BOARD OF ESTIMATE AND APPORTIONMENT.

EXTRACT FROM

MINUTES, BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK, JANUARY 4, 1907.

Milliken Brothers, Inc.

A communication was received from Milliken Brothers, Inc., stating that they commenced construction August 16, 1906, and completed same August 21, 1906, of two cast-iron pipes under and across the Shore road, or Richmond terrace, at Howland's Hook, Borough of Richmond, the construction of which was authorized by resolution adopted by the Board June 22, 1906, approved by the Acting Mayor July 5, 1906.

Which was ordered filed

Julius Kayser & Co.

A communication was received from Julius Kayser & Co. stating that they commenced construction August 22, 1906, and completed same September 24, 1906, of a tunnel under and across Taaffe place, north of DeKalb avenue, in the Borough of Brooklyn, to connect the property owned by the petitioner on both sides of said street, the construction of which was authorized by resolution duly adopted by the Board June 22, 1906, approved by the Acting Mayor July 5, 1906.

Which was ordered filed

James S. Maher.

A communication was received from James S. Maher, stating that he commenced construction July 8, 1906, and completed same November 17, 1906, of three separate tunnels under and across Brook avenue, between Rose and Grove streets, Borough of The Bronx, to connect the property owned by the petitioner on the west side of Brook avenue, north of Rose street, with the freight yards of the New York and Harlem Railroad directly opposite, the construction of which tunnels was authorized by resolution duly adopted by the Board May 25, 1906, approved by the Mayor June 5, 1906.

Which was ordered filed

American Express Company, Armour & Co. and Armour Packing Company, and Coney Island and Brooklyn Railroad Company.

A communication was received from the Mayor's office, returning, duly approved by the Mayor, resolutions as follows:

(a) Granting permission to the American Express Company to construct, maintain and operate a single track railroad spur on the east side of Webster avenue,

south of the Southern Boulevard, to connect with the existing tracks of the Union Railway Company in front of said premises, Borough of The Bronx;

(b) Granting permission to Armour & Co. to maintain jointly and severally with the Armour Packing Company a tunnel under Brook avenue, between Rose and Grove streets, Borough of The Bronx;

(c) Granting permission to the Coney Island and Brooklyn Railroad Company to construct, maintain and operate a single-track branch or spur from its northerly track in Water street, at Dock street, crossing its southerly track to the property leased by the American Express Company at the southeasterly corner of Water and Dock streets, Borough of Brooklyn.

Which was ordered filed

New York Central and Hudson River Railroad Company.

By resolution duly adopted by the Board November 9, 1906, the New York Central and Hudson River Railroad Company was directed to remove certain tracks from the surface of Twelfth avenue, between Fifty-eighth and Sixtieth streets, Borough of Manhattan, on or before December 21, 1906, and on that date the matter was referred to a select Committee, consisting of the Comptroller, the President of the Board of Aldermen and the President of the Borough of Manhattan.

The Secretary presented the following:

NEW YORK, December 26, 1906.

To the Board of Estimate and Apportionment:

GENTLEMEN—The undersigned Committee of the Board, appointed on December 21, to consider the matter of the removal of tracks in Twelfth avenue, between Fifty-eighth and Sixtieth streets, maintained and operated by the New York Central and Hudson River Railroad Company, and the application of the company for the right to maintain and operate the same, begs to report as follows:

Your Committee met on December 26, and after a full consideration of the status of the case, as shown by the several reports, opinion of the Corporation Counsel and the company's application, has come to the conclusion that in view of the opinion of the Corporation Counsel, the tracks were laid without authority; that the same should be removed in accordance with the order of the Board, passed November 9, 1906, copy of which, we are informed, was duly served upon a representative of the company; and further, that the company's application to maintain these tracks should be denied.

We are further of the opinion that as the company did not remove the said tracks on or before December 21, as required by the order of the Board, the President of the Borough of Manhattan should immediately remove said tracks and restore the street surface, charging the cost of such work to the said railroad company.

We enclose a form of resolution for adoption.

Respectfully,

H. A. METZ, Comptroller.

P. F. McGOWAN, President, Board of Aldermen.

JOHN F. AHEARN, President, Borough of Manhattan.

The following was offered:

Resolved, That the application, dated November 28, 1906, of the New York Central and Hudson River Railroad Company to maintain and operate certain tracks in Twelfth avenue, between Fifty-eighth and Sixtieth streets, Borough of Manhattan, be and the same is hereby denied; and be it further

Resolved, That as the order of this Board requiring the said company to remove such tracks on or before December 21, 1906, was not complied with, the President of the Borough of Manhattan be and he hereby is requested to remove forthwith the said tracks from the surface of the street, within the limits of Twelfth avenue, between Fifty-eighth and Sixtieth streets, and to restore the street surface, and to charge the cost of such work to said company.

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan and Queens—12.

Abraham & Straus.

The Secretary presented the following:

September 24, 1906.

To the Honorable Board of Estimate and Apportionment, City of New York, No. 277 Broadway, New York City:

DEAR SIRs—On December 4, 1905, we made an application to your Board for leave to maintain a structure in Livingston street, in the Borough of Brooklyn, City of New York, 11 feet wide by 400 feet in length and shown on the map annexed to said petition in brown tinting and included in the letters P, E, D and C. This application was granted on December 18, 1905, by the following resolution:

"Resolved, That the consent of the Corporation of The City of New York be and the same is hereby given to the firm of Abraham & Straus, the owner of certain lands on the northerly and southerly sides of Livingston street, Borough of Brooklyn, City of New York, to construct a tunnel from the westerly line of Hoyt street to the westerly line of Gallatin place under that portion of Livingston street owned by The City of New York, the said portion being a strip 11 feet wide and 400 feet long, between the old south line of Livingston street and the new south curb line of Livingston street, as widened, as shown in brown on the plan entitled:

"Design of Proposed Structure in Livingston street, Abraham & Straus, accompanying application dated December 4, 1905, for a permit for construction and maintenance." Signed Abraham & Straus, per Paul Grout, Attorney.

—a copy of which is annexed hereto and made a part hereof upon the following terms and conditions:

"1. Said consent shall be for a term not exceeding twenty-five years from the granting of said consent, provided, however, that the same may be canceled and annulled upon six months' notice in writing to the firm of Abraham & Straus, its successors or assigns, by the Board of Estimate and Apportionment, or its successors in authority, and thereupon all the rights of the said firm of Abraham & Straus, its successors or assigns, in and upon the aforesaid portion of Livingston street shall cease and determine.

"2. The firm of Abraham & Straus, its successors or assigns, shall pay into the treasury of The City of New York the following sums of money:

"During the first five years the annual sum of \$1,070.

"During the second five years the annual sum of \$1,125.

"During the third five years the annual sum of \$1,180.

"During the fourth five years the annual sum of \$1,240.

"During the fifth five years the annual sum of \$1,300.

"Such sums shall be paid into the treasury of The City of New York on November 1 of each year, provided, however, that the first payment shall be only that proportion of \$1,070 as the time between the approval of this consent and November 1 following shall bear to the whole year. The compensation hereby reserved shall commence from the date of approval hereof by the Mayor, and such compensation shall not be considered in any manner in the nature of a tax, but shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

"3. Upon the revocation or termination by limitation of this consent, the said firm of Abraham & Straus, its successors or assigns, shall, at its cost, cause the tunnel to be removed and all that portion of Livingston street effected

by this permission to be restored to its proper and original condition, if required so to do by The City of New York or its duly authorized representatives. If the tunnel to be constructed by the firm of Abraham & Straus under this permit shall not be required to be removed, it is agreed that the said tunnel shall become the property of The City of New York.

"4. The consent hereby given shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by acts of the firm of Abraham & Straus, its successors or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

"5. The tunnel shall be constructed in the latest improved manner, solely upon the terms and conditions hereafter to be approved by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity. The said firm of Abraham & Straus shall submit such working plans of construction as may be required by said officials, which shall include and show in detail the method of construction of said tunnel and the mode of protection of all subsurface constructions now in Livingston street.

"6. Said tunnel and all pipes and conduits laid therein shall be constructed, maintained and operated subject to the supervision and control of the proper authorities of The City of New York; and said tunnel shall be open at all times to the inspection of all the authorities who have jurisdiction in such matters under the Charter of The City of New York; and such sum for restoring the pavement as may be required by the President of the Borough of Brooklyn shall be paid by the firm of Abraham & Straus.

"7. Said firm of Abraham & Straus, its successors or assigns, shall allow a right of way through any part of the tunnel constructed under the permission hereby granted to be used by The City of New York for any and all subsurface constructions now or hereafter placed by it in that portion of Livingston street occupied by said tunnel, and agrees to reimburse the City for any expense other than the ordinary which it may incur in any subsurface construction, including the laying of pipes, conduits, sewers or like structures, in any street or avenue by reason of the presence of the tunnel to be constructed under this consent.

"8. Said firm of Abraham & Straus shall be liable for all damages to persons or property, including the street and subsurface structure therein, by reason of the construction or operation or maintenance of said tunnel, and it is a condition of this consent that The City of New York assumes no liability to either person or property on account of this consent.

"9. This consent is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

"10. Said firm of Abraham & Straus, its successors or assigns, shall commence the construction of said tunnel under this consent and complete the same within one year from the day of the approval of this consent by the Mayor; otherwise this consent shall be forfeited forthwith, and without any proceeding, either at law or otherwise, for that purpose; provided, however, that such time may be extended by the Board of Estimate and Apportionment for a period not exceeding six months.

"11. This consent is upon the express condition that the said firm of Abraham & Straus, within thirty days after its approval by the Mayor, and before anything is done in exercise of the right conferred hereby, shall deposit with the Comptroller of The City of New York the sum of twenty-five hundred dollars (\$2,500), either in money or in securities to be approved by him, which fund shall be security for the performance of the terms and conditions of this consent, especially those which relate to the payment of the annual charge for the consent and the repairs of the street pavement. In case of default in the performance by said firm of Abraham & Straus of such terms and conditions, The City of New York shall have the right to cause the work to be done and the materials to be furnished for the performance thereof, after due notice, and shall collect the reasonable cost thereof from the said firm without legal proceedings, or after default in the payment of the annual charges, shall collect the same with interest from such fund after ten days' notice in writing to the said firm of Abraham & Straus.

"In case of any drafts so made upon the security fund, the said firm of Abraham & Straus shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York, a sum of money sufficient to restore the said fund to the original amount of twenty-five hundred dollars (\$2,500); and in default thereof the consent hereby given may be canceled and annulled at the option of the Board of Estimate and Apportionment of The City of New York, acting on behalf of said City. No action or proceedings or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

"12. The firm of Abraham & Straus shall notify the Comptroller upon the commencement of the work, and shall also inform said Comptroller when it has completed all the work authorized by this consent.

"13. This consent shall not become operative until said firm of Abraham & Straus shall duly execute an instrument in writing, wherein said firm of Abraham & Straus shall promise, covenant and agree on its part to conform to and abide by and perform all the terms and conditions and requirements in this consent fixed and contained, and file the same in the office of the Comptroller of The City of New York within thirty days' after the approval of this consent by the Mayor.

"And the said firm of Abraham & Straus shall promise, covenant and agree in said instrument to hold The City of New York harmless from all damages to persons or property which may result from the construction, use, maintenance or operation of the tunnel hereby authorized.

"Which was adopted by the following vote:

"Affirmative—The Mayor, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Brooklyn, The Bronx and Queens."

We had acquired the fee of that part of Livingston street colored on said map in yellow, and indicated by E, G, H, I, Q, R, S, M, N, O and D, which represents the entire width of the old street, and had theretofore obtained the proper consent to maintain a structure in that part of said street colored in red and indicated by the letters P, F, B and A, which was to be the new sidewalk on the south side. The application granted by resolution of the Board of Estimate and Apportionment on December 15, 1905, together with the ownership in the fee and the permit to maintain vaults under the sidewalk, gave us the right to maintain a structure under Livingston street, from the north building line to the new south building line between Hoyt street and Gallatin place 80 feet in width, except for a space of about 200 feet, where it was only 61 feet in width, which space under said street was to be used for the purposes of delivery, as described in our petition of December 4, 1905.

