INTRODUCTION

The *Citywide Statement of Needs for Fiscal Years 2018 and 2019* is the latest in the series of annual reports required under Section 204 of the City Charter. Along with the *Criteria for the Location of City Facilities* (the Fair Share Criteria), the Statement of Needs is part of a planning process in which communities are informed at the earliest possible stage of the city's needs for facilities and the specific criteria for selecting the locations of those facilities.

As part of a continuing program to provide the necessary tools for informed public participation in the process for the siting of city facilities, DCP also maintains the *Selected Facilities and Program Sites Database* which contains over 20,000 datasets describing city, state, federal and non-profit health and mental health, social service, public safety, educational, recreational, transportation and waste management facilities. This information is also available on the Department's website under [BYTES of the BIG APPLE](#).

The Process

The Charter requires that the *Citywide Statement of Needs* identifies by agency and program all new facilities the city plans to site and all existing facilities the city plans to close or to expand or reduce significantly in size during the next two fiscal years. Significant expansions and reductions are defined as the addition or discontinuance of the use of real property which would expand or reduce the size or capacity of a facility by 25 percent or more.

The Statement is submitted for review to the City Council, the borough presidents, borough boards and community boards. Within 90 days, the boards and the borough presidents may submit written comments to the Department of City Planning. During the same 90-day period, the borough presidents may propose locations for any new city facilities to be located in their boroughs if the locations are consistent with the *Criteria for the Location of City Facilities* and with the specific siting criteria in the Statement of Needs. Any proposal subject to the Uniform Land Use Review Procedure (ULURP) which is not included in the Statement must be submitted to the affected Borough President for a 30-day review period before a ULURP application may be certified.

Contents of the Statement of Need

The Citywide Statement of Needs contains proposals to establish, replace, consolidate, expand or reduce city facilities in all five boroughs. To help elected officials and community boards identify the proposals likely to affect their boroughs or districts, the proposals are summarized, by borough and community district, in Part One of this report.

-
- Proposal:** The number and type of facilities to be newly established, replaced, consolidated, expanded or reduced.
- Area Served:** Local for facilities serving an area no larger than a community district or community service district; Regional for facilities serving two or more community districts or an entire borough; or more than one borough or Citywide for facilities serving the city as a whole.
- Public Purpose:** The reasons for the proposed action and a description of the facility's program, services and, as appropriate, the approximate number of staff and people served.
- Size:** The approximate lot area, building size or capacity of the proposed facility.
- Location:** The borough and, if known, the community district of the site proposed for a new facility or substantial change of an existing facility. Exact locations for new facilities are indicated only when a particular site is under serious consideration.
- Siting Criteria:** As applicable, the specific locational, access, building or site characteristics required or preferred in locating a new facility; or the criteria used for selecting facilities to be expanded, reduced or closed.

PLEASE NOTE: The needs identified in this Statement are constrained by realistic expectations of funding availability, cost analysis and implementation timetables. Nevertheless, some of the proposals included in the Statement may be eliminated or deferred beyond fiscal year 2018- 2019 because of funding limitations.

The actions proposed include anticipated property acquisitions or site selections funded in the city's capital budget, as well as leases or contracts that would newly establish or significantly expand a facility. The Statement contains proposals for which ULURP or Section 195 applications or contract approvals are anticipated during fiscal years 2018 and 2019, including proposals that appeared in last year's document but have since been modified.

Proposals in last year's Statement which have not been modified are not repeated this year. Appendix A provides a summary of the status of those proposals.

Appendix B provides a list of new schools, both new construction and leased space,

included in the Department of Education's Adopted Five-Year Capital Plan for Fiscal Years 2015-2019.

Borough Presidents and community boards seeking further information about proposals in the Statement may contact the agency liaisons listed in Appendix C.

Community Board and Borough President comments on the proposals in the Statement should be submitted within 90 days of its publication to:

PROPOSAL	Relocation of DEP Laboratory from 59-17 Junction Boulevard, Queens CD 4
AREA SERVED	Regional - citywide
PUBLIC PURPOSE	<p>DEP is proposing to relocate its laboratory from its current location at 59-17 Junction Boulevard in Queens CD 4 to a yet to be determined location, because the current facility is too small and in need of upgrading.</p> <p>The primary function of the DEP laboratory is to test and analyze drinking water samples and various bulk samples of potentially hazardous materials (such as asbestos, air fiber samples, sulfur in fuel oils, and PH of soils) daily to ensure the safety of the public. Water samples from all 19 reservoirs that supply water to the residents of New York City and Westchester are tested. The facility also controls and monitors the results from the City's Residential Lead Testing Program which distributes sample water collection kits to city residents.</p>
SIZE	SF: larger than the current 14,770 sf facility
PROPOSED LOCATION	TBD
SITING CRITERIA	Either a new or existing building which meets the electrical and HVAC requirements for a laboratory

