BOARD OF ESTIMATE AND APPORTIONMENT.

Public Notices.

NOTICE IS HEREBY GIVEN THAT ON THE 5th day of February, 1918, the following petition was filed in the office of the Clerk of the Appellate Division of the Supreme Court in the First Judicial Department:

SUPREME COURT. Appellate Division, First Judicial Department. In the Matter of the Application of The City of New York, pursuant to the provisions of Chapter 276 of the Laws of 1910, for a subsequent determination of the amount of indebtedness incurred by said City prior to the first day of January, 1910, for the Manhattan and The Bronx Rapid Transit Railroad, which may be excluded in ascertaining the power of said City to become otherwise indebted, pursuant to the provisions of section ten of article eight of the Constitution.

The Petition and Application of The City of New York, acting by its Board of Estimate and Apportionment, respectfully shows to the Court upon information and belief:

FIRST.—Pursuant to the provisions of section ten of article eight of the Constitution, as amended, which went into effect on the first day of January, 1910, and which, among other things, provided that any indebtedness incurred by The City of New York for any rapid transit or dock investment prior to the said first day of January, 1910, may be excluded proportionately to the extent to which the current net revenue received by such City therefrom shall meet the interest and the amortization instalments thereof, and that the legislature should prescribe the method by which and the terms and conditions under which the amount of any debt to be so excluded should be determined, and that the legislature might, in its discretion, confer appropriate jurisdiction upon the Appellate Division of the Supreme Court in the First Judicial Department, for the purpose of determining the amount of any debt to be so excluded, the legislature passed an act, being chapter 276 of the Laws of 1910, which was duly signed by the Governor and went into effect on the 11th day of May, 1910.

By said act, which prescribed the method by which and the terms and conditions under which the amount of any debt to be so excluded should be determined, The City of New York, acting by the Board of Estimate and Apportionment of said City, was authorized to present to the Appellate Division of the Supreme Court in the First Judicial Department, a verified petition setting forth the facts and praying for a determination of the amount of any debt incurred by The City of New York for rapid transit or dock investment prior to the first day of January, 1910, which might be excluded in ascertaining the powers of said City to become otherwise indebted under the provisions of said section ten of

article eight of the Constitution and conferred jurisdiction upon said Appellate Division to make such determination.

SECOND.—Pursuant to the said constitutional provision and statute heretofore recited, the Board of Estimate and Apportionment of the petitioner, by a resolution duly adopted on the 12th day of June, 1914, required the Comptroller of the petitioner to prepare and submit to said Board a statement showing in detail indebtedness incurred and the bonds issued therefor by the petitioner for the construction of the Manhattan-Bronx Division of the Rapid Transit Railroad, with the dates of maturity of such indebtedness, the terms of any and all agreements and contracts made by or in behalf of the petitioner with respect to such investment, the gross revenue received therefrom, the interest paid and to be paid by the petitioner on said indebtedness, the annual instalments necessary for the amortization thereof, and the current net revenue derived from said investment, and pursuant to such resolution the said Comptroller did prepare and submit to said Board such statement, and thereupon, the said Board of Estimate and Apportionment did, by resolution adopted on the 5th day of October, 1917, direct that application be made to this Court for a determination of the amount of indebtedness incurred by said City for the Manhattan and The Bronx Rapid Transit Railroad, which may be excluded in ascertaining the power of the petitioner, to become otherwise indebted under the provisions of said section ten of article eight of the Constitution of the State of New York.

THIRD.—The material facts relative to the construction of the said Manhattan and The Bronx Rapid Transit Railroad are as follows: Pursuant to a contract made and entered into under date of February 21, 1900, between the petitioner, acting by the Board of Rapid Transit Railroad Commissioners for The City of New York, and John B. McDonald and various supplemental, amendatory and modifying contracts, a rapid transit railroad was constructed by and at the expense of the petitioner which was and is known as the Manhattan and The Bronx Rapid Transit Railroad.

FOURTH.—Thereafter said railroad was constructed and was and has continued to be and is now being operated by the Interborough Rapid Transit Company, to which was assigned, with the consent of the Board of Rapid Transit Commissioners for The City of New York, so much of said contracts as provided for the maintenance and operation of said rapid transit railroad including the equipment thereof and the right or obligation to maintain and operate the said road or roads in said contract described and all rights with respect to such maintenance or operation, or included in the leasing provisions of such contracts.

"* * * is to be expended for rapid transit purposes with the approval of the Public Service Commission, and the total amount is to be capitalized as against the contractor, and the contractor is to pay to the City thereon during the lifetime of the lease (under Contract No. 1) the stipulated percentages shown (for interest and sinking fund purposes) by way of additional rental."

SEVENTH.—LAND LIABILITY.
The land liability still outstanding and unpaid, which lands were acquired for use in connection with the Manhattan-Bronx division of the Rapid Transit Railroad, is as follows:
Fort George Proceeding (in which title vested in the City on October 23, 1907), with interest thereon to August 31, 1917..... \$31,626 67
Westchester Avenue, from Third Avenue to Southern Boulevard (in which title vested in the City May 29, 1906), with interest thereon to August 31, 1917..... 125,747 33
\$157,374 00

EIGHTH.—The total indebtedness of the City arising from and under the contract of February 21, 1900, for the construction of the Manhattan-Bronx division of the rapid transit railroad, based upon the foregoing, including the amount committed under the Saratoga award and the amounts authorized for additional emergency exits, together with the land liabilities as indicated in the foregoing, and which comprehend all known liabilities, aggregate, as may be noted.....\$2,589,450 58

NINTH.—There have been, as shown in the foregoing table, \$48,889,679 26 of rapid transit bonds issued by The City of New York, the proceeds of which have been applied to meet the City's obligations and to liquidate indebtedness incurred in the construction of the Manhattan-Bronx division of the Rapid Transit Railroad under the provisions and requirements of Contract No. 1, by and between The City of New York and John B. McDonald, dated February 21, 1900, subsequently assigned under date of July 10, 1902, to Interborough Rapid Transit Company, and the modifications thereof.

