The following communications were presented: From the Board of Education-

OFFICE OF THE BOARD OF EDUCATION, CORNER OF GRAND AND ELM STREETS, NEW YORK, December 8, 1892.

(In Board of Education, December 7, 1892.)

To the Board of Education:

The Finance Committee, to which was referred the report of the Auditing Committee in relation to the probable deficiency in the appropriation entitled "Public Instruction—For Gas and other methods of Lighting for all the Schools and the Hall of the Board of Education, 1892,"

methods of Lighting for all the Schools and the Hall of the Board of Education, 1892," respectfully report:

That an examination of this account shows that, without making allowance for three large new school buildings opened this year (Grammar Schools Nos. 92, 93 and 94), and the wings connected with Grammar Schools Nos. 18, 27 and 75, none of which appear in the gas accounts of last year, the probable deficiency based on last year's requirements is estimated at upwards of twelve hundred doll irs, and taking the consumption in the months of October, November and December, 1892, in these buildings into consideration, it is the opinion of your Committee that the sum of two thousand dollars in addition to the present appropriation will be required.

The estimate of the Board, as laid before the Board of Estimate and Apportionment in the fall of 1891, was \$27,000, of which only \$25,000 was allowed by the latter Board.

As the appropriations entitled "Public Instruction—For Rents of School Premises, etc., and for Erection of Temporary School Buildings" and "Public Instruction—For Technical, Manual and Industrial Education" for the present fiscal year, are in excess of the needs thereof, a transfer can be made from these accounts of one thousand dollars each without detriment to the interests of the Board.

Board.

The following resolution is submitted for adoption:
Resolved, That the Board of Estimate and Apportionment be and it is hereby requested to transfer from the following appropriations for the year 1892, viz.: "Public Instruction—For Rents of School Premises and Premises No. 160 Elm street, for annex to the Hall of the Board of Education, and for Erection of Temporary School Buildings," the sum of one thousand dollars (\$1,000), and from the appropriation for 1892 entitled, "Public Instruction—For Technical, Manual and Industrial Education," the sum of one thousand dollars (\$1,000), which said appropriations are in excess of the needs thereof, to the appropriation entitled, "Public Instruction—For Gas and other methods of Lighting for all the Schools and the Hall of the Board of Education, including arrearages—1892," which said appropriation is insufficient for the purposes thereof.

The President put the question whether the Board would adopt the resolution attached to the report of the Finance Committee, and it was unanimously decided in the affirmative.

The Honorable Board of Estimate and Apportionment :

From the Department of Street Cleaning-

DEPARTMENT OF STREET CLEANING-CITY OF NEW YORK, STEWART BUILDING, NEW YORK, December 13, 1892.

Hon. HUGH J. GRANT, Chairman of the Board of Estimate and Apportionment:

Hon. Hugh J. Grant, Chairman of the Board of Estimate and Apportionment:

Sir—I beg leave to enclose to you a copy of a communication received by me this day from Mr. William Turnbull, President of the Barney Dumping Boat Company, in which I am notified of an advance by his company in the rate of hiring boats to this Department.

We are now paying the sum of \$18 per day for these boats. The price asked, as you will see, is \$23, which is an increase of \$5 per day on each boat; and hiring, as we do, at the rate of thirteen daily (365 days to the year), will entail an increase of expenditure of \$23,725 for this service. This is a serious increase in this branch of the departmental service. It again emphasizes the great advantage to this Department of awarding this work by contract. As at present conducted it is impossible for us to determine to what excessive charges we may be subjected.

In view of the approaching wintry weather at sea, and the consequent increased expenditure to this Department in this item of final disposition, I am at a loss to know how to act in view of this demand of the Barney Dumping Boat Company, and respectfully request your Honor's direction in this matter. I beg to remain,

Very respectfully,

THOMAS S. BRENNAN, Commissioner of Street Cleaning.

THE BARNEY DUMPING BOAT COMPANY, No. 319 BROADWAY, NEW YORK, December 12, 1892.

Hon. THOMAS S. BRENNAN, Department of Street Cleaning, New York:

DEAR SIR—We have frequently called your attention to the severe service of our boats now in the employ of your Department, and the inadequate compensation we receive in comparison with that of any other system used by the City in the final disposition of city refuse.

I beg to inform you that, by a vote of the Directors to-day, the rental of our boats to the City will be advanced to twenty-three (\$23) dollars per day for each boat on and after the 20th day of December; this price is conditional upon the City continuing to rent the dumpers now in use, and that more care shall be taken by the City to protect our property.

This advance is made necessary from the hard service, the excessive wear and tear, the extraordinary repairs caused largely from the fact of the boats going hard aground in the slips under the dumping-boards.

ordinary repairs caused largely from the fact of the boats going hard aground in the slips under the dumping-boards.

Within the past year we have lost two boats, entailing a cost to this company of fourteen thousand (\$14,000) dollars more than the maximum insurance on them that the insurance companies will risk. Following the loss of the last boat all of our insurance was canceled and subsequently renewed at an advance of fifty per cent.

The company do not desire to ask from the City anything more than a fair return for the service rendered, and in your familiarity with the subject, we doubt not that you will recognize the price we ask is not excessive when compared with the cost to the City through the use of deck scows which cannot be used in all kinds of weather, such as our boats are when a tug can take them to sea.

to sea.

It will be necessary for us to have a prompt reply to this communication that we may make our arrangements accordingly.

Yours truly, WILLIAM TURNBULL, President. (Signed) Referred to the Comptroller.

On motion, the Board adjourned to meet December 21, 1892, at 11 o'clock A. M. E. P. BARKER, Secretary.

NEW YORK, December 2, 1892.

To the Honorable the Committee on Construction:

GENTLEMEN—Division Engineer Wegmann's party having been transferred to the Croton River Division, and inasmuch as the work on the Aqueduct is drawing to a close; owing also to the fact that two new divisions of the work have been recently established at the New Croton Dam and at Katonah on the Croton river, it would be better for the regularity of the records to abolish the old division numbers, and describe the new arrangement of the work as follows:

Ist. Brewster Dam's Division, under the superintendence of Division Engineer Walter McCulloh.
2d. Carmel and Purdy's Dams Division, under the superintendence of Alfred Craven.
3d. New Croton Dams Division, under the superintendence of Charles S. Gowen.
4th. Croton River Division, under the superintendence of Edward Wegmann, Jr.
The work along the line of the Aqueduct for the shaft-sites, etc., remains under the supervision of Mr. Alfred Craven (office at Yonkers), for the lower district, as heretofore; and for the upper district, under the supervision of Mr. Charles S. Gowen (office at Sing Sing), as heretofore.
