JOHN J. DELANY, Corporation Counsel.

PROCEEDINGS OF THE BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS.

AT A MEETING OF THE BOARD HELD IN NO. 320 BROADWAY, ON THURSDAY, SEPTEMBER 7, 1905.

There were present—Alexander E. Orr, President, presiding; Charles V. Fornes, Acting Mayor, for the Mayor; James W. Stevenson, Acting Comptroller, for the Comptroller, and Commissioners Woodbury Langdon, Charles Stewart Smith and John Claffin.

Albert B. Boardman, of Counsel, and George S. Rice, Chief Engineer, also were present.

The minutes of the meeting of the 31st of August were read and it was moved that they be approved.

Ayes—The President, Mayor, Comptroller and Commissioners Langdon, Smith and Claffin.

Nays—None.

Carried.

The Acting Mayor presented correspondence and reports on the condition of Park avenue, between Forty-first and Forty-second streets, growing out of a break in the water main on June 11, 1905, and the whole matter was again referred to counsel of the Board for opinion.

The following resolution was moved:

Resolved, That this Board hereby makes the following reinstatement and appointments and accepts the following resignation on the staff of its Chief Engineer:

Name and Title.	Salary.	To Take Effect.
<i>Reinstatement.</i>		
William E. Swift, Assistant Engineer.....		Sept. 18, 1905

Otto E. Huen, Axeman.....	720 00	Sept. 7, 1905
<i>Resignation.</i>		
John F. Johnson, Jr., Rodman.....		Sept. 5, 1905

Resolved, further, That the appointment of Gregorie S. Lavin, Rodman, be and the same hereby is rescinded.

Ayes—The President, Mayor, Comptroller and Commissioners Langdon, Smith and Claflin.

Nays—None.

Carried.

A committee representing certain Bronx associations explained to the Board the bad condition of the service in that borough on the Rapid Transit Railroad, owing to the discontinuance of trains on the spur between The Bronx viaduct of the Rapid Transit Railroad and the Second and Third Avenue elevated lines, and urgently recommended the resumption of this service.

The following resolution was moved:

Resolved, That the Interborough Rapid Transit Company be and hereby is requested to resume the operation of trains over the viaduct section connecting the Rapid Transit Railroad with the Second and Third Avenue Railroad system in The Bronx Borough, this Board being of the opinion that it is against the public interest that the use of the viaduct should be abandoned.

Ayes—The President, Mayor, Comptroller and Commissioners Langdon, Smith and Claflin.

Nays—None.

Carried.

President Orr reported that he had communicated with the President of the New York City Railway Company and with the Rapid Transit Subway Construction Company with a view to ascertaining if a compromise could not be effected on the question of repaving and rebuilding the surface tracks in Lenox avenue. In response to his request President Vreeland and Vice-President Gannon and Mr. Larkin, of counsel, representing the New York City Railway Company, Vice-President Bryan and Mr. Wickerham, of counsel, representing the Rapid Transit Subway Construction Company, including William Barclay Parsons, Consulting Engineer of that company, and other engineers of both companies were present. President Orr addressed them on the importance and necessity for doing the work in Lenox avenue without delay and expressed the hope that an agreement would be reached, suggesting that the Board would be glad to act as arbitrators if occasion should require. The Acting Mayor pointed out that the condition of the street was so bad that no further delay in the matter could be tolerated on the part of the City, and that unless some understanding was reached the City would immediately proceed to do the work. After some discussion it was verbally agreed between the representatives of the two companies to enter into a stipulation whereby the New York City Railway Company should immediately proceed to restore the street and its railway in Lenox avenue, the matter of payment for the said work to be determined as to each part of the work by a committee of two engineers, one from each company, any matters not agreed upon between the engineers to be left to the sole arbitration of President Orr of the Rapid Transit Board.

The Secretary reported that the President had executed consent to the reduction of the bond of the American Bridge Company and the Lawyers' Surety Company from \$450,000 to \$200,000, the same being dated the 29th day of August, 1905, as authorized. The Board then adjourned.

BION L. BURROWS, Secretary.

NEW YORK, September 13, 1905.

Requisition No. 23—For work done and materials furnished under contract dated July 21, 1902, Principal Contract No. 2, for the construction and operation of the Rapid Transit Railroad of The City of New York to August 31, 1905, as follows: Total to date, relative to the contract value of the whole work..... \$1,126,222 58 Less previous requisitions..... 1,088,330 37

Balance due, relative to the contract value of the whole work

\$37,892 21

(Signed) RAPID TRANSIT SUBWAY CONSTRUCTION COMPANY,
By AUGUST BELMONT, President.

Certificate No. 23—I hereby certify that the work done and materials furnished under contract dated July 21, 1902, Principal Contract No. 2, for the construction and operation of the Rapid Transit Railroad of The City of New York, for which Requisition No. 23, of date September 13, 1905, is made by Rapid Transit Subway Construction Company, the contractor, has been done and furnished in accordance with the terms of the contract to the value of thirty-seven thousand eight hundred and ninety-two dollars and twenty-one cents (\$37,892.21); that such value has been ascertained relatively to the contract value of the whole work, and that no certificate has previously been made for such work and materials.

(Signed) GEORGE S. RICE,

Chief Engineer of the Board of Rapid Transit Railroad Commissioners.

The following resolution was moved:

Whereas, Rapid Transit Subway Construction Company, the contractor, has made requisition on this Board, dated September 13, 1905, and numbered Requisition No. 23, for work done and materials furnished under contract dated July 21, 1902, for the construction and operation of the Brooklyn-Manhattan Rapid Transit Railroad to August 31, 1905, and amounting to the sum of thirty-seven thousand eight hundred and ninety-two dollars and twenty-one cents (\$37,892.21); and

Whereas, George S. Rice, Chief Engineer, has certified that the said work done and materials furnished have been done and furnished in accordance with the terms of the said contract; that such value has been ascertained relatively to the contract value of the whole work, and that no certificate has previously been made for such work and materials;

Resolved, That this Board hereby approves said requisition and directs that a voucher be drawn on the Comptroller for the said amount.

Ayes—The President, Vice-President, Comptroller and Commissioners Langdon, Smith and Claflin.

Nays—None.

President Orr reported the receipt of a communication from the President of the Rapid Transit Subway Construction Company to the effect that an agreement had been arrived at with respect to the restoration of the surface on Lenox avenue, etc.

The following report of Counsel was read and a copy ordered forwarded to the Department of Water Supply, Gas and Electricity:

No. 32 NASSAU STREET,
NEW YORK, September 12, 1905.