Up to December 31, 1909, there was.....\$46,623,815 03 of bonds issued by The City of New York, the proceeds of which were applied to the construction of the Manhattan-Bronx division of the Rapid Transit Railroad under the requirements of said Contract No. 1, dated February 21, 1900.
TENTH.—From January 1, 1910, up to and including August 31, 1917, the City issued the additional sum of.....\$2,265,864 23 of corporate stock, the proceeds of which were applied to the construction of the Manhattan-Bronx division of the Rapid Transit Railroad under the requirements of said Contract No. 1, dated February 21, 1900, and the modifications thereof. These.....\$46,623,815 03 and.....2,265,864 23

representing the bonds which were issued prior to January 1, 1910, and the bonds which have been issued subsequent thereto, make the grand aggregate of.....\$48,889,679 26 issued by the City, the proceeds of which have been applied to carry out the City's obligations and to liquidate indebtedness incurred under the terms and requirements of the rapid transit contract, dated February 21, 1900, and modifications thereof.

ELEVENTH.—The said contract of February 21, 1900, requires the lessee, the Interborough Rapid Transit Company, as assignee, to pay to the City as rental for the railroad—

(1) An annual sum equal to the annual interest payable by the City upon all bonds which shall be issued by it in order to provide means for construction. The amount of such interest shall be ascertained as of the time when the Railroad shall be declared by the Board to be ready for operation; but it shall be increased from time to time by the amount of the annual interest payable by the City for all bonds which, after the date when the Railroad shall be so declared to be ready for operation, shall be issued in order to provide means for construction. The amount or amounts payable under this subdivision shall not be subject to decrease by reason of the refunding by the City at lower rates of interest of any of the bonds issued as aforesaid. Bonds issued in order to provide means for construction shall be deemed to include bonds issued to pay interest on bonds theretofore issued pursuant to this Contract under the provisions of section 34 of the Rapid Transit Act, but shall not be deemed to include bonds issued to pay for rights, terms, easements, privileges or property other than lands acquired in fee.

(2) A further annual sum which shall be equal to one per centum upon the whole amount of the said bonds (with the exceptions above mentioned).

"The Rental shall begin as to each Section with the date of the declaration of the Board that such Section is ready for operation and shall be payable at the end of each quarter on the first days of January, April, July and October."

Under the terms of said Contract No. 1, relating to rental, the City is receiving from the lessee annual sinking fund payments on.....\$46,631,066 09 and annual interest on.....\$46,685,207 93

The City is carrying and providing in its annual tax budget for interest and sinking fund installments on all of the bonds which have been issued to provide the costs of rights-of-way and easements under the rapid transit contract, dated February 21, 1900. The amount which up to August 31, 1917, has been applied by the City

from the proceeds of said rapid transit bonds to meet the cost of easements has aggregated.....\$2,290,004 61 of which.....\$2,204,471 33 was from the par value of the bonds sold therefor and \$85,533.28 from premiums received thereon.

TWELFTH.—As stated hereinbefore, the City has issued a grand aggregate of \$48,889,679 26 of rapid transit bonds, the proceeds of which, including the premiums thereon, have been applied to meet the obligations of and the indebtedness incurred by the City under the provisions and requirements of the rapid transit Contract, dated February 21, 1900. Of this amount the lessee is paying annual interest on.....\$46,685,207 93 and amortization installments on a sum total of bonds aggregating \$46,631,066.09.

The balance of the par value of the bonds, viz.....\$2,204,471 33 has been applied by the City towards meeting the cost of easements and rights-of-way necessary to be acquired to carry out the City's obligations under the Contract dated February 21, 1900, and the annual interest and amortization installments on this amount is provided for in the City's annual tax budgets.

THIRTEENTH.—The first application which was made to this Court for a determination of the amount of indebtedness incurred by the City for the Manhattan-Bronx Railroad which might be excluded in ascertaining the power of the City to become otherwise indebted, was made under date of June 17, 1910, and the Court, under a decision dated July 5, 1910, determined that \$43,868,325.18 were then self-sustaining and should be so exempted.

FOURTEENTH.—The City of New York has now a total investment of \$30,879,934.36 in the rapid transit railroad constructed by it under the terms and provisions of the contract entered into on February 21, 1900, by and between the City and John B. McDonald. Of this investment \$48,889,679.26 was obtained, as previously indicated herein, from the par value of the rapid transit bonds sold from time to time to provide funds to meet the recurring outlays and obligations of said contract and \$1,981,255 was derived from the premiums received by the City from the sale of said bonds and applied to the construction of said railroad and the acquisition of easements, rights of way, etc., in connection therewith.

FIFTEENTH.—In the application of June 17, 1910, to this Court the annual amortization installments required to redeem, at their respective dates of maturity, separate issues of rapid transit bonds aggregating a sum total of \$43,868,325.18, were stated in varying sums which set forth an annual amortization installment of \$465,500.69.

