### COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the Corporation Counsel:

No. 2706.

Law Department—Office of the Corporation Counsel,  
New York, December 3, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

My Dear Sir—On April 21, 1903, a proposed general ordinance was introduced in the Board of Aldermen regulating contracts for public work or supplies. This ordinance had been very carefully prepared in this Department during the time of Mr. Whalen. It was then approved by the Law Committees of the Municipal Assembly. When I came in I carefully examined the ordinance and approved it, with very trifling changes. It was introduced in the Board of Aldermen at my suggestion, and, after consideration and hearings by the Committee on Laws and Legislation, was unanimously approved and recommended for adoption.

At the meeting of the Board of Aldermen on Tuesday last, December 1, the matter was brought up as Special Order No. 133, and laid on the table.

The matter is of very considerable importance to the City for reasons fully explained to the Committee on Laws and Legislation. It simplifies the matter of letting contracts and creates a general ordinance for all parts of the City where it is only probable that the courts would hold that there are any ordinances at all in force at the present time.

The matter is one which touches no personal interests whatever. It is as much, I conceive, for the benefit of contractors with the City as it is for the benefit of the City itself, because it puts their relations upon a simple, businesslike basis and cuts a considerable amount of red tape. So far as I am aware, there is no opposition to it from any quarter; certainly none was suggested before the committee.

I do not know whether it is worth while to attempt to bring the matter up again before your Board, but it seems a very great pity that this present Board of Aldermen should go out of existence without passing this piece of necessary legislation.

I am perfectly certain that my successor, whoever he may be, will take the same view that I do in the matter, and will want this ordinance reintroduced, and the whole subject will have to be gone over again and explained to a new committee, thus continuing for a considerable length of time the present embarrassing and unfortunate conditions.

Yours very truly,

(Signed) G. L. RIVES, Corporation Counsel.

In connection herewith the Vice-Chairman moved that the ordinance referred to therein be taken from the table.

The President put the question whether the Board would agree with said motion.

Which was decided in the negative by the following vote:

Affirmative—Aldermen Bennett, Goodman, James, Leitner, Lundy, Mathews, Meyers, Oatman, Peck, Shea, Walkley, Ware, Willett, Wirth; the Vice-Chairman of the Board of Aldermen, and the President of the Board of Aldermen—16.

Negative—Aldermen Baldwin, Brenner, Culkin, Donohue, Doull, Florence, Gaffney, Gass, Haggerty, Harburger, Kenney, John T. McCall, McCarthy, Malone, Nehrbauser, Owens, Richter, Sullivan, Tebbetts, Wafer—20.

The communication was then referred to the Committee on Laws and Legislation.

The President laid before the Board the following communication from the Corporation Counsel:

No. 2707.

Law Department—Office of the Corporation Counsel,  
New York, December 1, 1903.

P. J. SCULLY, Esq., City Clerk:

Sir—I am in receipt of a communication, bearing date 27 November, which is as follows:

"Section 48 of the Charter provides that franchises and issues of corporate stock under the provisions of section 47 shall become a law subject to the approval or disapproval of his Honor the Mayor, if not acted upon by the Board of Aldermen within six weeks after receipt by such Board. The Board of Aldermen has now in its possession a franchise and several resolutions providing for the issue of corporate stock on which the six weeks' time limit will not expire until after the beginning of the New Year.

"Kindly advise me if such papers come under the provisions of section 48 of the Charter, or do they die with the regular business of the Board on December 31, 1903."

In answer to this communication, I have to say that "any proposition for creating a debt by the issue of bonds for any of the purposes specified in section 47 of this act, as amended, or for any proposed franchise or right to use the streets, avenues, waters, parkways or highways of the City" (Greater New York Charter, section 48), which may be pending in the Board of Aldermen on December 31, and as to which the time limit of six weeks mentioned in section 48 of the Charter has not expired, will lapse on that date.

Respectfully yours,

G. L. RIVES, Corporation Counsel.

Which was ordered on file.

The President laid before the Board the following communications from the Board of Estimate and Apportionment transmitting ordinances:

No. 2708.

