Poetition to change grade of Eighty-second street, from Avenue B to the East river. Which was referred to the Committee on Streets.

REPORTS.

(G. O. 642.) The Committee on Railroads, to whom was referred the application of the New York City Suburban Surface Railroad Company for permission of the local authorities to construct, maintain and operate a railroad on the surface of certain streets in the City of New York, respectfully

REPORT:

That they have carefully examined into the facts set forth in the application of the petitioner aforesaid, and have found all the material facts set forth and stated in said petition to be true. The proposed railroad, if constructed, will be one of great utility. It will greatly enhance the value of real estate along the line of said road, thereby increasing the assessed value of real estate, and benefitting taxpayers of city at large, as well as the owner of property along the line of said road.

There is no competing surface road anywhere in the location named, the nearest being east of Tremont and the Harlem Railroad.

There is no way of communicating between the points of Tremont and the Harlem river, soon to be a ship canal, except by private carriage or on foot.

There is no way of reaching Woodlawn Cemetery from any of the points on the west side of Jerome avenue, except by private carriage or on foot, while the distance is too great for pedestrians.

Persons residing in Fordham or Tremont desiring to take the Hudson River cars have now to travel to Mott avenue or Forty-second street to connect with trains north. This road will enable such residents to take the cars north from a point north of High Bridge, via Burnside avenue.

The proposed road does not destroy the driving portion of Jerome avenue, as it enters Jerome avenue several miles north of McComb's Dam Bridge, thus saving that thoroughfare for driving purposes for the public at large.

It furnishes transit to several of the untown parks to which there is now account.

It lurnishes transit to several of the uptown parks to which there is now no way of access, except by private conveyance.

When the Harlem River Improvement is finished, it will become a public necessity.

It is proposed to construct the road by the use of the modern rail, which avoids obstruction to travel, and it is to be a railroad with motors other than steam or animal power.

It will enable people of slender means to construct homes within the city limits, whereas now such settlers are driven to Brooklyn or New Jersey.

It will open up for immediate population a region of country equal in size to nearly one-half of Manhattan Island.

The franchies will be in the lead of the second of the

The franchise will be in the hands of taxpayers of the immediate locality of the road, men of high character and standing, whose interests will be best subserved by building and equipping a

It will bring into active use the new Manhattan Bridge, and afford the rapidly growing popula-tion of Washington Heights, facilities for communication with the wards of the city north and east

It will stimulate the growth of manufacturing establishments in the Twenty-fourth Ward of the city, thereby furnishing employment of labor.

It is a measure demanded by people of all classes, and but little opposition to it has appeared

before your Committee.

It will do no injury to McComb's Dam Bridge, but, on the contrary, increase its usefulness, so long as it shall remain a public thoroughtare.

The statutory notice of hearing of said application of fourteen days has been legally advertised, under direction of his Honor the Mayor.

The following resolutions are therefore respectfully offered for your adoption:
Resolved, That the Common Council hereby approves of the application, and hereby consents

Resolved, I nat the Common Council hereby approves of the application, and hereby consents to the construction of the New York City Suburban Surface Railroad Company, with power to construct, operate and maintain a railroad on the surface of the streets named in said application, with a double track, and the necessary switches, sidings, turn-outs, turn-tables and connections for the convenient working of said road by storage, electric motor or cable traction, or any other than steam power, as follows, viz.:

Steam power, as follows, viz.:

Commencing at the easterly junction of One Hundred and Fifty-fourth street and Eighth avenue; thence easterly along One Hundred and Fifty-fourth street to the McComb's Dam road; thence via said road to and across McComb's Dam or Central Bridge (so long and whenever said bridge shall be open to public use, but with the right to pass only one car at a time on or over said bridge) to Jerome avenue, and along or by it to the junction of Sedgwick avenue; thence northerly via Sedgwick avenue to the junction of Burnside avenue; thence easterly via Burnside avenue (as soon as the said Burnside avenue is graded for public use), to the junction of Jerome avenue, and thence northerly by said Jerome avenue to a point at or near the entrance gate of Woodlawn Cemetery. And said road being also with a branch or continuation from the junction of Jerome and Burnside avenues easterly through and upon Burnside avenue (as soon as said Burnside avenue shall be graded for public use) to Webster avenue, and upon the latter avenue to the junction of One Hundred and Seventy-seventh street, called Tremont or Locust avenue, and thence along and upon said street to the junction of Railroad avenue in Tremont; also with a branch from the junction of

