The Fordham Hospital Conference Committee, to which had been referred the nomination of Dr. Stanley Brady as Physician to Out Patients and Assistant Attending Physician to Fordham Hospital, submitted without recommendation the names of Dr. Stanley Brady and Dr. James C. Harkins for consideration. The Committee reported that an application for this place had been received from Dr. Monaghan after the last meeting of the Medical Board, but that later on they had learned that Dr. Monaghan wished his application to be considered withdrawn. After consideration, on motion, duly seconded and carried, it was resolved to appoint Dr. James C. Harkins to fill the vacancy in view of his long and faithful service in the out patient department.

Communications.

A communication dated November 23 was received from the Troy Laundry Machinery Company, requesting permission to inspect the specifications for the machinery for the new laundry building before they are printed. On motion, it was resolved to deny this request, and to state that ample time will be given all contractors to examine the specifications before bids are received.

A communication dated November 23 was received from the Bureau of Buildings in reply to the request of the Trustees for authority to close, by means of grille gates or doors, the stairways leading from the loggias to the fire-escapes of the new Bellevue Hospital, and stating that there could be no objection to doing this, provided the gates are not fastened except with such fastenings as are readily opened without the use of keys. On motion, the General Medical Superintendent was directed to provide the protection suggested, and the communication was filed.

A communication dated November 25 was received from the office of the Mayor, requesting a statement describing the principal work of the Department during the present year and presenting any recommendations desired for the conduct of the Department during the coming year. The President was authorized to prepare the desired statement and forward it to the office of the Mayor.

The minutes of a meeting of the Bellevue Hospital Medical Board, held on November 1, were presented. The resignation of Dr. Henry Graefe was accepted, and the recommendation that he received a diploma after a service of twenty-three months was approved. The amended rules for the recording and filing of histories were also approved, and the minutes were filed.

A communication dated November 22 was received from the Board of Estimate and Apportionment, transmitting copy of a resolution which had been adopted approving the specifications for furnishing nine hundred pairs of blankets to the Training School for Women Nurses at an estimated cost of \$2,988. Communication filed.

Communication was referred to the General Medical Superintendent and Building Committee and also to McKim, Mead and White for their information.

A communication dated November 23 was received from the Board of Estimate and Apportionment, requesting a statement of the employees of this Department furnished with a home telephone at the City expense, together with the reasons therefor. It was reported that the only such telephone in this Department is that installed in the residence of the General Medical Superintendent. It was suggested, however, that a similar telephone be installed in the residence of the Supervising Engineer in order that he may be called upon in case of fire or accident. This suggestion was approved, and it was resolved to so inform the Board of Estimate and Apportionment. Communication filed.

A communication dated November 25 was received from McKim, Mead and White, enclosing a copy of an offer by Blake and Williams to furnish engineers, firemen, etc., to supply steam from the boilers of the new power house to the male dormitory building at a cost of \$1,970 a month, and also an estimate amounting to \$736 for the installation of a temporary steam line. A communication was also presented from the architects dated November 28, recommending, in view of the expense, that the dormitory building should not be occupied until February 1, 1911, at which time the contract of the P. J. Carlin Construction Company for the new boiler house should be completed. It was resolved not to accept the estimates received, and to inform the P. J. Carlin Construction Company that their work must be finished on the date set, and to request them to allow the boilers to be used by the Department before that date.

Unfinished Business.

The President recommended that the Medical Board of Bellevue Hospital be informed that the decision of the Trustees to place the alcoholic service under the charge of the Resident Alienist is intended in no way to debar the members of the house staff from training in these wards. This recommendation was adopted.

The President reported that he had been informed that the tennis court on the grounds of the new Bellevue Training School for Women Nurses had not been properly constructed. The General Medical Superintendent reported correspondence which he had had with the architects on this subject, and on motion, duly seconded and carried, the General Medical Superintendent was instructed to again bring the question to the attention of the architects.

