The Comptroller presented the following report, with a resolution certifying to the Board of Estimate and Apportionment that certain stocks and bonds, payable by law from taxation in 1892, can be redeemed by the "Sinking Fund for the Redemption of the City Debt," without impairing the preferred claims thereon, as provided by section 176 of the Consolidation Act:

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE,
December 30, 1891.

To the Commissioners of the Sinking Fund:

GENTLEMEN—The Commissioners of the Sinking Fund are authorized by sections 176 and 177 of the New York City Consolidation Act of 1882, to pay and redeem any portion of the bonded debt now a charge upon the Treasury of the City, other than Revenue Bonds, in their discretion, if it is deemed advantageous for its interest, and "provided such payment shall not in any way impair the preferred claims upon the Sinking Fund for the Redemption of the City Debt," as prescribed by section 175 of said Consolidation Act.

The stocks and bonds which constitute the preferred claims upon the Sinking Fund for the Redemption of the City Debt, as provided by section 175 of the Consolidation Act, amount to \$4,267,200, of which sum the Commissioners of the Sinking Fund hold \$992,800; but no bonds of this class fall due in the year 1892.

Stocks payable from taxation under the laws authorizing their issue, which become due and payable in the year 1892, and which, under the provisions of sections 176 and 177 of the Consolidation Act, may be redeemed by the Commissioners of the Sinking Fund, amount to the sum of \$4,096,296.30, as follows:

Six per cent. City Improvement Stock of the City of New York, issued in pursuance of chapter 920, Laws of 1869, payable November 1, 1892.....	\$66,896 30

Of the foregoing stocks, the Sinking Fund Commissioners hold the sum of \$162,196.30, as follows:

Six per cent. New York County Court-house Stock, issued in pursuance of chapter 242, Laws of 1864, payable November 1, 1892.....	95,300 00
Total.....	\$162,196 30

The balance of said stocks amounts to \$3,934,100, which may be redeemed by the Commissioners of the Sinking Fund.

Section 192 of the Consolidation Act provides that there shall be included in the annual estimates, a sum sufficient with the accumulation of interest thereon for the payment at maturity of stocks and bonds payable by law from taxation, issued after June 3, 1878, excepting Revenue Bonds, which sum shall be paid into the Sinking Fund for the Redemption of the City Debt. Of this class of stocks and bonds, for which payment from the Sinking Fund has been thus provided, the sum of \$190,018.83 becomes due in the year 1892, as stated in the Departmental Estimate of the Finance Department for 1892, as follows:

Five per cent. City Improvement Stock of the City of New York, issued in pursuance of chapter 920, Laws of 1869, payable November 1, 1892.....	\$190,018 83
--	--------------

The foregoing stock is all held by the Commissioners of the Sinking Fund.

On November 30, 1891, the amount in the Sinking Fund for the Redemption of the City Debt, was \$50,563,156.01, as follows:

Cash.....	2,944,072 87
Total.....	\$50,563,156 01

The estimated revenues of the Sinking Fund for the Redemption of the City Debt for the year 1892 amount to the sum of \$6,600,000, as follows:

Market Rents and Fees.....	\$300,000 00
Market Cellar Rents.....	7,500 00
Bonds and Mortgages.....	25,000 00

Miscellaneous.....	100,000 00
	68,500 00
Total estimated ordinary revenue.....	\$6,600,000 00

Section 191 of the Consolidation Act provides as follows:

"Whenever and as often as the Commissioners of the Sinking Fund shall certify to the Board of Estimate and Apportionment that the accumulations in the Sinking Fund will not be sufficient to meet the payment of any bonds or stocks falling due in the next following calendar year, it shall be the duty of said Board of Estimate and Apportionment, and it is hereby required, to include in the annual estimate for such year, to be raised by tax on the estates, real and personal, in said city, subject to taxation, such an amount to be applied to the payment of said bonds or stocks as shall be certified by said Commissioners, and the amount so included in said estimate shall be paid into said Sinking Fund and applied as in this section specified; provided, however, that the amount so to be raised by tax and paid into the Sinking Fund, as in this section provided, shall not in any one year be less than the sum of one million dollars nor more than two million dollars."

