BOARD OF ESTIMATE AND APPORTIONMENT.

Minutes, Meeting of Board of Estimate and Apportionment, City of New York, Held in Room 16, City Hall, Friday, May 6, 1910.

(FINANCIAL MATTERS.)

The Board met in pursuance of an adjournment.

Present—William J. Gaynor, Mayor; William A. Prendergast, Comptroller; John Purroy Mitchel, President, Board of Aldermen; George McAneny, President, Borough of Manhattan; Alfred E. Steers, President, Borough of Brooklyn; Cyrus C. Miller,

President, Borough of The Bronx; Lawrence Gresser, President, Borough of Queens; George Cromwell, President, Borough of Richmond.

The Mayor, Hon. William J. Gaynor, presided.

After disposing of the Public Improvement Calendar the following FINANCIAL MATTERS were considered:

The minutes (Financial and Franchise matters) of the meeting held April 29, 1910, were approved as printed in the CITY RECORD May 3, 1910.

FINANCIAL MATTERS.

The following transfers of appropriations were made upon the recommendation of the Comptroller:

One thousand and sixty-two dollars and thirty-nine cents (\$1,062.39), as requested by the County Clerk of Queens County, from the account No. 1687, For the Payment of Legal Fees, to the account No. 1691, For Repairs and Replacements by Contracts or Open Orders, within the appropriation made for the year 1909.

Queens County Clerk's Office, Jamaica, N. Y.,
March 25, 1910.

To the Board of Estimate and Apportionment, City of New York:

GENTLEMEN—Application is hereby made for the transfer of the sum of \$1,062.39 from the fund known as For the Payment of Legal Fees, Code No. 1687, 1909, to the fund known as For Repairs and Replacements by Contract and Open Orders, Code No. 1691, 1909.

This transfer is made for the purpose of meeting a deficiency in the latter fund caused by the purchase of books, the bill for which amounted to \$1,080, and as there is a balance in account No. 1691 of \$17.61, with this transfer the bill can be paid. The bill is now in the Auditor's hands, as I understand it has been passed upon and examined and is ready for payment.

I ask your early and favorable consideration of this matter.

Yours very truly,

MARTIN MAGER, Clerk.

Department of Finance, City of New York,
Bureau of Municipal Investigation and Statistics,
April 28, 1910.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In relation to a communication from the County Clerk of Queens County, requesting the transfer of the sum of \$1,062.39 from the appropriation made to the office of the County Clerk for the year 1909, entitled No. 1687, for the Payment of Legal Fees, to the appropriation for the same office and year, entitled No. 1691, for Repairs and Replacements by Contracts or Open Orders, referred to me for examination, I report thereon as follows:

The County Clerk states that owing to the increased work of the office it became necessary to purchase additional books for recording deeds, mortgages and other legal instruments to the extent of \$1,080, making a total cost for the year 1909 for books of \$3,900. Of this amount \$2,820 was paid from the appropriation entitled No. 1700 County Contingent Fund, claims for books having been charged to this fund for years. Objections having been made in the Department of Finance to further charging these claims to the County Contingent Fund, the County Clerk decided to make the request under consideration. An examination shows an unexpended balance of \$5,709.07 in the appropriation entitled No. 1687 for the Payment of Legal Fees.

In order that the outstanding claims may be paid, I recommend the approval of the request as per the attached resolution.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the sum of ten hundred and sixty-two dollars and thirty-nine cents (\$1,062.39) be and the same is hereby transferred from the appropriation made to the office of County Clerk, Queens County, for the year 1909, entitled “No. 1687, for the Payment of Legal Fees,” the same being in excess of the amount required for the purposes thereof, to the appropriation made to the said office, for the year 1909, entitled “No. 1691, for Repairs and Replacements by Contracts or Open Orders,” the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Two thousand eight hundred and twenty dollars (\$2,820), as requested by the Department of Health, from the appropriation made to said Department for the year 1910, entitled No. 290, Division of Communicable Diseases, Contingencies, to the appropriation made for the year 1910, entitled No. 1334, Rents.

Department of Health,
Corner of Fifty-fifth Street and Sixth Avenue,
New York, March 30, 1910.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, No. 277 Broadway:

Sir—At a meeting of the Board of Health of the Department of Health, held March 30, 1910, the following preambles and resolution were adopted:

Whereas, This Board at a meeting held March 16, 1910, adopted resolutions requesting the Commissioners of the Sinking Fund to authorize and direct the Comptroller to execute leases to the City of the following premises:

No. 448 West Thirty-fourth street, Borough of Manhattan; No. 18 Bleecker street, Borough of Brooklyn; No. 10 Union avenue, Jamaica, Borough of Queens; Bay street, Stapleton, Borough of Richmond.

—for the use and occupancy thereof by the Department of Health, as additional clinics for the treatment of pulmonary diseases at an aggregate annual rental of three thousand seven hundred and sixty dollars (\$3,760), and

Whereas, The Deputy Comptroller, in a communication addressed to the Secretary of this Department, dated March 23, 1910, has stated that he has been informed that there remains an insufficient balance in the Budget allowance applicable to said purpose, and requests that the Department of Health provide for said rentals as a condition precedent to the consideration of its application by said Commissioners of the Sinking Fund; now, therefore, be it

Resolved, That, in order to provide means for the leasing of said premises from and after April 1, 1910, this Board consents to, and respectfully requests the Board of Estimate and Apportionment to approve of the transfer of the sum of two thousand eight hundred and twenty dollars (\$2,820) from the appropriation made to the Department of Health for the year 1910, entitled No. 290, Division of Communicable Diseases—Contingencies, the same being in excess of the requirements thereof, to the appropriation for said year entitled No. 1334—Rents, the amount of said appropriation being insufficient.

A true copy.

EUGENE W. SCHEFFER, Secretary.

Department of Finance, City of New York,
Bureau of Municipal Investigation and Statistics,
May 2, 1910.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—A communication addressed to the Secretary of your Board from the Board of Health, transmitting a copy of preambles and resolution adopted by the Board of Health on March 30, 1910, requesting the approval of the transfer of \$2,820 from the Budget appropriation of the Department of Health for the year 1910, entitled No. 290, Division of Communicable Diseases, Contingencies, to the appropriation entitled No. 1334, Rents, for the year 1910, has been referred to me for consideration.

I would report that provision was made in the Budget for 1910 for the establishment by the Department of Health of additional clinics for the treatment of pulmonary diseases in different sections of The City of New York. The Budgetary allowance provided for supplies, equipment and the payment of salaries of employees, but not for rent of the buildings proposed to be leased for the purpose.

The Board of Health requested the Commissioners of the Sinking Fund to authorize the Comptroller to execute leases to the City of the following premises:

- No. 448 West Thirty-fourth street, Borough of Manhattan.
- No. 18 Bleecker street, Borough of Brooklyn.
- No. 10 Union avenue, Jamaica, Borough of Queens.
- Bay street, Stapleton, Borough of Richmond.

The aggregate annual rental of these premises is \$3,760. It appears that the balance in the appropriation No. 1334, Rents, for 1910 is insufficient to provide for these rentals, and the Department of Health has been requested to provide for the same out of its Budget appropriation for 1910. This the Board of Health agrees to do.

The Commissioner of Health states that as provision was made in the Budget for the establishment of the additional clinics in 1910, there should be no greater delay than is unavoidable in opening these dispensaries for the benefit of tuberculosis patients. It is proposed that the funds necessary for rental of the premises named for 1910, beginning April 1, be taken from the appropriation made to the Department of Health for the year 1910, entitled No. 290, Division of Communicable Diseases, Contingencies, to the amount of \$2,820.

In view of the facts stated above, I recommend that the request of the Board of Health be approved.

Respectfully,

WILLIAM A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the sum of two thousand eight hundred and twenty dollars (\$2,820) be and the same is hereby transferred from the appropriation made to the Department of Health for the year 1910 entitled No. 290, Division of Communicable Diseases, Contingencies, the same being in excess of the amount required for the purposes thereof, to the appropriation made in the Budget for 1910 for the account entitled No. 1334, Rents, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Three thousand dollars (\$3,000), as requested by the Board of Trustees of Bellevue and Allied Hospitals within the appropriation made to said Department for the year 1910.

Board of Trustees, Bellevue and Allied Hospitals,
First Avenue and Twenty-sixth Street,
New York, March 19, 1910.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment, No. 277 Broadway, New York City:

SIR—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Estimate and Apportionment to approve of the transfer of funds within the appropriations made to this Department for the year 1910, as follows:

From the appropriations entitled and as follows:

199. General Supplies, 1910	\$1,900 00
209. Fuel, 1910	1,100 00
	<hr/>
	\$3,000 00

—the same being in excess of the amount required for the purposes thereof, to the appropriations entitled and as follows:

208. Contingencies, 1910	\$3,000 00
--------------------------------	------------

—the amount of said appropriation being insufficient.

Respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

Department of Finance, City of New York,
Bureau of Municipal Investigation and Statistics,
May 2, 1910.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—A communication presented to the Secretary of your Board from the Board of Trustees of Bellevue and Allied Hospitals, dated March 19, 1910, requesting the transfer of \$3,000 from the appropriations made to that Department for 1910, entitled, No. 199, General Supplies, and No. 209, Fuel, to the appropriation for the same year, entitled, No. 208, Contingencies, has been referred to me for consideration.

I would report that the President of the Board of Trustees states that the allowance for Contingencies of \$4,650 in the Budget for 1910 was insufficient; that owing to emergencies the following charges have been made against the fund for Contingencies:

- For the employment of an Architectural Draftsman temporarily, \$750.
- Salary of a temporary Egg Candler, \$100 a month.
- Salary of a temporary Clerk in the bookkeeping division, \$156.
- Salary of temporary Typewriting Copyist, \$50 a month.

