BOARD OF ESTIMATE AND APPORTIONMENT-CITY OF NEW YORK, Mayor's Office, City Hall, Thursday, October 27, 1892, 11 o'clock a.m.

The adjournment to meet this day was extended to Monday next, 31st instant, at 11 o'clock

Board of Estimate and Apportionment—City of New York, Mayor's Office, City Hall, Monday, October 31, 1892, 11 o'clock a.m.

The Board met in pursuance of adjournment.

Present Hugh J. Grant, the Mayor; Theo. W. Myers, the Comptroller; John H. V. Arnold, the President of the Board of Aldermen; Edward P. Barker, the President of the Department of Taxes and Assessments.

The minutes of October 25 and 27 were read and approved.

The Comptroller presented the following ;

CITY OF NEW YORK.—FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, October 27, 1892.

To the Board of Estimate and Apportionment:

Assessment Bonds amounting to the sum of \$600,000 become due on the 1st day of November, 1892, the issue of which having been authorized by this Board as follows: November 14, 1887.... December 14, 1887 December 20, 1887 January 23, 1888 , 1888 14, 1888 150,000 00

September 24, 1888.....

All of the above bonds are held by the Commissioners of the Sinking Fund, and provision must be made for the payment of this amount.

Collections of assessments for local improvements are paid into the City Treasury and credited to the Street Improvement Fund, for the redemption of Assessment Bonds when sufficient; but when insufficient for that purpose, section 150 of the New York City Consolidation Act of 1882 authorizes the issue, from time to time, of such amounts of bonds as may be required to meet the deficiencies caused by delay in collecting arrears of assessments, provided the aggregate amount of bonds shall not exceed the amount of said arrears then outstanding.

The issue of Assessment Bonds is further authorized by section 144 of the Consolidation Act, for such sums as may be necessary to pay all expenses incurred on account of Street Improvements, and such expenses are paid out of the Street Improvement Fund on account of new contracts.

A resolution authorizing the issue of Assessment Bonds to provide for the redemption of those becoming due and payable on November 1, 1892, amounting to \$600,000, is herewith submitted in pursuance of the provisions of section 150 of the New York City Consolidation Act of 1882, as the collections are insufficient to meet their redemption on that date.

Respectfully,

Respectfully, THEO. W. MYERS, Comptroller.

And offered the following:
Resolved, That the Comptroller be and is hereby authorized and directed to issue Assessment
Bonds of the Corporation of the City of New York, to the amount of six hundred thousand dollars
(\$600,000), as provided by sections 144 and 150 of the New York City Consolidation Act of 1882, at a rate of interest not exceeding three per cent. per annum, and for such period as the Comptroller may determine, in conformity with the provisions of law under which said bonds are authorized to

Which was adopted by the following vote:
Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The following communication was received:

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION, Commissioners' Office, No. 66 Third Avenue, New York, October 27, 1892.

Hon. Hugh J. Grant, Mayor, and Chairman of the Board of Estimate and Apportionment:

SIR—The lowest bid received for the erection of two brick pavilions to accommodate 240

Sir—The lowest bid received for the erection of two brick parilions to accommodate 240 patients, on Ward's Island, was made by Mr. Joseph Moore, for \$71,000, which exceeds the amount of the appropriation by \$1,000, and to which be added the Architect's fees, tearing down buildings, and some minor miscellaneous charges, amounting to \$5,500.

The following resolution was passed by this Board to-day:
Resolved, That the Board of Estimate and Apportionment be requested to transfer the sum of six thousand five hundred dollars (\$6,500) from the appropriation made for three groups of pavilions at Central Islip, Long Island, which is in excess of the requirements thereof, to the appropriation for two brick Pavilions, to accommodate two hundred and forty patients, Ward's Island, seventy thousand dollars, which is insufficient.

By order,

By order, G. F. BRITTON, Secretary

Whereupon the Comptroller offered the following: Whereas, This Board, on July 28, 1892, in pursuance of the provisions of chapter 537 of the so of 1892, appropriated the sum of five hundred thousand dollars for improvements necessary to the buildings at Ward's Island, and for new buildings and appurtenances at Central Islip

therefore
Resolved, That the sum of six thousand five hundred dollars be and hereby is made applicable to the item of the appropriation made to the Department of Public Charities and Correction, for improvements, etc., entitled "At Ward's Island—Two brick pavilions, to accommodate two hundred and forty patients," which is insufficient for the purposes and objects thereof, from the item of the appropriation made to the said Department, entitled, "At Central Islip—Three groups of buildings, at seventy-five thousand dollars each, etc.," which is in excess of the amount against for the uses thereof. required for the uses thereof.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Comptroller called up resolution laid over at meeting of October 17, 1892, and moved to amend the same, to read as follows:

Resolved, That the sum of nine thousand dollars (\$9,000) be and the same is hereby transferred from the appropriation for the year 1892, entitled "For Judgments," which is in excess of the amount required for the purposes and objects thereof, to the appropriation made to the Department of Public Works for the year 1892, entitled "Public Buildings—Construction and Repairs," which is insufficient for the uses thereof, said sum to be applied to furnishing and fitting up the new Harlem Court-house.

Harlem Court-house. The resolution, as amended, was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Honorable Board of Estimate and Apportionment:

GENTLEMEN—At a meeting of the Board of Police, held this day, it was
Resolved, That the Board of Estimate and Apportionment be and is hereby respectfully
requested to transfer the sum of nine hundred and eighty-eight dollars and seventy-seven cents
from the appropriation made to the Police Department for the year 1891, entitled "Police Stationhouses—Alterations, Fitting-up, Additions to and Repairs of Station-houses," which is in excess of
the amount required for the purpose and objects thereof, to the appropriation made to the same
Department for the year 1892, entitled "Contingent Expenses of the Central Department," etc.,
which is insufficient to enable the Treasurer of this Department to pay vouchers presented for
expenses incurred for the Columbian celebration of October 10, 11 and 12, 1892.

The following communication was received:

DEPARTMENT OF PUBLIC WORKS-COMMISSIONER'S OFFICE, No. 31 Chambers Street, New York, October 27, 1892.

Hon. Hugh J. Grant, Chairman, Board of Estimate and Apportionment:

Hon. Hugh J. Grant, Chairman, Board of Estimate and Apportionment:

Dear Sir—In my Departmental Estimate of the amount required for the business of this Department for 1893, I did not include in the estimate for "Supplies for and Cleaning Public Offices" the furniture, supplies, etc., required by the Department of Street Improvements of the Twenty-third and Twenty-fourth Wards, for the reason that these supplies, etc., had heretofore been provided by special appropriations. Since that time, viz.: under date of 15th instant, the Commissioner of Street Improvements has presented a list of supplies, etc., required by his Department for the year 1893, which has been tabulated by the Superintendent of Repairs and Supplies, with estimates of the cost of each item, the aggregate estimated cost being \$3.691.15. I enclose the tabulated statement, and the letter and list received from the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, for such action as your Board may deem proper to take in the premises, at the same time calling attention to the fact that one of the items included therein is steam-heating for the building occupied by that Department under a five years' lease at an estimated cost of \$2,700 for apparatus, etc.

Very respectfully,

THOS. F. GILROY, Commissioner of Public Works.

Resolved, That the heads of Departments, the Board of Education, and all officers who have annual appropriations made to them by the Board of Estimate and Apportionment, be and are hereby requested to furnish to this Board, positively on or before the first day of December, 1892, statements of all unexpended balances of appropriations made to them for the year 1891, and all previous years, together with statements of all unsettled claims and liabilities that may exist against

such unexpended balances of appropriations, stating the nature of the claims or liabilities and the names of the claimants and the amounts thereof.

Which was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen and President of the Department of Taxes and Assessments—4.

The Comptroller presented the following Departmental Estimate for the year 1893:

ESTIMATES OF THE DEPARTMENTS, BOARD OF EDUCATION, JUDICIARY, AND OFFICERS OF THE CITY OF NEW YORK, INCLUDING VARIOUS CHARITABLE INSTITUTIONS, FOR THE YEAR 1893.

CITY DEPARTMENTS.

"The said Board shall, annually, between the first day of August and the first day of November, meet, and by the affirmative vote of all the members, make a Provisional Estimate of the amounts required to pay the expenses of conducting the public business of the City and County of New York, and each department and branch thereof, and of the Board of Education, for the then next ensuing year.

"For the purpose of making said Provisional Estimate, the Heads of Departments and the Board of Education shall, at least thirty days before the said Provisional Estimate is required to be made as herein provided, send to the Board of Estimate and Apportionment an estimate in writing, herein called a Departmental Estimate, of the amount of expenditures, specifying in detail the objects thereof, required in their respective departments, including a statement of each of the salaries of their officers, clerks, employees and subordinates.

"The same statement as to salaries and expenditures shall be made by all other officers, persons and boards having power to fix or authorize them.

"The same statement as to salaries and expenditures shall be made by all other officers, persons, and boards having power to fix or authorize them.

"A duplicate of these Departmental Estimates and statements shall be made at the same time to the Board of Aldermen."

"Resolved, That the Comptroller request the heads of all the Departments, the Board of Education, and the Officers of the City and County of New York, to send their Departmental Estimates for the year 1893, in conformity to the foregoing provisions of law, to the Board of Estimate and Apportionment, on or before September 10, 1892."

You are particularly requested to send your Departmental Estimate to the Board of Estimate and Apportionment, on or before the 10th day of September, 1892.

The Departmental Estimate should state specifically the objects and purposes of all the appropriations required to pay the expenses of conducting the public business of your Department in and for the year 1893. The amount required should be specified for each item of expense, including the salaries paid all officers, clerks and subordinates employed in the Department, giving the names and official titles of the several persons receiving such salaries, respectively, in accordance with the above-cited provisions of law. Full explanations should accompany the estimates, stating the reasons for any increase or decrease in the amounts, as compared with the appropriations made for 1892.

You are particularly requested to refer in your estimates to the provisions of law under which the amount of salaries, and of appropriations of specific sums for special objects and purposes, are

A separate comparative statement, in tabular form, showing, in one column, the amounts of al, appropriations made to your Department for the year 1892, for different objects and purposes with additions and deductions therefrom for any transfers which may have been made from one appropriation to another; and showing in another column, the amounts of appropriations asked for in your Departmental Estimate, for the year 1893, is also required to be appended to said Departmental Estimate.

You are also requested to state the amount which may probably remain unexpended of any

appropriations for 1892 at the end of the year.

Every item of expense not absolutely necessary for conducting the public business should be excluded, and every item included in the estimate should be reduced to the lowest amount of expenditure consistent with efficient service, in order to secure the utmost economy in the administration of city affairs and make the burden of taxation of city affairs and make the burden of taxation of city affairs and make the burden of taxation as which as a small content of the content of t tion of city affairs and make the burden of taxation as light as possible; and your co-operation with the Board of Estimate and Apportionment in accomplishing these important objects is earnestly requested.

Respectfully, THEO. W. MYERS, Comptroller.

In accordance with the foregoing resolution, I respectfully request you to prepare and send to the Board of Estimate and Apportionment, as soon as practicable, and before the 10th day of September, 1892, without fail, an estimate in detail of the amounts required to pay the expenses of conducting the business of your office in and for the year of 1893. The purposes and objects of every appropriation should be stated, and the amounts of the salaries of all officers, clerks, employees and subordinates, should be specified; also the names and official titles of the several persons receiving such salaries, respectively, in accordance with the above provisions of law.

If the estimates for 1893 differ in amount from the appropriations for the year 1892 you are requested to explain the reason of any increase or decrease.

You are particularly requested to refer in your estimates to the provision of law under which the amount of salaries and of appropriations of specific sums for special objects and purposes are authorized.

Every item of expense not absolutely necessary for conducting the public business should be excluded, and every item included in the estimate should be reduced to the lowest amount of expenditure consistent with efficient service, in order to secure the utmost economy in the administration of city affairs and make the burden of taxation as light as possible; and your co-operation with the Board of Estimate and Apportionment in accomplishing these important objects is earnestly

# CHARITABLE INSTITUTIONS.

At a meeting of the Board of Estimate and Apportionment, created by chapter 335 of the Laws of 1873, held July 28, 1892, the following preamble and resolution were adopted, to wit:

Whereas, Section 189 of the New York City Consolidation Act of 1882 provides as follows:

"The Mayor, Comptroller, President of the Board of Aldermen and the President of the Department of Taxes and Assessments shall constitute the Board of Estimate and Apportionment.

"The said Board shall, annually, between the first day of August and the first day of November, meet and by the affirmative vote of all the members make a Provisional Estimate of the amounts required to pay the expenses of conducting the public business of the City and County of New York and each department and branch thereof and of the Board of Education for the then next ensuing year.

"For the purpose of making said Provisional Estimate, the Heads of Departments and the Board of Education shall, at least thirty days before the said Provisional Estimate is required to be

made as herein provided, send to the Board of Estimate and Apportionment an estimate in writing, herein called a Departmental Estimate, of the amount of expenditure, specifying in detail the objects thereof, required in their respective departments, including a statement of each of the salaries of their officers, clerks, employees and subordinates.

"The same statement as to salaries and expenditures shall be made by all other officers, persons and Boards having power to fix or authorize them.

"A duplicate of these Departmental Estimates and statements shall be made at the same time to the Board of Aldermen."

"Resolved, That the officers of all institutions which may be entitled by law to allowances of money from the City and County of New York, be requested by the Comptroller to send their estimates for the year 1893 to this Board on or before September 10, 1892."

In accordance with the foregoing resolution I respectfully request that you will prepare and send to the Board of Estimate and Apportionment, certainly before the 10th day of September, 1892, an estimate of the amount required for the care and support of the inmates of your institution, as provided by law, in and for the year 1893.

as provided by law, in and for the year 1893.

Reference should be made to the provision of law authorizing the amount to be appropriated and paid from the Treasury of the City of New York for the benefit of your institution, annually, or as a per capita allowance of money.

Respectfully, THEO. W. MYERS, Comptroller.

The Departmental Estimates for the year 1893 are as follows:

# THE LEGISLATIVE DEPARTMENT.

Office of the Board of Aldermen, No. 8 City Hall, New York, August 20, 1892.

Hon. Theodore W. Myers, Comptroller:

Dear Sir—In reply to your circular letter of the 3d instant, requesting me to prepare and transmit to the Board of Estimate and Apportionment, on or before the 10th day of September, 1892, estimates in writing of the amounts required to pay the expenses of conducting the public business in this office in and for the year 1893, together with other information, I have the honor to state that the salaries fixed by law are as follows:

President of the Board of Aldermen.

\$3,000 00
Thirty members of the Board other than the President, at \$2,000 each per annum... 60,000 00

(Section 52, New York City Consolidation Act of 1882; chapter 74, Laws of 1884; chapter 292, Laws of 1887; chapters 397 and 408, Laws of 1892.)