SIXTEENTH.—The principle under which these amortization installments were computed resulted in an overstatement of the aggregate annual amount so required, of \$61,822.91. In other words, an analysis of these annual amortization installments and a consequent revision thereof, shows that the total annual sum required to amortize and provide for redemption, at maturity.....\$43,868,325 18 of bonds exempted by the Appellate Division is.....\$403,677 78

SEVENTEENTH.—The principle under which may be ascertained the proportion of the amortization installments of and interest on rapid transit indebtedness incurred under Contract No. 1 which the current net revenue received by the City from such investment is sufficient to meet, comprehends:

(a) The annual amount required to amortize a bond during the years which such bond has to run up to its date of maturity; such annual installment to be invested at not less than a stated rate of interest.

(b) The annual interest on such indebtedness. The offset or credit to the foregoing is represented by—

(c) The total annual amount received by the City from the lessee of the Rapid Transit Railroad to be applied towards the amortization and ultimate redemption of the bonds.

(d) The annual interest received by the City from the lessee to be applied by the City towards paying the interest on rapid transit bonds issued under the requirements of Contract No. 1.

EIGHTEENTH.—In accordance with the foregoing principles, tables have been prepared:

(a) Computing the annual amortization requirements on each bond issued by the City of New York from the date of issue to date of maturity, the proceeds of which bonds have been applied to carry out the obligations of the City and liquidate indebtedness incurred by it under rapid transit Contract No. 1, dated February 21, 1900. The interest on such amortization installments has been compounded annually at 3 per centum.

(b) Showing the actual interest on such bonds at the different rates of interest which such bonds carry, viz., 3, 3½, 4, 4½ and 4¾ per centum.

These tables also set forth the offsets to the foregoing consisting of—

(c) The annual amount received by the City from the lessee, to be applied as amortization installments towards the ultimate redemption of the bonds.

(d) The annual interest paid by the lessee to the City on rapid transit bonds issued under Contract No. 1.

The payments (c and d) by the lessee constitute the current net revenue received by the City from its investments under Contract No. 1 of February 21, 1900, for the construction of the Manhattan-Bronx Rapid Transit Railroad.

e—The Bonds thus indicated (e) aggregating \$43,868,325.18 were exempted by Appellate Division of Supreme Court July 5, 1910.

NINETEENTH.—The foregoing table shows that the annual interest paid and to be paid by the City of New York and the annual installments necessary for the amortization of the \$46,589,679.26 of rapid transit bonds issued by it for the construction of the Manhattan-Bronx Rapid Transit Railroad, amounts to \$2,079,009.58, apportioned as follows:
Interest.....\$1,650,823 30
Amortization installments.....428,186 28
\$2,079,009 58

The City received from the lessee for sinking fund purposes for the year ended October 1, 1916, under Contract No. 1, the sum of.....\$466,310 66 representing one per cent. on \$46,631,066.09; and the City also received with said payment the additional sum of \$2,544.83, representing 1-8 of 1 per cent. of the par value of Rapid Transit Bonds issued by the City under Contract No. 1 since January 1, 1910, in accordance with certain requirements affecting said Contract as modified by Article LVIII of Contract No. 3, by and between the City of New York and Interborough Rapid Transit Company, dated March 19, 1913.

The City also received from the lessee for interest on the rapid transit bonds issued under Contract No. 1, for the year ended June 30, 1917, a sum total of.....\$1,651,281 72 a little over one-fourth of which interest, or \$412,992.31, was paid by the lessee for the quarterly period ended June 30, 1917, making the current net revenue which the City of New York is receiving from Interborough Rapid Transit Company, as lessee, under the terms of Contract No. 1.....\$2,117,592 38

which is \$38,582.80 in excess of the annual requirements needed to amortize and to pay annual interest on \$46,589,679.26. With the 1-8 of 1 per cent. paid on the par value of the bonds issued since January 1, 1910, there is \$41,127.63 annually received by the City in excess of the amount required to amortize and to pay interest on the said sum total of \$46,589,679.26 of bonds issued by the City and representing investments by it under said Contract No. 1, dated February 21, 1900, in the construction of the Manhattan-Bronx Rapid Transit Railroad.

TWENTIETH.—The latest maturity date of rapid transit bonds heretofore issued by the City to carry out its obligations and liquidate its indebtedness under the requirements of Contract No. 1, is July 1, 1967. Tables upon which the annual amortization installments have been prepared (upon which) to indicate the amounts which will be required to redeem all of said rapid transit bonds, and counter tables which show the amounts to be received by the City from the lessee under the sinking fund clause of the contract indicate that there will be a cash surplus in the sinking funds, December, 1965, of at least \$8,291,260.59, and all of the \$46,589,679.26 of rapid transit bonds issued under Contract No. 1, with the exception of \$74,000, will have matured and have been redeemed.

This computation is predicated upon the amount of annual installments which have been received by the City from the lessee from the fiscal year ended October 31, 1905, and the continuing amounts to be received by the City from the lessee as annual installments, the latter being based upon the annual amounts now being paid by the lessee.

The investment of these annual payments into the sinking fund is computed on an annual basis of 3 per cent., that is to say, on an annual turnover. Interest on sinking fund holdings is received and compounded semi-annually, while this calculation is made on an annual 3 per cent. basis, that is, the compounding of interest annually, instead of semi-annually, and is therefore on a most conservative basis.

