Prior to putting in the filling, the mud was washed out over the slope at north end of section by the diver with a water jet. Piling and Woodwork -182 vertical piles were driven, regulated and staylathed. 3 piles broke in driving, o bracing piles were driven and regulated. 3 binding frames were made, and with the aid of the divers were sunk and keyed to place. Old bark that had fallen from the piles was cleared out over area where the frames were to be placed, by the divers. 85 foundation piles for the concrete blocks to rest upon, and 83 high grade piles to receive the capping were sawed off by the saw-cutting machine. The bracing piles were sawed off by hand and were prepared to receive the longitudinal capping and 15 transverse caps were placed. The foundation piles on which the concrete blocks were to be placed were located by the divers by means of wire screens.

A temporary platform was laid on top of piles already driven to carry land pile driver ways for driving piles to close gap between Piers, old 36 and new 26, North river. The ways were made at West Fifty-seventh street yard, and put in place by the derick "City of New York." Masonry—Necessary materials therefor were collected, and 10 concrete blocks were set by the derick "City of New York." The chain holes between the concrete foundation blocks were filled with concrete in bags.

GENERAL CHARGE TO SECTION.

A canal boal, the "Charles H. Fowles," consigned to the Morgan Steamship Co., sunk in the slip between Beach and North Moore streets, and was located by divers.

Beach Street Section-Resolution of the Board, 16th July, 1879.

Beach Street Section—Accounted of the board, toth July, 1099. Stone Filling—or cubic yards of cobble stone and 185 cubic yards of rip-rap stone were delivered and placed in front of the bulkhead wall by Messrs. Brown & Fleming. Filmg and Woodwork—Ends of caps were sawed off where they interfered with the setting of the granite. 1,175 feet, board measure, 4-inch spruce planking was placed on the rear of wall, which finished all the decking required for this section. Masonry—20 pieces of granite were set and backed up with 80 batches of concrete, finishing the granite for this section, except the coping-stone.

GENERAL CHARGE TO SECTION.

Old work rear of the bulkhead was removed, rafted up and towed to the timber basin at West Thirtieth street, to make way for the earth filling. 4,828 loads of earth filling on tickets were received and placed in rear of bulkhead wall.

Laight Street Section-Resolutions of the Board, 30th July and 3d November, 1880

BULKHEAD WALL

Stone Filling-292 cubic yards of coble stone and 621 cubic yards of rip-rap stone were delivered and placed in front of the bulkhead wall by Messrs. Brown & Fleming. Filing and Woodwork-Ends of caps were sawed off where interfering with the setting of granite. 2,877 feet, board measure, of 4-inch spruce planking was placed on the caps rear of wall, which finished all decking required at the south end of section. Masonry-90 pieces of granite were set and backed up with 240 batches of concrete which completed the granite for the south end of section, except the coping stone. Broken stone, sand and cement were loaded on scows at the West Fifty-seventh street yard, as required for use on the work.

GENERAL CHARGE TO SECTION.

Old work rear of the bulkhead wall was removed, rafied and towed to the timber basin at West Thirtieth street, to make way for earth filling, and the building of a temporary sever-box. 5,317 loads of earth filling on tickets were received and placed in rear of the bulkhead wall. A temporary sever-box was built from the foot of Hubert street, on the line of West street, to an opening left in the bulkhead wall between Beach and Hubert streets.

Spring Street Section.

BULKHEAD WALL.

Two pieces of backing log were placed on the bulkhead wall, one on the north side and one on the south side of Pier, new 35, North river. The piece placed on the south side of the pier is creosoted.

NEW MADE LAND

Secretary's Order No. 3501.

Levels were taken by the Surveying Party on the newly paved land, between Piers, new 34 and 42, North river, at different times during the quarter.

PIER, NEW 37, NORTH RIVER.

Work on the new Pier was begun October 31, 1887, by the Pacific Improvement Company, under Contract No. 257, and is in progress.

West Twenty-third Street Section-North End-Resolution of the Board, 28th June, 1882

PIER, NEW 59, NORTH RIVER-TEMPORARY APPROACH.

The approach was repaired.

On motion, denied, and the Dock Master directed to collect the amount of said bills as rendered without any abatement or reduction.

THE CITY RECORD.

