With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

• Win More Contracts at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at http://www.nyc.gov/html/hhsaccelerator/html/ roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS) Department for the Aging (DFTA) Department of Consumer Affairs (DCA) Department of Corrections (DOC) Department of Health and Mental Hygiene (DOHMH) Department of Homeless Services (DHS) Department of Probation (DOP) Department of Small Business Services (SBS) Department of Youth and Community Development (DYCD) Housing and Preservation Department (HPD) Human Resources Administration (HRA) Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

DPR is seeking to evaluate and pre-qualify a list of general contractors (a "PQL") exclusively to conduct non-complex general construction site work involving the construction and reconstruction of DPR parks and playgrounds projects not exceeding \$3 million per contract ("General Construction").

By establishing contractor's qualification and experience in advance, DPR will have a pool of competent contractors from which it can draw to promptly and effectively reconstruct and construct its parks, playgrounds, beaches, gardens and green-streets. The vendors selected for inclusion in the General Construction PQL will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contracts, and winning larger contracts with larger values. Firms participating in NYC Construction Mentorship will have the opportunity to take management classes and receive on-the-job training provided by a construction management firm.

DPR will only consider applications for this General Construction PQL from contractors who meet any one of the following criteria:

AGENCY RULES

OFFICE OF COLLECTIVE BARGAINING

■ NOTICE

Notice of Adoption

Notice of Adoption of amendments to Title 61 of the Rules of the City of New York, the Office of Collective Bargaining's ("OCB") procedural rules, to permit the filing of documents electronically through a newlycreated e-filing system on the agency's website, allow service and filing by email, and permit the posting of required notices by electronic means. Additional proposed amendments to the OCB rules will eliminate certain outmoded administrative requirements and make using the rules easier and more user-friendly by the addition of crossreferences to relevant sections, and by conforming dates and times for responses and clarifying the definitions of filing, service and proof of service. Other changes clarify how the rules have been interpreted or add existing practices such as permitting electronic submission of the showing of interest in representation cases and permitting the filing of *amicus curiae* briefs upon permission of the Director.

NOTICE IS HEREBY GIVEN, PURSUANT TO THE AUTHORITY VESTED IN the Office of Collective Bargaining's two constituent boards by Sections 12-309(a)(7) and 12-309(b)(6) of the New York City Administrative Code and Section 1173 of the New York City Charter, in accordance with the requirements of Section 1043 of the New York City Charter, that the Office of Collective Bargaining amends Title 61 of the Rules of the City of New York as follows below.

The rule was proposed and published on June 26, 2018. A public hearing was held on August 1, 2018. No written comments were submitted prior to the hearing and no comments were received at the hearing. At the Board of Certification's meeting on October 1, 2018, and the Board of Collective Bargaining meeting on October 16, 2018, the following resolution was adopted.

Statement of Basis and Purpose of Rule

Sections 12-309(a)(7) and 12-309(b)(6) of the New York City Administrative Code authorize the Office of Collective Bargaining's ("OCB") two constituent boards, the Board of Collective Bargaining and the Board of Certification, respectively, "to adopt rules and regulations for the conduct of its business and the carrying out of its powers and duties". The proposed changes modify the OCB's procedural rules, which are found in Title 61 of the Rules of the City of New York, to incorporate new procedures for using modern technology, eliminate unnecessary requirements or references to outmoded technology, make clarifications to reflect how the Rules have been interpreted or to include existing practices, and make understanding the Rules and practice before the OCB more user-friendly.

Listed below are the most substantive proposed changes. Particularly significant among the proposed changes is the addition of rules providing for the filing and service of pleadings and other documents electronically through the OCB's e-filing system. This new system will simplify filing and service for petitioners by, among other things, eliminating the requirement that petitioners serve all parties named in the e-filed action by shifting the burden of service to the OCB.

The rule:

- 1. Adds new procedures incorporating modern technology:
 - Modernizes all notice posting requirements to allow for posting of notices and other communication with employees through methods such as e-bulletin boards and email;
 - Provides for the filing and service of pleadings and other documents electronically through the OCB's e-filing system;
 - Permits filing with the Board and service on parties by email, for matters not initiated via the e-filing system.
- 2. Eliminates unnecessary requirements or references to outmoded technology:
 - Eliminates the requirement that parties file three copies of every document, in addition to the original, with the OCB;

- Eliminates facsimile as an acceptable method of filing and service;
- Eliminates references to only in-person representation elections as representation elections are now conducted by mail, telephone and via a web-based platform.
- 3. Clarifies the Rules to reflect how they have been interpreted and to include existing practices:
 - Codifies the practice of accepting submission of proof of interest electronically in representation cases;
 - Clarifies the description of when a petition can be timely filed after the expiration of a collective bargaining agreement;
 - Clarifies the provisions governing Amendments to Certification Petitions to reflect the Board's history of case processing and interpretation of its meaning;
 - Clarifies that the Director's recommendation for the creation of an impasse panel will be conveyed to the parties in writing only;
 - Conforms the description of the waiver required with a Request for Arbitration to the language of the 2012 statutory amendment;
 - Clarifies the parties' obligation to designate an agent for service;
 - Clarifies that any objections to the OCB Executive Secretary's deficiency letter must be filed within 10 business days after service of the deficiency letter;
 - Clarifies that supporting briefs must be submitted with a parties' responsive pleading, unless prior permission to submit it later is granted;
 - Provides that if an injunctive relief petition is served in person, it must also be served by email;
 - Permits the filing of a Motion to Dismiss in lieu of an answer with permission of the Director;
 - Permits filing of an Amicus Curiae brief with permission of the Director.
 - Incorporates additional protected classes to the certification requirements for employee organizations, to conform to changes in the Administrative Code.
- 4. Makes understanding the Rules and practice before the OCB more user-friendly:
 - Conforms most response times in representation case processing to 20 business days;
 - Harmonizes filing and service deadlines so that they are calculated, with minor exceptions, using business days and not calendar days;
 - Eliminates the requirement to submit an affidavit in support of only one type of representation petition;
 - Includes cross-references to other relevant sections of the rules;
 - Clarifies the definitions of Filing, Service, Proof of Service and when service is complete;
 - Clearly differentiates between filing and service through the e-filing system versus more traditional methods of effecting filing and service;
 - Eliminates the requirement that parties add five calendar days prior to computing time periods prescribed by the Rules where service was completed by mail.
 - Includes minor plain language changes throughout.

The OCB's authority for these rules is found in Section 1043 of the New York City Charter and Sections 12-309(a)(7) and 12-309(b)(6) of the New York City Administrative Code.
