THE CITY OF NEW YORK  
OFFICE OF THE COMPTROLLER

**SCOTT M. STRINGER**  
COMPTROLLER

Dear Friend:

I am pleased to present the new and improved Lesbian, Gay, Bisexual, Transgender, and Queer Services Guide – the most comprehensive directory of LGBTQ resources and programs in New York City. For members of the LGBTQ community, connecting to services geared towards their needs can be a challenge.

This Guide is intended to help individuals better understand the resources available, from hundreds of community organizations and health care facilities to counseling and support groups, recreational clubs, and much more. For the first time ever, our website will include an interactive map that will allow New Yorkers to zoom in on their neighborhood to find the services closest to them, which can be found here [www.comptroller.nyc.gov/lgbtq](http://www.comptroller.nyc.gov/lgbtq).

Throughout my career, I have been a strong and vocal supporter of LGBTQ rights. As an Assembly member, I was one of the first co-sponsors of a 1995 bill to enact marriage equality in the State of New York. When my wife and I married in 2010, we did so in Connecticut to protest New York's continued discrimination against lesbian and gay couples.

As Comptroller, I will continue my lifelong support for equality and dignity for all New Yorkers by:

- **Examining City agencies' and contractors' compliance with anti-discrimination laws and policies related to sexual orientation and gender identity.**
- **Continuing to be an outspoken advocate of the Gender Expression Non-Discrimination Act (GENDA).**
- **Working with fellow City pension fund trustees to introduce shareholder resolutions to prohibit discrimination based on sexual orientation and gender identity, and advancing LGBTQ workplace equality consistent with my fiduciary duties.**

As the cradle of gay rights activism, New York City is one of the most LGBTQ friendly cities in the world and I am honored to make this important resource available to all New Yorkers. The Guide breaks down services by interest and geographic area. In order to highlight services beyond Manhattan, the Guide includes individual maps of service providers in the Bronx, Brooklyn, Queens, and Staten Island. The Guide also includes an index to make navigation of this extensive directory much easier than in previous editions.

If you have any questions about the Guide, please send us an email at [action@comptroller.nyc.gov](mailto:action@comptroller.nyc.gov).

I am confident that you will find the LGBTQ Services Guide a useful and powerful resource.

Sincerely,

A handwritten signature in black ink, appearing to read 'Scott M. Stringer'.

The Lesbian, Gay, Bisexual, Transgender, and Queer (LGBTQ) community in New York has made historic gains recently with the passage of New York's Marriage Equality Act in 2011 and the U.S. Supreme Court's landmark decision last year in Windsor v. United States, which struck down a central pillar of the discriminatory Defense of Marriage Act (DOMA). Despite this extraordinary progress, many LGBTQ individuals continue to face discrimination, harassment, and violence. A survey last year showed that 74 percent of respondents in New York State experienced harassment or mistreatment on the job, with 26 percent of those people losing a job due to gender or identity expression.<sup>1</sup> In addition, over 37 percent of these respondents identified that in the past - they had not been hired because of their gender or identity expression.<sup>2</sup>

As a result, it is vital that all LGBTQ constituents understand the legal protections and services available to them to ensure that their rights are protected. The following is a list of options for those seeking LGBTQ specific legal services in New York City.

## GENERAL HEALTH AND WELLNESS

New York has a range of programs and services to help LGBTQ individuals protect and preserve their general health and wellness. Indeed, health surveys have found that members of the LGBTQ community face higher rates of anxiety, substance abuse, depression, and mental health challenges than the heterosexual population.<sup>4</sup> The pressures of social isolation, strain in familial relationships, homophobia, transphobia, and other social factors can detract from an individual's overall health and provide unique challenges for those that identify as LGBTQ. ## HIV AND AIDS RELATED SERVICES

In New York City, there are over 110,000 people that are reported as living with HIV/AIDS, with over 3,000 new diagnoses made in 2012 alone.<sup>5</sup> Over 36 percent of all cases and over 54 percent of new HIV/AIDS cases were contracted by men who have sex with other men. Furthermore, within the LGBTQ community, African-Americans and Hispanics make up nearly 77 percent of all individuals living with HIV/AIDS.<sup>6</sup> The significant impact that HIV/AIDS has had on the LGBTQ community should not be understated.

## SENIOR NEEDS

Recent estimates suggest that there are at least 1.5 million LGBTQ people aged 65 and over in the United States – a number that will double by the year 2030.<sup>7</sup> In addition to the problems that many seniors deal with, LGBTQ seniors deal with a host of unique challenges. A recent study found that older same-sex couples face higher poverty rates than heterosexual couples.<sup>8</sup> Not only are LGBTQ seniors more likely to be in poverty, they are also more likely to deal with stigma and discrimination in the elder care system. A recent national survey of LGBT older adults in long-term care facilities found that only 22 percent of respondents felt they could be open about their LGBT identities with facility staff, 89 percent predicted that staff would discriminate against them based on their sexual orientations and/or gender identities with 43 percent of respondents reporting instances of mistreatment.<sup>9</sup>

The unique needs of New York City’s LGBTQ seniors can be served by some of the following resources.

## GENDER IDENTITY SERVICES

Numerous studies have shown that transgender people and those that have non-conforming gender identities face a disproportionate amount of discrimination, especially in employment and health care.<sup>10</sup> In general, health care for transgendered people can be difficult and expensive to access. Transgender individuals can face a higher incidence of abandonment by families, job discrimination, and a lack of access to appropriate identification documents.<sup>11</sup> In particular, gender non-conforming youth are extremely vulnerable to dropping out of school, becoming homeless, and developing mental health problems.<sup>12</sup> The challenges that transgendered, gender non-conforming, and questioning individuals face may be great – but there are a number of resources that are available for these individuals within New York City.
