COMMUNICATIONS FROM DEPARTMENTS AND CORPORATION OFFICERS.

The President laid before the Board the following communication from the Commissioner of Public Works :

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, June 4, 1889.

To the Honorable the Board of Aldermen :

GENTLEMEN—I transmit herewith petition and complaint, dated May 27, from a number of property-owners on One Hundred and Tenth street, One Hundred and Eleventh street, Fifth avenue and Lenox avenue, in favor of closing One Hundred and Eleventh street, between Fifth and Lenox avenues.

I also transmit to you petition, from other property-owners in the same neighborhood, opposing the closing of the street, and requesting that One Hundred and Eleventh street be regulated and graded.

I also transmit to you copies of reports made by Inspectors of this Department in regard to the charges contained in the first petition.

As this Department is utterly powerless in respect to either of the petitions, the information afforded by them is respectfully submitted to your Board in the hope that some decisive action may be taken in reference thereto.

Respectfully yours,

THOMAS F. GILROY, Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS—BUREAU OF INCUMBRANCES,
No. 31 CHAMBERS STREET, ROOM 16,
NEW YORK, June 1, 1889.

Report of Inspector Thomas McGinness, in reference to the Polo Grounds :

I beg leave to report that I watched the Polo Grounds last evening, from 8 to 12 o'clock, and I saw several men enter the grounds and go direct to the grand stand, and they were there when I left.

I also found that Fifth avenue is about eight feet above the grounds, which makes it very dangerous in case any person was to stumble or fall down the embankment. I respectfully recommend that a fence be placed on One Hundred and Eleventh street to replace the parts that were removed by this Bureau some time ago. If this is done it will prevent any accident from happening and will also prevent disorderly people from entering the grounds.

Respectfully,

THOS. MCGINNESS, Inspector.

DEPARTMENT OF PUBLIC WORKS—BUREAU OF INCUMBRANCES,
No. 31 CHAMBERS STREET, ROOM 16,
NEW YORK, June 3, 1889.

Report of Inspector Thomas McGinness :

I beg leave to report that I inspected the Polo Grounds last evening, and I remained there from 7 to 11 o'clock.

At 7 o'clock there was about thirty men and boys playing ball and making a great deal of noise. At 8.15 o'clock, a man and woman came from the direction of Sixth avenue, and left the grounds at One Hundred and Eleventh street and Fifth avenue.

At 8.30 o'clock two men and two women entered the grounds at One Hundred and Eleventh street and Fifth avenue, and remained there about twenty minutes and then left the grounds by the way they entered.

At 8.45 o'clock a man and woman entered the grounds at One Hundred and Eleventh street and Fifth avenue, they went towards the fence at the corner of One Hundred and Tenth street and Sixth avenue, and how long they remained there I cannot state, as I did not see them leave the grounds at One Hundred and Eleventh street and Fifth avenue.

At 10.15 o'clock a man and woman left the grounds at One Hundred and Eleventh street and Fifth avenue.

Respectfully,

THOS. MCGINNESS, Inspector.

DEPARTMENT OF PUBLIC WORKS—BUREAU OF INCUMBRANCES,
No. 31 CHAMBERS STREET, ROOM 16,
NEW YORK, May 31, 1889.

Report of Inspector Lyons :

On complaint against Polo Grounds, One Hundred and Eleventh street, Fifth and Sixth avenues, I beg to report that I arrived at Polo Grounds between the hours of 1 and 2 o'clock P. M., and remained there until 8 o'clock P. M.; in the meantime I found a large number of young men and small boys playing football and baseball. At times they make a great

deal of noise, and the language they utter is not of the best. There was a crowd of young men, between the age of twenty and twenty-five years, who occupied a part of the grand stand, and their appearance was of a rough character; they made a great deal of noise in throwing each other around and fooling in a rough manner. The embankment on Fifth avenue and One Hundred and Eleventh street is in a dangerous condition, being rough and steep in some parts, and as there are quite a number of young children going up and down in the Polo Grounds, some of them are liable to fall over this embankment and be injured.

