ADVISORY REPORT

ISSUE DATE: 03/18/22	EXPIRATION DATE: 3/18/2028	DOCKET #: LPC-22-08373	SRA SRA-22-08373
ADDRESS: East 88th		BOROUGH: Manhattan	BLOCK/LOT: 1592 / 1
Gracie Mansion, Individual Landmark			

To the Mayor, the Council, and the Deputy Commissioner for Capital Projects, NYC Parks

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for the installation of two temporary tents and wood pathways to the east of the landmark site, as shown in a site plan labeled S101, dated March 10, 2022, prepared by City of New York Parks and Recreation.

In reviewing this proposal, the Commission notes the designation report describes Gracie Mansion as a free-standing Federal style house attributed to Ezra Weeks, and built in 1799-1801, with additions in 1809. The Commission further notes that the Individual Landmark site consists of the land beneath Gracie Mansion, and that the proposed installations are located off of the Landmark site.

With regard to this proposal, the Commission finds that the proposed work is located off of the Landmark site, and therefore is not subject to review by the Commission.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date

of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Lisa Schaeffer.