Department of Finance—City of New York,  
December 4, 1903.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment December 4, 1903, approving of the issue of Corporate Stock of The City of New York to an amount not exceeding \$16,000 to provide means for the erection of the station house, prison and stable for the Thirty-sixth Police Precinct, in the Borough of The Bronx, in addition to the sum of \$90,000 authorized July 29, 1903, together with copies of communications from the Police Department relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Respectfully,

J. W. STEVENSON, Deputy Comptroller.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of sixteen thousand dollars (\$16,000) in addition to the sum of ninety thousand dollars (\$90,000) authorized July 29, 1903, to provide additional means for the erection of the station house, prison and stable for the Thirty-sixth Police Precinct, in the Borough of The Bronx.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment December 4, 1903, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock to an amount not exceeding sixteen thousand dollars (\$16,000), in addition to the sum of ninety thousand dollars (\$90,000) authorized July 29, 1903, to provide additional means for the erection of the station house, prison and stable for the Thirty-sixth Police Precinct, in the Borough of The Bronx, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to the amount of sixteen thousand dollars (\$16,000), the proceeds thereof to be applied to the purposes aforesaid."

Police Department of The City of New York, No. 300 Mulberry Street,  
New York, November 30, 1903.

Hon. J. W. STEVENSON, Secretary, Board of Estimate and Apportionment:

Dear Sir—I am directed by Police Commissioner Greene, in connection with the order passed this day, to say that the following bids were received for the erection of the new station house, prison and stable for the Thirty-sixth Precinct, on November 27, 1903:

Luke A. Burke, No. 140 West One Hundred and Twenty-first st.....	\$99,000 00
Richard L. Walsh, No. 11 Liberty st.....	100,000 00
Fanning & Reilly, No. 15c Fifth avenue.....	102,600 00
George Hildebrand, 38 Park row.....	103,900 00
Isaac A. Hopper & Son, No. 160 Fifth ave.....	105,000 00
John H. Parker Company, No. 225 Fourth ave.....	109,400 00
Thomas Dwyer, No. 326 West Eighty-fourth st.....	114,000 00
Kelly & Kelley, No. 45 East Forty-second st.....	115,000 00
Wm. H. Wright & Son, One Hundred and Forty-eighth street and Third avenue.....	121,382 00

The architect, Charles Volz, No. 165 Fifth avenue, reports to the Commissioner that, in his judgment, a building of the size required cannot be constructed for less

than the amount of the lowest bid. The sum of \$106,000 is necessary to cover the expenses of construction, the architect's fees, the surveyor's fees and other minor expenses.

The Thirty-sixth Precinct is one of the busiest and most important precincts in the Borough of The Bronx. The architect was directed to make plans for a building to accommodate one hundred and forty-two members of the force of various grades, a stable for eighteen horses, twenty cells for male prisoners and ten cells for female prisoners. In the judgment of the Police Commissioner a building of less capacity than above indicated will be inadequate for the requirements of said precinct.

Very respectfully,  
(Signed) WM. H. KIPP, Chief Clerk.

Police Department of The City of New York, No. 300 Mulberry street,  
New York, November 30, 1903.

To the Honorable the Board of Estimate and Apportionment:

Gentlemen—The Police Commissioner this day Ordered, That the Board of Estimate and Apportionment be and are hereby respectfully requested to increase the appropriation for the erection of the station house, prison and stable for the Thirty-sixth Police Precinct from \$90,000 to \$106,000 to enable the award of contract to the lowest bidder at the opening of proposals on November 27, 1903.

Very respectfully,  
(Signed) WM. H. KIPP, Chief Clerk.

Corporate Stock to the amount of \$90,000 was authorized by the Board of Estimate and Apportionment on July 29, 1903 (Minutes, page 1772), for the construction of this building, such sum being estimated as sufficient to cover the cost.

From the facts set forth in the attached communication from the Police Department, I am of the opinion that the Board of Estimate and Apportionment may properly authorize an additional issue of Corporate Stock in the sum of \$16,000 for this purpose in order that award of contract may be made upon the bids submitted.

Brooklyn, New York City, November 24, 1903.

Hon. EDWARD M. GROUT, Comptroller, City of New York:

Dear Sir—I intend to make some changes in my staff of assistants and their salaries for the coming term. I intend to advance Assistant District Attorney Frank X. McCaffry to the place made vacant by the retirement of Martin W. Littleton. Mr. McCaffry's present salary is \$5,000 per annum.

I wish to appoint a young lawyer as an Assistant District Attorney in place of Mr. McCaffry, to attend the Police Courts, Court of Sessions and Coroner's inquests, at a salary of \$2,800 per annum.

Mr. Frederick Bailey, who is an Assistant Clerk in this office at a salary of \$1,800, I wish to increase to \$2,000. This will mean an advance of \$200 per annum, which I am allowed to make by chapter 772 of the Laws of 1896.