ALEXANDER E. ORR, Esq., President, Rapid Transit Commission, No. 320 Broadway:

DEAR SIR—Mr. Burrows has sent us, by direction of the Board, a copy of a report from Mr. de Varona, Chief Engineer of the Department of Water Supply, Gas and Electricity, addressed to Mr. Goodwin, the Deputy Commissioner of that Department, dated September 1, 1905, in which the break in the water main on Park avenue, between Fortieth and Forty-first streets, is discussed at great length. We are requested to give "a new and final opinion" in view of the statements in this report.

Mr. de Varona discusses two questions: (1) Who is responsible for the break? (2) Who should make the necessary repairs?

The second of these questions is the only one which is important at the present moment, and the answer to it is perfectly plain. It is this: The City of New York must make the repairs, unless it can legally compel the Rapid Transit contractor to make them.

Now if there were any evidence that the contractor had disobeyed the orders of the engineers of the Rapid Transit Board, or had in fact done poor work or supplied poor materials, or had failed in any particular to comply with the contract of February 21, 1900, there would then be some ground for withholding part of his money until he made good the defect. The trouble is that there is no such evidence. Mr. de Varona in his report is really finding fault with the engineers of the Rapid Transit Board and not with the contractor. The engineers, says Mr. de Varona, ought not to have allowed the pipe in question to be covered up and the pavement relaid until proper tests had been made, and so on. This may all be true, and Mr. Parsons and his subordinates may have been very much to blame; but that would not make the contractor liable.

The contractor, of course, does not insure any pipes he relays. His contract is fully complied with when he has done his work properly in accordance with the orders of the engineer of the Rapid Transit Commission.

We see no reason to change the conclusions expressed in the letter of August 23, 1905, upon this subject.

Respectfully yours,

(Signed) G. L. RIVES,

Letter of Joseph Caccavajo, representing a number of Brooklyn firms desiring show windows in connection with the Hoyt street subway station, and report of Counsel on previous applications for a similar privilege, were presented as follows, and the whole matter was referred to the Committee on Plans and Contracts for report:

JOSEPH CACCAVAJO COMPANY, CONSULTING ENGINEERS,
No. 195 BROADWAY,
NEW YORK, September 11, 1905.

Hon. ALEXANDER E. ORR, President of Board of Rapid Transit Commission, No. 320 Broadway, City:

DEAR SIR—A number of my clients having stores in buildings adjacent to the Hoyt street station on Fulton street, Brooklyn, are desirous of establishing show windows on the station platforms and several of them have already made applications to the Commission for same.

As the desire for these show windows seems to be practically unanimous, will it not be possible to arrange for the contractors to leave the necessary openings in the station walls, at a nominal cost to the property owners and have Mr. Rice furnish a uniform plan for the construction of the show windows that will harmonize with the general design and decoration of the station?

The firms affected, with the house numbers and their respective business, are: General Department Stores—Abraham & Straus, No. 436; A. I. Namm, No. 452; Milkman, Nos. 442 and 444; Chapman & Co., Nos. 497 to 511.

Shoes—McDougal & Lawrie, No. 485; Sorosis Shoe Company, No. 450.
 Artists' and Photographic Supplies—Chas. Kuhn, No. 489.
 Jewelry—Benj. F. Spink, No. 491; A. A. Webster & Co., No. 440.
 Ladies' Cloaks and Suits—Bedell Brothers, No. 460; Lawrence Field & Co., No. 438; Oppenheim, Collins & Co., No. 495.
 Groceries—Acker, Merrill & Condit, No. 446.
 Pianos—Jacob Brothers, No. 457.
 Furs—A. Cassidy, No. 454.
 Drugs—Riker's, No. 456.
 Confectionery—Huyler, No. 458.

As there are no liquor stores, restaurants or other places of an objectionable character, my clients feel that there need be no discrimination.

Several of the above mentioned have already made their arrangements with the Commission for store windows and entrances, so of course are not included in the request for show windows.

If you will kindly let me know just what will be expected of the property owners in order that they may arrange for show windows, I will submit same to the proper persons and will be pleased to co-operate in every way possible to hasten the completion of the work.

Yours very respectfully,
 (Signed) JOSEPH CACCAVAJO.

No. 32 NASSAU STREET,

ALEXANDER E. ORR, Esq., President, Rapid Transit Commission, No. 320 Broadway:

DEAR SIR—I have examined the reports of the Chief Engineer relative to requests from certain owners of property on Fulton street, Brooklyn, for permission to build show windows in connection with stations. As to Nos. 450 Fulton street (Von Dielen), 452 (Namm), 454 (Cassidy) and 456 (Riker), the Chief Engineer has reported that there is no structural objection to these windows being built, and that the question is dependent only upon the policy the Board wishes to follow. These reports were referred by the Board to counsel for opinion.

I believe that the only show windows which exist in the present subway are at the Twenty-third Street and Eighth Street Stations. I am not aware of the arrangements with the owners of the property in reference to these windows.

In Brooklyn, an agreement has recently been made with Messrs. Strauss & Charig, by which they are to be permitted to have show windows on a station platform, in consideration of their granting to the City an easement for a station approach lying partly within their building. This agreement, which will be found in full in the minutes of the Board, and which was made with the approval of the Rapid Transit Subway Construction Company, regulates the right of the owners in reference to the character of the displays in their windows, etc.

I presume that in cases where conditions are similar, your Board and the construction company would approve a similar bargain. Thus in the case of the building at the southwest corner of Fulton and Hoyt streets, Brooklyn, I am now drawing a contract on the same lines which, when approved by the other parties, I will submit to your Board.

In the case of the buildings Nos. 450, 452, 454 and 456 Fulton street, I do not see that the owners offer anything, either to the City or the construction company, as a consideration for allowing the proposed show windows to be built. These windows do not seem to be of any particular benefit to the railroad, while they probably are of considerable value to the shops whose goods they display. I know of no legal reason why a bargain should not be made on the subject; but the price to be paid, and the other terms to be exacted, are matters which your Board and the construction company should consider.

I would suggest that perhaps a Committee of your Board might take it up with Mr. Bryan, who is quite familiar with the subject, with a view to arriving at a definite policy to be pursued in these and other cases in future.

Respectfully yours,
 (Signed) G. L. RIVES.

Letter of the Vice-President of the Rapid Transit Subway Construction Company, requesting an extension of time to four years for completion of work under Contract No. 2, with opinion of Counsel and report of the Chief Engineer thereon, were presented as follows:

RAPID TRANSIT SUBWAY CONSTRUCTION COMPANY,
 NOS. 13 TO 21 PARK ROW,
 NEW YORK, September 1, 1905.

