SEASHORE PARK.

The matter of acquiring a site on the Atlantic Ocean, within the city limits or immediately adjacent thereto, as a resort for convalescent patients from the City hospitals, fresh air home for children, etc., which was laid over on March 9, was brought up.

The President of the Board of Aldermen moved that the hearing be adjourned to May 4, which motion was agreed to by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Queens and Richmond—13.

PARK AT WEST ONE HUNDRED AND SIXTEENTH STREET, CLAREMONT AVENUE, ETC., MANHATTAN.

In the matter of the laying out as a public park the land bounded by West One Hundred and Sixteenth street, Claremont avenue, West One Hundred and Twenty-second street and Riverside drive, Borough of Manhattan, affidavit of publication was presented, showing that the matter had been duly advertised.

After hearing Hon. Eugene A. Philbin, representing the Metropolitan Parks Association, Mr. John C. Shaw and the President of the Real Estate Owners' Association of The City of New York in opposition to the proposed park; and Mr. Charles Stewart Smith, representing Barnard College; Mr. Francis E. Ward, General Horace Porter and a representative of the West End Association in favor of the proposition, the hearing was closed.

The Comptroller moved that the matter be referred to a committee composed of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Manhattan.

Which motion was unanimously agreed to.

PUBLIC PLACE BOUNDED BY EAST ONE HUNDRED AND EIGHTY-NINTH STREET, FORDHAM ROAD AND CRESTON AVENUE, THE BRONX.

In the matter of the proposed laying out of a public place bounded by East One Hundred and Eighty-ninth street, Fordham road and Creston avenue, in the Borough of The Bronx, affidavit of publication was presented, showing that the matter had been duly advertised.

Nobody appearing in opposition to the proposed layout, the following resolution was adopted:

Whereas, At a meeting of this Board, held on the 9th day of March, 1906, resolutions were adopted proposing to change the map or plan of The City of New York so as to lay out a public place bounded by East One Hundred and Eighty-ninth street, Fordham road and Creston avenue, in the Borough of The Bronx, City of New York, and appointing a hearing at a meeting of this Board to be held on the 6th day of April, 1906, at 10.30 o'clock a.m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 6th day of April, 1906; and

Whereas, It appears from the affidavits of the Supervisor of the City Record that the aforesaid resolutions and notice have been published in the CITY RECORD for ten days prior to the 6th day of April, 1906; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by laying out a public place, bounded by East One Hundred and Eighty-ninth street, Fordham road and Creston avenue, in the Borough of The Bronx, City of New York, does hereby favor the same, so as to lay out the aforesaid public place in accordance with a map or plan submitted by the President of the Borough of The Bronx and dated August 29, 1905.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

LAYING OUT PARK TO INCLUDE KISSENA LAKE, QUEENS.

In the matter of the proposed laying out of a park to include Kissena Lake, in the Borough of Queens, affidavit was presented, showing that the matter had been duly advertised.

After hearing Mr. Fitch, President of the Business Men's Association of Flushing, in favor of the proposed park, nobody appearing in opposition, the hearing was closed.

On motion of the President of the Board of Aldermen, the matter was referred to a committee consisting of the President of the Board of Aldermen, the Comptroller and the President of the Borough of Queens.

On motion of the President of the Board of Aldermen, the following resolutions were adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out a public park, bounded by the right-of-way of the New York and Queens County Railway Company, Oak avenue, Rose street,

Jamaica avenue and the right-of-way of the Stewart Railroad (abandoned), in the Borough of Queens, City of New York, more particularly described as follows:

Beginning at a point formed by the intersection of the westerly line of the right-of-way of the New York and Queens County Railway Company with the southerly line of Oak avenue, as the same is laid down upon the map of Ingleside, adopted by the Board of Estimate and Apportionment on May 1, 1903, running thence southerly along the said westerly line of the right-of-way of the New York and Queens County Railway Company to the northerly line of the right-of-way of the Stewart Railroad; thence westwardly along the northerly line of the right-of-way of the Stewart Railroad to the northeasterly line of Jamaica avenue; thence northwestwardly along the said northeasterly line of Jamaica avenue to the southeasterly line of Rose street; thence north-eastwardly along the southeasterly line of Rose street to the southerly line of Oak avenue; thence eastwardly along the southerly line of Oak avenue to the westerly line of the right-of-way of the New York and Queens County Railway Company, the point or place of beginning.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 4th day of May, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 4th day of May, 1906.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

OPENING FISK AVENUE, QUEENS.

Hearing in the matter of opening Fisk avenue, from Woodside avenue to Grand street, in the Borough of Queens, which was adjourned on March 23, was opened.

Nobody appearing in opposition to the proposed opening, the following resolutions were adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest that the title to the lands and premises required for the opening and extending of Fisk avenue, from Woodside avenue to Grand street, as laid out by resolution adopted on November 13, 1903, Second Ward, in the Borough of Queens, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Fisk avenue, from Woodside avenue to Grand street, as laid out by resolution adopted on November 13, 1903, Second Ward, in the Borough of Queens, City of New York.

Resolved, That 28 per cent. of the cost and expense of said proceedings shall be borne and paid by The City of New York, and that the remainder thereof shall be assessed upon the property deemed to be benefited thereby.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

Whereas, The Board of Estimate and Apportionment of The City of New York has initiated proceedings for opening Fisk avenue, from Woodside avenue to Grand street, in the Second Ward, Borough of Queens; and

Whereas, The said Fisk avenue so proposed to be opened crosses the tracks of the Long Island Railroad Company; and

Whereas, A hearing was had in said matter before the Board of Estimate and Apportionment on the 23d day of March, 1906, notice of which hearing was served upon the said Long Island Railroad Company fifteen days prior to the said 23d day of March, 1906, to wit, on the 5th day of March, 1906; now be it

Resolved, That the Corporation Counsel be and he hereby is requested to take the necessary steps before the State Board of Railroad Commissioners to determine whether the said street shall cross the tracks of the railroad company above grade, at grade or below grade.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

LAYING OUT PARK BOUNDED BY SPRINGFIELD, WILLARD, MAINE AND NEAL DOW AVENUES, RICHMOND.

In the matter of the proposed laying out of a public park bounded by Springfield, Willard, Maine and Neal Dow avenues, in the Borough of Richmond, affidavit of publication was presented, showing that the matter had been duly advertised.

Nobody appearing in opposition to the proposed park, the following resolution was adopted:

Whereas, At a meeting of this Board held on the 9th day of March, 1906, resolutions were adopted proposing to change the map or plan of The City of New York so as to lay out a public park bounded by Springfield, Willard, Maine and Neal Dow avenues, in the Borough of Richmond, City of New York, and appointing a hearing at a meeting of this Board to be held on the 6th day of April, 1906, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby, of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 6th day of April, 1906; and

Whereas, It appears from the affidavits of the Supervisor of the City Record that the aforesaid resolutions and notice have been published in the CITY RECORD for ten days prior to the 6th day of April, 1906; and

Whereas, At the aforesaid time and place, a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by laying out a public park, bounded by Springfield, Willard, Maine and Neal Dow avenues, approximating in dimensions 307 feet on the north, 387 feet on the east, 337 feet on the south and 397 feet on the west; said lands being situated in Pro-

hibition Park, in the Borough of Richmond, City of New York, does hereby favor the same, so as to lay out the aforesaid public park.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

CLOSING THAMES STREET, ETC., MANHATTAN.

The following report of the committee was presented:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 29, 1906.

To the Board of Estimate and Apportionment:

GENTLEMEN—The Board of Estimate and Apportionment at a meeting held March 23, 1906, referred to a committee consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Manhattan, the petition of "Number One Hundred and Eleven Broadway," for the closing of Thames street, as now laid out, between the westerly side of Broadway and the easterly side of Trinity place, and after such closing to convey to said Number One Hundred and Eleven Broadway such title as The City of New York may have in and to said street; and in consideration of such closing and conveyance the corporation known as Number One Hundred and Eleven Broadway proposes to convey the fee of a new street to The City of New York, extending from the westerly side of Broadway to the easterly side of Trinity place, and also to convey to The City of New York the fee of a strip of land on the southerly side of Cedar street, from the westerly side of Broadway to the easterly side of Trinity place, which is intended to be used for the widening of Cedar street; the said new street in lieu of Temple street to be of a width of about thirty feet, the southerly side of which street shall begin at a point on the westerly side of Broadway, about six feet north of the present northerly side of the present Thames street, which it is proposed to close. The land intended to be conveyed for the widening of Cedar street begins on the westerly side of Broadway at a point 276 feet south of the present southerly line of Cedar street, extending thence along to Trinity place, at which point the new south line will be 281 feet, and south of the present southerly line of Cedar street.

It is also proposed to close the present Temple street, between Thames and Cedar streets, except so much thereof as shall be included in the proposed new Thames street.

Your committee has made an examination of the property, and has examined the map thereof, which is attached to this report. It has also examined the report of Mr. Nelson P. Lewis, Chief Engineer of the Board of Estimate and Apportionment, which sets forth in detail the proposition of the petitioner, and it has come to the conclusion that the interests of The City of New York will not in any way be jeopardized by the closing of said present Thames street and Temple street and the opening of the new street, but rather would be benefited; and inasmuch as this petition has also the approval of property owners in the vicinity, whose assessed valuation represents over \$20,000,000, we believe that the Board of Estimate and Apportionment should concur in the report of the Local Board of the Bowling Green District, and in the report of the Chief Engineer of the Board of Estimate and Apportionment, in order to close the present Thames street, between Broadway and Trinity place, and part of Temple street, between the present Thames street and Cedar street, which shall not be included in the new street hereinafter mentioned, or required for the widening of Cedar street, and laying out a new street, extending from Broadway to Trinity place, of the width of about thirty feet, the southerly side of which shall be about six feet north of the present north side of Thames street, and the widening of Cedar street on the southerly side thereof by adding to the present street a strip of land lying between the present southerly line of Cedar street and a straight line commencing at a point on the westerly side of Broadway distant 276 feet south of Cedar street, and running to a point on the easterly side of Trinity place distant 281 feet south of Cedar street, as shown on the map, providing the corporation known as Number One Hundred and Eleven Broadway shall cede to The City of New York the fee title to the proposed new Thames street above mentioned, and the strip of land required for the widening of Cedar street above mentioned, and shall make said new street at their own expense, and also the widening of said Cedar street at their own expense, and shall also give to The City of New York a bond of indemnity, indemnifying said City against all loss or damage of any nature or kind which the said City of New York may or shall sustain by reason of the closing of said streets, in any action which may be commenced by property owners in said district, in accordance with the provisions of chapter 1,006 of the Laws of 1895.

Respectfully submitted,

H. A. METZ, Comptroller.
P. F. MCGOWAN,
President, Board of Aldermen.

Mr. Hellman appeared in opposition to the proposed change.

The following resolutions were adopted:

Whereas, At a meeting of this Board, held on the 2d day of March, 1906, resolutions were adopted proposing to change the map or plan of The City of New York so as to close and discontinue portions of Thames and Temple streets; to lay out a new street to be called Thames street, from Broadway to Trinity place, and to widen Cedar street, on the southerly side, from Broadway to Trinity place, in the Borough of Manhattan, City of New York, and appointing a hearing at a meeting of this Board to be held on the 23d day of March, 1906, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 23d day of March, 1906; and

Whereas, It appears from the affidavits of the Supervisor of the City Record that the aforesaid resolutions and notice have been published in the CITY RECORD for ten days prior to the 23d day of March, 1906; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by closing and discontinuing portions of Thames and Temple streets; laying out a new street to be called Thames street, from Broadway to Trinity place, and widening Cedar street, on the southerly side, from Broadway to Trinity place, in the Borough of Manhattan, City of New York, does hereby favor the same so as to close and discontinue the aforesaid streets and to lay out said new street and widen Cedar street, as follows:

Closing and Discontinuing of Parts of Thames and Temple Streets.

Beginning at a point in the westerly line of Broadway distant 431.60 feet northerly from Rector street; thence westerly, distance 264.42 feet to the easterly line of Trinity place at a point distant 468.28 feet northerly from Rector street; thence northerly along said easterly line of Trinity place, distance 21.54 feet; thence easterly and parallel, or nearly so, to first course, distance 95.58 feet to the westerly line of Temple street; thence northerly along said westerly line, distance 97.36 feet to a point near the present Cedar street; thence easterly and across the present Temple street, distance 25.01 feet; thence southerly and parallel to last course but one, distance 97.35 feet to the northerly line of Thames street; thence easterly and along the old line of said street, distance 145.69 feet to the westerly line of Broadway; thence southerly along said westerly line, distance 21.51 feet to the point or place of beginning.

The Laying Out of a New Street to be Called Thames Street, from Broadway to Trinity Place.

Beginning at a point in the westerly line of Broadway distant 459.10 feet northerly from Rector street; thence westerly 266.78 feet to the easterly line of Trinity place at a point distant 496 feet from Rector street; thence northerly along the easterly line of Trinity place, distance 30.31 feet; thence easterly and parallel to first course, distance 269.60 feet to the westerly line of Broadway; thence southerly along said line, distance 30.26 feet to the point or place of beginning.

The Widening of Cedar Street on the Southerly Side, from Broadway to Trinity Place.

Beginning at a point in the westerly line of Broadway distant 553.17 feet northerly from Rector street; thence westerly along the old line of Cedar street, distance 150.92 feet to the easterly line of Temple street; thence southerly along said line, distance 4.02 feet; thence easterly, distance 150.73 feet to the westerly line of Broadway; thence northerly along said westerly line, distance 2.76 feet to the point or place of beginning.

Also, beginning at a point in the easterly line of Trinity place distant 590.23 feet northerly from Rector street; thence easterly along the old line of Cedar street, distance 99.67 feet to the westerly line of Temple street; thence southerly along said line, distance 3.42 feet; thence westerly, distance 99.57 feet to the easterly line of Trinity place; thence northerly along said line, distance 2.81 feet, to the point or place of beginning.

Said street to be found in Section 1, Blocks 49 and 50 of the Land Map of the Borough of Manhattan, City of New York.

The following is a more particular description of the said proposed changes of the map of The City of New York, and as to the new Thames street to be laid out and Cedar street to be widened, by reference to a certain mark or cut in the building at the northwesterly corner of Broadway and Cedar street hereinafter mentioned, namely:

Closing Thames Street, Between Broadway and Trinity Place or Church Street.

Beginning at the intersection of the southerly side of Thames street with the westerly side of Broadway, and running thence westerly along the southerly side of Thames street 264.42 feet to the easterly side of Church street or Trinity place; thence northerly along the easterly side of Church street or Trinity place 21.54 feet to the northerly side of Thames street; thence easterly along the northerly side of Thames street 266.28 feet to the westerly side of Broadway, and thence southerly along the westerly side of Broadway 21.51 feet to the place of beginning.

Closing Portions of Temple Street, Between Thames Street and Cedar Street.

First Parcel—Parcel between Thames street and south line of a proposed new street.

Beginning at the northwesterly corner of Thames and Temple streets, which corner is distant 95.58 feet easterly from the easterly side of Trinity place or Church street, measured along the north side of Thames street, and running thence northerly along the westerly side of Temple street 6.09 feet to the southerly side of a new street to be laid out between Broadway and Trinity place or Church street; running thence easterly along the southerly side of said new street 25.01 feet to the easterly side of Temple street; running thence southerly along the easterly side of Temple street 6.08 feet to the northerly side of Thames street and running thence westerly along the northerly side of Thames street 25.01 feet to the place of beginning.

Second Parcel—Parcel between north line of a proposed new street and new south line of Cedar street.

Beginning at the intersection of the northerly side of a new street to be laid out between Broadway and Trinity place or Church street with the easterly side of Temple street, and running thence northerly along the easterly side of Temple street 61.01 feet to the southerly side of Cedar street as proposed to be widened; thence westerly along the said southerly side of Cedar street 25.01 feet to the westerly side of Temple street; thence southerly along the westerly side of Temple street 61.01 feet to the northerly side of said new street, and thence easterly along the northerly side of said new street 25.01 feet to the place of beginning.

New Street to be Laid Out Between Broadway and Trinity Place or Church Street.

Beginning at the westerly side of Broadway 61.05 feet south of the southerly side of Cedar street, as proposed to be widened, measured along the westerly side of Broadway, and running thence westerly along a straight line forming an angle on its northerly side with the westerly side of Broadway of 91 degrees 39 minutes and 45 seconds, 269.60 feet, to the easterly side of Trinity place or Church street, at a point 61.11 feet south of the said southerly side of Cedar street, as proposed to be widened, measured along the easterly side of Trinity place; thence southerly along the easterly side of Trinity place 30.31 feet; thence easterly along a line parallel with the first course, and at every point 30.25 feet southerly therefrom, measured at right angles to said first course 266.78 feet to the westerly side of Broadway, and thence northerly along the westerly side of Broadway 30.26 feet to the point of beginning.

Widening Cedar Street on the South Side, Between Broadway and Trinity Place or Church Street.

Beginning at the intersection of the westerly side of Broadway and the southerly side of Cedar street, and running thence southerly along the westerly side of Broadway 2.76 feet; thence westerly along a straight line 275.31 feet to a point on the easterly side of Trinity place or Church street, 2.81 feet south of the intersection of the southerly side of Cedar street and the easterly side of Trinity place or Church street; thence northerly along the easterly side of Trinity place or Church street 2.81 feet to the southerly side of Cedar street, and thence easterly along the southerly side of Cedar street as it runs 275.60 feet, more or less, to the place of beginning.

The southern boundary line of the parcel above described is for greater certainty monumented and located by reference to the buildings on the north side of Cedar street as follows: If said southerly line be prolonged both ways this line will be 37.11 feet southerly, measured on a line perpendicular to said line from the centre of a cut in the shape of a diamond on the upper easterly face of the stone base of the building at the northwesterly corner of Cedar street and Broadway, a few inches above the sidewalk level, and 36.08 feet southerly, measured on a line perpendicular to the said line from the corner of the stone base at the sidewalk level of the building at the northeast corner of Cedar street and Trinity place or Church street.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—14.

Whereas, Number One Hundred and Eleven Broadway, a corporation, united in a petition dated October 12, 1905, to the President of the Borough of Manhattan, and the Local Board of Bowling Green District, for a certain local improvement, to wit:

1. To close the present Thames street, between Broadway and Trinity place, and part of Temple street, between the present Thames street and Cedar street, which shall not be included in the new street hereinafter mentioned, or required for the widening of Cedar street.

2. To lay out a new street extending from Broadway to Trinity place of the width of about thirty feet, the southerly side of which will be about six feet north of the present north side of Thames street.

3. To widen Cedar street on the southerly side thereof by adding to the present street a strip of land lying between the present southerly line of Cedar street, and a straight line commencing at a point on the westerly side of Broadway 2.76 feet south of Cedar street and running to a point on the easterly side of Church street 2.81 feet south of Cedar street as shown on annexed diagram; and

Whereas, The said petition stated: "That the petitioner, Number One Hundred and Eleven Broadway, is the owner in fee of all the several parcels now bounded by Broadway, Trinity place, Trinity Churchyard and Cedar street, except the present Thames street, and is willing to cede to The City of New York the land required for the proposed new street and for the widening of Cedar street, in lieu of a grant to it by the City of the City's right, title and interest in and to the portions of the present Thames and Temple streets, which may be closed, and will at its own expense actually widen Cedar street to conform to the new line thereof, and construct the new street and pave or otherwise improve the same in such manner as may be required by the City authorities so that the changes prayed for, if made, will involve no cost or expense whatever to the City"; and

Whereas, The said Local Board by resolution adopted on the 13th day of February, 1906, granted the petition and recommended that the map or plan of The City of New York be changed accordingly, and this Board has this day approved of the said change.