By section 79 of the New York City Consolidation Act of 1882, the sum to be appropriated for salaries for Clerks and other officers of the Board of Aldermen, including the Clerk, is limited to \$25,000. The Board of Estimate and Apportionment in 1888, 1889, 1890, 1891 and 1892 specified the officers and fixed their salaries at \$22,100, which will be ample for the ensuing year and are as follows: Clerk of the Board and ex-officio Clerk of the Common Council

1	Clerk of the Board and ex-officio Clerk of the Common Council	5,000 00
ł	Deputy Clerk of the Board of Aldermen	2,500 00
ı	Five Clerks at \$1,200 each	6,000 00
ı	Four Clerks at \$1,000 each	4,000 00
ı	Librarian for City Library	1,000 00
ı	Sergeant-at-Arms, Board of Aldermen	900 CO
J	Three Messengers, at \$900 each per annum	2,700 00
I	City Contingencies,	1,500 00
ı	Contingencies—Clerk of the Common Council	200 00
I	00-1-1 C - 110	#00 P
ı	Total for the year 1893	\$50.500 00

-and is an exact duplicate both as to the objects and the amount of expenditures asked for and allowed in each of the past five years, save the five additional Aldermen, as provided for by the Laws of 1892, and with the exception that an appropriation of \$900 was made for an additional Messenger

1892, and with the exception that an appropriation of \$900 was made for an additional Messenger in 1891.

Until after the organization of the Board of Aldermen for the year 1893, and the appointment of its officers, their names and designations cannot be given.

As all the appropriations are made to pay fixed salaries with the exception of the items for contingencies, it is more than probable they will be all expended. The balance unexpended from the appropriation for "Contingencies" at the expiration of the present year cannot with any degree of certainty be estimated at this time.

Summary. Amount asked and allowed for year 1892. \$76,800 00
Estimate for the year 1893. 86,800 00

Increase for 1893, an additional sum of \$10,000 for five additional Aldermen as provided by chapters 397 and 408, Laws of 1892.

MICHAEL F. BLAKE, Clerk Common Council.

MAYOR'S OFFICE—BUREAU OF LICENSES, ROOM NO. 1, CITY HALL, NEW YORK, September 21, 1892.

Hon. HUGH J. GRANT, Mayor:

SIR—I herewith submit the annual estimate of employees and salaries, and also contingent expenses of the above-entitled Bureau, for the year 1893, as follows:

....... I Second Marshal
I Chief Clerk
I Chief Inspector.
Inspectors, at \$1,000
Inspectors, at \$900 2,200 00 1,650 00 2,000 00 3,600 00

Contingent Expenses....

This is the present pay-roll. In consequence of recent new laws, especially the act of the last Legislature commonly known as the "Street Cleaning Act," authorizing night stands in public streets for licensed vehicles, permits therefor to be issued from this Bureau, the regular work has been considerably increased this year, and will be still further increased next year, when the public becomes better acquainted with their privileges permitted under this law and hasten to secure the benefits. I therefore recommend and request the appointment of two additional Inspectors for temporary employment, at the rate of \$900 per annum each, whenever the present force is inadequate. This would add at most but \$1,800 to the above grand total, and I request such additional allowance. The sum estimated for contingent expenses is the usual appropriation therefor.

Respectfully submitted,

Respectfully submitted,
DANIEL ENGELHARD, Mayor's Marshal.

# THE FINANCE DEPARTMENT.

CITY OF NEW YORK—FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, October 1, 1892.

To the Board of Estimate and Apportionment:

As provided by section 189 of the New York City Consolidation Act of 1882, I submit herewith, in writing, the Departmental Estimate of the amount of expenditure required for conducting the public business in the Finance Department of the City of New York for the year 1893, stating

3356 in detail the objects and purposes of such expenditure, and including a statement of the salaries of each of the officers, clerks and subordinates employed in the Department, and the compensation of temporary clerks engaged during a portion of each year.

Statements in detail are presented of stocks and bonds of different kinds and classes, which become due and payable in the year 1893, and the redemption of which is provided for as stated, under their several heads and classification, and also of installments payable in 1893, to be raised by tax for the redemption of water bonds at maturity, as follows: 1. Statement of bonds payable in the year 1893 from taxation, to be provided for by the Board of Estimate and Apportionment, amounting to \$98,480.70.

2. Statement of stock payable in the year 1893 from the Sinking Fund, as provided by section 192 of the New York City Consolidation Act of 1882, as amended by chapter 178, Laws of 1889, amounting to \$14,500. amounting to \$14,500.

3. Statement of bonds and stocks of the City of New York, payable from taxation, issued after June 3, 1878, and prior to September 1, 1892, and to be issued as estimated during the remainder of 1892, by authority of existing statutes, and the sums required to be set apart out of the surplus income, revenues and accumulations of the Sinking Fund for the Redemption of the City Debt for the year 1893 and subsequent years, which, with the accumulation of interest thereon, shall be sufficient to redeem said bonds and stocks by the time the same shall be payable, as provided by section 192 of the New York City Consolidation Act of 1882, as amended by chapter 178 of the section 192 of the New York City Consolidation Act of 1882, as amended by chapter 178 of the Laws of 1889, amounting to \$1,599,790.80.

4. Statement of bonds issued by the Towns of Morrisania and West Farms prior to their annexation to the city in 1874, becoming due and payable in 1893 amounting to \$18,000.

Interest becoming due in 1893 on bonds of the Towns of Morrisania and West Farms, amounting to \$37,310, is included in the statement of interest on stocks and bonds outstanding, exclusive of the funded debt held by the Sinking Fund.

5. Statement of bonds payable in the year 1893 from assessments, amounting to \$2,345,000.

6. Statement of the estimated amount of installments to be raised in 1893 for the redemption at maturity of stocks to be issued for the supply of water, pursuant to the provisions of article 8, section 11, of the State Constitution, from a special Sinking Fund formed for the purpose, amounting to \$1,204,287,43. Statements in detail are also presented showing the amounts of interest becoming due and payable on stocks and bonds in 1893, as follows:

1. Statement of stocks and bonds outstanding September 1, 1892, exclusive of the funded debt held by the Sinking Fund as investments, showing interest becoming due thereon in 1893, amounting to \$4.552,079.78.

2. Statement of the estimated amount required to be raised by tax for interest payable in 1893, on stocks and bonds to be issued in 1892, after Angust 21, and in 1892, amounting to \$106.080. on stocks and bonds to be issued in 1892, after August 31, and in 1893, amounting to \$196,080.

3. Statement of interest to be paid on Revenue Bonds to be issued in 1893, in anticipation of the collection of taxes, to meet the current expenses of the City government, amounting to \$200,000.

The State taxes payable in 1893, as the quota of the County of New York, for the State fiscal year, commencing October 1, 1892, amounting to \$3,541,956.10, as shown by a communication from the State Comptroller. The amount required to be raised for the salary and expenses of the Shore Inspector is \$12,502.23, making a total of \$3,554,458.33, to be included in the estimate for 1893.

The amount of the quota of State taxes for 1892 was \$2,398,504.91.

Statements are also presented with the Departmental Estimate of the Finance Department of the amount of rents payable in the year 1893 on leases to the City of premises for the use of various departments and public offices, the Civil and Police Courts, armories and drill-rooms for the National Guard, together with estimates of miscellaneous expenses chargeable upon the City Treasury, and on account of judgmen's against the Corporation, and a number of items of necessary expenditure, including the wages of Armoreis, Janitors, Engineers and Laborers for armories, etc., which are not included in any Departmental Estimates.

Respectfully submitted, THEO. W. MYERS, Comptroller.

# THE DEPARTMENT OF PUBLIC WORKS.

DEPARTMENT OF PUBLIC WORKS-COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET, New York, September 30, 1892.

. Hugh J. Grant, Chairman of the Board of Estimate and Apportionment:

DEAR SIR—In compliance with section 189 of the New York City Consolidation Act of 1882, we the honor to present the following estimate of the amounts required to conduct the public ness under the charge of the Department of Public Works for the year 1893:

	AQUEDUCT-REPAIRS, MAINTENANCE AND STRENGTHENING.	
Gene	imate for 1892— aral account	\$215,000 00 27,850 00
	Total	War A war war and a second
Departme Gene Salar	ental Estimate for 1893— ral account y account	\$215,000 00 28,260 00
	Total	\$243,260 00

This appropriation is for the work and expense required for the care and maintenance of the aqueducts, the reservoirs, dams and all structures connected with the Croton water supply from ources to and including the distributing reservoirs in this city; the services and expenses connect with the policing of the streams, reservoirs, lakes and ponds in the Croton water-shed; the sures to detect and suppress or remove nuisances which contaminate the water, and the operator of the high-service pumping works which supply the high grounds beyond the reach of the ct service from the distributing reservoirs.

While this estimate walks as increase over the Final Estimate for 1802, there will be covered.

While this estimate makes no increase over the Final Estimate for 1892, there will be several itional demands upon this appropriation for the ensuing year. The high-service pumping these will have to be operated with larger force to meet the rapidly increasing demand for high-ice supply, caused by the rapid increase in population and buildings in the high-service districts, the will involve the consumption of more fuel. The double reservoir at Sodom will be transferred are charge of this Department by the Aqueduct Commissioners, as well as some gate-houses, its and surrounding lands on New Aqueduct.

The increase in salary account in the present estimate over the Final Estimate for 1892 is only to, and merely covers the salaries of the present force for a full year, as follows:

3	410, and merely covers the salaries of the present force for a full year, as follows:

PARAPET WALL AND RAILING AROUND OLD CENTRAL PARK RESERVOIR.	
Final Estimate for 1892	\$4,000 00 35,000 00

he Departmental Estimate for 1892 called for \$40,000 for the urgently necessary work of ructing a parapet wall around this reservoir, and placing an iron railing in the place of the nt old and unsafe wooden fence. In the Final Estimate only \$4,000 was allowed for this, and the amount of \$35,000 above estimated is required to complete the work.

BORING EXAMINATIONS FOR GRADING AND SEWER CONTRACTS.	
Final Estimate for 1892	\$5,000 00
Departmental Estimate for 1893	5,000 00

This amount is necessary to make boring examinations to determine as nearly as possible, in nee, the relative quantities of earth and rock to be taken out in excavations for sewers and for ng contracts, and the quantities of filling required for street embankments in marshy ground, so obtain a proper basis for fairly balanced competitive bids for contracts. This is a work of great importance to the city and to the property-owners who are assessed for grading and works.

I can only repeat the statement and argument made in preceding Departmental Estimates that, under the constantly increasing heavy business traffic to which the macadam roadways are subjected, and for which they were not originally designed and are ill adapted, they are wearing away very rapidly, and unless adequate means are provided for their maintenance and repairs they will be in alternate conditions of excessive dust and excessive mud, which are detrimental to public convenience and health in the districts which they traverse, and injurious to the surrounding property interests. Past experience has shown that any relaxation in the care and repair of these roadways,

The with asphalt or other suitable pavements is an ultimate necessity, but we should protect the vast interests involved by granting adequate means for above Departmental Estimate is a reduction of \$40,000 on the Final Est. The total amount which can annually be expended in laying mains to extend the water service into new streets and districts, and to improve it in the densely populated and business portions of the city, is limited to \$250,000 by section 356 of the Consolidation Act, and the full amount has been appropriated and needed from year to year since the limitation was established. The growth of the city in the heighth and dimensions of new buildings in its older parts, and the erection of houses on new territory, require that this work be continued to the full limit of the appropriation.

# PUBLIC BUILDINGS-CONSTRUCTION AND REPAIRS.

Final Estimate for 1892, with transfers ...... \$107,500 co Departmental Estimate for 1893.....

The reduction of \$22,500 in the above estimate from the amount appropriated for the current year can be made in consequence of the completion of several large and special works of repairs and improvements to public buildings. The calls for repairs to the many buildings under the charge of this Department, including the markets and armories, are constant and extensive, and the above amount is required for the necessary work, materials and supplies.

# PUBLIC DRINKING-HYDRANTS. Final Estimate for 1892-General account..... \$2,000 00 Salary account..... Departmental Estimate for 1893-General account. Salary account.

The appropriation of only \$2,000 for this year is barely sufficient for the repairs of the public drinking-hydrants now in use, leaving no margin whatever for the purchase and placing of additional hydrants and fountains. Although there are now on file a large number of unexecuted resolutions of the Common Council for additional hydrants and fountains, I have considered it best not to increase the present estimate over the appropriation for this year.

The estimate of \$1,200 for salary account is for the salary of one Inspector to look after the hydrants and inspect the work of repairing them.

# REMOVING OBSTRUCTIONS IN STREETS AND AVENUES. Final Estimate for 1892- General account \$42,000 00 Salary account 7,800 00 General account \$30,000 00 Salary account \$8,100 00

The Bureau of Incumbrances is required to look after and cause the removal of obstructions on streets, sidewalks and highways over the entire territory of the city, and the labor and services required in the performance of this work are increasing in proportion to the growth of the city in population, buildings and business. The work of removing overhead electric wires and carrying poles is not yet completed and must be continued.

The full amount estimated for general account, which is \$12,000 less than this year's appropri-

ation, is, therefore, needed for this important work.

REPAIRING AND RENEWAL OF PIPES, STOP-COCKS, ETC.		
Final Estimate for 1892	\$215,000	00
Departmental Estimate for 1893	215,000	

This appropriation is for all the labor and material required to maintain in good working order the entire system for distributing the City's water supply, and no work under the charge of this Department is of greater or more vital importance to the entire population. On the first of January next the system will comprise over 710 miles of water-mains of sizes varying from 6 inches to 48 inches in diameter, with over 7,300 stop-cocks and over 9,000 fire-hydrants. In the course of the year 1893, the water service will be extended and improved by the addition of at least 25 miles of water-mains and a proportionate number of stop-cocks and fire-hydrants. The demand for work and materials for this service is not only naturally increased from year to year by the growth of the city and the corresponding extension of the water service, but also by the gradual wear and deterioration of the older mains and fixtures, especially those contiguous to the water-front, and in contact with salt water, and by the multiplication and extension of underground structures for electric conduits, gas and steam service, and cable railways, which traverse and interlace the electric conduits, gas and steam service, and cable railways, which traverse and interlace the distributing system. A further additional demand on this appropriation arises from the necessity of relaying miles of water-mains in the Twenty third and Twenty-fourth Wards in consequence of the regrading of streets, avenues and roads. It will readily be seen, therefore, that the above estimate, which makes no increase over the appropriation for this year cannot be reduced without impairing and endangering the safety and efficiency of the water service.

The necessity of making adequate provision for the prompt and effective repair of all defects in pavements so as to secure good surface drainage and prevent accumulations of surface water and street filth has never been more apparent than at the present time. This work is one of the vital elements of proper sanitation, and should, therefore, not be allowed to fall into neglect through insufficient appropriation. With the amount above estimated, which is \$50,000 less than the appropriation for this year, the Department expects to be able to keep the City's pavements in reasonably good condition.

