DEPARTMENT OF BRIDGES.

REPORT FOR THE QUARTER ENDING JUNE 30, 1906.

To the Hon. GEORGE B. McCLELLAN, Mayor, New York City:

Sir—Pursuant to section 1544 of the Greater New York Charter, I have the honor to submit the following report of the Department of Bridges for the three months ending June 30, 1906.

The changes in employees and salaries have been as follows for the period from April 1, 1906, to July 1, 1906:

Appointments.

Apr. 1.	1 horse and cart, per hour	\$0 50
Apr. 6.	2 Bridge Tenders, per year	900 00
Apr. 12.	1 Bridge Keeper (reassigned), per year	900 00
Apr. 24.	1 Telephone Operator, per year	750 00
Apr. 24.	1 Bricklayer, per hour	65
May 1.	1 Structural Steel Draughtsman, per year	1,500 00
May 4.	1 Bricklayer, per hour	70
May 7.	2 Pavers, per hour	62½
May 12.	1 Rammer, per hour	43¾
May 21.	1 Stoker (reassigned), per hour	37½
May 23.	1 Automobile Engineman, per year	1,200 00
June 9.	1 Cleaner, per hour	25
June 18.	1 Automobile Engineman, per year	1,200 00
June 19.	1 Stonecutter, per hour	56¼
June 21.	1 Stonecutter, per hour	56¼
June 28.	1 Bridge Painter, per hour	50
June 29.	1 Cleaner, per hour	25

Promotions and Increases.

Apr. 1.	1 Bridge Keeper, from \$900 per year to	\$1,095 00
Apr. 1.	1 Assistant Engineer, from \$3,300 per year to	5,000 00
Apr. 1.	1 Assistant Engineer, from \$3,500 per year to	5,000 00
Apr. 1.	1 Assistant Engineer, from \$2,100 per year to	3,000 00
Apr. 1.	1 Bridge Tender, at \$839.50, to Bridge Keeper, at	900 00
Apr. 2.	1 Trimmer, at 43¼ cents per hour, to Lineman, at	50
Apr. 8.	1 Laborer, from 25 cents per hour to	31¼
Apr. 19.	1 Bridge Tender, from \$839.50 per year to	900 00
Apr. 23.	1 Foreman of Laborers, from \$1,950 per year to	2,100 00
Apr. 23.	1 Foreman of Laborers, from \$1,800 per year to	2,000 00
Apr. 23.	3 Riveters, from 56¼ cents per hour to	62½
Apr. 29.	1 Blacksmith's Helper, from 37½ cents per hour to, per week..	18 00
Apr. 30.	2 Brick Masons, from 60 cents per hour to	70
Apr. 30.	1 Bricklayer, from 65 cents per hour to	70
Apr. 30.	1 Wireman to Rigger, from 65 cents per hour to	70
Apr. 30.	1 Laborer to Driver, from 65 cents per hour to	70
Apr. 30.	1 Laborer, at 28½ cents per hour, to Mechanic Helper, at	31¼
Apr. 4.	1 Bridge Mechanic to Riveter, from 28½ cents per hour to	31¼
Apr. 13.	1 Laborer, from 31¼ cents per hour to, per week	17 50
Apr. 14.	3 Cabinet Makers to Carpenters, from 31¼ cents per hour to, per week	17 50
Apr. 14.	4 Ship Carpenters to Carpenters, from 31¼ cents per hour to, per week	17 50
Apr. 15.	1 Bridge Tender, from \$839.50 per year to	900 00
Apr. 16.	1 Foreman of Laborers, from \$1,650 per year to	1,800 00
Apr. 20.	2 Laborers, from 28½ cents per hour to	31¼
Apr. 21.	1 Foreman of Laborers, from \$1,200 per year to	1,500 00
Apr. 27.	1 Painter, from 50 cents per hour to, per week	24 00
June 1.	1 Rodman, from \$720 per year to	1,050 00
June 3.	1 Engineman, from 50 cents per hour to, per year	1,500 00
June 3.	1 Fitter, from 56¼ cents per hour to	62½

Transfers.

Apr. 11.	1 Laborer to President, Borough of Queens, at, per hour	\$0 25
Apr. 24.	1 Laborer to Docks and Ferries, at, per hour	28½
Apr. 26.	1 Cleaner to Docks and Ferries, at, per hour	25
June 1.	1 Rodman to President, Borough of Manhattan, at, per year	1,050 00
June 2.	1 Bridge Tender to President, Borough of Queens, at, per year	766 50
June 8.	1 Laborer to Water Department, Brooklyn, at, per hour	28½
June 26.	1 Laborer to President, Borough of Queens, at, per hour	28½

Discharged.

June 16.	1 Painter, at, per hour	\$0 50
----------	-------------------------	--------

Resignations.

May 7.	1 Topographical Draughtsman, at, per year	\$1,800 00
May 7.	1 Transitman, at, per year	1,500 00

Deaths.

May 16.	1 Painter, at, per hour	\$0 50
May 23.	2 Painters, at, per hour	50
June 6.	1 Bridge Tender, at, per year	766 50
June 25.	1 Bridge Tender, at, per year	766 50

Decreases.

June 1.	1 Bridge Keeper, at \$1,095 per year, to Messenger, at, per year..	\$1,050 00
---------	--------------------------------------------------------------------	------------

BRIDGES OVER THE EAST RIVER.

No. 1—Brooklyn Bridge.

During the quarter the train and surface car service on the bridge was maintained free from serious or fatal accidents. Travel was interrupted twice by long delays—one on April 2, caused by a broken axle on a bridge motor car, which stopped travel on the bridge railway for two hours during the morning rush, and the other on May 9, caused by lack of electric power—the result of an accident in the B. R. T. power house—delayed travel on the bridge railway and surface cars for about one hour in the evening rush.

The regular summer service of through trains from all elevated railway lines in Brooklyn was resumed early in June. This service has been continued through the busy hours of Saturday afternoons in place of the four-car bridge trains formerly used.

Beginning June 28, the train service during the busy hours of the morning and evening was materially increased by substituting fourteen five-car bridge trains and four five-car elevated railway trains in place of the eighteen four-car bridge trains formerly used for this service.

A new entrance to the subway in Park row has been constructed under the lower surface car loop terminal, Manhattan station, and opened to public service.

The number of surface car round trips for the quarter is shown in the following statement:

April	118,588
May	123,040
June	121,428
Total	363,056

An increase of 15,479 round trips over the corresponding quarter of 1905.
Vehicle Traffic.

	Single Horses.	Single Vehicles.	Double Vehicles.	Total.
April	1,898	60,065	38,354	100,317
May	2,851	62,600	40,257	105,717
June	1,447	59,830	38,292	99,569
Total	6,196	182,504	116,903	305,603

No. 2—Williamsburg Bridge.
Construction.

Added Trolley Slips—The construction of the added trolley slips at the Manhattan end of the Williamsburg Bridge, to provide additional platform space and slips for the Brooklyn trolley cars, has been practically completed. Some delay was occasioned by the slow delivery of the special track work, but to date all of this has been delivered with the exception of one double crossover to be located at the westerly end of the temporary terminal, and the terminal is now working to its full capacity, with the exception of the two stands awaiting the above mentioned crossover.

The replanking of the platform in the vicinity of the new work is being pushed with the greatest possible expedition.

Howe Monument on Brooklyn Plaza—Work was commenced on the foundations for the equestrian statue of George Washington, to be erected by Ex-Registrar Howe, on the Brooklyn plaza. It was expected that the statue would be unveiled on June 16, but owing to unavoidable delay in the delivery of the granite shaft for supporting the bronze figure, it is now doubtful if the ceremonies will take place previous to Labor Day.

Manhattan Subway Station—Photographs have been taken over the entire area to be disturbed for the construction of the Manhattan subway station, for which bids were opened on June 14.

Bridge Lighting Station Walls—In connection with the erection of a foundry building for the R. Hoe Company, adjacent to the lighting station, on the south side, arrangements have been made with the contractors, Messrs. List & Rose, for this work, looking to the protection of the foundations of the lighting station from disturbance and injury. They have received a Department Order covering the cost of said work, and their precautionary measures are being observed by this office.

Grand Street Extension—The demolition of the buildings in connection with the extension of Grand street, to the Brooklyn plaza, is in progress.

General—Plans and specifications have been prepared for additional footwalk for the trolley tracks, and for the construction and re-construction of sewers in South Fifth street, and in Driggs avenue, for the Brooklyn approach.

Plans are also well under way for the construction of a pipe line on each roadway, between masonry approaches of the bridge for high pressure fire service, with a pumping plant to be located in the bridge lighting station.

Maintenance.

Electric Lighting—The lights on the bridge and plaza have been satisfactorily carried by the lighting plant, since the last quarterly report. The trouble previously experienced with the condensers has been obviated, and with the exception of the extinguishing of the lights on the bridge on April 19, at 7.40 p. m., which was due to the grounding of the main feed cables at point No. 5, caused by the burning of a trolley car of the New York City Railway Company, the lighting has been continuous and uninterrupted during the hours when lights were required.

The installation of the breakdown service with the New York Edison Company is progressing, and the main feed cables in connection with this work are now in place. Additional lights have been provided on the footwalks, and also on the added trolley slips.

Painting—The present condition of the painting on the Williamsburg Bridge is as follows:

In addition to the contract coats, the Brooklyn approach, the end spans and the main and intermediate towers, have received one coat of structure color. The Manhattan approach is about 60 per cent. completed.

The cover plates on the top chord have been painted, and upon completion of the Manhattan approach the work of painting the main span will be taken up. Since the last quarterly report, satisfactory progress has been made on the Manhattan approach and also painting the interior metal work of the anchorages.

Railroads.

The New York City Railway Company—No additional lines have been run across the bridge within the last quarter, by this company.

Their yokes and tracks are being relined and resurfaced on the Brooklyn approach, between Bedford avenue and the plaza, by the New York City Railway Company. The company contemplates similar repairs on the Brooklyn plaza.

The Brooklyn Heights and Coney Island Railroad Company—The new platform at the New York terminal was put into operation on June 30, and was found to greatly facilitate the handling of the Saturday and Sunday crowd, nine stands being used for the following lines:

Hamburg avenue, Broadway, Franklin avenue, Ralph avenue, Nostrand avenue, Bushwick avenue, Bridge local, Reid avenue, Grand street, Sumner avenue, Tompkins avenue.

The railing along the inside of the tracks is now complete, and drawings and specifications have been prepared for additional flooring over the exposed portion of the structure:

Cables—The work of tightening cable bands was commenced about the 1st of May, and has been progressing satisfactorily. This work is now completed as follows:

- Cable No. 1, from Brooklyn tower to center of span.
- Cable No. 2, from Brooklyn tower to center of span.
- Cable No. 3, from Brooklyn tower to panel point No. 63, Brooklyn side.

Holes are being drilled on the under side of the cable covers at each band, in order to provide for drainage of any condensed moisture which may collect within the covers. This work is being prosecuted in conjunction with the tightening of the bolts in the cable bands.

Main Span Blocking—As mentioned in the last quarterly report, blocking was placed between the main span platform and the Brooklyn anchorage, and by utilizing the rise in temperature, the position of the platform was corrected; upon the removal of this blocking, however, the span resumed its eccentric position and further attempts to rectify this irregularity will be postponed until after the new rollers are substituted on the New York side when it is expected that the span will resume its normal position.

Inspection—A careful and comprehensive inspection of the entire bridge is being carried on from day to day, and has been found to yield excellent results in the matter of maintaining the structure in a good working condition.

No. 3—Manhattan Bridge.

Office Work.

At the beginning of this quarter about a week's work remained to complete the revision of plans for the proposed Manhattan subway terminal station, Williamsburg Bridge, providing for future change to through traffic connection with rapid transit subway. But before the expiration of that time it was decided to extend the station another block to Essex street, and the revision of plans for this extension occupied the attention of office force until the 28th of April, when it was completed. About one week thereafter was consumed in the general review of plans and the preparation of general sewer plan, covering changes in sewers affected by the construction of the subway station. During the remainder of this quarter the office force, consisting of Messrs. Carman, Hawley, Perry and Vroman, has been engaged on the preliminary studies, the computation and preparation of detail plans of the approaches of Manhattan Bridge. This work is well under way.

Field Work.

Brooklyn Side—On the anchorage contract work has been continued, laying the various classes of masonry and backfilling around the anchorage.