Respectfully,

J. F. LYONS, Inspector.

The Honorable the Commissioner of Public Works of the City of New York :

Your petitioner, the undersigned, representing the "Pinkney Estate," to wit : All the lots abutting on One Hundred and Eleventh street, between Fifth and Sixth avenues, shows,

That in consequence of the openings on the said avenues, and the failure of the proper authorities to improve the street, by grading and curbing the same, that the said property is being greatly injured by persons unlawfully trespassing on the same, acting in a disorderly manner, committing all kinds of nuisances and destroying personal property left unprotected on said lots, it being impossible for your petitioner to restrain or prevent persons from congregating on the said property so long as the openings remain, and free access given to any who choose to avail themselves of the opportunity presented, there being no legal or lawful authority to prevent the same under the existing circumstances ; wherefore

Your petitioner prays that your Department will take immediate steps to close the aforesaid openings until such time as the authorities are ready to make the improvements under the law, that seeming to be the only feasible method of abating the nuisance complained of.

Dated, NEW YORK, May 29, 1889.

CURTIS B. PIERCE, No. 1267 Broadway.

NEW YORK, May 27, 1889.

To the Honorable the Commissioner of Public Works of the City of New York :

We, the undersigned residents and taxpayers of the City of New York, living and dwelling in the vicinity and neighborhood adjacent and contiguous to that portion of land in the City of New York, generally known and designated as the "Polo Grounds," respectfully petition and ask for the closing and boarding up of the openings to said grounds at Fifth and Sixth avenues and One Hundred and Eleventh street, until such time as the authorities shall grade and pave said street or otherwise improve the same, for the reasons following, to wit :

First—Since the making and opening of said street no attempt has been made to in any manner improve said street, and as a result of this neglect, said street is now a common nuisance, dangerous to life and limb of pedestrians ; the resort of vicious, depraved and the immoral of both sex, who use and occupy the same day and night, utterly regardless of any moral or legal restraint, and shamelessly indifferent to any pretence to or regard for decency.

Second—It moreover is a source of constant worry to parents of children, going to and coming from Central Park, by reason of its present condition. Wherefore, we, the undersigned, pray that you take such action as you may deem best to abate said evil, for which they shall remain forever grateful.

To the Hon. THOMAS F. GILROY, Commissioner of Public Works :

We, the undersigned residents in the vicinity of the Polo Grounds, respectfully call your attention to the following facts :

First—That during the occupation of the grounds in question for base ball purposes, large numbers of disorderly characters were attracted to this neighborhood, women were insulted on the public streets, and scenes of lawlessness and disorder were constantly enacted.

Second—Since these games were discontinued, a marked change for the better has occurred. The crowds which were so great an annoyance have ceased, and the neighborhood has enjoyed the peace and quiet which are manifest in every other portion of the city.

Third—We would earnestly request your influence as a public official, to secure the regulating and grading of One Hundred and Eleventh street, between Fifth and Lenox avenues, a much-needed public improvement, that is now opposed by a private corporate monopoly which has earned enormous profits by a long continued trespass on city property.

MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, June 4, 1889.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted May 21, 1889, worded as follows:

"Resolved, That permission be and the same is hereby given to William Koch to lay a crosswalk of two courses of blue stone, with the row of paving-stones between, across Broadway, opposite No. 84, the work to be done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council."—on the ground that the Water Purveyor reports that the Broadway pavement at this place is in good condition, affording sufficient convenience to pedestrians who desire to cross the street at that place. Crosswalks should only be placed at street intersections, and at such other points where they are urgently needed for the convenience of pedestrians, for the reason that they are objectionable to wagon traffic, especially on crowded thoroughfares like Broadway.

HUGH J. GRANT, Mayor.

Resolved, That permission be and the same is hereby given to William Koch to lay a crosswalk of two courses of blue stone, with a row of paving-stones between, across Broadway, opposite No. 84, the work to be done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

MOTIONS AND RESOLUTIONS.