The appropriation for 1892 and the present estimate of \$115,000 for general account are the twest that have been made since 1886, while, in the meantime, the sewerage system has been stended by building 35 miles of additional sewers and about 300 additional receiving-basins, and aking it at the present time 445 miles of sewers, with 5,317 receiving-basins. From the appropriation has to be met, not only the expense of cleaning the sewers and basins of deposits and the dinary repairs, but also the gradual reconstruction of the old and defective sewers in the lower art of the city, which is necessary to insure permanent improvement. The importance in a mitary point of view of keeping the sewerage system in thoroughly effective condition by prompt pairs, reconstruction and cleansing whenever necessary, cannot be overestimated, and the propriation cannot be curtailed without detriment to the system and danger to the public health. The estimate for salary account provides for the present force, consisting of:

The amount asked for "Police Salaries" is for the force as it now exists and at present rates of pay, as fixed in the appropriation for the current year, except an increase of \$50 each in the salary of the Captain and Sergeants for cost of uniforms, and of \$300 in the pay of the Ambulance Driver, and further provides for an increase of the force by the appointment of sixty-one new men, at \$900 each, and an increase (by promotion) of eighteen men in the Mounted Squad at a difference in pay of \$100 each. There is urgent necessity for this increase in the Police force, as the number at present is insufficient to properly care for the large territory under the jurisdiction of the Department, embracing the Central Park, the Transverse roads, Riverside Drive, the city parks and squares and the new parks north of the Harlem. The items for "Supplies" aggregate \$17.730, as against \$12,500 allowed for 1892, which increase is mainly incidental to the proposed enlargement of the Mounted Squad. of the Mounted Squad.

There is no feature of the Park more popular and attractive to the public than the Menagerie. The amount asked for General Maintenance of the animals is \$25,000, the same as allowed for the current year. An additional sum of \$10,000 is required to rebuild and place in proper repair the buildings which have become dilapidated and in some cases are positively unsafe, no repairs having been made on them for years. Ihe principal work proposed to be done is as follows:

Painting Interior of Lion-house—This house has not been painted in twelve years, and it is not only necessary that this work should be done by reason of the appearance of the building, but also for sanitary reasons.

Rebuilding Dave Cage. This page is in the same as allowed for the public than the Menagerie.

For Zoological Department.

Rebuilding Dove Cage—This cage is in such a condition that it is almost falling to pieces, and unless rebuilt will have to be abandoned.

Repairing and Painting Eagle Cage—This cage is one of the most prominent in the menagerie, and has not been painted since its erection. It is also greatly in need of repairs.

Rebuilding Cattle Paddocks—It is impossible to repair these sheds, as the timbers are entirely rotten; they require to be torn down and completely rebuilt.

Enlarging Monkey-house—There is no part of the menagerie which affords so much amusement as this exhibit; the present house is inadequate and it is impossible to handle the crowds which visit it.

Repairs to Prairie-dog Enclosure—A great part of the wire-work has been rusted through and requires to be renewed; the entire cage needs painting,

Building Small Carnivora-house—There are now in the menagerie a number of small carnivora animals, which are very interesting, but for which there is no accommodation; with a suitable house they will make a feature of the exhibition.

In addition to the above, considerable repairs are required to all the other buildings and the fences inclosing paddocks. To place the buildings in thorough repair would require a large expenditure, but with the amount asked for (\$10,000) that portion of the work which is most urgent can be completed during the coming year. be completed during the coming year. For Maintenance of Museums......\$100,000 00 The Legislature having enacted laws by which additional appropriations to the Metropolitan Museum of Art and the American Museum of Natural History are authorized (chapters 290 and 420, Laws of 1892), the above amount is asked for, being \$50,000 for each museum. For Music—Central and City Parks. The amount allowed for the current year is \$25,000, which has been expended as follows: Central Park, 39 concerts.
Paradise Park, 10 concerts.
Tompkins Square, 16 concerts
East River Park, 17 concerts
Washington Square, 8 concerts
Rattery, 20 concerts \$8,867 00 2,320 00 2,450 00 Mount Morris Park, 20 concerts.

Mount Morris Park, 20 concerts.

St. Mary's Park, 16 concerts.

Calcium lights, 67 concerts, at \$9. 3,400 00 The additional \$1,000 asked for is for the purpose of giving concerts in Claremont Park (or some other of the new parks). During the season there has been given a series of concerts at St. Mary's Park, which have been largely attended by the residents of the Twenty-third Ward, and it is desired to meet a popular demand by giving next year additional concerts in some other of the For Telephonic Service..... This amount is required for the renewal of existing contract. For Rents.... This is to provide for the rental of the Department office, under lease made by the Sinking For Fourth Avenue Parks......\$14,000 00 To fully complete the improvement of the small parks on Fourth avenue, between Fifty-sixth and Sixty-fifth streets, this amount is required.
For Surveys, Maps and Plans This amount is the same as that allowed for this purpose for the current year. It is required for making surveys and maps for the laying out of parks or places for the use of Commissioners of Estimate and Assessment. FOR THE IMPROVEMENT AND MAINTENANCE OF RIVERSIDE PARK AND AVENUE, INCLUDING WEST SEVENTY-SECOND AND ONE HUNDRED AND TWENTY-SECOND STREETS. The proper maintenance of Riverside Drive and the above-mentioned streets will require the sum of..... The work is similar to that on Central Park and will require the following force : For cleaning, rolling, scraping and watering drive and above-mentioned streets, manuring and mowing lawns, carting material, etc., attending ladies' cottage and general work:

Bridge, \$3,600. This work should be done as soon as the appropriation can be made available, as the repairs are imperatively necessary, and delay is likely to result in serious injury to the bridge as well as a stoppage of travel. The remainder of the sum asked, \$2,000, is to provide for the gearing and machinery to connect with new engine on the same bridge, and for unforeseen accidents and contingencies, as the bridges are required to be opened at all hours of the day and night, and the frequency of opening is a severe strain upon them, whereby the large rollers and tracks under the centre of the draw are quickly worn out.

The estimate made by the Department Engineer for the removal of all deposits and concreting the bottom of the lower lakes was \$38,000. In the appropriation for the current year the sum of \$25,000 is allowed for this work, and application is made for the remaining sum necessary to complete the work. This work should be prosecuted to completion as soon as possible for sanitary reasons.

For Improvements and Repairs to the Casino, Central Park..... \$18,500 co

The enlargement of the present building is needed to meet public demands. In connection therewith it is proposed to provide a ladies' toilet-room, with four water-closets, wash-basins, etc., and underneath there will be convenient space for a gentlemen's toilet-room, fitted up with eight closets and seven urinals, basins, etc. These conveniences are very much needed, as the facilities in this portion of the park are entirely inadequate. Estimates have been obtained and the work can be completed for the amount asked for.

I transmit comparative statement, in tabular form, showing the appropriations made to this Department for the year 1892 and the amounts asked for in the Departmental Estimate for 1893.

It is impracticable to state at this time what balances, if any, may remain unexpended of the appropriations for the present year.

It is impracticable to see a spropriations for the present year.

Very respectfully,

CHARLES DE F. BURNS, Secretary, D. P. P.

CITY OF NEW YORK-COMMISSIONER OF STREET IMPROVEMENTS OF THE TWENTY-THIRD AND TWENTY-FOURTH WARDS,
No. 2622 THIRD AVE., COR. 141ST St.,
NEW YORK, September 19, 1892.

Hon. Hugh J. Grant, Mayor and Chairman, Board of Estimate and Apportionment: SIR-In compliance with section 189 of chapter 410 of the Laws of 1882, I have the honor to esent the following estimate of the appropriations required to conduct the public business of this Department for the year 1893:

# MAINTENANCE-TWENTY-THIRD AND TWENTY-FOURTH WARDS.

For the maintenance and government of streets, roads and avenues, Twenty-third and Twenty-fourth Wards, including salaries and wages of employees, supplies. new machinery, horses, wagon, sprinkling, etc. Final Estimate for 1892. \$190,000 00
Departmental Estimate for 1893. 400,000 00

Last year I made application in my Departmental Estimate for that year for \$300,000 for the maintenance and repair of streets, roads and avenues under my jurisdiction. This I deemed a moderate sum to meet the expenses attending the work of keeping in even tolerably good order the public highways of a territory nearly as extensive as the rest of the city, and now actively alive with a large population and numerous business enterprises. This would include the salaries and wages of employees, the purchase of supplies, material for macadamizing, machinery and horses, the sprinkling of main thoroughfares and other incidental expenses.

The estimate of \$400,000 now asked for is, in my judgment, essential for the reason that this amount will warrant the execution of work of a substantial and durable character. It is in no sense economy to expend small sums on works of a temporary nature which afterwards are in constant

amount will warrant the execution of work of a substantial and durable character. It is in no sense economy to expend small sums on works of a temporary nature which afterwards are in constant need of patching and repairing. By this policy neither the City nor the public is a gainer. It would be far better for the public interests if the streets and avenues of the district were placed in a good, in the public interests in the streets and avenues of the district were placed in a good, in the public interest would be satisfactory for public treated would in a good, in the public interest would be satisfactory for public treated would in a good. substantial condition, which, while they would be satisfactory for public travel, would in the end

be more economical to the taxpayers.

Appreciating that the public is entitled to have streets which are at least passable for ordinary travel and traffic, 1 was at a loss to determine how I could manage to give anything like satisfaction

travel and traffic, I was at a loss to determine how I could manage to give anything like satisfaction with only \$190,000 appropriated for that purpose for 1892.

In this emergency I have used the utmost economy and enforced unusual diligence and activity in order that as much work as possible might be done with the stinted sum of money at my command. In this connection it is proper for me to state that, on account of this condition of affairs, it was impracticable to increase the wages of laborers to two (2) dollars per day as I intended to do had I received an appropriation to warrant it. Under the administration of my predecessors only \$1.76 per day was paid to laborers, and this was the established wages in the Department when I took office. I have always considered this standard insufficient and unjust, believing that laborers should receive \$2 per day, and I trust that I will receive this year an appropriation which will

took office. I have always considered this standard insufficient and unjust, believing that laborers should receive \$2 per day, and I trust that I will receive this year an appropriation which will authorize me to pay that amount of wages in the future.

Besides the ordinary expenses, it will be necessary to purchase one steam locomotive engine on wheels, one steam road roller, one set of steam drills, material for earth filling, bottom and Telford stones, cobble stones for building curb and gutters, and five sprinkling trucks.

There are many available ledges of rock in the district which can be used to fill in low places, especially roadbeds which are springy and spongy. This Department has no steam apparatus for excavating rock. It will be greatly to the public interest if this Department is supplied with one or more of such machinery, so that the rock referred to may be utilized for the purposes mentioned.

# SHADE TREES.

The shade trees, which hitherto were a delightful feature of the territory comprising the Twenty-third and Twenty-fourth Wards, are fast disappearing, owing to the necessity of their removal by the opening, widening and grading of streets and avenues. The avenues especially of the district are wide, and offer unusual facilities for the planting of shade trees. The outlay would be trifling compared with the advantage gained, not only to the residents but to the taxpayers, as

This estimate provides for the necessary cleaning of a largely increased number of miles of sewers, there being seven and one-half miles of additional sewers built during the year 1892. It is essential to the public health that the sewerage system of the two wards should be kept in a proper condition of cleanliness, and this cannot be done for less than the amount above stated.

SURVEYING, LAYING-OUT, MAPS, PLANS, ETC., TWENTY-THIRD AND TWENTY-FOURTH WARDS.

For surveying, laying-out and monumenting the Twenty-third and Twenty-fourth Wards, including salaries and wages of all persons employed on the work, and for making and completing maps, Twenty-third and Twenty-fourth Wards, for the use of the Department of Taxes and Assessments; for making surveys and maps for the opening of streets and avenues for use of the Commissioners of Estimate and Assessment; for making preliminary surveys and plans of projected sewers, drains and other improvements, including rent of office for Engineers and making maps for accounting wight of way for building drains; for advertising notices. acquiring right of way for building drains; for advertising notices.

# TOPOGRAPHICAL BUREAU.

I.—Surveying, Laying-out, Maps, Plans, etc., Twenty-third and Twenty-fourth Wards; and II.—Final Maps and Profiles of Twenty-third and Twenty-fourth Wards, under which heads the Board of Estimate and Apportionment classifies the engineering work under charge of the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards.

I .- Surveying, Laying-out, Maps, Plans, etc., Twenty-third and Twenty-fourth Wards.

A.-Surveying:

A.—Surveying:

Surveys are required in connection with the work of monumenting for the purpose of establishing monument points and determining their relative positions, the distances between them, etc.

Surveys have also to be made in connection with the work of preparing and completing the tax maps, for which location surveys are required of all property and lot lines, existing roads, streets, etc., and of all land marks, showing old farm lands and original subdivisions, where this needed information is not shown on the contract, and other maps in the possession of this Department.

Levels have to be established.

marks have to be established.

B.-Laying-out:

B.—Laying-out:

This work comprises the revision and laying-out of the whole of the Twenty-third and Twentyfourth Wards, authorized by chapter 545 of the Laws of 1890.

The preliminary work is completed and a general map on a scale of 300 feet to one inch has
been prepared. The whole system has to be drawn on a larger scale, has to be adjusted to property
and other guiding lines by surveys and computations, and more accurate grade studies, based on
recent levels throughout the district, are to be made. Innumerable property maps, plans and
profiles of the street system are to be made before the figures of the course, windings and grades
can be established on the final maps.

Special cases ordered by the Board of Street Opening and Improvement are to be taken up
from time to time.

from time to time.

Plans for the sewerage and drainage districts are to be devised and prepared.

The designs for miscellaneous projects, such as bridges, tunnels, etc., come under this head.

C .- Monumenting:

The object of this work is to define on the ground, by means of stones and bolts, the lines of the streets and their intersections as laid down on the maps. The streets are monumented on five and ten feet offset lines, respectively, generally on the northeast corner of the street.

Two-thirds of the district, or about seven thousand (7,000) acres are to be revised and

monumented.

D.—Tax Maps:
The work of making and completing the Tax maps of the Twenty-third and Twenty-fourth
Wards, for the use of the Department of Taxes and Assessments, is required by section 679 of the Consolidation Act.

Nine (9) volumes of the tax maps of the Twenty-third Ward and ten (10) volumes of the Twenty-fourth Ward have been completed. Volumes 11 and 12 of the Twenty-fourth Ward, comprising 1,633 acres, are under way. These two volumes are the only ones to be delivered yet.

E.—Surveys and maps for acquiring title to avenues and streets:

The work under this head consists of: (1) Making rule maps in triplicate and technical descriptions of lands to be taken by the City for streets, etc., and acquire the right of way for drains.

(2) Making surveys to locate and to obtain the dimensions of the lands, buildings, fences, etc., within lines of streets to be opened, and to ascertain the materials of which the buildings are constructed.

(3) Making draft damage maps, showing the lands, tenements, etc., to be taken.

(4) Making draft benefit maps, showing the plots or parcels or lands to be assessed. (5) Making two (2) sets of final copies of both the damage and benefit maps. (6) Occasionally profiles and other miscellaneous maps are furnished at the Commissioner's request. (7) The preparation of maps and catalogues for the sale of buildings and engrachments taken by the City offer the conother miscellaneous maps are furnished at the Commissioner's request. # Surveying, Laying-out, Maps, Plans, etc.

Preliminary surveys, maps and plans are made by the Bureau of Regulating, Grading, etc., and by the Bureau of Sewers, in anticipation of the letting of contracts for regulating, grading, curbing, flagging, and paving, and for the construction of sewers and appurtenances in the Twentythird and Twenty-fourth Wards

The amounts expended on this class of work is generally returned to the City Treasury by the Collector of Assessments on property benefited, after the completion of the work.