The foregoing statements of the accumulations and estimated revenues of the Sinking Fund show that they are more than sufficient to meet the payment of bonds and stocks payable by law from taxation, which fall due in the next following calendar year, to wit, the year 1892, without in any way impairing the preferred claims upon that fund.

A resolution is herewith submitted, for adoption by the Commissioners of the Sinking Fund, to be presented to the Board of Estimate and Apportionment, certifying the amount of the accumulations and of the estimated revenues of the Sinking Fund for the following year, and the amount of the City Debt becoming due in the year 1892, payable by law from taxation, for such action thereon as that Board may deem proper under the provisions of law above cited.

Respectfully submitted,

THEO. W. MYERS, Comptroller.

Whereas, Stocks and bonds of the City and County of New York, amounting to the sum of four million ninety-six thousand two hundred and ninety-six dollars and thirty cents (\$4,096,296.30), forming a portion of the City Debt payable by laws authorizing their issue, from taxation, of which sum the Commissioners of the Sinking Fund hold one hundred and sixty-two thousand one hundred and ninety-six dollars and thirty cents (\$162,196.30), become due and payable in the next following calendar year, 1892, as stated in the Comptroller's report, presented this day, of the condition of the Sinking Fund for the Redemption of the City Debt; and

Whereas, It appears also by said report that the accumulations and the estimated revenues of the said Sinking Fund in the year 1892 are sufficient to pay and redeem that portion of the City Debt so payable from taxation, without in any way impairing the preferred claims on said fund, as prescribed by section 175 of the Consolidation Act of 1882 and other provisions of law; and

Whereas, The Commissioners of the Sinking Fund deem it to be for the best interests of the City that that portion of the City Debt payable originally by law from taxation should be paid and redeemed by said Sinking Fund; therefore,

Resolved, That, as provided by section 191 of the New York City Consolidation Act of 1882, the Commissioners of the Sinking Fund do hereby certify to the Board of Estimate and Apportionment that certain stocks of the City of New York, constituting a portion of the City Debt which, by the laws authorizing their issue, were made payable from taxation, and amounting to the

sum of four million ninety-six thousand two hundred and ninety-six dollars and thirty cents (\$4,096,296.30), become due and payable in the next calendar year, to wit, in the year 1892; that the amount of stocks and bonds now outstanding which constitute a preferred charge against the Sinking Fund for the Redemption of the City Debt, as provided by section 175 of the Consolidation Act, is four million two hundred and sixty-seven thousand two hundred dollars (\$4,267,200), no portion of which becomes due in the said year 1892; that the amount of stocks and bonds and cash in said Sinking Fund on the 30th day of November, 1891, was fifty million five hundred and sixty-three thousand one hundred and fifty-six dollars and one cent (\$50,563,156.01); that the amount of the estimated revenues of said Sinking Fund for the next ensuing calendar year is six million six hundred thousand dollars (\$6,600,000), and that said portion of the City Debt payable from taxation and becoming due in said year 1892, can be paid and redeemed by said Sinking Fund without in any way impairing the preferred claims thereon, as prescribed by said section 175 of the Consolidation Act of 1882.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following statement and resolution transferring surplus of the Sinking Fund for the Payment of Interest on the City Debt to the Redemption Fund:

I hereby certify that the cash balance in the City Treasury to credit of the Sinking Fund for the Payment of Interest on the City Debt on the morning of this 23d of December, 1891, is..... \$2,527,872 80
The next interest dividend, payable therefrom February 1, 1892, is..... 20,367 00
Surplus..... \$2,507,505 80

ISAAC S. BARRETT, General Bookkeeper.

Resolved, That a warrant, payable from the Sinking Fund for the Payment of Interest on the City Debt, be drawn in favor of the Chamberlain for the sum of two million dollars (\$2,000,000), to be deposited to credit of the Sinking Fund for the Redemption of the City Debt, thereby transferring this amount of Surplus Revenue of the Interest Fund to the Redemption Fund, pursuant to section 172 of the New York City Consolidation Act of 1882, as amended by chapter 178, Laws of 1889.

Which resolution was unanimously adopted.

