Commissioners Post and Phelan, to whom was referred, April 21, 1892, the proposition of Theodore F. Tone, to sell to the City, the water-front property between One Hundred and Thirty-third and One Hundred and Thirty-fourth streets, North river, comprising thirteen and three-quarter city lots, for \$140,000, submitted the following reports, which were ordered to be spread in full on the minutes, as follows:

Commissioner Post reported as follows:

1st. That the water-front in the vicinity of the property offered for sale has been improved by the Department of Docks, by the building of piers at the foot of One Hundred and Thirty-second, One Hundred and Thirty-third and One Hundred and Thirty-fourth streets, and of a bulkhead between One Hundred and Thirty-second and One Hundred and Thirty-third streets, at a cost of \$75,000.

The improvements have been very little used for commercial purposes and have made but a small return for the capital expended, showing that they are more than ample for the present needs of the City at that location.

2d. If this property was purchased and improved within the next twelve years, it does not appear, considering the purposes for which similar bulkheads are now used, the property could ever yield a proper return at even a much smaller price than is now asked for it. It would be more for the interest of the City to purchase this property twelve years hence for \$200,000, than to pay \$100,000 for it now, as at legal interest compounded yearly, the original amount would be doubled. The City, under these circumstances, would not be obliged to keep it in repair.

3d. As a majority of the Board of Docks have offered only \$75 a front foot for similar property much nearer the centre of the City, it would seem that the price set upon the bulkhead and water-front offered for sale is under any circumstances in excess of its value to the City.

4th. That in consideration of the above and other important reasons he does not think it in the interests of the City to purchase the property offered for sale.

Commissioner Phelan reported as follows:

That he has always agreed with his colleague, Mr. Post, that the City should acquire the ownership of water-front property whenever practicable, and can see no good reason why an exception should be made in this case, this property being on the line of improvement, and all the water-front nearby—below and above—being now owned by the City.

Respectfully submitted,
JAMES J. PHELAN, Treasurer.

From the Engineer-in-Chief:

1st. Report for the quarter ending April 30, 1892.

2d. Report for the week ending May 15, 1892.

3d. Reporting repairs required to Pier at Thirteenth street, North river, and recommending that as the "Fort Lee Park and Steamboat Company" has the use of the said pier, it be required to make the repairs.

4th. Reporting repairs required to the following piers and recommending that the lessees be directed to repair. Recommendation adopted, as follows:

Horatio street, North river.

Pier at Sixteenth street, North river.

Pier at Thirty-sixth street, North river.

Pier at Fortieth street, North river.

Pier, new 55, North river.

Pier, old 56, North river.

Pier, new 61, North river.

Pier, new 62, North river.

It would appear to an ordinary observer that this property will be greatly needed for wharfage purposes in the near future as it is contiguous to one of the City centres, One Hundred and Twenty-fifth street, which has during the past five years grown to be one of the most important thoroughfares in the metropolis. The large and rapidly increasing population in this section leaves no room for doubt that additional wharfage facilities will be required there at an early day.

The improvements that have already been made in this vicinity by the Department netted the City last year \$3,254.28 or nearly four and one-half per cent. on the cost of the same; and will yield a much larger revenue during the present year both from the natural growth of business and from the fact that the Pier at One Hundred and Thirty-third street has been leased at a fair rental.

The property in question if purchased and allowed to remain unimproved will net the City from two to three per cent. at least on the purchase price, to say nothing of the increased valuation of the land itself which, at a low estimate, would be at least twenty-five per cent. in five years.

The offer of the Department of \$75 per front foot for property below is no criterion to go by in this case, as it cannot be used for commercial purposes, and owing to the limited amount of money appropriated by the Commissioners of the Sinking Fund for that special use this Board could not do otherwise than offer the amount stated—\$75 per foot—for said property.

In view of the foregoing considerations he thinks it would be for the best interests of the City to purchase the property offered by Theodore F. Tone, if it can be secured at a reasonable price, and he would recommend the purchase of same on the basis of \$6,000 per lot or \$82,500 for the thirteen and three-quarter city lots described in the diagram accompanying Mr. Tone's proposition.

On motion, the report of Commissioner Phelan was approved, and the following preambles and resolutions adopted:

Whereas, under section 715 of chapter 410 of the Laws of 1882, the Board of the Department of Docks of the City of New York is authorized to acquire by purchase, in the name and for the benefit of the Corporation of the City of New York, wharf property in said City, and all rights, terms, easements and privileges pertaining thereto, subject to the approval of the Commissioners of the Sinking Fund, and agree with such owners upon a price for the same, and in case of failure to so agree to initiate legal proceedings to acquire the same for the improvement of the water-front of said City; and,

Whereas, said Board is desirous of acquiring in the name and for the benefit of the Corporation of the City of New York, all riparian and wharfage rights and all interests in or appurtenant to the following-described premises, to wit: All the filled-in land and land under water bounded northerly by the southerly line of One Hundred and Thirty-fourth street, southerly by the northerly line of One Hundred and Thirty-third street, easterly by the westerly line of the right of way of the Hudson River Railroad Company and westerly by the easterly line of Thirteenth avenue, together with all the bulkhead and all the rights of wharfage, crackage, emoluments and appurtenances therewith connected; and

Whereas, it appears that Theodore F. Tone is the owner in fee simple, with all its hereditaments, of the above-described premises, including the riparian and wharfage rights;

Resolved, That this Board offers to purchase the above-described premises and to pay for a good and sufficient title thereto, to be approved by the Counsel to the Corporation of the City of New York, the sum of eighty-two thousand five hundred dollars (\$82,500), subject to the approval of the Commissioners of the Sinking Fund as provided by law.