ALEXANDER E. ORR, Esq., President, Board of Rapid Transit Railroad Commissioners, No. 320 Broadway, New York City:

DEAR SIR—Pursuant to the provisions of the contract between The City of New York and this company, dated July 21, 1902, and which was executed and delivered on September 11, 1902 (Minutes Rapid Transit Board, page 1724), I beg to state that owing to unforeseen obstacles this company has not been able, with reasonable diligence, to complete the entire railroad within three years from the date of the delivery of the contract, and I have therefore to request your Board to extend such period to four years, in accordance with the provisions of the said contract (pages 64 and 65).

Very respectfully yours,
 (Signed) E. P. BRYAN,
 Vice-President Rapid Transit Subway Construction Company.

No. 32 NASSAU STREET,
 NEW YORK, September 6, 1905.

BION L. BURROWS, Esq., No. 320 Broadway:

DEAR SIR—I am in receipt of your letter of the 5th inst., inclosing a copy of a letter from the Vice-President of the Rapid Transit Subway Construction Company, in which he states that owing to unforeseen obstacles that company has not been able, with reasonable diligence, to complete the entire railroad within three years from the date of the delivery of the contract, and he requests the Board to extend the period to four years as provided in the contract.

The language of the contract in this respect is as follows:

"The entire railroad shall be completely constructed and equipped ready for immediate, full and continuous operation within three (3) years from the date of the delivery of this contract; provided, that such period shall be extended to four (4) years if, in the opinion of the Board, the contractor shall not be able, with reasonable diligence, to earlier complete its work. The construction of the portions of the railroad not under the East river shall be completed within two and one-half (2½) years from the date of delivery hereof."

The contract further provides how damages shall be fixed for delay in the case, first, of failure to complete the whole road and, second, of failure to complete the portion not under the East river. The date for completion must be extended in case the contractor has been delayed by injunctions, strikes or interference of any public authority.

The contractor has entirely failed to complete the portions of the road not under the East river within the period limited, and I am not prepared to say that the damages provided in the contract are not payable separately in regard to that failure.

So far as the entire road is concerned, it is apparent from the language of the contract that the Board, before extending the time, must be satisfied that the contractor could not, with reasonable diligence, complete the work sooner. That is, of course, a matter on which the Chief Engineer must be consulted; but so far as the work in Joralemon street is concerned, I should suppose that the evidence showed a total lack of diligence.

The matter seems to me to be one which calls for considerable care, and I think before the Board acts it ought to have from the Chief Engineer a full and detailed report on two points, viz.: (1) whether the contractor has exerted "reasonable diligence" up to the present time, and (2) whether the work can be finished with "reasonable diligence" before September 11, 1906.

If, however, the Board is ready to act now, then the inclosed form of resolution may be used.

I may add that I think the Board can lawfully extend the time for completion even if such action is taken after the 11th of September, where, as in this case, the request for extension was made before that date.

Very truly yours,
 (Signed) G. L. RIVES.

Hon. A. E. ORR, President, Rapid Transit Board:

September 14, 1905.

DEAR SIR—I have received the report of the counsel, under date of September 6, in reference to the request of the Rapid Transit Subway Construction Company for extension of the contract time to four years, in accordance with the provisions of the contract, and beg to report that, with the exception of the work near the East river—more particularly the Joralemon street portion—the contractor has exercised reasonable diligence to the present time. That portion of the contract north of Cortlandt street has been in operation since January 16, 1905, and the lower section on Broadway, around the loop to South Ferry, from July 10, 1905.

In my opinion this contract can be ready for operation, with reasonable diligence, by September 11, 1906, the time requested by the Rapid Transit Subway Construction Company for completing the work; not including, however, the extra work contemplated in four-tracking Fulton street and Flatbush avenue.

Very truly yours,
 (Signed) GEORGE S. RICE, Chief Engineer.

The following resolution was moved:

Whereas, By the terms of a contract between The City of New York and Rapid Transit Subway Construction Company, bearing date the 21st day of July, 1902, which was delivered on the 11th day of September, 1902, it was among other things provided that the entire railroad therein mentioned should be completely constructed and equipped ready for immediate, full and continuous operation within three years from the date of delivery of the said contract, and it was also provided that such period should be extended to four years if, in the opinion of this Board, the contractor (the said Rapid Transit Subway Construction Company) should not be able, with reasonable diligence, to earlier complete its work; and

Whereas, The contractor has, by a communication in writing, dated the 1st day of September, 1905, requested that the period for completion of the said railroad should be extended to four years from the date of delivery of the contract; and

Whereas, This Board is of opinion that the said contractor will not be able, with reasonable diligence, to earlier complete its work;

Resolved, That the time of Rapid Transit Subway Construction Company to construct and equip the railroad mentioned in the contract dated the 21st day of July, 1902, be and it is hereby extended until the 11th day of September, 1906.

Ayes—The President, Vice-President, Comptroller and Commissioners Langdon, Smith and Claflin.

Nays—None.

Communication of the President of the Borough of The Bronx, in behalf of the Local Board of Morrisania, Twenty-fourth District, was presented as follows, and the Secretary was directed to inform President Haffen and others interested that, inasmuch as the proposed addition would be only about three thousand feet in length, the Board could consider it as an extension, and so lay it out, in case a contract for the construction for the main Jerome avenue line should be made, thus obviating the necessity of laying out another independent line at this time, which was not deemed advisable:

THE CITY OF NEW YORK,
 OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
 MUNICIPAL BUILDING, CROTONA PARK,
 September 11, 1905.

Board of Rapid Transit Railroad Commissioners of The City of New York, No. 320 Broadway:

GENTLEMEN—At the last meeting of the Local Board of Morrisania, Twenty-fourth District, held at this office on the 7th inst., the matter of the railroad extension along Jerome avenue, in this Borough, was taken up by request of owners of property living in Woodlawn Heights and vicinity. They are anxious that the road be built on Jerome avenue to Two Hundred and Thirty-third street, instead of stopping at the Woodlawn Cemetery and Woodlawn road, and the Local Board of Morrisania, Twenty-fourth District, respectfully recommends that this plan be carried out by your Board.

Yours truly,
 (Signed) LOUIS F. HAFFEN,
 President of the Borough of The Bronx, and
 Chairman, Local Board of Morrisania, Twenty-fourth District

Letter of Hamilton & Beckett, in behalf of the owners of the premises Nos. 503 to 513 Fulton street, Brooklyn, with report of Counsel thereon, was read as follows, and the Secretary was directed to transmit a copy of the report of Counsel to the writers:

HAMILTON & BECKETT, COUNSELLORS-AT-LAW,
 No. 100 BROADWAY,
 NEW YORK, September 7, 1905.