Under the same act I am permitted to appoint five Stenographers, who shall act as Private Secretaries to the District Attorney and his assistants. To one of these places I expect to appoint a young lawyer, at a salary of \$2,000.

This distribution of salaries is within my appropriation. Will you kindly inform me whether it is necessary for me to appear before the Board of Estimate and Apportionment in order to make this adjustment of salaries, and, if so, will you kindly advise me when it will be necessary to appear before the Board.

I enclose you copies of laws relative to appointments, compensation, etc., of the attaches of my office.

Respectfully yours,

(Signed) JOHN F. CLARKE, District Attorney, Kings County.

Hon. CHARLES V. FORNES, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment December 4, 1903, ratifying and confirming the action of the Commissioner of Correction, taken and dated August 1, 1902, in fixing the salary of the position of Head Keeper of the Penitentiary, Blackwell's Island, at the rate of \$1,800 per annum, as of date August 1, 1902; together with copy of communication from the Department of Correction relative thereto.

I also inclose form of resolution for adoption by the Board of Aldermen to indicate its concurrence therein.

Respectfully,

J. W. STEVENSON, Deputy Comptroller.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment at its meeting held December 4, 1903:

"Resolved, That, subject to the approval and concurrence of the Board of Aldermen, the Board of Estimate and Apportionment hereby ratifies and confirms the action of the Commissioner of Correction, taken and dated August 1, 1902, in fixing the salary of the position of Head Keeper of the Penitentiary, Blackwell's Island, at the rate of eighteen hundred dollars (\$1800) per annum, as of date August 1, 1902."

November 23, 1903.

Hon. SETH LOW, Mayor, and Chairman, Board of Estimate and Apportionment:

Dear Sir—I would respectfully request that your Honorable Board will approve of the inclosed form of resolution fixing the salary of Thomas McMansu at the rate of

\$1,800 per annum, so as to repair an apparent injustice done him, as hereby explained:

Mr. McManus was promoted to the position of Head Keeper at the Penitentiary, Blackwell's Island, on August 1, 1902, at a salary of \$1,800 per annum, at which rate he was paid until March 1, 1903, when, because of an opinion of the Corporation Counsel, his salary was withheld until September 1, 1903, when it was again approved, at \$1,800 per annum. During the months of March, April, May, June, July and August, Mr. McManus received no money, although he continued to perform the duties incumbent upon him as Head Keeper, the money so retained being withheld, it was stated, to make good what, it was claimed, had been overpaid him prior to the date of the opinion given by the Corporation Counsel.

The approval of such a resolution will permit the payment to Mr. McManus of all the moneys so withheld, and which I feel are justly due him.

Very respectfully yours,

(Signed) THOMAS W. HYNES, Commissioner.

City of New York, Borough of Brooklyn, Office of Commissioner of Public Works, Borough Hall,

November 20, 1903.

Mr. JUSTIN MCCARTHY, Jr., Secretary to the Local Boards:

Dear Sir—I beg respectfully to return you petition from property owners on Clarendon road, asking that the roadway of this street from Flatbush avenue to East Thirty-seventh street be reduced from 50 feet in width to 40 feet, and that the 5 feet so obtained on each side be added to the sidewalk. Attached thereto is Mr. Tillson's favorable report.

I point out, however, that this is not necessarily a matter for the action of the Local Board, but is solely and exclusively within the power of the Board of Aldermen, to whom I recommend it be transmitted with request for favorable action.

Yours very truly,

November 19, 1903.

WILLIAM C. REDFIELD, Esq., Commissioner of Public Works, Borough of Brooklyn:

Dear Sir—I return you herewith petition from the property owners on Clarendon road to have the roadway of this street made 40 feet instead of 50 feet.

I see no objection whatever to this, and, in fact, think it would be beneficial. I would, therefore, recommend that the prayer of the petitioners be granted.

Respectfully,

Petition for reducing roadway of Clarendon road, from Flatbush avenue to East Thirty-seventh street:

New York, August 31, 1903.

It is understood that building lines are to remain one hundred feet apart (that is, fifty feet from centre of street on each side), as they are at present. And they hereby request that you appoint a time for a meeting of the said Local Board, and that you submit this petition to the said Board and do all such other acts as may be required of you by law in order that the local improvement above described may be initiated and obtained or constructed.