Burnside and Sedgwick avenues along Sedgwick avenue north to Fordham Landing road and thence easterly to Jerome avenue, with all'necessary switches, turn-outs, turn-tables, connections, and stands for the proper and convenient working of the said road; and be it further

Resolved, That the conditions upon which, and not otherwise, the said consent is hereby given are as follows, to wit:

First.—That the provisions of chapter 252 of the Laws of 1884, pertinent thereto, shall be com-

Second—That the right, franchise and privilege of using the said streets and avenues to construct, maintain, use and operate a street surface railroad upon the said streets and avenues, subject to all the provisions of chapter 252 of the Laws of 1884, and of chapter 642 of the Laws of 1886, shall be sold at public auction to the bidder, which shall be an incorporated railroad or railway company organized to construct, maintain and operate a street railroad in the City of New York, for which such consent is given and which will agree to give the largest percentage per annum of its gross receipts with adequate security by a bond or undertaking in writing and under seal in such form, condition, amount and sureties as shall be required and approved by the Comptroller of the said city for the fulfillment of the said agreement and for the commencement and completion of such road according to the plan or plans, and on the route or routes fixed for its construction within the time or times designated and prescribed therefor by the provisions of chapter 642 of the Laws of 1886.

Third—That in the construction of the said railroad and its equipment, the materials and work employed shall be of the best quality and character, and the said railroad shall be constructed with side-bearing rail, having the outer edge of bearing flush with pavement, with inside drop, not exceeding one inch in depth, and that the cars thereon shall be run as frequently as the convenience of the public may require.

public may require.

Fourth—That the bidder to which the aforesaid sale shall be made, and any person or corporation using the tracks or any part of the tracks constructed or laid under or in pursuance of this consent, shall comply with all reasonable ordinances or regulations which the local authorities having charge of the aloresaid streets and avenues, or any of them, shall make as to the rate of speed, mode of use of tracks and removal of ice and snow, and with any and all provisions of law applicable to any street surface railroad company organized under chapter 252 of the Laws of 1884, and shall not charge any passenger more than five cents from or to any point on the route hereinabove described, nor from any point on said route or any route connecting with the route hereinabove described, to any point on said route or any route connecting with the route hereinabove described, but shall give transfer tickets to a passenger when necessary to secure, and which shall secure, to him one continuous ride between such points for the single fare of five cents.

Committee Railroads.

Which was laid over.

(G. O. 643.)

The Committee on Railroads, to whom was recommitted, for amendment, a former report in favor of permitting the construction of a branch railroad in Courtland avenue, from Third avenue, at One Hundred and Forty-sixth street, to One Hundred and Sixty-first street, by the Harlem Bridge, Morrisania and Fordham Railway Company respectfully

REPORT :

REPORT:

That on the 20th day of May last, your Honorable Body adopted a preamble and resolutions granting the application, and the papers were duly transmitted to his Honor the Mayor for his approval. It was discovered, however, by the Mayor that the clause requiring the said company to pave and repave the carriageway of the avenue, between and for a space two feet outside the rails, had been inadvertently omitted, and the papers were returned, by request, to this Board by the Mayor, and referred to your Committee to include the stipulation regarding the pavements as one of the conditions upon which the application was granted. This has been done, and the preamble and resolution herewith submitted, again granting the application, contains the stipulation requiring the company to pave and keep in repair the pavements in and about the rails.

In again submitting this application for the favorable consideration of your Honorable Body, it can but reiterate the opinion of your Committee expressed in their former report, "that the construction and operation of such branch or extension, as proposed, will furnish much needed tacilities for travel, and be of value generally to the people of the city by adding to the taxable value of the property along the route of said extension." The application of the company is accompanied by the written consent of nearly all the owners of property on the line of the proposed extension, which is an additional proof, were any needed, that the construction and operation of the extension will be directly advantageous to them, and incidentally beneficial to the city at large.