Upon reading and filing the communication and resolution of and from the Board of Aldermen, dated March 14, 1888, received this A. M. in reference to permitting the dumping of clean snow and ice, the Board having duly considered the same, it was Resolved, That, in accordance with the request of the Board of Aldermen, permission, until otherwise ordered, be and hereby is granted to merchants and other persons doing business in the City of New York to dump clean snow and ice at any of the piers, bulkheads or places belonging to the City and under the jurisdiction of this Department, being the same as granted to the Department of Street Cleaning at a special meeting of the Board held on the 14th day of March, 1888. On motion, the Secretary was directed to immediately transmit a copy of said resolution to Hon. George H, Forster, President of the Board of Aldermen. The following preamble and resolution were, On motion, adopted : Whereas, upon reading and filing the communication from the Counsel to the Corporation, dated March to, 1888, in reference to obstructions on the newly made land situated between Fifty-sixth and Fifty-eighth stretes, North river, and stating that instead of serving notices for the removal of said obstructions, it would be advisable to bring actions of ejectment against Mr. Appleby and the tenants and occupants thereof for the recovery of the possession of said property, and the Board having duly considered the same ; Resolved, That the Counsel to the Corporation be and hereby is requested in accordance with his communication dated the toth day of March, 1888, to institute actions of ejectment against Charles E. Appleby and the tenants and occupants of the neavols of the possession of the said preperty. On motion, the President was authorized to transmit to the Counsel to the Corporation diagram of the premises in question together with a list of the names observating said premises. The Treasurer, Commissioner Matthews, submitted his report of receipts for the week ending March 14, 1888, amon

Resolved, That upon the report of the Sanitary Superintendent that the apparatus of Equitable Scavenger Co., at No. 63 East Honston street, to empty privy vaults, sinks and cesspools, meets the requirements of the Board of Health, this Board respectfully recommends to his Honor the Mayor that a license, as Scavenger, be granted. Resolved, That the following persons be and are hereby employed, as follows: James Gannon, Fireman, from March 1, at \$500, vice Byer, resigned on March 1. Ernest Noble, Night Watchman, from March 1, at \$522, vice Phillips, resigned on March 1. Marg Ashwell, Cook, from March 1, at \$522, vice Phillips, resigned on March 1. Maggie McDonald, Helper, from March 1, at \$544, vice Ashwell, made Cook on March 1. Resolved. That Thomas F. Fleming be and is hereby employed. Foreman in the Disinfecting

Maggie McDonald, Helper, from March 1, at \$144, vice Ashwell, made Cook on March 1. Resolved, That Thomas E. Fleming be and is hereby employed as Foreman in the Disinfecting Corps, from March 6, with salary at the rate of \$75 per month. Report on application of Inspector L. Goldschmidt to be excused for absence without leave be referred to the Sanitary Committee. Resolved, That the President be directed to return Patrolman Hagan to the Board of Police Commissioners for inefficiency, with the request that another officer be detailed in his place. Resolved, That a copy of the communication of Joseph H. Merserean and of the report of Sani-tary Inspector Decker, upon the condition of the slip at the foot of Fulton and Beekman streets, be forwarded to the Department of Public Works, with the request that the sewer at the foot of Beekman street be extended to the end of the pier ; and to the Department of Docks, with the request that the slip between Beekman and Fulton streets be dredged. Resolved, That Samuel P. Griffin, provisionally employed as an Inspector of Plumbing and Ventilation in this Department, having served as such six months, and his conduct and character being satisfactory, is hereby appointed an Inspector of Plumbing and Ventilation in this Depart-ment, with salary at the rate of \$1,260 per annum, pursuant to the rules and regulations of the Civil Service.

Service. Resolved, That Emilio Agramonto, Jr., be and is hereby provisionally employed as an Inspec-tor of Plumbing and Ventilation, with salary at the rate of \$1,260 per annum, pursuant to the rules and regulations of the Civil Service. The Board proceeded to the opening of bids for proposals for the alteration of the Willard Parker Hospital at East Sixteenth street, City and County of New York, as follows:

Emil W. Klappert.	\$4,000 00
Geo, Vassar & Son	4,050 00
Joseph Moore	4,485 00

Resolved, That the contract for the alteration of the Willard Parker Hospital, East Sixteenth street, City and County of New York, be and is hereby awarded to Geo. Vassar & Son for the sum of \$4,050, they being the lowest bidders, subject to the approval of the sureties by the Comptroller, and that the President be and is hereby authorized to execute the contract, the work to commence within five days after the due execution of such contract. Resolved, That the proposal of Geo. Vassar & Son, for the alteration of the Willard Parker Hospital, they being the lowest bidders, be forwarded to the Comptroller for approval of sureties. Resolved, That the security deposits received from Emil W. Klappert, Geo. Vassar & Son, and Joseph Moore, of \$100 each, be forwarded to the Comptroller.