Hon. ALEXANDER E. ORR, Chairman, Board of Rapid Transit Railroad Commissioners, No. 102 Produce Exchange, New York:

DEAR SIR—We are the counsel for the owners of the premises Nos. 503 to 513 Fulton street, Brooklyn, in front of which the subway is being constructed. The contractor has been threatening at times to tear down the vault constructed under the sidewalk in front of these premises. Under a permit of the old City of Brooklyn, and at great expense to the owners, this vault was built to receive four immense boilers, also a large coal receptacle, the removal of which from the present location would entail vast expense in addition to a serious injury to the boilers. The matter was so serious that as long ago as on June 23 last we addressed a letter to the Board of Rapid Transit Railroad Commissioners and we beg to inclose a copy herewith. As no reply to this letter has been received, we have felt justified in thus communicating with you as Chairman of the Board, and we would respectfully urge upon you the advisability of referring it to your Counsel to the end that the legal rights of all parties, including the owners, tenants and the City, may be protected before serious injuries or damages have arisen.

Our investigation leads us to believe that the City has no title to the land in Fulton street and that the title is vested in abutting owners, thus presenting circumstances unlike those which prevailed when the subway on Manhattan Island was being constructed.

Very truly yours,
 (Signed) HAMILTON & BECKETT,
 No. 32 NASSAU STREET,
 NEW YORK, September 12, 1905.

ALEXANDER E. ORR, Esq., President, Rapid Transit Commission, No. 320 Broadway:

DEAR SIR—We are in receipt of your letter of the 8th inst., inclosing letters from Messrs. Hamilton & Beckett, dated September 7 and June 23. Messrs. Hamilton & Beckett, in the former letter, state that they believe that the City has no title to the land in Fulton street, Brooklyn. Whatever may have been the fact formerly, title is now vested in The City of New York. Proceedings were duly begun by the City to acquire a right of way through Fulton street for rapid transit purposes, and the oaths of the Commissioners therein were filed in the office of the Clerk of Kings County on June 2, 1903. In accordance with section 47 of the Rapid Transit Act (chapter 752, Laws of 1894), the City thereupon became seized in absolute ownership of the property, rights and easements necessary for constructing the railway.

Any information which Messrs. Hamilton & Beckett or their clients desire to obtain in regard to the progress of the proceedings before the Commissioners of Appraisal will no doubt be furnished to them by the Corporation Counsel in whose charge these proceedings are placed by law.

Respectfully yours,
 (Signed) G. L. RIVES,

Opinion of counsel on the bill submitted by the New York Times Building Company for \$21,628.85 for waterproofing under that section of the subway which passes through the basement of that building was read as follows, and a copy ordered forwarded to that company:

No. 32 NASSAU STREET,
 NEW YORK, September 13, 1905.

ALEXANDER E. ORR, Esq., President, Rapid Transit Commission:

DEAR SIR—The Board has referred to us a letter from the New York Times Building Company, dated August 9, 1905, in which that company submits a bill amounting to

\$21,628.85, covering the cost from July 26, 1904, to July 6, 1905, for waterproofing under that section of the subway which passes through the basement of the Times Building at Forty-second street and Broadway.

This matter has been the subject of correspondence between the engineers of architects of the Times Building and the Engineers and officers of the Rapid Transit Commission at various times between March 9, 1904, and September 30, 1904, but has not previously been submitted for consideration of counsel for the Board.

The situation at this point is peculiar. The Times Building is so designed that the subway passes through it, and the press rooms or basement are made to extend below and under the subway structure. In 1902 there seems to have been some correspondence between Mr. Parsons, on the one side, and Mr. Purdy, Chief Engineer of the George A. Fuller Company, and Mr. McKenzie, architect of the Times Building, on the other, in relation to these plans. Mr. Parsons at first objected to the plans submitted to him, for the reason that the heavy girders supporting the subway were too high, encroaching upon the space for the subway floor to such an extent as to leave room for a bare covering of concrete over the girders. We are informed by the present Chief Engineer of the Rapid Transit Commission that it was self-evident from these plans that waterproofing would have to be omitted, if they were to be carried out. However, the building company wanted all possible head room over their presses, and as no particular harm could result to the subway at this point by the omission of the waterproofing, and as the heavy mass of concrete between the girders provided a suitable floor for the subway, the plans were finally accepted by Mr. Parsons.

At a meeting of the Rapid Transit Board held on January 8, 1903, the proposed deed to the City of the right of way through the Times Building was submitted by counsel and approved (Minutes, pages 1916 to 1922). This deed provides for the payment of \$59,000 by the City in consideration of which the owner of the property granted "a permanent and perpetual underground easement and right of way for the construction, maintenance and operation in perpetuity of a rapid transit railroad." The subway at this point was to be constructed substantially as shown upon three plans annexed to the deed, approved by Mr. Parsons, and dated October 3, 1902. The deed in some detail provides for the method of construction of the columns supporting the building and the steel frame work of the subway; and it is added that "except as herein specified and indicated the City shall determine all details of the subway railroad construction."

There is nothing in the language of the deed and nothing in the drawings annexed to it which shows any waterproofing at this point.

On March 9, 1904, after the work was well advanced toward completion, Mr. McKenzie, the architect for the Times Building, first wrote to Mr. Parsons in reference to waterproofing the work. As above stated, considerable correspondence ensued on the subject, the conclusion of the Rapid Transit Engineers being that the owners of the Times Building ought to take care of their own work for their own protection, and that they might be permitted to do such waterproofing as they should believe necessary.

Under date of September 23, 1904, the New York Times Building Company wrote that they had taken up the matter in great detail with their engineers and counsel, and that they were firm in their conviction that the demands made upon the Board to waterproof the structure were "in every way correct and proper." The Building Company, however, did not give their reasons for this conclusion, and we have not been favored with any expressions of opinion from their attorneys as to the legal grounds upon which it could be based.

There is certainly nothing in the deed conveying the easement to the City which in terms requires waterproofing to be done, and we do not perceive anything from which a duty to do it can be inferred.

It is unnecessary to consider whether there is any appropriation under the control of the Board from which a bill of this character could be paid, and whether the amount of the bill is just and reasonable. As at present advised, we recommend that the payment of the bill be declined.

Respectfully yours,
(Signed) G. L. RIVES,
(Signed) BOARDMAN, PLATT & SOLEY.

Mr. Boardman reported progress in the work of obtaining the views of property-owners with respect to additional rapid transit lines.

Mr. Rives reported that the Appellate Division had appointed Judge Parker referee to determine the liability and damage growing out of the cave-in in Park avenue.

