MAYOR'S OFFICE,  
NEW YORK, March 17, 1882.

Whereas, Section 7 of chapter 742 of the Laws of 1871, makes it a misdemeanor to tamper or interfere with the Fire Alarm Telegraph; and

Whereas, It has been certified to me by the Board of Fire Commissioners of the City of New York that offenses against the said statute have been committed at the following time and places, to wit:

1880, April 26—Box 136, Pike and Cherry streets; door broken off.  
1880, September 8—Box 14, New street, between Exchange place and Beaver street; outer and inner doors demolished and lock of outer door missing.

1882, January 1—Box 447, Third avenue and Thirty-first street; key broken off in door.  
1882, February 15—Box 389, Avenue A and Twenty-fourth street; outer door broken.  
1882, March 3—Box 896, One Hundred and Sixty-ninth street and Third avenue; box broken open and door removed.

1882, March 11, 7 A. M.—Box 727, Second avenue and One Hundred and Tenth street; door open; and

Whereas, It has been further certified to me that while a portion of the Fire Department is engaged in responding to unnecessary and malicious alarms, which unnecessarily call into requisition the force of the Department, thus seriously weakening such force for actual duty in case of alarms for actual fires, the efficiency of the Department is seriously affected and the welfare of the city endangered.

Now, therefore, I, William R. Grace, Mayor of the City of New York, do hereby offer a reward of two hundred and fifty dollars to any person or persons who shall give information resulting in the apprehension and conviction of the party or parties guilty of any one of the aforesaid misdemeanors. No claim for this reward to be considered unless presented to the Mayor within twenty days after the arrest of any such party or parties.

W. R. GRACE, Mayor.

## APPROVED PAPERS.

Whereas, It appears from evidence given before the Committee on Docks, in the investigation ordered by resolution of this Board, adopted January 17, 1882, in relation to the leasing of Pier No. 1, North river, that the said pier has never been leased to the Iron Steamboat Company, and that said Company claim and exercise the exclusive use and occupation of the pier, under a lease yet to be drawn and executed; be it therefore

Resolved, That the Counsel to the Corporation be and he is hereby directed not to prepare, and the Department of Docks is instructed not to execute or cause to be executed, on behalf of the Mayor, Aldermen, and Commonalty of the City of New York, any lease of the said Pier No. 1, North river, to the Iron Steamboat Company, until the Committee on Docks reports to the Board, as directed by said resolution adopted January 17, 1882, all the facts connected with the occupation of said pier, exclusively, by the said Iron Steamboat Company, that the Committee may succeed in obtaining; and be it further

Resolved, That the Counsel to the Corporation be and he is hereby requested to assign one of his assistants to aid the Committee on Docks, by appearing in the Supreme Court in opposition to the writ recently issued by one of the judges thereof restraining the Committee from compelling the attendance of certain witnesses.

Adopted by the Board of Aldermen, March 7, 1882.

Received from his Honor the Mayor, March 20, 1882, without his approval or objections thereto; therefore, as provided in section 11, chapter 335, Laws of 1873, the same became adopted.

Resolved, That the contract labor system, as carried on in the prisons of this State under the present management, is detrimental to the interest of the honest laboring classes outside of prison walls, that the government of the prisons is now virtually in the hands of a few favored contractors, and is a vast monopoly by which they bring the labor of the convict in direct competition with that of the honest laborer. That the low price at which they secure the convict labor enables them to undermine and destroy small manufacturers, and has caused a great reduction in the compensation of those who are employed in the manufacture of such articles as are produced in the prisons by the labor of convicts;

Resolved, That as many grave charges have from time to time been made of brutal and inhuman treatment of convicts to enforce labor from them beyond their endurance, in the interest of the contractor, therefore we deem it proper that a rigid investigation should be made in the management of these institutions, established for the punishment and reformation of those convicted of breaking the laws, but which, under the present system, has been prostituted from its legitimate object into money-making concerns, for the enriching of a few favored monopolists;

Resolved, That as a growing public feeling demands that justice be done both to the convict and to the free artisan, we recommend to the Legislature of this State, in Assembly and Senate, the passage of a law to abolish such contracts in the prisons of this State as are injurious to the interests of the honest working class of its citizens.

Adopted by the Board of Aldermen, March 7, 1882.

Received from his Honor the Mayor, March 20, 1882, without his approval or objections thereto; therefore, as provided in section 11, chapter 335, Laws of 1873, the same became adopted.

