Whereas, The present condition of the carriage-way of First avenue, from Houston to Thirty-eighth street, and Avenue A, from Houston to Twenty-fourth street, is a reproach to the municipal government of the City of New York, as they are positively dangerous to life and health, the pavements being broken and displaced, the holes full of stagnant water, decayed vegetable and other matter, and so deep that vehicle travel is almost entirely suspended, the streets being absolutely impassable; and

Whereas, It is desirable that the two avenues above named, being the centre of business and population in two of the most densely populated wards of this city, should be improved and rendered available for public travel; be it therefore

Resolved, That the Commissioner of Public Works be and he is hereby directed to cause the carriage-ways of the avenues above named, and between the points indicated, to be repaired and put in good order, fit for public uses, without any unnecessary delay.

Approved by the Mayor, April 16, 1875.

Whereas, In the excavation necessary in order to reach the water and gas service pipes, in many of the paved thoroughfares of this city, by plumbers and others, great negligence is permitted, resulting in violations of the ordinances of the Common Council in nearly every case, by imperfectly replacing the pavement over such excavations, causing much annoyance and loss by damage to vehicles; endangering the lives of those of our citizens who use wagons or other vehicles in traveling on such streets or thoroughfares; occasioning a large expenditure of money by the city in repairing the streets, and rendering the Corporation liable for an injury resulting from such displacement of the pavements: be it therefore

Resolved, That the Commissioner of Public Works be and he is hereby directed to make a thorough inspection of the streets of this city; that he take cognizance of all violations or infractions of sections 12 and 13 of article 2, chapter VI., and section 8 of chapter XIV. of the revised ordinances of 1866, and report each delinquency to the Corporation Attorney, to recover the penalty provided therein for such violations thereof; that hereafter the said Commissioner of Public Works take the most rigid measures to cause the provisions of the above-mentioned ordinances to be strictly enforced; and be it further

Resolved, That the Commissioners of Police of the City of New York are hereby required to co-operate with said Commissioner of Public Works in causing such ordinances to be enforced, and to that end cause all such violations to be reported to the said Commissioner of Public Works, with the evidence in each case, that complaint may be made by the said Commissioner to the Corporation Attorney, to recover the penalty for every such violation of the ordinances of the Common Council.

Adopted by the Board of Aldermen, April 8, 1875.
Approved by the Mayor, April 16, 1875.

Resolved, That permission be and is hereby given to John Mulligan to erect a bay-window in front of his building on Lexington avenue and One Hundred and Nineteenth street, as shown on the accompanying diagram, provided the work be done at his own expense, under the direction of the Commissioner of Public Works; and that the permission hereby given shall continue only during the pleasure of the Common Council.
