G. L. RIVES, Corporation Counsel.

DEPARTMENT OF DOCKS AND FERRIES.

Acted upon September 29, 1903.

SCHEDULE NO. 255.

Engineer-in-Chief—

(a) No. 57187, reporting that he has laid off Thomas F. O'Rourke, Laborer, for altering time sheet. O'Rourke appeared before Commissioner for hearing. Decision reserved.

(b) No. 56452, recommending that he be given an order to take up so much of the material from the old pier shed on East Twenty-first Street Pier as may be necessary to construct a storehouse and boathouse for use of Department at West Fifty-seventh street yard. Erection of shed on West Forty-eighth Street Pier. Ordered.

(c) No. 57163, recommending that titles of John Coffey, Laborer, and Henry P. Brantigan, Flagger, be changed to Dockbuilders. Denied.

Richard Moore, Recreation Pier Cleaner, No. 57209, requesting that he be employed during the winter, after close of the recreation piers, as Watchman or Cleaner. To be retained as Sweeper.

James Conray, Recreation Pier Cleaner, No. 57325, requesting that he be employed during winter after close of recreation piers as Watchman or Cleaner. To be retained as Sweeper.

Engineer-in-Chief—

(a) No. 56869, recommending that action of the Commissioner of May 22 in discharging Thomas F. Casey, be rescinded, and that he be reinstated as Dockbuilder. (See Schedule No. 265.)

(b) Nos. 55731-56035, reporting that William J. King and Andrew Mahan, Dockbuilders, have proven themselves capable of performing the duties of Ship Carpenter, and recommending that their titles be changed to Ship Carpenter, with rate of pay attached thereto. (See Schedule No. 265.)

(c) No. 55736, recommending that title of Emil Lautenberg, Laborer, be changed to Dockbuilder. Denied.

Louis T. Brennan, Roundsman, No. 57288, renewing application for increase in salary. (See Schedule No. 265.)

Mrs. Henry B. Parsons, No. 57401, asking that the Recreation Pier foot of West Fiftieth street, North river, be enclosed so that it may be used by residents of neighborhood during winter months. Notified that the Department has nothing with which it can enclose Pier for winter use.

Comptroller, No. 57484, stating that Civil Service complications might arise from the employment of William W. Bosworth as expert to arrange the color scheme and supervise painting of Pier "A," North river, etc. Referred.

M. C. Dexter, No. 57485, stating that piles driven by this Department for the berthing of a bath at foot of Little West Twelfth street, North river, were not sufficiently strong to hold bath, and asking reduction in the Department's bill for doing the work. Referred to Auditor.

Requisition No. 969, Secretary, for printing and furnishing 2,000 copies of Directory of Department at cost of \$60. Awarded to Gerry & Murray.

Superintendent of Docks, No. 57413, reporting absence of Daniel H. Rooney, Recreation Pier Attendant. Discharged after hearing.

Auditor, reporting that payroll for the week ending September 25 amounted to \$18,163.30.

Requisitions Nos. 627Z, 628Z, 630Z, each for 30 days' use of horse, cart and driver, to be furnished by R. Turley, J. McGivney, J. Long and H. Martin, respectively, at rate of \$3.50 per day each. Ordered.

Rapid Transit Ferry Company, No. 57487, stating that average time consumed in trips of ferry boats "Castleton" and "Garrett" between St. George and Whitehall street is 26 minutes, and giving information as to average consumption of coal on said boats. Filed.

Corporation Counsel, No. 57153, advising that title to bulkhead, etc., south of Montgomery street, East river, passed to City August 25, 1903. Permit granted to New York, New Haven and Hartford Railroad Company to occupy premises until such time as the Department is ready to proceed with the proposed improvements in that section, at an annual rental of \$3,450.

Clark & Wilkins, No. 57362, stating that they do not ask for exclusive use of the West Twenty-second Street Pier, but desire that said pier be opened to the public for the discharging of vessels as soon as the excursion season is over, in order that they may be able to unload lumber thereat. Notified that this pier is open for regular wharfrage, and that there is no reason why they should not have equal rights with others in obtaining berth.

White Star Line, No. 57424, stating that the number of boats lying in slip south of their Pier 48, North river, interferes with their berthing. Filed.

Filed.

RUSSELL BLEECKER, Secretary.

Acted upon November 4, 1903.

SCHEDULE NO. 280.

The following communications were received, action being taken thereon, as stated, to wit:

Comptroller, No. 58004, returning map approved by the Commissioners of the Sinking Fund for the improvement of the water front between Canal and Water streets, at Stapleton, Borough of Richmond, and suggesting the readoption of same "pursuant to law," and again approved by the Commissioners of the Sinking Fund. Plan readopted and ordered to be sent to the Commissioners of the Sinking Fund for their approval.

Corporation Counsel, No. 57836, stating that a supplemental agreement may be entered into between the Department and the R. G. Packard Company, contractors,

and their sureties, whereby the greater part of the payments may be made under Contract No. 749, for dredging in vicinity of West Twenty-second street. Estimate for the amount of \$15,000 was ordered issued, provided that a form of bond satisfactory to the Comptroller is given by the contractor and sureties to protect the City from any liability in case any liens against the work should hereafter be filed.

Department of Street Cleaning, No. 57965, requesting dredging at dumping boards foot of East One Hundred and Tenth street, Harlem river. So ordered.

President, Borough of Manhattan, No. 57964, requesting consent for the transfer of Thomas F. Burns, Recreation Pier Cleaner. Granted.

Hugh L. Fox, Nos. 57032, 56386, 57890, requesting an extension of time for the completion of Classes 1 and 3 of Contract No. 766. Extension granted on Class 1 to October 15, 1903, upon filing consent of sureties. Contractor notified that it is deemed inadvisable to fix a specified time for the completion of Class 3 until the engine is delivered and accepted by the Department.

H. L. Herbert & Co., No. 57978, requesting permission to rebuild the small portable hoister recently partially destroyed by fire on the south side of Pier foot of East Twentieth street. Referred.

George Zabriskie, attorney, No. 57966, stating that the Commissioner of Street Cleaning will load a boat with street sweepings if a berth can be arranged for near the foot of Sixtieth street, East river. Permit granted to occupy berth at the outer end of Pier foot of East Sixty-first street at the rate of \$10 per day.

Carroll Box and Lumber Company, No. 57968, requesting permission to use temporarily five or six feet of the bulkhead on the outside of their fence line, between Eighteenth and Nineteenth streets, East river. Permit granted, to continue during the pleasure of the Commissioner, but not longer than November 4, 1904.

John Ducey, No. 57969, requesting reinstatement as Laborer. So ordered.

American Association of Masters and Pilots of Steam Vessels, No. 57984, complaining of floating piles in the harbor. Said association notified that all possible care is taken in order to prevent the drifting of any material by this Department, and their attention called to the fact that there is extensive crib dredging being done on the Jersey shore, which no doubt causes the nuisance complained of.

John H. Wise, Jr., attorney for James H. Flanagan, No. 58005, demanding that Flanagan be paid for his time while under suspension pending a hearing on the charges preferred against him. Corporation Counsel requested to advise as to the legality of the claim of Flanagan for payment of salary subsequent to September 21, 1903, the date of suspension.

MUNICIPAL CIVIL SERVICE COMMISSION.

New York, December 2, 1903.

A meeting of the Municipal Civil Service Commission was held at the Commission's offices, No. 61 Elm street, on Wednesday, December 2, 1903, at 3 p. m.

There were present President Ogden and Commissioners Dykman and Banta. The minutes of the meeting held November 25 were approved, after correction. The following letter was presented from the State Civil Service Commission:

"Albany, November 30, 1903.

"S. WILLIAM BRISCOE, Esq., Secretary Municipal Civil Service Commission, No. 61 Elm Street, New York City:

"Dear Sir—I have to inform you that at a meeting of the State Civil Service Commission held on the 27th inst. revised Municipal Civil Service Rules for The City of New York, adopted by the Municipal Commission October 26, 1903, and approved by the Mayor November 16, 1903, were considered, together with a communication from Mayor Low under date of November 16, 1903, relative thereto. On motion, the following resolution was unanimously adopted:

"Resolved, That the matter of the New York City Rules be referred to the President and Chief Examiner of the Commission for the purpose of presenting to the Municipal Civil Service Commission the objections to the approval of the revised rules and to suggest to said Municipal Civil Service Commission that said rules be withdrawn for the present, and to further confer with said Municipal Civil Service Commission if they so desire with a view to the modification thereof.

"Yours very respectfully,

"JOHN C. BIRDSEYE, Secretary."

On motion, it was

Resolved, That the resolution passed by the Commission at its meeting held October 26, 1903, prescribing rules for the regulation of the classified service of The City of New York, and revoking all other rules when approved by the Mayor and the State Civil Service Commission, be reconsidered; and

Resolved, That the revised rules, as adopted October 26, 1903, and duly approved by the Mayor and forwarded to the State Civil Service Commission for approval, are hereby recalled.

On motion, it was

Resolved, That, in compliance with and under the authority of the provisions of section 9 of article V. of the Constitution of the Civil Service Law and of the

Greater New York Charter, the Municipal Civil Service Commission of The City of New York hereby prescribes the following rules for the regulation of the classified service of such City, to take effect and to have the force and effect of law, revoking all other rules to that end, when approved by the Mayor and the State Civil Service Commission:

REVISION OF RULES.

Adopted by the Commission on December 2, 1903.

Promulgating Order.

New York, December 2, 1903.

In compliance with and under the authority of the provisions of section 9 of article V. of the Constitution, of the Civil Service Law, and of the Greater New York Charter, the Municipal Civil Service Commission of The City of New York hereby prescribes the following rules for the regulation of the classified service of such City, to take effect and to have the force and effect of law, revoking all other rules to that end, when approved by the Mayor and the State Civil Service Commission.

WILLIS L. OGDEN, President;
WM. N. DYKMAN,
ALEXANDER T. MASON,
THEODORE M. BANTA,
NELSON S. SPENCER,
Municipal Civil Service Commissioners.

Attest: S. WILLIAM BRISCOE, Secretary.

MUNICIPAL CIVIL SERVICE RULES OF THE CITY OF NEW YORK.

Rule I.—Definition of Terms.

The several terms hereinafter mentioned, whenever used in these rules, or in any regulations in force thereunder, shall be construed as follows:

1. The "civil service of The City of New York," which may be designated, for convenient reference, the "City service," includes all offices and positions of trust or employment in the service of the City, of whatever function, designation or compensation.

2. The term "classified service" refers to that portion of the City service that is arranged in classes under these rules, for the purposes of the Civil Service Law, and includes all of such offices and positions except elective officers; the officers and employees of the Board of Aldermen; election boards or officers appointed under section 6 of article II. of the Constitution; the head or heads of any department of the City government; and persons employed as superintendents, principals or teachers in the public schools.

3. The term "class" refers to the Exempt Class, the Competitive Class, the Non-Competitive Class or the Labor Class, as defined in the Civil Service Law.

4. The term "grade" refers to subdivisions of the Competitive Class arranged for purposes of promotion, and based upon the relative character of the duties, or upon the amount of compensation, regularly attaching to the positions contained therein.

5. The term "classification" refers to the arrangement, in schedule form, of the titles, offices and positions in the several classes and grades which is appended hereto, and which forms an integral part of these rules.

6. The term "commission," when used by itself, refers to the Municipal Civil Service Commission.

7. The term "appointing officer" refers to the officer, commission, board or body having the power of appointment to subordinate offices or positions in any municipal department, office, board, court or institution.

8. The term "veteran," when used by itself, refers to honorably discharged soldiers, sailors or marines of the army or navy of the United States in the late Civil War, who are citizens and residents of this State.

9. The term "laborer" refers to any mechanic, skilled or unskilled laborer employed, or seeking employment, in a position in the Labor Class.

10. The term "position," when used by itself, refers to any classified office, position or employment.

11. The term "compensation" refers to the annual salary attaching to an office or position, or to its equivalent if stated by the day, week or month, and shall include proper commutation for lodging or board when either is furnished at the expense of the City, such rate of commutation to be fixed by regulation of the Commission.

12. The masculine pronoun "he" and its derivatives, wherever employed, includes the feminine pronoun "she" and its derivatives.

13. The term "day" or "days," wherever employed, refers to days on which the City departments are open for the transaction of public business.

Rule II.—General Provisions.

1. All appointments, promotions or selections for employment in the classified service shall be made according to the merit and fitness of candidates therefor, in the manner prescribed by these rules.

2. No appointing officer shall appoint, promote or employ any subordinate officer or employee in the classified service, or in any way change the official status of any such officer or employee, except in accordance with these rules, and no such appointment, promotion, employment or change of status made in contravention of any provision of these rules shall be valid.

3. No appointment to or selection for, or removal from any office, position or employment in the classified service, and no change in the official status of any person in such service shall be in any manner affected or influenced by the political opinions or affiliations of any applicant or of any officer or employee. No inquiry made by or on behalf of any nominating or appointing officer, nor any question in any form of application or in any examination, shall be framed so as to elicit, and no answer shall be given so as to disclose, any information whatsoever concerning such opinions or affiliations; and no application or recommendation involving any such disclosure shall be received, filed or considered.

4. No person in the City service shall use his official authority or influence to coerce the political action of any person or body; and no discrimination shall be exercised, promised or threatened by any such person in favor of or against any applicant, officer or employee in the classified service because of his political opinions or affiliations, or because he has declined to contribute to any political fund or to render any political service.

5. No person shall be appointed to or employed in any position in the classified service under any title or designation not appropriate to the duties he is regularly to perform, and no person in the said service shall be transferred to or, unless under express authority of law, assigned to perform the duties of, any position subject to competitive examination, except in accordance with Rule XIV. or with Clause 13 of Rule XIX.

6. The violation by any person in the City service of any provision of the Civil Service Law or of these rules, shall be considered sufficient cause for the removal of such person.

Rule III.—Organization and Powers of the Commission.

1. The Municipal Civil Service Commission shall have authority to prescribe such regulations for the instruction of its officers and for the execution of these rules as may not be inconsistent therewith, and, wherever practicable, shall prescribe blank forms for all applications, certificates, reports, records and returns required thereunder. The Commission shall have authority to examine at any time, either directly or through its Secretary or Examiners, such books, records or papers, filed in any City Department or office as have any bearing on the operation of the Civil Service Law or of these rules, and may, in the course of any investigation it may make under the authority conferred by the City Charter, require the production of such books, records or papers, or the attendance of officers or employees as witnesses, at its own office, or other place of meeting. The failure of any person in the City service to produce with reasonable promptness such books, papers or records, or to give testimony in any such investigation, when called upon to do so, shall be considered sufficient cause for the removal of such person.

2. The Commission shall choose from its own membership a President, who shall serve during its pleasure, and who, subject to the directions of the Commission, shall have such general authority and responsibility in the administration of these rules as shall not be inconsistent with the powers reserved to the Commission by the Civil Service Law or by these rules, or vested directly in some other officer. The Commission may appoint a Secretary, an Assistant Secretary, a Chief Examiner and such Examiners, Clerks and others as the efficiency of its work may require.

3. Those examiners who are permanently and continuously employed as such shall constitute a Board, of which the Chief Examiner shall be Chairman, for the discussion of methods of examination and rating, and of such other matters as the Commission may refer to them. The Commission may, whenever necessary, secure the assistance of experts in an examination of a special or technical character. An examination of candidates for the position of Civil Service Examiner shall be conducted by the Commission or by experts employed therefor; but no person shall at any time be employed as an examiner for positions in the competitive class who is a public officer, other than a notary public or a commissioner of deeds, or who is employed in any other department of the City government.

