MESSAGES FROM HIS HONOR THE MAYOR.

The Vice-Chairman laid before the Board the following message from the Secretary to his Honor the Mayor:

No. 3446.

City of New York, Office of the Mayor, May 1, 1911.

To the Honorable, The Board of Aldermen of The City of New York:

Gentlemen—The Mayor directs me to transmit to you the accompanying letter from the Hon. P. H. McCarthy, Mayor of the City and County of San Francisco, acknowledging the receipt of resolutions adopted by your Board on April 18, 1911, in which you congratulate the citizens of San Francisco upon the rebuilding of their city within five years from the date of the earthquake of 1906.

The Mayor transmitted your resolutions to Mayor McCarthy on April 19, in accordance with the request of your Board. Respectfully,

ROBERT ADAMSON, Secretary.

Office of Mayor, City and County of San Francisco, San Francisco, Cal., April 24, 1911.

Hon. WM. J. GAYNOR, Mayor of New York, New York City:

Sir—I have the honor, as the Mayor of the City and County of San Francisco, to acknowledge the receipt of your cordial letter of April 19, 1911, in which you transmit copy of certain resolutions adopted by your Board of Aldermen at a meeting held on April 18, 1911, congratulating the citizens of San Francisco upon the rebuilding of this city within five years after the disaster of 1906.

Speaking for this community as a whole, I desire to express our heartfelt gratitude for your thoughtful and timely sentiment, and to say that the people of San Francisco well realize the fact that a very important factor in their ability to rehabilitate this city has been the loyal support and generous assistance of their fellow American citizens in your City of New York.

I have the honor further to state that copies of your resolutions, as adopted by the Board of Aldermen of New York, are being distributed to the newspapers of this city.

Again expressing to you the keen appreciation of our citizens for your encouraging sentiment and splendid courtesy, I beg leave to remain,

Yours very sincerely,

P. H. McCARTHY, Mayor of The City and County of San Francisco.

Which was ordered on file.

The Vice-Chairman laid before the Board the following message from his Honor the Mayor:

No. 3357.

City of New York, Office of the Mayor, May 2, 1911.

To the Honorable, The Board of Aldermen:

Gentlemen—I return herewith, disapproved, resolution No. 3357, entitled: "Ordinance to amend the Building Code so as to provide for stated inspections of buildings."

This proposed ordinance would require the Superintendents of Buildings in the different Boroughs to make quarterly inspections of all buildings used for manufacturing purposes in the City.

I have received two communications, one from the President of the Borough of Manhattan, and the other from the President of the Borough of The Bronx, which show that with the present staff employed in these two Building Bureaus, it would be impossible to make quarterly inspections.

I would suggest, therefore, to your honorable Board that this matter be held in abeyance until you and the Board of Estimate and Apportionment consider the question of increasing the number of Inspectors in the different Bureaus of Buildings, in accordance with section 56 of the Charter, and, furthermore, to provide means which would enable all Borough Presidents to pay the increased staff. It would appear that in Manhattan alone it would require at least 75 more Inspectors to make a complete quarterly inspection. Respectfully,

WM. J. GAYNOR, Mayor.

AN ORDINANCE to amend the Building Code so as to provide for stated inspections of buildings.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. The Building Code is hereby amended by adding thereto a new section, as follows:

Sec. 101A. It shall be the duty of the Superintendent of Buildings to cause quarterly inspections to be made of all buildings used for manufacturing purposes in The City of New York, and reports of such inspections shall be made part of the records of the Bureau of Buildings having jurisdiction.

Sec. 2. This ordinance shall take effect immediately.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The Vice-Chairman laid before the Board the following message from his Honor the Mayor:

No. 3235.

City of New York, Office of the Mayor, May 2, 1911.

To the Honorable, The Board of Aldermen:

Gentlemen—I return herewith, disapproved, proposed resolution No. 3235, entitled, "Resolution to fix grades of Inspectors, Department of Finance."

This proposed resolution would add to the Finance Department the following new positions, with unlimited number of incumbents:

	Incumbents.	Salary. per Annum.
Inspector	Unlimited	$1,200 00
Inspector	Unlimited	1,350 00
Inspector	Unlimited	1,500 00
Inspector	Unlimited	1,650 00
Inspector	Unlimited	1,800 00

I am informed that at the present time the Comptroller has 20 Inspectors of Repairs and Supplies, 5 Inspectors of Regulating, Grading and Paving, 1 Inspector of Sewers, 2 Inspectors of Sewer Construction, 1 Inspector.

The above salaries range from $1,200 to $2,250. As I understand the matter, it is intended to give the above-named different kinds of Inspectors the one title of "Inspector, Finance Department."

The objection to the resolution, however, lies in the fact that there are at least six classes of Inspectors now examined and for which there are eligible lists in the Civil Service from which this new title of Inspector could be filled. These classes of Inspectors, for which eligible lists are now in existence, are as follows: Inspector of Regulating and Grading, Inspector of Sewers, Inspector of Masonry and Construction, Inspector of Repairs and Supplies, Inspector of Iron and Steel, Inspector of Food.

It would not be just to the men on the eligible list for these different places to have the single grade of Inspector, Finance Department, at the present time. It would be better to wait until the Civil Service Commission can have a suitable eligible list made up, after a proper examination, for this new inspectorship in the Finance Department. This matter went through the Board of Estimate and Apportionment without close consideration, and its full import not seen.

Respectfully, WM. J. GAYNOR, Mayor.

The Committee on Salaries and Offices to which was referred on April 4, 1911 (Minutes, page 12), the annexed resolution in favor of establishing grades of Inspectors, Department of Finance, respectfully

REPORTS:

That having examined the subject, it believes the proposed grades to be necessary. The Comptroller appeared before the Committee and stated that this resolution was for the purpose of making this position uniform throughout the Department.