At the beginning of this quarter there had been laid about 43,700 cubic yards of cyclopean masonry and No. 1 concrete and about 1,830 cubic yards of granite face masonry. At this date there have been laid 50,155 cubic yards of cyclopean masonry and No. 1 concrete, 106 cubic yards of substitute arch facing concrete and 3,340 cubic yards of granite face masonry. Some delay in setting granite face masonry during the quarter has occurred through the slowness and disorder in delivery of cut granite. The progress of work has been delayed on account of absence of anchor chains, girders, etc. The total settlement of anchorage since the records were begun, when the masonry had reached about the street level, is slightly more than three-eighths of an inch, practically uniform over the whole area. The backfilling to grade is nearly completed around the anchorage. The contract is now about 48 per cent. completed.

Manhattan Side—On the anchorage contract work has continued on the excavation, driving bearing piles and laying various classes of masonry.

The bearing pile driving was completed April 27 and the excavation for foundation was entirely completed at the close of May. The driving of bearing piles was delayed on account of poor quality of piles delivered and failure of parts of pile machines. The excavation and concreting of the westerly half of the middle section was much delayed by contractor's failure to remove, when he should, the pile of cyclopean masonry stone stored there. At the beginning of this quarter there had been laid about 9,160 cubic yards of cyclopean masonry and No. 1 concrete and 144 cubic yards of granite face masonry. At this date there have been laid 21,870 cubic yards of cyclopean masonry and No. 1 concrete and 421 cubic yards of granite face masonry. The granite face masonry work has progressed very slowly on account of lack of available place to lay stone. The work on this anchorage has been considerably delayed on account of failure of contractors to keep concrete material supplies on hand as needed and the unsatisfactory manner in which the work has been managed. The contract is now about 35 per cent. completed.

No. 4—Blackwell's Island Bridge.

Steel Superstructure.

Drawings—During the quarter the contractor for the steel superstructure has submitted about 150 drawings. These drawings have been checked, 94 have been duly approved and 9 have received preliminary approval.

Strain Sheets—The strain sheets have been checked and all except two have been approved; these two are held on account of possible changes in the arrangement of the material of members over the Manhattan and Queens anchor piers.

A satisfactory detail has been submitted of the anchorage at the Manhattan end of bridge; the anchorage in Queens will be of similar construction.

In the original design the lower floor was proportioned to carry a roadway and four trolley tracks, the two outer tracks being designed for conduit trolleys and the two inner tracks for overhead trolleys. Changes were made which called for two conduit trolleys on the north side of bridge and two overhead trolleys on the south side. Later it was decided to reinforce the inner trolley track stringers of both tracks so they will safely carry subway trains. In view of the uncertainty as to what kind of traffic the lower tracks may carry, it is deemed advisable to reinforce also the outer trolley stringers and floor-beam brackets for subway trains, and to leave the roadway, curb stringers, rail guards and grating as in the original design.

Manufacture—A total of 42,200 tons of material has been inspected and accepted at the mills. This is about 80 per cent. of the total material required for the superstructure of the main bridge.

The progress in shop work has been satisfactory; 14,533 tons of finished material was delivered at bridge site, and a large amount remains in the storage yards at Steelton and Pottstown, Pa.

Erection—The progress in erection has been slow. Owing to a strike of the bridge men no work was done this year before May 15. Since that date 1,130 tons of steel have been erected; 6,120 tons of structural steel and 480 tons of steel castings of the island span have been erected to date. All the lower floor, except the buckle plates, upper floor beams and track stringers, castings on Piers 2 and 3, pier members, lower chords and web members to the intersecting point have been erected. Two travelers will now be employed to complete the erection of the island span and its cantilevers. One of these travelers is ready to start, the other one is about 30 per cent. complete, and is expected to begin operations before the end of July.

A considerable amount of jacking will have to be done to bring the trusses into correct camber line and before the upper chords can be assembled. The contractor is doing this work now.

The first coat of paint on some of the material, which has been lying on the island for a long time, is in a very bad condition. The contractor is repainting the rusted places in the members and touching up minor defects and abrasions.

Masonry.

Anchor Piers—Work on the anchor piers is progressing very slowly. The last stone of the granite masonry was set on April 28. The contractor is laying the enameled brick of the well lining with a small force of men. The Manhattan and Queens anchor piers are about 95 per cent. complete.

Piers—Granite for the attics of Piers 1, 2, 3 and 4 has been delivered, and about 500 cubic yards of this has been cut. Laying masonry of the attics cannot be started until after the cantilever arms have been erected.

Elevator Towers—Owing to a probable change in the design, work on the elevator shafts of Piers 2 and 3 and the power houses on Blackwell's Island has not been started.

Approaches.

Queens Approach—General and detail drawings for the steel viaduct approach in Queens and the masonry foundations for the same are about 90 per cent. complete. Very little work has been done on the design of the masonry approach.

Manhattan Approach—A number of sketches have been made of the masonry approach in Manhattan. The design is being worked out with the assistance of the consulting architect.

BRIDGES OVER THE HARTLEM RIVER AND IN THE BOROUGH OF MANHATTAN.

Maintenance.

No. 1. Willis Avenue Bridge—New window frames and sashes have been put in the Bridge Tenders' houses because the original ones were curved and very expensive to repair.

One cylinder from the turning engine has been overhauled and trued up at the Brooklyn Bridge shop. The side of the engine room opposite the ends of the boilers has been set back about three feet to give proper access to the boilers for cleaning.

No. 3. Third Avenue Bridge—The work of repainting the structure was begun in the early part of October, 1905, and was completed in April of this year. The structure was thoroughly cleaned and given one coat of paint, except the upper part of the draw span exposed to the weather, and those parts which in cleaning had been scraped bare, to which two coats were applied.

On the ends of the draw span at the inside edge of apron seats, steel ribs have been secured against which the asphalt pavement will finish, and will not, as heretofore, be crowded under the aprons.

During April, when a strike among the anthracite coal miners seemed probable, a coal bin was built under the north approach to Third Avenue Bridge and about 700 tons of coal stored in it, from which a supply could be drawn in case of necessity.

No. 4. Madison Avenue Bridge—No work has been done at this bridge except the usual replanking of the roadway.

No. 5. One Hundred and Forty-fifth Street Bridge—A line of lead pipe has been laid from the water main near River avenue to The Bronx abutment, and connected with the service pipes of the bridge, which furnishes a satisfactory supply of water. A metre has been put in the service.

No. 6. Macomb's Dam Bridge—The lifting aprons between draw span and approaches have never given satisfaction as they were lifted by hand and delayed the operation of the bridge; in addition to this the apron and lifting machinery on the Manhattan end had got in bad condition and could not be repaired without opening the draw and stopping travel for several days. It was, therefore, decided to take out the lifting aprons with their machinery and put in new ones, fixed to the approaches. This has been done on the Manhattan side and work begun on The Bronx side. There is now less delay at each opening of the draw and the completed apron is firm and smooth under travel.

No. 7. New York and Putnam—The truss span over tracks of the New York Central and Hudson River Railroad has been made safe by erecting two A frames over it from which the span is suspended.

No. 8. Washington—No painting has been done on this bridge, except on the balustrades and cornice, since 1897, and parts of this structure, particularly the buckle plates, require immediate attention. Therefore, when work on Third Avenue Bridge was finished in the latter part of April the whole painting force was put on Washington Bridge, and has been employed there constantly since then. The feet of the posts, where they rest on the steel arches, from pockets in which dirt and moisture collect and corrosion begins. These pockets are being filled with concrete as they can be reached from the scaffolding.

The average number of draw openings per day during the quarter have been as follows:

No. 1—Willis avenue	18.79
No. 3—Third avenue	12.60
No. 4—Madison avenue	7.62
No. 5—One Hundred and Forty-fifth street.....	4.78
No. 6—Macomb's Dam	3.34
No. 10—Ship Canal	7.52

The annual contract for supplying hardware was executed May 1, 1906, W. E. Burke, Contractor. The annual contract for asphalt repairs has been awarded to the Uvalde Asphalt Paving Company, but has not yet been executed.

Construction.

No. 1. Willis Avenue—As noted in the last quarterly report the Southern Boulevard approach has been completed. The estimated cost was \$116,748. The actual cost under the contract was \$108,341.06.

No. 4. Madison Avenue—Bids for construction of the temporary bridge were opened May 24, 1906. Five bids were presented, of which that of Lawler Bros. Construction Company was the lowest, at \$66,399. The contract has been awarded but is not yet executed.

No. 9. University Heights—Work has been pushed with considerable vigor during this quarter. The Manhattan abutment and rest pier having been completed, the old draw span from ship canal was moved to the new pivot pier June 14, 1906. An account of the operation in detail has been given in the weekly report covering that date. The westerly approach span was also moved to the new site.

No. 10. Ship Canal—The old draw span was moved to University Heights June 14, and the new span which had been built on false work at the foot of Two Hundred and Eighteenth street, was moved into position June 16, and has been successfully operated since then, though the bridge is not yet complete in all its details.

Henry Hudson Memorial—In addition to the sum of \$1,000,000 appropriated in the early part of this year an additional appropriation of \$2,000,000 was made by the Board of Estimate and Apportionment, June 8, 1906, by the Board of Aldermen, July 10, 1906, and signed by the Acting Mayor, July 19, 1906.

Elaborate plans for a bridge with masonry approaches and a great steel arch span over the river have been prepared by Messrs. Boller and Hodge, consulting engineers, acting in collaboration with Walker and Morris, architects. These plans have been presented to the Art Commission, and if they are promptly approved the bridge can be put under contract early this fall and completed in time for the Hudson Tri-Centennial celebration.

A contract for diamond drill borings is now in course of preparation to determine the character of the river bed at the bridge site.

BRIDGES IN THE BOROUGH OF THE BRONX.

Maintenance and Repairs.

No. 1. One Hundred and Thirty-fifth Street Bridge Over Mott Haven Canal—The upper course of planking or wearing surface of the roadway was renewed. No other repairs of consequence were made.

No. 2. Westchester Avenue Bridge—Small repairs were made to the machinery and its supports, and the system of supplying current to the motor was changed from a loosely swinging cable to a fixed wire and trolley on the face of the back wall of the east abutment.

In accordance with a permit granted by the Commissioner of Bridges the Union Railway Company began to operate its cars across this structure on May 19; the company also relaid part of the wearing surface of the bridge roadway.

No. 2T. Westchester Avenue Temporary Bridge—The old draw span was not removed or disturbed. It is projected to leave it in its present position until money is appropriated for the construction of a new bridge at Eastchester, to which location it can be shifted and used as a temporary crossing during the construction of the permanent structure.

No. 3. Unionport Bridge—Small repairs were made to the timber deck and to the hand railing. Part of the south end of the pile fender, that had been damaged in a collision with a passing tow, was rebuilt.

No. 4T. Pelham Temporary Bridge—The timber sidewalk along the north causeway approach and part of the deck of the bridge were strengthened and renewed. Two broken wheels under the draw span were replaced. Further repairs are about to be made.

No. 5. City Island Bridge—The roadway of the approaches was resurfaced, but the bridge required no repairs of importance.

No. 6. Eastchester Bridge—This bridge was struck twice by passing tows and damaged, one of the posts over the drum being buckled and one of the floor beams being partly torn from the hangers. Repairs were made at once. On account of the narrow waterway, the crooked channel and the increasing width of vessels lately passing the bridge, these collisions were unavoidable. No pile protection can be built without impeding traffic on the stream. The entire deck of this bridge, including the timber stringers, was renewed during the quarter.

General—The following table shows the number of draw openings and of vessels passing the bridges in the Borough of The Bronx during the quarter:

Bridge.	Openings.	Vessels.
One Hundred and Thirty-fifth Street Bridge over Mott Haven Canal.	344	441
Westchester Avenue Bridge over Bronx river.	202	459
Unionport Bridge over Westchester creek.	475	914
Pelham Bridge over Eastchester Bay.	223	432
City Island Bridge over Pelham Bay Narrows.	171	133
Eastchester Bridge over Hutchinson river.	164	305

Bridges Projected or Under Construction.

No. 4. Pelham Bridge—The contract for the foundations, piers and abutments of Pelham Bridge was practically completed at the beginning of the quarter, the principal operations since April 1 being the pointing of part of the masonry, and the removal of the upper sections of the cofferdams and the dismantling of plant.

The contract for finishing the bridge and its approaches will be let early in the coming quarter.

No. 3. Unionport Bridge—No work was done on the project of a new bridge at this crossing, except the preparation of estimates of the probable cost of such a structure. The approaching completion of Tremont avenue, a new diagonal thoroughfare across the borough and intersecting Eastern Boulevard near the creek, will bring increased traffic to this section, and render advisable the building of an adequate modern bridge in place of the present antiquated structure. Surveys and studies have been made for this work, and plans and specifications will be made as soon as money is appropriated.