4. Public notice shall be given by the Commission, through advertisement in the "City Record" for not less than three days, and a public hearing shall be allowed, on the request of any interested party, in advance of any amendment of these rules, or in advance of any amendment of the classification by force of which any position shall be subjected to or exempted from competitive examination.

Rule IV.—Classification.

1. The classified service shall be arranged in four general classes, which shall be known, respectively, as the Exempt, the Competitive, the Non-competitive and the Labor Class.

2. The positions in each of the aforesaid classes shall be those specifically designated, under the head of each, in the appended classification; except that all positions, whether now existing or hereafter created, of whatever functions, designations or compensation, the titles of which are not so designated, shall be deemed to be in the Competitive Class.

3. The Competitive Class and the Labor Class shall be subdivided, for the purposes of these rules, as hereinafter provided.

Rule V.—The Exempt Class.

1. Appointments to positions in the Exempt Class may be made without examination; but the appointing officer shall in each case submit to the Commission, in such form as the Commission shall prescribe, a certificate showing (a) the title of the position; (b) the full name and residence of the appointee; (c) the place of his residence during the five years immediately preceding appointment; (d) his previous appointments and periods of service, if any, in the public service; and (e) his qualifications for the office or position to be filled.

The Commission may accept such certificate, if it be in accordance with this rule, as a notice of appointment, to take effect on the date of its receipt.

2. Not more than one appointment shall be made to or under the title of any office or position in the Exempt Class unless a different number is specifically mentioned in the classification.

Rule VI.—The Competitive Class.

1. Appointments shall be made to or employment shall be given in positions in the Competitive Class that are not filled through promotion, transfer, reduction or reinstatement, by selection, in the manner hereinafter provided, from among those persons graded highest on the most nearly appropriate eligible list resulting from open competitive examination, except as provided by Rule XII.

2. For the purposes of such examinations, and of regulated promotion where practicable, the Competitive Class shall be subdivided as follows:

Part I.—All positions, of whatever function, description or compensation, not included in any of the subdivisions following—to be known as the "ungraded service."

Part II.—Positions of a clerical nature—to be known as the "clerical service."

Part III.—The uniformed forces of the Police Department, excepting doormen, matrons and surgeons—to be known as the "Police service."

Part IV.—The uniformed forces of the Fire Department—to be known as the "Fire service."

Part V.—The uniformed forces of the Department of Correction—to be known as the "prison service."

Part VI.—The uniformed forces of the Department of Street Cleaning—to be known as the "Street Cleaning service."

Part VII.—Positions requiring knowledge of civil engineering—to be known as the "engineer service."

3. The positions in the foregoing parts, except Part I., shall, for purposes of promotion, be arranged in grades, which, so far as they shall have been established, shall be the grades fixed by law or ordinance, and which shall be as designated in the classification.

The positions included in each subdivision, and in each grade, shall be those designated under the head of each in the classification.

4. Whenever it is shown to the satisfaction of the Commission to be practicable, and in the interest of good administration, to grade, for purposes of promotion, positions or groups of positions not previously graded, the Commission shall, by such amendment of the rules as may be necessary, establish a new subdivision embodying such grades, under such general head as it may deem appropriate.

5. The titles of positions in the Competitive Class, as set forth in the classification, are descriptive of the duties and functions attaching generally to such positions, or to groups of positions of similar or corresponding character, and not necessarily to particular positions. The titles appearing on the official roster and on payrolls shall, so far as practicable, conform to those of the classification, and the Commission, to meet this requirement, may at any time authorize a change in a roster title, if such change be consistent with the rules governing transfer or promotion. To define more exactly the duties of particular positions, or to fix such positions in the peculiar organization of a department or office, appropriate sub-titles or "office titles" may be employed, in the discretion of the head of such department or office or of the Board of Estimate and Apportionment; but such sub-titles need not appear either on the roster or on any payroll.

6. Examinations for positions in the Competitive Class shall be held, and eligible lists therefor shall be established, only under titles designated in the classification, except where it is shown that the qualifications required for a particular position are of a peculiar or unusual character, to which no classified title is applicable; the Commission, in such case, may hold a special examination for appointment to such position, but shall state in its minutes and in its annual report the reasons for which each such special examination is held.

Original appointments, in a graded service, shall be made, in each case, to positions of the lowest grade established in the department, office or institution in which such appointments occur; except where it is found to be not practicable to fill a vacancy or vacancies in a higher grade through promotion.

The Commission may hold examinations for designated grades of a position in a graded service to secure eligibles for vacancies therein that it is not practicable to fill through promotion; or for a designated compensation or range of compensation under the title of any position in the ungraded service, or in the engineer service, that it is not practicable to fill by selection from an existing list; but the difference, in such latter case, between the compensation so designated and the compensation attaching to a list already in force, under the same title, shall in no case be less than three hundred dollars.

Rule VII.—Competitive Examinations.

1. The Commission shall hold examinations for appointment to positions in the Competitive Class, and shall fix the dates thereof and the conditions thereof, whenever necessary, to meet or to anticipate the needs of the City service.

So far as practicable, examinations for admission to positions in a graded service shall be held periodically, and the dates thereof shall be published at the beginning of each year, with such information with reference to the conditions of each as can be given.

2. All such examinations, whether previously scheduled or otherwise, shall be advertised, for at least two weeks prior to the final date for the receipt of applications therefor, daily in the "City Record," not less than twice a week in at least four of the principal daily newspapers, and, where the position to be filled is professional or technical, once or oftener in one or more technical journals devoted to such profession or trade. Such examinations shall also be announced at least two weeks prior to the date therefor in notices posted conspicuously at the offices of the Commission, the City Hall, the Borough Halls, and at such other places as the Commission may deem proper.

In each case such advertisement in the "City Record," or notice so posted, shall set forth (a) the title of the position; (b) the grade, if in a graded service; (c) the time and place of examination; (d) the subjects of examination, in detail, with the weight given to each; (e) such preliminary or special qualifications as may be required by law or by the appointing officer, with the approval of the Commission, in respect to age, residence, physical fitness, previous experience or training, or other particulars; (f) the number of vacancies existing, so far as known, or likely to exist within a year, that will be filled by appointment from the eligible list

to be formed; (g) the compensation or range of compensation to be paid; (h) the date upon which the receipt of applications will close, and (i) such other information as the Commission may deem pertinent or necessary.

Such advertisement in other newspapers or periodicals shall, where practicable, set forth the same particulars, and shall at least set forth the title of the position, the time and place of the examination and its subjects, and shall then refer applicants to the "City Record," or to the posted notices, for further details.

3. Every examination, except for the position of Civil Service Examiner, shall be under the responsible direction of the Chief Examiner, who shall consult, when necessary, with appointing officers concerning the qualifications required for particular positions; but such examinations shall be free from the influence or participation, in any manner, either of the appointing officer or of any person other than the Commission or its designated officers or employees.

4. The subjects of examination and the relative weight given to each, where not fixed by these rules or by regulation, shall be fixed by the Chief Examiner, subject to the direction of the Commission.

The Chief Examiner shall assign the examiners for a given examination, or for a given subject, except where experts are employed, and all written questions prepared by such examiners or experts shall be placed in his custody in advance of such examination. Such questions shall be printed, from type or other process, under his immediate supervision and, unless relieved by the Commission, he shall be responsible for their safe-keeping. So far as practicable such printing shall be done on the day of examination.

5. The examinations shall be practical in their character and shall relate to such matters as will test fairly and adequately the relative fitness and capacity of the persons to be examined for the discharge of the duties of the service, or of the position, into which they seek to enter. For positions of a designated grade or compensation they shall vary in strictness as the grade or the amount of compensation advances.

6. Whenever, in the judgment of the Commission, physical qualifications are requisite, candidates shall be required to pass a physical examination, and be certified as qualified in such respect, either before admission to examination, or before record on the proper eligible list, or before certification for appointment, as the Commission may announce.

Where the duties of any classified position are of a character requiring the appointment of persons within particular limitations of age the Commission may, subject to the provisions of the Civil Service Law relating to veterans, fix such limitation by regulation.

7. In advance of examination for a position the duties of which are scientific, professional or technical, candidates shall be required to present evidences of the special education or preliminary training they have had tending to qualify them for such position; and the Commission may also, if in its judgment fitness for such position demands, require, as a condition of examination, evidence of practical experience for a satisfactory term, in such service, profession, art or trade.

Training and experience, of a character tending to show peculiar and especial fitness for the position examined for, may be rated as a fixed subject of examination, but a candidate in stating such training and experience shall be required to give references through which such statements may be satisfactorily verified.

8. Where the position to be filled involves fiduciary responsibility the appointing officer, where otherwise permitted by law, may require a candidate to furnish a bond or other security as a condition precedent to appointment and shall notify the Commission of the amount and necessary details thereof. The Commission, in such case, shall state in the announcement of the examination, that the candidate must be prepared to furnish such bond or security if called upon to do so.

9. All examinations shall be in writing, except such as relate to physical qualities, and except as herein otherwise provided. Whenever oral questioning is prescribed, as part of any scheme of examination, so far as practicable a stenographic record of such oral questions and of the answers thereto shall be filed with the papers of the candidate. All papers upon which examinations are to be written shall be furnished by the Commission and shall bear some suitable official endorsement, stamp or mark.

10. At the time of an examination a copy of those regulations that govern the conduct thereof shall be furnished in advance to each competitor. Before proceeding each competitor shall then be required to fill out a declaration sheet, giving his name and address, the names of his certifiers, the names and present addresses of his employers, if any, during the preceding five years, and such other information as the regulations may require, and shall seal the same in an envelope provided for the purpose. The envelope and the papers of the candidate, as they are completed, shall be marked with an identical number. At the close of the examination, the envelopes shall be placed in a sealed package in the custody of the Chief Examiner, to be opened, for the identification of papers, only at the conclusion of the marking thereof. Any paper bearing the name of the candidate, or any other identifying mark, shall be rejected, and the specific announcement of such fact shall be made at the commencement of the examination.

11. No candidate shall be granted a re-examination, either written or physical, unless it be shown to the satisfaction of the Commission that his failure to appear for, or to gain admission to, or to complete such examination was due to an official error or mistake for which the Commission is responsible.

12. No person who has entered any examination for appointment to a competitive position and failed therein or who has withdrawn therefrom, shall be admitted within nine months from the date of such examination to a new examination for the same position.

For reasons to be set forth in its minutes, this provision may be waived by the Commission, with relation to all such candidates in a given examination but not to any individual.

13. No person shall be admitted to an examination whose application therefor has not been presented and accepted under the conditions of Rule VIII.

14. The Commission may refuse to examine or, after examination, to certify an applicant who is found to lack any of the established preliminary requirements for the examination or position for which he applies; or who is found physically unfit to perform the duties attaching to such position; or who is addicted to the habitual use of intoxicating beverages to excess; or who has been guilty of a crime or of infamous or notoriously disgraceful conduct; or who has within two years been dismissed from the public service for delinquency or misconduct; or who has intentionally made a false statement of any material fact, or practiced or attempted to practice any deception or fraud in his application, or in his examination, or in securing his eligibility or appointment.

Where action is taken under this clause the name of the person affected, if it be upon any list, shall, after due notice to such person, and an opportunity to be heard if he so desires, be stricken from such list.

Rule VIII.—Filing of Applications.

1. Applications for examination for positions in the Competitive Class shall be addressed to the Commission on a prescribed form, in the handwriting of the applicant, and accompanied by such certificates or other evidences as to citizenship, character, condition of health, education, previous employment, training and fitness as the Commission may require.

The statements of the applicant in these particulars shall be made under oath, properly attested.

2. Every application shall bear the certificate of four reputable citizens, whose residences or places of business are within The City of New York, to the effect that they have personally known the applicant for not less than one year, that they have read his statements and believe them to be correct, and that they will, upon request, give such further facts concerning him as they may possess either for the files of the Commission or for the information of appointing officers.

If the previous occupation or employment of the applicant has been wholly or in part outside The City of New York, not more than two of the said certificates may be accepted, in the discretion of the Commission, from persons resident or engaged in business elsewhere; but no such certificate shall be accepted from a near relative of the applicant, or from any person the character of whose business, in the judgment of the Commission, may disqualify him as a fit voucher.

3. The Commission shall, by regulation or otherwise, fix the limits of time between which applications for a given examination shall be presented; but such period shall in no case be less than two weeks, and there shall be not less than five days between the last date for the presentation of applications and the date of examination.

No application shall be accepted from any person who has failed to fill out properly the application form, or to furnish the required certificates or other preliminary evidences of fitness; or who is barred by any of the provisions of Clause 3 of Rule II., or of Clause 14 of Rule VII.; or who has already on file an application entitling him to enter the examination sought.

4. An application presented within the prescribed limits of time, but found to be defective, shall be suspended, and notification shall be given to the applicant of the particulars in which it requires correction. Such an application shall be accepted if corrected and returned before the date of examination, but not otherwise.

5. Applications when presented shall be dated, numbered and recorded in the order of their receipt. An application that has been accepted and filed shall not be returned, for any reason, to the applicant.

6. A person claiming rights of preference as a veteran shall file, with his application, proof of such veteranship, and of his residence within the State of New York.

7. Application forms shall be furnished to intending applicants, upon personal or written request, at the office of the Commission and shall be procurable there only.

Rule IX.—Marking and Rating.

1. The examination papers shall be rated, in each case, by at least two examiners assigned therefor, who shall review them separately and after such rating is completed shall affix to each a mark expressing the average of their judgment, attested by their respective signatures or initials. The marking shall be strictly comparative and according to such standards of proficiency as the needs of the service may require. Each subject shall be marked upon a scale of 100, which shall represent the maximum possible attainment.

2. Every candidate who receives a general average marking of not less than 70 per cent., and who has received not less than 20 per cent. in any required subject, or not less than 75 per cent. in any technical subject, when the examination is for a position of scientific, professional or technical nature, shall be eligible for certification and appointment in the manner, and under the conditions, hereinafter prescribed.

3. Where the Chief Examiner is satisfied, through investigation made under his direction or otherwise, that the general character or the reputation of a candidate whose papers have been marked is not good, or that he is debarred by any of the provisions of Clause 14 of Rule VII., the name of such candidate shall not be placed on any eligible list; but all action under this clause shall be reported in writing, with the reasons therefor, to the Commission and shall be subject to the Commission's approval. The burden of proof of good character shall be upon the candidate, who may, where doubt exists, be required to furnish evidence thereof additional to the certificates required at the time of his application.

4. The Secretary shall, as early as practicable after the completion of an examination, notify each candidate of the rating he has received, and of his relative standing, if such rating be above the minimum. He shall in the same manner notify any candidate who may be rejected for reasons other than failure to receive the minimum average, stating such reasons specifically.

5. A candidate receiving such notice may personally inspect his examination papers, in the presence of a designated officer or employee of the Commission, and, if he believes that any error or mistake in marking appears, or that injustice has otherwise been done him, may, not later than fifteen days after the date of such notice, file an appeal with the Commission, specifying particularly the grounds of his complaint. The Commission shall take such action with reference to such appeal as substantial justice may require.

Rule X.—Eligible List.