#### REPORTS OF STANDING COMMITTEES RESUMED.

Report of Committee on Railroads—

No. 2577—(G. O. No. 468).

The Committee on Railroads, to whom was referred on October 13, 1903 (Minutes, page 57), the annexed communication in favor of an additional route of the Rapid Transit Railway, respectfully

#### REPORT:

That, having examined the subject, they recommend that the annexed resolution be adopted:

Whereas, The Board of Rapid Transit Railroad Commissioners for The City of New York did on or about the 21st day of February, 1900, enter into a contract with John B. McDonald for the construction and operation of a rapid transit railroad in The City of New York the Routes and General Plan of which were adopted by the said Board of Rapid Transit Railroad Commissioners by its resolution adopted on the 14th day of January and the 4th day of February, 1897, and later approved by the municipal authorities of The City of New York and by the Appellate Division of the Supreme Court for the First Judicial Department; and

Whereas, The said Board of Rapid Transit Railroad Commissioners for The City of New York did by resolution of July 16, 1903, modify and amend the said Routes and General Plan as follows:

Copy Resolution of 16th July, 1903.

Whereas, This Board did, on the 14th day of January, 1897, and 4th day of February, 1897, adopt certain Routes and General Plan for a rapid transit railroad in The City of New York, a copy of which is hereto annexed entitled "Copy Routes and General Plan;" and

Whereas, The said Routes and General Plan were afterward duly approved by the municipal authorities of The City of New York, and were duly consented to by Commissioners appointed by the Appellate Division of the Supreme Court, which consent was duly confirmed by the said Appellate Division, in lieu of the consent of the owners of a majority in value of the property along said routes; and

Whereas, Thereafter, and on or about the 21st day of February, 1900, The City of New York did by this Board enter into a certain contract with John B. McDonald for the construction and operation of the said rapid transit railroad; and

Whereas, By written instrument bearing date the 10th day of July, 1902, the said John B. McDonald, with the written consent of this Board, concurred in by six members thereof, duly assigned the right or obligation to maintain and operate the said rapid transit railroad for the term of years specified in the said contract and all rights included in the leasing provisions of the said contract, together with the obligation to provide equipment for the said railroad, unto Interborough Rapid Transit Company, which company also guaranteed the performance by the said John B. McDonald as such contractor, of the provisions of his said contract not so assigned to it; and

Whereas, It is the interest of The City of New York, and, in the opinion of the said John B. McDonald, it is likewise in his interest as such contractor, and he desires that said Routes and General Plan shall be changed in the respect hereinafter mentioned, but without other change in the said Routes and General Plan; now therefore it is

Resolved, That, subject to the consents and approvals to be first obtained as in these resolutions hereinafter mentioned, the said routes and general plan heretofore adopted by this Board be and they are hereby modified by adding to the said routes the following, to wit:

And also a branch or spur extending from the line of the route aforesaid on Westchester avenue at a point at or near the intersection of St. Ann's avenue and Westchester avenue and extending westerly along Westchester avenue (being in addition to the tracks heretofore originally provided over and along such portion of Westchester avenue) to near Third avenue and from Westchester avenue turning southerly into Third avenue to a point convenient for connection with the railroad of the Manhattan Railway Company over Third avenue together with proper connections by necessary and suitable switches, tracks and otherwise, with the rapid transit railroad aforesaid at or near the intersection of St. Ann's avenue and Westchester avenue aforesaid, and also together with proper connections by necessary and suitable switches, tracks and otherwise with the said railroad of the Manhattan Railway Company upon Third avenue.

The general plan of construction of the portion of the route hereby added shall be by elevated structure of the same character and to be constructed in the same manner as is heretofore provided for the elevated portion of the rapid transit railroad over and along Westchester avenue. There shall be at least two parallel tracks with the right at any time to add a third track in the discretion of the Board of Rapid Transit Railroad Commissioners. The said connections, switches and tracks shall be so constructed as not to interfere with the convenience of running of trains without change between the portion of the said rapid transit railroad over and along Westchester avenue and east of St. Ann's avenue and the portion of the said rapid transit railroad running from St. Ann's avenue westerly along Westchester avenue and turning thence

southwesterly towards and into East One Hundred and Forty-ninth street, and as to make convenient the running of trains without change between such portion of the said rapid transit railroad lying east of St. Ann's avenue and the said elevated railroad of the Manhattan Railway Company.