No. 6. Eastchester Bridge—The project of a new bridge at the crossing of the Boston post road and Hutchinson river has been approved by the Board of Estimate and Apportionment, but the ordinance granting the necessary funds has not yet been passed by the Board of Aldermen. In the meantime, surveys have been made of the bridge site and vicinity, and as soon as money is available borings and plans will be begun. As noted above, the Westchester avenue temporary bridge can be used at the crossing while the permanent structure is being built.

BRIDGES OVER NEWTOWN CREEK AND IN THE BOROUGH OF QUEENS.

Bridges Over Newtown Creek.

No. 1. Vernon Avenue Bridge—The work of preparing final estimate for construction of this bridge under way. The contractor has presented claims for extra work, which have been investigated, and it is expected that a final settlement will be made shortly.

The traffic over this bridge is quite heavy, and I believe it to be increasing steadily. The asphalt roadway of the north viaduct has been renewed at places at our expense, as there is no guarantee clause for its maintenance. This pavement will be a continued source of expense, and the repaving of this viaduct with wood blocks cannot be too strongly recommended.

The New York and New Jersey Telephone Company has been granted permission to lay ducts under the timber grillage of the sea walls to carry its submarine cables across Newtown creek, for which the company pays the city an annual rental of \$200. The ducts have been laid at south sea wall, and work at north sea wall has commenced, but not as yet completed.

Plans and specifications for a stairway at Flushing street have been prepared, and bids are called for to be opened on July 12, 1906. The abutting property owner (Long Island Railroad Company) has given its consent to the erection of this stairway.

The mechanical force of carpenters and ironworkers has been employed in making improvements at this structure. Among the more important of which may be mentioned the erection of a two-inch water pipe along the north viaduct, to be used in flushing the asphalt roadway.

The only interruption to traffic over this structure occurred on June 20, when the armatures on one of the solenoid brakes of Brooklyn leaf burned out, with the leaf in the open position delaying land traffic from 10 to 10.55 a. m.

The paving of Manhattan avenue under the south viaduct near the bulkhead, about 1,500 square yards, will be contracted for during the present summer.

The cars of the Brooklyn Heights Railroad Company commenced running over this structure on Sunday, June 10, at 6 a. m., and have continued uninterruptedly to present time.

No. 2. Greenpoint Avenue Bridge—Main operating pinion broken has been replaced. The machinery has been adjusted and placed in good condition, and we await the arrival of steel gears and clutches to replace slightly damaged ones. The end wedges have been improved in operation by the placing of "stops" to control the travel of connecting rod. New water pipe has been laid along Greenpoint avenue to supply shelter house. This structure is in good condition.

No. 3. Meeker Avenue Bridge—Additional bolting to support motor has proved satisfactory and this bridge has required no repairs without the exception of bolting of armor plate at northwest corner centre pier fender.

No. 4. Grand Street Bridge—The clutch operating end wedges has been replaced. Stops to control end wedges have been placed in position and the machinery has been adjusted and overhauled generally. New wood covers for bottom chord of draw span have been made and placed in position.

No. 5. Metropolitan Avenue Bridge—No work required during quarter.

As recommended in report for quarter ending March 31, 1906, plans have been prepared for the widening of this structure to full width of avenue, i. e., from 29 feet 6 inches to 66 feet. The sum of \$10,000 has been requested (May 4, 1906) for this work.

Bridges in Borough of Queens.

No. 6. Borden Avenue Bridge—This bridge is in very bad condition and the new structure, for which bids were received on May 24, 1906, is sorely needed.

The contract for the construction of the new bridge was awarded to the Degnon Contracting Company, whose bid of \$156,221.50 was the lowest of six received.

The work on this contract was commenced on June 28 by the driving of piles for draw-span pier and east approach of the temporary bridge. The names of commissioners to acquire land for permanent bridge were announced on June 8.

No. 7. Flushing Bridge Construction—Considerable progress has been made during the past quarter on this contract.

The west rest pier has been completed with the exception of some pointing, which the cofferdam prevented doing.

The erection of steel was commenced on April 24, on which date the north girders of east fixed span were placed in position. This work has advanced uninterruptedly and to date. The east fixed span has been completed with the exception of the riveting of about one-half of the buckle plate floor and the aprons at end of span. The draw-span has been completely riveted and has received its first field coat of paint, as has also the east fixed span. About 30 per cent. of the counterweight is in place, and the erection of machinery was commenced May 31. The machinery, including motor on west leaf, is in place, and that of east leaf about 50 per cent. completed.

The shelter houses on east rest pier have been commenced, and good progress has been made. The contractor has made arrangements for the operating of the draw-span by temporary control as the operators' house will not be completed at the time the draw-span will be ready for operation.

The creosoted timber and hand railing have been delivered and the work of erection will be commenced early in July.

The reinforcement of the west abutment has been completed and the north wing wall repaired. Considerable earth-fill has been placed back of abutment from scow and also hauled by carts, and to date about two-thirds of fill is in place.

At the present rate of progress this bridge should be opened for traffic early in September.

No. 8. Strong's Causeway Bridge—Brooklyn Heights Railroad Company continued work of replacing flat rails on both approaches by 9-inch girder rail on west approach and 5-inch tee rail on east approach. This work is still in progress and when completed will afford better grades on both approaches.

No. 9. Little Neck Bridge—No work done during quarter. A new bridge is required at this point.

BRIDGES IN THE BOROUGH OF BROOKLYN AND RICHMOND.

Borough of Brooklyn.

Hamilton Avenue Bridge—The concrete operators' houses at this bridge were completed in June, after much delay, due to difficulty in getting men of the different trades to perform the small amounts of work of the various classes, and are now occupied by the force on the bridge. These houses made it possible to operate the bridge with one less man than was required when the operating controllers and switch-board were below the street level.

The machinery of this bridge is running very smoothly. The bridge is so evenly balanced that it can be moved either up or down by hand power applied on the brake wheel.

Since construction the foundation walls of this bridge have developed some rather serious cracks, occurring on both sides of the canal, and there has been a movement of the walls towards the centre of the canal. During the last three months this movement has amounted to half an inch. Previously the movement totaled about three and one-half inches. From October to March there was practically no movement. A continuation of this movement for several inches more will result in the necessity of alterations in the centre of the leaves, as they will interfere before the bridge can be fully closed. This movement is doubtless caused by the sliding of the mud bottom of the canal. The walls are built on platforms supported on piles, only the rest piers being carried to a depth below the river bottom. I would recommend that a concrete apron two feet thick be laid across the canal bottom between the abutments to act as a compression member in case there is a tendency to further movement of considerable extent.

Ninth Street Bridge—This bridge has been painted and is operating satisfactorily. A toilet and wash-basin have been installed in the operators' house, doing away with the excuse for going to the corner saloon.

Third Street Bridge—This bridge has been painted and is operating well. A toilet and wash-basin were installed here also. The roadways at the side approaches to the property adjoining the bridge were originally paved with old Belgian blocks on two roads and old granite on the other two. A new granite block pavement on concrete would greatly improve the condition and appearance of the approaches and property adjoining them. I would recommend that this pavement be laid.

Carroll Street Bridge—This bridge has been painted. A new deck is needed here very soon, and I would recommend that next year a wood block pavement be laid on this bridge. This bridge is operated by an engine run by steam. It would be greatly improved by the installation of a motor and electric power. This was planned some time ago, but was not carried out owing to the difficulty in getting power to the bridge. The Edison Company are now laying conduits a block away on Bond street and power could doubtless be obtained much more cheaply than formerly. This matter will be looked up and reported upon later in the year.

The bulkhead at this bridge is in need of extensive repairs, but the funds available for this year make such repairs rather difficult at present. It will easily stand until next year, but should certainly be repaired then.

Union Street Bridge—This bridge has been painted and is operating satisfactorily. A storehouse has been built under the platform in front of the operators' house, and as soon as the roadway of the street is put in shape after the excavating now going on in it short lengths of concrete walk will be laid next the bridge to improve the general appearance of it. The present walks are of dirt, and rather unsightly. The roadway of the street to the west of the bridge is to be widened five feet to equal the width of the bridge roadway.

Washington Avenue Bridge—This bridge has been painted. The floor system of this bridge is being greatly overloaded by the heavy traffic and cars sent over it. A new floor system has been designed and will be put in if funds for it can be obtained. At present all heavy ash cars are being sent round by way of Flushing and Kent avenues. Repairs are also needed on the bulkheads and masonry. These can hold over until next year, when it is hoped more money will be available for repairs to the bridges in this borough.

Metropolitan Avenue Bridge—This bridge has been painted and is operating well except for the necessity of adjustment on the turntable to allow for expansion during hot weather.

As reported before, there is great need of a new bridge at this location. Traffic is increasing all the time, and the floor system is overloaded here, as at Washington Avenue Bridge. The floor is at present reinforced with wooden stringers next to the steel ones, and wherever the planking shows signs of weakness.

Harway Avenue Bridge—This bridge is operating well and has given no trouble.

Third Avenue Bridge—This bridge has been painted and a new asphalt roadway surface put on. The old surface has been patched so often it was judged advisable to put on a complete new surface.

Borough of Richmond.

Lemon Creek Bridge—No repairs have been made at this bridge. Plans for a new bridge are being drawn.

Fresh Kills Bridge—The turntable and tie rods between the cast iron piles require renewing. Plans for this work are prepared and work will be commenced as soon as prices can be obtained.

The number of bridge openings for the quarter are as follows:

Borough of Brooklyn.

Bridge.	Total Openings.	Daily Average.	Total Vessels Opened For.	Daily Average.
Hamilton avenue.	1,393	18	6,728	87
Ninth street.	2,597	34	5,879	76

Respectfully submitted,

BIRD S. COLER, President, Borough of Brooklyn.

DEPARTMENT OF HEALTH.

New York, August 8, 1906.

The Board met pursuant to adjournment.

Present—Commissioners Thomas Darlington, M. D., President; Alvah H. Doty, M. D., Health Officer of the Port; Arthur J. O'Keeffe, Second Deputy Police Commissioner, for the Police Commissioner.

The minutes of the last meeting were read and approved.

The Finance Committee presented the following bills, which were approved and ordered forwarded to the Comptroller for payment:

Martin J. & Thomas F. White	\$2,900 00
McKeever Company	2,340 00
Eugene W. Scheffer, Secretary	350 00
James McArthur	1,785 00
George Vause	15 80

George Deyo, Agent and Warden	17 55
American Ice Company	14 02
Inland Stamp Works	96
American Ice Company	26 75

General—The following table shows the number of draw openings and of vessels passing the bridges in the Borough of The Bronx during the quarter:

Bridge.	Openings.	Vessels.
One Hundred and Thirty-fifth Street Bridge over Mott Haven Canal.	344	441
Westchester Avenue Bridge over Bronx river.	202	459
Unionport Bridge over Westchester creek.	475	914
Pelham Bridge over Eastchester Bay.	223	432
City Island Bridge over Pelham Bay Narrows.	171	133
Eastchester Bridge over Hutchinson river.	164	305

Bridges Projected or Under Construction.

No. 4. Pelham Bridge—The contract for the foundations, piers and abutments of Pelham Bridge was practically completed at the beginning of the quarter, the principal operations since April 1 being the pointing of part of the masonry, and the removal of the upper sections of the cofferdams and the dismantling of plant.

The contract for finishing the bridge and its approaches will be let early in the coming quarter.

No. 3. Unionport Bridge—No work was done on the project of a new bridge at this crossing, except the preparation of estimates of the probable cost of such a structure. The approaching completion of Tremont avenue, a new diagonal thoroughfare across the borough and intersecting Eastern Boulevard near the creek, will bring increased traffic to this section, and render advisable the building of an adequate modern bridge in place of the present antiquated structure. Surveys and studies have been made for this work, and plans and specifications will be made as soon as money is appropriated.

No. 6. Eastchester Bridge—The project of a new bridge at the crossing of the Boston post road and Hutchinson river has been approved by the Board of Estimate and Apportionment, but the ordinance granting the necessary funds has not yet been passed by the Board of Aldermen. In the meantime, surveys have been made of the bridge site and vicinity, and as soon as money is available borings and plans will be begun. As noted above, the Westchester avenue temporary bridge can be used at the crossing while the permanent structure is being built.

BRIDGES OVER NEWTOWN CREEK AND IN THE BOROUGH OF QUEENS.

Bridges Over Newtown Creek.

No. 1. Vernon Avenue Bridge—The work of preparing final estimate for construction of this bridge under way. The contractor has presented claims for extra work, which have been investigated, and it is expected that a final settlement will be made shortly.

The traffic over this bridge is quite heavy, and I believe it to be increasing steadily. The asphalt roadway of the north viaduct has been renewed at places at our expense, as there is no guarantee clause for its maintenance. This pavement will be a continued source of expense, and the repaving of this viaduct with wood blocks cannot be too strongly recommended.