Resolved, That the Secretary of this Board transmit to the Corporation Counsel a copy of the petition to the President of the Borough and to the Local Board of Bowling Green District, and of the resolutions of this Board with a request that he advise this Board as to what further action is necessary to carry into effect the proposed exchange and submit a form of such agreement as for that purpose may be proper, said agreement to include a provision that Number One Hundred and Eleven Broadway shall furnish a bond to The City of New York that it will hold the City harmless from all damages which may be recovered for and on account of the closing of Thames and Temple streets as proposed.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Brooklyn, The Bronx, Queens and Richmond—14.

EXTENDING MUSCOOTA STREET, MANHATTAN.

The following resolution of the Local Board of Washington Heights, Borough of Manhattan, and report of the Chief Engineer were presented:

In the Local Board of the Washington Heights District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby recommend to the Board of Estimate and Apportionment that the map or plan of The City of New York be altered and changed by laying out thereon a widening and extension of Muscoota street, from Broadway, Manhattan, to Exterior street, The Bronx, as shown on diagram accompanying; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Washington Heights District on the 13th day of March, 1906, three-fourths of the members present voting in favor thereof.

Attest:

BERNARD DOWNING, Secretary.

Approved this 14th day of March, 1906.

Acting President of the Borough of Manhattan, and Commissioner of Public Works.

REPORT NO. 3811.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 27, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is submitted a resolution adopted by the Local Board of the Washington Heights District, Borough of Manhattan, on March 13, 1906, recommending a change in the map of the City by laying out a widening and extension of Muscoota street, from Broadway, in the Borough of Manhattan, to Exterior street, in the Borough of The Bronx.

This establishment of the lines and grades of Muscoota street has been the subject of a number of communications to the Board of Estimate and Apportionment, as it is an important connection between the two boroughs, and being an interborough street it has been impossible to establish its lines and grades without concurrent action by the authorities of both boroughs. The plan referred to, while originating in the Borough of Manhattan, extends to Exterior street, in the Borough of The Bronx, or slightly beyond the borough line. There has also been submitted by the President of the Borough of The Bronx a plan for the laying out of Exterior street, between Bailey avenue, Borough of The Bronx, and Broadway, Borough of Manhattan, a separate report upon which will be presented. The lines of Exterior street appear to be identical in both plans, although there is a slight difference in the grades, which, however, are identical at the deflection in the street about midway between Broadway and Spuyten Duyvil creek, at what is known as the old Farmer's Bridge. It is very important that both ends of this street be laid out on definite lines in order that bridges may be built across the tracks of the New York and Putnam Division of the New York Central and Hudson River Railroad, Exterior street and Spuyten Duyvil creek. The Spuyten Duyvil creek has been practically eliminated as a waterway, the New York Central and Hudson River Railroad Company in their new Kingsbridge improvement having built fixed bridges at both ends of this creek, so that the same treatment can be followed in the improvement of Muscoota street. This elimination of Spuyten Duyvil creek and the substitution of the Harlem River Ship canal as the main waterway has resulted in an embarrassing situation with respect to improvements along the line of the old creek, as, according to the present borough boundaries, such improvements will lie in two boroughs and cannot be carried out without two separate contracts. The section between Spuyten Duyvil creek and the Harlem River Ship canal, which is known as Marble Hill, is now practically a portion of the Borough of The Bronx, although legally a part of the Borough of Manhattan, and it would appear to be desirable to change the borough boundaries.

It is recommended that the plan, so far as it relates to Muscoota street within the limits of the Borough of Manhattan, be approved after the necessary public hearing. There is a discrepancy of one foot between the grade shown upon this plan

at the bridge across the New York and Putnam Railroad and that shown upon the plan submitted by the President of the Borough of The Bronx, and inasmuch as this bridge is in the latter borough, it is recommended in the report upon that plan that the grade shown thereon be adopted.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by laying out and establishing grades for a widening and extension of Muscota street, from Broadway, in the Borough of Manhattan, to Bailey avenue, in the Borough of The Bronx, City of New York, more particularly shown on a diagram submitted by the President of the Borough of Manhattan, entitled "Diagram of the widening and extension of Muscota street (Two Hundred and Twenty-fifth street), from Broadway, Borough of Manhattan, to Bailey avenue, Borough of The Bronx."

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 4th day of May, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 4th day of May, 1906.

OPENING BEDFORD AVENUE EXTENSION, BROOKLYN.

The following report from the Chief Engineer was presented, and, on motion of the Comptroller, the matter was referred to a committee, consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Brooklyn:

REPORT No. 3839.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
April 4, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment held on March 23, 1906, consideration was given to a petition of Andrew D. Baird and others, asking the Board to discontinue proceedings to open Bedford avenue from Heyward street to the Williamsburg Bridge Plaza, and to remove this extension from the map. While no formal hearing had been fixed a number of residents of that part of the Borough of Brooklyn were heard at considerable length, and two alternative plans were submitted as a substitute for the proposed extension of Bedford avenue. These plans were referred to the Engineer of the Board for consideration, with instructions to report at the next Public Improvement meeting.

When this system of approaches to the Williamsburg Bridge was determined upon and laid out upon the map of the City it included the widening of Roebling street, between Broadway and Division avenue, from 60 to 80 feet, and its extension through the short block between Division and Lee avenues, including the taking as a public place of the small triangle which would be left at the intersection of the two last-named streets. This extension of Roebling street would intersect Lee avenue at a point directly opposite Taylor street, it being assumed in the study which preceded the report upon these approaches that Taylor street would afford a direct and easy connection between Wallabout Market and the streets leading to the Williamsburg Bridge from the Borough of Queens.

The first alternative plan consists in the widening of Taylor street from 70 to 80 feet by taking 10 feet from its northwesterly side, while its connection with Bedford avenue is made easier by cutting off the easterly corner at this intersection, substituting for the angle a curve with a radius of about 200 feet. The other alternative plan consists of a further extension of Roebling street, with a slight deflection westwardly at Division avenue, until it would intersect Bedford avenue at Ross street, including the taking of the triangle left between the westerly side of the proposed extension and the easterly corner of Wilson street and Bedford avenue, the plan indicating that this triangular space would afford a good site for a fountain or statue. These two plans, together with the extension of Bedford avenue from Heyward street to the Plaza, which has already been laid out, are shown upon the plan herewith submitted. It was claimed by the speakers who addressed the Board at the meeting of March 23 that the expense of either one of these alternative plans would be very trifling compared with that for the extension of Bedford avenue. I have made a very careful estimate of the probable cost of acquiring the property for both of these plans. The one first referred to, namely, the widening of Taylor street, involves the cutting of ten feet from the fronts of twenty-three lots on the northwesterly side of Taylor street. All of these lots are built upon, and in the case of eight of them the buildings are set back so far that a very small portion of them would be disturbed and the damage would be relatively slight. In the case of nine other lots about five feet would be taken from the fronts of the buildings, while the remaining lots appear to have been improved out to the building line, and ten feet would be taken from each of the buildings. The land taken to establish the curved connection between Taylor street and Bedford avenue will involve the taking of all or a portion of thirteen additional lots, although it is assumed that no damage whatever will be imposed upon the lots at the beginning and the end of this curve, which can be so adjusted as to avoid taking any part of the buildings. A careful study of the property to be taken and the tax values of the land and improvements for 1905 indicates that the present assessed value of the property required for this plan and the damage which would be done to the buildings is \$132,200. In estimating the cost of the various changes already authorized to establish connections with the Williamsburg Bridge, the valuations determined in this way were doubled, in order to get the probable actual cost. Following the same policy in this case it would appear that the cost to the City of acquiring the property for the first alternative plan would be \$264,400.

The second alternative plan, namely, the extension of Roebling street through the two blocks between Taylor and Ross streets, including the triangular area at Bedford avenue and Wilson street, involves the taking in whole or in part of thirty-eight lots, all of which are built upon and one of which is a large plot having a frontage of 164 feet and containing Public School 16. The estimate, based upon present assessed values, of the damage to land and improvements is \$260,000, and if this were doubled, as in the case of the other alternative plan, the probable actual cost of acquiring the property would be \$520,000.

In comparison with these two plans the estimate of the cost of the extension of Bedford avenue was: Assessed value of land and improvements, \$740,000; probable actual cost, \$1,480,000; so that the first alternative plan would involve a probable expense of about 18 per cent. and the second alternative plan would involve an expense of 35 per cent. of that of the extension of Bedford avenue. As to the results which would be accomplished by the three plans, I believe the difference in their utility would be even greater than that indicated by the difference in cost; that is, that the public at large would derive more benefit in proportion to its expense from the Bedford avenue extension than from either of the others. The first of the two alternatives, namely, the widening of Taylor street, I do not believe is worthy of serious consideration.

The distance by the three different routes from the intersection of Bedford avenue and Heyward street to a point in the axis of the Williamsburg Bridge, opposite Roebling street, is as follows:

By the proposed Bedford avenue extension, 3,500 feet.

By alternative plan No. 1, 4,140 feet.

By alternative plan No. 2, 3,860 feet.

In the hearings before the Board, great emphasis has been laid upon the obliquity of the proposed Bedford avenue extension, and the fact that it would leave a number of so-called "gores." In reply to this objection, I can only refer to the enormously

greater value of the property on the line of diagonal streets in all parts of the City when compared with that of property on the rectangular streets intersecting them. It requires but a casual examination of the assessed values of the property on Broadway, north of Union square, in the Borough of Manhattan, and of Fulton street, Flatbush avenue and Broadway, in the Borough of Brooklyn, to convince one of the great value of such streets.

As to the intimations made by some of the speakers at the meeting of the Board on March 23, that there was some mysterious and corrupt influence behind this plan for the extension of Bedford avenue, I beg to state that the plan was the result of a study made by the Engineer of your Board, acting under your instructions to prepare a plan of adequate connections with the Williamsburg Bridge. The subject was given the most careful consideration. It was discussed fully with the Engineer of the Department of Bridges, and the plans which were submitted were those which resulted from a conscientious and careful investigation of the situation, and an endeavor to plan, not for this year or next year, but for the next generation. The report accompanying these plans was made under date of January 3, 1905, and was presented to the Board of Estimate and Apportionment on January 6 following, when public hearings were ordered. If the residents of this section were not aware of these plans for months after they were presented, it was certainly not the fault of the Board of Estimate and Apportionment or of any of its staff.

In this connection I cannot refrain from referring to the attitude which many of the residents of the Borough of Brooklyn have assumed toward all of the great public improvements which have been projected in that borough. In 1860, when the laying out and improvement of Prospect Park was under consideration, there was loud and bitter opposition, and I quote some of the news and editorial comments from the Brooklyn press:

March 16, 1860.

"Last year, without any considerable demand therefor in this city, the Legislature appointed certain gentlemen to locate parks in Brooklyn. The idea, at the best, was a servile imitation of New York, and peculiarly inappropriate at this juncture, in view of the heavy debt the city had just incurred for water works and sewerage. The Commissioners, however, went into it with avidity. Each of them had plans of his own, and every man who had much property wanted to sell it for a park, and every man who had little wanted a park to be paid for by some one else, and located just opposite to his front door. In the multiplicity of projects and conflict of opinions the whole thing fell through, much to the gratitude of city bondholders, who did not want their securities depreciated, and of lot-owners, who did not want their property confiscated by taxation."

March 24, 1860.

"The Park Humbug was thoroughly ventilated before the Kings County delegation of the Assembly yesterday. Gideon Frost made an eloquent appeal to the delegation, showing that people had come here from New York to escape high taxes, and that the very existence of Brooklyn depended on keeping down her public debt and her public expenses; and that her bonds, issued by millions for land speculations and parks, would depreciate to zero. The delegation gave the whole subject the cold shoulder, and we think we can safely congratulate the citizens on the improbability of their being called on to foot a heavy bill, just yet, for purchasing unsaleable property on the outskirts of the city."

April 16, 1860.

"Citizens of Brooklyn who visited Albany during the early part of the present session of the Legislature, were perfectly appalled at the prospect presented to the taxpayers in case of bills then threatened were enacted. There were schemes for buying up vast tracts of land on the environs of the city at the public expense, and for building markets on vast empty spaces."

That the so-called "Eastern District" has always been disposed to assume a peculiarly local attitude toward great metropolitan improvements, is shown by the following extract from a newspaper of April 24, 1860:

"The clamor which has been raised against the Bushwick avenue widening we believe to be disappearing before the sober second thought, which shows the people of the Eastern District how largely they are advantaged by the local improvement legislation of the recent session. While the Western District has two boulevards and an expensive park to pay for, the Eastern has escaped with a single boulevard—yet that one so conveniently located that it taps the other improvements, and makes the access to all through this part of the city."

"With regard to parks, too, we have reason to congratulate ourselves. There is but one provided for, and that is in and for the Western District. We shall be able to take a lesson of experience from the Western District in this regard. If they find Prospect Park to be a benefit to their section, we can get one here; but if, as we believe, the boulevards render the parks unnecessary, the Eastern District will save the expense which the sister district will incur."

I cannot but believe that the plan which the Board has already approved for the direct extension of Bedford avenue to the Bridge Plaza is one which will commend itself to the public if it is carried out, and that the substitution of a cheaper make-shift at this time would ultimately be regretted.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

OPENING HULL, PERRY AND NORWOOD AVENUES, THE BRONX.

The following communication from the Corporation Counsel was presented and a hearing was fixed for May 4, and the Secretary was directed to notify the railroad companies:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
New York, March 22, 1906.

Hon. JOHN MOONEY, Assistant Secretary:

SIR—I am in receipt of your communication of September 27, 1905, informing me that, in accordance with the action taken by the Board of Estimate and Apportionment on September 22, 1905, you inclose a copy of a report made by the Chief Engineer of the Board, with reference to the acquisition of title to certain portions of Hull, Perry and Norwood avenues, Borough of The Bronx, and requesting me to advise the Board as to the proper procedure to be followed under the circumstances.

He reports that, under date of June 15, the President of the Borough of The Bronx transmitted to the Board of Estimate and Apportionment copies of resolutions adopted by the Local Board of the Morrisania District, requesting the Board of Estimate and Apportionment to adopt a resolution directing the acquisition of title to the lands not heretofore acquired, ceded or dedicated for the continuance of Hull avenue, Perry avenue and Norwood avenue (or Decatur street), between Moshulu parkway and Woodlawn road, across the lands of the former Jerome Park Branch of the New York and Harlem Railroad, now the property of the New York City Railway Company. The Local Board acted for the following reasons:

The regulating and grading of the three avenues above named was authorized by the former Board of Estimate and Apportionment by one resolution, adopted on December 28, 1903, and the contract has been virtually completed. These three streets are crossed by a single-track railroad, which was formerly known as the Jerome Park Branch of the Harlem Road. This road, since the abandonment of the race track in Jerome Park and during the construction of the Jerome Park Reservoir, has been used to transport material from this reservoir. It is said that this railroad has become the property of the New York City Railway Company, but in what manner the Engineer is unable to determine. When these three avenues were laid out and their grades fixed, the railroad track was ignored, it having undoubtedly been assumed that this track would soon be removed. He is also advised that the three streets were ceded to The City of New York—Hull avenue and Norwood avenue on December 28, 1897, and Perry avenue on December 31 of the same year—but that the cession did not include the land within the railroad running to Jerome Park. The original grades were amended by a map approved by the Board of Estimate and Apportionment so as to conform more nearly with the surface of the railroad. In the regulating and grading of the street, crossings have not been established, and the object of the foregoing resolution is to acquire the land occupied by this railroad and within the lines of the three avenues, in order that such crossings may be established.

If the Company controlling this railroad has a franchise, the Engineer doubts the power of the City to condemn the land it occupies for street purposes, and he is likewise uncertain as to whether the provisions of the Grade Crossing Law apply in this

case. To bring the railroad tracks to the established grade of the street would result in an impracticable railroad grade, and to carry the streets over or under the railroad at its present grade would be ruinous to the abutting property.

He recommends that the facts be placed before me and that I be asked for advice as to the proper procedure.

From the investigation that I have been obliged to make in the premises, it appears as if there is sufficient evidence to indicate an abandonment of the use of these lands by the Jerome Park Railroad Company for the purposes of its incorporation.

Webster avenue is regulated and graded across the tracks of this railroad at the surface grade thereof, and if it be held that the railroad company is still authorized to use these lands for the purpose of its incorporation, the only practicable method by which a crossing could be made for the three streets would be an overhead crossing. The raising of the grade of the streets which this would require is, in the opinion of the Engineer, so destructive to the value of property on the streets as to be sufficient to prevent the authorization of such a crossing.

I think the matter may be brought to a proper determination by authorizing the acquisition of title to these lands for a street.

Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

TRIANGLE AT WESTERLY END OF BLOCK BOUNDED BY CRESCENT AVENUE, ADAMS PLACE AND EAST ONE HUNDRED AND EIGHTY-THIRD STREET, THE BRONX.

The following report was presented:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE,
March 21, 1906.

To the Board of Estimate and Apportionment:

GENTLEMEN—At a meeting of your Board, held March 9, 1906, there was referred to a Committee, consisting of the Comptroller, the President of the Borough of The Bronx and the Chief Engineer of the Board of Estimate and Apportionment, for examination and report, the matter of the restoring to the street area the triangle at the westerly end of the block bounded by Crescent avenue, Adams place and East One Hundred and Eighty-third street, in the Borough of The Bronx.

It appears that the property in question lies in the bed of the streets on a map of Belmont Village, and that there are easements of light, air and access across the same.

In a communication under date of January 22, 1906, the Chief Engineer of the Board of Estimate and Apportionment states that the owner of the remainder of the block has written a letter "from which it seems clear that the City will be put to no expense for the acquisition of this triangle, that it cannot be built upon in any event, and that the owner of the abutting property proposed to dedicate it to unobstructed public use." It appears to us therefore that the restoring to the street area the triangle in question is unobjectionable, provided the owner of the remainder of the block, who has some interest in the same, dedicates it to the City. We would therefore respectfully recommend that the Board of Estimate and Apportionment adopt a resolution, pursuant to section 442 of the Revised Charter, laying out on the map of The City of New York the property in question, by restoring it to the street area, which is located at the corner of Crescent avenue and Columbia avenue (now East One Hundred and Eighty-third street), as shown on a map of Belmont Village, filed August 7, 1852, upon the condition that the owner of the remainder of the block dedicates to the City for unobstructed use, the property in question, in view of the fact that he has some interest in the same and that for the past few years it has been assessed by the Department of Taxes and Assessments with the abutting property owned by him.

Respectfully,

H. A. METZ,
Comptroller.

LOUIS F. HAFFEN,
President of the Borough of The Bronx.

NELSON P. LEWIS,
Chief Engineer,
Board of Estimate and Apportionment.

