The President laid before the Board the following communications from the Corporation Counsel:

No. 2466.

City of New York, Law Department, Office of the Corporation Counsel, New York, December 19, 1912.

To the Board of Aldermen:

Gentlemen—I beg to acknowledge on behalf of the Corporation Counsel the receipt of a copy of an ordinance adopted by your honorable Board on October 8, 1912, in regard to an assessment, or proposed assessment, for the construction of a sewer in Lafayette ave., East Bronx.

Complaint is made, as I understand, by certain persons within the limits of the former village of Williamsbridge and in the Unionport and Westchester sections, that they will receive no benefit from this sewer, at least for a long period of time, and they accordingly object to any assessment therefor. Your honorable Board resolved "that the Corporation Counsel be requested to inform this Board at its next meeting by what right, title or authority a taxpayer can be assessed for a proposed sewer or other improvement long before its commencement or completion and the cost of which is not definitely estimated."

I think you must be under some misapprehension as to the facts, although I am not familiar with all of them. It has not been the practice in this city for scores of years to levy and collect assessments before the completion of the work, although that was done in the early days of the city.

You may, however, refer to the case of a sewer where certain property owners cannot at present make use of it because it has not been extended to their property. Assessments in such cases are very common, and I think you will see the reasonableness and even necessity therefor when I state the situation.

A sewer without an outlet at a place where sewage can be legally discharged would not be legal, and the use of such a sewer would be enjoined because it would create a nuisance and trespass as to people and lands in the vicinity of the place of discharge. It is therefore necessary to construct the outlet where it may legally be constructed before the upper or further parts or branches of the sewer are constructed. Some of the main or trunk sewers extend for many miles and the branches or lateral sewers which run into the main or trunk sewer extend many miles further, so that such sewers are like a tree with branches, embedded in the earth.

It also often happens that these large sewer systems are constructed in sections and this is for the reason that much of the property could not afford to pay the large assessment which would be necessary if the whole system were to be constructed at about the same time.

It being necessary to construct the outlet first it sometimes happens that an assessment for this outlet is imposed upon the property deemed benefited as a separate assessment. All of the property owners in the area drained are, of course, benefited by the outlet, otherwise they could have no sewers at all draining their property. It is fair, therefore, that they should be assessed for the proper proportion of the cost of the outlet. It is a benefit, or prospective benefit to their property even if for a time they are not able to make use of any sewer. Later, when another section is constructed, and that as a rule can be constructed as soon as the property owners to be assessed desire, their property is drained and it has the full benefit not only of the outlet but of the other sections through which it drains.

It may thus happen that a particular piece of property may be assessed several times for a sewer before the whole system is finished, but the amounts or instalments are so adjusted that as a whole they are less burdensome than if the whole system was constructed at about the same time and one assessment laid.

The assessment, for instance, for the outlet upon property far distant from it, and which may not be able to make use of it for several years, is generally very small and not burdensome.

This has been found in practice to be the most feasible and least burdensome procedure to follow. The cost of the large and well constructed sewers that have been during the past few years built and are now being built in the city, and especially in districts like the one involved in this case, is very heavy, but it is these sewers that are the foundation cause of large increases in the value of property. In fact without them such property would be almost valueless.

If the property owners who are to be assessed do not wish such sewers to be constructed they should oppose their construction, and in many cases could probably prevent it. What often happens is they want the sewers constructed, make no opposition, and after the expense has been paid by the City they seek to avoid paying their share thereof. Under the law and practice as it has existed almost since the foundation of the city, with a comparatively few exceptions, all of the sewers in The City of New York have been paid for through local assessments upon the property deemed benefited. Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

Which was ordered on file.

No. 2467.

City of New York, Law Department, Office of the Corporation Counsel, New York, December 20, 1912.

To the Honorable the Board of Aldermen of The City of New York:

Sirs—The Collector of Assessments and Arrears has sent to me lists of the tax liens held by The City of New York affecting premises in the Boroughs of Manhattan, Brooklyn and The Bronx, respectively. These lists contain over 300 of these liens, and the amount of taxes which the City will collect (exclusive of interest) will be in excess of \$1,000,000. In each case it will be necessary for the City to commence an action to foreclose the lien. As a preliminary step in each action, it is necessary that a search of title be made so that we may know whom to make parties defendant.

The inquiry and investigation for parties defendant in an action to foreclose a tax lien is more comprehensive than that of an action to foreclose a mortgage. In an action to foreclose a mortgage the plaintiff seeks to ascertain those who are subsequent to himself in interest in sequence of time, but a party seeking to foreclose a tax lien, which is a paramount and primary lien, must look further than sequence of time and must ascertain all liens and interests which are subordinate in law. In an action to foreclose a mortgage a mere search should suffice, whereas in an action to foreclose a tax lien, the title to the premises affected by the lien must be examined in order to ascertain all subordinate interests, whether prior or subsequent in time to the tax lien.

A new "Division of Real Estate" has recently been established in this Department for the purpose of examining title to lands ceded to the City in street opening proceedings, but the force of that division is barely sufficient to keep abreast with its own work, and could not possibly handle these hundreds of foreclosure cases. It is, therefore, necessary to have these searches made by the various title companies.

In these foreclosure actions the City will not only collect the arrears of taxes which are due, but in its bills of costs it will be able to tax as a disbursement the greater part of the amounts paid out for the searches made by the title companies pursuant to the provisions of section 3256 of the Code of Civil Procedure, which reads as follows:

"Searches affecting property situate in any county in which the office of County Clerk or Register is a salaried one, when made and certified to by title insurance, abstract or searching companies, organized and doing business under the laws of this State, may be used in all actions or special proceedings in which official searches may be used in place of and with the same legal effect as such

official searches, and the expenses of searches so made by said companies shall be taxable at rates not exceeding the cost of similar official searches."

A considerable part of the amount paid out for searches will, therefore, be returned to the City Treasury, and it is probable that by an arrangement with the Finance Department such cost of the searches may be refunded to the special revenue bond fund from which it is paid. Each of these searches will probably cost between \$75 and \$100, but for the 300 actions which we are about to commence \$25,000 will probably be a sufficient allowance; as costs are collected and refunded, a sufficient balance will be left in the fund to pay for similar disbursements in other actions to be commenced in the future. In other words, the fund should be self-replenishing.

I therefore ask that your honorable Board request the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds amounting to \$25,000 to defray the necessary expenses of searches in actions to foreclose tax liens. Yours respectfully,

ARCHIBALD R. WATSON, Corporation Counsel.

Which was referred to the Committee on Finance.