Salaries of special Nurses employed to care for patients dangerously ill and isolated, following operations, etc.

The request of the Board of Trustees appears to be reasonable, and as the yearly rate of expenditures is not increased over that fixed in the Budget appropriations for 1910, I recommend that the request of the Board of Trustees of Bellevue and Allied Hospitals be approved.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the sum of three thousand dollars (\$3,000) be and the same is hereby transferred from the appropriation made to the Department of Bellevue and Allied Hospitals for the year 1910 entitled and as follows:

199 General Supplies	\$1,900 00
209 Fuel	1,100 00
	<hr/>
	\$3,000 00

—the same being in excess of the amounts required for the purposes thereof, to the appropriation made to the said Department for the year 1910 entitled No. 208, Contingencies, the amount of said appropriation being insufficient.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen, the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Five hundred dollars (\$500), as requested by the Department of Water Supply, Gas and Electricity, within the appropriation made to said Department for the year 1910.

Department of Water Supply, Gas and Electricity,
Commissioner's Office,
New York, April 18, 1910.

The Honorable the Board of Estimate and Apportionment:

GENTLEMEN—In the Budget for 1910 \$750 was provided for Account No. 523, Heat, Light and Power, Bureau of Lamps and Lighting, Borough of Brooklyn, Forage, Shoeing and Boarding Horses. The said appropriation was to apply to payment for boarding of two horses owned by the Department and the shoeing of said horses during the year 1910. Early in the month of January, 1910, one of the horses died, and, inasmuch as this Department was allowed no moneys in the Borough of Brooklyn for account of the Bureau of Lamps and Lighting for hire of horses and wagons, it will be necessary that certain moneys be transferred for that purpose.

This Department has been informed that for the sum of \$60 per month it can hire one horse and wagon from May 1, 1910, and it will be necessary, to meet the requirements of the Department in this unexpected contingency, to transfer moneys sufficient to meet the said expense, and I would therefore request that the following transfers be made:

From—

523. Heat, Light and Power, Bureau of Lamps and Lighting, Borough of Brooklyn, Forage, Shoeing and Boarding Horses	\$325 00
549. Heat, Light and Power, Bureau of Lamps and Lighting, Borough of Richmond, Hired Teams, Horses and Carts	175 00
	<hr/>
	\$500 00

—to 525, Heat, Light and Power, Bureau of Lamps and Lighting, Borough of Brooklyn, Contingencies.

Respectfully,

HENRY S. THOMPSON, Commissioner.

Department of Finance, City of New York,
Bureau of Municipal Investigation and Statistics,
May 3, 1910.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a request under date of April 18, 1910, from the Commissioner of the Department of Water Supply, Gas and Electricity for transfers aggregating \$500 within the appropriations made to such Department for the year 1910, I present my report herewith as follows:

The requested transfers are all within the appropriations made for the Bureaus of Lamps and Lighting in the several Boroughs, as follows:

From Borough of Brooklyn—	
523. Forage, Shoeing and Boarding Horses	\$325 00
From Borough of Richmond—	
549. Hired Teams, Horses and Carts	175 00
	<hr/>
	\$500 00
—to Borough of Brooklyn (No. 525), Contingencies	500 00

The Budget for 1910 appropriated for account No. 523 the sum of \$750 to provide for the boarding and shoeing of two horses owned by the City, but no allowance was made to the Bureau of Lamps and Lighting, Borough of Brooklyn, for Hired Teams, Horses and Carts. It appears that owing to the death of one of these two horses soon after the beginning of the year it will be necessary to hire an additional horse to perform the work required during the balance of the current year.

The Commissioner states that this necessary "horse and wagon" can be hired for the sum of \$60 per month or \$480 for the remaining eight months of 1910, and requests that account No. 525, Contingencies, be increased by transferring thereto \$500, or slightly more than the sum required for such eight months' rental. Contingencies being the only appropriation made for the Bureau of Lamps and Lighting, Borough of Brooklyn, in the 1910 Budget, from which a disbursement for horse and wagon hire can properly be made.

The status of the three accounts in question as reflected on the books of the Department of Finance as of April 30, 1910, was as follows:

	Appropriation, 1910.	Expenditures to April 30, 1910.	Unencumbered Balance.
Account No. 523	\$750 00	\$72 45	\$677 55
Account No. 525	725 00	98 60	626 40
Account No. 549	500 00	500 00

The books of the Department of Water Supply, Gas and Electricity show a similar status in such accounts except that against account No. 523 there are outstanding liabilities of \$40, making the unencumbered balance therein \$637.55.

It therefore appears that sufficient unencumbered balances exist in accounts No. 523 and No. 549 to permit of the requested transfers therefrom.

In view of the preceding statements, I recommend the adoption of the resolution attached to this report.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the sum of five hundred dollars (\$500) be and the same is hereby transferred from the appropriation made to the Department of Water Supply, Gas and Electricity for the year 1910 entitled and as follows:

	<hr/>
	\$500 00

—the same being in excess of the amount required for the purposes thereof, to the appropriation made to the said Department for the year 1910 entitled Borough of Brooklyn (525), Contingencies, the amount of said appropriation being insufficient.

that the matter be returned to the Board of Estimate and Apportionment for correction and further investigation.

Which was ordered printed in the minutes and placed on file.

(On April 8, 1910, the Board adopted a resolution authorizing the issue of \$1,484,000 corporate stock for the above purpose.)

The City of New York,
Office of the City Clerk, Borough of Manhattan,
New York, April 28, 1910.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—The Board of Aldermen at its meeting held on Tuesday, April 26, 1910, received a report from the Committee on Finance concerning a proposed ordinance in favor of an issue of \$1,484,000 corporate stock for school buildings, and in accordance with the recommendations contained in such report rejected said ordinance.

I send you herewith copy of the proceedings in connection with this matter, with the hope that it may be revised and returned to the Board of Aldermen at the earliest date possible.

Yours respectfully,
JOSEPH F. PRENDERGAST,
First Deputy and Acting City Clerk.

In the Board of Aldermen.

The Committee on Finance, to which was referred on April 12, 1910 (Minutes, page 93), the annexed ordinance in favor of an issue of \$1,484,000 corporate stock for school buildings, respectfully reports:

That President Winthrop and Commissioner Wilsey, of the Board of Education, together with Superintendent of School Buildings Snyder, appeared before the Committee in support of this measure. The discrepancy in the cost of the proposed school buildings was called to their attention, and Superintendent Snyder made the statement that the Board of Education had forwarded a revised estimate of such cost to the Board of Estimate and Apportionment in which the Board of Education has asked for an allowance of \$300,000 each for Schools Nos. 61, 46, 168 and 171, and \$240,000 for School No. 44, on which, by the way, they had awarded a contract on December 20, 1909.

Mr. Snyder was asked by the Committee to make a written report on this subject, and has forwarded the attached letter, in which he states that reduction may be made in the allowance for Schools 46 and 171 to \$300,000, thus saving \$28,000, but says nothing about a reduction in allowance for School 61, now placed at \$316,000.

In order to have this matter properly adjusted, the Committee recommends that this ordinance be rejected, so that it may be returned to the Board of Estimate and Apportionment for such correction as further investigation may prove necessary.

AN ORDINANCE providing for an issue of corporate stock of The City of New York in the sum of one million four hundred and eighty-four thousand dollars (\$1,484,000) for the construction of public school buildings and additions thereto, in the manner and amounts specified therein:

Be it Ordained By the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment April 8, 1910, and authorizes the Comptroller to issue corporate stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of corporate stock of The City of New York to an amount not exceeding one million four hundred and eighty-four thousand dollars (\$1,484,000), for the construction of public school buildings and additions thereto, in the manner and amounts described hereunder:

Hon. FRANK L. DOWLING, Chairman, Committee on Finance, Board of Aldermen:

DEAR SIR—Referring to the resolution adopted by the Board of Estimate and Apportionment on the 8th inst., relative to the issue of corporate stock to the amount of \$1,484,000 for five new school buildings, I beg to inform you that the action of said Board was based on estimates approved by the Board of Education on January 12 of this year. The report of the Department of Finance was laid over several times, and when finally adopted contained the above mentioned amount.

In the meantime the Board of Education was requested to prepare new data for the Corporate Stock Budget, and action was taken by the Board on March 23. In connection therewith an exhaustive analysis of the cost of new buildings was made, which permitted a revision of the estimates so as to reduce the amount for Public School 46, The Bronx, from \$312,000 to \$300,000, and the amount for Public School 171, Brooklyn, from \$316,000 to \$300,000.

It is respectfully requested that the revised schedule be adopted as follows:

District.	School.	Location.	Amount.
Borough of Manhattan.			
7	61	East Twelfth street, between Avenues B and C.....	\$316,000 00

District.	School.	Location.	Amount.
Borough of The Bronx.

Borough of Brooklyn.			
32	168	Throop avenue, Bartlett and Whipple streets.	300,000 00
40	171	Ridgewood, Lincoln and Nichols avenues.	300,000 00

Yours very truly,

EGERTON L. WINTHROP, Jr., President, Board of Education.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Dowling moved the adoption of this report.