By Alderman R. J. Barry—

Resolved, That his Honor the Mayor be and he is hereby respectfully requested to return to this Board for amendment a resolution passed May 21, 1889, providing for an improved iron drinking-fountain at northeast corner of One Hundred and Fifty-second street and Seventh avenue. The President put the question whether the Board would agree with said resolution. Which was decided in the affirmative.

Subsequently the paper was received from his Honor the Mayor and is as follows:

Resolved, That an improved iron drinking-fountain be erected on the northeast corner of Seventh avenue and One Hundred and Fifty-second street, under the direction of the Commissioner of Public Works.

On motion of Alderman R. J. Barry, the vote by which said resolution was adopted was reconsidered.

On motion of Alderman R. J. Barry, the resolution was then amended by striking out the words "an improved iron drinking-fountain" and inserting in lieu thereof the words "a free drinking-hydrant."

The President put the question whether the Board would agree with said resolution as amended. Which was decided in the affirmative.

By Alderman Shea—

Resolved, That his Honor the Mayor be and he is hereby respectfully requested to return to this Board three resolutions, as follows:

The President put the question whether the Board would agree with said resolution. Which was decided in the affirmative.

Subsequently the papers were returned from his Honor the Mayor and are as follows:

(1st.)

Resolved, That permission be and is hereby given to Reinhold Jahn to place and keep a watering-trough on the sidewalk, near the curb-line, in front of his premises, No. 3915 Third avenue, the work to be done and water supplied at his own expense, under the direction of the Commissioner of Public Works.

(2d.)

Resolved, That the resolution and ordinance adopted by the Board of Aldermen April 23, 1889, and approved by the Mayor May 6, 1889, providing that the sidewalk on the east side of Boston avenue, from the north side of Jefferson street to the south side of Bristow street, be flagged a space four feet wide through the centre thereof, etc., be and the same are hereby amended by inserting after the word "thereof" the words "the curb-stones set," so that the said resolution and ordinance, when amended, shall read as follows:

That the sidewalk on the east side of Boston avenue, from the north side of Jefferson street to the south side of Bristow street, be flagged a space four feet wide through the centre thereof, the curb-stones set and that crosswalks of three courses of blue stone be laid at the intersection of each of the streets between Jefferson and Bristow streets, under the direction of the Commissioners of Public Parks; and that the accompanying ordinance therefor be adopted.

(3d.)

Resolved, That permission be and the same is hereby given to Henry C. Thompson to lay a nine-inch pipe drain across One Hundred and Eighty-seventh street, at Bathgate avenue or Elizabeth street, through Bathgate avenue or Elizabeth street to and across Third avenue, at its intersection with Third avenue, the work to be done at his own expense, under the direction of the Commissioners of the Department of Public Parks.

On motion by Alderman Shea, the votes by which said resolutions were adopted were reconsidered separately.

On motion by Alderman Shea, the resolutions were then laid on the table.

THE BOARD CREATED BY SECTION 13, CHAPTER 742, LAWS OF 1871, TO AUTHORIZE THE PURCHASE OF LAND FOR THE FIRE DEPARTMENT.

MAYOR'S OFFICE, CITY HALL,
NEW YORK, May 22, 1889.

The meeting was convened pursuant to notice.

Present—Mayor Hugh J. Grant, Commissioner Thomas F. Gilroy of the Department of Public Works, Comptroller Theodore W. Myers, President J. Hampden Robb of the Department of Public Parks, and President Henry D. Purroy of the Fire Department.

On motion, the Mayor was chosen Chairman, and Secretary Carl Jussen, of the Fire Department, Secretary.

The Comptroller submitted the following communications:

FINANCE DEPARTMENT,
NEW YORK, May 22, 1889.