The President laid before the Board the following communications from the Board of Estimate and Apportionment:

A true copy of resolution adopted by the Board of Estimate and Apportionment December 19, 1912.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, November 27, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 22, 1910, the Brooklyn Grade Crossing Commission adopted a resolution requesting \$1,000,000 in corporate stock for the purpose of paying the share of the City for the work of abolishing grade crossings on the lines of the Long Island Railroad and the Brooklyn Heights Railroad, in the Borough of Brooklyn. No action was taken on the application, and on November 19, 1912, the Commission urged the necessity of an appropriation. In connection therewith we report as follows:

The request is pursuant to the provisions of sections 6 and 7 of chapter 507 of the Laws of 1903, as amended, providing for work under the supervision of the Commission, as follows:

Section 6. For the purpose of raising the sum of amount of the cost of said improvements to be borne by the said City, it shall be the duty of The City of New York from time to time, upon the requisition of said Board, to issue Corporate Stock of The City of New York under the provisions of Chapter 466 of the Laws of 1901, not exceeding the amount above specified. The proceeds of said Corporate Stock shall be used for the purpose of paying the one-half part of all amounts called for by the certificate of the General Superintendent, approved by said Board, and provided for in the preceding section of this act.

Section 7. The proceeds of the sale of the said Corporate Stock so sold as provided in the preceding section, shall be set apart, when collected, as a trust fund for the purposes of said improvements, and for paying the portion of the cost thereof herein above imposed upon said City. The payment of the principal and interest upon said Corporate Stock shall be made in the same manner and under the same laws as in the case of other Corporate Stock of The City of New York.

Section 5 of the statute provides that the City's share of the cost of the improvement on the Long Island Railroad shall not exceed \$2,500,000, plus one-half the cost of bridging streets unopened across the railroad at the time of the passage of the act; and that the City's share of the cost of the improvements on the Brooklyn Heights Railroad shall not exceed \$1,000,000.

The appropriations to the Commission amount to \$2,000,000. The premiums amount to \$41,057.48, making a total available of \$2,041,057.48. The appropriations were made as follows: On July 11, 1905, \$750,000; on December 31, 1907, \$500,000; on June 22, 1909, \$750,000.

For its share to date on the Long Island Railroad improvements the City has paid \$1,162,500. For work completed, \$399,500 is requested. In addition, \$225,000 is requested as the estimated share of the City for the work on the East New York tunnel, and \$55,000 for bridges at Eighth avenue and East 22d street, making a total of \$679,500 for the Long Island Railroad improvements.

On account of the Brooklyn Heights Railroad improvement, the City has paid to date \$802,187.41. To provide for certificates for work completed and amounts due on contracts, \$248,312.59 is requested. This gives a total of \$1,050,500. In view of the fact that the maximum share of the cost to be borne by the City on this improvement is \$1,000,000, we recommend that \$197,812.59, the difference between the amount already paid and the amount fixed by law, be provided.

In addition, \$36,000 is requested for administrative expenses, covering the cost of 18 employees and the fees of the 5 Commissioners, at \$10 for each Commissioner for each session.

The expenditures to date total \$1,964,687.41, leaving a balance in the account of \$76,370.07.

The items listed above amount to \$963,812.59. Deducting the balance on hand and the decrease necessary on the allowance for the Brooklyn Heights Railroad, the authorization necessary is in the sum of \$840,000.

We recommend the adoption of the attached resolution approving an authorization of that amount. Respectfully,

DOUGLAS MATHEWSON, Deputy and Acting Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan; Corporate Stock Budget Committee.

City of New York, Department of Finance, Bureau of Municipal Investigation and Statistics, December 18, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 25, 1912, the President of the Borough of The Bronx requested \$5,000 in corporate stock for the purchase and removal to Poe Park of the cottage formerly occupied by Edgar Allan Poe. In connection therewith we report as follows:

The cottage was occupied by Poe from 1846 to 1849, and is situated on Kingsbridge Road, Fordham, The Bronx. Plans have been filed for the erection of a row of apartment houses on the property adjoining the cottage, and the President states that there is danger of the cottage being damaged during the building operations.

The owner has agreed to accept \$3,000 for the cottage. A few years ago the City had an option to buy it for \$6,000.

The plan proposed is to move the cottage to Poe Park, which is directly across the street from the present site, and place it under the jurisdiction of the Department of Parks, Borough of The Bronx.

It is estimated that \$2,000 would be sufficient to pay the cost of removal and restoration, making a total of \$5,000 necessary.

The cottage is visited almost daily by persons, in constantly increasing numbers, from all parts of this country and from Europe. We are of the opinion that the literary associations of the cottage make its purchase and preservation for the public advisable.

We recommend, therefore, the adoption of the attached resolution, the appropriation to be expended under the jurisdiction of the Department of Parks, Borough of The Bronx. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; E. V. FROTHINGHAM, Acting President, Borough of Manhattan, Corporate Stock Budget Committee.

December 13, 1912.

To the Board of Estimate and Apportionment:

Gentlemen—On November 27, 1912, the Board of Education requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of rates of compensation for Janitors of certain Public Schools. In connection therewith we report as follows:

The Janitorship of Public School 70, Queens, is at present vacant. A Janitor from another school has been temporarily put in charge of the building. It is requested that for such service he be given an additional compensation equivalent to the present rate for Janitor at Public School 70, namely, \$636, less the rent allowance of \$221. For Public School 7, Queens, an increase from \$2,784 per annum to \$4,020 is requested on account of the occupation of rooms not hitherto used, this building having had an addition opened last year. For Public School 52, Manhattan, an increase from \$852 to \$1,080 per annum is requested as a rent allowance because the Janitor now lives outside, whereas hitherto he occupied quarters within the school building. For the Janitor of Public School 52, Queens, it is proposed to reduce the present rate of \$264 per annum for the care of a five-room temporary building on the grounds, to \$120 per annum. The use of the building for school purposes has been discontinued. As there appears to be no adequate reason for allowing \$10 per month extra compensation for the care of a small vacant building on the school grounds, we recommend that item of the request be disapproved.

The sum of \$43.33 is requested for the Janitor of Public School 79, Queens, for extra service rendered during October.

We recommend that the request, with the exception noted above, be granted by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen, Committee on Salaries and Grades.

No. 2474.

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, December 24, 1912.

The Honorable the Board of Aldermen:

Gentlemen—I beg to call your attention to a resolution adopted by your Board under date of May 14, 1912, appropriating \$24,100 for furnishing and installing metal cases and fixtures in the office of the Register, Hall of Records, this Borough. This resolution was approved by the Board of Estimate and Apportionment under date of September 19, 1912. Our Bureau of Public Buildings and Offices then took steps to prepare plans and specifications for the purpose of advertising for bids. In accordance with the terms of the resolution, these plans and specifications had to be transmitted to the Board of Estimate and Apportionment for approval, and they were approved by that Board under date of December 5, 1912. We immediately took steps to advertise for bids, and under date of December 18, 1912, received bids for doing this work, amounting to approximately \$24,000. These bids we consider excessive and desire to reject same. I therefore respectfully request your honorable Board to amend your resolution, which stated that all obligations must be charged against this revenue bond issue prior to December 31, 1912.