The Vice-Chairman put the question whether the Board would agree to accept such report and reject said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Barton, Becker, Boschen, Brady, Brush, Callaghan, Campbell, Carberry, Cornell, Cunningham, Davis, Delaney, Diemer, Dotzler, Dowling, Downing, W. Drescher, Dujat, Ehutholt, Eichhorn, Fagan, Fink, Finnigan, Folks, Godwin, Grimm, Hamilton, Heffernan, Herbst, Hickey, Hoertz, Johnson, Kenneally, Levine, Loos, McAleer, McCann, Markert, Marx, Morrison, Mulhearn, Nicoll, Nugent, Reardon, Schloss, Sheridan, Snell, Sohmer, Townen, Wendel, Weston, White, Willard, President Gresser, by Joseph Sullivan, Commissioner of Public Works; President Miller, by Thomas W. Which was referred to the Comptroller and to the Commissioner of the Department of Public Charities.

The Secretary presented a communication from the Central Federated Union of Greater New York and vicinity, requesting that, when awarding the contracts for the construction of the proposed new subways, the bids of the Bethlehem Steel Company be not considered, as said concern is antagonistic to organized labor and employs the cheapest and most incompetent workers.

Which was referred to the Comptroller and to the Public Service Commission for the First District.

The Secretary presented a communication from the Maspeth Taxpayers' Improvement Association of the Borough of Queens, requesting that a site be selected in Elmhurst for the Queens Borough Hall.

Which was referred to the President of the Borough of Queens.

The Secretary presented the following communication from the President of the Borough of The Bronx requesting, and report of the Comptroller recommending, a modification of the schedules of salaries supporting the appropriation made in the Budget for the year 1910 for the office of said Borough President, Bureau of Public Buildings and Offices, providing for the elimination of certain positions and applying the amount saved to the payment of wages in the labor forces, involving the transfer of \$3,002.84:

The City of New York,
Office of the President of the Borough of The Bronx,
April 13, 1910.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—To provide funds necessary for Laborers' wages, in the Bureau of Public Buildings and Offices of this Department, I desire that the total amount of the employees whose services I dispensed with on March 31 be transferred from Code 1535, Administration, Salaries, on which roll said employees appeared, to Code 1537, Labor Force, viz.:

1 Foreman of Mechanics	\$1,500 00
1 Telephone Switchboard Operator	900 00
1 Attendant	1,050 00

\$3,450 00

Less amount paid to said employees from January 1 to March 31, 1910

447 16

Leaving

\$3,002 84

—as the amount to be transferred from No. 1535, Administration, to No. 1537, Labor Force.

Deducting said amount of \$3,450 (the yearly total of said employees), from the original appropriation to Code 1535, Administration, viz., \$12,400, will leave said schedule \$8,950, thus changing the original total of labor force from \$42,141 to \$45,591 for the year 1910.

Request is therefore respectfully made for the transfer of the sum of \$3,002.84 from Administration, Salaries, Bureau of Public Buildings and Offices, for the year 1910, the same being in excess of the amount required for the purposes thereof, to the appropriation made to said Bureau for the year 1910, entitled Labor Force, the same being insufficient for the purposes thereof.

Proposed Modified Schedules.

1535, Administration, Salaries—	
Superintendent	\$4,000 00
Foreman	1,500 00
Lineman	1,200 00
Telephone Switchboard Operator	900 00
Clerk	1,350 00
Total	\$8,950 00

1537, Salaries and Wages, Labor Force—	
Foreman of Laborers, not to exceed \$4 per day.	\$1,456 00
Assistant Foreman of Laborers, not to exceed \$3.50 per day.	1,274 00
Female Cleaners	14,742 00
Laborers	23,150 50

Watchmen	3,276 00
Attendants	1,692 50

Total

\$45,591 00

No. 1535, \$8,950; No. 1537, \$45,591, equals \$54,541, being the total of the allowance of said Codes originally appropriated.

Respectfully yours,

CYRUS C. MILLER, President, Borough of The Bronx.

Department of Finance, City of New York,
Bureau of Municipal Investigation and Statistics,
April 29, 1910.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—On April 13, 1910, the President of the Borough of The Bronx addressed a communication to your Board requesting your approval of the modification of certain schedules supporting budget appropriations made to the Bureau of Public Buildings and Offices under his jurisdiction. In connection therewith I submit the following report:

The President in his communication states that on March 31, 1910, he dispensed with the services of 1 Foreman of Mechanics, \$1,500; 1 Telephone Operator, \$900; 1 Attendant, \$1,050, the annual payroll cost of which was \$3,450. Having employed them for three months their earnings had aggregated \$447.16, leaving a balance available of \$3,002.84 for the balance of the year. Request is made to apply this balance to the payment of wages in the labor forces employed in the Bureau of Public Buildings and Offices, which appropriation the President estimates will be insufficient for the remainder of the year.

I recommend your approval of the request and transmit resolutions herewith.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following communication from the Commissioner of the Police Department requesting authority, and report of the Comptroller recommending, that said Commissioner be authorized, pursuant to resolution adopted January 14, 1910, to advertise and award a contract for furniture and equipment of the new Headquarters building, at a cost not to exceed the unexpended balance of the appropriation of \$75,000 authorized for said purpose on April 16, 1909.

(On April 29, 1910, the above matter was referred to the Comptroller.)

Police Department of The City of New York,
April 21, 1910.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—The following proceedings were this day directed by the Police Commissioner:

Whereas, The Board of Estimate and Apportionment, at a meeting held January 14, 1910, adopted a resolution directing the heads of the various City Departments and offices to refrain from incurring any further obligations or executing any contracts chargeable to corporate stock other than water bonds, except for salaries, wages and supplies properly chargeable to such corporate stock accounts, without the express authorization thereto of the Board of Estimate and Apportionment after the passage of said resolution,

Ordered, That the Board of Estimate and Apportionment be and is hereby respectfully requested to authorize the Police Commissioner to contract for and proceed with the purchase of furniture and equipment of the new Headquarters Building for the Police Department, located at Grand and Centre streets, Borough of Manhattan, at an estimated cost of \$75,000, to be paid from the issue of corporate stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, pursuant to a resolution of the Board of Estimate and Apportionment adopted April 16, 1909, approved by the Board of Aldermen May 11, 1909.

Respectfully,

WM. F. BAKER, Police Commissioner.

City of New York, Department of Finance,
Comptroller's Office,
April 29, 1910.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—Under date of April 21, 1910, Hon. William F. Baker, Police Commissioner, requests the Board of Estimate and Apportionment to authorize him to con-

tract for and proceed with the purchase of furniture and equipment of the new Headquarters Building for the Police Department, located at Grand and Centre streets, Borough of Manhattan, at an estimated cost of \$75,000.

From an investigation I have caused to be made by the Chief Engineer of this Department, I would report:

By resolution adopted by the Board of Estimate and Apportionment April 16, 1909, the Board of Estimate and Apportionment authorized the issue of corporate stock to an amount not exceeding \$75,000 for the furniture and equipment of the new Headquarters Building for the Police Department. Approximately \$6,000 of this appropriation was expended before January 14, 1910.

The new Headquarters Building is now completed and has been occupied by the Police Department for over four months.

The Department is in great need of the furniture for which the appropriation was made, and I would advise that the Board of Estimate and Apportionment rescind the resolution of January 14, 1910, in so far as to permit the Police Department to advertise and award a contract for furniture and equipment of the new Headquarters Building, at a cost not exceeding the unexpended balance of the appropriation of \$75,000 authorized for the purpose by the Board of Estimate and Apportionment April 16, 1909.

Respectfully,

WILLIAM A. PRENDERGAST, Comptroller.

The following was offered:

Resolved, That the Police Commissioner be and is hereby authorized to advertise and award a contract for furniture and equipment of the new Headquarters Building, Grand and Centre streets, Borough of Manhattan, at a cost not exceeding the unexpended balance of the appropriation of seventy-five thousand dollars (\$75,000) authorized for this purpose by the Board of Estimate and Apportionment April 16, 1909.

The Secretary presented the following communication from the Commissioner of the Police Department requesting authority, and report of the Comptroller recommending that the Police Commissioner be authorized, pursuant to resolution adopted January 14, 1910, to advertise and award contracts for repairs to the plumbing in various station houses at a cost not to exceed \$11,986:

Police Department of The City of New York,
February 25, 1910.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—The following proceedings were this day directed by me:

Whereas, The Board of Estimate and Apportionment, by resolution adopted April 28, 1905, approved the issue of corporate stock in amount of \$82,000 to provide means for improving, permanently bettering and equipping station houses of the Police Department, as follows:

Steam heating	\$50,000 00
Painting, etc., including new metal ceilings.....	2,500 00
Masonry, new additions.....	4,500 00
Plumbing	25,000 00
Total.....	\$82,000 00

—and

Whereas, The Board of Estimate and Apportionment, at a meeting held April 30, 1909, approved of the request of the Police Commissioner for authority to award contracts for repairs to the plumbing in the various station houses, at an estimated cost of \$19,600; and

Whereas, The Board of Estimate and Apportionment, at a meeting held January 14, 1910, adopted a resolution as follows:

Resolved, That all Boards, Departments, Bureaus or officers of the City or County government, heretofore authorized by this Board to incur obligations and execute contracts payable out of corporate stock, other than water bonds, where such authorizations are still in force, be and they are hereby directed to refrain from incurring any further liabilities thereunder, or from executing any further contracts chargeable to corporate stock, other than water bonds, except for salaries, wages and supplies properly chargeable to such corporate stock accounts, without the express authorization thereto by this Board, given after the passage of this resolution,

—and

Whereas, The necessities of the Police Department require the expending of amounts for the repairs to plumbing in the various station houses,

Ordered, That the Board of Estimate and Apportionment be and is herein respectfully requested to authorize the Police Commissioner to purchase, on open order, or to contract for said work, in accordance with law, to a sum not exceeding \$19,600, the expenditure to be paid from the issue of corporate stock hereinbefore referred to.