The New York and New Jersey Telephone Company has been granted permission to lay ducts under the timber grillage of the sea walls to carry its submarine cables across Newtown creek, for which the company pays the city an annual rental of \$200. The ducts have been laid at south sea wall, and work at north sea wall has commenced, but not as yet completed.

Plans and specifications for a stairway at Flushing street have been prepared, and bids are called for to be opened on July 12, 1906. The abutting property owner (Long Island Railroad Company) has given its consent to the erection of this stairway.

The mechanical force of carpenters and ironworkers has been employed in making improvements at this structure. Among the more important of which may be mentioned the erection of a two-inch water pipe along the north viaduct, to be used in flushing the asphalt roadway.

The only interruption to traffic over this structure occurred on June 20, when the armatures on one of the solenoid brakes of Brooklyn leaf burned out, with the leaf in the open position delaying land traffic from 10 to 10.55 a. m.

The paving of Manhattan avenue under the south viaduct near the bulkhead, about 1,500 square yards, will be contracted for during the present summer.

The cars of the Brooklyn Heights Railroad Company commenced running over this structure on Sunday, June 10, at 6 a. m., and have continued uninterruptedly to present time.

No. 2. Greenpoint Avenue Bridge—Main operating pinion broken has been replaced. The machinery has been adjusted and placed in good condition, and we await the arrival of steel gears and clutches to replace slightly damaged ones. The end wedges have been improved in operation by the placing of "stops" to control the travel of connecting rod. New water pipe has been laid along Greenpoint avenue to supply shelter house. This structure is in good condition.

No. 3. Meeker Avenue Bridge—Additional bolting to support motor has proved satisfactory and this bridge has required no repairs without the exception of bolting of armor plate at northwest corner centre pier fender.

No. 4. Grand Street Bridge—The clutch operating end wedges has been replaced. Stops to control end wedges have been placed in position and the machinery has been adjusted and overhauled generally. New wood covers for bottom chord of draw span have been made and placed in position.

No. 5. Metropolitan Avenue Bridge—No work required during quarter.

As recommended in report for quarter ending March 31, 1906, plans have been prepared for the widening of this structure to full width of avenue, i. e., from 29 feet 6 inches to 66 feet. The sum of \$10,000 has been requested (May 4, 1906) for this work.

Bridges in Borough of Queens.

No. 6. Borden Avenue Bridge—This bridge is in very bad condition and the new structure, for which bids were received on May 24, 1906, is sorely needed.

The contract for the construction of the new bridge was awarded to the Degnon Contracting Company, whose bid of \$156,221.50 was the lowest of six received.

The work on this contract was commenced on June 28 by the driving of piles for draw-span pier and east approach of the temporary bridge. The names of commissioners to acquire land for permanent bridge were announced on June 8.

No. 7. Flushing Bridge Construction—Considerable progress has been made during the past quarter on this contract.

The west rest pier has been completed with the exception of some pointing, which the cofferdam prevented doing.

The erection of steel was commenced on April 24, on which date the north girders of east fixed span were placed in position. This work has advanced uninterruptedly and to date. The east fixed span has been completed with the exception of the riveting of about one-half of the buckle plate floor and the aprons at end of span. The draw-span has been completely riveted and has received its first field coat of paint, as has also the east fixed span. About 30 per cent. of the counterweight is in place, and the erection of machinery was commenced May 31. The machinery, including motor on west leaf, is in place, and that of east leaf about 50 per cent. completed.

The shelter houses on east rest pier have been commenced, and good progress has been made. The contractor has made arrangements for the operating of the draw-span by temporary control as the operators' house will not be completed at the time the draw-span will be ready for operation.

The creosoted timber and hand railing have been delivered and the work of erection will be commenced early in July.

The reinforcement of the west abutment has been completed and the north wing wall repaired. Considerable earth-fill has been placed back of abutment from scow and also hauled by carts, and to date about two-thirds of fill is in place.

At the present rate of progress this bridge should be opened for traffic early in September.

No. 8. Strong's Causeway Bridge—Brooklyn Heights Railroad Company continued work of replacing flat rails on both approaches by 9-inch girder rail on west approach and 5-inch tee rail on east approach. This work is still in progress and when completed will afford better grades on both approaches.

No. 9. Little Neck Bridge—No work done during quarter. A new bridge is required at this point.

BRIDGES IN THE BOROUGH OF BROOKLYN AND RICHMOND.

Borough of Brooklyn.

Hamilton Avenue Bridge—The concrete operators' houses at this bridge were completed in June, after much delay, due to difficulty in getting men of the different trades to perform the small amounts of work of the various classes, and are now occupied by the force on the bridge. These houses made it possible to operate the bridge with one less man than was required when the operating controllers and switch-board were below the street level.

The machinery of this bridge is running very smoothly. The bridge is so evenly balanced that it can be moved either up or down by hand power applied on the brake wheel.

Since construction the foundation walls of this bridge have developed some rather serious cracks, occurring on both sides of the canal, and there has been a movement of the walls towards the centre of the canal. During the last three months this movement has amounted to half an inch. Previously the movement totaled about three and one-half inches. From October to March there was practically no movement. A continuation of this movement for several inches more will result in the necessity of alterations in the centre of the leaves, as they will interfere before the bridge can be fully closed. This movement is doubtless caused by the sliding of the mud bottom of the canal. The walls are built on platforms supported on piles, only the rest piers being carried to a depth below the river bottom. I would recommend that a concrete apron two feet thick be laid across the canal bottom between the abutments to act as a compression member in case there is a tendency to further movement of considerable extent.

Ninth Street Bridge—This bridge has been painted and is operating satisfactorily. A toilet and wash-basin have been installed in the operators' house, doing away with the excuse for going to the corner saloon.

Third Street Bridge—This bridge has been painted and is operating well. A toilet and wash-basin were installed here also. The roadways at the side approaches to the property adjoining the bridge were originally paved with old Belgian blocks on two roads and old granite on the other two. A new granite block pavement on concrete would greatly improve the condition and appearance of the approaches and property adjoining them. I would recommend that this pavement be laid.

Carroll Street Bridge—This bridge has been painted. A new deck is needed here very soon, and I would recommend that next year a wood block pavement be laid on this bridge. This bridge is operated by an engine run by steam. It would be greatly improved by the installation of a motor and electric power. This was planned some time ago, but was not carried out owing to the difficulty in getting power to the bridge. The Edison Company are now laying conduits a block away on Bond street and power could doubtless be obtained much more cheaply than formerly. This matter will be looked up and reported upon later in the year.

The bulkhead at this bridge is in need of extensive repairs, but the funds available for this year make such repairs rather difficult at present. It will easily stand until next year, but should certainly be repaired then.

Union Street Bridge—This bridge has been painted and is operating satisfactorily. A storehouse has been built under the platform in front of the operators' house, and as soon as the roadway of the street is put in shape after the excavating now going on in it short lengths of concrete walk will be laid next the bridge to improve the general appearance of it. The present walks are of dirt, and rather unsightly. The roadway of the street to the west of the bridge is to be widened five feet to equal the width of the bridge roadway.

Washington Avenue Bridge—This bridge has been painted. The floor system of this bridge is being greatly overloaded by the heavy traffic and cars sent over it. A new floor system has been designed and will be put in if funds for it can be obtained. At present all heavy ash cars are being sent round by way of Flushing and Kent avenues. Repairs are also needed on the bulkheads and masonry. These can hold over until next year, when it is hoped more money will be available for repairs to the bridges in this borough.

Metropolitan Avenue Bridge—This bridge has been painted and is operating well except for the necessity of adjustment on the turntable to allow for expansion during hot weather.

As reported before, there is great need of a new bridge at this location. Traffic is increasing all the time, and the floor system is overloaded here, as at Washington Avenue Bridge. The floor is at present reinforced with wooden stringers next to the steel ones, and wherever the planking shows signs of weakness.

Harway Avenue Bridge—This bridge is operating well and has given no trouble.

Third Avenue Bridge—This bridge has been painted and a new asphalt roadway surface put on. The old surface has been patched so often it was judged advisable to put on a complete new surface.

Borough of Richmond.

Lemon Creek Bridge—No repairs have been made at this bridge. Plans for a new bridge are being drawn.

Fresh Kills Bridge—The turntable and tie rods between the cast iron piles require renewing. Plans for this work are prepared and work will be commenced as soon as prices can be obtained.

The number of bridge openings for the quarter are as follows:

Borough of Brooklyn.

Bridge.	Total Openings.	Daily Average.	Total Vessels Opened For.	Daily Average.

Sanitary Bureau.

The following communications were received from the Sanitary Superintendent:
First—Weekly reports of the Sanitary Superintendent. Ordered on file.

Second—Weekly reports from the Willard Parker, Reception, Riverside and Kingston Avenue hospitals. Ordered on file.

Third—Certificates in respect to the vacation of premises at No. 194 Broadway, First Ward, Borough of Richmond.

On motion, the following preamble and resolution were adopted:

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 194 Broadway, First Ward, in the Borough of Richmond, has become dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on lot No. 104 Broadway, First Ward, in the Borough of Richmond, be required to vacate said building on or before August 14, 1906, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, That this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Fourth—Report on compliance with certain orders to vacate premises, etc.

On motion, it was
Resolved, That the following orders be and are hereby rescinded, for the reason
that the causes for the same have been removed:

Vacations.

BOROUGH OF BROOKLYN.

No. 3115. Northeast corner of Dean and Smith streets (No. 131 Smith street).
2853. No. 487 Lorimer street.

BOROUGH OF QUEENS.

1298. East side Astoria road, about 500 feet north of Maurice avenue, Maspeth.
1326. No. 418 Green street, Evergreen.
1303. West side Astoria road, about 400 feet north of Maurice avenue, Maspeth.
291. Tompkins avenue, near Railroad, Glendale.
599. Cleremont avenue, near Hull avenue, Maspeth.
601. Old Brook School road, near Shell road, Laurel Hill.

BOROUGH OF RICHMOND.

1059. No. 25 Tyson street, First Ward.
1126. No. 36 Swan street, Second Ward.
1127. No. 38 Swan street, Second Ward.

Fifth—Certificates declaring premises at foot of Androvette avenue, Fifth Ward, Borough of Richmond, a public nuisance.

On motion, the following order was entered:

Whereas, The premises foot of Androvette avenue, Fifth Ward, Borough of Richmond, in The City of New York, and the business pursuit specified in this case

being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises in its present condition as a stable be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the floor so graded that all liquid matter shall be freely discharged therefrom; that sufficient windows and suitable roof ventilators be provided; that the walls and ceiling of the stable be sheathed with matched boards and painted; that a water-tight manure box with tight-fitting cover be constructed, and the milking be done in a proper and cleanly manner; that 600 cubic feet of air space be provided for each cow; that a properly lighted and ventilated milk house be provided a suitable distance from the stable.

Sixth—Reports on applications for permits.

On motion, it was

Resolved, That permits be and are hereby granted as follows:

BOROUGH OF MANHATTAN.

- No.
23194. Fishel Foskowitz, to keep a public bath at No. 23 Orchard street.
23195. Andrew W. Michel, to use smoke-house at No. 90 Ninth avenue.
23196. August Jakel, to use smoke-house at No. 1408 Second avenue.
23197. John Tafel, to use smoke-house (gas only) at No. 1887 Third avenue.
23198. Charles Vlasak, to use smoke-house (gas only) at No. 320 East Fifty-fourth street.
23199. Frank Terc, to use smoke-house at No. 326 East Seventy-first street.

BOROUGH OF THE BRONX.

23200. Mrs. P. Wagner, to board 1 child at No. 60 Olenville avenue, Williamsbridge.
23201. Angelina Butrico, to board 1 child at No. 1312 Stebbins avenue.
23202. Cassie Bannigan, to board 1 child at No. 771 East One Hundred and Fiftieth street.
23203. Fred Decker, to keep 6 chickens at No. 2871 Briggs avenue.
23204. Peter Daly, to keep 10 chickens at No. 690 East One Hundred and Sixtieth street.
23205. Anna H. Keiser, to keep 12 chickens at No. 2869 Briggs avenue.
23206. Margaret Bolster, to keep 12 chickens at No. 10 Ritter place.
23207. Emma A. Daub, to keep 20 chickens at No. 2867 Briggs avenue.
23208. Mrs. Callahan, to keep 25 chickens at No. 2498 Valentine avenue.
23209. William Burke, to keep 25 chickens at Two Hundred and Twenty-eighth street, 200 feet west of White Plains avenue.
23210. Henry Rehling, to keep 50 pigs at east side of Ferris lane, near Eastern Boulevard.

BOROUGH OF BROOKLYN.