Mr. Rives presented an informal application of the Acker, Merrill & Condit Company for an entrance from their premises in Hoyt street to the subway station at that point in Brooklyn. The matter was referred to the Committee on Plans and Contracts.

Petition of Michael McBride, with respect to the work of excavation in connection with the proposed Pennsylvania Railroad terminal in front of the premises of the petitioner, No. 317 West Thirty-third street, between Eighth and Ninth avenues, was presented as follows, and ordered referred to the Chief Engineer for investigation, with a copy to the Pennsylvania Railroad Company requesting an expression of their views:

To the Honorable the Board of Rapid Transit Railroad Commissioners:

The undersigned, lessee of the premises at No. 317 West Thirty-third street, between Eighth and Ninth avenues, in the Borough of Manhattan, New York City, respectfully shows to your Honorable Board:

First—That in the franchise given by your Honorable Body to the Pennsylvania, New York and Long Island Railroad Company, certain rights and privileges were granted to said railroad company, and among them to excavate on Thirty-third street, between Eighth and Ninth avenues, Borough of Manhattan, New York City, in accordance with the plans and specifications approved by your Board; that by said plans and specifications said railroad company was authorized to excavate for a terminal station to within 30 feet of the building line of the property owned and occupied by your petitioner. Said plans and specifications also provided that within said 30 feet a retaining wall should be erected, but the width or thickness of said wall is not stated in said plans and specifications.

Second—That your petitioner has consulted competent engineering authorities and is reliably informed and verily believes that a retaining wall of from 16 to 18 feet is ample for the requirements of the situation. Whereas the said railroad company threatens to excavate the entire 30 feet adjoining and in front of the properties owned and occupied by your petitioner, thereby depriving your petitioner of the use of his property and unnecessarily rendering an incalculable and irreparable damage to him; that on the premises above referred to your petitioner conducts a boarding-house, and the business of your petitioner will be utterly ruined if the railroad company destroys the sidewalk or makes the excavation in front of his premises in the manner threatened by said railroad company.

Third—Your petitioner fully realizes that this is a great public work and he has no desire to unnecessarily impede its progress, but that said work can be accomplished satisfactorily without taking up sidewalks, or interfering with them in any way, on the north side of Thirty-third street, between Eighth and Ninth avenues.

Fourth—That on the 23d day of June, 1905, the President of the Borough of Manhattan granted to said railroad company a permit "to take up the pavement and exca-

vate such portion as may be necessary of Thirty-third street, between Eighth and Ninth avenues, for the purpose of erecting a retaining wall in accordance with the plans and specifications approved by the Rapid Transit Commission." Your petitioner respectfully asserts that said permit does not give the right to remove the sidewalks, and under the plans approved by your Board, any interference with the sidewalks on the north side of Thirty-third street, between Eighth and Ninth avenues, is absolutely unnecessary.

Fifth—That under the franchise granted by your Board to said railroad company it is provided

"All plans for and the method of doing the work shall, from time to time, be subject to the approval of the Board."

Your petitioner respectfully submits that under the plenary powers given your Honorable Body by the Legislature of this State, reserved by your body in its contract with said railroad company, your Board has the right and power, and owes to your petitioner as a taxpayer and citizen of this City the duty, to provide and insist that said railroad company shall perform its part of said contract with as little damage as possible to the rights and property of your petitioner, and that there shall be no taking up or interference in any way with the sidewalk on the north side of Thirty-third street, between Eighth and Ninth avenues.

Wherefore your petitioner respectfully asks your Honorable Board to prevent said railroad company from performing the threatened illegal and unnecessary acts and to provide that there shall be no taking up or interference with said sidewalks, or any excavation thereunder.

Dated New York, August, 1905.

(Signed) MICHAEL McBRIDE.

JOHN H. REGAN, Attorney for Petitioner,
No. 290 Broadway, New York City.

Mr. Rives reported that the appeal in the case of Wilcox vs. McClellan, involving the constitutionality of recent legislation affecting the jurisdiction of the Board of Aldermen and the Board of Estimate as to rapid transit franchises, would soon be considered by the Appellate Division, and it was decided to authorize the Counsel for the Board, if they thought it desirable to do so, to ask the leave of the Court to take part in the argument of the appeal.

The Board then adjourned.

CONTRACT FOR THE FINAL DISPOS-

ITION OF GARBAGE.

The period for the performance of this contract will be for five (5) years, beginning the 1st day of August, 1906.

The amount of security required is One Hundred Thousand Dollars (\$100,000).

A special deposit of \$40,000 in money will be required to be made with the Comptroller of The City of New York, at or before the signing of the contract; \$30,000 of this amount, or the unexpended portion thereof, to be returned to the contractor at the end of one year, and \$10,000 of the said amount to remain on deposit with the Comptroller until the completion of the contract, or other termination thereof.

Each bid must be accompanied by a certified check on a solvent banking corporation in The City of New York, payable to the order of the Comptroller for five per centum of the amount for which the work bid for is proposed in any one year to be performed. Such check should be enclosed in the sealed envelope containing the bid or proposal.

The compensation to be paid to the contractor must be stated at a price per annum for each of the five years of the period of contract, and these prices must be written out in full, and must be given also in figures.

From the bids or proposals so received the Commissioner of Street Cleaning may select the bid or bids, the acceptance of which will, in his judgment, best secure the efficient performance of the work, or he may reject any or all of said bids.

The award of the contract on the bid so selected will be conditional on its approval by the Board of Estimate and Apportionment, pursuant to section 544 of the Greater New York Charter. Bidders upon this contract will receive every assistance in obtaining information from the data in possession of the Department in regard to the quantity and quality of material, together with every opportunity to inspect the collections and dumping boards of the Department.

Blank forms and further information may be obtained at the office of the Department of Street Cleaning, the Borough of Manhattan, Nos. 13-21 Park row.

NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 1018 OF the Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS in the BOROUGH OF THE BRONX:

TWENTY-THIRD WARD, SECTION 10.

LAFAYETTE AVENUE—REGULATING, GRADING, CURBING, FLAGGING, LAYING CROSSWALKS AND PLACING FENCES, from Longwood avenue to The Bronx river. Area of assessment: Both sides of Lafayette avenue, from Longwood avenue to The Bronx river, and to the extent of half the block at the intersecting and terminating streets.

—that the same was confirmed by the Board of Assessors, October 3, 1905, and entered on October 3, 1905, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessments interest will be collected thereon, as provided in section 1019 of said Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof on the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before November 20, 1905, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

EDWARD M. GROUT,
Comptroller.
CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE, October 3, 1905.