Respectfully,

WM. F. BAKER, Police Commissioner.

City of New York, Department of Finance,
Comptroller's Office,
May 2, 1910.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—Hon. William F. Baker, Police Commissioner, in communication dated February 25, 1910, requests the Board of Estimate and Apportionment to grant him authority to expend the sum of \$19,600 from funds already authorized by the Board of Estimate and Apportionment in repairs to plumbing in various station houses.

On April 28, 1905, the Board of Estimate and Apportionment by resolution authorized an appropriation of \$82,000, one item of which was \$25,000 for plumbing in various station houses. Of this amount there remains unexpended a balance of \$16,275.18, which may be slightly increased by premiums on the bonds yet unissued.

The plumbing in a large number of the old station houses in the City is in a disgraceful condition, and the available balance of the appropriation authorized April 28, 1905, is not sufficient to make the repairs which should be made.

Bids were opened February 1, 1910, and contracts awarded February 2, 1910, for the following work:

James Harley, Ninth Precinct.....	\$1,557 00
James Harley, Twenty-first Precinct.....	700 00
James Harley, Fortieth Precinct.....	900 00
Francis J. Gately, One Hundred and Fifty-second Precinct.....	1,663 00
Francis J. Gately, One Hundred and Fifty-sixth Precinct.....	1,587 00
Kenney-Renner Company, Harbor Precinct B.....	60 00
Kenney-Renner Company, One Hundred and Forty-fourth Precinct.....	1,389 00
Kenney-Renner Company, Thirty-sixth Precinct.....	904 00
Kenney-Renner Company, Thirty-ninth Precinct.....	956 00
Kenney-Renner Company, One Hundred and Fifty-first Precinct.....	2,270 00

Total of contracts awarded, but not yet registered by the Comptroller. \$11,986 00

The work being urgently necessary, I would advise that the resolution of January 14, 1910, be suspended in so far as to permit the Police Department to advertise and award contracts for repairs to the plumbing in various station houses, at a cost not to exceed \$11,986.

Respectfully,

WILLIAM A. PRENDERGAST, Comptroller.

The Secretary presented the following communication from the President of the Borough of Richmond relative to, and report of the Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, recommending the establishment of the position of Engineer of Street Cleaning to be attached to the Engineering Staff of the Board of Estimate and Apportionment, with salary at the rate of \$6,000 per annum.

(On February 25, 1910, the proposal of the President of the Borough of Richmond for the establishment of the above position was referred to said Select Committee and to the Chief Engineer of the Board.)

(On April 22, 1910, the above matter was laid over for two weeks.)

The City of New York,
Office of the President of the Borough of Richmond,
Borough Hall, New Brighton, February 24, 1910.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—It has become apparent that there are many engineering and technical problems connected with street cleaning work in The City of New York which require expert knowledge and experience for a successful solution. Temporary expedients or intermittent efforts to advance efficiency in street cleaning operations do not prove satisfactory, and it is apparent that the time has come when comprehensive planning, based upon adequate data, must be considered if The City of New York is to show the way in sanitary matters connected with municipal cleaning. For instance, snow removal, refuse collection and final disposition require not only engineering skill, but careful preliminary studies and wise planning covering a period of years for efficient results.

It appears desirable at this time to retain in the service of The City of New York an engineer who has made a wide reputation as an expert in street cleaning matters. The problem of the final disposition of wastes for outlying parts of the City has been solved in Richmond; Queens requires engineering advice so that this Borough may likewise provide adequate means for the sanitary disposal of its wastes. The Department of Street Cleaning, I believe, likewise has many matters on which engineering advice is required.

Under the circumstances, and subject to the approval of the Commissioner of Street Cleaning and President of the Borough of Queens, I wish to ask that the position of "Engineer of Street Cleaning" be established at a salary of \$6,000 per annum for the entire City.

In this connection, as three different departments are concerned in the matter, I would suggest that the Engineer of the Board of Estimate and Apportionment be directed to report on ways and means for establishing a Bureau of Street Cleaning in his office to carry out the foregoing scheme, or with such modifications thereof as may be desirable.

Yours respectfully,

GEORGE CROMWELL, President, Borough of Richmond.

Department of Finance, City of New York,
Bureau of Municipal Investigation and Statistics,
April 19, 1910.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of the proposal of the President of the Borough of Richmond for the establishment of the position of Engineer of Street Cleaning to be attached to the engineering staff of the Board of Estimate and Apportionment, which matter was referred to the Select Committee on Salaries and Grades, we report as follows:

Under the Charter arrangement the jurisdiction of the Department of Street Cleaning extends only over the Boroughs of Manhattan, The Bronx and Brooklyn. This function for the Boroughs of Queens and Richmond is exercised through a bureau in the offices of the Presidents of those Boroughs. The Board of Estimate and Apportionment is constantly called upon to appropriate money or to approve plans with regard to street cleaning and matters germane thereto, which matters to a great extent call for engineering skill and experience in order to adequately and wisely determine better, more sanitary or more economical means of collection and disposal of city wastes and the removal of snow. The latter item is a great source of difficulty each year, more particularly in the three Boroughs in which the Department of Street Cleaning has jurisdiction, and of no small consequence in the two Boroughs in which the Presidents of the Boroughs have immediate charge.

The cleaning of streets and related matters are also of great importance, and such studies and plans will require time for their development and undoubtedly will call for the services of an engineer in charge of the work, who should not be hampered by routine duties.

The President of the Borough of Richmond has stated to your committee that an Engineer of Street Cleaning should, if possible, have experience in the details of this kind of work and should be a man technically trained and of recognized standing in this particular branch of engineering skill. He should know from experience and observation the many requisites in this branch of municipal sanitation, and particularly where the present methods may be improved upon; he should know the significance of efficiency work, cost keeping and organization details so that advanced systems may be introduced when necessary and desirable; he should know what other cities are accomplishing in municipal cleaning and should be prepared to advise as to the adoption of the best practice suitable to the condition in New York; he should be an expert in the methods of reduction or incineration of refuse, particularly incineration, as this system of final disposition is urgently needed in many parts of the City, particularly in Queens and Richmond.

The Borough of Queens needs immediate technical assistance in planning and carrying out a comprehensive scheme of refuse disposal; Richmond has a successful method of final disposition in operation and extensions are under way; in Manhattan, The Bronx and Brooklyn systems of refuse collection and disposal need examination, study and advance planning before existing contracts expire, as the Jamaica Bay improvement will probably disturb the existing system of reduction now in use on Barren Island. The snow removal problems for the more congested Boroughs must be studied and tested as to possible improvements and economies in present methods.

It does not appear that the Department of Street Cleaning has at this time an engineer, though some of the District Superintendents and an Inspector employed by the City to supervise the work of sanitary utilization are assisting the Commissioner of Street Cleaning in various investigations. The Borough of Queens has no engineer attached to its Bureau, while the Borough of Richmond has at the head of its Bureau an Engineer.

The cleaning of streets and related work in The City of New York calls for a maintenance appropriation aggregating something over \$8,000,000 for 1910, not counting corporate stock or revenue bond issues. In Queens Borough alone it is estimated that it will cost over \$1,000,000 to construct refuse disposal works suited to the different localities.

In the event of the removal of the Barren Island reduction works, another large plant will have to be provided for.

This Committee would deem that if the refuse and disposal question throughout the City is in need of study and advance planning in order that sanitary and economical methods may be adopted, the City will in time face large expenditures for the construction of permanent plants for various street cleaning and sanitary necessities.

The work being essentially engineering in character to be wisely and consistently executed will require a great deal of preliminary work and a high degree of expert knowledge. It would seem therefore that the creation of an engineering bureau to take charge of the matter will be necessary, unless outside assistance of consulting engineers is resorted to, and experience has proven that the latter class of service has not been altogether satisfactory.

Your Committee believes that the City will economize greatly in the expenditures by taking this matter in hand, and recommends the employment of an engineer whose duty will be to plan, construct and install various structures or methods, which past experience has shown to be necessary in order that the street cleaning may be efficiently executed.

Transmitted herewith is resolution.

Respectfully,

WM. A. PRENDERGAST, Comptroller;
JOHN PURROY MITCHEL, President, Board of Aldermen;
Select Committee.

The following resolution was offered:

Resolved, That in accordance with the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen the establishment of the position of Engineer of Street Cleaning to be attached to the engineering staff of the Board of Estimate and Apportionment, with salary at the rate of six thousand dollars (\$6,000) per annum.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following report of the Corporate Stock Budget Committee, consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Manhattan, to which, on April 29, was referred the report of the Comptroller relative to the plan for the erection of a municipal bathing house at Coney Island:

City of New York, Department of Finance,
Comptroller's Office,
May 5, 1910.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN—Your Committee on the Corporate Stock Budget, to which was referred, on April 29, 1910, a report of the Comptroller, bearing date April 27, 1910, on the question of erecting a municipal bathing house at Coney Island, has considered the report submitted by the Comptroller and desires to report as follows:

1. That the City should erect a municipal bathing house at Coney Island, at the corner of West Fifth street and Concourse drive.

2. That the municipal bathing house to be erected should conform to the general plans as outlined in the Comptroller's report before mentioned.

3. That the cost of the proposed municipal bathing house should not exceed \$175,000.

4. That the construction and maintenance of the municipal bathing house at Coney Island should be placed in charge of the office of the President of the Borough of Brooklyn.

5. That there should be no attempt—certainly not in the beginning—to furnish bathing apparel, it being understood that those availing themselves of the facilities of the establishment furnish their own bathing clothes.