It therefore recommends that the said resolution be adopted.

March 27, 1911.

The Honorable Board of Estimate and Apportionment:

Gentlemen—Request is hereby made that the Board of Estimate and Apportionment recommend to the Board of Aldermen, in accordance with the provisions of section 36 of the Charter, that salaries unlimited as to the number of incumbents, be fixed for the position of Inspector in the Department of Finance, as follows: $1,200, $1,350, $1,500, $1,650 and $1,800 per annum.

At the present time salaries as established, for this Department, for Inspector of Regulating, Grading and Paving, Inspector of Repairs and Supplies, Inspector of Sewers, etc., in some cases are limited as to the number of incumbents, and in other cases are unlimited. For instance, the Department is unlimited as to the number of Inspectors of Regulating, Grading and Paving at $1,800 and $1,650 per annum, but limited to two at $1,500, one at $1,350, and one at $1,200.

It is accordingly desired that the salaries as requested be established at once.

Respectfully, (Signed) WM. A. PRENDERGAST, Comptroller.

Whereas, the Board of Estimate and Apportionment adopted the following resolution at a meeting held March 30, 1911:

Resolved, That, in accordance with the provisions of section 56 of the Greater New York Charter, the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen the establishment of the following position, in the Department of Finance:

	Incumbents.	Salary per Annum.
Inspector	Unlimited	$1,200 00
Inspector	Unlimited	1,350 00
Inspector	Unlimited	1,500 00
Inspector	Unlimited	1,650 00
Inspector	Unlimited	1,800 00

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said position, as set forth therein.

WILLIAM J. HEFFERNAN, FRANCIS P. BENT, FREDERICK SNELL, JAMES H. FINNIGAN, SAMUEL MARX, RALPH FOLKS, Committee on Salaries and Offices.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

PETITIONS AND COMMUNICATIONS.

No. 3447.

Being several communications relative to proposed changes in the Building Code.

Which were severally referred to the Committee on Buildings.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Weights and Measures:

No. 3448.

Mayor's Bureau of Weights and Measures, City Hall, City of New York, April 25, 1911.

To the Honorable, the Board of Aldermen, City of New York:

Sirs—I hereby make application for the issuance of a revenue bond in the sum of three thousand dollars ($3,000) to purchase an automobile for use in the Mayor's Bureau of Weights and Measures of The City of New York.

This application is predicated by the absolute necessities of this Bureau. In the examination of markets a force of at least six Inspectors is required. These markets, as is well known, are widely distributed throughout the various boroughs of the municipality. The nature of these markets, and the constancy with which they must be maintained, make it absolutely necessary that the inspecting force shall at all times be in a position of the most affective mobility. In order that the public may receive the protection which inspections by this Bureau insure it, it is necessary that all the markets shall be visited within a period of a few hours. Unlike other branches of municipal government, this office is without auxiliary force in any of the boroughs, and the whole work must be continually under the personal supervision of the Commissioner. Further, it is necessary that no injustice be done either to the public or business interests, that the prescribed devices and standards for testing scales and weights shall be carried. These devices are of the most delicate construction. Their weight is against manual transportation and, all things considered, the solution of the problem which brings me before you in this application is an automobile.

Heretofore I have been compelled to beg the use of automobiles from various Department heads. I can safely say that hardly a Department has escaped a letter from me at one time or another. This resulted in an injustice to the work of these other Departments, and I was compelled to hire an automobile and pay therefor out of the Contingency Fund of the Bureau of Weights and Measures. The Department of Finance has ruled that they will no longer audit claims for automobile hire by this Bureau. Upon taking the matter up with the Honorable Comptroller he suggested that I apply to your Honorable Board for a bond issue from which to purchase an automobile for the use of this Bureau.

I respectfully urge your Honorable Board, in the interest of good public service, to grant this application. Respectfully, JOHN L. WALSH, Commissioner.

P. S.—Further application is hereby made in accordance with the provisions of section 419 of the Charter, that such purchase be made without public letting.

JOHN L. WALSH, Commissioner.

Which was jointly referred to the Committees on Finance and Public Letting.

The Vice-Chairman laid before the Board the following communications from the Police Commissioner:

No. 3449.

Police Department of The City of New York, April 24, 1911.

To the Honorable Board of Aldermen:

Gentlemen—The Police Commissioner this day on reading and filing copy of resolution adopted by the Board of Aldermen April 4, 1911, and which became effective April 18, 1911, as follows:

"Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held March 23, 1911:

"Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in City Departments of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Diem.	Number of Incumbents.
Plumber	$5.50	Unlimited.

"Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein."

Ordered, That the Board of Aldermen be and are hereby respectfully requested to authorize the issue of special revenue bonds in the sum of $458 to enable the Police Commissioner to increase the compensation of four (4) Plumbers from $5 per diem to $5.50 per diem during the year 1911. Respectfully,

JAMES C. CROPSEY, Commissioner.

No. 3450.

Police Department of The City of New York, April 26, 1911.

To the Honorable Board of Aldermen:

Gentlemen—The Police Commissioner this day ordered that the Board of Aldermen be and are hereby respectfully requested to authorize the issue of special revenue bonds in the sum of $280, being the amount of rental for eight months in the year 1911 of premises on the southeast corner of Ocean Parkway and Foster avenue, Borough of Brooklyn, for the purpose of housing Police Department dogs attached to the 172d Precinct that are now occupying the stable of the said precinct, necessitating the keeping of the saddle horses of the precinct on livery. This application being made for the reason that the Commissioners of the Sinking Fund at a meeting held March 1, 1909, adopted a resolution calling attention to the heads of Departments who desire the leasing of premises not heretofore leased or included in the statement presented to the Budget Committee that before making application they apply to the Board of Aldermen for an issue of special revenue bonds covering the amount the City will have to pay if the leases are authorized by the Commissioners of the Sinking Fund.