The reason for this request is that should we readvertise for new bids it will take at least fifteen days before said bids can be acted upon, and this would bring us into January, 1913. Under the terms of the resolution adopted we could not award a contract.

I therefore respectfully ask that this resolution be amended so as to change the date from December 31, 1912, to on or about May 1, 1913. Yours very truly,

ALFRED E. STEERS, President of the Borough.

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, December 24, 1912.

The Honorable the Board of Aldermen:

Gentlemen—Under date of December 17, 1912, your Board adopted a resolution requesting that "isles of safety" be installed at certain locations in this Borough. We have no special appropriation in this Borough under which we could construct any "isles of safety," and to do so it will be necessary to provide an issue of revenue bonds. I therefore respectfully request that, if your Board deem it appropriate that revenue bonds be issued for this purpose, you adopt a resolution appropriating the sum of \$5,000 for the construction of "isles of safety" in the Borough of Brooklyn. Yours very truly,

ALFRED E. STEERS, President of the Borough.

Hon. HENRY H. CURRAN, Chairman, Committee on Finance, Board of Aldermen:

Sir—I am in receipt of your communication under date of December 16, 1912, which reads as follows:

"By direction of the Committee on Finance of the Board of Aldermen, I write to ask your opinion as to whether, under chapter 887 of the Laws of 1911 or under any other authority, the Board of Aldermen has the power, for the City, to recommend the issuance of special revenue bonds for the payment requested in the following application offered at the meeting of the Board of Aldermen held on December 10, 1912:

"By Alderman O'Rourke:

"Resolved, That pursuant to the provisions of chapter 887 of the Laws of 1911, the Board of Aldermen hereby certifies to the Comptroller for payment as charges against The City of New York, for medical and surgical treatment rendered to District Attorney Albert C. "If it is conveniently possible for you to thus oblige us, the Committee is desirous of having your opinion on this matter in advance of its next meeting, to be held at 1.30 p. m. on Monday next, December 23, 1912." So much of chapter 887 of the Laws of 1911 as is germane to the question propounded is as follows:

"The Board of Aldermen of the City of New York is hereby authorized to audit, allow and certify to the Comptroller for payment, as charges against The City of New York, the reasonable expenses for medical and surgical treatment and maintenance incurred since the first day of August, nineteen hundred and ten, by the Mayor or any other officer or employee of such City, by reason of gunshot wounds or other personal injuries received or sustained by the Mayor or other officer or employee of said City at the hands of any person deeming himself aggrieved by and seeking revenge for any alleged official act or omission on the part of said Mayor or other officer or employee of said City."

I am of opinion and am constrained to advise you that the provisions of this statute relate only to officers and employees of The City of New York, and not to officers or employees of the counties embraced within its territorial limits, and, therefore, that the District Attorney of Richmond is not an officer or employee whose necessary expenses for medical and surgical treatment and maintenance may be audited, allowed and certified to the Comptroller for payment by the Board of Aldermen.

I know of no existing statutory authority which will permit the expenses of the District Attorney of Richmond County, which are the subject of your communication, to be paid either as a charge against The City of New York or against Richmond County. Yours truly,

G. L. STERLING, Acting Corporation Counsel.

The Committee on Finance, to which was referred on December 3, 1912 (Minutes, page 477), the annexed request of the Municipal Explosives Commission for \$3,050 special revenue bonds to meet its expenses up to and including December 31, 1912, respectfully

Municipal Explosives Commission of The City of New York, 157 East 67th Street, December 3, 1912.

To the Honorable the Board of Aldermen of The City of New York, City Hall, New York City:

Gentlemen—We respectfully request that special revenue bonds to the amount of \$3,050 be issued in order that this Commission may receive the fees now due and unpaid for sessions it has already held, and also have funds with which to carry on its work during the remainder of the current year.

This Commission consists of four paid Commissioners, with pay of \$10 each per session; the fifth member is the Fire Commissioner, who is ex-officio Chairman. It also has a Stenographer, with authorized pay of \$7.50 per session, who acts as its secretary.

In accordance with the statute, the Commission meets upon the call of the Fire Commissioner. Thus far the Commission has met each working day during the year, and the accumulation of business now before it would indicate that it will be necessary to continue to meet daily during the remainder of the year.

The appropriation made in the Budget for the pay of the Commission during 1912 was exhausted on October 8, and that for the Stenographer was exhausted on August 28; for the pay of the latter, however, an issue of special revenue bonds to the amount of \$255 was authorized, for fees due him up to October 8, 1912.

The detailed statement of funds necessary is as follows:

For sessions already held, fees for which are now due and unpaid:

Pay of one Commissioner from October 9 to December 3, 1912 (45 days at \$10), \$450; pay of one Commissioner from October 9 to December 3, 1912 (33 days at \$10), \$330; pay of one Commissioner from October 9 to December 3, 1912 (44 days at \$10), \$440; pay of one Commissioner from October 9 to December 3, 1912 (40 days at \$10), \$400; pay of one Stenographer from October 9 to December 3, 1912 (45 days at \$7.50), \$337.50.

Estimated for December, 1912:

Pay of four Commissioners for 23 sessions each, at \$10 each per session, \$920; pay of Stenographer for 23 sessions, at \$7.50, \$172.50—Total, \$1,092.50. Respectfully, MUNICIPAL EXPLOSIVES COMMISSION, Jos. Johnson, Fire Commissioner, Chairman.

THE MUNICIPAL EXPLOSIVES COMMISSION.

Funds Necessary to Pay Same for the Remainder of the Year.

The Municipal Explosives Commission asks for a sale of special revenue bonds in the amount of \$3,050, to pay the expenses of the Commission for services rendered and for the remainder of the current year, viz:

Total expenses of the Commission incurred and unpaid to December 3 .. \$1,957 50 Estimated amount necessary for the balance of December 1,092 50

Total \$3,050 00

By act of the Legislature this Commission has sole authority to enact regulations governing the manufacture, transportation, storage, sale and use of all explosive materials, as well as combustible and inflammable mixtures, within the limits of the City. This includes the exclusive control of:

Explosives, ammunition, fireworks, matches, mineral oils, inflammable mixtures, such as floor polishes, furniture polishes, cleaning fluids, insecticides and similar mixtures.

The approval of this Commission is also required for:

Methods of storage of gasoline in garages, the construction and location of garages and of motor vehicle repair shops and dry cleaning and dry dyeing establishments, the manufacture, storage and mixing of paints, varnishes and lacquers; gases under pressure, the use of celluloid and motion picture films, for wholesale and retail drug stores and chemical houses, the storage of combustible fibres and all oils and fats, etc., etc. In fact, almost every material requiring special care from the standpoint of a fire hazard.