The President reported that the Court had held that the commitment of women to hospitals under clause 79 of the new court law is illegal. The General Medical Superintendent reported that the one prisoner who had been committed to Bellevue Hospital had already been discharged, and that no action was therefore necessary in the circumstances.

Upon motion of Mr. Farley, it was resolved to urge the Commissioners of the Sinking Fund to take action at once on the request of this Department for the assignment of the vacant lot south of Gouverneur Hospital as a site for the proposed new out patient department.

New Business.

Dr. Brannan referred to the importance of training midwives and the traditional folly of ignoring their presence and failing to provide for their suitable education and supervision, and stated that it was particularly incumbent upon municipal hospitals to furnish instruction, as it is municipality which undertakes to control the activities of midwives. Statistics were presented on the subject, and it was resolved to provide facilities for the instruction of midwives in all of the hospitals of this Department beginning on January 1, 1911, and it was further resolved to refer to the President for recommendation the question of the details of the arrangements to be made to carry this resolution into effect.

The President referred to the waste of steam, etc., through the overheating of the wards of the hospitals, and after consideration, it was so ordered that the General Medical Superintendent obtain a report from the Supervising Engineer on this subject for presentation to the Trustees.

Mr. Paulding announced, with deep regret, the death that forenoon of Dr. Samuel Alexander, Attending Genito-Urinary Surgeon to the Second Division of Bellevue Hospital; whereupon, the following preamble and resolutions were adopted:

Department of Correction

Report of Transactions, November 28 to December 4, 1910.

Communications Received.

From the Mayor—Inclosing copy of a letter from the Comptroller, recommending short-term contracts for coal, to expire April, 1911, and six months' contracts for other supplies, which both the Mayor and Comptroller think would be in the interests of economy. Statement made in answer that coal contracts have already been printed, in accordance with the views of the Comptroller, to expire March 31, 1911. Meat and forage specifications for six months' supplies are being printed. For vegetables, ice, groceries, milk, fish, etc., specifications have been made for one year, but will be revised to cover six months only. From the Board of Estimate and Apportionment—Transmitting copies of two resolutions adopted November 23, 1910, to the effect: (1) That the Board of Estimate and Apportionment approves of contract and specifications and estimate of cost for furnishing skilled labor, superintendence, machinery, etc.; to lay and properly connect up electric feeder system for lighting and power service, and a subsidiary system for street lighting, on Hart's Island, New York, at an estimated cost of five thousand dollars (\$5,000.00). (2) Transferring \$12,500 from 214. General supplies to 215. Materials for repairs and replacements by departmental labor, \$2,500, and 216. Repairs and replacements by contract or open orders, a total of \$12,500. The amounts of said appropriations being insufficient. Acknowledged and referred to general bookkeeper and auditor. From Board of Estimate and Apportionment—Calling attention to resolution adopted on November 18, 1910, to the effect that all Departments, Bureaus, etc., must obtain the approval of the Department of Water Supply, Gas and Electricity before submitting plans for light or power equipment, to the Board of Estimate and Apportionment. Also, that said Department of Water Supply, Gas and Electricity must be consulted as to such plans as long as possible before advertising the work. Receipt acknowledged. Copy of resolution sent to General Bookkeeper and Auditor, Inspector and Purchasing Agent. Resolution rescinding resolution of January 29, 1909, in regard to obtaining Comptroller's statement as to funds available for payments of contracts before such contracts are made by City Departments. Acknowledged. Requesting that list of all "home telephones" in use in City Departments and paid for by the city be sent in, such telephones to be justified upon the basis of "urgent public need." The only "home telephones" in this Department paid for by the city are those of Peter A. Mallon, Warden of ten (10) District Prisons; and of Drs. F. A. McGuire, J. R. Campbell and Moses Keschner, Department Physicians. From Department of Finance—"Audit"—Referring to voucher in favor of A. Winternitz for \$895 for putting vent flues in new dormitory building on order of November 6, 1909, Comptroller asks: "Did this work constitute a finished job?" If bids were received, copies to be forwarded to Finance Department. This additional work was done by direction of the State Com-

