the

Borough of Queens.

Being all the buildings, parts of buildings, etc., situated within the lines of Fourth avenue, between Washington avenue and Jackson avenue, in the First Ward of the Borough of Queens, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room K, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held June 8, 1910, the sale by sealed bids of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

THURSDAY, JUNE 30, 1910,

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1.—Part of two-story frame house on the southerly side of Fourth avenue, about 145 feet easterly from Webster avenue. Cut 24.12 feet on the easterly side of house and 1.27 feet on the westerly side of rear extension.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room K, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 30th day of June, 1910, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened June 30, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the materials of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply.

Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Queens, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood

to be implied by the act of bidding, and T. City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and that while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

#### CORPORATION SALE OF BUILDINGS AND APPURTENANCES THEREON ON CITY REAL ESTATE BY SEALED BIDS.

**PUBLIC NOTICE IS HEREBY GIVEN THAT** the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York, acquired by it for school purposes in the

#### Borough of Manhattan.

—being the portion of the Normal College buildings known as the Training Department Building on Lexington Avenue, between Sixty-eighth and Sixty-ninth streets, together with the one-story toilet buildings between the Training Department Building and the main building, with the boiler, piping and radiators therein, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room K, No. 280, Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held on May 18, 1910, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

**WEDNESDAY, JUNE 29, 1910,**

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1. Four-story brick building known as the Training Department Building, on Lexington Avenue, between Sixty-eighth and Sixty-ninth streets, together with the two one-story toilet buildings between the Training Department Building and the main building, with the boiler, piping and radiators therein.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller of the City of New York, Department of Finance, Room K, No. 280, Broadway, Borough of Manhattan, until 11 a. m., on the 29th of June, 1910, and then publicly opened for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security for the performance of the work, and may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened June 29, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room K, No. 280, Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

Possession of the above buildings will be given purchaser on July 1, 1910.

The buildings will be sold for immediate removal only, the work of removal to be started on July 1, 1910, and to be completed within thirty days, the fences, trees, shrubbery and sidewalk to be protected and the walls to be removed to the curb level, the buildings to be removed otherwise subject to the following

#### TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay

cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in full of the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of the speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing thereon of or permitting the occupancy of any such building by any tenant free for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to the purchaser will be made as nearly together as the circumstance of vacating the structures of the tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cess-pools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe under the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections, main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portions as shall be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

## BOARD OF ESTIMATE AND APPORTIONMENT.

## Committee Hearing.

PLANS FOR IMPROVING THE APPROACH TO THE OLD BROOKLYN BRIDGE, IN THE BOROUGH OF BROOKLYN.

PUBLIC NOTICE IS HEREBY GIVEN that the Committee, consisting of the President of the Borough of Brooklyn, the President of the Board of Aldermen and the Comptroller, appointed at the meeting of the Board of Estimate and Apportionment held on May 27, 1910, to consider plans and suggestions for the improvement of the approach to the old Brooklyn Bridge, in the Borough of Brooklyn, will give a PUBLIC HEARING in the matter, in the old Council Chamber, City Hall, Borough of Manhattan, on Wednesday, June 22, 1910, at 10.30 o'clock in the forenoon.

Dated June 15, 1910.  
JOSEPH HAAG, Secretary, Board of Estimate and Apportionment.

## Public Improvement Matters.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment held on June 17, 1910, the following resolutions were adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York is considering the advisability of amending the area of assessment in the proceeding authorized by the Board on June 19, 1908, for acquiring title to Heberton avenue, between a line about 188 feet north of Ann street and Richmond terrace, in the Borough of Richmond, City of New York.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of the Greater New York Charter, hereby gives notice that the following is the proposed amended area of assessment for benefit in this proceeding:

Beginning at a point on a line midway between Heberton avenue and Broadway, where it is intersected by a line at right angles to Richmond terrace, and passing through a point on its westerly side midway between Heberton avenue and Broadway, as measured along the westerly line of Richmond terrace, and running thence north-easterly along the said line at right angles to Richmond terrace to a point distant 100 feet easterly from its easterly side; thence southwardly and always parallel with Richmond terrace to the intersection with a line bisecting the angle formed by the intersection of the easterly line of Heberton avenue with the westerly line of Bennett street; thence southwardly along the said bisecting line to a point distant 100 feet easterly from the easterly line of Heberton avenue, the said distance being measured at right angles to Heberton avenue; thence southwardly and parallel with Heberton avenue to the intersection with a line bisecting the angle formed by the intersection of the prolongation of the easterly line of Heberton avenue, as laid out adjoining Bennett street, with the westerly line of Cottage place; thence southwardly along the said bisecting line to the intersection with the prolongation of a line midway between Heberton avenue and Washington place; thence southwardly along the said line midway between Heberton avenue and Washington place, to the intersection with the prolongation of a line midway between Heberton avenue and Decker avenue, as these streets are in use adjoining St. Marys avenue and Catherine street, respectively; thence southwardly along the said line midway between Heberton avenue and Decker avenue, and along the prolongation of the said line, to the intersection with the prolongation of the southerly line of St. Marys avenue; thence westwardly along the southerly line of St. Marys avenue, and the prolongation thereof, to the intersection with a line midway between Richmond avenue and Heberton avenue; thence northwardly along a line always midway between Richmond avenue and Heberton avenue to the intersection with a line midway between Mersereau avenue and Albion place; thence easterly along the said line midway between Mersereau avenue and Albion place to the intersection with the prolongation of a line midway between Broadway and Heberton

avenue; thence northwardly along a line always midway between Broadway and Heberton avenue, along the prolongation thereof, to the point or place of beginning.