It also performs certain administrative work, including examinations for certificates of fitness for:

Blasters, magazine keepers, foremen of garages and of drug stores, chemical supply houses, cleaning and dyeing establishments, technical establishments; blow-pipe welding establishments, calcium carbide establishments; and, in fact, the examination and granting of a certificate to whoever has direct charge of any dangerous work, or of materials used in connection therewith.

All magazines of the first and second classes containing explosives are subject to the control and approval of this Commission as to their type, construction and location.

Under the law the approval of the Commission is required for any type, class, machine, article or thing connected with dangerous or inflammable materials which are to be transported, sold or used within the City. This subject includes the examination and testing of:

All new explosives, air-tight lamps for garages, all systems of volatile inflammable oil storage, oil separators, the approval of type and kind of matches and of wagons used to distribute explosives and volatile inflammable oils, tanks for gases under pressure, acetylene generators, blow-pipe welding apparatus, etc., etc.

The duties of this Commission are a necessary part of the issuing permits for all of the above referred to activities within the City, and to suspend or interrupt the meetings of this Commission would cause great confusion in the work of building the Catskill Aqueduct Tunnel within the City, in excavating the present subway, and in all the extensive private building operations where explosives are used. To a lesser degree it would hamper and embarrass a large number of legitimate enterprises within the City. For instance, the Bureau of Buildings will not even consider the approval of the plans for a garage without a previous approval by this Commission stating that the plans for the storage of gasoline in the proposed building are in accordance with the regulations.

One further fact may be mentioned, viz.: The regulations of this Commission call for the collection of a considerable amount of fees for permits, certificates of fitness and certificates of approval, etc., which are collected by the Division of Combustibles of the Fire Department. During the past year these fees aggregated approximately the sum of \$105,000, an amount greatly in excess of the cost of maintaining this Commission and the Division of Combustibles.

It is to be noted that in case the issue of special revenue bonds herein asked for is granted, the total expenses of the Commission for the year 1912 will be less than \$13,000.

Actual income, result of work of Commission, over \$9,000 a month.

Which was laid over.

The Committee on Finance, to which was referred on December 17, 1912 (Minutes, page 718), the annexed request from the Trustees of Bellevue and Allied Hospitals and report of the Finance Committee, granting a portion of the amount asked for, respectfully

REPORTS:

That Dr. O'Hanlon appeared before the Committee and stated that promises had been made to his department for allowances amounting to \$8,800. This leaves \$17,960.51 to meet the estimated deficiencies. The Committee believes this sum to be an absolute necessity, and it therefore recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of seventeen thousand nine hundred and sixty dollars and fifty-one cents (\$17,960.51), the proceeds whereof to be used by the Trustees of Bellevue and Allied Hospitals for the purpose of meeting deficiencies in 1912 accounts.

All obligations contracted for hereunder to be incurred on or before December 31, 1912.

No. 2367—(S. O. No. 148).

Copy of Report of December 17, 1912, on Partial Grant to Bellevue, Etc.

The Committee on Finance, to which was referred on December 10, 1912 (Minutes, page 515), the annexed communication from the Trustees of Bellevue and Allied Hospitals asking for \$51,760.61 special revenue bonds for deficiencies of 1912, \$25,000 of which sum was granted December 17, 1912 (Minutes, page), the remainder being laid over until the meeting of December 24, 1912, respectfully.

REPORTS:

That having examined the subject, it believes the proposed allowance to be necessary. It feels, however, that it may be possible for the Department to secure a portion of this sum from other departments by transfer, and for that reason it now allows \$25,000 and retains the remainder on the calendar until the next meeting to give an opportunity to the Department to apply for transfers. It recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of twenty-five thousand dollars (\$25,000), the proceeds whereof to be used by the Trustees of Bellevue and Allied Hospitals for the purpose of meeting deficiencies in 1912 accounts.

All obligations contracted for hereunder to be incurred on or before December 31, 1912.

To the Honorable the Board of Aldermen, City Hall, New York City:

Gentlemen—Under date of June 20, 1912, the Borough President addressed a communication to you requesting that the resolution changing the name of Lafayette place, between Park ave. and 3d ave., to E. 188th st., adopted by your Board on April 2, 1912, be reconsidered. In this communication it was stated that we desired to substitute certain changes, one of which was, "that Lafayette place, from Park ave. to 3d ave., now named under the above resolution E. 188th st., be renamed Lafayette ave." This was an error, the change desired being that Lafayette place, from Park ave. to 3d ave., now named E. 188th st., be renamed Lafayette place."

Kindly make this change in the communication of the Borough President so that the proper substitution will be made in the resolution of your Board. Respectfully,

THOMAS W. WHITTLE, Acting President of the Borough of The Bronx.

A meeting of the Permanent Census Board was held in the Mayor's office, City Hall, on Wednesday, December 18, 1912, at 12.30 p. m. Present—William J. Gaynor, Mayor; Rhineland Waldo, Police Commissioner; William H. Maxwell, City Superintendent of Schools.

The financial report was ordered received and placed on file. The action of the Secretary, in making certain purchases, list of which was submitted, was approved.

The Secretary was further authorized to purchase two motorcycles, an adding machine, badges for enumerators, to provide for the correction of atlases for 1912, and to make such arrangements for the furnishing of tabulating supplies, rental of machines, etc., as would prove most advantageous to the Board for the ensuing year, provided, however, there should be no additional expense. The Secretary was further authorized to make such general purchases from time to time as the needs of the office may require.

Resolutions were adopted to make the following increases: Maurice Schwach, from \$300 to \$420 per annum, to take effect December 18, 1912; Rufus J. Suits, from \$1,800 to \$2,100 per annum, to take effect January 1, 1913; Mary H. O'Connell, from \$1,200 to \$1,500, to take effect January 1, 1913.

The transfer of James F. The Secretary was directed to request a certification for Census Enumerators from the Municipal Civil Service Commission, and to inform the Commission that such certification from the eligible list for Attendance Officers would be acceptable to the Permanent Census Board. The number of working hours for Census Enumerators was fixed at 48 weekly.

The Secretary asked for and received authority to request the Commissioners of the Sinking Fund to provide 3,500 to 4,000 square feet of office space for the use of the Board. It was suggested by the Police Commissioner that the old Police headquarters be inspected for the purpose of ascertaining whether the necessary accommodations could be provided there.

There being no further business the meeting then adjourned.

further period of ten (10) years upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the percentage required to be paid during the year prior to the termination of the original term of this contract. If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with each other, fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the percentage required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement, fixing such annual rate at such amount as shall be determined by three disinterested freeholders, selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company. These two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual percentage shall in any event be less than the percentage required to be paid for the last year prior to the termination of the original term of this contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the said privilege the following sums of money:

(a) The sum of seven thousand five hundred dollars (\$7,500) in cash within thirty (30) days after the date on which this contract is signed by the Mayor.

(b) The further sum of five thousand dollars (\$5,000) in cash for past use and occupation of the streets to be paid within thirty (30) days after the date on which this contract is signed by the Mayor.