AGENCY	Department of Environmental Protection (DEP)
PROPOSAL	Relocation of the DEP Data Center
AREA SERVED	Regional - Citywide
PUBLIC PURPOSE	<p>DEP is proposing to relocate its Data Center from the DEP main office located at 59-17 Junction Blvd. in Queens CD 4. The current location does not allow for further expansion due to power and cooling requirements and is a single point of failure without a dual power source in the building to support redundancy.</p> <p>Information stored on DEP's networks are used to bill residents, monitor reservoirs, report water main breaks and needed repairs to support DEP's mission to provide safe clean water and a healthy environment to all residents of New York City.</p>

AGENCY	Department of Environmental Protection (DEP)
PROPOSAL	Reconstruction of the Clearview Pump Station
AREA SERVED	Regional - Queens
PUBLIC PURPOSE	<p>DEP is proposing to reconstruct the existing below- grade Clearview Pump Station to an above grade facility. The station has been operating on an interim system since the site was flooded during a rain event in 2004. The reconstruction is necessary in order to provide reliable service for the surrounding communities and provide resiliency against future flooding.</p> <p>The existing pump station has been in operation since 1954 and serves a total sewer shed area of approximately 1,000 acres and pumps flow through a 3,500-foot-long force main to the interceptor system that serves the Tallman Island Wastewater Treatment Plant.</p> <p>The proposed new above-ground pump station would cover approximately 1,690 square feet and would be approximately 26 feet high. The property is currently under the jurisdiction of the Department of Transportation DOT, but shares block and lot numbers with the Department of Parks and Recreation's Clearview Golf Course.</p>

PROPOSED LOCATION	415 State Road, Queens CD 14
SITING CRITERIA	Truck Access

AGENCY	New York City Police Department (NYPD)
PROPOSAL	Relocation of Administrative Office from One Police Plaza
AREA SERVED	Regional - citywide
PUBLIC PURPOSE	<p>Due to overcrowded conditions at its Headquarters at One Police Plaza, the NYPD is proposing to acquire suitable office space for several administrative commands in close proximity to One Police Plaza in Lower Manhattan, CD 1.</p> <p>These administrative commands would retain their vehicle parking at One Police Plaza as well as within established designated parking zones.</p>
SIZE	SF: TBD Staff: 500 Capacity: TBD
PROPOSED LOCATION	Manhattan CD 1 / TBD
SITING CRITERIA	Close proximity to One Police Plaza headquarters Transit Access

AGENCY	New York City Police Department (NYPD)
PROPOSAL	Acquisition of New Office Space for Traffic Enforcement Division's Block-The-Box Program
AREA SERVED	Regional - citywide
PUBLIC PURPOSE	<p>NYPD's Transportation Enforcement District is proposing to acquire new office space for its Block-the-Box Unit in conjunction with the Mayor's Vision Zero initiative. The District's Manhattan headquarters and satellite offices are currently at capacity, and with the hiring of 66 additional traffic agents there is a need for new office space. The office must be located in Manhattan between 14th and 125th street.</p> <p>The Block-The-Box program serves primarily Manhattan South, but on an as needed basis, it would be deployed in other boroughs.</p>
SIZE	SF: TBD Staff: 66 Capacity: N/A
PROPOSED LOCATION	Manhattan
SITING CRITERIA	Transit Access The office must be located between 14th and 125th Street

AGENCY	New York City Police Department (NYPD)
PROPOSAL	Relocation and Expansion of NYPD's Fleet Services Division
AREA SERVED	Regional - citywide
PUBLIC PURPOSE	<p>NYPD's Support Services Bureau's Fleet Services Division is proposing to acquire new repair shop space due to the expansion of the Department's fleet, which has nearly doubled in the last decade with thirteen locations servicing 10,000 vehicles and the recent added responsibility for maintaining the Department of Transportation's and Department of Environmental Protection's fleets.</p> <p>NYPD is looking primarily for a site in Upper Manhattan, preferably a location at the base of the Triborough Bridge since this location would optimize NYPD's ability to provide service to numerous commands in all three boroughs.</p>
SIZE	TBD Staff: TBD
PROPOSED LOCATION	Upper Manhattan (preferably at the base of the Triborough Bridge)
SITING CRITERIA	Transit Access Truck Access Highway Access Preference to operate in Manhattan as there are only two sites in Manhattan