You will see by reference to said map that the proposed sidewalk, under which we had permission to maintain vaults to the curb line on the south side was to be 19 feet in width. However, the Board of Aldermen on March 13, 1906, adopted a resolution changing the width of the said sidewalk from 19 feet to 15 feet, which resolution was approved by the Mayor on March 20, 1906. By the permit for that portion of the sidewalk colored red (which was obtained before the change in width of the sidewalk) we were allowed to maintain a structure 19 feet wide by 200 feet long, but the terms of the permit also limited the maintenance of such structure to a space between the curb line and the building line, so that there is now a portion of said street between the curb line as originally intended and the curb line as fixed by the resolution of the Board of Aldermen adopted March 13, 1906, for which we have no authority, except the permit originally granting us a space 19 feet by 200 feet, but which also by its terms, limits its permission to that portion of the street between the curb line and the building line.

It is for this reason that we now apply to your Honorable Board for permission to maintain a structure in Livingston street 4 feet wide and 400 feet long, being that

portion of said street between the southerly line of that part for which we obtained permission from you by resolution adopted December 15, 1905, and the new curb line as fixed by the Board of Aldermen by resolution adopted March 13, 1906, which strip will commence at a point where the building line of the westerly side of Hoyt street, if extended, would intersect the curb line of the southerly side of Livingston street as fixed by the resolution of the Board of Aldermen adopted March 13, 1906, and running thence westerly for a space of 400 feet, and being 4 feet in width, its entire length, and is shown on the annexed map in blue tinting and included within the lines P, C, T and U.

The fees required by the ordinances for the maintenance of vaults in that part of Livingston street, colored on said map in red, amounted to \$380, or at the rate of 10 cents a superficial foot, and that part thereof for which we now find it necessary to make this application being 4 feet wide by 200 feet long, or 800 superficial feet, which at the rate of 10 cents per foot amounts to \$80, and the necessity of this application and the consequent payments which will be required for such permission having been caused by the action of The City of New York alone, we ask that we be allowed said \$80 in determining the amount to be paid for this privilege.

We will give a bond to be fixed by you as in the former application to hold the City harmless during the construction of that portion of the roadway covered by this petition, and to hold the City harmless from any claims and demands growing out of its maintenance, and will make the construction under the supervision of your Engineer.

Respectfully yours,

ABRAHAM & STRAUS,
Per PAUL GROUT.

BOARD OF ESTIMATE AND APPORTIONMENT,
BUREAU OF FRANCHISES, ROOM 79, NO. 280 BROADWAY,
December 29, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—On December 15, 1905, the Board of Estimate and Apportionment adopted a resolution, which was approved by the Mayor January 30, 1906, being Approved Resolution No. 4, granting the consent of the Board to Abraham & Straus to construct, maintain and use a tunnel under that portion of Livingston street, in the Borough of Brooklyn, the title to which is vested in The City of New York, from the westerly line of Hoyt street to the westerly line of Gallatin place, the said portion being a strip eleven (11) feet wide and four hundred (400) feet long, lying between the original southerly line of Livingston street and the new south curb line of the street as widened. At the time the resolution was adopted, the width of the sidewalks for streets in the Borough of Brooklyn having a width of eighty (80) feet, was established by ordinance at nineteen (19) feet, and this width was used in determining the width of the roadway when granting the consent under the above named resolution.

On March 13, 1906, an ordinance was passed by the Board of Aldermen, being approved by the Mayor, March 20, 1906, by which the width of the roadway of Livingston street was made fifty (50) feet, and that of the sidewalks fifteen (15) feet from the building line to the curb.

By this procedure, there is a strip four (4) feet wide and four hundred (400) feet long, which was not covered by the resolution of December 15, 1905, but in which Abraham & Straus have constructed their tunnel.

They now present an application dated September 24, 1906, to the Board of Estimate and Apportionment for permission to maintain and use that part of the tunnel constructed under this additional portion of the roadway of Livingston street.

The application is accompanied by a plan entitled:

"Plan showing location of proposed substructure to be constructed in Livingston street, Borough of Brooklyn, to accompany application of Abraham & Straus to the Board of Estimate and Apportionment, City of New York, dated September 24, 1906,"

—and signed Abraham & Straus, per Paul Grout, attorney.

On this plan are indicated:

First—That portion of Livingston street in which Abraham & Straus hold the fee, marked by the letters E, G, H, I, Q, R, S, N, O, D, and colored yellow.

Second—That portion of Livingston street, the fee of which is in The City of New York, and under which permission was granted to Abraham & Straus to construct the tunnel by resolution of December 15, 1905, marked by the letters P, E, D, C, and colored brown.

Third—That portion of Livingston street, the fee of which is in The City of New York, and which became a portion of the roadway of Livingston street under the ordinance of March 13, 1906, which changed the width of the sidewalk from nineteen (19) feet to a width of fifteen (15) feet, marked by letters C, P, T, U, and colored blue.

Copies of the application and the accompanying plan were forwarded to the President of the Borough of Brooklyn, and to the Commissioner of Water Supply, Gas and Electricity, with a request that these officials have the project examined by the respective Bureaus in their Departments, with a view of ascertaining if there were any objections to granting the application or any special conditions which should be inserted in the usual form of contract for such privilege.

The Commissioner of Water Supply, Gas and Electricity replied that there were no objections to the occupation of the area named.

The President of the Borough of Brooklyn returned the plan of the construction submitted, which has been approved by the Consulting Engineer of the Borough, the Engineers of the Bureau of Highways and the Bureau of Sewers, and also by the Acting Chief Engineer of the Department of Water Supply, Gas and Electricity for the Borough of Brooklyn, as indicated by the signatures of the several officials. Permits have also been issued by the President of the Borough allowing the construction of the tunnel under that portion of Livingston street, the fee in which is held by Abraham & Straus.

It would, therefore, appear that there is no objection to granting the consent of the Board for the maintenance and use of the tunnel as requested by the firm of Abraham & Straus, in the additional area.

I would, therefore, suggest that the consent of the Board of Estimate and Apportionment be granted to the firm of Abraham & Straus to maintain and use the tunnel under the additional width of four feet, as stated in their application, for a period not exceeding twenty-five (25) years, from January 30, 1906, the date of the approval of the former consent by the Mayor, but revocable at the pleasure of the Board of Estimate and Apportionment, or its successors in authority, upon six months notice in writing, to the firm of Abraham & Straus; and that the sum of one thousand dollars (\$1,000) in money, or in securities, to be approved by the Comptroller, be deposited with him for the faithful performance of all of the terms and conditions of this consent.

The portion of the roadway of Livingston street which belongs to The City of New York, to be occupied by the tunnel under this new consent is a strip four feet wide and four hundred feet long, having an area of sixteen hundred square feet. In estimating the compensation to be paid for the use and occupation of this area for the tunnel, the same valuation per square foot and the same percentage of such valuation have been used as in the case of the original consent of December 15, 1905. Upon this basis, I find that the compensation to be paid by Abraham & Straus for the additional width of the roadway should be \$388 per annum. I would, therefore, suggest that this sum be paid annually into the Treasury of The City of New York by Abraham & Straus for the first term of five years, and that it be increased, as is usual for such cases, by the amount of five (5) per cent. for each successive term of five (5) years; the payments made being as follows:

During the first five years, the annual sum of \$388.

During the second five years, the annual sum of \$407.

During the third five years, the annual sum of \$428.

During the fourth five years, the annual sum of \$449.

During the fifth five years, the annual sum of \$472.

The compensation should commence on March 13, 1906, the date at which the new curb line was established.

I present herewith a resolution for the consideration and adoption by the Board.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

The following was offered:

Resolved, That the consent of the Corporation of The City of New York be and the same is hereby given to the firm of Abraham & Straus, the owner of certain lands on the northerly and southerly sides of Livingston street, Borough of Brooklyn, City of New York, to construct, maintain and use a tunnel under a portion of the roadway of said Livingston street, between the westerly line of Hoyt street and the westerly line of Gallatin place, said portion of the roadway being owned by The City of New York and being a strip four feet wide and four hundred feet long, between the southerly curb line of Livingston street as it existed at the time of the resolution adopted by the Board of Estimate and Apportionment on December 15, 1905, which was approved by the Mayor, January 30, 1906, and the southerly curb line of Livingston street as established by ordinance adopted by the Board of Aldermen on March 13, 1906, and shown upon the plan accompanying the application of said Abraham & Straus, being designated by the letters C, P, T, U, and colored blue, said plan being entitled:

"Plan showing location of Proposed Sub-structure to be constructed in Livingston Street, Borough of Brooklyn, to accompany application of Abraham & Straus, to the Board of Estimate and Apportionment, City of New York, dated September 24, 1906,"

—and signed by Abraham & Straus, per Paul Grout, attorney, a copy of which is attached hereto and made a part hereof.

The consent hereby given is subject to the following terms and conditions:

1. Said consent shall be for the term ending January 30, 1931, provided, however, that the same may be canceled and annulled upon six months' notice in writing to the said firm of Abraham & Straus, its successors or assigns, by the Board of Estimate and Apportionment, or its successors in authority, and thereupon all the rights of said firm, its successors and assigns, in and upon the aforesaid portion of Livingston street shall cease and determine.

2. The said firm of Abraham & Straus, its successors or assigns, shall pay into the treasury of The City of New York the following sums of money:

During the first five years the annual sum of \$388.

During the second five years the annual sum of \$407.

During the third five years the annual sum of \$428.

During the fourth five years the annual sum of \$449.

During the remainder of the term the annual sum of \$472.

The compensation herein fixed shall commence on March 13, 1906. Such annual sums shall be paid into the treasury of The City of New York, in advance, on the first day of November of each year, provided, however, that the first payment shall be \$635, covering the amount of compensation due for the period from March 13, 1906, to November 1, 1907. Such compensation shall not be considered in any manner in the nature of a tax, but shall be in addition to any and all taxes of whatsoever kind or description, now or hereafter to be paid under any ordinances of The City of New York or under any law of the State of New York.

3. Upon the revocation or termination by limitation of this consent, the said grantee, its successors or assigns, shall, at its own cost and expense, cause the tunnel to be removed and all that portion of said Livingston street affected by this permission restored to its proper and original condition, if required so to do by The City of New York, or its duly authorized representatives. If the tunnel constructed under this permit shall not be required to be removed, it is agreed that the said tunnel shall become the property of The City of New York.

4. The consent hereby given is for the exclusive use of the grantee and shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any person, firm or corporation whatsoever, either by acts of said grantee, its successors or assigns, or by operation of law, without the consent in writing of The City of New York, acting by the Board of Estimate and Apportionment, or its successors, in authority.

5. The said grantee shall pay the entire cost of

- (a) The construction and maintenance of the tunnel.
- (b) The protection of all surface and subsurface structures which shall in any way be disturbed by the construction of the tunnel.
- (c) All changes in sewer, water pipes or other subsurface structures made necessary by the construction of the tunnel, including the laying or relaying of pipes, conduits, sewers or other structures.
- (d) The replacing or restoring the pavement in said street which may be disturbed during the construction of said tunnel.
- (e) Each and every item of the increased cost of any future substructures caused by the presence of said tunnel under this consent.
- (f) The inspection of all work during the construction or removal of the said tunnel, as herein provided, which may be required by the President of the Borough of Brooklyn, and the Commissioner of Water Supply, Gas and Electricity.

6. Before the construction shall be begun, the grantee shall obtain permits to do the work from the President of the Borough of Brooklyn and from the Commissioner of Water Supply, Gas and Electricity. The grantee shall perform all the duties which may be imposed upon the grantee by these officials as conditions of such permits, provided such conditions are not inconsistent with the provisions of this consent. The grantee shall submit to these officials working plans which shall include and show in detail the method of construction of such tunnel and the mode of protection or changes in all subsurface structures required by the construction of the tunnel.