(c) During the first five years of this contract an annual sum which shall in no case be less than five thousand dollars (\$5,000), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of five thousand dollars (\$5,000).

During the succeeding five years of this contract an annual sum which shall in no case be less than six thousand dollars (\$6,000), and which shall be equal to three (3) per cent. of the gross annual receipts of the Company, if such percentage shall exceed the sum of six thousand dollars (\$6,000).

During the remaining five years of this contract an annual sum which shall in no case be less than seven thousand dollars (\$7,000), and which shall be equal to three (3) per cent. of the gross annual receipts of the Company, if such percentage shall exceed the sum of seven thousand dollars (\$7,000).

The gross annual receipts of the Company, mentioned above, shall be deemed to include and shall include all receipts from messenger service connected with and dependent upon the operation of the wires, call boxes and other signalling apparatus hereby authorized, whether furnished under any agreement with any other company operating in the streets of the City or otherwise.

All annual charges, as above, shall be paid into the Treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided, that the moneys due when this contract is signed by the Mayor shall be paid into the Treasury of the City within thirty (30) days immediately following such date, and provided further that the first annual payment shall be only for that proportion of the first annual charge as the time between the date on which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatever kind or description now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—The said annual charges or payments, as above specified, shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payments for similar rights or franchises at a different rate, and no assignment, lease or sublease of the rights or franchises hereby granted, or any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions as to payments, any statute or any condition herein contained to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by said statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this contract.

Fourth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, either by the act of the company, its successor, or its assigns, or by operation of law, whether under the provisions of the statute relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding and the

granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

If, however, at the termination of this grant, as above, the City, by the Board, shall so order by resolution, the Company shall, on thirty (30) days' notice from the Board, remove any and all of its wires or other electrical conductors, or any portion thereof, from any or all of the streets and public places within the limits of the City, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—The Company shall construct, maintain and operate its electric system subject to the supervision and control of all the authorities of the City, who have jurisdiction in such matters, as provided by the Charter of the City and in strict compliance with all laws or ordinances or departmental rules and regulations, now in force, or which may be adopted, affecting companies operating electrical conductors in the City.

No construction or repair of said electric system shall be commenced until written permits have been obtained from the proper City officials. In any permits so issued such officials may impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures in the streets and avenues over which such officials have jurisdiction and the Company shall comply with such conditions.

Upon the completion of any work of construction the Company shall furnish to the President of the Borough a plan of such character as he may direct, showing accurately and distinctly the location, size and type of construction and complete dimensions of the structures erected, installed or constructed under this contract and the location and dimensions of all substructures encountered during the progress of the work. The depth below the street surface of the new structure and of the substructures encountered must be shown; also their location with reference to the nearest curb line and the nearest curb-line intersection.

The electrical and other equipment to be installed by the Company, whether the same be under streets and avenues or in private property, shall be constructed and maintained subject to the approval and under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Seventh—The plant, conduits, wires, connections, instruments and all appurtenances thereto shall be constructed, maintained and operated in the latest approved manner and with the most modern and improved appliances, and it is hereby agreed that the Board may require the Company to improve or add to its plant, conduits, wires, connections, instruments and appurtenances, from time to time, as such additions or improvements are necessary in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time the rights hereby granted shall cease and determine.

Eighth—All cables and wires of the Company laid pursuant to this contract shall be placed in ducts, conduits or subways (referred to in this paragraph as subways). Such subways shall be leased from the Company or companies having control thereof under the provisions of law, or from the City should it succeed to the rights of such Company or companies. If the City shall construct or acquire subways for electrical conductors in the Borough of Manhattan, the Company hereby agrees to lay its wires and conductors in such subways and the City agrees to lease to the Company such space as may be required for the operation of the messenger system hereby authorized. No cables or wires shall, in the future, be strung above the surface of the streets and avenues by the Company, and those at present in existence shall be removed and placed under ground when and where required by the Board or the Commissioner of Water Supply, Gas and Electricity.

Ninth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant.

It shall also file with the Department of Water Supply, Gas and Electricity on or before the tenth day of each month a map or plan of the locations in which wires have been placed by it during the preceding month.

Seventeenth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions in the territory covered by this contract, or any part thereof.

Eighteenth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of one hundred dollars (\$100) as fixed or liquidated damages, or the said City, in case such structures which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Union Railway Company of New York City, containing the form of the proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Union Railway

Company of New York City the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this day of 191 , by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Union Railway Company of New York City (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double track extension to its present street surface railway with the necessary wires and equipment, for the purpose of conveying passengers only, in the Borough of The Bronx, in The City of New York, upon the following route, to wit: Beginning at and connecting with the existing tracks of the Company in Morris avenue, at or near its intersection with East 161st street; thence northerly upon and along Morris avenue to its intersection with East 167th street and thence connecting with the existing tracks of the Company in East 167th street.

And to cross such other streets and avenues named and unnamed, as may be encountered in said route.

The said route, with turnouts, switches and crossovers, hereby authorized, is shown upon a map entitled:

"Map showing proposed extension of the Union Railway Co. of New York City, in the Borough of The Bronx, City of New York. To Accompany Petition Dated Oct. 14th, 1912, to the Board of Estimate and Apportionment."

—and signed by Edward A. Maher, vice-president, and T. F. Mullaney, chief engineer; a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided, that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description, and the other provisions of this contract may be permitted by resolution of the Board.

Section 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within three (3) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall within said three (3) months, or within one (1) month thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law, to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor until March 1, 1924, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not later than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate thereof prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of five hundred dollars (\$500) in cash within three (3) months after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years, an annual sum, which shall in no case be less than

seven hundred and twenty-five dollars (\$725), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of seven hundred and twenty-five dollars (\$725).

During the second term of five (5) years an annual sum, which shall in no case be less than one thousand three hundred and fifty dollars (\$1,350), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of one thousand three hundred and fifty dollars (\$1,350).

During the remaining term, expiring March 1, 1924, an annual sum, which shall in no case be less than one thousand four hundred and seventy-five dollars (\$1,475), and which shall be equal to five (5) per cent of its gross annual receipts, if such percentage shall exceed the sum of one thousand four hundred and seventy-five dollars (\$1,475).

The gross annual receipts mentioned above shall be that portion of the gross receipts of the Company from all sources within the limits of the City as shall bear the same proportion to its whole gross receipts as the length of the extension hereby authorized shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City, pursuant to the Railroad Law, as amended, and such charges as are required under chapter 340 of the Laws of 1892 to be paid by the Company for this extension, if said act applies to or controls the Company in relation to the right and privilege hereby granted.

The City does not and shall not demand or require the payment by the Company of a percentage of gross receipts under the provisions of chapter 340 of the Laws of 1892 on the gross receipts earned on the extension constructed, pursuant to this contract.