23211. Henry Bertram, to keep birds and small animals for sale at No. 5917 Third avenue.
23212. Gartana Albana, to board 1 child at No. 9 Havens place.
23213. Julia Ambrose, to board 1 child at No. 112 Liberty avenue.
23214. Mrs. Lizzie Adami, to board 2 children at No. 208 Melrose street.
23215. Bridget Gilligan, to keep 1 goat at No. 621 Knickerbocker avenue.

 Margaret Coughter, July 30 to August 6, 1906.
 Catherine Britton, July 30 to August 5, 1906.
 Alice G. Mann, July 19 to July 31, 1906.
 Sydney Davis, August 20 to September 3, 1906.
 A. D. Mayer, August 13 to September 3, 1906.

BOROUGH OF THE BRONX.

Pauline Morris, August 1, 1906.
 A. Michallis, M. D., August 2, 1906.

BOROUGH OF BROOKLYN.

Jessie S. Edwards, M. D., July 30 to July 31, 1906.
 Mrs. Anna Spencer, July 17 to July 30, 1906.
 Herman E. Street, M. D., July 17 to July 30, 1906.

The budget of the Department of Health showing the amount of money required for the conduct of said Department for the year 1907, was submitted and approved, and the Secretary was directed to forward same to the Board of Estimate and Apportionment for consideration.

A communication was received from the office of his Honor the Mayor, calling attention to the non-observance of the provisions of chapter 454 of the Laws of 1902 relating to the preference in employment of persons upon public works, and the Secretary was directed to cause the provisions of said chapter to be observed.

A communication from the Chief Engineer of Lighting and Power of the Bureau of Lamps and Gas (Public Buildings), relative to the highway lighting of North Brother Island, was received and referred to the Acting General Medical Officer.

The Finance Committee presented vouchers for the expenditure of one hundred and fifty dollars (\$150) received from the office of the Comptroller on June 15, 1906 (series No. 29, check No. 26,034), pursuant to the resolution of the Board of Aldermen, adopted July 1, 1902, and approved by the Mayor, July 15, 1902. The same were approved and the Secretary was directed to forward them to the Comptroller.

On motion, it was

Resolved, That the Secretary be and is hereby directed to make requisition No. 30 upon the Comptroller for the sum of one hundred and fifty dollars (\$150) Revenue Bond Fund, May 11, 1906, Supplies and Contingencies (Queens), for the purpose of defraying any minor or incidental expenses contingent to the Department of Health, pursuant to the resolution adopted by the Board of Aldermen, July 1, 1902, and approved by the Mayor, June 15, 1902.

Pursuant to notice in the CITY RECORD, bids or estimates for furnishing and delivering as required, and as set forth in the specifications, timber, lumber, moulding, trim, etc., to the sanatorium for the care and treatment of persons affected with tuberculosis from The City of New York, located at Otisville, Town of Mount Hope, Orange County, N. Y., for the year 1906, were opened by the President of the Board on August 7, 1906, pursuant to a resolution of the Board of Health, adopted November 21, 1904, authorizing the said President to open bids on behalf of the Board, tabulate the same and report thereon to the Board at the regular meeting next thereafter, and were submitted to the Board, as follows:

Gordon & Gould	\$8,239 28
Yellow Pine Company	9,048 69
Pat. Laughman	9,779 75
A. C. Jacobson & Sons	9,797 30
Kelly & Kelly	9,897 60
Dodge & Bliss Co.	10,589 25

On motion, it was

Resolved, That the contract for furnishing and delivering as required, and as set forth in the specifications, timber, lumber, moulding, trim, etc., to the sanatorium for the care and treatment of persons affected with tuberculosis from The City of New York, located at Otisville, Town of Mount Hope, Orange County, N. Y., for the year 1906, be and is hereby awarded to Gordon & Gould, for the sum of \$8,239.28, they being the lowest bidder, subject to the approval of sureties by the Comptroller, and the President be and is hereby authorized to execute the contract in the form approved by the Corporation Counsel.

On motion, it was

Resolved, That the bid or estimate of Gordon & Gould for furnishing and delivering as required and as set forth in the specifications, timber, lumber, moulding, trim, etc., to the sanatorium for the care and treatment of persons affected with tuberculosis from The City of New York, located at Otisville, Town of Mount Hope, Orange County, N. Y., for the year 1906, be and is hereby forwarded to the Comptroller for approval of the sureties thereon.

On motion, it was

Resolved, That the security deposits on bids or estimates for furnishing and delivering as required and as set forth in the specifications, timber, lumber, moulding, trim, etc., to the sanatorium for the care and treatment of persons affected with tuberculosis from The City of New York, located at Otisville, Town of Mount Hope, Orange County, N. Y., for the year 1906, opened by the President of the Board of Health

on August 7, 1906, pursuant to a resolution of the Board, adopted November 21, 1904, authorizing the said President to open bids on behalf of the Board of Health, be forwarded to the Comptroller, as follows:

Gordon & Gould, cash	\$220 00
Yellow Pine Co., check	250 00
Pat. Laughman, cash	250 00
A. C. Jacobson & Sons, check	250 00
Kelly & Kelly, check	250 00

A communication from the Burlee Dry Dock Company requesting final payment for the contract for the construction of the steamboat "Riverside" was taken from the table and after consideration the Secretary was directed to cause voucher for the balance due on said contract to be drawn and forwarded to the Comptroller for payment.

Report in respect to the trial trip of the new steamboat "Riverside," August 7, 1906, containing recommendations as to certain changes was received and referred to the Acting General Medical Officer.

Report in respect to the condition of the laundry machinery in the laundry of Riverside Hospital, North Brother Island, was received and ordered on file.

A communication from Welch, Smith & Provot, architects, relative to unnecessary delay on the part of the John Spence Company, contractors, in completing the work of alterations at the disinfecting building on the grounds of the Willard Parker Hospital, Borough of Manhattan, was received and referred to the Acting General Medical Officer.

A communication from the Taxpayers' and Rentpayers' Association of the Thirtieth and Thirty-first wards of the Borough of Brooklyn, relative to the drainage of swamps in Dycker Meadow Park and vicinity was received and referred to Commissioner Doty.

Report in respect to the enforcement of order No. 6042, issued against the premises on the northeast corner of Broadway and One Hundred and Forty-ninth street, Borough of Manhattan, was received from the Chief Clerk with the recommendation that said order be referred back to the Assistant Sanitary Superintendent of the Borough of Manhattan, for further inspection and the issuance of an order requiring the conditions described in said report to be remedied.

Report in respect to the enforcement of order No. 487 issued against the premises on the corner of Bay and Clinton streets, in the Second Ward of the Borough of Richmond, was received from the Chief Clerk with the recommendation that the resolution adopted by the Board, July 11, 1906, directing said Chief Clerk to execute a contract for work necessary to be done to abate the nuisance existing upon said premises and make the charges therefor a lien upon said property, be rescinded, and the order referred back to the Assistant Sanitary Superintendent in the Borough of Richmond for enforcement, and, on motion, it was

Resolved, That the resolution adopted by this Board at its meeting held July 11, 1906, directing the Chief Clerk to execute a contract for work necessary to be done to abate a nuisance existing on the premises on the corner of Bay and Clinton streets, in the Second Ward of the Borough of Richmond, specified in an order issued June 15, 1906, and make the charges therefor a lien upon said property, pursuant to section 1197 of the Greater New York Charter, be and the same is hereby rescinded.

Reports of the commencement of the preventive hydrophobia treatment by Harry Vogel, No. 1404 Clinton avenue, and Mrs. Case & Son, No. 103 West Fifty-eighth street, City of New York, were received, approved and ordered on file.

Report of the preventive hydrophobia treatment sent to Dr. E. Latonelle, Yonkers, N. Y., at a charge of \$25 was received, approved and ordered on file.

Report of the preventive hydrophobia treatment sent to Dr. Trowbridge, Philadelphia, Pa., for seven dogs, with the recommendation that the charge for same be fixed at \$50, was received, and, on motion, it was

Resolved, That the charge for the preventive hydrophobia treatment sent to Dr. Trowbridge, of Philadelphia, Pa., for seven dogs, be and is hereby fixed at the sum of \$50.

Report concerning the destruction by a Patrolman of an alleged rabid dog on the corner of Troy avenue and Bergen street, Borough of Brooklyn, was received and referred to the President.

Report of an examination of the premises and of tuberculous cows at Sailors' Snug Harbor, in the Borough of Richmond, was received and ordered on file.

The application of Charles Collins Company for the approval of plans and specifications for alterations to the poultry slaughter-house at Nos. 52 and 54 Jay street, Borough of Manhattan, was taken from the table, and, on recommendation of the Sanitary Superintendent, it was

Resolved, That the plans and specifications for alterations to the poultry slaughter-house at Nos. 52 and 54 Jay street, Borough of Manhattan, submitted by Charles Collins, be and the same are hereby approved.

Certain applications for certificates of employment were received, and the evidence submitted as to the age of the applicants being in accordance with the requirements of the law relating to the employment of women and children in mercantile and other establishments, as amended, it was

Resolved, That the Sanitary Superintendent be and is hereby directed to cause certificates of employment to be issued to the following-named applicants, the applications of whom are recorded as being in compliance with the requirements of the law relating to the employment of women and children in mercantile and other establishments:

William Gottlieb, Manhattan.

Elizabeth Koser, Brooklyn.

David Brandfon, Brooklyn.

On recommendation of the Corporation Counsel it was

Resolved, That the Registrar of Records be and is hereby directed to record the birth of the following-named persons in a special book kept for such purpose in the Bureau of Records of the Department of Health, pursuant to the provisions of section 1241, chapter 466, of the Laws of 1901:

Lillie Lang, born April 4, 1892.

Henry Lehnowitz, born September 17, 1890.

Henrietta Goldberg, born May 12, 1891.

Henry Evers, born December 30, 1891.

Moses Furman, born July 29, 1892.

David Cohen, born August 26, 1892.

Mollie Eisenbruch, born June 20, 1892.

Walter Joseph Crump, born September 25, 1891.

Frances Kempf, born September 22, 1895.

Florence Relay, born May 29, 1892.

Joseph Machey, born June 15, 1892.

Bertha Lebovitz, born April 18, 1891.

Lillian Block, born June 3, 1892.

Sarah Spinner, born July 20, 1891.

A communication from the Municipal Civil Service Commission stating that Rudolph Knoepfle, Jr., and Andrew E. O'Shea had successfully passed the promotion examination to the eighth grade Clerk was received, and, on motion, it was

Resolved, That Rudolph Knoepfle, Jr., of No. 1028 Second avenue, Borough of Manhattan, a sixth grade Clerk in the employ of this Department, assigned to duty in the Division of Contagious Diseases, Borough of Manhattan, be and is hereby promoted to the position of eighth grade Clerk, with salary at the rate of \$2,550 per annum, pursuant to the rules and classification of the Municipal Civil Service Commission, to take effect June 20, 1906.

On motion, it was

Resolved, That William L. Kennedy, a Junior Clerk in the employ of this Department, assigned to duty in the Division of Inspections, Borough of Brooklyn, be and is hereby promoted to the position of second grade Clerk, with salary at the rate of \$900 per annum, pursuant to the rules and classification of the Municipal Civil Service Commission, to take effect August 4, 1906.

On motion, it was

Resolved, That the salary of Robert Curran, a Laborer in the employ of this Department, assigned to duty in the Department Building, Borough of Manhattan,

be and is hereby fixed at the rate of \$900 per annum, pursuant to the rules and classification of the Municipal Civil Service Commission, to take effect August 1, 1906.

Applications for promotions and increases in salary were received and laid on the table.

Report relative to the absence without leave of Robert Metzger, a Disinfecter, assigned to duty in the Borough of Brooklyn, for a period exceeding five days, was received, and the Secretary was directed to refer the said report back to the Sanitary Superintendent for further investigation.

The application of Edith Abrams, a Nurse in the employ of this Department, assigned to duty in the Division of Communicable Diseases, Borough of The Bronx, for leave of absence without pay from September 5 to 12, 1906, inclusive, was received, and, on motion, it was

Resolved, That leave of absence without pay be and is hereby granted to Edith Abrams, a Nurse in the employ of this Department, and assigned to duty in the Borough of The Bronx, from September 5 to 12, 1906, inclusive.

The application of Andrew T. Tallmadge, M. D., a Medical Inspector assigned to duty in the Division of Contagious Diseases, Borough of Brooklyn, for leave of absence without pay from August 6 to September 4, 1906, inclusive, was received, and on recommendation of the Sanitary Superintendent it was

Resolved, That leave of absence without pay be and is hereby granted to Andrew T. Tallmadge, M. D., a Medical Inspector in the employ of this Department, and assigned to duty in the Borough of Brooklyn, from August 6 to September 4, 1906, inclusive.