7. The grantee, its successors or assigns, shall allow to The City of New York a right of way through, under or above any part of the tunnel constructed under the consent hereby granted, for any and all subsurface structures which are now or may be hereafter placed by The City of New York in that portion of Livingston street occupied by said tunnel.

8. The said tunnel and any pipes and conduits laid therein shall be constructed, maintained and operated subject to the supervision and control of the proper authorities of The City of New York. The said tunnel shall be open at all times to the inspection of all the authorities who have jurisdiction in such matters under the Charter of The City of New York.

9. This consent is subject to whatever right, title or interest the owners of abutting property or others may have in and to Livingston street.

10. Said grantee shall be liable for all damages to persons or property, including the street and subsurface structures therein, by reason of the construction and operation or maintenance of said tunnel, and it is a condition of this consent that The City of New York assumes no liability to either person or property on account of the consent.

11. This consent is granted on the further and express condition that all laws or ordinances now in force, or which may hereafter be adopted, shall be strictly complied with.

12. Said grantee, its successors or assigns shall complete the construction of said tunnel under this consent on or before January 30, 1907; otherwise this consent shall

be forfeited forthwith and without any proceeding, either at law or otherwise, for that purpose.

13. This consent is upon the express condition that the said grantee, within thirty (30) days after its approval by the Mayor, and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of one thousand dollars (\$1,000) either in money, or in securities to be approved by him, which fund shall be security for the performance of the terms and conditions of this consent, especially those which relate to the payment of the annual charge and the repairs of the street pavement. In case of default in the performance by said grantee of any of such terms and conditions The City of New York shall have the right to cause the work to be done and the materials to be furnished for making the necessary changes or repairs, after ten days' notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings, or in case of default in the payment of the annual charge, shall collect the same with interest from such fund, after ten days' notice in writing to the said grantee.

In case of any drafts so made upon the security fund, the said grantee shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of one thousand dollars (\$1,000), and in default of the payment thereof the consent hereby given may be canceled and annulled at the option of the Board of Estimate and Apportionment of The City of New York, acting on behalf of said City. No action or proceedings or rights under the provisions of this section shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

14. Said grantee shall give notice to the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, in writing, of its intention to begin construction of the work hereby authorized at least forty-eight hours before such construction commences. The grantee shall also give to the Board of Estimate and Apportionment notice in writing of the date on which the work is commenced, and also the date on which the same is completed.

15. This consent shall not become operative until said grantee shall duly execute an instrument in writing, wherein said grantee shall promise, covenant and agree on its part to conform to, abide by and perform all the terms, conditions and requirements in this consent fixed and contained, and file the same with the Board of Estimate and Apportionment of The City of New York within thirty days after the approval of this consent by the Mayor.

And the said grantee shall promise, covenant and agree in said instrument to hold The City of New York harmless from all damages to persons or property which may result from the construction, use, maintenance or operation of the tunnel hereby authorized.

Mutual Life Insurance Company of New York.

The Secretary presented the following:

To the Honorable the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The petition of the Mutual Life Insurance Company of New York respectfully sets forth as follows:

That a resolution of the Board of Aldermen of The City of New York, adopted April 7, 1903, and approved by the Mayor April 20, 1903, granted permission to this petitioner, its successors and assigns, to construct and maintain a tunnel under and across Liberty street, in the Borough of Manhattan, City of New York, between Nassau and William streets (by laying three pipes across and under said Liberty street), to connect the properties Nos. 33 and 35 Liberty street, and Nos. 41 to 49 Liberty street, on the north side of said street, with No. 46 Liberty street, on the south side of said street, and a vault in front of No. 46 Liberty street, provided that petitioner should pay to The City of New York, as compensation for the privilege, such amount as may be determined as an equivalent therefor by the Commissioners of the Sinking Fund.

That by a resolution of your Board, adopted on the 18th day of November, 1904, the compensation to be paid by this petitioner to The City of New York for the privilege of constructing and maintaining such vault and tunnel aforesaid was fixed at the sum of \$1,248.04 per annum, to be paid by this petitioner to the Department of Finance, also a fee of \$312.01 for opening said street, to be paid to the President of the Borough of Manhattan, and further directing this petitioner to give a satisfactory bond for the faithful performance of all conditions prescribed by said President of the Borough of Manhattan, as by a resolution of the Board of Aldermen, adopted April 7, 1903, and approved by the Mayor April 20, 1903. The said bond to be approved by the Comptroller and filed in his office.

Petitioner further alleges that it thereafter complied with all conditions prescribed by said resolution of the Board of Estimate and Apportionment above set forth, and the said President of the Borough of Manhattan duly granted a permit to this petitioner to construct and maintain said tunnel and vault in Liberty street, as aforesaid. Petitioner forthwith proceeded to construct said tunnel and vault in compliance with the terms of said permit and has maintained same ever since.

Petitioner further sets forth that it has never used the said tunnel and vault or either of them, nor does it intend so to do.

That it is still the owner of said properties.

That this petitioner did, on or about the 13th day of November, 1905, pay to The City of New York the said sum of \$1,248.04 for the privilege of constructing and maintaining the said tunnel and vault for the year commencing on the 18th day of November, 1905, and ending on the 18th day of November, 1906 (being the amount of the annual compensation reserved by and to the City therefor).

That a bill has been rendered by the Department of Finance of said City to this company for the payment of a like sum for the year commencing on the 18th day of November, 1906, and ending on the 18th day of November, 1907, but in view of the fact that petitioner does not intend to use said vault and tunnel, it is expressly desirous of being relieved from the payment of said sum and of surrendering all rights in said tunnel and vault.

Petitioner therefore prays your Honorable Board to revoke the said privilege, granted by your Honorable Board to this petitioner, for constructing and maintaining said tunnel and vault, and release it from the payment of said annual charge of \$1,248.04 therefor, also to revoke said permit issued by said President of the Borough of Manhattan and cancel said bond, thereby releasing this petitioner from any and all liability in the premises, and for such other and further relief as to your Board may seem just and proper.

Dated New York, December 27, 1906.

THE MUTUAL LIFE INSURANCE COMPANY OF NEW YORK.

By GEORGE DEXTER, Second Vice-President.

Attest:

W. J. EASTON, Secretary.

State of New York, City and County of New York, ss.:

On the 27th day of December, one thousand nine hundred and six, before me personally came George T. Dexter, to me personally known, who, being by me duly sworn, did depose and say that he resides in The City of New York; that he is the second vice-president of the Mutual Life Insurance Company of New York, the corporation described in and which executed the foregoing petition; that he knew the seal of said corporation; that the seal affixed to said petition is such corporate seal; that it was so affixed by order of the Board of Trustees of said corporation, and that he signed his name thereto by like order.

Certificate filed in New York County.

BOARD OF ESTIMATE AND APPORTIONMENT,
BUREAU OF FRANCHISES, ROOM 79, NO. 280 BROADWAY,
December 29, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—By resolution duly adopted by the Board of Aldermen April 7, 1903, and approved by the Mayor April 20, 1903, permission was granted

"to the Mutual Life Insurance Company of New York, its successors and assigns, to construct and maintain a tunnel under and across Liberty street, in the Borough of Manhattan, between Nassau and William streets, to connect the properties Nos. 33 and 35 Liberty street and Nos. 41 to 49 Liberty street, on the north side of said street, with No. 46 Liberty street, on the south side of said street, which properties are owned by the said Mutual Life Insurance Company of New York * * *, providing the said Mutual Life Insurance Company shall pay to The City of New York, as compensation for the privilege, such amount as may be determined as an equivalent therefor by the Commissioners of the Sinking Fund."

The compensation to be paid for the privilege was subsequently fixed by the Board of Estimate and Apportionment at \$1,248.04 per annum, and the company was required, in addition thereto, to construct the tunnel under the direction of the President of the Borough of Manhattan, and subject to such conditions as he should prescribe; also to file a bond in the office of the Comptroller for the faithful performance of all the terms and conditions.

Under this consent the Mutual Life Insurance Company constructed a pipe from Nos. 33 to 35 Liberty street, 4 feet 2 inches in diameter, and two pipes from No. 43 Liberty street, 3 feet 2 inches each in diameter, laid side by side; and also a vault space, 28 feet 3 inches by 5 feet 6 inches, in front of No. 46 Liberty street. The pipes, I am informed, were to be circular steel, brick lined.

In a petition dated December 27, 1906, through its second vice-president, George Dexter, the Mutual Life Insurance Company states that

"it has never used the said tunnels and vault, or either of them, nor does it intend so to do;"

—and

"in view of the fact that petitioner does not intend to use said vault and tunnel, it is expressly desirous of being relieved from the payment therefor, and of surrendering all rights in said tunnel and vault;"

—and it therefore requests the Board to revoke the consent; also revoke the permit issued by the President of the Borough of Manhattan, cancel the bond and relieve the petitioner from any and all liability in the premises.

I have no objections to offer to the request of the company, but before such permission is granted, I am of the opinion that the company should be required to remove the pipes and all appurtenances laid under the aforesaid consent, restore the space now occupied as a vault to its original condition, make any and all payments up to and including the date upon which the revocation of the consent becomes effective, and comply with all the rules, regulations and requirements appertaining thereto, as prescribed by the President of the Borough of Manhattan, the Commissioner of Water Supply, Gas and Electricity and the Comptroller. When these officials have certified in writing to the Board of Estimate and Apportionment that the pipes and the walls of the vault have been removed and the subsurface of the street restored to its original condition, I believe the Board may, upon the receipt of such certificates, properly adopt a resolution rescinding the consent heretofore given, and authorize the Comptroller to relieve the company from further payments and to cancel the bond.

I submit herewith resolution for adoption.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

The following was offered:

Resolved, That the Secretary be and he is hereby directed to transmit to the Comptroller, the President of the Borough of Manhattan and the Commissioner of Water Supply, Gas and Electricity, each a copy of the petition of the Mutual Life Insurance Company and the report of the Bureau of Franchises thereon, this day presented to the Board; and be it further

Resolved, That the aforesaid officials be and they are hereby requested to submit to this Board, in writing, certificates stating that the pipes and the walls of the vault have been removed, and the subsurface of the street restored to its original condition by the Mutual Life Insurance Company, when such work has been completed, and the company has complied with all the rules and regulations of their respective departments.

Which was adopted by the following vote:

Coney Island and Brooklyn Railroad Company.

In the matter of the removal of tracks of the Coney Island and Brooklyn Railroad Company, on Coney Island avenue, between Fort Hamilton and Neptune avenues, from the side to the centre thereof, pursuant to the provisions of chapter 610 of the Laws of 1906, the acceptance of which law was filed by the company with the Board on November 23. On December 21, the President of the Borough of Brooklyn presented his decision, as prescribed by the aforesaid law, which decision was in favor of the removal of the tracks, and the matter was referred to the Bureau of Franchises.

The Secretary presented the following:

BOARD OF ESTIMATE AND APPORTIONMENT,
BUREAU OF FRANCHISES, ROOM 79, NO. 280 BROADWAY,
December 31, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—For over a year Coney Island avenue, in the Borough of Brooklyn, has been regulated and graded under the authority of the Local Board, approved by this Board, and in the month of December, 1905, there was pending before this Board a resolution to pave the avenue from a point near the southerly end of Prospect Park to Avenue G. This thoroughfare is a very important one, and its improvement was much desired by the property owners of Flatbush.

The initiatory steps were taken towards the improvement of this avenue on May 11, 1903, and since that time the improvement has been held up because of the fact that Coney Island avenue, for its entire length, is traversed by the tracks of the Coney Island and Brooklyn Railroad Company, which tracks are on the westerly side of the avenue, and it was deemed more desirable that they should be removed to the centre before the paving was laid.

On the 8th day of December, 1904, the President of the Borough of Brooklyn addressing a communication to the Board of Aldermen, requesting that body to adopt an ordinance directing the said company to relocate its tracks in the centre of the said avenue. The communication was referred to a committee and has not since been acted upon.