mission of Prisons after contract had been let and work begun. Work is a finished job, and no additional work of similar character will be required to complete it. Copy of bid and recommendation of Architect transmitted to Finance Department. "Investigations"—Referring to resolution passed by Board of Aldermen, Comptroller asks for detailed statement of expenses incurred in connection with installation, supervision, etc., of Budget Exhibit. Statement sent giving names and addresses of all persons to whom money has been paid or is due on account of expenses of this Department for the recent exhibit. "Audit"—Referring to voucher for \$15,314.90 in favor of John T. Barry & Co. being for final payment on Industrial Building, Reformatory, Harts Island, and stating that working days have far exceeded the 90 allowed in contract. Comptroller asks for an explanation, and calls attention to Section "20" of the contract. Causes of delay were: Strike of steamfitters, lasting nine weeks. Also, inability of the Department to supply steam for steam test and electricity for electrical test. As these delays were through no fault of the contractor, time on contract was extended, as provided by Section 520 of Ordinances of the City of New York. From Department of Water Supply, Gas and Electricity—Full report made of inspection made by a representative of Department of Water Supply, Gas and Electricity and the Inspector of Department of Correction of the lead-covered feeder, sub-feeder and duplex armored cables for Harts Island, at the works of the National India Rubber Company, contractor, at Bristol, R. I., on November 22, 1910. Manufacture of all cables, except the armored, had been carried too far for tests called for to be made. Company's representative said he did not understand that cable was to be lead-sheathed. Cable rejected as not complying with specifications. National India Rubber Company notified of this rejection for reasons given in report signed by Chief Engineer of Light and Power, Department of Water Supply, Gas and Electricity, and by Inspector, Department of Correction. The contracting company is called upon to comply with the requirements of the specifications. Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate certain conduits with the necessary branches and extensions therefrom, leading directly into private property, for the sole purpose of supplying refrigeration to consumers, provided that no conduit be of a greater outside diameter than twelve (12) inches, including insulation or other covering; the same to be constructed and operated only beneath the surface of such of the streets, avenues and highways situate within the Borough of Manhattan, City of New York, as are shown on the map of the district bounded and described as follows:

Said district being more particularly shown by red lines on a map, entitled:

"Map showing district applied for by Conron Bros. Company to accompany petition dated May 25, 1910, to the Board of Estimate and Apportionment of the City of New York."

signed by Joseph Conron, President, a copy of which is hereto annexed and made a part of this contract.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right to construct, maintain and operate said conduits shall be held and enjoyed by the Company for the term of fifteen (15) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of ten (10) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten (10) years shall be reasonable and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties but no annual sum shall in any event be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate, therefore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted, the following sums of money:

(a) The sum of six hundred and fifty dollars (\$650) in cash within one (1) month after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five years an annual sum which shall in no case be less than two hundred and fifty dollars (\$250), and which shall be equal to two (2) per cent. of its gross annual receipts, if such percentage shall exceed the sum of two hundred and fifty dollars (\$250).

During the second term of five years, an annual sum which shall in no case be less than three hundred and fifty dollars (\$350), and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of three hundred and fifty dollars (\$350).

During the third term of five years, an annual sum which shall in no case be less than five hundred dollars (\$500), and which shall be equal

to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of five hundred dollars (\$500).

The gross receipts mentioned above shall be the total receipts from all business of furnishing refrigeration to consumers.

(c) An annual payment of twenty-five cents (\$0.25) for each linear foot of conduit constructed within the limits of any street, avenue or highway, excepting, however, such conduits as are constructed within the vault space or vault spaces of any building or buildings used or occupied exclusively by the Company for the purpose of its business.

An annual payment of two dollars (\$2) for each manhole constructed within the limits of any street, avenue or highway.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the Treasury of the City on February 1 of each year and shall be for the amount due to December 31, next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and December 31 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before February 1 in each year for the year ending December 31 next preceding.