The principal part of the salaries on the work done by the Construction Bureaus is charged to the "Street Improvement Fund."

II .- Final Maps and Profiles, Twenty-third and Twenty-fourth Wards.

This work, which this Department has to lay before the Board of Street Opening and Improve-

This work, which this Department has to lay before the Board of Street Opening and Improvement for its concurrence, has to be completed before July, 1893.

A general plan, on a scale of 300 feet to one inch, showing the street system of the Twenty-third and Twenty-fourth Wards, has been completed, and maps of a scale of 150 feet to the inch and profiles of all the streets are in preparation. The whole district has been subdivided in twenty-seven sections; each of these sections will consist of a plan showing the courses, windings, grades, etc., of the streets and two (2) other sheets showing the requisite profiles of the same. One full set of these maps will contain eighty-one sheets or pages. One set will be retained in the Topographical Bureau for reference, one will be sent to the Board of Street Opening and Improvement for its concurrence, one will be filed in the office of the Register of the City and County of New York, one in the office of the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, and one in the office of the Secretary of State of the State of New York, making a total of four hundred and five (405) sheets to be made. These sheets are of the uniform

making a total of four hundred and five (405) sheets to be made. These sheets are of the uniform size of thirty-one (31) inches by fifty-two (52) inches.

These maps cannot be completed until the Board of Street Opening and Improvement has concurred in the plan proposed by the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards.

The surveying, laying-out and computations for the course, windings and grades will be provided for under the heads previously mentioned, and only the drafting of the final maps will be charged here.

Estimate of the amount required to carry on this work:

-----------------------------------------

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION, COMMISSIONERS' OFFICE, No. 66 THIRD AVENUE, NEW YORK, September 26, 1892.

Hon. Hugh J. Grant, Mayor and Chairman of the Board of Estimate and Apportionment:

Dear Sir—In compliance with section 189 of the New York City Consolidation Act of 1882, and the circular letter of the Comptroller of August 9, 1892, we transmit herewith estimates in detail of the amounts necessary for the proper conduct of the business of this Department during the year 1893.

You will observe that this year we have endeavored to ask for appropriations for charities and for correction separately, believing that it will be in the interest of good government and of those committed to our care.

Yours, very respectfully

Yours, very respectfully,
H. H. PORTER, President.

# THE DEPARTMENT OF STREET CLEANING.

SEPTEMBER 20, 1802.

Hon. HUGH J. GRANT, Mayor and Chairman of the Board of Estimate and Apportionment:

SIR-In pursuance of the provisions of section 189 of the New York City Consolidation Act of 1882, and in compliance with request of August 9, 1892, the Commissioner of Street Cleaning has the honor to forward for your consideration the following estimate of the amount required for properly conducting the business of the Department of Street Cleaning for the coming year of 1893.

The estimate is prepared on the basis of chapters 269 and 415 of the Laws of 1892, known as the "Advisory Committee's New Street Cleaning Laws," intended for the purpose of the reorganization of this Department. Details of such Departmental Estimate, with explanations, are as follows:

The additional six District Superintendents, one Time Collector, eight Section Foremen, ten Assistant Dump Inspectors, seven Stable Foremen, twenty Tug and Scow Inspectors, one Superintendent of Incumbrances, together with the three Medical Examiners, Registration Clerk, and Clerk of Incumbrances, etc., are included under "Administration," in conformity with chapters 269 and 415, Laws of 1892.

It is respectfully submitted that the city is now divided into allow the conformation of the conformation of the city is now divided into allow the conformation.

It is respectfully submitted that the city is now divided into eleven districts, each under the direct supervision of a District Superintendent, who is responsible for the cleanly condition of the streets, avenues, etc., within the same, and also for the proper collection and removal of ashes and garbage therein. There are fifty-eight "sections" or street cleaning districts throughout the city, over which the same number of foremen officiate, and these foremen are responsible for the condition of their sections to the District Superintendents, who in turn are responsible to the Commissioner through the General Superintendent

through the General Superintendent.

The Medical Examiners and the additional Clerks, etc., asked for are necessary to carry into effect the provisions of the Advisory Committee's new street cleaning bills above mentioned.

SWEEPING THE STREETS.

Amount required (chapters 269 and 415, Laws of 1892)	\$1,085,000 00
1,500 Sweepers, at \$600 per annum	, \$900,000 00
at 56co per annum	. 45,000 CO
150 Machine and Water-cart Drivers, \$600 per annum	50,000 00

The "Advisory Committee," in its report to his Honor the Mayor, advocated that the method of street sweeping known as the "Block System" be put into operation by this Department, the Committee believing that with such a force of fifteen hundred Sweepers, and an addition of five per cent. each year, it would be possible to cover the whole of the city's area of streets, avenues, etc., holding each man responsible for the cleanliness of the "block" or space allotted to him.

I have, as far as such a force would allow, carried into effect the wishes of his Honor the Mayor and the Committee, and although acknowledging the efficiency of this system of sweeping, I am compelled to say that it would require at least twice this number of sweepers to embrace the whole of the city's paved streets and avenues, placing one man to each six hundred or eight hundred feet of space, according to the width of such street or the nature of the pavement thereon. In the upper part of the city, by using the sweeping machines at night (as allowed by the new law), I am enabled to have the streets and avenues therein cleaned once in every twenty-four hours, the same as in the lower section where hand labor is principally employed. The item of "sundries" is required for repairs and supplies to sweeping machines, water-carts, cart-covers, repairs to stables, new stalls, etc.

CARTING MATERIAL.

CARTING MATERIAL.

\$671,815 00	Amount required (chapters 209 and 415, Laws of 1892)
	600 Drivers of Department Carts, \$600 per annum

40,000 00	50 Mechanics and Helpers
10,000 00	Îtem for extra hours for Drivers
5671,815 co	Total

The new street cleaning laws provide for the purchase, by the Department, of a sufficient number of horses and carts, with the necessary equipments appertaining thereto, to take the place of 'hired'' cartmen with carts which heretofore have performed the largest part of the work of

# EXTRA HIRED CARTS.

On account of the uncertainty and delay in leasing the additional stables required by the Department, it is impossible to estimate as to the length of time the Department will be compelled to use a sufficient number of hired carts to perform the work that will be done by the Department carts after such stables are in the possession of the Commissioner of Street Cleaning. Up to the present time I have purchased the number of horses, carts, harness, etc., that the stables at present in the possession of the Department could accommodate. It will be my agreeable duty to procure, with the consent of your Honorable Board, additional horses, carts, etc., to complete the departmental plant to be owned by the City and to be used for the purposes of this Department as soon as the stables are provided. In the meantime it will be necessary for me to use, from the amount allowed for carting and care of horses etc. a sufficient next thereof to next for the use of such hired allowed for carting and care of horses, etc., a sufficient part thereof to pay for the use of such hired carts as may be necessary.

REMOVAL OF SNOW AND ICE. Amount required (chapters 269 and 415, Laws of 1892)..... \$40,000 00

This is \$30,000 less than the amount asked from your Honorable Board for 1892, and will probably be sufficient for this purpose for the coming year.

FINAL DISPOSITION OF MATERIAL.

The state of the s		
Amount required (chapters 269 and 415, Laws of 1892)	\$322,800	00
Wages of tug employees	\$20,400	
Wages of Scowmen	14,900	00

Repairs to dumps	5,000	00
Dump expenses, Boardmen, etc	5,000	00
Sundries	10,000	00
Total	\$322,800	00

The amount asked for on account of Final Disposition, as appears in the above items, is based on the increase in the quantity of material collected compared with previous years, and also from the fact that the tugs and scows of the Department, on account of long usage, are in constant need of repairs, entailing continual expense to the City, and also hindrances to the final disposition of ashes and garbage, etc. The two tugs "Municipal" and "Dassori" have been in the Departmental service for some thirteen years, and are at present in a condition causing them to be at times almost useless to perform the service for which they were intended. On this account some of the items under the heading of "Final Disposition" have had to be increased. The City now receives for the privilege of scow trimming \$92,310.40 per year, the largest amount ever received from that source.

I feel it my duty to state to your Honorable Board that, in my judgment, it would be advantageous to the municipality, as also to the administration of this Department, if the final disposition of material could be effected by contract, under proper restriction and superintendency.

I beg leave to call your attention to a communication received by me from Mr. Charles P. Anderson, Superintendent of Tugs and Scows of this Department, in which he explains the increased cost for towing and hiring of scows, as also the poor condition of the Departmental plant used for

NEW YORK, September 19, 1892.

Hon. THOMAS S. BRENNAN, Commissioner, etc.:

Hon. Thomas S. Brennan, Commissioner, etc.:

Sir—In answer to your request for an explanation of the increase of expenditures for final disposition in this Department for the year 1892, I would respectfully state:

Last winter we were unloading deck scows at Haverstraw, Newark Bay and Harlem river. The cold weather stole upon us very suddenly, freezing in several scows at Newark Bay, Haverstraw and Yonkers, which deprived us of the use of same for nearly a month, and our boats were frequently blocked up in our slips around the city, and tugs had to be hired at different times to cut them out. In order to get light scows under the boards we were deprived of an inland place to unload our deck scows, which compelled us to send them all to sea whenever the weather permitted. This combination of circumstances necessitated the hiring of outside scows, of which at one time we had as many as forty-five, all loaded up at the several dumps, as we could not get more than two or three tows out in a week. We had to send all our boats to sea since the first of July, it costing about twenty dollars more per scow to send them to sea than to inland places, and we are sending on an average daily six scows to sea, which alone cost the Department about one hundred and twenty dollars per day. With the increase of population, under your management as Commissioner I am sure we are removing more refuse than was ever known in the Department. I would like to draw your attention, in addition, to the fact that the plant owned by the City is getting old and worn out and needs continual repairing. The tug "Dassori" was built in 1879; the tug "Municipal" in 1880, and the Department business compelling them to work night and day, which would amount to twenty years' service. They are not stanch enough for our work, as it needs larger boats. The cost of keeping them in repair will amount to considerable, as three thousand dollars might be expended on each of them now to put them in condition for the winter's work, and I can say the expended on expended on each of them now to put them in condition for the winter's work, and I can say the same of the deck scows, which also are getting old and will require considerable money to keep them in repair. I have eight or ten now that need immediate repairs which will amount to from two to five hundred dollars each. I think this estimate will be sufficient evidence of increase of expenditures for 1892.

Respectfully,

CHARLES P. ANDERSON, Superintendent of Tugs and Scows. (Signed)

In addition to above, I would beg leave to call your attention to the increase in number of loads of dirt collected and disposed of for the eight months of 1891 and 1892, as follows:

## Comparison-Distribution of Material, Eight Months of 1891 and 1892.

The new street cleaning laws contain provisions for the employment of eleven Stable Foremen rom which it is evident that it was intended that the Commissioner of Street Cleaning shall, with the consent and approval of the Honorable the Board of Sinking Fund Commissioners, as soon as is practicable, lease the additional stables, at convenient and suitable locations, so that the system may be thorough and efficient as was anticipated by the Mayor's Advisory Committee. I have embraced in above the rentals for seven new stables, which, in addition to the four we now have, will complete the organization of the Department in this particular respect.

The amounts allowed in the Final Estimate for 1892 were:	\$128 410 00
Sweeping	559,580 00
Carting	800,000 00
Snow and Ice	40,000 00
Final Disposition	290,000 00
New Stock	60,000,00
Rentals and Contingencies	27,550 00
Total	\$1,905,540 00

Additional amount granted for latter months of 1892...... 187,815 35 Total for 1892.....\$2,093,355 35

In the foregoing figures I have included the five per cent. annual increase allowed by the new street cleaning laws as applied to Sweepers, Drivers and Hostlers, which necessarily enlarges the total amount asked for, but would respectfully state that it is entirely with the discretion of your Honorable Board as to whether these additional sums should be expended.

It is a reasonable conclusion that with the annual increase of men allowed by law added to the regular force for the coming year of 1893, a greater efficiency will prevail in regard to the daily sweeping of the streets and avenues, particularly in emergencies (should any arise) such as the one in regard to Asiatic cholera, now happily passing away, during which I deemed it advisable to have several of the down-town streets swept three or four times each day, and also resorted to the method of "flushing" the same, as an additional precaution, on which account it was necessary to employ an extra force of men, as such was absolutely needed.

It will be perceived that the increase in the several parts of the appropriation as asked for are in consequence of the new street cleaning laws as applied to the item of administration in adding to the supervisory force; to sweeping, in allowing 1,500 sweepers with an addition each year of five per cent.; in carting, by allowing 750 Drivers and 88 Hostlers, with five per cent, added each year; as also shoeing and feeding of 950 horses, additional mechanics and helpers at new stables, and the extra time allowed to Drivers.

The increase in the items of Final Disposition, as above related, is principally caused by the dilapidated condition of the tugs and scows belonging to the Department, on account of the length of time they have been employed and the extraordinary service performed by them. The heavy increase in the items of Final Disposition, as above related, is principally caused by the dilapidated condition of the tugs and scows belonging to the Department, on account of the length of time they have been employ

Bureau of Fire-alarm Telegraph and Electrical Appliances Pay-roll (sections 48, 428	
and 517½, chapter 410, of 1882, as amended)— Under the provisions of section 44, chapter 275 of the Laws of 1892 (known	
as the Building Law), enacting section 517½ of chapter 410, Laws of 1882, this branch of the Department became the "Bureau of Fire-alarm Telegraph and	
Electrical Appliances," and was charged, in addition to the care and maintenance of the Fire-alarm Telegraph, as heretofore, with the new and important duties of	
directing and superintending the wiring, etc., in all buildings in which electricity is to be used for the generation of heat, light or power.	
To properly direct and supervise the wiring and placing of electrical appliances in buildings, as required by the act referred to, the following will be	
required as specified in the above estimate:  2 General Inspectors, at \$1,800 \$3,600 00	
8 Inspectors, at \$1,200	
Stenographer and Clerk         1,200 00           Clerk         1,000 00	
Messenger	
Total \$17,350 00	
It is proposed to divide the city into eight districts, each one under an Inspector, and to have two General Inspectors to supervise their work. The	
Draughtsman is for the examination and making of plans of electrical work.  All must have practical and technical knowledge and experience.	
The Stenographer and Clerk, and Clerk and Messenger are necessary for the proper conduct of the business of this bureau.	
It is estimated that there are more than 8,000 buildings in the city wired to furnish electricity for light or power, or both, and, as is well known, the number	
of such plants is constantly and rapidly increasing. During the past two and a half years of fires caused by defective electric wiring in buildings occurred,	
causing a loss of \$228,210.  For the original purposes of this bureau, the care and maintenance of the	
Fire Alarm Telegraph, \$26,945 was allowed for the current year, and for the same purposes \$37,900 is called for in the above estimate. The increase for	
fire-alarm telegraph purposes is made up as follows:	
2 Additional Operators, at \$1,400       \$2,800 00         Instrument-maker       1,200 00         Foreman of Construction       1,000 00	
3 Linemen, at \$900 each 2,700 00	
2 Joiners and Flumbers, at \$1,000	
The following additions to salaries are also included in the above :	
Superintendent, from         \$4,500 to \$4,500           Chief Operator, from         2,000 to 2,500	
These are, in the judgment of the Commissioners, warranted by the circum-	
stances.  Without regard to any other considerations, the increased duties of these	
officials under the new law alone justifies the advance in their salaries.	21.111.12

with the enormous and constant increase of fires and alarms. As a consequence, the larger part of the working force at the Repair Shops has necessarily been laid	
off, at frequent intervals, to keep the expenditure within the appropriation, and the plant cannot be kept in the perfect condition demanded by the best interests	
of the community without additional appropriation.  Hospital and Training Stables Pay-roll (sections 48 and 428, chapter 410, 1882)—

These increases are very necessary. Those for coal and wood and for horse and straw being caused mainly by the steady increase in price of these lies. For repairs to fire-boats, the appropriation has been found to be inadequate. The Department now has three of these important apparatuses the often require extensive repairs, largely to satisfy the peremptory require to fee United States Steamboat Inspectors, which, if not complied with decreast in keeping the boats out of commission. The increase on the aining items is due to the growth of the Department.  For buildings and repairs, detailed statements of alterations and improvement repairs required will be submitted. \$73,000 was allowed for this purpose for present year. Comparative Statement. Final Estimate for 1892 (lump sum).