After the amendment of the Charter by chapter 629 of 1905, the Borough President of Brooklyn, by a letter dated October 11, 1905, requested this Board to adopt a resolution directing the Coney Island and Brooklyn Railroad Company to remove its tracks from the westerly side of Coney Island avenue to the centre thereof. With this letter was presented a communication from the president of the said railroad company, under date of October 18, 1905, claiming that the said railroad company was seized in fee simple absolute of its route and right-of-way on Coney Island avenue (see minutes, Board of Estimate and Apportionment, 1905, Vol. 2, p. 2208). Both these communications were referred to the Comptroller, and by him sent to the Corporation Counsel.

The delay heretofore mentioned in this matter has been caused mainly by the difference of opinion existing between the City and the railroad company, concerning the nature of the said company's title to Coney Island avenue; the railroad claiming that about the year 1865 it acquired by condemnation proceedings a strip of land 20 feet wide on said avenue, which it has since occupied and now holds in fee, while the City, after an exhaustive investigation made by the Corporation Counsel, reached the conclusion that the said railroad is "operated upon a highway or street of The City of New York," and that the said company is bound, if ordered by the Board, to relocate its tracks from the side to the centre of the said avenue.

Owing to the uncertainty and indecision that has characterized all efforts to secure the removal of these tracks, chapter 610 of 1906 was passed. This act became a law on the 24th day of May, 1906, with the approval of the Governor. The bill was passed, three-fifths being present, and was accepted by The City of New York.

The company filed its acceptance of this act with the Board of Estimate and Apportionment on the 23d day of November, 1906, which was after the expiration of the time in said act provided for the filing thereof. Under and in conformity with said chapter 610 of 1906, proceedings were begun by the publication of a notice to the abutting property owners and the company to show cause why the change of track should not be made. This notice was duly published, as required by the act, in the City Record and in the "Brooklyn Citizen" and "Brooklyn Times," daily for fourteen days.

Thereafter, on the 17th day of December, 1906, as provided in the said notice, a public hearing was had by the President of the Borough of Brooklyn, whereat but one dissenting voice was raised in opposition to proceedings under the act, and this opponent stated that the position he assumed was due to his conviction that the said act was a device of the railroad company for the purpose of delay. Ninety-nine per cent. of the property owners who appeared at the said hearing stood in favor of the immediate change of the tracks, as provided in said act.

After said public hearing, the President of the Borough of Brooklyn made his decision in favor of the said change, which is dated the 18th day of December, 1906, and which decision was filed with the Board on the 21st day of December, 1906.

According to the proceedings prescribed by the said act, this whole matter now comes before the Board of Estimate and Apportionment for consideration, and by the act this Board is authorized and empowered, in its discretion, to change the route or right-of-way and location of the tracks of this company on Coney Island avenue.

Should the Board give its consent to such change, the act provides as follows:

1. The decision of the Board shall not be binding on the company or the abutting property owners until "the owners of one-half in value of the property bounded on Coney Island avenue, between Fort Hamilton avenue and Neptune avenue, deliver to said company or to the Borough President, for account of said company, deeds of the new route and right-of-way."

2. If the act and proceedings thereunder be deemed effectual to vest in the Coney Island and Brooklyn Railroad Company a perfected title to a route or right-of-way in the centre of Coney Island avenue, of the same nature and extent as the title now possessed by it on the side of said avenue, the said company will then become bound "to grant and release to The City of New York the route or right-of-way now occupied by it in Coney Island avenue," and "to remove its tracks therefrom and to reconstruct its railroad upon its new route or right-of-way."

3. Having received your decision in favor of such change of route, and thereafter "if the owners of any land in the new route or right-of-way so located refuse to make the grant aforesaid, said company is authorized to acquire title thereto under condemnation law."

4. The company becomes expressly discharged of any obligation it may be under to pave Coney Island avenue and its real property, if its roadbed be adjudged such, specifically released from any assessment for such local improvement.

In order that the rights of the City may be fully protected, I would suggest that the matter be referred to the Corporation Counsel to advise the Board if, in his opinion, a favorable determination by the Board of Estimate and Apportionment upon the removal of the tracks and the acceptance of the conditions above cited would in any manner be prejudicial to the interests of the City, and if not, that he draw the necessary resolutions for passage by the Board, carrying the law into effect.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

Which was referred to the Corporation Counsel, with the request that he advise the Board if the acceptance of the conditions above cited would in any manner be prejudicial to the interests of the City, and if not, that he draw the necessary resolutions for passage by the Board, carrying the law into effect.

A petition was received from Robert H. Weems, addressed to this Board and the Board of Rapid Transit Railroad Commissioners, urging both Boards to rescind their approval of Route 3 and Route 5, as separate subway routes; arrange for the immediate construction of the "Tri-borough Route"; advertise for the immediate construction of a subway through Flatbush avenue, from Atlantic avenue to Prospect Park; build at once the subway loops that have been approved for Manhattan and maintaining that for each north and south route in Manhattan, additional transportation facilities should be provided for Brooklyn.

Which was ordered filed.

New York Central and Hudson River Railroad Company.

By resolution adopted November 9, 1906, the New York Central and Hudson River Railroad Company was requested to submit to the Board in writing, on or before November 30, any objections which it might have to the adoption of a resolution amending an ordinance adopted by the Common Council June 20, 1867, and approved on June 22, 1867, permitting said company to lay down switches and turnouts at their several passenger and freight depots.

On December 7, a communication was received from the Railroad Company offering no objections to the proposed action, and the matter was referred to the Corporation Counsel.

The Secretary presented the following:

LAW DEPARTMENT—OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, December 31, 1906.

To the Board of Estimate and Apportionment:

SIRS—I have received from your Board the following communication, dated December 8, 1906:

"At the meeting of the Board of Estimate and Apportionment held November 9, 1906, a resolution was adopted requesting the New York Central and Hudson River Railroad Company to submit to this Board, in writing, on or before November 30, any objections which it might have to the adoption of a resolution amending an ordinance adopted by the Common Council and approved on June 22, 1867, permitting said company to lay down switches and turnouts at their several passenger and freight depots."

"The railroad company was duly notified of the adoption of the aforesaid resolution, and was furnished with a certified copy of same, receipt of which was acknowledged in a communication dated November 28, 1906, from the general counsel to the company. I inclose herewith copy of his reply."

"At the meeting of December 7, 1906, a report was received from the Bureau of Franchises, suggesting that the ordinance of 1867 be amended as proposed. The proposed resolution was thereupon referred to the Corporation Counsel for approval as to form and opinion as to the legality of the proposed action. I therefore inclose herewith copy of the proposed resolution, with the request that you approve same as to form and advise the Board if there are any legal obstacles to the adoption of same."

The letter of Ira A. Place, General Counsel to the Railroad Company, referred to in your letter of December 8, stated on this point:

"I also beg to acknowledge receipt from the Secretary of the Board of a copy of the resolution adopted by the Board November 9, requesting this company to submit to the Board, in writing, on or before November 30, 1906, any objections which it may

have to the adoption of the proposed resolution in relation to the amendment of the ordinance adopted by the Common Council and approved on June 22, 1867, permitting said company to lay down switches and turnouts at their several passenger and freight depots.

"I inferred from the opinion of the Corporation Counsel above referred to, that he did not think it wise to amend this ordinance in connection with the matter of tracks in Twelfth avenue, between Fifty-eighth and Sixtieth streets, hereinabove referred to. From the company's standpoint I have no objection to action being taken upon it in that connection, and I do not desire to submit any objections to the proposed action."

The purpose of the proposed resolution revoking the consent granted by the City in 1867 is not to safeguard the City in the position it has taken in regard to the tracks laid by the company on Twelfth avenue, between Fifty-eighth and Sixtieth streets. In my opinion to your Board of November 7, 1906, I held that under the resolution of 1867 the railroad company had no right to lay or maintain tracks in the locality in question. The real purpose of the resolution proposed is to prevent the railroad company, in the future, from gaining any foothold or rights in the streets of the City through an old resolution loosely drawn in form and easily open to misconstruction and under which the company might claim rights which were probably never meant to be included in the consent at the time of its adoption. Such proposed resolution would not affect any vested rights of the railroad company, and such is not its purpose. The right of the City to revoke a franchise grant that has not been acted upon and which until perfected can be regarded as a revocable one is, in my opinion, indisputable. This doctrine of revocability has been recognized in a recent decision of the Appellate Division in re New York Electric Lines Company vs. Ellison, October, 1906. In that case the Board of Estimate and Apportionment formally revoked a permission granted by the Board of Aldermen to construct electrical conductors in the streets of the City and the Court said:

"Nor do I think there was any contract between the relator and The City of New York which was impaired by this action of the Legislature and the Board, acting under its authority. To constitute a contract between The City of New York and the relator, I think something more must exist than a mere granting to the relator permission to use its streets. No franchise was granted by The City of New York. The franchise, if any, was granted by the State. Undoubtedly, when the consent of the City was given, if that consent had been acted upon and the subways constructed, a property right would have been acquired, which the City could not do without compensation; but where, under these statutes, a mere right is given, subject to the consent of the City, the consent of the City itself grants no franchise or creates no contract until it is acted upon by the grantee. * * * All the elements of a contract are wanting. The relator assumed no obligation whatever in relation to the construction of the subway. All it ever agreed to do was that when it built the subway it would comply with the conditions imposed. Until the permission granted was accepted by some act of the corporation, I think there was no contract. If the relator had agreed to construct the subways within the specified time, a different question would have been presented; but in all the cases where these grants of franchises have been held irrevocable, it was because there was an obligation to construct the thing granted it or the grantee had acted under the grant, and had constructed it. In those cases a consideration would be apparent."

I therefore approve the adoption of the above proposed resolution.

Respectfully yours,

WILLIAM B. ELLISON, Corporation Counsel.

The following was offered:

Whereas, The Common Council of The City of New York did, on June 20, 1867, adopt resolutions reading in part as follows:

"Resolved, That permission is hereby granted to the Hudson River Railroad Company, during the continuance of their charter, to use dummy engines to draw their cars between their several passenger and freight stations in The City of New York, upon condition that they pay in each year a license fee of \$50 for each of said engines used by them during that year, to lay down such switches and turnouts at their several passenger and freight depots as are necessary for the convenient transaction of their business;" and

Whereas, Purporting to act under and by the authority of such resolution, the company has occupied some of the streets of the City, the right to which occupation the City, by its proper officials, is now contesting; and

Whereas, The existence of such a broad privilege is against the policy of the people of The City of New York and contrary to their best interests; now therefore be it

Resolved, That said resolution be and the same is hereby amended by striking therefrom the words

"to lay down such switches and turnouts at their several passenger and freight depots as are necessary for the convenient transaction of their business,"

—and substituting in their place the words:

"but no tracks shall hereafter be laid by such company in the streets of the City by way of extensions, connections, switches or turnouts without the consent of this Board."

Which was adopted by the following vote:

Affirmative—The Mayor, the Comptroller, the President of the Board of Aldermen and the Presidents of the Boroughs of Manhattan, Queens and Richmond—13.

Nassau Electric Railroad Company.

In the matter of the application of the Nassau Electric Railroad Company to construct, maintain and operate a railroad upon four certain routes designated therein, in the Borough of Brooklyn, which was presented to the Board at its meeting of October 26, 1906, and referred to the Bureau of Franchises.

The Secretary presented the following:

BOARD OF ESTIMATE AND APPORTIONMENT,
BUREAU OF FRANCHISES, ROOM 79, NO. 280 BROADWAY,
December 31, 1906.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—At a meeting of the Board of Estimate and Apportionment held October 26, 1906, there was presented a petition of the Nassau Electric Railroad Company for the right to construct a street surface railroad upon four certain routes designated therein as routes A, B, C and D.

The petition of the Company was referred to this Bureau for investigation and suggestions.

The Company states that in addition to route A, it proposes to extend its road over various streets and avenues under and pursuant to an ordinance granted by the City of Brooklyn to said company by resolution of the Common Council of the City of Brooklyn, adopted June 19, 1893. And the company further states that in connection with route C it proposes to extend its route on Stillwell avenue under a franchise granted to the Coney Island and Gravesend Railway Company, August 29, 1893, and August 31, 1893.