The following resolution was then adopted, and the Secretary was directed not to forward the same to the Mayor for approval until an agreement had been reached with the property owner:

Whereas, At a meeting of this Board, held on the 9th day of February, 1906, resolutions were adopted proposing to change the map or plan of The City of New York so as to add to the street area a small triangle at the westerly end of the block bounded by Crescent avenue, Adams place and East One Hundred and Eighty-third street, in the Borough of The Bronx, City of New York, and appointing a hearing at a meeting of this Board, to be held on the 9th day of March, 1906, at 10.30 o'clock a. m., at which meeting such proposed action would be considered by this Board, and requesting a notice to all persons affected thereby of the aforesaid time and place at which such proposed action would be considered, to be published in the CITY RECORD for ten days prior to the 9th day of March, 1906; and

Whereas, It appears from the affidavits of the Supervisor of the City Record that the aforesaid resolutions and notice have been published in the CITY RECORD for ten days prior to the 9th day of March, 1906; and

Whereas, At the aforesaid time and place a public hearing was given to all persons interested in such proposed change who have appeared, and such proposed change was duly considered by this Board; now therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest to change the map or plan of The City of New York by adding to the street area a small triangle at the westerly end of the block bounded by Crescent avenue, Adams place and East One Hundred and Eighty-third street, in the Borough of The Bronx, City of New York, does hereby favor the same, so as to add to the street area the aforesaid triangle as follows:

Beginning at a point in the northern line of East One Hundred and Eighty-third street distant 100 feet westerly from the westerly line of Adams place;

1. Thence westerly along the northern line of East One Hundred and Eighty-third street for 26.96 feet to the eastern line of Arthur avenue (legally acquired as Crescent avenue);

2. Thence northerly along said last-mentioned line for 0.82 foot to the southern line of Crescent avenue;

3. Thence easterly along said last-mentioned line for 34.64 feet;

4. Thence southerly for 22.59 feet to the point of beginning.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following deed was presented and was referred to the Corporation Counsel for approval:

This Indenture, made the fifth day of April, in the year nineteen hundred and six, between August Kuhn, of The City of New York, unmarried, party of the first part, and The City of New York, party of the second part, witnesseth:

That the said party of the first part, in consideration of the sum of one dollar, lawful money of the United States, paid by the said party of the second part, does hereby grant and release unto the said party of the second part, its successors and assigns forever, all the right, title and interest of the party hereto of the first part of,

in and to all that certain plot, piece or parcel of land situate, lying and being in the Twenty-fourth Ward, Borough of The Bronx, City of New York, shown on a certain map entitled "Map or plan laying out the widening of Arthur avenue, between East One Hundred and Eighty-third street and Crescent avenue, by including in Arthur avenue the portion of Block 3072 laid out as a street on map of Belmont village, filed August 7, 1852, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, prepared by the President of the Borough of The Bronx under authority of chapter 466 of the Laws of 1901. Dated New York, December 18, 1905. F. Griffenberg, Principal Assistant Topographical Engineer," and now on file in the office of the President of the Borough of The Bronx, Topographical Bureau, and filed, or intended to be filed, in the office of the Register of the City and County of New York. Which said plot, piece or parcel of land is bounded and described as follows:

Beginning at a point in the northerly side of East One Hundred and Eighty-third street, as shown on said map, distant one hundred feet westerly from the northwesterly corner of Adams place and East One Hundred and Eighty-third street, as shown on said map, said point being the southwesterly corner of Lot No. 6 on a map entitled "Map of Belmont Village, in the Town of West Farms, Westchester County, New York," made by Andrew Findlay, Surveyor, dated December 27, 1851, and filed in the office of the Register of the County of Westchester as map No. 16; running thence northerly at right angles to East One Hundred and Eighty-third street and along the westerly side of said Lot No. 6 22 59-100 feet to the southeasterly side of Crescent avenue, as shown on said map; thence southwesterly along the southeasterly side of Crescent avenue to an angle in said avenue; thence southerly along said Crescent avenue to the northerly side of East One Hundred and Eighty-third street; thence easterly along the northerly side of East One Hundred and Eighty-third street to the point or place of beginning; together with the appurtenances and all the estate and rights of the party of the first part in and to said premises.

To have and to hold the above granted premises unto the said party of the second part, its successors and assigns forever.

In witness whereof the said party of the first part has hereunto set his hand and seal the day and year first above written.

LAYING OUT MUSCOOTA STREET, THE BRONX.

The following communication from the President of the Borough of The Bronx and report of the Chief Engineer were presented:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
January 19, 1906.

Hon. GEORGE B. MCCLELLAN, Chairman, Board of Estimate and Apportionment:

DEAR SIR—The Board of Estimate and Apportionment at its meeting on December 1, 1905, referred the matter of widening Muscoota street, in the boroughs of Manhattan and The Bronx, at Kingsbridge road over the Harlem river, to the President of the Borough of Manhattan and the President of the Borough of The Bronx.

In reporting thereon I would say that I presented the map herewith transmitted to the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, on the 18th inst., entitled "Map or plan showing the location and grades of avenues and streets connecting the Borough of Manhattan with the Borough of The Bronx at Farmer's Bridge," and the same was respectfully recommended to the favorable consideration of the Board of Estimate and Apportionment after a public hearing is given thereon.

Yours truly,

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

REPORT No. 3812.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 28, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—With the accompanying communication from the President of the Borough of The Bronx, dated January 19, 1906, is submitted a plan for the laying out of Muscoota street and a connection between the boroughs of Manhattan and The Bronx over Spuyten Duyvil creek on the line of Kingsbridge road. The Borough President states that this map has been submitted to and approved by the Local Board of the Morrisania District.

In connection with this plan a report has also been prepared upon a plan made by the President of the Borough of Manhattan and approved by the Local Board of the Washington Heights District, the Presidents of the two boroughs having been requested on December 1, 1905, to prepare such plans for an interborough connection.

The plan now under consideration not only provides for a street between the borough line and Bailey avenue, but it also extends this street to Broadway, its lines being identical with those shown upon the plan submitted by the President of the Borough of Manhattan, which is also reported upon, except that the elevation fixed for the grade across the New York and Putnam Railroad tracks is 26 feet, instead of 25 feet on the plan coming from the Borough of Manhattan. Inasmuch, however, as this bridge lies wholly within the Borough of The Bronx, it is recommended that the elevation shown on The Bronx plan be adopted.

The plan under discussion goes much further than the establishment of this connection and indicates several other streets in the Borough of Manhattan, these being extensions of existing streets to a new street lying somewhat west of the present Spuyten Duyvil creek, which it is proposed to straighten, and bordering which there is laid out a park and playground. Further than this, The Bronx plan shows a new park at the junction of Wicker place and Corlear place, comprising ten city lots, which have at present an assessed value of \$12,500, and also a small park at the deflection in Kingsbridge road, opposite the park last referred to, with a connection between it and Broadway at a point nearly opposite the new street already referred to lying west of Spuyten Duyvil creek. Inasmuch as this portion of the plan relates to the Borough of Manhattan and has not been included in the plan prepared by the President of the latter borough, I do not believe that its adoption at the present time is advisable. It is, in my judgment, doubtful if there is any need for a public park and playground in this particular locality.

It is recommended that the portion of the plan relating to the Kingsbridge road, or Muscoota street, between Bailey avenue and the line between the boroughs of Manhattan and The Bronx, be approved after a public hearing, and that the other suggestions indicated upon the plan be referred to the President of the Borough of Manhattan for his consideration and report.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by locating and laying out avenues and streets connecting the Borough of Manhattan with the Borough of The Bronx at Farmer's Bridge, and establishing grades therefor, more particularly shown on a map or plan submitted by the President of the Borough of The Bronx and entitled "Map or plan

showing the location and grades of avenues and streets connecting the Borough of Manhattan with the Borough of The Bronx at Farmer's Bridge," dated January 15, 1906.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 4th day of May, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 4th day of May, 1906.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

VESTING TITLE TO BARTOW STREET, QUEENS.

The following report from the Chief Engineer was presented:

REPORT No. 3810.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 27, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At the meeting of the Board of Estimate and Apportionment, held on the 23d inst., there was referred to the Chief Engineer a communication from the Corporation Counsel, in response to a letter from the Comptroller regarding the vest of title in that part of Bartow street between Wolcott and Jackson avenues, in the Borough of Queens, this action being recommended in order to prevent the owner of a house standing within the lines of the street north of Grand avenue from making alterations and repairs to the building, which would result in compelling the City to pay a largely increased price for the structure, which will be taken in the opening of Bartow street. The letter of the Comptroller is accompanied by a report from the Real Estate Bureau of the Department of Finance, in which it is stated that the property referred to, including the house known as the Mantel Mansion, has been recently purchased by a real estate speculator, who has ordered the tenants out of the house with the expressed intention of expending several thousands of dollars in repairs and alterations. The amount so expended would probably be magnified several times when the time comes to fix the value of the property before the Commissioners of Estimate and Assessment.

Proceedings to open Bartow street, or Sixth avenue, between Wolcott avenue and Jackson avenue, were authorized by the Board of Public Improvements on September 14, 1900, and the oaths of the Commissioners were filed on November 14, 1903. The Board has at different times vested title in the City to portions of the street—namely, between Jackson avenue and the northerly side of Webster avenue on May 14, 1904; from the northerly side of Broadway to the southerly side of Graham avenue on August 1, 1904; from the northerly side of Webster avenue to the southerly side of Graham avenue on November 15, 1904—this action having been taken in order to permit the carrying out of physical improvements on the street. Values are increasing very rapidly in this portion of the Borough of Queens, and in order to prevent not only the alleged renovation of this house, but to guard against demands for more extravagant awards than can now be asked, it would doubtless be wise to vest title in the remaining portion of the street covered by the proceeding. I am advised by the Bureau of Street Openings, of the Corporation Counsel's office, that the damage map has but recently been received, and that it is impossible to state when the final report of the Commissioners will be ready for confirmation, but instead of taking title to the short block containing this house, I would recommend that title to all portions of the street covered by the proceeding of September 14, 1900, for opening Bartow street, or Sixth avenue, between Wolcott and Jackson avenues, be vested in The City of New York on April 7, 1906, except the part above noted as having been vested, the section of the street covered by this recommendation being from the northerly side of Broadway to Wolcott avenue.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Whereas, The Board of Public Improvements, on the 14th day of September, 1900, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Bartow street, from Wolcott avenue to Jackson avenue, in the Borough of Queens, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said Bartow street, and the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law on the 14th day of November, 1903; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 7th day of April, 1906, the title to each and every piece or parcel of land lying within the lines of said Bartow street (Sixth avenue), from the northerly side of Broadway to Wolcott avenue, in the Borough of Queens, City of New York, so required, shall be vested in The City of New York.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

PARK BOUNDED BY THIRTY-FIFTH AND THIRTY-SIXTH STREETS, ELEVENTH AVENUE AND HUDSON RIVER, MANHATTAN.

The following resolution of the Board of Aldermen and report of the Chief Engineer were presented, and the matter was referred to the President of the Borough of Manhattan:

In the Board of Aldermen.

Whereas, There is urgent need for a breathing space on the west side, in the neighborhood of Thirty-sixth street;

Whereas, The population in this neighborhood is congested and would be much benefited by an opportunity to secure fresh air and recreation;

Whereas, The territory bounded by the North river on the west, Thirty-sixth street on the north, Thirty-fifth street on the south and Eleventh avenue on the east, is practically unoccupied by dwelling houses and is, in addition, an eyesore to the neighborhood, because of the fact that it is used as a railroad yard;

Resolved, That the Board of Estimate and Apportionment be requested and urged to make, of the territory described, a public park, to give the relief needed and to, in a measure, compensate for the removal of the public bath from the foot of Thirty-fourth street.

Adopted by the Board of Aldermen February 14, 1906, a majority of all the members elected voting in favor thereof.

REPORT No. 3729.

P. J. SCULLY, Clerk.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 12, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a certified copy of a resolution adopted by the Board of Aldermen on February 14, 1906, requesting and urging the Board of Estimate and Apportionment to lay out as a public park the territory bounded by Thirty-fifth street, Thirty-sixth street, Eleventh avenue and the Hudson river.

The reasons given in the preamble to this resolution are that there is urgent need of a breathing space on the west side in this neighborhood; that the population is congested; that the property is practically unoccupied by dwelling houses, and that it is also an eyesore to the neighborhood and property, in view of the fact that it is used as a railroad yard.

This block at present is occupied principally by the freight yard of the West Shore Railroad. There is also a large building used by the New York Pottery Company, which occupies a substantial part of the block. This is the first incident which has come to my knowledge of a recommendation made by the Board of Aldermen directly to the Board of Estimate and Apportionment, and before taking any action in the matter, I would recommend that the proposition be referred to the President of the Borough of Manhattan, in order that he may submit it to the consideration of the Local Board of the District.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

PLAYGROUND AT RICHARDS, PIONEER, DWIGHT AND KING STREETS, BROOKLYN.

The following resolution of the Local Board of Red Hook, Borough of Brooklyn, and report of the Chief Engineer were presented. The papers were ordered placed on file, as the Finance Department had already arranged to purchase the site:

In the Local Board of the Red Hook District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Red Hook District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Red Hook District, Borough of Brooklyn, this 29th day of June, 1905, hereby recommends to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by locating and laying out as a public playground the property bounded by Richards street, Pioneer street, Dwight street and King street, in the Borough of Brooklyn, as shown on the accompanying map and more particularly described as follows:

Beginning at a point formed by the intersection of the southeasterly line of Richards street with the southwesterly line of Pioneer street;

1. Thence southeasterly along the last-mentioned line 500 feet to its intersection with the northwesterly line of Dwight street;

2. Thence southwesterly along the last-mentioned line 200 feet to its intersection with the northeasterly line of King street;

3. Thence northwesterly along the last-mentioned line 500 feet to its intersection with the southeasterly line of Richards street;

4. Thence northeasterly along the last-mentioned line 200 feet to the point of beginning.

And it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Red Hook District on the 29th day of June, 1905.

REPORT No. 3736.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 19, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Red Hook District, Borough of Brooklyn, adopted on June 29, 1905, recommending a change in the map or plan of The City of New York by laying out as a public playground the property bounded by Richards street, Pioneer street, Dwight street and King street.

The block described by the resolution has a length of 500 feet and a depth of 200 feet, and it adjoins the Red Hook Park on the south, the latter comprising an area of two blocks, each similar in size to the one which it is now proposed to add to it. The property is unimproved at the present time, but it is located in a section the character of which has already been fixed as a manufacturing district, with a large tenement population. The park is centrally located, and in my judgment the proposition to extend its area before improvements have progressed and before values have risen to such an extent as to make the purchase prohibitive, is one to be commended. The land has an assessed valuation of \$36,050, and is owned by three persons.

I would recommend that a public hearing be given in this matter.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

CLOSING BENNETT'S LANE, BROOKLYN.

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

In the Local Board of the Bay Ridge District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 27th day of February, 1905, hereby recommends to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by striking therefrom Bennett's lane, from Eighty-fourth street to Gravesend Bay, as shown on the accompanying map and more particularly described as follows:

REPORT No. 3737.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 19, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on February 27, 1905, recommending a change in the map or plan of The City of New York by closing and discontinuing Bennett's lane, between Eighty-fourth street and Gravesend Bay.

Bennett's lane, extending from Eighty-fourth street to Gravesend Bay, was undoubtedly an old country road, having an irregular alignment and a width of about 33 feet. Its lines were ignored when a definite street system was provided for the locality, and its use has already been discontinued through a portion of its length. It is possible that several persons would be deprived of street frontage if the lane were removed from the map, but if such should prove to be the case they would undoubtedly be compensated for damage sustained in connection with the opening of the streets which have been provided by the map heretofore adopted.

The change is, in my judgment, a proper one, and its approval is recommended, after a public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by closing and discontinuing Bennett's lane, from Eighty-fourth street to Gravesend Bay, in the Borough of Brooklyn, City of New York, more particularly described as follows:

CHANGE OF GRADE OF EAST THIRTY-SECOND STREET, BROOKLYN.

The following resolution of the Local Board of Flatbush, Borough of Brooklyn, and report of the Chief Engineer were presented:

In the Local Board of the Flatbush District.

Whereas, A petition for a local improvement, described below, has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Flatbush District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 6th day of December, 1905, hereby recommends to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by changing the grade on East Thirty-second street, between Farragut and Glenwood roads, in the Borough of Brooklyn, as shown on the accompanying map, and more particularly described as follows:

Beginning at the intersection of East Thirty-second street and Farragut road, the elevation to be 26.50 feet as heretofore;

Thence southerly to a summit distant 381 feet from the southerly building line of Farragut road, the elevation to be 30 feet;

Thence southerly to the intersection of Glenwood road, the elevation to be 28 feet, as heretofore.

Note—All elevations refer to mean high water datum as established by the Bureau of Highways, Borough of Brooklyn.

And it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Flatbush District on the 6th day of December, 1905.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 19, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on December 6, 1905, recommending a change in the map or plan of The City of New York by changing the grade of East Thirty-second street, between Farragut and Glenwood roads.

The change proposed consists of a slight alteration in the location of the summit already provided in the block, and a slight increase in the elevation of the same, for the purpose of making the established grade conform with the improvements already made on the street.

The change proposed is, in my judgment, a proper one, and its approval is recommended, after a public hearing.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter, as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the grade of East Thirty-second street, between Farragut and Glenwood roads, in the Borough of Brooklyn, City of New York, more particularly described as follows:

Beginning at the intersection of East Thirty-second street and Farragut road, the elevation to be 26.50 feet as heretofore;

Thence southerly to a summit distant 381 feet from the southerly building line of Farragut road, the elevation to be 30 feet;

Thence southerly to the intersection of Glenwood road, the elevation to be 28 feet, as heretofore.

Note—All elevations refer to mean high water datum as established by the Bureau of Highways, Borough of Brooklyn.

Resolved, That this Board consider the proposed change at a meeting of the Board to be held in the City Hall, Borough of Manhattan, City of New York, on the 4th day of May, 1906, at 10:30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board to be held at the aforesaid time and place, to be published in the CITY RECORD and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 4th day of May, 1906.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

CHANGE OF GRADE OF KENMORE PLACE, BROOKLYN.

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented and placed on file:

In the Local Board of the Bay Ridge District.

Whereas, A petition for a local improvement, described below, has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 27th day of September, 1905, hereby recommends to the Board of Estimate and Apportionment an alteration in the map or plan of The City of New York by changing the grade of Kenmore place, between Voorhies avenue and Emmons avenue, in the Borough of Brooklyn, as shown on the accompanying map and more particularly described as follows:

Beginning at the intersection of Kenmore place and Voorhies avenue, the elevation to be 4.14 feet, as heretofore;

Thence southerly to a point distant 370 feet from the southerly building line of Voorhies avenue, the elevation to be 2.89 feet;

Thence southerly to the intersection of Emmons avenue, the elevation to be 3.88 feet, as heretofore.

Note—All elevations refer to mean high water datum as established by the Bureau of Highways, Borough of Brooklyn.

And it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bay Ridge District on the 27th day of September, 1905.

REPORT No. 3739.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 19, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on September 27, 1905, recommending a change in the grade of Kenmore place, between Voorhies avenue and Emmons avenue.