The result obtained by such computation is summarized as follows:

Payments received by the City of New York from the lessee for sinking fund purposes, up to and including the payments to be made for the year ending October 31, 1917.....\$28,380,361 72
Total of accruals on foregoing amount of installments compounded annually at 3 per cent. per annum.....26,500,578 13

Total amount which will have been received by the sinking funds to provide for the redemption of \$46,589,679.26 of rapid transit bonds under Contract No. 1.....\$54,880,939 85
Total amount exempted July 5, 1910.....\$43,868,325 18
Additional exemption hereby applied for.....2,721,354 08
\$46,589,679 26

Total Cash Surplus in sinking funds December, 1965, at least, \$8,291,260 59

TWENTY-FIRST.—In accordance with the provisions of Contract No. 1, as modified by Article XLIX, Section 1 (a) of Contract No. 3, by and between the City of New York and Interborough Rapid Transit Company, dated March 19, 1913, for additional rapid transit railroads, the lessee shall continue to pay to the City during the full term of the lease, which will not expire earlier than December 31, 1965, the rentals, consisting of annual interest on the bonds, payable quarterly, and sinking fund installments irrespective of the amortization or the refunding of any bonds issued by the City to provide means for the construction of the Rapid Transit Railroad operated under Contract No. 1.

In accordance with this requirement of the lease, the City will receive from the lessee, after each bond successively matures, the amount of the annual interest theretofore paid by the lessee on such bond or bonds and an annual sum of at least \$469,464.56, representing the corresponding annual amounts theretofore paid for sinking fund purposes, which (dependent upon the actual date of termination of the lease at December 31, 1967), will increase the sinking fund surpluses as of December, 1965, by the accretions of interest thereon to 1967 in a sum approximating.....\$1,454,710.06 thus indicating a total cash surplus to the City's sinking funds from the amounts paid in by the Lessee as rentals for and as equivalent to sinking fund installments, of at least \$9,745,971.00, a sum which, it will be noted, is far more than sufficient to also provide for the redemption of \$2,300,000.00 of bonds issued by the City to provide the costs of easements under Contract No. 1, which the City does not ask shall be exempted.

TWENTY-SECOND.—The moneys which the lessee will be required to pay to the City until the end of the lease, representing the full amount of interest on all bonds issued for the construction of the rapid transit railroad under Contract No. 1, after such bonds mature and have been redeemed, beginning with the first bonds to be redeemed in 1948, will aggregate, to December, 1965, a sum total of \$21,166,022, all of which will be clear gain and surplus to the City, together with the \$8,291,260.59 of sinking fund surplus referred to in preceding page.

TWENTY-THIRD.—The Interborough Rapid Transit Company as assignee of John B. McDonald and lessee of the subway or rapid transit railroad, has always promptly paid the quarterly and annual rentals required to be paid to the City in accordance with the terms and provisions of Contract No. 1. These payments have aggregated the following stated amounts and covering the fiscal years enumerated:

TWENTY-FOUR.—By a resolution adopted by the Board of Estimate and Apportionment on the 30th day of November, 1917, the said Board duly approved this petition and directed that a copy thereof be spread upon its minutes and that the same be verified in behalf of this Board acting for The City of New York, by the Mayor, the Comptroller and the President of the Board of Aldermen.

WHEREFORE your petitioner prays that this Court will, pursuant to said chapter 276 of the Laws of 1910, designate six daily newspapers of general circulation published in the City of New York, at least one of which is published in the Borough of Brooklyn, in said City in which notice of this application shall be given as prescribed by said act and fix the date when the application of your petitioner shall be heard and that this Court shall make a new and subsequent determination of the amount of debt incurred by The City of New York for the Manhattan and The Bronx Rapid Transit Railroad which may be excluded in ascertaining the power of The City of New York to become otherwise indebted under the provisions of section ten of article eight of the Constitution of the State of New York and for such other and further relief as may be just.

Dated, New York, January 14, 1918.
THE CITY OF NEW YORK, BY THE BOARD OF ESTIMATE AND APPORTIONMENT OF THE CITY OF NEW YORK.
JOHN F. HYLAN, Mayor; CHARLES L. CRAIG, Comptroller; ALFRED E. SMITH, President of the Board of Aldermen.
WILLIAM P. BURR, Corporation Counsel, Office and Post Office Address, Municipal Building, Borough of Manhattan, New York City.

State of New York, County of New York, City of New York, ss.

John F. Hylan, Charles L. Craig and Alfred E. Smith, being severally duly sworn, depose and say that John F. Hylan is Mayor of The City of New York; that Charles L. Craig is Comptroller of The City of New York; and that Alfred E. Smith is President of the Board of Aldermen of The City of New York; and as such are members of the Board of Estimate and Apportionment of the City of New York.

That by resolution adopted by said Board on the 30th day of November, 1917, deponents were authorized and directed by said Board to subscribe and verify the foregoing petition in behalf of said Board, acting for the petitioner herein.

That they have read and know the contents of the foregoing petition, and that the same is true to their own knowledge, except as to the matters therein stated to be alleged upon information and belief, and as to those matters they believe it to be true.

The reason this verification is made by deponents, and not by the petitioner, is that the petitioner is a domestic municipal corporation, of which deponents are officers. The source of deponents' information and the grounds of their belief as to the matters not therein stated upon their knowledge, are the statement submitted by the Comptroller of said Board in this petition mentioned, information obtained from the books and records of the Department of Finance and of other departments of the petitioner, and statements made to them by certain officers and agents of the petitioner.

AND NOTICE IS HEREBY GIVEN that upon said petition an application will be made to the Appellate Division of the Supreme Court, First Judicial Department, at the Court House of said Court, corner of 25th Street and Madison Avenue, in the Borough of Manhattan, City of New York, on the 8th day of March, 1918, at 10:30 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard, for a subsequent determination of the amount of indebtedness incurred by The City of New York prior to the first day of January, 1910, for the Manhattan and The Bronx Rapid Transit Railroad, which may be excluded in ascertaining the power of said City to become otherwise indebted, pursuant to the provisions of section ten of article eight of the Constitution of the State of New York.