In view of the fact that there may be some question as to the validity of these two franchises, I believe it would be advisable that the matter be referred to the Corporation Counsel for his opinion thereon, and I would suggest that I be instructed to set the facts before him, in order that his opinion may be had.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

Referred to the Corporation Counsel for his opinion.

Erie Railroad Company.

At the meeting of November 23, 1906, a communication was received from the general manager of the Erie Railroad Company, stating it would have in operation by January 1, 1907, a type of dummy engine which shall conform to the terms of the ordinance adopted by the Board of Aldermen July 7, 1903, approved by the Mayor July 17, 1903, and the Bureau of Franchises was directed to report to the Board on January 4, 1907, as to whether or not the company is complying with the conditions of the aforesaid ordinance.

The Secretary presented the following:

BOARD OF ESTIMATE AND APPORTIONMENT,
BUREAU OF FRANCHISES, ROOM 79, NO. 280 BROADWAY,
January 4, 1907.

Hon. GEORGE B. McCLELLAN, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—By a resolution of the Board of Estimate and Apportionment adopted October 26, 1906, the attention of the Erie Railroad Company was called to the fact that the use of an ordinary switching engine for moving cars across Thirteenth avenue, from the Hudson river to its freight yard on the easterly side of Thirteenth avenue, between Twenty-eighth and Twenty-ninth streets, was in violation of the terms of the ordinance passed by the Board of Aldermen July 7, 1903, approved by the Mayor July 17, 1903, which required that the railroad company should use a dummy engine for such purpose. The general manager of the company acknowledged the receipt of the notification under date of November 10, 1906, and stated that a dummy engine would be provided by January 1, 1907.

Upon investigation made on December 29, 1906, it was found that the switching engine was still in use and a letter was at once addressed to J. C. Stuart, general manager of the Erie Railroad Company, asking him to inform this bureau when the use of that engine would be discontinued and the dummy engine put into operation. No reply has been received from Mr Stuart up to the present.

On January 3, 1907, another investigation was made, and upon finding the switching engine still in use, Mr. West, the agent in charge of the freight station, was interviewed. He telephoned to Mr. Barrett, general superintendent of terminals (office in Jersey City), who replied that the dummy engine would be sent to the yard on the following day, January 4.

On January 4, at 9 a. m., the switching engine was still in use, and no evidence of a dummy engine being on the ground was found.

This report is presented to the Board of Estimate and Apportionment for such action as it may deem proper.

Respectfully,

HARRY P. NICHOLS, Assistant Engineer.

The matter was laid over for two weeks.

The full minutes of the meeting of this day will appear in the CITY RECORD at a later date.

JOSEPH HAAG, Secretary.

POLICE DEPARTMENT.

The appeals of the following named candidates for a rerating of their examination papers were denied upon the recommendation of the Chief Examiner, no errors of marking or rating having been indicated:

Louis C. Berger, No. 35 West One Hundred and Sixteenth street, Topographical Draughtsman.

Patrick J. Flaherty, Department of Charities, Blackwell's Island, Deputy Superintendent of Hospitals.

Shirley W. Wynne, M. D., No. 105 West Sixty-fourth street, Examiner of Charitable Institutions.

Daniel A. Hart, No. 12 Stone street, promotion to Sergeant of Police.

Luke C. Quinn, Webster avenue and One Hundred and Ninety-eighth street, Inspector of Sewer Construction.

On motion, it was

Resolved, That the eligible list resulting from the examination for promotion to the grade of Captain in the Police Department, held on October 17, 1906, be and the same hereby is established as of December 1, 1906, the date upon which the rating of the papers was completed.

On motion, it was

Resolved, That the Secretary be and he hereby is directed to conduct a physical examination of the candidates for promotion to the rank of Inspector, Police Department, on Monday, December 17, beginning at 9 a. m., and to request the Chief Examiner to fix a date for the mental examination of said candidates.

A communication was presented from the Chief Examiner, dated November 10, forwarding a report of Mr. Rafferty, Examiner, on the case of Charles H. Babcock, an applicant for the position of Inspector of Carpentry and Masonry, with a request for instructions. After careful consideration of the statements in the report, the application was accepted.

On motion, it was

Resolved, That the requirement of residence in the State of New York be and the same hereby is waived in the case of Alexander D. Riley, No. 179 Van Houten street, Paterson, N. J., and his application for the position of Chemist is hereby accepted.

The President reported on the following matters, which had been referred to him by the Commission at the meetings of November 14 and 21, respectively:

First—That he had addressed a communication to the Comptroller, under date of November 14, calling his attention to a number of specific violations of the Civil Service Law in his Department, and to his responsibility in the matter as defined by sections 7 and 9 of the Civil Service Law; also to the Commission's authority to make an investigation of the department (as conferred by section 125 of the Charter) in case a full and satisfactory report were not furnished at an early date.

Second—That he had addressed a communication to the Commissioner of Health, under date of November 17, calling his attention to the violation of the Civil Service Law in his Department, and citing the specific instances of such violation as reported by Secretary Spencer at the meeting held November 21, and stating that if a full and satisfactory explanation were not forthcoming at an early date, the Commission would proceed with an investigation of the Department in accordance with the authority conferred upon it by section 125 of the Charter. On motion, the action of the President in the foregoing matters was approved.

The President stated that his attention had been called to the following appointments in the non-competitive class in the Department of Public Charities:

November 1, 1906, Albert M. Conklin, Hospital Helper (Mechanic), \$720 per annum.

November 1, 1906, Joseph L. Cunningham, Hospital Helper, \$720 per annum. And that, in view of the fact that Mr. Conklin had been employed in the Department of Public Charities as Deputy Superintendent of Hospitals, with salary at the rate of \$1,000 per annum, for a temporary period ending October 31, 1906, and that Mr. Cunningham had been employed as a Confidential Inspector of Food Supplies, with salary at the rate of \$1,500 per annum, from August 20 to October 20, 1906, it seemed as though their subsequent appointment to minor positions in the non-competitive class constituted an evasion of the Civil Service Law, and he had therefore requested the Commissioner of Public Charities to describe, over his own signature, the duties to be performed by the said employees in the capacity of Hospital Helper; that, under date of November 28, Commissioner Hebbard had done so, and as it appeared from his report that their duties were appropriate, he (the President) had directed that their payrolls be certified. The action of the President was approved.

A communication was presented from the Chief Payroll Clerk, dated December 4, with reference to the employment of Hospital Helpers in the Department of Public Charities in violation of rule XXI. of the Civil Service Rules. The matter was referred to the President for investigation.

A communication was presented from the Secretary of the State Civil Service Commission, dated December 1, returning, with the approval of that Board, the resolution of the Municipal Commission adopted November 14, excepting Mr. Wilbur R. Kimball from competitive examination to render expert services to the Comptroller. The communication was ordered filed.

A communication was presented from the Secretary of the Department of Health, dated December 1, requesting that the requirement of competitive examination be waived in the case of Mr. C. Odilon Mailloux, Electrical Engineer, of No. 76 William street, New York City, and that his employment be authorized by the Commission "to prepare plans for wiring and conduits on the grounds of the Willard Parker and Reception Hospitals at the foot of East Sixteenth street, Borough of Manhattan, and specifications to install wiring for outside lighting, fire alarm system, and watchman's time clock." The Secretary was directed to request that the amount of compensation be stated.

The Secretary presented the payroll of Joseph L. Cunningham, of No. 110 East Eighty-fifth street, New York City, for salary as Confidential Inspector of Food Supplies in the Department of Public Charities, from August 20, 1906, to October 20, 1906, inclusive, and stated that in the month of August the Commissioner of Charities had requested the Commission to authorize Mr. Cunningham's appointment under the provisions of rule XII., paragraph 3, pending the preparation of an eligible list for Con-

Confidential Inspector of Food Supplies; that he, the Secretary, with the approval of the Acting President, had directed the Chief Examiner to conduct a non-competitive examination of the candidate to qualify him for such employment, which, however, he declined to do, calling attention to the fact that there was an appropriate list in existence—Inspector of Foods—from which to certify; and that thereupon the matter had been laid over for consideration by the Commission at its first meeting in September. That at that time the matter was referred to the President, who recommended that the request be denied. That, in the meantime, however, Mr. Cunningham had been assigned to duty by the Commissioner of Public Charities under a misapprehension of the rules, and was permitted to serve until October 20, for which reason the Commissioner requested that his payrolls be approved. The request was granted.

A communication was presented from the Chief Clerk of the Police Department, dated November 20, notifying the Commission of the reinstatement of the following named persons in the grades indicated, in accordance with orders of the Supreme Court:

Captains.	
Michael McNamara.	Dennis Driscoll.
Edward J. Kenny.	Michael Gorman.
Joseph Gehagan.	
Sergeants.	
John McNamara.	Oliver Timms.
John Hamilton.	Christopher J. Doyle.
John Ryan.	Robert Halfpenny.
David Rogers.	Isaac S. Tichenor.
William A. Nelson.	Joseph H. Simons.
Jonas Evans.	Samuel Hancock.
George W. Hamer.	James Campbell.
Detective-Sergeants.	
John F. Burns.	Peter Carter.

—and transmitting payrolls for their salary from the date of their retirement in the year 1905 to the date of their reinstatement. The Secretary was directed to attach the certificate of the Commission to the payrolls, and the papers were ordered filed.

A communication was presented from the Comptroller, dated December 5, nominating Messrs. Hubert L. Smith, Assistant Deputy Comptroller; Chandler Withington, Chief Engineer, and Jeremiah T. Mahoney, Auditor of Accounts, to act as a Board of Examiners for positions in the non-competitive class in that department. The nominations were approved.

A communication was presented from the Comptroller, dated November 28, asking that in the absence of an eligible list for fourth grade Bookkeeper, he be authorized to employ 9 persons temporarily under the provisions of Rule XII., paragraph 3. The request was granted, and, on motion, it was

Resolved, That the Chief Examiner be and he hereby is directed to proceed with an open competitive examination for fourth grade Bookkeeper (male).

On motion, it was

Resolved, That the eligible list resulting from the examination for Financial Clerk, first grade, taken by a number of employees of the Staten Island Ferry Company to qualify them for transfer to the Civil Service of The City of New York, be and the same hereby is changed to a list for the second grade.

A communication was presented from the Comptroller, dated November 28, forwarding a certificate signed by the Transistmen and Computers in his department, waiving their right to promotion for the time being in order to permit of the appointment of Mr. U. S. Lutz from the competitive eligible list of Assistant Engineer in the Finance Department. The appointment was approved.

The reports of the Boards of Examiners for positions in the non-competitive class of the following departments were approved upon the recommendation of the Chief Examiner:

Schoolship "St. Mary's," December 1.
Bellevue and Allied Hospitals, October 20, 20, November 20, 20, 23.
Department of Correction, November 27, December 4.

The request of the Department of Health for approval of an additional leave of absence without pay, for three months, in the case of Miss Frances Young, Telephone Switchboard Operator, was denied, six months' leave of absence already having been allowed.

A communication was presented from the Board of Water Supply, dated November 30, requesting that the employment of the following named "temporary appointees" be authorized by the Commission until the announcement of the eligible lists for their positions:

Wortman Eason, Office Boy.
William G. Richardson, Stenographer and Typewriter.
Edmund L. Frost, Stenographer and Typewriter.

The request was granted, and the Secretary was directed to pass the payrolls, with a special certificate setting forth the facts in the case.

The request of the Board of Water Supply that the names of Ralph W. Greenlaw and Gurdon S. Mumford be restored to the list of Assistant Engineer, Board of Water Supply, \$2,000, was denied, it appearing that they had both declined appointment from that list on February 19, 1906.

The appointment of Mr. John E. Ashe, Jr., of Patchogue, L. I., as Stenographer and Typewriter in the Board of Water Supply, to be employed outside The City of New York, for a period of seven days, from December 3, was approved.

On motion, it was

Resolved, That the Chief Examiner be and hereby is directed to conduct a non-competitive examination of Mr. John E. Ashe, Jr., of Patchogue, L. I., to qualify him for employment as Stenographer and Typewriter by the Board of Water Supply, outside The City of New York, under the provisions of Rule XII., paragraph 3.