The grading of Kenmore place was authorized on January 6 of last year, at which time it was shown that the street was in use for a distance of about 150 feet south of Voorhies avenue, where several houses have been erected, and that the remainder of the block was unimproved, although a narrow wagon path was in use. Under the grade heretofore adopted the elevations at Voorhies avenue and Emmons lane were approximately four feet, while in the centre of the block a summit has been provided with an elevation of 5.22 feet. The land in the middle of the block is low, and apparently for the purpose of saving fill it is now proposed to substitute for the summit a depression in the middle of the block, the elevation being changed to 2.89 feet.

No information is submitted to show that the improved property would be damaged in carrying out the grades already established, and in my judgment the fixing of an elevation as low as that now proposed is inadvisable, as it would manifestly be out of the question to provide adequate drainage.

I would recommend that the resolution be not approved.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

CLOSING SPENCER PLACE, THE BRONX.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of The Bronx; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For taking from file section 7 of the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, and amending the same by showing a discontinuance and closing of Spencer place, between East One Hundred and Fiftieth street and the New York Central and Hudson River Railroad, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 16th day of November, 1905.

Alderman Murphy, Alderman Morris, Alderman Stumpf and the President of the Borough of The Bronx voting in favor thereof.

Negative—None.

Attest:

REPORT No. 3761.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 19, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on November 16, 1905, recommending a change in the map of the City by closing and discontinuing Spencer place, between East One Hundred and Fiftieth street and the New York Central and Hudson River Railroad.

This resolution affects a short block of Spencer place, the same having a length of a little over 150 feet and a width of 25 feet. The northerly terminal of the street is at the property line of the Spuyten Duyvil and Port Morris Railroad, the railroad land being here occupied as a yard. Title to the street has been acquired under formal proceedings, but it is not in use at the present time and its lines are not marked upon the ground. The evident object in laying out the street originally was to secure frontage for property without giving the lots an excessive depth. The change in the map is petitioned for by eleven owners of property in the immediate vicinity, and the petition is accompanied by a report from the Topographical Engineer, in which statement is made that the Corporation Counsel has given an opinion in this case to the effect that "there is nothing to prevent the City, if it so desires, from discontinuing and closing Spencer place, even if the awards which were made by the Commissioners in the proceedings taken to acquire title to such land have been paid, or the assessments which were levied for such benefit have been collected by the City." The closing of this street will undoubtedly be followed by the restoration of the land to private uses, and provision for the disposal of it by the City seems to have been made under chapter 106 of the Laws of 1895.

I would recommend that a public hearing be given in this matter, and that the resolution be approved, unless it can be shown that serious damage will be done to some of the interests affected.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York, by closing and discontinuing Spencer place, between East One Hundred and Fiftieth street and the New York Central and Hudson River Railroad, in the Borough of The Bronx, City of New York, more particularly shown on a map or plan submitted by the President of the Borough of The Bronx, and entitled, "Map or plan showing the discontinuance of Spencer place, between East One Hundred and Fiftieth street and the New York Central and Hudson River Railroad, in the Twenty-third Ward, Borough of The Bronx."

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 4th day of May, 1906, at 10:30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 4th day of May, 1906.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

CHANGE OF LINES OF VAN BUREN STREET, ETC., THE BRONX.

The following communication from the President of the Borough of The Bronx and report of the Chief Engineer were presented:

THE CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF THE BRONX,
November 27, 1905.

Board of Estimate and Apportionment, Hon. GEORGE B. McCLELLAN, Chairman:

GENTLEMEN—I transmit herewith for approval of the Board of Estimate and Apportionment, after a public hearing, "Map or plan showing change of line of Van Buren, Hancock and Garfield streets, and the closing of a portion of Taylor street at the new westerly property line of the New York, New Haven and Hartford Railroad, Twenty-fourth Ward, City of New York," dated October 19, 1905, and recommended November 23, 1905, by the Local Board of Chester.

Respectfully,

LOUIS F. HAFFEN,

President of the Borough of The Bronx.

REPORT No. 3762.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 19, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a communication from the President of the Borough of The Bronx advising that the Local Board of the Chester District, at a meeting held on November 23, 1905, recommended a change in the map of the City by changing the lines of Van Buren, Hancock and Garfield streets, and by closing a portion of Taylor street at the new westerly property line of the New York, New Haven and Hartford Railroad Company.

Van Buren, Hancock and Garfield streets are shown on the tentative map of the Chester District adopted on May 29, 1903. The final map of Taylor street, between Morris Park avenue and West Farms road, was approved on September 16, 1903, and opening proceedings were subsequently begun. The grading of the street was authorized on March 31, 1905, and provision was made at that time for vesting title to the land in the City. The attention of the Board was later called to the fact that the New York, New Haven and Hartford Railroad Company had acquired additional land for the purpose of carrying out improvements to their property, and that the lines of the street as laid out included a small strip already purchased by the railroad company to be devoted to railroad uses. As a result, the Board rescinded the original resolution providing for the vesting of title, and adopted a new one fixing the limits to correspond with the railroad property line.

The change in the map of Taylor street now proposed will make its lines correspond with those to which title has already been vested, a foot-bridge being extended about 40 feet across the strip which is otherwise closed. The changes in Van Buren, Hancock and Garfield streets are similar to the change in Taylor street, foot-bridges being proposed at all three points.

The changes seem to be proper ones, and the approval of the map is recommended after a public hearing.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 442 of the Greater New York Charter as amended, deeming it for the public interest so to do, proposes to change the map or plan of The City of New York by changing the lines of Van Buren, Hancock and Garfield streets, and by closing a portion of Taylor street at the new westerly property line of the New York, New Haven and Hartford Railroad Company, in the Borough of The Bronx, City of New York, more particularly shown on a map or plan submitted by the President of the Borough of The Bronx, and entitled "Map or Plan showing change of line of Van Buren, Hancock and Garfield streets, and the closing of a portion of Taylor street at the new westerly property line of the New York, New Haven and Hartford Railroad, Twenty-fourth Ward, City of New York," dated October 19, 1905.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 4th day of May, 1906, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD for ten days continuously, Sundays and legal holidays excepted, prior to the 4th day of May, 1906.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

OPENING ARDEN STREET, MANHATTAN.

The following resolution of the Local Board of Washington Heights, Borough of Manhattan, and report of the Chief Engineer were presented:

In the Local Board of the Washington Heights District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To acquire title to Arden avenue, between Broadway and Nagle avenue; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 19, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on November 21, 1905, initiating proceedings for acquiring title to Arden avenue, between Broadway and Nagle avenue.

Arden avenue was placed upon the map of the City on September 22, 1905, to have a length of two long blocks, the same being comprised within the limits of the resolution now presented. The street has a width of 60 feet, and it is not in use at the present time. The abutting property is unimproved.

I see no reason why this resolution should not be approved, and would recommend such action, the cost of the proceeding to be assessed upon the property benefited.

There are no buildings upon the land to be acquired.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest that the title to the lands and premises required for the

opening and extending of Arden avenue, from Broadway to Nagle avenue, in the Borough of Manhattan, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Arden avenue, from Broadway to Nagle avenue, in the Borough of Manhattan, City of New York.

Resolved, That the cost and expense of said proceedings shall be assessed upon the property deemed to be benefited thereby.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

CLOSING WEST ONE HUNDRED AND FIFTY-FIRST STREET, MANHATTAN.

The following communication from the Corporation Counsel was presented:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, March 28, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman of the Board of Estimate and Apportionment:

DEAR SIR—I am in receipt of a resolution of the Board of Estimate and Apportionment, adopted by it on July 7, 1905, and approved by you on July 12, 1905, closing and discontinuing West One Hundred and Fifty-first street, from the easterly side of Riverside Drive Extension to the United States bulkhead line, Hudson river.

As no claims have been filed in this proceeding, in pursuance of chapter 1006 of the Laws of 1895, it is advisable that your Board should adopt a resolution requesting me to make application to the Supreme Court for the appointment of Commissioners to ascertain and determine the compensation which should justly be made to the respective owners, lessees, parties and persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, right, easements or interests therein taken, affected, damaged, extinguished or destroyed by the said discontinuance and closing.

I transmit herewith form of resolution to be adopted.

Yours respectfully,
G. L. STERLING,
Acting Corporation Counsel.

The following was then adopted:

Whereas, The Board of Estimate and Apportionment, on July 7, 1905, adopted a

resolution providing for a change in the map of The City of New York by closing and discontinuing West One Hundred and Fifty-first street, from the easterly side of Riverside Drive Extension to the United States bulkhead line, Hudson river, which change was approved by the Mayor on July 12, 1905;

Resolved, in pursuance of the provisions of chapter 1006 of the Laws of 1895, That the Corporation Counsel be requested to make application to the Supreme Court for the appointment of Commissioners to ascertain and determine the compensation which should justly be made to the respective owners, lessees, parties and persons respectively entitled to or interested in the lands, tenements, hereditaments and premises, rights, easements or interests therein taken, affected, damaged, extinguished or destroyed by such discontinuance and closing.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

OPENING FIFTH STREET, BROOKLYN.

The following resolution of the Local Board of Red Hook, Borough of Brooklyn, and report of the Chief Engineer were presented, and the matter was referred back to the Local Board:

In the Local Board of the Red Hook District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is Resolved, by the Local Board of the Red Hook District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Red Hook District, Borough of Brooklyn, this 2d day of October, 1905, hereby initiates proceedings to open Fifth (5th) street, between Smith and Hoyt streets; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Red Hook District on the 2d day of October, 1905.

Commissioner Brackenridge and Alderman Gillen voting in favor thereof.

REPORT No. 3722.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 9, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Red Hook District, Borough of Brooklyn, adopted on October 2, 1905, initiating proceedings for acquiring title to Fifth street, between Smith and Hoyt streets.

From the papers presented with this resolution it appears that the Topographical Bureau has been called upon to furnish a certificate of dedication for this block, but that owing to encroachments upon the street area such a certificate could not be given. The Engineer in charge of the Bureau calls attention to the desirability of extending this proceeding to include the portion of the street, between Hoyt street and Second avenue, a length of approximately 1,000 feet. In his report, attention is called to the fact that, by an act of the Legislature of 1867, that portion of Fifth street, owned by the Brooklyn Development Company and located between Gowanus canal and Second avenue, was removed from the map. It appears that the northerly line of the land owned by the Brooklyn Development Company was located approximately in the centre of Fifth street, so that the northerly half of the street between Second avenue and Gowanus canal yet remains upon the map of the City.

Between Gowanus canal and Hoyt street the street also remains upon the map and appears to be occupied by a sewer, although it has been fenced off from public use. Between Smith and Hoyt streets there is undoubtedly a public easement. The roadway has been roughly shaped, some of the flagging has been laid, and several buildings have been erected upon the abutting property. The land on the southerly side of the street is occupied by works of the Brooklyn Union Gas Company, which company has erected a fence encroaching upon the southerly portion of the street.

The Local Board has not followed the recommendation of the Engineer of the Topographical Bureau, evidently holding that the land between Hoyt street and Second avenue should be wholly given up to private interests. If this decision is a wise one, the street should be removed from the map between these limits; otherwise, it should be opened at the same time as the block between Smith and Hoyt streets.

I would therefore recommend that the resolution be returned to the President of the Borough for the purpose of either extending its limits, so as to make Second avenue the easterly boundary, or that action upon this resolution may be first preceded by striking from the map the portion of the street between Hoyt street and Second avenue. If the former course is decided upon, the street should be given an adequate width between the canal and Second avenue.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

OPENING LOMBARDY STREET, BROOKLYN.

The following resolution of the Local Board of Bushwick, Borough of Brooklyn, and report of the Chief Engineer were presented:

In the Local Board of the Bushwick District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bushwick District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, this 29th day of June, 1905, hereby initiates proceedings to open Lombardy street, from Kingsland avenue to the United States bulkhead line of Newtown creek; and it is hereby further

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bushwick District on the 29th day of June, 1905.

March 9, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on June 29, 1905, initiating proceedings for acquiring title to Lombardy street, between Kingsland avenue and the United States bulkhead-line of Newtown creek.

This resolution affects the entire length of Lombardy street, the same comprising eight blocks. The street has been placed upon the map of the City to have a width of sixty feet. In 1903 the construction of a sewer was authorized through the block between Kingsland and Morgan avenues, evidence having been presented to show that a sufficient easement existed to permit of the occupancy of the street for this purpose. It is now desired to make a further improvement through this block; the same necessitating the occupancy of the entire width of the street. To avoid any uncertainty as to the complete dedication of the street to public use, this opening proceeding has been begun. Between Morgan avenue and Newtown creek the street is not in use at the present time and its lines are not marked in any way.

Approval of this resolution is recommended, the cost of the proceeding to be assessed upon the property benefited.

There are no buildings upon the land to be acquired.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest that the title to the lands and premises required for the opening and extending of Lombardy street, from Kingsland avenue to the United States bulkhead line of Newtown creek, in the Borough of Brooklyn, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Lombardy street, from Kingsland avenue to the United States bulkhead line of Newtown creek, in the Borough of Brooklyn, City of New York.

Resolved, That the cost and expense of said proceedings shall be assessed upon the property deemed to be benefited thereby.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

OPENING FIFTY-FOURTH STREET, BROOKLYN.

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented, and the matter was referred back to the Local Board:

In the Local Board of the Bay Ridge District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 27th day of September, 1905, hereby amends pending proceedings for opening Fifty-fourth street between Eleventh and New Utrecht avenues so as to read "from Fort Hamilton avenue to New Utrecht avenue," the amended resolution to read as follows:

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, after hearing had this 28th day of September, 1905, hereby initiates proceedings to open Fifty-fourth street, from Fort Hamilton avenue to New Utrecht avenue; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 19, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on September 27, 1905, initiating proceedings for acquiring title to Fifty-fourth street, between Fort Hamilton and New Utrecht avenues.

On February 27, 1905, the same Board adopted a resolution providing for acquiring title to Sixty-fourth street, between Eleventh and New Utrecht avenues. The attention of the Borough President was at once called to the fact that the street had not been opened between Eleventh avenue and Fort Hamilton avenue, nor between New Utrecht and Thirteenth avenues, and it was suggested that the proceeding should be extended so as to include these sections. The Local Board resolution now presented in part follows the lines recommended, the proceeding being extended westerly to Fort Hamilton avenue. As thus amended it includes a total length of three long blocks of the street, which has been placed upon the map of the City to have a width of 60 feet. The street is not in use at the present time, nor are its lines in any way

marked upon the ground. The street meets Thirteenth avenue just east of New Utrecht avenue, and it is here not in use and is partly occupied by a platform and a small frame building owned by the Brooklyn Rapid Transit Company, the latter being used as a station. The dedication to public use of the section east of Thirteenth avenue has already been established, and title to the portion west of Fort Hamilton avenue has been acquired under formal proceedings.

I believe that the opening proceeding should also include the small portion of the street between New Utrecht and Thirteenth avenues, and would recommend that the resolution be returned to the Borough President for amendment in this particular.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

OPENING NINETY-SIXTH STREET, BROOKLYN.

The following resolution of the Local Board of Bay Ridge, Borough of Brooklyn, and report of the Chief Engineer were presented:

In the Local Board of the Bay Ridge District.

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bay Ridge District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 3d day of May, 1905, hereby initiates proceedings to open Ninety-sixth street, from Fourth avenue to Third avenue, in the Borough of Brooklyn; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Bay Ridge District on the 3d day of May, 1905. President Littleton and Aldermen Malone and Lundy voting in favor thereof.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 19, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on May 3, 1905, initiating proceedings for acquiring title to Ninety-sixth street, between Third and Fourth avenues.

This resolution affects the easterly block of Ninety-sixth street, which has been laid out upon the map of the City to have a width of 60 feet. Title to the adjoining section on the west has already been secured.

A rough wagon path is in use through the block, but the abutting property is unimproved, with the exception of a brewery located at the southeast corner of Third avenue.

The resolution seems to be a proper one, and its approval is recommended, the cost of the proceeding to be assessed upon the property benefited.

Lacking a survey, it is not possible to make a definite statement as to the existence of an encroachment upon the land to be acquired.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest that the title to the lands and premises required for the opening and extending of Ninety-sixth street, from Third avenue to Fourth avenue, in the Borough of Brooklyn, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Ninety-sixth street, from Third avenue to Fourth avenue, in the Borough of Brooklyn, City of New York.

Resolved, That the cost and expense of said proceedings shall be assessed upon the property deemed to be benefited thereby.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 19, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on July 6, 1905, initiating proceedings to acquire title to Newport avenue, between Rockaway avenue and Christopher avenue.

This resolution affects a length of five short blocks of Newport avenue, which has been placed upon the map of the City to have a width of 70 feet. Through the two blocks between Rockaway avenue and Osborn street a wagon path is in use, and the street has been partly graded; the abutting property is here unimproved. Between Osborn street and Watkins street the roadway is in use through a portion of its width, and the abutting property has been partly improved. East of Watkins avenue the street is not in use and there are no buildings fronting upon it.

Newport avenue as laid out upon the map of the City extends from East Ninety-eighth street to Georgia avenue, passing through territory which is now rapidly developing. Up to the present time there have been no proceedings begun for acquiring title to any portion of it, and the resolution now submitted seems to have been prepared for the purpose of carrying out a grading improvement, a resolution for which has been adopted by the Local Board.

In my judgment the opening proceeding when begun should extend through a greater distance than is proposed, and I see no reason why it should not include the entire length of the avenue. It is recommended that the resolution be returned to President of the Borough for amendment in this particular.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 13, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on July 6, 1905, initiating proceedings for acquiring title to Robinson street, between Rogers and New York avenues.

This resolution affects a length of two long blocks of Robinson street, which has been placed upon the map of the City to have a width of 60 feet. In 1903 the Local Board adopted a resolution providing for the construction of a sewer in this street, and at that time an attempt was made to establish a dedication to public use. An inspection of the ground, however, showed that through the block between New York and Nostrand avenues the street was not in use, and that the land is occupied by a number of buildings. Between Rogers and Nostrand avenues an irregular roadway is in use and a few houses have been built.

The resolution is, in my judgment, a proper one, and its approval is recommended, the cost of the proceeding to be assessed upon the property benefited.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest, that the title to the lands and premises required for the opening and extending of Robinson street, from Rogers avenue to New York avenue, in the Borough of Brooklyn, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a special term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Robinson street, from Rogers avenue to New York avenue, in the Borough of Brooklyn, City of New York.

Resolved, That the cost and expense of said proceedings shall be assessed upon the property deemed to be benefited thereby.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 9, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on September 27, 1905, initiating proceedings for acquiring title to Malbone street for its entire length where not already opened.

Malbone street has been placed upon the map of the City, extending from Flatbush avenue to Lefferts avenue, meeting the latter between Utica and Schenectady avenues.

Between New York avenue and a line a little east of Albany avenue, the street is located within the limits of the Twenty-fourth Ward, while through the remainder of its length it is in the Twenty-ninth Ward, formerly the old Town of Flatbush. This street was laid out prior to the annexation of Flatbush to the former City of Brooklyn, and the lines within the limits of Flatbush failed to meet those within the limits of Brooklyn. This discrepancy, however, was adjusted in 1903, when the lines of Malbone street were modified so as to secure a continuous street, having a width of 100 feet. Title to that portion of the street within the limits of the former Town of Flatbush and located west of its boundary line, near New York avenue, has been legally acquired, and the resolution therefore relates only to the portion of the street east of this line, the same comprising about five long blocks.