To the Board of Officers authorized by section 13 of chapter 742 of the Laws of 1871, to purchase property for the use of the Fire Department:

Herewith I submit a communication from the Fire Department, transmitting a resolution of the Board of Fire Commissioners, recommending certain locations as suitable for sites for new buildings to accommodate the Engine Company No. 7, and Hook and Ladder Company No. 1, etc., now occupying the building corner of Centre and Chambers streets, the removal of which is necessary for the erection of a new municipal building in that locality.

I have had an examination made of the locations referred to and valuations of the property estimated, but further inquiries are necessary to arrive at definite conclusions as to the advisability of acquiring the property.

The resolution of the Board of Fire Commissioners designates two separate locations for the accommodation of the engine and other companies to be removed from the building corner of Chambers and Centre streets, but it would seem to be more advisable to keep them together, if a suitable location can be found, which can be obtained for the purpose.

The property owned by the City on the block bounded by Centre and Chambers streets, Park Row and Tryon Row, has been suggested, but that is under lease, and a portion of it cannot be taken for public purposes without the consent of the lessee, in the opinion of the Counsel to the Corporation, which is herewith submitted.

If this property is favorably considered for the use of the Fire Department, and also for the accommodation of the First District Civil Court, which has to be provided for also, steps can be taken to ascertain on what terms the lease would be surrendered to the City.

The City also owns a building corner of White and Elm streets, the old Arsenal, which can possibly be used for the purpose by internal alterations.

Property belonging to the City, situated on Duane street, now used by the Fire Department as a fuel depot and as a store-house by the Public Administrator, may also be considered in connection with a purchase of adjoining property, and also a building on Worth street, between Centre and Elm streets, now occupied by the Health Department, if the locations are considered suitable.

Respectfully submitted,

(Signed)

THEODORE W. MYERS, Comptroller.

HEADQUARTERS FIRE DEPARTMENT,
Nos. 157 AND 159 EAST SIXTY-SEVENTH STREET,
NEW YORK, May 16, 1889.

Hon. THEODORE W. MYERS, Comptroller:

SIR—I have the honor to acknowledge receipt to-day of your letter of yesterday relative to the act authorizing the erection of the public building in the northeasterly corner of the City Hall Park, and the removal of the engine-house, etc., at the corner of Chambers and Centre streets, necessitated thereby.

At the time that the bill was introduced in the Legislature last January, the Chief of Department invited attention to the matter and suggested that other sites must be selected for the use of the Department, in case the bill became a law.

In a recent report upon the same subject the Chief of Department makes definite recommendations as to the sites to be secured for the purposes of this Department, and at a meeting of the Board

DEPARTMENT OF PUBLIC PARKS.

Abstract of Proceedings for the Week ending April 13, 1889.

WEDNESDAY, APRIL 10, 1889—STATED MEETING—2 P. M.

Present—Commissioners Robb (President), Borden, and Hutchins.

Mr. E. G. Marsh, the representative of the Comptroller, being present, and the meeting open to the public, the President, in the presence of the representative of the Comptroller and such of the parties making proposals as were present, opened the estimate-box and publicly opened and read all the estimates or proposals which had been received in accordance with advertisements duly published in the CITY RECORD for furnishing and delivering broken North river granite and granite screenings along certain roads, avenues and streets in the Twenty-third and Twenty-fourth Wards.

The contract was awarded to Brown & Flemming, at \$9,760, they being the lowest bidders. C. H. Woehling, M. P. Breen, John J. Clarke and Peter Barry appeared and were heard in opposition to the proposed closing of streets and avenues crossing lands lying between Sheridan and Morris avenues and the Harlem Railroad, the Spuyten Duyvil and Port Morris Branch Railroad and East One Hundred and Sixty-first street, in the Twenty-third Ward.

Frank Loomis, representing the New York Central and Harlem River Railroad Company, was heard in favor thereof.

Petitions signed by owners of adjacent property against the closing of East One Hundred and Fifty-third and One Hundred and Fifty-sixth streets were received and placed on file.

