The shed on Pier, old 13, consists of two parts; the office portion of the inshore end and the shed proper. The office portion is about 53 feet long, about 30 feet wide, and is built in two stories. Its centre height from the deck of the pier is about 35 feet.

The shed proper is a single story structure about 357 feet long and about 30 feet wide, except a portion at the outshore end which narrows to a width of about 25 feet. Its centre height from deck of the pier is about 25 feet. The entire shed covers an area of about 11,850 square feet.

The items enumerated in the description are believed to be approximately correct; however, bidders must satisfy themselves as to the quantity, quality and condition of the material composing the shed to be sold when making their bids, it being the purpose of the Department to proceed with the improvement of the waterfront adjacent to Pier, old No. 13, East river, it being stipulated and agreed that the purchaser of the materials composing the shed on Pier, old No. 13, will make no claim or demand that he has been interfered with or hampered in the prosecution of the work of removal, by virtue of the operations of the Department of Docks and Ferries; the purchaser to further stipulate and agree that he will make no claim for damage, nor will it affect the bond furnished by him for the faithful performance of the work, in the event of the Department entering or taking possession of any portion of the premises from and after the date set for the removal of the materials composing said shed; the purchaser to further stipulate and agree that he will permit no material of any description composing said shed to go adrift or deposit same in the waters adjacent to the pier, and that he will conform in every way to the laws relative to the depositing of materials or permitting same to go adrift as established by the United States Government, the State and City authorities.

CORPORATION SALE OF A STEEL FREIGHT SHED AND APPURTENANCES THERETO.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction on

FRIDAY, FEBRUARY 23, 1906,

at 11 a. m., on the premises, the steel freight shed now located at Pier, old 11, at the foot of Old slip, East river, Borough of Manhattan, including the shed extension at the inshore end of the westerly side of the pier, together with the appurtenances thereto belonging, erected upon real estate acquired for Dock Department purposes, belonging to The City of New York.

The shed to be sold consists of the office portion of the inshore end and the shed proper. The office portion is about 50 feet long and about 34 feet wide, and is built in two stories. The shed proper is a single story structure about 400 feet long and about 34 feet wide, its centre height from the deck of the pier being about 26½ feet. The shed extension at the inshore end of the westerly side of the pier is about 50 feet long and about 50 feet wide. The entire shed covers an area of about 17,800 square feet.

All the posts, studs, purlins, trusses and bracing composing the framing of the shed are of structural steel.

The roof sheathing, window frames, partitions, walls, ceilings, office doors, etc., in the second story of the office portion are of woodwork in first-class condition. The sides of the building not taken up by doors are covered with corrugated steel. The roof is covered with tar and gravel over board sheathing, which rests on the wooden purlins. The principal parts or items composing the shed on Pier, old 11, East river, which is offered for sale include all the trusses, columns, studs, purlins, bracing, corrugated steel folding doors, wooden sliding doors, corrugated steel sheeting composing sides and end of shed, steel frames and all material of every description comprising the shed proper on Pier, old No. 11, East river, and the shed extension at inshore end, westerly side, down to the level of the decking of the pier, excepting the backing log, and any portion or portions of the pier proper which may be above the level of said docking of the pier.

The items in the description are believed to be approximately correct, but bidders must satisfy themselves as to the quantity, quality and condition of the material composing the shed to be sold when making their bids.

All the parts of the shed and extension and the materials composing them must be torn down to the level of the decking of the pier and entirely removed.

It is the purpose of the Dock Department to proceed with the improvement of the water front at Pier, old 11, East river, and it is stipulated and agreed that the purchaser of the materials composing the shed and shed extension will make no claim or demand of being interfered with or hampered in the prosecution of the work of removal by virtue of the operations of the Dock Department.

The purchaser will be required to stipulate and agree that no claim for damage will be made nor will it affect the bond furnished for the removal of the structures, in the event of the Dock Department entering or taking possession of any portion of the premises from and after the date set for the removal of the materials composing the shed and extension. The purchaser must also stipulate and agree that no material of any description composing the shed or extension will be allowed to go adrift or to be deposited in the waters adjoining the pier and that the purchaser will conform in every way to all the laws relative to the depositing of materials or permitting same to go adrift, as established by the United States Government, the State and City authorities. The materials to be sold will be those only which comprise the shed and extension and are on the premises at the time of sale, and the purchaser must take the necessary and proper precautions to protect the same.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted January 25, 1906, the Comptroller was directed to sell the above-described property. The sale will take place under the supervision of the Collector of City Revenue on Friday, February 23, 1906, at 11 a. m. on the premises.

The shed on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The shed and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

Failure to remove the said shed and appurtenances or any portion thereof, within said period will work forfeiture of ownership of such shed or appurtenances, or any portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New

York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of the said shed by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale the shed or any part included in the foregoing parcel.

CONDITIONS OF SALE.

As provided for by the Greater New York Charter.

1. Proposals containing conditions other than those herein set forth will not be received or considered.

2. No proposal for stock shall be accepted for less than the par value of the same.

3. Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon a solvent banking corporation, two per cent. of the par value of the stock bid for in said proposal.

No proposal will be received or considered which is not accompanied by such deposit.

Under this provision, the condition that the bidder will accept only the whole amount of stock bid for by him, and not any part thereof, cannot be inserted in any bids, except those for "all or none" offered by bidders who have also bid for "all or any part" of the stock offered for sale.