CORPORATION SALE OF TAX CERTIFICATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on

MONDAY, OCTOBER 23, 1905,

at 12 o'clock m., at the Comptroller's office, No. 280 Broadway, Borough of Manhattan, City of New York, all the right, title and interest of The City of New York in and to a certain tax sale certificate registered in the office of the Collector of Assessments and Arrears in the Borough of Brooklyn by the number 4758, in Liber 83, being the sale for the non-payment of taxes on premises now known as Lot No. 10, in Block 1116, section 4 on the Tax Maps of the Borough of Brooklyn.

The minimum or upset price at which the interest of the City in and to all the said certificate of sale to be sold is appraised and fixed by the Commissioners of the Sinking Fund at the sum of seven hundred and fifty dollars (\$750).

The sale of the said certificate will be made on the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay the full amount of his bid or purchase money at the time of the sale. The assignment of the certificate of sale for taxes duly executed by the proper officer will be delivered to the purchaser at the time of sale and shall be taken by the said purchaser without recourse.

The Comptroller may, at his option, resell the certificate if the successful bidder shall fail to comply with the terms of the sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved. By order of the Commissioners of the Sinking Fund, under resolution adopted at a meeting of the Board, held September 27, 1905.

EDWARD M. GROUT,

CORPORATION SALE OF REAL ESTATE.

D. & M. CHAUNCEY CO., LIMITED, AUCTIONEERS.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction, on

MONDAY, OCTOBER 23, 1905,

at 12 o'clock m., at the Real Estate Exchange, No. 189 Montague street, Borough of Brooklyn, City of New York, all the right, title and interest of The City of New York in and to all that parcel of land purchased by the City of Brooklyn for the non-payment of taxes on the 21st of June, 1886, being known on the assessment maps, for the purpose of taxation, as Lot No. 12, in Block 64, of the Twenty-first Ward.

The minimum or upset price at which the said property shall be sold be and is hereby appraised and fixed at the sum of Two Thousand Dollars (\$2,000). The purchaser in addition thereto to pay the auctioneer's fees. The sale of said premises is to be made on the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay twenty-five per cent. of the amount of his bid or purchase money and the auctioneer's fee at the time of sale, the balance of the purchase money to be paid on or before thirty days from the date of sale. The quit-claim deed for the above described premises to be delivered within thirty days from the date of sale, and the purchaser of the said premises shall take the same, subject to all taxes, assessments and water rates now due and unpaid thereon.

The Comptroller may at his option resell the property if the successful bidder shall fail to comply with the terms of sale, and the person

failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reversed. By order of the Commissioners of the Sinking Fund under a resolution adopted at a meeting of the Board held September 27, 1905.

NOTICE TO PROPERTY-OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessment for LOCAL IMPROVEMENTS IN THE BOROUGH OF BROOKLYN:

TWENTY-SIXTH WARD.

LOGAN STREET—REGULATING AND GRADING, SETTING OR RESETTING CEMENT CURB AND PAVING OR REPAVING SIDEWALKS, between Jamaica avenue and Atlantic avenue. Area of assessment: Both sides of Logan street, from Jamaica avenue to Atlantic avenue, and to the extent of half the block at the intersecting and terminating streets;

—that the same was confirmed by the Board of Revision of Assessments September 28, 1905, and entered September 28, 1905, in the Record of Titles of Assessments kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon as provided in section 1019 of the Greater New York Charter.

Said section provides, in part, that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated from the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before November 27, 1905, will be exempt from interest as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when the above assessment became a lien to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction on Friday, October 6, 1905, at 12 m., in Room 141, Stewart Building, No. 280 Broadway, Borough of Manhattan, the buildings and appurtenances thereto belonging, erected upon real estate, acquired for school purposes, belonging to the Corporation of The City of New York, viz.:

All the right, title and interest of The City of New York in and to all the buildings, with the appurtenances thereto belonging, erected upon the following-described property:

(Acquired for the Board of Education.) 1. The property on the northerly side of Prospect street, near Sands street, running through to the southerly side of Sherman street, in the Borough of Richmond, more particularly described as follows:

Beginning at a point on the northerly line of Prospect street distant 200 feet westerly from the westerly line of Sands street, and running thence northerly and parallel with Sands street 250 feet to the southerly line of Sherman street; thence westerly along the southerly line of Sherman street 100 feet to the easterly line of the lands of Public School 21; thence southerly along the easterly line of said lands of Public School 21 250 feet to the northerly line of Prospect street; thence easterly along the northerly line of Prospect street 100 feet to the point or place of beginning.

By direction of the Comptroller, sales of the above property will be made under the supervision of the Collector of City Revenue on Friday, October 6, 1905, at 12 m.

2. The property on the southwesterly corner of Schenectady avenue and Dean street, in the Borough of Brooklyn, more particularly described as follows:

Beginning at a point formed by the intersection of the westerly line of Schenectady avenue with the southerly line of Dean street, and running thence westerly along the southerly line of Dean street 184 feet; thence southerly and parallel with Schenectady avenue 107 feet 2½ inches; thence easterly and parallel with Dean street 4 feet; thence southerly and again parallel with Schenectady avenue 107 feet 2½ inches to the northerly line of Bergen street; thence easterly along the northerly line of Bergen street 40 feet to the westerly line of the lands of Public School 83; thence northerly along the said westerly line of lands of Public School 83 107 feet 2½ inches to the northerly line of said lands of Public School 83; thence easterly along the said northerly line of lands of Public School 83 140 feet to the westerly line of Schenectady avenue; thence northerly along the westerly line of Schenectady avenue 107 feet 2½ inches to the southerly line of Dean street, the point or place of beginning.

By direction of the Comptroller, sales of the above property will be made under the supervision of the Collector of City Revenue on Friday, October 6, 1905, at 12 m.

The buildings on the premises severally above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of one-half of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter. The word "removal" means that the buildings so sold shall be taken down to the curb level and the cellar properly filled in and graded.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the

same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials, machinery, implement or appliance used in the removal of said building by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and to present a clean exterior. The roofs of the adjacent buildings shall be properly flashed, painted and made water-tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings or parts of buildings included in any of the foregoing parcels.

2. All of the buildings, parts of buildings, sheds, walls, fences, etc., standing within the lines of property acquired for Sixteenth avenue, from Graham avenue to Jamaica avenue, in the First Ward, Borough of Queens. The sale will take place on

FRIDAY, OCTOBER 13, 1905,

at 12 m., on the premises.