(The lines of the streets herein referred to and which have not yet been formally incorporated upon the City map are intended to be those now in use and as commonly recognized.)

Resolved, That this Board consider the proposed amended area of assessment at a meeting of the Board to be held in the City of New York, Borough of Manhattan, in the City Hall, on the 1st day of July, 1910, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 1st day of July, 1910.

Dated June 18, 1910.  
JOSEPH HAAG, Secretary.  
No. 277 Broadway.

**NOTICE IS HEREBY GIVEN THAT** AT the meeting of the Board of Estimate and Apportionment held on June 3, 1910, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Sixty-fourth street, from Fourth avenue to Fifth avenue, in the Borough of Brooklyn, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit of said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Bounded on the north by a line midway between Sixty-third street and Sixty-fourth street; on the east by a line distant 100 feet easterly from and parallel with the easterly line of Fifth avenue, the said distance being measured at right angles to Fifth avenue; on the south by a line midway between Sixty-fourth street and Sixty-fifth street; and on the west by the easterly line of Fourth avenue.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 1st day of July, 1910, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the CITY RECORD and the corporation newspapers for ten days prior to the 1st day of July, 1910.

#### Franchise Matters.

**PUBLIC NOTICE IS HEREBY GIVEN THAT** at the meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas, The Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company has, under date of March 4, 1910, made appli-

cation to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a street surface railway extension, to be used as a loop terminal, upon and along Twelfth avenue, West One Hundred and Twenty-ninth street and Manhattan street, in the Borough of Manhattan; and

Whereas, Section 92 of the Railroad Law, and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance to such laws, this Board adopted a resolution on April 1, 1910, fixing the date for public hearing thereon as April 29, 1910, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "New York Press" and the "Evening Post" newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly had on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, and the adequacy of the compensation proposed to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced, and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

#### Proposed Form of Contract.

This contract, made this \_\_\_\_\_ day of \_\_\_\_\_ 1910, between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate an extension to its present street surface railway, with the necessary wires and equipment, for the purpose of conveying passengers only in the Borough of Manhattan, in The City of New York, upon the following route, to wit:

Beginning at and connecting with the existing tracks in Manhattan street, at or near the easterly line of Twelfth avenue; thence by double track, curving westerly in and to Manhattan street to Twelfth avenue; thence southerly by double track, in and upon Twelfth avenue to West One Hundred and Twenty-ninth street; thence curving easterly into West One Hundred and Twenty-ninth street to the center line of West One Hundred and Twenty-ninth street; thence easterly by single track, in and upon West One Hundred and Twenty-ninth street to Manhattan street, and there connecting with the existing east bound track in Manhattan street.

The said route with turnouts, switches and crossovers hereby authorized is shown upon a map entitled:

"Map showing proposed extension of The 42d Street, Manhattanville & St. Nicholas Ave. Railway Co. in the Borough of Manhattan, City of New York, to accompany the petition dated March 4, 1910, to the Board of Estimate and Apportionment."

—and signed by F. W. Whitridge, Receiver, and T. F. Mullaney, Chief Engineer; a copy of which is attached hereto, is to be deemed a part of this contract, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within three (3) months from the signing of this contract by the Mayor, and a copy of such consent shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall, within three (3) months or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company for the term of ten (10) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of fifteen (15) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agree-

ment with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers; and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of one hundred dollars (\$100) in cash within three (3) months after the date on which this contract is signed by the Mayor and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum which shall in no case be less than three hundred and twenty-five dollars (\$325) and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of three hundred and twenty-five dollars (\$325).

During the second term of five (5) years an annual sum which shall in no case be less than five hundred and seventy-five dollars (\$575) and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of five hundred and seventy-five dollars (\$575).

The gross annual receipts mentioned above shall be that portion of the gross receipts of the Company from all sources within the limits of the City as shall bear the same proportion to such gross receipts as the length of the extension hereby authorized shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City pursuant to the Railroad Law as amended.

Any and all payments to be made by the terms of this contract shall be made by the Company in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatever kind or description now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract, and that the assignee or lessee assumes and will be bound by all said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege, upon the same or other terms and conditions, over the same streets and avenues hereinbefore described.

The use of the railway constructed by the Company under this contract, including the tracks, wires and other equipment, or any structures used in connection therewith, in streets and avenues hereinbefore described shall be permitted by the Company to any individual or corporation to which the City may have granted or may hereafter grant the right or privilege to use such streets and avenues for street railway purposes, upon payment of an annual sum by such individual or corporation to the Company which shall equal the legal interest on such proportion of the actual cost of the construction of such railway and structures, and additions and betterments thereto, as the number of cars operated by such individual or corporation shall bear to the number of cars operated by the Company then using the same; and also such proportion of the cost of keeping the tracks and electrical equipment in repair, and the cost of additions and betterments thereto, such proportion of laying and repairing of pavement and removal of snow and ice, and all other duties imposed upon the Company by the terms of this contract in connection with the maintenance or

the operation of said railway so used, as the number of cars operated by such individual or corporation shall bear to the number of cars operated by the Company then using the same, together with the actual cost of the power necessary for the operation of the cars thereon or such individual or corporation. Provided, however, that if in the opinion of the Company the legal rate of interest upon the cost of such railway shall be an insufficient sum to be paid for the use of such tracks, it may appeal to the Board, and the Board may fix a percentage upon the cost to be paid to the Company at a sum in excess of the legal rate of interest if in its opinion such action is justified.