Respectfully, JAMES C. CROPSEY, Police Commissioner.

No. 3451.

Title.	Rate Per Diem.	Number of Incumbents.
Job Compositor	$3.83⅓	6

"Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the compensation of said position as set forth therein."

Ordered, That the Board of Aldermen be and are hereby respectfully requested to authorize the issue of special revenue bonds in the sum of $282 to pay increased compensation of six Job Compositors for the year 1911, from April 25, 1911, to December 31, 1911, 208 days=$208, and from October 1, 1911, to December 31, 1911, 74 days=$74.

Respectfully, JAMES C. CROPSEY, Police Commissioner.

Which were severally referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the County Clerk of Queens County:

No. 3452.

Queens County Clerk's Office, Jamaica, N. Y., April 29, 1911.

To the Honorable, the Board of Aldermen of The City of New York, Aldermanic Chamber, City Hall, New York:

Gentlemen—As Clerk of the County of Queens, I am required by the provisions of the various laws affecting this office to perform certain services. These services have been performed by former County Clerks for some time prior to consolidation and have been paid for by the County Treasurer under authority from the Boards of Supervisors. Since consolidation (1898), the Comptroller of The City of New York has audited and paid these bills until recently, the question has been raised as to the authority to fix the amounts charged for various services.

An examination of the laws and the Charter fails to disclose the proper authority, but as this function was performed by the Board of Supervisors, the general opinion seems to be that the Board of Aldermen succeed to the duties of the Board of Supervisors in this particular and has the right to fix the charges.

Accordingly, I am submitting herewith a statement showing the amounts as charged and paid since consolidation and prior thereto down to my term as County Clerk.

Also submitted is the statement showing the nature of the services performed and the laws requiring them.

I would, therefore, ask that your Board approve these charges as per the statement enclosed.

Asking your early consideration and approval of these charges, I beg to remain,

Respectfully yours, MARTIN MAGER, County Clerk.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Water Supply, Gas and Electricity:

No. 3453.

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, April 25, 1911.

The Hon. JOHN PURROY MITCHEL, President, The Board of Aldermen, City of New York:

Dear Sir—On or about March 1, 1910, the Hon. William A. Prendergast, Comptroller, advised this Department that the settlement of the accounts of the Consolidated Gas Company of New York, together with its affiliated companies, gas and electric, doing business in the Boroughs of Manhattan, The Bronx and Queens, had been effected with the City by the execution of a Compromise Agreement, in which the said companies agreed to accept certain reduced rates on account of the services rendered by the said companies in lighting public streets and buildings and furnishing power, by gas and electricity, in the said Boroughs for the period from November, 1902, to the date of the said communication.

The Honorable Comptroller also instructed this Department, on account of its familiarity with the lighting problems, to prepare the vouchers, documents, etc., with a view to certifying for payment the said moneys involved in this compromise settlement, as well as to compute and prepare for the Department of Finance statements of the amounts involved for account of interest charges accrued and accruing on the basis of the said compromise rates.

This Department thereupon began the work and, with the assistance of three employees detailed by the Comptroller to assist in this computation, made great progress, until December 1, 1910, when the said employees were reluctantly recalled by the Comptroller.

Since December 1, 1910, the Bureau of Lamps and Lighting of this Department has continued in its work, but is unable to make the progress that is desired, owing to the lack of sufficient employees to do the work, there being only two employees in the Bureau of Lamps and Lighting whom I can assign to do this work. Inasmuch as the terms of settlement include the verification, audit and figuring of the original bills (some $7,000,000) rendered by the said companies, on which the rates had been questioned by former officials of The City of New York as being exorbitant and unconstitutional, it is absolutely necessary that this Department obtain the services of temporary employees whose qualifications must be above the ordinary. Such qualifications must include familiarity and experience with the accounts of the Department of Finance, because of the necessary research and examination of the records of that Department and the locating of many of the vouchers and other documents that have been transmitted by this Department and other Departments, to which services in lighting were rendered in the period involved. Again, the said temporary employees should have the necessary qualifications of the accountant or bookkeeper.

In view of the above conditions, this Department is unable to make as much expedition in the settlement of these accounts as desired, and would respectfully request that your Honorable Board authorize the issuance of special revenue bonds, in accordance with the provisions of subdivision 8 of section 188 of the Greater New York Charter as amended, to provide the funds for the payment of the salaries of the employees necessary to be hired to complete this work. Owing to the great mass of detail and the extensive research necessary on this work, it is difficult to state definitely how long the services of these extra employees will be required, but from information obtained from the Chief Engineer of Light and Power, who is in charge of this work, I would respectfully request the issuance of special revenue bonds for $8,400, it being my opinion that it will take at least that sum to pay the salaries from the first of May, 1911, to December 31, 1911, of the six temporary Accountants or Bookkeepers, whose salaries will average about forty dollars per week, the same as is now and has been paid by the Department of Finance to employees doing similar work.

Very truly yours, HENRY S. THOMPSON, Commissioner.

The Vice-Chairman laid before the Board the following communication from the Fire Commissioner:

No. 3454.

Fire Department of The City of New York, Office of the Commissioner, April 28, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City of New York:

Sir—I have the honor to enclose herewith a resolution which I request you to be caused to be introduced in the Board of Aldermen.

The Municipal Explosives Commission is at present engaged in revising and bringing up to date a set of regulations for the storage, sale and use of explosives and combustibles in The City of New York. For this reason I have caused them to sit with greater frequency than was contemplated.

The regulations are not yet finished. It is essential that they should be completed at as early a date as possible. Therefore, I am desirous of having the necessary funds appropriated for this purpose. Very respectfully,

R. WALDO, Fire Commissioner and Chairman Municipal Explosives Commission.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it hereby is requested to authorize the Comptroller to issue special revenue bonds to the amount of six thousand dollars ($6,000), the proceeds whereof to be applied to the payment of the fees and expenses of the Municipal Explosives Commission for the year 1911.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the President, Borough of The Bronx:

No. 3455.