A communication was presented from W. N. Wilmer, Esq., Chairman of the Executive Committee, Normal College, dated November 20, requesting an amendment of the classification of exempt positions, so far as the same related to the Normal College of The City of New York, by including therein the title "Confidential Clerk to the Faculty." The Secretary was directed to advertise a public hearing for Wednesday, December 12.

A letter was presented from the President of the Jamaica Bay Improvement Commission, dated November 30, stating that the aggregate pay of Mr. William Hogg, a member of his surveying corps, had reached the sum of \$250, the limit of compensation fixed in his case, and requesting, in view of the fact that his work was not completed, that the Commission suspend that limit of compensation, as provided by Rule XII., paragraph 6, and substitute a new limit of \$500.

On motion, it was

Resolved, That, with the approval of the Mayor and the State Civil Service Commission, the limitation of compensation in the case of Mr. William Hogg, employed in the Jamaica Bay Improvement Commission to render expert services under the authority of Civil Service Rule XII., paragraph 6, be and the same hereby is suspended, and the maximum compensation of such person is hereby fixed at five hundred dollars (\$500).

The emergency appointment of Mr. William Hogg in the Jamaica Bay Improvement Commission, for seven days from December 10, was approved under the provisions of Rule XII., paragraph 4.

The emergency appointment of the following-named persons as Firemen for steam dumper service in the Department of Street Cleaning, was approved:

November 25—John Harms.

November 26—John Johnson, Alexander Nielson, Manuel Vio, William Leahy, Charles Smith, James Grady, John Harms.

A letter was presented from the Superintendent of Buildings, Borough of Manhattan, dated November 27, stating that in his letter of November 14, requesting various promotion examinations for the Clerks of his bureau, he had inadvertently omitted to request an examination for promotion from second to fourth grade Clerk; and asking that such an examination be held with the others for his department. The request was granted.

The request of the President of the Borough of Queens for an examination for promotion from Oiler to Stationary Engineman in his department was granted.

The request of the Department of Public Charities for an examination for promotion from Trained Nurse (male) to Supervising Nurse was granted.

The reassignment to duty of James McGivern, Stationary Engineer, in the Department of Water Supply, Gas and Electricity, Borough of Brooklyn, was approved, it appearing from the certificate furnished that his absence from October 4 was due to illness.

The reassignment to duty of John F. Cleary, Inspector of Sewer Construction, in the office of the President of the Borough of Brooklyn, was approved as of November 14, upon the statement of President Coler that his absence from the department for more than thirty days prior to that date was due to the fact that he was assigned to supervise work being carried on by the Brooklyn Grade Crossing Commission, and that he was paid for his time by the Brooklyn Heights Railroad Company; that upon his completion of that work he was again assigned to work that properly belonged to the City, and his name therefore was placed upon the payroll.

On motion, it was

Resolved, That the Chief Examiner be and he hereby is directed to summon Master Valentine Nolan, of No. 582 Briggs avenue, Borough of Brooklyn, for a non-competitive examination, to qualify him for employment as Office Boy in the office of the President of the Borough of Brooklyn, under the provisions of Rule XII., paragraph 3.

The name of James A. Carter, Celubra, Isthmus of Panama, was restored to the list of Process Server upon the request of the Law Department, it appearing that its report to the effect that he had declined an appointment was an error.

The request of Henry C. Steffins, of No. 135 South First street, Brooklyn, that his name be restored to the list of Inspector of Regulating, Grading and Paving (he having resigned before completing his probationary period), was referred to the President, with power.

The request of John G. Hoben, No. 169 Twelfth street, Long Island City, that his name be restored to the list of Inspector of Sewer Construction, was granted upon his statement that he did not fail to report at the office of the President of the Borough of Brooklyn in answer to the notice sent him.

The request of Alexander S. Farmer, of No. 140 Rodney street, that his name be restored to the list of Assistant Engineer, Board of Water Supply, \$1,650 per annum, was granted, upon his statement that he did not decline appointment at that salary; that, on the contrary, an appointment never was offered to him.

The request of Louis H. Lubarsky, No. 1701 Lexington avenue, that he be restored to eligibility for appointment as Transistman and Computer, in the Borough of The Bronx, was granted upon his statement that he had changed his residence to that borough and was willing to accept an appointment there.

The request of Richard Spitz, No. 224 Hamburg avenue, Brooklyn, that his name be restored to the list of Watchman was granted upon his statement that his reason for declining an appointment in the Brooklyn Disciplinary Training School was that he could not leave his present employer without due notice.

A letter was presented from Joseph Brizzolara, No. 52 McDougall street, dated November 24, requesting the Commission to make some disposition of his case, and stating that although he was suspended from the position of Watchman in the Brooklyn Disciplinary Training School on September 1, pending a hearing, he had never had an opportunity to be heard. The Secretary stated that Superintendent Farrell had notified him that Mr. Brizzolara had resigned on September 7. After a consideration of the matter, it was

Resolved, That the Secretary be and he hereby is directed to restore the name of Joseph Brizzolara to the list of Watchman from which he was appointed.

The request of George Washington, Brooklyn, N. Y., that his name be restored to the eligible list of Mechanical Draughtsman, was granted, he having been out of the City when his name was certified to the Board of Education on July 7.

The request of W. E. Simpson, No. 212 East One Hundred and Nineteenth street, that his name be restored to the list of Stationary Engineer, was granted upon his statement that he did not receive the notice regarding an appointment in the Brooklyn Disciplinary Training School for Boys, mailed to him on November 13, until November 22, and which made it impossible for him to report within the four days prescribed by the rules.

The request of Edward F. X. Fitzpatrick, No. 30 St. John's place, Brooklyn, that his name be restored to the eligible list of Stenographer and Typewriter, was granted, upon his statement that his reason for declining an appointment in the Brooklyn Disciplinary Training School for Boys on September 17, was that he was so situated that he could not reside in that institution, as required.

The request of John J. Foley, No. 223 East One Hundred and Twenty-fourth street, that his name be restored to the list of Junior Clerk, was granted upon his statement that he declined an appointment in the Finance Department on September 10, under a misapprehension of the rules.

The request of Benjamin Goldblatt, No. 15 East One Hundred and Eighth street, that his name be restored to the list of Junior Clerk, was granted upon his affidavit that he did not receive a notice from the Board of Education.

On motion, it was

Resolved, That the action of the Commission in denying the request of Frank O. Johnson, No. 129 East Eighty-second street, New York City, for restoration to the eligible lists of Temporary Clerk, Senior Clerk, Financial Clerk, Inspector of Licenses and Examiner of Sewer Claims, be and the same is hereby rescinded, and the Secretary is directed to replace the candidate's name on those lists; it appearing from the doctor's certificate furnished that he was unable to accept any of the appointments offered him in the months of August and October, owing to illness.

A communication was presented from the Assistant Secretary of the Civil Service Reform Association, dated December 1, calling the attention of the Commission to the appointment of eleven persons in the non-competitive class, in the Department of Health, nominally as Laborers in the Willard Parker Hospital, but really for assignment to the Borough of Richmond upon the work of destroying mosquito-breeding places; also to the fact that Mr. Eugene Winship, formerly employed as an expert in the Department of Health, had, under date of October 10, been appointed a Laborer in that Department at a salary of \$1,200 per annum. The Secretary was directed to communicate with the Reform Association and state that the matters complained of were already under investigation by the Commission; that under date of November 17, the Commissioner of Health had been requested to report thereon at the earliest possible date, and that pending a settlement of the matter, approval of the payrolls of the persons involved, was being withheld.

A communication was presented from the Assistant Secretary of the Civil Service Reform Association, dated December 5, with reference to the complaint of Joseph Brizzolara against his removal from the position of Watchman in the Brooklyn Disciplinary Training School, and asking that the Commission investigate the matter. The Secretary was directed to inform the Civil Service Reform Association that Mr. Brizzolara's name had been restored to the list from which he was appointed in that institution.

The Commission then adjourned to meet Wednesday, December 12, 1906, at 10 o'clock in the forenoon.

Attest:

F. A. SPENCER, Secretary.

JOHN SEATON,

Superintendent of Buildings, Borough of Richmond.

James Nolan, Chief Clerk.

DEPARTMENT OF DOCKS AND FERRIES.

New York, October 29, 1906.

The following communications were received, action being taken thereon as noted, to wit:

From the Commissioners of the Sinking Fund (69795)—Transmitting certified copies of resolutions adopted October 19, 1906, as follows:

1. Approving form of agreement between The City of New York and the New York and South Brooklyn Ferry and Steam Transportation Company for the pur-

chase of the property of the said company, between Thirty-eighth and Thirty-ninth streets, in the Borough of Brooklyn, and for the purchase of the ferry structures, etc., at both terminals of the present Thirty-ninth street ferry; also for the use of the two ferryboats "West Brooklyn" and "South Brooklyn," until such time as the new ferryboats are completed, all for the sum of \$750,000.

2. Directing that title to two strips of property, one on the north and the other on the south side of the premises owned by the New York and South Brooklyn Ferry and Steam Transportation Company, in the Borough of Brooklyn, shall vest in The City of New York on November 1, 1906.

3. Authorizing the Commissioner of Docks in the event of the chartering of the ferryboat "Mineola," to take out a marine insurance policy on said boat, not to exceed \$15,000.

Auditor notified of the adoption of the resolutions and Corporation Counsel advised of the vesting of the title.

From the Comptroller—

1 (69635). Requesting information relative to the suit brought by Mary M. Sherman for damage to the rental and usable value of property in the vicinity of Twenty-second street and Thirteenth avenue, Manhattan, to the amount of \$20,000, because of the illegal closing and excavating of West Twenty-second street and Thirteenth avenue. Notified that the matter is now in litigation, and that the Corporation Counsel has all the facts in relation thereto.

2 (69806). Stating that he has ordered the Title Guarantee and Trust Company to cause a search to be made of the property in Brooklyn owned by the New York and South Brooklyn Ferry and Steam Transportation Company, which the City acquires under an agreement with the company. Filed.

From the Municipal Civil Service Commission—

1 (69648, 69616). Submitting list of persons eligible for appointment to the position of Dock Laborer. The following were appointed, with compensation at the rate of \$55 per month, to take effect upon assignment to work: Thomas Duffy, Michael J. Lough, James J. Mulligan, Maurice Sheehan, Peter Merli, John J. Rohan, Denis E. Long, Thomas F. Golden, John F. McKean, Hugh O'Neill, George H. B. Cole, Joseph G. Hayes and Frederick Bloss. The following were appointed, with compensation at the rate of \$60 per month, to take effect upon assignment to work: Edmund R. O'Brien, Julius Metz, Martin Larsen, Maurice R. Dalton and James Hennessey.

2 (69826). Authorizing the reinstatement of Lawrence Murphy to the position of Stoker in this Department. Murphy reinstated, with compensation at the rate of \$60 per month, to take effect upon assignment to work.

3 (69827). Approving the rescinding of the discharge of Timothy Madden, Dock Laborer. Madden reinstated as Dock Laborer, with compensation at the rate of \$55 per month, to take effect upon assignment to work.

4 (69828). Stating that Abraham Johnson has successfully passed the non-competitive examination for the position of Deckhand. Johnson appointed, with compensation at the rate of \$60 per month, to take effect November 1, 1906.

From Mrs. Mary C. Lane (69299)—Stating that William Lane, her husband, has sold the house on Lots Nos. 13 and 14, of Block No. 7, at Broad Channel, Jamaica Bay, Borough of Queens, to Edward Gunnell, and that he has no further interest in the premises. Lane's permit for the premises revoked; privilege granted to Gunnell to occupy the property, about 3,710 square feet, compensation to be at the rate of \$45 per annum, payable in advance to the Cashier of this Department, to begin as of May 1, 1906, he having been in occupation of the premises, to continue during the pleasure of the Commissioner, and will expire by limitation of time on April 30, 1907.