In all other respects the provisions of the said general plan of construction adopted January 14 and February 4, 1897, shall be applicable to the portion of the route hereby added; and it is further

Resolved, That, whereas this Board has duly made the inquiries and investigation necessary or proper in the premises, and has determined that the modifications aforesaid of the said routes and general plan are necessary for the interests of the public and of The City of New York and should be established as herein provided, this Board does hereby determine and establish the said routes and general plan as hereby modified, subject to the consents and approvals to be first obtained as hereinafter mentioned; and it is further

Resolved, That the said modifications of routes and general plans shall take effect only upon and after the following consents and approvals thereto shall be duly had, to wit:

1. The consent of the Board of Aldermen of The City of New York.

2. The consent of the Mayor of The City of New York.

3. The consent of the owners of a majority in value of the property along streets or such portions of streets as are included in the portion of the routes added as aforesaid; or, if such consents cannot be obtained, then, in lieu thereof, the determination of three commissioners to be appointed by the Appellate Division of the Supreme Court, duly confirmed by the said Appellate Division.

4. The consent of the said John B. McDonald, contractor, and of his sureties, as follows: Rapid Transit Subway Construction Company; The United States Fidelity and Guaranty Company; The City Trust, Safe Deposit and Surety Company of Philadelphia; American Surety Company of New York; National Surety Company and Perry Belmont. It is further

Resolved, That this Board hereby adopts the drawing now produced and entitled "Board of Rapid Transit Railroad Commissioners for The City of New York, Routes and General Plan adopted by resolution, July 16, 1903," as showing in general the additions to and modifications of the original routes and general plan hereby adopted, numbered one, as showing the modifications or extension hereby adopted. —and

Whereas, The said Board of Rapid Transit Railroad Commissioners did thereafter, on the 13th day of October, 1903, present to this Board a copy of said resolution of July 16, 1903, and the modification and amendment of the routes and general plan of the Rapid Transit Railroad, as therein set forth, and this Board having, by resolution duly adopted, fixed a day not less than one week nor more than ten days after the receipt of such plans and conclusions therein contained for the consideration thereof, and having duly considered the same;

Resolved, That the Board of Aldermen of The City of New York, by a vote of a majority of all the members of the said Board, does hereby approve the said modification and amendment of the routes and general plan and the plans and conclusions therein contained, and does consent to the construction and operation of the railway or railways in accordance with the modification and amendment of the routes and general plan, as set forth in the said resolution of July 16, 1903, and The City of New York does hereby approve such modification and amendment and such plans and conclusions, and consent to such construction and operation.

#### Superintendent's Report.

Dr. William Mabon, the Superintendent of Bellevue and Allied Hospitals, reported as follows:

A request has been made by the Visiting Staff of the Out-Patient Department to have a telephone installed in the dormitory building.

The New York Telephone Company has been notified to install a twelve-station interior system at Gouverneur Hospital.

During the year an additional trunk line has been added to our switchboard to meet the business of the hospital, and next year we shall provide in our specifications for a fifth trunk line. We believe this will lessen the complaints made of the line "being busy."

The Out-Patient Department was opened for the reception of patients on the morning of November 17 and 35 patients applied for treatment. It is expected before very long, when the service runs smoothly, that we shall again have the large number of cases we formerly had. There are to be employed in this building a Trained Nurse in charge, an Apothecary and assistant, a woman to assign the patients to the different services, and a man to act as Orderly or Helper; also the requisite number of Pupil Nurses. One of the Physicians having charge of the section for the diseases of children inquired about the children who might need slight surgical operation—whether these cases should be referred to special services outside, sent directly to the surgical rooms in the Out-Patient Department, or treated in the children's room.

Mr. Kreidler, the architect for the new dormitory building, measured the amount of artificial stone flooring, and recommended a reduction of five hundred dollars in the amount of the contractor's bill. This amount seemed a fair one and the matter was reported to the President of the Board of Trustees, who approved of it. The Supervising Engineer was instructed to go through the building and report on the condition of the heating system, and the contractor has been informed of the existing defects and has been asked to see that they are remedied at once.

The Doctors' laundry has been removed from the basement of the administration building and consolidated with the Corporation laundry. It is expected as soon as the help becomes accustomed to the change that it will be advantageous to the entire service. Owing to the lack of room it is impossible to transfer the Mills' Training School laundry to the general laundry building.

On motion, duly seconded, it was

Resolved, That authority be given the Superintendent to install in the Dormitory Building a telephone for the use of the Out-Patient Department.