City of New York, President of the Borough of The Bronx, 3d ave. and 177th st., Office of the President, April 28, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—Request is hereby respectfully made that a resolution be adopted by the Board of Aldermen requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds to the extent of $5,000, based on the following estimate of cost, for the maintenance of two (2) Free Floating Baths, to be moored at the foot of East 132d st., Port Morris, adjoining the dock of the New York, New Haven and Hartford Railroad Company, for which purpose the said company has granted permission without cost for moorage.

The baths have been kindly loaned to this Department for the season by the President of the Borough of Manhattan.

4 Male Attendants	at $2.50 per day	$10 00
4 Female Attendants	at $2.00 per day	8 00
2 Watchmen	at $2.50 per day	5 00
		$23 00

Or $690 per month.

For a period of four (4) months (June 1st to September 30)	$2,760 00
Towage of baths from Manhattan and return	300 00
Estimated repairs, painting, etc., two (2) baths	1,220 00
Supplies	100 00
Contingencies, including erection of runway	620 00
Total	$5,000 00

For the maintenance of one public bath by this Department for the season of 1910 an issue of $2,000 in revenue bonds was provided, of which amount the sum of $1,861.04 was expended. The period of maintenance in said year was from July 28th to September 30th, 64 days. This year it is desired that the baths be in readiness by June 1st and continued in service until September 30th, a period of four months, or nearly two months longer in use than last year, when we had but one bath.

By this arrangement it is expected that the demand for bathing privileges will be more likely to be met than last season when, notwithstanding the fact that over 72,000 persons used the bath there were thousands more who could not be accommodated.

There were nearly 26,000 females who used the bath last season, and to properly provide for both sexes alternate days for each had to be established.

By reason of double facilities being provided for this season one bath for each sex will be available. Respectfully,

CYRUS C. MILLER, President, Borough of The Bronx.

The Vice-Chairman laid before the Board the following communication from the Board of Education:

No. 3456.

Board of Education, Park ave. and 59th st., New York, April 27, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—I have the honor to transmit herewith certified copies of reports and resolutions adopted by the Board of Education at a meeting held on April 26, 1911, as follows:

1. Relative to the issue of special revenue bonds to the amount of $2,000 for the payment of a judgment in favor of Eva R. Levy.

2. Relative to the issue of special revenue bonds to the amount of $675 for grading and improving the school site on Nostrand ave. and Sandford st., south of Willoughby ave., Brooklyn, for playground purposes.

3. Relative to amending the Code of Ordinances so as to provide that the entrances of school buildings shall not be obstructed by push carts, and that no licensed peddler or hawker shall cry his wares on school days from 8 a. m. to 4 p. m. within 250 feet of any school building. Respectfully yours,

A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Finance respectfully reports that on March 7, 1911, a judgment for $2,821.36 was entered against the Board of Education in favor of Eva R. Levy, a teacher in Public School 54, Borough of Brooklyn, on account of injuries sustained by her on June 12, 1906, at the above-named school, by reason of the falling of a rolling door at the rear of her desk.

The judgment and related documents were transmitted by Deputy Comptroller Fisher to the President of the Board on April 11, 1911, with the request that a voucher be prepared and transmitted to the office of the Comptroller in the usual manner.

Under date of April 4, 1911, Acting Corporation Counsel Sterling advised the Comptroller that stipulation was agreed upon between the parties wherein the plaintiff and her attorneys consented to accept the sum of two thousand dollars ($2,000) in full payment, discharge and satisfaction of the judgment. The Acting Corporation Counsel advised that the judgment had been properly obtained to the extent of $2,000.

There are no funds available to meet this unforeseen liability; it therefore becomes necessary to secure the issue of special revenue bonds to the amount requisite to pay the judgment.

The following resolution is submitted for adoption:

Resolved, That the Board of Aldermen be and it is hereby respectfully requested to adopt a resolution requesting the Board of Estimate and Apportionment to authorize

the issue of special revenue bonds to the amount of two thousand dollars ($2,000), pursuant to the provisions of subdivision 8 of section 188 of the Revised Charter, said sum to be used to provide means for the payment of a judgment entered against the Board of Education in favor of Eva R. Levy for personal injuries sustained at Public School 54, Borough of Brooklyn.

A true copy of report and resolution adopted by the Board of Education on April 26, 1911. A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Finance has had referred to it by the Board of Education a recommendation from the Board of Superintendents that application be made to the Board of Aldermen and the Board of Estimate and Apportionment for an issue of special revenue bonds to defray the expense of grading and improving the school site on Nostrand ave. and Sandford st., 140 feet south of Willoughby ave., Brooklyn, for playground purposes.

The Committee has requested the Committee on Buildings to advise it of the amount necessary to cover the cost of the project, and whether the proposition is expedient. In reply thereto the Committee on Buildings states that the estimated cost of the project will be $675, and that, in its opinion, the formation of playgrounds, wherever feasible, is expedient.

In view of the foregoing, the following resolution is submitted:

Resolved, That the Board of Aldermen be and it is hereby respectfully requested to adopt a resolution requesting the Board of Estimate and Apportionment to authorize the issue of special revenue bonds to the amount of six hundred and seventy-five dollars ($675), pursuant to the provisions of subdivision 8 of section 188 of the Revised Charter, for the purpose of defraying the expense of grading and improving the school site on Nostrand ave. and Sandford st., 140 feet south of Willoughby ave., Brooklyn, for playground purposes; and that the Board of Estimate and Apportionment be, and it is hereby, respectfully requested to authorize such issue upon the request of the Board of Aldermen.

The Vice-Chairman laid before the Board the following communication from the Board of Education:

No. 3457.

