To the Honorable the Board of Aldermen:

Gentlemen—In pursuance of Section 226 of the Charter of The City of New York, I hereby call a special meeting of the Board of Aldermen, to be held on Tuesday, November 10th, 1914, at 1 p. m., to consider the Budget for 1915. Respectfully,
n5,10 JOHN PURROY MITCHEL, Mayor.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, November 4, 1914.

To the Honorable the Board of Aldermen of The City of New York:

Sirs—In accordance with the direction contained in the following resolution, adopted at a meeting of the Board of Estimate and Apportionment, held October 31, 1914, I have the honor to transmit herewith the Budget of The City of New York for the year 1915:

"Resolved, That the Secretary be and he hereby is directed to forthwith transmit to the Board of Aldermen the Budget of The City of New York for the year 1915 for consideration and action thereon, in accordance with the provisions of section 226 of the Charter."
Respectfully,
JOSEPH HAAG, Secretary.

BUDGET FOR 1915.

Resolved, That, pursuant to the provisions of section 226 of the Greater New York Charter, the Board of Estimate and Apportionment makes this, the Budget of The City of New York for the year one thousand nine hundred and fifteen, the total amount appropriated being:

One hundred and ninety-nine million two hundred and thirty-three thousand two hundred and eighty-six dollars and fifty-two cents (\$199,233,286.52), divided as follows:

First—The amounts estimated to be required to pay the expenses of conducting the public business, and to meet the debt charges of said City of New York for the year one thousand nine hundred and fifteen:

One hundred eighty-six million, eighty-seven thousand, four hundred seventy-seven dollars and twenty-six cents (\$186,087,477.26).

Second—The amount estimated to be the deficiency on January 1, 1914, in the product of taxes heretofore levied, deemed to be uncollectible and not otherwise provided for, as required by chapter 209 of the Laws of 1906, being section 248 of the Greater New York Charter:

Six million, one hundred and twelve thousand, ninety-two dollars and forty-four cents (\$6,112,092.44).

Third—The amounts estimated to be required to pay the charges and expenses of the Counties of New York, Bronx, Kings, Queens and Richmond for the year one thousand nine hundred and fifteen:

Seven million, thirty-three thousand, seven hundred sixteen dollars and eighty-two cents (\$7,033,716.82).

Resolved, That this, the Budget of The City of New York, as hereby made in pursuance of section 226 of the Greater New York Charter, shall be administered under the following terms and conditions:

First—

(a) That no transfers shall be made from appropriations or schedules of "Salaries Regular Employees," to any other appropriation or schedule than "Salaries Regular Employees."

(b) That no transfers shall be made from appropriations or schedules of "Salaries Temporary Employees," to any other appropriation or schedule than "Salaries Temporary Employees."

(c) That no transfers shall be made from appropriations or schedules of "Wages Regular Employees," to any other appropriation or schedule than "Wages Regular Employees."

(d) That no transfers shall be made from appropriations or schedules of "Wages Temporary Employees," to any other appropriation or schedule than "Wages Temporary Employees."

(e) That no transfers shall be made from or to appropriations classified as "Hire of Horses and Vehicles with Drivers," "Hire of Horses and Vehicles without Drivers" or "Hire of Automobiles," except to or from an appropriation classified as "Hire of Horses and Vehicles with Drivers," "Hire of Horses and Vehicles without Drivers" or "Hire of Automobiles," except where the work to be done and paid for from the account to which the transfer is made, is a substitute for work or service intended to have been done and paid for from the account from which the transfer is made.

(f) That no transfers shall be made from appropriations or schedules of "Fees and Commissions," to any other appropriation or schedule than "Fees and Commissions."

(g) That no transfers shall be made from any of the appropriations made herein under any classification other than "Personal Service," to any appropriation classified as "Personal Service," except in cases where the title of appropriation specifically provides for transfers herein forbidden, or in cases where appropriations were made under the classification of "General Repairs," if, upon the written statement of the Department Head, the Board of Estimate and Apportionment finds that the repair work can be done more economically by departmental labor.

(h) That no transfers shall be made from any of the appropriations made herein under any classification where the appropriation is made under conditions which prohibit such transfer or when the appropriation is made for the purchase of some stated article or articles or for the payment of taxes, although otherwise the transfer might be proper under the budget resolutions in the budget for 1915.