The Company shall not at any time oppose, but shall upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewed term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Eighth—The Company shall commence construction of the railway herein authorized within three (3) months from the date upon which the consents of the property owners are filed with the Board, or from the date upon which the order of the Appellate Division of the Supreme Court that such railway ought to be constructed is rendered in lieu of such consents, and shall complete the construction and place the same in full operation within six (6) months from the date of filing such consents or such order, otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six (6) months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and, provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board, either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Ninth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Tenth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions as a condition of the granting of the same as are necessary for the purpose of protecting any structures in the streets and avenues over which such officials have jurisdiction, and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Eleventh—Said railway shall be operated by underground electric power substantially similar to the system of underground electric power now used by the street surface railways in the Borough of Manhattan, provided that any other power may be used except locomotive steam power, horse power or overhead electric power which may be lawfully used, approved by the Board and consented to by the abutting property owners in accordance with the provisions of law and by the Public Service Commission for the First District of the State of New York.

Twelfth—No wires for the transmission of power shall be permitted unless they be placed in conduits underneath or along the side of the railway. When such conduits are constructed the Company shall provide two (2) conduits not less than three (3) inches in diameter, each for the exclusive use of the City. The Company hereby agrees that such conduits shall be used only by the Company and the City as above.

Thirteenth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on its road or any road, line or

branch operated by it or under its control to any other point thereof or any connecting branch thereof within the limits of the City.

Fourteenth—No cars shall be operated upon the railway hereby authorized other than passenger cars and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway, and the tracks hereby authorized shall not be used for the storage of cars.

Fifteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Sixteenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Seventeenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Eighteenth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Nineteenth—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Twentieth—Any alteration to the sewerage or drainage system, or any other subsurface or any surface structure, the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-first—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-second—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said street the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

The Company shall, within sixty (60) days from the commencement of the operation of the railway hereby authorized, remove, at its own expense, the four tracks, together with the cross-overs, conduits and other equipment now existing in Manhattan street, such tracks being as shown by dashed lines upon the map or plan attached hereto and made a part of this contract, and shall restore the street to its original condition. In case of the failure of the Company within such time to comply with the provisions relative to the removal of the tracks, cross-overs, conduits and other equipment in Manhattan street, and the restoring of the surface of the street to its original condition, the rights hereby granted shall cease and determine.

Twenty-third—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries.

—and such other information in regard to the business of the Company as may be required by the Board.

Twenty-fourth—The Company shall at all times keep accurate books of account of the gross earnings from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-fifth—In case of any violation or breach or failure to comply with any of the provisions herein contained or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-sixth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-seventh—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-eighth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of five hundred dollars (\$500), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board acting hereunder, relating to the roadway, heating and lighting of cars, fenders, wheel-guards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel-guards, in case of a violation of the provisions relating to those matters, all of which sums may be deducted from the said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in default, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any default made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of five hundred dollars (\$500), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding of right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-ninth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirtieth—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement," encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Thirty-first—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other Board authority, officer or officers, then and in such case such other Board authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Sec. 4. This grant is also upon the further and express condition that the provisions of Article IV, and other provisions of the Railroad Law, pertinent hereto, shall be strictly complied with by the Company.

Sec. 5. The Company promises, covenants and agrees on its part and behalf to conform to, abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

Witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate seal to be hereunto signed the day and year first above written.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by The Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company and the said form of proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, July 1, 1910, in the City Record, and at least twice during the ten (10) days immediately prior to July 1, 1910, in two daily newspapers to be designated by the Mayor therefor and published in The City of New York, at the expense of The Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by The Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, July 1, 1910, at 10:30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

JOSEPH HAAG, Secretary.

Dated New York, May 27, 1910.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas, The Union Railway Company of New York City has, under date of February 9, 1910, made application to the Board for the grant of the right, privilege and franchise to construct, maintain and operate a double-track street surface railway as an extension to its existing system, upon and along East One Hundred and Sixty-seventh, East One Hundred and Sixty-eighth and East One Hundred and Sixty-ninth streets, from Westchester Avenue to Boscobel Avenue, in the Borough of The Bronx; and

Whereas, Section 92 of the Railroad Law, and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on March 4, 1910, fixing the date for public hearing thereon as April 1, 1910, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the New York "Press" and the New York "Herald," newspapers designated by the Mayor, and in the City Record, for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the Union Railway Company of New York City, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Union Railway Company of New York City, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Union Railway Company of New York City the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this.....day of.....1910, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Union Railway Company of New York City (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double-track extension to its present street surface railway, with the necessary wires and equipment, for the purpose of conveying passengers only, in the

Borough of The Bronx, in The City of New York, upon the following route, to wit:

Beginning at and connecting with the tracks of the Company in Westchester Avenue, at its intersection with East One Hundred and Sixty-seventh street; thence southwesterly in and upon East One Hundred and Sixty-seventh street to the intersection of East One Hundred and Sixty-ninth street at Fox Street or Simpson street; thence westerly in and upon East One Hundred and Sixty-ninth street to Franklin Avenue; thence southerly in and upon Franklin Avenue to East One Hundred and Sixty-eighth street; thence westerly in and upon East One Hundred and Sixty-eighth street to Webster Avenue; thence southerly in and upon Webster Avenue to East One Hundred and Sixty-seventh street; thence westerly in and upon East One Hundred and Sixty-seventh street and the Transverse road underneath the Grand Boulevard and Concourse, and again in and upon East One Hundred and Sixty-seventh street to Jerome Avenue, and there connecting with the existing tracks of the Company in Jerome Avenue.

The said route, with turnouts, switches and cross-overs, hereby authorized is shown upon a map entitled:

"Map showing proposed extension of the Union Railway Company in the Borough of The Bronx, City of New York, to accompany petition dated February 9, 1910, to the Board of Estimate and Apportionment."