An irregular, narrow and rough wagon road is in use between New York avenue and a point about midway between Albany and Troy avenues, and several very old buildings have been erected along the abutting property. The road as used probably falls outside the lines of the street in many places, and while there may be some slight dedication to public use, it would be practically impossible to define the same.

The resolution, in my judgment, is a proper one, and its approval is recommended, thirteen per cent. of the costs to be placed upon the City at large and the remainder upon the property benefited, this relief being based upon the provisions of the rule of July 25, 1902, and treating the proceeding as the opening of a new street.

I believe that there are a number of buildings upon the land to be acquired.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest, that the title to the lands and premises required for the opening and extending of Malbone street, from the line between the Twenty-fourth and Twenty-ninth Wards, at New York avenue, to Lefferts avenue, in the Twenty-fourth and Twenty-ninth Wards, and not heretofore acquired, in the Borough of Brooklyn, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a special term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Malbone street from the line between the Twenty-fourth and Twenty-ninth Wards, at New York avenue, to Lefferts avenue, in the Twenty-fourth and Twenty-ninth Wards, in the Borough of Brooklyn, City of New York.

Resolved, That 13 per cent. of the cost and expense of said proceedings shall be borne and paid by The City of New York, and that the remainder thereof shall be assessed upon the property deemed to be benefited thereby.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 13, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on September 27, 1905, initiating proceedings for acquiring title to Thirty-seventh street, between Fort Hamilton and Fourteenth avenues.

This resolution affects a length of three long blocks of Thirty-seventh street, which has been placed upon the map of the City to have a width of 60 feet. The roadway is in use from Fort Hamilton avenue to the old road leading from New Utrecht to Flatbush located a little to the west of Fourteenth avenue. East of this road the land is unimproved. Several houses have been erected upon the northerly side of the street between Twelfth and Thirteenth avenues, and the tracks of the Prospect Park and Coney Island Railroad Company adjoin the street on its southerly side. It is desired to construct a sewer in Thirty-seventh street, for which reason this proceeding is now begun.

Approval of the resolution is recommended, the cost of the proceeding to be assessed upon the property benefited.

I believe there are no buildings upon the land to be acquired.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest, that the title to the lands and premises required for the opening and extending of Thirty-seventh street, from Fort Hamilton avenue to Fourteenth avenue, in the Borough of Brooklyn, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Thirty-seventh street, from Fort Hamilton avenue to Fourteenth avenue, in the Borough of Brooklyn, City of New York.

Resolved, That the cost and expense of said proceedings shall be assessed upon the property deemed to be benefited thereby.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 13, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on September 27, 1905, initiating proceedings for acquiring title to Avenue I, between Flatbush avenue and East Thirty-fifth street.

This resolution affects a length of two short blocks of Avenue I, which has been placed upon the map of the City to have a width of 80 feet. The street is in use through this portion of its length and the roadway has been shaped. The abutting property upon the northerly side has been largely built up and the sidewalk has been laid. On the southerly side it is partly flagged, but is unimproved. Title to the street east of East Thirty-fifth street has been acquired under a deed of cession, and the street has been legally opened between West avenue and the Ocean parkway.

In my judgment this resolution should be amended to include a greater length of the street, and it is suggested that its limits be so fixed as to extend from East Thirty-fifth street to the Ocean parkway.

It is therefore recommended that the resolution be referred back to the President of the Borough for amendment.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

OPENING EASTERN BOULEVARD, THE BRONX.

The following resolution of the Local Board of Morrisania, Borough of The Bronx, and report of the Chief Engineer were presented:

In Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx.

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

For acquiring title to Eastern Boulevard, from the property of the New York, New Haven and Hartford Railroad company to Hunt's Point road, in the Borough of The Bronx, City of New York; and it is hereby

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of Morrisania, Twenty-fourth District, on the 22d day of June, 1905.

REPORT No. 3765.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 19, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on June 22, 1905, initiating proceedings for acquiring title to Eastern Boulevard, between the property of the New York, New Haven and Hartford Railroad Company and Hunt's Point road.

This resolution affects a length of fourteen short blocks of Eastern Boulevard, or very nearly three-fourths of a mile. The street has been placed upon the map of the City to have a width of 100 feet. Between Tiffany street and the old Hunt's Point road, located approximately at Bryant street, a distance of six blocks, a rough roadway is in use and some grading has been done, but the abutting property is unimproved. Through the remainder of its length the street is not in use.

The resolution seems to be a proper one, and its approval is recommended, 13 per cent. of the cost to be placed upon the City at large and the remainder upon the property benefited, this relief being in accordance with the provisions of the rule of the Board of July 25, 1902.

There are no buildings upon the land to be acquired.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 970 of the Greater New York Charter, deems it for the public interest that the title to the lands and premises required for the opening and extending of Eastern Boulevard, from the property of the New York, New Haven and Hartford Railroad Company to Hunt's Point road, in the Borough of The Bronx, City of New York, should be acquired by The City of New York.

Resolved, That the Board of Estimate and Apportionment, deeming it for the public interest so to do, hereby requests the Corporation Counsel to make application to a Special Term of the Supreme Court, for the appointment of Commissioners of Estimate and Assessment, and to take the necessary proceedings, in the name of The City of New York, to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Eastern Boulevard, from the property of the New York, New Haven and Hartford Railroad Company to Hunt's Point road, in the Borough of The Bronx, City of New York.

Resolved, That 13 per cent. of the cost and expense of said proceedings shall be borne and paid by The City of New York, and that the remainder thereof shall be assessed upon the property deemed to be benefited thereby.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

WIDENING THIRD AVENUE, THE BRONX.

The following was adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York, on the 9th day of February, 1906, adopted a resolution initiating proceedings for acquiring title to the lands and premises required for the widening of Third avenue, opposite East One Hundred and Fifty-ninth street, in the Borough of The Bronx; and

Whereas, The aforesaid resolution made no provision as to the apportionment of the cost of said proceedings; and

Whereas, The Board of Estimate and Apportionment of The City of New York deems it to be fair and equitable that The City of New York should assume twenty-five per cent. of the cost of said proceedings; now be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 980 of the Greater New York Charter, as amended, hereby directs that twenty-five per cent. of the cost and expense of acquiring title to Third avenue, opposite East One Hundred and Fifty-ninth street, in the Borough of The Bronx, shall be borne and paid by The City of New York, and that the remainder thereof shall be assessed upon the property deemed to be benefited.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

OPENING ELM AVENUE, QUEENS.

The following communication and report of the Chief Engineer were presented, and the matter was referred to the President of the Borough of Queens:

THE NEW YORK CONNECTING RAILROAD COMPANY,
New York, February 14, 1906.

In the matter of

of
The authorizing the acquiring of Elm street, from Myrtle avenue to the Montauk Division of the Long Island Railroad, Second Ward, Borough of Queens, N. Y., as laid out by resolution adopted on November 13, 1903, by the Board of Estimate and Apportionment.

To the Honorable Board of Estimate and Apportionment, City of New York:

GENTLEMEN—The New York Connecting Railroad Company owns or controls the property indicated on blueprint hereto attached, shaded green. The proposed street (Elm avenue) intersects said property from Sherman street to the Montauk Division of the Long Island Railroad. The red lines on said map indicate a proposed railroad "Y," connecting the New York Connecting Railroad with the Montauk Division of the Long Island Railroad, the Manhattan Branch of the Long Island Railroad and the main line of the New York Connecting Railroad. The property between Sheridan street and the Montauk Division of the Long Island Railroad is vacant property and will always remain so if the New York Connecting Railroad is built; therefore the opening of Elm avenue, between Sherman street and the Montauk Division of the Long Island Railroad is rendered unnecessary, and your Honorable Body is asked to modify the resolution now before it for consideration so as to authorize the acquisition of Elm avenue, from Myrtle avenue to Sherman street, in place of from Myrtle avenue to the Montauk Division of the Long Island Railroad, as originally contemplated.

All of which is respectfully submitted.

THE NEW YORK CONNECTING RAILROAD COMPANY,

By F. A. VON MOSCHZISKER,

Assistant Real Estate Agent.

REPORT No. 3720.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 8, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is submitted a communication addressed to the Board of Estimate and Apportionment, under date of February 14, by Mr. F. A. Von Moschzisker, assistant real estate agent of the New York Connecting Railroad Company, in which he calls attention to the fact that the New York Connecting Railroad Company already owns or controls the land which will be between the tracks connecting the proposed railroad with the existing lines of the Long Island Railroad Company, and that this land is vacant and will always remain so if the Connecting Railroad is built. He further calls attention to the fact that the Board of Estimate and Apportionment has already authorized the opening of Elm avenue, between Myrtle avenue and the Montauk Division of the Long Island Railroad, and that for six blocks the street to be opened will lie wholly within the area above referred to, which will be surrounded by railroad tracks, that such opening would be unnecessary, and the Board is requested to modify its resolution by making the easterly limit of the proceeding Sherman street instead of the Montauk Division of the Long Island Railroad.

The opening proceedings above referred to were initiated by the Local Board of the Newtown District, Borough of Queens, and were authorized by the Board of Estimate and Apportionment on February 9, 1906, after a public hearing, and after the giving of the statutory notice to the Long Island Railroad Company. The statements made in the accompanying letter are undoubtedly accurate, and if the New York Connecting Railroad is to be built it would doubtless be unnecessary to open Elm street across the area which would be occupied or inclosed by its tracks. The company is said to own the property on the southerly side of Elm street, between Slocom street and Sheridan street, and on both sides for the remainder of the distance covered by the proceeding—namely, between Sheridan street and the present Montauk Division of the Long Island Railroad. The request that the opening proceedings be limited by Sherman street on the east seems to me to be unreasonable, as the holdings of the New York Connecting Railroad do not extend within one block of Sherman street. I believe, however, that the proceedings might advantageously be amended by making their easterly limit Sheridan street. Elm avenue would be necessary up to this street in order to give an outlet to the owners of the property on its northerly side. Under advice from the Corporation Counsel, the Board of Estimate and Apportionment has not the power to change the limits of an opening proceeding unless the Local Board so recommends, and it is suggested that the communication be referred to the President of the Borough of Queens, in order that he may lay the matter before the Local Board for amendment, if the Board in its wisdom sees fit to do so, and that the Borough President be requested to advise the Board of Estimate and Apportionment promptly as to the action of the Local Board, and that meanwhile the Corporation Counsel be directed to take no steps under the proceedings to acquire title, authorized on February 9 last.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

VESTING TITLE TO CHELSEA PARK, MANHATTAN.

The following resolution of the Local Board of Chelsea, Borough of Manhattan, and report of the Chief Engineer were presented, and the matter was laid on the table:

In the Local Board of the Chelsea District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

REPORT No. 3758.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 19, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying resolution, adopted by the Local Board of the Chelsea District, Borough of Manhattan, on December 19, 1905, recommends to the Board of Estimate and Apportionment that title to the land laid out as a public park, bounded

by West Twenty-seventh and West Twenty-eighth streets, Ninth and Tenth avenues, be vested in the City.

No reason is given for this action. The park, however, has been laid out and proceedings to acquire title thereto were authorized on February 24, 1905, and the oaths of the Commissioners were filed on August 8, 1905. Inasmuch as six months have elapsed since that date, it is possible for the City to take title at once, although nearly all of the parcels have buildings upon them. Title has already been taken to a number of parcels at prices agreed upon and under the authority of the Board of Estimate and Apportionment. I have asked the Assistant Corporation Counsel in charge of this proceeding for advice as to the wisdom of vesting title to all the remaining portions at the present time, and he says that the objection to such a course is that the City will be deprived of the power to abandon the proceeding in case the awards claimed by the property owners are grossly excessive. He further states that should title be vested and the buildings removed, the Court would be averse, notwithstanding excessive awards which might be made, to sending the matter to a new commission, when such new commissioners could not examine the buildings for which the awards were to be made. He says that the commissioners will probably be prepared to submit their report for confirmation during the coming summer, and he believes that it would be unwise for the City to vest title at the present time.

In view of this advice it is recommended that the action suggested by the Local Board be not taken.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

VESTING TITLE TO SEELEY STREET, BROOKLYN.

The following petition and report of the Chief Engineer were presented:

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—We, John C. Olmsted, sole executor of the last will and testament of Frederick Law Olmsted, and Delia A. Finnigan, respectfully call your attention to the following facts:

That we are the owners of the lands situate on the south side of Seeley street, between Coney Island avenue and Eighteenth street, and immediately adjoining on either side of the bridge at Seeley street, over Prospect avenue, in the Twenty-ninth Ward of the Borough of Brooklyn.

That The City of New York is now and has been for the last three years in possession of the lands and premises in question, the local authorities having given permission to contractors to dump earth upon the ground and afterward banking it up with rubble and cobble stones, from Prospect avenue, as now opened up, to Seeley street.

That on or about the 3d day of March, 1905, your Honorable Board passed a resolution authorizing the Corporation Counsel to institute condemnation proceedings to acquire title for the lands in question, as an approach to the Bridge. (See resolution of your Board laying it out as such on June 4, 1904.)

That on or about the 13th day of June, 1905, upon the application of the Corporation Counsel, to the Supreme Court, Commissioners of Estimate were appointed to estimate the cost and damage of said lands. There being no buildings erected upon them, and the City having possession so long of these lands, we think it only fair, reasonable and just that the title should vest in the City.

We respectfully ask your Honorable Board to pass a resolution to that effect. All of which is respectfully submitted.

Dated Borough of Brooklyn, N. Y., February 20, 1906.

JOHN C. OLMSTED,
Executor of F. L. Olmsted,
DELIA A. FINNIGAN.

REPORT No. 3695.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 2, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The accompanying petition of John C. Olmsted and Delia A. Finnigan, addressed to the Board of Estimate and Apportionment under date of February 20, 1906, asks that the Board provide by resolution for the vesting of title in the City to lands laid out and now being acquired on the southerly side of Seeley street on both sides of Prospect avenue and adjacent to the bridge by which Seeley street crosses over Prospect avenue.

Proceedings to acquire title to this property were authorized on March 3, 1905, and the Commissioners appointed to act in this matter filed their oaths on June 14, 1905. I am advised by the Assistant Corporation Counsel in charge of the Bureau of Street Openings for the Borough of Brooklyn that the damage map was ordered on July 1, 1905, but has not yet been received, and he further states that unless there is some special reason for vesting title in this proceeding at the present time he believes that it would be unwise to do so. The reasons for such advice are not specifically given in this case, but they are presumably the same as those given in connection with a similar recommendation for vesting title in the park at the foot of Hunt's Point road, in the Borough of The Bronx, viz.: That if the City takes title, and if subsequently extravagant and unreasonable awards are allowed for the property, the City is helpless and not in a position to discontinue the proceeding.

In view of the advice from the Corporation Counsel's office I can only recommend that the petition be denied.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the petition of John C. Olmsted and Delia A. Finnigan, asking that title be vested in the City to the lands now being acquired on the southerly side of Seeley street, on both sides of Prospect avenue and adjacent to the Prospect avenue bridge, in the Borough of Brooklyn, be and the same hereby is denied.

WILLIAMSBURG BRIDGE TERMINAL, MANHATTAN.

The following communications from the Commissioner of Bridges and report of the Chief Engineer were presented:

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,
March 5, 1906.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—On September 29, 1905, your Honorable Board passed the following resolutions:

"Resolved, That the Board of Estimate and Apportionment of The City of New York hereby determines that the subsurface of Delancey street, from the easterly line of Clinton street to a line drawn parallel thereto, distant twenty-five feet westerly of the westerly line of Norfolk street, in the Borough of Manhattan, is not necessary for street purposes, except for the maintenance of such sewers, water mains and gas mains as may be laid therein; and be it further

"Resolved, That it is the sense of the Board of Estimate and Apportionment that the subsurface of such portion of Delancey street should be turned over to the Department of Bridges by the Commissioners of the Sinking Fund, to be used for the construction of an underground terminal for the Williamsburg Bridge."

A careful study of the problem of constructing a subway station at the Manhattan terminal of the Williamsburg Bridge shows that the limits fixed by the first of the resolutions above quoted should be extended 50 feet westerly along Delancey street to a line 75 feet westerly of Norfolk street and parallel thereto. This is necessary in order to insure the greater safety and convenience of the passengers who will use the subway station at the Manhattan end of the Williamsburg Bridge.

I respectfully recommend that your Honorable Board will amend the resolution

above quoted or pass another which shall in effect give the Department of Bridges jurisdiction over the subsurface of Delancey street, from the easterly line of Clinton street to a line drawn parallel thereto and distant 75 feet westerly of the westerly line of Norfolk street, in the Borough of Manhattan.

Respectfully,

J. W. STEVENSON, Commissioner of Bridges.

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,
April 2, 1906.

Honorable Board of Estimate and Apportionment, The City of New York:

GENTLEMEN—On March 5, 1906, I addressed your Honorable Board, requesting that the Department of Bridges be given additional subsurface on Delancey street, Borough of Manhattan, for the purpose of constructing the Manhattan subway station, Williamsburg Bridge.

The plans for this station, as finally fixed by me, would necessitate the Department of Bridges having control, except for the maintenance of sewers, water mains and gas mains, of the subsurface of Delancey street, from the easterly building line of Clinton street to a line drawn parallel thereto, distant 100 feet westerly of the westerly building line of Norfolk street.

I would therefore request that your Honorable Board, referring to the resolution passed by you on September 29, 1905, amend the said resolution or pass another which shall, in effect, give the Department of Bridges jurisdiction over the subsurface of Delancey street, from the easterly line of Clinton street to a line drawn parallel thereto and distant 100 feet west of the westerly line of Norfolk street, instead of 75 feet, as was requested by me in my communication of March 5, 1906.

Respectfully,

J. W. STEVENSON, Commissioner of Bridges.

DEPARTMENT OF BRIDGES—CITY OF NEW YORK,
April 4, 1906.

To the Honorable the Board of Estimate and Apportionment, City of New York:

GENTLEMEN—Referring to my communications of the 5th ult. and the 2d inst., requesting additional subsurface of Delancey street for the purpose of constructing the much-needed Williamsburg Bridge subway station, I now add to my requests and ask your Honorable Board to give to the Department of Bridges over a still larger area of the subsurface of Delancey street.

Referring to the resolution passed by your Board on September 29, 1905, giving the Department of Bridges jurisdiction over the subsurface of Delancey street, from the easterly line of Clinton street to a line drawn parallel thereto and distant 25 feet west of the westerly line of Norfolk street, I respectfully ask that the said resolution be amended or another resolution passed, which shall in effect give this Department jurisdiction over the subsurface of Delancey street, from the easterly line of Clinton street to the easterly line of Essex street.

I have this day been able to get from the Brooklyn Rapid Transit Company assurance that it will enlarge its elevated stations on the Broadway line for eight-car trains, provided the proposed bridge station will be made of sufficient size to make the operation of such trains possible.