6. That at the proper time a plan of administration for the conduct of the municipal bathing house should be suggested by the President of the Borough of Brooklyn and be approved by the Board of Estimate and Apportionment.

7. The Committee has also considered certain criticisms of the Comptroller's report to the effect that the plan suggested in that report does not insure sufficient privacy for men. The plan does not contemplate that more than one man shall use a dressing room at the same time. This may on very busy days occasion some delay, but no more than is usually the case in bathing houses when taxed to their capacity.

Respectfully,

WM. A. PRENDERGAST,
JOHN PURROY MITCHEL,
GEORGE McANENY,
Committee on Corporate Stock Budget.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

(The report of the Comptroller on this subject is printed in the Financial Minutes (in pamphlet form) of the meeting held April 29, 1910, at pages 1773 to 1776.)

The Secretary presented a resolution of the Board of Aldermen, requesting the Comptroller and the Commissioner of Parks, Boroughs of Brooklyn and Queens, to make an investigation and prepare plans and determine the cost of establishing a menagerie or zoological garden in Prospect Park.

Which was referred to the Comptroller and to the Commissioner of the Department of Parks for the Boroughs of Brooklyn and Queens.

The Secretary presented reports (3) of the Comptroller, relative to requests of the Board of Water Supply for approval of the purchase of certain parcels of land in connection with the new aqueduct.

The Secretary was directed to return the reports and papers relative thereto to the Comptroller.

The Secretary presented the following communication from the Deputy and Acting Commissioner of the Department of Water Supply, Gas and Electricity, requesting, and report of the Comptroller recommending, a modification of the schedules of salaries supporting the appropriation made in the Budget for the year 1910 for said Department, providing for more efficient inspection in the Borough of Richmond, involving the transfer of \$5,866.64, but no additional appropriation:

Department of Water Supply, Gas and Electricity,
Commissioner's Office,
New York, April 18, 1910.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

DEAR SIR—I want to make a house to house inspection in the Borough of Richmond to find out and stop leaks and wasteful use of water. A recent inspection over a limited area resulted in a decrease in the district inspected of about one million gallons daily, and it is estimated that if the inspection is extended over the whole Borough

there will be a decrease in the consumption of water sufficient to save in the cost of pumping for the balance of the year about \$17,600, while the necessary inspection will cost only about one-third of that amount.

To enable me to have such inspection made I respectfully request that the Board of Estimate and Apportionment transfer the sum of \$5,866.64 from the appropriation entitled and as follows: 463, Water Supply, Borough of Richmond, Collection and Storage, Salaries and Wages, to the appropriation, 483, Water Supply, Borough of Richmond, Water Registration, Permits and Revenue Collections, Salaries and Wages.

I also request that the Board of Estimate and Apportionment approve the accompanying modified salary schedules supporting these appropriations.

Respectfully,

E. W. BEMIS, Deputy and Acting Commissioner.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a request under date of April 18, 1910, from the Commissioner of the Department of Water Supply, Gas and Electricity for a further modification and revision of the schedules of salaries and wages supporting the appropriations made for such Department for the year 1910 and involving a transfer within such appropriations of the sum of \$5,866.64, I present my report herewith as follows:

The accounts affected by the proposed modifications are:

Water Supply, Borough of Richmond, Collection and Storage—Pumping Stations.

	Present Schedule.	Proposed Schedule.	Decrease.
463. Salaries and Wages—Line Items Modified—			
Mechanical Draftsman (half salary)...	\$900 00	\$750 00	\$150 00

Total line items.....	\$53,654 25	\$44,854 25	\$8,800 00

* Increase.

Water Supply, Borough of Richmond, Water Registration—Permits and Revenue Collections.

483. Salaries and Wages—	
Proposed Schedule, Inspectors, 17 at \$1,100.....	\$18,700 00
Present Schedule, Inspectors, 9 at \$1,100.....	9,900 00
Proposed increase.....	<u>\$8,800 00</u>
Proposed transfer (amount required for 8 months).....	<u>\$5,866 64</u>

The Commissioner states that he desires to make a more thorough inspection of the Borough of Richmond in order to detect and eliminate leaks and waste of water, a recent inspection over a limited area having resulted in a decreased consumption in the inspected district of about one million gallons daily. He further states that if the inspection is extended over the whole Borough the estimated saving in water consumption will result in reducing the present cost of pumping by \$17,600 for the balance of the year, "while the necessary inspection will cost only about one-third of the amount."

While, generally, I can not recommend the approval of transfers from appropriations for wages to appropriations for salaries, yet since in the present instance the requested modification is apparently predicated on an attempt to reduce the total cost for furnishing the water consumed in the Borough of Richmond and inspecting such consumption, the approval of such request would appear to be proper.

The change in the amount provided for Mechanical Draftsman is required to make the schedule allowance agree with the present compensation of the incumbent, and the change from Bricklayer's Helpers to Mason's Helpers is required to provide for the present payroll condition. An examination of the amounts thus far charged against the individual line items in schedule No. 463 shows that in no instance has the expenditure up to April 30, 1910, exceeded the amount provided for such line item in the proposed schedule modification.

In view of the preceding statements, I recommend the adoption of the resolutions hereunto attached.

Respectfully,
WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following communication from the Deputy and Acting Commissioner of the Department of Water Supply, Gas and Electricity requesting, and report of the Comptroller recommending, a modification of the schedules of Salaries supporting the appropriation made in the Budget for the year 1910, for said Department, providing for the transfer of a Clerk at \$900 to fill a vacancy at \$1,050 and for the position of Mason's Helper, involving no additional appropriation.

DEAR SIR—I would respectfully request that schedule line, supporting the Budget, for the Department of Water Supply, Gas and Electricity, for the year 1910, be modified as follows:

Heat, Light and Power, Bureau of Lamps and Lighting, Borough of Brooklyn, Salaries and Wages, 1910, No. 517—change the line "Junior Clerk, 1 at \$1,050," to read "Junior Clerk, 1 at \$900, unallotted, \$150."

Hon. WILLIAM A. PRENDERGAST, Comptroller:

DEAR SIR—I respectfully request that you approve and forward to the Board of Estimate and Apportionment the accompanying modification of the salary schedule supporting appropriation of 1910, No. 471, entitled Water Supply, Borough of Richmond, Distribution, Maintenance, Salaries and Wages.

This request is made for the reason that we have no Bricklayer's Helpers in that Borough, but we have a Mason's Helper, and as there is no schedule line to cover the salary of the Mason's Helper, the above change is necessary.

Respectfully,
E. W. BEMIS, Deputy and Acting Commissioner.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—I am requested by the Commissioner of the Department of Water Supply, Gas and Electricity to recommend to your Board a further revision and modification of the schedules of salaries and wages supporting the appropriations made for such Department for the year 1910. I transmit herewith the Commissioner's original requests, dated respectively April 20 and April 28, 1910, and report thereon as follows:

The requested schedule changes are:

Heat, Light and Power, Bureau of Lamps and Lighting, Borough of Brooklyn.

	Present Schedule.	Requested Schedules.
517. Salaries and Wages—		
Junior Clerk	\$1,050 00	\$900 00
Unallotted		150 00
Total of line items.....	<u>\$1,050 00</u>	<u>\$1,050 00</u>

Water Supply, Borough of Richmond, Distribution, Maintenance.

	Present Schedule.	Requested Schedules.
471. Wages—		
Pavers, not to exceed \$5 per day.....	\$1,512 80	\$1,012 80
Bricklayer's Helper	381 25	
Mason's Helper		881 25
Total of line items.....	<u>\$1,894 05</u>	<u>\$1,894 05</u>

These requested changes are, I am advised, required for the following reasons:

No. 517. The incumbent in the position of Junior Clerk at \$1,050 having resigned on account of illness, it is proposed to fill the existing vacancy by the transfer of a Clerk at \$900 from the Manhattan office, leaving the difference in the two rates of compensation, or \$150, unassigned, at present, making the total amount unassigned \$600.

No. 471. No Bricklayer's Helpers are at present employed on maintenance work by the Department in the Borough of Richmond, but a Mason's Helper is employed although not provided for in the existing schedule. As the allowance for Bricklayer's Helper was for part time only, whereas the Mason's Helper is constantly employed, \$500 has been taken from the allowance for Pavers to make up the \$881.25 required for the Mason's Helper.

In view of the preceding statements and as the requested modifications involve no transfer of funds and in no way violate the provisions of the Budget resolution relative to salaries and wages schedules, I recommend the adoption of the resolution hereunto attached.

Respectfully,
WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Department of Finance, City of New York,
Bureau of Municipal Investigation and Statistics,
May 4, 1910.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of a communication from the Board of Trustees, College of The City of New York, requesting sundry modifications of schedule No. 1068, supporting the corresponding Budget appropriation for salaries and wages, office of the President, and the transfer of \$682.50 to this appropriation from the 1910 allowance for salaries of the teaching corps in order to render the proposed modifications feasible, which has been referred to me by the Secretary of the Board of Estimate and Apportionment, my report is as follows:

The new grades of Registrar of the College at \$2,500 per annum and Secretary to the President at \$2,300 per annum have recently been established under the provisions of section 56 of the Charter to the end that the salaries of Arvid D. Anderson and Hattie L. McCartie, the present incumbents of these positions, might be increased \$350 and \$200 per annum, respectively. In addition to these increases, it is further proposed to increase the salaries of Samuel Newman, Clerk, from \$900 to \$1,050 per annum, Joshua Golubock, Clerk, from \$600 to \$750 per annum, and Benjamin Nachmann, Clerk, from \$480 to \$600 per annum.