Further consideration of the matter was then postponed to enable Mr. Breen to submit a brief. The matter of the proposed changes in the street system in the vicinity of "Belmont," Twenty-fourth Ward, was then taken up, and, at the request of John Whalen, was again laid over until the 24th instant.

The matter of proposed changes in the street system in Woodlawn District was then taken up for consideration.

M. C. Burton was heard and submitted petitions asking that the streets be laid out fifty feet in width.

H. W. T. Mali, J. C. Ely, W. J. Barnes and George W. Walgrove were also heard relative thereto.

On motion a map showing such proposed changes and entitled "Map or plan showing change of street system in that part of Woodlawn District lying between Eastchester street, Mount Vernon avenue, the northern boundary of the city and the Bronx river, in the Twenty-fourth Ward of the City of New York," was adopted and ordered filed according to law.

Consideration of the matter of proposed changes in the street system in vicinity of St. Mary's Park was postponed until the 8th proximo.

H. W. Taft, representing the New York, New Haven and Hartford Railroad Company, was heard in relation to the petition of said company for closing of portions of Brown place, Willis avenue and other streets.

A petition signed by the Twenty-fourth Ward Real Estate Association, A. C. Brownell and the agent of the Ursuline Convent, asking that certain changes be made in the lines of Bainbridge avenue, at and near Travers street, as shown on an accompanying plan, was received and referred to the Topographical Engineer for report.

Pay-rolls amounting to \$21,831.21 were approved and transmitted to the Finance Department for payment.

FIRE DEPARTMENT.

HEADQUARTERS FIRE DEPARTMENT,
157 AND 159 EAST SIXTY-SEVENTH STREET,
NEW YORK, June 1, 1889.

TO CONTRACTORS.

SEALED PROPOSALS FOR FURNISHING THE materials and labor and doing the work required in building Two Fire Pumps for a New Floating Engine for this Department will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York, until 10 o'clock A.M. Friday, June 14, 1889, at which time and place they will be publicly opened by the head of said Department and read.

No estimate will be received or considered after the hour named.

For information as to the amount and kind of work to be done, bidders are referred to "Schedule C, Part I," and the "General Clauses" and "Steam Trials" clauses of the specifications, and to the drawings, all of which form part of these proposals.

The forms of the agreement, with specifications, showing the manner of payment for the work, and the drawings, may be seen, and forms of proposals may be obtained, at the office of the Department.

Bidders must write out the amount of their estimate in addition to inserting the same in figures.

The work is to be completed and delivered within one hundred and twenty-five (125) days after the execution of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired, are fixed and liquidated at thirty (30) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope, to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of four thousand five hundred (\$4,500) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of two hundred and twenty-five (225) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope, to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance, in the sum of four thousand five hundred (\$4,500) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York, before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of two hundred and twenty-five (\$225) dollars. Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION.

TO CONTRACTORS.

PROPOSALS FOR MATERIALS AND WORK REQUIRED FOR REPAIRING ENGINE, BOILER, ETC., OF THE STEAMER "THOMAS S. BRENNAN."

SEALED BIDS OR ESTIMATES FOR THE aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third Avenue, in the City of New York, until 9.30 o'clock A. M. of Friday, June 14, 1889. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Repairing Engine, Boiler, etc., Steamer 'Thomas S. Brennan,'" and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of **SIXTEEN HUNDRED (\$1,600) DOLLARS.**

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, 1880, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of this security shall, in addition to the justification and acknowledgment, be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons

making the same within three days after the contract is awarded. If the successful bidder shall neglect or neglect within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute, the contract and provide such proper security as has been heretofore stated to be requisite, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, showing the manner of payment, will be furnished at the office of the Department; and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the per-

son or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

JURORS.

NOTICE OF COMMISSIONER OF JURORS IN REGARD TO CLAIMS FOR EXEMPTION FROM JURY DUTY.

ROOM 127, STEWART BUILDING,
NO. 280 BROADWAY, THIRD FLOOR,
NEW YORK, June 1, 1889.