AGENCY	New York City Police Department (NYPD)
PROPOSAL	Relocation of Manhattan South Traffic Enforcement Division
AREA SERVED	Regional – Lower Manhattan
PUBLIC PURPOSE	<p>NYPD's Manhattan South Traffic Enforcement Division Office and Garage occupies a portion of the NYC Department of Transportation's parking garage located at 107 Essex Street in Manhattan CD 3.</p> <p>Due to the dilapidated facility's conditions and overcrowding issues, NYPD is proposing to acquire new office and garage space for its Manhattan South Traffic Enforcement Division.</p>

AGENCY	New York City Police Department (NYPD)
PROPOSAL	New Office Space For the Detective Bureau Manhattan Special Victims Squad Office
AREA SERVED	Regional - Manhattan
PUBLIC PURPOSE	NYPD's Detective Bureau Manhattan Special Victims Unit is proposing to relocate from its current location at 221 East 123 rd Street in Manhattan CD 11 to a yet to be determined location in central Manhattan. This relocation proposal is due to space constraints at the current location, poor design permitting visual access of victims by perpetrators and difficult access to the facility by public transportation. The Manhattan Special Victims Unit investigates sexually motivated crimes.
SIZE	SF: TBD Staff: 28
PROPOSED LOCATION	Central location in Manhattan
SITING CRITERIA	Transit Access

AGENCY	New York City Police Department (NYPD)
PROPOSAL	Relocation of NYPD's Transportation Bureau Manhattan Tow Pound Satellite
AREA SERVED	Regional - Manhattan (and other boroughs as needed)
PUBLIC PURPOSE	<p>NYPD proposes to relocate its satellite tow pound currently located at the corner of 9th Avenue and 203rd Street in Manhattan CD 12 to a yet to be determined location in the same CD, because the property owner, Con Edison, cannot commit to a lease extension due to potential redevelopment of the site.</p> <p>The facility has operated as a satellite tow pound location since 1982 and is situated at this location in order to expeditiously impound vehicles committing hazardous violations in upper Manhattan. The facility is also used as a training location for newly hired tow operators.</p>

AGENCY	Department of Housing Preservation and Development (HPD)
PROPOSAL	Consolidation of and Relocation of HPD's Enforcement and Neighborhood Services' Site Office
AREA SERVED	Regional – citywide
PUBLIC PURPOSE	<p>HPD is proposing to relocate and consolidate its Neighborhood Services Site office currently at 516 Bergen Street in Brooklyn CD 8 because of space constraints.</p> <p>As the agency gears up to accept additional applicants into the program due to the city's homelessness crisis, the lack of seating will become a detriment to achieving the goal of moving more shelter residents into permanent housing. In addition to accommodating a growing staff (36 new staff were hired in 2015), the division also has a need to update the customer service area. Approximately 57,000 individuals visited the facility in 2014, in a space that can hold at most 40 people.</p>

AGENCY	Department of Housing Preservation and Development (HPD)
PROPOSAL	Relocation and Consolidation of the Upper Manhattan Enforcement and Neighborhood Services Site Offices
AREA SERVED	Regional – Manhattan and The Bronx
PUBLIC PURPOSE	HPD is proposing to relocate and consolidate its Upper Manhattan Enforcement and Neighborhood Services Site offices currently located at 94 Old Broadway in Manhattan CD 9 to 105 East 106 th Street in Manhattan CD 11. The lease at the current site has expired and the move would consolidate HPDs Manhattan operations under a single roof.
SIZE	SF: 28,240 Staff: 72
PROPOSED LOCATION	105 East 106 th Street, Manhattan CD 11
SITING CRITERIA	Truck access Accommodate 100 vehicles per day

AGENCY	Department of Housing Preservation and Development (HPD)
PROPOSAL	Relocation and Consolidation of the Tenant Resources Office
AREA SERVED	Regional – citywide
PUBLIC PURPOSE	<p>HPD is proposing to relocate and consolidate its Tenants Resources' office currently located at 100 Gold Street in Manhattan CD 1 because of space constraints.</p> <p>The office administers the Section 8 program, also known as the Housing Choice Voucher Program, provides federal funding for subsidies for eligible low-income families in a neighborhood of their choice. Taken together, HPD serves approximately 37,000 households in all five boroughs.</p> <p>As the program continues to grow, in part as a direct response to the growing homelessness crisis, there is no longer adequate space to accommodate a growing staff and additional applicants for the program.</p>
SIZE	SF:TBD Staff: 360
PROPOSED LOCATION	TBD
SITING CRITERIA	Access to public transportation Space for agency vehicles