Any and all payments to be made by the terms of this contract to the City by the Company, shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any other corporation or to any individual a similar right or privilege upon the same or other terms and conditions over the route hereinbefore described, and the Company shall not at any time oppose, but shall, upon request of the Board, consent to the use for street surface railway purposes of the tracks and appurtenances covered by this grant, or any portion thereof, by any such other corporation or individual which may receive a franchise therefor from the City.

Should the City at any time during the term of this contract grant to any other corporation or to any individual the right or privilege to operate a railway upon the tracks of the Company on the route herein described, or any portion thereof, then the City shall, within thirty (30) days thereafter, give notice to the Company that such right has been granted, and of the name of the corporation or individual to which such right has been granted.

At the expiration of ninety (90) days after the giving of such notice such individual or corporation shall have the right to begin the operation of cars upon the tracks of the Company upon such route, or any portion thereof, over which such corporation or individual may receive a right or privilege, and to use therefor the tracks, equipment, power and all other property of the Company which shall be necessary in the operation of the cars of such individual or corporation upon the tracks of the Company and shall have the right to continue such operation until this contract, or the right to use such property under the terms of this contract granted said corporation or individual by the City, shall expire. Such corporation or individual shall pay to the Company for the right to use such tracks, equipment, power and other property above described, such sum or sums as may be agreed upon in writing by such corporation or individual and the Company within said ninety (90) days, or in the event that such agreement cannot be reached within said ninety (90) days, such sum or sums as shall be determined in the manner hereinafter provided for.

If the Company and such corporation or individual cannot, prior to the expiration of said ninety (90) days, agree upon the compensation for the use of such tracks, then such compensation shall be fixed by three arbitrators selected in the following manner:

One fit and impartial person shall be chosen by the Company; one fit and impartial person shall be chosen by such corporation or individual, and the two so chosen shall choose a third fit and impartial person. The decision under oath of any two of said persons who shall be so selected shall be final and conclusive.

The compensation and expenses of the persons selected as arbitrators in the determination of such sum or sums shall be borne by the individual or corporation to which such right may be granted.

Within thirty (30) days after an agreement shall have been reached between said parties, or in case said agreement cannot be reached before the time specified herein, then within thirty (30) days after the determination of the arbitrators, as herein provided, should two of such arbitrators agree, the said parties shall file a duplicate copy of a written agreement with the Board

which shall specify the sum or sums which shall have been agreed to by the said parties or determined by said arbitrators as the sum or sums which such corporation or individual shall pay to the Company for said privileges. If the Company fails to file the same with the Board within said thirty (30) days then the right herein granted shall cease and determine.

If either party fails to appoint an arbitrator, as herein provided, or should the first two arbitrators fail to agree on the selection of a third arbitrator within thirty (30) days after the expiration of said ninety (90) days, or if no two of said arbitrators so selected agree upon the sum or sums to be paid by such individual or corporation within sixty (60) days after they shall have been so selected, then such sum or sums shall be fixed by the Supreme Court upon the application of either party.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, nor leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company, constructed pursuant to this contract within the streets and avenues, shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract, as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its tracks and other equipment, constructed pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Eighth—The Company shall commence construction of the railway herein authorized within three (3) months from the date upon which the consents of the property owners are filed with the Board or from the date of the order of the Appellate Division of the Supreme Court, made pursuant to section 174 of the Railroad Law, confirming the determination of the Commissioners appointed thereunder that such railway ought to be constructed, and shall complete the construction and place the same in full operation within six (6) months from the date of filing such consents or the date of such order, otherwise the right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that the period for commencement and the period for completion and placing the railway in full operation may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate six (6) months; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court, or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Ninth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appliances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Tenth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction, and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Eleventh—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of The Bronx, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board, and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Provided, however, that the Board, upon giving to the Company one (1) year's notice, may require the Company to operate its railway upon the whole or upon any portion of its route, by underground electric power, substantially similar to the system now in use on the street surface railways in the Borough of Manhattan, or by any other practical motive power then in use which does not require the use of poles and overhead wires in the streets and avenues, and thereupon to discontinue the use of the overhead trolley system, and to remove its poles, wires and other structures used by it for that purpose from the streets and avenues of the City.

Twelfth—Upon six (6) months' notice by the Board to the Company all wires for the transmission of power, except trolley wires, for the operation of the railway, upon all or any portion of the route hereby authorized, shall be placed in conduits beneath or alongside of the railway. The Company shall provide in such conduits two (2) ducts not less than three (3) inches in diameter for the exclusive use of the

City. Such conduits shall be used only by the Company for the operation of its railway and by the City, as above.

Thirteenth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents, and the Company shall not charge any passenger more than five (5) cents for one continuous ride, from any point on its road or on any road, line or branch operated by it or under its control to any other point thereof, or any connecting branch thereof within the limits of the City.

The Company shall carry free upon the railway hereby authorized, during the term of this contract, all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Fourteenth—No cars shall be operated upon the railway hereby authorized other than passenger cars and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

Fifteenth—The Company shall attach to each car run over the said railway proper fenders and wheel guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Sixteenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Seventeenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Eighteenth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Nineteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall, if directed by the President of the Borough of The Bronx, cause to be watered at least three (3) times every twenty-four (24) hours when the temperature is above thirty-five (35) degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed sixty (60) feet between curbs, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Twentieth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-first—As long as said railway or any portion thereof remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. In case of the neglect of the Company to make pavement or repairs after the expiration of twenty (20) days' notice to do so from the President of the Borough of The Bronx, said President may make the same at the expense of the Company. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Twenty-second—Any alteration to the sewerage or drainage systems or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-third—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appliances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-fourth—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appliances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues the Company shall take care of and protect the tracks and appliances at its own expense, all to be done subject to the direction of the City officials having jurisdiction over the construction of such change.

Twenty-fifth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

Twenty-sixth—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-seventh—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be acted upon. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-eighth—If the Company shall fail to give efficient public service at the rates here fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-ninth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirtieth—This grant is upon the express condition that any and all sums of money or any and all securities heretofore deposited with the Comptroller by the Company under and pursuant to franchises heretofore granted to it by the City, as a fund for the faithful performance by the Company of the terms and conditions of the several franchises so granted, shall form a fund for the performance by the Company of all the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates here fixed, the repairs of the street pavement, the removal of snow and ice, the quality of construction of the railway and the maintenance of the property in good condition throughout the whole term of the contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof, after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or, after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or, in case of failure to observe the said terms and conditions of this contract and orders of the Board hereunder, relating to the headway, heating and lighting of cars, fenders, wheelguards and watering of street pavements, the Company shall pay a penalty of fifty dollars (\$50) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheelguards, in case of a violation of the provisions relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security to the original amount, and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-first—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-second—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an

easement, encountered in the route hereinabove described, and upon or in which authority is hereby given to the Company to construct a railway.