The following Communications were Received from the Chief Inspector of Plumbing and Ventilation :

Weekly report of work performed by the Division of Plumbing and Ventilation. Weekly report on light and ventilation of tenement-houses, plumbing and drainage, plans of new buildings. Resolved, That the recommendations of the Chief Inspector of Plumbing and Ventilation be and the same are hereby approved.

Action of the Board on Plans for the Plumbing and Drainage of the following New Houses. Resolved, That plans for the plumbing and drainage of the following houses be and are hereby approved upon the conditions contained in the statement of the action of the Board attached to the specifications submitted with the plans, and the said plans and specifications are hereby modified in accordance therewith:

Sanitary Bi

Samitary Bureau. The following is a record of the work performed in the Sanitary Bureau for the week ending March 3, 1888 : There were 4,763 inspections made by the Sanitary Inspectors and the Sanitary Police. There were 431 complaints received from citizens and referred to the Sanitary Police. There were 303 complaints received from citizens and referred to the Sanitary Inspectors and Sanitary Police for investigation and report. There were issued to the consignees of vessels to discharge cargoes on vouchers from the Health Officer of the Port, 44 permits. There were issued to consignees to discharge rags (in bulk, under bonds), 3 permits. There were issued to scavengers to empty, clean and disinfect privy sinks, 29 permits.

Geodesic Conditionally.
 For one warehouse, No. 399 Washington street, conditionally.
 7790: For one alteration to No. 21 West Forty-second street, conditionally.
 7804: For one stable, No. 88 Eldridge street, and from Nos. 59 to 63 Allen street.

The certificates of 944 births, 64 still-births, 309 marriages and 803 deaths, reported to have taken place in this city, were received by this Bureau during the week ending Saturday, March 3, 1888. This shows an increase of 30 births and 91 marriages, and a decrease of 9 still-births and 33 deaths, when compared with the number received during the preceding week, but when compared with the corresponding week of the year 1889 there was an increase of 244 births, 11 still-births, 76 marriages and 30 deaths. Compared with the mortality reported during the preceding week, the deaths from measles decreased 2; typhoid fever, 1; malarial fevers, 6; puerperal diseases, 1; inanition, 3; alcoholism, 6; cancer, 8; phthisis pulmonalis, 4; bronchitis, 4; pneumonia, 5; hydrocephalus and tubercular meningitis, 12; meningitis and encephalitis, 10; all diseases of the brain and nervous system, 11; oirrhosis and hepatitis, 3; gastrilis, enteritis, gastro enteritis, and peritonitis, 7; cyanosis and atelectasis, 4; surgical operations, 2; suicide, 3; and drowning, 1; while the deaths from scarlatina increase 1; diphtheria, 4; crony, 8; cerebro-spinal fever, 1; diarrhead diseases, 5; rheumatism and gout, 3; heart diseases, 4; convulsions, 5; apoplexy, 2; Bright's disease and nephritis, 9; premature and preternatural deaths, 4. The number of deaths from small-pox, whooping cough, erysipelas, ancurism, and marasmus, tabes mesenterica and scrofula was the same in the two successive weeks.

Deaths from the principal Zymotic Diseases, Phthisis Pulmonalis, Pneumonia, Bronchitis, and Children under five years of age, reported during the week and compared with the three preceding weeks.

E OF THE BOARD OF ASSESSORS No. 11½ CITY HALL, NEW YORK, March 15, 1888.

DEPARTMENT OF PUBLIC PARKS.

DEPARTMENT OF PUBLIC PARKS, Nos. 49 and 51 Chambers Street, New York, March 20, 1888.