1. The results of each examination shall be reported by the Chief Examiner to the Secretary, who shall enter the names of the persons passing, in the order of their average rating, on the proper list of eligibles, provided that the names of veterans so passing shall be entered, in the order of average rating, at the head of such list. The date of the establishment of a list shall be the date of such report.

2. When two or more eligibles on a list have the same average rating, preference in certification shall be determined by the order in which their applications were filed, or, if the examination be for promotion, by the order of their original appointment in the department or other division of the service in which the promotion occurs.

3. The term of an eligible list shall be not less than one year nor more than four years from the date of its establishment. An eligible list that has been in force for one year, except for the position of Temporary Clerk, shall terminate whenever a new list is established under the same title, and, in case of a graded position, for the same grade or grades.

Persons whose names appear on a list about to be terminated shall be notified of the new examination in the same manner that applicants therefor are notified, and shall be informed that, upon the establishment of the new list, their original eligibility shall cease.

4. All eligible lists shall be published, as early as may be practicable after their establishment, in the "City Record."

Rule XI.—Certification and Appointment.

1. Selections for appointment to all positions in the Competitive Class not filled by promotion, reduction, transfer or reinstatement shall, except as provided in Rule XII., be made in the following manner:

The appointing officer shall notify the Commission of the title of the position, the duties to be performed and the compensation to be paid. The Commission shall thereupon certify to such appointing officer from the eligible list most nearly appropriate to such position, and for the grade thereof, if in a graded service, the three names at the head thereof; provided that, except in the case of a veteran, no such name shall be certified more than three times to the same appointing officer for the same or a similar position, unless at such officer's request. The relative rating of each candidate shall be stated in the certification, and, if the appointing officer requests, the application and examination papers of each shall be submitted for his inspection at the office of the Commission. Certification shall be made without regard to sex unless sex is specified in the requisition.

The appointing officer shall make selection, with reference solely to merit and fitness, from the three names certified, unless objection shall be made and sustained by the Commission to one or more of the persons named for any of the reasons stated in paragraph 14 of Rule VII., in which case the certification of three names shall be completed by addition of the name or names next following upon the eligible list. If there be more than one vacancy to be filled names shall be certified and selection shall be made for each of such vacancies in the same manner.

2. The person selected shall be duly notified by the appointing officer, and, upon accepting and reporting for duty, shall receive from such officer a certificate of appointment for a probationary period of three months; except in the police or the fire service, where such period shall be one month. If his conduct or capacity on probation be unsatisfactory to the appointing officer the probationer shall be notified in writing that at the end of such period he shall, for that reason, not be retained; his retention in the service otherwise shall be equivalent to permanent appointment.

3. A probationer separated from the service for any reason other than fault or delinquency shall be restored to the eligible list from which he was selected, with the same relative standing, and the time during which he has actually served shall be deducted from the period of probation, if he be again selected by the same appointing officer. When two or more persons selected from the same eligible list are serving as probationers under the same appointing officer, and a reduction of force is necessary, they shall be preferred for retention in the order of their original standing on such list.

4. The name of any person certified as eligible for a probationary appointment who shall decline such appointment shall be stricken from the list from which such certification is made, unless such declination be for one of the following reasons:

(a) Residence in a borough other than that in which the duties are to be performed; (b) insufficiency of the compensation offered, if such compensation be lower than the amount or the maximum amount stated in the announcement of examination; or (c) temporary inability, physical or otherwise, the evidences of which must be acceptable to and approved by the Commission and set forth in its minutes.

The failure of an eligible person to respond within four days to an offer of appointment sent to his post office address shall be considered a declination.

An eligible who has declined appointment by reason of the insufficiency of the compensation offered shall not be again certified for a position at the same or any less

compensation, and whenever one or more eligibles shall have declined appointment to any position for such reason, and an eligible whose standing is lower is appointed thereto, the compensation of such appointee shall not be increased within one year thereafter beyond the amount offered to any person so declining.

On notification from an appointing officer that a person named in a certification has declined appointment, and on receipt from such officer of such declination in writing, or of evidence of the failure of such person to respond to a notice properly sent, such certification shall be completed by addition of the name of the eligible next in order.

5. No certification shall remain in force for a longer period than fifteen days. Until such certification has been exhausted or terminated no new certification shall be made for the same position, but the names of the persons certified may be certified for any similar position.

6. Every person selected for appointment shall be required to fill out and sign, in the presence of the appointing officer or his representative, an identification sheet, repeating the essential facts stated by him at the time of examination, which shall be forwarded to the Commission with the notice of appointment and filed with the appointee's application papers.

If a person who is not entitled to certification is certified and appointed, his appointment, upon due notification from the Commission to the appointing officer, shall be revoked.

Rule XII.—Temporary and Exceptional Appointments.

1. When services are to be rendered of a temporary character, and for a limited period, the appointing officer shall inform the Commission, stating the duration of such period, the date of compensation and other conditions of employment, and may select for such employment one of the first three persons on the appropriate eligible list who, after due notice of the conditions, are willing to accept certification therefor; but successive temporary appointments shall not be made under this clause, nor shall any person be eligible to temporary appointment if he has served under either a temporary or a provisional appointment in the same department within the previous three months. Neither acceptance nor declination of any such temporary employment shall affect the right of an eligible to continued certification for permanent appointment; nor shall acceptance confer upon such eligible any of the rights of promotion, transfer or reinstatement.

2. The Commission shall establish and maintain a separate eligible list of persons willing to accept temporary employment as clerks, under the conditions of the preceding clause. If the appointing officer shall certify that the services of a person appointed from such list have been satisfactory the name of such person shall, at the termination of such temporary employment, be placed on a preferred list, from which he shall be eligible for reemployment for any similar service, under the conditions of Clause 1 of Rule XIII.

When a sufficient number of temporary clerks cannot be secured from such list, or from any other appropriate list, additional clerks may be employed without examination, in the following cases; but the appointing officer in each such case shall report to the Commission the names of the persons so employed, the character of their previous occupation, the terms of their employment by him and the rate of compensation to be paid them:

- In the office of the Receiver of Taxes, Department of Finance, for the period between September 1 and January 1 of each year;
- In the office of the Collector of Assessments and Arrears, Department of Finance, for the period between August 15 and December 15 of each year;
- In the office of the Registrar of Water Rates, Department of Water Supply, Gas and Electricity, for the period between May 1 and August 1 of each year;
- In the office of the Bureau of Elections, at times of election or registration, for a period of not exceeding forty days.

3. Whenever there are urgent reasons for filling a vacancy in any permanent position in the Competitive Class, and there is no existing appropriate eligible list, the appointing officer may nominate a person to the Commission for non-competitive examination, and if such nominee shall be certified by the Chief Examiner as qualified, after such examination, he may be appointed, provisionally, to fill such vacancy until an appropriate eligible list is established. The competitive examination for such position shall, in such case, be ordered, in the manner provided by Rule VII., for a date not later than three weeks from the date of such provisional appointment, and the papers in such examination shall be marked in advance of other papers in the hands of the examiners. Such provisional appointment shall not continue for more than ten days after an appropriate list has been established, nor for a longer period, in any case, than two months; nor shall successive provisional appointments be made to the same position under this provision.

4. Where there is a vacancy of an emergency character in a position in the competitive class, and it is not practicable either to secure a person by certification from an eligible list or to conduct a non-competitive examination in the absence of such a list in time to meet such emergency, an appointment may be made without certification or examination subject to the subsequent approval of the Commission, and for a period not exceeding one week, except that in the Department of Bridges Inspectors of Masonry may be so appointed for caisson work for a period not exceeding fifteen days; but successive appointments shall not be made under this provision.

5. Where there is a vacancy in any position in the Competitive Class demanding peculiar and exceptional qualifications of a scientific, professional or educational character, and upon satisfactory evidence that for specified reasons competition in such special case is not practicable, and that the position can best be filled by the selection of some designated person of high and recognized attainments in such qualities, the Commission may suspend the provisions of the rules requiring competition in such case; but no such suspension shall be general in its application to such position.

6. The Commission may, by resolution, except from competitive examination any person engaged in private business who shall render any professional, scientific, technical or expert service of an occasional and exceptional character to any city officer, and the amount of whose compensation in any one year shall not exceed \$250; provided that such limitation of compensation shall not apply to any person so employed by the Mayor or Corporation Counsel; and provided further, that the Commission may, by resolution, approved by the Mayor and the State Civil Service Commission, suspend such limitation in other cases.

7. The Commission may, by resolution, except from competitive examination any person who is to be appointed for service in a locality outside The City of New York who is a resident of such locality, and when appointment for such service from an eligible list is found to be not practicable; but no such person shall be eligible for transfer or assignment to work within the City.

8. All exceptions from competitive examination under this rule, with the circumstances thereof, shall be stated by the Commission in its annual report.

Rule XIII.—Suspension and Reinstatement.

1. Whenever any permanent position in the Competitive Class is abolished or made unnecessary, or whenever the number of positions of a certain character is reduced, the person or persons legally holding such positions shall be deemed to be suspended without pay, and the names of such persons shall, on due notification from the appointing officer, be placed by the Commission on a special list, under such classified title and corresponding to such competitive eligible list as, in the judgment of the Commission, most nearly cover the class of duties performed by such persons in the position from which suspension is made. For a period of one year from the date of suspension such persons shall be entitled to reinstatement in any position, or any grade of such position, for which certification from such corresponding eligible list might be made, and the Secretary shall certify their names to the proper appointing officer as entitled to such reinstatement, in the order of the dates of their original appointment to the classified service, before certification is made from such corresponding eligible list for any such vacancy; provided that such persons shall be selected for certification, first, for a position the same as that from which suspension was made, if the vacancy exists in such a position, and second, for corresponding or similar positions.

A person so certified who declines to accept a reinstatement, except for one of the reasons and under the conditions stated in subdivision 4 of Rule XI., shall be considered to be permanently separated from the service.

2. The provisions of the foregoing clause shall not apply to any person who resigns his position or who is suspended or removed therefrom for any reason other than those therein specified. Leaves of absence without pay may be granted by an appointing officer, without conflict with such provisions, where such absence does not exceed thirty days, or in case of sickness six months; but the Commission, in exceptional cases, the circumstances of which shall be stated in its minutes and in its

annual report, may extend such periods. Absence without leave for a period of five days, unless it be subsequently shown that such absence was unavoidable, shall be construed as a resignation.

3. A person who has resigned from a permanent competitive position, or who has been removed or otherwise separated therefrom for any cause other than fault or delinquency on his part, may be reinstated without examination, at any time within one year from the date of such separation, in a vacant position in the same class and grade, provided that for original entrance to such position there is not required by these rules, in the judgment of the Commission, an examination involving tests or qualifications different from or higher than those involved in the examination or appointment to the position formerly held by such persons. But no person shall be so reinstated who at any time within a year prior to the date of his separation from the service had been eligible for reinstatement as a suspended employee.

The Commission may in its discretion extend the period during which reinstatement may be made under this clause where the person seeking reinstatement resigned his position in order to serve in the Army or Navy of the United States in time of war, and has received an honorable discharge therefrom.

4. Upon the written request of an appointing officer, stating the essential facts regarding a reinstatement proposed under the foregoing clause, the Commission will, if such reinstatement be in accordance with law and these rules, issue its certificate to that effect to such officer, but no such reinstatement shall be made or recognized until after the issuance of such certificate.

Rule XIV.—Transfer.

1. A person who has been permanently appointed to a position in the Competitive Class may be transferred without examination to a similar position in such class, or to a position of the same grade thereof, if it be in a graded service, in any other department, office or institution; provided that for original entrance to the position proposed to be filled by transfer there is not required by these rules, in the judgment of the Commission, an examination involving tests or qualifications essentially different from or higher than those required in an examination for original entrance to the position from which transfer is sought; or provided he shall have passed the examination or obtained a place upon the eligible list in force for such position; and provided further that if such person entered the service without competitive examination, and prior to the requirement thereof in the case of the position held by him, he shall have served with fidelity for at least three years in such position, or in a similar position.

2. A person may be transferred from a position in one class to a position in another class, or from a position in any grade of the Competitive Class to a different grade in such class, who has served a year in the position from which transfer is sought, under special authority granted by the Commission, for reasons to be stated in its annual report, and subject to the provisions of Clause 1 of this rule.

3. A person who, by transfer or promotion from a competitive position, is holding a position in another class or in another grade, and who has served continuously therein from the date of such transfer or promotion, may be retransferred, without the application of the foregoing restrictions, either to the position originally held by him, or to any position to which transfer could be made therefrom.

4. Upon the written request of an appointing officer, stating the facts with reference to a proposed transfer, accompanied by the consent, also in writing, of the appointing officer from whose jurisdiction the transfer is to be made, the Commission will, if such transfer be in accordance with law and the provisions of these rules, issue its certificate to that effect; but no such transfer shall be made or recognized until after the issuance of such certificate.

Rule XV.—Promotion.

1. Vacancies in positions above the lowest grade in any part of the Competitive Class, except Part I, that are not filled by original appointment, transfer, reinstatement or reduction, shall be filled by promotion, based, so far as practicable, on competitive tests.

2. Examinations for promotion shall be ordered as often as may be necessary to meet or to anticipate the needs of the higher grades, and, so far as practicable, shall be held periodically. Except where otherwise provided by law, such examinations shall be open, in each case, to all persons who shall have served with fidelity for not less than six months in positions of the same group or general character in the grade next lower, in the same department, office or institution; except that, for reasons to be set forth in its minutes, and where permitted by law, the Commission may open such examination to persons in two or more lower grades who shall have served with fidelity for not less than six months in the positions held by them respectively.

Notice of such examination shall be given by the Secretary to all eligible persons in the grade or grades from which promotion is to be made at least one week in advance of the date thereof.

3. A position in any of the aforesaid parts the compensation of which is not identical with that specified in the classification for any grade of such part shall, for purposes of promotion, be deemed as of the grade the compensation of which is specified as next lower than the compensation paid.

4. No such examination shall be held under any title not designated in the classification; except that, for reasons to be stated in its minutes, the Commission may hold an examination under the office title of a position above Grade 4 of the clerical service, where the duties to be performed are of a fixed and distinctive character, and where such office title has been in common use for not less than a year.

5. No person shall be admitted to an examination for promotion who lacks any preliminary qualification for the position to be filled fixed by law, or by these rules or by lawful regulation of his department, or who may have become ineligible for any of the causes set forth in Clause 14 of Rule VII.

6. The subjects of rating and the relative weights thereof, in any competitive promotion examination shall be as follows: For seniority of service in the position or grade from which promotion is sought, 20; for comparative conduct and efficiency in previous service in such position or grade, 40; and for written papers on pertinent subjects, 40; provided, that in rating for seniority, where more than one grade is opened, such rating shall be based upon the service of a candidate in all of such grades; and, provided further, that the maximum term of service in a position or grade to be considered in rating for seniority shall be fifteen years.

7. To provide a basis of rating for previous service, there shall be kept in each department or office continuous and permanent records of the efficiency character and conduct of all persons employed in graded positions therein. Such records shall be known as "efficiency records," and the entries made therein shall have reference to (a) the quality or degree of excellence of the services or work performed by each such officer or employee; (b) the quantity of work performed by him, where such work is of a character permitting definite estimation; (c) his aptitude and capacity for initiative; (d) his punctuality and attendance; and (e) his character and habits, in so far as they affect his efficiency or trustworthiness.

Such records shall be established by each officer having the power of appointment to such positions within six months after the taking effect of this rule, and shall be subject to the prior approval of the Commission as to their scope and form.