Resolved, That a copy of these preambles and resolutions be served upon Theodore F. Tone, and he be and hereby is requested within ten days from receipt hereof to notify this Board, in writing, whether he will sell the rights and interest in above-described premises to the Mayor, Aldermen and Commonalty of the City of New York for the price above mentioned, and in the event that he shall fail to notify this Board of his willingness to so convey the rights and interests as aforesaid, it shall be deemed that no price can be agreed upon for the said premises between the said owners thereof and this Department.

On motion, the Secretary was directed to notify the New England Terminal Company that if the roofs of the sheds on Piers, old 45 and new 36, East river, are not altered so as to conform to the provisions of chapter 509 of the Laws of 1889, admitting the free use of said roofs by the public, the work will be done by this Department at the expense of said company.

The Secretary reported that the pay-rolls for the General Repairs and Construction force for the week ending May 13, 1892, amounting to \$10,268.47, had been approved and audited and transmitted to the Finance Department for payment.

On motion of the President, the following preambles and resolutions were adopted:

Whereas, Under section 715 of chapter 410 of the Laws of 1882, the Board of the Department of Docks of the City of New York is authorized to acquire by purchase in the name and for the benefit of the Corporation of the City of New York, wharf property in said City and all rights, terms, easements and privileges pertaining thereto, subject to the approval of the Commissioners of the Sinking Fund, and agree with such owners upon a price for the same, and in case of failure to so agree to initiate legal proceedings to acquire the same for the improvement of the water-front of said City; and,

Whereas, Said Board is desirous of acquiring in the name and for the benefit of the Corporation of the City of New York all riparian and wharfage rights and all interests in or appurtenant to the following-described premises, to wit: Pier, old 6, North river, the northerly portion of the bulkhead between Pier, old 5 (as the same existed prior to its widening under permit of the Board of Docks, March 13 and April 30, 1873), and Pier, old 6, about ninety-two feet, more or less; and the southerly portion of the bulkhead between Pier, old 6, and Pier, old 7, North river, about forty-two feet, more or less, together with all the rights of wharfage, crackage, advantages and emoluments and appurtenances connected therewith; and,

Whereas, It appears that Eliza L. Edgar and Herman Le Roy Edgar as executors and trustees under the will of William Edgar, deceased (Julia Edgar, Le Roy Edgar, Daniel Edgar, Newbold Edgar and H. H. Cammann), as executors and trustees under the will of Daniel M. Edgar, deceased (Newbold Le Roy Edgar, Webster Appleton Edgar and Mary Constance Edgar), devisees and heirs-at-law of Newbold Edgar, deceased, and Caroline Le Roy Bonaparte, formerly wife of said Newbold Edgar; Jane E. Edgar, Herman R. Le Roy, Bache M. Whitlock and Robert T. Emmet, as executors and trustees under the will of Robert W. Edgar, deceased; Mary Edgar Thorndike and Cornelia Le Roy Emmet, heirs-at-law and devisees of Herman Le Roy Edgar, deceased; Catharine A. Phelps and surviving heirs-at-law and devisees of Hannah Morris, deceased, are the owners in common of above-described premises with all the hereditaments and easements therewith connected;

Resolved, That this Board offers to purchase the above-described premises and pay for a good and sufficient title thereto to be approved by the Corporation Counsel of the City of New York; for said Pier, old 6, North river, the sum of two hundred and fifty thousand dollars (\$250,000) and for the said bulkhead adjoining said Pier, old 6, aforesaid, the sum of five hundred dollars per running foot front along the westerly line of West street, subject to the approval of the Commissioners of the Sinking Fund as prescribed by law.

Resolved, That a copy of these preambles and resolutions be served upon the said owners in common as aforesaid or their legal representatives, and that they be and hereby are requested within ten days from receipt hereof, to notify this Board in writing whether they will sell the rights and interests in above-described premises to the Mayor, Aldermen and Commonalty of the City of New York for the price above mentioned; and in the event that they shall fail to notify this Board of their willingness to so convey the rights and interests as aforesaid, it shall be deemed that no price can be agreed upon for the said premises between the said owners thereof and this Department.