Second—That no change shall be made by any Board or head of an Office, Bureau or Department in the City or County Governments in the schedules of "Salaries Regular Employees," "Salaries Temporary Employees," "Wages Regular Employees," "Wages Temporary Employees," "Fees and Commissions," herein contained, except when authorized thereto by twelve (12) votes of the Board of Estimate and Apportionment, and that no requests for changes shall be considered except as follows:

(a) In the case of schedules or appropriations of "Salaries Regular Employees," where the proposed change will not increase the amounts expendable in any month to more than one-twelfth of the total amount herein appropriated for "Salaries Regular Employees."

(b) In the case of schedules or appropriations of "Wages Regular Employees," where the proposed change will not increase the amounts expendable in any week to more than the pro rata of the number of working days in such week to the total number of working days provided for such schedule line for the whole year.

(c) That vacancies occurring after January 31, 1915, in schedules supporting appropriations in this budget for "Salaries Regular Employees," or "Salaries Temporary Employees," shall be filled only after certificate by the duly authorized representatives of the Board of Estimate and Apportionment, that the title and compensation for such vacant position conform to the standard title, work specifications and compensation grades fixed by the Board of Estimate and Apportionment. This provision shall not apply to vacancies occurring in positions for which the title and compensation shall have previously been standardized by this Board. In making appointments to vacant positions for which standard titles and compensation have been fixed by this Board, such appointments shall be made at the lowest rate within the grade for such position unless this requirement is specifically waived by resolution of the Board.

The procedure under this section is subject to revision by a majority vote of the Board of Estimate and Apportionment.

(d) That no modification of any schedule supporting an appropriation for "Salaries Regular Employees" or "Salaries Temporary Employees" in the budget of The City of New York for the year 1915 which affects the compensation of any position included in the budget as passed by the Board of Estimate and Apportionment, shall be made except when authorized by resolution of the Board of Estimate and Apportionment in conformity with standard titles, work specifications and compensation grades which may be or have been approved by said Board.

The procedure under this section is subject to revision by a majority vote of the Board of Estimate and Apportionment.

Third—That in case of modifications of schedules or transfers within appropriations classified as "Personal Service," where one of the appropriations is a Tax Levy Part appropriation, the full amount of cash necessary to pay the total salaries or wages of the incumbents transferred for the balance of the year 1915 shall be transferred to the appropriation to which the incumbents are transferred.

Fourth—

(a) That the heads of the several Boards, Offices, Bureaus and Departments of the City and County Governments shall prepare their several payrolls for audit by the Department of Finance in accordance with the items of the aforesaid schedules, entitled "Salaries Regular Employees," "Salaries Temporary Employees," "Wages Regular Employees," "Wages Temporary Employees," "Fees and Commissions," or in case these items have been changed by twelve (12) votes of the Board of Estimate and Apportionment, in accordance with the items of the schedules as changed, and that no payroll shall be passed by the Department of Finance unless the incumbents and the rate of individual compensation shall not exceed but may be less than such schedule lines as originally adopted or as hereafter modified by the Board of Estimate and Apportionment, provided the lesser salary or wage grade has been approved pursuant to Section 56 of the Charter.

(b) That each payroll of any Department, in addition to any other departmental number, shall be numbered during the year serially, beginning with number one for each specific account, and such payroll shall bear a certificate signed by a person cognizant of the fact, stating that the recapitulation attached thereto is the correct recapitulation for the payroll bearing said number.

(c) That on all payrolls against schedules entitled, "Salaries Regular Employees," and "Wages Regular Employees," there shall be set forth the monthly or weekly pro rata expenditures against such schedules, or in case the items on such schedules have been changed by twelve (12) votes of the Board of Estimate and Apportionment, the monthly or weekly pro rata expenditures against such schedules as changed.

(d) That there shall be affixed to all payrolls a certificate made by the person preparing such payroll to the effect that there is a time record on file in said Board, Office, Bureau or Department, certified by the person or persons having knowledge of the facts, showing the character of the service and the exact time of employment of such person or persons, except heads of departments, and excepting bureau and division heads relieved by the head of their department from the duty of keeping such record on said payrolls, and that the distribution or division of the time of such person or persons as shown on such payrolls is in accordance with such time record.