Your Committee therefore respectfully recommends the adoption of the following preamble and resolution, containing the amendment above referred to.

Whereas, On the 27th day of January, 1890, an application in writing was made to the Com-

Whereas, On the 27th day of January, 1890, an application in writing was made to the Common Council of the City of New York by the Harlem Bridge, Morrisania and Fordham Railway Company for consent to the construction, maintenance, use and operation of a branch or extension of their present railroad upon, through and along Courtland avenue, in the Twenty-third Ward of said city, from One Hundred and Forty-sixth street to One Hundred and Sixty-first street; and Whereas, The said Common Council caused public notice of such application and of the time and place when the same would be first considered, to be given by publication, for at least fourteen days, in two daily newspapers in the City of New York, to wit, in the "New York World" and the "New York Daily Times," which papers were designated for that purpose by the Mayor of said city; and

city; and
Whereas, After public notice given as aforesaid, such application has been duly considered by
the said Common Council;

Resolved, That the consent of the Common Council of the City of New York be and the same is hereby given to the said Harlem Bridge, Morrisania and Fordham Railway Company to the construction, maintenance, use and operation, upon the conditions hereinafter set forth, of a branch or extension of their railroad through, upon and along said Courtland avenue, as follows:

Beginning at or near the point or place where Courtland avenue, in the Twenty-third Ward of the City of New York, intersects North Third avenue and One Hundred and Forty-sixth street; thence running northerly through, upon and along said Courtland avenue, with double tracks to a point on the northerly side of East One Hundred and Sixty-first street and said Courtland avenue, together with such switches, sidings, turnouts, turn-tables and suitable stands as may be necessary for the convenient operation of said branch or extension.

Resolved, That the conditions upon which the said consent is hereby given are as follows, to wit:

First-That the provisions of chapter 252 of the Laws of 1884 pertinent thereto shall be com-

plied with.

Second—That the right, franchise and privilege of using the said Courtland avenue, between said points, to construct, maintain, use and operate such railroad or extension, shall be sold at public auction to the bidder, which shall be an incorporated railroad company, organized to construct, maintain and operate a street railroad in the City of New York, and which will agree to give the largest percentage per annum of its gross receipts to be taken upon such route, with adequate security by a bond or undertaking in writing and under seal, in such form, condition, amount and sureties as shall be required and approved by the Comptroller of the said city for the fulfillment of the said agreement and for the commencement and completion of such railroad or extension, according to the plan or plans and on the route fixed for its construction, within the time designated and prescribed therefor by the provisions of chapter 642 of the Laws of 1886.

Third—That in the construction of such railroad or extension, the equipment, materials and work employed shall be of the best quality and character, and that the cars thereon shall be run as frequently as the convenience of the public may require.

The President laid before the Board the following communication from the Surrogate: CHAMBERS OF THE SURROGATE—CITY AND COUNTY OF NEW YORK, NEW YORK, October 7, 1890.

To the Honorable the Board of Aldermen:

GENTLEMEN—I enclose a duplicate of the estimates for my court and office for the year 1891, submitted September 11 ultimo to the Board of Estimate and Apportionment.

RASTUS S. RANSOM, Surrogate.

Chambers of the Surrogate—City and County of New York, New York, September 11, 1890.

To the Honorable the Board of Estimate and Apportionment:

New York, September 11, 1890.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—I submit herewith an estimate of the amount of expenditure required for my court and office for the year 1891:

I again renew the application contained in the estimates submitted last year for the current year and in the communication of October 12, 1888, presenting my estimates for the succeeding year, for the appointment of two additional clerks at a salary of \$1,000, to act as examiners and comparers of the records required by law to be copied and recorded. The necessity for the procurement of these clerks is set forth in these communications as well as in my communication of February 28 ultimo to Mr. Barker, one of the Commissioners of Accounts. He, at the instance of your Board, investigated the matter and was satisfied that these clerks were necessary and so reported. A transfer of \$824,31, an unexpended balance of appropriations to my credit for the year 1896, was made at my request, June 24, 1809, to enable me to secure additional assistance, but this amount was entirely insufficient to provide for more than the employment of a recording clerk until January I proximo, who is now being paid the same salary as the other recording clerks.