The Comptroller called up the resolution laid over at the meeting of November 10, 1891, to lease offices for the Counsel to the Corporation in the Staats Zeitung Building:

Resolved, That the Counsel to the Corporation be and is hereby requested to prepare a lease to the City for the term of one year from November 1, 1891, at the yearly rental of ten thousand five hundred dollars (\$10,500) upon the same terms and conditions as the existing lease, for certain rooms, offices, or apartments, now occupied by the Counsel to the Corporation in the New Yorker Staats Zeitung Building, situated in Tryon Row, at the intersection of Centre and Chatham streets (now Park Row), in the City of New York, designated and known as and by the entire third floor or story and the rooms numbered 1, 2 and 3, on the fourth floor or story of said building, the Commissioners of the Sinking Fund deeming the rent fair and reasonable, and that it would be for the interest of the City that such lease should be made; and the Comptroller is hereby authorized and directed to execute such lease when prepared and approved by the Counsel to the Corporation, as provided by sections 123 and 181 of the New York City Consolidation Act of 1882.

On motion, the Comptroller was authorized to pay the rent of the offices now occupied by the Counsel to the Corporation in the Staats Zeitung Building until May 1, 1892, at the rate of \$10,500 per annum.

The Comptroller was instructed also, to inquire and report whether more commodious offices can be hired for the Law Department and the Department of Taxes and Assessments, satisfactory to the Counsel to the Corporation and the Commissioners of Taxes and Assessments.

The following application was received from the New York and Westchester Water Company:

The Commissioners of the Sinking Fund, New York:

The New York and Westchester Water Company has been unavoidably delayed in completing the water line between the mainland to Hart's Island, from the mainland by way of City Island. The delay in the line through the public parks, and a change of route made at the suggestion of the Engineer brought the laying of the pipe in much deeper water than was expected, to get above the anchorage of boats between City Island and Hart's Island, and necessitated the making of an extra heavy interlocking joint pipe of the new Ward patent, which is now being laid.

The old Ward joint, similar to water crossing at Brother's Island and Blackwell's Island could have been completed within the time limited, to January 1, but would have been open to the danger of leaks and breakage which has twice rendered other lines used by the City useless (notably to Blackwell's and Brother's Island).

The Hart's Island line being over a mile in length, the company has gone to many thousand dollars of extra expense, and much extra time in securing a pipe with an interlocking ball and socket joint that cannot be broken or affected by any of the things that would affect the ordinary ball and socket joint. It will take about fifty days longer time to manufacture and lay the balance of the pipe. The contractor has notified us that he hopes to do it in thirty days, and that the winter gales on the Sound will prevent his working except in fairly calm weather. Under the circumstances and owing to the unavoidable land delays, and the great extra expense and trouble, the company has taken in the water crossing to insure the supply from the city to Hart's Island, we respectfully ask that a formal extension of fifty days be granted. The company, meanwhile, is proceeding with its work with all diligence and dispatch, and has completed turning on water through the upwards of seven miles of supply pipes which reach to the water crossing line.

Very truly yours, etc.,

NEW YORK AND WESTCHESTER WATER COMPANY,
By D. F. CAMERON, Secretary.

On motion, the time of completion of the contract to supply water to Hart's Island by the said company was extended to February 20, 1892.

The Comptroller presented the following report on a sale of School-house Bonds:

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE,
December 30, 1891.

To the Commissioners of the Sinking Fund:

GENTLEMEN—On the 28th inst., at 2 o'clock P. M., sealed proposals, after due advertisement, in pursuance of law, were received by the Comptroller for \$98,802 Consolidated Stock, School-house Bonds of the City of New York, payable November 1, 1903, bearing interest at the rate of three per cent. per annum, and were opened by the Comptroller in the presence of the Chamberlain, as follows, to wit:

Bidders.	Amount of Bid.	Rate per 100.
1. L. W. Morrison.....	\$98,500 00	100.57
2. The Trustees of the New York Fire Department Relief Fund.....	15,000 00	100.30
3. Excelsior Savings Bank.....	98,000 00	100.50
4. Daniel A. Moran & Co.....	98,000 00	101.62
5. Blake Brothers & Co.....	98,000 00	101.72
6. The Commissioners of the Sinking Fund.....	98,802 00	100.00
Total.....	\$506,302 00	

Of the foregoing proposals for \$98,802 three per cent. bonds and stocks of the City of New York, the award of \$98,000 was made to the highest bidder, Messrs. Blake & Co., at their bid of 101.72, and the balance of \$802 to the Commissioners of the Sinking Fund, with the approval of the Commissioners of the Sinking Fund present at the opening.