The station plans as designed contemplated the use of six-car trains. The use of eight-car trains would increase the total hourly capacity of the station by about 30 per cent. at a very inconsiderable increase in cost of construction.

The change in plan involves practically no delay in starting this work, and will give the City a station at the Williamsburg Bridge, ready at such time as the Delancey street subway is completed, for the operation of the longest trains possible through this subway via the Williamsburg Bridge.

Respectfully,

J. W. STEVENSON,
Commissioner of Bridges.

REPORT No. 3718.

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE,
April 5, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—In the accompanying communication from the Commissioner of Bridges, dated April 4, 1906, modifying requests contained in his letters of March 5 and April 2, it is stated that a further study of the problem of building the underground station at the Manhattan end of the Williamsburg Bridge has developed the fact that the limits fixed by the resolution of the Board of Estimate and Apportionment on September 29, 1905, should be extended westwardly along Delancey street to the easterly line of Essex street, and he asks that the Board take such further action as may be necessary to give to the Department of Bridges jurisdiction over the subsurface of such additional portion of Delancey street.

The resolution of the former Board of Estimate and Apportionment adopted on September 29 last was the result of a careful study of the problems presented by the effort to care for the elevated and surface railroad traffic across the Williamsburg Bridge, and consisted in the declaration by the Board of Estimate and Apportionment that the subsurface of Delancey street, from the easterly line of Clinton street to a line drawn parallel thereto and 25 feet westerly from the westerly line of Norfolk street, was not necessary for street purposes, except for sewers, water mains, gas mains, etc., and recommending to the Commissioners of the Sinking Fund that the jurisdiction over the subsurface of the streets should be transferred to the Department of Bridges. This action was advised by the Corporation Counsel as the best way to accomplish what was sought, and I am advised that the Commissioners of the Sinking Fund have transferred jurisdiction as recommended.

I can see no reason why such jurisdiction should not be extended to the easterly line of Essex street, it being presumed that inasmuch as the President of the Borough of Manhattan raised no objection to this action in the case of the larger area already transferred, he will be equally willing to consent to the additional transfer, and I beg to submit herewith a resolution similar to that adopted on September 29 last, with the recommendation that such resolution be adopted by the Board and transmitted to the Commissioners of the Sinking Fund for their action.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolutions were then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York hereby determines that the subsurface of Delancey street, between a line 25 feet westerly from the westerly side of Norfolk street and parallel therewith and the easterly side of Essex street, in the Borough of Manhattan, is not necessary for street purposes, except for the maintenance of such sewers, water mains, gas mains and other subsurface structures as may be laid therein; and be it further

Resolved, That it is the sense of the Board of Estimate and Apportionment that the subsurface of such portion of Delancey street should be turned over to the Department of Bridges by the Commissioners of the Sinking Fund, to be used for the construction of an underground terminal for the Williamsburg Bridge.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

BRIDGE OVER RAILROAD TRACKS AT MOTT AVENUE, THE BRONX.

The following communication was referred to the Chief Engineer:

NEW YORK CENTRAL AND HUDSON RIVER RAILROAD COMPANY,
GRAND CENTRAL STATION,
NEW YORK, April 4, 1906.

Hon. JOSEPH HAAG, Secretary of the Board of Estimate and Apportionment, No. 280 Broadway, New York City:

DEAR SIR—At the December 29, 1905, meeting of the Board of Estimate and Apportionment, the minutes of which were published in the CITY RECORD of January 31,

1906, at page 1064, a resolution was adopted approving the form of agreement, subject to the approval of the Corporation Counsel as to form, between the New York Central and Hudson River Railroad Company and The City of New York for the construction of the Mott avenue bridge over the railroad, and authorizing the execution of such instrument by the Mayor. The width of the bridge was to be one hundred feet. Mott avenue is only eighty feet in width, and as the plans submitted showed that the southerly abutment was to be placed on the property line between the railroad and the City, there would be twenty feet of abutment that would be outside of the line of Mott avenue. The matter of the form of the bridge has been taken up directly by the railroad company's engineering department and President Haffen, of the Borough of The Bronx, with the result that a bridge one hundred feet in width on the northerly side and eighty feet in width on the southerly side has been designed and approved by the Bronx Borough authorities, as will appear by the annexed plan of the bridge. The construction of the one hundred foot bridge, as provided in the resolution adopted at the December 29, 1905, meeting, is, for the reasons stated above, a physical impossibility, since land that is owned neither by the railroad company nor the City would have to be appropriated for the construction of the abutment.

It is respectfully suggested that the resolution of December 29, 1905, should be amended in accordance with the annexed plan. The contract never has been executed and the further prosecution of the work of replacing the bridge will be seriously delayed unless this resolution can be amended. The railroad company is prepared to carry out its part of the agreement for the one hundred foot bridge if the City will provide the land for the abutments.

Please bring this matter before the Board of Estimate and Apportionment at the earliest opportunity possible.

Yours truly,
IRA A. PLACE, General Counsel.

REPORT No. 3713.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 3, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on October 24, 1905, initiating proceedings for the construction of a sewer in West One Hundred and Seventy-fourth street, between Amsterdam and Audubon avenues.

This resolution affects a length of one block of West One Hundred and Seventy-fourth street, title to which has been legally acquired. At the present time buildings have been erected at the Amsterdam avenue and Audubon avenue corners, and the petitioners for the improvement now proposed state that other buildings are being erected along the abutting property.

The outlet sewer has been built, and the approval of the resolution is recommended, with the understanding, however, that before construction is begun a map will be presented providing for incorporating the sewer upon the drainage plan of the City.

The work to be done comprises the following:

286 linear feet 15-inch pipe sewer.

4 manholes.

The estimated cost of construction is \$3,000, and the assessed valuation of the property to be benefited is \$125,600.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

In the Board of Estimate and Apportionment.

A copy of a resolution of the Local Board of the Washington Heights District, duly adopted by said Board on the 24th day of October, 1905, and approved by the President of the Borough of Manhattan on the 26th day of October, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

"Construct sewer in West One Hundred and Seventy-fourth street, between Amsterdam and Audubon avenues,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$3,000, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$125,600, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

New York, November 27, 1905.

Hon. GEORGE B. McCLELLAN, Mayor, and Chairman, Board of Estimate and Apportionment:

DEAR SIR—I herewith transmit for approval by the Board of Estimate and Apportionment file plans, one tracing and three prints, with the following amendments to sewerage districts Nos. 2-AS, 11-DY and 30-B for alteration and improvements to sewer in Thirty-ninth street, between Hudson river and Eleventh avenue; new outlet under pier at foot of Thirty-ninth street; receiving basin at northwest corner of One Hundred and Thirty-third street and Lenox avenue, and outlet sewer in West Two Hundred and Sixteenth street, between the Harlem river and Broadway.

Very respectfully,

WILLIAM DALTON,

Commissioner and Acting President, Borough of Manhattan.

REPORT No. 3783.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 19, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a communication from the President of the Borough of Manhattan, bearing date of November 27, 1905, requesting the approval of a map showing the following amendments to the drainage map of the City:

Drainage District 2-AS, sewer in West Thirty-ninth street, between Eleventh avenue and the Hudson river.

Drainage District 11-DY, sewer basin, northwest corner of One Hundred and Thirty-third street and Lenox avenue.

Drainage District 30-B, sewer in West Two Hundred and Sixteenth street, between the Harlem river and Broadway.

The Thirty-ninth street sewer was authorized in July of last year, and it was then understood that the map now presented would be submitted for adoption, it not having been placed upon the map of the City.

The drainage basin at the corner of West One Hundred and Thirty-third street and Lenox avenue has also been approved.

A contract has been entered into for the sewer in West Two Hundred and Sixteenth street, but it has been found desirable to slightly lower the elevation of the invert at Broadway and at Tenth avenue.

The changes proposed seem to be proper, and the approval of the map is recommended.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of the Greater New York Charter, hereby approves the map submitted by the President of the Borough of Manhattan, entitled "Amendments to Sewerage Districts Nos. 2-AS, 11-DY and 30-B," and dated November 24, 1905.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The following resolution of the Local Board of Washington Heights, Borough of Manhattan, and report of the Chief Engineer were presented:

In the Local Board of the Washington Heights District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Washington Heights District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

Regulate, grade, curb and flag new avenue (Bennett avenue), extending from West One Hundred and Eighty-first street about 200 feet west of Broadway, and running to Broadway, opposite Nagle avenue, constructing thereon necessary retaining wall with guard rail and placing thereon necessary drain pipe and bridgestone; and it is hereby further

Resolved, That a copy of the resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Washington Heights District on the 23d day of January, 1906, all the members present voting in favor thereof.

REPORT No. 3784.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 19, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Washington Heights District, Borough of Manhattan, adopted on January 23, 1906, initiating proceedings for grading, curbing and flagging an unnamed street west of Broadway, extending from West One Hundred and Eighty-first street to Broadway opposite Nagle avenue, and generally known as Bennett avenue.

Proceedings for acquiring title to this street between the same limits, the same comprising its entire length, were authorized on June 23, 1905, and the oaths of the Commissioners of Estimate and Assessment were filed on January 3 last. The street is not in use at the present time, and its lines are not marked in any way upon the ground. The improvement is requested by the owners of a large amount of frontage on the street.

I see no reason why the resolution should not be approved, and would recommend such action, the work to be done comprising the following:

20,820 cubic yards earth and rock excavation.

73,510 cubic yards filling.

7,480 linear feet curbing.

29,920 square feet flagging.

43,370 cubic yards dry masonry retaining wall.

The estimated cost of construction is \$151,600, and the assessed valuation of the property to be benefited is \$382,500.

I would recommend that title to this street be vested in the City on June 1, 1906.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Estimate and Apportionment, on the 23d day of June, 1905, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending an unnamed street laid out on map approved by the Board of Estimate and Apportionment December 11, 1905, running parallel to Broadway about 200 feet westerly therefrom, commencing at West One Hundred and Eighty-first street and ending on the westerly side of Broadway, nearly opposite Nagle avenue, in the Borough of Manhattan, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court in proceedings to acquire title to said new street and the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law on the 3d day of January, 1906; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 1st day of June, 1906, the title to each and every piece or parcel of land lying within the lines of said new street (Bennett avenue), laid out on map approved by the Board of Estimate and Apportionment December 11, 1903, running parallel to Broadway about 200 feet westerly therefrom, commencing at West One Hundred and Eighty-first street, and ending on the westerly side of Broadway, nearly opposite Nagle avenue, in the Borough of Manhattan, City of New York, so required, shall be vested in The City of New York.

"Resolved, That the Local Board of the Washington Heights District, Borough of Manhattan, this 23d day of January, 1906, hereby initiates proceedings to—

"Regulate, grade, curb and flag new avenue (Bennett avenue), extending from West One Hundred and Eighty-first street about 200 feet west of Broadway and running to Broadway, opposite Nagle avenue, constructing thereon necessary retaining wall with guard rail and placing thereon necessary drain pipe and bridgestone,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$151,600, and a statement of the assessed value, according to the last preceding tax roll, of the real estate included within the probable area of assessment, to wit, the sum of \$382,500, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 19, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on October 30, 1905, initiating proceedings for grading, curbing and flagging New York avenue, between Clarkson street and Church avenue.

This resolution affects a length of five short blocks of New York avenue, title to which was vested in the City under pending opening proceedings in 1904 to permit of the construction of a sewer. The street is not in use, and the abutting property is unimproved. The improvement is petitioned for by the owners of a large amount of frontage on the street.

I see no reason why the resolution should not be approved, and would recommend such action, the work to be done comprising the following:

5,000 cubic yards grading.

3,320 linear feet curbing.

16,000 square feet cement walk.

The estimated cost of construction is \$7,700, and the assessed valuation of the property to be benefited is \$86,900.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

March 19, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on June 28, 1905, initiating proceedings for curbing and flagging Seventh avenue, between Bay Ridge avenue and Seventy-third street, and for laying brick gutters, and also for a similar improvement along the westerly side of the street between Seventy-third and Seventy-fifth streets.

This resolution affects a length of six blocks of Seventh avenue on the westerly side and four blocks on the easterly side. Title to the street was acquired in 1891. The roadway has been macadamized, but the abutting property is practically unimproved. The walk is undoubtedly needed as one of the approaches to the school building located at the corner of Seventh avenue and Seventy-ninth street.

Approval of the resolution is recommended, the work to be done comprising the following:

2,300 linear feet curbing.
800 square yards brick gutter.
11,000 square feet cement walk.

The estimated cost of construction is \$6,600 and the assessed valuation of the property to be benefited is \$53,500.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on June 7, 1905, initiating proceedings for the construction of a sewer in Lott street, between Tilden avenue and Beverley road.

Title to this block of Lott street has not been acquired under formal proceedings, but on January 19 last the grading of the street was authorized, at which time evidences were presented to show that it had been dedicated to public use. A large number of frame buildings have been erected upon the abutting property, and the sewer is undoubtedly needed.

The outlet sewer has been authorized, and the approval of the resolution is recommended, the work to be done comprising the following:

50 linear feet 15-inch pipe sewer.
610 linear feet 12-inch pipe sewer.
7 manholes.

The estimated cost of construction is \$3,400, and the assessed valuation of the property to be benefited is \$38,300.

March 19, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bay Ridge District, Borough of Brooklyn, adopted on June 28, 1905, initiating proceedings for the construction of a sewer in Sixty-first street, between Fifth and Sixth avenues.

Title to Sixty-first street has been legally acquired. On November 17 last the grading of the street was authorized, at which time it was shown that the land was low and unimproved at the present time.

The outlet sewer has been provided, and there seems to be no reason why this resolution should not be approved, such action being recommended.

The work to be done comprises the following:

50 linear feet 15-inch pipe sewer.
700 linear feet 12-inch pipe sewer.
8 manholes.

The estimated cost of construction is \$3,300 and the assessed valuation of the property to be benefited is \$20,700.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

"Resolved, That the Local Board of the Bay Ridge District, Borough of Brooklyn, this 28th day of June, 1905, hereby initiates proceedings to construct a sewer in Sixty-first street, between Fifth and Sixth avenues,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$3,300, and a statement of the assessed value, according to the last preceding tax-roll, of the real estate included within the probable area of assessment, to wit, the sum of \$20,700, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

SEWER IN PARK PLACE, BROOKLYN.

The following resolution of the Local Board of the Bushwick District, Borough of Brooklyn, and report of the Chief Engineer were presented:

In the Local Board of the Bushwick District.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Brooklyn; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Bushwick District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That the Local Board of the Bushwick District, Borough of Brooklyn, this 29th day of June, 1905, hereby initiates proceedings to construct a sewer in Park place, between Hopkinson avenue and Eastern parkway extension, and a sewer basin at the northeast corner of Park place and Hopkinson avenue; and it is hereby further

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 19, 1906.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on June 29, 1905, initiating proceedings for the construction of a sewer in Park place, between Hopkinson avenue and the Eastern parkway extension, and a receiving basin at the northeast corner of Park place and Hopkinson avenue.

Proceedings to acquire title to Park place were confirmed last year. The resolution affects a length of one short block of the street which is in use at the present time and has been compactly built up.

The basin proposed at the intersection of Hopkinson avenue and Park place will remove drainage from the former street.

The outlet sewer has been built, and the approval of the resolution is recommended, the work to be done comprising the following:

190 linear feet 12-inch pipe sewer.

2 manholes.

1 receiving basin.

The estimated cost of construction is \$900, and the assessed valuation of the property to be benefited is \$20,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Hon. GEORGE B. MCCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on November 2, 1905, initiating proceedings for the construction of a receiving basin at the northwest corner of Norman avenue and Russell street.

This basin will be required for the removal of drainage from the north along the line of Russell street after the same has been improved. It will also serve to drain Norman avenue from the west, this street having been paved with asphalt on a very flat grade.

The approval of the resolution is recommended, the estimated cost of construction being \$200. The assessed valuation of the property to be benefited is \$11,800.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

OFFICE OF THE CHIEF ENGINEER,
March 19, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Bushwick District, Borough of Brooklyn, adopted on May 16, 1904, initiating proceedings for laying an asphalt pavement on Dumont avenue, between Rockaway avenue and Powell street.

This resolution affects a length of seven blocks of Dumont avenue, title to which was vested in the City under pending opening proceedings in 1905 to permit of the carrying out of a grading improvement affecting the same limits. The street is in use and the abutting property is largely built up.

All the subsurface improvements have been provided, and there seems to be no reason to prevent the authorization of this improvement, such action being recommended.

The work to be done comprises the laying of 5,670 square yards of asphalt pavement at an estimated cost of \$14,000. The assessed valuation of the property to be benefited is \$168,000.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 19, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Morrisania District, Borough of The Bronx, adopted on June 22, 1905, initiating proceedings for grading, curbing and flagging Cromwell avenue, between East One Hundred and Fiftieth street and Jerome avenue.

This resolution affects the entire length of Cromwell avenue, the same being a little over a mile. Title to the street has been acquired, but it is not in use at the present time, the land through almost the entire distance being very low. The resolution is presented at the request of seventy-seven petitioners. The demand for this improvement is undoubtedly occasioned by reason of the expectation of improved transit facilities in the vicinity.

I see no reason why this resolution should not be approved, and would recommend such action, the work to be done comprising the following:

170,000 cubic yards filling.

11,400 linear feet curbing.

45,000 square feet flagging.

3,200 square feet bridgestone.

The estimated cost of construction is \$115,000, and the assessed valuation of the property to be benefited is \$525,150.

Respectfully,
NELSON P. LEWIS, Chief Engineer.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 3, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on September 20, 1905, initiating proceedings for grading, curbing and flagging Ditmars avenue, between Steinway avenue and the Shore road.

Proceedings for acquiring title to Ditmars avenue, between Steinway avenue and the East river, were authorized on July 31, 1901, and the oaths of the Commissioners of Estimate and Assessment were filed on January 31, 1902. The Commissioners have about completed their work, and it is expected that the proceeding will be confirmed at an early date. The street is practically unused at the present time, and with the exception of a few buildings in the vicinity of Debevoise avenue, and near Steinway avenue, the abutting property is unimproved. Very few of the intersecting streets have been graded, and the street traverses territory which is at present almost inaccessible.

The improvement will undoubtedly pave the way for development of property, and its authorization is recommended, the work to be done comprising the following:

40,000 cubic yards excavation.

10,000 linear feet curbing.

47,000 square feet flagging.

The estimated cost of construction is \$50,000, and the assessed valuation of the property to be benefited is \$275,000.

I would recommend that title to Ditmars avenue, between Steinway avenue (Tenth avenue) and the East river be vested in the City on May 15, 1906, unless earlier confirmed.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Public Improvement, on the 31st day of July, 1901, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Ditmars avenue, from Steinway avenue easterly to the Old Bowery Bay road, in the Borough of Queens, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court, in proceedings to acquire title to said Ditmars avenue, and the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law on the 31st day of January, 1902; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 15th day of May, 1906, the title to each and every piece or parcel of land lying within the lines of said Ditmars avenue, between Steinway avenue (Tenth avenue) and the East river, in the Borough of Queens, City of New York, so required, shall be vested in The City of New York.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 3, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on September 20, 1905, initiating proceedings for grading, curbing and flagging Payntar avenue, between Jackson and Van Alst avenues, in the First Ward.