To provide for the aforementioned increases, it is requested that the sum of \$682.50 be transferred from No. 1067, Salaries of the Teaching Corps, which amount will be required for this purpose for the remainder of the current year. Inasmuch as the latter account does not represent a scheduled allowance, but a lump sum appropriation, it would appear to be advisable, in order to forestall any necessary increase in the Budget for the coming year on this score, to transfer the sum of \$910, which is the full amount required to carry the proposed increases for an entire year. I would therefore recommend that this amount be transferred and that Schedule No. 1068 be modified as requested, according to the resolutions attached hereto.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the following schedule as revised for the College of The City of New York for the year 1910 be and hereby is approved:

1068. Office of the President, Salaries and Wages:

Department of Finance, City of New York,

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—A communication presented to the Secretary of your Board from the Board of Trustees of Bellevue and Allied Hospitals, dated April 22, 1910, requesting the modification of schedules supporting the appropriations made in the Budget for the year 1910 for the Department of Bellevue and Allied Hospitals, and also a transfer of funds, in order to make the schedule modifications effective, has been referred to me for consideration.

I would report that the Board of Trustees desire to have Schedule No. 189 modified, so as to provide for the increase in salary from \$750 to \$900 per annum of Margaret M. Conlon, Stenographer and Typewriter, who has been in the service of the Department over two years.

In Schedule No. 190 it is proposed to increase the salary of Paul Franzel, Hospital Clerk, from \$720 to \$900 per annum. Mr. Franzel was formerly Property Clerk, and has been fourteen years in the Department. An Orderly at \$720 is dropped, and an Inspector at \$720 becomes a Hospital Clerk.

In Schedule No. 191, the salary of Doctor Pappenheimer, a Pathologist, who has been four years in the Department, is increased from \$1,500 to \$1,800 per annum. Provision was originally made in the Budget for the \$1,800 grade, but it had not been established. Provision is made for an additional Housekeeper at \$720 per annum. The position of Manager of Laundry has been abolished. The wages of one Laundress has been increased from \$180 a year to \$240.

As the yearly rate of expenditure for salaries is not increased over that fixed in the Budget appropriations for 1910, I recommend that the requests of the Board of Trustees of Bellevue and Allied Hospitals be approved.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

DEAR SIR—At a meeting of the Board of Health, held March 23, 1910, the following resolution was adopted:

Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to approve of the revision and modification of the schedule supporting the following appropriation in the Budget for 1910, for the Department of Health:

No. 303, Administration, Division of Milk Inspection, City and Country, Salaries and Wages—Change item "Inspectors of Foods, 47 at \$1,200, \$56,400," to read "Inspectors of Foods, 46 at \$1,200, \$55,200"; insert item "Veterinarian, \$1,200."

The intent of the above resolution is to substitute a Veterinarian at \$1,200 per annum for an Inspector of Foods at the same salary. There now exists a vacancy in the latter position among those detailed to the inspection of dairies, outside of New York City, supplying New York with milk, and it is proposed to substitute in lieu thereof a Veterinarian, whose services are urgently required throughout said territory, for the prime purpose of inspecting cattle connected with dairies who propose to supply guaranteed or selected milk.

The requirements of the Sanitary Code affecting such milk necessitate, as a precedent to the issuance of a permit by this Department, an inspection of such herds by a Veterinarian of this Department in order to determine that they are free of all disease, and also to apply the tuberculin test in this connection. It is further required that such examinations and tests be held annually, as a requisite to the renewal of such permits.

There are now several applications for permits to sell guaranteed milk within The City of New York, and the services of such Veterinarian are urgently and immediately required.

Complaints are frequently received relating to disease existing among cattle connected with dairies supplying The City of New York with milk, and the services of such Veterinarian will be employed in investigating such complaints. The practice heretofore has been for the dairy owner to employ the services of a local practitioner, who sometimes issues a certificate without viewing the cattle, owing to friendship or other considerations existing between him and such owner. This practice should obviously be discontinued.

At this time there is no Veterinarian assigned to duty in the Division of Milk Inspection. As occasion requires, one is detailed from the Division of Contagious Diseases for short periods. It is now deemed necessary to make a permanent appointment to said Division of Milk Inspection.

Respectfully,

EUGENE W. SCHEFFER, Secretary.

Hon. JOSEPH HAAG, Secretary, Board of Estimate and Apportionment:

Resolved, That the Board of Estimate and Apportionment be and it is hereby respectfully requested to approve of the revision and modification of the schedule supporting the following appropriations in the Budget of 1910, for the Department of Health:

No. 258, Administration, Division of the Chief Clerk, Salaries and Wages—Change item "Stenographers and Typewriters, 3 at \$900, \$2,700; Stenographers and Typewriters, 4 at \$750, \$3,000; unassigned balance, \$180," to read "Stenographers and Typewriters, 4 at \$900, \$3,600; Stenographers and Typewriters, 2 at \$750, \$1,500; unassigned balance, \$30"; insert "Typewriting Copyist, \$750."

No. 266, Administration, Division of Child Hygiene, Salaries and Wages—Change item "Typewriting Copyists, 2 at \$600, \$1,200; unassigned balance, \$180," to read "Typewriting Copyist, 1 at \$600, \$600; unassigned balance, \$30"; insert "Typewriting Copyist, 1 at \$750, \$750."

No. 272, Administration, Division of District Medical Inspection, Salaries and Wages—Change item "Clerks, 7 at \$900, \$6,300; Telephone Switchboard Operators, 2 at \$900, \$2,700," to read "Clerks, 8 at \$900, \$7,200; Telephone Switchboard Operators, 2 at \$900, \$1,800."

A true copy.

EUGENE W. SCHEFFER, Secretary.

Department of Finance, City of New York,

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—Three communications presented to the Secretary of your Board from the Board of Health, transmitting copies of resolutions adopted by the Board of Health on March 23 and April 20, respectively, requesting further modifications of schedules supporting Budget appropriations for salaries for the year 1910 for the Department of Health, have been referred to me for consideration.

I would report that it is explained, regarding the request of March 23 for modification of salary schedules No. 258 and No. 272, that the Board of Health made an error in the transfer of a Telephone Switchboard Operator to a clerkship by making the change in Schedule No. 258, instead of No. 272. The salary remained the same. The granting of the modifications requested will adjust the two salary schedules. The request of April 20 is for the transfer of a Telephone Switchboard Operator, at \$900, in Schedule No. 272, to a clerkship at the same salary, the incumbent having qualified by Civil Service examination. In Schedule No. 258 it is also desired to increase the salary of Marcella McGloin, a Typewriter and Stenographer, appointed March 12, 1907, from \$750 to \$900 per annum.

In Schedule No. 266 it is proposed to increase the salary of Jennie Coyle, a Typewriting Copyist, from \$600 to \$750. Miss Coyle was appointed on March 28, 1908.

In Schedule No. 303 it is desired to substitute a Veterinarian, at \$1,200 per annum, for an Inspector of Foods, at the same salary.

The Board of Health claims that the services of a Veterinarian are urgently required in the territory outside of New York City supplying New York with milk, for the purpose of inspecting cattle in dairies which desire to supply guaranteed or selected milk; that complaints are frequently received relating to disease existing among cattle connected with the dairies supplying New York with milk, and the Veterinarian will be employed in investigating such complaints; that at this time there is no Veterinarian assigned to duty in the Division of Milk Inspection, and it is now deemed necessary to make a permanent appointment.

In Schedule No. 308 it is proposed to advance Mrs. Clara N. Allen, a Laboratory Assistant, at \$900 per annum, to a clerkship at \$1,050.

Dr. William H. Park, in charge at the Research Laboratory, and Commissioner Lederle are especially desirous that the long service and capability of Mrs. Allen shall be recognized. She has been twelve years in the Department, and as a matter of fact has been for some time doing the clerical work of the Research Division. The funds necessary for the increase of \$150 a year in Mrs. Allen's salary will be provided for from the unassigned balance in the item "Helpers."

As the yearly rate of expenditure for salaries is not increased over that fixed in the Budget appropriations for 1910, I recommend that the requests of the Board of Health be approved.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

The Secretary presented the following resolution of the Board of Aldermen requesting, and report of the Comptroller recommending, the issue of \$1,185 special revenue bonds (subdivision 8, section 188 of the Charter) for the purpose of paying the prevailing rate of wages during the year 1910 to the Engineer and Assistant Engineer of the New York County Jail, under the jurisdiction of the Sheriff of New York County.

(On April 1, 1910, the resolution of the Board of Aldermen requesting the above issue was referred to the Comptroller.)

In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of one thousand one hundred and eighty-five dollars (\$1,185), the proceeds whereof to be used by the Sheriff of New York County for the purpose of paying prevailing rate of wages to Engineer and Assistant Engineer employed in the County Jail.

Adopted by the Board of Aldermen, March 15, 1910, three-fourths of all the members elected voting in favor thereof.

Received from his Honor the Mayor, March 29, 1910, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

Department of Finance, City of New York,
Bureau of Municipal Investigation and Statistics,
May 3, 1910.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In relation to a resolution of the Board of Aldermen, adopted March 29, 1910, requesting an issue of special revenue bonds, to the amount of \$1,185, for the purpose of providing means for the payment of the prevailing rate of wages to the Engineer and Assistant Engineer in the New York County Jail, which was referred to me for consideration and report, I report thereon as follows:

The Engineer in the County Jail now receives an annual salary of \$1,200, and the Assistant Engineer receives \$900 per annum. The prevailing rate of wages for engineers and assistant engineers, as recommended to the various Departments by the Board of Estimate and Apportionment is \$4.50 per diem, or \$1,642.50 per annum for 365 days' work. As there has been but \$2,100 appropriated in the Budget for 1910 to pay these salaries, it will be necessary to provide \$1,185 additional if the employees are to be paid this rate for all the days of the present year. The Engineer and Assistant Engineer have consented to relinquish their rights to an annual compensation and both desire to be paid on a per diem basis instead.