Proposed Estimate for 1893.....

A considerable portion of the amount annually expended by this Bureau is composed of items which are liable to variation, because of the uncertainty regarding the number and character of examinations necessary to be held and the amount of expert employment required to properly meet the demands of the public service. For these reasons it has been the custom of your Honorable Board to make our appropriation in a lump sum, and I respectfully request that such custom be

# THE BOARD OF CITY RECORD.

OFFICE OF THE CITY RECORD, No. 2 CITY HALL, NEW YORK, September 27, 1892.

Hon. THEODORE W. MYERS, Comptroller:

SIR—By direction of the Board of City Record and in response to your recent communication respecting the annual estimate of that Board, I send you the inclosed report of the affairs of this office, which contains an estimate of the appropriations necessary to carry on, during 1893, the work of publishing the CITY RECORD and of supplying the several Departments and bureaus of the City Government, the courts, etc., with blank books, stationery and printing.

The report and estimate were approved at a meeting of the Mayor, Counsel to the Corporation and Commissioner of Public Works held to-day.

Respectfully yours,

W. J. K. KENNY, Supervisor, City Record.

New York, September 23, 1892.

To the Honorables the Mayor, Counsel to the Corporation and Commissioner of Public Works: GENTLEMEN-I have delayed making a statement of the affairs of this bureau, on which you

Salaries of Expressman, Messenger and six Bookbinders.

Amounting to...... \$73,227 72

The sum available for the remainder of the year, to pay all charges, is, therefore, \$6,523.89, which may be increased to about \$7,000 by reductions in contract bills and open order bills. There are outstanding orders representing about \$3,000, so that the sum really available from now until January I is about \$4,000. By great care this may be made sufficient.

It is not possible for me, or any other person, to estimate exactly the annual cost of running this bureau. Its work is subject to the variations in business of every department it supplies, and also to the changes made annually by the Legislature of the State. In addition to the matters contemplated at the time its appropriation was made, it has supplied the Street Cleaning Department with extra blanks, official paper and books, made necessary by the legislative reorganization of that department; it has furnished articles to the new Building Department; it has given the District Attorney many thousands of extra blanks required under the operation of the new Excise Law and new acts affecting the forms of indictment, and for the special term of the Court of Oyer and Terminer; it has amended the blanks used by the Department of Taxes, in accordance with a new statute; it has provided the Department of Public Works with forms of contract and estimate for \$1,000,000 worth of paving done under an act passed by the latest Legislature; it has furnished the worth of paving done under an act passed by the latest Legislature; it has furnished the Health Department with half a million circulars of various kinds to inform the public respecting

the cholera. And it has done its work at a cost far below the sum that used to be necessary.

In 1888 the appropriation for "Printing, Stationery and Blank Books" was \$160,000. At the end of that year there was a deficiency of \$73,000, so that the real cost was apparently \$233,000. To do in this year the same work that was done in 1888, but with the system of contracts, instead To do in this year the same work that was dencicely of \$73,000,80 that the real cost was apparently \$253,000.

To do in this year the same work that was done in 1888, but with the system of contracts, instead of orders, you have only \$146,340. Your real appropriation, exclusive of \$2,000 set apart by the Board of Estimate at the request of the Fire Commissioners, is \$175,000, but to be deducted from it, for the purpose of comparison, is the coost of work not done in 1888, viz.: for the Commissioner of Street Improvements, \$12,360.42; the Sheriff, \$1,600; the Health Department (index to vital statistics), \$7,200; the Department of Public Works (paving under the Million Dollar Act), \$4,500; and the work made necessary by other recent legislation and the advent of the cholera, \$3,000—Total, \$28,660.42. The deficiency of \$73,000 found at the end of 1888 was not caused altogether in that year. It represented three years, so that the annual average deficiency was about \$25,000, and the appropriation for 1888 should have been \$185,000, instead of \$160,000. Your saving is represented, therefore, by the difference between \$185,000 and \$146,340, or \$38,660. And, in this, no account is made of the annual increase in the quantity of supplies needed by the departments, which has been figured by my predecessors as represented by \$14,000. The deduction of this sum would show your comparative expenditure to be only \$132,340, or about the sum on which I based the first estimate I made for you, and your annual saving to be \$52,660.

What you will need for the year 1893 is at least \$188,800. This will represent an increase of \$11,800 over the appropriation of this year, divided as follows: Department of Public Works, \$4,500 for paving under the act of 1892, and \$1,400 for 28 big ledgers which Commissioner Gilroy will need in the reorganization of the Water Meter branch of his department;

Hon. THEODORE W. MYERS, Comptroller:

SIR—In compliance with your circular letter of the 9th instant, I have the honor to transmit herewith my estimate of the amounts required to pay the expenses of conducting the business of this office in and for the year 1893.

Very respectfully,

JOHN J. GORMAN, Sheriff.

The Armorer, Janitor and two Laborers have been employed for several years at the rate of wages named. The estimate for the Engineer is new and the necessity for his services arises from the fact that the temporary armory at One Hundred and Seventh street and Lexington avenue is heated by steam. The old armory at Thirty-sixth street and Broadway was much smaller and was heated by stoves, so that no Engineer was there necessary.

In this connection, I respectfully ask that provision may be made, by transfer or otherwise, for the services of an Engineer, at \$4 per day, at the present temporary armory during the mouths of

# THE NEW YORK FREE CIRCULATING LIBRARY.

To the Honorable the Board of Estimate and Apportionment:

The petition of the New York Free Circulating Library, under the terms of chapter 666, Laws of 1886, respectfully shows to your Honorable Board:

First—That the said New York Free Circulating Library is a corporation duly organized by a

special act of the Legislature.

[SEAL.]

Second-That said corporation owns in the City of New York three library buildings, the value of each being far in excess of twenty thousand dollars, and also owns over sixty-three thousand volumes, and maintains said buildings and also a branch at No. 135 Second avenue and No. 1943 Madison avenue for the free circulation of books to and among the inhabitants of the City of New

Third—That in the year ending August 31, 1892, said corporation loaned to the inhabitants of the City of New York more than four hundred and twenty thousand volumes, to be read by the people at their homes, and that no charge was made in any case for such loaning, and no appropriation has been hitherto made to this corporation for the loaning of any of said books in said

Fourth-That under said chapter 666, Laws of 1886, your Honorable Board is authorized and empowered to allot to said corporation for such free loaning of books the sum of twenty thousand

That said corporation is greatly in need of such apportionment and allotment, and unless said sum of money is so apportioned and allotted said corporation fears that it may be compelled to curtail the amount of its work and thus reduce the amount of work that it can do for the education and

amusement of the people of the City of New York.

Wherefore, your petitioner prays that your Honorable Board may make such allotment and apportionment, which, under said chapter 666, Laws of 1886, your Board is authorized and empowered to do.

# AGUILAR FREE LIBRARY SOCIETY.

NEW YORK, September 23, 1892.

To the Honorable Board of Estimate and Apportionment:

GENTLEMEN—The Aguilar Free Library Society of this city respectfully applies for an appropriation of ten thousand dollars for the year 1893, pursuant to the provisions of chapter 666,

The society is a library society duly incorporated under the laws of this State, and maintains three public libraries, situate at No. 721 Lexington avenue, No. 624 Fifth street, and in the Institute Building at the corner of East Broadway and Jefferson street. The society owns real estate of the value of upwards of twenty thousand dollars in this city, has over eighteen thousand volumes, and maintains the library as a free public library for the circulation of books among the inhabitants of this city, and has actually circulated in the twelve months from September 1, 1891, to September , 192,793 volumes.

We respectfully ask your earnest attention to the special circumstances which prompt us to We respectfully ask your earnest attention to the special circumstances which prompt us to make this application. About the 1st of November, 1801, the main down-town branch was moved from its small quarters at No. 206 East Broadway to the large and imposing structure at the corner of East Broadway and Jefferson street, whereby the accommodations and the facilities of the library became highly increased. As a direct consequence of the change the inhabitants of the vicinity promptly availed themselves of the library and the circulation of this branch was very nearly trebled. The society was put to a considerable expense during the year in fitting up the library and in the purchase of about four thousand new volumes necessitated by the change. The increased size of the library and the consequent increase in the circulation will necessitate during the coming year a considerable addition to our expenses for help, for repairs, for binding, books, and the other incidents to the library. A statement is hereto annexed from which it will be seen that the expenses of the library during the past year aggregated nearly \$11,500, and during the coming year the expenses will be largely increased. It should also be borne in mind that the increased circulation is by no means spasmodic. The history of the library shows a constant and steady growth which indicates permanence in the circulation.

is by no means spasmonic. The history of the history shows a constant and steady growth indicates permanence in the circulation.

Your attention is also respectfully directed to the fact that the locations of the down-town branches are at places at a considerable distance from any other circulating libraries, and that the society therefore forms one of the great channels of circulating books where they are most needed. The population near East Broadway is largely of the immigrant class who are unfamiliar with American institutions, and the Americanizing and educational effect of the library cannot be too

American institutions, and the Americanizing and educational effect of the library cannot be too highly estimated.

The very fact that the library is in such great demand is the best argument in favor of its high utility and the importance of maintaining it at its highest standard.

The society has paid great attention to the character of the reading, and an inspection of the books on our shelves will convince you that the library circulates the best books in general literature, science and fiction. All trashy books have been carefully excluded. The library thus supplements the work of the public schools.

The library is supported wholly by voluntary contributions from citizens of this city in addition to the amount annually appropriated by your Honorable Body, excepting the annual income that we will hereafter derive from twenty thousand dollars (mortgages) invested in behalf of the library and which will yield about one thousand dollars per annum.

The library is in urgent need of the additional appropriation for which it is authorized to apply, and it is believed that unless the appropriation can be granted it will become necessary to close one of the branches, which will greatly impair the usefulness of the work heretofore done by the library.

We have the honor to be respectfully yours. We have the honor to be, respectfully yours,

GENERAL SOCIETY OF MECHANICS AND TRADESMEN OF THE CITY OF NEW YORK, MECHANICS' HALL, NO. 18 EAST SIXTEENTH STREET, NEW YORK, October 6, 1892.

To the Board of Estimate and Apportionment of the City of New York :

GENTLEMEN—We, Joseph J. Little, as President, and Stephen M. Wright, as Secretary, of the General Society of Mechanics and Tradesmen of the City of New York, a duly incorporated body under the Laws of the State of New York, do hereby respectfully apply to your Honorable Body

for an appropriation of ten thousand dollars to be used by the said society in the support and maintenance of the Apprentices' Library, located at No. 18 East Sixteenth street, in the City of

New York.

We respectfully declare that the said library is owned and maintained solely by the said society as a free public library; that it is opened for the free circulation of books among the inhabitants of the City of New York, from 8 o'clock A. M. until 9 o'clock P. M., every day in the year except Sundays and holidays; that the number of volumes contained in said library exceeds ten thousand, and that the aggregate number of volumes actually withdrawn from the said library by the inhabitants of the said city for use in their own homes or places of business during the twelve months next preceding the first day of October, 1892, exceeded one hundred and seventy-five thousand.

We further respectfully declare that the value of the real estate owned by the said society and used solely for the said library exceeds twenty thousand dellars and is free from all incumbrances.

we in the respectfully declare that the value of the real state whiled by the said society and used solely for the said library exceeds twenty thousand dollars and is free from all incumbrances.

We further respectfully declare that the foregoing application is made by direction and under the authority of the said society, as shown by the annexed resolution, and is based upon the provisions of an act of the Legislature of the State of New York, passed June 15, 1886, entitled "An act to encourage the growth of free public libraries in the cities of the State," and recorded in chapter 666, Laws of 1886.

munication of August 21, 1891, submitting the estimates for this year, and in previous communications therein referred to. In these the absolute necessity of having this Clerk is shown. I renew my request for his appointment. His salary is put at \$1,000.

I ask for the ensuing year the same appropriation as was made for the present year for the Clerks employed pursuant to chapter 57 of the Laws of 1883, as amended by chapter 467 of the Laws of 1890 in the preservation and transcription of mutilated and obliterated records. There are eight (8) Clerks employed in this work at a salary of \$1,200 a year each, and a Superintendent and Examiner who receives \$1,500 a year. The estimates for this year allowed for the prosecution of this work eleven (11) libers, at a cost of \$330, and \$100 for stationery. Twelve (12) libers, at a cost of \$360, w:ll be required next year, and \$100 for stationery. The necessity for this work has been duly certified in accordance with the acts aforesaid. A certificate of mine accompanies the communication of September 11, 1890, submitting my estimates for the succeeding year, and a certificate made by Judge Barreit is attached to the estimates presented in 1889. I have, also, in pursuance of said acts, examined and certified as to the necessity of copying thirteen (13) additional libers. The certificate is annexed hereto. certificate is annexed hereto.

For contingencies, \$1,200 is requested, being the same amount appropriated for like purpose for

the current year.

Respectfully submitted, RASTUS S. RANSOM, Surrogate.

# DISTRICT ATTORNEY'S OFFICE.

DISTRICT ATTORNEY'S OFFICE-CITY AND COUNTY OF NEW YORK, ( September 1, 1892.

To the Honorable the Board of Estimate and Apportionment:

GENTLEMEN - In compliance with section 189 of the New York City Consolidation Act of 1882, I herewith transmit an estimate in writing, being the Departmental Estimate in said act referred to, of the amount necessary in conducting the business of the District Attorney's Office of the City and County of New York for the year 1893, specifying in detail the objects of such expenditure, and including a statement of the salaries of each of the officers, clerks, employees and subordinates in such office, as follows:

# DEPARTMENTAL ESTIMATE FOR THE YEAR 1893.

For salary of the District Attorney (section 1503 of the Consolidation Act of 1882)... \$12,000 00
For salary of six Assistant District Attorneys, at \$7,500 each (section 1503 of the Consolidation Act of 1882, as amended by chapter 564, Laws of 1887)...... 45,000 00 For salary of Chief Deputy Assistant, Deputy Assistants, Clerks, employees and 69,470 co 2,500 00

\$128,970 00 For expenses in procuring the arrest of prisoners in this and other States and in procuring the attendance of witnesses from other counties and States in cases tried in the Courts of General Sessions and Oyer and Terminer, and for expert witnesses, car-fares, law books, postage, telegrams, messenger and telephone service, clothing for poor witnesses in House of Detention, and other necessaries for the office, including deficiency for the year 1892.....