THE BOARD OF ESTIMATE AND AP-
PORTIONMENT OF THE CITY OF NEW
YORK, by JOHN F. HYLAN, Mayor; CHARLES
L. CRAIG, Comptroller; ALFRED E. SMITH, Pres-
ident of the Board of Aldermen.

WILLIAM P. BURR, Corporation Counsel, Office
and Post Office Address, Municipal Building,
Borough of Manhattan, New York City. f20.27

NOTICE IS HEREBY GIVEN THAT ON
the 5th day of February, 1918, the following
petition was filed in the Office of the Clerk of
the Appellate Division of the Supreme Court,
in the First Judicial Department.

SUPREME COURT, APPELLATE DIVISION
—FIRST JUDICIAL DEPARTMENT.

In the Matter of the Application of The City
of New York, pursuant to the provisions of
chapter 276 of the Laws of 1910, for a sub-
sequent determination of the amount of in-
debtedness incurred by said City prior to the
first day of January, 1910, for the Brooklyn-
Manhattan Rapid Transit Railroad, which may
be excluded in ascertaining the power of said
City to become otherwise indebted, pursuant
to the provisions of section ten of article
eight of the Constitution.

The Petition and Application of The City of
New York, acting by its Board of Estimate and
Apportionment, respectfully shows to the Court
upon information and belief:

FIRST.—Pursuant to the provisions of section
ten of article eight of the Constitution, as
amended, which went into effect on the first
day of January, 1910, and which, among other
things, provided that any indebtedness incurred

by The City of New York for any rapid transit
or dock investment prior to the said first day
of January, 1910, may be excluded proportion-
ately to the extent to which the current net
revenue received by such City therefrom shall
meet the interest and the amortization instal-
ments thereof, and that the legislature should
prescribe the method by which and the terms
and conditions under which the amount of any
debt to be so excluded should be determined,
and that the legislature might, in its discretion,
confer appropriate jurisdiction upon the Ap-
pellate Division of the Supreme Court in the
First Judicial Department, for the purpose of
determining the amount of any debt to be so
excluded, the legislature passed an act, being
chapter 276 of the Laws of 1910, which was
duly signed by the Governor and went into
effect on the 11th day of May, 1910.

By said act, which prescribed the method by
which and the terms and conditions under which
the amount of any debt to be so excluded should
be determined, The City of New York, acting
by the Board of Estimate and Apportionment
of said City, was authorized to present to the
Appellate Division of the Supreme Court in the
First Judicial Department, a verified peti-
tion setting forth the facts and praying for a
determination of the amount of any debt in-
curred by The City of New York for rapid
transit or dock investment prior to the first day
of January, 1910, which might be excluded in
ascertaining the power of said City to become
otherwise indebted under the provisions of said
section ten of article eight of the Constitution
and conferred jurisdiction upon said Appellate
Division to make such determination.

SECOND.—Pursuant to the said constitutional
provision and statute hereinbefore recited, the
Board of Estimate and Apportionment of the
petitioner, by a resolution duly adopted on the
12th day of June, 1914, required the Comptrol-
ler of the petitioner to prepare and submit to
said Board a statement showing in detail in-
debtedness incurred and the bonds issued there-
for by the petitioner for the construction of the
Brooklyn-Manhattan Rapid Transit Railroad, with
the dates of maturity of such indebtedness, the
terms of any and all agreements and contracts
made by or in behalf of the petitioner with re-
spect to such investment, the gross revenue
received therefrom, the interest paid and to be
paid by the petitioner on said indebtedness, the
annual instalments necessary for the amortiza-
tion thereof, and the current net revenue de-
rived from said investment, and pursuant to
such resolution the said Comptroller did prepare
and submit to said Board such statement, and
thereupon the said Board of Estimate and Ap-
portionment did, by resolution adopted on the
5th day of October, 1917, direct that application
be made to this Court for a determination of
the amount of indebtedness incurred by said
City for the Brooklyn-Manhattan Rapid Transit
Railroad, which may be excluded in ascertaining
the power of the petitioner to become otherwise
indebted under the provisions of said sec-
tion ten of article eight of the Constitution of
the State of New York.

THIRD.—The material facts relative to the con-
struction of the said Brooklyn-Manhattan Rapid
Transit Railroad are as follows: Pursuant to a
contract made and entered into under date of
July 21, 1902, between the petitioner, acting by
the Board of Rapid Transit Railroad Commis-
sioners for The City of New York, and Rapid
Transit Subway Construction Company, and vari-
ous supplemental, amendatory and modifying
contracts, a rapid transit railroad was constructed
by and at the expense of the petitioner which
was and is known as the Brooklyn-Manhattan
Rapid Transit Railroad.

FOURTH.—Thereafter said railroad was con-
structed and was and has continued to be and
is now being operated by the Interborough Rapid
Transit Company, to which was assigned so much
of the said contracts as provided for the main-
tenance and operation of said rapid transit rail-
road including the equipment thereof and the
right or obligation to maintain and operate the
said road or roads in said contract described
and all rights with respect to such maintenance
or operation, or included in the leasing provisions
of such contracts.