(d) Before any rights hereby conferred are exercised by the Company and within one (1) month from the date on which this contract is signed by the Mayor, the Company shall pay to the City the sum of seven hundred and fifty dollars (\$750); said amount being due the City by reason of the unauthorized occupation of the streets by the Company or its predecessors.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City or resolution of the Board, or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payments for refrigerating rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the streets and avenues mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all conditions of this contract, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant any individual, firm or other corporation a similar right or privilege upon the same or other streets and avenues, or within the district hereinbefore described.

Fifth—The rights and privileges hereby granted shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the conduits and appurtenances of the Company constructed pursuant to this contract within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board, remove any and all of its conduits and appurtenances constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Seventh—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues in which the Company is hereby authorized to operate.

Eighth—All construction which shall be made under this contract shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said conduit line, connections, manholes and other appurtenances, and the mode of protection of all subsurface construction under the streets and avenues in which the Company is hereby authorized to operate.

Ninth—Any alteration to the sewerage or drainage system, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the conduits of the Company, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Tenth—It is agreed that the right hereby granted shall not be in preference or in hindrance to public work of the City, and should the said conduits in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the conduits and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Eleventh—The Company shall bear the expense of keeping in repair for one year after it has been replaced, all pavement which may at any time be removed by said Company, either for the purpose of construction or for the repairing of the conduit line and its appurtenances.

Twelfth—The Company shall bear the expense of inspection which may be required by the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity, and of all work of construction.

Thirteenth—The Company shall cause a test to be made of the pipes to be contained within the conduits hereby authorized whenever required by and under the supervision of the Commissioner of Water Supply, Gas and Electricity. The conditions of such test shall be as follows:

(b) If the test be made in the field, of pipes in use or ready for use, such pipes shall be subjected to a pressure of two hundred (200) pounds per square inch.

A certificate showing that such a test has been made without injury to the pipes shall be executed by an officer of the Company, and indorsed by the Commissioner of Water Supply, Gas and Electricity, and filed with the Board.

Fourteenth—The Company shall not charge consumers more than the following rates:

(a) Consumers making monthly contracts: Four (4) cents per month per cubic foot for boxes of not over 500 cubic feet.

During the term of this contract, the Board shall have absolute power to regulate the maximum rates, provided that such rates shall be reasonable and fair.

Fifteenth—The Company, upon the application for refrigeration of any person, firm or corporation whose premises are located within the district hereinbefore described shall extend its conduits to such premises and furnish to said applicant refrigeration at the rates herein prescribed or at such rates as may be hereafter fixed by the Board as herein provided. The Company shall not be required, however, to furnish refrigeration to applicants whose premises are located above the first floor of any building.

Twentieth—In case of any violation or breach or failure to comply with any of the provisions herein contained or with any orders of the Board acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the conduits constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity.

Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-first—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its conduits and appurtenances as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of fifty dollars (\$50) as fixed or liquidated damages, or the Board, in case such conduits or appurtenances which may affect the surface of the street shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-second—The Company shall assume all liability to persons or property by reason of the construction or operation of the conduits authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-third—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of one thousand dollars (\$1,000), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract, and compliance with all orders of the Board, acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract, or its neglect or refusal to comply with any notice or direction of the Board, or other municipal officials, given or made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events, the Company shall pay to the City a penalty of one hundred dollars (\$100) for each violation, which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of one thousand dollars (\$1,000), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-fourth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-fifth—The words "streets or avenues" and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, parkways, driveways, concourses, boulevards, bridges, viaducts, tunnels, public places or any other property to which the City has title or over which the public has an easement," included in the district hereinabove described, and under the surface of, or in which authority is hereby given to the Company to construct or maintain its conduits.

Twenty-sixth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authority, officer or officers.

Sec. 3. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate seal to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either of any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or the appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in

the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