—and signed by F. W. Whitridge, receiver; Edward A. Maher, president, and T. F. Mulvaney, chief engineer, a copy of which is attached hereto, is to be deemed a part of this contract, and is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and cross-overs which are consistent with the foregoing description and the other provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent, in writing, of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within three (3) months from the signing of this contract by the Mayor, and a copy of such consent shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall within said three (3) months or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor until March 1, 1924, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient, if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of two thousand dollars (\$2,000) in cash within three (3) months after the date on which this contract is signed by the Mayor and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum which shall in no case be less than fifteen hundred dollars (\$1,500), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of fifteen hundred dollars (\$1,500).

During the second term of five (5) years an annual sum which shall in no case be less than three thousand dollars (\$3,000), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of three thousand dollars (\$3,000).

During the remaining term, expiring March 1, 1924, an annual sum which shall in no case be less than thirty-six hundred dollars (\$3,600), and which shall be equal to five (5) per cent. of its gross annual receipts if such percentage shall exceed the sum of thirty-six hundred dollars (\$3,600).

The gross annual receipts mentioned above shall be that portion of the gross receipts of the Company from all sources within the limits of the City as shall bear the same proportion to its whole such gross receipts as the length of the extension hereby authorized shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City, pursuant to the Railroad Law as amended, and such charges as are required under chapter 340 of the Laws of 1892 to be paid by the Company for this extension, if said act applies to or controls the Company in relation to the right and privilege hereby granted.

The City does not and shall not demand or require the payment by the Company of a percentage of gross receipts under the provisions of chapter 340 of the Laws of 1892 on the gross receipts earned on the extension constructed pursuant to this contract.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City or resolution of the Board or any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of any assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets and avenues, heretofore described.

The use of the railway constructed by the Company under this contract, including the tracks, wires and other equipment or any structure used in connection therewith, in streets and avenues heretofore described shall be permitted by the Company, to any individual or corporation to which the City may have granted or may hereafter grant the right or privilege to use such streets and avenues for street railway purposes, upon payment of an annual sum by such individual or corporation to the Company, which shall equal the legal interest on such proportion of the actual cost of the construction of such railway and structures, and additions and betterments thereto, as the number of cars operated by such individual or corporation shall bear to the number of cars operated by the companies then using the same; and also such proportion of the cost of keeping the tracks and electrical equipment in repair, and the cost of additions and betterments thereto, such proportion of laying and repairing of pavement and removal of snow and ice and all other duties imposed upon the Company by the terms of this contract in connection with the maintenance or the operation of said railway as used, as the number of cars operated by such individual or corporation shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation. Provided, however, that if, in the opinion of the Company, the legal rate of interest upon the cost of such railway shall be an insufficient sum to be paid for the use of such tracks, it may appeal to the Board and the Board may fix a percentage upon the cost to be paid to the Company, at a sum in excess of the legal rate of interest, if, in its opinion, such action is justified.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company pursuant to this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any-wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Eighth—The Company shall commence construction of the railway herein authorized within

three (3) months from the date upon which the consents of the property owners are filed with the Board or from the date upon which the order of the Appellate Division of the Supreme Court that such railway ought to be constructed is signed in lieu of such consents, and shall complete the construction and place the same in full operation within twelve (12) months from the date of filing such consents or such order, otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided, that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six (6) months each; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board, either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Ninth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appliances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Tenth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction, and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Eleventh—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of The Bronx, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board, and consented to by the shutting proper owners with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Twelfth—Upon six (6) months' notice by the Board to the Company, all wires for the transmission of power, except trolley wires, for the operation of the railway, upon all or any portion of the route hereby authorized, shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two (2) ducts not less than three (3) inches in diameter for the exclusive use of the City. Such ducts shall be used only by the Company for the operation of its railway and by the City, as above.

Thirteenth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents and the Company shall not charge any passenger more than five (5) cents for one continuous ride from any point on its road or on any road, line or branch operated by it or under its control to any other point thereof, or any connecting branch thereof within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Fourteenth—No cars shall be operated upon the railway hereby authorized other than passenger cars and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

Fifteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter be enacted during the term of this contract be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Sixteenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Seventeenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Eighteenth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes, both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Nineteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall cause to be watered at least three (3) times every twenty-four (24) hours when the temperature is above thirty-five (35) degrees Fahrenheit, the entire width of the streets and avenues shall exceed sixty (60) feet between curb lines, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Twentieth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-first—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City officer, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-second—Any alteration to the sewerage or drainage system, or to any other substructure or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-third—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-fourth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said street the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-fifth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The total amount of stock owned by the Company.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.
15. Number of passengers carried during the year.
16. Total receipts of Company for each class of business.
17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses for operation, including salaries, and such other information in regard to the business of the Company as may be required by the Board.

Twenty-sixth—The Company shall at all times keep accurate books of account of the gross earnings from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles run, and the miles of track of the City and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers and books.

Twenty-seventh—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board, the resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity.

Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-eighth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-ninth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirtieth—This grant is upon the express condition that any and all sums of money or any

securities heretofore deposited with the Comptroller by the Company under and pursuant to franchises heretofore granted to it by The City of New York for the faithful performance by the Company of the several franchises so granted shall likewise form a fund for the performance by the Company of all the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement, the removal of snow and ice, the quality of construction of the railway and the maintenance of the property in good condition throughout the whole term of the contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof, after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or, after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or, in case of failure to observe the said terms and conditions of this contract and orders of the Board hereunder, relating to the roadway, heating and lighting of cars, fenders, wheel-guards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel-guards, in case of the violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount, and in default thereof this contract shall be canceled and annulled at the option of the Board, acting on behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-first—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-second—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement, encountered in the route heretofore described, and upon or in which authority is hereby given to the Company to construct a railway.