The estimate for salaries is based upon the amount now actually paid in this office, and in the

The estimate for salaries is based upon the amount now actually paid in this office, and in the aggregate is practically the same as the appropriation for the current year.

With respect to the request for an appropriation of \$29,000 for contingencies, \$14,000 thereof is intended to meet an estimated deficiency which will arise on this year's account, as hereinafter explained, and only \$15,000 thereof is asked for as applicable to next year's account. The sum last mentioned, as past experience has demonstrated, is indispensably necessary to pay for ordinary services and liabilities of a character which are only chargeable against that fund. Previous to my accession to office the sum of \$15,000 was always appropriated for this account, except when in some years it was even higher, notably, when in 1887 and 1888 an appropriation of \$25,000 was allowed, and even then that amount was insufficient.

The appropriation made for that purpose by your Honorable Pody in 1891 for the current year was the sum of \$15,000, notwithstanding my request for an appropriation of \$18,000, and which

appropriation was allowed specifically to apply \$12,000 thereof for the contingent expenses of 1892, and to apply \$3,000 thereof to meet a then estimated deficiency in the appropriation for 1891.

Of the appropriation thus made for the current year, there has been disbursed for the first half of the year, ending June 30, 1892, for the ordinary expenses with which that account is chargeable, the sum of \$7,901.60. Upon that basis the amount of money needed for the ordinary business of this office for the whole year will be twice that sum, viz., not less than \$15,000. That, however, is as much as the gross amount allowed me and out of which I was to pay the estimated deficiency of \$3,000. The actual deficiency, however, payable and paid out of that appropriation was the sum of \$3,605.09—thus leaving this office at the outset of the year with even a less credit than it was intended it should have. Other unusual expenditures were necessarily incurred by me, which could not reasonably have been anticipated, and for which practically no provision whatever was could not reasonably have been anticipated, and for which practically no provision whatever was

In the month of May, 1892, the Governor of this State convened an Extraordinary Term of the In the month of May, 1892, the Governor of this State convened an Extraordinary Term of the Court of Oyer and Terminer, and by virtue thereof of such call an Extraordinary Term Grand Jury was also impaneled. This Grand Jury disposed of more than three thousand cases which had accumulated in this office; and to enable them to properly dispose of that immense volume of work it became necessary to engage the services of extra clerks and subpœna servers, and certain other incidental expenses were essential. Five extra subpœna servers were engaged during the continuance of that Grand Jury, and also during part of the time the services of three extra clerks were engaged, which, together with certain extra items of expenditure for postage, caused the expenditure of the sum of \$924.40, an item of charge growing directly and exclusively out of the session of the Extraordinary Oyer and Terminer.

engaged, which, together with certain extra items of expenditure for postage, caused the expenditure of the sum of \$224.40, an item of charge growing directly and exclusively out of the session of the Extraordinary Oyer and Terminer.

During the past year two criminal cases of an unusual nature were disposed of in this county, and the proper disposition thereof necessitated the incurring of unusual expense. These two cases were those of Carlyle W. Harris and Edward M. Field, and with which your Honorable Body is doubtless acquainted. The former was that of a young medical student accused of having poisoned his wife; the latter was the case of a stock and grain speculator who failed with liabilities exceeding two millions of dollars, and who it appeared had perpetrated a series of forgeries and larcenies upon banking institutions and capitalists to an amount of great magnitude. By reason of the circumstances of Field's crime and his standing in the community, the interests of justice in this county demanded that his prosecution should be exemplarily conducted. While himself a bankrupt, he, through his relatives and friends, commanded great pecuniary resources, and a defense of insanity having been set up in his behalf, these resources were liberally employed to prove that he was in that condition. This necessitated the employment on my part of the leading experts on alienism procurable, and I engaged such specialists as I felt the necessities of the case demanded.

Likewise, in the case of Harris, the proofs hinged almost exclusively upon medical evidence, and while the prisoner himself was pecuniarily irresponsible, as in the Field case, he had relatives and friends who were making every sacrifice of money, and exhausted the resources of medical science to secure his acquittal. This, of itself, necessitated counter-action on my part. But even without such action on the part of this prisoner's friends, it became equally necessary for me to avail myself of the highest medical authority which this country afforded

viction of this murderer; and I engaged them, leaving the matter of adjustment and payment of their bills for future disposition.

I have received bills of the experts employed in these cases aggregating over \$11,000, of which, some, aggregating \$2,950, have been paid, leaving others, aggregating \$8,000, unprovided for; and while these are subject to adjustment and possible reduction, yet, of course, it is apparent that proper provision must be made therefor.

proper provision must be made therefor.

It will thus be seen that the charges against the appropriation made to me for 1892, are largely in excess of the amount allowed, and may be thus summarized, viz.:

Amount (estimated upon basis of actual disbursements made up to June 30, 1892) for expenses ordinarily chargeable against this fund for the whole of the year 1892, is

Amount paid for expenses properly chargeable to 1891, growing out of deficiency in that account. that account,. 3,605 09 Amount of expenses directly incurred for Extraordinary Oyer and Terminer Grand 924 40 8,825 00 Amount of bills for medical experts and specialists in Harris and Field cases unpaid ...

### SYRACUSE STATE INSTITUTION FOR FEEBLE-MINDED CHILDREN.

SYRACUSE STATE INSTITUTION FOR FEEBLE-MINDED CHILDREN, SYRACUSE, N. Y., September 9, 1892.

To the Board of Supervisors of the County of New York:

By the existing provisions of law, the Supervisors of any county from which State pupils are admitted into the Syracuse State Institution for Feeble-Minded Children are required to raise the sum of thirty dollars (\$30) a year in advance for each pupil so admitted. See chapter 739 of the Laws of the State of New York for 1867.

As the Trustees of the institution have no disposition to charge the counties for clothing State pupils anything more than the actual cost of the clothing furnished, they have decided to reduce the charge to twenty-six dollars each for male pupils and twenty dollars for females. They are enabled to do this only by purchasing the supplies at wholesale and by making a portion of the garments with the labor of the inmates.

The following pupils have been received into the institution from your county upon the proper

### NEW YORK CATHOLIC PROTECTORY.

OFFICE OF THE NEW YORK CATHOLIC PROTECTORY, ) No. 415 BROOME STREET, NEW YORK, September 2, 1892.

Hon. THEODORE W. MYERS, Comptroller, City and County of New York:

SIR-In compliance with the requirements contained in the resolution of the Board of Estimate and Apportionment embraced in your communication under date of August 10, duly received, the Managers of the New York Catholic Protectory hereby respectfully submit the following statement and requisition

By section I., chapter 428 of the Laws of 1867, the sum of one hundred and ten dollars (\$110) per capita on the average number of persons annually maintained in said institution was authorized and directed to be raised in the same manner and applied in the same way as is required by section I., chapter 647 of the Laws of 1866.

Considering the provisions of said acts, and the number of children now in the institution, there will be required for the year 1893 the sum of two hundred and sixty-nine thousand five hundred

dollars (\$269,500).

This requisition is based on an estimate of two thousand four hundred and fifty (2,450) children as the average number to be maintained during the year 1893.

The Managers beg leave to assure you that they have carefully considered their estimate for 1893, and that any reduction of the amount therein asked for will be attended by serious inconvenience to the institution and render impossible the reception by it of all the children committed to the Magnetiates of New York City. to its care by the Magistrates of New York City. Respectfully submitted,

For the Board of Managers,

RICHARD H. CLARKE, President.

To the Board of Estimate and Apportionment :

GENTLEMEN—In compliance with the requirements of your circular of August 10, I have the honor to state that there are now present in St Joseph's Institute for Improved Instruction of Deaf Mutes sixty-two pupils under twelve years of age, who are maintained and educated at the expense of New York County.

Five others have applied for admission, and will probably enter within a week; but as several will be appointed State pupils during the course of the year, we believe that an appropriation for sixty-five pupils will be sufficient. There are also now present sixty-seven State pupils whose clothing is furnished at the expense of New York County and seventeen others will be appointed during the course of the year. We therefore request an appropriation as follows:

For support of sixty-five County pupils, at \$300. \$19,500 00
For clothing of seventy-five State pupils, at \$30. 2,250 00

Amount..... \$21,750 00 Chapter 325, Laws of 1863, as amended by chapter 213, Laws of 1875.

Respectfully submitted, ANNIE M. LARKIN, Secretary and Treasurer.

### THE SHEPHERD'S FOLD OF THE PROTESTANT EPISCOPAL CHURCH.

NEW YORK, September 10, 1892.

To the Honorable Board of Estimate and Apportionment of the City of New York:

In the absence abroad of Mr. H. C. Schwab, Treasurer, I present the application of the Shepherd's Fold of the Protestant Episcopal Church in the State of New York for an appropriation for the ensuing year of five thousand dollars, as provided for in chapter 269 of the Laws of 1871, passed April 4, 1871.

The institution continues its work as hitherto and has cared for 125 children during the past

T. M. PETERS, President of the Shepherd's Fold.

The reading of the minutes of the meeting held October 31, 1892, was dispensed with.

The Comptroller offered the following:
Resolved, That the Provisional Estimate made by the Board of Estimate and Apportionment on the 31st day of October, 1892, of the amount required to pay the expenses of conducting the public business in the City and County of New York, in each department and branch thereof and the Board of Education, for the ensuing financial year, to wit: For the year eighteen hundred and ninety-three (1893), be submitted to the Board of Aldermen, with the reasons for it in detail, as required by section 189 of the New York City Consolidation Act of 1882, as follows:

### THE LEGISLATIVE DEPARTMENT.

The amount appropriated for the Common Council in the Provisional Estimate for 1893 is \$86,800, being an increase of \$10,000 over the Final Estimate for 1892; and as to the amounts and the objects and the purposes specified in the Departmental Estimate for 1893, all of which are

allowed as reasonable and necessary, including \$60,000 for salaries of Aldermen at \$2,000 each per annum, the number of Aldermen having been increased by five, pursuant to chapters 397 and 408 of the Laws of 1892, and \$3,000 for the President of the Board, as provided and fixed by law.

#### THE MAYORALTY.

The amount appropriated is \$28,000, being the same amount as asked for in the Departmental Estimate for 1893, and as allowed in the Final Estimate for 1892, for the expenses of the Mayor's Office in 1893, which includes the salary of the Mayor as fixed by law at \$10,000 per annum. For the Mayor's Marshal's Office the sum of \$13,850 was asked for in the Departmental Estimate for 1893, and the sum of \$13,350 allowed as necessary and reasonable in the Provisional Estimate, being an increase of \$350 over the Final Estimate of 1892, which is deemed necessary for the temporary employment of additional Inspectors whenever the present force is inadequate in consequence of recent new laws, especially the law known as "The Street Cleaning Act."

#### THE FINANCE DEPARTMENT.

The sum of \$300,200 was asked for in the Departmental Estimate, as required for the several objects and purposes therein, and is allowed as reasonable and necessary, including the salary of the Comptroller fixed by law at \$10,000 per annum, and the compensation of the Chamberlain, also provided for by law at \$25,000 per annum, and including the sum of \$40,000 for cleaning markets.

#### INTEREST ON THE CITY DEBT.

In accordance with the statements submitted by the Comptroller with the Departmental Estimates, the amount appropriated for interest becoming due and payable in 1893 on bonds and stocks of the City of New York, exclusive of interest on bonds and stocks in the Sinking Fund made payable therefrom, by chapter 178 of the Laws of 1889, and including interest on bonds of the Towns of Morrisania and West Farms issued prior to their annexation to the City, and also interest on the estimated amount of Revenue Bonds to be issued in 1893, amounting in all to \$4,948,159.78, and included in the Provisional Estimate to be raised by tax in 1893.

#### THE REDEMPTION OF THE CITY DEBT.

The sum of \$80,480.70 is included in the Provisional Estimate for the redemption of Revenue Bonds made payable in 1893, by special acts of the Legislature; and also the sum of \$18,000 for the redemption of the debt of the Towns of Morrisania and West Farms, which become due in 1893, and also the sum of \$1,204,287,43, pursuant to article 8, section 11 of the State Constitution as amended in 1884, requiring installments to be raised by tax, annually, for the redemption at maturity of bonds issued after December 31 of that year, for the supply of water.

Stocks amounting to the sum of \$14,500 become due in 1893, for which no appropriation is included in the Provisional Estimate, as the amount has been provided for by installments and will be paid from the Sinking Fund for the Redemption of the City Debt, pursuant to the provisions of section 102 of the Consolidation Act of 1882, as amended by section 178 of the Laws of 1880.

section 192 of the Consolidation Act of 1882, as amended by section 178 of the Laws of 1889.

#### THE STATE TAXES.

The State Taxes to be raised in 1893 amount to \$3,541,956.10, which is more by \$1,155,966.76 than the amount allowed for 1892, to which is added \$12,502.23 for compensation and expenses of the Shore Inspector as provided by law.

The sum of \$127,050 is appropriated for rents of premises leased to the City for various depart-

ments, public offices, court-rooms, etc., other than armories and drill-rooms.

For rents of armories and drill-rooms for the National Guard not provided with quarters belonging to the City the sum of \$39,050 is allowed, and the amount appropriated for wages of Armorers, Janitors, Engineers and Laborers, required for military organizations, is \$49,640.

### JUDGMENTS.

For the payment of judgments against the City that have been or may be obtained, and not otherwise provided for, the sum of \$125,000 is included in the Provisional Estimate of 1893, and is deemed to be required and necessary for this purpose.

#### SPECIAL APPROPRIATIONS.

As provided by chapter 57, Laws of 1879, the sum of \$15,000 is appropriated for the Seventh Regiment New Armory Fund, and \$6,000 for the necessary expenses of the Commissioners of the Sinking Fund and of real estate belonging to the City.

### LAW DEPARTMENT.

The sum of \$202,000 is appropriated for the necessary expenses of the Law Department and offices connected therewith as bureaus, including the amount of salaries fixed by law of the Counsel to the Corporation, the Corporation Attorney, the Public Administrator, and the Attorney for the Collection of Arrears of Personal Taxes, a reduction of \$1,200 being made from the amount of the Departmental Estimate.

### THE DEPARTMENT OF PUBLIC WORKS.

The sum of \$3,013,670 is appropriated for all objects and purposes, being \$102,875 less than the Departmental Estimate, and \$135,100 less than the Final Estimate for 1892, reductions being made of various items not deemed necessary.

### THE DEPARTMENT OF PUBLIC PARKS.

The reading of the minutes of the meeting held October 31, 1892, was dispensed with.