New York, March 20, 1888.) New York, March 20, 1889.) missioners of the Department of Public Parks, in the City of New York, will, on the stith day of April, 1888, at 11 o'clock A. M., at their office, in the Enri-grants' Savings Bank Building. Nos. 49 end 51 Chambers street, in said city, hear and consider all statements, objections and evidence that may then and there be offered in reference to a contemplated change in the classification of that portion of East One. Hundred and Savenues, in the Twenty-shird Ward of said city.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible, in activance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate

received: rst. Bidders must satisfy themselves, by personal ex-amination of the location of tite proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Lagimer's estimate, and shall not, at any time after the submission of an esti-mate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstand-ing in regard to the nature or amount of the work to be done.

done. ad. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work. The work to be demended

the lowest bidder, shall be due or payable for the entire work. The work to be done under this contract is to be com-menced within five days after the date of the contract, or after the receipt of an order from the Engineer-in-Guider the contract (except about roo feet of the shore end of the pier, which will not be constructed until the bulkhead wall in the rear is erected is to be fully com-pleted on or before the first day of August, 1888, or with-m as many days thereafter as the site of the new pier may have been actually occupied, after the date of the execution of this agreement, by the Department of Docks in dredging for the pier. And the said about roo feet is to be completed within thirty days after noice thal be given to the contractor by said Department of Docks that work on the did to feet may be begun; tay that the contract, determined, fixed and liquidated at Fifty Dollars per day. All the old maternal taken from the said old pier at the foot first fitty-first street, to be removed under this contract. Will be relianatively to be removed under this

Johars per day. All the old material taken from the said old pier at the foot of West Filty-first street, to be removed under this contract, will be relinquished to the contractor, and bid-ders must estimate the value of such material when under the contract, for which they will do the work Bid-to-

under the contract. Here there estimates a price for the work to Bidders will state in their estimates a price for the whole of the work to be done in conformity with the set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfilment of the contract, including any claim that may arise through delay from any cause, in the performing of the work thereunder. Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

Buttlets the amount of their estimates for using work. The person or persons to whom the contract may be awarded will be required to attend at this office with the survices offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of a having abgedoned it, and as in default to the Corporation : and the contract will be readvertised and relet, and so on until it be accepted and

<text><text><text>

to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract. No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National BCAs to the City of Ney 's of k', about of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must sor be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Esti-mate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such de-punded to the persons making the same, within three days after the contract is awarded. If the successful idider shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfieted to and retained by the City of New York, as liquidated damages for such neglect or refusal ; but if he shall execute the contract within the time afore-said, the amount of his deposit will be returned to him. Bidders are informed that no deviation from the speci-fications will be allowed, unless under the written instructions of the Righter-in-Chief. No estimate will be accepted from, or contract warded to the supperson may obligation to the Corpora-tion, upon debt or contract, or who is a defaulter, as iton.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

New York. Bidders are requested, in making their bids or esti-mates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

- The rent of all tenements which shall exceed in width fity feet shall be the subject of special contract with the Commissioner of Public Works. The apportionment of the regular rents upon dwelling-houses are on the basis that but one family is to occupy the same, and tor each additional family, one dottar per year shall be charged. Marrass will be placed on all houses where waste of water is found, and they will be charged at rates fixed by the uppartment for all the water passing through them. The extra and miscellancous rates shall be as follows to will:

- The extra and measuring daily use of flour, for each barrel, three dollars per annum. BARBER SHOPS shall be charged from five to twenty dollars per annum each in the discretion of the Com-missioner of Public Works; an additional charge of five dollars per annum shall be made for each bath-tub therein.

- For
- plied with water as above described, per year, ten dollars any form of hopper or water-closet, supplied from the ordinary style of clostern filled with ball-cock, and overflow pipe that communicates with the pipe to the water-closet, so that overflow will run into the hopper or water-closet, when ball-cock is defective, or from which an unlimited amount of water can be drawn by holding up the handle, per year, each, five dollars.
- drawn by holding up the handle, per year, each, five dollars. For any form of hopper or water-closet, supplied from any of the forms of waste preventing citaters, that are approved by the Engineer of the Croton Aque-duct, which are so constructed that not more than three gallons of water can be drawn at each lift of the handle, or depression of the seat, if such citaterns are provided with an overflow pipe, such overflow pipe must not connect with the wided by the Board of Health regulations, per year, two dollars. Citatern answering this description can be seen at this Department.

Under the provisions of section 322, Consolidated Act 1852, water-meters, of approved pattern, shall be here-after placed on the pipes supplying all stores, worksh..., hotels, manufactories, public edifices, at wharves, ferry-houses, stables, and in all places where water is furnished for business consumption, except private dwellings. It is provided by section 323, Laws of 1882, that "all expenses of meters, their connections and setting, water water, shall be a lien upon the premises where such water is supplied, as now provided by law." * *

All manufacturing and other business requiring a large upply of water will be fitted with a meter. Water measured by meter, ten cents per one hundred ubic feet.