On motion, duly seconded, it was

Resolved, That the matter of the children in the Out-Patient Department in need of slight surgical operation be referred to the Superintendent for investigation and report.

And with the right or franchise to cross such other streets and highways and bridges (named and unnamed) as may be encountered in said routes.

Section 2. The grant of this franchise is subject to the following conditions:

First—The consent, in writing, of the owners of half in value of the property bounded or said streets and highways and bridges to the construction and operation of said railway shall be obtained by the grantee, or in the event the such consent cannot be obtained, the grantee shall obtain the favorable determination, confirmed by the Court of three Commissioners, appointed by the Appellate Division of the Supreme Court, in the manner provided by the Railroad Law, before said railway is built or operated.

Second—The said right, privilege and franchise to construct and operate said railway shall be held and enjoyed by said railway company, its lessee or successors, for the term of twenty-five years from the date when this ordinance is signed by the Mayor, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right, privilege and franchise, but such renewal shall not provide for any further renewal. Such revaluation shall be of the right, privilege and franchise to maintain and operate said railway by itself, and shall not include any valuation derived from the ownership, operation or control of any other railroad by the grantee, its successors or assigns. It shall be made in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment, or its successors in authority; one disinterested freeholder shall be chosen by the railway company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the grant, and their report shall be filed with the Comptroller, or his successor in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the railway company. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last five years of the original franchise.

Third—Upon the termination of the said franchise, right or privilege, whether original or renewal, if the Board of Estimate and Apportionment of The City of New York, or its successors in authority, shall so desire, there shall be a fair valuation of the plant and property of the grantee necessary for traction purposes upon the said streets and highways and bridges, and of the land in private ownership upon which the said railway shall be operated or the easements of right-of-way or other necessary easements in such lands, as the case may be, including power-house, equipment, tracks and appurtenances, which plant and property shall be and become the property of The City of New York at the option of the said Board of Estimate and Apportionment, or its successors in authority, on the termination of this grant and the payment to the grantee of such valuation. The valuation shall be based upon a fair appraisal of the property, excluding any value derived from the franchise, and such value shall be determined by the Board of Estimate and Apportionment, or its successors in authority, provided that in the valuation of the land in private ownership, on which such railway is constructed, or the easements affecting such land, as the case may be, their value shall not be fixed

at an amount in excess of the original cost thereof, to the grantee of said franchise, its successors or assigns. A sworn statement of such cost executed by such grantee and verified by the affidavit of one of its officers, shall be filed with the Comptroller of The City of New York before any act is done by the grantee, or its successors or assigns, in the construction or operation of the railway upon any route hereinafter mentioned, which includes private property.

Fourth—The New York and Long Island Traction Company, its successors or assigns, shall pay for this franchise to The City of New York the following sums of money: During the first term of five years an annual sum which shall in no case be less than \$1,000, and which shall be equal to three per cent. of its gross annual receipts derived from passenger and freight traffic, within the limits of The City of New York, if such percentage shall exceed the sum of \$1,000; during the remaining twenty years of the term, an annual sum which shall not be less than \$2,000, and which shall be equal to five per cent. of its gross annual receipts as above, if such percentage shall exceed the sum of \$2,000.

In computing the amount of the gross receipts derived from passenger traffic and above referred to, the amount hereinbefore mentioned shall be considered, and the persons who are upon the cars of the company at any point upon such routes shall be deemed to have paid the fare provided to be paid by the ordinance granting the franchise aforesaid, whether they enter or leave the car upon such route or upon any other route upon which the grantee, or its successors or assigns, operates its cars.

Such sums shall be paid into the Treasury of The City of New York on November 1 in each year; provided, however, that the first payment shall only be for that proportion of the above sums as the time from the signing of this ordinance by the Mayor to September 30 next preceding, shall bear to the whole of one year. The fiscal year shall end on September 30 next preceding said date of payment, and the provisions of the Railroad Law as it existed at the time of the adoption of this ordinance relating to the manner of payments and statements of percentages of gross receipts of street railway companies shall, as to said railway, be strictly followed. The intention of this paragraph is to fix an annual charge to be paid by the grantee, its successors or assigns, to The City of New York for the rights and franchise hereby granted, and it shall not be construed as providing for the payment by the grantee, its successors or assigns, for said franchise, of a percentage of gross receipts within the meaning of any general or special statute.

Fifth—The said annual charge or payments shall continue throughout the whole term of the franchise hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railway company providing for payments for street railway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or franchises hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives, so far as this franchise is concerned, any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this grant.