CLAIMS FOR EXEMPTION FROM JURY duty will be heard by me daily at my office, from 9 A. M. until 4 P. M.

Those entitled to exemption are: Clergymen, lawyers, physicians, surgeons, surgeon-dentists, professors or teachers in a college, academy or public school, licensed pharmacists or pharmacists, actually engaged in their respective professions and not following any other calling; militiamen, policemen, and firemen; election officers, jury non-residents, and city employees, and United States employees; officers of vessels making regular trips; licensed pilots, actually following that calling; superintendents, conductors and engineers of

a railroad company other than a street railroad company; telegraph operators actually doing duty as such; Grand, Sheriff's, and Civil Court jurors; stationary engineers; and persons physically incapable of performing jury duty by reason of severe sickness, deafness, or other physical disorder.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered in person, if possible, and at this office only, under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, if unpaid, will be entered as judgments upon the property of the delinquents.

All good citizens will aid the cause of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States jurors, are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

TO CONTRACTORS.

BIDS OR ESTIMATES, INCLOSED IN A sealed envelope, with the title of the work and the name of the bidder indorsed thereon, also the number of the work as in the advertisement, will be received at this office until 12 o'clock M. Tuesday, June 18, 1889, at which place and hour they will be publicly opened by the head of the Department.

No. 1. FOR FURNISHING MATERIALS AND PERFORMING WORK IN THE ALTERATIONS TO THE FIFTH JUDICIAL COURT BUILDING AT NO. 154 CLINTON STREET, CITY OF NEW YORK.

No. 2. FOR TAKING UP AND RELAYING THE PAVEMENT IN THE FOLLOWING-NAMED STREET: MADISON AVENUE, from the north side of One Hundred and Twenty-fifth street to the north side of One Hundred and Twenty-ninth street.

No. 3. FOR REPAIRS TO SEWER IN ONE HUNDRED AND SECOND STREET, between First and Second avenues.

Each estimate must contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact. That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; and the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Rooms 15, 1 and 9, No. 31 Chambers street.

"The commissioner of public works shall, from time to time, establish a scale of rents for the supplying of water, which rents shall be collected in the manner now provided by law, and which shall be apportioned to different classes of buildings in said city in reference to their dimensions, values, exposure to fires, ordinary uses for dwellings, stores, shops, private stables and other common purposes, number of families or occupants, or consumption of water, as near as may be practicable, and modify, alter, amend and increase such scale from time to time, and extend it to other descriptions of buildings and establishments. All extra charges for water shall be deemed to be included in the regular rents, and shall become a charge and lien upon the buildings upon which they are respectively imposed, and, if not paid, shall be returned as arrears to the clerk of arrears. Such regular rents, including the extra charges above mentioned, shall be collected from the owners or occupants of all such buildings respectively, which shall be situated upon lots adjoining any street or avenue in said city in which the distributing water-pipes are or may be laid, and from which they can be supplied with water. Said rents, including the extra charges aforesaid, shall become a charge and lien upon such houses and lots, respectively, as herein provided, but no charge whatever shall be made against any building in which a water-meter may have been, or shall be placed as provided in this act. In all such cases the charge for water shall be determined only by the quantity of water actually used as shown by said meters. * * * * *

The rate charged for steam-vessels taking water daily or belonging to daily lines, is one-half cent per ton (Custom House measurement) for each time they take water. Steamers taking water other than daily, one cent per ton (Custom House measurement).

Water supplied to sailing vessels and put on board, twenty-five cents per hundred gallons. All matters not hereinbefore embraced are reserved for special contract by and with the Commissioner of Public Works.

HYDRANTS, HOSE, TROUGHS, FOUNTAINS, ETC., ETC.

No owner or tenant will be allowed to supply water to another person or persons.

All persons taking water from the City must keep their own service-pipes, street tap, and all fixtures connected therewith, in good repair, protected from frost, at their own risk and expense, and shall prevent all waste of water.