FIFTH.—The following is a statement showing
all of the corporate stock of The City of New
York issued for the Brooklyn-Manhattan division
of the rapid transit railway; the rate of interest

Total Bonds issued for Contract No. 2..... \$5,403,045 74

SIXTH.—There have been..... \$5,403,045 74
of rapid transit bonds issued by The City of New
York, the proceeds of which have been applied
to meet the City's obligations and to liquidate
indebtedness incurred in the construction of the
Brooklyn-Manhattan division of the Rapid Transit
Railroad under the provisions and requirements
of Contract No. 2, by and between The City of
New York and Rapid Transit Subway Construc-
tion Company, dated July 21, 1902, subse-
quently assigned, under date of August 10, 1905,
to Interborough Rapid Transit Company, and the
modifications thereof.

Up to December 31, 1909, there
was..... \$3,626,400
of bonds issued by The City of New York, the
proceeds of which were applied to the con-
struction of the Brooklyn-Manhattan division of
the Rapid Transit Railroad under the require-
ments of said Contract No. 2, dated July 21,
1902.

From January 1, 1910, up to and including
August 31, 1917, the City issued the additional
sum of..... \$1,776,645 74
of corporate stock, the proceeds of which were
applied to the construction of the Brooklyn-
Manhattan Division of the Rapid Transit Rail-
road under the Contract dated July 21, 1902,
and the modifications thereof.

These two amounts, viz..... \$3,626,400 00
and..... 1,776,645 74

representing the bonds which were
issued prior to January 1, 1910, and the
bonds which have been issued
subsequent thereto, make the gross
aggregate of..... \$5,403,045 74

issued by the City, the proceeds of which have
been applied to carry out the City's obligations
and to liquidate indebtedness incurred under the
terms and requirements of the rapid transit con-

tract dated July 21, 1902, and the modifications
thereof.

SEVENTH.—The said contract of July 21, 1902,
by and between The City of New York and
John B. McDonald, requires the lessee, the In-
terborough Rapid Transit Company, as assignee,
to pay to the City as rental for the railroad—

"(1) An annual sum equal to the annual
interest payable by the City upon all bonds
which shall be issued by it in order to pro-
vide means for Construction. The amount of
such interest shall be ascertained as of the
time when the Railroad shall be declared by
the Board to be ready for operation, or, if
the Board shall so direct, the time when pas-
senger traffic on the Railroad shall begin; but
it shall be increased from time to time by the
amount of the annual interest payable by the
City for all bonds which, after the date when
the Railroad shall be so declared to be ready
for operation, or when such traffic shall so
begin, shall be issued in order to provide
means for Construction. The amount of
amounts payable under this subdivision shall
not be subject to decrease by reason of the
refunding by the City at lower rates of in-
terest of any of the bonds issued as afore-
said. Bonds issued in order to provide means
for Construction shall be deemed to include
bonds issued to pay interest on bonds there-
fore issued pursuant to this Contract under the
provisions of section 34 of the Rapid
Transit Act, for all lands acquired in fee, but
not bonds issued to pay for other rights,
terms, easements or privileges.

"(2) A further annual sum which shall be
equal to one per centum upon the whole
amount of the said bonds (with the excep-
tions above mentioned) * * *

"(3) A further annual sum which shall be
equal to the amount of the annual interest

payable by the City upon bonds issued to
provide means to pay for rights of way ac-
quired on, under, through or over lands not
belonging to the City.

"The Rental shall begin on the date of the
declaration of the Board that the Railroad is
ready for operation, or, if the Board shall so
direct, the date when passenger traffic on the
Railroad shall begin, and shall be payable at
the end of each quarter on the first days
of January, April, July and October."

EIGHTH.—Under the terms of said Contract
No. 2, relating to rental, the City is receiving
from the lessee annual sinking fund payments
on..... \$4,424,045 60
and annual interest on..... \$5,403,045 74
The City is carrying and providing in its an-
nual tax budget for sinking fund instalments on
all of the bonds which have been issued to pro-
vide the costs of rights-of-way and easements
under the rapid transit Contract dated July 21,
1902. The amount which up to August 31, 1917,
has been applied by the City from the proceeds
of said rapid transit bonds to meet the cost of
easements has aggregated..... \$989,947 32
of which..... \$979,000 14
was from the par value of the bonds sold there-
for and \$10,947.18 from premiums received
thereon.

As already stated hereinbefore, the City has
issued a grand aggregate of..... \$5,403,045 74
of rapid transit bonds, the pro-
ceeds of which, including the pre-
miums thereon, have been applied to
meet the obligations of and the
indebtedness incurred by the City
under the provisions and require-
ments of the rapid transit Con-
tract dated July 21, 1902. Of this
amount, the lessee is paying an-
nual interest on..... 5,403,045 74
and amortization instalments on a
sum total of bonds aggregating..... 4,424,045 60

The balance of the proceeds of the
bonds, viz..... \$979,000 14
has been applied by the City towards meeting
the cost of easements and rights-of-way neces-
sary to be acquired to carry out the City's
obligations under the Contract dated July 21,
1902, and the annual amortization instalments
on this amount is provided for in the City's
annual tax budgets.

The first application which was made to this
Court for a determination of the amount of in-
debtedness incurred by the City for the Brook-
lyn-Manhattan Railroad, which might be ex-
cluded in ascertaining the power of the City to
become otherwise indebted, was made under date
of March 10, 1911, and this Court, by an
order dated April 20, 1911, determined that
\$3,614,400 were then self-sustaining and should
be so exempted.