Resolved, That gas-mains be laid and a street-lamp lighted on the south side of One Hundred and Fifty-fourth street, about 100 feet east of Tenth avenue; under the direction of the Commissioner of Public Works.

Adopted by the Board of Aldermen, March 14, 1882.

Approved by the Mayor, March 21, 1882.

JURORS.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,  
NEW COUNTY COURT-HOUSE,  
NEW YORK, Sept. 15, 1881.

**APPLICATIONS FOR EXEMPTIONS WILL BE** heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents. All good citizens will aid the course of justice, and equalize their

duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

the Department of Docks, at the office of said Department, Nos. 117 and 119 Duane street, in the City of New York, until 12 o'clock M. of

MONDAY, APRIL 3, 1882.

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work, or either class thereof, shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Engineer's estimate of the quantities of material necessary to be dredged, in order to secure at each of the premises mentioned the depth of water set opposite thereto in the specifications, is as follows:

CLASS 1, ON NORTH RIVER.

Foot of West Fifty-first street...about 8,000 cubic yards.

CLASS 2, ON EAST RIVER.

Foot of East Twenty-sixth street...about 6,000 cubic yards. Estimates may be made for either one, or both, of the above two classes.

N. B.—As the above mentioned quantities, though stated with as much accuracy as is possible, in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of their estimates, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work contracted for, to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic yard in each class, to be specified by the lowest bidder, shall be due or payable for the entire work.

The bidder to whom an award is made shall give security for the faithful performance of his contract, in the manner prescribed and required by ordinance, in the sum of Eight Hundred Dollars for Class 1, and in the sum of Six Hundred Dollars for Class 2, and in case the contract for both of the above-named classes be awarded to him, in the sum of the aggregate amount required for the classes awarded to him.

The work to be done under the contract is to be commenced within five days after the date of the contract, and all the work contracted for is to be fully completed on or before the 15th day of May, 1882, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for fulfillment has expired, Sundays and holidays not to be excepted, are, by a clause in the contract, fixed and liquidated at fifty dollars per day. But the Board of Docks may extend the time for the completion of the work, if, in its judgment, the work has been delayed by ice in the river or harbor, or by very severe weather.

All the material excavated is to be removed by the contractor, and deposited, in all respects, according to law, and any material dredged, not so deposited, shall not be paid for.

Bidders will state in their estimates a price for the whole of the work to be done in either or both of the above two classes respectively, in conformity with the approved form of agreement and the specifications therein set forth, by which prices the bids will be tested. These prices are to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing each of the two classes of this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the securities offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect, that if the contract be awarded to the person or persons to whom the estimate is made, or to whom it is so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York, any difference between the sum to which said person or persons would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done in each class by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him by the Comptroller.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

cations will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

JOHN R. VOORHIS,  
JACOB VANDERPOEL,  
WILLIAM LAMBECK,  
Commissioners of the Department of Docks.

#### PROPOSALS FOR ESTIMATES.

ESTIMATES FOR REPAIRS TO ENGINE AND Boiler, and to Ship Carpenters' Work, Joiners' Work, and Painting to the S. S. "Munawarack," will be received by the Board of Commissioners at the head of the Department of Public Charities and Correction, at the office of said Department, No. 66 Third Avenue, in the City of New York, until 9 o'clock A. M., of Friday, April 7, 1882, at which time and place the bids will be publicly opened by the head of said Department and read.

The award of the contract, if awarded, will be made as soon as practicable after the opening of bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates. The amount of the security required is \$1,000 for Engine and Boiler, and \$1,500 for Ship Carpenters' Work, Joiners' Work, and Painting.

The entire work will be required to be completed on or before thirty-five (35) working days for Carpenters, Joiners, and Painters' work, and twenty (20) working days for Engine and Boiler after the commencement thereof.

For information as to the amount and kind of work to be done, bidders are referred to the specifications, which are annexed to and form part of these proposals.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are, by a clause in the contract, fixed and liquidated at fifty dollars per day.

Should the person or persons to whom the contract is awarded neglect or refuse to accept the contract for five days after written notice that the same has been awarded to him or their bid or estimate, or if, after acceptance, he or they should refuse or neglect to execute the contract and give proper security, for five days after notice that the contract is ready for execution, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be re-advertised and relet, and so on, until it be accepted and executed.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect, that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, after the award is made, and prior to the signing of the contract.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment for the work, will be furnished at the office of the Department.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a Department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be included in the sealed envelope containing the estimates, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.