—Be it further

Resolved, That wherever an appropriation under the classification of "Supplies," "Purchase of Equipment," "Materials," "Contract or Open Order Service," "Contingencies" or "Fixed Charges and Contributions" is supported by a schedule, all expenditures against such appropriation shall be made in accordance with such schedule and no voucher shall be passed by the Department of Finance for a sum exceeding the amount shown in said schedule, except when such schedule shall have been changed by twelve (12) votes of the Board of Estimate and Apportionment.

—Be it further

Resolved, That all appropriations under a classification other than "Personal Service"

ice," to any Board, Office, Bureau or Department of the City or County Governments, made in this Budget, be made under the following conditions:

First—That, in so far as practicable, all contracts and open market orders for purchases to be charged against such appropriation shall be based upon specifications which are definite and certain as to character and quality, and which conform with standard specifications for the various classes of supplies, materials, fuel and forage already approved or hereafter to be approved by this Board.

Second—That, in so far as such standard specifications may be established by this Board, the Comptroller at the time of certifying to the sufficiency of appropriations out of which such contracts are to be paid shall also certify that the specifications for such supplies or materials, fuel or forage or other articles for which standard specifications have been prescribed, are in conformance with such standard specifications.

Third—That all open market orders issued by any Department for supplies and materials, for which standard specifications shall have been prescribed, shall contain a description of the goods ordered, conforming with such standard specifications.

Fourth—That the Comptroller shall, in auditing claims for goods delivered on open market orders, determine, through inspection or otherwise, whether the goods delivered conform to such standard specifications.

—Be it further

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with section 56 of Greater New York Charter:

First—That the positions and grades of positions appearing in the schedules under the classification "Personal Service," and entitled "Salaries Regular Employees," supporting the appropriations made to the different Boards, Offices, Bureaus and Departments of the City or County Governments in the Budget of The City of New York for the year one thousand nine hundred and fifteen be established in the different Boards, Offices, Bureaus and Departments of the City or County Governments for the number of incumbents shown in said schedules, except that in all cases where a position or grade of position has previously been established for an unlimited number of incumbents, or for a number of incumbents greater than the number shown in said schedule, nothing in this resolution contained shall be deemed to reduce the number of incumbents previously authorized.

Second—That the positions and grades of positions appearing in the schedules under the classification "Personal Service," and entitled "Wages Regular Employees," "Salaries Temporary Employees," "Wages Temporary Employees" and "Fees and Commissions," supporting the appropriations made to the different Boards, Offices, Bureaus and Departments of the City or County Governments in the Budget of The City of New York for the year one thousand nine hundred and fifteen be established in the different Boards, Offices, Bureaus and Departments of the City or County Governments.

Third—Nothing in this resolution contained shall be deemed to nullify or abolish any position or grade of position in the different Boards, Offices, Bureaus and Departments of the City or County Governments which has been previously established, but which does not appear in the schedules entitled "Salaries Regular Employees," "Salaries Temporary Employees," "Wages Regular Employees," "Wages Temporary Employees," and "Fees and Commissions," supporting the appropriations made to the different Boards, Offices, Bureaus and Departments of the City or County Governments in the Budget of The City of New York for the year one thousand nine hundred and fifteen.