The application of F. Conger Smith, M. D., a Medical Inspector assigned to duty in the Borough of Manhattan, to whom leave of absence without pay for a period of six months, commencing April 1, 1906, was granted by the Board at its meeting held March 28, 1906, to be allowed to return to duty August 20, 1906, was received, and, on recommendation of the Sanitary Superintendent, it was

Resolved, That the resolution adopted by this Board at its meeting held March 28, 1906, granting leave of absence to F. Conger Smith, a Medical Inspector assigned to duty in the Borough of Manhattan, without pay, from April 1 to September 30, 1906, inclusive, be amended so as to read as follows:

"Resolved, That leave of absence without pay be and is hereby granted to F. Conger Smith from April 1 to August 31, 1906."

Upon recommendation of the Secretary the request of the Assistant Sanitary Superintendent assigned to duty in the Borough of Queens for an additional Stenographer and Typewriter was ordered on file.

A report containing a list of persons recommended by the Superintendent of Riverside Hospital for assignment to the steamboat "Riverside" was received, and, on recommendation of Commissioner Doty, it was

Resolved, That the following-named persons in the employ of this Department assigned to duty at Riverside Hospital, in the Borough of The Bronx, be and they are hereby assigned to duty upon the steamboat "Riverside."

Henry Rick, Captain.

George A. Palmer, Engineer.

Samuel J. Mills, Assistant Engineer.

Edward Eddington, Fireman.

Willard D. Palmer, Mate.

Frank La Gotto, Deckhand.

George Radisch, Deckhand.

Henry Rick, Jr., Deckhand.

The application of Havens B. Bayles, M. D., a Medical Inspector, assigned to duty in the Borough of Brooklyn, for retirement on pension pursuant to section 1323a of the Greater New York Charter, was received and laid on the table.

On motion, it was

Resolved, That Joseph H. Meyer, of No. 242 Floyd street, Borough of Brooklyn, be and is hereby appointed a Laboratory Assistant in this Department, and assigned to duty in the Division of Communicable Diseases, Borough of Manhattan, with salary at the rate of \$600 per annum, pursuant to the rules and classification of the Municipal Civil Service Commission, to take effect August 6, 1906.

On motion, it was

Resolved, That Mary Appleton, of No. 248 West Thirty-seventh street, Borough of Manhattan, be and is hereby appointed a Medical Inspector in this Department and assigned to duty in the Division of Contagious Diseases, Borough of Manhattan, with salary at the rate of \$1,200 per annum, pursuant to the rules and classification of the Municipal Civil Service Commission, to take effect August 13, 1906.

On motion, it was

Resolved, That Henry Hirsch, of No. 1235 Union avenue, Borough of The Bronx, be and is hereby appointed a Medical Inspector in this Department and assigned to duty in the Division of Contagious Diseases, Borough of Richmond, with salary at the rate of \$1,200 per annum, pursuant to the rules and classification of the Municipal Civil Service Commission, to take effect August 8, 1906.

On recommendation of the President, it was

Resolved, That for the present no further applications for promotions and increases in salary will be considered by this Board.

The name of Orville R. Todd, an Engineer in the employ of the Department of Health, assigned to duty at Riverside Hospital, having been deducted from the payrolls of said hospital for the month of July by the Finance Department, owing to the fact that the grade to which he was appointed does not exist, it was, on motion,

Resolved, That the resolution adopted by this Board at its meeting held June 27, 1906, appointing Orville R. Todd an Engineer at Riverside Hospital, Borough of The Bronx, with salary at the rate of \$1,350 per annum, be and is hereby amended so as to read as follows:

"Resolved, That Orville R. Todd be and is hereby appointed an Engineer in this Department and assigned to duty at Riverside Hospital, Borough of The Bronx, with salary at the rate of \$1,300 per annum, in accordance with the provisions of Civil Service Rule XIV., to take effect July 10, 1906."

On motion, the Board adjourned.

EUGENE W. SCHEFFER, Secretary.

DEPARTMENT OF FINANCE.

NOTICE TO TAXPAYERS.

DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF TAXES, NEW YORK, September 3, 1906.

TAXPAYERS WHO DESIRE TO OBTAIN their bills promptly should make immediate written requisition (blanks may be procured in the borough offices), stating their property by section or ward, block and lot or map number, making copy of same from their bills of last year.

If a taxpayer is assessed for personal tax, the requisition should also request bill for such tax. Each requisition should be accompanied by an envelope bearing the proper address of the applicant, and with return postage prepaid.

In case of any doubt in regard to ward, section, block or lot number, taxpayers should take their deeds to the Department of Taxes and Assessments and have their property located on the maps of that Department and forward to the Deputy Receiver of Taxes with the requisition a certified memorandum of their property, which will be furnished by the Department of Taxes and Assessments.

Taxpayers in this manner will receive their bills returned by mail at the earliest possible moment and avoid any delay caused by waiting on lines, as required in case of personal application.

The requisition must be addressed and mailed to the Deputy Receiver of Taxes in whichever borough the property is located, as follows:

John J. McDonough, No. 57 Chambers street, Borough of Manhattan, New York.
John B. Underhill, corner Third and Tremont avenues, Borough of The Bronx, New York.

James B. Bouck, Municipal Building, Borough of Brooklyn, New York.

George H. Creed, corner Jackson avenue and Fifth street, Long Island City, Borough of Queens, New York.

John De Morgan, Borough Hall, St. George, Staten Island, Borough of Richmond, New York.

After receiving the bills, the taxpayer will see that they are properly rebated, then draw check for the net amount to the order of the Receiver of Taxes and mail bill and check, with an addressed envelope, with the return postage prepaid, to the Deputy Receiver in whichever borough the property is located.

Checks should be mailed as soon as possible after the bills have been received by the taxpayer.
All bills paid during October must be rebated before payment.
DAVID E. AUSTEN,
Receiver of Taxes.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired in street opening proceedings, said property being within the lines of Purdy street, between Flushing avenue and Ditmars avenue, First Ward, Borough of Queens.

By direction of the Comptroller, the sale of the above described premises will be made under the supervision of the Collector of City Revenue, Department of Finance. The sale will take place on

WEDNESDAY, SEPTEMBER 19, 1906

at 11 a. m., on the premises, and will be sold at the highest marketable price on the following

TERMS AND CONDITIONS.
Cash payment in bankable funds at the time and place of sale, and the entire removal of the buildings, parts of buildings, etc., standing within the lines of said streets from the streets by the purchaser or purchasers immediately after the sale. If the purchaser or purchasers fail to effect a removal within thirty days, he or they shall forfeit his or their purchase money and the ownership of the buildings, parts of buildings, etc., and The City of New York will cause the same to be removed without notice to the purchaser.

Purchasers to be liable for any and all damages of any kind whatsoever by reason of the occupation or removal of said buildings, parts of buildings, etc.
The bidder's assent and agreement to the above terms and conditions are understood to be implied by the act of bidding.

Full particulars of sale can be obtained at the office of the Collector of City Revenue, Room 141, Stewart Building, No. 280 Broadway, Borough of Manhattan.

H. A. METZ,
Comptroller.
CITY OF NEW YORK—DEPARTMENT OF FINANCE,

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE PRESIDENT of the Borough of The Bronx, public notice is hereby given that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing within the lines and on property owned by The City of New York, acquired for street purposes, in the

Borough of The Bronx
being the property acquired for the opening of Morris Park avenue, between West Farms road and Morris Park race track, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, which is more particularly described on a map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Manhattan. The sale will take place on

THURSDAY, SEPTEMBER 20, 1906

at 11 a. m., on the premises, and will be sold at the highest marketable price on the following

TERMS AND CONDITIONS.
Cash payment in bankable funds at the time and place of sale, and the entire removal of the buildings, parts of buildings, etc., standing within the lines of said streets from the streets by the purchaser or purchasers immediately after the sale. If the purchaser or purchasers fail to effect a removal within thirty days, he or they shall forfeit his or their purchase money and the ownership of the buildings, parts of buildings, etc., and The City of New York will cause the same to be removed without notice to the purchaser.

Purchasers to be liable for any and all damages of any kind whatsoever by reason of the occupation or removal of said buildings, parts of buildings, etc.

The bidder's assent and agreement to the above terms and conditions are understood to be implied by the act of bidding.

By direction of the Comptroller, sales of the above described property will be made under the supervision of the Collector of City Revenue, at the time stated herein.

Full particulars of sale can be obtained at the office of the Collector of City Revenue, Room 141, Stewart Building, No. 280 Broadway, Borough of Manhattan.

H. A. METZ,
Comptroller.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF MANHATTAN:

FOURTH AND SEVENTH WARDS, SECTION 1.

CATHARINE SLIP—PAVING AND PLACING BRIDGE STONES, between South and Cherry streets. Area of assessment: Both sides of Catharine slip, from South to Cherry street and to the extent of half the block at the intersecting and terminating streets.

—that the same was confirmed by the Board of Assessors on August 28, 1906, and entered on August 28, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for a period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before October 27, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

HERMAN A. METZ,
Comptroller.
CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE, August 28, 1906.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 11.
EAST ONE HUNDRED AND SEVENTY-NINTH STREET—REGULATING, GRADING, SETTING CURBSTONES, FLAGGING THE SIDEWALKS, LAYING CROSSWALKS, BUILDING APPROACHES AND PLACING FENCES, from Third avenue to the Bronx river. Area of assessment: Both sides of East One Hundred and Seventy-ninth street, from Third avenue to the Bronx river, and to the extent of half the block at the intersecting and terminating streets and avenues.

—that the same was confirmed by the Board of Assessors August 28, 1906, and entered on August 28, 1906, in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or

property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for a period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, Room 85, No. 280 Broadway, Borough of Manhattan, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before October 27, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

HERMAN A. METZ,
Comptroller.
CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE, August 28, 1906.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 11.
EAST ONE HUNDRED AND SEVENTY-NINTH STREET—REGULATING, GRADING, SETTING CURBSTONES, FLAGGING THE SIDEWALKS, LAYING CROSSWALKS, BUILDING APPROACHES AND PLACING FENCES, from Third avenue to the Bronx river. Area of assessment: Both sides of East One Hundred and Seventy-ninth street, from Third avenue to the Bronx river, and to the extent of half the block at the intersecting and terminating streets and avenues.

—that the same was confirmed by the Board of Assessors August 28, 1906, and entered on August 28, 1906, in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or

property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for a period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before October 27, 1906, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

HERMAN A. METZ,
Comptroller.
CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE, August 28, 1906.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS in the BOROUGH OF BROOKLYN:

EIGHTH WARD, SECTION 3.
FORTY-FIRST STREET—GRADING LOTS, on the north side, between Third and Fourth avenues. Area of assessment: North side of Forty-first street, from a point 160 feet west from the west side of Fourth avenue extending about 150 feet west.

NINTH WARD, SECTION 4.
ST. JOHN'S PLACE (FORMERLY DOUGLASS STREET)—REGULATING, GRADING AND CURBING, between Plaza street and Underhill avenue. Area of assessment: Both sides of St. John's place, from Plaza street to Underhill avenue and to the extent of half the block at the intersecting and terminating streets and avenues.

THIRTY-SECOND WARD.
EAST THIRTY-FIFTH STREET—PAVING, from Glenwood road to Avenue H. Area of assessment: Both sides of East Thirty-fifth street, from Glenwood road to Avenue H and to the extent of half the block at the intersecting and terminating streets and avenues.

—that the same were confirmed by the Board of Assessors on August 28, 1906, and entered August 28, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of entry of the assessments interest will be collected thereon as provided for in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for a period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessments became liens, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessments are payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and all payments made thereon on or before October 27, 1906, will be exempt from interest as above provided and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessments became liens to the date of payment.

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at the above office until 12 o'clock m. on

TUESDAY, SEPTEMBER 4, 1906,
Borough of Manhattan.

CONTRACT NO. 1024.
FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR PREPARING FOR AND MAKING ALL NECESSARY REPAIRS TO PIER NO. 103, AT THE FOOT OF SIXTY-FIRST STREET, EAST RIVER, AND FOR PREPARING FOR AND MAKING ALL NECESSARY REPAIRS TO PIER NO. 104, AT THE FOOT OF SIXTY-SECOND STREET, EAST RIVER.

The time for the completion of the work and the full performance of the contract is on or before the expiration of sixty (60) calendar days.

The amount of security required is Seven Thousand Five Hundred Dollars.

The bidder shall state a price for each class of the work and an aggregate or lump sum price for the whole work specified and described in the contract, as the bids will be tested by the aggregate or lump sum, the contract being for an entire and complete job. If awarded, the award will be made to the bidder who is the lowest for doing the whole work included in both classes of the contract.