To the Board of Education:

The Committee on By-Laws and Legislation respectfully reports that it has considered the matter of the obstruction by pushcarts or other vehicles of the entrances to school buildings in the districts frequented by peddlers. Your Committee is convinced that this condition of affairs would inevitably prevent children from getting out of school quickly and in good order in case of fire or panic, and that there is every probability that in case of a fire a serious loss of life might occur. In view of recent events, your Committee is emphatically of the opinion that the Code of Ordinances of The City of New York should be amended without delay in such a way as to remedy the state of affairs referred to.

Attention is called to the fact that on April 10, 1907 (see Journal, page 631), your Committee presented a report to the Board of Education requesting the Board of Aldermen to amend the Code of Ordinances so as to prevent the obstruction of entrances to school buildings by pushcarts or other vehicles, which report was adopted, and that on September 9, 1908 (see Jounral, pages 1901-1902), a report was presented to the Board of Education approving of the action of the Chairman of the Committee on By-Laws and Legislation in requesting that the (then) proposed Code of Ordinances be amended substantially as set forth in the report presented on April 10, 1907. No action has been taken by the Board of Aldermen, so far as your Committee is aware, to amend the Code of Ordinances in accordance with the Committee's recommendations.

The following resolution is submitted for adoption:

Resolved, That the Board of Aldermen be and it is hereby requested to amend the Code of Ordinances of The City of New York in the following respects, viz.:

1. By adding thereto a new section, to be inserted at such place as may be deemed proper, said section to read as follows:

"It shall be unlawful during school sessions, between the hours of 8 o'clock a. m. and 4 o'clock p. m., and between the hours of 7 o'clock p. m. and 10 o'clock p. m., for persons to congregate, gather in groups or in any way obstruct any sidewalk or highway within 100 feet of any entrance to any school building under the supervision of the Board of Education, or to obstruct or cause the same to be obstructed by any truck, cart or other vehicle used for business purposes."

2. That section 6 of article 1, chapter 1, part II., be amended so as to provide that no licensed peddler, vender, hawker or huckster shall cry or sell his or her wares on school days, between the hours of 8 o'clock a. m. and 4 o'clock p. m., nor between the hours of 7 o'clock p. m. and 10 o'clock p. m., within 250 feet of any school.

This request is made in order to provide for changing the title of the (Chief) Examiner of Accounts of Charitable Institutions to that of Supervisor of Charitable Institutions, which title more clearly indicates the duties of the position.

Reports of Committee on Finance—

Nos. 2879 and 3403.

The Committee on Finance, to which was referred on February 21 and April 25, 1911 (Minutes, pages 905 and 177), the annexed communications, Introductory Nos. 2879 and 3403, respectfully

REPORTS:

That, having examined the subject, it believes no further consideration of these matters to be necessary. There is no grade established for the Court Attendant for the Coroners, Manhattan, and the matter of a site is not before this Board.

It therefore recommends that the said communications be placed on file.

Board of Coroners, Borough of Manhattan, Criminal Court Building, Centre st., New York, February 14, 1911.

To the Honorable Board of Aldermen, New York City:

Gentlemen—After several unsuccessful attempts on our part to have a Court Attendant assigned us through the Police Commissioner and the Civil Service Board, we therefore request your honorable Board to afford us some relief through the passing of a resolution and the issuing of bonds for $1,200, which will enable us to appoint a court officer through Civil Service channels.

In view of the fact that the various people accused of capital crimes coming before us are charged with murder, and that the friends of the same are sometimes very unruly, it is essential to have a Court Officer in constant attendance. We remain,

Very truly yours, ISRAEL L. FEINBERG, President of Board.

Morris I. Lewin, Counsellor at Law, 320 Broadway, New York, April 22, 1911.

Board of Aldermen, Aldermanic Chambers, City Hall, New York City:

Gentlemen—I have been informed that you are desirous of obtaining a site for the purpose of a Court House to take the place of the Fifth District Magistrate's Court, now located on Manhattan ave. and Powell st., Borough of Brooklyn, New York City, and representing the owners of what I consider a favorable building for that purpose, I beg to offer the same for your consideration.

The property I am referring to is known as Liederkranz Hall, and is located at 152-154 Manhattan ave., in the Borough of Brooklyn, New York City, and occupies the corner of Meserole st. and Manhattan ave., 50 by 100 feet, and is fully built up with a three and one-half story brick fireproof building, and is so built as to be peculiarly fit for the purpose of a Court House; in fact it is so big and arranged that it can be conveniently used for other purposes besides a Court House, such as a station precinct, etc.

If you consider this proposition favorable, I will be glad to furnish you with more detailed information.

Hoping that you will take this matter under advisement, I remain, very truly yours, MORRIS I. LEWIN, Attorney for Owners.

FRANK L. DOWLING, WM. P. KENNEALLY, THOMAS J. McALEER, CHARLES P. COLE, BRYANT WILLARD, JOHN DIEMER, FRANCIS P. KENNEY, DANIEL EHNTHOLT, WM. J. HEFFERNAN, MICHAEL STAPLETON, Committee on Finance.

Which report was accepted.

REPORTS:

That, having examined the subject, it believes the proposed issue to be necessary. The rate has been properly fixed under the provisions of section 56 of the Charter since the existing Budget took effect and funds must be raised to meet the increase.

It therefore recommends that the accompanying resolution be adopted.

No. 3410.

The Committee on Finance, to which was referred on April 25, 1911 (Minutes, page 184), the annexed resolution in favor of an issue of $9,400 special revenue bonds for additional help in the Bureau of Buildings, Borough of Queens, respectfully

REPORTS:

That, having examined the subject, it believes the proposed issue to be necessary. The reasons for this application are fully set forth in the letter of request and supplemental statements in support of same hereto attached. However, this appropriation cannot be rendered available until June 1, 1911, and the Committee has, therefore, reduced the amount by one-eighth.