The Comptroller offered the following:

Resolved, That the Provisional Estimate made by the Board of Estimate and Apportionment on the 31st day of October, 1892, of the amount required to pay the expenses of conducting the public business in the City and County of New York, in each department and branch thereof and the Board of Education, for the ensuing financial year, to wit: For the year eighteen hundred and ninety-three (1893), be submitted to the Board of Aldermen, with the reasons for it in detail, as required by section 189 of the New York City Consolidation Act of 1882, as follows:

### THE LEGISLATIVE DEPARTMENT.

The amount appropriated for the Common Council in the Provisional Estimate for 1893 is \$86,800, being an increase of \$10,000 over the Final Estimate for 1892; and as to the amounts and the objects and the purposes specified in the Departmental Estimate for 1893, all of which are

allowed as reasonable and necessary, including \$60,000 for salaries of Aldermen at \$2,000 each per annum, the number of Aldermen having been increased by five, pursuant to chapters 397 and 408 of the Laws of 1892, and \$3,000 for the President of the Board, as provided and fixed by law.

#### THE MAYORALTY.

The amount appropriated is \$28,000, being the same amount as asked for in the Departmental Estimate for 1893, and as allowed in the Final Estimate for 1892, for the expenses of the Mayor's Office in 1893, which includes the salary of the Mayor as fixed by law at \$10,000 per annum. For the Mayor's Marshal's Office the sum of \$13,850 was asked for in the Departmental Estimate for 1893, and the sum of \$13,350 allowed as necessary and reasonable in the Provisional Estimate, being an increase of \$350 over the Final Estimate of 1892, which is deemed necessary for the temporary employment of additional Inspectors whenever the present force is inadequate in consequence of recent new laws, especially the law known as "The Street Cleaning Act."

#### THE FINANCE DEPARTMENT.

The sum of \$300,200 was asked for in the Departmental Estimate, as required for the several objects and purposes therein, and is allowed as reasonable and necessary, including the salary of the Comptroller fixed by law at \$10,000 per annum, and the compensation of the Chamberlain, also provided for by law at \$25,000 per annum, and including the sum of \$40,000 for cleaning markets.

#### INTEREST ON THE CITY DEBT.

In accordance with the statements submitted by the Comptroller with the Departmental Estimates, the amount appropriated for interest becoming due and payable in 1893 on bonds and stocks of the City of New York, exclusive of interest on bonds and stocks in the Sinking Fund made payable therefrom, by chapter 178 of the Laws of 1889, and including interest on bonds of the Towns of Morrisania and West Farms issued prior to their annexation to the City, and also interest on the estimated amount of Revenue Bonds to be issued in 1893, amounting in all to \$4,948,159.78, and included in the Provisional Estimate to be raised by tax in 1893.

#### THE REDEMPTION OF THE CITY DEBT.

The sum of \$80,480.70 is included in the Provisional Estimate for the redemption of Revenue Bonds made payable in 1893, by special acts of the Legislature; and also the sum of \$18,000 for the redemption of the debt of the Towns of Morrisania and West Farms, which become due in 1893,

and also the sum of \$1,204,287.43, pursuant to article 8, section 11 of the State Constitution as amended in 1884, requiring installments to be raised by tax, annually, for the redemption at maturity of bonds issued after December 31 of that year, for the supply of water.

Stocks amounting to the sum of \$14,500 become due in 1893, for which no appropriation is included in the Provisional Estimate, as the amount has been provided for by installments and will be paid from the Sinking Fund for the Redemption of the City Debt, pursuant to the provisions of section 103 of the Consolidation Act of 1882, as a wearled by section 178 of the Laws of 1882. section 192 of the Consolidation Act of 1882, as amended by section 178 of the Laws of 1889.

#### THE STATE TAXES.

The State Taxes to be raised in 1893 amount to \$3,541,956.10, which is more by \$1,155,966.76 than the amount allowed for 1892, to which is added \$12,502.23 for compensation and expenses of the Shore Inspector as provided by law.

The sum of \$127,050 is appropriated for rents of premises leased to the City for various depart-

ments, public offices, court-rooms, etc., other than armories and drill-rooms.

For rents of armories and drill-rooms for the National Guard not provided with quarters belonging to the City the sum of \$39,050 is allowed, and the amount appropriated for wages of Armorers, Janitors, Engineers and Laborers, required for military organizations, is \$49,640.

### JUDGMENTS.

For the payment of judgments against the City that have been or may be obtained, and not otherwise provided for, the sum of \$125,000 is included in the Provisional Estimate of 1893, and is deemed to be required and necessary for this purpose.

#### SPECIAL APPROPRIATIONS.

As provided by chapter 57, Laws of 1879, the sum of \$15,000 is appropriated for the Seventh Regiment New Armory Fund, and \$6,000 for the necessary expenses of the Commissioners of the Sinking Fund and of real estate belonging to the City.

### LAW DEPARTMENT.

The sum of \$202,000 is appropriated for the necessary expenses of the Law Department and offices connected therewith as bureaus, including the amount of salaries fixed by law of the Counsel to the Corporation, the Corporation Attorney, the Public Administrator, and the Attorney for the Collection of Arrears of Personal Taxes, a reduction of \$1,200 being made from the amount of the Departmental Estimate.

### THE DEPARTMENT OF PUBLIC WORKS.

The sum of \$3,013,670 is appropriated for all objects and purposes, being \$102,875 less than the Departmental Estimate, and \$135, too less than the Final Estimate for 1892, reductions being made of various items not deemed necessary.

### THE DEPARTMENT OF PUBLIC PARKS.

The sum of \$1,028,500 is appropriated as necessary and sufficient for all objects and purposes, which is less than the Departmental Estimate by \$303,018.75, and \$25,350 more than the Final Estimate for 1892.

THE DEPARTMENT OF STREET IMPROVEMENTS, TWENTY-THIRD AND TWENTY-FOURTH WARDS. The sum of \$349,972 is appropriated for all the purposes and objects of this Department, being \$207,900 less the Departmental Estimate for 1893, and \$39,772 more than the Final Estimate for 1892.

### THE DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION.

The sum of \$2,196,525 is appropriated as necessary and sufficient for all purposes and objects, being \$453,015 less than the Departmental Estimate for 1893, and \$26,400 more than the Final Estimate for 1892.

### THE HEALTH DEPARTMENT.

The sum of \$432,036 is appropriated as necessary and sufficient for all the purposes and objects of this Department, reductions amounting to \$7,800 being made in the various items of the Departmental Estimate, and also less than the Final Estimate for 1892 by \$3,102.

### THE POLICE DEPARTMENT.

The sum of \$5,234,886.04 is appropriated as necessary and sufficient for all purposes and objects, being \$131,646.01 less than the Departmental Estimate for 1893, and \$189,417.73 more than the Final Estimate for 1892, owing to an increase in the number of Patrolmen for the year 1893.

### THE DEPARTMENT OF STREET CLEANING.

The sum of \$2,190,089.49 is appropriated as necessary and sufficient for the purposes and objects, being \$379,163.51 less than the Departmental Estimate for 1893, and \$211,549.49 more than the Final Estimate of 1892. By chapter 269 of the Laws of 1892, the sum of \$187,815.35 was appropriated from Revenue Bonds and applied to the appropriation for 1892 for six months of the year, the amount being \$1,978,540 in the Final Estimate for 1892, making a total for 1892 of \$2,166,355.35.

### THE FIRE DEPARTMENT.

The sum of \$2,154,913.50 is appropriated as necessary and sufficient for all objects and purposes, leaving \$413.562.50 less than the Departmental Estimate for 1893, and \$146,368.50 less than the appropriation for 1892, on account of the establishment of the Department of Buildings under the Laws of 1892, being one of the bureaus of the Fire Department previously.

### THE DEPARTMENT OF BUILDINGS.

The sum of \$192,690 is appropriated for the uses and purposes, being \$59,680 less than the Departmental Estimate for 1893, for this new department.

### THE DEPARTMENT OF TAXES AND ASSESSMENTS.

DEPARTMENT OF PUBLIC WORKS-COMMISSIONER'S OFFICE, No. 31 Chambers Street, New York, November 3, 1892.

Hon. Hugh J. Grant, Chairman, Board of Estimate and Apportionment:

DEAR SIR—I have the honor to ask your Board to approve the appointment of Mr. William H. Burr as Consulting Engineer in the matter of the construction of a bridge across the Harlem River Ship Canal at Kingsbridge road, under the provisions of chapter 332, Laws of 1892, with the fol-

lowing conditions:

Mr. William H. Burr to furnish, at his own expense, all engineering services, make all necessary plans and all necessary inspections of iron and steel work at the shops while being made, and furnish the services of a general inspector on masonry and piling, a general inspector on the erection of iron and steel work, and a general inspector on paving; a general inspector on the effection of the services to be four per cent. of the entire cost of the work.

These services will be necessary for the protection of the City's interests in carrying out the mprovements provided for in the act referred to.

The appointment to date from October 27, 1892.

Very respectfully,
THOS. F. GILROY, Commissioner of Public Works.

Whereupon, the Comptroller moved that this Board approve of the appointment of William H. Burr as Consulting Engineer upon the terms and conditions as recommended by the Commissioner of Public Works.

Dear Sir—At a meeting held on the 28th ultimo, the Board of Street Opening and Improvement adopted the following resolution:

"Resolved, That the Commissioner of Public Works be requested to make application to the Board of Estimate and Apportionment for the sum of three thousand four hundred and ninety dollars, to be used for the purpose of defraying the expense of preparing maps and making proper surveys of that portion of the City of New York lying west of Kingsbridge road, and between One Hundred and Fifty-eighth and Dyckman streets, in the Twelfth Ward of said city."

This is an expenditure not anticipated or provided for in my Departmental Estimate for 1893 for the appropriation for surveys, maps, etc., for street openings, and to provide for the work called for in this resolution; it will, therefore, be necessary that, in the Final Estimate, your Board make the additional appropriation of \$3,400 for the purpose mentioned.

for in this resolution; it will, theretore, be necessary that, in the the additional appropriation of \$3,490 for the purpose mentioned.

The amount heretofore called for being nearly exhausted on account of expenditures for works of construction, purchase of materials, acquisition of land, etc., requisition is hereby made for the further issue of said stock to the amount of two hundred and fifty thousand dollars (\$250,000), for the use of this Department.

Very respectfully,
MAURICE F. HOLAHAN, Deputy and Acting Commissioner of Public Works.

Referred to the Comptroller.

From the Counsel to the Corporation-

LAW DEPARTMENT, Office of the Counsel to the Corporation, New York, October 31, 1892.

CHARLES V. ADEE, Esq., Clerk of the Board of Estimate and Apportionment: SIR—I have received your letter of the 19th instant, inclosing requisition by the Harlem River Bridge Commissioners, directed to the Board of Estimate and Apportionment, which that Board has referred to me, with the request that I advise them of their powers and duties in the premises.

The requisition includes the following items:

1. Pay-roll of the Commission for Secretary, Clerk and Typewriter and two Laborers Office rent. \$6,314 00 396 66 Bills.
Engineering, legal and incidental expenses..... 2. For the year 1893-For salaries and wages..... 6,400 00 1,680 00 Office rent and incidentals..... 8,800 00 Engineering expenses.

For the improvement of lands, under provisions of chapter 573, Laws of 1888.....

The statement of the Commissioners accompanying the requisition conveys the information that the engineering expenses anticipated for the year 1893 are expected to be applied to the improvement of lands which have not yet been acquired by the City.

The Board of Commissioners in question was created by chapter 487 of the Laws of 1885 and therein authorized to build the bridge across the Harlem river.

In that act it was provided that the Commissioners should hold office until such bridge should be completed; the completion was required to be within three years from the passage of the act. By section 4 of the act the Board of Estimate and Apportionment was directed, on the requisition of said Commissioners specifying the amount needed in any calendar year for the work of constructing such bridge, to raise the amount by taxation.

By chapter 573 of the Laws of 1888, the Commissioners were further empowered to acquire, in the name of the Mayor, Aldermen and Commonalty of the City of New York, lands not exceeding one hundred and fifty feet in width, adjacent to the northerly and southerly lines of lands theretofore taken for such bridge between Boscobel and Undercliff avenues, and Tenth avenue, and adjacent to said southerly line, between Aqueduct and Undercliff avenues, and payment for the lands so to be acquired and for the improvement thereof, and for the other work provided for in said act, was directed to be made in the same manner in which payments were directed to be made by chapter directed to be made in the same manner in which payments were directed to be made by chapter 487 of the Laws of 1885.

By chapter 249 of the Laws of 1890, the same Commissioners were directed to apply to the Supreme Court for the condemnation of certain other lands lying between Tenth avenue and the Harlem river adjacent to the bridge, which lands were subsequently to be improved and kept and maintained as public parks and highways, and for the location of the Croton Aqueduct therein.

By the imposition of new duties upon the Commissioners by the acts of 1888 and 1890 hereinbefore mentioned, the continuance of the Commission has been required and their official term prolonged.

In consequence of the litigation in relation to the validity of the act of 1890 no proceedings have been taken thereunder, and the title of the lands therein mentioned has not yet been acquired by the

The duties of the Commission are therefore still continuing and their reasonable expense for clerk hire, etc., should be provided for by the Board of Estimate and Apportionment upon the requisition of said Commission.

There, is therefore, no apparent legal objection to the requisition which has been forwarded to your Board, so far as the expense of Secretary, clerk hire and rent is concerned.

The anticipated expenses for engineering services and for the improvement of lands which have not yet been acquired, stands, however, upon a different basis.

The Board of Apportionment may, in its discretion, provide for such anticipated expense; it is, however, uncertain whether condemnation proceedings will be completed in time to require any expenditure for the year (Soc. and it may be deemed in expedient to, provide funds which may not expenditure for the year 1893, and it may be deemed inexpedient to provide funds which may not be required.

I therefore advise that it is a matter resting within the discretion of the Board of Estimate and Apportionment whether the appropriation desired for engineering expenses and improvements upon the lands not yet acquired shall be made at this time or not.

I remain, yours respectfully,

### BOARD OF STREET OPENING AND AMPROVE-MENT.

The Board of Street Opening and Improvement met at the Mayor's office on Friday, November 4, 1892, at 2 o'clock P. M., pursuant to the following notice:

Office of the Board of Street Opening and Improvement, Room No. 10, Stewart Building, New York, November 2, 1892.

SIR—You are respectfully requested to attend a regular meeting of the Board of Street Opening and Improvement of the City of New York, to be held in the Mayor's office, at the City Hall, on Friday next, November 4, 1892, at 2 o'clock P. M., at which it is proposed to consider unfinished business, with such other matters as may be brought before the Board. I am, very respectfully, V. B. LIVINGSTON, Secretary.

The roll was called, and all the members were present and answered to their names. The minutes of the meeting of October 28, 1892, were read and approved.

The Secretary read the following communication received from the Counsel to the Corpora-

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION, NEW YORK, November 4, 1892.

V. B. LIVINGSTON, Esq., Secretary to the Board of Street Opening and Improvement :

Sir-I have received your letters, dated respectively November 1 and November 2, 1892, in reference to the proposed opening and closing of certain streets near the intersection of Kingsbridge road and the Harlem River improvement.

You inclosed a map showing the streets in question and the grades, which map is to be presented to the Board of Street Opening and Improvement for certification.