8. The entries upon an efficiency record shall be made by the administrative officer most closely in touch with the work of the officer or employee to be rated, who shall be designated, for such purpose, by the appointing officer. On the first days of April and October, respectively, in each year, the appointing officer shall certify and transmit to the Commission a transcript or summary of such record, indicating, under the appropriate heads, the comparative character of the service of each such officer or employee, and specifying all acts or performances in the line of duty, and all rewards, or measures of discipline, that are to the credit or discredit of each; and, whenever the Commission so requires, he shall transmit, in advance of a particular examination, a like certification of the full record of each candidate for service and efficiency in the grade or position from which he seeks promotion. The efficiency record shall serve as the basis of rating for that part of the previous service of a candidate that it covers. For periods of service prior to the establishment, or in the absence of, any such record such rating shall be based upon such certificates, covering the several elements of service herein specified, in such form as the Commission may require.

Whenever, in the judgment of the Chief Examiner, more exact information is required, for the purposes of such rating, than that given in any summary, the original record may be consulted in such case. Such records shall be open either

to the Chief Examiner, or to any examiner designated by him; and, at reasonable times, to any officer or employee whose conduct is noted therein.

9. Whenever there are less than three persons eligible for promotion to fill a vacancy in a graded position, and willing to compete therefor, an eligible nominated by the appointing officer may be promoted to the grade next higher upon a statement of the facts to the Commission, and, on passing a non-competitive examination similar in scope, subjects and preliminary conditions to such examination as would have been prescribed in case of competition.

10. Whenever a vacancy exists or is anticipated in a position in the ungraded service which, in the opinion of the appointing officer, or of the Commission, can be filled satisfactorily by a selection for promotion from among persons holding positions of lower but corresponding character, the Commission may order a competitive examination for such promotion, open to all persons who shall have served with fidelity for not less than six months in such lower position.

11. Whenever a vacancy exists or is anticipated in a position in the ungraded service, or in the lowest grade of the Street Cleaning service, which, in the opinion of the Commission, can be filled satisfactorily by the promotion of persons employed in a position of lower but corresponding character in the Labor Class, the Commission may, by resolution, order a competitive examination for such promotion open to all persons who have served with fidelity for not less than three years in such lower position.

The subjects and weights for any examination held under this clause, or the clause preceding, shall be fixed as in the case of an examination for original appointment to the position to be filled, except that due weight shall be given to the elements of seniority and relative efficiency in previous service.

12. Any person in the competitive service who shall have passed an examination for either appointment or promotion covering in its scope a higher grade or compensation than that of the position he holds, shall, if not otherwise disqualified, be eligible for promotion or advancement to such higher grade or compensation without further examination under this rule.

13. No recommendation for the promotion of any person in the classified service shall be considered by any officer concerned in making promotions unless it shall be made by an officer under whose supervision such person has served; such recommendation by any other person, if made with the knowledge and consent of the person to whom it relates, shall be sufficient cause from debarring such person from the promotion proposed, and a repetition of the offense shall be sufficient cause for his removal.

14. Except as this rule otherwise provides, the conduct of an examination for promotion and the making of selections therefrom any eligible list formed as the result of such examination shall be governed by the rules relating to original appointment.

Rule XVI.—Removals.

1. No person holding a position in the service of the City shall be removed from such position, except in the manner prescribed by the Charter and the Civil Service Law; and the officer charged with the power of removal, in each case, shall transmit to the Commission, with the report of his action required under Rule XX., a copy of the reasons therefor, or of the findings of any trial board or officer, as stated to the person removed, and as filed in the department or office.

2. No person who is an honorably discharged soldier, sailor or marine, having served as such in the Union army or navy during the War of the Rebellion, or in the volunteer army or navy of the United States during the Spanish War, or who is a veteran volunteer fireman, shall be removed from any position in the classified service except in the manner prescribed by section 21 of the Civil Service Law.

3. The provisions of this rule shall apply to the removal of any person from a graded position by reduction to a position in a lower grade, but shall not apply to a suspension from service for lack of work or reduction of force.

Rule XVII.—Special Provisions Affecting the Police and Fire Services.

1. Before admission to an examination for the Police or the Fire service, each applicant therefor, whose application has been accepted, shall be subjected to medical and physical tests having reference to (a) measurements of weight, height and chest expansion and mobility; (b) sight and hearing; (c) habits as to the use of stimulants and narcotics; (d) general organic condition, and (e) previous condition of health. The medical and physical examiners shall report to the Commission in writing the results of such tests, and no applicant shall be admitted to the examination who is not certified by them to be qualified and sound in each of the aforesaid particulars.

2. The minimum relative measurements required shall be as follows:

Firemen.		Height.	Weight.	Patrolmen.	
Expansion.	Mobility.			Expansion.	Mobility.
35 inches.	2 inches.	5 feet 7 inches.	137 pounds.	33½ inches.	2½ inches.
35½ inches.	2½ inches.	5 feet 8 inches.	140 pounds.	33½ inches.	2½ inches.
35½ inches.	2 inches.	5 feet 7½ inches.	138 pounds.	34 inches.	2½ inches.
36 inches.	2½ inches.	5 feet 9 inches.	145 pounds.	34 inches.	2½ inches.
36 inches.	2½ inches.	5 feet 10 inches.	150 pounds.	34½ inches.	2½ inches.
35½ inches.	2½ inches.	5 feet 11 inches.	155 pounds.	34½ inches.	3 inches.
36½ inches.	3 inches.	6 feet 0 inches.	160 pounds.	35 inches.	3 inches.
37 inches.	3 inches.	6 feet 1 inch.	165 pounds.	35 inches.	3 inches.
37 inches.	3 inches.	6 feet 2 inches.	170 pounds.	35½ inches.	3 inches.
37 inches.	3 inches.	6 feet 3 inches.	175 pounds.	35½ inches.	3½ inches.
37 inches.	3½ inches.	6 feet 4 inches.	180 pounds.	36 inches.	3½ inches.
37 inches.	3½ inches.	6 feet 5 inches.	185 pounds.		

3. The subjects of rating in such examination, and the relative weights thereof, shall be as follows: Physical development, 20; strength, 20; experience and previous training, 10; written papers, covering knowledge of the ordinary functions of the State and City governments, information as to City streets and localities, writing from memory the substance of orders communicated orally or otherwise, and such elementary subjects as may be prescribed, 50.

4. No applicant shall be eligible for appointment whose ascertained average on either the physical development, strength or written tests is less than 70 per cent., or whose general average is less than 70 per cent.

5. In a competition for promotion in the Police or the Fire service, the written examination shall cover the writing of a report to a superior officer on some designated subject; knowledge of the administration, organization and discipline of the Police or the Fire Department; knowledge of the administrative relations of such Department with other branches of the City Government; knowledge of laws or ordinances relating to Police or Fire duty; knowledge and construction of departmental rules and regulations; knowledge of the simple rules of evidence (in the case of the Police service), and such other pertinent subjects as the Chief Examiner, subject to the direction of the Commission, may prescribe.

Such written examination shall be of higher and more exhaustive character as the grade examined for advances.

6. No candidate shall be eligible for promotion whose ascertained general average is less than 80 per cent.

7. Whenever a position in either the Police or the Fire service to which promotion is sought calls for qualifications of a special or technical character, the Chief Examiner may, subject to the direction of the Commission, fix such subjects therefor as may be appropriate, in addition to those required for the promotion in grade; but such subjects shall conform as nearly as possible to those set for similar positions in other parts of the competitive class.

8. The position of Engineer of Steamer, in Grade 1 of the Fire service, shall be filled by special competitive examination, open to all Firemen of the first grade as defined by section 740 of the City Charter.

9. In every particular not herein specified appointments or promotions in the Police or the Fire service are subject to the general provisions of these rules.

Rule XVIII.—The Non-Competitive Class.

1. The positions in the Non-Competitive Class shall be those of a minor nature, in the City institutions or elsewhere, that it is not practicable to fill either through competition or through registration under the provisions of Rule XIX., and that are specifically designated in the classification.

2. In each department or institution where there are positions in the Non-Competitive Class, there shall be a Board of Examiners for such positions, composed of not less than three superior officers or employees of such department or institution,

who shall be designated by the appointing officer therein, subject to confirmation by the Commission.

A vacancy in any position in the said class may be filled by the appointment of any person who, upon nomination by the appointing officer to such Board of Examiners, and upon appropriate non-competitive examination, shall be certified by such Board to be qualified to perform the duties of such position. In any department or institution having a number of such employees in the same class of work, the appointing officer, in order to provide a list permitting immediate selection, in case of necessity, may nominate for examination more than one person, but selection shall be made, in such a case, in the order of the placing of the names upon such list.

3. Such examinations shall be conducted so as to show (a) that the applicant is free from any physical defect likely to interfere with the proper discharge of his duties; (b) that his general character and habits are satisfactory, and (c) that he possesses the requisite knowledge and ability, or that he is qualified by experience to discharge his duties efficiently and intelligently.

To preserve as far as practicable a uniform standard of qualifications for like positions in different departments the Commission, after consultation with the appointing officer concerned, may prescribe uniform conditions and tests of fitness for the guidance and government of the Examiners.

4. For the position of Trained Nurse, when the applicant is a registered Nurse, under chapter 293 of the Laws of 1903, a certificate of such registry may, when presented, be accepted in lieu of the examination required herein, and for the position of Master, Mate or Pilot the certificate or license of the United States Steamboat Inspection Bureau may be accepted in lieu of such examination.

5. Each Board of Examiners shall transmit to the Commission at the end of each month a statement of the results of the examinations they have conducted, setting forth the names of the persons examined or appointed, the compensation of each, and such other information as the Commission may require.

Rule XIX.—The Labor Class.

1. Positions in the Labor Class that are not filled through transfer or reinstatement shall be filled by selection, in the manner hereinafter provided, from among those persons whose names are highest on the most nearly appropriate eligible list, resulting from the registration, according to priority of application, of duly qualified applicants therefor.

2. The Commission shall establish, and so far as practicable shall maintain continuously, registration lists of persons eligible for employment under each title in the Labor Class, and, where the character of the position requires, may establish separate lists under such titles for each borough; but a person certified and employed from a borough list shall not be eligible for transfer or assignment to work in any other borough within six months from the date of such employment.

3. For the purposes of such registration, and of the qualifying examinations required, the Labor Class shall be subdivided as follows:

Part I.—Laborers and others registered for employment in a designated borough.

Part II.—Mechanics and others registered for employment in any borough.

Part III.—Mechanics registered for employment in any borough, subject to trade examination.

The positions included in each of the aforesaid subdivisions shall be those so designated in the classification.

4. Applications for registration for positions in the Labor Class shall be addressed to the Commission on a prescribed form, signed by the applicant with his name or mark, indicating the position sought, stating, under oath, such facts as to his age, residence, citizenship, physical condition, previous occupation and experience as the Commission may require, and accompanied by the certificate of three reputable citizens, whose residences or places of business are within The City of New York, to the effect that they have known him personally for not less than one year, that they believe his character and habits of industry and sobriety to be good, and that they have read his statements and believe them to be correct. If the applicant has been employed, at least one of such persons shall be an employer or former employer, who shall certify as to his capacity for the kind of work for which he applies, or an explanation satisfactory to the Commission shall be given as to why such a certificate cannot be obtained. If the application is not in the handwriting of the applicant, he shall state by whom it was written, giving the name, occupation and address of such person.

When the applicant desires to be registered for employment in any recognized trade, he shall state the number of years of his general experience as a journeyman in such trade, and shall present, in addition to the certificates aforesaid, a certificate, signed by a firm, or member thereof, by which he has been employed in such trade, or by a superintendent or master workman, still in the service of such firm, under whom he has worked therein, vouching for his practical capacity and fitness as a mechanic.

No certificate required under this clause shall be based upon previous employment in a City department unless signed both by the head of such department and by the officer under whose personal supervision the services, in such case, were performed.

The classification of positions in the Labor Class and the text of this rule shall be printed, for the information of applicants, on the blank form of application, and copies of such form shall be procurable, on the personal or written request of the applicant, at the Labor Bureau of the Commission only.

5. Applications for a given position shall be received either continuously or between fixed dates, as the Commission may by regulation or resolution require; but no such fixed period shall be of less duration than two weeks, and public notice thereof shall be given, so far as practicable, in the manner prescribed for a position in the Competitive Class.

6. On the receipt of an application properly filled out and attested, and accompanied by the required certificates, a number shall be affixed thereto, showing the order of such receipt, and the name of the applicant shall be recorded in such order. As often as may be necessary to meet or to anticipate the needs of the service, such applicants shall be notified, in the order of application, to appear for physical examination, at such time and place as the Commission may require. The number called for such examination shall be sufficient to provide an adequate registration list, but shall in no case be less than fifty, if that number have applied. No application when filed shall be subject to change, or be returned to the applicant for any reason.

7. On appearing for the physical examination applicants shall be questioned concerning the statements made in their application blanks and concerning their previous employment and experience. If the answers made are in any important respect at variance with such statements, examination in such case shall be suspended, and if it appears on investigation, or through information otherwise received, that such applicant has willfully made a false statement or that he has connived at any false statement made in any certificate, his name shall be removed from any list on which it appears, and he shall be disqualified thereafter for either examination or registration.

An applicant who fails to report for physical examination, when duly notified, shall lose his application number; but his name may, in the discretion of the Commission, be again recorded, without renewal of his application, if a request in writing, stating the reasons for such failure, be presented not later than ten days thereafter.

8. The physical examination shall have reference generally to (a) measurements of weight and height; (b) sight and hearing; (c) habits as to the use of stimulants and narcotics; (d) general organic condition, and (e) previous condition of health; and, particularly, to such qualities of strength or endurance as may be important in the kind of work to be performed.

For positions in Part III, applicants shall be subjected, further, to practicable tests of skill and capacity in the use of the tools of their trade.

The Commission may prescribe limits of age for any position where, in its judgment, the nature of the work to be performed demands, and subject to the provisions of law respecting veterans.

9. The names of those persons who are certified by the examiners to be physically qualified for the employment sought, and, where the position is in Part III, to be qualified in their respective trades, shall be entered upon the appropriate registration list in the order of original application; except that the names of veterans, thus qualified, shall be placed at the head of such list, in the order of application.

No person shall remain eligible for selection for employment from such list who, on the first day of January, April, July or October, in any year, has been carried thereon for one year or longer; but the Commission may, at his request, and

in its discretion, allow a re-examination of such person, physically, at the termination of any period of his eligibility, and if he shall again be qualified, as the result of such examination, his name shall be retained on such list for one year from such quarterly date.

No application shall remain in force which, on any such date, has run for two years or longer without a call for examination; unless, with the consent of the Commission, it be renewed for a further period of two years.

Notice shall be sent, with a copy of this clause, to each person whose eligibility either for appointment from a registration list or for examination is about to terminate, not less than two weeks in advance of such termination.

10. When the services of laborers are required in any department, office or institution, the appointing officer thereof shall notify the Commission, stating the character of the work to be performed, the place of employment, the number of persons required, the wages to be paid and the probable duration of such employment. The Commission shall thereupon certify from the appropriate list the names of those standing highest thereon, and, except as herein provided, such certification, and appointments or selections for employment therefrom, shall be made in the manner prescribed by Rule XI. for positions in the Competitive Class.