From Leonard Michael (69575)—Requesting permission to build concrete bulkhead wall on piles along the westerly side of Gowanus canal north of Bond street, Brooklyn. Permit granted, the work to be done under the supervision of the Engineer in Chief of this Department, in accordance with plans submitted, the work to be confined within the lines of the present bulkhead.

From Ravitch Bros. (69724)—Requesting permission to construct a crib bulkhead between Pierce and Graham avenues, Long Island City, Borough of Queens. Permit granted, the work to be done under the supervision of the Engineer in Chief of this Department, in accordance with plans submitted as amended.

From the Knickerbocker Steam Towage Company (69750)—Requesting permission to cut a doorway in the shed on Pier (new) No. 1, North river, and to make repairs, as required, to the pier and shed on same. Permit granted, to continue during the pleasure of the Commissioner until December 31, 1906, the work to be kept within existing lines, and to be done under the supervision of the Engineer in Chief of this Department, to whom at least twenty-four hours' notice must be given prior to the commencement of any such work of repairs.

From the New England Navigation Company (69800)—Requesting permission to replace about eleven piles on the southwest corner of Pier 41, North river. Permit granted, the work to be done under the supervision of the Engineer-in-Chief of this Department.

From T. & A. Walsh, contractors for the New York and East River Ferry Company (69801)—Requesting permission to make repairs to the ferry rack at Astoria, Borough of Queens. Permit granted, the work to be done under the supervision of the Engineer-in-Chief of this Department and to be kept within existing lines.

From Michael Egan (69857)—Requesting permission to dredge at the dumping board foot of Thirty-ninth street, North river. Permit granted, the work to be done under the supervision of the Engineer-in-Chief of this Department.

From the Red Star Line (69720)—Requesting dredging in the half slip along the southerly side of Pier 15, North river, in order to accommodate a vessel 700 feet long and drawing 30 feet of water. Engineer-in-Chief directed to order the necessary dredging under Contract No. 880.

From the John P. Kane Company (67742)—Applying for a lease of bulkhead, 175 feet by 53 feet, situated under the Lenox Avenue Bridge, foot of One Hundred and Forty-fifth street, Harlem river. Notified that the property is necessary for the use of the Department of Bridges, and is at present being improved for the purposes of that Department.

From Frederick E. Driggs (69792)—Stating that he can secure a marine policy on the ferryboat "Mineola," at an estimated valuation of \$15,000, at a premium rate of \$4.80 for one year, or an annual premium of \$720, at such a time as is desired by this Department, policy to be cancelled pro rata. The Deputy Commissioner submitted a report on this communication providing for a policy of \$15,000 for marine insurance, exclusive of fire, beginning November 1, 1906, at the rate of \$4.80 for one year, or an annual premium of \$720 for the policy, the policy to be issued with the understanding that if it is cancelled prior to its expiration the Department is to be given a rebate for the unexpired time at the pro rata rate of premium, which report was approved.

From the Central Railroad Company of New Jersey (69527)—Requesting permission to make certain alterations to its ferry rack adjoining the northerly side of the pier foot of Twenty-second street, North river. Filed, permission for the changes having been granted on October 11, 1906, on a former application.

From the Engineer-in-Chief—

1 (69780). Reporting that on October 16, 1906, the tug "Nyack," with float No. 5 in tow, belonging to the Erie Railroad Company, ran into a catamaran on the south side of Pier (new) 21, North river, damaging the pier, and recommending the issuance of an order for the necessary repairs to be made at the cost and expense of the company. Order issued to Engineer-in-Chief to make the repairs and report the cost for collection from the railroad company.

2 (69778). Reporting that the Peerless Brick Company is dumping refuse offshore of the high water line along the southerly side of East One Hundred and Nineteenth street, Harlem river, and recommending that the company be directed to show cause by what authority the dumping has been done. Company notified to immediately cease the illegal filling.

From John J. Herrick, Mechanical Engineer (69643)—Recommending that the wages of Water Tenders on the Staten Island ferryboats be reduced from \$100 per month to \$95 per month, and the wages of Oilers be increased from \$90 per month to \$95 per month. Compensation of Oilers and Water Tenders fixed at the rate of \$95 per month, to take effect November 1, 1906.

From the Superintendent of Ferries—

1 (69863). Recommending that, in connection with the operation of the Thirty-ninth Street (Brooklyn) Ferry, the following be appointed to the position of Mate: William L. Van Pelt, Henry Horn, William L. Allen, Nicholas Sinnott, James H. Dougherty, P. J. Donovan, James P. McWilliams and Abraham Johnson. Compensation of all fixed at \$75 per month, to take effect November 1, 1906.

2 (69862). Recommending that John Murray and John H. McDermott, Dock Laborers, at present employed on the Staten Island Ferry as Porters, be assigned on the Thirty-ninth Street Ferry for duty as Doormen or Bridgemen, with compensation at the rate of \$60 per month. Murray and McDermott fixed at the rate of \$60 per month, to take effect November 1, 1906.

Contract No. 1026, for laying temporary slag or granite pavement upon a concrete foundation on a portion of the newly made land easterly of the bulkhead wall at Rector street section, North river, Manhattan, bids for which were opened on October 26, 1906, was awarded to the lowest bidder, the Sicilian Asphalt Paving Company, subject to the approval of the Title Guaranty and Surety Company, as surety, by the Comptroller.

The Contractors' Protective Association were requested to advise the Department whether the placing of bins at various locations on the river front for the storage of broken stone for the combined use of persons handling this class of material would meet with the views of the association.

Sealed bids or estimates were received and opened for preparing for and building foundations for the columns of the bulkhead shed in the rear of the bulkhead wall between about the southerly line of West Nineteenth street and the northerly line of West Twenty-second street, and the shed column foundations on Pier 62, near the foot of West Twenty-second street, North river; also for preparing for and laying concrete pavement over the above described bulkhead shed area and the deck of Pier 62, North river, under Contract No. 1028, as follows:

	Class I. Foundations.	Class II. Pavement.	Total.

DEPARTMENT OF DOCKS AND FERRIES.

FILLING-IN PRIVILEGE.

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon, on

FRIDAY, JANUARY 11, 1907.

FOR THE RIGHT TO DUMP AND FILL IN BEHIND THE BULKHEAD WALL RECENTLY BUILT OR TO BE BUILT ON THE EASTERLY PART OF THE OLD SLIP SECTION, ON THE EAST RIVER, BOROUGH OF MANHATTAN.

TERMS AND CONDITIONS OF SALE.

The work to be done is to fill in with suitable material, as hereinafter described, the area behind the new bulkhead wall extending from the west line of Pier (new) No. 10, East river, easterly a distance of about 438 feet to the crib return, at about the westerly line of Wall street, and extending also from the rear of the bulkhead wall, when it is completed, inshore a distance of from about 26 feet to 37 feet to the old crib bulkhead running along the southerly side of South street.

The exact limits of the basin to be filled under this agreement may be seen on a map at Pier "A," together with the soundings and other data used, the said map being a part of this agreement.

The filling will be brought to a grade level with the top of the coping of the bulkhead wall and will extend inshore on a regular grade to the level of the street adjacent.

It is estimated that the area outlining the above-described limits will create a basin to be filled in, under this agreement, whose cubical contents in net void space is equal to about 7,800 cubic yards.

Bidders will state in writing a lump sum price, which they agree to pay for the privilege of filling in the void space behind the bulkhead wall, built or to be built, on the easterly half of the Old slip section, as described above, and as appears in detail on the map at Pier "A," and which becomes a part of the contract or agreement.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above-described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above-described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above-estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore until the bank of same has been carried out to the finished grade for a distance of about 30 feet from the face of the bulkhead wall, at which time, if so directed by the Engineer, the filling shall be started at the bank and carried outshore toward the bulkhead wall or close row of piles.

All material must be dumped and filled in only in such manner, at such points and in such order of procedure and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

All directions shall be given by the Engineer, and wherever the word "Engineer" is used in these specifications it refers to and designates the Engineer-in-Chief of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip-rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the under side of the backing log of the bulkhead wall at such section, and no higher, unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun. The Department reserves the right of ordering the contractor to deposit not less than 100 cubic yards per day as directed by the Engineer, and the whole amount of the filling called for to bring the above-described basin up to grade shall be completed within 78 calendar days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss

which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

Technical Description for Laying Out a Substitute for the Extension of Bedford Avenue Between the Intersection of Bedford Avenue and Heyward Street and the Intersection of Broadway and Havemeyer Street.

1. The proposed extension of Bedford avenue from the intersection of the present Bedford avenue and Heyward street to the intersection of Broadway and Havemeyer street, as laid out by resolution adopted by the Board of Estimate and Apportionment on February 10, 1905; together with the triangular public place at Lee avenue and Hewes street and at Division avenue, Marcy avenue and Ross street, laid out by the Board of Estimate and Apportionment on March 31, 1905, to be discontinued and closed.

2. Roebbing street between the southerly side of Broadway and the northerly side of Division avenue to be widened by adding twenty (20) feet to its westerly side, making the street one hundred (100) feet in width.

3. The easterly side of Roebbing street between Broadway and Division avenue to be extended southwardly in a straight line to the northeasterly side of Lee avenue, and the area included between this extension of the easterly side of Roebbing street, the northeasterly side of Lee avenue and the southerly side of Division avenue, to be laid out as a public place.

4. Taylor street between the southeasterly side of Lee avenue and the northeasterly side of Bedford avenue to be widened by adding thirty (30) feet to its southeasterly side, making the street one hundred (100) feet in width.

Resolved, That this Board consider the proposed change at a meeting of the Board, to be held in the City Hall, Borough of Manhattan, City of New York, on the 11th day of January, 1907, at 10.30 o'clock a. m.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby that the proposed change will be considered at a meeting of the Board, to be held at the aforesaid time and place, to be published in the CITY RECORD and the corporation newspapers for ten days continuously, Sundays and legal holidays excepted, prior to the 11th day of January, 1907.

THE AQUEDUCT COMMISSIONERS' OFFICE, ROOM 207 STEWART BUILDING, No. 280 BROADWAY, NEW YORK, December 18, 1906.

FLASHBOARD EQUIPMENT FOR NEW CROTON DAM.

SEALED BIDS OR PROPOSALS WILL BE received by the Aqueduct Commissioners at the above office until 12 o'clock noon, on

TUESDAY, JANUARY 8, 1907

at which place and hour the bids will be publicly opened and read; the award of the contract, if awarded, will be made by the Aqueduct Commissioners as soon thereafter as practicable, for furnishing and erecting flashboard equipment on the spillway of the New Croton Dam. The dam is located in the Town of Cortlandt, Westchester County, New York, about 2½ miles from Cro-

ton-on-Hudson, on the New York Central and Hudson River Railroad, Hudson River Division, approximately 35 miles from New York.

The length of the spillway is approximately 1,000 feet. The flashboard equipment consists of flashboards, cast-iron bents, a narrow gauge track, a car, a concrete walk, galvanized iron railings, a concrete storage house and other minor accessories.

The security required will be Six Thousand Dollars.

The contract will be required to be completed within 120 consecutive calendar days following the month in which the contract is signed by the Commissioners.

The work is authorized by chapter 490, Laws of 1883, of the State of New York, and the amendments thereto.

No bid will be received or considered unless accompanied by a certified check upon one of the State or National banks in The City of New York, drawn to the order of the Comptroller, or money to the amount of \$500.

Copies of a pamphlet, containing further information for bidders, form of proposal, forms of contract and bond approved by the Corporation Counsel, and the specifications and contract drawings can be obtained at the office of the Aqueduct Commissioners on application in person or by mail.

The Board of Assessors has levied and assessed the foregoing assessments in twenty equal annual installments:

The "Fourth Installment" in each case is now due and payable, and hereafter for sixteen years an amount equal to one of the aforesaid annual installments with interest shall be assessed upon the lots or parcels of land benefited by said improvements. These assessments were confirmed by the Board of Revision of Assessments on December 29, 1903, and the "Fourth Installment" entered on December 29, 1906, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents.