All of the buildings, parts of buildings, sheds, walls, fences, etc., standing within the lines of the above-described streets shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

Cash payment in bankable funds at the time and place of sale, and the entire removal of buildings, parts of buildings, sheds, walls, fences, etc., standing within the lines of said streets, from the streets by the purchaser or purchasers within thirty days after the sale. If the purchaser or purchasers fail to effect a removal within that time, he or they shall forfeit his or their purchase money and the ownership of the buildings, parts of buildings, sheds, walls, fences, etc., and The City of New York will cause the same to be removed without notice to the purchaser.

Purchasers to be liable for any and all damages of any kind whatsoever by reason of the occupancy or removal of said buildings, parts of buildings, sheds, walls, fences, etc.

The bidder's assent and agreement to the above terms and conditions are understood to be implied by the act of bidding.

By direction of the Comptroller, sales of the above property will be made under the supervision of the Collector of City Revenue at the time stated herein.

Full particulars of the sale can be obtained at the office of the Collector of City Revenue, Room

141, Stewart Building, No. 280 Broadway, Borough of Manhattan.

CITY OF NEW YORK—BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held September 15, 1905, the following petition was received:

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The Commonwealth Telephone Company hereby respectfully petitions your Honorable Board for a franchise permitting it to construct, maintain and operate its telephone system, with the necessary underground and overhead conductors and other appliances therefor, through, over, under and over the streets, highways and public places of The City of New York, and for the enactment of an ordinance granting to your petitioner such right and franchise for a period of twenty-five years.

There is annexed to this petition marked "A" and made part hereof a draft of an ordinance granting the franchise and privileges for which your petitioner hereby applies and enumerating the terms and conditions upon which the said franchise may be granted.

Complying with the terms of a resolution adopted by your Honorable Board at a meeting thereof held June 9, 1905, your petitioner begs to call your attention to the following circumstances:

First—The facts relating to your petitioner's incorporation and to this application are that your petitioner was duly incorporated under the laws of the State of New York for the purpose of constructing and operating a system of telephone and telegraph within the City and State of New York, and also in the States of New Jersey, Pennsylvania, Delaware and Maryland, and that subsequent to such incorporation and prior to the date of the verification of this petition your petitioner was duly organized pursuant to the law of the State of its incorporation.

This application to your Honorable Board follows as, of course, to obtain the franchise hereby petitioned for in order to exercise and enjoy within the limits of The City of New York the powers and rights stated in your petitioner's certificate of incorporation.

Second—Some of the reasons for this application, among others, are that in consideration of the franchise hereby applied for this company offers to furnish to The City of New York for municipal purposes free telephone service which it is believed will be fully adequate for all City purposes, together with a percentage of the gross earnings of said company, beginning with four per cent. thereof and thereafter increasing during the term of the desired ordinance.

Wherefore your petitioner prays that this Honorable Board will grant this petition and will give your petitioner opportunity to be heard for the purpose of submitting such additional evidence and further argument as to this Board may seem necessary.

Dated New York, August 31, 1905.
THE COMMONWEALTH TELEPHONE COMPANY,
EDWIN M. BROOKS, President.
State of New York, County of Kings, ss.:
Edwin M. Brooks being duly sworn deposes and says:

I am the President of the Commonwealth Telephone Company, the petitioner described in and who executed the foregoing petition. I have read the foregoing petition and know the contents thereof and the same is true to my own knowledge except as to the matters therein set forth upon information and belief and as to those matters I believe it to be true.

EDWIN M. BROOKS.
Sworn to before me this 31st day of August, 1905.

JAMES WHITLOCK,
Commissioner of Deeds, City of New York, N. Y.,
No. 413 Pacific street, Brooklyn, N. Y.
AN ORDINANCE granting to the Commonwealth Telephone Company the right and franchise to construct, operate and maintain in, upon and along the streets, highways and public places of The City of New York and the several boroughs thereof, wires, cables and other appliances proper and necessary for the purpose of carrying on a general telephone and telegraph business.

Be it Ordained by the Board of Estimate and Apportionment of The City of New York as follows:

Section 1. The Board of Estimate and Apportionment of The City of New York hereby grants to the Commonwealth Telephone Company the right, franchise and privilege of constructing, operating and maintaining its wires, cables or other electrical conductors together with the poles, fixtures and other appliances proper and necessary in the telephone business, in said City, through, over, under and along any and all of the streets, avenues, squares, parks and other public places within the limits of The City of New York, for the purpose of conducting a general telephone and telegraph business and for no other purpose; subject, nevertheless, to all the express terms and conditions hereinafter particularly set forth.

Sec. 2. The franchise hereby granted shall exist and continue for a term of twenty-five years from the date of this ordinance; subject, nevertheless, to a renewal and extension thereof for such further period as may be lawful and authorized by this Board upon a valuation thereof and of the lines and property then owned by the grantee or its successor, such value to be established either by arbitrators to be mutually selected and agreed upon by and between the said grantee or its successor and the municipal authorities of The City of New York, then authorized by law to regulate, grant and determine public franchises, or, in the event of failure or inability to fix and establish such a valuation by arbitration, then same to be fixed either by judicial proceeding or in such manner as may be otherwise provided and established by law. For the purpose of fixing and establishing the valuation of the property and franchises contemplated by this ordinance, together with any extension thereof, within the said City of New York, and also for the purpose of determining the amount of earnings of the grantee hereunder and of fixing the proportion thereof payable to the said City of New York, the books, papers and corporate records of the said grantee shall at all times be open to the full inspection and examination of the Comptroller of the City of New York and of his subordinates thereunto specifically authorized.

Upon the expiration of the franchise hereby granted or of any extension thereof which may be hereafter made, The City of New York shall have the right to acquire for itself all the plant and property of the grantee or its successor in the streets, avenues, highways and public places of The City of New York, upon just compensation, to be established as hereinbefore specified.

Sec. 3. The rates for telephone service within the said City of New York which may be lawfully charged and collected by the said grantee or its successor are hereby fixed as follows; subject only to modification by the Board of Estimate and Apportionment of The City of New York, but no change in the said rates shall be made within the period of five years from the date of this ordinance:

First—For telephone service contracted or paid for by the message and for toll service between the boroughs of said City:

For a call not exceeding five minutes in duration by connections wholly within any single borough of said City, not exceeding five cents.

For a call not exceeding five minutes in duration by connections between any two boroughs of said City, the boundaries of which are contiguous, not exceeding ten cents.

For a call not exceeding five minutes in duration by connections between any two boroughs of said City, the boundaries of which are not contiguous, not exceeding fifteen cents.

For the purpose of defining said boundaries between boroughs of said City all waterways intervening between boroughs shall be regarded as though the same did not exist.

Second—For telephone service contracted or paid for without limit as to number of messages per annum:

For business places within the Borough of Manhattan, not exceeding \$90 per annum.