11. In case of emergency, where it is not practicable to secure laborers from an eligible list with sufficient promptness, or where a list is temporarily exhausted, an appointing officer may hire and employ for a period not exceeding five days as many persons as may be required, but he shall in such a case report his action, with the full particulars thereof, to the Commission, and such action shall be subject to the Commission's subsequent approval.

12. It shall be the duty of an appointing officer to submit in such manner as the Commission may prescribe the report of appointments and changes in the Labor Class required by law, and upon the termination of an employment he shall in each case certify to the Commission the reasons therefor. Where such termination is due to a reduction of force the name of the person affected, if he has been employed for a period of three months or less, shall be restored to the registration list, in its original relative order; if such person has been employed for a longer period than three months, he shall be deemed to be suspended from such employment, and shall be registered upon a preferred list for reinstatement, if his services be again required, in the manner prescribed by clause 1 of Rule XIII. for positions in the Competitive Class.

No person whose employment is terminated for the reason of failure to work, incompetency, or physical or moral unfitness, shall be eligible for re-registration for a period of six months from the date of such termination, and then only upon furnishing to the Commission a satisfactory explanation of his failure to work, or satisfactory evidence that such other disqualification no longer exists.

A person employed in a labor position under these rules, who, after three months' service in such position, left it voluntarily, and without fault or delinquency on his part, may be re-employed in the same position, within one year of the date of his separation, without further examination or registration if there be no persons eligible for reinstatement upon a preferred list for such position.

13. A person who has served with fidelity for one year in a position in the Labor Class may be transferred to any other position therein for which he may be shown to possess such qualifications, in respect either to previous experience or to physical or technical fitness, as may be required in the case of original appointment to such other position, on the issuance by the Commission of a certificate to such effect; but no person shall be otherwise transferred or assigned to the duties of a different position, except that in the Department of Street Cleaning, during the winter season, persons in the uniformed force may be detailed in emergencies for clerical service in the offices of the Snow and Ice Bureau.

14. Where, through the operation of these rules, the title of an existing registration list is discontinued, the names of persons thereon shall be placed upon such other existing list as the Commission, by resolution, may declare to be most appropriate, in the same order, with relation to other names upon such list, as though they had been originally registered thereon.

Rule XX.—The Civil List and Reports of Changes in the Service.

1. The Commission shall keep in its office an official roster of the classified City service, which shall be known as the "Civil List," and a transcript of which, omitting the names of persons in the Labor or the Non-Competitive Class, and of date of December 31 of each year, shall be published in the "City Record" during the month of January following. The Commission shall enter upon such roster the name of every person who has been appointed to or employed, promoted or reinstated in any position in such service, upon such evidence as it may require or deem satisfactory, that such person was appointed, employed, promoted or reinstated in conformity with the provisions of law and of these rules. Such roster shall show opposite or in connection with each name placed thereon the date of appointment, employment, promotion or reinstatement, the compensation of the position, the date of commencement of service, and the date of transfer in or of separation from the service by suspension, removal, resignation, cancellation of appointment or death. Such roster shall also bear the residence, by street numbers where there are such, of each such person, which shall be corrected when such residence is changed, on notice from the said person in writing.

2. In preparing the transcript of such roster for publication, or for transmission with its annual report to the State Civil Service Commission, the Commission shall summarize the number of persons employed in the Labor and in the Non-Competitive Class respectively, and as accurately as practicable, the details of such employment, and, before publishing or transmitting such roster, shall append thereto a copy of such summary. In connection with such annual publication in the "City Record," the Commission shall publish also a separate statement, giving, by departments, the names of all persons whose official status has been changed during the year covered, either by promotion or reduction, or by increase or decrease of compensation, and showing, in each case, the date of such change, the titles of positions interchanged, the differences in salary, and, in cases of advance in status, whether such advance was based upon examination under these rules.

3. It shall be the duty of each appointing officer to report to the Commission in writing each selection made by him for appointment to, or employment or reinstatement in, any position in the classified service, except in the Non-Competitive Class, upon the date thereof, stating, in each case, the name of the appointee or employee, the title and character of his office or employment, the date of commencement of service by virtue thereof, and the amount of compensation to be paid; and it shall be the duty of such officer to report to the Commission, in like manner, upon the date of his official action therein or knowledge thereof, in each case, every suspension, removal or resignation from, or transfer to, any such position, with such pertinent data with relation to each as the Commission may require.

Rule XXI.—Certification of Payrolls.

1. It shall be the duty of the appointing officer in any department, office or institution the employees of which are paid direct from the treasury of the City to submit to the Commission all payrolls for certification, as required by section 19 of the Civil Service Law, and to certify to the Commission that the persons named therein were appointed or promoted to, or employed in the positions indicated, in compliance with the provisions of the Civil Service Law and of these rules, and that they are regularly employed in the performance of the appropriate duties of such indicated positions, and have at no time during the period covered by such payroll been assigned to the performance of duties appertaining to any other title.

2. All payrolls shall, before transmission to the Comptroller or other fiscal officer of the City, bear the certificate of the Commission that the persons whose names appear thereon have been appointed or employed or promoted in pursuance of the Civil Service Law and of these rules. Such payrolls shall in each case be verified by comparison with the official roster, and if it appears that any person whose name is borne thereon has been appointed or employed, or continued in employment, in any manner contrary to the provisions of law or of these rules, such certification, in the case of such person, shall be denied.

The Commission, by resolution, may authorize either the Secretary or the Assistant Secretary to attach the certificate herein required.

Rule XXII.—Transmission of Rules.

The Commission shall transmit a certified copy of these rules within ten days of their promulgation to each board or officer having power of appointment to any office or position in the City service, and in like manner to each such officer who may hereafter be elected or appointed, on the assumption of the duties and authority of his office.

9677 Peter J. Gallagher, No. 505 Henry street, Brooklyn.

9706 Patrick J. Joyce, Brooklyn avenue and Lincoln road, Brooklyn.

The following named persons, having been rejected in the medical examination for Fireman for various reasons, appeal for a special re-examination. The Committee is of the opinion and recommends that these appeals be granted, provided, however, that under no circumstances shall any candidate be granted more than one re-examination:

11713 James J. Breen, No. 67 Jersey street, New Brighton.

9751 Martin F. Murray, No. 229 East One Hundred and Sixth street.

12329 William J. Hayes, No. 102 Bedford avenue, Brooklyn.

On motion, the report of the Committee on Appeals was adopted.

The Committee on Transfers reported that the following transfers had been approved:

William Hauck, Assistant Engineer, Rapid Transit Commission to Aqueduct Commission.

Adolph Salmon, Topographical Draughtsman, President of the Borough of Brooklyn to President of the Borough of Manhattan.

Timothy A. Haggerty, Inspector of Masonry, Aqueduct Commission to Department of Bridges.

Cornelius Mulcahy, Chainman to Topographical Draughtsman; John P. Lonergan, Axeman to Rodman, and James Pearse, Jr., Axeman to Rodman, Rapid Transit Commission, their names appearing on the eligible lists for the positions to which they are transferred.

Mary Dennerhy, Attendant, Department of Docks and Ferries, to President of the Borough of Manhattan.

Delia Cullen, Cleaner, Brooklyn Disciplinary Training School, to Department of Parks, Brooklyn.

Charles J. Callaghan, Court Attendant, from Twelfth District Municipal Court, Manhattan, to Eleventh District Municipal Court, Manhattan.

Henry Millard, Junior Clerk, to Clerk, Department of Taxes and Assessments, his name appearing on the eligible list for the latter position.

Thomas H. McCarrick, Attendant, from Eleventh District Municipal Court, Manhattan, to 12th District Municipal Court, Manhattan.

John F. Worstell, from Assistant Superintendent of Baths and Public Comfort Stations to Superintendent of Baths and Public Comfort Stations, Department of Public Works, Brooklyn, he having been originally appointed from the eligible list for the latter position.

John Rader, Mechanic's Helper to Axeman, President of the Borough of Richmond, his name appearing on the eligible list for the latter position.

Louis F. Schofield, Clerk, Board of Coroners, Borough of The Bronx, to Court Attendant, Second District Municipal Court, Borough of The Bronx;

—and that the following had been disapproved:

William S. Morgenroth, Junior Clerk to Clerk, Department of Parks, Manhattan and Richmond.

Everett W. Sharkey, Bookkeeper to Clerk, Department of Health, there being a preferred list for the latter position.

On motion, the report of the Committee on Transfers was adopted.

The Secretary presented the request of the Commissioner of Street Cleaning, laid over from the last meeting, that the position of Master Mechanic be included in the classification, and called the attention of the Commission to the fact that the title was included in grade 3 of part VI. of the classification adopted earlier in the meeting.

On motion, the papers were ordered filed.

On motion, the request of the Department of Water Supply, Gas and Electricity that the position of Inspector of Filter Plants be included in the classification, and that, pending action, authority be given for the employment of a person for a temporary period, under the provisions of rule 7, paragraph 1, was denied.

Deputy Commissioner Van Iderstine, of the Department of Water Supply, Gas and Electricity, appeared before the Commission and requested that the title of "Inspector

of Pipe Castings, Stop-cocks and Hydrants" be included in the classification. He stated that he was unable to procure the services of persons familiar with this branch from the eligible list for the position of Inspector of Pipes, Pipe Laying and Hydrants, and requested the Commission to take such action as would render it possible for him to secure the services of suitable persons without delay. A number of persons having been appointed temporarily to the position, under the provisions of rule 7, paragraph 1, the attention of the Deputy Commissioner was called to the eighth paragraph of rule 7, providing that appointments might be made without competitive examination where a person was to be appointed for service outside The City of New York who is a resident of the locality in which such service is to be performed.

On motion, duly seconded, it was Resolved, That the classification of positions in Schedule D be amended by including therein the following position:

Inspector of Pipe Castings, Stop-cocks and Hydrants.

On motion, the request of the Commissioner of Public Charities that the title "General Inspector" be stricken from the Exempt Class was denied.

The Secretary submitted the following report showing the amount of the office payroll for the month of November, 1903:

Payroll of officers, Clerks and salaried Examiners.....	\$6,660 99

Total.....	\$6,651 99

A letter was presented from the Commissioner of Correction, requesting that the certificate of the Commission be attached to the payroll of Francis J. Ellis, appointed as Resident Physician at Riker's Island. It appearing that this appointment was made without the authority of the Commission, and that Mr. Ellis did not first pass an examination, on motion, the request was denied.

The following bills were approved and ordered paid:

Jackson's Express	\$1 75
Dodd, Mead & Co., three volumes International Encyclopaedia.....	16 80
C. L. Hendrickson, cleaning and laying carpets.....	12 00

The Chief Examiner submitted the following report upon the request of the Commissioner of Public Charities that an examination be held for the position of Deputy Superintendent of the Bureau of Dependent Adults:

November 20, 1903.

The Municipal Civil Service Commission:

Gentlemen—With reference to the letter from the Commissioner of Charities, under date of October 29, which has been referred to me, I have to report that in my opinion, certification for the position of Deputy Superintendent, Bureau of Dependent Adults, might properly be made from the list of Examiner of Charitable Institutions. The existing list, however, is an old one, having been established in 1900. It may, therefore, be desirable to call a new examination. There is no list in existence for Superintendent of Out Door Poor, which position apparently corresponds to the one mentioned in the letter of the Commissioner of Charities.

Very truly yours,

F. G. IRELAND, Chief Examiner.

On motion, the report was ordered filed, and the Secretary was instructed to certify from the eligible list for Examiner of Charitable Institutions upon receipt of a requisition for an eligible list from which a Deputy Superintendent of the Bureau of Dependent Adults may be appointed.

The Labor Clerk submitted a request for information as to the receipt of applications for the position of Driver with horse and cart.

On motion, duly seconded, it was

Resolved, That applications for the position of Driver with horse and cart be received only from the person intending to act as Driver, and that he be required to pass a physical examination; and

Resolved, That the suggestion of the Commissioner of Parks, Boroughs of Manhattan and Richmond, that there be an examination to determine the physical condition of the horses, be adopted.

A letter was presented from the State Civil Service Commission, announcing that the next meeting would be held on Friday, December 4, and requesting that the proposed new rules be submitted to the Commission on or before the morning of that day. The letter was ordered filed.

A letter was presented from the Mayor announcing the approval by him of the resolution of the Commission excepting from examination, under the provisions of Rule 7, paragraph 4, William H. Sando, Engineer in the Department of Water Supply, Gas and Electricity. The letter was ordered filed.

A letter was presented from Deputy Commissioner De Long, of the Department of Water Supply, Gas and Electricity, stating that on the day that James D. McCann, Clerk, was called to appear for examination for promotion he was requested to remain in the office of the Department in order that the public business might be properly attended to, and asking that he be given a special examination.

On motion, the request was granted.

A letter was presented from the Fire Commissioner, informing the Commission of a vacancy in the position of Chief of the Fire Department, and requesting that at the earliest date practicable an examination be held for promotion to that position.

On motion, the following resolution was adopted:

Whereas, Civil Service Rule 38, paragraph 4, provides that "on receiving the notification of an appointing officer that a vacancy exists which is to be filled by promotion, the Municipal Commission, after consultation with such officer, shall set the earliest date practicable for the examination, etc.":

Resolved, That Commissioner Dykman be and is hereby requested to consult with the Fire Commissioner with reference to the examination for promotion to the position of Chief of the Fire Department, requested by him.

A letter was presented from the Commissioner of Public Works, Borough of Richmond, informing the Commission of the necessity for dispensing with the services of a number of Laborers in his Department. He stated that from time to time during the winter the services of these men would be required to remove snow, to repair damages caused by storms, etc., and that his work would be seriously hampered if he were to be required to inform the Commission when these men were laid off, and then request certification from the preferred list when their services were needed again. He requested the Commission to pass the payrolls of the Department, with the names of the men written thereon, and with notes opposite those names on the rolls for the weeks during which they were not actually employed, in order that he might put the men to work at any time on call.

On motion, the request was granted.

A letter was presented from the Commissioner of Street Cleaning, requesting that the position of Superintendent of Stables be classified.

On motion, the Secretary was instructed to arrange for a public hearing on the request.

A letter was presented from the Police Department, requesting that the position of Complaint Clerk be transferred from the Exempt to the Competitive Class.

On motion, the Secretary was instructed to arrange for a public hearing on the request.

A letter was presented from the Department of Police, transmitting the request of Robert List, Typewriting Copyist, first grade, that he be admitted to the examination for promotion to the position of Deputy Clerk, third grade.

It appearing that Mr. List has not yet served for one year in his present position, on motion, the request was denied.

A letter was presented from the Department of Public Works, Brooklyn, requesting that William R. Droege, Stenographer and Typewriter, second grade, be admitted to the examination for promotion to the fourth grade.

It appearing that Mr. Droege has not yet served for one year in his present position, on motion, the request was denied.

A letter was presented from the Bureau of Public Buildings and Offices, Brooklyn, requesting that the payroll of Max Klett, Cleaner, be passed from the time that he entered upon the performance of his duties in that Bureau. It appeared that on October 12 the Superintendent of the Bureau requested authority to transfer Mr. Klett from the Department of Docks and Ferries to his Bureau, but through error requested authority to transfer him to the position of Attendant. Mr. Klett entered immediately upon the performance of his duties as a Cleaner, and subsequently the Civil Service Commission declined to authorize the transfer to the position of Attendant. It appeared, however, that Mr. Klett had never performed the duties of an Attendant.

On motion, the request was granted.

A letter was presented from the Commissioner of Public Charities, requesting the Commission to recognize the transfer of Dr. William B. Mosely from the Manhattan State Hospital to the position of Resident Physician in his Department.