Thirty-third—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Sec. 4. This grant is also upon the further and express condition that the provisions of Article IV, and the other provisions of the Railroad Law pertinent hereto shall be strictly complied with by the Company.

Sec. 5. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,  
By..... Mayor.

[CORPORATE SEAL]  
Attest:..... City Clerk.

UNION RAILWAY COMPANY OF NEW YORK CITY.

By..... President.

[SEAL]  
Attest:..... Secretary.

(Here add acknowledgments.)

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provisions as to rates, fares and charges, are as heretofore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Union Railway Company of New York City, and the said form of a proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, July 1, 1910, in the City Record, and at least twice during the ten (10) days immediately prior to July 1, 1910, in two daily newspapers to be designated by the Mayor therefor,

and published in The City of New York, at the expense of the Union Railway Company of New York City, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Union Railway Company of New York City, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing such contract, will, at a meeting of said Board, to be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, July 1, 1910, at 10.30 o'clock a. m., hold a public hearing thereon, to which citizens shall be entitled to appear and be heard.

JOSEPH HAAG, Secretary.  
Dated New York, May 27, 1910.

17,191

**PUBLIC NOTICE IS HEREBY GIVEN** that at the meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas, The Electric Protection Company of New York in a petition dated September 15, 1909, made application to said Board for a grant of the right, privilege and franchise to lay, erect, construct and maintain wires and other conductors with the necessary poles, pipes, conduits and appliances in, over and under the streets, avenues and highways within The City of New York for the operation of electrical call boxes in connection with telephones, telegraph and other systems for providing wires and signals for protection service; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on October 8, 1909, fixing the date for a public hearing thereon as October 29, 1909, at which citizens were entitled to appear and be heard, and publication was had for at least two days in the "New York Herald" and the "Morning Telegraph," newspapers designated by the Mayor, and in the City Record, for ten days immediately prior to the date of hearing, and the public hearing was duly held on such date; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the Electric Protection Company of New York, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the Board of Estimate and Apportionment hereby grants to the Electric Protection Company of New York, the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name, and on behalf of The City of New York, as follows, to wit:

This contract, made this \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Electric Protection Company of New York (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows: Section 1. The City hereby grants to the Company subject to the conditions and provisions hereinafter set forth the right and privilege to lay, construct, maintain and operate suitable wires or other electrical conductors in conduits under the streets and avenues within the Borough of Manhattan and the portion of the Borough of The Bronx lying west of the Bronx River, for the purpose of electrically connecting detecting and signaling apparatus to be located upon the premises of subscribers with signal recording apparatus located at some suitable point or points where such signals are to be received and thereby maintaining adequate burglar and fire alarm systems for the protection of the premises of subscribers and for no other purpose whatsoever.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right and privilege to lay, construct, maintain and operate wires or other electrical conductors in conduits for the purpose aforesaid shall be held and enjoyed by the Company, for the term of fifteen (15) years from the date when this contract is signed by the Mayor, with the privilege of renewal of said contract for a further period of ten (10) years upon a fair revaluation of said right and privilege.

If the Company shall desire to exercise its privilege of renewal it shall make application to the Board, or an authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to

the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of five thousand dollars (\$5,000) in cash within three (3) months after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum which shall in no case be less than twelve hundred dollars (\$1,200), and which shall be equal to two (2) per cent of its gross annual receipts if such percentage shall exceed the sum of twelve hundred dollars (\$1,200).

During the second term of five (5) years an annual sum which shall in no case be less than twenty-five hundred dollars (\$2,500), and which shall be equal to two and one-half (2½) per cent of its gross annual receipts, if such percentage shall exceed the sum of twenty-five hundred dollars (\$2,500).

During the remaining term of five (5) years an annual sum which shall in no case be less than forty-five hundred dollars (\$4,500), and which shall be equal to three (3) per cent of its gross annual receipts, if such percentage shall exceed the sum of forty-five hundred dollars (\$4,500).

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual sum as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 of each year for the year ending September 30 next preceding.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payment for similar rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain the following provisions: That the assignee or lessee assumes and will be bound by all of said conditions and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consents or consents.

Fifth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the wires and equipment of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its wires and other equipment constructed pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—The Company shall construct, maintain and operate its protection system, subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters under the Charter of the City and in strict compliance with all laws or ordinances, now in force or which may be adopted, affecting companies operating electrical conductors in the City.

Seventh—All cables and wires of the Company laid pursuant to this contract shall be placed in ducts, conduits or subways (referred to in this paragraph as subways). Such subways shall be leased from the company or companies having control thereof under the provisions of law, or from the City, should it succeed to the rights of such company or companies. If the City shall construct or acquire subways for electrical conductors in the Borough of Manhattan, and the portion of The Bronx west of the Bronx River, or in any portion thereof, the Company hereby agrees to lay its wires and conductors in such subways and the City agrees to lease to the Company such space as may be required for the

operation of the signal and alarm systems hereby authorized.

Eighth—The Company shall, upon request from any individual or corporation occupying or owning premises in the territory in which the Company is operating, not in arrears to it for service already rendered, extend its wires to such premises and furnish protection service to such individual or corporation, provided that such premises are not more than one-half mile from any other premises in which the Company has its apparatus installed at the time such request is made.

Ninth—The Company shall file with the Board on the first day of November in each year a map or plan upon which shall be plainly indicated the number of wires which are in use by the Company on that date, and the streets in which the same are located, and also those which were put in use during the preceding year.