For business places within the boroughs of Brooklyn and The Bronx, not exceeding \$75 per annum.

For business places within the boroughs of Queens and Richmond, not exceeding \$60 per annum.

For residences within the Borough of Manhattan, not exceeding \$50 per annum.

For residences within the boroughs of Brooklyn and The Bronx, not exceeding \$40 per annum.

For residences within the boroughs of Queens and Richmond, not exceeding \$30 per annum.

Sec. 4. In consideration of the grant of this franchise, the grantee or its successor shall render service and make payments to the said City of New York as follows:

First—It shall furnish for the exclusive use of said City and of the officers thereof, upon municipal business, free telephone stations connected with its exchanges as follows: In the Borough of Manhattan 300; in the Borough of Brooklyn 200; in the Borough of The Bronx 100; in the Borough of Queens 100; in the Borough of Richmond 50; service at each and all of said stations to be without charge to The City of New York for communications and connections wholly within a single borough of said City; service by connections between stations in different boroughs to be at 50 per cent. of the rates hereinbefore fixed for toll connections between the said boroughs.

Second—The said grantee or its successor shall pay to The City of New York annually, at such date as may be fixed by this Board, a sum equal to 4 per cent. of its gross earnings for business within The City of New York for the first five years of said ordinance; 5 per cent. of its gross earnings for business within The City of New York for the second five years of said ordinance; 6 per cent. of its gross earnings for business within The City of New York for the remaining fifteen years of said ordinance.

Sec. 5. The said grantee shall construct, operate and maintain its telephone plant within The City of New York in all respects in accordance with the rules and regulations now or hereafter to be adopted by the Department of Water Supply, Gas and Electricity or by other duly authorized municipal authorities of The City of New York having jurisdiction in such matters; and this grant and franchise may not be transferred or assigned, except by and with the consent of the Board of Estimate and Apportionment of the said City.

Sec. 6. Before this grant and franchise shall take effect the said telephone company shall duly execute under its corporate seal a contract and agreement with the said City of New York whereby the said company shall obligate itself and its successor or successors to all the terms and conditions in respect of rates, service, payments to the City and otherwise hereinbefore set forth, which contract shall be approved by and filed with the Comptroller of The City of New York within ten days from the date of this ordinance.

Sec. 7. This ordinance shall take effect immediately, and the following resolutions were thereupon adopted:

Whereas, The foregoing petition from the Commonwealth Telephone Company, dated August 31, 1905, was presented to the Board of Estimate and Apportionment at a meeting held September 15, 1905;

Resolved, That in pursuance of law this Board sets Friday, the 13th day of October, 1905, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time

and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least two (2) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the City Record immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

SECOND JUDICIAL DEPARTMENT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of certain lands and premises and lands under water and wharf property necessary to be taken for the improvement of the water front and harbor of The City of New York for ferry purposes, between RICHMOND AVENUE AND FERRY STREET, Port Richmond, in the Borough of Richmond, in The City of New York, pursuant to a certain plan heretofore adopted by the Commissioner of Docks and approved by the Commissioners of the Sinking Fund.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, by virtue of an order of the Supreme Court, bearing date the 11th day of August, 1905, and filed entered in the office of the Clerk of the County of Richmond on the 7th day of September, 1905, were appointed Commissioners of Estimate and Assessment in the above-entitled proceeding for the purpose of making a just and equitable estimate of the loss and damage to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises and land under water and wharf property hereinafter described, and not now owned by The City of New York, and situated in the Borough of Richmond, in The City of New York, to be taken herein for the improvement of the water front and harbor of The City of New York for ferry purposes, and which said lands and premises and lands under water and wharf property so to be taken are bounded and described as follows:

Beginning at a point in the westerly line of Richmond avenue distant 30.69 feet northerly from the southeasterly corner of the two-story frame building now forming the northwesterly corner of Richmond avenue and Richmond terrace, measured along said westerly line of Richmond avenue, and running thence westerly 124.62 feet along a line drawn parallel with the bulkhead line, established by the Department of Docks and Ferries in 1903, and at right angles with the said westerly line of Richmond avenue to the easterly line of Ferry street;

Thence deflecting to the right through an angle of 91 degrees 20 minutes and 43 seconds, and running thence northerly and along the easterly line of Ferry street and its prolongation 272.63 feet to the pierhead line established by the Secretary of War in 1890;

Thence deflecting to the right through an angle of 69 degrees 23 minutes and 40 seconds, and running easterly along said pierhead line 125.24 feet to the northerly prolongation of the westerly line of Richmond avenue;

Thence deflecting to the right through an angle of 109 degrees 15 minutes and 37 seconds, and running southerly along the westerly line of Richmond avenue and its northerly prolongation 313.83 feet to the point or place of beginning.

Said lands and premises, lands under water and wharf property are shown on a certain plan adopted by the Commissioner of Docks on the 14th day of October, 1903, and approved by the Commissioners of the Sinking Fund on the 18th day of November, 1903, and which said plan is on file in the office of the Department of Docks and Ferries.

All parties and persons interested in said lands and premises and lands under water and wharf property taken or to be taken for the said improvement of the water front and harbor of The City of New York, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, Room No. 401, on the fourth floor of the building No. 258 Broadway, in The City of New York, Borough of Manhattan, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice; and we, the said Commissioners, will be in attendance at our said office on the 20th day of October, 1905, at 10.30 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto, and at such time and place, and at such other or further times and places as we may appoint, we shall hear such owners in relation thereto, and examine the proofs of said claimant or claimants, or such additional proofs or allegations as may then be offered by such owners or on behalf of The City of New York.

Dated New York, September 29, 1905.
ALBERT E. HADLOCK,
ALEXANDER S. LYMAN,
THOMAS A. BRANIFF,
Commissioners.

JOSEPH M. SCHENCK,
Clerk.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening and extending an addition to SUNSET PARK, between Forty-third and Forty-fourth streets and Fifth and Seventh avenues, in the Eighth Ward, in the Borough of Brooklyn, of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of damage, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objection thereto, do present their said objections, in writing, duly verified, to us, at our office in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 17th day of October, 1905, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 18th day of October, 1905, at 3 o'clock p. m.

Second—That the abstract of our said estimate of damage, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 28th day of October, 1905.

Third—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court-house, in the Borough of Brooklyn, in The City of New York, on the 11th day of December, 1905, at the opening of the Court on that day.

Dated Borough of Brooklyn, THE CITY OF NEW YORK, September 28, 1905.

WILLIAM J. CARR,
Chairman;
ROBERT S. BUSSING,
Commissioners.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be enclosed in the envelope containing the bid or estimate, but should be either enclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the nature and extent of the work, reference plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
