4th. Although under the Charter, the Board of Pahlic Improvements, as well as the Municipal Assembly, has jurisdiction in the matter of street signs, e.g., and the Commissioner of Public Buildings, Lighting and Supplies is in charge of the lamp-posts of the City, will not an ordinance regulating street signs adopted by the Mancipal Assembly and approved by the Mayor be absolutely operative? Gentlemics—Six per cent. Gold Constituted Stock, amounting to eight million eight himdred and eighty-five thousand five hundred dollars (\$6,885,200), which was issued by the Country of New York prior to its consolidation with the former City of New York, matures on July 1, 1902.

The said stock is all held by the public and is payable from the Sinking Fund for the Redemption of the City Dent (No. 1), under the provisions of section are of chapter 378 of the Laws of 1807.

Under an amendment to the Constitution of the State of New York adopted at the general election held in the year 1809, the and stock is excepted, for the debressrictive purposes of section 2 of article VIII. of the Constitution, from classification as a City debt. This advantage wome ne practically lost as to the amount of said stock if it were to be redeemed out at the Sinking Fund, or if it were refunded by the issue of Corporate Stock of The City of New York

I therefore propose to extend the unitarity of a considerable propertion, if not the whole of such stock, for periods not exceeding twenty years, under the authority conferred upon me by chapter 550 of the Laws of 1900 upon the best obtainable terms for the City.