It recommends that the accompanying substitute be adopted.

Bureau of Buildings, Borough of Queens, Hackett Building, Long Island City, May 1, 1911.

Mr. WALTER H. BUNN, Acting President of the Borough of Queens:

Dear Sir—In support of my application for the issuing of special revenue bonds for $9,400 with which to appoint ten (10) additional Building Inspectors and two (2) Clerks, I beg to say:

The comparative amount of labor demanded of Building Inspectors in this Borough is reflected in a measure by the number and cost of buildings for the erection of which permits have been issued. The following comparisons for the year 1910 with the first four months of 1911 will tend to show the increase in building operations:

	No. of Buildings.	Estimated Cost.
Year 1910.		
New buildings	4,138	$15,144,377 00
Alterations	1,212	895,804 00
First Four Months 1911.		
New Buildings	1,810	7,946,843 00
Alterations	412	286,284 00

—which, if the present ratio holds good for the balance of the year, will show a grand total of 6,666 new buildings and alterations, at an estimated cost of $24,699,382.

Our present inspection force consists of the following: 1 Chief Inspector, 1 Steel and Iron Inspector, 9 Construction Inspectors, 5 Plumbing Inspectors.

One of the Construction Inspectors is assigned to the duties of plan examiner and engineering work, leaving but eight (8) Inspectors for district work. The territory covered by the Borough of Queens exceeds 128 square miles, making the average district of each Construction Inspector over 15 square miles, while the Plumbing Inspectors have a territory of over 25 square miles.

In this connection, I might call attention with the fact that, notwithstanding the immense territory required to be covered by each Inspector, the Comproller has given notice that in the future no railroad carfare expense will be allowed for Inspectors to any point that can be reached by trolley, thereby reducing the efficiency of our Inspectors almost 25 per cent. on account of the great loss of time in using the trolley for long-distance travel.

Notwithstanding all these obstacles, there were 74,700 inspections made during the year 1910, as follows: By Construction Inspectors, 53,604; by Plumbing Inspectors, 21,096; and for the first four months of the present year, by Construction Inspectors, 19,611; by Plumbing Inspectors, 7,053.

In addition to the above, since the first of the year, we have examined and ordered fire escapes and other means of egress upon the following structures: Factory buildings, 29; hotels, 21; boarding houses, 35; miscellaneous, 32. With the increase in number and improved class of buildings being erected we are called upon to supervise and inspect a large number of elevators, both passenger and freight, which are being installed, and up to the present time this work has been done by our one Steel and Iron Inspector in addition to multitudinous other duties, which require the inspection of all steel and iron before being placed in position in buildings under construction.

Other matters that require a great deal of attention are the certifying to the Police Department all premises for which an application has been made for a concert license, the examination of all moving picture and other common shows, as well as co-operating with the Excise Department in the work of enforcing the provisions of the Excise Law.

That it is a physical impossibility to properly conduct the business of this Bureau with our present force may be plainly seen by the great number of violations filed for commencing the erection and alteration of buildings without a permit, in view of the fact that in many cases the Inspectors require from one week to ten days to cover their districts.

Trusting that my request for the additional help will be favorably acted upon, I beg to remain, Respectfully yours,

JOHN J. SIMMONS, Superintendent of Buildings, Borough of Queens.

The City of New York, Office of The President of the Borough of Queens, Long Island City, April 18, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York:

Dear Sir—The following self-explanatory communication has been received from the Superintendent of Buildings, Borough of Queens, to wit:

"April 4, 1911.

"Hon. LAWRENCE GRESSER, President, Borough of Queens:

"Dear Sir—Application is hereby made for ten (10) additional Building Inspectors at $1,200 per annum, and two (2) additional Clerks at $1,050 per annum.

"This request is based upon the large increase of building operations for the first three (3) months of the present year, which amount to 1,244 buildings, at an estimated cost of $5,106,544, as compared with 1,017 buildings, at an estimated cost of $3,379,717, for the same period of 1910.

"During the same time we have filed 288 notices of violation, as compared with the corresponding time in 1910 amounting to 188 violations.

"The present activity of this Bureau in regard to the inspection of buildings requiring additional means of escape in case of fire has had to be made by the present force of Inspectors, which has necessitated the taking of our men from their regular work of construction inspection, to a large extent, thereby affording the opportunity to builders of starting large numbers of buildings without a permit and continuing their construction in violation of the laws and ordinances.

"I feel that, if my request for additional help is not complied with, I cannot be held accountable for the proper enforcement of the laws relating to the construction, alteration and removal of buildings, as well as the numerous other laws whose enforcement devolves upon me.

"I respectfully request that you, therefore, call this matter to the attention of the Board of Estimate and Apportionment with a view that the additional help asked for might be granted at the earliest possible moment. Very respectfully yours,

"(Signed) JOHN J. SIMMONS, Superintendent of Buildings, Borough of Queens."

We thoroughly coincide with the remarks of Superintendent Simmons, and are personally aware of the fact that he is seriously handicapped in the performance of his duties by reason of inadequate inspection and clerical force.

Applications were made for extra help in this Bureau in the requisition for Budget allowance for the year 1911, but was disallowed by the Comptroller.

We enclose resolution for $9,400 for special revenue bonds, which we would thank you to kindly present to the Board. Yours respectfully.

WALTER H. BUNN, Commissioner of Public Works and Acting President, Borough of Queens.

(ORIGINAL.)

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Charter of The City of New York, the Comptroller be and is hereby authorized to issue special revenue bonds to an amount not exceeding nine thousand and four

hundred dollars ($9,400), the proceeds whereof to be used by the President of the Borough of Queens to employ in the Bureau of Buildings ten additional Building Inspctors at the rate of $1,200 per annum for eight months, from May 1, 1911=$8,000; and two additional Clerks, at the rate of $1,050 per annum, for eight months, from May 1, 1911=$1,400.