I repeat my request that provision be made for securing the two Examiners as well as for continuing in employment the said Recording Clerk. On the 20th day of May, 1890, an act, chapter 367 of the Laws of 1890, amending chapter 372 of the Laws of 1889, aspased, requiring the recording of all bonds filed in my office. From the number of bonds hed during the first six months of the present year, two thousand one hundred and ninety-seven (2,197), there is no doubt that the whole number of bonds which will be filed the ensuing year. It is manifest that two additional Clerks will be required for this work, and they will not, even with extraordinary labor and diligence, be able to keep abreast of it. I ask that an appropriation of \$1,000 be made for each of two Clerks to be empl

I repeat my request for an increase of the salaries of the women employed in making copies of papers and records. These copies are paid for by those ordering them, and the labor expended in supplying them thus secures a return in fees to the City Treasury. Of all those serving in the office none have been more faithful, more efficient, more hard working than they. Their services entitle them to \$1,000 a year each, and I strongly arge a recognition of the justness of their claim.

For contingencies an allowance of \$1,200 is requested.

DEFARTMENT OF DOCKS, PIER "A," NORTH RIVER.

TO CONTRACTORS.

(No. 357.)

PROPOSALS FOR ESTIMATES FOR FURNISH-ING GRANITE STONES FOR BULKHEAD OR RIVER WALL AND GRANITE PAVING BLOCKS FOR REPAIRS TO PAVEMENT,

ESTIMATES FOR FURNISHING GRANITE Stones for Bulkhead or River Wall and for Paving Blocks for Repairs to Pavement will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier"A," foot of Battery place, North river, in the City of New York, until 12 o'clock M. of

WEDNESDAY, OCTOBER 29, 1890,

WEDNESDAY, OCTOBER 29, 1890, at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract in the manner prescribed and required by ordinance, in the sum of Eight Thousand Dollars.

The Engineer's estimate of the work to be done is as follows:

The Engineer's estimate of the work to be done is as follows:

To be furnished, cut in accordance with specifications, 656 pieces of Granite and 15,000 Paving Blocks, consisting of:

Class 1.—264 Headers and 264 Stretchers, containing about 11,000 cubic feet.

Class 2.—128 Coping-stones, containing about 10,240 cubic feet.

Class 2.—15.000 Paving-blocks.

Class 2.—128 Coping-stones, containing about 10,240 cubic feet.
Class 3.—15,000 Paving-blocks.
For further particulars, see the drawings referred to in the specifications forming part of the contract.
N. B.—As the above-mentioned quantities, of cubic feet in Classes r and 2, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of similar stones now owned by the Department of Docks, and of the plans, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic foot, for Classes 1 and 2, and per thousand for Class 3, to be specified by the lowest bidder, shall be due or payable for the entire work.

The first delivery of granite under this contract will

2, and per thousand for Class 3, to be specified by the lowest bidder, shall be due or payable for the entire work.

The first delivery of granite under this contract will be made as soon as practicable after the date of the execution of this contract, and will proceed thereafter with reasonable dispatch, and all the work to be done under this contract is to be fully completed on or before the first day of July, 1891, and the amounts in each delivery are to be divided between the several classes, as ordered by the Engineer-in-Chief. The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates the prices per cubic foot for the stones to be furnished, in Classes 1 and 2, and the price per thousand in Class 3, in conformity with the auproved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay from any cause in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be

work.

The person or persons to whom the contract may be awarded will be required to attend at this office, with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect, and in case of failure or neglect

so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on intil it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other persons be so interested with them therein; and if no other person with any other person making an estimate for the same work, and that it is in all respects fair and without colusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one persons is interested, it is veguisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of plusiness or vestidence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at one signing of the same that is able to the person significance of the City of New York any difference between the sum to which said person or persons would be entitled upon its compl

Nos. 49 AND 51 CHAMBERS STREET,
NEW YORK, October 3, 1890.