It appears that certain streets, roads and lanes, colored gray on the map, are to be discontinued

In answer to your request, I beg to advise you that the said streets, roads and lanes, colored gray on the said map, have not been legally closed, and that if it is desired to close them proceedings should be taken under the provisions of the Consolidation Act, as amended by chapter 129 of

You also ask my opinion as to "whether the said map may properly be adopted for the purpose of only laying out and opening the several streets described thereon by merely omitting in the title and certificate all mention of the closing of any streets, roads or lanes shown thereon."

As the map has not yet been adopted, I see no reason why it should not be amended by striking out the legend, "All streets, roads and lanes, and parts thereof colored gray, are discontinued and closed," and also by striking out the concluding clause of the certificate referring to the closing and

discontinuing of these streets.

This, however, should be done by authority of the Board, and the resolution adopted by the Board should be so worded as to show that the Board did not intend to close the said streets.

The resolution should also show that the erasures were made by authority of the Board so that

no question could be raised as to what the intention of the Board was in certifying the map.

Very respectfully,

Enclosure.

WM. H. CLARK, Counsel to the Corporation.

The communication was ordered on file. The Secretary presented the following report relating to the laying out and opening of certain streets, roads and avenues in the Twelfth Ward of the City of New York:

OFFICE OF THE BOARD OF STREET OPENING AND IMPROVEMENT.

To the Board of Street Opening and Improvement of the City of New York:

SIRS—I have to report that on September 19, 1892, at the office of the Clerk of the Board of Aldermen, at the City Hall, in the City of New York, I have caused to be delivered to the Clerk of said Board, and left with him, copies of resolutions adopted by this Board on September 15, 1892, copies of said resolution being hereto annexed. They provide for the altering of the map or plan of the City of New York, by laying out, opening and extending certain streets, roads and avenues in the Twelfth Ward of the City of New York.

I do also report that I caused to be published in the CITY RECORD the notice required by law, a copy of which, together with the proof of the publication thereof, is hereto annexed.

Very respectfully.

Very respectfully, V. B. LIVINGSTON, Secretary.

Whereupon the Commissioner of Public Works offered the following preamble and resolutions :

Whereas, At a meeting of the Board of Street Opening and Improvement of the City of New York, held on September 15, 1892, the following resolutions were adopted by said Board:

OFFICE OF THE

BOARD OF STREET OPENING AND IMPROVEMENT.

To the Board of Street Opening and Improvement of the City of New York:

SIRS—I have to report that on the 12th September, 1892, at the office of the Clerk of the Board of Aldermen, at the City Hall, in the City of New York, I have caused to be delivered to the Clerk of said Board, and left with him, copies of resolutions adopted by this Board on the 7th September, 1892, copies of said resolution being hereto annexed. They provide for the altering of the map or plan of the City of New York, by laying out, opening and extending West One Hundred and Sixteenth street and widening West One Hundred and Twentieth street, between Amsterdam avenue and the Boulevard.

I do also report that I caused to be published in the CITY RECORD the notice required by law, a copy of which, together with the proof of the publication thereof, is hereto annexed.

Dated New York, November 4, 1892.

Very respectfully, V. B. LIVINGSTON, Secretary.

Whereupon the Commissioner of Public Works offered the following preamble and resolu-

Whereas, At a meeting of the Board of Street Opening and Improvement of the City of New York, held on the 7th September, 1892, the following resolutions were adopted by the said Board:
Resolved, That the Board of Street Opening and Improvement of the City of New York, deeming it for the public interest to alter the map or plan of the City of New York, by laying out and opening West One Hundred and Sixteenth street, between Amsterdam avenue and the Boulevard, and widening West One Hundred and Twentieth street, on the southerly side, between Amsterdam avenue and the Boulevard, more particularly bounded and described as follows:

### TO LAY OUT WEST ONE HUNDRED AND SIXTEENTH STREET,

Beginning at a point in the westerly line of Amsterdam avenue, distant 463 feet 8 inches northerly from the northerly line of One Hundred and Fourteenth street; thence westerly and parallel with said street, distance 775 feet, to the easterly line of the Boulevard; thence northerly along said line, distance 100 feet; thence easterly, distance 775 feet, to the westerly line of Amsterdam avenue; thence southerly along said line, distance 100 feet, to the point or place of beathering.

Said One Hundred and Sixteenth street to be 100 feet wide between the lines of Amsterdam

avenue and the Boulevard.

### WIDENING OF WEST ONE HUNDRED AND TWENTIETH STREET.

Beginning at a point in the westerly line of Amsterdam avenue, distant 513 feet 8 inches southerly from the southerly line of One Hundred and Twenty-second street, said point being the southwesterly corner of Amsterdam avenue and One Hundred and Twentieth street; thence westerly along the southerly line of One Hundred and Twentieth street, distance 775 feet to the easterly line of the Boulevard; thence southerly along said line, distance 40 feet; thence easterly and parallel with the southerly line of One Hundred and Twentieth street, distance 775 feet to the westerly line of Amsterdam avenue; thence northerly along said line, distance 40 feet to the point or place of beginning.

or place of beginning.

The said 40 feet is to be added to the present One Hundred and Twentieth street on the southerly side to make a street of 100 feet in width between the lines of Amsterdam avenue and the

meet for any cause on the day above mentioned.

The following communication from the Commissioner of Public Works, relating to opening East

Eighty-fourth street, was read:

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE, No. 31 CHAMBERS STREET, NEW YORK, September 17, 1892.

Hon. HUGH J. GRANT, Chairman, Board of Street Opening and Improvement:

DEAR SIR—With letter from the Secretary to your Board, under date of July 21, 1892, I received the inclosed petition for the opening of East Eighty-fourth street, between Avenue B and the East river, and was requested to report to you thereon.

I find that Eighty-fourth street has not yet been legally opened between Avenue B and the East river. The north side of the street is occupied by the East River Park, and belongs to the City of New York. On the south side there are five houses and one overlooking the East river. The petition of the property-owners should be granted. petition of the property-owners should be granted.

Very respectfully, THOS. F. GILROY, Commissioner of Public Works.

Whereupon the Commissioner of Public Works offered the following resolution:

Resolved, That this Board, deeming it for the public interest so to do, hereby respectfully requests the Counsel to the Corporation to take the necessary proceedings, in the name of the Mayor, Aldermen and Commonalty of the City of New York, to acquire title, wherever the same has not been heretofore acquired, for the use of the public, to the lands required for the opening of East Eighty-fourth street, between Avenue B and the East river, and hereby determines that the entire ost and expense of said proceedings shall be assessed upon the property deemed to be benefited

thereby.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Commissioner of Public Works, the President of the Department of Public Parks, the President of the Board of Aldermen—5.

The Comptroller offered the following resolution:

Resolved, That the Board of Street Opening and Improvement propose to alter the map or plan of the City of New York, so as to lay out and open Convent avenue, from One Hundred and Forty-fifth to One Hundred and Fiftieth streets, in the Twelfth Ward of the said city, and the Commi sioner of Public Works is hereby respectfully requested to prepare three similar maps for filing, showing such laying out, together with a technical description of the same.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the Commissioner of Public Works, the President of the Department of Public Parks, the President of the Board of Aldermen—5.

The following petition, relating to the opening of Trinity avenue, in the Twenty-third Ward, was presented, and on motion, was referred to the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards for report thereon:

To the Board of Street Opening in the City of New York:

GENTLEMEN-The petition of Henry C. Overing of the City of New York [respectfully shows to your Honorable Board:

First—That he is the owner of four certain lots of land on One Hundred and Thirty-sixth and One Hundred and Thirty-seventh streets, between the Southern Boulevard and St. Ann's avenue, in the Twenty-third Ward of said city.

Second—That all of said land, with the exception of a very small strip, will be taken in the

The or said of and the contemplated taking of said land for such purpose, your petitioner is unable to sell or in any why dispose of his said property and cannot safely make any improvements thereon, although his property is in a rapidly growing portion of the city, and the same is

ments thereon, authough his property is in a rapidly growing portion of the city, utterly unproductive to him.

Fourth—That said Trinity avenue is already open and in use, both south and north of your petitioner's land, and it only requires the cutting through of a few blocks more to connect said avenue and make it continuous, and in the opinion of your petitioner it would be conductive to the growth and improvement of that portron of the city to have such avenue cut through.

Wherefore your petitioner asks that prompt measures may be taken by your Honorable Board thin the desired relief in the premises.

to grant him the desired relief in the premises.

NEW YORK, October 19, 1892.

The following petition, relating to the assessment for the opening of Boscobel avenue, in the Twenty-third and Twenty-fourth Wards, was presented and, on motion, was referred to the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards for report thereon:

To the Board of Street Opening:

PETITION.

The petition of the undersigned, owners and their representatives of property adjoining Boscobel avenue, in the Twenty-third and Twenty-fourth Wards of the City of New York, respectfully

That said avenue is the main and only direct approach to the easterly end of Washington Bridge; that there is no other approach to that end of the bridge, except Aqueduct avenue, which crosses at right angles and which only begins at the high easterly end of Highbridge and ends in Featherbed lane.

That Commissioners have been appointed for the opening of said avenue, which is 80 feet in width and forms the connection between Washington Bridge and through Jerome avenue to Macomb

width and forms the connection between Washington Bridge and through Jerome avenue to Macomb Dam Bridge and the easterly part of the city.

That said Commissioners made and filed a report, assessing property for said opening, outside of the middle line of the block, to the extent of about \$67,000, which report has since been withdrawn for the reason that in the Forest Avenue case the Supreme Court at General Term vacated assessments of land outside the middle line of the blocks.

That the lands along said avenue were assessed fully up to one-half their tax valuation for the said opening of said avenue by the Commissioners, and cannot legally be assessed more. That, in this way, the proceeding for opening Boscobel avenue is completely blocked, and Washington Bridge must remain without an approach to its eastern end, or substantially so, unless the City come to the aid of the property-holders, and assume an amount equal to the assessment of lands outside the middle line of the block.

Wherefore your petitioners pray, that your Honorable Board will pass a resolution authorizing

the middle line of the block.

Wherefore your petitioners pray, that your Honorable Board will pass a resolution authorizing the Commissioners for the opening of Boscobel avenue to assess or charge upon the city at large a sum not exceeding sixty-seven thousand dollars toward the expense and cost of such opening.

The following report from the Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards, relating to the opening of Cammann street, was presented and read.

CITY OF NEW YORK—COMMISSIONER OF STREET IMPROVEMENTS, TWENTY-THIRD AND TWENTY-FOURTH WARDS,

TWENTY-THIRD AND TWENTY-FOURTH WARDS, No. 2622 THIRD AVENUE, CORNER 14IST STREET, COMMISSIONER'S OFFICE, October 18, 1892.

To the Honorable the Board of Street Opening and Improvement:

Gentlemen—In relation to the petition of Mr. Fordham Morris, attorney and counsellor for the estate of S. B. Cammann, protesting against the confirmation of the report of the Commissioners in the proceedings to open Cammann street, referred to me for report, I respectfully report as

That the proceedings for opening Cammann street have been under way since July 19, 1889, and that the final damage and benefit maps were delivered July 11, 1890, and said proceedings are now before the Court ready for confirmation.

As there are no good reasons why the said proceedings should be discontinued, and a great many property-owners interested desire the confirmation of the said proceedings, I therefore recommend that the petition of said property-owner, represented by Mr. Fordham Morris, be denied.

Respectfully,
LOUIS J. HEINTZ,
Commissioner of Street Improvements of the Twenty-third and Twenty-fourth Wards.

Whereupon Mr. Fordham Morris addressed the Board at some length in support of his petition to discontinue the proceedings for the opening of Cammann street.

On motion, the further consideration of the matter was laid over to the next meeting to afford other parties an opportunity to be heard.

On motion, the Board adjourned.

V. B. LIVINGSTON, Secretary.

FOR TAKING DOWN AND REBUILDING BRICK
WALLS OF THE ANNEX IN THE CASTLE GARDEN BUILDING, IN BATTERY
PARK, IN THE CITY OF NEW YORK.

PARK, IN THE CITY OF NEW YORK.
Bidders are required to state in their proposals
ONE PRICE OR SUM for which they will execute the
ENTIRE WORK, including the furnishing of all materials, laber and transportation, all implements, tools,
apparatus and appliances of every description necessary
to complete, in every particular, the whole of the work,
as set torth in the plans and in specifications, estimates
and form of agreement.

The time allowed for the completion of the whole work
will be THIRTY CONSECUTIVE WORKING
DAYS.

DAYS.

The damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled after the time fixed for the completion thereof has expired, are fixed at TEN DOLLARS per day.

The amount of security required is THIRTEEN HUNDRED DOLLARS.

Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the nature and extent of the work, and shall not, any time after the submission of an estimate, dispute or complain of such statement, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

The estimates received will be publicly opened by the head of the said Department at the place and hour last above mentioned and read.

above mentioned and read.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose; and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested. all the parties interested.

requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities, as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centium of the amount of the security required for the faithful performance of the contract. Such check or money must not

be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

N. B.—The price must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Department of Public Parks reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received. But the contract when awarded will be awarded to the lowest bidder.

Blank forms for proposal and forms of the contract which the successful bidder will be required to execute can be had at the office of the Secretary, and the plans can be seen and information relative to them can be had at the office of the Department, Nos 49 and 51 Chambers street.

NOTICE OF ASSESSMENT.

ASSESSMENT FOR OPENING FREEMAN STREET, TWENTY-THIRD WARD, CON-FIRMED BY THE SUPREME COURT, OCTOBER 26, 1892.

OCTOBER 26, 1892.

IN PURSUANCE OF SECTION 997 OF THE "New York City Consolidation Act of 1882," the Comptroller of the City of New York hereby gives public notice to all persons, owners of property, affected by the assessment list in the matter of acquiring title to FREEMAN STREET, from UNION AVENUE to SOUTHERN BOULEVARD, in the TWENTY. THIRD WARD OF THE CITY OF NEW YORK, which assessment was confirmed by the Supreme Court October 26, 1892, and entered on the 27th day of October, 1892, in the Record of Titles of Assessments kept in the "Bureau for the Collection of Assessments kept in the "Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents," that unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 998 of said "New York City Consolidation Act of 1882."

Section 998 of the said act provides that, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated from the date of such entry to the date of payment."

The above assessment is payable to the Collector of Assessments and Clerk of Areace at the "Bureau for

thereof at the fact of such entry to the date of payment."

The above assessment is payable to the Collector of Assessments and Clerk of Arrears at the "Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents," Room 31, Stewart Building, between the hours of 9 A. M. and 2 P. M., and all payments made thereon on or before December 27, 1892, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per cent. per annum from the date of entry in the Record of Titles of Assessments in said Bureau to the date of payment.

MATERIALS AND WORK REQUIRED FOR REPAIRS AND ADDITIONS TO WASH-HOUSE, BELLEVUE HOSPITAL.

(No. 25.)

SEALED BIDS OR ESTIMATES FOR THE aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction. No. 66 Third avenue, in the City of New York, until Tuesday, November 15, 1892, until 10 o'clock A. M. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Repairs and Additions to Wash-house, Bellevue Hospital," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of TWO THOUSAND (\$2.000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose; and i

shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose; and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the secrity required for the completion of this contract, over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by

section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.