(SUBSTITUTE.)

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of eight thousand two hundred and twenty-five dollars ($8,225), the proceeds whereof to be used by the President of the Borough of Queens for the purpose of employing in the Bureau of Buildings ten additional Building Inspectors at the rate of $1,200 per annum for seven months, from June 1, 1911=$7,000, and two additional Clerks, at the rate of $1,050 per annum for seven months, from June 1, 1911=$1,225.

No. 3409.

The Committee on Finance, to which was referred on April 25, 1911 (Minutes, page 184), the annexed request for $30,000 special revenue bonds to be used by the President, Borough of The Bronx, for repairing pavement on White Plains avenue, respectfully

REPORTS:

That this is another instance of the failure of the contractor after work is completed and paid for, making the guarantor responsible for carrying out the clause in the contract which provides for keeping pavement in repair for five years. This appropriation is asked for as a fund from which to pay for repairs as needed, the cost of same to be recovered from the guarantor by civil suit. The Committee is assured that the repairs are an absolute necessity, and, while the recovery of the money is problematical, the public streets must be kept in condition.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of thirty thousand dollars ($30,000), the proceeds whereof to be used by the President, Borough of The Bronx, for the purpose of paying for necessary repairs to the pavement on White Plains ave., from Morris st., to the City line.

City of New York, President of the Borough of The Bronx, 3d Ave. and 177th St., Office of the President, April 17, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Dear Sir—Under date of September 8, 1910, I wrote you requesting that the Board of Aldermen adopt a resolution authorizing the Comptroller to issue special revenue bonds in an amount not to exceed $30,000, the proceeds to be used to pay for the necessary repairs to the pavement on White Plains ave., from Morris st. to the City line.

Later, I asked that the matter be laid over temporarily for the purpose of enabling me to make some minor repairs from an amount of money retained on the contract of the Interstate Paving Company.

I now wish the Board of Aldermen to consider my original request of September 8, 1910. Respectfully,

CYRUS C. MILLER, President of the Borough of The Bronx.

GENERAL ORDERS.

Alderman Campbell called up General Order 113, being a report and resolution, as follows:

No. 3351.

The Committee on Finance, to which was referred on April 18, 1911 (Minutes, page 129), the annexed request from the Acting President, Borough of Queens, for $14,784, special revenue bonds, for Bureau of Highways, respectfully

REPORTS:

That, having examined the subject, it believes the proposed allowance to be necessary to do the work absolutely required on the macadam roads in Queens. This Borough is traversed by more automobiles than any other suburban locality in this country, and the roads suffer correspondingly. The committee, therefore, recommends that the said resolution be adopted.

The City of New York, Office of the President of the Borough of Queens, Long Island City, April 17, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall, New York City:

Dear Sir—This office is in receipt of a communication from the Superintendent of Highways, to wit:

"April 10, 1911.

"Hon. WALTER H. BUNN, Commissioner of Public Works, Borough of Queens:

"Dear Sir—I beg to call your attention to the following facts:

"In 1910, the sum of $18,742.08 was expended for stone, screenings, etc., being the cost of 7,200 yards of broken stone and 1,300 yards of screenings. The allotment for hired teams, horses and carts for the same year was $90,000 and we had the use of three Department rollers.

"For 1911, the sum of $80,000 has been allotted, and we have contracted for the delivery of 20,175 yards of stone and 4,775 yards of screenings, which is being delivered at the present time, as well as 5,000 cubic yards of sand at a cost of $4,450. This is a net increase of approximately 300 per cent. in the amount of material to be handled, which according to the schedule is to be delivered simultaneously in all Wards, but the allowance for teams and horses and carts has been decreased $10,000 and no provision has been made for the purchase or hire of additional rollers. This Bureau plans to resurface about 13 miles of macadam roadway during the present season and to have the main arteries of travel in proper condition for the summer travel; to do so we must have at least two additional steam rollers and 12 teams. It is now too late to advertise, etc., for the purchase of steam rollers and I therefore request that you apply for an issue of special revenue bonds as follows:

"Hire of 2 steam rollers, including Engineer, for 324 days.....	$3,240 00
"Hire of 12 teams for 1,924 days	11,544 00
	"$14,784 00

"Unless we can get these funds at once, the work of the Bureau will be seriously handicapped; in fact, we will not be able to carry out our plans, and I recommend that you give the matter immediate and favorable consideration. Yours truly,

"(Sgd.) EMANUEL BRANDON, Superintendent of Highways, Borough of Queens."

We venture to say that the Superintendent of the Bureau of Highways has not made his case strong enough. We personally know that he is seriously handicapped by reason, not only of lack of funds, but by the restrictions placed upon the Budget allowances for this year.

We therefore enclose resolution for the issue of special revenue bonds, amounting to $14,784, which we would thank you to present to the Board.

Yours respectfully,

WALTER H. BUNN, Commissioner of Public Works and Acting President, Borough of Queens.

Resolved, That pursuant to subdivision 8, section 188 of the Charter of The City of New York, the Comptroller be and is hereby authorized to issue special revenue bonds to the amount of fourteen thousand, seven hundred and eighty-four dollars ($14,784), the proceeds whereof to be expended by the President of the Borough of Queens:

To hire two (2) steam rollers and two (2) Engineers for 324 days.....	$3,240 00
To hire twelve (12) teams, with Drivers, for 1,924 days.....	11,544 00
	$14,784 00

—to be employed during the year 1911, under the supervision of the Bureau of Highways in repairing and resurfacing roads, the appropriation therefore being insufficient.