Proceedings for acquiring title to Payntar avenue, between Jackson and Van Alst avenues, a length of nine blocks, were authorized on November 1, 1899, and the oaths of the Commissioners of Estimate and Assessment were filed on January 31, 1902. The report of the Commissioners in this proceeding is now before the Court awaiting confirmation. The roadway is in use through the entire length of the street affected by the resolution, some portions of which are little more than a wagon path, while in others it is approximately shaped. Several houses have been erected upon each block.

The improvement seems to be a proper one, and its authorization is recommended, the work to be done comprising the following:

30,000 cubic yards filling.
4,800 linear feet curbing.
22,000 square feet flagging.

The estimated cost of construction is \$34,000, and the assessed valuation of the property to be benefited is \$286,000.

I would recommend that title to Payntar avenue, between Jackson and Van Alst avenues, be vested in the City on May 15, 1906, unless earlier confirmed.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following were then adopted:

Whereas, The Board of Public Improvements, on the 1st day of November, 1899, adopted a resolution requesting the Corporation Counsel to acquire title, wherever the same has not heretofore been acquired, for the use of the public, to the lands, tenements and hereditaments that shall or may be required for the purpose of opening and extending Payntar avenue, from Jackson avenue to Van Alst avenue, in the Borough of Queens, City of New York; and

Whereas, Commissioners of Estimate and Assessment have been appointed by the Supreme Court in proceedings to acquire title to said Payntar avenue, and the oaths of said Commissioners of Estimate and Assessment were duly filed as required by law on the 31st day of January, 1906; therefore be it

Resolved, That the Board of Estimate and Apportionment of The City of New York, in pursuance of the provisions of section 990 of the Greater New York Charter, directs that upon the 15th day of May, 1906, the title to each and every piece or parcel of land lying within the lines of said Payntar avenue, from Jackson avenue to Van

Alst avenue, in the Borough of Queens, City of New York, so required, shall be vested in The City of New York.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 3, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on September 20, 1905, initiating proceedings for grading, curbing and flagging Potter avenue, between Ninth and Tenth avenues, in the First Ward.

Title to this block of Potter avenue has already been vested in the City under opening proceedings which are yet in progress. An unshaped roadway is in use and the abutting property on the northerly side has been partially improved. A portion of the curbing has already been provided, and some of the sidewalk has been laid.

The resolution seems to be a proper one, and its approval is recommended, the work to be done comprising the following:

1,000 cubic yards filling.
450 linear feet curbing.
2,400 square feet cement walk.

The estimated cost of construction is \$2,800, and the assessed valuation of the property to be benefited is \$130,000.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

In the Board of Estimate and Apportionment.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 3, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Newtown District, Borough of Queens, adopted on September 20, 1905, initiating proceedings for grading, curbing and flagging Webster avenue, between William street and Vernon avenue, in the First Ward.

This resolution affects a length of ten short blocks of Webster avenue, title to which has been acquired under opening proceedings, the awards for which were confirmed on April 5 of last year. Through the five easterly blocks extending from William street to Marion street, a rough wagon path is in use across land very much below the established grade. Through this portion of the street there are very few buildings. Between Marion street and Vernon avenue the roadway is in use approximately for the full width of the street, and several buildings have been erected upon the abutting property.

The improvement seems to be a proper one, and its authorization is recommended, the work to be done comprising the following:

45,000 cubic yards filling.
4,700 linear feet curbing.
20,800 square feet flagging.

The estimated cost of construction is \$40,200, and the assessed valuation of the property to be benefited is \$155,000.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 30, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Staten Island District, Borough of Richmond, adopted on February 13, 1906, initiating proceedings for grading New York avenue, between Manor road and a point about 825 feet westerly therefrom, in the First Ward.

New York avenue was placed upon the map of the City in 1903, forming a part of the Prohibition Park lay-out in the First Ward. The street has a length of four blocks. The grading and macadamizing of the two westerly blocks was authorized last

year, and the resolution now presented provides for grading only the greater portion of the two easterly blocks. The land lying within the lines of that portion of the street described in the resolution has been deeded to the City. The roadway is in use and is approximately shaped, but the abutting property is unimproved. Between the westerly limit of the improvement described in this resolution and the easterly limit of the improvement authorized last year, there remains a short length of the street for which no improvement is provided. The land here is occupied by a building, and the road now in use is deflected to pass around the same. I assume that the grading is omitted through this portion of the street for the reason that title to the land has not been acquired.

Approval of the resolution is recommended, the work to be done comprising the following:

7,250 cubic yards filling.

20 cubic yards reinforced concrete for culverts.

The estimated cost of construction is \$6,400, and the assessed valuation of the property to be benefited is \$13,100.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on September 27, 1905, initiating proceedings for the construction of a sewer in East Twenty-fifth street, between Clarendon road and Avenue D.

Title to East Twenty-fifth street has never been acquired under formal proceedings, but the Secretary of the borough states that the owners of the abutting property have executed an easement permitting the construction of the sewer, and that the same has been duly recorded in the Register's Office. East Twenty-fifth street is not in use at the present time through the block affected by the resolution, and the abutting property is unimproved. The improvement is asked for by property owners who are about to begin building operations.

The outlet sewer has recently been authorized, and the approval of the resolution is recommended, the work to be done comprising the following:

50 linear feet 15-inch pipe sewer.

805 linear feet 12-inch pipe sewer.

8 manholes.

The estimated cost of construction is \$3,300, and the assessed valuation of the property to be benefited is \$27,800.

BOARD OF ESTIMATE AND APPORTIONMENT,
OFFICE OF THE CHIEF ENGINEER,
March 27, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Herewith is transmitted a resolution of the Local Board of the Flatbush District, Borough of Brooklyn, adopted on September 27, 1905, initiating proceedings for the construction of a sewer in East Twenty-sixth street, between Clarendon road and Avenue D.

This resolution affects a length of one block of East Twenty-sixth street, title to which has not been formally acquired. The Secretary of the Borough, in a statement attached to the resolution, states that the owners of the abutting property have executed an easement permitting of the construction of the sewer, and that the same has been recorded in the Register's office. The street is not in use at the present time, and the abutting property is unimproved. I am advised that building operations are about to be begun, and that the sewer is requested in order to permit of carrying out these improvements.

The outlet sewer has recently been authorized, and the approval of the resolution is recommended, the work to be done comprising the following:

50 linear feet 15-inch pipe sewer.

750 linear feet 12-inch pipe sewer.

8 manholes.

The estimated cost of construction is \$3,100 and the assessed valuation of the property to be benefited is \$25,550.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

The following resolution was then adopted:

In the Board of Estimate and Apportionment.

A copy of a resolution of the Local Board of the Flatbush District, duly adopted by said Board on the 27th day of September, 1905, and approved by the President of the Borough of Brooklyn, on the 16th day of October, 1905, having been transmitted to the Board of Estimate and Apportionment, as follows, to wit:

"Resolved, That the Local Board of the Flatbush District, Borough of Brooklyn, this 27th day of September, 1905, hereby initiates proceedings to construct a sewer in East Twenty-sixth street, from Clarendon road to Avenue D,"

—and there having been presented to said Board of Estimate and Apportionment an estimate in writing, in such detail as the Board has directed, that the cost of the proposed work or improvement will be the sum of \$3,100, and a statement of the assessed value, according to the last preceding tax-roll, of the real estate included within the probable area of assessment, to wit, the sum of \$25,550, having also been presented, it is

Resolved, That the said resolution of the said Local Board be and the same hereby is approved, and the local improvement therein provided for is hereby authorized, and this Board does hereby determine that no portion of the cost and expense thereof shall be borne and paid by The City of New York, but that the whole of such cost and expense shall be assessed upon the property deemed to be benefited by the said local improvement.

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx, Queens and Richmond—16.

The President of the Board of Aldermen moved that the "local improvements" to be authorized during the year 1906, be limited in amount to the sum authorized in the year 1905, viz., \$5,858,230, which motion was agreed to by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, Queens and Richmond—15.

Negative—The President of the Borough of The Bronx—1.

The Board then took up the consideration of financial matters.

DANIEL DRAPER, Ph. D., Director.

DEPARTMENT OF DOCKS AND FERRIES.

ACTIONS OF THE COMMISSIONER OF DOCKS, MARCH 29, 1906.

The following communications were received, action being taken thereon as noted, to wit:

From the Commissioners of the Sinking Fund (66909)—
Referring back to this Department, for investigation of protest made by a number of citizens, the matter of the proposed establishment of a ferry from and to the foot of Ocean avenue, Sheephead Bay, thence to Plum Beach, thence to Barren Island, thence to various points on Rockaway Beach. Commissioners of the Sinking Fund notified of the receipt of a petition for the granting of the franchise, also that the Commissioner does not consider the protest well founded, and the Commission was requested to approve the establishment and leasing of the franchise, as heretofore recommended.

From the Corporation Counsel (66949)—
Transmitting certified copy of order of Supreme Court taxing bill of costs at the sum of \$3,383.70, for expenses incurred in the matter of acquiring title to lands on the North river, between West Fifteenth and West Eighteenth streets. Auditor directed to draw voucher for the payment of the amount.

From the President of the Board of Aldermen (67007)—
Acknowledging receipt of copy of communication to the Commissioners of the Sinking Fund relative to lease of land under water between Tiffany and Cabot streets, Borough of The Bronx, to the Oak Point Land and Dock Company. Filed.

From the Municipal Civil Service Commission (67008)—
Submitting names of persons from the preferred eligible list for appointment to the position of Foreman Dock Laborer. James E. Clifford reinstated as Foreman Laborer, compensation to be at the rate of \$1,800 per annum; Thomas Crow, William Nutley and John Witherington reinstated as Foreman Laborers, with compensation at the usual rate of 50 cents per hour.

From the President of the Borough of Manhattan (66908)—
Requesting to be furnished with a statement from the Commissioner as to the advisability of laying out an extension to St. Gabriel's Park, between Thirty-fifth and Thirty-sixth streets, First avenue and the East river. Notified that in the opinion of the Commissioner the marginal street area should be exempted from any acquisition of property for park purposes.

From the Department of Street Cleaning (66937)—
Stating that when electric or Kitson lights are provided, it will prosecute the work of dumping material in rear of the bulkhead wall foot of Wall street, and in the vicinity of Pier, new 17, East river, at night. Notified that owing to the limitations placed upon the Department by the 8-hour law, it will be impossible to arrange for the placing of the filling at night and that lights will therefore be unnecessary.

From the Commissioner of Public Works of the Borough of Manhattan (66077)—
In relation to the condition of the sewer at the foot of West Twenty-third street, North river. Commissioner of Public Works requested to have the necessary repairs made.

From the estate of William Nelson (66854)—
Requesting permission to build two bulkheads between Webster and Washington avenues, and one south of the foot of Pierce avenue, Ravenswood, Borough of Queens. Permit granted, the work to be done under the supervision of the Engineer-in-Chief in accordance with plans submitted as amended.

From Frederick A. Verdon & Co. (66877)—
Requesting permission to build a working platform on the westerly side of the foot of Bement avenue, West New Brighton, Borough of Richmond. Permit granted. The work to be done under the supervision of the Engineer-in-Chief in accordance with plans submitted as amended.

From Milliken Brothers (66936)—
Requesting permission to build a 100-foot extension to their platform which runs along the United States Government dike about 700 feet westerly of the foot of Holland avenue, in Newark Bay, Mariners' Harbor, Borough of Richmond. Permit granted, the work to be done under the supervision of the Engineer-in-Chief in accordance with plans submitted.

From Robert Jacob (66948)—
Requesting permission to build about 500 linear feet of narrow pile pier structure near the foot of Pilot street, City Island, East river, Borough of The Bronx. Permit granted, the work to be done under the supervision of the Engineer-in-Chief, in accordance with plans submitted.

From August Schaefer and Joseph Keefer (66921)—
Requesting lease of a plot of ground adjoining plot now held by Mr. Schaefer under permit from this Department at Goose creek, Jamaica Bay, Borough of Queens. Privilege granted for the occupation of Lot No. 158, an area of 800 square feet, to begin May 1, 1906, and expiring April 30, 1907, unless sooner revoked, rental to be at the rate of \$12 per annum, payable in advance to the Cashier.

From the Pennsylvania, New York and Long Island Railroad Company (66934)—
Requesting permission to extend pier foot of Thirty-second street, North river, an additional distance of 45 feet outshore. Permit granted to begin March 29 and to continue until April 30, 1906, unless sooner revoked, the work to be done under the supervision of the Engineer-in-Chief of this Department, in accordance with plans to be first submitted to and approved by him; rental to be 25 cents per square foot per annum, payable monthly in advance to the Cashier.

From the Staten Island Rapid Transit Railway Company (66282)—
Transmitting communication from the United States Express Company in relation to the difficulties experienced by them in the handling of their baggage at the South Shore Railroad terminal at St. George, Borough of Richmond, and asking whether the Department can suggest a remedy. Filed, the difficulty having been eliminated.

From the Portchester Transportation Company (66406, 66954)—
Requesting permission to land a small steamer at Pier, new 30, East river, for the season of 1906. Notified that no reservations will be made at the pier and that it will be necessary to apply to the Dock Master for accommodations when required.

From the Greenwich Passenger and Freight Line (66435, 66960)—
Requesting permission to land a small steamer at Pier, new 30, East river, for the season of 1906. Notified that no reservations will be made at the pier and that it will be necessary to apply to the Dock Master for accommodations when required.

From the Moran Towing and Transportation Company (66826)—
Calling attention to the damage to the propeller of the tug "Catherine Moran," caused by its striking a submerged obstruction in the slip between Piers 3 and 4, East river, Borough of Manhattan. Notified that investigation shows no obstructions in the slip.

From the Manhattan and Harlem Improvement Company (66852)—
Requesting that the unexpired term of their lease of the dumping board at the foot of Forty-seventh street, North river, be canceled in order to afford greater wharfage facilities thereat. Notified that for the short period of time the lease has to run, the Commissioner does not consider it to the interest of the City to take up the matter of the unexpired term of the lease.

From the Edgewater Improvement Association (66855)—
Asking the Department's co-operation in the establishment of an all-night service on the West One Hundred and Thirtieth street ferry of the New Jersey and Hudson River Railway and Ferry Company. Ferry company requested to advise why boats are not operated at night and whether it is the intention to establish a night service.

From the Baltimore and Ohio Railroad Company (66887)—
Disclaiming responsibility for damage done to the pier at One Hundred and Twelfth street, Harlem river, by the tug "Eli B. Conine," stating that Mackenzie & Vail are the owners of the tug. Mackenzie & Vail notified that the Department will look to them for payment of the cost of repairs.

From the Snare & Triest Company (66892)—
Submitting an offer to the Department to substitute a concrete backing for the brick backing of the masonry piers to be constructed in conjunction with the building of the St. George ferry-house, Borough of Richmond, and agreeing to credit the City therewith with the sum of \$2,000. Substitution authorized, a deduction of \$2,000 to be made in the contract price.

From Beadleston & Woerz (66931)—
Requesting a lease of berth in the basin foot of Charles street or in front of Pier 46, North river. Denied.

From the Central Railroad Company of New Jersey (66932)—
Complaining of the inconvenience experienced by them in the operation of their West Twenty-third street ferry during the season of 1905, because of the landing of the boats of the Iron Steamboat Company at the outer end of the West Twenty-second street pier and requesting that some action be taken to obviate such inconvenience this year. Notified that efforts will be made to keep the outer end of the pier clear in order to avoid interferences with the ferry traffic.

From Cusick & Ryan (66956)—
Requesting permission to occupy berth for the unloading of sand on the upland in rear of the bulkhead between Piers 47 and 48, North river. Denied.

From the New York Team Owners' Association (67002)—
Requesting to be advised as to whether the Department has taken any action on the association's requests for the removal of asphalt from "The Farm." Notified that the asphalt was laid at a great expense, that the question of removal is one which requires careful consideration and that the Commissioner is not prepared to take action at present.

From the New York Times (67003)—
Asking that, as it is designated by the Board of City Record as a medium for City advertising, it be placed on the list for the advertising of this Department. Notified that the paper will be included in the Department's list.

From the North Side Board of Trade (67005)—
Requesting diagram of land which this Department is intending to acquire at Fordham Landing, Borough of The Bronx. Map sent.

From C. Seitz (65931)—

Complaining of the condition of the South street approach to the Staten Island ferry at St. George terminal, Borough of Richmond. Filed, the pavement having been placed in condition.

From the Engineer-in-Chief—

1 (67004). Submitting terms and conditions of sale for the right to dump and fill in behind the bulkhead wall recently built or to be built on the westerly part of the Old slip section, East river, Borough of Manhattan. Ordered advertised.

2 (67009). Submitting terms and conditions of sale for the right to dump and fill in behind the bulkhead wall recently built or to be built on the Maiden lane section and on part of the Fulton section, East river, Manhattan. Ordered advertised.

3 (67010). Submitting plans, specifications and form of contract for paving the marginal street area between One Hundred and Seventh and One Hundred and Tenth streets, Harlem river. Approved and ordered printed and advertised as Contract No. 995.

4 (67011). Reporting that the work of furnishing, delivering and putting in place about 20,000 cubic yards of rip rap stone was completed on March 22 by the Brown & Fleming Contracting Company, under Class II. of Contract No. 895. Filed.

5 (67012). Recommending that temporary repairs be made to the pier foot of Nineteenth street, East river, at a cost of about \$500. Engineer-in-Chief directed to repair, as per recommendation.

6 (67013). Recommending the issuance of an order to dredge the slips between Piers 13 and 14, and between Piers 14 and 15, East river, to a depth of 27 feet at mean low water. Engineer-in-Chief directed to order dredging as per recommendation.

7 (67014). Reporting the death of Edward O'Gorman, Watchman, on February 23, 1906. Filed.

8 (67015). Recommending that as the Department is in need of the services of an additional Rammer, Eugene Morrissey, Laborer, be transferred to the position of Rammer. Municipal Civil Service Commission requested to authorize the change of Morrissey from Dock Laborer to Rammer.

From the Superintendent of Docks (67006)—

Recommending that the permit granted to James Pilkington to erect a derrick for the purpose of loading and unloading material at the bulkhead foot of Sixty-fourth street, East river, be revoked as of March 22, the date on which the derrick was removed from the premises. Revoked as per recommendation.

The Municipal Civil Service Commission was requested to authorize the transfer of Bernard J. McAllister from the position of Marine Sounder to that of Foreman Laborer, with compensation at the rate of \$100 per month.

Consent was granted for the transfer of James E. Clifford, Foreman Laborer, to the office of the President of the Borough of Manhattan.

Patrick Whalen, Dock Builder, who was absent on account of illness since January 7, 1906, was ordered reassigned to work.

The Municipal Civil Service Commission was requested to authorize promotion of John T. O'Brien from the position of Messenger to that of Collector.

J. W. SAVAGE, Secretary.

DEPARTMENT OF DOCKS AND FERRIES.

ACTIONS OF THE COMMISSIONER OF DOCKS, MARCH 30, 1906.

The following communications were received, action being taken thereon as noted, to wit:

From the Department of Public Works of the Borough of Manhattan (66984)—
Stating that the contractor for the regulating, grading, etc., of the exterior street from Sixty-fourth to Eighty-first street, East river, has been directed to comply with the request of this Department that the work be expedited. Filed.