It appearing that the transfer had already received the approval of the State Civil Service Commission, on motion, the request was granted, and the Secretary was instructed to issue the certificate of transfer, under the provisions of rule 40.

A letter was presented from the Secretary of the Board of Education, transmitting a report of the Committee on Care of Buildings upon the matter employing Assistants to Janitors in the public schools from the eligible lists of the Commission.

On motion, the papers were ordered filed.

A letter was presented from the Department of Taxes and Assessments, requesting the Commission to pass the payrolls of Frazco L. Belknap and twelve others, Topographical Draftsmen, appointed temporarily under the provisions of rule 7, paragraph 1, for services rendered after the expiration of the two months fixed by that paragraph.

On motion, the request was denied for lack of power.

A letter was presented from the Secretary of the Commissioner of Public Works, Brooklyn, explaining the Commissioner's reasons in granting leaves of absence to Giuseppe Gallichio, James Stackpole, William Baker and Bernard Celestine, Laborers, in his Department.

On motion, the action of the Commissioner in granting leave of absence was recognized.

A letter was presented from the Department of Docks and Ferries, explaining the reasons of the Commissioner for granting leaves of absence to Stephen Walsh and Michael McGrath, Stonecutters, and James O'Brien and Jos. Campbell, Laborers, in his Department.

On motion the action of the Commissioner was recognized.

A letter was presented from the Department of Parks, Manhattan and Richmond, explaining the reasons of the Commissioner in granting leaves of absence to Peter Lawson, Stenographer and Typewriter, Edward Murray, Keeper of Menagerie, and Christopher Brede, Carpenter.

On motion, the action of the Commissioner in these cases was recognized.

A letter was presented from the Department of Water Supply, Gas and Electricity with further reference to their request that the Commission recognize the appointment of John J. Trimble, Engineman, as permanent from October 6, 1903, it appearing that on that day Mr. Trimble was eligible for permanent appointment and that there was no preferred list formed pursuant to the provisions of section 1543 of the Charter.

The request was granted, and the Secretary was instructed to pass Mr. Trimble's payroll.

A letter was presented from the Superintendent of the Brooklyn Disciplinary Training School, informing the Commission of the appointment of B. J. Brophy as Caretaker for one week, under the provisions of rule 7, paragraph 2.

It appearing that Mr. Brophy had been appointed under the provisions of this paragraph for the preceding week, the Secretary was instructed to inform the Superintendent that the appointment could not be recognized.

The following reports of Examining Boards for non-competitive positions were approved and ordered filed:

Department of Public Charities—November 30.

Department of Correction—November 30.

Department of Health—November 30.

The President announced that he had issued a special notice to Andrew Higbenrother, candidate for promotion to Assistant Foreman in the Fire Department, to appear for special mental examination. He stated that this candidate failed in the first physical examination, but that on August 26 he was granted a physical re-examination, which was held on October 24, and which he passed.

On motion, the action of the President was ratified and approved.

The President announced that he had issued a special notice to George C. Guebel to appear for the mental examination for the position of Fireman. Through an error, Mr. Guebel had been notified that he was not eligible to compete in the examination, under the last paragraph of Rule 13, and it was stated that he had failed in the last examination held within nine months. It subsequently appeared, however, that Mr. Guebel's brother, Charles Guebel, had failed in such examination, and that George C. Guebel was not a candidate at that time.

On motion, the action of the President was approved.

The President announced that he had issued a special notice to Patrick F. Kelly, Fireman, to appear for the mental examination for that position. He stated that Mr. Kelly was not notified to appear for the regular mental examination inasmuch as he had not responded to his notice to appear for the physical examination. Mr. Kelly has subsequently called at the office, however, and made affidavit to the effect that he has not received a notice for the physical examination.

On motion, the action of the President was approved.

On motion, the applications of the following-named persons for Junior Clerk, received in the first mail after the expiration of the time fixed for the receipt of such applications, were accepted:

Adelaide Miller, Anna P. Regan and Kate C. Mulligan.

On motion, the application of Sadie Greenstone for Junior Clerk, received during the time fixed for the receipt of applications but returned for correction and not filed again until after the expiration of such time, was received.

On motion, the application of Beatrice Goldberg was received, it appearing that she will be 18 years of age on December 25, 1903.

On motion, the requests of the following-named candidates for Junior Clerk that the requirement of citizenship be waived in their case were granted and their application was accepted:

Augusta Chaimowitz, Edith Reicher and Wilhemina W. Weiner.

A letter was presented from Van Buren Thorne, requesting that his name be placed upon the eligible list for Medical Inspector, in accordance with the percentage received by him in the mental examination.

It appearing that Dr. Thorne had been admitted to the examination conditionally and that his application had subsequently been rejected by the Commission, on motion, the request was denied.

A letter was presented from George W. Martin, Assistant Engineer, Department of Public Works, Brooklyn, requesting the Commission to recognize his promotion without examination.

On motion, the request was denied.

A letter was presented from Morris Lovey, a veteran of the Civil War and employed as Attendant in the Department of Docks and Ferries, alleging that the Commissioner of Docks and Ferries had promoted certain persons who were not veterans to the position of Roundsman and protesting against such action.

On motion, the request was referred to the Character Examiner for report.

A letter was presented from Henry S. Malloy, who was dismissed from the position of Bridge Tender in the year 1901, requesting the Commission to recognize his reinstatement in that position upon a rehearing of the charges preferred against him at the time of his removal. It appeared that during the first year of Mr. Malloy's separation from the Department the Commissioner of Bridges had requested authority to reinstate Mr. Malloy, but that the Commission had denied the request, believing that such a proceeding would not be lawful. The Corporation Counsel, however, had subsequently decided that a similar reinstatement in the Department might be made.

On motion, the matter was referred to Commissioner Dykman.

On motion, the request of Michael J. Daly of No. 101 Madison street, that his name be restored to the eligible list for Junior Clerk be granted, it appearing that the notice to call with reference to a position in the Department of Education had not been delivered to him promptly by the post office authorities.

On motion, the request of Joseph Foley that his name be restored to the eligible list for Watchman was granted, it appearing that he was ill at the time he was notified to call with reference to an appointment in the Department of Docks and Ferries.

On motion, the request of Jennie Gleason that her name be restored to the eligible list for Typewriting Copyist was granted, it appearing that she was temporarily unable to accept the position offered her in the Tenement House Department.

On motion, the request of Stephen Kelly that his name be restored to the eligible list for the position of Clerk was granted, for the reasons stated in his letter of November 3.

On motion, duly seconded, it was

Resolved, That Commissioner Spencer be and he is hereby requested to prepare the draft of the report of the Commission to the State Civil Service Commission for the year 1903.

The President stated that James J. Waldon, candidate for promotion to Assistant Foreman in the Fire Department, had passed a physical examination on October 24, 1903, but had not yet been examined mentally. On motion, duly seconded, the Secretary was instructed to set a date for the mental examination of the candidate.

The Commission then adjourned to meet Wednesday, December 9, 1903, at 3 p. m.

S. WILLIAM BRISCOE, Secretary.

No. 637.

AN ORDINANCE to regulate the running of cars on the surface of streets in the Borough of Queens.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. No car, commonly known as a steam or elevated railroad car, shall be operated or run upon any street surface railroad in the streets or highways of the Borough of Queens; nor shall cars of any kind be run or operated, for the carriage of passengers or freight, upon any street surface railroad in the streets or highways of said borough, in trains of two or more, or connected one with another.

Sec. 2. Any person violating, or assisting in the violation of, either of the provisions of the foregoing section shall be guilty of a misdemeanor, punishable by a fine not exceeding fifty dollars, or imprisonment not exceeding three months, or both; and any individual, company or corporation operating the railroad upon which such violation shall take place shall be liable to a penalty of one hundred dollars for each and every such violation.

Sec. 3. It shall not be lawful for any individual, company, or corporation, operating a street surface railroad, to run or operate any cars upon any portion of its route in the streets or highways of the Borough of Queens, without providing for the operation and management of every such car a conductor, as well as a driver or motorman; nor shall it be lawful for any such individual, company or corporation, in the operation of its cars upon any of such streets or highways, to use a steam, electric or other power whistle, for the purpose of giving warning of their approach or otherwise.

Sec. 4. For each and every trip or part of a trip made in the operation of any such car in violation of either of the provisions of the last section, the individual company or corporation, operating the same, shall be subject to a penalty of fifty dollars.

Sec. 5. Every car for the carriage of passengers run or operated upon any street surface railroad, in the streets or highways of the Borough of Queens, shall be stopped at the intersection of every street or highway along its route for the purpose of receiving or discharging passengers, upon any passenger, or intending passenger, giving a signal of his desire to embark upon or alight from such car at such intersection.

Sec. 6. And any individual, company or corporation operating any such car in violation of the last section, shall be liable to a penalty of twenty-five dollars for each and every such violation.

Sec. 7. This ordinance shall take effect immediately.

No. 648.

AN ORDINANCE relative to the appointment of a City Commission for preparing a comprehensive plan for the beautifying and development of the City and making an appropriation therefor.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. His Honor the Mayor is hereby authorized and empowered to appoint a Commission consisting of the present Borough Presidents, and such additional persons as he shall determine, to prepare a comprehensive plan for the beautifying and development of this municipality. The members of the said Commission shall serve without pay, and shall make a report to the Mayor and the Board of Aldermen on or before the first day of January, 1905.

Sec. 2. That for carrying out the work of the said Commission the Board of Estimate and Apportionment is hereby requested, in pursuance of subdivision 8 of section 188 of the Greater New York Charter, to issue Special Revenue Bonds to an amount not exceeding fifteen thousand dollars, the proceeds of which are to be applied to the defraying of the expenses of said Commission.

Sec. 3. This ordinance shall take effect immediately.

Adopted by the Board of Aldermen December 1, 1903.

Approved by the Mayor December 9, 1903.

No. 649.

Whereas, The Board of Estimate and Apportionment, at its meeting held July 8, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Draughtsman in the Department of Finance be fixed at the rate of twelve hundred dollars (\$1,200) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Draughtsman in the Department of Finance at the rate of \$1,200 per annum.

Adopted by the Board of Aldermen December 1, 1903.

Approved by the Mayor December 9, 1903.

No. 650.

Whereas, The Board of Estimate and Apportionment, at a meeting held September 9, 1903, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of the position of Clerk to the Coroner in the Borough of Richmond be fixed at the rate of fifteen hundred dollars (\$1,500) per annum."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Clerk to the Coroner in the Borough of Richmond at the rate of fifteen hundred dollars (\$1,500) per annum.

Adopted by the Board of Aldermen December 1, 1903.

Approved by the Mayor December 9, 1903.

No. 651.

Whereas, Section 393 of the Revised Charter requires canals to be kept free from obstructions occasioned by the emptying of overflow sewers therein, and when any canal is so obstructed directs the President of the Borough in which such canal is located to dredge the same; and

Whereas, The Gowanus Canal has not been dredged since 1902, and sewer deposits exist therein to an estimated quantity of 30,000 cubic yards; and

Whereas, Bids have been advertised for five times during 1902 and 1903, and all efforts to secure the performance of the work at a reasonable price have failed; and

Whereas, Funds sufficient to do a large portion of the work have already been appropriated and are at the disposal of the Bureau of Sewers, and for other and more specific reasons set forth in a communication from the Commissioner of Public Works of the Borough of Brooklyn to the President of the Borough of Brooklyn, dated September 18, 1903, copy of which is annexed hereto;

Resolved, That the President of the Borough of Brooklyn be and he is hereby authorized to expend, without further advertising, the sum of \$22,500 for dredging the Gowanus Canal, the Wallabout Canal, etc., in compliance with the requirements of the Charter.

Adopted by the Board of Aldermen December 1, 1903.

Approved by the Mayor December 9, 1903.

No. 652.

Whereas, Saturday, December 26, 1903, is a half holiday, immediately following Friday, December 25, 1903 (Christmas day); and

Whereas, Saturday, January 2, 1904, is also a half holiday, immediately following Friday, January 1, 1904 (New Year's day); and

Whereas, Many people are desirous of leaving town and do leave on the Thursday evening preceding the dates above given and remain away until the Monday morning following; therefore be it

Resolved, That the heads of the several departments of the Government of The City of New York be and they are hereby requested to close their offices on Saturday, December 26, 1903, and Saturday, January 2, 1904, and all other offices not by law required to be kept open for public business to be kept closed on the said days.

Adopted by the Board of Aldermen December 1, 1903.

Approved by the Mayor December 9, 1903.

No. 653.

Resolved, That permission be and the same is hereby given to the Salvation Army to use four hand organs as a device in connection with their efforts to collect funds on the streets and thoroughfares of The City of New York, for the purpose of giving a dinner to the poor of the City on Christmas Day; the permission hereby conveyed to be exercised during the hours of 8 o'clock a. m. and 8 o'clock p. m., up to and including Christmas Day, December 25, 1903.

Adopted by the Board of Aldermen December 1, 1903.

Approved by the Mayor December 9, 1903.

P. J. SCULLY, City Clerk.

Resolved, That the sum of ten thousand dollars (\$10,000) be and the same is hereby transferred from the following appropriations made to the Department of Correction for the year 1903, entitled and as follows:

Borough of Brooklyn—Supplies and Contingencies.....	\$7,000 00
Borough of Brooklyn—Repairs of Buildings and Apparatus.....	3,000 00
Total.....	\$10,000 00

—the same being in excess of the amounts required for the purposes thereof, to the appropriation made to the said Department of Correction for 1903, entitled "Borough of Manhattan—Supplies and Contingencies," the amount of said appropriation being insufficient.

A true copy of resolution adopted by the Board of Estimate and Apportionment, November 20, 1903.

(Signed) J. W. STEVENSON, Secretary.

—On file.

From Civil Service Commission—Requesting (in conformity with Rule 61 of Civil Service Regulations) that the Department of Correction forward a list of all persons in the employ of the Department classified in Schedule G, giving name, address, title, compensation, date of appointment, etc. Request complied with. Acknowledging receipt of letter withdrawing request for an examination for promotion from the position of Keeper to Deputy Warden, and stating that such examination would be postponed. On file. In regard to request for an examination for promotion from Orderly to Keeper, of William H. Kelly. The Commissioner does not request a general examination.

From Corporation Counsel—Advising the reinstatement of Michael Adams, Keeper. Keeper reinstated.

From Superintendent of Public Schools—Dr. Maxwell, in accordance with section 1902 of the Charter, as amended, nominates Frederick William Toerner as Teacher of the Reformatory School, Hart's Island, to date from November 4, 1903. Appointed.

From the Comptroller—Receipt for Security Deposits, accompanying proposals for miscellaneous supplies, opened November 24, 1903. On file.

NEW YORK, November 24, 1903.

Hon. WILLIAM H. TEN EYCK, President, Aqueduct Commission:

DEAR SIR—In regard to the work done on the New Croton Dam and Jerome Park Reservoir Divisions for the week ending Thursday, November 19, 1903, I would report as follows:

New Croton Dam Division.

Dam—Excavation of rock and hard pan continued in the extension foundation site. The trestle is practically completed. Three hundred and seventy-five (375) cubic yards of masonry were laid on dam and overfall, and the rock and earth excavation amounted to 1,300 cubic yards.