Respectfully,

THEO. W. MYERS, Comptroller.

Which was accepted.

The Comptroller presented the following report and resolution to authorize a lease of the second story of the Grand Opera House, at Eighth avenue and Twenty-third street, for the Eighth District Civil Court:

FINANCE DEPARTMENT—COMPTROLLER'S OFFICE,
December 30, 1891.

To the Commissioners of the Sinking Fund:

GENTLEMEN—At a meeting of this Board on the 23d of October last, I presented a protest from Hon. John Jeroloman, Justice of the Eighth District Civil Court, against the further leasing of the loft on the southwest corner of Twenty-second street and Seventh avenue for court purposes, which was referred to the Comptroller. The lease of the present premises expires January 1, 1892, and it is considered advisable to locate the court-rooms elsewhere.

Since the matter was referred to the Comptroller, the Engineer of the Finance Department has examined the premises on the corner of Seventh avenue and Twenty-third street, which are offered to the City at the rental of \$3,000 per annum. He has also examined another location offered at the same rental in the second story of the Grand Opera House, corner of Eighth avenue and Twenty-third street, which he reports to be well suited for the purposes of a district court, and which are superior to any other from the fact that they are so far ready for occupancy that the court could be held on January 2, 1892; whereas the first location mentioned would require probably a fortnight to make suitable alterations. The expenses of the alterations in the Grand Opera House site are estimated at \$600, and would consist in the new arrangement of the furniture and fittings of the present court to suit the different dimensions. The place is easy of access, being one story above the street, with wide and easy stairs, and also an elevator. The light is ample, and the ventilation all that could be desired; the chandeliers in place are sufficient to afford ample means of lighting with gas; and steam heat is furnished without additional cost. No repairs of any kind are proposed. The rooms can be leased until May 1, 1896, the present lessees having a lease of them until that date. The area of the room is 6,300 square feet, the main court-room being 68 x 64; the rooms are all on the same floor with the Judge's room and record rooms to be partitioned off so as to adjoin the court-room. The premises seem to be admirably suited for the purposes of this court in every way, and the rental of \$3,000 per annum is considered fair and reasonable, and I submit a resolution for adoption to authorize the lease of the above-described premises until May 1, 1896.

Respectfully,

THEO. W. MYERS, Comptroller.

Resolved, That the Counsel to the Corporation be and is hereby requested to prepare a lease to the City of a part of the second story of the Grand Opera House, being the main hall in said Opera House, on the northwest corner of Eighth avenue and Twenty-third street, for the use of the Eighth Judicial District Court, for the term of years from January 1, 1892, to May 1, 1896, at the annual rental of three thousand dollars (\$3,000), with the usual covenants and conditions; the Commissioners of the Sinking Fund deeming the rent fair and reasonable, and that it would be for the interest of the City that such lease should be made, and the Comptroller is hereby authorized and directed to execute such lease, when prepared and approved by the Counsel to the Corporation, as provided by sections 123 and 181 of the New York City Consolidation Act of 1882.

On motion, the report was laid over, and the Comptroller was authorized to hire temporary quarters for the Court until a permanent location is secured.

The following communication was received from the Commissioner of Public Works, relative to the present condition of the work on the New Criminal Court Building:

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, December 16, 1891.

Hon. HUGH J. GRANT, Chairman, Commissioners of the Sinking Fund:

DEAR SIR—Having, from personal observation for some weeks past, come to the conclusion that satisfactory progress was not being made with the construction of the New Criminal Court Building, I called upon the Superintendent of Repairs and Supplies to make a full and detailed report of the present status of the work, and after receipt of his report I communicated its substance to Mr. James W. Wilson, architect of the building, with the request that he carefully examine and consider the statement of the present condition of the work and the estimate of the force and time required to complete it with reasonable speed, and to report to me thereon, in writing, at the earliest possible moment.