In view of the facts as herein stated, I would recommend the approval of the request of the Sheriff in accordance with resolution hereto appended.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen, adopted March 15, 1910, relative to an appropriation of eleven hundred and eighty-five dollars (\$1,185) to pay the prevailing rate of wages during the year 1910 to the Engineer and the Assistant Engineer in the New York County Jail, under the jurisdiction of the Sheriff of New York County, and that for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds of The City of New York to an amount not to exceed eleven hundred and eighty-five dollars (\$1,185), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Secretary presented the following resolution of the Board of Aldermen requesting, and report of the Comptroller recommending, an issue of \$3,000 special revenue bonds (subdivision 8, section 188 of the Charter) to provide for the installation of lighting systems in branch offices of the Department of Health, located at No. 426 First avenue, Manhattan; No. 330 Throop avenue, Brooklyn, and No. 490 St. Pauls place, The Bronx.

(On April 22, 1910, the resolution of the Board of Aldermen requesting the above issue was referred to the Comptroller.)

In the Board of Aldermen.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of three thousand dollars (\$3,000), the proceeds whereof to be used by the Department of Health for the purpose of installing lighting systems in branch offices located at No. 426 First avenue, Manhattan; No. 330 Throop avenue, Brooklyn, and No. 490 St. Pauls place, The Bronx.

Adopted by the Board of Aldermen, March 29, 1910, three-fourths of all the members elected voting in favor thereof.

Received from his Honor the Mayor, April 12, 1910, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

P. J. SCULLY, Clerk.

Department of Finance, City of New York,
Bureau of Municipal Investigation and Statistics,
May 3, 1910.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—At a meeting of your Board held on April 22, 1910, a resolution presented from the Board of Aldermen, adopted on March 29, 1910, recommending the authorization of the issue of special revenue bonds to the amount of \$3,000, to provide means for the purpose of installing lighting systems in branch offices of the Department of Health, located at No. 426 First avenue, Manhattan; No. 330 Throop avenue, Brooklyn, and No. 490 St. Pauls place, The Bronx, has been referred to me for consideration.

I would report that it is stated by the Secretary of the Board of Health that the request for \$3,000 is based upon the estimate submitted by an architect as to the cost of installing lighting systems in the branch offices and is distributed as follows:

No. 426 First avenue.....	\$1,000 00
No. 490 St. Pauls place.....	500 00
No. 330 Throop avenue.....	1,200 00
Architect's fees	270 00
	<u>\$2,970 00</u>

The Secretary further submits that:

First—As the work proposed is in buildings not owned by the City, the funds required are properly payable from revenue bond appropriations and not from corporate stock funds.

Second—There being an insufficiency of appropriation applicable to the purposes, recourse is properly had to an issue of revenue bonds, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter.

Third—The necessity for the work is best understood when it is remembered that electricity provides the best illuminant for the examination of patients affected with tuberculosis or with contagious eye diseases and for operations.

No. 426 First avenue, Manhattan, is a three-story brick building occupied as one of the additional tuberculosis clinics provided for in the Budget of 1910. Two rooms on the ground floor of a tenement house at No. 490 St. Pauls place, The Bronx, have also been leased for use as a clinic for the extension of the tuberculosis service.

At the time of the preparation of the Budget for 1910, the leasing of those two buildings had not been settled, and no provision was made in the Budget item, Repairs and Replacements by Contract or Open Order, in the Division of Communicable Diseases, which might cover the expense of installing lighting systems now proposed. The Department of Health, in its estimate of expenditures for 1910, asked for \$3,100 for repairs and replacements, but was allowed only \$800, for the reason given above.

No. 330 Throop avenue, Brooklyn, is a three-story frame building occupied as a hospital and clinic for contagious eye diseases. An allowance of \$800 was made in the Budget for 1910 for repairs and replacements in this clinic and the clinic at One Hundred and Eighteenth street and Pleasant avenue, Manhattan. The installation of a lighting system in the Brooklyn clinic was not then considered. The amount of \$800 allowed is sufficient only for purposes exclusive of the proposed lighting installation.

The Commissioner of Health states that there are no funds available for transfer to the Division of Communicable Diseases from other budgetary items, and so he is constrained to request this allowance of \$3,000 in revenue bonds.

In view of the facts above stated, I recommend that your board concur in the resolution of the Board of Aldermen requesting the authorization of the issue of \$3,000 special revenue bonds to provide means for the installation of lighting systems in the three clinics of the Department of Health above mentioned.

Respectfully,
WILLIAM A. PRENDERGAST, Comptroller.

The following resolution was offered:

Resolved, That the Board of Estimate and Apportionment hereby approves of and concurs in the resolution of the Board of Aldermen adopted March 29, 1910, in relation to an appropriation of three thousand dollars (\$3,000), to provide for the installation of lighting systems in branch offices of the Department of Health, located at No. 426 First avenue, Manhattan; No. 330 Throop avenue, Brooklyn, and No. 490 St. Pauls place, The Bronx, and for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter to issue special revenue bonds of The City of New York to the amount of three thousand dollars (\$3,000), redeemable from the tax levy of the year succeeding the year of their issue.

Which was adopted by the following vote:

The Secretary presented the following communication from the Commissioner of Accounts requesting, and report of the Select Committee, consisting of the Comptroller and the President of the Board of Aldermen, recommending, the establishment of the following grades of positions in the Office of the Commissioners of Accounts:

	Incumbent.	Per Annum.
Examining Engineer	1	\$4,500 00

City of New York,
Office of the Commissioners of Accounts,
April 12, 1910.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—Request is hereby made for the establishment of positions and fixing of salaries therefor as follows:

One Examining Engineer, at \$4,500 per annum.
One Stenographer, at \$1,800 per annum.

The positions referred to are for the purpose of providing for the promotion of an Examining Engineer, now on the staff of this Commission, who is an expert on efficiency tests and is performing engineering work of a much higher grade than his present salary calls for, and a Stenographer at present employed in this office and performing duties usually assigned to a Court Stenographer. The promotions are well merited from the standpoint of long and faithful service as well as efficiency in the performance of duty.

Respectfully,
RAYMOND B. FOSDICK, Commissioner.

Department of Finance, City of New York,
Bureau of Municipal Investigation and Statistics,
April 21, 1910.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of the request of the Commissioner of Accounts for the establishment of a grade of Examining Engineer at \$4,500, and of Stenographer at \$1,800 per annum, in the office of the Commissioner of Accounts, referred by your Board at the meeting of April 15, 1910, to a Select Committee on Salaries and Grades, consisting of the Comptroller and the President of the Board of Aldermen, we report as follows:

The request is to provide, first, for an increase of \$1,000 in the salary of the present Examining Engineer, now receiving \$3,500 per annum, whom Commissioner

Fosdick regards as an exceptionally intelligent and able man and entitled to the compensation of the new grade requested; and, second, for an increase of \$300 in the salary of a Stenographer, now receiving \$1,500 per annum; also a very efficient employee of the office.

Your Committee recommend approval of the request in accordance with the resolution attached hereto.

Respectfully,
WM. A. PRENDERGAST, Comptroller;
JOHN PURROY MITCHEL, President, Board of Aldermen;
Select Committee.

The following resolution was offered:

Resolved, That, in accordance with the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen the establishment of the following grades of positions in the office of the Commissioner of Accounts, in addition to those already existing therein, viz:

	Incumbents.	Per Annum.
Examining Engineer	1	\$4,500 00
Stenographer	1	1,800 00

The Secretary presented a report of the Commissioner of the Department of Docks and Ferries, referring to the communication from Mr. John Williams, of No. 1361 Madison avenue, Manhattan, submitting a proposition relative to the improvements at Jamaica Bay and stating that for the reasons set forth in a recent report on the Jamaica Bay Improvement he does not think the plan suggested is desirable.

Which was ordered on file and the Secretary directed to transmit a copy thereof to Mr. John Williams.

(On April 29, 1910, the above communication was referred to the Commissioner of the Department of Docks and Ferries.)