Sixth—The rights and franchises granted hereby shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the New York and Long Island Traction Company, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—The said railway may be operated by overhead electrical power, substantially similar to the system of overhead electrical traction now in use by the New York and North Shore Railway Company, or by the underground electric system now in use by the Interurban Street Railway Company in the Borough of Manhattan, and by any other motive power, except locomotive steam power or horse power, which shall be approved by the Board of Railroad Commissioners, and consented to by the owners of property, in accordance with the provisions of the Railroad Law.

Provided that the Board of Estimate and Apportionment, or its successors in authority, upon giving to the grantee, its successors or assigns, one year's notice in writing, may require it or them to operate its railway upon the whole or upon any portion of its route by underground electrical power substantially according to the system now in use on the railways in the Borough of Manhattan above referred to, and thereupon to discontinue the use of the overhead trolley system, and to remove its poles, wires and other structures used by it for that purpose from the streets and highways and bridges of The City of New York.

Eighth—The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York, who have jurisdiction in such matters under the Charter of the City.

Ninth—Said railway shall be constructed and operated in the latest improved manner of street railway construction and operation, and the railway and property of said company shall be maintained in good condition throughout the term of this grant.

Tenth—The rate of fare for any passenger upon said railway shall not exceed five cents within the limits of The City of New York; the said company shall not charge any passenger more than said sum for one continuous ride from any point on said railway, or a line or branch operated in connection therewith to any point thereof, or of any connecting line or branch thereof within the limits of The City of New York. The rates for the carrying of property upon the cars of the grantee shall in all cases be reasonable in amount, and shall be subject to the control of the Board of Estimate and Apportionment, or its successors in authority, and may be fixed by such Board after notice and hearing to the grantee, and when so fixed such rate shall be binding upon said grantee, its successors or assigns, and no greater sums shall be charged for such services than provided for by it.

Eleventh—The cars on the said lines as proposed shall run at intervals of not more than one hour, both day and night, and as much oftener as the reasonable convenience of the public may require or as may be directed by the City ordinances; provided, however, that said railway company during the first five years of this franchise shall not be required to operate its cars on any of its lines within The City of New York between the

hours of twelve o'clock midnight and five o'clock a. m. each day, unless the Board of Estimate and Apportionment of said City shall determine after a hearing had thereon that public convenience requires the operation of its cars during said hours.

Twelfth—The said railway company shall apply to each car run over said railway a proper fender and wheelguard in conformity to such laws and ordinances as are now in force or may hereafter be enacted or adopted by the State or City authorities.

Thirteenth—All cars on said railway shall be heated through the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and each car shall be well lighted either by the Pintsch gas system or by electricity, or by some system of lighting equally efficient.

Fourteenth—The said company shall at all times keep the street between its tracks, and for a distance of two feet beyond the rails upon either side of said streets, free and clear from ice and snow.

Fifteenth—The said railway company, as long as it shall continue to use any of the tracks upon said streets and highways and bridges, shall have and keep in permanent repair that portion of the surface of said streets and highways and bridges, between its tracks, the rails of its tracks and two feet in width outside of its tracks, under the supervision of the proper local authorities, and whenever required by them to do so, and in such manner as they may prescribe. And The City of New York shall have the right to change the material or character of the pavement of any street and highway and bridge, and in that event the grantee, its successors or assigns, shall be bound to replace such pavement in the manner directed by the proper city officer at its own expense, and the provision as to repairs herein contained shall apply to such renewed or altered pavement.

Sixteenth—The said railway company, its successors and assigns, so long as it shall continue to use any of the tracks upon the streets and highways and bridges hereby granted, shall cause the entire roadway of each of the same to be watered at least three times in every twenty-four hours when the thermometer is above 35 degrees Fahrenheit, except that when the width of any roadway between curb lines shall exceed 60 feet, then a roadway of but 60 feet shall be watered as above.

Seventeenth—In case of any violation or breach or failure to comply with any of the provisions herein contained this grant may be forfeited and avoided by The City of New York, by a suit brought by the Corporation Counsel on notice of ten days to the said railway company.

Eighteenth—If any of the streets and highways and bridges above referred to, or described, shall not now be open or in use as public highways, no right or franchise therein shall vest in the grantee by virtue of this ordinance until after such streets and highways and bridges shall be legally opened as a public highway, and such right or franchise shall expire at the end of the term created by this ordinance as above set forth. Nothing in this ordinance contained shall be construed as an obligation on The City of New York, in respect to the opening of such streets and highways and bridges, nor as in any manner granting property or rights of any kind in or upon its lands now owned or occupied by it under any title, except only the public streets and highways and bridges in the usual acceptance of such terms, which are specifically referred to above.