NOTICE IS HEREBY GIVEN THAT THE
Commissioners of the Department of Public
Parks, in the City of New York, will, at their office, Nos.
49 and 51 Chambers street, in the Emigrants' Savings
Bank Building, in said city, on Wednesday, October 22, 1890, at 11 o'clock A. M., hear and consider all
statements, objections and evidence that may then and
there be offered in reference to contemplated changes
in the street system of the Twenty-fourth Ward, in
pursuance of the provisions of chapter 721 of the Laws
of 1887, viz.:

1. Change of grade of Nathalic avenue, near Kingsbridge road, and laying-out a drainage street between
Nathalic avenue and Kingsbridge road.
2. Change of lines of Heath avenue, at the Fordham
Heights Station.

The general character and extent of the contemplated
changes consist in changing the grade of Nathalic avenue, between Kingsbridge road and a point about 95feet north thereof; laying-out a drainage street, 25 feet
wide, between Nathalic avenue and Kingsbridge road,
and in changing the location and discontinuing a portion
of Heath avenue, from Fordham road to about 160 feet
north thereof.

Maps showing the contemplated changes are now on
exhibition in said office.

DEFARTMENT OF PUBLIC WORKS, COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET, New York, August 14, 1889.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1839), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty, containing covenants requiring the grantes and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the orpopsed improvement.

The act further prevides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the trather brevides that the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be the reacter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns, to be released from the obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

DEPARTMENT OF PUBLIC WORKS, COMMISSIONER'S OPFICE, NO. 31 CHAMBERS STREET, New YORK, June 2, 1890.

TO THE PEOPLE OF THE CITY OF NEW

It becomes my duty as Commissioner of Public Works and custodian of the many and immense interests involved in the City's water supply, to briefly present to the people of the City the present condition of the supply, and the extreme necessity for care and economy the use of the water.

the use of the water.

For a number of years past and up to the present time, the old Aqueduct and the Bronx river conduit have delivered in the City all the water which they are capable of carrying, the supply thus remaining stationary when the City has been constantly growing in population, buildings, manufactures and commerce, creating new and additional demands upon the water service. The consequence is that at certain seasons of the year, notably in extreme cold weather, when the habit of wasting water from faucets to prevent freezing in the pipes prevails, and in warm and dry weather, when various methods of waste are in vogue, the daily consumption exceeds the supply which can by any possibility be received through the old Aqueduct and the Bronx river conduit, the excess of consumption being drawn from the city reservoirs, diminishing the depth of water and the pressure in the distributing mains. There is no possibility of increasing the water supply received in the

City until the new Aqueduct is brought into operation, and in the meantme the only reliance for a fair and equal distribution of water throughout the city is care and economy in its use on the part of the people. Already the depth of water in the reservoirs is being diminished at the rate of one inch per day, and if this should continue for any length of time, the pressure in the distributing mains would be so reduced that it would be impossible to deliver water in thousands of houses located on high ground, and in some other locations even in the basements or cellars.

I, therefore, most earnestly appeal to all citizens, residents and people carrying on business in this city to be careful and economical in the use of water, in justice to themselves, to the people at large, and especially to those who are so located as to be already suffering inconvenience from insufficient supply of water.

SUPREME COURT.

In the matter of the application of the Board of Street Opening and Improvement of the City of New York, for and on behalf of the Mayor, Aldermen and Com-monalty of the City of New York, relative to the opening of DYCKMAN STREET, from Kingsbridge road to Exterior street, in the Twelfth Ward of the City of New York, as the same has been heretofore laid out and designated as a first-class street or road by the Department of Public Parks.

laid out and designated as a first-class street or road by the Department of Public Parks.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved or unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 200 Broadway (fifth floor), in the said city, on or before the nineteenth day of November, 1890, and that we, the said Commissioners, will hear parties so objecting within the ten week-days next after the said nineteenth day of November, 1890, and for that purpose will be in attendance at our said office on each of said ten days at one o'clock P. M.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates and other documents used by us in making our report, have been deposited with the Commissioner of Public Works of the City of New York, at his office, No. 31 Chambers street, in the said city, there to remain until the twentieth day of November, 1890.

Third—That the limits of our assessment for benefit include all those lots, pieces or parcels of land, situate, lying and being in the City of New York, which taken together are bounded and described as follows, viz. Northerly by the centre line of the blocks between Dyckman street and Academy street, from Kingsbridge road to Nagle avenue, and the centre line of the blocks between Dyckman street and a certain unnamed street