Thirty-third—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Section 3. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Section 4. This grant is also upon the further and express condition that the provisions of Article 5, and the other provisions of the Railroad Law pertinent hereto, shall be strictly complied with by the Company.

Section 5. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

ment of the term will be allowed by the Commissioner of Docks.

The lease shall contain the following terms and conditions:
The rent shall be paid in four equal quarterly payments in advance.

All dumping boards erected or maintained under the provisions of the lease will extend from a line parallel to and about twenty-two (22) feet east of the bulkhead line to a line parallel to and about twenty-two (22) feet west of the bulkhead line, in all a distance of about forty-four (44) feet.

All ramps, runways, approaches, dumping boards, sheds and all other structures erected under the provisions of the lease shall be constructed in accordance with plans and specifications to be submitted to and approved by the Chief Engineer of the Department of Docks and Ferries and shall be erected under his direction and supervision.

All such structures shall revert to and become the property of The City of New York at the expiration or sooner termination of the lease.

The lessee will be required to agree that he will at all times do such dredging from time to time during the term of the lease as may be considered by the Commissioner of Docks necessary and proper to be done in the half slip or water adjacent to the bulkhead between the northerly side of the pier foot of E. 94th st. and the southerly side of pier foot of E. 95th st., and extending outshore a distance of 75 feet.

All repairs, maintaining, rebuilding or painting required or necessary in the opinion of the Commissioner of Docks to be done to or upon the premises leased or the structures thereon, including the metal shed, shall be done by and at the sole cost and expense of the lessee to the satisfaction of the Commissioner of Docks.

If by reason of total or partial destruction from any cause the premises hereby leased, or the structures thereon including the metal shed, shall require to be rebuilt, the same shall be so rebuilt under the direction of the Commissioner of Docks in like manner and similar to the premises destroyed, by, and at the expense of the lessee and in accordance with plans and specifications submitted to and approved by the Commissioner of Docks.

In case the lessee shall make default or shall neglect to make repairs or rebuilding or do such painting or dredging for the space of ten days after notice so to do shall have been given by the Commissioner of Docks or any proper officer, agent or employee of the Department of Docks and Ferries, then the lease shall be null and void and the lessee will pay to The City of New York such damages as it may have sustained, or the Commissioner of Docks may, at his option, make such repairs and rebuilding or do such dredging and painting, and the full cost and expense thereof shall and will be paid on demand by the lessee to The City of New York, and no claim for damages or for reduction of rent shall be made by the lessee by reason thereof.

No claim or demand will be considered or allowed by the Department for any loss or deprivation from use of said premises or otherwise resulting from or occasioned by any delay on account of or by reason of the premises or any part thereof being occupied for or on account of any repairs, rebuilding, painting or dredging.

The lessee will be required upon the execution of the lease to furnish a bond executed by a guaranty or surety company, to be approved by the Commissioner of Docks, in double the amount of the annual rent bid, for the faithful performance of all the covenants and conditions of the lease. In the event that the Commissioner of Docks shall, during the term of said lease, for any reason whatsoever, deem it advisable that other surety or sureties should be substituted in lieu of the surety or sureties upon the bond, then, and in such event, the lessee shall and will, whenever so ordered by the Commissioner of Docks, furnish a new bond with such surety or sureties as may be approved by him in lieu of the bond originally furnished.

The lessee will be required to agree that he will at all times keep posted in at least two conspicuous places upon the pier, printed in large type, so that the same can be readily seen by passers-by on the adjacent marginal street, the prices to be charged to the public for the privilege of dumping, and that the maximum prices to be charged to the public shall be as follows:

For single dump carts, not exceeding 40 cents.
For single trucks, not exceeding 50 cents.
For double trucks, not exceeding 70 cents.
Rubbish and light material, 20 cents additional per truck.

—It being understood and agreed that the establishment of such maximum or limiting prices does not prevent the lessee, at his option, from charging lower rates, and that during the life of the lease the Commissioner of Docks may, in his discretion, increase but not decrease said maximum or limiting prices, but such prices shall only be increased after the establishment of justifying facts as to market conditions at a public hearing before him.

The lessee will be required to agree that he will at all times during the term of the lease keep true and correct books of account, showing moneys received, the quantity of material dumped and where disposed of, the rates charged therefor and the names and persons using the dump, and that said books of account shall at all times during the term of the lease be open to inspection by the Commissioner of Docks or his authorized representative.

The lessee will be required to agree that he will at all times during the term of the lease continue to operate a dumping board on the premises leased and that said dumping board shall be public to all, and that no application for dumping privileges shall be refused until the maximum capacity of the board is reached, and that there shall be no discrimination in price charged either by special rate or rebate.

The premises demised, or any part thereof, shall not be used as a stable nor for the sorting or storage of rags, barrels, boxes or refuse of any kind, and the premises shall at all times be kept in a clean and sanitary condition to the satisfaction of the Commissioner of Docks.

The establishment of violation of any of the terms and conditions herein contained as fact in the judgment of the Commissioner of Docks shall be sufficient ground for the cancellation of the lease, and in such event the lessee will make no claim of any kind whatsoever for damages against The City of New York.

The lessee will be required to agree that if at any time during the term hereby created the Commissioner of Docks shall determine to proceed with the work of building or rebuilding wharves, piers, bulkheads, basins, docks or slips within a section or district of the water-front which shall include the premises hereinbefore described, according to any plan or plans now adopted and approved, and pursuant to any existing or future law, and if the said Commissioner of Docks shall determine that for the purpose of such building or rebuilding it will be necessary to terminate the interest of the lessee in the property hereby leased, or any part thereof, then upon service upon the lessee of written notice from the Commissioner of Docks to that effect, the interest of the lessee in the said property, or part thereof, shall be thereby terminated and the rent hereby re-

served shall cease from the date specified in said notice, and no claim for damages or compensation in favor of the lessee by reason of the termination of such interest or to, or on account of any construction or improvement that may have been erected by the lessee shall, at any time, be made by the lessee or by any person or persons whomsoever.

The lessee shall have the right to use the dumping board now erected on said premises, together with the existing ramp or approach thereto.

TERMS AND CONDITIONS OF SALE.
The upset price of the parcel offered for sale will be announced by the auctioneer at the time of sale, and no bid will be received which shall be less than the upset price.

The auctioneer's fee of Fifty Dollars (\$50) must be paid by the purchaser at the time of sale.

The purchaser will be required at the time of the sale to pay, in addition to the auctioneer's fee, namely Fifty Dollars (\$50), to the Department of Docks and Ferries twenty-five per cent. (25%) of the amount of the annual rent bid as security for the execution of the lease, which twenty-five per cent. (25%) will be applied to the rent first accruing under the lease, when executed, or will be forfeited to the Department of Docks and Ferries if the purchaser neglects or refuses to execute the lease with good and sufficient surety to be approved by the Commissioner of Docks within ten (10) days after being notified that the lease is prepared and ready for execution at the office of the Department of Docks and Ferries, Pier "A," foot of Battery place, North River.