The following matters not upon the Calendar for this day were considered by unanimous consent:

The President of the Board of Aldermen presented the following preamble and resolution relative to an act recently passed by both houses of the Legislature prescribing the method by which shall be determined the amount of debt incurred by The City of New York for rapid transit and dock purposes to be excluded in ascertaining the power of the City to become otherwise indebted, and requesting the Comptroller, in anticipation of the approval of said act by the Mayor and its signature by the Governor, to prepare two statements in accordance with the provisions of said act, one covering the rapid transit investments of the City and one covering the dock investments of the City, to be presented to the Board as soon as said act shall have taken effect:

Whereas, An act to prescribe the method by which shall be determined the amount of debt incurred by The City of New York for rapid transit and dock purposes to be excluded in ascertaining the power of the City to become otherwise indebted has recently passed both houses of the Legislature of this State and is now awaiting approval by the Mayor and signature by the Governor, and

Whereas, It is provided therein that the Comptroller shall, whenever required by the Board of Estimate and Apportionment, prepare and submit to this Board a statement showing in detail indebtedness incurred by The City of New York for any rapid transit or dock investment prior to the first day of January, 1910, with the dates of maturity of such indebtedness, the terms of any and all agreements and contracts made by or in behalf of said City with respect to such investment, the gross revenue received therefrom, the interest paid and to be paid by said City on said indebtedness, the annual installments necessary for the amortization thereof, and the current revenue derived from said investment and such other and further data and information with respect to such rapid transit or dock investment in his possession, as shall be required by this Board to enable this Board to ascertain the proportion of interest and amortization installments of such indebtedness which the current net revenue received by the City from such investment is sufficient to meet, and

Whereas, It is further provided by the said act that the above described information to be furnished by the Comptroller shall be used as a basis for an application by this Board to the Appellate Division of the Supreme Court for an adjudication of the amount of said indebtedness to be so excluded in ascertaining the power of the City to become otherwise indebted; and as it is of the utmost importance that the application to the Appellate Division contemplated by said act be made at the earliest date in order that the resultant increase in the available margin of municipal credit may be applied to rapid transit purposes, pursuant to the pledge given by this Board in its resolution of April 8, 1910; now therefore be it

Resolved, That this Board, in anticipation of the approval of said act by the Mayor and its signature by the Governor, now requests the Comptroller to prepare with all possible speed two statements in accordance with the provisions of said act, one covering the rapid transit investments of the City and one covering the dock investments of the City, and that he hold the said statements ready for presentation to this Board as soon as the said act shall have taken effect.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The Comptroller presented the following communications from the Acting President of the Borough of Brooklyn requesting, and report recommending, a modification of the schedules of Salaries supporting the appropriation made in the Budget for the year 1910, for the office of the President of the Borough of Brooklyn:

The City of New York,

Hon. WILLIAM A. PRENDERGAST, Comptroller:

DEAR SIR—Application is hereby made for a modification of Salary Schedule No. 1557, entitled Division of Substructures, Office of the President of the Borough of Brooklyn, to wit:

By dropping the line of Automobile Engineman at the rate of three dollars per day, \$1,095 total, and putting the same under balance unassigned.

Yours very truly,

L. H. POUNDS, Acting Borough President.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, April 19, 1910.

Hon. WILLIAM A. PRENDERGAST, Comptroller:

DEAR SIR—Application is hereby made for modification in Salary schedule for the President of the Borough of Brooklyn, Bureau of Public Buildings and Offices, No. 1592, Administration, Salaries and Wages, as per the inclosed schedule, to take effect May 1, 1910.

This request is made in order to pay the salary of an Automobile Engineman who is to be transferred from the Bureau of Substructures to the Bureau of Public Buildings and Offices.

The above request also abolishes the following positions: One Clerk at \$1,050 per annum, one Clerk at \$1,650 per annum, and will allow the appointment of one Clerk at \$1,500 per annum, who can do the necessary work in the Bureau of Public Buildings and Offices, and thereby create a saving of \$1,200 in the line schedule for Clerks.

The adoption of this schedule also abolishes the position of Superintendent of Public Baths and Comfort Stations at \$2,550 per annum, which I consider unnecessary and in the interest of economy should be abolished.

The total changes as above requested leave an unassigned balance in this line schedule of \$2,655, whereas heretofore there has been no unassigned balance in this Salary schedule.

Yours very truly,

L. H. POUNDS, Acting Borough President.

Department of Finance,
Bureau of Municipal Investigation and Statistics,

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In relation to three requests of the Acting President of the Borough of Brooklyn for modifications of the schedules of salaries and wages supporting the Budget for his Department for the year 1910, I beg to report as follows:

Account No. 1592, Bureau of Public Buildings and Offices, Administration, Salaries—The requested modification contemplates the abolishment of the positions of one Clerk at \$1,650 and one at \$1,050, the addition of one Clerk at \$1,500 and the transfer of an Automobile Engineman at \$3 per diem from the Division of Substructures, the \$105 thus saved being placed in a line "Balance unassigned."

Account No. 1593, Bureau of Public Buildings and Offices, Maintenance, Salaries and Wages—The requested modification contemplates the reduction of the amount allowed for Stationary Engineers by \$2,475 and of that allowed for a Pipe Fitter by \$1,105, as the position will be abolished after May 1. The additions requested consist of a Driver at \$750 and six Laborers at \$750. The amount allowed for the temporary employment of certain mechanics was found to be \$337.50 less than actually necessary, so this item is increased by such amount. The money necessary for these additions is provided from the unassigned balance.

Account No. 1557, Division of Substructures, Salaries and Wages—The transfer of the Automobile Engineman mentioned above from this account to the Administration of Public Buildings and Offices is provided for. The money saved is put into balance unassigned.

As there is nothing contained in these requests which in any way violates the Budget resolutions for the year 1910, I recommend that the modification be granted and attach the necessary resolutions for such action.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

The City of New York,
Office of the President of the Borough of Queens,
Long Island City, April 6, 1910.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

DEAR SIR—It was essential, for the proper transaction of the business of this office in the latter part of the year 1909, to change the titles of several employees to conform to Civil Service regulations, application at that time being made to your Honorable Board for the establishment of the positions which have been acted upon and passed unanimously at your meeting on April 1, 1910. The salaries to pay those employees were appropriated under the old title; it now becomes necessary to request your Board for the following revision to meet the new conditions, to wit:

Provide for the salaries of two (2) Messengers in lieu of two (2) Foremen, and transfer one (1) Attendant from Public Buildings and Offices to General Administration.

Application for these changes was made in connection with our former revision, but your Committee recommended that we await the establishment of the positions.

Respectfully yours,

LAWRENCE GRESSER, President, Borough of Queens.

Department of Finance.

Bureau of Municipal Investigation and Statistics,

May 5, 1910.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—In the matter of two requests to your Board by the President of the Borough of Queens, under dates of March 29, 1910, and April 6, 1910, for certain modifications of the schedules of salaries and wages supporting the appropriations made to his Department for the year 1910, I would report as follows:

Account No. 1606, General Administration, Salaries—The request contemplates the addition of one Messenger at \$1,500 and the transfer to this account of an Attendant at \$4 per day from the Account No. 1657, Maintenance, Bureau of Public Buildings and Offices. The necessary money is obtained by transferring the balance not already drawn by the Attendant in the Bureau of Public Buildings and Offices and \$1,800 from the Account No. 1610, Maintenance of Highways, Bureau of Highways.

Account No. 1610, Bureau of Highways, Maintenance of Highways, Salaries and Wages—The request contemplates the addition of an Attendant at \$900, the dropping of two Foremen at \$1,500 each, the transfer of the item "Gardeners, \$1,290," to the Bureau of Public Buildings and Offices and the cancellation of the unassigned balance of \$1,200. Of this balance \$900 is used for the additional Attendant, the balance of \$300 being transferred, as above stated, to the General Administration account.

Account No. 1657, Bureau of Public Buildings and Offices, Maintenance, Salaries and Wages—The request contemplates the transfer of an Attendant to the General Administration account, together with all moneys not drawn by him, and the addition of the line "Gardeners, \$1,290," which is transferred from the Bureau of Highways maintenance account, as stated.

Account No. 1609, Bureau of Highways, Engineering and Inspection Force, Salaries and Wages—The request contemplates the addition of one Messenger at \$1,500, the money being provided by a transfer of \$1,500 from the maintenance account of this Bureau.

Account No. 1668, Bureau of Buildings, Inspection and Field Force, Salaries and Wages—The request contemplates the dropping of a Confidential Examiner at \$1,500 and the addition of a Plan Examiner at \$1,050, leaving an unassigned balance of \$450.

The two Foremen were hitherto employed as Messengers, and it was stated that the Civil Service Commission directed that they be employed under the title of Messengers. The grade of Messenger has been recently established, and it was stated the reason for the transfer was in conformity with the direction of the Civil Service Commission.

I would recommend that the requests be approved and the necessary transfers authorized through the adoption of the resolutions hereunto attached.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

SIR—I have the honor to request that the Board of Estimate and Apportionment revise Salary schedule, Manhattan, The Bronx and Richmond, office of the Commissioner, 1910, by providing for three instead of two Elevator Attendants at \$912.50 per annum each, and by reducing the allowance for Laborers by said sum of \$912.50 so that instead of \$10,672.50 it shall be \$9,760. The Honorable Board of Estimate and Apportionment:

GENTLEMEN—Under date of April 14, 1910, the Commissioner of the Fire Department requests a modification of the Salary schedule supporting the appropriation for 1910 for the office of the Commissioner.

It appears from the statement made by the Commissioner that one of the employees engaged in running the elevators at the Department Headquarters, East Sixty-seventh street, is now classed as a Laborer and paid from the appropriation for that class. It is proposed to employ him under his proper title, Elevator Attendant, at the same salary which he now receives, viz.: \$912.50, and the Commissioner requests that the salary schedule for the office of the Commissioner be modified by transferring the sum named from the line item for Laborers to the line item for Elevator Attendants.

As the requested modification does not affect the total yearly salary cost, I recommend that it be approved as per resolution attached hereto.

Respectfully,

WM. A. PRENDERGAST, Comptroller.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE PRESIDENT of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., now standing upon property owned by The City of New York acquired by it for street opening purposes in the

Borough of Brooklyn.

Being all the buildings, parts of buildings, etc., situated within the lines of Church avenue, from East Seventeenth street to East Eighteenth street, in the Borough of Brooklyn, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held April 20, 1910, the sale by sealed bids of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

TUESDAY, MAY 10, 1910,

at 11 a. m., in lots and parcels and in manner and form as follows:

Parcel No. 1.—Part of four-story brick building. Cut on line of street through north end of building commencing 4.2 feet in from corner on west side of building.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on the 10th day of May, and then publicly opened, for the sale for removal of the above described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals to be opened May 10, 1910," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date, to the "Collector of City Revenue, Room 141, No. 280 Broadway, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

The buildings will be sold for immediate removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior

walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against them, or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimate received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures. Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