NINTH.—The City of New York has now a
total investment of \$5,454,108.46 in the rapid
transit railroad constructed by, it under the
terms and provisions of the contract entered into
on July 21, 1902, by and between the City and
Rapid Transit Subway Construction Company,
which contract was subsequently assigned to
Interborough Rapid Transit Company, under
date of August 10, 1905. Of this invest-
ment \$5,403,045.74 was obtained, as previously
indicated herein, from the par value of the rapid
transit bonds sold from time to time to provide
funds to meet the recurring outlays and obliga-
tions of said contract and \$51,062.72 was derived

from the premiums received by the City from
the sale of said bonds and applied to the con-
struction of said railroad and the acquisitions
of easements, rights of way, etc., in connection
therewith.

TENTH.—In the application of March 10, 1911,
to this Court the annual amortization instal-
ments required to redeem, at their respective
dates of maturity, separate issues of rapid tran-
sit bonds aggregating a sum total of \$3,614,400
were stated in varying sums which set forth an
annual amortization installment of \$39,550.59.

The principle under which these amortization
instalments were computed resulted in an over-
statement of the aggregate annual amount so
required of \$1,068.16. In other words, an anal-
ysis of these annual amortization instalments
and a consequent revision thereof shows that
the total annual sum required to amortize and
provide for redemption, at matur-
ity..... \$3,614,400 00

of bonds exempted by the Appellate
Division is..... 38,482 43

ELEVENTH.—The principle under which may be
ascertained the proportion of the amortization
instalments of and interest on rapid transit
indebtedness incurred under Contract No. 2
which the current net revenue received by the
City from such investment is sufficient to meet,
comprehends:

(a) The annual amount required to amortize
a bond during the years which such bond has
to run up to its date of maturity; such annual
instalment to be invested at not less than a
stated rate of interest.

(b) The annual interest on such indebted-
ness.
The offset or credit to the foregoing is repre-
sented by—

(c) The total annual amount received by the
City from the lessee of the Rapid Transit
Railroad to be applied towards the amortization
and ultimate redemption of the bonds.

(d) The annual interest received by the City
from the lessee to be applied by the City
towards paying the interest on rapid transit
bonds issued under the requirements of Con-
tract No. 2.

TWELFTH.—In accordance with the foregoing
principles, tables have been prepared:

(a) Computing the annual amortization re-
quirements on each bond issued by the City
of New York from the date of issue to date
of maturity, the proceeds of which bonds have
been applied to carry out the obligations of the
City and liquidate indebtedness incurred by it
under rapid transit Contract No. 2, dated July
21, 1902. The interest on such amortization
instalments has been compounded annually at
3 per cent. per annum.

(b) Showing the actual interest on such
bonds at the different rates of interest which
such bonds carry, viz., 3, 3 1/2, 4, 4 1/2
per cent. per annum.

These tables also set forth the offsets to the
foregoing, consisting of—

(c) The annual amount received by the City
from the lessee, to be applied as amortization
instalments towards the ultimate redemption
of the bonds.

(d) The annual interest paid by the lessee
to the City on rapid transit bonds issued un-
der Contract No. 2.

The payments (c and d) by the lessee con-
stitute the current net revenue received by the
City from its investments under Contract No. 2
of July 21, 1902, for the construction of the
Brooklyn-Manhattan Rapid Transit Railroad.

vision of Supreme Court April 5, 1911; resettled, April 20, 1911.

The foregoing table shows that the annual inter-
est paid and to be paid by The City of New York
and the annual instalments necessary for the
amortization of the \$4,424,045.60 of rapid transit
bonds issued by it for the construction of the
Brooklyn-Manhattan Rapid Transit Railroad
amounts to \$219,829.61, apportioned as follows:

Interest..... \$174,120 94
Amortization instal-
ments..... 45,708 67
\$219,829 61

The City received from the lessee
for sinking fund purposes for the
year ended October 31, 1916, under
Contract No. 2, the sum of..... \$45,308 86

The City also received from the
lessee for interest on the rapid
transit bonds issued under Con-
tract No. 2, for the year ended
June 30, 1917..... 216,690 96

Approximately one-fourth of which,
or \$54,180.24, was paid by the
lessee for the quarterly period
ended June 30, 1917, making
the current net revenue which
The City of New York is re-
ceiving from Interborough Rapid
Transit Company, as lessee, under
the terms of Contract No. 2..... \$261,999 82

which is \$42,170.21 in excess of the annual re-
quirements needed to amortize and to pay annual
interest on \$4,424,045.60.

The latest maturity date of rapid transit bonds
issued by the City to carry out its obligations
and liquidate its indebtedness under the require-
ments of Contract No. 2 is March 1, 1966. The
tables upon which the annual amortization in-
stalments have been prepared (upon which to
indicate the amounts which will be required to
redeem all of said rapid transit bonds are pre-
dicted upon the amount of annual instalments
which have been received by the City from the

lessee from the fiscal year ended October 31,
1906, and the continuing amounts to be received
by the City from the lessee as annual instal-
ments, the latter being based upon the annual
amounts now being paid by the lessee.

The investment of these annual payments into
the sinking fund is computed on an annual basis
of 3%, that is to say, on an annual turnover.
Interest on sinking fund holdings is received and
compounded semi-annually, while this calculation
is made on an annual 3% basis, that is, the com-
pounding of interest annually, instead of semi-
annually, and is therefore on a most conserva-
tive basis.

In accordance with the provisions of Contract
No. 2, as modified by Article XLIX, Section 1
(a), of Contract No. 3, by and between The City
of New York and Interborough Rapid Transit
Company, dated March 19, 1913, for the construc-
tion of additional rapid transit railroads, the
lessee shall continue to pay to the City during
the full term of the lease, which will not expire
earlier than December 31, 1965, the rentals,
consisting of annual interest on the bonds, pay-
able quarterly, and amortization instalments
irrespective of the amortization or the refunding
of any bonds issued by the City to provide means
for the construction of the Rapid Transit Rail-
road.