FRANK L. DOWLING, CHARLES P. COLE, WM. J. HEFFERNAN, WM. P. KENEALLY, THOMAS J. McALEER, DANIEL EHNTHOLT, FRANCIS P. KENNEY, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Barton, Bolles, Boschen, Brady, Campbell, Carberry, Cole, Cornell, Cunningham, Curran, Davis, Delaney, Desmond, Diemer, Dotzler, Dowling, A. S. Drescher, W. Alderman Campbell called up General Order 111, being a report and resolution, as follows:

No. 3227 (G. O. No. 111).

The Committee on Finance, to which was referred on April 4, 1911 (Minutes, page 6), the annexed resolution in favor of an issue of $26,500 Special Revenue Bonds for additional help, Department of Water Supply, Gas and Electricity, respectfully

REPORTS:

That, having examined the subject, it believes this extra help to be necessary to properly carry out the work devolving upon the Department. This request is based upon the needs for a year, and as such issue could not be made available until May 1 the Committee has reduced the amount by one-third. It recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of seventeen thousand five hundred dollars ($17,500), the proceeds whereof to be used by the Department of Water Supply, Gas and Electricity for the purpose of paying salaries of additional employees in the Bureaus of Lamps and Lighting and Electrical Inspection, during 1911.

FRANK L. DOWLING, WILLIAM J. HEFFERNAN, CHARLES P. COLE, FRANCIS P. KENNEY, THOMAS J. McALEER, WM. P. KENNEALLY, Committee on Finance.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members failing to vote in favor thereof:

Affirmative—Aldermen Barton, Brady, Campbell, Carberry, Cole, Cornell, Cunningham, Davis, Delaney, Desmond, Dowling, A. S. Drescher, W. Drescher, Dujat, Ehntholt, Fagan, Fink, Finley, Finnigan, Gaynor, Hamilton, Hannon, Heffernan, Hoertz, Kenney, Loos, McAleer, McCann, Marx, Mulhearn, Nugent, Reardon, Ruff, Shipley, Smith, Snell, Stapleton, Van Nostrand, Wendel; Presidents Gresser, by Walter H. Bunn, Commissioner of Public Works; Miller, by Thomas W. Whittle, Commissioner of Public Works; the Vice-Chairman—42.

On motion of Alderman Dowling the above vote was reconsidered, and the paper was restored to its place on the list of General Orders.

By Alderman Mulhearn—

Resolved, That, upon the annexed petition, the Fire Commissioner be and he is hereby requested to restore the Company known as Van Nest Hose Co. No. 2 to its former status:

1438 Rosedale Avenue, The Bronx, April 29, 1911.

Alderman MULHEARN:

Dear Sir—A joint committee on Fire Protection of the East Bronx Association and the Property Owners' Protective Association of the Mapes Estate was held on the evening of April 14, 1911, at Bams Hotel, on Westchester avenue for the purpose of discussing the closing up of Van Ness Hose Co. 2 by the Chief of the Fire Department.

As the Company has always been efficient and diligent and was conducted without expense to the City, this action of the Chief was greatly regretted by the residents of the Mapes and McGraw estates. Much correspondence has ensued relative to this arbitrary action between the Mayor, the Fire Commissioner and the writer, the purport of which is that there is adequate fire protection for us without this volunteer company. This is denied by all conversant with the situation, and we believe that there are many days in each year that will not permit a fire steamer to go through our streets on account of the deep mud. We ask you to use your influence and have this Company restored, as no adequate substitute has been provided. Thanking you for your prompt interest in our affairs, I remain, F. T. HOLT, Secretary.

DEPARTMENT OF DOCKS AND FERRIES.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

FILLING PRIVILEGE.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon on

MONDAY, MAY 15, 1911,

for the right to dump and fill behind the bulkhead wall recently built or to be built on part of the Yorkville section on the East River, Borough of Manhattan.

TERMS AND CONDITIONS OF SALE.

The work to be done is to fill in with suitable material as hereinafter described, the area behind the new bulkhead wall extending from the intersection of the southerly side of E. 67th st., prolonged outshore and the bulkhead wall, and extending northerly along the bulkhead wall a distance of about 262 feet to the southerly side of E. 68th st., prolonged outshore, and extending also from the rear of the bulkhead wall when it is completed, inshore a distance of about 50 feet to the present top of bank.

The filling shall be brought to a grade level with the top of the coping of the bulkhead wall and shall extend inshore on a sloping grade to the level of the street adjacent. Bidders will state in writing a lump sum price which they agree to pay for the privilege of filling the whole of the area above described.

It is estimated that the area outlining the above described limits will create a basin to be filled in, under the agreement. These cubical contents in the net void space are equal to 4,000 cubic yards.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by the estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above described area by examination of the premises or such other means as they may prefer; the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore.

All material must be dumped and filled in only in such manner, at such points, and in such order of procedure, and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

The purchaser shall provide all plank and other appliances and all necessary labor, and shall at all times keep the dump graded to the satisfaction of the Engineer.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Chief Engineer of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun, after which not less than 100 cubic yards per day shall be placed, and the whole amount of the filling called for to bring the above described basin up to grade shall be completed within forty days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed, unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling, and at all times until the completion thereof, take all necessary precaution and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from the negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

The contractor agrees that he will comply with the provisions of the Labor Law. He further agrees that no Laborer, Workman or Mechanic in the employ of the contractor, sub-contractor or other person doing or contracting to do the whole or a part of the work contemplated by the contract, shall be permitted or required to work more than eight hours in any one calendar day, except as in cases of extraordinary emergency caused by fire, flood or danger to life or property. That the wages to be paid for a legal day's work to all classes of such Laborers, Workmen or Mechanics upon public work or upon any material to be used thereon, shall not be less than the prevailing rate for a day's work in the same trade or occupation in the locality where such public work is being constructed. Each such Laborer, Workman or Mechanic shall receive the prevailing rate of wages. This contract shall be void and of no effect unless the person or corporation making or performing the same shall comply with the provisions of Sections 3 and 14 of the Labor Law.

This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down.