Tenth—It is agreed that the Board shall have absolute authority to regulate all charges or rates for fire or burglar alarm services rendered by the Company to subscribers, pursuant to this contract, and it is further agreed that the charges or rates for certain classes of service furnished by the Company shall be limited as follows:

(a) For automatic fire alarm protection of five-story double tenement houses, or tenement houses of less dimensions, the annual charge for service shall not exceed fifty dollars (\$50), where there are sufficient subscribers within the same city block to require the protection of not less than ten tenements in the same city block, and the Company shall make no charge for installation of equipment in such buildings.

(b) For interior manual fire alarm protection, installed according to the requirements of the National Board of Fire Underwriters, the annual charge for service shall not exceed the sum of twenty-five dollars (\$25) for the first manual fire alarm box, and the sum of five dollars (\$5) per annum for each additional manual fire alarm box in the same building, where there are sufficient subscribers within the same city block to require not less than fifty manual fire alarm boxes, and the Company shall make no charge for installation of equipment in such buildings.

Eleventh—The Board may, by resolution and notice to the Company, direct the Company to install manual fire alarm apparatus in any or all offices or buildings used by the City, situated in the portion of the City in which the Company shall operate at the time when such notice shall be given. The Company, upon receiving such notice, shall install such apparatus, free of charge, and shall furnish service at rates not exceeding fifty (50) per cent of the rate charged by the Company for similar service to any corporation or to any other individual.

Twelfth—The Company shall not require nor receive from its subscribers any deposit or advance payment in excess of what is reasonably necessary to insure payment of present bills, and on such amounts so paid the Company shall pay interest at the statutory rate whenever such money is held for more than one month. Unpaid bills, unless due from its owner, shall never be charged against property, and no person not himself in arrears shall be denied service because any previous occupant of the same premises is in arrears to the Company for service.

Thirteenth—The wires of the Company shall be employed for no other purposes than those explicitly set forth herein and the Company binds itself not to lay, use, lease or operate wires for illegal purposes or to illegal places.

Fourteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Fifteenth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

Sixteenth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of one hundred dollars (\$100) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, and the Board may require the Company to pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Seventeenth—If for a period of twelve consecutive months, the fire alarm and burglar alarm systems of the Company shall not be operated, or if the same shall not be operated for a period of eighteen months out of any consecutive twenty-four months, the Board may declare the right and franchise and this contract terminated without further proceedings at law or in equity.

Eighteenth—The Company shall at all times keep accurate books of account and shall, on or before November 1 in each year, make a verified report to the Comptroller of the City of the business done by the Company for the year ending September 30 next preceding. Such report shall contain a statement of the gross receipts received from the operation of the systems hereby authorized from all subscribers served by the Company, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Nineteenth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.
2. The amount paid in as by last report.
3. The total amount of capital stock paid in.
4. The funded debt by last report.
5. The total amount of funded debt.
6. The floating debt as by last report.
7. The total amount of floating debt.
8. The total amount of funded and floating debt.
9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. The total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.
14. Location, value and amount paid for real estate now owned by the Company.

15. Number and location of premises served by the Company.

16. Total receipts of the Company for each class of business.

17. Amounts paid by the Company for damage to persons or property on account of construction and operation.

18. Total expenses for operation, including salaries and such other information in regard to the business of the Company as may be required by the Board.

Twentieth—This grant is upon the express condition that the Company, within ninety (90) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of five thousand dollars (\$5,000), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privileges hereby granted, in default of which payment of the annual charges the City shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company.

In case of failure of the Company to comply with the terms of this contract relating to the filing of annual statements, furnish service to applicants as herein provided or its neglect or refusal to comply with any demand or direction of the Board or other municipal officials, made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events, the Company, except as herein otherwise provided, shall pay to the City a penalty of fifty dollars (\$50) for each violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in default, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, in writing, pay to the City a sum sufficient to restore said security fund to the original amount of five thousand dollars (\$5,000), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-first—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the system constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-second—If at any time the powers of the Board or any other of the authorities herein mentioned, or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such cases such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Twenty-third—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Sec. 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

### DEPARTMENT OF HEALTH.

DEPARTMENT OF HEALTH OF THE CITY OF NEW YORK, SOUTHWEST CORNER FIFTY-FIFTH STREET AND SIXTH AVENUE, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

**AT A MEETING OF THE BOARD OF** Health of the Department of Health, held June 7, the following resolution was adopted:

Resolved, That section 53 of the Sanitary Code be and the same is hereby amended so as to read as follows:

Section 53. No milk which is watered, adulterated, reduced or changed in any respect by the addition of water or other substance, or by the removal of cream, shall be brought into the City of New York, or held, kept, sold or offered for sale at any place in said city; nor shall anyone keep, have, sell, or offer for sale in the said city any such milk.

The term "adulterated milk," when so used in this code, means:

First—Milk containing more than eighty-eight and one-half per centum of water or fluids.

Second—Milk containing less than eleven and one-half per centum of milk solids.

Third—Milk containing less than three per centum of fat.

Fourth—Milk drawn from animals within fifteen days before or five days after parturition.

Fifth—Milk drawn from animals fed on distillery waste, or any substance in a state of fermentation or putrefaction, or on any unwholesome food.

Sixth—Milk drawn from cows kept in a crowded or unhealthy condition.

Seventh—Milk from which any part of the cream has been removed.

Eighth—Milk which has been diluted with water or any other fluid, or to which has been added, or into which has been introduced, any foreign substance whatever.

Ninth—Milk the temperature of which is higher than 50 degrees Fahrenheit, or which contains an excessive number of bacteria.