From the Municipal Civil Service Commission—

1 (66972). Approving the transfer of Thomas Roberts from the position of Ship Carpenter in this Department to that of Foreman Carpenter. Roberts changed from Ship Carpenter to Foreman Carpenter, with compensation at the rate of 62½ cents per hour while employed, to take effect March 31, 1906.

2 (66995). Approving the reassignment of Charles Smith, Deckhand, to duty in this Department. Filed.

3 (66985). Advising that on April 4, 1906, a public hearing will be held on the request of this Department for an amendment in the classification of positions in the exempt class of this Department so as to provide for four Assistant Superintendents of Ferries. Filed.

4 (66884). Stating that it cannot approve the reassignment of John Magrino to duty as Dock Laborer, as he is already appearing on the pay-rolls of the Department as Deckhand, until such time as Magrino resigns from the position of Deckhand. Magrino to be continued in the service of the Department as Dock Laborer and to be reassigned as such on April 4, 1906, he having resigned from the position of Deckhand.

5 (67019). Submitting list of persons eligible for appointment to the position of Axeman in this Department and stating that all temporary appointments of Axemen must be discontinued. Temporary appointment of Vincent DeP. Sheridan as Axeman terminated.

6 (66460). Submitting name from the preferred eligible list of Axeman. Filed.

From the Board of Rapid Transit Commissioners (66620)—

Consenting to the transfer to this Department of John R. Lambert, Axeman. Filed. Rapid Transit Commissioners notified that action will not be taken at present.

From James A. Deering (67064)—

Submitting proposition for the settlement of differences between the New York Contracting and Trucking Company and the City with reference to the lease of the pier at the foot of West Seventy-ninth street, North river. Communication answered by suggesting that Deering make application to the Department for an adjustment on the following basis: The New York Contracting and Trucking Company to discontinue all proceedings and all interference on its part with the continuation of the building by the City of the new pier at the foot of Seventy-ninth street, North river, in accordance with plans approved by the Commissioners of the Sinking Fund and now part of the records of this office; the said company to accept in lieu of the lease under which it now occupies the old pier at the foot of Seventy-ninth street, North river, the right of occupancy for one-half of the length of the southerly side of the pier as now laid out on Dock Department plans at the foot of Seventy-ninth street, with the privilege of maintaining on such southerly half a dumping board, plans for which are to be hereafter approved and which will be in accordance with the usual construction of dumping boards as generally used on the North river; the work of the Department in reconstructing that portion of the new pier lying on the lines of the old pier to be so conducted as not to interfere with the rights of the company to operate its dumping board as it now exists, until such time as the City shall erect the new dumping board.

From the New York Edison Company (66540)—

Advising the Department of new ruling made by it whereby in future it will only renew with lamps, stubs or broken lamps to the extent of 20 per cent. Filed.

From the Compania Trasatlantica (66940)—

Notifying this Department that it can no longer use Pier 10, East river, owing to the construction of Pier, new 9, which immediately adjoins the pier, and asking that the rental therefor be terminated. Permit for the occupation of Pier, old 10, revoked, to take effect April 1, 1906. Notified that the lease of Pier, new 8, East river, will begin May 1, 1906.

From James E. Ward & Co., Agents for the New York and Cuba Mail Steamship Company (66958)—

Asking permission to enter into occupation of Pier, new 14, East river, on April 1, 1906, and to begin the erection of shed thereon. Permit granted to enter into occupation of the pier as per request, rental therefor to be hereafter fixed.

From L. J. Phillips & Co. (66845)—

Stating they are informed that the recommendation to the Commissioners of the Sinking Fund in relation to the acquirement of certain lands for dock purposes at Fordham road, Bronx Borough, has been returned to this Department for information as to the owners of the property, and stating that they stand ready to furnish the necessary information. Filed.

From Clara E. Willett (66973)—

Requesting permission to occupy plot of ground at Broad Channel, Jamaica Bay, Borough of Queens, designated as Lot No. 9, Block 21. Notified that the space desired has already been applied for and that application for Lots Nos. 1 to 5, which are vacant, will receive consideration.

From James Collins (66707, 66957)—

Requesting permission to lay a curb on the marginal street at "D" street, Wallabout Basin, Borough of Brooklyn. Permit granted, the work to be done in accordance with plans submitted, the space to be occupied only during the pleasure of the Commissioner, no additional charge to be made beyond that already paid for the City property on which the adjoining building is located, in view of the fact that the sidewalk will be open to the public.

From the New England Navigation Company (67018)—

Submitting plans for the construction of a freight shed upon the pier at the foot of Twenty-second street, East river, and requesting that they be approved. Plans approved and company notified that shed may be erected in accordance with the said plans.

From J. S. Ralston (66726)—

Requesting to be advised as to form of protected pile used in New York harbor, and as to the length of life of protected or preserved piles. Information furnished.

From the New York Contracting Company, Pennsylvania Terminal (66993)—

Requesting permission to use inshore berth on the south side of the dock at Thirty-fifth street, North river, for repairing scows in connection with the Pennsylvania Terminal work. Denied.

From William J. Crowley, Transitman (67026)—

Requesting an increase in salary from \$1,500 to \$1,800 per annum. Municipal Civil Service Commission requested to authorize the change in title of Crowley from Transitman to that of Transitman and Computer.

From the Engineer-in-Chief (67027)—

Reporting that the work of furnishing and delivering iron, steel, etc., was commenced on March 27, 1906, by Sherman, Brown, Clements Company, under Contract No. 967, Class I. Filed.

Thomas E. O'Neil, Oiler, absent on account of illness since January 1, 1906, was reassigned to work.

George H. Campbell, Vice-President of the Staten Island Rapid Transit Railroad Company, appeared before the Commissioner in relation to the commutation rates extended to patrons of the railroad using the Staten Island Ferry. He was informed that the Commissioner proposed to abolish commutation rates, and that all passengers on the ferry must pay the same rate of fare. Mr. Campbell requested that no action be taken at present, and stated that he would endeavor to submit for the consideration of the Commissioner a system of rates and fares between the patrons of the ferry and the railroad.

An order served upon the Department to show cause why a peremptory mandamus should not be issued directing the Commissioner of Docks to forthwith issue to Henry Borwegen three leases of land under water in Jamaica Bay, was transmitted to the Corporation Counsel for proper action.

The following orders were issued:

No.	Issued To and For.	Price.
22901	Mutual Towel Supply Company, toilet supply for the month of April	\$32 00
22902	Krystaleid Cooler Supply Company, distilled water, per 5-gallon demijohn	50

etc., standing within the lines and on property owned by The City of New York, acquired for street purposes in the

Borough of Brooklyn.
All of the buildings, parts of buildings, etc., standing within the lines of property acquired for the widening of Roebling street, from the Bridge Plaza at South Fourth street to Union avenue, in the Borough of Brooklyn. A map showing the property to be sold is filed in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan, and bidders should acquaint themselves with the extent and portions of the buildings to be sold and owned by the City.

By direction of the Comptroller, the sale of the above-described buildings and appurtenances thereto will be made under the supervision of the Collector of City Revenue. The sale will take place on

FRIDAY, APRIL 20, 1906,
at 11 a. m. on the premises, and will be sold for the highest marketable price at public auction on the following

TERMS AND CONDITIONS.
The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances, or any portion thereof, within said period will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

DEPARTMENT OF PUBLIC CHARITIES, THE CITY OF NEW YORK, BOROUGHS OF BROOKLYN AND QUEENS, SCHERMERHORN STREET, NEAR NEVINS STREET, BROOKLYN, N. Y.

SALE OF GREASE, BARRELS, BONES, RAGS, METAL AND MISCELLANEOUS ARTICLES.

THE UNDERSIGNED WILL SELL AT public auction to the highest bidder, on the grounds of the Kings County Hospital, Clarkson street, Brooklyn, N. Y., on

WEDNESDAY, APRIL 25, 1906,

at 11 a. m.:

About 120,000 pounds bones.
About 20,000 pounds grease.
About 20,000 pounds rags.
About 2,000 pounds iron.
About 200 pounds lead.
About 200 pounds brass.
About 1,000 pounds tea lead.
About 100 pounds copper.
25 oil barrels.
10 vinegar barrels.
25 turpentine barrels.
10 pork barrels.
10 miscellaneous barrels.
Ashes (hard coal), per cubic yard.
2 steam boilers, in good condition, at Kings County Hospital, each.
1 hot water generator, at Cumberland Street Hospital.

Bids on metals, bones and fat must be per pound—on barrels per piece.

All quantities to be "more or less." All quantities to be "as are."

All aforesaid articles must be received by the purchaser at the aforesaid hospitals, and removed therefrom immediately upon being notified that same are ready for delivery, except in the case of bones and grease, which must be removed every other day by the purchaser without previous notice.

Each successful bidder will be required to pay 25 per cent. of the estimated amount of his purchase. Such amount shall be fixed by the Commissioner, and said purchasers shall pay said sum to him on the day of the sale, and shall pay the balance in cash or certified check on a New York City bank to the General Medical Superintendent upon delivery of the goods.

The Commissioner reserves the right to reject any or all bids, also the right to order a resale of any articles that shall not have been removed by the purchaser within ten days after a written notice has been mailed to him to do so. This, however, does not apply to the bones and grease, which, if not removed every other day, the Commissioner reserves the right to sell without notice.

In all cases of resale, the purchaser is to forfeit to the use of The City of New York the 25 per cent. paid at the time of sale.

BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment held March 2, 1906, the following petition was received:

To the Honorable Board of Estimate and Apportionment of The City of New York:
The petition of the Manhattan Refrigerating Company respectfully shows:

1. The said Manhattan Refrigerating Company is a corporation duly organized and existing under the laws of the State of New York, having its principal place of business at the northeast corner of West and Horatio streets, in The City of New York, and has built and is operating a large plant at that point for artificial refrigeration, conducting a cold storage warehouse and also a pipe line for the supply of customers in the market and others whose places of business front on the streets and avenues in the immediate vicinity. That it has for the period of about seven years maintained and operated in certain streets in The City of New York mains and pipes for the supply of mechanical refrigeration, and has supplied all acceptable customers along the said lines at reasonable rates.

2. The said Manhattan Refrigerating Company, by assignment, duly made to it by the Greenwich Refrigerating Company, is the sole owner of a certain franchise granted by the Mayor, Aldermen and Commonalty of The City of New York, approved by the Mayor April 8, 1890, and respectfully petitions your Honorable Board to grant a license to lay a conduit not more than twelve inches in diameter, to contain refrigerating pipes, extending from the intersection of Fourteenth street and Tenth avenue to Hudson street; thence southerly along Hudson street to Gansevoort street, and thence westerly along Gansevoort street to West street, the said pipes to be laid under the surface of the streets, and branches in the intersecting streets west of Hudson street.

3. That said pipes are to be used to convey brine, ammonia or other refrigerating medium to connect with other pipes of the Manhattan Refrigerating Company at the terminal points. This company has a line of pipes used for said purpose extending along West street and Tenth avenue, from Horatio street to Fourteenth street, for the purpose of supplying to such customers as may desire the same refrigeration for properly insulated compartments for the preservation of meats and other perishable goods.

4. That the said district through which it is proposed to lay the said pipes is largely devoted to the meat and produce trade, and for the proper carrying on of which it is necessary to have refrigeration, and that this company has been requested by persons engaged in said business along said route to extend its lines and to supply such persons with refrigeration.

5. That should said permit be granted, your petitioners will supply to all persons providing proper compartments or boxes and requiring the same, refrigeration at reasonable prices, and will save the City harmless from any loss or damage to any sewer, gas or water pipe, or from any cause that may arise from the exercise of the privilege so obtained by it, and will furnish such indemnity or security as the City may require to insure the faithful compliance with the conditions that it may see fit to impose upon your petitioners conditioned to the license applied for.

6. This company desires that the said franchise may continue for the period of ten years from the date of granting the same, and the company offers to pay to the City as a reasonable compensation or tax therefor annually a sum equal to 2½ per cent. on the gross amount of receipts derived from the customers supplied by pipes to be laid under the proposed franchise, and also from any and all customers on its present lines, except the standholders of the new market, on which last named business this company is already paying a percentage of its gross receipts. The company further offers that the percentage of its gross receipts to be paid for said franchise after the period of five years shall be increased to 5 per cent. during the remainder of the term.

7. This company further petitions that it may have the right or option at the expiration of the said term of ten years to a further term of ten years upon paying a like tax of 5 per cent. upon the gross receipts from all its lines, as above specified, excepting the standholders in the new market.

8. That said proposed pipe line will not interfere with any fixtures or appurtenances forming part of the water mains, sewers, conduits, subways or sub-pavement fixtures of any kind, or of any sub-structures existing by virtue of any franchise heretofore granted, all of which appears from the map herewith submitted. The company will do all work under the said franchise under the directions of the proper officers and departments of the City Government and will comply with all requirements thereof.

Therefore your petitioner prays that such license and franchise be granted as aforesaid.

Dated New York, March 2, 1906.
MANHATTAN REFRIGERATING COMPANY,
T. A. Adams, President.

City and County of New York, ss.:

Thomas A. Adams, being duly sworn, says: He is the president of the Manhattan Refrigerating Company, the petitioner named in the foregoing petition; that he has read the foregoing petition and that the same is true; that the reason this verification is made by deponent is that the petitioner is a domestic corporation organized and existing under the laws of the State of New York, and that he is the president thereof, as aforesaid, and has been duly authorized by the board of directors of said corporation to present and verify the foregoing petition.

T. A. ADAMS.

Sworn to before me this 5th day of March, 1906.

STEPHEN BARKER, Notary Public, New York County.

(When this petition was presented it was not verified, and was subsequently verified.)

At a meeting of the Board of Estimate and Apportionment held March 30, 1906, the following resolutions were adopted:

Whereas, The foregoing petition from the Manhattan Refrigerating Company, dated March 2, 1906, was presented to the Board of Estimate and Apportionment at a meeting held March 2, 1906.

Resolved, That, in pursuance of law, this Board sets Friday, the 20th day of April, 1906, at 10:30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least two (2) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the City Record immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

POLICE DEPARTMENT OF THE CITY OF NEW YORK, NO. 300 MULBERRY STREET.

SEALED BIDS OR ESTIMATES WILL BE received by the Police Commissioner of the Police Department of The City of New York at the above office until 10 o'clock a. m. on

WEDNESDAY, APRIL 25, 1906,

FOR FURNISHING AND DELIVERING PRINTING, BOOKS, BLANKS AND LITHOGRAPHY.

The time for the delivery of the articles, materials and supplies and the performance of the contracts is during the year 1906.

The amount of security required is fifty per cent. (50%) of the amount of the bid or estimate.

The bidder will state the price of each item or article contained in the specifications or schedule herein contained or hereto annexed, per pound, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested.

Bid must include the furnishing and delivering to the Police Department of all steel die plates, as stated in specifications, used in doing work under this contract, and upon execution of the contract such steel die plates shall thereafter become the property of the Police Department. The extensions must be made and footed up, as the bids will be read from the total for each item, and the Police Department reserves the right to award the contract by the entire schedule or to award for each item of the articles, materials or supplies specified and contained in the annexed specifications and schedule, unless bids or estimates for the same shall have been rejected by the Police Commissioner if he deem it for the interest of the City so to do.

Delivery will be required to be made from time to time and in such quantities and places as may be directed by the Inspector of Repairs and Supplies of the Police Department of The City of New York.

Blank forms and further information may be obtained at the Central Office of the Police Department, No. 300 Mulberry street, Borough of Manhattan.

BOARD OF ESTIMATE AND APPOINTMENT.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment held March 2, 1906, the following petition was received:

To the Honorable Board of Estimate and Apportionment of The City of New York:

The petition of the Manhattan Refrigerating Company respectfully shows:

1. The said Manhattan Refrigerating Company is a corporation duly organized and existing under the laws of the State of New York, having its principal place of business at the northeast corner of West and Horatio streets, in The City of New York, and has built and is operating a large plant at that point for artificial refrigeration, conducting a cold storage warehouse and also a pipe line for the supply of customers in the market and others whose places of business front on the streets and avenues in the immediate vicinity. That it has for the period of about seven years maintained and operated in certain streets in The City of New York mains and pipes for the supply of mechanical refrigeration, and has supplied all acceptable customers along the said lines at reasonable rates.

2. The said Manhattan Refrigerating Company, by assignment, duly made to it by the Greenwich Refrigerating Company, is the sole owner of a certain franchise granted by the Mayor, Aldermen and Commonalty of The City of New York, approved by the Mayor April 8, 1890, and respectfully petitions your Honorable Board to grant a license to lay a conduit not more than twelve inches in diameter, to contain refrigerating pipes, extending from the intersection of Fourteenth street and Tenth avenue to Hudson street; thence southerly along Hudson street to Gansevoort street, and thence westerly along Gansevoort street to West street, the said pipes to be laid under the surface of the streets, and branches in the intersecting streets west of Hudson street.

3. That said pipes are to be used to convey brine, ammonia or other refrigerating medium to connect with other pipes of the Manhattan Refrigerating Company at the terminal points. This company has a line of pipes used for said purpose extending along West street and Tenth avenue, from Horatio street to Fourteenth street, for the purpose of supplying to such customers as may desire the same refrigeration for properly insulated compartments for the preservation of meats and other perishable goods.

4. That the said district through which it is proposed to lay the said pipes is largely devoted to the meat and produce trade, and for the proper carrying on of which it is necessary to have refrigeration, and that this company has been requested by persons engaged in said business along said route to extend its lines and to supply such persons with refrigeration.

5. That should said permit be granted, your petitioner will supply to all persons providing proper compartments or boxes and requiring the same, refrigeration at reasonable prices, and will save the City harmless from any loss or damage to any sewer, gas or water pipe, or from any cause that may arise from the exercise of the privilege so obtained by it, and will furnish such indemnity or security as the City may require to insure the faithful compliance with the conditions that it may see fit to impose upon your petitioners conditioned to the license applied for.

6. This company desires that the said franchise may continue for the period of ten years from the date of granting the same, and the company offers to pay to the City as a reasonable compensation or tax therefor annually a sum equal to 2 1/2 per cent. on the gross amount of receipts derived from the customers supplied by pipes to be laid under the proposed franchise, and also from any and all customers on its present lines, except the standholders of the new market, on which last named business this company is already paying a percentage of its gross receipts. The company further offers that the percentage of its gross receipts to be paid for said franchise after the period of five years shall be increased to 5 per cent. during the remainder of the term.

7. This company further petitions that it may have the right or option at the expiration of the said term of ten years to a further term of ten years upon paying a like tax of 5 per cent. upon the gross receipts from all its lines, as above specified, excepting the standholders in the new market.

8. That said proposed pipe line will not interfere with any fixtures or appurtenances forming part of the water mains, sewers, conduits, subways or sub-pavement fixtures of any kind, or of any sub-structures existing by virtue of any franchise heretofore granted, all of which appears from the map herewith submitted. The company will do all work under the said franchise under the directions of the proper officers and departments of the City Government and will comply with all requirements thereof.

Therefore your petitioner prays that such license and franchise be granted as aforesaid.

Dated New York, March 2, 1906.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