—Be it further

Resolved, That all departments of City and County Governments, for which appropriations for food supplies have been made in the Budget for 1915, shall make an inventory on January 1, 1915, to determine the number of units of each article of food in stock, either in stores or in the institutions and the cost value thereof, and shall thereafter keep an accurate record showing the cost price per unit, the number of units purchased and the total cost of all articles of food purchased in each month; that such departments shall keep an accurate record of the quantities of food supplies consumed by patients or inmates, such record to be entirely separate and distinct from the consumption of food supplies by employees or persons other than patients and inmates; and such departments shall keep an accurate record of the number of units of food supplies and the cost thereof consumed by the employees, such record to be entirely distinct from the record of food consumption by patients and inmates and such departments are directed to submit to the Comptroller at the first of each quarter, a statement on budget accounting forms to be submitted by the Comptroller showing the stock on hand at the beginning of the preceding quarter, the number of units and price per unit and cost amount of the supplies delivered to the department within the preceding quarter, the number of units and cost amount of food supplies consumed by patients or inmates within the preceding quarter, the number of units and cost amount of food supplies consumed by employees within the preceding quarter, the aggregate number of patients or inmate days within the preceding quarter, the aggregate number of employee days within the preceding quarter, the daily per capita consumption of food supplies in pounds and the cost amount thereof by patients or inmates in the preceding quarter, the daily, per capita, consumption of food supplies in pounds and the cost thereof by employees in the preceding quarter, and the total number of units consumed and the cost thereof within the preceding quarter, the stock on hand at the end of the quarter and such other information as may be required upon the budget accounting forms, provided, however, that this resolution shall not apply to administrative departments to which food supply appropriations have been made to be used in payment for meals of employees properly entitled to such meals by reason of overtime work.

Resolved, That all departments receiving appropriations for wearing apparel in the 1915 Budget shall make an inventory on January 1, 1915, to determine the number of units of each article of wearing apparel in stock or available for use in the institutions and shall keep a record thereafter of all wearing apparel purchased and delivered to the department; and shall keep a record showing the name of each patient, inmate and employee receiving wearing apparel, the character and cost of the wearing apparel issued to each employee, patient or inmate and a record showing in each case whether the wearing apparel issued was taken away from the institution or was returned to be reissued to other patients, inmates or employees; that such information shall be submitted to the Comptroller at the end of each quarter upon budget accounting forms furnished by the Comptroller.

Resolved, That the several boards, departments, offices and bureaus of the City and County Governments are hereby directed to keep records showing the number of units and the cost amount of stock on hand at the beginning of each quarter, the cost price per unit, the number of units purchased and the total cost of the number of units, the price per unit and the cost amount of all articles of equipment, supplies and materials purchased in 1915 and charged against appropriations made in this budget and such boards, departments, offices and bureaus are directed to submit to the Comptroller at the end of each quarter a statement of stock on hand, purchases, deliveries and consumption, with the number of units, cost price per unit and the cost amount of all articles of equipment, supplies and materials purchased, delivered and consumed within the quarter, provided, however, that this resolution shall not apply to appropriations for food supplies and wearing apparel.

—Be it further

Preamble.

All appropriations made in this budget to charitable institutions are hereby declared to be subject to the following regulations:

1. The accounts and records of all such institutions shall be kept so as to show their receipts and expenditures pertaining to all institutional activities, and a record shall be maintained in which their expenses shall be recorded under the following classifications:

A. Expenses incurred in the operation of institution as follows:

- Food stuffs.

- Magazines and newspapers.
- Education (Instruction and Educational Supplies).
- Other supplies.
- Salaries and wages.
- Professional services.
- Light.
- Forage and care of animals.
- Telephone.
- Printing, stationery and advertising.
- Postage and telegrams.

- Recreation expense.
- Miscellaneous expenses.
- Expense for boarded-out children.

B. Expenses incurred in the maintenance of plant and equipment, as follows:

- Repairs and renewals of plant and fixed equipment.
- Repairs and renewals of furniture and movable equipment.
- Interest on bonds and mortgages on corporate real estate, used exclusively for the charitable purposes of the institution, taxes and water rates, if any, thereon, fire insurance premiums on buildings on such real estate, together with their contents.

In all other respects such accounts and records shall be in the form required by the Comptroller of The City of New York, and as far as practicable such accounts shall be kept on an income and expense basis.

2. All payments made to charitable institutions in pursuance of the said appropriations shall be used by such institutions only for expenses incurred by the institution for the care, support, maintenance and education of inmates duly committed by the courts or the Commissioner of Charities or accepted by said Commissioner as public charges,

but they shall not include any expense for improvements or additions to plant or equipment, except as stated, or any payments on account of principal of mortgages. Expenses for education shall be taken to mean expenses incurred in providing suitable education for properly committed or accepted inmates, and shall include the salaries of instructors and expenses incurred for supplies for use in instruction.