Unless the amount of the fourth installment in each case shall be paid within sixty days after said date of entry, interest shall be charged, collected and received thereon as provided in section 1019 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien as provided by section 150 of this act."

Section 150 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before February 27, 1907, will be exempt from interest, above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF the Greater New York Charter, the Comptroller of the City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears of the assessment for OPENING AND ACQUIRING TITLE to the following-named place in the BOROUGH OF THE BRONX:

TWENTY-FOURTH WARD, SECTION 12.
CLINTON PLACE—OPENING AND EXTENDING, from Aqueduct avenue to Jerome avenue. Confirmed March 11, 1903; entered December 24, 1906. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the northwesterly prolongation of a line parallel to the northwesterly line of Clinton place and distant 100 feet southwesterly therefrom with a line parallel to the northwesterly line of Aqueduct avenue and distant 100 feet northwesterly therefrom; running thence northwesterly along the last-mentioned parallel line to its intersection with the northwesterly prolongation of a line parallel to the northwesterly line of Clinton place and distant 100 feet northwesterly therefrom; thence southeasterly along said prolongation and parallel line and its prolongation southeasterly to its intersection with a line parallel to the southeasterly line of Jerome avenue and distant 100 feet southwesterly therefrom; thence southwesterly along

said parallel line to its intersection with a line parallel to the southwesterly line of Cameron place and distant 100 feet southwesterly therefrom; thence northwesterly along said parallel line to its intersection with the southeasterly line of Jerome avenue; thence northerly in a straight line to the point of intersection of the northwesterly line of Jerome avenue with a line parallel to the southwesterly line of Clinton place and distant 100 feet southwesterly therefrom; thence northwesterly along said parallel line to the point or place of beginning.

The above-entitled assessment was entered on the date hereinbefore given in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides: "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, corner of One Hundred and Seventy-seventh street and Third avenue, Borough of The Bronx, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before February 23, 1907, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired for the Department of Parks, said buildings being situated in the Borough of Manhattan and erected upon property described as follows: Being the property situated on Bradhurst avenue, between West One Hundred and Fifty-third and West One Hundred and Fifty-fourth streets, in the Borough of Manhattan, and situated within the area of Colonial Park, and which is more particularly described on a survey on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Manhattan.

By direction of the Comptroller, the sale of the above described building and appurtenances thereto will be made under the supervision of the Collector of City Revenue, Department of Finance.

The sale will take place on

WEDNESDAY, JANUARY 9, 1907

at 11 a. m., on the premises, on the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stumps and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances, or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they, or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they

have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel.

CORPORATION SALE OF REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund of The City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction, on

THURSDAY, JANUARY 10, 1907

at 12 o'clock m., at the Comptroller's Office, No. 280 Broadway, Borough of Manhattan, City of New York, all the right, title and interest of The City of New York in and to the following described property, which it has by virtue of a lease from William V. B. Bennett, Supervisor of the Town of Gravesend, to the City of Brooklyn, which lease is dated December 28, 1895, recorded in the Kings County Register's Office in Liber 1 of Conveyances, page 25: Premises situated and located in the Borough of Brooklyn, and known as and by the number 30 upon the assessment roll for the opening of Sea Breeze avenue, from West Fifth street to East Fifth street, in the former Town of Gravesend, which was sold to the Town of Gravesend at a sale for unpaid assessments, held January 12, 1893, for the sum of \$88.91, and which said property was leased to the City of Brooklyn for a term of one hundred years.

The minimum or upset price at which the interest of the City in and to the premises to be sold is appraised and fixed by the Commis-

sioners of the Sinking Fund at one hundred and sixty dollars and forty cents (\$160.40). The purchaser, in addition thereto, to pay the auctioneer's fee on such sale and also to pay the further sum of one hundred dollars (\$100) for the expense of examination, advertising, etc. The sale of the said premises is to be made on the following

TERMS AND CONDITIONS.

The highest bidder will be required to pay the full amount of his bid or purchase money, and the \$100 on such parcel, together with the auctioneer's fee, as above provided for. The quitclaim deed for the above described premises to be delivered within thirty days from the date of sale.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of sale, and the person failing to comply therewith will be held liable for any deficiency which may result from any such resale.

The right to reject any bid is reserved. By order of the Commissioners of the Sinking Fund, under resolution adopted at a meeting of the Board, held November 28, 1906.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of COLLEGE AVENUE (although not yet named by proper authority) from East One Hundred and Sixty-fourth street to East One Hundred and Seventy-second street and Teller avenue, in the Twenty-third and Twenty-fourth Wards, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 18th day of January, 1907, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 21st day of January, 1907, at 4 o'clock p. m.

Second—That the abstract of our said supplemental and amended estimate of assessment, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 21st day of January, 1907.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and distant one hundred feet easterly from the easterly line of Teller avenue with a line parallel to and distant one hundred feet southerly from the southerly line of East One Hundred and Sixty-fourth street; running thence westerly along said last mentioned parallel line to its intersection with the middle line of the blocks between Grant avenue and Sherman avenue; thence northerly along said middle line and its northerly prolongation to its intersection with the easterly line of Sheridan avenue; thence still northerly along the easterly line of Sheridan avenue and its northerly prolongation to its intersection with a line parallel to and one hundred feet northerly from the northerly line of Belmont street; thence easterly along said parallel line to its intersection with a line parallel to and distant two hundred feet easterly from the easterly line of Teller avenue; thence southerly along said parallel line to its intersection with the northerly line of East One Hundred and Seventy-second street; thence southerly to the point of intersection of the southerly line of East One Hundred and Seventy-second street, with a line parallel to and distant one hundred feet easterly from the easterly line of Teller avenue; thence still southerly along said last mentioned parallel line to the point or place of beginning; as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to said abstract, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 26th day of February, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to said abstract of estimate of assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter as amended by chapter 658 of the Laws of 1906.

NEW YORK SUPREME COURT.

FIRST DEPARTMENT.

In the matter of the application of the Mayor, Aldermen and Commonalty of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening of TOWNSEND AVENUE (although not yet named by proper authority), from East One Hundred and Seventieth street to East One Hundred and Seventy-sixth street, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-fourth Ward of The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 14th day of January, 1907, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 17th day of January, 1907, at 2 o'clock p. m.

Second—That the abstract of our said supplemental and amended estimate of assessment for benefit, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 16th day of January, 1907.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

On the north by the southerly side of Mount Hope place, from the easterly side of Jerome avenue to the westerly side of Walton avenue; on the south by the northerly side of Elliot place, from the easterly side of Jerome avenue to the westerly side of Walton avenue; on the east by the westerly side of Walton avenue, from the northerly side of Elliot place to the southerly side of Mount Hope place, and on the west by the easterly side of Jerome avenue, from the northerly side of Elliot place to the southerly side of Mount Hope place; excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such streets are shown upon our benefit map deposited as aforesaid.

Fourth—That provided there be no objections filed to said supplemental and amended abstract, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 7th day of March, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to said supplemental and amended abstract of estimate of assessment for benefit, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title to the lands, tenements and hereditaments required for the purpose of opening AVENUE D, from Flatbush avenue to Rogers avenue, in the Twentieth Ward, in the Borough of Brooklyn, of The City of New York, as the same has been heretofore laid out.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding and to the

owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands, affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objection thereto, do present their said objections in writing, duly verified, to us at our office in the office of the Law Department, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, on or before the 12th day of January, 1907, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 15th day of January, 1907, at 2 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings of the Law Department of The City of New York, in the Borough of Brooklyn, No. 166 Montague street, in the Borough of Brooklyn, in The City of New York, there to remain until the 24th day of January, 1907.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning on the westerly side of Rogers avenue at a point distant 135 feet northerly of the northerly side of Avenue D; running thence westerly, parallel with Avenue D to the easterly side of Flatbush avenue; running thence southerly and along the easterly side of Flatbush avenue to a point where a line if drawn parallel with Avenue D and distant 135 feet southerly therefrom would intersect the same; running thence easterly and parallel with Avenue D to the westerly side of Rogers avenue; running thence northerly along the westerly side of Rogers avenue to the point or place of beginning.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 25th day of March, 1907, at the opening of the Court on that day.

Dated, Borough of Brooklyn, The City of New York, December 24, 1906.

NEW YORK SUPREME COURT.

NINTH JUDICIAL DISTRICT.

CATSKILL AQUEDUCT.

Notice of Application for the Appointment of Commissioners of Appraisal—Putnam County.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905 as amended. Such application will be made at a Special Term of the Supreme Court to be held in and for the Ninth Judicial District at the Court House in the Village of White Plains, Westchester County, N. Y., on Saturday, the 19th day of January, 1907, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York and at least one of whom shall reside in the county where the real estate hereinafter described is situated, to act as Commissioners of Appraisal under said act, and discharge all the duties conferred by the said law and the acts amendatory thereof, upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate sought to be taken or affected is situated in the Town of Philipstown, in the County of Putnam and State of New York.

The following is a brief description of the real estate sought to be taken, a reference to the date and place of filing of the map, and of the route of the aqueduct and of the greatest and least width of its tract.

All those certain pieces or parcels of real estate situated in the Town of Philipstown, Putnam County and State of New York, shown on a certain map entitled "Northern Aqueduct Department, Section 2, Board of Water Supply of The City of New York. Map of Real Estate situated in the Town of Philipstown, County of Putnam and State of New York, to be acquired by The City of New York under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Catskill Aqueduct and appurtenances, from Westchester County line to Foundry Brook Valley," which map was filed in the office of the County Clerk of the County of Putnam at Carmel, New York, on the 17th day of October, 1906, and is bounded and described as follows:

Beginning at a point on the line between the counties of Westchester and Putnam, in the Town of Philipstown, where the said county line is intersected by the west property line of Frank Hyde, and running thence along the said property line the following courses and distances:

NEW YORK SUPREME COURT.

NINTH JUDICIAL DISTRICT.

CATSKILL AQUEDUCT.

Notice of Application for the Appointment of Commissioners of Appraisal—Westchester County.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal, under chapter 724 of the Laws of 1905, as amended. Such application will be made at a Special Term of the Supreme Court, to be held in and for the Ninth Judicial District, at the Courthouse in the Village of White Plains, Westchester County, N. Y., on Saturday, the 19th day of January, 1907, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the county where the real estate hereinafter described is situated, to act as Commissioners of Appraisal under said act, and discharge all the duties conferred by the said law and the acts amendatory thereof, upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate sought to be taken or affected is situated in the Towns of Yorktown and Cortlandt, in the County of Westchester and State of New York.

The following is a brief description of the real estate sought to be taken and a reference to the date and place of filing of the map, and of the route of the aqueduct and of the greatest and least width of its tract:

All those certain pieces or parcels of real estate situated in the Towns of Yorktown and Cortlandt, County of Westchester and State of New York, shown on a map entitled "Northern Aqueduct Department, Section No. 1, Board of Water Supply of The City of New York. Map of real estate situated in the Towns of Yorktown and Cortlandt, County of Westchester and State of New York, to be acquired by The City of New York under the provisions of chapter 724 of the Laws of 1905, amended, for the construction of Catskill Aqueduct and appurtenances, from Hunter's brook to Putnam County line," which map was filed in the office of the Register of the County of Westchester, at White Plains, N. Y., on the 17th day of October, 1906, as Map No. 1665, and is bounded and described as follows:

The fee is to be acquired by The City of New York in all the real estate, Parcels Nos. 1 to 50, inclusive, contained in the above description.

The greatest width of the tract of land acquired in fee for the Aqueduct and its appurtenances, as above described, is 970 feet, at or near Peekskill creek, and the least width of the tract of the Aqueduct or its appurtenances, as above described, is 50 feet, at or near the Peekskill Creek Siphon, as shown on the map heretofore referred to.

Reference is hereby made to the said map filed as aforesaid in the office of the Register of Westchester County for a more detailed description of the real estate to be taken in fee, as above described.

In case any property above described is used for any public purpose, such as a highway, etc., such use shall continue until The City of New York shall have the legal right to take possession of or change the same.

Dated December 4, 1906.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