Work will be required to be done at the time and in the manner and in such quantities as may be directed.

OLD STRUCTURES BETWEEN WATER STREET AND CANAL STREET, STAPLETON, IN THE BOROUGH OF RICHMOND, AND FOR BUILDING NEW FERRY STRUCTURES FOR THE NEW STAPLETON FERRY TERMINAL, AND FOR DREDGING THEREAT.

The time for the completion of the work and the full performance of the contract is on or before the expiration of 210 calendar days.

The amount of security required is Fifty-seven Thousand Dollars.

The bidder shall state a price for each class, and for the purpose of comparing the bids one aggregate price for the whole work described and specified, as the contract is entire and for a complete job, and if awarded will be awarded to the bidder whose bid is the lowest for doing all the work comprised in all of the classes.

Work will be required to be done at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the said Department.

DEPARTMENT OF DOCKS AND FERRIES, PIER "A," NORTH RIVER, NEW YORK, March 31, 1904.

THE COMMISSIONER HAS FIXED THE amounts of bonds required on contracts awarded by this Department, as follows:

On all contracts for supplies, 40 per cent. of the estimated cost;

On all contracts, other than contracts for supplies, where the estimated cost is not over \$200,000, 40 per cent. of the estimated cost;

On all contracts, other than contracts for supplies, where the estimated cost is over \$200,000, but not over \$1,000,000, 25 per cent. of the estimated cost;

On all contracts, other than contracts for supplies, where the estimated cost is over \$1,000,000, 20 per cent. of the estimated cost.

JOSEPH W. SAVAGE,
Secretary.

BOROUGH OF MANHATTAN.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN, CITY HALL, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Manhattan, at the City Hall, Room 16, until 3 o'clock p. m. on

MONDAY, SEPTEMBER 10, 1906,

FOR REPAIRING ASPHALT BLOCK PAVEMENT IN THE BOROUGH OF MANHATTAN, TOGETHER WITH WORK INCIDENTAL THERETO.

Engineer's estimate of amount of work to be done:

100 cubic yards of Portland cement concrete, mixed and laid, including mortar bed.

15,000 square yards of asphalt block pavement.

Period during which repairs are to be made and the termination of this contract shall be one (1) year from date of contract.

Amount of security required is Seven Thousand Dollars.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per foot, yard or other unit of measure, or article, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total.

Blank forms may be had and the plans and drawings may be seen at the office of the Commissioner of Public Works, Nos. 13 to 21 Park row, Bureau of Sewers, Borough of Manhattan.

JOHN F. AHEARN,
Borough President.

THE CITY OF NEW YORK, August 27, 1906.

See General Instructions to Bidders on the last page, last column, of the "City Record."

OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN, CITY HALL, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Borough of Manhattan, at the City Hall, Room 16, until 3 o'clock p. m. on

MONDAY, SEPTEMBER 10, 1906,

FOR FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR BUILDING SEWER AND APPURTENANCES IN WEST ONE HUNDRED AND SEVENTY-FIRST STREET, BETWEEN FORT WASHINGTON AVENUE AND HAVEN AVENUE.

The Engineer's estimate of the quantity and quality of the material and the nature and extent, as near as possible, of the work required, is as follows:

203 linear feet of salt-glazed vitrified stoneware pipe sewer of 15 inches interior diameter, all complete.

525 cubic yards of rock.

610 feet, B. M., of timber and planking for foundation.

The time allowed to complete the whole work is one hundred (100) working days.

The amount of the security required will be Fifteen Hundred Dollars (\$1,500).

No. 2. FOR FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR BUILDING SEWER AND APPURTENANCES IN WEST TWO HUNDRED AND ELEVENTH STREET, BETWEEN THE HARLEM RIVER AND BROADWAY.

The Engineer's estimate of the quantity and quality of the material and the nature and extent, as near as possible, of the work required, is as follows:

250 linear feet of brick sewer of 4 feet 6 inches interior diameters, with rip-rap and excavation of trench at outlet, all complete, Class I.

240 linear feet of brick sewer of 4 feet 6 inches interior diameters, all complete, Class II.

48 linear feet of brick sewer of 4 feet 6 inches interior diameters, all complete, Class III.

475 linear feet of brick sewer of 4 feet interior diameters, all complete, Class IV.

113 linear feet of brick sewer of 4 feet interior diameters, all complete, Class V.

73 linear feet of brick sewer of 3 feet 6 inches by 2 feet 4 inches interior diameters, all complete, Class VI.

222 linear feet of brick sewer of 3 feet 6 inches by 2 feet 4 inches interior diameters, all complete, Class VII.

990 linear feet of brick sewer of 3 feet 6 inches by 2 feet 4 inches interior diameters, all complete, Class VIII.

40 linear feet of salt-glazed vitrified stoneware pipe culvert of 12 inches interior diameter, all complete.

3 receiving basins of the circular pattern, with new style flat grate bars and bluestone heads, all complete.

20 cubic yards of rock, to be excavated and removed.

20,000 feet, B. M., of timber and planking for bracing and sheet piling.

The time allowed to complete the whole work is two hundred and fifty (250) working days.

The amount of security required is Fifteen Thousand Dollars (\$15,000).

No. 3. FOR FURNISHING ALL THE LABOR AND MATERIAL REQUIRED FOR BUILDING SEWER AND APPURTENANCES IN SEVENTH AVENUE, WEST SIDE, BETWEEN ONE HUNDRED AND FORTY-FOURTH AND ONE HUNDRED AND FORTY-FIFTH STREETS.

The Engineer's estimate of the quantity and quality of the material and the nature and extent, as near as possible, of the work required is as follows:

36 linear feet of brick sewer of 3 feet 6 inches by 2 feet 4 inches interior diameters, all complete.

190 linear feet salt-glazed vitrified stoneware pipe sewer of 15 inches interior diameter, all complete.

3,000 feet, B. M., timber and planking for bracing and sheet piling.

570 feet, B. M., timber and planking for foundations.

The time allowed to complete the whole work is sixty (60) working days.

The amount of the security required will be Seven Hundred Dollars (\$700).

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per foot, yard or other unit of measure, or article, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total.

Blank forms may be had and the plans and drawings may be seen at the office of the Commissioner of Public Works, Nos. 13 to 21 Park row, Bureau of Sewers, Borough of Manhattan.

BOARD OF ASSESSORS.

PUBLIC NOTICE IS HEREBY GIVEN TO the owner or owners of all houses and lots, improved or unimproved lands affected thereby, that the following proposed assessments have been completed and are lodged in the office of the Board of Assessors for examination by all persons interested, viz.:

BOROUGH OF THE BRONX.

List 8940. No. 1. Receiving basin and appurtenances at the northwest corner of East One Hundred and Sixty-fourth street and Grant avenue.

List 8941. No. 2. Sewer and appurtenances in Fox creek between Wales avenue and Beach avenue.

The limits within which it is proposed to lay the said assessments include all the several houses

and lots of ground, vacant lots, pieces and parcels of land situated on—

No. 1. West side of Grant avenue, from One Hundred and Sixty-fourth to One Hundred and Sixty-fifth street, the north side of One Hundred and Sixty-fourth street and the south side of One Hundred and Sixty-fifth street, from Sherman to Grant avenue.

No. 2. Both sides of Fox street (East One Hundred and Fiftieth street), from Wales avenue to Beach avenue.

All persons whose interests are affected by the above named proposed assessments, and who are opposed to the same, or either of them, are requested to present their objections, in writing, to the Secretary of the Board of Assessors, No. 320 Broadway, New York, on or before October 2, 1906, at 11 a. m., at which time and place the said objections will be heard and testimony received in reference thereto.

Clerk.

DEPARTMENT OF HEALTH.

DEPARTMENT OF HEALTH OF THE CITY OF NEW YORK, SOUTHWEST CORNER OF FIFTY-FIFTH STREET AND SIXTH AVENUE, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Board of Health of the Department of Health until 10 o'clock a. m. on

TUESDAY, SEPTEMBER 12, 1906.

FOR FURNISHING ALL LABOR AND FURNISHING AND ERECTING ALL THE MATERIALS NECESSARY OR REQUIRED TO ERECT AND COMPLETE A REFRIGERATING PLANT AT THE WILLARD PARKER HOSPITAL, FOOT OF EAST SIXTEENTH STREET, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

The time for the completion of the work and the full performance of the contract is 60 consecutive working days.

The amount of security required is fifty per cent. (50%) of the amount of the bid.

Bids will be compared and the contract awarded at a lump or aggregate sum.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the Chief Clerk of the Department of Health, southwest corner of Fifty-fifth street and Sixth avenue, Borough of Manhattan, City of New York.

The time for the delivery of the articles, materials and supplies and the performance of the contract is ninety (90) days.

The amount of security required is Two Thousand Five Hundred Dollars (\$2,500).

No. 3. FOR FURNISHING AND DELIVERING ONE SEVENTY-FIVE-FOOT AERIAL HOOK AND LADDER TRUCK.

The time for the delivery of the articles, materials and supplies and the performance of the contract is ninety (90) days.

The amount of security required is Two Thousand Five Hundred Dollars (\$2,500).

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested.

The extensions must be made and footed up, as the bids will be read from the total.

The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the Fire Department, Nos. 157 and 159 East Sixty-seventh street, Manhattan.

JOHN H. O'BRIEN,
Fire Commissioner.

Dated August 21, 1906.

See General Instructions to Bidders on the last page, last column, of the "City Record."

DEPARTMENT OF STREET CLEANING.

MAIN OFFICE OF THE DEPARTMENT OF STREET CLEANING, ROOM 1421, NOS. 13-21 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Street Cleaning at the above office until 12 o'clock m. on

FRIDAY, SEPTEMBER 7, 1906.

Borough of Manhattan.

CONTRACT FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED TO BUILD, CONSTRUCT AND ERECT A COVER FOR THE DUMP AT THE FOOT OF EAST ONE HUNDRED AND SEVENTH STREET.

The time for the completion of the work and the full performance of the contract is 90 days.

The amount of security required is Five Thousand Dollars.

Bids will be compared and the contract awarded at a lump or aggregate sum.

The bidder will state the price or sum for the entire work.

Blank forms and further information may be obtained at the office of the Department of Street Cleaning, the Borough of Manhattan, Nos. 13-21 Park row.

F. M. GIBSON,
Deputy and Acting
Commissioner of Street Cleaning.

Dated August 24, 1906.

See General Instructions to Bidders on the last page, last column, of the "City Record."

ASHES, ETC., FOR FILLING IN LANDS. PERSONS HAVING LANDS OR PLACES in the vicinity of New York Bay to fill in can procure material for that purpose—ashes, street sweepings, etc., collected by the Department of Street Cleaning—free of charge by applying to the Commissioner of Street Cleaning, Nos. 13 to 21 Park row, Borough of Manhattan.

JOHN MCGAW WOODBURY,
Commissioner of Street Cleaning.

SEALED BIDS OR ESTIMATES FOR THE above-named work and materials will be received at the office of the Department of Water Supply, Gas and Electricity, Room 1536, Nos. 13 to 21 Park row, Borough of Manhattan, in the City of New York, until 2 o'clock p. m. on

WEDNESDAY, SEPTEMBER 12, 1906.

Boroughs of Manhattan and The Bronx.

FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED TO CONSTRUCT AND ERECT AN EXPERIMENTAL FILTER STATION AT THE SOUTH END OF THE JEROME PARK RESERVOIR, BOROUGH OF THE BRONX.

The time allowed for doing and completing the work will be sixty (60) working days.

The surety required will be Four Thousand Dollars (\$4,000).

The bids will be compared and contracts awarded to the lowest bidders for all the articles, materials or supplies specified and contained in the annexed specifications and schedule.

Delivery will be required to be made from time to time and in such quantities and places as may be directed by the Commissioner or the Chief Engineer.

Blank forms may be obtained at the office of the Department of Water Supply, Gas and Electricity, the Borough of Manhattan, Nos. 13 to 21 Park row, Borough of Manhattan.

WILLIAM B. ELLISON,
Commissioner.

Dated August 22, 1906.

See General Instructions to Bidders on the last page, last column, of the "City Record."

MUNICIPAL CIVIL SERVICE COMMISSION.

MUNICIPAL CIVIL SERVICE COMMISSION, No. 299 BROADWAY, NEW YORK, August 17, 1906.

PUBLIC NOTICE IS HEREBY GIVEN that applications for the position of Fireman, Fire Department, will be received from September 10 to October 10, 1906, at 4 p. m., both dates inclusive.