The Department expressly reserves the right to resell the lease of the premises bid for, by those failing, refusing or neglecting to comply with these terms and conditions, the party so failing, refusing or neglecting to be liable to The City of New York for any deficiency resulting from or occasioned by such resale.

The term for which the lease is sold will commence at the date mentioned in this advertisement, namely, January 15, 1913, and rent will be payable from that date.

The lessee will be required to erect over the present dumping board, within one hundred and twenty (120) days from the date of the commencement of the lease, a corrugated metal shed with steel supports.

No dredging will be done prior to the commencement of the lease in the slip or basin or water immediately adjacent to the premises and the premises and the structures thereon must be taken in the condition in which they are at the commencement of the term of the lease, and no claim or demand that the premises or property or any structures thereon are not in suitable and tenable condition at the commencement of the term will be allowed by the Commissioner of Docks.

The lease shall contain the following terms and conditions:

The rent shall be paid in four equal quarterly payments in advance.

All dumping boards erected or maintained under the provisions of the lease will extend from a line parallel to and about eighteen (18) feet north of the south line of the pier to a line parallel to and about eighteen (18) feet south of the southerly line of the pier, in all a distance of about thirty-six (36) feet.

All ramps, runways, approaches, dumping boards, sheds and all other structures erected under the provisions of the lease shall be constructed in accordance with plans and specifications to be submitted to and approved by the Chief Engineer of the Department of Docks and Ferries and shall be erected under his direction and supervision.

All such structures shall revert to and become the property of The City of New York at the expiration or sooner termination of the lease.

The lessee will be required to agree that he will at all times do such dredging from time to time during the term of the lease as may be considered by the Commissioner of Docks necessary and proper to be done in the half slip or water adjacent to the southerly side of the pier.

All repairs, maintaining, rebuilding or painting required or necessary in the opinion of the Commissioner of Docks to be done to or upon the premises leased or the structures thereon, including the metal shed, shall be done by and at the sole cost and expense of the lessee to the satisfaction of the Commissioner of Docks.

If by reason of total or partial destruction from any cause the premises hereby leased, or the structures thereon, including the metal shed, shall require to be rebuilt, the same shall be so rebuilt under the direction of the Commissioner of Docks in like manner and similar to the premises destroyed by, and at the expense of the lessee and in accordance with plans and specifications submitted to and approved by the Commissioner of Docks.

In case the lessee shall make default or shall neglect to make repairs or rebuilding or do such painting or dredging for the space of ten days after notice so to do shall have been given by the Commissioner of Docks or any proper officer, agent or employee of the Department of Docks and Ferries, then the lease shall be null and void and the lessee will pay to The City of New York such damages as it may have sustained, or the Commissioner of Docks may, at his option, make such repairs and rebuilding or do such dredging and painting, and the full cost and expense thereof shall and will be paid on demand by the lessee to The City of New York, and no claim for damages or for reduction of rent shall be made by the lessee by reason thereof.

No claim or demand will be considered or allowed by the Department for any loss or deprivation from use of said premises or otherwise resulting from or occasioned by any delay on account of or by reason of the premises or any part thereof being occupied for or on account of any repairs, rebuilding, painting or dredging.

The lessee will be required upon the execution of the lease to furnish a bond executed by a guaranty or surety company, to be approved by the Commissioner of Docks, in double the amount of the annual rent bid, for the faithful performance of all the covenants and conditions of the lease. In the event that the Commissioner of Docks shall, during the term of said lease, for any reason whatsoever, deem it advisable that other surety or sureties should be substituted in lieu of the surety or sureties upon the bond, then, and in such event, the lessee shall and will, whenever so ordered by the Commissioner of Docks, furnish a new bond with such surety or sureties as may be approved by him in lieu of the bond originally furnished.

The lessee will be required to agree that he will at all times keep posted in at least two conspicuous places upon the pier, printed in large type, so that the same can be readily seen by passers-by on Avenue A, the prices to be charged to the public for the privilege of dumping, and that the maximum prices to be charged to the public shall be as follows:

For single dump carts, not exceeding 40 cents.
For single trucks, not exceeding 50 cents.
For double trucks, not exceeding 70 cents.
Rubbish and light material, 20 cents additional per truck.

—It being understood and agreed that the establishment of such maximum or limiting prices does not prevent the lessee, at his option, from charging lower rates, and that during the life of the lease the Commissioner of Docks may, in his discretion, increase but not decrease said maximum or limiting prices, but such prices shall only be increased after the establishment of justifying facts as to market conditions at a public hearing before him.

The lessee will be required to agree that he will at all times during the term of the lease keep true and correct books of account, showing moneys received, the quantity of material dumped and where disposed of, the rates charged therefor and the names of persons using the dump, and that said books of account shall at all times during the term of the lease be open to inspection by the Commissioner of Docks or his authorized representative.

The lessee will be required to agree that he will at all times during the term of the lease continue to operate a dumping board on the premises leased and that said dumping board shall be public to all, and that no application for dumping privileges shall be refused until the maximum capacity of the board is reached, and that there shall be no discrimination in price charged either by special rate or rebate.

The premises demised, or any part thereof, shall not be used as a stable nor for the sorting or storage of rags, barrels, boxes or refuse of any kind, and the premises shall at all times be kept in a clean and sanitary condition to the satisfaction of the Commissioner of Docks.

The establishment of violation of any of the terms and conditions herein contained as fact in the judgment of the Commissioner of Docks shall be sufficient ground for the cancellation of the lease, and in such event the lessee will make no claim of any kind whatsoever for damages against The City of New York.

The lessee will be required to agree that if at any time during the term hereby created the Commissioner of Docks shall determine to proceed with the work of building or rebuilding wharves, piers, bulkheads, basins, docks or slips within a section or district of the water-front which shall include the premises hereinbefore described, according to any plan or plans now adopted and approved, or which may hereafter be adopted and approved, and pursuant to any existing or future law, and if the said Commissioner of Docks shall determine that for the purpose of such building or rebuilding it will be necessary to terminate the interest of the lessee in the property hereby leased, or any part thereof, then upon service upon the lessee of written notice from the Commissioner of Docks to that effect, the interest of the lessee in the said property, or part thereof, shall be thereby terminated and the rent hereby reserved shall cease from the date specified in said notice, and no claim for damages or compensation in favor of the lessee by reason of the termination of such interest or to, or on account of any construction or improvement that may have been erected by the lessee shall, at any time, be made by the lessee or by any person or persons whomsoever.

The remaining terms and conditions of the lease shall be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries, copies of which may be seen and examined at the office of the Department, Pier "A," foot of Battery place, North River, Borough of Manhattan.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings or the appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Water Supply, Gas and Electricity with a certificate from the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in

the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement, to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