The clear gain and surplus which the City will
realize to December, 1965, from rentals payable
by lessee, equivalent to interest on bonds which
will have been previously redeemed, will aggre-
gate \$1,923,343, together with \$198,388 additional
surplus from the rentals payable by lessees as
the equivalent of annual sinking fund instal-
ments on bonds which will have matured and
have been redeemed.

THIRTEENTH.—By a resolution adopted by the Board of Estimate and Apportionment on the 30th day of November, 1917, the said Board duly approved this petition and directed that a copy thereof be spread upon its minutes and that the same be verified in behalf of this Board acting for The City of New York, by the Mayor, the Comptroller and the President of the Board of Aldermen.

WHEREFORE, your petitioner prays that this Court will, pursuant to said chapter 276 of the Laws of 1910, designate six daily newspapers of general circulation published in the City of New York, at least one of which is published in the Borough of Brooklyn, in said City, in which notice of this application shall be given as prescribed by said act and fix the date when the application of your petitioner shall be heard and that this Court shall make a new and subsequent determination of the amount of debt incurred by The City of New York for the Brooklyn-Manhattan Rapid Transit Railroad, which may be excluded in ascertaining the power of The City of New York to become otherwise indebted under the provisions of section ten of article eight of the Constitution of the State of New York and for such other and further relief as may be just.

THE CITY OF NEW YORK, BY THE BOARD OF ESTIMATE AND APPORTIONMENT OF THE CITY OF NEW YORK.

JOHN F. HYLAN, Mayor; CHARLES L. CRAIG, Comptroller; ALFRED E. SMITH, President of the Board of Aldermen.

WILLIAM P. BURR, Corporation Counsel, Office and Post Office Address, Municipal Building, Borough of Manhattan, New York City.

State of New York, County of New York, City of New York, ss.:

John F. Hylan, Charles L. Craig and Alfred E. Smith, being severally duly sworn, depose and say that John F. Hylan is Mayor of The City of New York; that Charles L. Craig is Comptroller of The City of New York; and that Alfred E. Smith is President of the Board of Aldermen of The City of New York; and as such are members of the Board of Estimate and Apportionment of the petitioner.

That by resolution adopted by said Board on the 30th day of November, 1917, deponents were authorized and directed by said Board to subscribe and verify the foregoing petition in behalf of said Board, acting for the petitioner herein.

That they have read and know the contents of the foregoing petition, and that the same is true of their own knowledge, except as to the matters therein stated to be alleged upon information and belief, and as to those matters they believe it to be true.

The reason this verification is made by deponents, and not by the petitioner, is that the petitioner is a domestic municipal corporation, of which deponents are officers. The source of deponents' information and the grounds of their belief as to the matters not therein stated upon their knowledge, are the statement submitted by the Comptroller of said Board in this petition mentioned, information obtained from the books and records of the Department of Finance and of other departments of the petitioner, and statements made to them by certain officers and agents of the petitioner.

JOHN F. HYLAN, CHARLES L. CRAIG, ALFRED E. SMITH.

Severally sworn to before me this 14th day of January, 1918.

Notices of Public Hearings.

FRANCHISE MATTERS.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day, the following communication was received:

February 18, 1918.

To the Board of Estimate and Apportionment of The City of New York:

The Public Service Commission for the First District transmits herewith for your consent and approval and for the consent and approval of the Mayor as required by law, a certified copy of resolutions adopted by it on February 18, 1918, determining and establishing a route and general plan of construction for a new rapid transit railroad in the Borough of Brooklyn, known as the Modification of the Fourteenth Street-Eastern Line (Route No. 66). This route is adopted in order to permit a relocation of a part of the Fourteenth Street-Eastern Line, which the City is under obligation to construct by the terms of the contract dated March 19, 1913, with the New York Municipal Railway Corporation for additional rapid transit railroads known as Contract No. 4. The portion of said Fourteenth Street-Eastern Line to be so relocated is the portion between Bushwick Avenue and Bogart Street. This portion of said line as last determined upon forms part of the Bushwick Station-East New York Route (Route No. 59), as adopted by the Commission on July 1, 1914, and approved by the Board of Estimate and Apportionment on July 30, 1914, and by the Mayor on July 30, 1914. As so determined upon, the portion of said line leaves Bushwick Avenue near Meserole Street and thence passes under private property and the tracks of the Long Island Railroad and extends generally in a direction parallel to and south of Montrose Avenue to Bogart Street. As proposed to be relocated, the portion of said line will leave Bushwick

Avenue near Johnson Avenue and extend thence to Bogart Street through private property in the blocks between Johnson Avenue and Boerum Street. It has been found in the course of preparing the detailed plans for this portion of said line that the relocation of this portion would afford a better operating route and result in a saving in construction as well. If the proposed modification be promptly approved there will be no delay in construction. For these reasons the Commission recommends that your Honorable Board and the Mayor consent to and approve the proposed route herewith transmitted.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, by JAMES B. WALKER, Secretary.

Resolved, That the communication be received, and pursuant to law, this Board fixes Friday, March 1, 1918, at 10.30 o'clock a. m. and Room 16, City Hall, Borough of Manhattan, as the time and place when and where such plans and conclusions will be considered; and be it further

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all sewer connections to the main sewer in the street, and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, to be sold with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against them or any of them, and against and from all damage and costs to which they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