The condition of the work at the time of the report of the Superintendent of Repairs and Supplies, November 27, ultimo, was as follows:

Of the five hundred working days within which the building should be completed according to the contract, four hundred and one days, exclusive of Sundays and holidays, and days on which the work could not be prosecuted on account of stress of weather had been consumed. The mean height of the building on its four street fronts, from the street level to the parapet, is to be 112 feet. The Elm street front, which is the farthest advanced, was 49 feet below the parapet; the White street front, from 57 to 65 feet below the parapet; the Franklin street front, from 73 to 75 feet below, and the Centre street front, from 75 to 80 feet below the parapet, with the granite work still incomplete. Of the 19 interior brick partition walls, nine and a part of a tenth were built to within 46 feet of the roof level, and the others were from 65 to 80 feet below the required height. Two stories of the marble interior arcade are finished, leaving two stories yet to be built. Of the eight tiers of iron beams required, five were in place on the Elm street front, four on about half of the interior space of the building, and only two on the Centre street front. The iron work, heating apparatus and plumbing are advanced as far as the state of the masonry work permits.

It is evident from this condition of the work that it is a physical impossibility to complete it within the contract time. The Superintendent of Repairs and Supplies concluded his report with the following estimate and recommendation as to the further progress of the work: That the masonry, stone and terra cotta work could and should be completed in sixty-four days by the continuous employment of not less than thirty bricklayers and five stonemasons; that after the building is under a roof a force of thirty plasterers could do the plastering of the one hundred and sixty-nine rooms in seventy days; the other interior work, such as heating apparatus and plumbing, to be progressed as heretofore as rapidly as the progress of the masonry work permits.

In the reply of Mr. James W. Wilson, the architect, he agrees with the report of the Superintendent of Repairs and Supplies as to the state of the work. He adds that the contractors were preparing the ornamental plastering work so that there would be no delay on that account when the building is ready for plastering; that Contractors Dawson and Archer informed him that as soon as the first floor above the second court story shall be in place they will cover it with water-proof material and go on with the plastering and other interior work below, and that he (Mr. Wilson) thinks it safe to say that the entire building will be up to the height of the Elm street front before January 10, proximo.

Acting upon these reports, I notified Contractors Dawson and Archer, in writing, under date of 12th inst., requiring them to put on the work at once the force recommended by the Superintendent of Repairs and Supplies, and that otherwise it would become necessary to take such summary measures as are provided for in the contract in case of its violation by unnecessary delay in the prosecution of the work.

I have deemed it proper to place these circumstances before the Commissioners of the Sinking Fund for their information and consideration.

Very respectfully,

THOS. F. GILROY, Commissioner of Public Works.

On motion, the Comptroller was instructed to communicate with the architect, and ascertain what progress has been made, and request a report from him as to the general condition of the building.

The following communication was received from the Counsel to the Corporation, advising compromise of the claim in suit of William M. Kingsland, trustee, etc.:

ESTIMATES FOR BUILDING A NEW STEAM Launch will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 1 o'clock P. M. of

THURSDAY, JANUARY 21, 1892, at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the steam launch shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract in the manner prescribed and required by ordinance, in the sum of Sixteen Hundred Dollars.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(1.) Bidders must satisfy themselves in regard to

the work by personal examination of the specifications of the proposed work, and by such other means as they may prefer, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of work in the specifications, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2.) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and all the work contracted for is to be fully completed on or before the 10th day of April, 1892, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price for the whole of the work to be done in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work, and whose estimate is regular in all respects.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested the estimate shall distinctly state that fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled on its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount, in each case, to be calculated upon the estimated amount of the work to be done in each class by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 46, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of TWO THOUSAND (\$2,000) DOLLARS.

A bidder for a contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom a contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract, or such specific sum as may be mentioned in the proposal.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or

them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose; and is in all respects fair, and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him. Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and let as provided by law.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The forms of the contracts, including specifications, and showing the manner of payment, can be obtained at the office of the Department, and bidders are cautioned to examine each and all of their provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.