3. All institutions receiving funds by appropriation from The City of New York and their books of record and account, so far as they relate to institutional activities, shall be open at reasonable times to the visitation, inspection and examination of the Board of Estimate and Apportionment, the Department of Finance and the Department of Public Charities, by their duly authorized Commissioners, officers or inspectors, excepting, however, that the accounts pertaining to the activities of any religious order which may be in charge of any such institution shall be segregated from the other accounts and shall not be subject to this regulation.

4. All such institutions shall prepare and file with the Department of Finance as of a date to be fixed by said department, a report of the condition of the institution and its operations during the previous fiscal year upon forms prescribed and furnished for the purpose under the provisions of these regulations by the Department of Finance.

5. Upon its appearing to the satisfaction of the Comptroller that it would be to the public interest to withhold payments out of any appropriation made to any charitable institutions, he may, in his discretion, withhold the same, immediately giving written notice thereof to such institution and of his intention to apply to the Board of Estimate and Apportionment for authority to cease further payments. Upon the determination of said board that such payments shall terminate, the right of any such institution to receive payment from any such appropriations shall thereupon end.

6. The names and ages of inmates with a statement of the period for which payment is claimed must be placed on all bills rendered by such institutions for their care, support and maintenance prior to the presentation of such account for payment to the Department of Finance. The certificate of the Commissioner of Public Charities under regulation two hereof must also be attached to such bills. Except in emergency cases the Commissioner of Public Charities shall not accept as proper charges persons capable of paying for their own support or for whose care adequate provision can be made in the public hospitals.

7. The City shall not be liable for any claim by any charitable institution which shall be in excess of the amount apportioned to such institution in this budget, notwithstanding the acceptance of the Commissioner of Public Charities of any per capita rates of payment that may have been fixed for various classes of inmates thereof.

8. No money shall be paid to any institution which

- pays any salary to,
- gives any consideration for services (financial or otherwise) by,
- has any business dealing with, or
- secures goods or merchandise (directly or indirectly) from

any officer or trustee or member of its board of managers, or where any such person otherwise receives any pecuniary profit from the operation of such institution.

9. Child-caring institutions not sending their inmates to the public schools and not sharing in the corporate school fund, and not receiving teachers and school supplies from the Board of Education, but giving in their own buildings secular education to the children resident in the institution for five (5) hours daily for a period equal to the public school year, shall be paid a per capita of 7 cents per day for five (5) school days in the week, for each child of five years of age and over receiving such instruction except that for abnormal or atypical children, a special rate in excess of this amount may be made by the Comptroller. Institutions receiving a per capita allowance for the education of their inmates shall be under the general supervision of the Board of Education, as required by the general conditions relating to institutions receiving corporate school money, provided in Section 1154 of the Charter of The City of New York.

10. No dependent child under 16 years of age shall be accepted as a proper charge upon the City, and no money shall be paid for the care, support, maintenance or education of such child unless it shall have been lawfully committed to a suitable private charitable institution having its own plant and equipment for the proper protection and care of children and being under the supervision of the State Board of Charities and which has been placed in this budget by the Board of Estimate and Apportionment.

11. The Department of Health shall maintain in all child-caring institutions receiving funds by appropriation from The City of New York for each inmate accepted as a public charge under the rules of the State Board of Charities, and as herein provided, a complete physical and health record in which shall be recorded the name, age, sex, height and weight, time of admission, general physical condition, including the presence or absence of defects in eyesight, breathing, teeth, or any organic defect in a manner to conform as nearly as practicable with the records maintained by the Department of Health for children in the public schools in The City of New York. It shall also record the dietary actually employed in such institutions for the feeding of its inmates. Such statistics and records shall be made and revised by the Board of Health once in each six months.

12. Each institution shall give to the Comptroller on forms prescribed by him notice of the reception or discharge of any person for whose care city or county funds are to be received within twenty-four hours after his arrival at or discharge from the institution.

13. The rates of payments to private charitable institutions, unless otherwise specifically provided for, are fixed for the various classes of inmates as follows: Provided that where the Comptroller finds, after proper investigation, that any per capita rate hereinafter stated is too high, he is hereby authorized, on the approval of the Board of Estimate and Apportionment, to reduce such per capita rate for any or all institutions.

DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE
MONDAY, NOVEMBER 9, 1914.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

WILLIAM A. PRENDERGAST, Comptroller.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all

house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.