The provisions of this section shall not be applicable, however, to modified milk or skimmed milk held or offered for sale under permits therefor from the Board of Health, pursuant to the rules and regulations of said Board.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of THROGGS NECK BOULEVARD (although not yet named by proper authority), from Eastern boulevard to Shore drive, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT BY orders of the Supreme Court, bearing date the 21st day of April, 1910, and the 24th day of May, 1910, duly entered in the office of the Clerk of the County of New York at his office in the Borough of Manhattan, in the City of New York, on the 29th day of April, 1910, and the 25th day of May, 1910, copies of which orders were duly filed in the office of the Register of the County of New York,

We, Timothy E. Cohalan, Joseph J. Marrin and John J. Lenehan, were appointed Commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of

the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 29th day of April, 1910, and the said John J. Lenehan was appointed Commissioner of Assessment, for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said street or avenue so to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled to or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 29th day of April, 1910, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said street or avenue and affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, ninth floor, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, with such affidavit or other proof as the owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 28th day of June, 1910, at 2.30 o'clock in the afternoon on that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may be offered by such owner, or on behalf of The City of New York.

Parker avenue, from Protectory avenue to Wellington avenue, is shown on "Section 47" of the Final Maps of the Borough of The Bronx, prepared by the President of the Borough of The Bronx under authority of chapter 466 of the Laws of 1901 and amendatory acts. Which map was filed in the office of the President of the Borough of The Bronx, on April 29, 1909; in the office of the Register of the County of New York, on April 27, 1909, as Map No. 1326; and in the office of the Counsel to the Corporation of The City of New York, on April 27, 1909, in pigeonhole No. 116.

Land taken for Parker avenue is located east of Bronx River.

The Board of Estimate and Apportionment on the 15th day of January, 1909, duly fixed and determined the area of assessment for benefit in this proceeding as follows:

Beginning at a point on the northerly line of Wellington avenue where it is intersected by the prolongation of a line midway between Zerega avenue and Parker street, as these streets are laid out northwesterly from Westchester avenue, and running thence southwesterly at right angles to Wellington avenue, a distance of 160 feet; thence westwardly and parallel with Wellington avenue to the intersection with a line at right angles to Wellington avenue, and passing through a point on its northerly side where it is intersected by the prolongation of a line midway between Parker street and Glover street; thence northwardly along the said line at right angles to Wellington avenue to its northerly side; thence northwesterly along the said line midway between Parker street and Glover street, and along the prolongations of the said line to the intersection with the prolongation of a line midway between St. Raymond avenue and Parker street as these streets are laid out between Purdy street and Castle Hill avenue; thence westwardly along the said line midway between St. Raymond avenue and Parker street, and along the prolongation of the said line to a point distant 100 feet westerly from the westerly line of Purdy street; thence northwardly and parallel, respectively with Purdy street and Protectory avenue to the intersection with the prolongation of a line distant 250 feet northerly from and parallel with the northerly line of Parker street, as laid out between Protectory avenue and Castle Hill avenue, the said distance being measured at right angles to the line of Parker street; thence eastwardly along the said line parallel with Parker street, and along the prolongation of the said line to the intersection with the prolongation of a line midway between Zerega avenue and Parker street, as these streets are laid out northwesterly from Westchester avenue; thence south-easterly along the said line midway between Zerega avenue and Parker street and along the prolongations of the said line to the point of place of beginning.

#### FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of ELWOOD STREET, from Broadway to Hillside avenue, in the Twelfth Ward, Borough of Manhattan, City of New York.

NOTICE IS HEREBY GIVEN TO ALL persons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 27th day of June, 1910, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 28th day of June, 1910, at 12 o'clock m.

Third—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 7th day of May, 1909, that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Manhattan, in The City of New York, which, taken together, are bounded and described as follows, viz:

Bounded on the east by a line midway between Elwood street and Sickles street and by the prolongations of the said line; on the south by a line always distant 100 feet southerly from and parallel with the southerly line of Hillside avenue, the said distance being measured at right angles to Hillside avenue; on the west by a line distant 135 feet westerly from and parallel with the westerly line of Elwood street and by the prolongations of the said line, the said distance being measured at right angles to Elwood street, and on the north by the prolongation of a line distant 100 feet northerly from and parallel with the northerly line of Sherman avenue, as laid out between Sickles street and Arden street, the said distance being measured at right angles to Sherman avenue.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 28th day of June, 1910.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I, to be held in the County Court House, in the Borough

of Manhattan, in The City of New York, on the 26th day of July, 1910, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

#### SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of EMMA STREET (although not yet named by proper authority), from Flushing avenue to William street, in the Second Ward, Borough of Queens, City of New York, as amended by an order of the Supreme Court, duly made and entered herein on the 16th day of May, 1910, so as to conform to the lines of said street, as shown upon Sections 13 and 16 of the final maps of the Borough of Queens, as adopted by the Board of Estimate and Apportionment on the 21st day of May, 1909, and approved by the Mayor on the 4th day of June, 1909.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office in the Municipal Building, Anable avenue, Long Island City, Borough of Queens, in The City of New York, on or before the 9th day of July, 1910, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 12th day of July, 1910, at 3 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, in the Municipal Building, Anable avenue, Long Island City, in the Borough of Queens, in said City, there to remain until the 11th day of July, 1910.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, taken together, are bounded and described as follows, viz:

Beginning at a point on the prolongation of the southwesterly side of Emma street and distant from the northwesterly side of Flushing avenue 100 feet; thence running in a southeasterly direction along the last mentioned prolongation of the southwesterly side of Emma street to the said northwesterly side of Flushing avenue; thence running in a southeasterly direction along the said northwesterly side of Flushing avenue to a point where the centre line of the block between the southwesterly side of Emma street and the northeasterly side of Sophie street, if prolonged, would intersect the said northwesterly side of Flushing avenue; thence running in a southeasterly direction along the centre line prolonged, as aforesaid, and along the said last mentioned centre line to where the same, if prolonged further, would intersect the southeasterly side of Nurge street; thence running in a southeasterly direction to a point on the northerly side of Metropolitan avenue at the centre line of the block bounded by the southeasterly side of Nurge street and the southwesterly side of Emma street; thence running in an easterly direction along said northerly side of Metropolitan

avenue to where the said northerly side of Metropolitan avenue intersects the southeasterly side of William street; thence running in a northeasterly direction along the said southeasterly side of William street to a point midway between the northeasterly side of Emma street and the southwesterly side of Martin street; thence running in a northwesterly direction along the last mentioned centre line to where the same intersects the southeasterly side of Flushing avenue; thence running in a southeasterly direction along the said southeasterly side of Flushing avenue to the northeasterly side of Emma street; thence running in a northwesterly direction along the said northeasterly side of Emma street to a point on a prolongation of the said northwesterly side of Emma street distant from the northwesterly side of Flushing avenue 100 feet; thence running in a southwesterly direction on a straight line to the point or place of beginning as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 14th day of September, 1910, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

In the matter of the application of The City of New York, relative to acquiring title in fee, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of PANAMA STREET, from Rockaway road to the mean high water line of Jamaica Bay; of STANLEY AVENUE, from Shenandoah street to Panama street, and of SHENANDOAH STREET, from Stanley avenue to the land owned by The City of New York and used for a sewage disposal plant, in the Fourth Ward, Borough of Queens, City of New York.

**NOTICE IS HEREBY GIVEN THAT BY** an order of the Supreme Court, bearing date the 28th day of April, 1910, and duly entered in the office of the Clerk of the County of Queens, at his office in Jamaica, in the Borough of Queens, in the City of New York, on the 4th day of May, 1910, a copy of which order was duly filed in the office of the Clerk of the County of Queens, we, William S. Cogswell, Edward E. Sprague and J. H. Quinlan, were appointed commissioners of Estimate for the purpose of making a just and equitable estimate and assessment of the loss and damage to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening and extending the above mentioned streets or avenues, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed in the office of the Clerk of the County of Queens on the 4th day of May, 1910; and the said William S. Cogswell was appointed Commissioner of Assessment for the purpose of making a just and equitable estimate and assessment of the value of the benefit and advantage of the said streets or avenues to be opened and extended, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the respective lands, tenements, hereditaments and premises situated within the area of assessment adopted by the Board of Estimate and Apportionment and not required for the purpose of opening and extending the same, but benefited thereby, the said area of assessment being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached filed herein in the office of the Clerk of the County of Queens on the 4th day of May, 1910, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening and extending the said streets or avenues and affected thereby and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate, at our office, at Long Island City, in the Borough of Queens, in the City of New York, with such affidavit and other proof as the said owners or claimants may desire, within ten days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 27th day of June, 1910, at 9.30 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proof of such claimants or allegations as may then be offered by such owner or on behalf of The City of New York.

## SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired for the same purpose in fee, to the lands, tenements and hereditaments required for the opening and extending of BAY RIDGE AVENUE, between Fifteenth Avenue and New Utrecht Avenue, and between Seventeenth Avenue and Bay parkway, in the Thirtieth Ward, Borough of Brooklyn, The City of New York.

**NOTICE IS HEREBY GIVEN TO ALL** persons interested in the above entitled proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That the undersigned Commissioners of Estimate have completed their estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, having any objection thereto, do file their said objections in writing, duly verified, with them at their office, No. 166 Montague street, in the Borough of Brooklyn, in the City of New York, on or before the 22d day of June, 1910, and that the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at their said office on the 23d day of June, 1910, at 2 o'clock p. m.

Second—That the undersigned Commissioner of Assessment has completed his estimate of benefit and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the area of assessment for benefit by the Board of Estimate and Apportionment on the 8th day of May, 1908, and that the said area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of Brooklyn, in the City of New York, which, taken together, are bounded and described as follows, viz.:

1. Bounded on the northwest by a line distant 100 feet northwesterly from and parallel with the northwesterly line of Fifteenth Avenue, the said distance being measured at right angles to the line of Fifteenth Avenue; on the northeast by a line midway between Sixty-eighth street and Bay Ridge Avenue; on the southeast by a line distant 100 feet southeasterly from and parallel with the southeasterly line of New Utrecht Avenue, the said distance being measured at right angles to the line of New Utrecht Avenue, and on the southwest by a line midway between Bay Ridge Avenue and Seventeenth street.

2. Bounded on the northwest by a line distant 100 feet northwesterly from and parallel with the northwesterly line of Seventeenth Avenue, the said distance being measured at right angles to the line of Seventeenth Avenue; on the northeast by a line midway between Sixty-eighth street and Bay Ridge Avenue; on the southeast by a line distant 100 feet southeasterly from and parallel with the southeasterly line of Bay parkway, the said distance being measured at right angles to the line of Bay parkway, and on the southwest by a line midway between Bay Ridge Avenue and Seventeenth street and by the prolongation of the said line.

Fourth—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of the City of New York, No. 166 Montague street, in the Borough of Brooklyn, in said City, there to remain until the 5th day of July, 1910.

Fifth—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held in the County Court House, in the Borough of Brooklyn, in the City of New York, on the 15th day of August, 1910, at the opening of the Court on that day.

Sixth—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated Borough of Brooklyn, New York, June 3, 1910.  
JACOB NEU,  
EDWARD J. LAZANSKY,  
CLINTON T. ROE,  
Commissioners of Estimate.

JACOB NEU, Commissioner of Assessment.