On Old Aqueduct reconstruction work progressed at Bailey's Brook loop, at new gate house inlet, and at six stretches along the line. Basin clearing work continued below Old Croton Dam. Work was in progress on road lines Nos. 6, 16, 17, 18 and Bridge C. At Bridge A the placing of the false work on west span is nearly completed.

The average force employed by Contractors Coleman, Breuchaud & Coleman was 889 men, being slightly less than the week previous.

I transmit herewith the following photographs:

- No. 144—Excavation for main dam extension. Profile of core wall.
- No. 145—Excavation for main dam extension; looking southwest from Station 1-75 (dam line).
- No. 146—Excavation for main dam extension; looking southeast from Station 1-75 (50 L).
- No. 147—View of dam and spillway from spur road.
- No. 148—Upstream side of dam from Station 9-75 (350 R).

Jerome Park Reservoir Division.

On the west side excavation work progressed in Sections "B," "J," and "K" and Gate House No. 7. Masonry was laid in the Aqueduct division wall, face wall and Shaft No. 21 connection. Puddled bank and plateau filling were also in progress.

On the east side excavation was in progress on Sections "C," "G," "H" and "L." Excavation and laying concrete masonry continued on Aqueduct north. The total average force employed was 893 men, being slightly less than the week previous.

Respectfully,

J. WALDO SMITH, Chief Engineer.

Superintendent's Report.

Dr. William Mabon, the Superintendent of Bellevue and Allied Hospitals, reported as follows:

The service in the Out Patient Department is increasing, but the gynaecological service is light. The new records are in use in this Department.

Miss Ramsdell, selected from the Civil Service list of Expert Cataloguers, reported for duty on November 23, 1903. On December 1 the new records will go into effect in all of the wards of the hospital, and in the dependencies on January 1, 1904.

Sputum cups have been provided for the tubercular patients, and the class for tuberculous of the Out Patient Department will open in about two weeks. We are now trying to arrange for a nurse, with the assistance of two pupil nurses to visit the cases at their homes and thus keep in touch with them. It is recommended that when the dormitories are vacated one of them be assigned for the temporary care of such tubercular cases as may have a rise in temperature and may need special observation for two or three days.

Specifications for supplies are now being printed and proof has been submitted. The dumbwaiter from the Doctor's kitchen to the pantry is broken and a new one should be substituted; and it is recommended that a steam table be supplied for the Orderlies' dining room at this institution.

Provision has been made for a Thanksgiving dinner for all the patients in the Department. It will consist of roast turkey, fricaseed chicken, two or three vegetables, pudding, ice cream, etc.

Gouverneur Hospital Out Patient Department—The Supervising Nurse was directed to see that children be accompanied by parents or friends when they apply for treatment, excepting in cases of emergency, and that not more than one person shall accompany each patient to the waiting room, as this place is unduly crowded.

Communications.

A communication under date of November 24, 1903, was received from Dr. John J. Donovan, Senior House Surgeon at Harlem Hospital, requesting leave of absence of two weeks on account of a dislocated shoulder.

On motion, duly seconded, it was

Resolved, That a leave of absence for two weeks be granted Dr. John J. Donovan, Senior Surgeon at Harlem Hospital.

A communication under date of November 19, 1903, was received from the Board of Aldermen transmitting copy of resolution approving the issue of Corporate Stock of The City of New York to an amount not exceeding two hundred and ninety-two thousand five hundred dollars, to provide additional means to complete the construction of Gouverneur Hospital.

The time for the delivery of the materials and supplies and the performance of the contract shall not be later than June 30, 1904. The Supervisor, however, may require a delivery at an earlier date

of any item or items on this contract by notice to the Contractor, whereupon item or items called for must be delivered not later than 30 days after said notice.

The Contractor shall be required, upon order from the Supervisor at any time during the year 1904, to furnish any additional amount of any item or items on this contract at contract price when called for by requisition from any Department or office of The City of New York, or of the counties included therein. Ten per cent. of the retained percentage under this contract, due June 30, 1904, shall be retained by the Comptroller until December 31, 1904, to guarantee these supplemental deliveries.

The amount of security shall be Twenty-five per cent. of the amount of the bid.

satisfaction of the Aqueduct Commissioners on or before the 1st day of May, 1904.

The work is authorized by chapter 490, Laws of 1883 of the State of New York, and the amendments thereto.

The foregoing is a statement of the nature and extent of the work required. Bidders are required to submit their bids upon the following express conditions, which apply to and become a part of every bid or estimate received. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing statement, and they shall not, at any time after the submission of their bid, dispute or complain of such statement, nor assert that there was any misunderstanding in regard to the nature or amount of work to be done or the materials to be furnished.

The prices submitted are to cover the cost of furnishing all the necessary materials and labor and the performance of all the work set forth in the specifications and form of contract annexed to the contract.

Any bid which fails to name a price, both in writing and in figures, may be held to be informal and may be rejected, and in case of any discrepancy between the price written in the bid and that given in figures, the price in writing will be considered as the bid.

Bidders will be required to complete the entire work to the satisfaction of the Aqueduct Commissioners, and in strict accordance with the specifications annexed to the contract. No extra compensation beyond the amount payable for the work before enumerated, which shall be actually performed and furnished at the prices stated therefor, shall be due or payable for the entire work and materials.

No bid will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of ten per centum (10%) of the amount of the security required for the faithful performance of the contract.

Bidders are requested to make their bids or proposals upon the blank form prepared by the Aqueduct Commissioners, a copy of which (with the proper envelope in which to inclose the bid), together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Aqueduct Commissioners and any further information can be obtained at the office of the Aqueduct Commissioners, No. 280 Broadway, The City of New York, where the plans may be seen.

BOARD OF ESTIMATE AND APPORTIONMENT.

A PUBLIC HEARING WILL BE HAD AT A meeting of the Board of Estimate and Apportionment to be held at the Council Chamber, City Hall, on Friday, December 18, 1903, at 11 o'clock a. m., in regard to the proposal by the City to purchase the plant and site of the Manhattan Fire Alarm Telegraph Company.

J. W. STEVENSON, Secretary.
d14,18

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to lay out and establish a park bounded by the bulkhead line of the East river, Ditmars avenue, Barclay street and Hoyt avenue, First Ward, in the Borough of Queens, City of New York, and that a meeting of said Board will be held in Room 16, City Hall, Borough of Manhattan, City of New York, on the 18th day of December, 1903, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board, all of which is more particularly set forth and described in the following resolution, adopted by the Board on the 1st day of December, 1903, notice of the adoption of which is hereby given, viz:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out and establishing a park bounded by the bulkhead line of the East river, Ditmars avenue, Barclay street and Hoyt avenue, First Ward, in the Borough of Queens, City of New York, more particularly described as follows:

Beginning at a point formed by the intersection of the southerly line of Ditmars avenue with the westerly line of Barclay street, as the same is laid down on the Long Island City Commissioners' Map, and running thence southerly along the westerly line of Barclay street 2,873.89 feet to the northerly line of Hoyt avenue; thence westerly along the northerly line of Hoyt avenue 1,013.5 feet to the United States bulkhead or pierhead line established February 15, 1903; thence northerly along the bulkhead line 3,012.16 feet to the southerly line of Ditmars avenue; thence easterly along the southerly line of Ditmars avenue 765.52 feet to the westerly line of Barclay street, the place of beginning.

Resolved, That the President of the Borough of Queens cause to be prepared for submission to this Board three similar maps or plans for certification and filing in the manner required by law, showing as nearly as possible the nature and extent of the proposed change and the location of the immediate adjacent or of intersecting open or established streets, roads, squares or places, sufficient for the identification and location thereof.

Resolved, That this Board consider the proposed change at a meeting of this Board, to be held in the Old Council Chamber (Room 16), City Hall, Borough of Manhattan, City of New York, on the 18th day of December, 1903, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the "City Record" for ten days continuously, Sundays and legal holidays excepted, prior to the 18th day of December, 1903.

J. W. STEVENSON, Secretary.
Attest: JOHN H. MOONEY, Assistant Secretary. d5,16

NOTICE IS HEREBY GIVEN THAT THE Board of Estimate and Apportionment of The City of New York, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York so as to close Bowne street, between Richards street and Columbia street, Twelfth Ward, in the Borough of Brooklyn, City of New York, and that a meeting of said Board will be held in Room 16, City Hall, Borough of Manhattan, City of New York, on the 18th day of December, 1903, at 10.30 o'clock a. m., at which such proposed change will be considered by said Board, all of which is more particularly set forth and described in the following resolutions, adopted by the Board on the 1st day of December, 1903, notice of the adoption of which is hereby given, viz:

BOARD OF ALDERMEN.

AN ORDINANCE GRANTING TO THE New York and Long Island Traction Company the right of franchise to construct and operate a street surface railway in, upon and along certain streets and highways and bridges in the City of New York.

Be it Ordained by the Board of Aldermen of the City of New York, as follows:

Section 1. The Board of Aldermen of the City of New York hereby grants to the New York and Long Island Traction Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to construct and operate a double-track street surface railway, with all connections, turnouts, switches, crossovers and suitable stands necessary for the accommodation and operation of said railway, by the overhead system of electricity, or any other motive power which may be lawfully

employed upon the same, in, upon and along the following named streets and highways and bridges, all situated in the boroughs of Queens and Brooklyn, City and State of New York, set forth in the following descriptions of routes:

First—Beginning at a point on Fulton street (otherwise known as the Hempstead and Jamaica turnpike), at the easterly line of the Borough of Queens, in The City of New York, running thence northwesterly on and along said Fulton street to the intersection of said Fulton street and the Jericho turnpike at or near Queens, in the Borough of Queens.

Second—Beginning at the intersection of said Fulton street and Springfield road (at or near Queens, in the Borough of Queens); running thence southwesterly on and along said Springfield road to a road known as Old Country road; thence generally westerly on and along said Old Country road past the intersection of said Old Country road and South street to a point on said Old Country road about opposite Bryan avenue, in Hollis Park; thence generally westerly on and along private property to Bryan avenue, in Hollis Park, at its intersection with Farmer avenue; thence westerly on and along said Bryan avenue to its intersection with South street; thence westerly on and along South street to Putnam street, in Jamaica; thence northwesterly on and along Putnam street to Linden street; thence westerly on and along Linden street to New York avenue; thence northerly on and along New York avenue to a point on New York avenue about opposite to Centre street; thence westerly on and over private property crossing Union Hall street at a point nearly opposite Centre street; thence westerly on and along Centre street to Washington street, crossing Washington street and private property to Prospect street; thence northerly on and along Prospect street to and across the bridge over the tracks of the Long Island Railroad to Fleet street; thence running easterly on and along Fleet street to Washington street; thence westerly on and along Fleet street to Twombly place; thence westerly on and along Twombly place to Division street; thence northerly on and along Division street to Fulton street, in Jamaica. Also, from the intersection of Twombly place and Church street; running thence northerly on and along Church street to Fulton street.

Third—Beginning at a point at the boundary line between The City of New York and the Town of Hempstead, Nassau County, New York on private property contiguous to and lying north of the conduit of the Brooklyn City Water Works in the Borough of Queens; running thence westerly on and along private property contiguous to and adjoining the property of the Brooklyn City Water Works on the northerly side thereof; crossing Ocean avenue (otherwise known as the road to Wright's Mill), Rosedale avenue, Foster Meadow road, the property of the Brooklyn City Water Works, known as Conduit Branch, Springfield road, Farmer's avenue and New York avenue to the Rockaway turnpike; running thence northerly on and along said Rockaway turnpike to the junction of said Rockaway turnpike and the Rockaway road (formerly known as the Rockaway Plank road); running thence northwesterly on and along said Rockaway road (formerly known as the Rockaway Plank road) to Broadway; running thence westerly on and along Broadway to Liberty avenue, in the Borough of Brooklyn, with a branch line from the intersection of said Rockaway road (formerly known as the Rockaway Plank road) and Water street; running thence westerly on and along Water street to and across Spruce street; also with a branch line from the intersection of said Rockaway road (formerly known as the Rockaway Plank road) and the Rockaway turnpike; running thence northerly on and along said Rockaway turnpike to Fulton street, in Jamaica.

Fourth—Beginning at a point on the Jericho turnpike at the extreme easterly boundary line of The City of New York and the Town of North Hempstead, Nassau County, New York, and running thence westerly on and along said Jericho turnpike to a point at the intersection of said Jericho turnpike and the Hempstead and Jamaica turnpike (otherwise known as Fulton street), all in the Borough of Queens.

And with the right or franchise to cross such other streets and highways and bridges (named and unnamed) as may be encountered in said routes.

Section 2. The grant of this franchise is subject to the following conditions:

First—The consent, in writing, of the owners of half in value of the property bounded or said streets and highways and bridges to the construction and operation of said railway shall be obtained by the grantee, or in the event that such consent cannot be obtained, the grantee shall obtain the favorable determination, confirmed by the Court, of three Commissioners, appointed by the Appellate Division of the Supreme Court, in the manner provided by the Railroad Law, before said railway is built or operated.

Second—The said right, privilege and franchise to construct and operate said railway shall be held and enjoyed by said railway company, its lessee or successors, for the term of twenty-five years from the date when this ordinance is signed by the Mayor, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right, privilege and franchise, but such renewal shall not provide for any further renewal. Such revaluation shall be of the right, privilege and franchise to maintain and operate said railway by itself, and shall not include any valuation derived from the ownership, operation or control of any other railroad by the grantee, its successors or assigns. It shall be made in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment, or its successors in authority; one disinterested freeholder shall be chosen by the railway company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the grant, and their report shall be filed with the Comptroller, or his successor in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the railway company. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last five years of the original franchise.

Third—Upon the termination of the said franchise, right or privilege, whether original or renewal, if the Board of Estimate and Apportionment of The City of New York, or its successors in authority, shall so desire, there shall be a fair valuation of the plant and property of the grantee necessary for traction purposes upon the said streets and highways and bridges, and of the land in private ownership upon which the said railway shall be operated or the easements of right-of-way or other necessary easements in such lands, as the case may be, including power-house, equipment, tracks and appurtenances, which plant and property shall be and become the property of The City of New York at the option of the said Board of Estimate and Apportionment, or its successors in authority, on the termination of this grant and the payment to the grantee of such valuation. The valuation shall be based upon a fair appraisal of the property, excluding any value derived from the franchise, and such value

shall be determined by the Board of Estimate and Apportionment, or its successors in authority; provided that in the valuation of the land in private ownership, on which such railway is constructed, or the easements affecting such land, as the case may be, their value shall not be fixed at an amount in excess of the original cost thereof, to the grantee of said franchise, its successors or assigns. A sworn statement of such cost executed by such grantee and verified by the affidavit of one of its officers, shall be filed with the Comptroller of The City of New York before any act is done by the grantee, or its successors or assigns, in the construction or operation of the railway upon any route hereinbefore mentioned, which includes private property.

Fourth—The New York and Long Island Traction Company, its successors or assigns, shall pay for this franchise to The City of New York the following sums of money: During the first term of five years an annual sum which shall in no case be less than \$1,000, and which shall be equal to three per cent. of its gross annual receipts derived from passenger and freight traffic, within the limits of The City of New York, if such percentage shall exceed the sum of \$1,000; during the remaining twenty years of the term, an annual sum which shall not be less than \$2,000, and which shall be equal to five per cent. of its gross annual receipts as above, if such percentage shall exceed the sum of \$2,000.