The use of hose to wash coaches, omnibuses, wagons, railway cars or other vehicles or horses, cannot be permitted.

No horse-troughs or horse-watering fixtures will be permitted in the street or on the sidewalk, except upon a license or permit taken out for that purpose. All licenses or permits must be annually renewed on the first of May. Such fixtures must be kept in good order and the water not allowed to drip or waste by overrunning the sidewalk or street, or to become dangerous in winter by freezing in and about such troughs or fixtures.

No hydrant will be permitted on the sidewalk or in the front area, and any hydrant standing in a yard or alley, attached to any dwelling or building, must not be left running when not in actual use, and if the drip or waste from such hydrant freezes and becomes dangerous in winter, the supply will be shut off in addition to the penalty of five dollars imposed.

Taps at wash-basins, water-closets, baths and urinals must not be left running, under the penalty of five dollars for each offense, which will be strictly enforced.

Fountains or jets in hotels, porter-houses, eating-saloons, confectioneries or other buildings are strictly prohibited.

The use of hose for washing sidewalks, stoops, areas, house-fronts, yards, court-yards, gardens, and about stables, is prohibited. Where premises are provided with wells, special permits will be issued for the use of hose, in order that the police or inspectors of this department may understand that the permission is not for the use of Croton water.

Opening fire-hydrants to fill hand sprinklers or other vessels will not be allowed.

The penalty for a violation of any of the preceding rules and regulations will be five dollars for each offense, and if not paid when imposed will become a lien on the premises in like manner as all other charges for unpaid water rates. By order,

JOHN NEWTON,
Commissioner of Public Works.

PUBLIC NOTICE AS TO WATER RATES.

PUBLIC NOTICE IS HEREBY GIVEN THAT in compliance with the provisions of chapter 559, Laws of 1887, amending sections 350 and 351 of the New York City Consolidation Act of 1882, passed June 9, 1887, the following changes are made in charging and collecting water rents:

1st. All extra charges for water incurred from and after June 9, 1887, shall be treated, collected and returned in arrears in the same manner as regular rents have heretofore been treated.

2d. In every building where a water meter or meters are now, or shall hereafter be in use, the charge for water by meter measurement shall be the only charge against such building, or such part thereof as is supplied through meter.

3d. The returns of arrears of water rents, including the year 1887, shall be made as heretofore on the confirmation of the tax levy by the Board of Aldermen, and shall include all charges and penalties of every nature.

4th. A penalty of five dollars (\$5) is hereby established, and will be imposed in each and every case where the rules and regulations of the Department prohibiting the use of water through hose, or in any other wasteful manner, are violated, and such penalties will be entered on the books of the Bureau against the respective buildings or property, and, if not collected, be returned in arrears in like manner as other charges for water.

5th. Charges for so-called extra water rents of every nature, imposed or incurred prior to June 9, 1887, will be canceled of record on the books of the Department.

D. LOWBER SMITH,
Deputy and Acting Commissioner of Public Works.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,

NEW YORK, November 10, 1886.

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

JOHN NEWTON,
Commissioner of Public Works.

GRANTS OF LANDS UNDER WATER.

THE OWNERS OF LANDS IN THE CITY OF New York, which were formerly under water, and which were granted by the City of New York, are notified that nearly all of the grants of such lands contain covenants, on the part of the grantees, and their successors and assigns, to maintain and keep in repair the adjacent streets. The condition of many of these streets is such as to make it necessary that they should be repaired and repaved, and that the obligation resting upon the present owners of adjacent lots to do this work should now be enforced. Many of such owners have requested that such covenants be commuted, and wholly released, upon the payment by them of a certain sum per lot.

The matter will shortly be presented to the Commissioners of the Sinking Fund for their consideration, and the adjustment of the basis of commutation, and application for releases should therefore be made at once.

They may be sent to the undersigned.
Dated New York City, August 7, 1888.

JOHN NEWTON,
Commissioner of Public Works.