Section 3. This grant is also upon the further and express condition that the provisions of Article 4 of the Railroad Law, as it existed at the time of the adoption of this ordinance applicable thereto, and all laws or ordinances now in force or which may be adopted hereafter affecting the surface railways operating in The City of New York shall be strictly complied with.

Section 4. This grant is also upon the further and express condition that at any time after five years from the commencement of the operation of any portion of the railway hereby granted, the Board of Estimate and Apportionment, or its successors in authority, if it deems it necessary in the public interest so to do, may require the grantee, its successors or assigns, in case the railway upon any portion of the routes above described shall consist of a single track, to construct and operate a second track upon any or all of the routes hereby granted, whether on streets, highways and bridges or upon any private property or right-of-way included in any of such routes so as to make a double-track railway.

Section 5. Said grantee shall commence construction within three months from the date when it has obtained complete legal authority to begin construction, including necessary permits from the city officials and departments and shall complete the construction of at least six miles of single track railway on or before January 1, 1906, otherwise this grant shall be thereupon forfeited and immediately forfeited, without judicial or other proceedings. If upon any of the routes above described, or upon any portion thereof, there shall not be constructed and in actual operation by July 1, 1906, a railway properly equipped and operated as provided by this ordinance, the said route or portion thereof shall be conclusively taken to have been abandoned by the company, and so much of the rights and franchises hereby granted as pertain to such routes, or parts of routes, not then constructed from and after July 1, 1906, shall be thereupon forthwith and immediately forfeited, without judicial or other proceedings. Provided that such time may be extended upon the same conditions as to forfeiture under and for causes specified in section 99 of the Railroad Law, as it now exists, and by a properly executed instrument in writing, and the Board of Estimate and Apportionment may similarly extend such time for a period or periods not exceeding one year, if, in their discretion, it seems best so to do, and that the city officials or departments who or which shall at the time of such construction have authority over the said streets and highways and bridges, may similarly extend, by properly executed instrument in writing, such time for a period or periods not exceeding one year further, if reasonable, in their judgment, by reason of requirements as to the manner of construction imposed by the city officials.

Section 6. If for any reason the right or franchise of the grantee in any of the streets, highways and bridges above described shall cease, or if for a period of six successive months the railway tracks upon any of such streets, highways and bridges shall not be operated as provided for in this ordinance, the Comptroller of The City of New York may require the grantee, its successors or assigns, to remove its tracks and other structures upon such streets, highways and bridges within thirty days after notice, and in default of their removal pursuant to such notice, the proper local authorities having jurisdiction may cause them to be removed and The City of New York may recover the cost and expenses of such removal, either by deducting them from the fund deposited as required in Section 7 hereof, or by action; and the rights and franchises of the grantee, its successors or assigns, in such portions of the streets, highways and bridges, in case any such exist, shall forthwith and immediately cease upon the removal of such tracks or structures and without judicial or other proceedings.

Section 7. This grant is upon the express condition that the New York and Long Island Traction Company, within thirty days after the said company has been duly authorized to operate its railway and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of three thousand dollars, either in money

or in securities to be approved by him, which fund shall be security for the performance by such company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the franchise, the repairs of the street pavement and the removal of snow and ice, and the quality of construction of the railway and, in case of default in the performance by said company of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same with interest from such fund after ten days' notice in writing to the said company. Or in case of failure to keep the said terms and conditions of this grant relating to the headways of cars, fenders and wheel guards and the heating of the cars and the watering of the streets, the said company shall pay a penalty of \$50 a day for each day of violation, and the further sum of \$10 a day for each car which shall not properly be heated or supplied with fenders and wheel guards in case of the violation of the provisions relating to those matters. In case of any drafts so made upon this security fund, the said company shall, upon thirty days' notice, in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of three thousand dollars, and in default thereof the grant hereby made may be cancelled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

Section 8. This grant shall not become operative until said railway company shall duly execute, under its corporate seal, an instrument in writing wherein said company shall promise, covenant and agree on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this ordinance fixed and contained, and file the same in the office of the Comptroller of The City of New York within ten days after the adoption of this ordinance.

## PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

## NOTICE TO CONTRACTORS.

## GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