In computing the amount of the gross receipts derived from passenger traffic and above referred to, the routes hereinbefore mentioned shall be considered, and the persons who are upon the cars of the company at any point upon such routes shall be deemed to have paid the fare provided to be paid by the ordinance granting the franchise aforesaid, whether they enter or leave the car upon such route or upon any other route upon which the grantee, or its successors or assigns, operates its cars.

Such sums shall be paid into the Treasury of The City of New York on November 1 in each year; provided, however, that the first payment shall only be for that proportion of the above sums as the time from the signing of this ordinance by the Mayor to September 30 next preceding, shall bear to the whole of one year. The fiscal year shall end on September 30 next preceding said date of payment, and the provisions of the Railroad Law as it existed at the time of the adoption of this ordinance relating to the manner of payments and statements of percentages of gross receipts of street railway companies shall, as to said railway, be strictly followed. The intention of this paragraph is to fix an annual charge to be paid by the grantee, its successors or assigns, to The City of New York for the rights and franchise hereby granted, and it shall not be construed as providing for the payment by said franchise, of a percentage of gross receipts within the meaning of any general or special statute.

Fifth—The said annual charge or payments shall continue throughout the whole term of the franchise hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway company providing for payments for street railway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or franchises hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives, so far as this franchise is concerned, any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this grant.

Sixth—The rights and franchises granted hereby shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the New York and Long Island Traction Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—The said railway may be operated by overhead electrical power, substantially similar to the system of overhead electrical traction now in use by the New York and North Shore Railway Company, or by the underground electric system now in use by the Interurban Street Railway Company in the Borough of Manhattan, and by any other motive power, except locomotive steam power or horse-power, which may be approved by the Board of Railroad Commissioners, and consented to by the owners of property, in accordance with the provisions of the Railroad Law.

Provided that the Board of Estimate and Apportionment, or its successors in authority, upon giving to the grantee, its successors or assigns, one year's notice, in writing, may require it or them to operate its railway upon the whole or upon any portion of its route by underground electrical power substantially according to the system now in use on the railways in the Borough of Manhattan above referred to, and thereupon to discontinue the use of the overhead trolley system, and to remove its poles, wires and other structures used by it for that purpose from the streets and highways and bridges of The City of New York.

Eighth—The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York, who have jurisdiction in such matters under the Charter of the City.

Ninth—Said railway shall be constructed and operated in the latest improved manner of street railway construction and operation, and the railway and property of said company shall be maintained in good condition throughout the term of this grant.

Tenth—The rate of fare for any passenger upon said railway shall not exceed five cents within the limits of The City of New York; the said company shall not charge any passenger more than said sum for one continuous ride from any point on said railway, or a line or branch operated in connection therewith to any point thereof, or of any connecting line or branch thereof within the limits of The City of New York. The rates for the carrying of property upon the cars of the grantee shall in all cases be reasonable in amount, and shall be subject to the control of the Board of Estimate and Apportionment, or its successors in authority, and may be fixed by such Board after notice and hearing to the grantee, and when so fixed such rate shall be binding upon said grantee, its successors or assigns, and no greater sums shall be charged for such services than provided for by it.

Eleventh—The cars on the said lines as proposed shall run at intervals of not more than one hour, both day and night, and as much oftener as the

reasonable convenience of the public may require or as may be directed by the City ordinances; provided, however, that said railway company during the first five years of this franchise shall not be required to operate its cars on any of its lines within The City of New York between the hours of twelve o'clock midnight and five o'clock a. m. each day, unless the Board of Estimate and Apportionment of said City shall determine after a hearing had thereon that public convenience requires the operation of its cars during said hours.

Twelfth—The said railway company shall apply to each car run over said railway a proper fender and wheelguard in conformity to such laws and ordinances as are now in force or may hereafter be enacted or adopted by the State or City authorities.

Thirteenth—All cars on said railway shall be heated through the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and each car shall be well lighted either by the Pintsch gas system or by electricity, or by some system of lighting equally efficient.

Fourteenth—The said company shall at all times keep the street between its tracks, and for a distance of two feet beyond the rails upon either side of said streets, free and clear from ice and snow.

Fifteenth—The said railway company, as long as it shall continue to use any of the tracks upon said streets and highways and bridges, shall have and keep in permanent repair that portion of the surface of said streets and highways and bridges, between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe. And The City of New York shall have the right to change the material or character of the pavement of any street and highway and bridge, and in that event the grantee, its successors or assigns, shall be bound to replace such pavement in the manner directed by the proper city officer at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Sixteenth—The said railway company, its successors and assigns, so long as it shall continue to use any of the tracks upon the streets and highways and bridges hereby granted, shall cause the entire roadway of each of the same to be watered at least three times in every twenty-four hours when the thermometer is above 35 degrees Fahrenheit, except that when the width of any roadway between curb lines shall exceed 60 feet, then a roadway of but 60 feet shall be watered as above.

Seventeenth—In case of any violation or breach or failure to comply with any of the provisions herein contained this grant may be forfeited and avoided by The City of New York, by a suit brought by the Corporation Counsel on notice of ten days to the said railway company.

Eighteenth—If any of the streets and highways and bridges above referred to, or described, shall not now be open or in use as public highways, no right or franchise therein shall vest in the grantee by virtue of this ordinance until after such streets and highways and bridges shall be legally opened as a public highway, and such right or franchise shall expire at the end of the term created by this ordinance as above set forth. Nothing in this ordinance contained shall be construed as an obligation on The City of New York, in respect to the opening of such streets and highways and bridges, nor as in any manner granting property or rights of any kind in or upon its lands now owned or occupied by it under any title, except only the public streets and highways and bridges in the usual acceptance of such terms, which are specifically referred to above.

Section 3. This grant is also upon the further and express condition that the provisions of Article 4 of the Railroad Law, as it existed at the time of the adoption of this ordinance applicable thereto, and all laws or ordinances now in force or which may be adopted hereafter affecting the surface railways operating in The City of New York shall be strictly complied with.

Section 4. This grant is also upon the further and express condition that at any time after five years from the commencement of the operation of any portion of the railway hereby granted, the Board of Estimate and Apportionment, or its successors in authority, if it deems it necessary in the public interest so to do, may require the grantee, its successors or assigns, in case the railway upon any portion of the routes above described shall consist of a single track, to construct and operate a second track upon any or all of the routes hereby granted, whether on streets, highways and bridges or upon any private property or right-of-way included in any of such routes so as to make a double-track railway.

Section 5. Said grantee shall commence construction within three months from the date when it has obtained complete legal authority to begin construction, including necessary permits from the city officials and departments and shall complete the construction of at least six miles of single track railway on or before January 1, 1905, otherwise this grant shall be thereupon forfeited and immediately forfeited, without judicial or other proceedings. If upon any of the routes above described, or upon any portion thereof, there shall not be constructed and in actual operation by July 1, 1906, a railway properly equipped and operated as provided by this ordinance, the said route or portion thereof shall be conclusively taken to have been abandoned by the company, and so much of the rights and franchises hereby granted as pertain to such routes, or parts of routes, not then constructed from and after July 1, 1906, shall be thereupon forthwith and immediately forfeited, without judicial or other proceedings. Provided that such time may be extended upon the same conditions as to forfeiture under and for causes specified in section 99 of the Railroad Law, as it now exists, and by a properly executed instrument in writing, such time for a period or periods not exceeding one year, if, in their discretion, it seems best so to do, and that the city officials or departments who or which shall at the time of such construction have authority over the said streets and highways and bridges, may similarly extend, by properly executed instrument in writing, such time for a period or periods not exceeding one year further, if reasonable, in their judgment, by reason of requirements as to the manner of construction imposed by the city officials.

Section 6. If for any reason the right or franchise of the grantee in any of the streets, highways and bridges above described shall cease, or if for a period of six successive months the railway tracks upon any of such streets, highways and bridges shall not be operated as provided for in this ordinance, the Comptroller of The City of New York may require the grantee, its successors or assigns, to remove its tracks and other structures upon such streets, highways and bridges within thirty days after notice, and in default of their removal pursuant to such notice, the proper local authorities having jurisdiction may cause them to be removed and The City of New York may recover the cost and expenses of such removal, either by deducting them from the fund deposited as required in Section 7 hereof, or by action; and the rights and franchises of the grantee, its successors or assigns, in such portions of the streets, highways and bridges, in case any such exist, shall forthwith and immediately cease upon the removal of such tracks or structures and without judicial or other proceedings.

Section 7. This grant is upon the express condition that the New York and Long Island Trac-

tion Company, within thirty days after the said company has been duly authorized to operate its railway and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of three thousand dollars, either in money or in securities to be approved by him, which fund shall be security for the performance by such company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the franchise, the repairs of the street pavement and the removal of snow and ice, and the quality of construction of the railway and, in case of default in the performance by said company, of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same with interest from such fund after ten days' notice in writing to the said company. Or in case of failure to keep the said terms and conditions of this grant relating to the headways of cars, fenders and wheel guards and the heating of the cars and the watering of the streets, the said company shall pay a penalty of \$50 a day for each day of violation, and the further sum of \$10 a day for each car which shall not properly be heated or supplied with fenders and wheel guards in case of the violation of the provisions relating to those matters. In case of any drafts so made upon this security fund, the said company shall, upon thirty days' notice, in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of three thousand dollars, and in default thereof the grant hereby made may be cancelled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

Section 8. This grant shall not become operative until said railway company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York within ten days after the adoption of this ordinance.

Section 9. This ordinance shall take effect immediately.

The amount of security required will be not less than twenty-five per cent. (25%) of the amount of the bid or estimate.

The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Bidders for this work must be engaged in and known to be well prepared to execute and carry out the same, in accordance with the plans and specifications, and must produce proof satisfactory to the Committee that they possess the necessary plant, tools, materials, etc., which will be required in the manufacture, construction and completion of the work.

For particulars as to the quantity and quality, and of the nature and extent of the work required or of the materials to be furnished, bidders are referred to the printed specifications and the plans. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates.

Bidders are requested to make their bids or

estimates upon the blank form prepared for the purpose, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon written application therefor at the office of the Architect, George B. Post, No. 33 East Seventeenth street, Borough of Manhattan, The City of New York.

The plans and drawings which are made a part of the specifications can be seen at Nos. 28 and 30 West Twentieth street, Borough of Manhattan, The City of New York.

The Board of Trustees reserves the right to reject all bids or estimates if they deem it to be for the interest of the City so to do.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 61 ELM STREET, CITY OF NEW YORK.

PUBLIC NOTICE WILL BE GIVEN OF ALL competitive examinations two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close. Applications will be received for only such examinations as are scheduled.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing, or by personal application at the office of the Commission.

All notices of examinations will be posted in the office of the Commission, City Hall, Municipal Building, Brooklyn, and advertised in the "City Record" for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals appertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news, and to the General Postoffice and stations thereof. The scope of the examination will be stated, but for more general information application should be made at the office of the Commission.

Unless otherwise specifically stated the minimum age requirement for all positions is 21.

S. WILLIAM BRISCOE, Secretary.

CORPORATION SALE OF REAL ESTATE.
PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of

the powers vested in them by law, will offer for sale at public auction on Friday, January 8, 1904, at 12 o'clock m., at the Comptroller's Office, No. 280 Broadway, Borough of Manhattan, City of New York, all the right, title and interest of The City of New York which it has by virtue of a lease from William V. B. Bennett, Supervisor of the Town of Gravesend, to the City of Brooklyn, which lease is dated December 24, 1896, and recorded in the Kings County Register's Office on December 29, 1896, in Section 21, Liber 3 of Conveyances, page 249, in and to all that certain lot, piece or parcel of land situate, lying and being in the Thirty-first Ward of the Borough of Brooklyn, known as and by the number 93 upon the assessment roll for the opening of Neptune avenue, between West Sixth street and Ocean parkway, in the late Town of Gravesend, Borough of Brooklyn, City of New York, which was sold to the Town of Gravesend at a sale for unpaid assessments held on the 24th day of December, 1896, for the sum of \$6.66, and which said lot is therefore leased to the City of Brooklyn for 100 years.

The minimum or upset price at which the interest of the City in and to the said premises to be sold is appraised and fixed by the Commissioners of the Sinking Fund at the sum of ten dollars and thirty-seven cents (\$10.37); the purchaser to pay the auctioneer's fees and one hundred dollars (\$100) for the expenses of examination, advertising, etc. The sale of said premises is to be made on the following terms and conditions:

The highest bidder will be required to pay the full amount of his bid or purchase money and the auctioneer's fee at the time of sale, together with the further sum of one hundred dollars (\$100) for expenses of examination, advertising, conveyance, etc. The quit-claim deed for the above-described premises to be delivered within thirty days from the date of sale.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved. Maps of said real estate may be seen on application at the Comptroller's Office, Stewart Building, No. 280 Broadway, Borough of Manhattan.

By order of the Commissioners of the Sinking Fund, under a resolution adopted at a meeting of the Board held November 18, 1903.

EDWARD M. GROUT, Comptroller.

FIRST DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of PALISADE PLACE (although not yet named by proper authority), from Poplar avenue to Sedgewick avenue, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, bearing date the 27th day of October, 1903, and duly entered in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan, in the City of New York, on the 6th day of November, 1903.

A copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, Block No. 2877. Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order hereto attached, filed herein in the office of the Clerk of the County of New York, on the 6th day of November, 1903; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed herefor, and of performing the trusts and duties required of us by chapter 17, title 4, of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in the City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice. And we, the said Commissioners, will be in attendance at our said office on the 8th day of January, 1904, at 4 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, New York City, December 10, 1903.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, bearing date the 27th day of October, 1903, and duly entered in the office of the Clerk of the County of New York, at his office in the Borough of Manhattan, in The City of New York, on the 6th day of November, 1903, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the index of Conveyances, Block No. 2142, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 6th day of November, 1903, and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the said respective lands, tenements, hereditaments

and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 29th day of December, 1903, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, New York City, December 1, 1903.

THOMAS P. WICKES,
WM. H. WHEELLOCK,
CHARLES W. DAYTON, Jr.,
Commissioners.

JOHN P. DUNN, Clerk. d1,23

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening FIFTY-THIRD STREET, from the old City line to West Street, in the Twenty-ninth and Thirtieth Wards, in the Borough of Brooklyn of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objection thereto, do present their said objections in writing, duly verified, to us, at our office in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 23d day of December, 1903, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 24th day of December, 1903, at 10 o'clock a. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 4th day of January, 1904.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point where the old City line is intersected by the centre line of the block between Fifty-third and Fifty-fourth streets; running thence southeasterly along the centre line of the blocks between Fifty-third street and Fifty-fourth street to the easterly side of Twenty-first avenue; running thence northerly along the easterly side of Twenty-first avenue and its prolongation to the easterly side of West street; running thence northerly along the easterly side of West street 3.21 feet to the northerly side of Fifty-third street, if prolonged to the easterly side of West street; running thence northwesterly along the northerly side of Fifty-third street to the westerly side of West street; running thence northerly along the westerly side of West street to the centre line of the block between Fifty-third street and Fifty-second street; running thence northwesterly along the centre line of the blocks between Fifty-third street and Fifty-second street to the old City line; running thence southerly along the old City line to the place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Courthouse in the Borough of Brooklyn, in The City of New York, on the 26th day of January, 1904, at the opening of the Court on that day.

Dated Borough of Brooklyn, The City of New York, December 4, 1903.

JOSE E. PIDGEON,
Chairman;
WILLIAM H. GOOD,
FREDERICK I. PEARSALL,
Commissioners.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be included in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application thereto at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