Localities (by boroughs)..... 3
Memory Test..... 2
Arithmetic..... 2

A candidate to be eligible for appointment must obtain an average of not less than 70% on the mental tests and 70% on the physical development and strength. Candidates who obtain an average of over 80% on physical development and strength and a final average of 75% shall also be eligible for appointment.

Candidates must be twenty-one years of age and under thirty at the date of filing application. Applicants will be notified later of the dates of the physical and mental examinations.

F. A. SPENCER,
Secretary.

a18,010

MUNICIPAL CIVIL SERVICE COMMISSION, No. 61 ELM STREET, CITY OF NEW YORK.

PUBLIC NOTICE WILL BE GIVEN OF all competitive examinations two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close. Applications will be received for only such examinations as are scheduled.

When an examination is advertised, a person desiring to compete in the same may obtain an application blank upon request made in writing or by personal application at the office of the Commission.

All notices of examinations will be posted in the office of the Commission, City Hall, Municipal Building, Brooklyn, and advertised in the City Record for two weeks in advance of the date upon which the receipt of applications will close for any stated position.

Public notice will also be given by advertisement in most of the City papers.

Wherever an examination is of a technical character, due notice is given by advertisement in the technical journals pertaining to the particular profession for which the examination is called.

Such notices will be sent to the daily papers as matters of news, and to the General Post-office and stations thereof. The scope of the examination will be stated, but for more general information application should be made at the office of the Commission.

Unless otherwise specifically stated, the minimum age requirement for all positions is 21.

WILLIAM F. BAKER,
President;
R. ROSS APPLETON,
ALFRED J. TALLEY,
Commissioners.

FRANK A. SPENCER,
Secretary.

12-24-03

BELLEVUE AND ALLIED HOSPITALS.

BELLEVUE AND ALLIED HOSPITALS DEPARTMENT OF NEW YORK CITY, TWENTY-SIXTH STREET AND FIRST AVENUE, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the President of the Board of Trustees at the above office until 3 o'clock p. m. on

THURSDAY, SEPTEMBER 6, 1906.

FOR THE PROVIDING OF ALL LABOR AND MATERIALS REQUIRED FOR THE ERECTION AND ENTIRE COMPLETION OF VACUUM SWEEPING SYSTEMS AND ALL WORK IN CONNECTION THEREWITH IN GOUVERNEUR HOSPITAL, SITUATED AT GOUVERNEUR SLIP, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

The surety required will be Ten Thousand Dollars (\$10,000).

The time allowed for doing and completing the entire work and the full performance of the contract is on or before the completion of the general building contract.

The bids will be compared and the contract awarded at a lump or aggregate sum to the lowest bidder.

Blank forms may be obtained at the office of the General Medical Superintendent, No. 419 East Twenty-sixth street, Borough of Manhattan.

MYLES TIERNEY,
Acting President Board of Trustees Bellevue and Allied Hospitals.

Dated August 25, 1906.

See General Instructions to Bidders on the last page, last column, of the "City Record."

COLLEGE OF THE CITY OF NEW YORK.

BOARD OF TRUSTEES OF THE COLLEGE OF THE CITY OF NEW YORK.

PROPOSALS FOR BIDS OR ESTIMATES FOR SUPPLIES.

SEALED BIDS OR ESTIMATES WILL BE received by the Chairman of the Board of Trustees of the College of the City of New York at the office of the Board, No. 17 Lexington avenue, in the City of New York, until 12 o'clock noon on

THURSDAY, SEPTEMBER 6, 1906.

FOR FURNISHING AND DELIVERING CHEMICALS, SUPPLIES, MATERIALS AND APPARATUS FOR THE DEPARTMENT OF NATURAL HISTORY OF THE COLLEGE OF THE CITY OF NEW YORK.

The time for the delivery of the articles, materials and supplies and the performance of the contract is between the 1st and 30th days of December, 1906, or thereafter from time to time, as may be directed by the Professor of Natural History, not later than July 1, 1907.

The amount of security will be fifty per cent. (50%) of the amount of the bid or estimate.

For particulars as to the quantity and quality of the supplies or the nature and the extent of the work required or of the materials to be furnished, bidders are referred to the specifications and the blank proposals and lists of articles, materials, supplies and apparatus to be furnished and delivered to the places designated. Such work and materials must conform in every respect to the specifications and schedules.

The quality of the articles, supplies, goods, wares and merchandise must conform to and must be the same or equal in quality, character, finish and design to the samples furnished, or to those described by the names of well-known dealers and manufacturers and referred to by catalogue numbers. Bidders are cautioned to examine the

specifications for particulars of the articles, etc., required before making their estimates, and are cautioned against referring to any samples or specifications other than those furnished by the Board of Trustees. Such references are cause for rejecting bids whereon they are written, and will in no case govern the action of the Board of Trustees in passing upon tenders. Bidders must state the price of each item. Awards will be made to the lowest bidder on each item whose goods are the same or equal to the samples furnished for inspection or referred to by catalogue number.

Bidders shall describe the various items by reference to the particular maker's catalogue or circular, or by the submission of a sample. Only one bid will be received from a bidder for each item.

Samples will be on exhibition at the College of the City of New York, No. 17 Lexington avenue, Room 15, until the bids are opened.

All goods must be delivered as directed, in the original bottles or packages, at the Department of Natural History, the College of the City of New York, One Hundred and Fortieth street and Convent avenue, Borough of Manhattan (unless otherwise stated in the specifications). The weight, measure, etc., will be allowed as received at the institution.

No charge will be allowed for freight expenses, boxes or cartage, but boxes may be taken away by the contractor.

Contractors who fail to make prompt deliveries will be considered as in default and debarred from bidding in the future.

EDWARD M. SHEPARD,
Chairman Board of Trustees.

JAMES W. HYDE,
Secretary.

The time allowed for the completion of the work and full performance of the contract is fifteen (15) working days.

The amount of security required is One Hundred and Fifty Dollars.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per linear foot, foot board measure, cubic yard, or other unit of measure, by which the bids will be tested.

The bids will be compared and the contract awarded at a lump or aggregate sum for each contract.

Blank forms and further information may be obtained and the plans and drawings may be seen at the office of the Assistant Commissioner of Public Works, the Borough of Brooklyn, Room No. 15, Municipal Building, Brooklyn.

BIRD S. COLER,
President.

Dated August 21, 1906.

SUPREME COURT—FIRST DEPARTMENT.

COUNTY OF NEW YORK.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the EASTERLY LINE OF TENTH AVENUE, between Fifth and Fifty-first streets, in the Borough of Manhattan, City of New York, duly selected as a site for a public library, according to law.

NOTICE IS HEREBY GIVEN THAT S. Stanwood Menken, Andrew A. McCormick and Adam T. Schneider, Commissioners of Estimate and Appraisal in the above-entitled proceeding, will appear before a Justice of the Supreme Court, sitting at Special Term, Part II., at the County Court House, in the Borough of Manhattan, on the 6th day of September, 1906, at 11 o'clock in the forenoon, to be examined as to their qualifications to act as such Commissioners.

Dated New York, August 25, 1906.
JOHN J. DELANY,
Corporation Counsel.

FIRST DEPARTMENT.

In the matter of acquiring title by The City of New York to certain lands and premises situated in the block bounded by CHRISTOPHER HUDSON, GROVE AND BEDFORD STREETS, in the Borough of Manhattan, in the City of New York, duly selected as a site for school purposes, according to law.

NOTICE IS HEREBY GIVEN THAT the report of Thomas C. T. Crain, Dudley Field Malone and Michael W. Rayens, Commissioners of Estimate and Appraisal, duly appointed in the above-entitled proceeding, which report bears date the 10th day of July, 1906, was filed in the office of the Board of Education of the City of New York on the 22d day of August, 1906, and a duplicate of said report was filed in the office of the Clerk of the County of New York on the same day.

Notice is further given that the said report will be presented for confirmation to the Supreme Court of the State of New York, in the First Judicial District, at Special Term, Part I., thereof, to be held at the County Court House, in the Borough of Manhattan, in the City of New York, on the 6th day of September, 1906, at the opening of the Court on that day, and that then and there, or as soon thereafter as counsel can be heard thereon, a motion will be made that the said report be confirmed.

Dated New York, August 22, 1906.
JOHN J. DELANY,
Corporation Counsel,
Borough of Manhattan,
City of New York.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the widening of THIRD AVENUE, on its easterly side from Willis avenue to East One Hundred and Forty-ninth street, in the Twenty-third Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 17th day of September, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 18th day of September, 1906, at 1 o'clock P. M.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of the City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 24th day of September, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in the City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at the point of intersection with the westerly prolongation of the line parallel to and distant 100 feet southerly from the southerly line

of East One Hundred and Forty-seventh street, with a line parallel to and 100 feet westerly from the westerly line of Courtlandt avenue; running thence northerly along said line parallel to Courtlandt avenue to its intersection with the middle line of the block between East One Hundred and Fiftyth and East One Hundred and Fifty-first streets; running thence easterly along said middle line of the blocks to its intersection with a line parallel to and 100 feet northerly from the northerly line of Westchester avenue; thence still easterly along said parallel line to its intersection with a line parallel to and 100 feet easterly from the easterly line of Bergen avenue; thence southerly along said parallel line to its intersection with a line parallel to and distant 100 feet northerly of the northerly line of East One Hundred and Forty-ninth street; thence easterly along said parallel line to its intersection with a line parallel to and distant 100 feet westerly from the westerly line of Brook avenue; thence southerly along said parallel line to its intersection with a line parallel to and 100 feet southerly from the southerly line of East One Hundred and Forty-ninth street; thence westerly along said parallel line to its intersection with a line parallel to and distant 100 feet easterly from the easterly line of Bergen avenue; thence southerly along said parallel line to its intersection with a line parallel to and 100 feet easterly from the easterly line of Willis avenue; thence southerly along said parallel line to its intersection with a line parallel to and distant 100 feet southerly from the southerly line of East One Hundred and Forty-seventh street; thence westerly along said line parallel to East One Hundred and Forty-seventh street, and its westerly prolongation to the point or place of beginning; excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in the City of New York, on the 8th day of November, 1906, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have heretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

Dated, Borough of MANHATTAN, New York, June 22, 1906.

JOSEPH LIEBERTZ,
Chairman;
MORRIS ARNSTEIN,
WALTER MULLER,
Commissioners.

JOHN P. DUNN,
Clerk.

SUPREME COURT—SECOND DEPARTMENT.

COUNTY OF RICHMOND.

In the matter of acquiring title by The City of New York to certain lands and premises situated on the SOUTHERLY LINE OF HYATT STREET, THE EASTERLY LINE OF CENTRAL AVENUE AND THE WESTERLY LINE OF STUYVESANT STREET, in the Borough of Richmond, City of New York, duly selected as a site for a public library according to law.

NOTICE IS HEREBY GIVEN THAT Thomas A. Braniff, a Commissioner of Estimate and Appraisal in the above entitled proceeding, will appear before the Justice of the Supreme Court sitting at a Special Term for the hearing of motions of the Supreme Court of the State of New York, at the County Court House, in the Borough of Brooklyn, on the 10th day of September, 1906, at 10.30 o'clock in the forenoon, to be examined as to his qualifications to act as such Commissioner.

Dated New York, August 29, 1906.

JOHN J. DELANY,
Corporation Counsel,
No. 2 Tryon Row,
Borough of Manhattan,
New York City.
a30,511

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title to FORTY-SIXTH STREET, from Twelfth avenue to Seventeenth avenue, in the Thirtieth Ward, in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, made and entered herein on the 1st day of December, 1905, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings in the Index of Conveyances in Section 17, Blocks 5616, 5617, 5618, 5622, 5623, 5624, 5433, 5434, 5435, 5437, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss and damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street or avenue so to be opened to the respective owners, parties and persons respectively entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter 17 of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claims or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at

our office in the Bureau of Street Openings of the Law Department, No. 166 Montague street, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 11th day of September, 1906, at 10 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further and other time and place as we may appoint, we will hear such owners in relation thereto and examine proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of BROOKLYN, The City of New York, August 16, 1906.

PETER P. HUBERTY,
JOHN J. BRENNAN,
Commissioners.

JAMES F. QUIGLEY,
Clerk.

THEODORE A. BINGHAM,
Police Commissioner.

POLICE DEPARTMENT—CITY OF NEW YORK, BOROUGH OF BROOKLYN.

OWNERS WANTED BY THE DEPUTY Property Clerk of the Police Department of The City of New York—Office, No. 209 State street, Borough of Brooklyn—for the following property, now in his custody, without claimants: Boats, rope, iron, lead, male and female clothing, boots, shoes, wine, blankets, diamonds, canned goods, liquors, etc.; also small amount of money taken from prisoners and found by Patrolmen of this Department.

THEODORE A. BINGHAM,
Police Commissioner.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 430 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