Whereas, Under section 715 of chapter 410 of the Laws of 1882, the Board of the Department of Docks of the City of New York is authorized to acquire by purchase, in the name and for the benefit of the Corporation of the City of New York, wharf property in said City, and all rights, terms, easements and privileges pertaining thereto, subject to the approval of the Commissioners of the Sinking Fund, and agree with such owners upon a price for the same, and in case of failure to so agree to initiate legal proceedings to acquire the same for the improvement of the water-front of said City; and,

Whereas, Said Board is desirous of acquiring in the name and for the benefit of the Corporation of the City of New York all riparian and wharfage rights and all interests in or appurtenant to the following-described premises, to wit: The northerly half of Pier, old 9, North river, as the same existed prior to its extension under permit of the Board of Docks, October 9, 1879; Pier, old 10, North river, as the same existed prior to its widening under permit of the Board of Docks, July 26, 1882, and the southerly half of Pier, old 11, North river, as the same existed prior to its extension under permit of the Board of Docks, February 13, 1890. Also the bulkhead between Piers, old 9 and old 10, North river, about eighty-four feet, more or less, and the bulkhead between Pier, old 10 (as the same pier existed prior to its widening under permit of Board of Docks, July 26, 1882), and Pier, old 11, North river, about seventy-seven feet, more or less, together with all the rights of wharfage, crackage, advantages and emoluments and appurtenances therewith connected; and,

Whereas, It appears that Eliza L. Edgar and Herman Le Roy Edgar, as executors and trustees under the will of William Edgar, deceased (Julia Edgar, Le Roy Edgar, Daniel Edgar, Newbold Edgar, and H. H. Cammann), as executors and trustees under the will of Daniel M. Edgar, deceased (Newbold Le Roy Edgar, Webster Appleton Edgar and Mary Constance Edgar), devisees and heirs-at-law of Newbold Edgar, deceased, and Caroline Le Roy Bonaparte, formerly wife of said Newbold Edgar (Jane E. Edgar, deceased; Mary Edgar Thorndike and Cornelia Le Roy Emmet, heirs-at-law and devisees of Herman Le Roy Edgar, deceased; Catharine A. Phelps and surviving heirs-at-law and devisees of Hannah Morris, deceased, are the owners in common of above-described premises, with all the hereditaments and easements therewith connected, their interest in said Pier 9 being a one-half interest, and in said Pier 11, North river, being also a one-half interest.

Resolved, That this Board offers to purchase the above-described premises and pay for a good and sufficient title thereto, to be approved by the Corporation Counsel of the City of New York, for said northerly half of Pier, old 9, as the same existed prior to its extension under permit of the Board of Docks, October 9, 1879, the sum of seventy-five thousand dollars (\$75,000); for the said Pier, old No. 10, North river, as the same existed prior to its widening under permit of the Board of

HEADQUARTERS FIRE DEPARTMENT, 157 AND 159 EAST SIXTY-SEVENTH STREET, NEW YORK, June 3, 1892.

TO CONTRACTORS.

SEALED PROPOSALS FOR FURNISHING the materials and labor and doing the work required in making additional repairs to the fire-boat "William F. Havemeyer" (Engine Company No. 43), of this Department, will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York, until 10 o'clock A. M., Wednesday, June 15, 1892, at which time and place they will be publicly opened by the head of said Department and read.

No estimate will be received or considered after the hour named.

For information as to the amount and kind of work to be done, bidders are referred to the specifications, which form part of these proposals.

The form of the agreement, with specifications, showing the manner of payment for the work, may be seen, and forms of proposals may be obtained at the office of the Department.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

The work is to be completed and delivered within thirty (30) days after the execution of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are fixed and liquidated at twenty (20) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of one thousand (1,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by

which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of fifty (50) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

PROPOSALS FOR ESTIMATES

SEALED ESTIMATES FOR SUPPLYING THE Police Department with two thousand tons of best quality of Lehigh Coal will be received at the Central Office of the Department of Police in the City of New York, until one o'clock P. M. of Friday, the 10th day of June, 1892.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for Furnishing Coal," and with his or their name or names, and the date of presentation to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read.

For particulars as to the quality, kind and quantity of each size of coal required, reference must be made to the specifications, blank forms of which may be obtained at the office of the Chief Clerk in the Central Department.

The attention of bidders is called to the following provision of the contract: "And it is hereby expressly agreed by and between the parties to this contract that the said parties of the second part may, and they are hereby authorized to increase or diminish the amounts of coal, required to be furnished herein, by an amount not to exceed ten per cent., without compensation to the said party of the first part, other than the prices per ton herein agreed upon to be paid for the amount actually furnished under this agreement."

Bidders will state a price per ton of two thousand pounds for the coal to be delivered. The price must be written in the bid and stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire quantity of coal is to be delivered within thirty days from the date of the execution and delivery of the contract.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of FIVE THOUSAND DOLLARS.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, within their respective places of business, or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each

of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Blank forms for estimates may be obtained by application to the undersigned, at his office in the Central Department.

By order of the Board,
WILLIAM H. KIPP, Chief Clerk.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will,

upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of the deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Rooms 5 and 9, No. 31 Chambers street.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, August 14, 1889.

TO OWNERS OF LANDS ORIGINALLY
ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.
